PEACE IS SHAKEN BY CROWN PRINCE

HEIR TO GERMAN THRONE EX-
PLODES BOMBHELL IN
REICHSTAG.

CRITICISES THE POLICY

Frederick William Declares Chancellor
Backed Down Before British
Menace.

By Associated Press.
Berlin, Nov. 10.—Europe's so-called "armistice" peace was somewhat disturbed by yesterday's events in the Reichstag when Crown Prince Frederick William openly demonstrated his pleasure and approval of the criticisms of Chancellor Von Bethmann Holweg's policy in the Moroccan crisis, as the latter attempted to justify his Moroccan course. Today both friends and enemies of the Chancellor condemn the prince and his conduct which is described as a frivolous and dangerous exhibition. The papers see occasion for serious concern when the heir to the throne so demonstratively shows his discontent with the policy of the emperor and the latter's advisers. The papers express a fear that an impression will be given abroad that the future emperor is heading for a German war. One paper wonders why Von Bethmann Holweg did not resign after yesterday's demonstration. The emperor is heading for a German war, dinner which his Majesty gave his suite in honor of Bethmann Holweg and wife.

Today's attitude of the press may strengthen the position of the chancellor, which had been badly shaken by the popular fury over supposition that Germany had backed down before the British menace. The chancellor claims that Germany has obtained the object she sought throughout the Moroccan negotiations.

PILE OF 500 TWENTY DOLLAR GOLD PIECES

Dallas, Texas, Nov. 10.—Five hundred bright, new \$20 gold pieces, in twenty-nine stacks, the biggest containing one hundred and twenty-five of the yellow disks, will attract the attention of the delegates and visitors at the third annual convention of the Texas Industrial Congress, to be held in Dallas on December 20.

Fifteen of these glittering piles of gold will be presented to men who have this year produced the largest and best crops of corn and cotton, ten acres of each and the remaining 14 will be given to boys under twenty years of age who have cultivated two acres of corn and two acres of cotton. It is possible that some of the prizes may be awarded to women and girls, as they, too, have contested for the honor of the biggest yields.

The average yield of corn in Texas in 1910 was but twenty bushels, while the average yield of cotton per acre in favorable years is about one-third of a bale, but the reports, certified by proof, that these contestants will make, are going to be a big surprise in this unfavorable year of drought, as many of them have yields of corn ranging from thirty to more than one hundred bushels per acre and from one-half to two and one-half bales of cotton.

And these yields can be secured by every farmer who is willing to pay proper attention to the preparation of his soil, the conservation of its fertility, the selection of his seed and the intelligent cultivation of his crops. At the Dallas convention of the Congress the prize winners will

Will Move Apaches Back to New Mexico

Guthrie, Okla., Nov. 8.—Official announcement is received here that Col. Hugh Scott of the Third Cavalry, U. S. A., has been detailed by the war department to conduct the movement of the Apache Indian prisoners of war from Fort Sill, Okla., back to their former reservation home in New Mexico, where they will have extensive hunting grounds. Col. Scott is said to be closer to the Indians than any other army officer. Even old Geronimo's bones are to be taken back to New Mexico.

GIVES RULING ON OKLAHOMA GAME LAW

Oklahoma City, Okla., Nov. 10.—Many applications having been received at the office of John B. Doolin, state fish and game warden, for information relative to the exact time when the quail season opens, a ruling has been obtained from the office of the attorney general, who holds that the season opens one-half hour before sunrise November 15 and closes one-half hour after sunset January 31.

The half-hour before and after sunset provision is made to prevent a conflict with section 1 of the state game law, which has the following specifications in relation to hunting at night:

"It shall be unlawful to kill or capture, or attempt to kill or capture, any game bird or game animal at night, that is to say, between one-half hour after sunset and one-half hour before sunrise."

DECATUR BAPTISTS ISSUE CHALLENGE

Team Especially Anxious to Play Tex-
as Christian University in Fort
Worth.

Decatur, Texas, Nov. 10.—The Decatur Baptist College basketball team has issued a statewide challenge.

The schedule arranged so far includes games with the Y. M. C. A. Waco, the State University and Southwestern University at Georgetown. The boys are anxious to meet the Texas Christian University five.

The game with the Y team of Fort Worth will be the hardest on the schedule, the boys expect.

The team this year has many veterans including Kirk from Terral, Okla., who measures six feet three in his stocking feet, and tips the scale near 200 pounds stripped. Edwards is another veteran from Crawford, Texas.

These two play guard. Patterson and Peder, two of the fastest forwards in the state, will be seen in their same position this year.

In addition to team work the boys are making a run of two miles every day to get good wind. Last year's record of winning nineteen out of twenty-one games will be surpassed, it is confidently believed.

College and Y. M. C. A. teams wanting games may address the manager of the basketball team, Decatur Baptist College, Decatur, Texas.

FORTY INCENDIARIES EXECUTED IN A DAY

Amoy, Nov. 10.—This city is with-
out a ruler today, the Tai Chang hav-
ing voluntarily laid down the reins of
government. Shipping is at the
mercy of pirates. Repeated attempts
were made last night to fire the city,
but all failed. At Fee Chow yester-
day several Manchus were caught
setting fire to one of the suburbs as
they fled from the city. They were
caught and killed. In all forty in-
cendiaries were executed yesterday
by Fee Chow revolutionists.

GREAT CROWD AGAIN HEARD HAM'S SERMON

EVANGELIST SHOWED INSUFFI-
CIENCY OF FALSE HOPE
CLUNG TO BY THE UN-
SAVED.

FIFTY JOIN CHURCHES

Service at Pond's Laundry Will Be
Only One Held on Saturday.

The big tent was filled to almost its fullest capacity last night to hear Evangelist Ham. He spoke from the text "The bed is shorter than that a man can stretch himself on it; and the covering narrower than that he can wrap himself in it," found in Isaiah 28:20.

He showed the insufficiency of any and all the excuses urged and false hopes clung to by the unsaved in this life, in the hour of death and at the judgment and the all-sufficiency of Jesus Christ as a redeemer from the blight and consequences of sin here and hereafter.

There were five professions and as many reclamations before the service closed. A man and wife were plead with, but would not surrender, and a special prayer was offered in their behalf. This morning the man stepped Rev. Ham on his way to church and told him he had about settled it. This morning Rev. Mendenhall and wife were visiting homes in the city and reported the bright conversion of a lady in her home on Lee street.

At the morning service the evangelist emphasized the necessity for avoiding anything that would hinder the Christian or cause sinners to stumble at their conduct, mentioning among other things that might prove a hindrance, a social game of pool down town or cards at home, a social drink in a saloon, the use of tobacco, a pleasure drive on Sunday, dressing either in an odd manner or very finely so as to call attention to the clothing and heading any kind of literature to the neglect of the Bible. Many of these, he said, might not be harmful in themselves, but were pernicious in their effect upon the life of the man who indulged and the influence upon the unsaved.

More than fifty persons last night joined the various churches at the special meetings held at the churches for the reception of members just before the hour for the meeting at the tent. Another similar service will be held at each of the churches tonight at 7 o'clock.

No Services Tomorrow.
According to custom the regular services will not be held tomorrow, the only service announced for the day being one at Pond's Laundry at the noon hour. A special service was held today, noon at the Northwestern shops.

Special Subject Tonight.
Tonight at the tent Evangelist Ham will speak on "Why I believe there is a God; why I believe the Bible is His Book; why I believe Jesus Christ is His son." All doubters are especially invited to hear this sermon. Go early if you expect to get a seat where you want one.

Conservatory Pupils Organize Club.

At a meeting of the pupils of the Wichita Falls Conservatory of Music last night a musical and social club with over fifty members was organized. A name for the club will probably be selected at its first regular meeting next Thursday evening. The following officers were elected: Ola May Hamlin, president; Annie Freeman, secretary; Pearl Underwood, secretary; Mrs. Hodges, news reporter; Edna Moneyham, treasurer; Miss Cloud, Miss Montgomery and Miss Heard were appointed a committee to select a name and Mrs. Mytinger, Mrs. Day and Miss Lillian Bachman were appointed a committee to draft by laws for the club. The club colors and its flower will probably be named next Thursday night.

Business and Public Good.

New York, Nov. 10.—Elbert G. Gary, head of the United States Steel Corporation; George W. Wickersham, attorney general of the United States; George W. Perkins, John Hays Hammond and Frank A. Vanderlip, together with other financiers, captains of industry, educators and public officials of note, gathered in the metropolis today for a discussion of the subject of "Business and the Public Welfare." The Academy of Political Science in New York, a Columbia University affiliation, brought them together, the occasion being the academy's thirty-first annual meeting. The sessions will continue over tomorrow.

AWFUL SLAUGHTER AT NANKING TODAY

SCENES OF FIRE AND BUTCHERY
UNRECORDED IN MODERN
HISTORY IN PROGRESS.

FROM THE PURPLE HILL

The Manchu Soldiers Are Firing Down
into the City, Killing Thousands.

Nanking, Nov. 10.—(Bulletin)—Historic Nanking this evening is in the shambles of a Manchu slaughter, and the sun set on the scene of fire, desolation and butchery unrecorded in modern history.

Tonight twelve thousand Manchus and imperial old style soldiers hold the Purple Hill, where they are entrenched while their driving before them herds of Chinese out of the city.

Since the night of November 8th, when the first attack was made on Nanking by the revolutionists, the Manchu General has tried to terrify the inhabitants of the city by wholesale executions. Those whose queues had been cut off were beheaded but today an order for general slaughter was issued and the whole native city was invaded by Manchu soldiers, who massacred men, women and children. Even the aged and babies in arms were shown no mercy. Thousands of Chinese poured from the gates and at noon it was estimated that fully seventy thousand persons had fled, while before nightfall fully twenty thousand more representing every class had fled.

The Associated Press correspondent saw several women executed and their children stabbed and trampled under foot. The order seemed to be that anyone wearing the white badge of the reformers must be killed forthwith. White pocket handkerchiefs marked the possessor for death. White shoes which are worn by the Chinese as a sign of mourning were a signal for the execution of their wearers. Cinamen wearing foreign clothing were killed, but foreigners were unharmed. Their protests against the massacres were laughed at, however.

The correspondents of the Associated Press worked uninterruptedly within the city's outer walls. Any estimate of the dead tonight is futile. NOTE—Nanking is the capital of the province of Kiang Su and is the main stronghold of the Imperial Government left in Southern China. It has a population of about half a million, and is a great military depot. The city is enclosed by a high wall twenty miles in circumference surrounded by a great hill. It is on this hill that the Manchu soldiers are entrenched from which they are firing upon the populace who are hemmed in by the walls and cannot escape except through the gates of the city under the terrible fire of the Manchu troops.

THIS VERY POLITE RAFFLES WALKED INTO POLICE NET

New York, Nov. 10.—The very polite and debonair raffles who apologized to Mrs. Fred Swift Tuesday night when he robbed her home of five thousand dollars worth of valuables, walked into the police net here today dressed in the height of fashion. This burglar whose identity is still unknown was caught by a detective, carrying a seemingly over-weighted satchel. He maintained his poise when the detective asked to be allowed to look into the bag and politely but firmly refused. The detective, however, outwitted him by a sudden move by which he opened the bag disclosing hundreds of dollars worth of booty. Some of these valuables were identified as belonging to Mrs. Swift. Later the burglar took the police to a cache on Jack Bay, where thousand of dollars worth of valuables were found hidden.

GOV'T ATTORNEY ADMITS WEAKNESS

SPOONER DWELLS ON FACT IN
HEARING BEFORE THE SU-
PREME COURT.

JUSTICES ARE INTERESTED

Three Members from the Cotton Grow-
ing States Ask Many Questions
of Counsel.

By Associated Press.
Washington, D. C., Nov. 10.—During the concluding arguments before the Federal Supreme Court today on the validity of certain counts in the cotton corner indictments against James A. Patton, Eugene G. Scales, Frank B. Hayne and William P. Brown the government was forced to admit a weakness in one of the important counts. Former Senator Spooner was attacking the count which charged a conspiracy severally to buy cotton but which the lower court had held as bad because it charged nothing in regard to the holding or selling of cotton. Solicitor General Lehmann interrupted to explain that the position of the government was that the conspiracy among the men was that they would severally buy to give them power of control over a market, within the Sherman anti-trust law.

"But, Mr. Solicitor General," began Chief Justice White, "there cannot be conspiracy unless there was agreement not to sell."

"That of course is a weak place in the count," admitted Lehmann. "I realized that."

Yesterday's Argument

Washington, D. C., Nov. 10.—The Government presented to the Supreme Court its case against Frank B. Hayne and other members of the Patten cotton corner on its appeal from the rulings of the Circuit Court for the Southern District of New York, which had sustained demurrers and quashing other counts in the indictments returned against members of the bull pool.

Chief Justice White and Associate Justices Lurton and Lamar, three members of the court from the cotton growing sections of the country, asked many questions, nearly all pertinent to the merits of the case, but not bearing directly on the highly technical points on which the lower court passed in relieving the defendant from the necessity of making answer to several counts in the indictment.

Solicitor General Lehmann, in his argument, practically ignored the ruling of the court below that what ever restraint upon trade between the States is produced by the so-called conspiracy to buy cotton was indirect and involuntary, and not voluntary, such as was produced, when the Standard monopolized the oil business. The large fact brought out in the course of former Senator Spooner's argument in behalf of the cotton bulls was that the indictment nowhere avers that the bulls agreed to hold the cotton until prices should be high enough to suit their fancy.

"Do you say there is no avowment that the conspirators agreed not to sell a bale of cotton?" asked the Chief Justice.

"There is no such agreement anywhere in the indictment, although the argument of the learned Solicitor General leads to such an assumption," said Mr. Spooner.

"The language of this count is in the indictment," he continued, "is so peculiar that I have devoted myself almost exclusively to it. I grant you that the argument of the Solicitor General on the proposition where the restraint is direct is sound, but the lower court held that the restraint is not direct and therefore not of the kind contemplated by the anti-trust act."

"The indictment, in effect, charges that they agreed to buy cotton for future delivery, intending thereby to force up the price of cotton by producing intense competition in cotton between the shorts; in other words force competition between those who had agreed to sell that which they did not own. There is no avowment that our clients owned a bale of cotton or that they were buying spot cotton with a view to having control of all the cotton in the country when the shorts would be under the necessity of making deliveries on their contracts of settlements under those contracts."

ENTOMBED MINERS SAVED BY PRAYERS

Joplin, Mo., Nov. 10.—Six men
employed in a zinc mine at Oronogo,
ten miles northeast of here, were en-
tombbed for five hours yesterday by
a cave-in which cut off all means of
escape. Water in the mine with with-
in a few feet of them when they were
rescued. A prayer service was held
when the men were removed.

The men were 130 feet below the surface when a "hopper" gave way and precipitated 200 tons of dirt into the shaft. In the office near the shaft Miss Bessie Shultz, a bookkeeper, attempted to communicate with other mining plants in the vicinity but the fall of the hopper had broken the telephone wires. She ran more than a mile to report the accident.

A rescue force of 300 men assembled and worked in relays removing the debris. Water in the mine was rising three feet an hour.

After an hour an opening in the pump shaft was made permitting communication with the entombed men, who said that they were uninjured, but that the water was rapidly rising. Four hours later, a huge rock which had choked the shaft, holding back the other debris was removed. Ropes were lowered to the men and they were soon drawn to the surface.

BACON POSTOFFICE TO BE DISCONTINUED

Postmaster Otis T. Bacon has received notice that the postoffice at Bacon will be discontinued effective November 15th. After that date the patrons of that office will be served by rural route or from the postoffice at this place.

Tells Horrible Details of Thorndale Lynching

By Associated Press.
Cameron, Texas, Nov. 10.—The first witness in the Mexican lad Fernando Gomez, lynching for whose murder Z. T. Gore, Jr., is on trial, was Alfred Wilson, a rural letter carrier, of Thorndale, who said he guarded the lad while Constable McCoy went for an automobile to convey the prisoner to jail. While waiting for McCoy at G. W. Penny's house he said Gore and three others demanded that he give up the boy and that they intercepted him in an alley as he was leaving the house. This frightened the lad, who had on

By Associated Press.
Galveston, Texas, Nov. 10.—Rudolfo Reyes, the eldest son of General Reyes, arrived here today from Mexico. He said he was practically a refugee on account of political persecutions. He goes to San Antonio.

The young man who is thirty-three years old, says he will confer with his father to decide whether he, the son, shall return to Mexico to push his candidacy for the governorship of the state of Jalisco. Young Reyes was accompanied by G. Pas, his secretary, and Joaquin Villado, one of the secretaries of the Mexican republican party. The refugees say the opponents of the Madero regime are subjected to great persecution and are constantly spied upon.

Good Progress in Securing Jury.

SOUTHWEST OKLAHOMA TO COME TO ASSEMBLY

Division of Territory Agreed Upon at
Conference at Mangum This
Week.

Rev. O. T. Cooper in company with Rev. J. E. Roach spent all of Thursday in Mangum, Okla., visiting the session of the West Oklahoma Methodist Conference. These gentlemen represented the Lakeshore Assembly before the Conference, and were enthusiastically received. Last summer Oklahoma was fairly represented at the Assembly without any special effort on the part of the management.

The membership of the Conference residing on the Wichita Falls and Northwestern gave assurance that they would make special effort to put large crowds from those sections to Lake Wichita for next year. In a meeting with the Assembly Committee Messrs. Roach and Cooper proposed a proposition which met with ready response. The Oklahoma Methodists operate an Assembly at Sulphur. The Wichita committee proposed that the Sulphur people could have access to the Sherman, Denison, Clarksville, and territory contiguous thereto, if they would grant the Lakeshore people the right to work southwest Oklahoma for the Assembly in Wichita Falls. The arrangements were amicably agreed upon.

The conference is being presided over by Bishop Collins Denny of Richmond, Va., and Mangum was entertaining the large body of Methodists in a manner highly hospitable.

Trace Chain about his Neck, and the Boy Kept Running Round and Round him while Ezra Stephens on horseback urged three companions on foot to grab the boy. Finally Wilson said Stephens grabbed the chain and gal- loped down the street, dragging the boy. The witness found them near a phone pole, the boy gasping on the ground. Some one kicked the boy in the head and another person came up and the lad was then hanged to the pole. Penny corroborated Wilson's testimony except to say that Gore was not in the party which seized the boy in the alley.

ORGANIZATION OF NEW OIL COMPANY PERFECTED YESTERDAY—DRILL AT ONCE

Wichita Falls Oil and Gas Company Was Name Selected—Capital \$15,000—J. D. Avis President—Other Interesting Developments

An organization of the Wichita Falls Oil and Gas Company was perfected at a meeting of the stockholders in Attorney W. F. Weeks' office Thursday afternoon. The new company will have a capitalization of \$15,000 fully paid. At their meeting yesterday the stockholders elected the following directors: J. D. Avis, F. P. St. Clair, J. A. Kemp, W. C. Weeks or Arlington, and Louis Solinsky of Beaumont. Those directors organized with the following officers: J. D. Avis President; F. P. St. Clair, J. A. Kemp, W. C. Weeks and Louis Solinsky, vice pres-

idents, and W. F. Weeks, secretary and treasurer.

The company has 3300 acres of land under lease about eight miles south-east of the city, including 1000 acres of the Avis ranch and adjoining tracts and will sink a well immediately.

The name Wichita Falls Oil and Gas Company was selected because it was the desire of the stockholders to give the city the benefit of any advertising that might be connected with the name. If it is found that a charter has been issued to any other company under this name another will be chosen.

Gas in Fields Well.

In a conversation Wednesday with parties at Harrold, C. A. Allingham learned that a strike of gas was made in the Fields well about two and a half miles east of Harrold Tuesday night at a depth of about 600 feet. At the time Mr. Allingham talked it was not known how strong the gas flow was, and an attempt to reach the driller by telephone this morning from the Record office proved ineffectual. If the flow of gas is not deemed sufficient to make a paying proposition of course the well will be sunk deeper in the hope of finding either oil or gas in paying quantities.

The Fields well is located about three or four miles west of the proven Electra field and in case a strike is made the field will be greatly widened.

The Fields property is well inside the borders of Willbarger county and if it is brought in the oil situation at this point will be given a big boost. Leases will advance and with it will come renewed activities in all parts of the county, all of which means much to Vernon, this city being the logical place for the headquarters of the oil men operating in this section. Drilling on the Showers well about two miles south of Harrold is progressing very satisfactorily, a depth of about 1,500 feet having been reached at the last report.

C. A. Allingham is interested in a well located just inside Wichita county, about three miles southwest of Electra and one and a half miles from the nearest producing wells of the Texas Company. The rig has been erected and drilling machinery placed on the ground, but work will not commence until rains come, the drillers being dependent on surface water for carrying on the work.

Loveland Will Have Well.

Col. C. A. Swartz and T. L. Reid left Tuesday morning for Tulsa, where they made a contract for the loading of the machinery for the equipment of the derrick already erected at Loveland for the purpose of drilling for oil or gas. They expect to be gone a week or ten days, and the machinery will be placed on the ground as soon as the railroad brings it in. The Big Pasture Oil and Gas Co., to which the derrick belongs, is first in the field as real operators in the Big Pasture, and it is thought that the prospects in sight warrant the expenditure of the necessary money to drill to the requisite depth to bring the oil or gas in. What this will mean to Tillman county can be easily seen from what is happening in the Electra field. Messrs. Swartz and Reid returned from Sapulpa yesterday and reported that they had been successful in

their errand, and that the machinery would be sent to Loveland immediately.

T Drill at Davidson.

C. E. Goss of Oklahoma City and a Mr. Morgan of the same city, are here making preparations to drill for oil on the Bowman place, six miles east of this place.

Mr. Goss has already purchased rig timbers and they are being hauled from Electra, Texas, as rapidly as possible in order that drilling can begin soon.

A cash forfeit of \$200 was posted a few months ago by Mr. Goss guaranteeing that he would be drilling by the first of the coming February.

The lease on the J. M. Bowman farm is in the bank and will not be delivered until work commences and then after 12 months oil has not been found in paying quantities, the lease shall become valid and the prospector to relinquish his lease.

The gentlemen mean business and after looking Electra over they believe the chances for oil are as good here as anywhere.

Davidson is astir with a new spirit and the arrival of material is being watched with interest and if an oil well is brought in we will be closely in resemblance to a whooping pack of Indians.

The outcome of the drilling means many things to this section and as a home company has been organized for several months, it may be possible that more wells will be drilled in a very short time.

Now that the oil drilling apparatus and rig timbers are being put on the ground, Davidson is going to undergo a marvelous change and property will enhance in value by leaps.

The machinery for the well to be drilled on the Jao. T. Overby farm, east of town is expected to arrive here this week and work will begin at once, erecting the derrick and placing the machinery. The drillers and their wives have already arrived. —Gowa Park Herald.

Two Wells Going Down at Iowa Park. R. F. Abernathy came in this morning from Iowa Park, and reports that J. B. Winfrey is having a derrick and well boring machinery hauled out to his farm two miles south of the Park, where a Mr. Staples will begin to sink an oil well.

He also reports that John C. Overby expects Dismuk and O'Neal to begin work sinking a well on his place one and one-half miles southwest of the Park.

Work will also be resumed on the Beerbaum well 8 miles west of the Park as soon as the casing has been removed, which hung in the opening and prevented further progress.

The United Hatters of North America report that most all of the manufacturers who in 1909, banded themselves together and decided to dispense with the union label on their products, are now using the label.

HEARD ON THE STREETS

The National Biscuit Company has rented a room in the Joline building and are preparing to open a branch house in this city.

The carpenters are busy on the W. E. Cobb residence and the painters are at work on the outside walls. The superstructure is nearing completion and the house will add much to the appearance of Indiana avenue.

In the case of the State of Texas vs. May Howard on trial in the city court late yesterday evening on a charge of vagrancy, the jury failed to agree and the case was set for re-trial at 9:30 this morning.

The jury in the case of the State of Texas vs. Lizzie Harris, charged with vagrancy in the city court, brought in a verdict of guilty assessing a fine of \$75. Judge Scurry the defendant's attorney, gave notice of appeal to the county court.

W. H. Downing has raised over 200 bushels of turnips on his truck farm near the city this season, and Sherrod & Company are shipping a consignment of these turnips to the green grocers of Childress.

V. E. Stampfli and A. J. Smith drove out to Mr. Smith's irrigation farm, one and one-half miles south of town, today, to superintend the erection of a gasoline engine, that is being placed in position to pump water into the large tank. Mr. Smith (famously known as "Burr" Smith, is building one of the most complete irrigation plants on a small scale, in this section. The large tank is built in a complete circle, 150 feet in circumference and ten feet deep. Three wells are supplying the water for the tank, sufficient to irrigate fifteen acres. Mr. Smith, who has been employed for years by Mr. Stampfli, intends to devote his entire time to raising vegetables next season.

J. C. Thompson vs. Morgan Jones it will be remembered that this was a suit for breach of contract, tried in the district court of this county in which a judgment for \$1,700 was rendered in favor of plaintiff. The case was appealed to the court of civil appeals and affirmed. Defendant then carried it to the supreme court in writ of error. Montgomery and Brittain, attorneys for plaintiff received notice that the supreme court refused the writ of error, which sustains the judgment of the appellate court there by affirming judgment in the district court. Consequently the defendant Morgan Jones will be compelled to pay the amount of judgment and costs.

Mabledean Items.

T. C. Clark of St. Joseph, Mo., is spending a few days at his old home. Mrs. Curtis, of Amarillo, is visiting her friend, Mrs. Daisy Dean this week. She gave a 42 party in her honor Tuesday evening.

The rain Sunday night caused many of the farmers who had given up sowing wheat to risk a small acreage even if it made nothing but a much needed pasture.

Most of the cotton around Mabledean has been picked and farmers generally are holding for a higher price.

T. C. Clark left Wichita Monday for Dodgeville, Texas, where he will spend a few days with his sister, Katherine Thomas.

Frank Preston and family will move this week near Wichita, in order to put their children in school.

Mrs. Scurry Dean gave the young people a Halloween party. A large crowd attended and all report an unusually good time. The rooms were beautifully decorated and refreshments were served. The feature of the evening was the telling of fortunes.

OIL LOTS FOR SALE

in the **ELECTRA OIL FIELD**
\$10.00 EACH

The Powell Oil and Development Company owns in fee simple 311 acres of land situated about three miles south, 63 degrees east from the Electra Oil Field. This company is putting 87 acres of this land on the market for the purpose of developing holdings.

The land is a part of the U. S. G. S. Survey No. 21, Abstract No. 142, in Wichita County, Texas. Oil men of experience consider holdings as being in the heart of the oil bearing territory for the reason that the geological survey marked by the government shows that the oil strata runs northwest and southeast from the town of Electra.

The first shallow oil encountered is about three and a half miles southeast from our holdings. This 87 acres of land is near enough the railroad to afford shipping facilities. It is also within one mile of a two hundred acre tract bought by the Fordyce Oil Company for tankage purposes.

OUR PLAN.
There are 658 oil lots as shown by plat on file with the county clerk of Wichita County. Each lot contains 600 square feet. The purchaser of each lot is entitled to one share of capital stock of the company, when same is finally organized. When one half of the lots are sold we will at once begin operations on a deep well to be put down to a depth of 2,000 feet, unless oil or gas in paying quantities is found at a less depth, and when well is completed it will be turned over to the stockholders to be managed by a board of directors. 100 lots in the center of the field will be reserved for the deep well. The price of these lots is \$10 cash in hand.

Contracts for the purchase of these lots can be had from C. W. Snider, cashier of the City National Bank, who has authority to draw up all necessary papers conveying title, etc.

Wichita Falls, Texas, Nov. 10th, 1911.

Ninety per cent of the divorce couples in Washington, D. C., had no children. That is good.

A Kansas City trial judge has made the discovery that there are some men, at least, who have not sense to sit on a jury, and after the fellow had been accepted by both the defendant and the State, the judge had the nerve to make this decision.

There will be a full crop of candidates for county and city offices to be elected next year, but so far none have announced, and that is good. The people do not care to be bothered about choosing between friends to fill the offices one bit longer than is necessary, and if it were possible a limit should be placed in which candidates can announce for public office. Such a rule or law would not only save money and time to the various aspirants, but it would be more pleasant all the way round.

The Times is read by fully 75 per cent of the people of Wichita Falls and Wichita county. This does not necessarily mean that the other 25 per cent can't read, or do not appreciate the Times, but they have neglected for one reason or another to allow us to enroll them on our subscription books. The Times, however, is doing nicely, and covers its field about as well as any paper published in Texas, its advertising columns are always open to those who wish to use them who are conducting a legitimate business and are liberal-minded enough to pay a reasonable charge for the service.

Speaking of obituaries, here is one of the most remarkable that ever found its way into print. The victim was Sam Haynes and it appears that he resided in Montella (Nester county), New York. The Montella correspondent of the Sullivan County Review sent in the following report: "Sam was a unique character. Only once in a generation is a community pestered with such a human viper, such a moral X; he was the unsolved conundrum, 'What is he good for?' His only virtue was the persistence of his wickedness, his only excellence the stability of his unrepentance. Horse fighter, liar, wife beater, chicken thief, egg stealer, dog fiend, profane and vile of speech to the point of nausea, he was the trademark of sin, the neatest emblem of vice, with no crime but work beyond his capacity. He was even worse, but he has grace and it is never our inclination to kick a man when he is down. "Yet at death his proverbial luck was with him. He goes below just at the whitening frosts and the chilling winds are ushering in a long and te-

If, as it looks seems likely, Editor Osuley of the Fort Worth Record, decides to make the race for the senatorship, the standing of the candidates on prohibition will be one pro and three anti; on the Bailey question, three Bailey and one anti-Bailey, as between Harmon and Wilson, one for Wilson and three for Harmon.

Printers' Cost Congress. President G. M. Booth of Wichita is presiding over the sessions.

To Be Cuban Giants Now. New York, Nov. 10.—A baker's dozen of the New York Giants bade adieu to the Broadway today and set sail for the land of cigars and senoritas. The contenders in the recent world's series plan to spend a good part of the winter in Cuba, playing exhibition games with the Cuban league teams.

Didn't Look That Way. "There? You have a black eye, and your nose is bruised, and your coat is torn to bits," said mamma, as her youngest appeared at the door. "How many times have I told you not to play with that bad Jenkins' boy?" "Now, look here, mother," said Bobby, "do I look as if we'd been playing? I've been run over by an automobile."

that is known in the wheat trade. In such corners the operators gather in such a percentage of the supply of wheat as leads them to believe they control the market. Then they buy contracts for future delivery with the idea that the shorts will have to buy from them." At one point during Mr. Lehmann's argument Chief Justice White wanted to know whether producers who combined to prevent consumers forcing down prices would be criminal under the Sherman law. Mr. Lehmann answered that both would be criminals the intent of the law being to prevent normal prices and forbid enhancement by artificial means. To sustain his contentions. Solicitor General Lehman argued from the old English laws forbidding forestalling, engrossing and regarding any commodity. He argued the merits of the proposition and not the fact that the lower court had, in effect, found that the man who drew the indictment either did not know his business or the facts did not warrant an indictment that could be made to pass the test.

Cottolene

Good cooks are not born—they are made by experience and the tools they use. The use of Cottolene will aid any cook in making an impression with her food. Being entirely free from hog fat, it makes food light, rich and digestible, but without the semblance of grease. Moreover, Cottolene food agrees with the stomach; it never causes indigestion or after-heaviness.

Cottolene is made from choice vegetable oil, which human hands never touch. It is packed in patent, air-tight sealed pails, and its freshness and purity are guaranteed. For all shortening and frying purposes, Cottolene is better and more economical than butter or lard.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after having given Cottolene a fair test.

Never Sold in Bulk Cottolene is packed in pails with an air-tight top, to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Wichita County—Greeting:

You are hereby commanded to summon Seth Thomas, one in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 30th Judicial District, but if in Wichita Falls, then in the 30th Judicial District, then in a newspaper published in the nearest District to said 30th Judicial District to appear at the next regular term of the District Court of Wichita County to be holden at the Court House there of, in Wichita Falls, on the first Monday in December, A. D. 1911, the same being the 4th day of December, A. D. 1911, then and there to answer a petition filed in said court on the 9th day of November, A. D. 1911, in a suit numbered on the docket of said Court No. 4085, wherein: State Guaranty Bank of Frederick, Oklahoma, is Plaintiff, and V. P. Barrett, Bertha Barrett, J. C. Lijut and Blair & Hughes Company, and Seth Barrett, are Defendants, and said petition alleging: That plaintiff is the owner and holder of a certain real estate mortgage made, executed and delivered by V. P. Barrett and Bertha Barrett, his wife, on the 23rd day of July, 1910, for the sum of \$3,000.00 with interest at the rate of 10% per annum from date and \$350.00 attorney's fees if said mortgage shall be paid in the hands of an attorney for collection and that said mortgage covered three tracts of land located in Wichita County, Texas, and covers 436 acres of land. The first tract consists of 239 acres being part of a survey patented to the heirs of John Thomas, Aug. 15, 1873, being Pat. No. 567, Vol. 18, 1873, the second tract being part of a survey patented to the heirs of N. Donbrisk, Feb. 6th, 1875, being Pat. No. 88, Vol. 15, abstract 66, and part of John Thomas survey, patented Aug. 15, 1873, being patent No. 562, Vol. 19, and abstract No. 253, containing 127 acres.

Third tract out of John Thomas survey and containing 60 acres, all of said tracts containing 436 acres and being same land deeded by George W. Eagle and his wife M. J. Eagle, and G. C. Patterson and his wife, Bertha I. Patterson, to V. P. Barrett on 22nd day of June, 1910. That said mortgage executed by V. P. Barrett and Bertha Barrett his wife, was due and payable six months after date and that said mortgage and note, that it was given, to secure, remains unpaid and that they are now past due: That all of said mortgaged premises above described were deeded by V. P. Barrett and his wife, Bertha Barrett to Seth Barrett, subject to mortgage of Plaintiff.

Premises considered, plaintiff prays for Judgment for his debt and interest and attorney's fees, for foreclosure, and special and general relief and costs of suit. Herein full not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Witness, A. F. Kerr, Clerk of the District Court of Wichita County. Given under my hand and the Seal of said Court, at office in Wichita Falls, Texas, this 9th day of November, A. D. 1911.

BIG GRIDIRON CONTESTS TOMORROW

SATURDAY EXPECTED TO GO FAR TOWARD DETERMINING WHO'S WHO IN EAST.

FEW BIG GAMES IN WEST

University of Chicago vs. Northwestern and Illinois vs. Indiana Centers of Interest.

New York, Nov. 10.—Tomorrow's games are expected to go far towards determining Who's Who among the Eastern football teams for the season of 1911. Though the schedule does not provide for anything equal in interest and importance to the Princeton-Yale game of last Saturday or the Princeton-Yale game of next week it calls for a number of contests that will attract the attention of all followers of the sport.

Few big games are scheduled for tomorrow on the college gridirons in the middle West. Some of the leading teams, including Wisconsin and Minnesota, have left the date open in order to better prepare for the big contests that will close the season.

A Chrysanthemum Wedding.

Owing to the prominence of the high contracting parties, a wedding of unusual interest was consummated Thursday evening, Nov. 9th at the First Baptist church, when Miss Lucile Brooks the accomplished daughter of Mr. and Mrs. J. T. Brooks was given in marriage to Arthur Burroughs Huff, second son of Mr. and Mrs. R. E. Huff. The church was artistically decorated in greens interspersed with yellow and white chrysanthemums. At either side of the chancel, amid the ferns were candelabra with white tapers and graceful yellow tulle bows. Preceding the ceremony, Mrs. Barron sang "Why Do I Love You," in a very charming manner and the Musicians' Club of which the bride is a member, sang the "Bridal Chorus" from "The Rose Tree Maiden." As the first strains of the wedding march played on the violin and piano by Misses Maybelle and Bernice Jackson were given forth, the bridal party proceeded down the canvas-covered aisles. The first to enter were the young lady ushers, Misses Willie Mae Kell, Jewel Kemp, Evelyn Coffield, Mary Mitchell, Leola Randal and Ruby Barron, followed by the matron of honor, Mrs. Gunter of Detroit, Mich., and groomsmen, Mr. Pigott of Dallas, maid of honor, Miss Cora Lee Lewis of Paris and best man, Mr. William Huff, Jr. The Elizabeth Carrigan and Katharine Phillips scattered rose leaves in the pathway of the bride who with her accustomed poise came down the long aisle unattended and was met at the altar by the groom and, Rev. J. R. Boone, officiating clergyman. The impressive ring service was read, making the twin one, while soft strains of the Spring Song accentuated the solemnity of the occasion. As the recessional pealed forth the wedding party marched out in couples and left mental visions of loveliness long to be remembered.

The ushers were gowned in white with yellow paneled sashes of broad satin ribbon, and fetching little Dutch caps—presents of the bride—and carried yellow chrysanthemums tied with bows of bridal tulle. The matron of honor's gown was of Alencon lace with a veil of blue brocaded satin and her flowers were superb white chrysanthemums.

The maid of honor wore white tulle or satin, with trimmings of real lace and pearls and also carried chrysanthemums in white.

The bride was a vision of loveliness in white chiffon crepe with rose point and pearl trimmings. The long tulle veil was outlined in rose point and draped in Juliet cap effect with orange blossoms. She carried a magnificent shower bouquet of bride roses and lilies-of-the-valley tied with wide white ribbon, most artistically arranged. The bride's gift to her maid of honor was a beautiful hand-made bag and to her little flower girl beautiful pins set with pearls.

Following the wedding a reception for the young associates of the bride and groom was given at the home of the former on Tenth street. The guests were greeted at the door by Mrs. Robertson who directed them to the cloak room upstairs where Mrs.

Harrington stood in waiting. Smiles with pink and white roses were liberally used in the hall-way and as the guests descended to the first floor they were met by Mrs. Fitzhugh who presented them to the receiving line in the drawing room, which included Mr. and Mrs. Brooks, Mr. and Mrs. Arthur Huff, Mr. and Mrs. R. E. Huff, Miss Cora Lee Lewis, Messrs. Pigott and Huff and the six young lady ushers. Lavish decorations of white and green prevailed in this room and Mrs. C. C. Huff stood at the entrance to the dining-room where Misses Della Stone and Maybelle Jackson served brick cream and cake. An exquisite centerpiece of cluny graced the table on which the bride's cake reposed in a heart-shaped bed of smilax. Crystal candelsticks tied with double shower ribbon bows, on each corner of the table, held white taper twined with graceful asparagus ferns. From the chandelier depended fairy festoons of hot-house smilax tied with bows of satin ribbon.

In the gift room vases of American Beauty roses were in evidence and visitors. The profusion of beautiful things attested the popularity of the bride and groom who have grown from childhood in Wichita Falls. On the register table the Bride's Book was in charge of Miss Adalyn Gibson and Mrs. Myttinger, while the geniality of Mrs. Lewis of Paris, and Mr. and Mrs. Hughes of Quanah lent additional charm to the occasion.

When the bride's cake was cut Miss Willie Mae Kell received the darning needle, Mr. Pigott the ring, Mr. Durand the dime and Miss Jimmie Brown the button. The bride's bouquet tossed from the stairway was caught by Miss Willie Mae Kell. The groom's mother gave the young people their wedding trip and they departed at 12:45 amid the usual shower of rice, for a two weeks' stay in New Orleans.

The going away gown was Tobacco brown cheviot with velvet toque and accessories to match. After a brief honeymoon trip Mr. and Mrs. Huff will best home in their beautiful bungalow which was built and furnished especially for them.

Among the out of town guests were Mrs. Gunderson of Detroit, Mich.; Mrs. B. W. Lewis and Miss Cora Lee Lewis of Paris; Mr. and Mrs. J. B. Hughes of Quanah; Miss Mary Mitchell, Dallas; Miss Ruby Barron, Plano; Mr. and Mrs. Fitzhugh, Duncan, Okla.; Mr. Pigott, Dallas, and Mrs. Hackworth of Alabama.

Mrs. Zundelwitz Hostess to 500 Club

Mrs. A. Zundelwitz was hostess to the Five Hundred Club at her hospitable home on Lamar avenue Thursday afternoon. There were five tables of players in this fascinating game and Miss Lucile Sherrod carried off the honors of the afternoon. A dainty two-course luncheon was served. The guests included Mes James Bacon, Walsh, Reese, McGregor, Greenwood, Cobb, Toney, Loeb, Woods, Art, Fontaine, Smith, Allen, Duke, Gates, Langston, Stephens, and the Misses Dora and Cora Jones, Miss Shackelford and Miss Sherrod.

Miss Bernice Atwood in the "Common Law" Tuesday Night

An advance notice says of the "Common Law" which comes to the Wichita Theatre Tuesday night:

"The Common Law" is a dramatization by Lem B. Parker, of the most widely discussed subject of the Universe. Divorce is another subject that is much discussed, yet while divorce may have its legal aspect, the "Common Law" relations between man and woman are not according to the Di-

vine Law, neither have they any legal status.

"The causes for divorce have been many. Divorce has been the theme and foundation for a number of plays but this is the first time in the history of the theatre, has any author of playwright taken the "Common Law" as a theme for his play.

"In this wonderful production, the author has sought to bring out the 'winning' of men, and the high standard of morality and virtue in woman, bringing to bear points, which demonstrate the love of a woman is so great that she would sacrifice everything for those near and dear to her.

"The laws of God are incorporated in the Ten Commandments. The laws of man are many, and each one has some bearing on the laws of God. Both men and women are likely to disregard the laws of both God and man, with impunity, but neither God or man sanctions a "Common Law" marriage. No matter what laws are violated or evaded, there is one law, that every woman should ignore and that is the "Common Law."

"In the story of this great play, one will find in the character of the heroine, all of the virtues of honest and noble womanhood, and there are thousands of just such characters, playing parts in life's great drama daily.

High School Students Organize Literary Societies.

At a meeting held during the afternoon of October 27th last, at the High School building, it was decided to organize Literary Societies for the purpose of rendering regular programs every two weeks. The main object of the formation of these societies is to give the students practice in speaking and entertaining, so that in after life, they will be able to appear at ease, if called upon at any time to take part in entertainments before the public.

With this end in view as the main object of formation, four such societies were organized, one for the students of each year of the High School, and officers were chosen for each society. It was decided to hold the first regular program two weeks later, or on November the 10th (which is today), and in accordance with this decision, under the supervision of four members of the faculty, each Literary Society is holding a meeting this afternoon in the respective rooms at the High School building of the first, second, third and fourth year students.

The program to be rendered this reached the 12 reach, at which

stories, recitations, quotations, readings and other entertaining features, all of which must be prepared by the students, themselves, and will therefore be original work.

The four members of the faculty who will act as critics and advisors to the new Literary Societies are Miss Clara Parker, Prof. Delmar Owen, Miss Emma Childers, and Prof. Meddows, all of whom will lend their efforts towards making the movement a success. It is stated that although the formation of these societies is by no means the first attempt of a like nature at the High School, it is hoped by those who have organized these particular societies to make them the best of which the High School has ever been able to boast and to reach a higher degree of perfection than was ever reached by any other such society of the city schools.

The next meeting will be held two weeks hence, and the program committees will announce in a few days the program to be rendered on that occasion. Thereafter, regular meetings will be held every two weeks until the end of school.

The Ladies of the Episcopal Church will give a bazaar on December 2nd.

Give Us One Chance

at your business and if we don't make good it's our fault and we will beg your pardon for being on earth and expect you to leave us like a pay car leaving a tramp. Our toilet department is where we are strong. Our line of mug medication and beauty makers has 'em all down on their knees yelling quit. We win on always being on the job and giving you what you think you want without a whisper about something just as good. We take it that people that the police department will allow to run at large have sense enough to ask for what they want. A fellow might look like he needed a bath tub, but if he asked for and orange stick we would never send him to the plumber.

Football News. At a late hour this afternoon it was not definitely known by Manager Huff of the Y. M. C. A. football team, whether or not the game scheduled with Henrietta at that place for tomorrow afternoon, would be played. Manager Edwards of the Henrietta team recently wrote a letter stating that unless further notice was received, it would be unnecessary for the Y team to make the trip to Henrietta. Notice of a challenge from the Decatur Baptist College at Decatur, was received by Manager Huff today and he immediately dispatched a letter to the manager of that team stating that the Y team was anxious for a game with any team in this part of the state. It is still being attempted to arrange for a game with the T. C. U. for Thanksgiving, it being thought that perhaps the second team at the T. C. U. would be willing to make a trip to this city on that date, and if such should be the case, a good game of football will no doubt be played here on Thanksgiving.

SOME DIFFERENCE. There is some difference between the flavor of a Ben Davis and a Jonathan or Spitzenburg. There is a difference between a blend of the fine mild growths of coffee and a No. 7 Rio. Some difference between skim milk and rich Cream--Same thing in Cranberries. Our Fancy Cultivated Jumbo Cranberries make as great a contrast when compared to the common wild berry.
