### Texas Department Of Public Safety February Report

The Texas Highway Patrol investigated 9 accidents on rural highways in Castro County during the month of February, according to Sergeant W. E. Wells, Highway Patrol Supervisor of this area.

These crashes resulted in three persons injured and an estimated property damage of \$9,640.00.

The rural traffic accident summary for this county for the first two months of 1966 shows a total of 19 accidents resulting in no persons killed, 9 persons injured, and an estimated property damage of \$15,665.00.

Only one month remains for some 2,340,000 vehicles registered in Texas to secure the 1966 safety inspection sticker. The period set by law for securing the 1966 sticker ends at midnight, April 5, and there can be no extension of that deadline. The Sergeant stated, "Any motorist whose vehicle bearing Texas license plates that does not display the 1966 sticker after April 15 is subject to arrest by any Sheriff, Deputy Sheriff, City Policeman or any Officer of the Department of Public Safety and upon conviction will be subject to a fine not to exceed \$200."

### Castro County Agricultural Housing Association

# Plans For Housing Project In Making

A public meeting, sponsored by the Castro County Chamber of Commerce, will be held Tuesday night, March 22, at 7:30 p.m. in the Junior High School Auditorium in Dimmitt. Purpose of the meeting is to discuss the feasibility of a proposed combination permanent and migrant labor housing project to be located in Dimmitt.

An appointed Steering Committee, composed of Rayphard Smithson, Millard Webb, Edd McLeroy, William (Judge) Baldrige and Truman Touchstone, will present plans, layout, construction costs, land location and costs, Farmers

Home Administration loan availability and all other details of the project. The project has the endorsement of the Chamber of Commerce and that organization is urging everyone interested in the growth and development of Dimmitt and Castro County to be present at this planning meeting.

The proposed housing project will be located on a 9.9 acre tract of land off of the Woodrow Nelson property just east of the Dimmitt townsite and adjacent to the Wester Produce (pickle vat) site. Tentative plans are for the construction of 52 two-bedroom units for permanent labor, and 48 two-

room migrant labor units. Financing will be through the Federal Housing Administration at an estimated cost of \$375,000. Repayment of the loan will be amortized over a 33-year period.

All construction, including manager's residence, will be of concrete blocks and concrete floors. Administration of the housing complex will be under the direction of a board of directors, representing a non-profit organization.

It was pointed out by the steering committee, for the housing project, that farmers and business men were becoming more aware of the dire need for agricultural labor housing especially since new and renewed interest in the production of vegetables is being evidenced in all areas of the county. With large acreage of cucumbers and tomatoes being contracted by

Western Produce, and increased acreage of carrots and mixed vegetables to be processed by Lamantia - Cullum - Collier & Company at the Dimmitt Produce Company plant, the provision for adequate housing facilities for permanent and seasonal, or migrant, labor is a must if the city and community hopes to keep pace with neighboring agricultural areas, the committee said.

THIRTY NINTH YEAR DIMMITT, CASTRO COUNTY, TEXAS, THURSDAY, MARCH 17, 1966 14 PAGES — NUMBER 22

### Waggoner Carr Slated To Speak At Chamber Of Commerce Banquet

Castro County Chamber of Commerce will have their annual banquet Monday night, March 21, at 7:30 p.m. in the new South Grade School Cafeteria, according to Wes Anthony, President of the Castro County Chamber of Commerce.

This year the Chamber of Commerce will carry out a Diamond Jubilee Theme in recognition of the seventy-fifth anniversary of Castro County.

Waggoner Carr, Attorney General for the State of Texas will be the guest speaker at the banquet. The topic of his speech will be "State on the Move."

Attorney General Waggoner Carr has served the people of Texas both as a state officer and as a county official from Lubbock County.

Prior to his election to the House of Representatives, he served as an Assistant District Attorney in the 4-county 72nd Judicial District and as County Attorney for Lubbock County in which position he amassed a record of having tried more criminal cases than any preceding County Attorney.

In 1951, the people of Lubbock elected him to his first term as a member of the House of Representatives. This was the first of five terms which he served in that legislative body. His last two terms in the House, he was paid the greatest compliment which the 150 House members can grant to one of their fellow representatives. They elected him Speaker of the House for two consecutive terms, and he became one of only three men in the history of Texas to receive such a vote of confidence.

Waggoner Carr is 47 years of age, and is a graduate of Texas Tech and the University of Texas Law School. He married the former Ernestine Story, and they are the parents of a 16 year old son, David.

In 1962, Carr announced his candidacy for Attorney General of Texas, and after a very active campaign, was elected, receiving more than one million votes. General Carr received more votes than any other major statewide candidate in that election.

Carr is a member of the American Legion, a Knight Commander of the Court of Honor — Scottish Rite, a member of Lubbock Lions Club, the Lubbock County Bar Association, the State Bar of Texas, Delta Theta Phi Law Fraternity, the National Association of Attorneys General, the Southern Association of Attorneys General, the Texas Farm Bureau, the National Dis-

trict Attorneys Association, past Statewide Cancer Crusade Chairman, and this year's Chairman of the Cancer Crusade for State Employees.

On November 3, 1963, the people of Texas re-elected Waggoner Carr to his second term as Attorney General of Texas. More than one million, nine hundred thousand Texans cast ballots for his candidacy, and, for the second time, he led the entire field in total votes received in a general election.

During the September Convention of the State Democratic Executive Committee, Carr announced as a candidate for the United States Senate.

Tickets for the Chamber of Commerce Banquet may be purchased at Parson's Drug, City Drug or at Carver's Pharmacy. Tickets can also be purchased from any director of the Castro County Chamber of Commerce. Price of tickets is \$3.50 per person.

Drake and his wife, Ann belong to the Methodist Church and have one son, Sammy, 17 months old. Presently living at the S & K Manor, the Drakes are planning to build a house on Eleventh Street in Dimmitt.

A. V. Barnes, Manager of the Pioneer Natural Gas Company in Dimmitt announced this week that they have begun construction to double the size of their present office space. The old part now used for their office, will be used for storage and a warehouse.

Barnes also said that the gas company will move their office to a temporary location at 107 N. E. Second while their present office building is under construction.

The wedding cake was baked by the Junior Homemaking Class and the decoration was demonstration for class done by Mrs. Carter. Cake was decorated with yellow roses and white lily of the valley on white milk glass footed cake plate.

Other decorations was a pink carnation centerpiece in the living room.

Robbie Rice and Cheryl Newman served refreshments of pineapple sherbert, Brides punch and cake to the guests.

Games from the Bridal Shower Booklet were played.

The honoree was presented a corsage made of yellow chore girls and measuring spoons made by Robbie Rice.

Special guests were Beverly Newman of Dimmitt; Mrs. Homer Inscore, mother of the bride; and Mrs. J. C. Jackson, foster mother of the groom.

Those attending were Robbie Rice, Cheryl Newman, Susan Walker, Charlotte Murray, Rosemary Carter, Susan Carter, of Hart, Debby Murray, Amarillo, and Beverly Newman of Dimmitt.

This shower was given with the Junior Homemaking Class serving as hostesses. The girls planned the shower, refreshments, entertainment and decorations as part of their unit on "Cooking and Entertaining" in Homemaking III. Since it was for a member of their own class. The girls thoroughly enjoyed selecting kitchen equipment which was presented to Mary.

Mrs. Louise D. Carter received the guests. Susan Carter registered the guests.

Table appointments were a turquoise linen cloth, silver candelabra, with a three tiered wedding cake for the centerpiece. Dear Fellow Texan: Until Thursday, March 17, every Texan over 21 has the opportunity to register, free, in order to qualify to vote in this year's elections. If you have already paid your poll tax by January 31st of this year, or if you are over 60 years of age and you live in a place of less than ten thousand population then you are already registered for this year, and you do not have to register again. But, if you are between 21 and 60, years of age and live in a city of ten thousand or more and are not registered this year, you can now register up to March 17th. Since the poll tax was declared unconstitutional in Texas it will not cost you anything to register now regardless of your age.

You can register to vote by cutting out a registration form in the newspapers, or you can get a form from the county tax assessor, or you can go to one of the places that have been set up for Texans to register, or get a proper form from anyone else. Above all, register your name to vote by March 17, before it is too late and above all, see that the registration form is in the office of your county tax assessor - collector before midnight, March 17th. In 1964, less than 1/2 of all adult Texans who could have qualified to vote actually voted in the Presidential election year. This means that less than 1/2 of the people in this State are determining who is going to be elected, and what kind of government you will have.

If we have just one and something goes wrong with it we might miss an important "Meeting."

Guess if we should some morning awake and find ourselves in the midst of a garden with all manner of good things to eat and pleasant to the eye we would start running circles looking for a modern automobile to run over all of it with R. A. F.

Now that the poll tax has been stricken down, all Texans - whether rich or poor - have a chance to vote. Now all Texans should qualify to vote, free.

It is estimated that we now have 2.4 million Texans qualified to vote, but there is another 3.4 million who did not qualify in January who can now register their names and vote in this year's elections. This means that the vote will more than double if everyone registers. If you register now and qualify to vote it means that you can go to your precinct conventions, and vote in the city, county, state, school district and the National elections.

I urge every Texan to register, to be qualified to vote, because that is your right and duty as an American and as a Texan. When all Texans are eligible to vote, then Texas will move into the 20th Century governmentally and politically. Remember March 17 is your last day to register free this year. REGISTER NOW.

### Report Of South Plains Hospital Area Meeting

The South Plains Hospital Area held its regular meeting at noon on Thursday, February 17, 1966 at the Hickory Inn, Lubbock, with 22 in attendance.

Mr. R. W. Manley introduced the guest speaker, Mr. Jerome Kirby, Littlefield Attorney, who discussed "How to Control 'Fly by Night' Insurance Companies Without Legislation." Mr. Kirby made the statement that 98 per cent of the claims turned down by these companies are collectible. There are various reasons given for refusing these claims, but "pre-existing condition" appears to be the most predominant.

He stressed that in instances where claims are refused that we instruct the patient not to write the insurance commission because the commission does not have the power to regulate claims. He also emphasized the fact that business office personnel should exercise caution in filling out insurance forms because they tend to contain misleading questions. A brief question and answer period followed. The minutes of the previous meeting were read and approved. Gordon Russell, District Advisor, Texas Hospital Association, discussed an institutional dues increase which has been recommended by the Board of Trustees of the Texas Hospital Association. He cited the need for this dues increase and pointed out that this would be brought before the House of Delegates in May. A motion was made and seconded that action on this matter be

### H. O. Davenport's Announce Arrival Of New Baby Boy

Mr. and Mrs. H. O. Davenport announce the arrival of Charles Edward at Plains Memorial Hospital, March 1. Mrs. Davenport is the daughter of Mr. and Mrs. J. T. Stehr of the Bethel Community.

The Davenports have been in Alaska nearly seven years. At this time, they live in Kodiak.

The family came to Texas to visit with their families here and at San Antonio late in December. Mr. Davenport returned to Kodiak in February.

Mrs. Davenport and the children, Sarah Ann, Cynthia Kay and H. O. Jr., and the baby will return home by plane. They drove to Texas.

GRAND CHAMPION WINNERS in the 4-H project show that was held in conjunction with the Castro County Junior Fat Stock Show were Diana Adams and Genie Robins.

Mr. Press Dyer and Mr. Percy Shepard spent last week end with Mr. and Mrs. Benny Whigham in Lubbock. Mr. Dyer attended the NCAA Midwest Regional Basketball Tournament at Lubbock Municipal Coliseum Friday and Saturday nights.

deferred to the April meeting of the South Plains Hospital Area.

A letter was read from O. Ray Hurst, Executive Director, Texas Hospital Association, to the effect that an election was necessary to fill the unexpired term of Delegate Darwin Winfield. A motion was made and seconded that Gordon Russell fill the unexpired term as Delegate and that John Martin serve as his Alternate. Mr. Hollingsworth reviewed a January article from Texas Hospitals concerning Health Careers. A motion was made and seconded that a steering committee consisting of George Brewer, C. J. Hollingsworth, John Martin and Sister Maureen be formed for the purpose of planning a Health Careers Conference to be held in Lubbock this spring.

A discussion followed on the functions and responsibilities of a Utilization Review Committee. The meeting adjourned at 2:40 p.m.

### Bible Thoughts

"BEGINNING AGAIN"

By Ronnie Parker

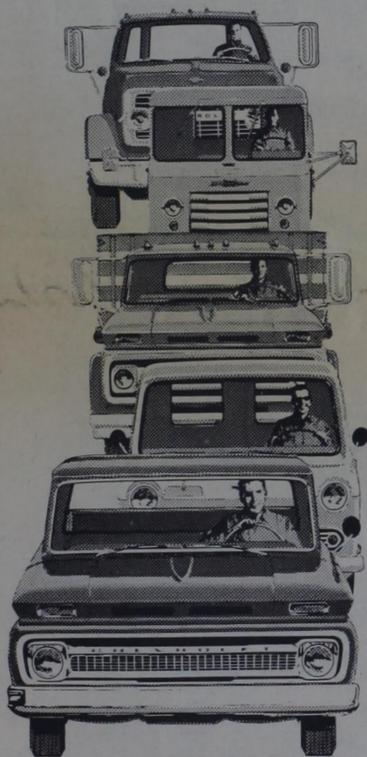

A poet has given us these lines.

I wish there were some wonderful place  
Called the Land of Beginning Again,  
Where all our mistakes and all our heartaches,  
And all our selfish grief  
Could be dropped like a shabby coat at the door  
And never put on again.

There is a land of beginning again. A Christian is a baptized believer raised to walk in NEWNESS of life (Rom. 6:3-4). Jesus calls it being BORN AGAIN (John 3:5). Paul says, "all things have become new" (II Cor. 5:17). A new name (Acts 11:26); new speech (Col. 4:6); a new way of life. The born again Christian has new attitudes toward his neighbor, a new spirit toward his enemy, new business and social rule, a new way to spend the Lord's day, and a new way to use his money.

Will you obey Jesus? Will you begin again? A Christian has hope because of his "new life" in Christ.

Over 43 Years of Quality!

Billy Lytal of Summerfield, Texas went all out for top yields in 1965. He produced a whopping 10,521 lbs. of grain per acre on a selected field. His goal for 1966 is to top the 11,000-lb. barrier.

### Top Sorghum Yields In 1965

Billy Lytal of Summerfield, Texas was shooting for a 10,000-lb. sorghum yield at planting time in 1965. This spring he is setting his goal another 1000 lbs. higher. Lytal produced an average of 10,521 lbs. of sorghum on five and one-half acres last year. He was joined by 143 other top sorghum farmers from six states in shooting for top yields. All were members of DeKalb's Sorghum Master's Club.

Lytal started with a well prepared seedbed and planted his sorghum on May 10 at a rate of 20 lbs. per acre in ten-inch rows. Prior to planting, he applied 223 lbs. of actual nitrogen, 203 lbs. of P2O5 and 76 lbs. of sulphur. During the year, the field was irrigated seven times. On October 14 the five and one-half acres produced 56,720 lbs. of grain at 12.12 per cent moisture at a test weight of 56 lbs. Lytal used a new short stalked hybrid, DeKalb F-65.

It was a banner year for sorghum producers. The over-all U. S. yield average was 2800 lbs. per acre, which was a 35 per cent increase over the 1964 yields. Top producers more than doubled this national average.

The Sorghum Master's Club has attracted many leading producers during the past three years. Members have as their goal the production of top economic grain yields under practical farm conditions. All the yields reported are from more than one acre and are determined by field measurements and actual scale weights. Twelve club members topped 9000 lbs. and the 141 members averaged 6333.2 lbs.

Banquets honoring these top farmers are held at Dodge City, Kansas; Amarillo, Texas; Denver, Colorado; Lincoln, Nebraska and Kansas City, Missouri.

## Triumphs and Sidelights at State CAPITOL

Austin, Texas — Texas school districts are receiving speedup orders on desegregation.

Integration of faculties, as well as student bodies, is the aim of federal authorities in laying down new guidelines for compliance with the civil rights act of 1964.

Both the Texas Education Agency and the State Board of Education received the policy statements and promptly scheduled meetings over the state to post local school administrators as to the requirements.

Primarily concerned are 600 districts that submitted voluntary desegregation plans to the U. S. Office of Education for the 1965-66 school year to assure that they remained eligible for federal aid.

Districts already fully integrated, those whose assurances of compliance have been accepted and those operating under court desegregation orders are not immediately affected by the revised policies.

U. S. Commissioner of Education Harold Howe II estimates that revisions will result in doubling integration in 11 Southern states.

Guidelines provide that "race, color or national origin may not be a factor in hiring or assignment of teachers and other professional staff." State Education Agency officials said evidence of compliance with this requirement is expected to be shown by next September.

Districts which have submitted desegregation plans, including those with geographical school attendance zones, must file by April 15 a form agreeing to observe the new guidelines. Office of Education will review spring reports and schools judged to have shown no reasonable progress will be ordered to take further steps before fall.

School systems also must eliminate segregation in such programs as transportation, athletics and extra curricular activities.

Where faculty members are displaced as a result of desegregation, staff vacancies late occurring must be filled by those ousted teachers if they qualify.

In other action the State Board of Education directed local school districts to raise their contributions to the foundation school program by \$6,100,000 next year.

Local fund assignment for 1966-67 is \$138,000,000 compared with \$132,500,000 for 1965-66. Total cost of minimum foundation education program for the state this year is estimated officially at \$649,326,890. Legislature set local school districts' contribution for 1966-67 and thereafter at 20 per cent of

the total cost of the preceding year's program. State puts up the other 80 per cent.

Board also approved investment of about seven million dollars from the State Permanent School Fund. Some three million dollars will be placed in common stocks, another three million in corporate bonds and an estimated one million in short-term Treasury bills.

Investment money will come from maturing Treasury bills, bonds and the regular monthly deposit from school land, oil and gas leases, says Paul Mathews, chairman of the investment committee.

APPOINTMENTS — Gov. John Connally named John L. Hill as Secretary of State. He replaces Crawford C. Martin of Hillsboro who resigned last week to devote full time to his campaign for attorney general.

Hill is an outstandingly successful Houston civil trial attorney. He has tried cases in district courts in most areas of Texas during the past 19 years. His term will run until next January.

Connally named L. D. (Red) Webster and reappointed Al Badger, both of Dallas, to the Texas Commission on Alcoholism.

Also reappointed were Robert B. Gilmore of Dallas and W. E. (Buck) Tinsley of Austin to the Water Development Board.

House Speaker Ben Barnes appointed Reps. Gene Fondren of Taylor, George Cowden of Waco, Ralph W. Scoggins of El Paso, Rayford Price of Frankston and Lee Duggan Jr. of Houston to serve on a key election law study committee.

Lt. Gov. Preston Smith earlier had named Sens. Tom Creighton of Mineral Wells, Don Kennard of Fort Worth, Ralph M. Hall of Rockwall, Jack Hightower of Vernon and Abraham Kazen of Laredo to that panel.

AG RULINGS — Atty. Gen. Waggoner Carr has ruled that a domestic corporation can't pay dividends out of its earned surplus to anyone not a stockholder; and that a life insurance corporation may pay dividends to policyholders from surplus funds — from profits made by the company.

In other action, the attorney general ruled that:

Under present state law, a Commissioners Court or qualified voters of a county may not create a precinct or multi-precinct Airport District and transfer a county-owned airport to such a district.

Ward County school trustees should be elected April 2 from commissioners precincts as they now exist rather than as they will be formed under the boundary change effective next January 1.

Texas courts may enforce child support order of out of state courts but extradition should be carried out only after bonafide civil attempts have been made to collect payments.

Public school sponsored clubs which perpetuate their membership on the basis of decisions of their own members, rather than free choice of any qualified pupil, are prohibited.

Jury fee must be paid before jury is allowed in juvenile cases.

BONDS SOLD — Texas Water Development Board has sold fifteen million dollars worth of development bonds to the First National City Bank of New York City and associates, the low bidders.

Effective interest rate was 3.5 per cent of the 25-year issue.

First National City Bank was one of five bidders for the bonds. This brings to eighty-five million the amount sold by the Board from an authorized total of two hundred million. Another two hundred million authorization in water development bonds will be voted upon by Texans in November.

Bond money has been used to finance reservoir projects by the purchase of water storage space and in the purchase of outstanding development bonds of Texas cities and water districts.

VERNON CENTER LAUDED — A model demonstration center for aged, to be located at Vernon, "will be finest of its kind in the nation," says Governor Connally. According to the governor, the center will include facilities for all phases of geriatric care. It will provide cottage type units for ambulatory patients and a pre-admission unit to screen elderly persons considered for admission.

Center will place patients in community rest homes, nursing homes and convalescent centers in which they would receive proper care.

SADLER SPEAKS — Texas Land Commissioner Jerry Sadler, in testimony before a congressional committee in Washington, urged the creation of Guadalupe Mountain National Park in Culberson and Hudspeth Counties.

However, he stated that while he is interested in the creation of the 71,650 acre park, he also is interested in the 45,171 acres of oil and gas rights which the state school fund owns in the proposed park.

According to Sadler, the mineral rights should be retained by the

ing and afternoon services. Lunch will be served by the ladies of the local church.

Also scheduled for Monday is a Men's Fellowship supper at 8:00 p.m., which will be held in the Fellowship Hall of the church.

state for the benefit of the three million school children aided by the Public Free School Fund, which is financed from mineral rights.

Sadler said the state and federal government should work together as partners in the project.

### SHORT SNORTS

South Texas crops will be tested for pesticide residue during the next three to six months as the Texas Department of Agriculture moves its new mobile laboratory to Pharr.

Governor Connally announced approval of Community Action Programs in Beaumont (\$21,364), Big Spring (\$33,161), Houston (\$33,955), Laredo (\$50,550), San Antonio (\$104,795), San Saba (\$11,489) and Yorktown (\$30,063).

Regional office of the Office of Economic Opportunity says Laredo will get a two million dollar grant as a demonstration city in the war on poverty.

Governor Connally has picked the Texas Education Agency to draft plans for long-term vocational rehabilitation needs under amendments to the federal Vocational Rehabilitation Act.

### SPORTS AFIELD

By Ted Kesting

If you are planning to raise some puppies, give very careful consideration to the brood bitch.

First, if she isn't an outstanding performer in the field—don't use her. Even this alone will not qualify her. Look for overall quality in conformation. Body structure is highly important, for she will be required to carry and deliver that hoped-for litter of future champions. Bone structure is also an important factor. If she is a finicky eater, pass her by. Use a good "feeder." She must feed the puppies in utero if they are to be strong and healthy. A most important characteristic in a good brood matron is temperament. She should be rather placid, with no worries, and not the least bit timid.

All dogs, brood matrons and sires, have some faults. We can expect that. But if your bitch has a particularly glaring fault of either temperament or conformation, don't use her as a breeder. "Don't depend on the sire to correct this fault in the puppies — he may possess the same fault in lesser proportion," asserts Henry P. Davis, Sport-

ing Dogs Editor of Sports Afield Magazine.

If your bitch passes your rigid and unbiased analysis, then look for a proper mate for her. Certainly a famous "name" dog that has sired a number of outstanding and spectacular performers from a number of different bitches deserves your careful consideration. But that doesn't necessarily cinch the deal. He might not nick well with your bitch. Study his bloodlines carefully. If they go along fairly parallel with those of your bitch, the outlook is favorable, for linebreeding has always produced the best. Now, if possible, take a look at some of the puppies he has sired. Not those who have won their spurs in field trials, but those that are used in average gunning. If you can find some whose dams were of similar bloodlines to your own bitch, so much the better. See if they are strong in some of the characteristics in which your bitch is slightly lacking. Watch them particularly for temperament. Then, if possible, take a good look at the prospective sire himself.

## How to make your tax refund grow

Get your tax refund in cash, and chances are the money fritters away.

Get your tax refund in the form of a U. S. Savings Bond and it will grow 33 1/3% larger at maturity. Tucked away to be part of a down payment on a home someday, a stepping stone to somebody's education, or maybe just a big help when some emergency pops up.

You'll find an opportunity to take your refund in Savings Bonds when you come to the line at the bottom of your '65 tax return.

Besides hanging on to your refund, you'll have the

satisfaction of seeing it grow and grow. You'll also have the satisfaction of helping your country.

Think it over when you ask for your refund this year.

**FOR YOUR INFORMATION.** Series E Bonds pay back \$4 for every \$3 at maturity, can be cashed in when you need them, provide certain tax savings, can be bought where you bank or work. Ask about Series H Bonds for income by check every 6 months.

**ORDER FOR CITY OFFICERS' ELECTION**  
THE STATE OF TEXAS  
CITY OF DIMMITT

I, G. W. Bradford, in my capacity as Mayor of the City of Dimmitt, Texas, do hereby order that an election be held in said City on the 5th day of April, 1966, for the purpose of electing the following officials for said City:  
Two Commissioners

That in accordance with an order adopted by the City Council-Commission of said City, said election shall be held at the following place in said City, and the following named persons are hereby appointed officers for said election.

In Election Precinct No. 1, at City Hall Building, in said City, with Ray Bearden as Presiding Judge, and C. G. Miller as Alternate Presiding Judge, and said Presiding Judge shall appoint the necessary clerks to assist him which shall not exceed 3 clerks.

E. B. Noble is hereby appointed Clerk for absentee voting, and Virginia Dowdy and Dorothy Marx are hereby appointed Deputy Clerks for absentee voting. The absentee voting for the above designated election shall be held at City Hall within said City and said place of absentee voting shall remain open for at least eight

hours on each day for absentee voting which is not a Saturday, a Sunday, or an official State holiday, beginning on the 20th day and continuing through the 4th day preceding the date of said election. Said place of voting shall remain open between the hours of 8 a.m. and 5 p.m. on each day for said absentee voting.

That said election shall be held in accordance with the Election Code of this State and only resident qualified voters of said city shall be eligible to vote at said election.

That the City Secretary shall give notice of said election by

posting a copy of this order in each of the election precincts of said city, which posting shall be done not less than 30 days prior to date fixed for said election.

That immediately after said election is held, the officers holding the same shall make returns of the result thereof to the Mayor of this city as required by the Election Code of this State.

A copy of this order shall also serve as a writ of election which shall be delivered to the above appointed Presiding Judge, for said election.

## Swisher County Electric Coop. Schedules 26th Annual Meeting

Swisher County Electric Cooperative, Inc. will hold its 26th Annual Meeting of members Saturday, with registration for the day's activities beginning at 9:00 a.m. in the "Willie Room" of the co-op headquarters in Tulia.

More than one thousand members and guests are expected to attend the all day celebration and business session. Music and entertainment for all age groups will be followed by a barbecue and business meeting of members to hear annual reports of officers, directors and committees and other business and to elect three directors of the cooperative.

Speaker of the day will be Louis Strong, Manager of Kay Rural Electric Cooperative, Inc., Blackwell, Oklahoma, leader in agricultural and electric power distribution groups.

Speaker and special guests will be introduced by Lyle M. Robinson, Manager of Swisher County Electric Cooperative since November, 1959. Swisher County Electric Cooperative was incorporated September 30, 1939 and its "A" line was energized February 14, 1941. March 7, 1941, 189 rural

residents of Swisher, Castro, Randall and Armstrong Counties were accepted as members of the new co-op. Today there are 3,757 member-consumers.

Clarence Todd, president, will transact any and all business which may properly come before the members.

The cooperatives nominating committee has submitted for election to the Board of Directors: O. V. Wilson and Cecil Rousser, position one; L. D. Young and Glenn Jolly, position two; Dewitt McGehee and Foster Parker, position three.

Present directors are: Clarence Todd, president; D. T. Northcutt, Vice president; W. A. Jordan, secretary treasurer; members, Dewitt McGehee, Newt Redmon, Paul D. Miller, Ralph Wheeler, O. V. Wilson and L. D. Young; Lucian Morehead, Attorney, will direct the election of directors.

Reports of business activities will be given by Bob Watson, Auditor, Secretary Jordan and Manager Robinson.

Master of ceremonies for the occasion is Cotton John Smith, Farm Director of K.G.N.C. T.V. Members and guests will be welcomed by John Brown, Mayor of Tulia. Giving the invocation will be Rev. James Allison, Vigo Park Baptist Church.

More than \$1,000 in door prizes will be given away during the meeting. Eligibility for participation in election and door prizes is limited to members or proxy. Any member who is unable to attend the annual meeting may assign proxy to another member. No person may vote as proxy for more than one member; if wife votes, proxy must be signed by husband.

A GROUP of Dimmitt High School Students from C. C. Cooper's Science class are examining a computer shown to them by a tour guide at Plant X. The science students toured Plant X near Earth last Tuesday as guest of Southwestern Public Service in Dimmitt.

## Pink Lady Party Line

Well, I've missed you all. And I almost missed you again. I was just about to leave for Amarillo with my house guests from California when I remembered this column. There's lots of news too. So here goes. First, we had the annual election of officers last Wednesday. President, Mrs. Ira Clingsmith; first vice president, Mrs. Jimmy Butler; second vice president, Mrs. Pearle Shetty; recording secretary, Mrs. Swain Burkett; treasurer, Mrs. Bob McLean; publicity chairman, Mrs. L. C. Braafladt; historian, Mrs. V. C. Hopson.

Some of the business discussed: more workers needed at the information desk, books of all kinds are needed — especially those that have been borrowed and not returned. One in particular "The Moving Finger" which is a history of our county. It's becoming quite a valuable volume and we would appreciate its being returned.

Around the first of June we will have a most interesting project. Whether we call it the "Flea Market" after the famous place in Paris or the "Thieves Market" it will be quite an event.

It looks like our Candy Strippers program is really getting underway now. We have a school sponsor for our Future Nurses Organization, Mrs. Moncebaez, Tommy Bischoff and Jane Blackburn will sponsor the Candy Strippers whose numbers will be taken from the Future Nurses.

Our cigarette snuffer is at the doorway of the hospital now. Let's hope it's used.

March 23 is Doctors Appreciation Day, and will be observed appropriately by the Hospital Auxiliary.

There will be a Gift Shop workshop at Gall Bruegel's Tuesday, March 22 from 1:00 until —. Don't miss the fun and fellowship.

**PANHANDLE VISITORS**  
Mr. and Mrs. Raymond Hance spent last week end in Panhandle with their daughter and family, Mr. and Mrs. Jack Hodges.

**FORMER RESIDENT VISITS**  
Frank Martin of Alamosa, Colorado attended to business and visited friends here this week. Frank is a former Dimmitt resident. He graduated from Dimmitt High School in 1946.

Gory, Canada left Tuesday for their home after spending a few weeks visiting here and in Amarillo.

Miss Elizabeth Ramos of Havana, Cuba, teacher at Texas Tech and Miss Dana McKinsey of Breckenridge, Texas, student at Texas Tech enjoyed a barbecue supper with the Ernie Brockman family Sunday evening.

Texas' first National Monument — the Alibates Flint Quarries and Texas Panhandle Pueblo Culture National Monument near the south rim of Lake Meredith — could be called as much a monument to Panhandle prehistory. For 12,000 years, Indians quarried flint at Alibates and traded it far and wide for goods they needed.

This year's budget contains a requested appropriation of funds to begin development of the Alibates National Monument. The bill I had introduced to establish the monument — the first ever approved by Congress for the State of Texas — was signed into law several months ago, and the National Park Service is working on final development plans. These include a small visitors' center, roads, parking areas, paths, sanitary facilities, water supply, and facilities to interpret to visitors the meaning of the flint quarries and pueblo ruin.

The Alibates National Monument will be a big part of the Lake Meredith attraction. Visitors inspecting the quarries and pueblo ruins will become familiar with a very interesting chapter in American story. Quarrying flint and shaping it into weapons and tools was the first industry on our continent. Flints from Alibates have been found as far north as Minnesota and Wisconsin, as far west as the Pacific Coast and as far south as the Gulf of Mexico.

Archeologists regard the quarries as one of the outstanding sites showing the prehistoric culture of North America. Toward the end of the period during which the quarries were worked the Canadian River valley became the home of sedentary Indian tribes structures for their homes. Constructed of limestone slabs and adobe, the structures housed as many as 60 to 100 families. Archeologist say the pueblos are a blend of the types of structures used by the Indians of the Great Plains and those of the arid Southwest. It is believed that about 1400 A. D., possibly because of a change in the climate, the pueblos were abandoned. But no-

made Indians continued to use the flint quarries until approximately 100 years ago when they began to acquire manufactured tools and weapon.

Meanwhile, the National Park Service is reviewing bids submitted by private investors interested in obtaining the concession to develop hotel, restaurant, marina, golf course and other facilities at the Fritch Fortress recreation site on the south side of the lake. It is hoped that the facilities to be provided under this contract can be completed within three years, with the work beginning this summer. Construction of a marina by the concessioner will permit Panhandle boating enthusiasts to leave their boats in the lake, at moorings, through the season. The boat ramps already built and being built will continue to serve boaters who bring their craft to the lake by trailer.

Development of recreation facilities at the lake will be advanced but not completed by the expenditure proposed in this year's National Park Service budget requests to Congress. I am convinced that the heavy volume of visitors which may be expected at the lake will require a continuing, long-term program of facilities development in order that the public may be properly served.

Now that spring is coming and many roads, boat ramps, picnic areas and other facilities are completed at Lake Meredith, the number of visitors, especially on weekend will increase. People visiting the lake these days are seeing the beginnings of what is surely destined to become one of the most important and heavily patronized recreation areas in the West.

**NAOMI CIRCLE MET MONDAY**  
The Naomi Circle of Woman's Society of Christian Service met at the church Monday afternoon. Mrs. Jack Cowser president presided.

Mrs. C. W. Anthony gave the meditation, and Mrs. George Bagwell presented the study, "Missions as Decisions." The circle will meet again Monday, March 28 at the church.

Present at the meeting were Mesdames Jack Cowser, C. W. Anthony, E. Lee Stanford, N. F. Cleavinger, George Bagwell, Floyd Stanford, Sid Shetty, Cletha George, P. L. Cunningham, Will Wright, Edd Wilson, B. M. Nelson.

## Sen. John Tower's Washington Report

As you know, the Senate worked this week on a tax bill designed to speed up collection of taxes so the government would have more funds available this year for its domestic programs and for the Vietnam War.

While I felt in general that taxes should not be increased until a number of wasteful government programs were curtailed and pared down, this bill did provide an opportunity for the offering of several important tax amendments.

I was deeply disappointed that one of those amendments — providing an income tax credit for college expenses — was narrowly defeated. I have, for some four years, now, been seeking to achieve such an education tax credit. And, although the attempt was unsuccessful this time, I am confident the idea eventually will be adopted. I plan to continue my campaign to achieve that goal.

An education tax credit would provide taxpayers up to \$325 in savings on their necessary expenses for college tuition, fees, books and supplies. Such a credit is not the same as a tax deduction. The credit means a subtraction from the amount of taxes an individual otherwise would pay. It is subtracted at the end of the income tax form, after the tax due. The college tax credit, so narrowly defeated this week, would have been available to virtually anyone paying education expenses. Thus, it would be available to students working to put themselves through school; to parents paying the expenses; to other relatives supporting students; or to anyone helping support a deserving student.

Parents would benefit from the tax credit regardless of the number of children they had in college. The credit would be available on a total expense amount of \$1,500 per taxpayer, no matter how many children are involved.

The income tax credit is an entirely appropriate way for the federal government to assist education. It leaves education support funds in the hands of the individual citizen to apply as he sees fit. The taxpayer's money never leaves his control. It never goes to Washington to be only par-

## Art Gallery Perspective

by Alice Cowen

The Art Gallery has a new supply of frames with plenty of small ones, which are much in demand. On hand are frames from size 8 x 10 to 18 x 24 in maple and antique white.

The Wednesday afternoon class is doing landscape painting, the Wednesday night class is working on portraits; and the members of the Thursday night class are painting pictures with subjects of their own selection.

Worthy of notice are Babe Scoggin's, Esta Vandiver's and Mitzi Brockman's pen and ink portrait drawings. These are done in a special technique in copying a photograph. It is a type of art used much in advertising and other commercial art.

Auguste Renoir, an impressionistic painter of the nineteenth century, had a hard time selling his work at first, as the new impressionistic painting did not immediately catch public favor. He often painted pictures for restaurant owners in exchange for food. He once did a portrait of a cobbler's wife in return for a pair of shoes. Before he died he was so crippled with arthritis that he painted with brushes strapped to his fingers and continued painting until he died in 1919.

Initially returned after the administrative costs are removed. No federal strings can be attached to how it is spent, and all colleges and universities can benefit.

The education tax credit will come. I believe Texans want it, and I will continue to work toward it.

# NEW TRUDAN 2 IS HERE!

Trudan 2, Northrup King's new true hybrid sudangrass, is an exciting forage. Unlike sorghum-sudangrass hybrids, Trudan 2 produces fast growth without coarseness... the fine-stemmed, highly palatable plant yields high TDN. Trudan 2 grows back fast with lower prussic acid content. Great for grazing, hay or haylage. Trudan 2 can mean more beef or milk per acre. In tonnage trials, Trudan 2 has out-yielded sorghum-sudangrass hybrids.

## Campus Chat

You know, it seems that the students of Dimmitt High School are always looking for excitement and adventure.

Thursday at 3:00 the excitement of the week end began when the basketball boys left for Austin to attend the State Tournament. Bob Bradford came home wearing a Texas University sweat shirt, even though he is not planning to go to school there. Oh well, he always was a bit mixed up. Nevertheless, the boys seem to have had a great time.

Saturday, March 5, found a group of DHS boys running as fast as they could around and around a track at Idalou. Someone said it was a track meet. I hope they are right.

Sunday brought happiness for a young Italian by the name of Claudio; it was his first American birthday. Claudio has become very Texan during the past seven months; he now wears a pair of western boots (a birthday gift) and a purple jacket bearing a large "D". When asked a question, he rapidly answers, "You betcha." Keep it up, Claudio.

An assembly was held Monday to present the two winning plays from a contest held in the speech classes. The first place play, "Girl Shy," was directed by Bill Simmons; the second place play, "Daft Danny," was directed by Beth Sheffy. Both plays were humorous and very enjoyable. We congratulate the directors and casts on their outstanding work.

Monday was also the first day of actual classwork for the Journalism Class following the completion of the annual. This began twelve weeks of real study for the staff.

Mr. Cooper once again got his students out of school for a field trip to Plant X near Earth. The physical science class spent Tuesday morning touring the plant and gained a lot of valuable knowledge.

Wednesday the one-act play, "Sham," was presented to the Junior High students; this was done to practice for the contest at Portales Saturday. The play will be shown to the high school students, March 24. The play cast left Friday morning for Portales and returned Sunday.

About forty students left Thursday for Santa Fe, New Mexico, for the Baptist Youth Retreat. They returned late Saturday.

We congratulate former home-ec teacher, Mrs. Charles Hottel and Mr. Hottel, on the birth of a son Wednesday, March 9.

Anyone wishing to enter any of the interscholastic league contests in April should contact the teacher in charge of that division. The contests — including writing, spelling, shorthand, typing, math, and science — encourage scholarship and would be very helpful to anyone who enters.

A large box containing towels, soap, toothpaste, and other health items was taken from the journalism room last week. These things were for the people of Vietnam who are so badly in need of them. Since whoever took

## Help Viet Vam By Supporting DHS Journalism

This past week end we heard on the news and read in the newspapers about the eleven hundred Vietnamese that were killed in battle and of the United States planes that were shot down. Each of us has some friend or relative in Viet Nam fighting against Communist aggression and for democracy.

These unfortunate people live under terrible conditions. We would not think of letting little Johnny walk around day after day dirty and half-naked. No American mother would allow her children to roam the streets and eat the dregs of food they find laying in the streets and gutters.

Yet, the people of this battle stricken country live under these very conditions, and few of them have an opportunity to better themselves. It is our duty as American citizens to help these people and show them that we are concerned about their welfare.

The Journalism Class of Dimmitt High School is sponsoring a "Help Clean-up Viet Nam" campaign, and we need the help of the people of Dimmitt and surrounding areas. We are collecting such health aids as antiseptic powders and sprays, soap, tooth brushes, and tooth paste, and any other health aid that is not in glass containers. Wash cloths and towels are also needed, so that the people can learn better health habits, and rid their country of many of its diseases. The Vietnamese people also need books so that they can learn to read; a Bible, so that they may learn the word of God. These items are not expensive; they are every day articles that are taken for granted in this country.

The Journalism class can not do this alone; we must have the help of the people of this community. Thus far, only a few have answered our plea for help. Please, help us make this campaign a success; and let the Viet Nam people know that there is more to America than warfare.

Posters are in the stores downtown and contributions can be brought to room 28 in the high school.

## Field Trip To Plant "X"

Approximately fifty students of the physical science class took a two-hour trip March 10, through Plant "X" which supplies electrical current to Texas, Oklahoma, Kansas, New Mexico and Colorado.

The group which was sponsored by Mr. Cooper, chemistry and science teacher and Mr. Earl Brock, head of Southwestern Public Service in the Dimmitt area, arrived at the plant at 9:30. They divided into five different groups and had their pictures made. The students were shown all of the fundamentals of the generating of electricity.

After the tour of the plant, refreshments were served to the students. It was a very thrilling experience for the science students, and they would like to thank the Southwestern Public Service for the guided tour.

It was evidently so much more in need of them, we are glad they were taken. If you know where these things are, please see that they are returned as soon as possible.

Don't forget the volley ball tourney next week.

## Paul Hilburn Speaks To Teachers About Federal Aid To Education

Mr. Paul Hilburn, Dimmitt School Superintendent, was guest speaker for the Parents and Teachers Association program at Bovina, March 19, 1966. He explained in detail the history of federal aid to education.

Since many people do not know or understand the extent of federal aid, nor how long this aid has been available in the field of vocational subjects, the "Bobcat Tales" is giving a complete resume of the address.

Centuries ago Confucius said "If your plan is for one year, plant rice; for ten years, plant trees; for a hundred years, educate men." That wisdom has not been diminished by time, for it holds true for all generations. One hundred years ago, the AASA committed itself to education of all Americans — and, today, there is no reason to change that earlier commitment.

But today, in this fast-moving age, that commitment requires a further dimension: educators must combine the perspective of the past, the accomplishment of the present and the expectation for the future with the resources of information.

No knowledge can benefit those for whom it is intended if it is confined to a single person, a single room, a single group. Word must be spread. For years local districts took care of the responsibility for the dissemination of knowledge. Then the states gradually assumed more financial burden but now it is necessary to have a bigger partner. Schools are responsible for this job. Federal aid to education is not new in this country.

In 1862 Congress passed the Land-Grant Act. This act gave every state thirty thousand acres of land for each senator and representative it had in Congress. The land was sold, the proceeds invested, and the income used to create and maintain a college for agriculture and the mechanical arts. These funds were to enable states to enlarge and expand its college education offerings. This act was expanded in 1890 and 1907.

The next Federal aid to education was Smith-Hughes Act of 1917. This Act furnished money for vocational education. It provided funds to states to help train teachers in agriculture, trades and home economics and industrial subjects, and helped pay their salaries. This act has been expanded several times with the Smith-Lever Act, George Bearden Act. These acts are now being used today to operate our program in Vocational Agriculture, Vocational Homemaking and all our other vocational programs in public schools.

In 1963 another vocational act was passed to enlarge and expand our Vocational program. Next year, Texas will receive more than twelve million dollars more Federal money for vocational education.

In 1933, Federal Assistance was made available to schools to operate a school lunch program. This support stimulated the program, more children came to participate and the nutritional quality of the lunches improved. A type A lunch supplies the requirements from one-third to one-half of a child's nutritional requirements. Since 1933, this act has been expanded and now included the special milk program and surplus food under the agricultural program.

In 1944 the Serviceman's Readjustment act of 1944 usually called the GI Bill of Rights, granted federal funds to veterans of World War II to attend schools and col-

leges. A similar bill was passed in 192 for Korean War veterans. And in 1966 Congress has passed the third veteran education act for service men.

In 1958 Congress passed the N-DEA Act. This bill provided funds to promote service in science, math and foreign language instruction. The act also aimed to improve, testing, guidance and counseling; to extend audio-visual techniques; to broaden vocational education; and to finance fellowships and loans for needy college students. This program was expanded in 196 to include other areas of the curriculum, namely — English, Reading, History and Geography.

In 1965 Congress passed the Elementary and Secondary Act. This is by far the largest amount of money made available to schools by any of the foregoing legislation. Texas is receiving more than eighty million dollars under this act. President Johnson told us at Atlantic City last month that present federal education programs are only the beginning of what we are going to do in the field of education. He puts the federal investment in education and training at the ten billion dollar mark in the budget he is proposing for the fiscal year beginning July 1 — three times that what it was six years ago. He promised that the federal government will not be a silent partner in the drive to eliminate poverty and ignorance. He listed "top priority" request which have gone or will go this year to Congress:

1. Explanation of each program in the Elementary and Secondary Education Act and extension of the act through 1970.

2. Doubling of funds for operation Head Start, making it available next year to seven hundred thousand disadvantaged children.

3. Money for the National Teacher Corps, which Congress authorized last year while withholding funds for its operation.

4. Passage of a child nutrition act to provide both school breakfast and lunch for needy pupils without subsidizing those who can afford to pay.

He said further that if education is to achieve its promise in America it cannot and must not be done in Washington alone. Each state and each local community must fashion its own design and shape to its own institution. But we will need a common vision to build schools to match our common hopes for the future. Every member and each school will be independent and different but the difference will not range as they do today between satisfactory and checking. We will have instead a diversity of excellence. Tomorrow's schools will be a school without walls — a school built of doors which open to the entire community. Tomorrow's schools will reach out to places that enrich the human spirit; to the museum, to the theaters, to the art galleries, to the parks and rivers and mountains. It will ally itself with the city, its busy streets, farms and factories, its assembly lines and its laboratories — so that the world of work does not seem an alien place for the student. Tomorrow's school will be the center of community life, for groupings as well as children, a shopping center of human service. It might have a community health clinic, or a public library, a theater and recreation and other facilities. It will provide formal education for all citizens — and it will not close its doors any more

## Bobcats Go To Austin

The Bobcats left Dimmitt at three o'clock Thursday afternoon, March 3, on their way to the State Basketball Tournament in Austin. After arriving in Brownwood, the boys ate at Underwood's Cafeteria and then dispersed to the pool hall. When Mr. Lindsey and Mr. Bradford finally found their wandering boys, all went to the Holiday Inn. The Bobcats stayed overnight, only to be rousted out at five a.m. the next morning.

This crew arrived in Austin in time to see Channing play the first game of the day. They spent the day at the gym and saw many good teams play. The Bobcats went to the Mount Vernon Motel, where they were staying, and rested awhile. That night had some more basketball games in store for our boys. After such an exciting day, you'd think the boys would be glad to go to bed early, but they once again stayed up until all hours.

The final and championship games of the tournament were scheduled Saturday. The Bobcats said these were some of the best games of the tournament. Following the last game, the boys were treated to delicious steaks at Hill's Restaurant.

Besides many exciting basketball games, the Bobcats visited the State Capitol, the airport, and saw (so I hear), a few things that shouldn't be mentioned.

## Thoughts For Week

Pride went before, ambition follows him.

For all wise words of tongue or pen, the wisest are these: "Leave pants to men."

We live in the crowds of jollity, not so much to enjoy company as to shun ourselves.

Society is no comfort to one not sociable.

The thoughts of the best minds always become the last opinion of Society.

Every man's life is a fairy-tale written by God's fingers.

at three o'clock. It will employ its buildings round the clock and its teachers round the year.

We cannot afford to have an eighty-five billion dollar plant in this country open less than fifty per cent of the time.

We have a lot of people saying that they are opposed to Federal Aid to education but it is not a question of being for or against it. We now have and have had federal aid for over a hundred years. The Dimmitt Schools are and have been participating in federal programs for forty years:

- Vocational Agriculture Program
- Homemaking Program
- Lunchroom Program
- National Defense Education Act
- Vocational Occupation Training Program
- Elementary Education Act:
- Head Start Program
- Remedial Reading Program
- School Nurse Service
- Visiting Counselors
- Improvement of Library Services
- Secondary Education Act:
- Work Study Program
- Improvement of Library Services

Education is too important and is getting too expensive for local districts, under present tax structure, to finance; therefore we now must have another more active partner in education.

## What Happiness Is

Happiness is something that cannot be purchased. It cannot be found anywhere except in a person's heart. Happiness is being able to accept the world and our selves as we are. We both have many faults that I can do nothing about; nevertheless I can be happy if I learn to live with these faults.

Life holds a myriad of things that can take the place of these faults and make the world a pleasant place in which to live. There are, of course material joys which fill my life every day. Happiness is eating raw peanuts or homemade cherry pie. Listening to a favorite record after school blots out all the misfortunes of the day. Window shopping in a big city on a crisp winter day thrills my soul to its depths. During an exhilarating ride up and down on a roller coaster, I love to close my eyes and pretend that I am soaring among the clouds like an eagle. Faces that light up on Christmas Eve when presents are opened are infinitely more pleasing than the lights on the Christmas tree and on the streets. All of these things add so much warmth to a cold, un-friendy world.

My spirit is curiously calmed when I hear a child praying. God speaks to me through anthems sung in His praise. When I go on a vacation and leave God at home, it is wonderful to discover Him in a tiny village church by the side of the road. All the crime and the harsh facts of the world seem minimized by the kind words of a teenager to his friends. To accomplish a goal and to do it well, makes up for the hardships along the way. To do a good deed — not for the praise of it, but for the good deed itself — fills my soul with happiness. Yes, my spirit can be happy when material things are not available.

Nature supplies happiness as no other source can. It is no wonder that, upon seeing a yellow harvest moon thread her way between wispy clouds, great poets write about undying love. I have experienced their sense of wonder myself, and I know why they recorded their thoughts and feelings in poetry. On a hot, still summer day, when a mockingbird laughs from his perch on the television antenna, there is nothing more refreshing than to lie under a shady tree and smell the damp, musty earth that has just been turned by the plow. When the sun's blaze seems unbearable, I like to sit on the bank of a stream dangle my feet in the water, and let the gentle ripples tickle my toes. How infinite are the wonders of Nature! I cannot do her justice here, for these are but a few of the things that make me happy.

I sincerely feel that if people would think of all their blessings when the problems of daily living seem unbearable, they would discover, as I have, that life is really more pleasant than it seems.

The meeting adjourned and all the members are looking forward to the next meeting.

## Meeting Reports

**CHESS CLUB**  
 The Chess Club met in Charles Kuntz's home, Monday night, March 7.

Mr. Newman, Chess Club sponsor, had a little bit of difficulty getting the directions to the Kuntz's straightened out; he arrived at the meeting a little late, but not too late to get interested in the chess games being played by the members present. The ones concentrating on their games managed to take time out for refreshments.

The meeting adjourned and all the members are looking forward

## Dimmitt FFA Places High In Five Livestock Shows

In all of the five livestock shows — Dallas, Denver, Colorado, Hereford, Amarillo and Houston — entered by the F.F.A. boys of Dimmitt, our boys placed high in each one.

At the Dallas Show two of our boys placed. Darrell Pope placed third with his Berkshire, and Keith Gross placed ninth with his Chester White.

Joey Hammond's Cross Breed won Grand Champion of Cross Breed class, and his Hampshire won Reserve Champion in its class at the Denver Show. Not being satisfied with just two victories, Michael Cranford's Duroc placed second, Tommy Martin Hampshire placed third, and Tommy Youts' Duroc placed fifth.

Three boys placed with their animals at the San Antonio Show.

Joey Hammond, second with his Chester White; Keith Gross, ninth with his Berkshire, and Larry Gamble had a ninth place Hampshire.

At the Hereford show Jimmy Coleman placed fifth with a Cross Breed. Gerald Seale's Berkshire placed sixth; Alex Catoe's Hampshire placed seventh, and Larry Gamble's Hampshire placed tenth.

In Houston's livestock show Dana Wall placed first and Reserve Champion with his Berkshire. Gail Crum's Berkshire also came in first.

## Hughs And Fuller "Seniors of Week"

Hi, my name is Prissy. I would like to tell you about my owner, Victor Gene Hughs. I live on a farm with Victor, her mom and pop, Mr. and Mrs. Edd Hughs, and three brothers, Edd, Feller, and John. We certainly have good times together. Victor is a kind master; she pets me and always feeds me just at the right times.

Every once in a while, the family packs a bunch of funny looking bags, loads the car, and leaves. One time Victor told me not to be too lonesome without them and that they would be back soon. She said they were going water skiing for a few days. Whatever that is, I bet Victor is good at it.

Other things that keep Victor from playing with me are reading and sewing. I think the reading is when one looks at a big thing with a lot of paper that has black stuff on it. I sure would like to tear one up. Victor says that the awful buzzing I sometimes hear is her sewing machine.

Many times Victor is busy studying. She plays with a wooden or a plastic stick and with some more of that paper. If I understand correctly, her favorite subject is English. She talks about her interesting English teacher quite often.

Next year, I'll get to see Vic only occasionally. You see, she is a big girl now and must go off to college. At least she isn't going very far — to Lubbock to attend Texas Tech. After she graduates from there she wants to travel. I sure hope she takes me with her.

One afternoon Victor and I were talking and she told me about a friend of hers. It seems that she got to know this boy pretty well because they had to work on the annual together. They sold advertisements.

This friend is Bruce Fuller and is one of five children belonging to Mr. and Mrs. W. H. Fuller. Surely that large a family has a dog that I could play with, but Vic didn't say anything about it.

Vic did say that Bruce is completely carried away with his interests. The most important one is working with cattle. Since he someday wants to make a career of raising livestock, I think this is a valuable interest. Other things that keep Bruce busy are mechanics and welding. When there is a lute in his important activities, Bruce passes the time by playing poker.

After graduation, Bruce plans to attend W. T.

The next time I get a chance, I am going to get Vic to tell me more about her friends.

### McDaniel & Gay Exchange Double Ring Vows In Tulia Wedding

Miss Lola Ann Gay, daughter of Mr. and Mrs. Glenn Gay, Tulia and Nelson David McDaniel of Rt. 2, Hereford, exchanged double ring wedding vows at 8 p.m. Saturday, March 5, in the Assembly of God Church, Tulia. Homer T. Goodwin, pastor, officiated the candlelight ceremony.

A decorative setting for the marriage was provided by two branch candelabra trimmed in emerald greenery and blue carnations and an archway accented with greenery and blue satin bows. The bridal aisle was marked with blue bows.

Mrs. Pat George, organist, played traditional nuptial selections and accompanied Mrs. Glenn Graham, Lubbock, sister of the bride, who sang "Whither Thou Goest" and "The Wedding Prayer."

Given in marriage by her father the bride wore a formal gown of delustered white satin fashioned with scoop neckline and long sleeves tapering to petal points over the hands. Unpressed pleats gave soft fullness to the bell skirt. A chapel train was attached at the back waistline. Her shoulder length veil of imported illusion fell from a braid pillbox, enhanced with tiny white velvet ribbon bows. The bride carried a cascade of white feathered carnations centered with an orchid atop a white satin covered Bible that had belonged to the bride's grandmother, the late Mrs. R. E. Cozart. Her only jewelry was a string of pearls borrowed from Mrs. David Burns, her sister-in-law.

Mrs. Burns was matron of honor, and Miss Florence Green served as bridesmaid. They were attired in street-length dresses of teal blue cotton satin designed with round necklines, fitted short

If the first part of your vehicle identification number is here, you might be a winner.

Here's how it works. Look at the first symbols (the prefix) on your vehicle identification slip. Then look at the symbols listed above. If you find yours on the list, you've taken the first step toward being a winner. Now go see your Buick dealer. He has a list of 72 winners posted in his showroom. If you see your entire vehicle identification number on the poster—the symbols plus the rest of the numbers—\$2332 cash is yours. (If your prefix isn't listed in this ad, don't give up. Your numbers may have been posted during the past few weeks. And every week there are 72 new winners posted on the showroom wall. So watch for next week's list of new symbols in this newspaper.) No slogan to invent, no puzzles to solve. In fact, you don't even have to own a Buick to have a winning number. While you're in the showroom, get a good look at the Buick Special. The \$2332.00\* happens to be its price. \*Manufacturer's suggested retail price for Special V-6, 2-dr coupe. Price includes Federal Excise Tax and suggested dealer delivery and handling charge.

Contest Rules. Residents of Kansas, Missouri and Nebraska may, if they prefer, send in a postcard to R. L. Polk and Co., P.O. Box 1347, Detroit, Michigan 48231 and receive the weekly list of winning numbers by mail for comparison with their own vehicle identification number. An official entry form will be included. Sweepstakes limited to persons over 21 living in the continental U.S. Not valid in Florida or states where prohibited by law.

**Buick's \$1,000,000 Sweepstakes.**

There's an authorized Buick dealer near you. See his Double-Checked used cars, too.

## READING GOD'S WORD

The reading of God's word is a neglected love by many today. It has been too easy to forget the price paid by many in the past, to make the Bible available to all. There was a time when men were hungry for all the wonderful messages contained in God's word. The Bible is full of wisdom and the teachings that men need.

*"Man doth not live by bread only, but by every word that proceedeth out of the mouth of the Lord."*

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

### David Skinner Student Teacher In Dallas School

Denton, Texas — David Skinner of Dimmitt is among some 550 North Texas State University students serving as student teachers in Dallas, Fort Worth and Denton area schools during the spring semester.

Some are teaching in area schools all day for nine weeks and others are training half a day for 18 weeks. A third group will spend the last nine weeks of the spring semester teaching all day.

An estimated 1,000 NTSU students are expected to participate in the teacher training program during the 1965-66 school year, according to Dr. C. M. Clarke, director of teacher education.

Included in the three teaching groups this spring are 360 students preparing for secondary teaching positions and 190 for elementary. In the secondary group are 50 seniors who will receive an all-level certificate for both secondary and elementary teaching in music, art, physical education, speech, speech therapy or library service.

Skinner, son of Mr. and Mrs. W. A. Skinner, 713 Cleveland, is student teaching government and history at Thomas Jefferson High School in Dallas.

### A. R. Thornborrow Graduates From Keesler Air Base

Biloxi, Miss. — Technical Sergeant Albert R. Thornborrow, son of Mr. and Mrs. F. A. Thornborrow of Kress, Texas has been graduated at Keesler AFB, Miss., from the training course for U. S. Air Force radio repairmen.

Sergeant Thornborrow, a graduate of Tulla High School, is being assigned to Itazuke AB, Japan for duty with the Air Force Communications service.

The sergeant attended West Texas State University. His wife, Janice, is the daughter of Mr. and Mrs. R. D. Rogers of Dimmitt.

figures about Dimmitt and Castro County that will amaze and surprise us all.

We think that we have been most fortunate in securing Honorable Waggoner Carr to be our guest speaker. He is one of our most able, well informed and respected officials.

So go RIGHT NOW, today, and order those banquet tickets for March 21st from the Chamber of Commerce office or from Don Newman and his committee.

We are expecting a packed house!!!

President of Castro County Chamber of Commerce

Dear Editor—

Would you be kind enough to say a few things about our Chamber of Commerce Banquet to be held Monday night, March 21st at 7:30 p.m. in the South Grade School Cafeteria.

If you miss this banquet we think you will be sorry, for we are planning something for everyone. This occasion comes but once a year so come out and bring your neighbor — really let your hair down. We believe you will be able to say you never had so much fun and pleasure for \$3.50. We think you will be proud to be a Castro County Citizen.

Those of you who have heard Mrs. Howard play the organ know that she can make about the sweetest music you ever heard.

Mrs. Helen McLean and Mr. and Mrs. Cecil Dennis are charged with the responsibility of decorating the hall and we know that when these three get through with this room it will simply be "out of this world." I can just taste those nice juicy steaks these women at the cafeteria are going to prepare for us. We will all be able to see what a good job these women are doing feeding our children. And can't you just see those pretty little school girls proudly serving the meal.

You are going to be surprised when you hear the names of some of our citizens that will be honored. And by the way you had better be there for "It might be you!"

We will have some facts and

## Dear Blabby:

DON'T BE TOO NOSEY

By Oma Siler

Dear Blabby: My 17 year old and a 16 year old girl eloped and were married a week ago. We knew they were going together but were amazed to hear this . . . should we try to get the marriage annulled.—SHOCKED MOTHER.

DEAR SHOCKED MOTHER: NO! If they both seem genuinely interested in making the marriage work, counsel with them, offer a little good advice, and a lot of encouragement. It doesn't have to be a flop. When they furnish their home, they can counsel with ALLENS HOME FURNISHINGS and be sure of good advice. Our Hotpoint appliances are famous for quality and convenience.—BLABBY.

## MEDICARE

Author Unknown

A sample of what may happen when Medicare becomes operative on July 1, 1966:

A man feeling the need of medical care went to the medical building for that purpose, and upon entering the front door, found himself faced with a battery of doors, each marked with the name of an ailment, such as Appendicitis, Heart, Cancer, etc.

He felt sure his troubles could be diagnosed as Appendicitis so he entered the door so marked. Upon entering, he found himself faced with two more doors, one marked "Male" and the other "Female." Of course, he entered the door marked "Male" and found himself in another corridor where there were two doors, one marked "Protestant" and the other marked "Catholic."

Since he was a Protestant, he entered the proper door and found himself facing two more doors, one marked "White" and the other marked "Colored." He entered the "White" door, and again he was faced with two more doors marked "Taxpayer" and "Non-Taxpayer." He still owned equity in his house, so he went through the door marked "Taxpayer" and found himself confronted with still two more doors marked "Married" and "Single."

He had a wife at home so he entered the proper door and once more there were two doors, one marked "Republican" and the other marked "Democrat." He entered the proper door and fell nine floors to the alley.

Mrs. Jerry James and family.

Mr. and Mrs. Houston Carson went to Northwest Texas Hospital in Amarillo Saturday night after hearing of the car wreck which took the life of Lauren (Susie) McLain, and injured her mother, Mrs. Laurence McLain. They are very close friends of the Carsons. Mrs. McLain was able to leave the hospital temporarily, but will have to return later for a permanent cast on a broken arm, and further treatment if necessary. Funeral services for Lauren McLain were held in the First Baptist Church of Hart Monday afternoon.

Mr. and Mrs. Vernon Scott and boys of Farwell were dinner guests Saturday and spent Saturday night and Sunday with Mr. and Mrs. Weldon Bradley, Molly and Lee. Others present for dinner Sunday included Mr. and Mrs. Elmer Dixon of Dimmitt, Ruth Ann Harris of Wayland, Rev. and Mrs. Harry Harris and family of Weatherford, Mr. and Mrs. Bill Bailey and family of Plainview and Mr. and Mrs. Carl Bradley and Kent.

82 attended Sunday School with 42 in Training Union Sunday. Rev. Jess Ramsey of Rosedale Baptist Church of Bellview, New Mexico supplied the pulpit in the pastor's absence. He and Lonnie Follis and Judy Skinner were Sunday dinner guests of Mrs. M. D. Durham. Others included Marvalynne Durham, Rev. and Mrs. Tom Reynolds and family and Linda Halford all of Wayland. Correction — Rev. M. A. Pennington of Dimmitt will supply the pulpit next Sunday instead of D. C. Hamilton as reported last week and Lonnie Follis not Lonnie Wilson will be the song leader for our own revival March 25-April 3rd. Rev. Howard Scott will be the evangelist.

**Report of Acreages:**  
Farmers are required, under new procedures, to report and certify to their 1966 crop acres for all programs in which they are participating.

We urge each farm operator to measure and compute his crop acreages and report them to this office prior to the final reporting dates, which are May 2, 1966 for wheat and barley, and August 15, 1966 for cotton, feed grains and diverted acres, and conserving base acres, if any.

The final date to dispose of excess wheat and barley is May 1, 1966.

**Food Grain, Wheat and Cotton Conversion Program** sign-up is now underway with about 650 farms signed up for feed grain, and 635 for cotton, and 568 for wheat. If you do not understand any part of these volunteer programs we urge you to come to our office and let us explain them to you. The final date for signing up to participate in these programs is April 1, 1966.

**Substitute Crops on Diverted Acres:** This is the latest change on planting castor beans on your diverted acres.

All cotton diverted acres may be planted in castor beans and the diversion payment will be 50 per cent of the regular diverted acre payment for cotton.

For feed grain no payment will be made for the 20 per cent minimum acres and no substitute crop may be planted on such acres.

For wheat no payment will be made for the minimum 15 per

cent acres and no substitute crop may be planted on such acreage.

Castor beans or other approved substitute crops, may be planted on diverted acres above the 20 per cent for feed grain and on all acres from wheat below the 1966 wheat allotment and payment will be made at 50 per cent of the average feed grain and wheat payments.

In a skip-row pattern of planting, such as, 2-rows cotton, 1-row blank, 2-rows castor beans and 1-row blank will count as one-third cotton and two-thirds diverted acres. On half the diverted acres, payment will be at the regular rate and one-half at the castor bean rate. This same rule will apply when grain sorghum is used in the pattern instead of cotton. This pattern of planting may also be used to meet the 20 per cent minimum with the blank rows in which case no payment would be made for the blank rows, but the

castor bean rows would be eligible for reduced rate.

**Skip Row Planting:** Listed below are the more common pattern of skip-row planting and the percentage that will count against the crop allotment or base:

1. 2-rows cotton, 1-row blank — 86 and two-thirds percent cotton.
2. 2-rows cotton, 2-rows blank, 65 percent cotton
3. 4-rows cotton, 1-row blank —

## Bobcats In Abernathy Track Meet

Dimmitt High School track team with their coach Jerry Anderson traveled to Abernathy Saturday enter their third track meet of the season.

Tom Coleman and Terry Hill brought back the highest honors for Dimmitt Saturday when they both tallied third place in their events. Coleman won third in the 100 yard dash while Hill won third in the 880. A. D. Schreck was right behind Hill in the 880 by coming in fourth.

Tom Coleman, Jackie Matthews, A. D. Schreck, and Terry Hill ran the mile relay in 341.9 to win fifth place.

Mike Bruegel hurled the discus 112 feet and 10 inches for fifth. John Howell fell three inches short of Bruegel in the discus throw for sixth place.

Anderson's track boys will enter their fourth meet Saturday at Hale Center.

Bobcats entering the track meet will be Tom Coleman, Jackie Matthews, Terry Hill, A. D. Schreck, Bellhausen Acevedo, Jim Coleman, Steve Hunt, Larry Hrabratsch, Mike Bruegel, John Howell, Larry Gamble and Rodney Hutto.

# NEW TRUDAN 2 IS HERE!

Trudan 2, Northrup King's new true hybrid sudangrass, is an exciting forage. Unlike sorghum-sudangrass hybrids, Trudan 2 produces fast growth without coarseness... the finest-stemmed, highly palatable plant yields high TDN. Trudan 2 grows back fast with lower prussic acid content. Great for grazing, hay or haylage. Trudan 2 can mean more beef or milk per acre. In tonnage trials, Trudan 2 has out-yielded sorghum-sudangrass hybrids.

Order NEW Trudan 2 now. Supplies are limited.

### The Shadow

One morning, after having planted some magic beans outside my window, I awoke to find a large bean stalk reaching clear to the sky. Since I have a curious nature, I decided to climb it and see what I could find.

While climbing I encountered one large group of clouds. On these clouds were several girls really tearing up the streets of this town. It was after school and they were dragging main. The date was Thursday, March 3, and the people I saw were Genita, Shir, and I couldn't make out the face of the third person. We will just call her "Miss X" for the time being.

As I progressed up the stalk, I

on the head and knocking him out. As a result of the blow, Danny won Molly's heart back.

Danny was played by A. D. Schreck, Molly by Sandra Coffman, Harold by Johnny Adams, and Grandfather by Benny Hastings.

"Girl Shy," the one act play about an army private who was afraid of anyone who wore a skirt, was directed by Bill Simmons.

The play took place in an army barracks where three "Buddies" plan to play a trick on Wiggle, the girl shy private. Their plan was to have Leroy, a typical one month private, dress up as Wiggle's fictitious fiancée Murgatroid. The results turned out to be a turn about in the joke, when unexpectedly the Colonel drops in for inspection.

The privates were played by Tommy Stafford, Gary Winkle, and Ronnie Kenmore. The one month private and Murgatroid was played by Bobby Ebeling. The Colonel and the Captain were played by Mike Bruegel and Charles Kuntz.

It seemed as though there had not been so much excitement in D.H.S. after the plays were over. Everyone was just about rolling in the aisles when Bobby Ebeling as a glamorous blond French dancer showed his true affection for Tommy Stafford. A.D. Schreck also brought down the house in the role of Bat Man. For a few minutes everyone just knew Bat Man was going to really fly when he took the big leap over the chair.

D.H.S. would like to congratulate Beth Sheffy and Bill Simmons and their casts on doing such an excellent job in presenting the one act comedies.

Gary Winkle's cute red haired daughter certainly enjoyed the plays. She was more interested in her bottle than in the antics of Daft Danny, but when Pop appeared as a mischief making buck private, she laughed as loudly as anyone. Mama Freida was a bit embarrassed, though, when Karen dropped her bottle and it clattered noisily under several rows of seats.

### Speech Department Presents Two One Act Plays At DHS

Monday, March 7, 1966, the Speech 3 classes presented "Daft Danny" and "Girl Shy," one-act plays, to the students of D.H.S.

"Daft Danny," directed by Beth Sheffy, was an amusing story of a boy named Danny and how he won his girl friend, Molly back. Molly had made a date with Harold, Danny's rival, because she thought Danny was taking her for granted. Just about the time Molly was dressing to go to the dance with Harold, Danny happened to drop in.

Discovering Molly had a date and being asked to leave, Danny was still determined to take Molly

came to another bunch of clouds. This was Friday, March 4, and much to my surprise, the same people were present, plus one person everyone calls "Dog". During school hours you could see "Dog" (Elaine Davis), Shir, Miss X and many others wearing little brown caps. That evening this group went to the show and then had their fun spreading Space candy on Jack Flynt's car. What a way to have fun!

As I continue climbing, I came upon another cloud. It was not Saturday, March 5, and finding there wasn't anyone on this cloud, I decided to stop and take a rest since I had been climbing for three days. I was having a very wonderful dream of reaching the end of the vine and finding a pot of gold, when I was suddenly awakened by the sound of a car. I looked up just in time to see Shir and Miss X drive by. Being sort of a sleepy head, I just sat there and waited for them to come back. They soon were found standing outside Genita's window talking to her. Then it was home for a good night's rest.

The next day was Sunday, March the 6th. I thought I would have some peace and quiet, but about 3 o'clock the noise started again. Miss X, Shir and Elaine had been to church, had a nice dinner with their families and were downtown to drag main for the afternoon. That night the same group went messing around. Their activities included putting Space candy on Jack Flynt's car, for the second time, sliding down banisters and other various activities.

Having spent two days on this cloud I decided to start on my way. While following this group on Monday, March 7, it was to school, on to Juanelle's house, and to get a Coke for Shir and Miss X. Then it was home to the old books.

After having been gone from home for six days, I decided to finish my climb. As I reached the very top of the vine and the last cloud, I saw Genita, Fred, Janice Baldrige, Elaine, Shir and Miss X wearing their little brown caps to school. After school Shir, Elaine and Miss X washed Jack Flynt's car. Justice always comes back to the Space candy users.

After having gone six days without food or rest, I decided to look around for a place to eat. I came to a place commonly known as Darlene's Hamburger Heaven. Upon entering the door I saw the group I had been following, plus Miss X. After a delicious hamburger I discovered that the owner of this place was really Miss

### Results Of Bobcats First Track Meet

The Dimmitt Track team entered their first meet of the 1966 season when a group of boys traveled to Idalou Saturday, March 5.

The boys attending the meet were Larry Hobratchk, Mike Bruegel, Rodney Hutto, Terry Hill, A. D. Schreck, Jackie Matthews, and Tommy Coleman. Jerry Anderson is head track coach this year.

Terry Hill, with some hard running, came in third in the 880 yard run. A. D. Schreck was right behind in fourth. Tommy Coleman took second place in the 100 yard dash. Larry Hobratchk and Mike Bruegel both placed in the top ten in the shot putt event with Rodney Hutto placing fifth in the pole vault with a vault of 9 1/2 feet.

Jackie Matthews, Tommy Coleman, Terry Hill and A. D. Schreck placed fifth in the mile relay. Dimmitt gained enough points to finish fourth of the District 3-AA teams.

Saturday, March 12, the boys will travel to Abernathy for their second meet of the season.

### Civics Class

Thirty-three students and Mrs. Avis Smith make up the second semester Civics class. Mrs. Smith has eighteen weeks to teach a book consisting of forty-three chapters, and she gets the job done. This fast working group also has to hand in an American Heritage poster illustrating anything relating to the United States Constitution or the Declaration of Independence, and an essay.

The class does not have time

X. Darlene Dodd. Darlene had built a chain of hamburger heavens and was making a great deal of money. As we spoke, a little man came out of the kitchen. Darlene told me this was the so-called giant everyone was afraid of. She had made friends with him and they went into business together. Being very tired I lay down to rest and when I woke up I was at home and I found that it was all just a dream. So ends a fantastic episode.

BEWARE the shadow may be watching you. He or she may be your best friend.

to become boring for there is always a discussion going on between Mrs. Smith, Bob Bradford, Jack Flynt, and many other students that share different opinions. These discussions are enlightening and tend to make the class use their brains a little more than usual.

Mrs. Smith brings out interesting facts that are not stated in the book, and this adds greatly to the chapters.

The students do not seem to mind the fact that they go so rapidly, but there were a few complaints about twenty-seven vocabulary words in one chapter!!!

### Random Rambling

Once the Castro County News-paper carried a quarter-page of white space, in the center of which were these words: "This space belongs to John Doe, who went fishing with the company in his pocket."

During the Beatles' TV dress rehearsal, Ed Sullivan silenced his screaming teenage studio audience by yelling, "Quiet — or I'll call a barber!"

Bruce Fuller tells about the trouble he has had driving to and from school lately. It used to be

easy. No traffic problem, not even much traffic. But now — Wow!! Cars coming from all directions. "And it's been that way," he says, "ever since I got my new glasses."

The Journalism Class boasts that the "Bobcat Tales" are: "First with the News — First With the Corrections."

No longer have we the three R's in this country: instead we have the six R's — remedial reading, remedial writing and remedial arithmetic.

When you give honest advice, have one foot out of the door.

### A Report on 1965—And a Look Ahead:

# El Paso Natural Gas Company is on the move—with record sales and earnings in 1965

Profits and revenues of El Paso Natural Gas Company were at all-time highs in 1965. Gas sales reached a record volume of 1.44 trillion cubic feet during the year, and earnings from diversified activities outside the interstate pipeline business showed a marked increase.

More important: We expect continued improvement in 1966.

Today, El Paso Natural has a proposal before the Federal Power Commission to increase substantially our deliveries to southern California. These additional low-cost supplies will be made available, if the project is approved by the FPC, for smog-control or any other purposes regulatory authorities find to be in the public interest.

Our diversification program is also moving ahead—in fertilizers, synthetic fibres, plastics and other petrochemicals.

El Paso Natural's Annual Report describes the company's accomplishments during 1965 and some of our plans for the future, including service to markets that are growing 2 1/2 times as fast as the rest of the nation. We'd like to send you a copy.

For a copy of the 1965 Annual Report, write: El Paso Natural Gas Company, El Paso, Texas 79999.

### Sheffy's Chatter

Mrs. Mary Kellar will be honored with a 76th birthday coffee at the Colonial Inn, Sunday the 20th of March from 2 p.m. until 5 p.m. Mrs. Bill Kellar has asked me to tell you to please come and make this a good day for Mrs. Mary. (No Gifts.)

Thirty-seven young people from the Baptist Church had a good time skiing on the slopes near Santa Fe last week end. Mrs. Deroy Cates told me that they stayed at Glorietta near Santa Fe. Taking cars full of people were Rev. and Mrs. Frank Pollard, Messrs and Mesdames Doyle Underwood, Jess Willard, Elmer Youts, Tex Conard, Johnny Burnett, Mrs. Cates and others.

Kenneth and Ruth Jackson and Patti were at their place near Austin over the week end. They say the deer are so many and beautiful to see.

Mr. and Mrs. Norman Cleavenger were among the many others in Austin to see the basketball games. Their granddaughter Marsha Dawson was one of the players on Springlake's team. Talked with Belle McAfee at

Mrs. Rawlings Cafe. She and Lee have gone to see their children, Ronnie and his wife in Lubbock, on to Eldorado, Texas for a week with their daughter, Rina and Charlie Warnock. Claude Forson will join Lee for a few days fishing in the Conchos River.

We went to a fun party at Vera and George Webb's house Friday night. They fed us a good dinner at the Colonial Inn, then to the house for "42." Their guests were the Mr. and Mrs. Clarence Bearden, Edgar Ramey, Earl Harrison, Sid Sheffy, Lee Stanford, Roy Cluck, P. L. Cunningham, George Bradford, Horace Carlile, Leola Haberer. Sid and Ceil won high score.

Roy Cluck was being proud of their new granddaughter. Her name is Robin Camile — her parents are Jerry and Carol Cluck and they live on the Cluck Ranch south of town. The maternal grandparents are Mr. and Mrs. Frank Monzingo of Memphis. Frank is critically ill at this time in a Dallas hospital.

Some of the cotton interest folks are attending an Independent Ginners Convention at Corpus Christi this week. Boat trips, banquets and tour of the city are planned — from here are Mr. and Mrs. Gene Morrison, Mr. and Mrs.

James Bradford, Mr. and Mrs. Tom Davis, Mr. and Mrs. George Bradford and Mr. and Mrs. Bill Birdwell.

James Bradford and Bill Birdwell of North Gin and friend Jim Cleavenger were hosts to nine men from the Center Plains Gin and thereabouts with a fishing party at Falcon Lake. The Davises and Bradfords have a camp house down there where they sleep and cook the fish.

Mr. and Mrs. Bill Kellar attended the funeral of Earl Worm at Lazbuddie last week. Mr. Worm lived in the Big Square Community a few years ago.

I visited awhile Saturday with Mr. and Mrs. Sandy Parsons Sr., of Wellington, who were here visiting their son, Sandy and family. The Parsons are friends of my kin, the John Forbes and Frank Hatch, brother of Carl Hatch, New Mexico.

And while downtown Dimmitt saw Bettye or Mrs. Leldon Hudson. You will remember the Hudsons lived in Dimmitt a few years ago. Their son, Thomas is with Curtis Tate Barber Shop. Their son, Jimmy, who went to school here is on Channel 13 on a Farm and Ranch Program. They have Jane, 14, and Carl in high school. Bettye teaches school at Groom.

Mr. and Mrs. Clifton Johnston are in Weslaco this week visiting friends and they attended a funeral of a friend. The Johnstons son, Clifton Jr. and his wife Mona have moved to Dimmitt recently from Aransas Pass. He is the brother of Bob at Five Point Gin. Virgil Cline told us about his trip, with his father Dub Cline to Battle Mountain Nevada this week. He said it snowed 3 days out there. He said they came back by "Lost Wayses." He had fun.

Hilma Carrol of Comfort has been here on farming business and a visit with mother, Mr. Hom.sre Bartlett and sister Mrs. Howard Scoggins.

Mrs. Mike Cornelius and her mother-in-law Mrs. Grover Cornelius were in El Paso a few days last week. Their husbands flew down to join them. They saw the dog races and Juarez and other spots of interest.

Mr. and Mrs. F. K. De Vries of San Jose, Calif. are here for a visit with long time friends, Chet and Helen Braafadt. The De Vries have been to Florida and through the other states between on to their home in Calif.

Robert McLean was here for a visit with his parents Bob and Helen McLean. Robert is in school at Kemper, Missouri.

Mr. and Mrs. W. E. Thornton visited Mrs. Chiles in Albuquerque. She is a relative (by in-law) this week end.

Mr. and Mrs. Aaron Isaac and sons Felton, Jehu, Lesley visited her parents, Mr. and Mrs. Sid Stewart in Claren on Sunday. The Stewarts have bought the big old McMurtrey place on the west side of town known as the castle, an old landmark.

Marge Cleavinger told me about the nice dinner and bridge party hosted by the Weldon Skinners Saturday evening. Their guests were the Joe Bensons, Joe Cowens, Glenn Ratcliffs, Cecil Vandivers, J. F. Latimers, Nolan Froehners, M. E. Cleavingers and Helen Richardson. M. E. Cleavenger and Gladys Benson won high score.

And another good party was at Margaret and Raymond Wilsons, Thursday evening. The dinner table was decorated with a small airplane sitting in flowers with red, white and blue streamers from it with the names of Millers, Gilbreaths and Rileys printed on it. These folks are planning a trip to Europe in April. Their guests for dinner and bridge were Messrs and Mesdames Edgar Ramey, Goodwin Miller, Swain Burkett, Ray Riley, J. C. Gilbreath

and Maurine Bice. Maurine Bice spent the week end with her daughter Johnneen and family at Midland.

Mr. and Mrs. Richard Wooten have been in Northeast Oklahoma for a few weeks attending to the cows and ranching interests. Mrs. Wooten is teaching for Mrs. Howe this week so Mrs. Howe can go to Houston for an eye checkup.

Mr. and Mrs. Wes Anthony made a business trip to Brownwood last week. They were looking into some Chamber of Commerce ideas that might be used in Dimmitt. They asked me to remind all of you to come hear Waggoner Carr at the Chamber of Commerce Banquet Monday evening, the 21st at the Grade School Cafeteria.

Mr. and Mrs. Spurgeon Hutto and children visited her brother Don Reding and family at Whit-harrel Sunday.

Mary Jo Brown told me about the trip she, and J. R. Brown, his sister, Zonelle Maples took. They flew down to visit Tommy Maples, who is in school at Sul Ross in Alpine. She says it is nice and warm there.

Carl King returned from a recent Grain meeting in Corpus Christi. He said he saw and had a good visit with Sen. Franklin

Spear of San Antonio and he was a recent visitor in Dimmitt.

Mr. and Mrs. Will Wright visited her mother Mrs. Elmer Smith of Tucumcari, New Mexico Sunday.

Mrs. Minnie Ireland and Mrs. A. C. Wright of Shallowater are visiting their brothers E. B. and Will Wright and families this week.

The V. C. Hopsons attended the wedding of their nephew, Gary Lee Engman in La Veta, Colorado. Cindy was bridesmaid and Van was junior usher in the First Baptist Church.

Kathleen Burrus asked me to be sure and remind you of the Lions Follies rehearsals on Tuesday at 6:30 p.m. at the First Methodist Church. If you can't come then come at 7:30 p.m.

Dearest Myrtle, Just had to write a note to say how much Frank and I enjoy

ing — That's the best part of your "Chatter" column. No fool-Castro News to us as you seem to write "bits and chits" about people we know. Dimmitt has grown so much since I left there. I just do not know too many anymore. So we really enjoy your "Chatter corner."

We are happy and enjoying living in Wyoming. It's a lovely place and so scenic.

Lon and Mary send us subscription to Castro News each Xmas, when we read it, we pass it on to the Fulfers, so we all enjoy your writings.

# CARTER & KIRKSLEY

presents this **blue flame home**

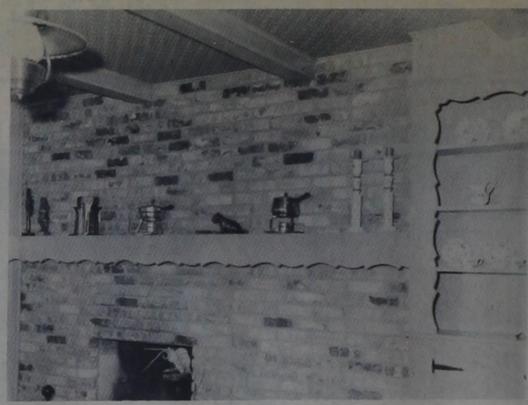

1 1/2 MILES WEST OF COURTHOUSE ON HUB HWY.

Spaciousness combines with beauty and convenience to make this two-story home a showplace. It is unmistakably Early American with its subtle multi-colored brick and gable roof. A warm welcome awaits you as you step through the front door into the terrazzo tiled entry hall that is outstanding for its practicality as well as its beauty. From here nearly every part of the house is accessible. A stairway, finished in rich dark mahogany, leads upstairs to three bedrooms and a full bath. Also, from the entry, you can move into the formal living room with its wood-burning fireplace and beautiful wallpaper of Early American design. Or, step into "made-for-comfortable-living" den separated from the living room by a solid brick partition that serves as a background for the fireplaces in both rooms. Here you will find beamed ceilings complemented by handsome wallpaper. The all-GAS kitchen, also available directly from the entry hall, is everything the discriminating housewife could want. Its pure white cabinets and walls are accented by black hardware. Here is a home that truly offers living at its best in Gas air conditioning comfort. See it during the open house.
