

Zito Will Leave Monday With a Year's Memories

By ALMA CANALES

Americans are a people with equilibrium.

THIS IS the message 18-year-old Jose Valentin Sartarelli, better known as Zito, will take back to his native Brazil this summer. Zito will leave Dimmitt early Monday morning after 10 months here as a foreign exchange student under the American Field Service program.

His first meeting with his American family, the Lonnie Bells, was one of many mixed feelings, as his planned departure Monday will be also, Zito admits. He explains he is glad he will return to his home and family in Brazil after the year's separation, but admits regret of having to leave his new home, new friends and new family here.

BOTH ZITO and the Bells admit to laughing at many of the problems arising from the new friendship to keep from crying during a trying beginning of the school year in September.

"The language was my first major problem," Zito admits. "I just couldn't understand anybody, especially in New York," where he had his orientation before flying to Amarillo.

Zito had studied English diligently since 1964 before coming to the U.S.

"I HAD heard of this program and I just knew I had to come. I prepared for four years learning English and studying the international scene more carefully to prepare for my stay here."

The Bell family had some adjustments, too.

"I don't think Zito realized we were just as scared when we first

ZITO SARTARELLI ... During recent speech

met him as he was," Mrs. Bell explains. "The experience was new to all of us but it has all been the best experience we could have had."

"WE JUST don't want to think about his leaving Monday," Mrs. Bell admits.

"He was completely different from what I thought he would be," said Mike, Zito's American brother. "He just acted different from what I thought he would act. It has been a great experience for me."

Living with Mike is where Zito learned most about American life. He learned that youths like Mike live the balanced life that typifies the U.S.

"Mike has fun when he is having fun, and works when he is working," Zito observes.

"A YEAR has made a great change for the better in my personality and outlook on life," Zito said.

"I've learned to have an open mind, and I don't get mad as

easily as I did back in my country. I have learned that I can make mistakes and that it is very human and can be fun, making and learning from mistakes."

ZITO HOPES to study engineering and political science when he returns to Brazil.

"I hope my year in the US serves as an asset to my grade on the entrance examination," Zito said.

He graduated from Dimmitt High with a 97.8 scholastic average for the year.

Zito was enrolled in woodworking, American History, Speech and civics, courses which were not offered to him in the Brazilian school system.

ZITO admits he had to get used to American food and confessed he will miss barbecue, strawberry shortcake and pecan pie.

"I think it is important that I lived with a family that has an understanding of so many things, because I don't think I would enjoy living with people with shallow minds," he said.

"To my parents and relatives, I will take back stories of the great industrialization and development of this country, and also of the general attitudes and friendliness of the people here. I believe Brazil will be highly industrialized and prosperous within 50 years.

"I will also tell of the attitudes and friendliness of the American people here. At first all I heard was 'Hi' and I just couldn't understand what that 'Hi' meant. But now I have become so used to the ways here I write home and I use the word 'Hi.'"

"I THINK America has so many good things that I only think positive when I look at your problem (See ZITO TO LEAVE, Page 11)

Country Club 'Looking Good'

"Noticeable progress" is being made at the Castro County Country Club, according to Lee Olson, golf pro and manager.

Olson reported this week that a new steel maintenance building has been set in place near No. 4 tee on the golf fairway, and that the clubhouse area now includes a poolside telephone and a loud-speaker system for announcements and piped music throughout the clubhouse and pool area.

"The grass on the golf course is up and doing well," Olson said. "Tee boxes and greens have been reseeded for thicker cover, and the course is really looking good."

He estimated golfers can begin play on the nine-hole golf course by Aug. 15.

Three Neighborhood Youth Corps boys are working full-time at the country club, learning to operate the equipment and maintain the grounds.

Song Will Go To HemisFair

"Blue Birds Forever," written for the local Blue Birds group by Mrs. Beth Jones, has been chosen as one of seven songs to be sung on Camp Fire Girls Day at HemisFair July 1.

PRESENTATION of the songs and recognition of composers and awards will be held at 7 p.m. July 1 just outside the Confluence Theater.

The announcement was made this week by Mrs. Lois Garrrell, state director of Camp Fire Girls.

The song was first sung by Mrs. Norman Nossaman's Blue Bird group at the spring father-daughter banquet here. It features an original tune and words by Mrs. Jones.

'Bottle Battle' Isn't Over Yet, Clayton Believes

The "mini-bottle" liquor by the drink bill was approved by the Texas House of Representatives Tuesday by a small margin, with Rep. Bill Clayton of Springlake opposing it as "the silliest thing I've ever heard of."

"We fought heavy odds and lots of outside lobby influence," Clayton said Tuesday. "We were outvoted. We felt it was our responsibility to continue to oppose the bill. Some amendments we added will cause the Senate to take a close look at the overall picture."

Clayton expressed hope that the Senate will turn the bill down because of the House amendments.

After opposing the bill in subcommittee, Clayton spoke against it on the House floor, but it carried by a 68-57 vote.

City Seeks 'Master Plan'

Dimmitt's city commissioners voted Monday night to apply for \$10,000 in federal funds and allot \$5,000 in the 1968-69 city budget to conduct a "master plan" survey for the city.

Before the city commission took its action Monday night, the Chamber of Commerce board gave its blessing to the "plan of growth" by endorsing it and urging the commission to adopt it.

CITY Manager E. B. Noble explained Dimmitt's present needs for such a plan of growth during a Friday morning meeting of the chamber board.

The chamber requested an explanation of the master plan program after the board received a survey proposal from Kenneth W. Larsen and Associates of Albuquerque. Noble said the city has been studying the Larsen proposal during the past several meetings and a master plan program for the past "seven or eight years."

The Chamber of Commerce expressed interest in city planning

when the Texas Industrial Foundation revealed industry will shut cities without a master plan or industrial development survey. Chamber members were told by the state industrial commission at an Austin meeting that industry

New Lions Club Charters Tonight

Lions from throughout District 27-1 are expected in Dimmitt tonight (Thursday) for the charter night banquet of the new United Lions Club.

THE BANQUET will begin at 8:30 p.m. in the South Grade school cafeteria. Tickets at \$2.50 per person are being sold by members of the United and Dimmitt Lions Clubs, or may be bought at the door.

The new Lions Club here is being sponsored by Hereford's Paisano Lions Club, with help from the Dimmitt and Easter clubs.

Charter officers of the United Lions Club are Desi Pesina Jr., Boss Lion; Tony Garza and Ray Sandoval, vice-presidents; Mario Martinez, secretary; Moises Murillo, treasurer; Raul Ramos, Lion tamer; Herman Vasquez, tail twister; and Sam Espinosa, Jimmy Diaz, Robert Garcia and Desi Pesina Sr., directors.

Series Delayed

The fifth article in the News's current series on Dimmitt school evaluation will appear next week, due to space limitations in this week's issue.

will not relocate in cities that do not have growth guidelines that will enable expansion of city services to new industry.

THE CHAMBER has made industrial development its No. 1 project this year.

But the city's needs that could be met under a master plan are just beginning to show, Noble explained. The city manager pointed to an almost outdated sewer

nucleus where an eight-inch main trunk built in 1928, carries the city's sewage load. The eight-inch main is the largest in the city's system, according to Noble.

"WE WILL see our first major problem when the labor housing project is filled because we are going to find we cannot service the complex with water and sewer facilities," Noble said.

Arney Hard Hit By Sunday Storm

Hard rain, high wind and hail dealt more misery to county farmers Sunday evening — especially between Nazareth and Arney, where outbuildings were blown away and fields were flooded.

NAZARETH residents reported that the hard-driving storm in that area came in from the north-east, with the rain starting at 4 to 4:30 p.m., followed by hail and terrific winds.

Another thunderhead hit the Dimmitt area from the northwest an hour later, with high wind making a moderate rainfall seem much heavier than it really was.

Howard Cook, US Weather Bureau observer, reported only .27 of an inch of moisture from the thunderstorm.

The worst damage was reported in Arney, where fields were flooded and the ground was white with

hailstones. Wind and water damage were reported east and south-east of Nazareth also.

THE WINDS played havoc with the Francis Backus farm seven miles north of Nazareth, where hog sheds were blown away and pigs were left wandering all over the vicinity.

James Wilhelm, four miles north of Nazareth, turned in the heaviest rainfall report — 3.15 inches in an hour. He said high winds blew down young trees on his farm and damaged others.

TREE LIMBS were reported blown off at the Tony Acker farm four miles west of Nazareth. A tree was split at the Luke Acker farm six miles southeast of Nazareth. At the Ed Drerup farm eight miles northeast of Dimmitt, a haystack caught fire after being struck by lightning.

Lady Seriously Hurt in Wreck

Mrs. Dick Thomas of Dimmitt was transferred to a Lubbock hospital in serious condition Wednesday morning after she and her husband were injured in a two-truck accident near Nazareth Tuesday evening.

HER PHYSICIAN reported that Mrs. Thomas received a severe concussion and a possible brain hemorrhage when the truck in which she was riding overturned on US 86, near the intersection of Farm Road 168. She is now receiving special care in Lubbock's Methodist Hospital.

Her husband, Dick, is hospitalized at Plains Memorial with broken ribs and lacerations.

The driver of the second truck, Emory Blackwell of Plainview, was apparently uninjured.

HIGHWAY patrol and sheriff's officers who investigated said the two trucks were traveling west when Blackwell attempted to pass the Thomases. The trucks locked bumpers, and Mr. and Mrs. Thomas were thrown from their truck when it hit a narrow ditch and overturned.

This was the second traffic tragedy for the Thomases in seven months. Their son, L. J. Bailey Jr., was killed in a two-car collision Nov. 27 at Sixth and Jones.

SHARRON FLYNT takes the oath of office as lieutenant governor of Girls State Monday in the State Capitol rotunda in Austin. Administering the oath is Supreme Court Associate Justice Meade Griffin of Plainview.

At far left is Sen. Jack Hightower of Vernon, Miss Flynt's inaugural escort. Miss Flynt's office is the highest ever won by a Dimmitt girl at Bluebonnet Girls State.

Miss Flynt Is Elected Lieutenant Governor

Sharron Flynt of Dimmitt was sworn in Monday as lieutenant governor of Bluebonnet Girls State, now in progress at St. Edward's University in Austin.

MISS FLYNT is the daughter of Mr. and Mrs. Jack W. Flynt, 1005 W. Lee St. She is sponsored by the American Legion Auxiliary Unit 445. Her classmate, Darla Underwood, daughter of Mr. and Mrs. Doyl Underwood, is also representing Dimmitt, sponsored by the Dimmitt Lions Club.

The new lieutenant governor brings to Dimmitt the highest honor ever taken at Girls State by a local girl. Mary Behrends Botkin previously held the highest record for Dimmitt, having been elected secretary of agriculture in 1960.

MISS FLYNT's new honor came after three days of primary and general election campaigning, during which she was the only Federalist Party nominee to capture one of the top 10 state offices. The Nationalist Party swept the rest of the top 10.

Her election to the No. 2 post at Girls State also came just a week after she had won the "Miss Dimmitt" title here.

Girls State was organized as a national Americanism activity in 1937 by the American Legion Auxiliary to provide citizenship and governmental training for girls of high school age. The girls learn the problems of government by performing the same duties as office holders.

This year, 420 girls are attending, making a total of more than

8,000 Texas girls who have participated in the citizenship program.

ASSOCIATE Justice Meade Griffin of the Texas Supreme Court, a family friend of the Flynts, administered the oath of office to the elected officials in the rotunda of the State Capitol. State Senator Jack Hightower of Vernon escorted Miss Flynt during the installation ceremony. Speaker of the House Ben Barnes delivered the main address for the occasion.

Selection of two representatives to Girls Nation in Washington, D. C., will climax the state session.

Mr. and Mrs. Flynt attended the inaugural ceremonies in Austin.

Magness Rites Held in Happy

Funeral services were held in Happy June 9 for Fred D. Magness, Dimmitt farmer who died June 7 in Northwest Texas hospital in Amarillo after three weeks' hospitalization.

MR. MAGNESS, 55, succumbed to a long-term kidney ailment.

Last rites were conducted in Happy's First Baptist Church by Rev. Irving Looney, pastor, and Rev. C. Miteal Kennedy of the Presbyterian Church of Dimmitt.

Born in Carter, Okla., Oct. 12, 1912, Mrs. Magness moved to Dimmitt from Tulsa eight years ago. His wife, Dorothy, whom he married May 23, 1930, in Clovis, is the secretary of the Castro County Chamber of Commerce. He was a member of the Presbyterian Church here.

Survivors are his wife, Dorothy; three daughters, Mrs. Dale Whitlow and Mrs. Weldon Sims of Happy and Mrs. Pat Casseles of Hereford; four sisters, Mrs. Lydia Davis of Happy, Mrs. Oaksey Storrs of Tehana, Calif., Mrs. Virgie Barrett of Oakland, Calif., and Mrs. Daphne Baskins of Red Bluff, Calif.; two brothers, R. E. of Happy and H. B. of Amarillo; and seven grandchildren.

Pallbearers were J. D. Harris Jr., Monty Pearson, Truman Turner, J. T. Gunnells, Ewell Mote and Bob Loudder.

A MEMORIAL in Mr. Magness' name has been established with the National Kidney Foundation. Memorials may be addressed either to LaGrone Funeral Home in Canyon or to the Research Foundation, American Urological Association, 1120 N. Charles St., Baltimore, Md., 21201.

Airport Termed 'Top Investment'

"Your investment here could be repaid tenfold, and you'll decide eventually that it's been one of the best investments you've ever made."

THAT WAS the prediction Sunday afternoon of R. V. "Bob" Reynolds, assistant administrator of the Federal Aviation Agency in Washington, D.C., as he returned to his native Texas to speak at the dedication of Dimmitt Municipal Airport.

Reynolds and five of the airport's main local backers spoke to a crowd of 500 or more during the outdoor dedication service, which was sandwiched between a barbecue and air show.

"You people in Dimmitt are exceptionally fortunate to have such a far-sighted group of civic leaders," Reynolds told his audience, many of whom sat in their air-conditioned cars and heard his speech on their radios.

"I'LL BET — and I'm not a gambling man — that you're going to decide your money was well spent as to its service and contribution to the growth and progress of your community," Reynolds said.

He described transportation as "the very bloodstream of our national economy and growth" and said Dimmitt is now ready to take advantage of commercial air transportation when it comes to the smaller cities.

"Airline service is now available at less than 6 percent of the airports in the United States, so we still do not have an air transportation network for all the people," he explained. "We need more air carriers to provide future air cargo and passenger service to smaller cities such as Dimmitt and my home town of Haskell."

HE SAID this service may be just over the horizon.

"Mini-liners are so encouraging

in their prospects that many manufacturers are now building planes for 15 or so passengers for such service."

With its new airport, Dimmitt is now ready to serve most of the current air-traveling public, Reynolds said.

Last year the entire general aviation fleet (personal and business planes) flew 21 million hours," he noted. "But the entire commercial aviation flight time last year was only five million hours, so you can see the

tremendous growth and use of private and business aircraft."

Reynolds said there are now 170,000 aircraft in the US, and that each year 150,000 new pilots are obtaining their student certificates — yet only 40 percent of the nation's people have ever experienced air travel.

SUNDAY's dedication was a reunion for Reynolds and Allan Webb of Dimmitt, who flew combat missions together over the "Hump" in Burma during World War II.

The FAA official had received his first check-out flight over the "Hump" from Webb, and had served as his co-pilot on several missions.

"Allan Webb was looked upon as being one of the finest and most experienced pilots and commanders flying the Hump," Reynolds recalled.

Sunday, their roles were reversed, with Webb serving as Reynolds' "co-pilot" and introducing him to the sun-bathed audience. (See AIRPORT, Page 11)

R. V. REYNOLDS, the FAA's assistant administrator for general aviation, speaks to 500 or more Sunday at the outdoor dedication service at Dimmitt Municipal Airport. Seated, from left, are Allan Webb, James Bradford, Dr. J. D. Blackburn and J. R. Brown.

New 'Rapidmix' Yeast Speeds Bread Making

By IRENE KEATING
I wonder how many of you bake bread, rolls, and other yeast breads for your family. Many of us use the simple excuse — it takes too much time. Well, I've news for you. Now that the new "rapidmix" yeast is available we simply mix our yeast with our dry ingredients. This greatly reduces the time it takes to make bread. I HAVE a recipe for coolrise bread that is delicious — and it takes very little time. I like to make it up one evening and bake it to have hot bread for breakfast.

COOLRISE WHITE BREAD, The Rapidmix Way
5½ to 6½ cups flour
2 packages Active Dry Yeast
2 Tablespoons sugar
1 Tablespoon salt
¼ cup (½ stick) soft margarine
2¼ cups very hot tap water
Cooking oil

1. Measure flour the no-sift way. Spoon or pour into measuring cup. Level off and pour onto wax paper.
2. Mix undissolved yeast with 2 cups flour, sugar, and salt in large bowl. Add margarine, then very hot tap water.

3. Beat 2 minutes at medium speed. Add 1 cup flour. Beat at high speed until thick and elastic, 1 minute with table-model mixer, 2 minutes hand mixer.
4. Stir in remaining flour gradually — add enough to make soft dough which leaves sides of bowl. Turn onto floured board.

5. Knead by shaping dough into ball. Fold in half toward you.
6. Using heels of hands, push dough away with rolling motion.
7. Turn one quarter way around. Repeat kneading until smooth and springy about 5-10 minutes.
8. Cover with plastic wrap then towel. Let rest 20 minutes on board.
9. Punch dough down. Divide in half. Roll each half into an 8x12 inch rectangle of uniform thickness. Break any bubbles with rolling pin.

10. Shape into loaves beginning with upper 8 inch side, rolling towards you. Seal with thumbs.
11. Seal final seam securely. Seal ends by pressing with side of hand. Fold sealed ends under.
12. Place seam-side down in center of greased 8½x4½x2½ inch loaf pans. Brush lightly with oil. Cover loosely with oiled wax paper and plastic wrap.

13. Refrigerate 2 to 24 hours. Remove. Uncover. Let stand 10 minutes. Puncture any large bubbles carefully just before baking.
14. Bake at 400 degrees F. for 30 to 40 minutes. Remove from pans immediately. Brush with margarine. Cool on racks.

FROZEN fruits and vegetables spice year round menus with garden-fresh flavor. But the nutritive value and quality of these fruits and vegetables depend largely on the treatment before freezing, storage temperature and method of cooking and serving. Most fruit can be frozen satisfactorily. Select sound, ripe fruit which is slightly ripener than for canning but not soft or mushy.

Tree or vine ripened fruits contain more vitamins and a richer flavor than fruits picked green and allowed to ripen before freezing. In general, fruit is prepared for freezing as for eating.

Keep fruit cool until it is frozen. Wash it in cold water but do not allow it to stand in the water. Some fruit loses food value and flavor and some gets water soaked.

Some fruits, such as peaches, apricots, apples and pears, discolor easily. Some ways to prevent this: Ascorbic acid (vitamin C) is available in tablet, crystalline or powdered form. Use ½ teaspoon of this per quart of syrup to prevent the discoloration.

IF YOU don't want to pack the fruit in syrup, sprinkle dissolved ascorbic acid over fruit just before adding sugar. Use ½ teaspoon in ½ cup cold water to each quart of fruit.

Some special commercial anti-darkening preparations are on the market. These materials can be found at drug stores or where other freezing supplies are sold.

Most fruits have better texture and flavor if packed in sugar or syrup. Some may be packed without sweetening for use in special diets. The way you plan to use the fruit determines the method of packing it. Fruit packed in a syrup generally is better for dessert use; fruit packed in dry sugar or unsweetened is better for most cooking because

there is less liquid in the products.

★ QUICKLY getting vegetables from the garden to the freezer is a must for top quality frozen vegetables. During hot weather, harvest vegetables in the early morning before they absorb much heat. Vegetables at optimum maturity will have best flavor and texture.

If you must store vegetables before freezing, spread them out loosely in a cool, well ventilated place or pack loosely in the refrigerator. Prepare vegetables for freezing similar to cooking them. Wash thoroughly in cold water, drain and sort; peel, trim and cut. Blanch the vegetables in boiling water. Head leafy greens for two minutes, the time varies with the vegetable. This kills enzyme action in the product. The enzymes help the plants grow and mature but if not deactivated the vegetables will develop off-flavors and often discolor or toughen during freezing.

Place the scalded vegetables immediately into running cold or ice water. When the product is cool to the tongue when tested it is cool enough to pack. After the vegetables have been heated, cooled and drained, pack in airtight moisture-vapor proof containers, leaving ½ inch headspace. Seal according to type of container you use.

Cook all vegetables in the frozen state, except corn-on-the-cob, which should be partially defrosted. Cook them only until tender in a small amount of water.

★ COOK PORK long enough to allow heat to penetrate into the center of the meat. Pork heated to 137 degrees is safe to eat but it's more tender and flavorful when cooked to higher temperatures.

SPECIAL GUEST at the dedication of Dimmitt Municipal Airport Sunday was Gene Kimbell (foreground) of Plainview, whose hand-built flying ship of the early 1930's was Dimmitt's first home-based airplane. Also on hand were many of those who helped build the old Bobcat Field and the former Dimmitt Jaycee Airport, forerunners of the modern municipal field.

TRUE GREATNESS

By Rommie Parker

One has said, "He who lives only to benefit himself confers a benefit upon the world when he dies." Jesus taught the supreme beatitude, "It is more blessed to give than to receive" (Acts 20:35).

The neighborhood was shabby, the houses looked like they had never felt the touch of a paint brush. The preacher, in leaving the house where he had visited a little crippled boy, walked toward his new big black car. The little boy's brother was standing beside the car and the preacher felt called upon to explain. "You see, my brother loves me very much and he gave me this car." The little boy started to speak and the preacher knew that he was going to say, "I wish I had a brother like that," but instead the little boy said, "I wish I could BE a brother like that."

A Bible teacher asked a little boy what lesson he learned from the story of the Good Samaritan. He said, "When I am in trouble, someone ought to help me." The little boy missed the lesson, for Jesus was saying, "When someone is in trouble, I ought to help them." Greatness, in the eyes of Christ, comes through service. "Whosoever will be great among you, let him be your servant" (Matt. 20:26). Do you live for others? Is it service above self with you?

Generations

Isn't it grand when the whole family reunites on holidays or on anniversaries! How good to see grandparents and great grandparents and the new crop of babies. Seeing them all together gives you a feeling of continuity, and a sense of oneness with all creation.

It gives you, also, a glimpse of God's plan in the life cycle. When you see the off-spring of the patriarch grandfather, you marvel at the great legacy he is bequeathing the world. All the children that have issued from him are in themselves a great contribution to the world of mankind.

There is marvelous potential in all these spirits. The great things they will do thrill your heart when you contemplate them.

This legacy of lives and spirit can be strengthened, sweetened and nourished by the church. We invite you to take your family to church this week.

EVERYONE IN THE CHURCH

THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

High Plains District Offers Fee Increase for Assessors

County tax assessors and collectors in a 14-county South Plains area stand to benefit if a proposal by the High Plains Underground Water Conservation District No. 1 board of directors is successful. **THE DISTRICT'S** board passed a resolution doubling the amount the water district is willing to pay the affected counties for assessing and collecting the district's maintenance taxes.

Legislative action, likely in form of a local bill, will be required for implementation of the proposal.

Since 1952, the district has paid one percent compensation for assessing, one percent for collecting, and in case of delinquent taxes, five percent for collection.

UNDER THE new proposal, two percent would be paid for assess-

ing and two percent for collecting to compensate for rising costs being experienced by the county agencies. Delinquent collections still would be compensated at the five percent rate.

A proposed amendment to the existing related legislative acts has been forwarded by the High Plains District to Rep. Bill Clayton, Springlake, chairman of the interim water committee of the legislature.

Efforts also are being explored to get the amendment on the agenda for the special legislative session.

Counties affected would include Armstrong, Bailey, Castro, Cochran, Deaf Smith, Floyd, Hale, Hockley, Lamb, Lubbock, Lynn, Farmer, Potter and Randall.

Soybean Farmers Must Remain Control-Free, ASA Chief Says

The US soybean producer is "ready, willing and able" to fight the snowballing threat of competition from other oilseeds with self-help financing for expanded market development and research says Harris H. Barnes Jr., president of the American Soybean Association.

BARNES, speaking to the annual meeting of Tri-States Oil Mill Superintendents, said the alternative would be to accept government production controls and watch soybeans retreat from a position of number one dollar-earner among US agricultural crops.

Past and current soybean market development programs—such as the ASA's 10-year program in Japan—have been productive, Barnes pointed out. But they have not had the backing to keep pace with rapidly expanding soybean production and increasing competition.

He said US soybean production has grown by more than 400 million bushels since 1960, opened up world markets and encouraged heavy foreign interest in oilseeds. Russian sunflower seed and French rapeseed—to name only two—have surged forward as oil and protein competitors, along with urea and fish meal.

EVEN greater potentials exist for domestic and world sales of protein and oil, such as in poultry feed. It's primarily a matter of which commodity offers the most attractive return—soybeans or other crops, Barnes said.

Barnes, a soybean grower himself, feels that farmer financing, a per-bushel deduction according to volume, is the logical answer.

A high government price support for soybeans will only allow "foreign competition to keep its cool" under our nice price umbrella," he said.

BARNES used the example of cotton where high, rigid price supports and heavy government surplus storage caused the whole program to topple.

"Soybean growers don't want to go down that same road," he said, "and wind up in the same fix. We want to prevent this in soybeans by acting now, not after the crash."

By having a team of on-the-spot representatives in world markets, the US soybean producer would "let people know that we are interested in doing business," Barnes said.

INCREASED funds for research will assist the soybean grower to "break the yield barrier," become more efficient through lower production costs and compete more effectively for domestic and world markets, he added.

Barnes congratulated the oil mill group for their market promotion work. He indicated that the ASA will devote the majority of its annual meeting this year to considering how to implement a grower financing program. A preliminary planning meeting is scheduled for June 21 at St. Louis.

Clayton Jobe

New Man Joins SCS Staff Here

New at the Soil Conservation Service office is Clayton Jobe, who will assist area farmers in the Running Water Soil Conservation District.

THE NEW technician succeeds H. E. Hershey, who retired April 30.

Jobe was stationed in Brownwood for two years before coming here. He also worked with water and soil conservation in Friona. He is a native of Pecos, where he was a farmer before entering the conservation service.

Jobe is presently living in Hereford with his wife, Nola, who is a native of Hart, and their three children. He said he plans to move to Dimmitt soon.

MODERN AGRICULTURE

This Is the 32nd June Dairy Month

"Nature's most perfect food" takes the spotlight this month as the nation observes the 32nd June Dairy Month.

AND, SAYS A.M. Meekma, Extension dairy specialist, milk is better than ever. A quart of milk per day can supply 100 percent of your calcium needs; 93 percent of the needed riboflavin; 61 percent of your phosphorus; 49 percent of the protein; 23 percent of the thiamine; 31 percent of vitamin A; 17 percent of ascorbic acid needs in addition to other important nutrients.

Pastures Need Attention Now

Pastures should receive closer attention in view of current conditions over the state, believes Neal Pratt, Extension agronomist. There is a lot of grass now that moisture is plentiful, but when moisture gets short, fertilizer is what makes the grass grow, he adds.

A soil test will indicate what plant foods are needed to keep production up. Get weeds under control by mowing or by using chemicals and don't let them mature.

 HYBRID SORGHUM

Large, heavy heads boost yield from late planting

The head is the only part of the grain sorghum plant you sell. So why settle for ordinary varieties when NK 125 makes such a big crop so fast. This smut resistant sorghum is so early you can follow wheat or oats for two grain crops in a single year. NK 125 carries its large, heavy heads on a short, strong plant. Maturity is uniform, exertion excellent. NK 125 is ideal for late planting or double cropping.

MINI-MILO 50
introduces a new cropping system to the Sorghum Belt

For areas with short growing seasons
 Destined to push the sorghum belt Northward - MINI-MILO 50 can be planted when the soils warm up and will produce a summer feed grain crop safely.

In longer season areas
 Its earliness makes it ideal for double cropping. MINI-MILO 50 sprouts on quick after winter wheat or following vegetables. Now those idle acres can produce a cash crop.

After a full season crop has failed
 A sure way to make those wasted acres pay if wind, hail, drought, excessive rain or any misfortune destroys your crop. Start again - Prepare the seed bed, plant thick and MINI-MILO 50 will shoot up to produce a good crop of grain on those barren acres.

Catholic League Sets Convention

Convention time is just around the corner for the 23,000-member Catholic Life League and Catholic Life Insurance Union.

CORPUS CHRISTI will be the scene of the three-day session which begins with registration on Friday, July 19 and continues through July 21. The convention is headquartered at the Sheraton Marina Hotel, with all sessions taking place in the Exposition Hall on Shoreline Blvd.

Highlights of this year's convention will include a joint session of CSL and CLIU under the leadership of Andrew Roewe Jr., president, and Edward Sausin, grand president. A free fish fry, sponsored by the fraternal insurance union at Corpus Christi Abbey, will precede the moonlight cruise on Show Boat in the Bay of Corpus Christi. Refreshments and dancing will be available aboard ship.

Committee meetings, workshops and general assemblies will occupy most of Saturday's activities. An Awards Dance (Western) for Youth will conclude the day's activities.

MASSES for deceased and living members will be said in the Corpus Christi Cathedral both Saturday and Sunday.

Sunday's agenda climaxes the convention with election of officers for both the Catholic Life League and Catholic Life Insurance Union.

MR. AND MRS. Pat Hardy have returned from a visit with her parents, Mr. and Mrs. John Nolan who live near Texarkana.

Taylor Attains Honors at NMMI

Cadet Steve Y. Taylor Jr., son of Mr. and Mrs. Steve Y. Taylor Sr. of Dimmitt, took scholastic honors by winning a spot on the Dean's List as a sophomore at the New Mexico Military Institute in Roswell.

TAYLOR, 16, will return for a second year at the institute and will be a member of the junior class. During his sophomore year Taylor played with the band.

During the summer, Taylor will work on the family ranches here. He is presently enrolled in a 10-day roping school in Fort Collins, Colo.

FCI Hits New Insurance Level

More than \$900 million in farm crop production investments are protected by Federal Crop Insurance this year.

THIS IS the highest amount of protection in the 30-year history of the insurance program, reports the USDA. In 1967 an estimated 83,000 farmers across the nation shared in Federal Crop Insurance payments, totaling more than \$54.5 million.

**Patrol Reports
Seven Accidents
Here During May**

Seven accidents on rural highways during May brought the Castro County accident total for 1968 to 28 according to a monthly report by Sgt. W. E. Wells, Highway Patrol supervisor of this area.

THREE persons were injured as a result of the seven accidents but no traffic deaths were recorded. Property damage by the crashes was estimated at \$4,425. Rural county traffic has kept a clean slate on traffic deaths although nine persons have been injured in accidents during the past five months. Property damage for \$17,655.

The Texas Department of Public Safety reminded motorists this week that millions of drivers will be on the road during the three-month summer period with an increase of vacations and outings. Texas DPS officials said congestion will increase leading to an increase in traffic mishaps.

SGT. WELLS announced several vacation driving tips:

- Know and obey traffic laws and rules;
- Maintain speeds consistent with legal limits and conditions;
- Signal for turns in ample time and turn only from the proper lane;
- Have yourself and your car under control at all times;
- Be alert while passing, turning, pulling out and backing;
- Be courteous and considerate to all other drivers and pedestrians.

**The View
From
Your Library**

By VIRGINIA NEWSOM

Have you brought your children to sign up for the summer reading program? If not, there is still time. We have nearly 100 children who have signed up.

THE PROGRAM will continue through the 15th of August. After the child has completed his required 12 books his name will be sent to the State Library and at the completion of the 10-week period all the children will be presented with their certificates.

We are pleased to report that the first 10 library days of June we have checked out well over 500 books. This is roughly 50 books a day. One Wednesday, June 12 we checked out 107 books. That was a busy day to be sure, but we were so very pleased.

IT WAS suggested this week that we provide a shelf for paper back books. They would not be checked out, but anyone who wished to exchange paperbacks they have read for the ones we have, could do so. If anyone is interested in an idea like this please mention it when you come in. If you have paperbacks that need a new home, just bring them down.

A thought for the week: It is all right to dream of things you are going to do, but begin work right away. —Briggs

Sunnyside

Couple Prefer Western-Type Wedding

By TEENY BOWDEN

Lecann Hockenberry and Dana Wall of Dimmitt were married Friday night in the Sunnyside Baptist Church in a single-ring ceremony performed by Rev. M. D. Durham.

IT WAS a frontier or western wedding, with lanterns, sage, beargrass, wheel hubs and a wash pot helping set the scene in the reception hall.

Dwight Shottenkirk gave the bride in marriage. Pam and Donna Hockenberry was the ring bearer, his older brother, Ronald Hockenberry, and Lance Shottenkirk served as ushers.

Ann Touchstone sang "More" and "The Wedding Prayer" accompanied by Mrs. Gale Sadler. Don Ott stood in for Darrel Pope, who was to be the best man but had missed his flight and didn't arrive until the wedding was over. Sandy Loudder was the maid of honor.

Mrs. Neil Webb, Mrs. Cliff Brown, Mrs. Weldon Bradley and Mrs. Ezell Sadler served at the reception. After a wedding trip they will live in Dimmitt.

MR. AND MRS. Tommy Alair and family, Mrs. Rachel Elsea and

Mr. and Mrs. Charles Axtell of Denver were honored with a bridal shower in the parlor of the First Methodist Church in Earth Tuesday evening. Sunnyside hostesses were Mrs. Cecil Curtis, Mrs. J. E. Shirey, Mrs. F. I. Phillips and Mrs. Lloyd Blanton. Marsha Dawson and Debbie Curtis helped with the serving.

Lecann Hockenberry was honored with a bridal shower at the home of Mrs. Phillip Jones Tuesday afternoon.

Mrs. Gerald Elkins was dismissed from Methodist Hospital in Lubbock Tuesday.

Mr. and Mrs. Charlie Jones of Olton visited Tuesday afternoon with Mr. and Mrs. Phillip Jones and Renee and Mrs. Alton Loudder.

FLOYD AND Mokey Ivey went to Temple Tuesday to see his brother and wife who are both hospitalized there. They returned home early Wednesday morning.

Mrs. Floyd Ivey's sister, Mr. and Mrs. Jim Davis of Ohio arrived Tuesday to visit for a while with Mrs. Ivey and with a sister in Amarillo. Mrs. Ivey and Mr. and Mrs. Davis spent the day in Amarillo Thursday with their sister, Mr. and Mrs.

Airport Dedication Draws Hungry Crowd

By MYRTLE SHEFFY

There were "big doings" out at the new municipal airport Sunday. Lynn Polson says he helped cook breakfast for the 50 or more pilots from far and near. We went out for the barbecue dinner.

Hundreds were there. Walter Maynard's parents, Mr. and Mrs. John W. Smith from Memphis, were there and came to church with Wade and Walter. And Mrs. Florence Cox of Fresno, Calif., was there and is a house guest of her daughter and son-in-law, Juanita and Fred Bruegel.

I saw Mike Bruegel and Paul Catoe, students at Texas Tech. Paul is working in Lubbock this summer. And Sandy Bruegel tells me she has a good job with Crawford Sewing Center at Lubbock.

BUB and Emily Ramey and their tall, handsome son of Amarillo, were with the Edwin Ramseys. I saw Dessie Mae and O. J. Beene of Friona, and Hoyt and Christine Morgan of Wichita Falls. And there was Gene Kimbell, who built the first plane in Dimmitt years ago.

THE George Blanton's daughter, Georgene and her husband of Lubbock were Sunday guests of her parents.

Tom Tate, who lives at Golden Spread Nursing Home, was a weekend guest of his son and daughter-in-law, Curtis and Marie Tate, and they all went down to Lubbock to see Jim and Judith Tate.

Vicki and Sherry Vaughan, daughters of Charles and Betty Vaughan, flew up to Boston, Mass., for a few weeks' visit with their sister, Charlene, who teaches nursing at Worcester Hospital.

JACK AND BETH Hodges and children of Panhandle visited over-

night Friday with her parents, Mr. and Mrs. Raymond Hance. Did I tell you the Hances have moved to a new house on Oak Street.

Bo Jackson flew in to Dimmitt Sunday from Kansas City on business and to see his brother, Kenneth, and his dad, Francis.

Rev. M. A. Smith of Colorado City, a former Baptist preacher here (1958-64), wrote Gene Ivey this note: "Dear Gene, I have resigned here and will be leaving July 1 for Pineville, La., where I will be an administrative assistant at Louisiana College. This is the only Baptist College in Louisiana, and I am looking forward to the new opportunity for service. I will be preaching some place each Sunday." Rev. Smith was offered this job eight years ago while he was here. Dimmitt's good wishes go with you both.

MR. AND MRS. M. E. Cleavinger visited a few days with their daughter, Jane, and her husband Roy Stollings, who are attending to farm interests near Perryton. They will re-enter WTSU at Canyon the last summer session.

I learned a little late that Bud and Vaundine Giles were guests of the Jack Millers in Galveston last week. Also, Johnny Webb went along. The Millers have a big boat there.

Mrs. Nokes Lee of Earth was a supper guest in the home of her son, Dr. Bill Lee and family, Friday.

MIKE FRAZIER, son of Mr. and Mrs. G. B. Frazier Jr., will be the guest of Dimmitt's Lions Club at the camp for children at Kerrville. Mike will stay two weeks, and was flown there by J. R. Brown and Carl Bruegel in the Bruegel and Sons Elevator Co. plane.

I have visited this camp. It is

located just east of Kerrville on a small hill surrounded by those pretty Spanish oak trees. The big live oaks are there also, mostly on lower ground. This camp has dormitories, a swimming pool and a big auditorium made of native stone. The "clinic" was donated by the Lubbock Lions.

Our granddaughter, Leslie Bond who has been blind since birth, was a guest there one summer of the Mesquite Lions Club. It is a beautiful place and fine for these handicapped children. The adult blind people are there in the winter months.

MR. AND MRS. A. J. Kemp, son Andy and daughter Carla are guests this week in the home of her mother, Mrs. Nettie Graham. A. J. has farming interests here, and also sees to buying cattle.

Mr. and Mrs. Harold McColum visited their daughter, Sandra Montgomery, and family at Tyler last week. They have business interests here and there in that vicinity.

Lynn and Glenna Polson and kids and George and Bessie Elder and their kids have gone fishing and boating the three past weekends. And now Gayle and Ronnie Polson are visiting their grandmother, Mrs. I. L. Kitchens in Muleshoe for a month.

MRS. JOHN DAVIEAU of Sanoma, Calif., is visiting her brother, Clyde Damron, and his wife, Faye, and the Harold Damrons, plus other kin in Sudan.

Mr. and Mrs. George Phillips of Paris are here for a visit with his daughter, Mrs. Sally Frazier and family.

Becca Bartling has been visiting her cousin, Wanda Stephan, in Plainview. Becca is the daughter of Darlene Bartling who is a good hair dresser.

Herman Acker has been over in

Ruidoso doing a remodeling job on the Robert Singer house. Loyd Singer and a friend helped him.

MARY LEE SINGER of Tulsa and her daughter Zandra of Dallas came over to visit Ann Singer Friday. Zandra is a secretary and accountant for the Youth Corps in Dallas.

Mrs. Ann Singer was hostess at a Lidge party Friday afternoon. She served pecan pie, creamed chicken and tea to Winnie Cunningham, Cletha George, Opal Bearden, Josie Bradford, Myrtle Sheffy, Maggie Boren, Rita Cluck and Gladys Cleavinger, who with her husband Norman are home from a trip to Hawaii. They saw all the islands, had boat trips and enjoyed a luau outside. The main dish was small pig baked on hot lava rock, served with native fruit.

SHIRLEY AND Frank Wise and children visited her parents, Mr. and Mrs. Colman, at Paducah last week. They attended the installation of her mother as worthy matron in the Eastern Star Lodge. Susan and Linda were candlelighters and Gary and Kyle presented the programs.

Aural Davis's girls were home this week-end. Suzie was here from Amarillo, where she is a teacher and will work at Polk Street Methodist Church this summer. Janis was home from college in Denton. Keitha, a medical intern at Galveston, leaves this week for Heidelberg, Germany, where she will study medicine for five months. She will stop in Wichita, Kan., to visit Kay Estes Stetson and husband, then will go to Newark, N.J., to visit another friend, Temmie Allen Almond and husband Bob. Keitha will leave the US June 22.

Mr. and Mrs. Dorit Smiley were hosts at a steak dinner and

bridge party Thursday evening. Their guests were the J. R. Browns, the Lon Booths, the A. J. Jacksons, Ben Hills and the E. B. Nobles. This party was at the Hereford Country Club.

JACK AND Lucille Tucker went to San Antonio Sunday to take their little granddaughter, Cynthia, home after a two-week visit. Her parents are Rex and Shirley Easterwood. They saw the HemisFair during their trip.

Mr. and Mrs. Ward Golden and sons, Ron and Don, and Ward's brother, Pete, his wife and two girls all went to Hawaii Friday. Won't that bunch have a good time water skiing, swimming, and sightseeing. The Pete Golden live at Brownfield.

Ina Richardson of Lubbock, a nurse, was a Dimmitt visitor of Aural Davis, and girls and Helen Richardson.

Ellen (Mrs. Don) Gregory and two babies went up to visit her parents, Mr. and Mrs. E. C. Jones. They live on a ranch in Colorado, and formerly were Olton residents.

THE WILLIE GIPSONS were hosts to their daughters and their husbands, Eudora and Bud Craft and son of Lubbock and Wvonne Hancy and family of Hereford.

J. P. Goodwin is very ill at his home. Recent guests there and with Alma and Gene Kenmore are Mr. Goodwin's sisters, Lizzy Goodwin, Mrs. Emma Perry of Sweetwater, Okla., and Fay Sutton and her daughter of Cheyenne, Okla.

Mrs. Ethel Wcmack says that word has come that Jack Cowsert is doing okay after recent surgery at the hospital in Houston. He will be there two more weeks. Mrs. Cowsert is with him, and stays with Jack's sister Mary Cowsert Schelling.

The hospital here is full of patients who are your friends. Do call on them.

HAROLD and Shirley Stephens

spent Sunday with his folks, Mr. and Mrs. Ozro Stephens, in Amarillo. They all went up to Lake Meredith, just to see it.

Eleanor Koehler of Fort Collins is here for a visit with her sister, Mrs. Ethel Wcmack and also Harold and Shirley Stephens.

That school won't be the same without Mrs. Shirley Stephens out there collecting taxes. She has resigned.

Mrs. Bob Baker went to Oklahoma City last week to the allergy clinic and came home by Sayre, Okla., to visit parents, Mr. and Mrs. Carl Burrows. Her husband, Bob, also visited his grandfather in the Clovis hospital.

Dorothy Newton's sister, Kay Sawyer, who has lived with them some and is a student at WTSU, is getting married this week to Mike Wardlow of Amarillo.

Mr. and Mrs. Ed Byrnes and children of Amarillo were Sunday guests of his parents, Mr. and Mrs. C. O. Byrnes, and a sister, Mrs. G. L. Willis and family.

MRS. MARY HERSHEY was one of seven cousins who met in Plainview for a reunion Friday. They met at her Aunt Velma Hagle's home. Also there were Mrs. Hagle's twin daughters, Marion Schur of Odessa and Maxine Peters of Goodwell, Okla.; Mrs. Marguerite Pipelowe and daughter Sue; Mrs. Jewel Garner of Kansas; Lois Ethridge of Hereford and Mrs. Nedra Ward of Levelland.

IT IS possible to misuse meat tenderizers. Adding too much tenderizer is not advisable because it is likely to result in meat that has a mushy, crumbly texture similar to that of tender liver. Meat is usually less juicy and harder to swallow.

Officials Back Car Insurance

By SAM KINCH Star-Telegram Austin Bureau AUSTIN — Texas has the cheapest automobile insurance rates of any of the nation's industrial states, the House appropriations Committee was told Tuesday.

Durwood Manford, member of the Board of Insurance, said Texas rates rank 39th among the states and are "cheapest by far" among those with industrial communities.

Board Chairman George Cowden also defended against recent attacks on car risk rates, saying they had gone up less than many other indices.

Cowden said Harris County (Houston) has the highest rates of any of the 26 rating territories in the state — based on frequency of accidents and other factors.

But the rates have gone up there only 137 per cent in 30 years, Cowden said, while cost of hospital care has risen 500 per cent, per capita income 590 per cent and gross national product 774 per cent.

Texas rating area with the lowest figure has gone up only 74 per cent in that time, he said.

One reason car insurance gets so much attention, Cowden declared, is that it affects just about all responsible citizens.

"All of us don't encounter higher medical costs every year," he said.

He told the committee members insurance rates have been made a "whipping boy."

The two officials spoke in support of requests for some \$64,000 in extra funds for four additional investigators, two assistant claim supervisors, supporting office personnel

for them and travel allowances.

Rep. Raul Longoria of Pharr got off on other subjects when he asked about reports of cancellations for drivers involved in accidents. He was told the board's new guidelines strongly suggest that companies maintain policies for their full term.

Committee Chairman W. S. Healy of Paducah asked Manford about the car rates.

The one-time speaker of the House replied that Texas has "about 5 per cent of the difficulty other states have."

Manford quoted a Michigan State University law review article that called the Texas system "outstanding" and a Kentucky legislative council study that commended Texas for having held rate increases to 16 per cent in an eight-year period—and at the same time permitted four decreases.

Manford said the board's annual review of factors that go into ratemaking were responsible for the reductions.

He said Texas is the only state which has not been "fought" by congressional committees over antitrust law questions or other issues.

In response to a question from Rep. John Traeger of Seguin, Manford said Texas has lower rates than Louisiana but that it is difficult to compare them with other bordering states because the others have little industry.

He said a comparison in 1966, made after Texas had boosted rates, showed the state 28th among the 48 contiguous states. After others made adjustments, Texas dropped to 39th, Manford said.

He said Texas motorists fare better than states with compulsory insurance laws.

Texas Hospital Salaries Rise 10-15 Percent Over Past Year

Salaries of Texas hospital employees rose at an average rate of 10 to 15 percent during the year ending April 1.

THE MARKED increases here out what Texas Hospital Association officials have pointed out in the past — the extension of federal minimum wage coverage to hospital employees on Feb. 1, 1967, not only increased the pay of those individuals at the lower end of the salary scale, but also created a "ripple" that flowed upward through the skilled and professional pay scales with equal or even greater impact.

Coverage under minimum wage laws cannot alone be credited with the sharp increases, THA Executive Director O. Ray Hurst of Austin says. The drastic shortages of skilled and professionally trained medical personnel, coupled with greatly accelerated demands for health services of all types, exert even more pressure on payroll budgets than does the wage and hour law, Hurst says.

"However, wage and hour coverage of hospital employees must be credited as a major factor in marked salary increases," Hurst said. "Although the \$1 an hour rate that became mandatory in February 1967 and the \$1.15 an hour that is now the floor, is certainly reasonable — and lower than most hospitals in the state are now paying — the psychological factor of a required 15-cent-an-hour raise at the lower end of the pay scale each Feb. 1 until the 1971 minimum of \$1.60 is reached has set into motion an employee anticipation of annual increases that is likely to continue the upward trend for several years.

"THE EFFECT of salary increases on hospital costs is immediate and direct," Hurst said.

Wallace Monument Co. is no longer associated with Dennis Funeral Home selling concrete burial vaults, monuments and curbing.

The same fine service can still be obtained by calling our office direct — 806-874-2442, Clarendon Texas.

"As the average patient is supported by 20 hours of employee time each day, it is simple to calculate that a bare 15 cent-an-hour raise creates a cost factor of \$3 per patient day for the hospital. This expense must be recouped in some manner or the hospital would soon be forced to close."

"Most hospitals have but one recourse, and that is to pass the cost on to the patient or his third party payor, whether it be a private insurance company or the government," he added.

An "as of" April 1 salary survey conducted by THA pointed out the increases over like surveys taken April 1 and Oct. 1, 1967. The surveys covered 62 hospitals, representing 11.2 percent of the association's membership.

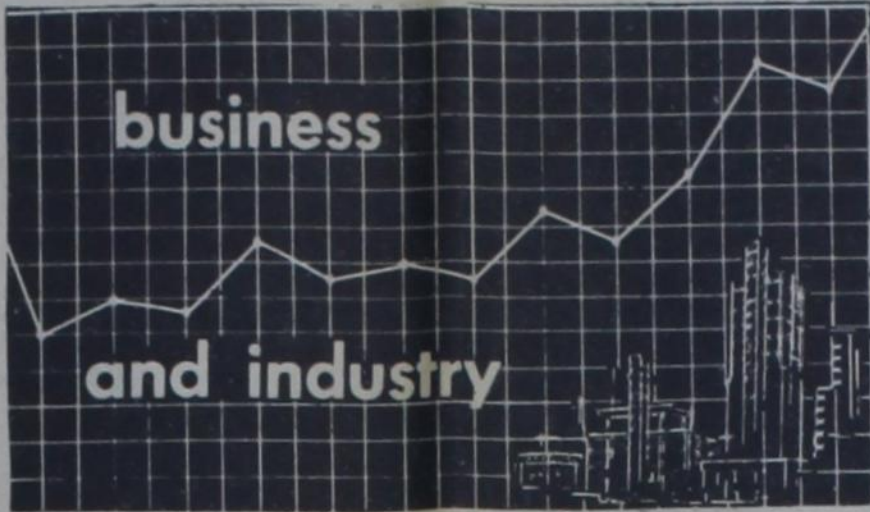

STARTING salaries for registered nurses were up 13 1/2 percent over a year earlier, reaching a new high average of \$511 a month. Average maximum for the registered staff nurse assigned to patient care duties, without supervisory responsibility for a unit or floor, rose even more markedly, by 16 1/2 percent to \$608 monthly.

Licensed vocational nurses starting pay rose 15.8 percent, nurse aides 10.3 percent, and maids 12.5 percent. Average spread between starting and maximum salaries was from \$30 to \$40.

THA records reveal the marked upward shift in salary scales in hospitals during the past 18 years. This shift is dramatically pointed up by the fact that in 1951, the minimum salary for registered nurses, \$77, and for maids, \$58. The more than 400 percent increase in each of these categories is closely correlated with the increase in hospital costs during the same period.

AVERAGE total expense per patient day in 1951 was \$15.60; it is now about 347 percent greater at an approximate \$54 a day. During that period, payroll expense has accounted for 55 to 65 percent of the total cost required to furnish in-patient care.

Mrs. Stephens Retires Friday

After 11 years as tax assessor-collector Mrs. Shirley Stephens retired Friday.

Bill Stephenson took over the tax office duties this week.

MRS. STEPHENS said she will enjoy housekeeping after retirement. She began her career in the tax office in 1957.

She is a native of Dimmitt and the daughter of Mrs. and the late Les Womack. She graduated from Dimmitt High School, served as drum major for the Dimmitt Bobcat Band and was listed in "WHO" Who in American High Schools.

Mrs. Stephens attended Texas Tech in Lubbock. She majored in business administration and was a member of Tau Beta Sigma honorary band sorority and Ko Shari social club, which has

become a chapter of Pi Beta Phi national social sorority.

She is married to Harold Stephenson, also a native of Dimmitt, who is the regional manager for the Federal Land Bank Association. She was employed by the Taylor-Harrison Insurance Agency here before her employment by the school district.

THE SCHOOL district continues to draw on local talent, with the employment of Stephenson as the new tax office head. He graduated from Dimmitt High in 1954 and from Baylor University with a major in general management.

Stephenson was employed by Continental Oil Co. for seven years as cost accountant. He then went to Watonga, Okla., for professional Boy Scout work for three years. He has taught in Dimmitt High School and directed the Neighborhood Youth Corps. He will continue his duties as NYC director.

Peoples Gas Has New Service Man

Frank Emerson, 32, became the new agri-engine customer service man for the North Plains for Peoples Natural Gas Co., starting June 1.

EMERSON'S duties include supervision of agri-engine installations and metering, and test pumping of irrigation wells to determine proper engine sizes.

Originally from Hobart, Okla., the new engine man is more recently from Sunray, Guyton and Goodwell. Emerson's wife, Shirley, is from Goodwell and they have two children, 8 and 9. Graduating from Sunray High School in 1954, Emerson attended Panhandle A&M at Goodwell.

A previous employee of Northern Natural Gas Co., Peoples' parent company, Emerson was responsible as an oiler, stillman and relief operator. He was more recently a Justice of the Peace at Hobart.

Dr. Bill Bennett To Teach at Tech

Dr. William F. Bennett, director of agricultural chemical services for the Elcor Chemical Corp. and formerly chief agronomist for Western Ammonia here, has been granted a leave of absence to accept a visiting professorship at Texas Tech for the 1968-69 school year.

THIS WAS jointly announced by E. E. Runyan, president of Elcor's agricultural chemicals division in Midland, and Dr. Grover E. Murray, president of Texas Tech.

The visiting professorship is in the department of agronomy and range management. Courses to be taught include soil fertility, plant nutrition and other related subjects.

Runyan stated, "Elcor realizes the need for its personnel to continue to be well informed on developments in research and technology. Elcor also recognizes the advantages to Texas Tech in having the services of a well qualified agronomist with both academic and industrial experience. It is an honor for Elcor to have its personnel chosen to fill such a position."

DR. GERALD W. THOMAS, interim executive vice-president for Texas Tech, said, "We are honored to have Dr. Bennett join the faculty of the School of Agriculture. His broad background and experience in private industry will be of special value to our academic program as we train students for modern science and technology."

Dr. Bennett, a native of Oklahoma, received his Ph.D. from Iowa State University. He has held positions on the staff at Iowa State and Texas A&M. He is former director of the state soil testing program in Texas, and has been active in educational programs sponsored by various industry groups in West Texas.

MR. AND MRS. BILLY DEAN DUTTON
... She's the former Carolyn Young of Dimmitt

Couple Make Home In Hub Community

Mr. and Mrs. Billy Dean Dutton are at home in the Hub community after a wedding trip to Austin.

THE COUPLE exchanged wedding vows June 1 in the First Baptist Church of Dimmitt.

The bride is the former Carolyn Young, daughter of Mr. and Mrs. Nolan Young of Dimmitt. The bridegroom is the son of Mr. and Mrs. Floyd Dutton of Hub.

Rev. Charles Harris of Plainview officiated.

AN ARCH of emerald green and white mums flanked by two seven-branch candelabra were used to decorate the church. White and red satin bows marked the bride's path.

Mrs. Charles Harris, organist, accompanied Mrs. Ira Wimberly as she sang "Whither Thou Goest" and "The Wedding Prayer."

The bride, given in marriage by her father, wore a gown of white lace over slipper satin fashioned with a molded bodice, which featured long sleeves tapering to a point, and a scalloped Sabrina neckline. The six-tier fronted gown accented the six-tier chapel train.

THE BRIDE carried a bouquet of white rosebuds atop a white Bible.

Christine Smoat of Edmonson served as matron of honor. She wore a floor-length dress of red lace over red deglossed satin with long pointed sleeves. She carried a long-stem white rose with red and white streamers.

Peggy Sue Battles of New Mexico, cousin of the bridegroom, presided over the guest book. Debra and Sandra Kountz served as flower girls. Marilyn Dutton, niece of the bridegroom, served as ringbearer. The three were dressed identically in red slipper satin dresses with white pinafores. Each wore a hair band of white rosebuds.

LARRY AND Garry Young, brothers of the bride, were candle-lighters. Ushers were Randy Hasley of Dimmitt and Joe Max Dutton of Bovina.

For something old, the bride wore her mother's 25-year-old ring; for something new, her veil

Genealogical Society Marks First Birthday

Celebrating a first birthday, the Dimmitt Genealogical Society will meet tonight (Thursday) at 8 in the Castro County Courthouse auditorium to review a first year of genealogical research.

DURING THE first twelve months of the Society's existence, members have searched hundreds of records, written letters, requested aged records from county clerk offices throughout the country and investigated the National Archives.

Microfilm readers scan census and marriage records and trace old ancestries in surrounding genealogical libraries.

One member reported finding "a whole generation of pre-Civil War ancestors I had no idea of ever locating" after finding an old deed for a wedding gift registered in Tippecanoe County in Mississippi.

THE SOCIETY has copied the Dimmitt Memorial Gardens and the Nazareth Holy Family Cemetery for the county library and announced plans to copy the Hart and West Lawn cemeteries during the summer. The society is also making scrapbooks for the library of births, weddings and deaths published in the Castro County News for the library files.

Children Should Be Warned About Poisonous Plants

Children should not eat — or even chew — ANY plant that doesn't appear on the dinner plate.

THE U.S. Public Health Service receives about 12,000 reports annually on children made ill by eating toxic plants.

The conscientious parent who warns a child not to eat wild mushrooms and tells him how to recognize poison ivy and poison sumac may never think to warn against oleander, yew, rhubarb leaves, poinsettias, pack-in-the-pulpit and jimson weed. All of those can be deadly, reports Extension specialists at Texas A&M University.

National Safety Council also labels the mountain laurel and castor beans as potentially lethal, and adds rhododendron, red sage, jasmine and azalea to that category. Plants that can bring on severe digestive upset include the common buttercup, lily of the valley, daffodil bulbs and wisteria.

SOME poisonous plants look and even taste like attractive fruits and vegetables. The water hemlock and poison hemlock, both lethal, have been mistaken for wild carrot; the dangerous nightshades bear cherry-like fruits. This group includes the Texas thistle,

Miss Swindle

Margaret Swindle Is Elected Queen Of Riding Club

Miss Margaret Swindle was named the 1968 Queen of the Hart Junior Riding Club. MISS SWINDLE, 17, is the daughter of Mr. and Mrs. Bill Swindle of Hart. In 1965, Miss Swindle served as queen then was named alternate in 1966 and 1967. She enjoys riding, basketball, sewing and cooking and has designed some of her suits. The new queen is a senior in Hart High School and the granddaughter of Mr. and Mrs. L. L. Swindle of Hart and Mr. and Mrs. Jim Clemmer of Silverton.

Timmins' Sister Dies in Accident

Mrs. Jerolyn Lewis of Levelland, a sister of Delbert Timmins of Dimmitt, was pronounced dead on arrival at Lubbock's Methodist Hospital after an auto accident Monday afternoon. HER SON, Jeffery, 15 months old, was hospitalized in critical condition. Highway Patrolman Ronald Coleman said the accident occurred when Mrs. Lewis was headed south on a dirt road three miles northwest of Levelland. She lost control of the vehicle, which overturned twice, according to Coleman. Mrs. Lewis, 19, is also survived by her husband, Larry, and her parents, Mr. and Mrs. C. E. Timmins of Whitharral.

Roundup Week Reports Due

Plans are being made for Roundup Week community activities throughout the county. The County Activities committee will meet Monday in the South Grade school cafeteria at 8:45 p.m. to hear progress reports by chairmen of the various events in Roundup Week. Events on the tentative list are Hart Day, the Miss Grain Sorghum Pageant, Nazareth Day, Old Settlers Reunion, a parade, horse show, pet show, youth activities, rodeo, gospel singing and talent show.

Last Rites Held For Cpl. Foster

Funeral services were held in Roswell, N.M., June 11 for Marine Cpl. James L. Foster, who died in Vietnam May 19 of wounds received in combat. CPL. FOSTER was the son of Capt. and Mrs. John Foster, the grandson of Mr. and Mrs. J. S. Crum and nephew of Cecil Crum of Dimmitt. Other survivors include a brother and four sisters. Services were held in the Trinity Methodist Church with the Rev. J. Ray Lawler officiating.

Ford Attacks Clayton's Bill

Frank Ford of Hereford, Republican candidate for the Texas Legislature, expressed sharp criticism of a tax bill introduced this week by Rep. Bill Clayton of Springlake and J. M. Simpson of Amarillo.

"THIS BILL, which would increase the state sales tax to 3 percent, remove some exemptions, and double tuition at our state supported colleges," Ford said. "Does not contain any provisions for returning any tax monies to the cities or counties, where ad valorem taxes are carrying a maximum burden at present."

"Nor does the bill provide for any increased support for educational and vocational training," Ford continued. "It has been my belief," he said "that any broad-based increase in taxes of this nature should be used either to strengthen local self-government by returning taxes to the local level, or provide more support for our future through better education."

"As the Clayton Bill does neither of these things, I believe this is bad legislation to be proposed in this short session of the Legislature."

FORD and Clayton are opposing each other in the 72nd Legislative District, which includes Cochran, Lamb, Bailey, Farmer, Castro and Deaf Smith Counties.

More About Airport

(Continued From Page 1) Earlier, the Reynolds was the guest of honor at a brunch in Webb's home. MAYOR George Bradford ended the ceremony by cutting a ribbon across the paved taxiway to officially dedicate and open the airport.

Master of ceremonies was the mayor's son, James Bradford, chairman of the Chamber of Commerce airport committee which led the \$240,000 drive to put the ownership and upgrade it. Dr. J. D. Blackburn, chamber president, introduced special guests, including FAA officials from Albuquerque and Texas Aeronautics Commission representatives from Austin.

J. R. BROWN traced the history of flying here, including the county's first aviators and students, the old Bobcat Field, the growth of private aviation and the development of the present airport.

Planes dotted the entire airport complex from 7 a.m., when the Jaycees started serving breakfast to 125 fly-in visitors and townspeople.

BEFORE the dedication service, the Jaycees served barbecue to almost 300 at noon in the original Jaycee built hangar, and after the ceremonies they filled the air with sky-divers, a stunt plane, passenger planes and a glider.

Curtis Christopher, chairman of the air show, said commercially rated pilots here provided plane rides for 52 persons.

A scare was thrown into the crowd during the second sky-diving exhibition as one member of the Amarillo Sky Diving Club was knocked unconscious after jettisoning his main parachute and making the last half of his descent with his emergency chute.

He landed in a dry lake bottom a quarter of a mile from the bullseye and lay unconscious for 10 minutes as Jaycees and Police Chief W. W. Jones summoned an ambulance. However, he regained consciousness just before the ambulance arrived and a physical check-up showed he was unharmed.

Jaycees sold homemade brownies and soft drinks throughout the afternoon to the hot, wind-blown spectators. The air show barely beat the weather. Storm clouds coming in from the northwest created mild turbulence as the show came to a close, and two hours after the festivities ended, rain was coming down in sheets.

More About: City Seeks

(Continued From Page 1) 600 to 1,000 persons. Past improvements in the city are rapidly being outgrown, Noble said.

"OUR GROWTH is catching up with us and we will have to start enlarging and replacing some of our old facilities to avoid trouble later."

"A master plan is a planned, orderly program of updating services such as water, sewer, streets and maintenance, recreation, zoning, and health and public welfare," he explained.

The "master plan" concept for cities has evolved in the last 10 years, Noble said, but cities have had essentially similar planning programs for years. Most incorporated cities have a master plan, with some cities as small as 500 planning their future growth.

DIMMITT would benefit immediately from the water and sewer improvements listed by a master plan, Noble said. The master plan surveys would enable the city to maintain adequate and safe water and sewer systems for future needs.

Dimmitt has not felt a need for federal programs yet, Noble added, but the city may find itself ineligible for future programs because of a lack of the master plan. Most federally funded programs such as urban renewal and regional planning loans and grants require that a city have an approved master plan.

"We can foresee where Dimmitt might be at a disadvantage in comparison with other cities when the opportunity to go into an available program arises," he said.

"ONE EXAMPLE is the sewer and water lines being installed by our neighbor cities where the government is paying for 50 percent of their project costs. Dimmitt citizens would be paying for 100 percent of the project, which means that water rates and ad valorem taxes will be kept higher because of the greater cost for an improvement project," Noble explained.

Dimmitt taxpayers would be shouldering the total cost and still paying federal taxes — and not be benefiting from the federal programs, Noble said.

The city began gathering information of the proposed master plan to present to city officials in 1961.

ALTHOUGH Dimmitt has a lot of what is incorporated in the plan, the city has no professional aid in long-term planning. The master plan would outline the essential needs for the next 20 years, and the probable needs for projected growth.

"The city definitely needs a capital improvements plan now," Noble said.

The capital improvements plan would include a working program for replacing, updating, enlarging and expanding the water, sewer, street and drainage facilities.

Public buildings and parks would also be included in the program, with the city budget and bond schedules to pay for these facilities on an orderly planning basis. The construction of such facilities would be spread over a period of years to prevent the city from being hit with emergency expenditures.

Noble said Dimmitt might have saved some money if the city had had a master plan before the last major street paving program three years ago. He added some paving might not have been torn up if the system had been planned from a long-term viewpoint.

A master plan survey will cost the city approximately \$5,000 with the federal government paying two third of the cost, or about \$10,000. Bids must be asked on the survey contract.

The Texas Forest Service operates nine pine seed orchards. These orchards are made up of trees selected genetically for outstanding characteristics. Superior seed produced by the trees will be sold to forest landowners for direct seeding and used in the state forest tree nursery to produce quality seedlings for sale to landowners.

First Wheat, Barley Harvested

By WANDA MILLER The first wheat of the season was delivered to Hart Grain Co. last Thursday at 7:30 p.m.

Paul Brooks brought the first load in. It weighed 19,660 lbs. with a moisture test of 15.2, and it was of the Tascosa variety.

The first barley was delivered to Farmers Grain Co. two days earlier at 2 p.m. by Ed Bennett. It weighed 15,660 lbs., with a moisture test of 14.8.

THE WOMAN'S Missionary Society of the First Baptist Church met Monday in fellowship hall. The mission study was conducted by Mrs. Harvey Davis on "The Chains are Strong."

Mrs. O. C. Kittrell and Mr. and Mrs. Johnny Kittrell visited Sunday in Levalland with Mrs. Johnny Kittrell's parents, Mr. and Mrs. R. O. Dennis.

Three Boys Go To Lions Camp

Three Dimmitt boys were flown to Kerrville Sunday for two weeks at the Texas Lions Club Crippled Children's Camp.

THEY ARE Pete Gonzales Jr., son of Mr. and Mrs. Pedro P. Gonzales; Lino Perez, son of Mr. and Mrs. Santos G. Perez; and James M. Frazier, son of Mr. and Mrs. G. B. Frazier.

Erucel & Sons Elevator Co. furnished a free plane ride for the boys, with J. R. Brown and Carl Bruegel flying them down early Sunday morning. Brown is president of the Dimmitt Lions Club, which is sponsoring the boys at camp.

According to Jody Mennick and Sid Stewart, co chairmen of the camp project, the three boys will come home June 29.

New Bride Must Change Her Name On Many Records

Brides and grooms have many official records to change, reminds Wanda Meyer, Extension home management specialist.

WORKING brides should make sure all the records at their places of employment show their new status. Failure to do so can cause confusion later in regard to state, federal and local income taxes, says the Texas A&M University specialist.

In addition, check all insurance policies and their benefits which frequently are offered through employers. Make sure all the names are in order on the benefits.

Other records that need to carry the bride's new name are social security records, driver license and credit cards. These changes should be made as soon as possible after the wedding, says Mrs. Meyer.

THE SOCIAL Security office has a change of name card that must be filled out. The main offices issues the bride a new card with her new name. A duplicate driver's license with the bride's new name can be obtained from the driver license office in the courthouse for \$1. If the license expires within 90 days, then the license will just be renewed with the new name on it.

The change of name on credit cards varies with the company. The bride should notify the companies that she has changed her name. They will let her know if there are additional forms to be filled out or they will change the name and send her a new card.

DO NOT allow foods to dry on the broiler pan. Cool slightly and wipe grease from the broiler rack and the pan. Sprinkle with detergent, pour boiling water in the tray, and lay wet paper towels over the rack. Allow to "soften" while eating meal.

Lake Monday. Mr. and Mrs. William D. Bell and Billy Bob visited in Hobbs and Lovington, N.M. with her sister, Mr. and Mrs. Darwin Crockett, and sons Hayden and Donnie.

Mrs. Buster Hacker received word Saturday that her father, Edgar Varner of Paris, had suffered another severe heart attack. Mr. and Mrs. Varner are former Hart residents.

Recent guests in the home of Mr. and Mrs. H. E. Loman were her sister and husband, Mr. and Mrs. H. M. Wheeler of Sweeney; a cousin, Mr. and Mrs. Bill Blackwell of Stratford, and Mr. and Mrs. Skeet Stringer, Sandra and Paul, grandchildren and great grandchildren, of Anaheim, Calif.

Mr. and Mrs. Don Ewing and children recently visited with relatives in Flomont.

BUD STEIERT was in Amarillo Saturday night to bring home Ronnie Barham and Joe Quiroz, returning from a trip to the Texas Boys State.

The trips were made possible by American Legion Post 311 and the Hart Lions Club.

The University of Texas was the meeting place for approximately 700 boys.

The men of the Baptist churches of the Staked Plains Association will meet at the Baptist campsite Monday.

BILLY BOB BELL, son of Mr. and Mrs. William D. Bell, is home on furlough from the Navy.

He completed his nine weeks of training in June at the Naval Training Center in San Diego, and is enroute now to Memphis, Tenn. to study aviation structure.

The Junior High Camp of the United Methodist Church is in process this week at Ceta Canyon. Kay Schulte, youth director at Hart, is a counselor. Those attending from Hart are Jean Foster, Susanne Hawkins and Laura Dudley. They will be there Tuesday through Friday.

The young people of the United Methodist Church went to Lubbock

Friday to see "Gone With the Wind" at the Winchester Theatre. Attending were 27 young people, adult sponsors, Mr. and Mrs. Doc Bates, Mr. and Mrs. Fred Brown and Kay Schultz.

IN A regular business meeting Monday night, Hart school board approved the proposed school calendar for the coming year, voted to participate in the PESO program, accepted the resignation of one teacher and hired another.

The school calendar for the year sets the opening day of school at Sept. 3, with final exams being given May 21 and 22 and high school graduation set for May 23.

Holidays to be observed are Thanksgiving, Nov. 27 through Dec. 1; Christmas, Dec. 20 to Jan. 2; Easter, April 3 to April 7; and a one-day holiday March 7 while teachers attend a Texas State Teachers Association district meeting.

Hart will participate in the PESO organization under the Title I Program. Belonging to the organization, Panhandle Educational Service Organization, will entitle Hart Schools to the services of specialists in the reading field.

In other action, the board accepted the resignation of Ronald Shaw, coach and science teacher in the high school, and Mrs. Ted Averitt was named to serve as an elementary teacher, to be assigned to the grade in which she is most needed.

More About: Zito to Leave

(Continued from page 1) Zito. This country has so many more places that you can't just look at the negative side.

"I would advise another student coming here from my country under this program to make up his mind before coming to enjoy his stay here and profit from it. "It is very important that a student in this program prepare himself for change, yes, but also to enjoy what you have to offer here and learn something about America that he can take back to his country and share. I came here worried about what I had to do and how I had to study and be just so. But I learned to be more human and my sense of humor helped a lot."

THE BELL family will drive Zito to Brownwood Monday where he will join other AFS students for a three-week bus tour that will take the group to Washington, D.C., then to New York City. In New York, the "Americans for a year" will board planes July 21 to return to their homes in 60 foreign countries that participate with the US in the program.

While in Texas, Zito traveled to HemiFair twice — once with the Student Council for a three-day convention and again with the Bobcat Band. With the Bell family, Zito traveled to East Texas, New Mexico and major cities in Texas.

"I really enjoyed the trip to New Mexico," Zito said. "I had never seen snow, and there the mountains and everything were just beautiful. Then we started skiing and then we fell and fell again, and I just enjoyed that trip so much."

ZITO CLAIMS he has "loads" of stories to take back to his friends about America.

"I know they will be very interested to hear all about my stay here. We, the young people, have music and fashions similar to yours and we look to the US to see what you are doing. We like that young Americans do and we like to hear about it."

He talks of education as a key to this country's progress and describes a relationship where the Brazilian government will help the people more.

Now's the Time To Report Your Row Crop Acreage

By CHARLEY HILL
Manager

Certification of row crop acreages for farms participating in the current cotton and feed grain programs should be made to the ASCS office as soon as the condition of your crops will permit.

ALL acreages should be carefully measured and not guessed at. An error exceeding the larger of two acres or 5 percent of the allotment or base, not to exceed 15 acres, in excess cotton or feed grain, or a deficiency in diverted acres, will result in loss of all program payments on all commodities unless approved by the Texas State ASCS Committee and the deputy administrator of state and county operations.

Errors found by spot checks after the final date for certifying your acreages, which is Aug. 15, within the allowable tolerance stated above, will require a reduction in payment equal to three times the diverted acre payment for that commodity.

So don't lose program benefits by failure to measure all program crops and diverted acres.

DIVERTED ACRES

All diverted acres must be summer fallowed (clean cultivation during entire growing season), or seeded to an approved cover crop to be eligible for payment, unless planted to an alternate crop such as castor beans.

NEW GROWER WHEAT ALLOTMENTS

Application for new-grower wheat allotment may be made at our office by July 1. To be eligible for a new allotment, neither the farm operator nor the owner may have an interest in any other farm for which a 1969 regular wheat allotment will be established. Also, the operator of the farm must expect to receive more than 50 percent of his income from the farm for which the new allotment is requested.

DESTROYED COTTON

Cotton destroyed by recent weather conditions may be replanted to another crop and still earn payments and history credit, provided you file a written application at our office before using the land for another crop.

HOLIDAY

The Castro County ASCS Office will be closed Thursday, July 4 in observance of Independence Day.

Farewell Party Given For Mrs. Mike Lankford

By MRS. J. T. STEHR
Mrs. Merle Morgan, Mrs. Jack Ingram and Mrs. Katie Collins were hostesses for a farewell party Friday in the Morgan home for Mrs. Mike Langford who is moving to De Kalb this week. Guests were Mmes. Monte Boozer, George Sides, Jim Howell, Milton Bagwell, Elbert Smith, James Welch, Don Gilreath, Charles Wales, Houston Lust, Jack Howell and Clayton Graef. From Dimmitt were Mrs. Paul Langford and Linda Langford, Mrs. Juanita Welch, Mrs. Dean Myers and Mrs. G. A. Shwen. From Lazbuddie, Mrs. George Crain and Mrs. Anna Marie McDonald and Mrs. Lucille Barnes. The Langfords are moving to a ranch in De Kalb.

MRS. HERBERT Schueler and children spent Tuesday in the home of their parents and grandparents, the J. T. Stehrs. Mike and Sandra Bruegel spent Father's Day at home. Mike is attending school at Texas Tech this summer and Sandra is working. Additional guest was Mrs. M. C. Cox of Fresno, Calif., Mrs. Bruegel's mother. Guests in the George Sides home for lunch Sunday were her parents, the George Bagwells. The Jack Ingrams spent Sunday with her father, R. M. Morris of Plainview. The R. G. Morris family of Petersburg also visited.

GUESTS Thursday in the Jack Howell home were Mrs. Howells mother, Mrs. Carl Lee of Summerfield and Mrs. Lee's sister, Mrs. Jessie Patrick of Fort Worth. Shawn Moke, son of the Douglas Mokes of Amarillo spent Thursday night with Gaines and Matt Howell. Recent visitors in the home of Grandmother Bagwell were her granddaughter, Mrs. Nancy Rose of Houston, Mrs. Rose's father, Seaborn Teague of Phoenix, Ariz., and his mother, Mrs. McClana-

han of Slaton. Mrs. Dean Myers reports her son Bill, is very happy to meet another Dimmitt boy in his company, Edward Ewing. Sunday evening callers in the George Bagwell home were the Monte Boozers, George Sides and families and the B. E. Sinclairs. THE Zaragosa Canales family of Edinburg has returned to do farm work as they have here for several summers. They live on the Bob Dulaney farm. Miss Alma Canales, who hasn't come along the last few years but in-

stead stayed and attended college, has accepted a position with the Castro County News while here this summer. The Moss Howells were hosts to Mrs. Nancy Rose, Seaborn Teague, Mr. and Mrs. George Bagwell and the Jim Bagwells for lunch Thursday. Mr. and Mrs. J. T. Stehr attended church at Rhea Lutheran Church Sunday and had lunch with their daughter and family, the Herbert Schuelers. It was also Glen Schueler's eighth birthday. Wheat in that area is ripening fast and combines are busy.

First Baptist News

First Baptist Church

WELCOMES

Dr. Raymond Perkins

As Pastor

In a called business session during the evening worship service on June 9, 1968, The First Baptist Church voted to call Dr. Raymond Perkins as pastor. Dr. Perkins accepted the call, and he, along with his wife and three children, will move into the newly decorated parsonage at 606 W. Lee, during the second week of July.

Dr. Perkins grew up in Dallas, Texas, and received his B.S. degree from the University at Austin, and earned his Th.D. from the Southwestern Seminary in Ft. Worth in 1960. Dr. Perkins has served the First Baptist Church in Kenedy, Texas, as pastor for the past 5 1/2 years.

He comes highly recommended as having great ability for working with young people and Juniors. In his former pastorates, Dr. Perkins has formed a Pastor's Club. This is made up of Junior age boys and girls who take notes during the sermons, and meet later with him for a question and answer period.

Dr. Perkins has written numerous articles for our Southern Baptist publications. The latest being in the magazine for youth, UPWARD, "What About the Resurrection?"

Mrs. Perkins is a graduate of one of our Baptist colleges, Baylor University at Waco. She is a native of Dallas, a pianist, and has also written some for our Baptist publications.

Dr. and Mrs. Perkins have three children ages seven, nine and eleven.

We are very fortunate to have this family as a part of our church and community. As soon as they get moved in, go by and give them a warm welcome.

Summer Jobs

We have seed acreage in the Dimmitt area to be derogued this summer. We need boys and girls 15 years of age and elder or families to work in the seed-fields. Job consists mainly of walking through and removing taller sorghum plants. Acreage will be contracted to individuals on the basis of so much per acre plus a bonus for completing the job satisfactorily. For more information, or to get signed up, contact J. O. Carpenter at 801 S.W. Front St., Dimmitt, Texas, between the hours of 1 p.m. and 5 p.m. on Monday, June 24.

for the sensitive ones

Flair conditioning is designed for sensitive people. People who like living with a flair. People who like to surround themselves with luxuries. People like you. But flair conditioning only performs like a luxury. You don't pay luxurious utility bills. If you already have a forced-air gas furnace, you're half way there. In less than a week you can have year-round comfort to use as lavishly as you like. After Pioneer Natural Gas Company makes a free home cooling survey, flair condition your life. You'll feel good about it. It's designed for the sensitive ones.
