FIRE AGGRAVATES UNEMPLOYMENT AND DEPRESSION.

Speaking over the radio recently, Governor Ritchie of Maryland emphasized the necessity of making it possible for men, women and children to enjoy the privileges of American living. He pointed to well-equipped factories and stores standing idle or operating on reduced force, and to willing workers unable to find employment. "Under present conditions, unnecessary and costly waste should be reduced to a minimum," he said, referring particularly to the economic waste from preventable fires.

He called attention to the fact that our one-half billion dollar yearly fire loss is equal to the assets of the recently organized National Credit Institution formed to aid banks in restoring public confidence. He said that this figure also represents two and a half times the cost of the Panama Canal and was emphatic in pointing out that the loss from preventable fires is a significant factor in our economic situation, since there is no salvage in the national ash heap. He referred also to the appalling loss of human life resulting from fire.

He developed a point which is usually overlooked in considering fire losses: that a decreased store of raw materials actually means less potential prosperity and that although insurance usually covers the cost of reconstruction, business activities often become temporarily demoralized and industries lose customers and profits. A reduction in the number of preventable fires will aid in assuring more continuous employment to workers now engaged, since there is almost certain to be a loss of employment during the reconstruction period after an industrial fire.

Governor Ritchie dwelt upon the principal causes of fire: defective chimneys, accumulations of combustible waste materials, defects in electric, gas and oil installations, and exposure to fire on adjacent property, indicating that it is also important to maintain property so as to avoid fire hazards and to build to resist fire.

The National Fire Waste Council of the United States Chamber of Commerce has proclaimed 1932 as a year of concerted effort in fire prevention throughout the country. Governor Ritchie pointed out that the Council speaks with authority and is in earnest, and said: "May I urge that you make a resolution of vigilant fire carelessness throughout the year 1932, and that you mean it and carry it out, and thus contribute to waste elimination and to the return of our economic prosperity."

A NEW LIFE PROMISED FOR THE NATION.

Now the \$2,000,000,000 government financial relief measure is moving forward with the promise by congressional leaders that it will be enacted without delay and the pledge "that it would give new life to the nation and deflation." This is an administration measure, not only recommended but urged by the president, and is said to be certain of enactment. An amendment is pending to the bill to extend its government arm of help to depositors of closed banks. Sen. Walcott of Connecticut gave assurances that \$2,000,000,000 would be available to closed banks which are solvent, but he joins Secretary Mellon in the view that separate provision must be made for relief of depositors of closed institutions. It is well to administer to the relief of a patient who is ill before he passes out of existence.

PLANNING A FIGHT ON GAS RACKETEERS.

Forty of the leading oil men of America held a session in the city of Chicago to invent a plan of combatting the growing evasion of state gasoline taxes. They will submit their plan of procedure to the directors of the American Petroleum Institute in Chicago Jan. 18. One plan under consideration is for the organization of six regional committees to work with local officers in efforts to collect gas taxes from bootleg and fly-by-night concerns. It is said by the investigators that the racketeers by tax evasion pile up profits of more than \$50,000,000 a year. Why not turn the prohibition enforcement agents loose on these racketeers who are said to be building up an amazing industry of tax evasion and commercial piracy?

STERLING AND THE MARTIAL LAW PROBLEM.

A newspaper correspondent quotes Governor Sterling as having said that should the martial law test case tried before three federal judges be adverse to the state an appeal will be taken to the supreme court of the United States. Incidentally, he said, "the governor paid high compliment to former Governor Dan Moody who made the principal argument in support of martial law regularity and validity." It is said that appeal to the highest court in the land requires much time for a decision and martial law would continue in East Texas during the appeal (if the governor knows where to find its hat), which might take it up to or beyond the time the troops could be safely withdrawn from the East Texas oil fields. It is a long journey to the big courthouse on the banks of the Potomac river.

THE SLOTHFUL SERVANT.

The president of a prominent life insurance company points out that those who are hoarding their money as a means of overcoming the depression would do well to turn to the twenty-fifth chapter of Matthews and read the parable of the talents. In that parable the Master relates how a certain man lent talents to each of three servants. Two of the servants put their talents to work but the third, when questioned about his stewardship, replied "I was afraid and hid Thy talent in the earth: Lo, there Thou hast what is Thine." When the Master learned that his money had been idle he was indignant and condemned the slothful man.

There are multitudes of people all over the United States who are afraid to put their money to work. Many millions of dollars have been withdrawn from circulation, tucked down into the toes of socks and stockings or buried away from all usefulness. Those millions represent a diminishing stream of circulation. Prosperity is based upon circulation and those who have money are doing not only the nation but themselves and their personal interests a grave wrong by failing to invest it in stable enterprises through which jobless men and women can be given employment and enabled to add to the buying power of the country rather than being dependent upon the bounty of charity.

Growing Pains!

BY RODNEY DUTCHER
 NEA Service Writer

WASHINGTON—This political season already is so marked with internal disagreement in the Republican and Democratic parties that you wonder what kind of a show we will be seeing after Congress and the presidential nomination campaigns really get going.

Not so long ago it was fashionable and not inaccurate to hoot at the Democrats as the people who were forever quarreling among themselves. The Republicans, smug with success, lived content on the fruits of victory and were seldom tempted to bite into the apple of discord.

Now the leaders of both parties fight among themselves. The Democrats are the same old party and have most of the same old rows, although they show an increased tendency to harmonize. The Republicans, on the other hand, appear to have lost much of their old-time tolerance toward one another in proportion to the mischances that have befallen them and the darkening which they see in the clouds ahead.

The division between the administration and the Republican Senate progressives is old stuff, of course, but now the House progressives are also asserting themselves. And at this writing the relations between the White House and many of the old time politicians in Congress appear to be slightly less cordial than ever. The fact that such G. O. P. regulars as Senator Hale of Maine and Congressman Britten of Illinois are getting set to wallop Mr. Hoover for his mid naval program is only one of several such circumstances. It now seems that some regular Republicans will be found voting with progressives and many Democrats on nearly every important issue before the 73d Congress.

The two Republican House leaders, John Tilson of Connecticut and Bert Snell of New York, have just

been through a bitter battle for the floor leadership. Until this session they worked arm-in-arm, along with the late Speaker Longworth, ruling the House with iron hand. Their recent unseemly fight was complicated by the fact that Tilson, defeated by Snell for the party speakership nomination, was the supposed choice of Mr. Hoover.

EVERYBODY is in wrong with some group of his teammates. Hoover especially, but not merely with the progressives, Vice President Curtis because he took so long to decide whether a renomination was worth having this year. National Chairman Simeon Pess has the wets on his neck and nobody wants him to remain very long, even Senate Floor Leader Jim Watson favoring his departure. Executive Director Robert H. Lucas gives many Republicans a pain when they think of him because of his various errors of zeal. Such regular Republicans as Senators Smoot, Reed, Fess, Watson and Bingham and Congressmen Hawley and Harbath have ideas on taxation which seem to range all the way from the theories of Senator Brookhart of Iowa to those of Secretary of the Treasury Mellon. The regulars also disagree on unemployment relief, prohibition, navy and other issues important to the administration.

Democrats are similarly all mixed up. They all agreed on Garner as speaker. But when they sought a floor leader the lack of good material was appalling. Choice narrowed to the progressive Rainey of Illinois and a large group prayed but feared the worst. Meanwhile, Senate Floor Leader Robinson of Arkansas was standing up against National Chairman Raskob, who wants a wet referendum, and against the large Democratic element which expects to meet the deficit by taxing large incomes and estates. The party remains divided on prohibition, can't present a united front on the tariff issue and has several schools of thought about taxation.

He had spent 25 years building up the reputation that enabled him to pack houses on both sides of the Atlantic with "Charlot's Revue."

Ten years ago he pledged his personal assets to a syndicate with which he was connected. It ran into difficulties, but no sooner was this trouble overcome than Charlot suffered other financial losses. He put himself into the hands of creditors and worked for them. Finally, all he had left was the lease on a valuable theater, and the theater robbed that of most of its value. Charlot became a bankrupt.

"Now I hope to be a free man in another three months," he said after his discharge from bankruptcy, subject to the usual term of suspension. "I mean to come back. After all, 49 is not very old. And I have a few ideas."

Two Ohio Colleges Show Big Growth

CINCINNATI, O.—Enrollment figures of 444 American institutions, compiled by Dean Raymond Walters, of Swarthmore college, revealed that of the three "fastest growing" large universities in the United States, two were Ohio institutions.

Dean Walters' survey, completed as of Nov. 1, showed that in the last decade the University of Cincinnati, Western Reserve university of Cleveland, and the University of Minnesota had surpassed all other major universities in growth.

In grand total enrollment, Western Reserve has increased slightly more than 300 per cent in the 10-year period. Minnesota, 185 per cent, and Cincinnati nearly 150 per cent.

NEWCASTLE—Bridge costing \$175,000 planned across the Brazos near here.

Admits Slaying Kidnaped Girl

Charles Bischoff, 45, who has been held in jail in Cincinnati since Dec. 22, confessed the murder of 6-year-old Marian McLean after days of questioning. Bischoff signed a detailed statement of his actions during the five days which followed little Marian's kidnaping Dec. 17.

STIMSON TELLS COMMITTEE OF COLOMBIA LOAN

WASHINGTON, Jan. 16.—Secretary of State Stimson was called before the senate finance committee to explain the refusal of his department to produce correspondence relating to Colombian loans and a coincident reinstatement of the Barco oil concession.

The concession in Colombia, said to be worth two billion dollars, is now supposedly controlled by the Gulf Oil company and the Carb Syndicate. Secretary of the Treasury Mellon and associates are understood to control the Gulf Oil company and J. P. Morgan & Co. the Carb Syndicate.

Four Are Killed In Grade Crash

ADDISON, N. Y., Jan. 16.—Four persons including three members of one family, were killed when a large sedan carrying 12 persons home from a party crashed into a railroad train at a crossing here today.

Six others were injured, four seriously. The dead were Arthur Woodbeck, 30; Floyd, 3, and Ethel, 4, two of Woodbeck's five children, and Harold Sanford, 27.

Nature Proves Banks Safest For Savings

HOQUIAM, Wash.—Even if they do occasionally fall, banks may be the safest place for money. At least one Hoquiam resident is certain of the fact. He recently withdrew \$15,000 from a banking institution and hid the money in a box under the floor of his house. Recently, during an excessive high tide, the man suddenly thought of his money. He peered under the floor to see \$50 and \$100 bills floating about. After considerable diving and crawling under the house he recovered the majority of the cash. Pinned to a large cardboard he placed the bills behind a stove. Many of them became scorched, almost to a crisp. He has a brand new bankbook now with most of the \$15,000 to his credit.

GRIPINGS

By GUS

This column is published as a daily feature and may not be construed as representing the editorial views of this paper. What follows is merely what one man thought at the time it was written, and the writer reserves the right to change his mind concerning any subject, without notice, explanation or apology.

Well, bless my soul . . . by a peculiar coincidence this column boasts yesterday about the great number of presidents and secretaries in the county, and then Saturday the writer hereof goes out and meets nearly all of the fannies in one group. And they treated me mighty nice, I'll tell you.

'Twas at the all-day session of the County Federation of Women's Clubs held here in Eastland and they invited me out to the luncheon at which the Eastland Better Homes committee was hostess. They made me the honor guest and fed me first and then afterwards took me to the kitchen and gave me all I could eat. A daintily prepared lunch of salads and sandwiches and served in a delightful manner.

Gee, I wish I could remember all those folks' names. Mrs. W. K. Jackson engineered me around but I was in a way embarrassed and couldn't quite catch the names of so many people . . . there were about 50 ladies there.

I was glad to see Mrs. Hagaman and Mrs. Dreinhofer of Ranger. They are slightly past the flapper age, but I'll tell you the truth, neither of them looks a day older than they did the first time I ever saw them in 1919 and I looked upon them then with awe because they were exceedingly rich with oil royalties at that time, and I was a punk who had just been read out of the party and transferred from Oklahoma.

J. C. Patterson escorted me up there. Incidentally he made a speech. Or rather he announced something about the community short course in Eastland Feb. 4 and 5. Gee, it must be great to be a farm demonstrator or something and get to go to all the free feeds in the county.

Then I came up town and ran into Boyce House. I think he is out here trying to get a lineup on the political situation for his paper. He didn't ask me to vote for anybody for governor. He's the kind of a fellow you can't talk about too much because he's got too many friends to take up for him.

Whilst there Joe Jones came in and wiped the sweat from his brow and said he had just finished his argument before the jury in which a man was being prosecuted for shooting the bull. The jury reported in about five minutes that bull shooting was not to be tolerated in these parts without at-

THIS CURIOUS WORLD

DID YOU EVER STOP TO THINK?

By EDSON R. WATSON, Shawnee, Okla.

Immigration Bill Reported Favorably

WASHINGTON, Jan. 16.—The senate immigration committee today reported favorably a bill introduced by Senator Harris, democrat, Georgia, which would place Mexico on the quota list. The bill would leave Canada, Newfoundland, Cuba, Haiti, Dominican republic, Canal Zone and "any independent country of Central or South America" on the list of non-quota countries. Senator Harris estimated immigration from Mexico would be cut down to about 2,500 yearly if brought under the quota.

DETROIT.—Drivers of ambulances, police patrols and other emergency cars, fire trucks excepted, have been given orders to stop "running" red traffic lights except in cases of extreme emergency.

GRANGER—Granger made first shipment of halves during recent week.

Daily Newspapers Show An Increase During Past Year

PHILADELPHIA, Jan. 16.—Despite a large decrease in all other types of publications in the depression year of 1931, the number of daily newspapers in the United States and Canada increased by 23, according to statistics just released with the sixty-fourth edition of N. W. Ayer & Son's Directory of Newspapers and Periodicals for 1932. This increase was in the southern, middle western, western states and Canada. All others showed a decrease.

HOGS AND SLIDES Henry L. Farrell

AMONG the other “interesting people,” so many of whom newspaper men are continually meeting, is George Zalarian, wrestler. George plays the part of the foul villain in the plot. The crowd hates and boos him—and pays him \$25,000 a year.

The Mack

SOME attention must be paid to Connie Mack, in a consideration of people who interest you. Mr. Mack saw his 1931 ball team take up the bat and perish by it, yet he says slugging will decide the world championship in 1932, and he'll be darned if he'll try to teach his boys to steal bases.

The McGraw

HOW can John J. McGraw help but interest you when he holds a long, solemn conference with Phil Ball, owner of the St. Louis Browns, in the course of which he tries to persuade Ball to kiss and make up with Judd Landis? This, from McGraw!

The Coaches

HOW interesting football coaches become when they inaugurate changes in the game of football to make it safe! But, do you really think they really think any little changes they can effect will make football let us say one-tenth of one per cent safer?

Talking machines

in any other list, yet the total of this type decreased by two. Advertising publications decreased by three, automotive by 11, aeronautics by five, and financial and banking by four. The directory catalogues 218 United States towns and cities having more than 2,500 inhabitants in which no newspaper is known to be published. There are 10,464 towns in the United States and Canada in which publications are issued.

Outlook Good For Mohair A Survey Shows

Development of new uses for mohair, the strong position of the fabric in the automobile and furniture fields and its increasing acceptance in women's fashions are among the principal factors supporting an optimistic outlook for 1932, according to W. H. Marland, president of Sanford Mills, Sanford, Mo.

Notable among the new uses for mohair are its adaptation as upholstery for school seats, for bridge table tops, for “man-made” fabrics used in the making of winter coats, its combination with rubber for a new shoe wearing and its increasing use in women's dress goods of new patterns and designs.

TEXAS SHIPMENTS OF TURKEYS SHOW A LARGE GROWTH

AUSTIN, Jan. 16.—Shipments of turkeys of Texas during December amounted to 547 cars, compared with 431 cars during the corresponding month of 1931, an increase of 27 per cent. These figures were compiled by the University of Texas Bureau of Business Research in conjunction with the United States Department of Agriculture through its various field offices. Through approximately 1,500 station agents, in addition, 74 cars of chickens were shipped out of the state compared with 51 cars last year, an increase of 45 per cent.

Liquor Sales On Increase In Palestine

LONDON.—The consumption of liquor in Palestine is on the increase. According to the annual report of the Native Races and the Liquor Traffic United Committee, the number of liquor licenses also has increased.

London Facing Shortage Of Tailors

LONDON.—There is a scarcity of tailors here, West End tailors declare that unless there is a big increase in the supply, good tailors will soon be very scarce. The conditions of work are largely responsible. A big proportion of the best tailors are pieceworkers, and they work in shops in which they have to pay rent for a seat.

YOU'D SMILE, TOO! Aged Blacksmith and Wife, Penniless, Win \$50,000

No wonder Mr. and Mrs. Richard Keeler of Maple Heights, Cleveland, O., suburb, are smiling. Almost penniless and facing want, they won first prize of \$50,000 in a contest sponsored by the Loyal Order of Moose. Here you see them looking over their prize check. He is 68 and she is 62.

ACCOMPLISHMENTS OF W. T. C. OF C. VALUED AT OVER \$23,000,000

STAMFORD, Texas, Jan. 16.—The accomplishments of the West Texas Chamber of Commerce during the past two years have been valued at \$23,224,782. That valuation is placed on its work by the chamber in its January issue of the magazine, “West Texas Today.” The liabilities—the cost of putting over its program of accomplishments—are \$60,000.

TAXPAYERS HONOR ROLL

The following is the list of those who have paid their school taxes in the Ranger independent school district since the first of the week, thereby becoming eligible for the honor roll of the citizens school tax committee: Current Taxes. PIGGLY WIGGLY "All Over the World"

CHURCHES

FIRST BAPTIST CHURCH.
Walnut and Marston.
C. W. Thomas, Pastor.
Sunday school, 9:45 a. m.; H. L. Baskin, superintendent.
Preaching by the pastor at 11 a. m. and 7:30 p. m.
Baptist training service, 6:30 p. m.
Mrs. E. E. Barker, director.
The attendance upon all the services was fine last Sunday, the largest yet at B. T. S. The offering during the day was splendid. There were three additions to the church.
Worship with us Sunday. You will not regret it.

PRESBYTERIAN CHURCH
L. B. Gray, Minister
Sunday school, 9:45 a. m., S. B. Baker, superintendent.
Morning worship, 11 a. m., the pastor will speak on "The Marks of a Progressive Church." Miss Marjorie Maddocks will sing at this service.
Evening worship, 7:30 p. m. A delightful surprise awaits those who attend, in the form of a sermon by another pastor, who will not be known until he appears at the church tonight. Miss Janet Holmes will sing, and Miss Julia Ann Connelly will give a violin solo. All members and friends are urged to be present.
Young People's meeting at 6:30 p. m. The coming Fifth Sunday meeting will be discussed, in addition to the regular topic.

Ladies' auxiliary meets Monday, at the residence of Mrs. C. E. Maddocks, for an all-day service of worship and mission study. Dish dinner at noon.
Listen for the bell, and when it rings, come to the "Little White Church on the Hill," where a warm welcome awaits all who come.

METHODIST CHURCH
Gid J. Bryan, Pastor.
Rev. J. E. Crawford, D. D., will preach at 11 a. m. Dr. Crawford, associate secretary of the general board of lay activities of the Methodist Episcopal Church, South, is in charge of the cultivation of Christian stewardship which is vital for happiness in the Christian life.

At the evening hour a pastor of one of the other churches of Ranger will preach. All our members and friends are urged to be present and to give our fellow pastor a warm welcome to our church. Bring your friends and fill the auditorium for both services. Let us show our Christian spirit of fellowship by giving our brother pastor a great congregation.
Sunday school, 9:45 a. m.; Walter Harwell, superintendent.
Preaching by Dr. J. E. Crawford, 11 a. m.
Epworth Leagues, 6:15 p. m.
Preaching by a fellow pastor, 7:15 p. m.
Come with us and we will do this good.

ST. RITA'S CHURCH
Masses today will be at 8 and 10 a. m. by Rev. M. Collins. This is the second Sunday after the Epiphany and the gospel read today is from St. John III. It relates the miracle in Cana of Galilee when Christ, at his mother's request, changed water into wine. Epiphany means manifestation or showing; that is Christ manifested or showed himself to the wise men who are supposed to represent the gentiles. This is supposed to have taken place on Jan. 6, the day on which we celebrate the Epiphany when the wise men came to offer their various gifts to the infant Jesus.

CENTRAL BAPTIST CHURCH
H. H. Stephens, pastor
9:45 a. m., Sunday school, T. J. Anderson, superintendent. Teaching and officers on time at 9:30.
11 a. m., preaching by pastor, subject "The Supreme Offering to Christ." Special music, Miss Vera Light.
6:15 p. m., B. T. S., under direction of Mr. Powell.
7:15 p. m., preaching by one of the pastors of the city. Special music, young men's quartette, Clyde Purser, Arnold Purcer, Roy Taylor and Bobbie Powell. Mr. Maddox and his orchestra will have 15 minutes of old-time gospel songs before the sermon.

FOOTBALL STAR IS BASEBALL PROSPECT
LOS ANGELES—Garrett Arbelbide, end on the 1931 Southern California football team, is a leading candidate for big league baseball, according to his coaches. Arbelbide plays first base and bats around 400 in the Pacific Coast Conference league.

AS RAGING FLOODS MAROON 7500 IN MISSISSIPPI

New levee breaks on Tallahatchie River flooded 50,000 acres and marooned 7500 persons in the Mississippi delta area below Memphis, Tenn. Flood conditions were described as the worst in history in the entire Tallahatchie basin. The photo here shows a street in Sharkey, Miss., just after a break in the levee had sent the swirling flood waters into the little town.

short preview of next Sunday's Sunday school lesson. Our mid-week prayer service is becoming one of the best services of our church. Splendid crowd last Wednesday night—great spirituality prevailing.

FIRST CHRISTIAN CHURCH
Sunday school, 10 a. m., H. S. Van Rosder, superintendent.
Golden Rule Bible class, taught by Mr. Holloway. This class is increasing in interest every Sunday. Come and be a member of it. You will be pleased.
Preaching, by the pastor, 11 a. m., subject, "He Was There Alone."

Communion just before morning sermon. Glad to see so many remain for this important worship. Special music by the choir at morning service.
Junior Endeavor, 6:30 p. m., Miss Thera Stidham will be with this Endeavor class at this service and she wants all children from ages of 7 to 15.

Senior Endeavor, 6:30 p. m., with Edward Kilewer, president. Let all the seniors be in this service.
Preaching, 7:15 p. m., by a fellow pastor in the city. Come and see who he will be. All pastors in the city are changing pulpits for this service and it is not to be known just who will be in the pulpit, but I am sure you will be well pleased with the preacher who preaches in the First Christian Church. Come and give him a great reception. The junior choir will offer a special number at this service.

The Missionary ladies will meet Monday afternoon at 2:30. All the ladies of the church should be in this meeting.
Choir practice Thursday evening at 7:15, under the direction of Mr. Walton.

Hawaii Dopes Out Grig Champ Claim
By United Press.
HONOLULU, Hawaii.—Could Hawaii claim a national football championship? They might by this line of reasoning: The University of Hawaii defeated the University of San Francisco (in Honolulu, 18 to 14). U. S. F. beat Santa Clara, the team that whipped the Olympic Club of San Francisco. The Olympics were victorious over St. Mary's and the Saints beat U. S. C. And U. S. C. beat Notre Dame. Unlike their younger Hawaiian brothers in the barefoot leagues, the University of Hawaii players wear shoes.

Emperor Hirohito, ruler of strife-torn Japan, and members of his royal family are shown here. Besides the international controversy raging over Japanese troops in Manchuria, Hirohito's empire is torn between those who want Japan to keep Manchuria and those who advocate a course more pleasing to China and to other nations. The pictures show Hirohito, upper right; Princess Teru, upper left; Empress Nagako, lower left, and little Princess Taka, lower right.

HERE'S ROYAL FAMILY OF STRIFE-TORN JAPAN

again after going republican in 1928 for the first time in history. "Texas voters are so sick of cago won't be quite the same to Pat O'Keefe this year for he likely will be unable to give the Irish jig that has become almost a tradition at democratic gatherings.
And O'Keefe, the 84-year-old democratic patriarch, is lamenting his luck that would give him a belated game leg just when it appears that a democratic landslide would call for a real victory jig.
Three years ago O'Keefe suffered a paralytic stroke—soon after he jugged at the Houston convention—and his leg is still stiff. O'Keefe again has been named deputy sergeant-at-arms and will attend the Chicago convention, "if I have to walk."
After attending his first convention in 1858 as a guest, Pat has been a deputy sergeant-at-arms—never a delegate—for they have to pay their own expenses—since 1884 except when William Jennings Bryan was nominated at Denver.
"I never was much of a Bryan man," Pat said. "Bryan ruined the democratic party by advocating woman suffrage. Women aren't political; they just vote for the best looking candidate."
As exciting moments have occurred in the past conventions, the white-haired, sprightly Irishman has gone into his dance. But the jig seems to be up now, on account of that game leg.
"Oh, if they strike up 'Dixie,' I'm going to try to jig. My jig really isn't much of a dance," he said modestly. "I just kick my foot forward as a bow, I do to the time of the music. Like this."
He attempted to jig. But that leg—he sat down again.
O'Keefe expects to see Franklin Roosevelt, governor of New York, nominated by the democrats for the presidency—and then elected in the November elections.
"If we can't win this year, we might just as well fold up as a party," O'Keefe said.
Furthermore, the Lone Star state will be in the democratic fold

A. J. Ratliff Buys Red Chain Store

A. J. Ratliff, well known Ranger business man, has bought the Red Chain Feed Store from T. D. Martin and will move the stock to 211 East Main street in the building formerly occupied by the Graham Mill and Elevator company. Mr. Martin will be associated in the new business.
Mr. Ratliff came to Ranger 13 years ago and operated a feed and grocery business for seven years on Eastland Hill, later moving the business to 211 East Main street, where he bought the Held Bros. feed business. He built the building which will house the business and operated there for two and a half years before selling out to the Graham Mill & Elevator company. Since that time he has been on the road for the Universal Mills, traveling out of Fort Worth.
Mr. Ratliff says that by the latter part of the week he will be in a position to do commercial grinding and mixing, will buy farmers' feed and grain and invites the entire citizenship to come and inspect his new plant.

Maintenance To Fort Sam Houston To Cost \$50,000

SAN ANTONIO.—Repair and maintenance work at Fort Sam Houston will amount to nearly \$50,000 in the next six months, it was estimated today.
Similar expenditures at other San Antonio posts, including Brooks field, will approximately \$100,000 before the end of the fiscal year on June 30.
Fort Sam Houston repair work will vary from repainting the flagpole to replacing linoleum carpets in the quadrangle buildings.

MOANING SAXOPHONE ROUSES CAT'S EYE

PORTLAND, Mich.—Chris Hansen's cat, it seems, finds that the family radio possesses little or no "sex" appeal.
The other evening, Hansen relates, he turned on the radio and flooded the room with the moaning of a saxophone.
The cat, lying nearby, arose, glared at the instrument and leaped into the speaker, howling.

Ranger Pastor Given Pounding On Thursday

K. C. Edmonds was given his home Thursday night group of church workers Olden, Staff and Ranger a old-time pounding. Many presents were given to the pastor, including a large amount of groceries.
More than 100 people at the surprise pounding. Many of the crowd from Staff expressed appreciation of that has been done by the in response Rev. Edmonds ed the people in a most whole-hearted manner.
It was explained that the ing was held, not because the ple thought he was in need gifts, but that they took the od of expressing the keen ation of the pastor and the did work he has been doing communities.
A large amount of candy was brought along freshments. Games were and a general good time by the entire gathering.

HID CLOTHES DURING HINGHAM, Mass.—When Reed's wife was appointed man of a rummage sale by a local church, he took old clothes to Hingham for safe-keeping.

We wish to thank our many Friends and Customers

for their splendid patronage and co-operation during our operation of the Red Chain Feed Store.

Mr. A. J. Ratliff, well known Ranger man, has purchased the business from me and I will be associated with him in the new location, 211 East Main, where I will certainly appreciate a visit from my friends and customers.

T. D. MARTIN

Ancient Main Building of U. T. Will Be Razed

By United Press.
AUSTIN, Jan. 16.—Ivied walls of the north wing of the venerable main building of the University of Texas soon will crumble under a hammer blow for the sake of progress.
The wing will be razed to make room for a \$1,000,000 library building, bids on which will be opened by university regents here Jan. 25.
The main building itself, which in 1882 harbored the beginnings of a great university, will remain as a pledge to the past. Regents contemplate its use until it "falls down or burns down." President H. Y. Benedict declared.
Fifteen years ago the north wing was condemned as unsafe. The "English Channel," a hallway flanked by offices of professors of English, has shifted to the new Waggoner hall. The reserve library also has been removed from the danger of a roof collapse.
But buildings plans of 1932 will not disturb memories of 1883, when Texas patriots laid the cornerstone of their plans for a "university of the first class." The main building, whose tower is older than the dome of the state capital a few blocks away, was the only sentinel on College Hill for many years.
The key which mingles its walls was brought by Dr. Leslie Waggoner from the churchyard at Stoke Pogis, England, immortalized by the poet Thomas Gray. Its arched entrance sheltered a student demonstration in 1897 which made March 2, Texas Independence Day, a state holiday.

BUILDS MINIATURE LOCOMOTIVE

PUEBLO, Colo.—A miniature locomotive, its tiny parts finished to scale, has been constructed here by Fred Martin, assistant fire chief. Martin constructed all parts of the little locomotive, which measure slightly more than a yard long, by hand.

TAKING CHICK'S SUGGESTION, THAT SHE TOSS THE TRICK LAMP OUT THE WINDOW, GLADYS, IN A HUFF BECAUSE OF CHICK'S RAZING, OBEYS THAT IMPULSE

By Cowan

Ann and Cecily Fenwick have for years supported themselves, their younger sister, Mary-Frances, and their grandparents, known as "Rosalia" and "Grand." Because of this financial responsibility, Ann, 28, is unable to marry Phil Escroyd, young lawyer to whom she has been engaged for 8 years. Cecily, 22, loves Barry McKee, an engineer, but when he proposes she refuses to name their wedding date for the same reason.
Mary-Frances, 15, and still in school, strikes up an acquaintance with Earl DeArmour, vaudeville actor, and meets him secretly. He tries to persuade her to become his stage partner.
Ann and Phil quarrel when she learns Letty King, who works in Phil's office building, address him with endearments.
DeArmour continues to urge Mary-Frances to join his act and promises to give him her answer next evening. Cecily is disturbed when she learns Barry has left town without telling her about it.

THREE KINDS OF LOVE BY KAY CLEAVER STRAHAN

Ann and Cecily Fenwick have for years supported themselves, their younger sister, Mary-Frances, and their grandparents, known as "Rosalia" and "Grand." Because of this financial responsibility, Ann, 28, is unable to marry Phil Escroyd, young lawyer to whom she has been engaged for 8 years. Cecily, 22, loves Barry McKee, an engineer, but when he proposes she refuses to name their wedding date for the same reason.
Mary-Frances, 15, and still in school, strikes up an acquaintance with Earl DeArmour, vaudeville actor, and meets him secretly. He tries to persuade her to become his stage partner.
Ann and Phil quarrel when she learns Letty King, who works in Phil's office building, address him with endearments.
DeArmour continues to urge Mary-Frances to join his act and promises to give him her answer next evening. Cecily is disturbed when she learns Barry has left town without telling her about it.
NOW GO ON WITH THE STORY CHAPTER XXXIV
"Hypocrite!" said Cecily. "I don't see how you bear it, angel. Truly I don't. If they start acting toward me, now that Barry and I—well, if they act about us as they act about you and Phil, I will not stand it."
"Yes, you will, dear. You'll have to. It is odd, though," said Ann. "I was so afraid they'd blame Phil and all sappy about sympathizing with me—that line. And indeed they act as if I'd injured them, personally and on purpose, by breaking my engagement."
"You never can see through them, can you? I can read them like a primer. They are so glad and so relieved—away down deep. I mean, they don't know that they are, of course—that they have to cover quickly, and petulance is always at hand and easy. All that talk the other evening about Mrs. Garman's sister and her hand being happy and well off—I suppose you didn't get that, either?"
"No, I didn't. Do you think they were just pretending to think that the old people's home was pleasant?"
"Honestly, as Marta would say. No they weren't pretending that the Days—is that their name?—were well off, nor that the home was pleasant. They were thinking so with all their mights and mains, so that they couldn't say they don't know that they are keeping them, and keeping this ding-dang old house for them to live in. They do too know it. They'd have to. But knowing and recognizing or admitting are different things. We are not going to say it to you right now, because I thought it might make you more unhappy, in a way. But now I think I'll say it anyhow. I've been thinking the last few days, and if Barry comes back, as I know he will, and begs you to marry him, I want you to do it—soon! I really want you to, dear. I want it more than anything. I'm going to insist that you do."
"Big chance! Let you with all this burden and leave you with all this burden. I couldn't and wouldn't, and you know it—or you should. You have not let me down, all these years and years you and Phil have been engaged."
"Phil is out of it now. You could keep on working and helping at home. You'd have to, I'm afraid, for a while. I could manage the rest. As you say, Mary-Frances should be more help—"
"There's no good talking like that, Ann. I wouldn't want to do it, I hope, and if I did want to I—couldn't. So that is the end of that—lease. Please don't ever talk about it again, angel. I mean it."
Ann stooped to hang the dishpan in the cubbyhole under the sink. To Philip she said, "See there? Always accusing Cissy of letting me down. Predicting perjury for her, and making me afraid, and making me mean about Barry at first, and all. Cissy doesn't seem to be the one who has let me down, does she?"
"Conversations of this sort, she had discovered, were excellent counter-irritants.
Cecily asked, "Did you have a good time with Kenneth this afternoon?"
"I suppose so. The river was glorious. He is teaching me the crawl stroke—or trying to. I'll sweep, and you set the tray for breakfast, will you?"
"He's—mad about you, isn't he, Ann?"
"Not a bit in the world. If he

Closing of Last Unpaved Gap On Broadway Started

Special Correspondent.
EL PASO, Jan. 16.—Closing of the last unpaved gap in the Broadway of America across Texas is now under way. F. O. Mackey, president of the Broadway of America association said today. According to information received here a few days ago from G. B. Finley, Texas state division engineer, contracts for grading and structures on the last 13 miles in Culberson county have been let and work started. This stretch is from Baracho to the Culberson-Jeff Davis county line. Surfacing of the first 13 miles out of Van Horn is also under way. As soon as this surfacing is completed another section will be surfaced. When this work is completed contracts for blacktopping are to be let, according to information received here.

Allred Asked For Opinion on Salaries Of County Officers

By United Press.
SAN BENITO, Texas, Jan. 16. Opinion of Attorney General James V. Allred will be asked by representatives of the Cameron County Taxpayers league seeking to determine the legality of the recent legislation affecting salaries of commissioners of Hidalgo and Cameron counties.
Marvin R. Hall, Cameron county attorney, has been requested to forward a request to the attorney general for such an opinion.

Columbia Secures Play By Play Film of Rose Bowl Game

According to an announcement made by B. E. Garner, manager of the Columbia in Ranger, his house will offer as its main attraction today an absolute play-by-play account of the University of Southern California-Tulane university football game played in the famous Rose Bowl in Pasadena, Calif., New Year's day, at the famous annual Tournament of Roses.
Garner stated this film was not merely a few shots of the famous game, but the complete game, play-by-play, from the opening whistle to the final shot from the time-keeper's gun, ending the battle. Garner stated he was very fortunate in securing the film for such an early showing, explaining he happened to be in the office of the distributors of the film when the prints arrived from California Friday and immediately made arrangements for the securing of one for his use Sunday. The running time of the film is something over an hour, Garner stated.
"We have love, if it comes to that, Cissy. We have each other

and Mary-Frances—"
"You're evading. You know what I mean. Phil has waited for all these years, because you are the most beautiful thing in the world. Barry wouldn't wait for me like that. I shouldn't allow him to—maybe. And even Phil got tired. Not tired of you, angel—but tired of waiting and hoping. He doesn't care for that common little King thing—he couldn't, after you. But, well—men are men."
"So I have heard," said Ann. "Women are women, too. That is repetition. That's not reasoning. At best, it is a cute little convention men evolved to use in place of decency and loyalty—ages ago. They've needed it. We haven't. But there is this, Cissy, honey. I wasn't going to say it to you right now, because I thought it might make you more unhappy, in a way. But now I think I'll say it anyhow. I've been thinking the last few days, and if Barry comes back, as I know he will, and begs you to marry him, I want you to do it—soon! I really want you to, dear. I want it more than anything. I'm going to insist that you do."
