#### PLANE CRASH CLAIMS SECOND VICTIM TODAY

WHARTON, Tex., Nov. 22.—W. G. Gallagher, geologist of Beeville, Texas, died at a hospital at Houston today, bringing to a total of two a toll of an airplane crash on this cities unlighted airport last night.

The other man killed was E. C. Templeton, Los Angeles geologist. The third member of the ill-fated party, C. F. Lienesch of Los Angeles, was near death in a hospital here. All three were on an expedition for the Union Oil company of California.

The crash occurred when the three returned from an afternoon pleasure flight and attempted to land after nightfall. The plane struck a tree at the field's edge and hurtled to the ground.

#### Oil Heiress Away on Honeymoon

Bound for a tropical honeymoon are Mr. and Mrs. James Goodwin Hall (above), married recently in New York. They sailed for Havana and may take an aerial cruise in the Caribbean area. He is a well known pilot and she is the former Anne Balliant Burnett, daughter of the late Burke Burnett of Texas, who left the bulk of his \$15,000,000 oil fortune to her.

#### Paper To Be Out Thursday, But No Issue Wednesday

No issue of this paper will be published on Wednesday afternoon, but an early morning edition will be printed Thursday and distributed in order that the employees may have a day of for Thanksgiving. This has been the policy of this paper for a number of years, which is followed on each important holiday. Those who do not receive a copy of their local paper Wednesday afternoon should remember that they will get a copy early the following morning, just as they do on Sunday. All the stores in town will be closed all day and those who contemplate eating their Thanksgiving dinner at home should remember to make their purchases tomorrow.

#### COL. ROBINS GETS MEMORY BACK TODAY

ASHEVILLE, N. C., Nov. 22.—Col. Raymond Robins, prohibition leader, was kept in seclusion today by doctors, although it was announced he had "regained his memory."

A doctor's statement related that Colonel Robins, holding hands with his wife, called her "Margaret" and then turned to the doctor and acknowledged that he was Colonel Robins. The theory that Robins was a victim of the "terrible strain" he underwent in Russia during and shortly after the World War, was advanced today by his wife.

#### Man Dies After Dance Hall Shooting

HOUSTON, Nov. 22.—Pat Evans, 28 years old, died today of wounds suffered in a shooting at a dance hall Saturday night. A charge of assault to murder, filed against J. C. Kesterson, 28, was changed to one of murder.

#### Protesting Victim Fleeced By Robbers

EL PASO.—El L. Bryant is cured of protesting to robbers. Not only did two men take his coat, vest and \$1.75 in cash, but made him take out his false teeth and hand them over. "The robbers saw the gold in my teeth when I opened my mouth to protest and made me take them out and give them up," Bryant complained.

#### WORK IS NOW NEEDED FOR UNEMPLOYED

At a meeting of the Ranger committee which is handling the Reconstruction Finance Corporation unemployment relief for Ranger and the vicinity, held in the office of the Ranger Chamber of Commerce Monday night, plans for working out projects were discussed.

It was planned to start men to work as soon as possible, possibly Wednesday morning, on cleaning out the drainage ditch from Mirror Lake preparatory to draining the lake. It is expected that from 30 to 40 men would be used on this work.

Other projects included rebuilding the shoulder on the pavement up Eastland hill to the city limits, working over the street to the City-County hospital, where it has washed out and become rough, doing some minor repairs on Lillard field stadium and clearing the old Ranger cemetery and doing repair work there.

The cooperation of the public has been urged in finding work for the men to do, keeping in mind the fact that all money spent must be for labor and that no money can be spent for materials or for tools. Approximately 100 men can be worked each day from now until Jan. 1, if enough projects can be found on which they can be worked until these materials will be needed.

Several items have been tentatively accepted and will be worked out if it is found possible to do so, but the public has been urged to make suggestions to the chamber of commerce in order that work might be secured for as many men as possible. Registrations for the work were being received in the office of the chamber of commerce today and it was stated that the work would be allotted by the committee in a manner that was thought to be as fair as possible to all. It was pointed out that the number of dependents would be taken into consideration. For example a man with a wife and one child would not be able to receive quite as much work as a man with a wife and several children, though both would be given as much work as possible.

Approximately 100 men had been registered at noon today and it was expected that fully 300 would be listed before the registration closed. The secretary-treasurer has been pointed out, if a man was assured of several weeks of work, he could afford to buy a few tools if it would assure him the work.

The members of the committee are W. D. Conway, chairman; W. C. Hickey, secretary-treasurer; A. J. Hatfield, director; Roy Gilbreath, director; and L. E. Pierson, director. Any suggestions as to work that can be done in and around the city can be called to the attention of any of these men and they will see that it is taken up before the committee.

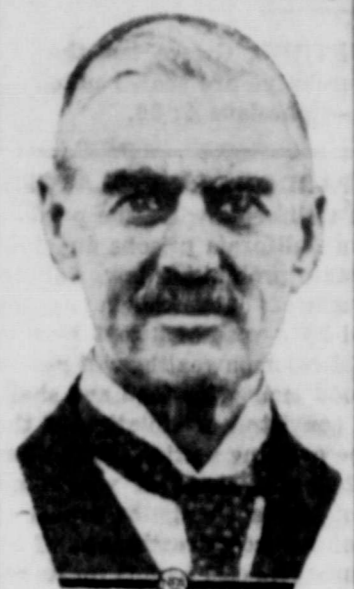

#### 1909 Grocery Bill Reveals Old Costs

WAUKESHA, Wis.—A statement of a grocery account for August, 1909, found in a store here throws light on what the average family paid for necessities nearly a quarter century ago. The bill included: One pound of butter, 80; one pound of lard, 15; two pounds of green beans, 10; box of matches, 5; four ears of sweet corn, 50; half dozen oranges, 15; package of tobacco, 5; one gallon of oil, 12; one pound of potatoes, 58; one-half peck of potatoes, 13; one mpp stick, 10.

#### Eastland Red Cross Does Well

The American Red Cross call, will be actively conducted through tomorrow, the general chairman for Eastland, Mrs. Milburn McCarty states. About \$110 in memberships was turned in from the residence drive on Monday.

#### Expected Here As Debt Envoy

Neville Chamberlain, above, Britain's chancellor of the exchequer, veteran statesman, is regarded as the likely choice to negotiate for Britain when war debts parleys are opened in Washington.

#### Posse Seeks Boy Bandits Who Got Only 75-Cent Loot

FORT WORTH, Nov. 22.—A posse of police and citizens today searched fields and woods near Smithfield, 12 miles northeast of here, for four young bandits who robbed the general store at Smithfield of only 75 cents. The bandits fled, abandoning two automobiles, when F. K. Kirk, who lives nearby, opened fire with a shotgun. Their 75-cent loot, in pennies, was taken from a cash drawer in the combination post office and general store. The post office safe, which contained records, but no money, was missing.

#### Fate of Mrs. Judd With High Court

PHOENIX, Ariz., Nov. 22.—The fate of Winnie Ruth Judd, convicted of killing her friend, Mrs. Agnes Le-Roi, rested with the Arizona supreme court today. The court took under advisement her appeal for a new trial. A decision was not anticipated before late winter or early spring.

## LARGE CROWD IS EXPECTED FOR BULLDOG-BUCKAROO GAME IN RANGER ON THANKSGIVING

The interest of the entire Oil Belt will be on the Breckenridge-Ranger game to be played at Lillard field on Thanksgiving Day, as it will decide who is to be the title holder in the Oil Belt this season or it will determine who will have to play for the championship, depending on the outcome of the game. As has been repeatedly pointed out since the tie with Brownwood last week, after the game is over the Bulldogs will either be champions of the Oil Belt for 1932, or they will be definitely eliminated for the year or they will be in a tie with Abilene and will have to meet the Eagles in another game, probably on the Abilene gridiron. Should Ranger lose the championship will rest with the winner of the playoff between Abilene and Breckenridge.

The standing of three teams will be determined by the outcome of the game, so the fans of these three towns will be vitally interested in the outcome of the game and the Eastland fans will probably be interested because they would like to see the championship remain in the county again. The Eastland Mavericks will attend the game, no doubt, since it has been announced that the Brownwood-Eastland game will be played at 10 o'clock in the morning in order that any fans from Ranger who would like to see the game may do so and so the Eastland fans might be on hand for the Breckenridge-Ranger conflict later in the day.

Breckenridge has a strong team that will outweigh the Bulldogs and they have been working hard toward the championship. As will rest their hopes of a chance at the title for the year. The Buckaroos have adopted a slogan "We can beat Ranger" and will endeavor to do just that thing in the game Thursday. Buckaroo scouts have been on hand for practically every game the Bulldogs have played this season, so the Bulldogs have nothing the Buckaroos do not know about and they have been practicing against the type of play the Bulldogs will be expected to put out. Though the Buckaroos have been scouted some by Ranger fans, there is considerable doubt that as much is known about the Buckaroos as the Breckenridge players know about the Ranger team. Tickets went on sale in Breckenridge and Ranger for the Thanksgiving Day game. The Ranger tickets were not put on sale until father late Saturday night and before the drug stores closed a large percent of them had already been sold or served. The advance sale indicates that the game will draw by far the largest crowd that will attend a conference game in the Oil Belt and it has been estimated that between 4,000 and 5,000 people will witness the contest. Breckenridge has sent word to Ranger that fully 2,000 people would make the trip and it is thought that more than that number from Ranger would be on hand when the opening whistle blows.

#### HOOVER AND ROOSEVELT TO MEET TODAY

Nations of World Await the Outcome of White House Meeting.

WASHINGTON, Nov. 22.—Two distinct problems arising from notes written in the state agreement by four European powers confront President Hoover and Governor Roosevelt late today as they faced each other at the White House. They are: 1.—Shall Mr. Hoover recommend to Congress that Europe be allowed to delay payment on about \$124,000,000 due on war debts on Dec. 15. 2.—Shall the president ask Congress to reconsider the agreement, calling for payment by Europe of \$11,000,000,000 in principle and about the same amount in interest over a period of 62 years.

Affirmative answers to both questions were asked by Great Britain, France, Belgium and Poland. The question of relief from the December payment appears to be one which Mr. Hoover must finally decide alone. The second question Governor Roosevelt may have to deal with at first hand. As President Hoover made last-minute preparations for the conference, United Press dispatches arrived from abroad, indicating Great Britain and France had agreed to pay their Dec. 15 debt installment if postponement is not granted.

Warren D. Robbins, cousin of the president-elect, was selected to meet Governor Roosevelt. A White House limousine and ten motorcycle police were to rush him from the train to the White House when he arrives at 3:30 p. m.

#### Ranger Lions Not To Meet This Week

Roy W. Gilbreath, president of the Ranger Lions club, announced today that no meeting of the club would be held Thursday at noon, which is the regular meeting date of the club. The club will dispense with its program because of the fact that the meeting date falls on Thanksgiving day, but will meet on Thursday, Dec. 1, at the regular hour.

#### MAVERICKS AND LIONS WILL PLAY MORNING GAME AT THE MAVERICK FIELD THURSDAY

Joe Gibson, coach of the Eastland Mavericks, announced today that the Eastland-Brownwood game would be played Thursday morning at 10 o'clock so it would not interfere with the Ranger-Breckenridge game. He issued a special invitation to the people of Ranger to attend the game, saying that the fans from Eastland would be over in large numbers pulling for the Bulldogs to cop the district title. The Mavericks and Lions will clash in what will probably be the only morning game of the season in high school circles, setting a precedent in holiday entertainment. Games have been played over the state in the afternoon and at night under the stars, but it is doubtful if another morning game will be played this season. By playing at 10 o'clock it will give every fan time to stay in bed until late, go to the game, eat his turkey dinner and then move over to Ranger for the Bulldog-Buckaroo conflict, which is holding the center of interest over the entire Oil Belt as it will either decide the championship or determine which teams will play again for the title. Plenty of seats are available for the Brownwood-Eastland game on Thursday morning, and as Brownwood will probably not have many fans at the game, there will be plenty of seats for the Ranger fans on the Brownwood side and lots of seating room on the Eastland side to take care of the Eastland fans. Those who want to obtain good seats for the game should be on hand early at the Eastland-Brownwood game, as the forecast is that it will draw the largest attendance of any game played at Maverick field this season.

#### Eastland Rotary Hears New Cisco Presiding Elder

The Rotary club had their usual Monday session presided over by Sid Pitzer, first vice president, in the absence of James Horton. Eighteen Rotarians responded to roll call, Ranger Rotarians attending were Odell Bailey and Frank Yonkers. The program chairman, W. P. Palm and Sam Gamble, presented Miss Mary Frances Hunter in a reading and Rev. C. Q. Smith, the new presiding elder of the Cisco district of the Methodist Church, who gave a pleasing address. The club was visited by Mrs. Scott W. Key and Mrs. Phillip G. Russell in the interest of the American Red Cross. The Rotary went on record as signing up 100 per cent.

#### Eastland City Commission Meets

The regular meeting of the city commissioners was held at 4 o'clock Monday afternoon with Commissioners Neal Moore, Alex Clarke, Frank Castleberry, T. M. Johnson and City Manager Marlow in attendance. A dozen or more property owners were present, and every applicant for tax reduction on holdings was given a reduction on the percentage basis of the value of the individual pieces of property owned. The next meeting will be held the first Monday in December.

#### Guardmen Seek Drowned Man's Body

GALVESTON, Nov. 22.—Coast guardmen today sought the body of George W. Peck, 55, employee of the Texas & New Orleans railroad, who was drowned when he fell from the drawbridge on the island causeway.

GOV. ROLPH READY TO PARDON DRY VIOLATORS

Gov. James Rolph, Jr., of California will issue pardons to a thousand persons held in California prisons and jails on charges of violating the state prohibition law. California had a drastic pro enforcement law known as the Wright act. It was repealed by a vote of 2 to 1 Nov. 8. Now the taxpayers of the gold commonwealths will not be compelled to pay out their good money for food and shelter for those who have been convicted of violation of the act. It is said that in the grape growing sections of California the voters abandoned their dry stand of years and plumped wet or repeal ballots for a change or repeal of all laws. Michigan had one of the most drastic laws of all the American states. Michigan voters cast ballots for its repeal, and the repealers won by a large majority. Now Governor-elect Comstock, a democrat, will walk in the footsteps of the California governor and liberate all the violators of the act repealed now held in the jails or prisons of Michigan. Governor Paul McNutt of Indiana, another democrat, has announced that after he has taken the oath of office he will turn the violators loose to hustle for their own food and sheltering place. Another version of Finnegan's famous wire to Plennegan: "Off agin; on agin; gone agin."

FEDERAL JOWER COMMISSION CURBS STOCK ISSUES

In advance of the coming of President-Elect Roosevelt and a democratic congress the federal power commission has adopted a resolution providing that no licensee which is a public service corporation SHALL ISSUE ANY SECURITIES WHOSE MATURITY DATE IS MORE THAN ONE YEAR WITHOUT FIRST RECEIVING APPROVAL OF THE COMMISSION. Furthermore, the resolution introduced by Commissioner McNinch provided that the company submit to the commission satisfactory evidence in support of such securities issued. Notice of the proposed issue must be given the commission at least 30 days beforehand. Are the people the masters at the ballot box? For 11 years the federal power commission has been in existence. Nov. 8 the nation thundered its verdict. In the wake of that verdict the federal power commission resolved itself into a regulator of holding companies and securities they issue. Public opinion behind a nation-wide mandate makes office holders as well as lawmakers come out of a trance and do quick thinking.

GOV. BILL MURRAY SHOWS HIS HAND

Governor William H. Murray is insistent that no more oil wells be dug within the Oklahoma City limits. According to an Oklahoma news story the governor was unaware of the city council action in blocking the move to extend the drilling zone to the very heart of the downtown district. Then it was the famous Alfalfa statesman declared he would renew a military order if new wells increased the peril for business homes and inhabitants. This native son of Texas and adopted son of Oklahoma is one of the best political showmen in the nation, as well as one of the best copy makers for the correspondents and magazine writers.

NEW JERSEY GRAND JURY HAS WHIPPING POST

Little Delaware has the whipping post punishment for incorrigible law violators. Now a grand jury in New Jersey has recommended that the New Jersey legislature adopt a law permitting the establishment of whipping posts as the method of punishment. All this for the sake of economy and to create a respect for "organized society and family relations." New Jersey is one of the original 13 colonies. Delaware is another. Why not firing squads for incorrigible law breakers? It is more humane and finishes the job.

The methods used by the various political parties in appealing for the support of the public were out interesting. Besides the use of airplanes by candidates and their workers, enabling personal touch with a great deal more of the electorate, the use of radio broadcasting was a great factor. Obviously, the great advantages of broadcasting for propaganda purposes are those of the accessibility of the public and freedom from interruption, although in all matters it is found that the public reads its newspapers no less diligently, for, after all, it is the printed words that form the final and comparatively incontrovertible record.

The real money in business is in getting volume sales, and the only way to produce profitable volume is by continuous newspaper advertising.

In times of depression is not the time to worry so much about balancing budgets. It should be done in good times when there is little chance of sinking the ship.

Although ordinarily averse to entering water, they plunged boldly into any river that blocked their path. Even the Niagara, the Hudson and Ohio rivers were crossed, though many squirrels drowned in the attempt. In 1749 so many squirrels invaded Pennsylvania that a bounty of threepence was paid for each scalp, and 400,000 animals were killed.

BEHIND THE SCENES IN WASHINGTON WITH RODNEY DUTCHER

BY RODNEY DUTCHER, NEA Service Writer

WASHINGTON—Governor Roosevelt is quite right in warning his people not to pay any attention to what they read in the newspapers about the possible makeup of his cabinet.

Speculation is speculation and it is very much in order at this time, insofar as the next cabinet is concerned. But everyone who writes about it is just guessing and hardly any of the guesses are better than the others. The guessing will become gradually more accurate, of course, as March approaches.

One reason the president-elect is so completely justified in warning the public not to take any stock in the cabinet speculation is that no one knows whether Roosevelt wants a strong cabinet or a weak cabinet.

NEARLY all the current speculation has been based on the theory that he will be wanting a strong cabinet. That's why you find the correspondents picking posts for such folks as Newton D. Baker, Owen D. Young, Albert C. Ritchie, John W. Davis, James M. Cox, Al Smith, Carter Glass, Bernard Baruch, Melvin M. Traylor, William G. McAdoo, Frances Perkins and Thomas J. Walsh.

Obviously, if Roosevelt were to pick a cabinet out of that group he would have a cabinet of such height that he would be in great danger of merely being considered as among those present. That is one of the best reasons for supporting not many of those persons.

It doesn't pay to break promises. Some people break promises as easily as pie crusts. A promise made should be kept. No one should make a promise to do a thing with a silent reservation in their minds to do it—maybe.

Turkey Day Will Be Homecoming Day For A. C. C.

ABILENE, Nov. 22.—Homecoming Day for Abilene Christian College when hundreds of the schools alumni and exes will return to the campus to spend Thanksgiving will be climaxed by the 12th football meeting between the A. C. C. Wildcats and the Daniel Baker Hill Billies. Four times in the past A. C. C. eleven have won, Daniel Baker has taken the decision six times and there has been one tie. The record of games won and lost, since the first two clashes, points to a hard fought, close contest. Back in 1920 an undefeated A. C. C. team ran up a score of 81 to 0 against the Billies, who retaliated the next year with a victory of 55 to 0. Since that time, however, the widest margin for a victory has been 14 points. Twice field goals have decided the outcome, but its finishing touch was good, as Daniel Baker was beaten 3 to 0, a field goal by Eaker Curtis, present coach at Ranger High school, providing the only score of the game.

Pastors Say Students Are Indifferent

NEW ORLEANS, La.—Indifference and godlessness is the distinguishing characteristic of Tulane university students, according to five New Orleans preachers, all of them Tulane graduates. The average college boy, they believe, is more religious than the college girl, despite the fact that the girl may go to church more and the boy may profess to be an atheist.

Happy That I Used ALL-BRAN

Cereal Brought Relief From Constipation

have headaches, loss of energy, sleeplessness, and other of the frequent symptoms of constipation, read Mrs. Stephens' letter:

"I have been eating ALL-BRAN, I don't have anything else for constipation. It is, and how much better for constipation than pills or medicine."

"I never go back to what I like, because Kellogg's ALL-BRAN is wholesome and healthful." Mrs. Schneider, 956 Tenth Street, Waukegan, Wisconsin.

Constipation is usually due to lack of exercise, the intestinal tract. ALL-BRAN has well as iron for the blood. "ALL-BRAN" is much better than laxatives. Within the forms a soft mass. Gently, out the wastes.

ALL-BRAN in place of pills—no often habit-forming. Most types of constipation relieved this way, see for.

Ranger High School Notes

JEWELLE JUDD, Editor

Captain McDonald Addresses Students Captain McDonald, world explorer, spoke to the high school student in assembly Monday. Captain McDonald chose as his subject "Co-ordination." He also related some of his interesting experiences.

The students enjoyed this talk very much and each and every one felt that they gained an addition to their education through this talk. Captain McDonald promised to again visit Ranger High school this spring and both the students and faculty are looking forward to his visit.

Future Farmers To Sponsor Poultry Show Ben Whitehouse, head of the high school agriculture department and sponsor of the F. F. A., stated today that the members of the F. F. A. will sponsor the Oil Belt Poultry Show. The date for this poultry show has been set for Dec. 8, 9, and 10.

The F. F. A. plan to also sponsor educational display. This will be the first time that a display of this kind has been attempted by the F. F. A. but it will add much to the interest of the poultry show and will no doubt be a big success.

High School Clubs Meet Today All high school clubs met at 2 o'clock today. There has been a slight variation made in the weekly schedule. Instead of the regular Tuesday chapel club will meet.

Seeks \$52,000 a Year From Levine

Rather than spend six months in France while awaiting outcome of her divorce action, Mrs. Charles A. Levine (above) returned to the United States and now is seeking \$52,000 yearly alimony pending trial of her separation suit in New York City. Her husband, famed as the first trans-Atlantic passenger, contends he is nearly penniless.

Twins Have Worked Together 43 Years

DETROIT.—For 43 years William B. and Joseph B. Sebastian, twins, have been doing interesting things together. Born at Lynchburg, Tenn., they went to the same schools and enlisted in Company E, 119th Infantry, 30th Division, in 1917.

They sailed for France on the same boat, were wounded in the same battle and returned home on the same ship.

Recently, the War department decorated them with the Order of the Purple Heart for "military merit." The twins are automobile workers here.

AUSTIN.—With nine constitutional amendments submitted to Texas voters in addition to the usual number of presidential electors and state candidates, Texas ballots at the recent election were found too large for the ballot boxes. Openings through which the ballots are deposited had to be enlarged.

T. C. U. Freshmen Are Above Average

By United Press. FORT WORTH.—Members of the freshman class of Texas Christian university, according to results of intelligence tests conducted by the university, are well above the mental average of freshman classes of the last five years, but not of as high a rating as last year's class.

Nagging Pains Are Warning Signals

TEMPORARY pain relief remedies may save you much suffering at the moment, but putting a mask over a warning signal does not clear up the condition it was telling you to avoid.

When periodic pains, due to a weak, run-down condition, distress you, treatment for the cause of the trouble should be started without delay. Take Cardol to build up against the nagging symptoms of ordinary womanly ailments. So many women misuse CARDOL, it must be used to have the widespread use that it has today. Sold at drug stores. Try it!
