Tellar Blakley Dies After Long Illness

Tellar Blakley, 59, died at his home in Belle Plain Wednesday afternoon, following an illness of some weeks.

Funeral services were held at the Methodist Church at Belle Plain, Thursday afternoon at 4 p. m. Rev. Joe R. Mayes, of Abilene, former pastor of the Baird Baptist Church, and a very close friend of the deceased, conducted the service. Burial was made in the family plot in Belle Plain cemetery, with his parents, Mr. and Mrs. J. G. Blakley and other relatives. The new made grave was covered with many beautiful flowers tokens of the love and esteem in which Tellar was held by his loved ones and friends.

It is very fitting that Tellar should sleep his last long sleep in Belle Plain cemetery for he has perhaps helped to dig more graves there than any other and he has looked after the cemetery which was only a short distance from the Blakley home.

John Granderson Blakley was the son of Mr. and Mrs. John Granderson Blakley, pioneer ranch people of Belle Plain settling there before Callahan County was organized. Tellar, a nickname, given him early in life, was born March 13, 1884 on the ranch and lived all of his life there, carrying on the work of the ranch with his sister, Miss Evalyn after the death of their parents.

Tellar Blakley was a good man, a good neighbor, loved and respected by a host of friends, many of whom have known him since childhood. He has been in failing health for several years and for the past several weeks his condition has been serious. Members of the family and friends have been at his bedside constantly.

Tellar is survived by seven brothers, Spike of Baird; Bob of Aspermont; Lowery of Baird; George of Baird; Clint of San Diego, Calif.; Ernest of Fort Worth and Chris of Pecos; three sisters, Mrs. F. B. Jones of San Antonio; Evelyn Blakley of Baird and Mrs. R. B. Taylor of Putnam. Frank Austin, an uncle of Abilene, and Mrs. Emma Santee, aunt of Wagner, Okla, survive also.

Pallbearers were Ernest Hill, Dick Young, Jack Gilliland, Burrus Miller, Homer Walker and Earl Hughes.

All friends were named as honorary pallbearers.

All members of the family were at his bedside when death came except two brothers, Clint of Calif., and Chris of Pecos.

Relatives here to attend the funeral were, Mr. and Mrs. Frank Austin, Jr., Mr. and Mrs. Frank Austin, Jr., of Abilene, Ed Hearn and son Wylie Hearn and wife of San Angelo; Corp. Robert Jones, Mrs. Robert McMassters and Mrs. Franke Newman of San Antonio, Mr. and Mrs. Frank Tolbert, Mr. and Mrs. Eli Jewell of Big Spring, Corp. C. C. Blakley of Camp Crowder, Mo., Billie Taylor, of John Tarleton College, Stephenville, Mr. and Mrs. Joe Kunze of Fort Worth.

Wylie Funeral Home had charge of the funeral arrangements.

What is the youth of America doing to help his country? We are dependent on our youth for a great many things. They today must learn all that is in their power to learn because the problems of tomorrow will fall in their hands. Will they be strong enough to take all the punishment that will befall them? I say they will. They are experiencing crisis now. The mistakes of their ancestors will better show them what they must do in order to make their living conditions better. But now, they are in their small way helping to make our Democracy last by buying war stamps and later turning them into bonds.

GOSSIP

By looking at the desks in the Study Hall and Senior Room, you can certainly tell who likes who and how! My, Burl, ain't love grand

We wonder what will result from the latest "triangles"; Janice, Bill W. Jones, and Raynelle; Wynell, Bill V. Jones and Rosa Lee Ryan; Laura Mae, Elwood and Sally Gay; Wanda, Colonel Dyer and Madeline?

Johnny Joe seems to be a "stand-in" for quite a number of girls lately. We should call you "never-failing" Walker, Johnny.

The question of the moment is, "What girl was Aubrey Buchanan courtin' Saturday night? Could it have been a certain Freshman brunette?"

Who was the er-tech boy who called up B. L. L. the other night and she couldn't think of his name?

Elwood and Bill Davis seem to be doing Ok. Each has two lovely females on his string.

What will be the results when the Sophomore girls see who their upper classmen boy friends are taking to the Junior-Senior Banquet?

We still don't know who the secret loves are of K. W. and W. W. Come on boys--give the gossip editor a break.

There's a rumor that Carl has taken up the habit of "standing up" his date. That isn't the way to a girl's heart, Carl.

We hear Ruby Nell is rating a Post-Grad these days. What about it Aubrey B?

Janice, who did your head turn toward red-heads? We think you're doing fine, Bill.

YOUR ATTENTION PLEASE.

The Dramatics Club is sponsoring the next Victory Concert to be held Tuesday night, March, 9, 1943 at the High School Auditorium.

In connection with the concert to be given by Speech II Students, a "Miss Liberty" contest is underway. Each class has elected a nominee

for the contest. The candidates are: Laura Mae Windham, Senior; Elaine Russell, Junior; Raynelle Miller, Sophomore; and Helen Burks, Freshman. Each class is selling War Stamps and Bonds, and the class that sells the most will win for its candidate. If you buy any War Stamps this week, but them from a representative of one of the classes.

As you probably know, this is National Youth Week, and the boys and girls here at High School are doing all they can to make YouthWeek a success. You, patrons of Baird High School, can help them by buying your stamps and bonds from the high school students.

By the way, a good way to show your trust in the youth of today, is to double Calahan County's WarBond Quota for this week.

We at B. H. S. are doing our share. Will you do yours?

Q. Can stamps of various denominations be placed in one album?

A. More than one denomination in an album greatly increases the work and cost of redemption. Please, therefore, don't mix denominations.

Q. May a minor designate a co-owner or beneficiary?

A. Yes, if the purchase is made by the minor from his own wages or earnings.

Q. Do I lose my investment if my War Savings Bond is lost, stolen, or destroyed?

A. No; upon satisfactory proof of loss or destruction, the Treasury Department will issue a duplicate, usually without requiring a bond of indemnity.

Q. May I register a bond with a beneficiary on a bond without his knowledge?

A. Yes. Records of War Savings Bonds are confidential. It is not necessary for the Treasury to contact the beneficiary during the owner's lifetime. Only individuals may be named as beneficiaries. No associations, churches, or clubs may be so named.

Remember—the longer you keep War Bonds, up to 10 years, the more valuable they become.

News From County Agents' Office

CONTROLLING THE GRUB WORM

Local ranchmen that have used derris and cube powders in treating cattle for grub control reports that very satisfactory results have been obtained. Most of the grubs are killed the first treatment, however, some few grubs remain in the animals body and will later find their way to points along the cattle's back making three treatments necessary for complete control.

The treatments are very economical because the first treatment requires only five pounds of mixture per one-hundred animals; second, treatment 2 1-2 pounds, and approximately 1 1-2 pounds for the final treatment, making a total of nine pounds, or a cost of \$6.50 for the three treatments.

Where chutes are available seventy to one hundred head can be treated each hour. The gain in weight by the animals will more than pay for the cost of the material and labor.

GOVERNMENT TO HEALP VICTORY GARDEA SOON

Many Victory Gardeners have been disturbed lately because they're unable to get fertilizers in small lots. However the government and fertilizer manufacturers are coming to the gardener's rescue. In the near future some special Victory Garden fertilizer will be available for local dealers.

This new fertilizer comes in packages of 5, 10, 25, 30 and 100 pound lots, which should satisfy the needs of all. About one pound of fertilizer is needed for each 25 feet of row your'e planting.

The formula for this fertilizer is a little different from the kind sold last year, however, it will produce good results. Specifically, it contains three percent nitrogen, eight percent phosphoric acid, and seven percent potash.

Broadcasting causes lack of full fertilizing value due to wasting. Applying it in the row and chopping it in with a hoe until thoroughly mixed with the soil will give best results. Its best to apply the fertilizer two weeks before you plant.

LOW PROTEIN ROUGHAGE REQUIRES HIGH GRAIN MIXTURE

Failure to keep the protein content of the grain mixture fed to dairy cows in balance with the roughage in the ration causes greater loss in milk production than any other thing. With the beginning of the freshening season and the high demand for milk, dairymen will profit by remembering there are but two simple facts to bear in mind. A low protein roughage requires a high protein grain mixture.

and a high protein roughage requires a low protein grain mixture. Protein is the only element that stimulates milk, but it is important to keep the correct balance between the grain and the roughage to assure maximum production. Too little protein quickly lowers the yield and too high percentage has a similar reaction with the further hazard of possible harm to the cows.

Extension Bulletin B-69 which contains analyses of most of the roughages and concentrates may be obtained at the office of W. M. Meador County Agricultural Agent.

To determine the grain mixture, find the percentage of the protein content of the roughage, dry basis, as tabulated in the bulletin, and subtract from 27. The difference will be the desired protein content of the grain mixture.

For example—a cow is getting hegarri silage which contains seven per cent protein, dry basis. Accordingly, 20 should be the protein content of the grain mixture. A mixture composed of 100 pound each of ground ear corn, ground oats and wheat bran and 125 pounds of cottonseed meal would provide 20.5 pounds of protein to each 100 pounds of the mixture. This would be close enough, and would be all right to use with hegarri silage.

Red Cross Needs \$125,000,000 To Finance Wartime Program

WASHINGTON, D. C.—Faced with the greatest wartime program in history, the American Red Cross will launch its 1943 War Fund appeal for \$125,000,000 on March 1. Chairman Norman H. Davis has announced.

Pointing out that the bulk of the fund will be used to expand Red Cross services to the men of the armed forces and their families, Chairman Davis urged every American man and woman to contribute to the fund.

With the approval of President Roosevelt, who also is President of the American Red Cross, the month of March is being observed as Red Cross Month. Walter S. Gifford, president of the American Telephone and Telegraph Company, is chairman of the Red Cross 1943 War Fund.

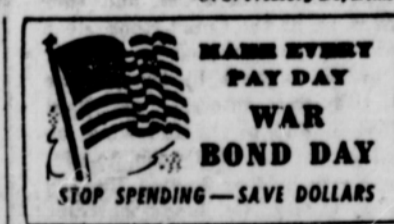

"Red Cross services to our armed forces and to the needs of distressed civilians on the battle and home fronts can be supplied only by great expenditures and sacrifices," Chairman Davis said. "We are exerting our utmost efforts to accomplish these tasks with the least possible drain upon the resources of the people in funds, time and energy. We must never falter in our determination to meet these definite obligations. The Red Cross is confident that all our people will be generous in their support of the 1943 War Fund."

More than 65 percent of the fund received by the national organization will be devoted to meeting Red Cross responsibilities to the armed forces. These include the Red Cross overseas club program, recreation and hospital program, the stationing of field directors at all foreign and domestic military camps and bases, the huge surgical dressing production program, and the blood plasma project which recently was expanded to a total of 4,000,000 pints at the request of the Army and Navy. Chairman Davis pointed out that the 1943 program will be vastly greater than the accomplishments of last year, in which the Red Cross aided millions of war victims through its foreign war relief program; gave aid to thousands of prisoners of war; collected 1,500,000 pints of blood for the armed forces; produced \$20,000,000 surgical dressings, and aided more than 1,500,000 servicemen and their families. The \$125,000,000 quota, he said, will finance the local, national and international work of the Red Cross for the entire year, barring unforeseen emergencies.
