Fishing Season to Open Tuesday; All Anglers Are Ready

The fishermen of Ranger are looking forward to the opening of the 1934 season on Tuesday, May 1, with much anticipation, as indications are that this will be one of the best fishing seasons since Lake Haganam was opened. Jim Ingram has the fishing rights for the 1934 season and season permits are now on sale.

Prizes have been offered by Killingsworth, Cox & Co., Joe Harness and Montgomery Ward & Co., for the largest fish caught the first week of the season and the Gholson Coffee shop has offered to cook the prize winning fish free and serve it with all the trimmings.

Jim Ingram pointed out today that year before last 24,000 fish had been put in the lake and last year an additional 8,000 had been added, which really overstocks the lake, so the fishing should be exceptionally good. In addition, he pointed out, the lake has not had enough water in it to run over the spillway for two years and the fish have had no way of getting out of the lake.

A man has been engaged to sell minnows and he will be located near the pump station at the minnow tanks at all times so that plenty of minnows will be available. It is expected that between 15,000 and 20,000 minnows will be added to the pond during the season so there will be an ample supply on hand at all times. Several boats are also available to those who want to rent boats from which they can fish.

DIPLOMATIC CRISIS NOW SEEMS LIKELY

LONDON, April 24.—Threats of a diplomatic crisis rivaling that of the Manchurian incident in 1932 was seen in European capitals today as results of a world-wide drumfire of Japanese "hands off" declarations concerning Asia.

While the Japanese foreign office awaited arrival of a note from Great Britain, its former allies, requesting explanation of Japan's declarations the Japanese consul general at Geneva issued a statement which intimated Japan's real interest stopped not at China and Manchuria, but embraced nearly one-third of the earth's land surface.

It was understood that the cabinet would consider, tomorrow, what was called, already, the Far Eastern crisis, and that the government was awaiting only Japan's reply before considering the advisability of consulting the United States.

A few hours after dispatch of the first note, the Japanese consul general at Geneva issued a formal statement in which he declared Japan intended to assume responsibility for events in western Asia. It was explained that this was a translator's error and that eastern Asia was meant but the implication was unmistakable.

This declaration is meant, above all, he said, to affirm Japan's firm intention to assume responsibility for events in western Asia with Asiatic powers.

The powers, he mentioned, included China, India, Siam, Manchuria, the Philippines and Asiatic Russia.

WASHINGTON, April 24.—The United States may follow the lead of Great Britain in reminding the Japanese government of its obligations under the nine-power pact, it was stated today.

WORKING CONVICTS AS MULES HALTED BY ARKANSAS

Convicts are shown here doing the work of mules on an Arkansas prison farm, just before the practice was stopped by order of Gov. J. M. Futrell. The prisoners were put at work pulling 100-pound cotton planters, with other felons guiding the implements, while the farm was short of mules. State investigators reported the work was no more strenuous than the regular prison manual labor and that they saw no reason to call a halt. "No civilized state can permit such a practice," said Governor Futrell.

It was understood that the cabinet would consider, tomorrow, what was called, already, the Far Eastern crisis, and that the government was awaiting only Japan's reply before considering the advisability of consulting the United States.

The charges cite him as an accomplice in the slaying of Guard Major Crawford, killed in the gun battle, reportedly lead from the outside by Clyde Barrow and with abetting the escape of five prisoners.

Floyd Hamilton was charged specifically with planting the guns used by the convicts during the break.

He will go to trial in Dallas Monday in connection with the \$1,500 robbery of the Grand Prairie State Bank on March 19.

Sterling Gets His Third Oil Strike In Past 16 Months

HOUSTON, April 24.—Former Governor Sterling admitted broke when he left the governor's mansion 16 months ago, announced his third new oil discovery within a year here today.

A new deep well in his Hogz Brothers farm No. 2 well gave the old West Columbia field at Brazoria county, hopes for a new boom today. The 700 barrel well was brought in at 5,200 feet, 2,200 feet lower than the old sand which made the field the third largest in the state.

Sterling organized his corporation early last year in an effort to recoup his fortune, allegedly lost while he was governor.

DOCTOR BRINGS DOG TO LIFE AFTER 11 DAYS

BERKELEY, Calif., April 24.—A small black and white dog, partially revived from apparent death by a young experimenter, today held the key to discoveries which may solve science's ageless search for a means of restoring life.

Success of the experiment by Dr. Robert Cornish, 28-year-old University of California graduate, depended upon the return to full consciousness of Lazarus IV, the fox terrier he restored to partial consciousness after asphyxiation 11 days ago.

Locked in a barn-like laboratory, he watched patiently and hopefully as the dog fought its way back to a normal state. The pale faced young scientist rejoiced as breathing resumed, the heart began beating and vision returned. The dog responded to ordinary reflexes, sought feebly to brush a fly off its body and accepted food.

ANOTHER PLAN FOR RELIEF OF MANKIND

Nicholas Murray Butler is internationally known as the president of Columbia university. His name is almost a household word as a thinker, a writer and a speaker. Well, the university has a commission of "economic reconstruction." It investigated or surveyed and then reported in 65,000 words "that society could overcome the evils of poverty and unemployment if it continued to utilize to the full the productive capacity which is actually available and it equitably distributed the national income." Well, the panacea for all the ills of humanity evolved by the Columbian combination brain cell should have been written in the plain language of the plain people. It is altogether ambiguous for "the forgotten man" or the near forgotten man to grasp or digest. Of course, the conclusion is that "the concomitant illusion is that a deliberate limitation of output, because it raises prices helps toward recovery." Another report should be broadcast, and the drafters or writers should advise the millions of the best and newest system of distribution of the national income" to overcome the evils of poverty and unemployment." Where do we go from here?

DID YOU EVER STOP TO THINK
 By EDSON R. WAITE, Shawnee, Oklahoma

THAT your home merchants always carry in stock reasonable merchandise at reasonable prices.
 You can get quality, price and satisfaction from home merchants, so why buy from a peddler or a catalogue?
 The amount of money taken away from every community by door-to-door peddlers is surprising.
 Peddlers are usually people who do not live in the community in which they work, they pay no taxes, do not help to support the community and are interested only in what they can take out of it.
 Money spent with them is money taken out of the community to work for some city far away.
 Everyone should stop and investigate before they buy from a peddler or a catalogue.
 Money spent with home merchants serves the home community. It stays at home and works at home.
 Every dollar sent away from your community takes needed strength from it.
 Keep your money working in the home community!

Seeing a sparrow which had fallen a victim to modern traffic reminded us yesterday how seldom birds meet their death in this way. Modern transport in various forms has signed the death-warrant of many an animal, but birds, generally speaking, are immune. When telephone wires first appeared, birds fell victims by the thousands, fluttering to earth with broken necks or wings, but today they seem to have learned how wise it is to keep a look-out for these wires. Swift moving cars sometimes number a bird among their victims.

When there are periods of disharmony and differences of opinion regarding community interests, strong methods should be used to solidify efforts for the common good.

The ROMANTIC RUNAWAY by KATHARINE HAVILAND-TAYLOR. BEGIN HERE TODAY. PABBITO, a handsome youth accused of a murder he did not commit, escapes from Key West to Havana with two thieves, BEAU and LOTTIE. In Havana, under the name of "Pabbito," he becomes celebrated as a boxer and he and Beau open a gymnasium. Pabbito loves ESTELLE FIELD, daughter of rich JIM FIELD, and she loves him. They meet and plan to marry, but Field breaks up the affair, taking Estelle away. Two years later she becomes engaged to ALEX DAVIDS. SIR AUBREY, titled Englishman and Pabbito's father, has been searching for his son, employing BILLINGS, New York detective. Believing Estelle faithless, Pabbito asks Lottie to marry him. Field loses his fortune and Estelle breaks her engagement to Alex. She and her father return to Havana. MARCIA TREADWAY, who knows Pabbito is innocent of the murder charge, at last tells the truth. Estelle writes Pabbito, but, feeling he cannot break his engagement to Lottie, he does not go to her. NOTHING NOYES, who has befriended Pabbito as a child, comes to see him. Realizing she stands between Pabbito and his happiness, breaks their engagement and departs. NOW GO ON WITH THE STORY CHAPTER XLVII. BILLINGS, who had written Pabbito that Sir Aubrey wished to see him personally and asked the favor of Pabbito's address in case he should change it at any time, was headed toward Cuba where he was to meet Sir Aubrey, also on his way there. It would be hot in Cuba. Billings thought as he rode in the southward-speeding train on a warm August day. Yes, it would be hot in Cuba. But this would be his last trip on the case that had taken so long as a matter of fact. The case that had held so much interest for him had been a simple one. Marcia Treadway, as Coma, had met the eyes of a woman who no longer knew her. And Marcia had smiled, seeing in this the sign that her tale was now an old one and that Pabbito was safe. Carlitto was kneeling in the Church of the Angels, asking the gentle mother of Christ to forgive him for his intent to kill Jim Field who, before Carlitto had reached this triumphant moment, had killed himself. Near Carlitto was his son, "Madre Santissima de Jesus." Carlitto entreated, "guard my son from the pain I have known and the evil that it caused!" He left in the arms box a substantial part of his wages and stepped into the mistering heat of the dry street feeling that the gentle mother had smiled on him. Estelle, living in three rooms of the great house that had been her father's, thought bitterly of the transience of men's affections, as she waited for the coming of the winter that would bring her north to Cuba. Then again she would show the house to possible buyers—a little over-eagerly, perhaps, as she pointed out the beauties of the place and always stopping at the threshold of her father's office where one wet night he had locked the door after him before stepping through the door which is before all men. SHE had heard from Pabbito again and had burned the letter. She

few People Know Why San Jacinto Was So Named. AUSTIN—Surprisingly few persons at the state capitol know why April 21 is San Jacinto Day. Asked, they reply it is the anniversary of the battle of San Jacinto. Pressed further, they say the battle was so named because of the proximity of the San Jacinto river. But when asked how the river received that name, they are stumped.

LAST DAY

Clark Gable and Claudette Colbert in "It Happened One Night," a Columbia picture, showing last time today at the Arcadia theatre.

Gable and Colbert In Popular Film At The Arcadia

The marked popularity of "It Happened One Night" at the Arcadia theatre today attests the favor in which Clark Gable and Claudette Colbert are held among local movie-goers. The romantic pair, teamed together on the screen for the first time in this delightful romantic comedy-drama, enact the most colorful roles in their respective careers. Gable appearing as the knightly ex-newspaper reporter, and Miss Colbert portraying the petulant, supercilious "Ellie Andrews," a runaway heiress making her way to New York. The two meet, rather inauspiciously, on a bus leaving Miami. Gable notes with growing concern the girl's apparent helplessness and takes her under his wing. Missing the bus at a stop-over, they decide to hitch-hike the rest of the way. Their adventures from this point on provides a wealth of comedy, romance, and drama, presented in the finest directorial tradition of Frank Capra, the man who also made "Lady For A Day" and "American Madness."

Robert Riskin adapted "It Happened One Night" from the Cosmopolitan Magazine story by Samuel Hopkins Adams, which was published under the title of "Night Bus." In the large supporting cast are Walter Connolly, as Miss Colbert's irate father; Roscoe Karns, a traveling salesman who puts Claudette "on the make," rather unsuccessfully; Ward Bond as the bus driver, and Blanche Frederici, Alah Hale, Jameson Thomas, Arthur Hoyt and others in minor but important roles.

Seagoing Terrior Deserts His Ship

PHILADELPHIA. — A white terrier dog has returned from a Mediterranean cruise to become a police station mascot.

"Rags" was presented to an Aquitania passenger as a joke just before the ship sailed last February. The passenger refused to accept the pup, but Captain Robert Irving did.

After two cruises in the Mediterranean district, "Rags" found his sea legs and paced blithely about the quarterdeck. Mr. and Mrs. Lewis B. Harvey became attached to him, and obtained permission from Captain Irving to present him to a police station here.

His likes and dislikes were violent, however. Patrolman Thomas Brown took him home to "teach him manners."

"Rags" now politely ignores tempting police shins, and is back in official favor.

ing of the Young Peoples' department, which is to be held next Sunday, April 29.

The menu together with other details were arranged at this session and the occasion is being anticipated with much enthusiasm.

The lawn of the Larson home, beautifully lighted for the hour, brought many games merrily entered into by the happy group. At the close of the delightful evening home made ice cream and cake were served by Mrs. Larson, assisted by Mrs. J. E. Jacobs, and Miss Roy Moore, to special guests, Mrs. Sylvan Gray of Fort Worth, former teacher of this group, and Mrs. O. Denny, Miss Winsett, W. W. Very Much Improved After Talking Cardui

"I have suffered a great deal from cramping," writes Mrs. W. A. Sewell, Sr., of Waco, Texas. "I would chill and have to go to bed for about three days at a time. I would have a dull, tired, sleepy feeling. A friend told me to try Cardui, thinking it would help me—and it did. I am very much improved and do not spend the time in bed. I certainly can recommend Cardui to other sufferers." Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.
