Deficiency Appropriation Bill Passes House

TWO POINTS IN RATE CASE ARE IN ARGUMENT

VOL. XVI

AUSTIN, June 4. - District Judge Charles Wheeler today asked arguments on two points in the state's suit to force reduction of natural gas gate rates in North a Texas from 40 to 32 cents a thousand cubic feet.

He deferred final ruling after hearing exceptions to the state's pleadings by the Lone Star Gas company. Decision on the two points, he said, would make it easy to pass on the remaining minor

Questions puzzling him are: 1. Has the state the right to ask a money judgment for benefit of consumers because of failure of the utility to obey the reduction

2. Has the state railroad commission the right to ask an injunc-tion to enforce its orders in the absence of other complainants?

DID YOU EVER STOP TO THINK

By EDSON R. WAITE, Shawnee, Oklahoma

Advertising has paved the way to success for those concerns that are a success.

Newspaper advertising is highly regarded by the public. They appreciate its service because it is the kind of service that serves them well.

People are ever eager to know what local merchants have to sell. They read the advertising columns of local newspapers for full information, and when local merchants do not give full information they turn to mail order

When the business of local people is invited by local advertising, people buy at home.

Many people buy from a catalogue, not knowing that local merchants can sell them better quality and better

People always have a genuine appreciation of the local merchants who advertise in local newspapers.

Bitter Strike Foe May Lead 100,000 in Steel Walkout

LABOR leader who hates A strikes may lead 100,000 workers in one of the greatest alkouts in industrial history in

June. He is Michael F. Tighe, president of the Amalgamated Iron, Steel, and Tin Workers. The employes, in convention voted to strike unless their de mands for union recognition were met. Steel company chiefs declare they will close their plants before they will grant recogniindicating that a bitter struggle will ensue.

Tighe's hatred of strikes dates from his days as a puddler in Wheeling, W. Va. After five Wheeling, W. Va. Wheeling, W. Va. After five months on strike, when he was heavily in debt, his young son died. Tighe had only 75 cents in his pocket. Forty cents went for a wire to his wife's relatives. A \$5 loan from a saloonkeeper friend paid a deposit on a burial lot and another friend, an undertaker, supplied the casket.

Tighe didn't place the blame for the tragedy on the strike, but he held it was a contributing factor and since that dark day

he has fought bitterly against Michael F. Tigbe walkouts.

Huge Telescope Mirror Was Not Broken As Claimed

FT. DAVIS, Texas .- Reports that the big mirror glass for the McDonald observatory to be erected near here on Mount Locke had been broken and ruined in the grinding process were incorrect, according to a letter reaching Ft. Davis from Dr. Otto Struve, di-rector of McDonad and Yerkes obervatories.

There was some damage, it is understood, around the edges of the 80-inch, two and one-half ton

'In inspected the glass disk for the mirror," Dr. Struve said in the letter, "and found that while almost perfect, it would be neccessary to reheat it and to anneal it a second time. This will require about four months."

The annealing process reduces brittleness and increases softness.
"The disk," the eminent astronomer continued, "could probably be used as it is. We are merely using the maximum degree of cau-tion in order to obtain the best glass disk that has ever been pro-

Dr. Struve added that the steel dome of the observatory has been partly erected at Cleveland, O., by the steel contractors and that construction on the mountain here will be started in June.

LEGAL RECORDS It has been the intention of the contractors to erect the dome on the manufacturing site so as to Wylie A. Ash and Miss Minnie get its every rivet hole and curve fabricated and fitted accurately Earl Cotten and Katherine No- before bringing the steel to this remote place where it would be difficult to remedy faults. Thus In re: liquidation vs. Texas every piece will have been fitted State bank, Eastland, sell Perry and every hole bored before arriving here to go into the completed
