UNITED PRESS SERVICE BRINGS LATE NEWS OF THE WORLD TO TIMES READERS

VOL. XVI

RANGER, TEXAS, FRIDAY EVENING, JUNE 15, 1934

PRICE FIVE CENTS

No. 1

Joe Palmer, Escaped Convict, is Recaptured

The fact that half the houses in eight American cities have no bath tubs proves we're not so bad, after all. At least that many families made gin.

SINCLAIR IS WINNER 15-6 ON THURSDAY

Sinclair had an easy time winning from Service Club Thursday afternoon by a score of 15 to 6 when Service Club presented them with the game in the early innings by allowing six runs without a hit being made by Sinclair batters, all the six men who scored getting on base through errors or walks.

In the first inning Sinclair got two runs on three errors and Service Club got one hit and made a run on one Sinclair error, while both teams played air-tight ball for two innings, retiring the sides in order.

In the fourth Sinclair ran in four more runs, without making a hit, while Service club, not to be outstripped too far in the early stages of the game, connected for three hits that brought in two runs, making the score 6 and 3.

In the fifth, however, Sinclair finally began connecting with the ball and batted around, getting six hits, while only one error was made to help them get their runs.

This was Sinclair's last scheduled game, while if Lone Star wins its game with Stargus Monday a playoff will be necessary, which will be arranged by the two team managers, but which is expected to be played next Thursday, and which will determine the championship of the first half. Two games that were rained out the first week will be played next week, the Times meeting the Marathon on Tuesday and the Elks meeting Service Club on Wednesday to end the season.

Summary—Two-base hits, Reimund, Lemna, Killingsworth; struck out, by Killingsworth 1; Sikes 5, Ice 1; base on balls, off Killingsworth 3, Sikes 2; hits and runs, 4 hits, 5 runs off Sikes in 6 innings; off Ice, 2 hits, 1 run in 1 run in 1 inning; left on bases, Sinclair 8, Service Club 4. Umpires, Lingle, Taylor and Littlefield.

Flag Day Service Is Well Attended

A good crowd attended the Flag Day ceremony at the Elks lodge Thursday night, at which the nine flags under which the United States has served were used in an impressive way. L. R. Pearson read the history of the period for each flag and L. H. Flewelling read the response.

The Elks were aided by members of the Carl Barnes Post of the American Legion, the national guards, the Boy Scouts, and the American Legion Tickleby band in presenting the ceremony.

Carnera Unable to Walk for Two Weeks

NEW YORK, June 15.—Primo Carnera will not be able to walk for two weeks, Dr. Vincent Farni, his doctor, said today.

The ex-champion heavyweight boxer suffered a badly swollen ankle and x-rays will be taken to determine if a bone is broken.

Sings as Fiance Lies Dead

Death gloated in the wings as Leah Ray, 19, above, with never a tremor, sang a song in a Detroit theater thanking her sweetheart for a lovely evening. She went on for her act knowing that her fiancé, Harry Pinsky, was a passenger on the missing airliner that a few hours later was found in the Catskills, seven dead in its wreckage.

Mussolini Shows Hitler Example Of Fascist Rule

VENICE, June 15.—Premier Mussolini today staged for Adolf Hitler, Nazi chancellor, a demonstration of fascist strength and discipline which indicated that if fascism ever falls it will be by force of arms.

Mussolini, trying to win Germany back to Europe diplomatic councils, in a conference mingled with spectacles ranging from the picturesque to the theatrical, treated Hitler to a vision of militant fascism which he could compare with his Brown Shirt organization.

For the purpose of the demonstration he selected 3,000 picked members of the Fascist militia, the boys who will work themselves up to the proud rating of militiamen.

Relief Board Row Nearing An End

AUSTIN, June 15.—The right of R. L. Holliday, El Paso, to continue as a member of the State Relief Commission, will be established finally today.

State supreme court answers to certified questions that his removal was illegal, were delivered today to the third court of civil appeals here.

The appellate court now has only to certify back to District Judge J. D. Moore its findings, based on the supreme court answers, that the trial court was right in holding Holliday to be the rightful member rather than Julius Dorenfield of Amarillo.

Hamilton Files An Appeal Today

HUNTSVILLE, June 15.—Notice of appeal was on file here today from a death sentence given Wednesday to Raymond Hamilton. The notice was filed after Judge W. S. Dean yesterday overruled a motion for a new trial.

Hamilton was convicted in connection with the fatal shooting of an Eastham prison farm guard.

Richard Rehm Is Sentenced to Die

DALLAS, June 15.—Richard C. Rehm, New York parole violator, was sentenced today to death in the electric chair for murdering Patrolman Lake Bell of Dallas.

Bell was slain May 18 when he sought to arrest Rehm, who had escaped from a patrol wagon.

Court Approves Report of County School Depository

The Eastland county commissioners' court this week approved a lengthy 84-page annual school statement of the county covering the period from Sept. 1 of 1932 to Aug. 31 of 1933, submitted by the Commercial State bank of Ranger, county depository.

The county available fund entered the period with a balance of \$4,733.90 and ended with a balance of \$3,952.28. Total receipts coming into the available fund was \$7,914.88. Disbursements of the fund amounted to \$4,252.

The county administrative fund upon entrance into the period had a balance of \$643.83. Balance at the end of the period was \$641.40. Total disbursements of the fund were \$4,227.93.

OIL PROBE IS VOTED UPON BY COMMITTEE

WASHINGTON, June 15.—The house rules committee today gave legislative right of way to the Cole resolution for investigation of the petroleum industry.

The committee vote was unanimous to give the resolution consideration. There was possibility the resolution would be brought up today.

The resolution would empower the interstate commerce commission to make an investigation into practices in the oil industry, including shipments of oil produced in excess of state quotas.

Navy Rules In Display of Toys

NEW YORK.—While the U. S. navy is showing its battle strength to wondering New Yorkers, the newest models in toy navies are being demonstrated at the annual exhibit of summer playthings at the Toy association.

The latest thrill in Tom Thumb armadas is the miniature electric speed boats, which, operated by remote control, shoot through the water at 100 feet a minute. They can be set to go 100 feet and then return to the owner, or to operate in a circle in addition to pursuing a straight course.

Ambulian boats that go on land, or sea, are another new toy invention.

Interest in the navy is expected to absorb young Americans in shipbuilding, judging by the record display of naval construction sets launched at the toy showing. Youngsters of four or five can construct simple models; while children with more expert fingers can make realistic replicas of every type of vessel from battleships and cruisers to ocean liners.

One of the new thrills is a cardboard shipbuilding set, which can be made waterproof so that it can sit in the water all summer.

Airplane building is having a revival, too. Exact replicas of navy planes are particularly popular. There are new type submarines modeled after the navy types that actually will perform bathtub dives.

Avalon, Pa., Beset With Locust Horde

AVALON, Pa.—The local 17-year locusts are clinging to shrubs and vines, and developing appetites which residents fear will mean the end of their gardens and shrubs.

The people of Avalon take little stock in the assertion of scientists that the Avalon locust is merely a Bohemian grasshopper. They can remember a devouring horde which descended on the town in 1917, and in 1900, and the oldest residents claim there was an invasion in 1883.

Just why this vicinity should suffer when the rest of the countryside seems immune, no one seems to know, but the insects have climbed from their underground "cellulose wrappings" and are hanging in clusters on all nearby vegetation.

CRUDE PRICE DECLINE IS NOW FEARED

WASHINGTON, June 15.—A general decline in crude oil prices was anticipated by the oil administration today because of rejection of the oil control bill by the house interstate commerce committee.

Such a decline, naturally would accompany unrestricted production.

Oil Administrator Ickes said defeat of the bill in committee and a New Orleans court order would virtually nullify the government's production control efforts.

"We now have no protection against the running of hot oil," Ickes said. "I think rejection of the bill creates a dangerous situation."

Marine Corps Will Recruit 1,000 Men

NEW ORLEANS.—Col. William C. Harlee in charge of replacement activities of the U. S. Marine Corps in the Southern states, on his return to the Marine Corps Headquarters in New Orleans from a trip to Washington, announces that the Marine Corps has allocated to the Southern area under his charge 600 of the 1,000 Marine Corps vacancies recently created by Congress.

The Marine Corps District of New Orleans, with office and examining rooms at the City Hall Annex, has been assigned 200 of these vacancies for Louisiana, Texas, Oklahoma, Arkansas, and Mississippi.

The remaining vacancies are assigned to the Marine Corps Districts of Macon, Ga., which includes Alabama, Tennessee, and Georgia; and to the District of Savannah, Ga., which includes Virginia, North Carolina, South Carolina, Florida, and part of Georgia.

Most of the vacancies will be filled from waiting lists of qualified applicants.

Applicants must be graduates of high schools or have equivalent or superior education, must be over 18 years old and over 66 inches tall. Evidence of educational and physical qualifications and also of character and standing in home community must be submitted by mail before applicants are admitted to the examining offices.

Until the recent act of Congress furnishing funds to maintain the Marine Corps at its normal strength only a small part of the qualified applicants on the waiting lists could be accepted.

The South has been favored in the allocation of men to be accepted in the Marine Corps because of economy in their transportation to the training station at Parris Island, S. C., where all men accepted east of the Rocky Mountains are sent for first training. Heretofore the vacancies were evenly distributed throughout the country according to the population of the states giving the South only a meager share of the few vacancies.

Tropical Storm Heading Northeast

HOUSTON, June 15.—The tropical storm which weather bureaus have been tracing about the Gulf of Mexico for the last week moved near the Texas coast today.

The government advisory today placed the storm at 400 miles off the mouth of the Rio Grande and slightly south. It was moving northeast. Intensity of the disturbance was not reported.

PEACOCKS WEATHER PROPHETS

MILWAUKEE.—Peacocks at the Washington Park Zoo have proven to be reliable weather prophets. On dry days the birds seldom utter a sound, but as humidity increases and rain is in the offing, they start to cry. As a storm becomes more imminent the cries become louder and more frequent. Usually by the time the storm breaks, the peacock section is a virtual bedlam.

Many Testify At the Morning Revival Service

The service this morning at Central Baptist revival was used as a testimonial service. So anxious were those present to give their testimony that several would be on the floor at once. Many old time hymns were sung. Those hymns that were dear to hearts because of long memories were requested and sung. So great a spirit prevailed that Rev. Dunlap was unable to draw the service to a close on time, they lingered long in sweet fellowship, prayer and singing.

Last night Rev. Dunlap spoke to a filled house on "The Remedy for Snake Bite." At the close of the service four came forward for church membership, three of these were upon profession of faith, one by letter.

Tonight Rev. Dunlap will speak on the "Final Judgment." Come early. Get into the prayer bands and get the full spirit of the meeting.

Pastor Hitch Hikes To Evening Services

EAGLE GROVE, Iowa.—The Rev. Albert S. Kilbourne, pastor of churches in Eagle Grove and Galt, 20 miles apart, has earned for himself the title of "the hitch-hiking pastor."

After preaching the morning sermon at Eagle Grove, the Rev. Kilbourne hitch-hikes to Galt every Sunday afternoon to deliver the evening sermon. Like the postman who goes for a walk Kilbourne spends his annual vacation hitch-hiking about the country.

Safety Campaign Old Stuff in 1808

PHILADELPHIA.—Safety first campaigns did not start with the advent of the automobile. They were old stuff in 1808, as revealed in one of a collection of children's books recently exhibited here.

The old book published in that year contains a number of "cautionary stories in verse." One example was:

"Miss Helen was always too giddy to heed
What her mother had told her to shun,
For frequently over the street
In full speed
She would cross where the carriages ran."

The moral, of course, was reached in the final verse when the young lady who disobeyed her mother was struck by one of the many carriages.

Father of Ranger Man Died in Austin

John R. Neville, father of Tom and Dan Neville of Ranger, died at Austin June 10, after an illness of three years. Services were held at Greenwood Monday afternoon at 4 o'clock, conducted by the Rev. J. M. Cooper. Interment was at Greenleaf cemetery immediately following the services.

The decedent was born in Washington county, Texas, and has made his home in Brownwood since 1902. He is survived by 10 children, including two sons, Tom and Dan Neville, of this place, 31 grandchildren and 25 great grandchildren. Pallbearers were J. H. Curley, Leo Mayfield, M. J. Flowers, George Walker, K. Roberts and Luther Wilson, all of Brownwood.

Good Fight Card For Monday Night

A good fight card has been worked out for the fights at the Elks Arena for next Monday night, the nights for the fights having been changed back to Monday from Saturday.

Tiger Billy McEun will meet Curley Stringer in one of the main wrestling bouts, and Pat Swanson will meet Jack Hendrix.

A good six round boxing bout, which is said to be a grade fight, will be staged between Bill Donoho and Hollis Houston.

STEEL STRIKE AGREEMENT BEING PLANNED

PITTSBURG, Pa., June 15.—President William Green of the American Federation of Labor today pleaded with imbittered steel workers to cancel their plans for a general strike and offered them a solution through the federal government of the difficulties that have brought the industry to a crisis.

The conditions outlined by Mr. Green, which he said would lead to the strike being called off, were:

1.—A board of three appointed by the President to receive complaints and mediate any differences.

2.—The employees shall have the right to bargain collectively, and the board would have the authority to order and supervise elections.

3.—The management of each plant shall meet with workers or their representatives to settle all disputes.

County School Superintendent Applies For Aid

Application for state aid for Eastland county schools which had among their pupils who had been transferred from other schools, has been made by the county school superintendent.

The amount of tuition due from the state is \$4,121. Laws of the state education system have it that schools that are able shall pay tuition of students transferred to other districts, but if their financial status makes the matter impossible then the state pays. The only schools in the county that were able to pay tuition for their students transferred were Reagan, New Hope, Long Branch and Grapevine.

When warrants for the money has been issued by the state Clisco will receive \$754; Ranger \$482; Eastland \$243; Rising Star \$472; Carbon \$477; Gorman \$236; Pioneer \$731; Morton Valley \$281; Alameda \$150; Okra \$84, and Union, in Callahan county, will receive \$126.

More Bombs Are Mailed In Paris

PARIS, June 15.—Bombs, mailed by a madman with a deadly hatred of present political conditions and trends, seeped today through a cordon of 3,000 police, secret service and post office detectives and terrorized Paris.

A bomb exploded in the office of an automobile company as a mail clerk unwrapped the package which contained it. Other bombs were discovered at offices of other companies. Police planned a watch on all mail boxes in Paris if necessary to stop the plague of deadly bombs, some strong enough, if exploded properly, to destroy a building.

Moratorium On German Debts Arouses Nations

Germany's six months moratorium on all foreign obligations, effective July 1, met with reprisals today.

In the British house of commons, Chamberlain, chancellor of the exchequer, announced that unless Germany made a satisfactory offer to British bondholders and commercial debtors, he would set up a clearing house and pay debt services that way.

In Paris the government protested officially against suspension of payment on the Dawes and Young loan and the foreign office prepared to ask the United States, Britain and other creditors to take joint action.

Chosen to Head Doctors of U. S.

Dr. Walter Biering of Des Moines here greets the world with a broad smile, as he just has received one of the highest honors of the medical profession—the presidency of the American Medical Association.

The Iowa physician was inducted at the annual convention in Cleveland, succeeding Dr. Dean Lewis, Baltimore.

Proceedings In 11th Court of Civil Appeals

The following proceedings were had in the Court of Civil Appeals, Eleventh Supreme Judicial District:

Affirmed—George Callihan vs. Colorado National bank, garnishee, Mitchell; H. L. Barber vs. S. R. Smart, Palo Pinto; Mrs. Laura A. Wallace et vir. vs. August Neuman et al., Jones.

Motions Submitted—A. M. Ferguson, temp. admr. vs. Joe Lee Ferguson, amended motions and application for second extension of time within which to file transcript and statement of facts; Estate of Kate F. Morton, deceased, A. M. Ferguson, relator's motion for rehearing; Nigle Bain vs. Robert & St. John Motor Co., appellant's motion for rehearing; L. J. Nuckles vs. J. M. Radford Grocery Co., appellee's motion for rehearing; The Dallas Joint Stock Land Bank of Dallas vs. T. E. Ballard, ind. exc., appellee's motion to dismiss appeal; Estate of Kate F. Morton, deceased, A. M. Ferguson, temp. admr. vs. A. S. Mauley, relator's motion for rehearing; Nigle Bain vs. Robert & St. John Motor Co., appellant's motion for permission to present oral argument on motion for rehearing.

Motions Granted—A. M. Ferguson, temp. admr. vs. Joe Lee Ferguson, amended motions and application for second extension of time within which to file transcript and statement of facts.

Motions Overruled—Magnolia Petroleum Co. vs. Mrs. Roy E. Dunn et al., appellant's motion for rehearing; W. H. Stephens vs. Lee Dennis et al., appellee's motion for rehearing; Consolidated Gasoline Co. vs. Jarecki Manufacturing Co., appellee's motion for rehearing; The Dallas Joint Stock Land Bank of Dallas vs. T. E. Ballard, ind. exc., appellee's motion to dismiss appeal; Estate of Kate F. Morton, deceased, A. M. Ferguson, relator's motion for permission to present oral argument on motion for rehearing.

Cases Submitted—A. J. Smith Jr. vs. Stamford Gin Co. et al.; Jones; J. E. Lindsey et al. vs. Realty Trust Co., Haskell; J. A. Shipley et ux. vs. Frances Louise Wyatt, Howard; Panhandle & Santa Fe Railway Co. vs. Cadmus Brown, Fisher; Texas Life Insurance Co. vs. Mrs. Verna Plinkett, Baylor.

Cases to be Submitted Friday, June 22—John Bishop vs. Farm & Home Savings & Loan Assn., Taylor; A. T. Strong vs. C. E. Delaney, Stephens; Texas Employers Insurance Assn. vs. Mrs. Marguerite Ritchie, Howard; Will M. Woods et al. vs. Eastland Building & Loan Assn., Eastland; The First National bank of Knox City vs. Wm. E. Boyd et al., Knox.

TWO NATIONS AGREE

VENICE, June 15.—Italy and Germany have agreed on disarmament and German rights to parity on arms in the League of Nations, the Italian foreign under-secretary announced today.

Only a little more than a year ago Elliott Roosevelt, the son of the former president, was sent to Rome to divorce his wife, the former Elizabeth F. Wood, Philadelphia. The Dallas married in 1926 but the two months have maintained separate homes.

ADMITS FATAL SHOOTING IN PRISON BREAK

Captured in Iowa After Released Three Kidnap Victims

ST. JOSEPH, Mo., June 15. Three kidnaped Davenport, Iowa men were released unharmed here today after spending 12 hours in the hands of a Texas desperado, who was later captured by police.

Police said the kidnaper was Joe Palmer, 30, fugitive Texas desperado whose escape from an Eastham prison farm at Hunsville was engineered by Cly Barrow.

Palmer confessed the murder of Major Crownson, prison guard, who was slain in the outbreak. Edmund Hamilton, Barrow associate was sentenced to death in the electric chair this week.

It was J. W. Reynolds told United Press that Palmer confessed a series of Iowa bank robberies and "several murders" the southwest.

The abductor was arrested on St. Joseph street after he released his captives just before dawn.

At Davenport, Palmer kidnaped Traffic Patrolman Elmer Schuler and Al Schultz, secretary of the Davenport Baseball club, commanding their car.

Fifteen miles west of Davenport he overhauled Dr. W. F. Fitch, changed automobiles, and took all three men with him.

Fitch said the kidnaper promised to return to Davenport without reporting the abduction police, although they changed their minds.

Palmer surrendered peacefully. He admitted his identity.

"Hamilton told me not to kill you," he said. "I was the one who shot him. I am willing to take the responsibility for it."

Stevens Jury Is Deadlocked Today

FORT WORTH, June 15.—It was reported this afternoon a trial court jury had agreed as the guilt of O. D. Stevens in Handley slaying and was trying reach a decision as to the amount of punishment.

Polish Minister of Interior Is Slain

WARSAW, Poland, June 15. Bronislaw Pieracki, minister of interior, as assassinated today by three gunmen who escaped fleeing through the gardens of the Bank of the Vistula.

They also wounded a policeman. The attack occurred on the steps of the minister's club, where he was leaving after lunch, an assassin accosted him, fired.

Second Divorce In Roosevelt Family Is Being Sought

RENO, Nev., June 15.—A second divorce in the nation's first family since the President's office impended today.

Anna Roosevelt Dall, only daughter of the President, left Washington yesterday for Reno to establish residence preparatory to divorcing Curtis Dall.

Only a little more than a year ago Elliott Roosevelt, the son of the former president, was sent to Rome to divorce his wife, the former Elizabeth F. Wood, Philadelphia. The Dallas married in 1926 but the two months have maintained separate homes.

Rail Debts Grip Connecticut Towns

HARTFORD, Conn.—When the railroad boom gripped the country following the Civil War, 35 Connecticut towns and cities cast traditional Yankee shrewdness to the winds and plunged headlong into a total debt of \$5,277,008.

More than 60 years afterwards, nine of these communities still are endeavoring to wipe out the balance of the initial indebtedness—\$386,000. Many towns have paid the amount of their debts many times over in interest charges and will pass the "headache" on to at least another generation.

Connecticut communities literally stumbled over each other to "get in on the ground floor." Every town wanted to be "on the line" and municipalities voted themselves into debt with a lavish hand.

The automobile struck the first staggering blow and buses landed the knockout wallop. Branch lines gradually were suspended, or taken over by larger companies and all the communities had left was the debts.

The state finally had to come to the rescue and finance a portion of the debt annually, which it has done for 30 years. One town, which bonded itself for \$1,047,000, still owes \$415,000. It

Old Pony Express Rider Is Dead

STOCKTON, Cal.—William Campbell, last of the valiant Pony Express riders, rode with his comrades again today.

He died here after a brief illness. His widow, three sons and four daughters survive.

From Nov. 1, 1861, until October, 1862, Campbell rode a leg of the hazardous horseback mail relay from Joplin, Mo., to Sacramento, Cal., prior to advent of the steam railroad.

An early settler of Nebraska and Kansas, Campbell was one of those engaged in construction of the Union Pacific's inaugural transcontinental railroad. He came to California more than 40 years ago.

That "artificial pacemaker" which Dr. Hymans of New York has invented to start heart action again may be all right, but will it set the pace we so joyfully followed back in 1929?

Hopeful sign of recovery: One of Detroit's exclusive business men's clubs recently blackballed an applicant.

Houston May Have A Wildcat Well In Her Front Yard

HOUSTON.—Preparations for drilling of a wildcat oil well practically in Houston's front yard were under way here today.

The test will be financed by the Loring Oil company of Pittsburgh and plans were to rig up and start drilling by the beginning of next week.

The well will be bored to 6,000 feet, according to terms of a contract let to L. W. Capps, drilling contractor.

The wildcat will be drilled less than three miles outside the city limits on the Westmoreland Development company property in the Swisher survey.

Capps and his associates revealed they began leasing in that area in November. All leases were taken on a drilling contract basis, Capps said.

Many of the leases called for spudding in of the well before June 15. Operators said all possible speed in rigging up was being made to avoid delay.

The block on which the wildcat will be drilled consists of 5,772 acres.

School children at Wheaton, Pa., went on strike when their principal and four teachers were fired. In the old days we didn't look for an excuse to play hooky.

NRA Indexes Old Newspaper Files

AUSTIN.—Early Texas newspapers were used here for an NRA compilation of historical data. Files of papers were indexed, forming the largest division of the historical survey.

The work was directed by Prof. J. Evetta Hay of the University of Texas. Employment was given 250 persons gathering information. Besides newspaper files, county records and other sources were studied.

Transcriptions of many records were made. These have been filed in local libraries and in the library of the University of Texas.

Card indexes make 5,000 references available to researchers.

Feast On World's Largest Shortcake

LEBANON, Ore.—The "world's largest" strawberry shortcake was served to 8,000 visitors attending the annual Strawberry Fair here.

The cake, produced in a Lebanon bakery, was 15 feet long and 12 feet wide. It weighed 4,035 pounds.

Ingredients included 1,600 pounds of strawberries, 325 pounds of flour, 75 pounds of shortening, 225 pounds of sugar, 18 pounds of baking powder, six pounds of salt, two quarts of vanilla, 110 quarts of milk, 200 quarts of cream, 750 quarts of whipping cream, 750 eggs.

The completed cake was carried on a truck during the parade. It was cut with a six-foot knife weighing 20 pounds, made especially for the occasion.

Wants Money's Worth In Dog Registration

FORT WORTH.—With an eye for business, Assistant District Attorney Cecil C. Rotach wanted to get the most for his money when he wanted to register his dog.

The cost of registration with the American Kennel Club was \$2, and the number of letters in the dog's name could not exceed 25. Rotach was told. So he thought for a week about what to name his pet.

Finally he thought of a name that contained exactly 25 letters—Lady Judith Patricia Cosette.

He calls her Judy for short.

LONE CEDAR

Mrs. Emma Kirsch of Los Angeles, Calif., is visiting her uncle, P. T. Falls and aunts, Mrs. Joe Hunt and Miss Nannie Falls.

Billy Ogden, Kenneth Falls, Tony Wheeler, are spending Friday and Saturday on Colorado fishing.

Mrs. Joe Brashears and son visited with Mr. and Mrs. H. Brashears Tuesday.

Mrs. Fannie Alford of Abilene is visiting her son, B. F. Alford.

Mrs. Frank Graham and children of Rising Star spent Sunday with Mrs. Lizzie Graham.

Mr. and Mrs. Edd Westbrook of Staff spent Thursday with Mrs. R. A. Parker.

Mrs. Hazel Watson returned to her work at Payne and Lovett Hospital after spending a week with home folks.

Rev. Hill filled his appointment here Sunday evening, but will preach at 11 o'clock next Sunday.

Sorry to hear of Ray Phillips being in the hospital at Baird. We remember Ray as the son of Mr. and Mrs. Olen Phillips, who once lived in this community. We wish you a speedy recovery, Ray.

Outlook Is Bright For French Wines

PARIS.—General conditions are favorable for another wine crop of high quality.

The latter part of May was marked by a comparative absence of rain. Earlier in the spring the downpours and low temperatures caused fears of mildew.

With a normal summer, France is expected to have another "grande annee" similar to that of 1933, and barring freakish weather which cut production last autumn, a larger crop.

Political Announcements

This paper is authorized to announce the following candidates for office, subject to the Democratic Primary Election, July 28, 1934:

For County Judge: W. D. R. OWEN, CLYDE L. GARRETT

For County School Superintendent: CLAIRBORNE ELDRIDGE, T. C. WILLIAMS

For County Treasurer: JOHN WHITE, MRS. MAE HARRISON, MRS. (FRANCES) THORNTON, COOPER

For Sheriff: VIRGE FOSTER

For Representative, 106th District: GEORGE A. DAVISSON, Jr., E. A. RINGOLD

For Commissioner, Precinct No. 1: HENRY DAVENPORT

Attending Life Saving Institute

Clarence McKinney, assistant scoutmaster of Troop No. 1, Brownwood, is attending a seven-day Red Cross Life Saving Institute being conducted in Eureka Springs, Ark. After attending this institute and taking the necessary examinations, McKinney will become a regular life saving examiner, and can give instructions to others in both Junior and Senior Red Cross Life Saving. He will go with the Boy Scouts of the Comanche Trail area to the annual camp near Richland Springs in July, as one of the supervisors in water activities during the two weeks the camp is held.

Camp Billy Gibbons

Scout officials are looking forward to having one of the best water front activity programs that the Scouts of the Comanche Trail Council have ever had the opportunity of participating in. The activities this year will be under the supervision of Cliff Pouncy and Clarence McKinney, who are both well versed in Red Cross Life Saving and First Aid work. Both will hold examiner's certificates.

All Scouts are being urged to bring their canoes and boats to camp this year as specialization courses will be given in camp this year.

The camp dates have been announced several times but for fear some have missed same—will give them again—first period begins with 1 a.m. July 10, closes with breakfast July 17.—second period begins with lunch July 18, closes with breakfast July 25. Camp fees \$5.50 for one week—\$10.00 for two weeks.

Troop No. 1 Wins First Place

Troop No. 1, Brownwood, took first place in the Boy Scout swimming meet held at Lakewood swimming pool Friday night in connection with the formal opening of the pool for the summer. Troop No. 7 won second place. Troop No. 1, also won the diving contests which were staged.

A demonstration of Life Saving was put on by Clarence McKinney, Red Cross life saving examiner. Hilton Gilliam gave a demonstration of fancy diving.

The scouts will stage another swimming meet on July 4.

Troop No. 2 on Hike

Scoutmaster Dan Gill and 14 of his scouts hiked to Lakewood late Friday afternoon. They took their supper and bedding with them. Several were participants in the swimming meet held there that night. All passed swimming tests, and some passed fire building tests. They spent the night in the open, and hiked back to town after having breakfast there.

This FATHER'S DAY Give Him

FARM NEWS

By J. F. ROSBOROUGH, Extension Horticulturist

Sub-irrigation Hints

Do not turn the water on so that it will run a large volume of water into the sub-irrigation tile. It is impossible for the soil to take the water up quickly. A small stream will seep out slowly and cover a wider area than where pressure is put in the tile with lots of water. Remember that coal oil does not go up a lamp wick quickly, and neither can you force a large volume into concrete tile to spread through the soil at a rapid rate.

GARDEN A B C's

The correct use of the vitamin alphabet plays as important a part in good health as the letter alphabet in correct spelling. The proper use of both alphabets is a mark of intelligence. The garden supplies the following vitamins:

Vitamin A, the anti-infective vitamin necessary for health and vigor and a good appetite, is found in spinach, mustard greens.

Vitamin B, the anti-beri-beri vitamin which protects the body from nervous diseases, promotes appetite, digestion and growth, is found in corn, peas, rice, carrots and spinach.

Vitamin C, the anti-scurvy vitamin which protects the body from scurvy, and keeps teeth and bones in good condition, is found in cabbage, lettuce, onions, spinach, tomatoes, celery and strawberries.

Vitamin D, the cheapest of all the essentials to health, is obtained from ample sunlight and air.

Vitamin E, the anti-sterility vitamin, is found in lettuce, beans, corn and peas.

Vitamin G, the anti-pellagra vitamin, is found in spinach, potatoes, turnip greens, and tomatoes.

Save Your Own Garden Seed

I know of a superb kind of English pea that has been "in the family" for forty years. It is unnamed but seed have been saved each year and it is highly prized because it is prolific and has an unusual flavor. It is true that home selection and saving of seed results in having plants adapted to local conditions.

I know some gardeners in Texas who sell a considerable quantity of seed to their neighbors who know that particular strain or variety.

How to Save Seed

Beans and Peas. Mark a few of the best plants, allowing the pods to ripen for seed. When the entire crop is matured, harvest the beans and treat the seed with high-life (carbon disulphide). A pint of high-life will treat a barrel (fifty gallons) of peas or beans in the pod. Pour the high-life into an open pan and place the pan on top of the beans in the barrel. Use a cover on the barrel while fuming. Keep the lid on the barrel for twelve hours, open and ventilate, then store the beans or peas, shelled or in the hull, in a dry place until planting time.

Cucumbers and Squash. Select fruits of desired characteristics and allow to ripen fully on vine. Split the ripe fruit, scrape out the seed and pulp and wash until clean, pouring off the refuse and light floating seed. Spread out the washed seed in the sunshine, not over two seed deep in thickness. Dry from two to five days. Be sure seed are dry before storing.

Tomatoes. Cut tomatoes in halves, place in a barrel and allow to ferment for two days. The seed will settle to the bottom and the pulp will rise to the surface. Stir the mixture twice daily. On the second day pour off pulp and wash seed, spread out and dry.

Beet Pickle. Johnnie Foster, farm food supply cooperator of the Flatwood 4H Club, has used and likes the following recipe for pickling beets. It is time to get the beets before they are large and stringy. The beets should be young, tender, practically free from cracks, peeled and with defects trimmed, uniform in size and color. Sort the beets, putting those on uniform size together. Cut the tops leaving about two inches of the stem and the roots on, until after cooking. Steam under fifteen pounds pressure fifteen to twenty minutes or till until skins will slip off. Peel, trim and drop while hot into speed vinegar which has previously been prepared and hot.

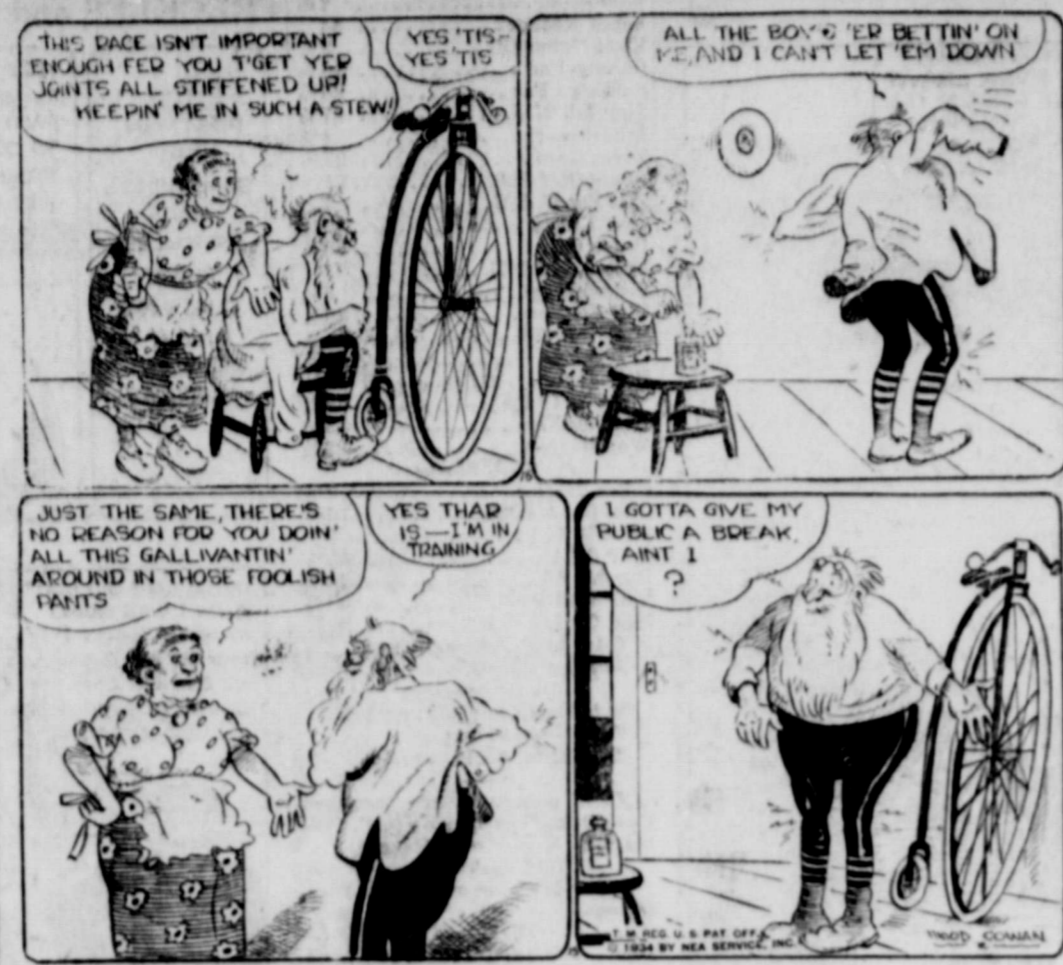

Spiced Vinegar. 1 gallon of four per cent vinegar, five cups sugar and five teaspoons mixed spices. The spices in bag. Mix sugar, vinegar and spices. Let simmer about half an hour for the spices to infuse. Drop hot beets in and let boil three minutes. Remove spice bag, wash jars with beets and cover with hot vinegar. Seal immediately and place where they will cool quickly. Poor color may be due to: 1. Lack of color in raw stock. 2. Steaming at low temperature. 3. Slow handling from steaming to sealing cans. 4. Slow cooling.

By Cowen

Texas Leads Nation In Road Building Under Federal Aid

HOUSTON, Tex.—Texas led the nation in the number of men employed directly on federal aid highway projects at the close of May, according to a report received here from Public Works Administrator Harold Ickes. The number totaled 18,875 during the month.

At the end of May, the bureau of public roads reported, Texas

had 596 public works highway projects advertised for contract. Of this number, 494 had been awarded to contract.

Of the projects advertised, \$21,121,000 or 87.1 per cent represented PWA funds allotted the state under the NRA, the report revealed.

The estimated total cost of the work advertised for contract was given at \$23,651,000. Of the 494 Texas highway projects awarded to contract, \$20,669,000 represented PWA funds, or 85.3 per cent.

Further check of public works highway building progress in Texas by the bureau showed 282 projects under construction and 197 completed.

Work under construction represented \$15,916,000 of PWA money, while projects completed represented \$3,864,000 from that agency.

The estimated total cost of work under construction was placed at \$16,374,000, while total cost of completed work was estimated at \$4,758,000.

The federal aid highway program, including work under way and completed in the entire country involved 90 per cent of the \$400,000,000 PWA road fund at the close of the month, the report showed.

DONNA of the BIG TOP

By BEULAH POYNIER

BEGIN HERE TODAY

DONNA GABRIEL, circus trapeze artist, falls from the trapeze and is injured. To please her partner, she is seduced by a man named SIDDAI. Donna goes to Madeline's home to recuperate, pretending to be the girl who was seduced by her. Madeline, who keeps it up, even when BILL SIDDAI, Madeline's cousin, asks her to marry him, Bill and Donna are married.

THE PLANTER, bookkeeper dismissed by Donna, is her enemy.

THE SIDDAL, Madeline's grandfather, has a stroke.

Meanwhile Madeline, who has married CON DAVID, the national trainer, is killed. Con knows of Donna's deception and decides to blackmail her. He comes to the nearby town and Donna agrees to marry him. Mrs. Planter learns of this and writes an anonymous letter. When Donna reaches home after marrying Con, she finds she has been a neighbor's. Bill knows she has not.

Next morning he goes to see Con who shows him the certificate of his marriage to Madeline. Bill thinks his wife has committed bigamy.

NOW GO ON WITH THE STORY

CHAPTER XLIV

DONNA awakened with a feeling of impending disaster. For a few minutes she lay on the couch, conscious only of a crushing sensation and a bewilderment that she should not be in her own bed. It was still dark and deathly quiet. The wind had ceased to moan through the trees and the snow to flutter against the windows. In the stillness she missed something—the audible breathing of her husband.

That frightened her and she slid from the couch and went into the bedroom. Bill was gone but the bed had been slept in and Bill's work clothes were missing. She looked at the clock and saw that it was almost six. He must be outside, attending to the cattle.

While she was dressing there was a knock at the door. "It's Miss Perkins. Are you awake, Mr. Siddai?"

Donna opened the door. "My husband has gone out," she said. "What is it?"

"Your grandfather is breathing strangely. I can't rouse him. I think we had better send for the doctor."

"Telephone him," Donna said with a catch in her throat. "I'll dress as quickly as I can. Mr. Siddai must be out in the stables. I'll see if I can find him."

She left the door open and she heard the nurse going down the stairs, heard her voice as she called for Dr. Freeman.

Miss Perkins was back in the sick room when Donna reached the lower floor. "I got Dr. Freeman on the phone," she whispered, "but it will take him an hour to get here. He's (nodding toward the motionless figure on the bed) 'is just the same. It looks like a coma to me."

Donna pressed her hand against her mouth and battled with the sobs that rose in her throat. "I wonder if Dr. Freeman has a sleigh? If he hasn't he can never make it out here in the snow!" Telephone him again, please, and find out. If he hasn't a sleigh I'll send Bill after him."

SHE bent over the old man long enough to whisper his name and to realize that it was useless to try to get him to speak. Then she wrapped a heavy shawl about her self and ran out of the house towards the barn. She called Bill's name several times but received no answer. The path, cut through the drifts, and the cows, munching peacefully in their stalls, informed her that Bill had completed his chores though he was no place to be seen.

Bewildered, anxious, she returned to the house. In the kitchen Minnie was getting breakfast. "Miss Perkins asked I should make her some coffee. Grandpa Siddai is worse," she said.

"Yes. Has my husband come in?"

"No. And there's no milk. He must be milking the cows."

"No, he isn't. Give me some coffee, Minnie. I'm going after Dr. Freeman. My husband must be somewhere on the farm but we can't wait for him."

She swallowed the coffee so hot it burned her throat but she did not feel the pain. Her thoughts were leaping from one tragic event to another. It was ominous that Bill was not to be found.

When she discovered that the bobbed was gone she was stunned. Bill must have gone to town before 6 o'clock. That could mean but one thing—he had learned of her meeting with Con David!

Standing there in the snow, she wrung her hands and sobbed bitterly. But it was only a short time before she regained control of herself. Dr. Freeman must be telephoned again.

DONNA wiped her wet cheeks with a fold of the shawl and ran back to the house. "Mr. Siddai has gone to town," she said breathlessly. "All we can do is ask the doctor to come in his car. How is Grandfather?"

Miss Perkins shook her head. "No better."

Donna knelt beside the bed, resting her cold cheek against the withered one. "Grandpa, can you hear me? You mustn't leave us now when we are in so much trouble. I need you! You'll never know how much I need you. You know, don't you, that I love you? Bill will never forgive me, but you will. You'll understand. You said intentions—and my intentions weren't wicked. I was just a coward—afraid of hurting you and Bill and losing the only love I have ever known! Oh, Grandfather, you mustn't die! Not until I can explain everything. Not until you do the right thing by Bill and until I know you forgive me!"

She thought she saw his eyelids flutter, and continued murmuring words of love and contrition. Tears were rolling down her cheeks. Again and again she pressed her trembling lips against the shivered ones, unconscious that the nurse had returned.

"Mrs. Siddai." The nurse shook her gently. "Mrs. Siddai!"

Donna raised her swimming eyes.

"Please get up. He can't hear you. He's dead."

Donna moved from her embrace, walked unsteadily to the window and pressed her face against it. Grief over losing the kindest, dearest friend she had ever known banished thoughts of self and future. Her sense of loss obliterated everything else.

A LONG time she stood there, seeing nothing, too deeply moved for tears. She knew when Dr. Freeman arrived but she did not answer when he said, "I'm so sorry, Madeline, though there was nothing I could have done if I'd been here. You have the consolation that he suffered no pain and that his death was a quiet, peaceful going to sleep."

Sleep, a long, long sleep. Donna thought of Amos Siddai's beautiful confidence that he would join his loved ones on the awakening. He knew now what she had done, knew the guilt she suffered, but he could do nothing to help her.

Suddenly great wracking sobs tore at her slim body. She tried to stifle them, but they escaped. When Miss Perkins again put her arm about the girl and led her from the room she made no protest. "Take this, dear," the nurse whispered and put a glass to her lips.

Donna lay down on the living room sofa. The floor rocked with her. She seemed to be floating in the air. Her lids drooped and she slept.

She heard a mumble of voices. At first they seemed far away. Then she opened her eyes. Through a heavy veil she picked out three figures standing in the doorway. A woman and two men. The woman wore a white uniform and the men were in overcoats. One coat was a dark raccoon and there was a cap on the man's head, pushed far back from thick dark hair.

Bill had a raccoon coat and a cap like that. But Bill had gone away. No—Bill was standing there. They were telling him that Grandfather was dead.

"We tried to find you," Miss Perkins said, "but there was nothing that could have been done. You mustn't blame yourself."

Donna raised herself on one elbow. "Bill!" she said.

He turned and looked at her. There was hatred in his eyes—a bitter, scathing scorn that seemed to penetrate through her clothing and sear her very vitals. She shrank back, covering her face with her hands. But her hands could not blind her to the expression on his face.

"Leave me alone," he said crisply to the others.

Then he crossed to the sofa. "I know the truth," he said slowly. "I know all about Con David."

"Yes." She could not look at him.

"You know it's the end between us."

"Yes, I know it."

"After the funeral I'll be getting out."

(To Be Continued)

GOOSE SPREAD RELIGION

WILLIAMS BAY, Wis.—A wild goose, one of the winged missionaries used by Jack Miner, Kingsville, Ontario, naturalist, to spread the Gospel, was found here recently by Walter L. Everson. A tag on the bird's leg dated in the spring of 1930 bore Miner's name and address and the scriptural message, "With God all things are possible." Miner informed Everson that he attaches similar tags

to hundreds of fowl that visit his sanctuary.

Another tragic effect of this long drought is that there won't be very many double headers toward the end of the baseball season.

No one could have done better keeping those Canadian squints alive than old Dr. DeLoe, say his brother specialist. Turning down that \$50,000 World Fair contract was a heroic deed in itself.

STUDENTS GO OUT AND COME IN

More than 700 graduates of the University of Texas left the walls of that institution Monday with the challenge of service to state ringing in their ears.

First, Dr. George W. Truett Sunday night in his baccalaureate sermon emphasized that "the business of life is unselfish service to the community" and again Monday, Dr. H. Y. Benedict, University president, challenged the graduates to meet the new changing conditions through individual service.

As these graduates enter the workaday world, several thousand other students—most of them teachers who have already rendered service—are entering for the summer school to perfect their training to enable them to give still higher service.

One procession of students inexperienced going forth to earn their spurs in service—the other seeking further training in order to attain a higher rung in the ladder of service.

The students go forth at a time when there is still unemployment and stress and each community in which they enter a hopeful they may make a distinct contribution in the program of recovery.

DID YOU EVER STOP TO THINK

By EDSON R. WAITE, Shawnee, Oklahoma

The lack of interest on the part of many citizens holds back the development of many cities.

Whether or not this lack of interest is to continue is up to them.

Where a portion of the business men show a lack of aggressiveness, a tendency to stay in the same old rut, and an idea in their heads that business will be good without any effort on their part, just helps to kill all business of the home city.

They will find many of their fellow citizens getting the habit of going to some other city to trade.

Most of this out-of-town trading is done because of the lack of effort on the part of the home merchants.

The cities who sit tight and take only what business that is coming to them usually haven't much coming to them and don't get much.

The cities that succeed are the ones that are up and doing all the time—reaching out after business and building for the future.

In these modern days you can't wait for business. You must go after it!

Your home town needs you just as much as you need it. Your success depends upon its success.

HIGH AS EMPIRE BUILDING

OYSTER HARBOR, Mass.—J. R. Potent, engineer with the General Electric Company told a reunion of Massachusetts Institute of Technology fraternity men that a recent nation-wide survey had revealed that dishes washed by the average married woman would make nine piles each as high as the Empire State Building.

More Work Less Direct Relief Is Plank In Ringold Platform

"MORE WORK, LESS DIRECT RELIEF"

To the Citizens of Eastland County, the 196th Legislative District:

My Friends and My Neighbors: I have lived among you for 15 years; have tried at all times to help in every worth while cause that meant for a better community. If you approve of the kind of citizen I am and feel that I am capable of representing you in the State Legislature, I will be profoundly grateful for your support and will do my best to be of service to Eastland county.

In asking for this office, I am not unmindful of the fact that the law-making body of the State is one of the most important offices in the State and should be filled by capable men who have the interest of all the people at heart.

I am 55 years old, was reared on a farm in Grenada County, Mississippi. Am now, and have always been a Democrat. I have lived in Eastland county 15 years. Am a property owner and taxpayer in Ranger. I hereby give you my views on some matters that I consider most important at this time.

I favor fewer laws and better obedience of the ones we have. I favor the reduction of taxes by reducing the cost of government; abolishing unnecessary offices and reducing the number of employees to what is necessary to do efficient work.

I favor an income tax for the support of public schools and take some of the burden off of real estate.

I favor the exemption of homesteads up to \$3,000.00 value from all ad valorem taxes except for school and city purposes.

I favor an old age pension of \$15.00 per month for needy people above 65 years of age.

I favor the continuance of \$10 per capita of school apportionment and adjustment of teachers' salaries in order that no teacher should receive a salary of less than \$60.00 per month.

I favor a flat rate of registration of automobiles of \$3.00 on light cars and \$5.00 on heavy cars, and all car and truck money to go to the county for the building and maintenance of county roads.

I favor the Federal and State government using its credit to help every American citizen to own their homes; lending them money at low rate of interest and allowing from 20 to 25 years for the repayment of same.

I believe we should provide more work for the unemployed thereby taking them off of Direct Relief.

I believe labor should be paid wages that will enable them to properly support their families.

I favor a law that will enable counties, cities and school districts to adjust their present bonded indebtedness to what they are able to pay and that they never be allowed to bond themselves for more than 10 per cent of their taxable value.

If elected your representative, I promise to be on the job at all times and to do my best to be of service to Eastland County.

E. A. RINGOLD.

(Political Adv.)

Fire Cut Down Assessments

SALEM, Ore.—The great Wilson River forest fire of 1933 resulted in a decline of assessed valuation of timber in Tillamook

OKRA

Rev. W. S. Fisher of Sipe Springs will hold services at the Methodist church Saturday night and Sunday. Everyone is invited to attend.

A large crowd was present at singing here Sunday night. Committees were appointed to see the business men in connection with the singing convention which will meet here the second Sunday in July.

Herman Harold and Bobbie Jay Claborn are spending the week with their sister, Mrs. Carl Baker of Strawn.

Mr. and Mrs. Claud Harris spent Sunday afternoon with Mr. and Mrs. Fred Scott.

Mr. and Mrs. Ed McCleskey and family of Eastland and Mr. and Mrs. Herman Gregg spent Sunday with Mr. and Mrs. Will Medford.

Mrs. Jane Maxwell has returned from Midland where she has been visiting Mrs. John Roberts, who is ill.

Mr. and Mrs. Milam Morgan visited Mr. and Mrs. W. R. Laird Sunday.

Mr. and Mrs. Willis McClenahan of Blake were visiting relatives here Sunday.

Charles and Merlyn Smith of Big Spring and Mr. and Mrs. Fate Brown and little daughter, Erlene visited Mr. and Mrs. H. D. Maxwell and Mrs. Dari Hayes Sunday.

Miss Dorothy Jones of Pioneer spent the week-end with relatives here.

Okra baseball team played New Hope Sunday afternoon at New Hope. Scores were ten and fourteen in Okra's favor.

Miss Lavorn Claborn spent Monday, Tuesday and Wednesday with Mr. and Mrs. R. D. Maxwell Jr.

Miss Ruby Nell Been of Long Branch visited Miss Willis Fay Alford Monday.

Mr. Bruce Erving and Miss Merle Murry were married Sunday. Their many friends wish them happiness.

Mr. and Mrs. C. L. McCollum visited Mr. and Mrs. J. G. Stuteville of near Cisco Sunday.

Mrs. Maxine Crisp entertained with a miscellaneous shower for

County, Oregon, from \$15,169,180 to \$6,841,970, the state tax commission announced.

Tillamook formerly contained more timber than any other county of Oregon, Washington or Idaho.

Douglas Fairbanks has acquired a monocle in England, which Mary Pickford now can put first among her reasons for wanting a divorce.

You're The Loser

WHEN you allow Headache, Neuralgia, Muscular, Rheumatic, Sciatic or Periodic Pains to keep you from work or pleasure. You can't go places and do things when you are suffering—and the work or good times won't wait for you.

Why allow Pain to rob you of Health, Friends, Happiness, Money?

DR. MILES ANTI-PAIN PILLS have been used for the relief of pain for more than forty years. They taste good, act quickly, do not upset the stomach, nor cause constipation, leave no dull, depressed feeling.

Thousands have used them for twenty, thirty, forty years, and still find that nothing else relieves pain so promptly and effectively.

Why don't you try them? Once you know how pleasant they are to take, how quickly and effectively they relieve, you won't want to go back to disagreeable, slow acting medicines.

You too may find quick relief. Why wait forty minutes for relief when Dr. Miles Anti-Pain Pills will relieve you in ten to twenty minutes?

As a household remedy I have never found anything that equalled Dr. Miles Anti-Pain Pills.

Mrs. Sias D. Keller, Penfield, Pa. I never found anything that was so good to stop pain as Dr. Miles Anti-Pain Pills. I have told many about them and I find they are all using them.

Mrs. Martha Lacy, Davenport, Iowa I have been using Dr. Miles Anti-Pain Pills for years. I keep them on hand all the time. I can certainly recommend them for pain.

Miss Audra Seybold, 2417 W. 2nd St. Dayton, Ohio Your Anti-Pain Pills have been a wonderful help to me. I have used them for three years and always keep them on hand.

Mrs. E. Pierce, Legwai, Idaho I have used quite a lot of Dr. Miles Anti-Pain Pills. They are fine pills to stop pain.

Mrs. J. L. Kester, Shickahany, Pa.

Mrs. Ross Fussell Tuesday afternoon. Mrs. Fussell, who was formerly Miss Mary Milford, received several lovely and useful gifts.

Mrs. Alma Murry and sons were visitors in Eastland and Gorman Tuesday afternoon.

Misses Maxine Maxwell and Martha Rhea Hill visited Miss Wynogene Medford Sunday.

PUPILS SET RECORD

FORT WORTH.—Due to the vigilance of schoolboy patrols, Fort Worth has gone through its third consecutive year without an automobile fatality to pupils. Only two or three minor accidents occurred during the last school year.

LIVED ON PENSION

GALLIPOLIS, O.—An aged blind man, who said he had been living on a \$44 per year pension, was an applicant for aid for the aged here.

\$150 BURNED IN POCKET

HAVERHILL, Mass.—Although he was only slightly injured when his clothing was fired by burning grease, Americo Sardoello, a chef, lost \$150 in his pocket. The money was burned beyond use.

The annual crime bill of the United States is computed at \$13,000,000,000. Crime may not pay, but we do.

FORD PRICES REDUCED

Effective Friday, June 15, prices on Ford V-8 passenger cars, trucks and commercial cars are reduced \$10 to \$20. These reductions represent new low prices on 1934 models, as there have been no Ford price increases this year.

Pumper Wells to Aid Rangers In Fighting Fires

WASHINGTON.—By means of "pumper" wells, forest fire fighters in the dry, sandy plains of northern Michigan are able to play water on a blaze within 10 minutes after their arrival, according to a report by W. F. Ramsdell, professor at the Ann Arbor school of forestry, to the American Tree Association.

The technique for rapid sinking of "pumper" wells was worked out in 1931 and 1932 by Director Gilbert Stewart and members of the Michigan Forest Experiment Station of Roscommon. However, the magic of bringing water to dry, sandy surfaces in eight to 10 minutes was mastered only after months of experimentation and it was necessary to invent and construct special tools and perfect various steps in the operation to reduce the time requirement.

CCC Aided Work

When the CCC was started in 1933, the report said, further steps were taken in the development of this new and revolutionary use of water for forest fire suppression. Realizing the possibilities of the Forest Station's pioneer work, ECW officials placed "Ground Water Survey" on the approved work list, and during 1933, eight crews of CCC men from seven state camps tested and mapped 1,428,596 acres of high hazard territory for presence of ground wa-

Janet Gaynor as she appears in "Carolina," which comes to the Arcadia today.

ter which might be used in fighting fires.

The completed survey resulted in the preparation of a map showing the water table level and territory within which emergency wells may be drilled for use.

Although surface water was available only to about three per cent of the area mapped, it was found that ground water could be used on approximately 60 per cent.

COLONY

Special Correspondent

Mrs. Clarence Obyrant and children, Betty and Bobby, of Winters, are visiting C. E. Hatcock and family.

Colony and Oakley played ball Sunday on the Colony field. The score was 14 to 9 in favor of Colony. They will play again next Sunday afternoon.

Master Bob Smith of Breckenridge returned home Monday after spending a week with his cousins, Willie Dee and Wesley Poyner.

Farmers are busy cutting grain and the women are busy canning berries.

Miss Mae Bowen of Eastland spent the week-end with her parents, Mr. and Mrs. O. C. Bowen.

Mrs. W. L. Mills was a business

and Monday in the home of Rev. and Mrs. J. E. Canaday and canned a fine lot of berries during the day.

William Clyde Maynard and Miss Daphne Cox were happily united in marriage on Tuesday, June 5, at 8 p. m., at the home of Rev. J. E. Canaday with the Rev. Canaday performing the ceremony. Mr. Maynard is the son of Mr. and Mrs. W. T. Maynard of this community and Mrs. Maynard is the daughter of Mr. and Mrs. John Cox of Sidney. The young couple was accompanied by Mrs. Deward Maynard and Miss Nadine Vines. We join their many friends in wishing them happiness and prosperity.

KELVINATOR

17 Models from which to choose

The Low Priced "N" Models

The model that brings Kelvinator quality within the reach of every family. 3 size, 4 to 6 cubic feet. 12 finishing speeds, porcelain interior and cooling unit. Permanent exterior. Five Purposes: Control Panel, and many others.

The Medium Priced "P" Models

The same beauty of line that distinguishes the famous Kelvinator models. Four sizes, from 5 to 10 cubic feet. Features include all-steel interior and exterior. Vertical Control Panel. Dry Back. Free Purposes, covered Panel. Extra light. Dry Cube Tray, and many others.

The Low Priced "S" Models

Three sizes, from 5 to 7 cubic feet. Features — Dry Back. Porcelain exterior and porcelain interior. Bar type shelves. Chrome light rubber floor. Refrigerated shelf, and many others.

The Higher Priced DeLuxe Models

The finest in electric refrigeration. Six sizes, from 6 to 22 cubic feet. Features include the Dry Back, the Free Cube Tray, the World's Finest Finishing Speed, the Gold Kopper 4 refrigerators in 1, the refrigerated bar, the Water Filter, and many others.

There is no reason why you should have to take a second choice instead of getting a Kelvinator, because a Kelvinator costs no more than other leading makes. You really pay no more for Kelvinator quality. As a matter of fact, you pay less—far less in the long run.

Get Your Kelvinator NOW!

The wise thing to do is to get your Kelvinator now. Enjoy it during the hot weather. Low down payment and terms to fit your budget.

Kills Mother and Brother With Ax

Held as the ax murderer of his brother, Robert, 14, left, and his mother, Mrs. Carrie L. Payne, center, Louis R. Payne, 21, right, is watched closely in his Los Angeles county jail to prevent suicide. The boddies, terribly mangled, were found in th family's luxurious home after the youth, rushing into a police station, admitted the killings, blaming 'dizzy spells.' The father, Lucius F. Payne, utilities executive, rushed by plane from St. Louis to the scene of the tragedy.

had been visiting one of her daughters and is again with her daughter, Mrs. W. H. Davis, for a while before returning to Dalhart. Rev. and Mrs. W. M. Ford, accompanied by Mr. and Mrs. Shelby Salyer and Miss Oleta Britt and Miss Capitola Browning, went to Graham Sunday and attended a Sunday school convention of the Church of God.

Mr. and Mrs. Roy Ashburn and daughter, Anita, and Ed Huffman, drove down to Fort Worth on business Thursday.

Dr. P. M. Kaykendall of Ranger was here on professional business Wednesday.

Mr. and Mrs. Aaron Henslee left Tuesday for Longview, where he will work for his brother, Joe Henslee, in an auto repair shop. Their many friends regret to lose these young people from our town but hope business may improve here so that they may find it to their interest to return.

Rev. and Mrs. Z. C. Chambliss were in Ranger on business Saturday.

County Commissioner Gifford Gray was here on business Thursday.

Rev. and Mrs. Z. L. Howell had with them Thursday almost their entire family. Two daughters, Mrs. Melvin Bradford and Mrs. Reid McNatt came from Greenville Wednesday and brought with their sister, Miss Ruth Howell, who teaches there, and also their two brothers, William and Robert, who were at S. M. U. at Dallas. Another daughter, Mrs. V. C. Moser and young son, came from Lometa, so with Miss Lois Howell, there was quite a family reunion.

The 1934 Oklahoma Campaign Taking On Circus Trend

By FRANK McNAUGHTON United Press Staff Correspondent OKLAHOMA CITY. — Oklahoma's 1934 political campaign would have been worth millions to P. T. Barnum.

Combining all the elements of jazz, slapstick comedy, oratory good and bad, weird economic theories, and bizarre campaign tactics, the political sidshows are presenting hilarious entertainment for the people.

For weeks, Gov. W. H. "Alfalfa Bill" Murray has been "off the reservation," touring the country.

In Don Quixote fashion, he has tackled a score of political adversaries, launched his own ticket for major state offices.

Lieut. Gov. Robert Burns, enemy of Murray, has a blaring, 130-piece band to do his trumpeting in the gubernatorial race and Corporation Commissioner J. C. (Iron Jack) Walton has revived his brass band of 1922 fame for his campaign.

Attorney General J. Berry King, another gubernatorial aspirant, uses a phonograph mounted on his automobile and several records of jazzy, crowd-gathering tunes.

Dr. George Long, Tulsa dentist-brother of Louisiana's Kingfish, has a sound truck, and camp outfit to tour the state in whirlwind fashion. His party sleeps in a tent while on the road.

Campbell Russell, former Corporation Commissioner and Democratic candidate for Congressman,

Hurricane Season Watched by Folks In South Texas

McALLEN, Tex.—The hurricane season on the Gulf of Mexico has come again, with its annual threat of death, injuries, and property damage.

Until November the destructive winds can be expected any time. Shippers keep an extra close check on weather predictions. Merchants and residents along the coast keep boards ready to put over windows. Farmers look anxiously every morning to see if storms are threatening their crops.

September is the most dangerous month, although hurricanes occur any time from June to November.

Last year's big storm, which killed 44 persons, injured 1,500, and caused property damage estimated at \$12,000,000, took place in September. The 1900 hurricane, which swept over Haiti and Cuba, struck the Texas coast at Galveston, and traversed the midwestern states, St. Lawrence Valley, Nova Scotia, New Brunswick and Iceland, also was a September storm.

Hurricanes, utterly uncontrollable, generally "run wild." A few characteristics are common, however, to all Gulf hurricanes.

All hurricanes are vast whirlwinds, circular in shape, which rotate counter-clockwise. In genuinely developed hurricanes there is an "eye" or center, usually from 5 to 25 miles across, in which there is absolute calm. Around this calm, however, whirls a terrific wind, which may develop a speed of 140 miles an hour. No storm is called a hurricane until the wind exceeds 75 miles an hour.

While the winds are whirling about the center of the hurricane, the entire storm area progresses at a rate averaging around 12 miles an hour.

Weather bureau records show Florida and Texas to be the chief victims of hurricanes, with Florida leading.

During the half century from 1878 to 1928 Florida had 32 hurricanes, Texas 24, and Louisiana 16. During the same period a total of 127 hurricanes struck the coasts of Texas, Louisiana, Mississippi, Florida, Alabama, Georgia and the Carolinas. Fifty-one of these blew in September.

Florida has an average of one hurricane in every 1.3 years. The Texas average is one in every 2.1 years.

SEMINARY 100 YEARS OLD By United Press MONTPELIER, Vt. — Montpelier Seminary celebrated its 100th commencement this month.

Guard your health with FLY-TOX KILL FLIES, MOSQUITOES AND OTHER INSECTS

Why Not A Spring Vacation?

Are you one whose vitality is always lowest in the spring? Do you have what you term "a snappy case of spring fever?" You're probably just run-down and worn-out after a hard winter. What you'd better do is stop right now, rest awhile, and get in trim to carry on for another year.

CRAZY WATER HOTEL

A Hotel With A Homelike Atmosphere

Offers these distinctive features that make for the good, old SOLID COMFORT that's so necessary to complete rest and relaxation.

- *A friendly, restful influence that puts you immediately at your ease.
- *Light, airy outside rooms furnished and equipped with a thought for comfort first.
- *Invigorating, rebuilding mineral baths under courteous, trained masseurs.
- *Crazy Mineral Water at the noted Crazy Bar, or served to you in your room.
- *Food that dazzles even jaded appetites.
- *A spacious, but cheerful lobby and drinking pavilion.
- *Recreational activities, planned by the staff that is always ready to render "service with a smile."

The beautiful CRAZY WATER HOTEL, nestled in the foothills of the Palo Pinto Mountains is easily reached by paved highway or by rail. Write for full information about our treatment plan.

THE HOME OF CRAZY WATER Mineral Wells, Texas Henry Love, Mgr.

SUNDAY SCHOOL LESSON

PICTURES OF SILVER By BEULAH K. HICKS

Matthew 28:1-20 THE GREAT COMMISSION A radiant early Sabbath dawn; a group of sad-faced women with spices and oil began the slow ascent of the hill to the new grave where the body of Christ had been placed the previous Friday by Joseph and Nicodemus. This was April 9, A. D. 30.

They conversed in low tones among themselves as to how they might complete the embalming of the body of Jesus, a process left unfinished by the men as the Jewish Sabbath came on at sunset on Friday. Misery crept into their voices as not only Christ but all of Christianity seemed to be dead and laid in the grave with Him. Then who would roll the great stone away from the door of the sepulchre for them?

Awe-inspiring surprise greeted them. An angel of shining countenance and white raiment had rolled the stone away "and sat upon it." "He is risen" was the glad message he gave them and which still rings down through the ages in the hearts of men who believe. "Come, see the place where the Lord lay" were the words which convinced them that truly Christ had arisen from the grave.

"And they departed quickly from the sepulchre with fear and great joy and did run to bring his disciples word." As they ran they met the risen Lord and He spoke kindly. "Be not afraid." Then as

be so many times before in healing people, to prevent hysteria, gave them something definite to do, "Go tell my brethren, that they go into Galilee and there they shall see me."

The 11 disciples went at once to the mountain designated by Jesus. Possibly it was Kuhn Hattin, the Mount of the Beatitudes, as that would be the central and most accessible place. There "they worshipped him, but some doubted."

But Jesus spoke to them in a firmer, more commanding tone than ever before, giving them the Great Commission. He first stated His authority and then the first word is "Go." It could not ring true through the years and as long as time shall last without infinite power and authority back of it.

The indivisible oneness of God, a fundamental truth was asserted stronger than any definition when he said, "Baptizing them in the name of the Father, and of the Son, and of the Holy Ghost," God, the Father; God, the Son; God, the Holy Spirit; Blessed Trinity.

"And, lo, I am with you always, even unto the end of the world," were the words in the beautiful, comforting promise which is full of His gentle, kindly, divine personality.

It was this promise that has held and comforted believers through the ages. Without this assurance the disciples could not have faced the unbelieving mob of that day; nor the martyrs have faced death. Without it we cannot live in the

true sense of the word and we would not dare to die. We love our friends and are proud of any greatness in their lives but Jesus is the supreme friend. He will not just visit us but lo, He is with us always and all power and authority in heaven and earth are His to command.

What a comforting lesson for women of today. Women were commonly held in very low opinion in that day. But Jesus first appeared to women and comforted them. "Fear not."

They were out early to minister to his body and worried about who should roll the stone away. They didn't stop with a "it can't be done," but went straight on to find that an angel had done their task.

Many mothers in Christ today go forward with heavy burdens and know that none but the sympathizing Jesus could help them to carry on.

In this divine personality, loved through the ages, calling you to a more definite surrender today? Have you given Him your love and adoration and withheld your life? He says "Come unto me" then "Go and touch." Disobedience imperils your peace of soul, joy of heart and Christ-like power and invites the chastising rod of God on you and yours.

On the other hand obedience brings "that peace which passeth all understanding" and brings power to grow day by day more in His blessed image.

BEE CAUSED CRASH CINCINNATI — A bee that buzzed into her automobile and stung her caused Mrs. Laura Hagen, 27, to lose control of her machine. Mrs. Hagen was cut and bruised when the car crashed into a pole.

Kansas Finds Its Land In Demand

DODGE CITY, Kan. — Every available acre of grazing land in the Blue Stem region of Kansas, known as the largest summer cattle pasture in the country, is under lease this year, according to cattlemen. Drouth conditions in other parts of the country largely were responsible for heavy rentals.

Formerly known as the Flint Hills before the name was changed three years ago to give a more appropriate connotation, the pasture extends along a strip 75 miles wide, 150 miles north from the Oklahoma boundary.

The grass stand is considered the richest in the United States. Last year more than 300,000 head of cattle, bred under precarious conditions in Texas and New Mexico, were fattened on it.

Every year in April and May thousands of lean cattle are rounded up in the southern states and transported by rail to the region. In late summer another round-up is held and the grass-fattened stock is shipped to market, usually in August and September.

The section is sparsely populated, although along its borders towns and farming communities are numerous.

The blue stem grass begins spreading its green over the Flint Hills in April and quickly develops into pasture growth. Unpastured, it frequently grows knee deep and in sloughs often grows stirrup high.

Vacation Church School Scores Splendid Success

The annual vacation church school which opened at Methodist church Monday morning, June 4, and was brought to a pleasing and entertaining climax Wednesday of this week, was one of the most successful ever to have been held, according to the report made by the general superintendent, Mrs. C. D. Woods, and able assistants, whose sincere efforts are responsible for the interest shown by the children throughout the study course.

The Wednesday morning hours entertained a large number of mothers. Demonstrations of various projects by each department added a personal note of interest.

The Beginners department was supervised by Mrs. A. J. Ratliff, assisted by Mrs. J. S. McDowell, their principle theme subject, "Home" was featured with cleverly made posters. Songs were sung carefully chosen in keeping with

the topic, "Mother's Care" and "God Cares For All."

Mrs. L. H. Flewellen supervised the primary department, assisted by Mrs. Roy Jameson, Mrs. J. E. Matthews, Mrs. John Vardy, Mrs. Fred Warren, and Mrs. J. M. Bond, who acted as pianist, in the absence of Mrs. Walter Harwell, who spends her time at the bedside of her sister who is successfully convalescing from having undergone an operation some ten days ago. The program presented by this group of children was one long to be remembered. The setting bringing out in color and background that of a Japanese garden, the manners, customs, and training of the Japanese children, was cleverly interpreted by the Primary personnel, bringing this playlet to a close with a Japanese tea party, and presenting each guest with a fan as favors. Some eight songs were sung, all learned during the training course, "Children of Other Lands" came as another outstanding program number given under the splendid direction of Mrs. J. E. Matthews.

Find Wonderful New Face Powder

Poor complexion and old looking skin lack protection. Preserve your skin with the new wonderful Face Powder MELLO-GLO used by so many beautiful women. Its special tint and finish are so youthful. MELLO-GLO stays on longer, prevents large pores, and spreads so smoothly. Purest powder made and does not irritate your skin. 50c and \$1.

ed sacred hymns which has gained in popularity, "Jesus Loves Me." The 9-year-old group of Sunday school children of the church were instructed along the course of work under the leadership of Mrs. H. D. Bishop and Mrs. C. D. Woods, Paramount in lesson thought, "A World Market." "Missionaries and Products." A lesson each day from the Bible constituted an important part of study. Mrs. Robert L. Smith's services were invaluable serving in the capacity of secretary.

Lone Star Happenings

B. L. Rogers of Dallas, general superintendent of the compressor department, and his assistant, O. H. Moore, are looking over Lone Star properties in the Ranger district.

L. H. Tolbert of Dallas, assistant superintendent of the pipeline department, is in Ranger on business.

Paul Coffin, assistant superintendent of Lone Star Gasoline company of Dallas, is in Ranger transacting business with the local superintendent, Harry Wheelon, and other associates.

S. M. Gamble has just returned from a business trip to Dallas.

Lois Higdon, Margaret Samms, Homer, Billy and Bobby Smith, D. A. and Bessie Lou Robinson, Frederick and June Ann Gregoliet, Babb Edmonds, Jack Connell, Katherine Conley, Betty Joan McMillen, Rose Mary O'Donnell, Lewis Hughes, Jane Ray Lowe of Cross Plains, Lloyd Flahie of Cross Plains, Katherine and Maxine Wheatley of Borger, Betty Jane Bremmand of Bartlesville, Okla.

Personally Speaking

Howard Scuddy, representative with Vitality Shoe company, of Dallas, was the house guest of his cousin, Lawrence Hollowell and sister, Miss Blanche Hollowell, at their home, Hunt street, yesterday and last night.

Elmer Lewis of Eastland was a Ranger business visitor today.

Direct London

By United Press
TORONTO, Ont.—A direct cable service between Toronto and London, England, the first connecting the two cities, has just been inaugurated by the Canadian National Telegraphs.

A Texan has combined 10 garden tools in one, but it still isn't perfect as long as you have to go out and operate it.

CALLS ALL-BRAN NATIONAL NATURAL LAXATIVE

Delicious Cereal Checked His Constipation

Here is an unsolicited letter from Mr. Daniels:
"For many years I have been habitually constipated, and have used all sorts of laxatives. So, in fairness to Kellogg's ALL-BRAN, I heartily claim it to be a most wonderful remedy for constipation.

"Need I tell you that I have long since ceased using laxatives? Kellogg's ALL-BRAN is the National Natural Laxative. If it were used by every family in the United States for breakfast, we would have a much healthier race of people."—Mr. John Daniels, 1090 Third St., North Bergen, N. J.

Tests show Kellogg's ALL-BRAN furnishes "bulk" to exercise the intestines and vitamin B to help tone the intestinal tract. ALL-BRAN also supplies iron for the blood.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. Isn't this food much pleasanter than rickety pills and drugs? Two table-spoonfuls daily are usually sufficient. If not relieved this way, see your doctor.

Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

Ranger Library Has Busy Week

This week has been the busiest of the three weeks which the library has been open to the public. About 700 books have been checked out of the library to date.

Certain clubs of the city in co-operation with the school board have made it possible for the library to be opened to the public absolutely free for at least two months this summer. The following have paid the amount designated:

- Child Welfare \$10.00
- Rotary Club 9.85
- Columbia Study Club 9.85
- American Legion Auxiliary, 5.00
- Lone Star Gasoline Co. 5.00
- Hodge Oak Park PTA 3.00
- Young School PTA 3.00
- Cooper School PTA 2.50
- Hodges Oak Park Children 3.15
- Cooper School Children94
- St. Rita Children62
- Child Study Club No. 1 2.10
- Child Study Club No. 2 2.50
- Junior New Era Club 2.25
- Mr. Leveille & Mr. Fongler 1.00

Other clubs which have pledged and whose money is to be turned in to Mrs. Garvin Chastain or Mrs. Mae Healer this week are the 1920 Club, New Era Club, Lions Club, and the American Legion, and perhaps others.

Have you read "America Must Choose," a 32-page pamphlet just off the press giving the advantages and disadvantages of Nationalism, of World Trade, and of a planned middle course? David Lawrence in the United States News has said of this, "Secretary Wallace has expressed more clearly, more frankly and more comprehensively the economic issues confronting the United States than has anybody else." This and other timely material is available in your library.

What with the Canadian quintuplets and the Iowa quadruplets, can't the AAA do something about this overproduction?
