UNITED PRESS SERVICE BRINGS LATE NEWS OF THE WORLD TO TIMES READERS

RANGER, TEXAS, TUESDAY EVENING, JULY 24, 1934

PRICE FIVE CENTS

No. 46

Robbers stole \$24,000 worth of jewelry from a resident of Watch Hill, R. I. The town's lucky they didn't also take the Watch and just leave the Hill.

## BODY OF MISSING GIRL IS FOUND IN CREEK

### FATHER BEING QUESTIONED BY CITY POLICE

Was Taken From Car Last Night While Father Was Away.

HOUSTON, July 24.—Elijah Stuart, 28, employe of the Harris county relief commissary, broke down today and told officers that he killed his 5-year-old daughter, Dorothy. He previously said she was kidnapped.

Police said they learned Stuart took out a \$400 insurance policy on the girl less than a month ago. They said he received the policy yesterday.

Stuart said he drove to the bridge while his daughter slept and removed her from the machine and carried her to the edge of a pool.

"I held her head under the water until she didn't move any longer," he told officers. "I was in such circumstances I thought I would be doing the best thing by killing her."

His story of holding the child under water does not coincide with the findings of county health officers who conducted an autopsy on the body.

The health officer said he found no water in the lungs or stomach. He said the child was evidently given a caustic poison.

### END OF DILLINGER'S CAREER

The nation's public enemy No. 1, lying on a slab in the county morgue in Chicago, surrounded by policemen and coroner's assistants.

HOUSTON, July 24.—The body of a curly haired, blue-eyed girl, about 5 years old, was found in the stagnant waters of Cypress creek, 20 miles north of here today.

The child was thought to be Dorothy Stuart, whom her father, Elijah Stuart, an employe in the Harris county relief commissary said was taken from his parked car last night.

The little girl is one of twins.

The child's father, who was being questioned by police, had not viewed the body, but the description of the child fits that of the girl found in the creek.

The child evidently had been thrown about 15 feet from a bridge over the creek.

Herbert Page, Harris county health officer, said he believed the child died from some sort of caustic poisoning.

The child did not drown, as there was no water in the lungs or stomach, he said.

On the way home from town last night the father said he parked his car near a hamburger stand, leaving Dorothy in the car. When he returned she was gone. He reported the disappearance.

Stuart went to headquarters today not knowing the body had been found.

Police asked about an insurance policy said to have been taken out on the child's life less than a month ago. The policy covered the life of only one child, police said.

### Railroad Trains In Britain To Be Streamlined Soon

LONDON.—The modernization of British railroads is under way. Streamlined expresses are to make their first appearance this month when the Great Western railway will introduce experimental super rail cars on the Birmingham to Cardiff route.

Three cars have been built for this purpose. The cars provide for most revolutionary change in railway passenger policy that ever has been introduced in Britain, and will bring greater rail comfort and convenience.

They have a maximum speed of 75 to 80 miles per hour and provide a morning and afternoon business service in each direction.

In external appearance and design the new cars are similar to the experimental rail car, which has been providing local services in the South and Oxford districts during the last four months. It is the outstanding success of this car that decided the company to extend its use to main-line express services where the running of an ordinary "through" train is not justified.

The new cars resemble huge airplane floats with large flush fitting observation windows running along the top half and emerging, at the ends, into sloping control cabins. The design is the result of wind-tunnel tests, and head-wind resistance is reduced to a fifth of that encountered by a similar flat-ended car.

The sides are carried down within a foot of the track, completely enclosing the whole of the mechanism and practically all of the wheels. All exterior fittings such as headlights, door handles and hinges are streamlined so as to reduce wind resistance to a minimum.

### Weather Prophets Of Ranger Should Organize, One Says

Charles Ashcraft, Ranger post-office employe, suggests that an organization of weather prognosticators be formed in Ranger and that W. O. Walker, S. B. Baker and S. O. Montgomery be charter members, at least.

Several days ago each prophesied that a rain would fall within a few days, and since it rained Sunday Mr. Ashcraft says that, because Baker happened to be right in his guess, the club could be formed with Baker as president.

The idea of the organization, it seems, is somewhat mercenary, as it has been suggested that a fee be charged for predicting the weather. However, it seems, if the group could guarantee rains or dry weather, when needed, instead of predicting rain, no doubt the prognosticators' club would prove profitable to the members.

### Girl Arrested In Death of Father

SALLISAW, Ok., July 24.—A family tragedy today brought the arrest of Alysne Honnet, 18-year-old farm girl, in connection with the slaying of her father.

Officers said the father beat the girl with a hoe handle.

### Black Horse Turned White Overnight

HAVERHILL, Mass.—William Takofsky knew he put his black horse in the barn the night before, but when he returned in the morning a white horse was in its place—a miracle he thought.

The wonder of it all ceased when he discovered that the animal had been painted by some jester.

### AIRPORT WAS HISTORIC GRAZING GROUND

LEXINGTON, Neb.—"New York—1,360 miles; San Francisco—1,360 miles." Thus reads a sign-board near this city, which is a halfway point on United Air Lines' coast-to-coast route. Three-mile-a-minute air transports fly over the battlefield where the Cheyenne Indians made their last historic stand against the whites. The airport was once famous as a buffalo grazing ground.

### JURY SANG HYMN

NEW HAVEN, Conn.—While attorneys were endeavoring to reach a settlement among themselves, a superior court jury passed the time singing hymns in an ante-room.

### Vice President of Pickering Company Visitor In Ranger

J. W. Deal, vice president and general manager of Pickering Lumber Sales company, out of the head office at Kansas City, accompanied by Mrs. Deal, is visiting in Ranger.

Mr. Deal is making a complete survey of the yards throughout New Mexico, Texas and Oklahoma. Having completed a general survey of New Mexico, he is en route to Oklahoma before returning to Kansas City.

### MINNEAPOLIS STRIKERS FACE ALTERNATIVE

Striking truck drivers in Minneapolis faced the alternative today of accepting truce terms or having martial law declared in the nation's major labor disturbance.

Governor Olson virtually issued an ultimatum he would call out 4,000 national guards if the drivers rejected proposals already answered by employers.

About 900 workers in the Chicago union stock yards walked out, endangering 75,000 head of cattle from drought areas. All shipments to the stock yards were ordered halted.

San Francisco longshoremen voted on accepting mediation and returning to work immediately. Sentiment in other Pacific coast cities seemed likely to be influenced by the outcome of the vote.

### Explorer Plans An Expedition to Sheba's Capital

PARIS.—The explorer, Count Byron de Prorok, has just left for the Hedjaz, where he is to make arrangements for an expedition to the Arabian desert which some believe to be the lost capital of the Queen of Sheba.

De Prorok will be accompanied by four students from the United States—James Jackson, Yale; William Russell, Washington, U.; Harry Cosmo, Stanford, and Harry O'Neil, St. Louis. Captain Trafford, British explorer, an Italian mineralogist, Signor Pastori, and two camera experts will complete the party.

No less a personage than the king of Abyssinia persuaded de Prorok to risk his life on a mission, which has been fatal to dozens of explorers.

The Abyssinian monarch, who claims descent from Solomon, heard of the discovery of the alleged capital of Sheba while Count de Prorok was at Addis Ababa. He had just finished an exploration of the so-called Mines of Solomon, which he had found during the winter.

"Our legends here have it that Sheba lived in just that region," said the king. "I wish you'd go and check up."

Andre Malraux, author of French best-sellers, and two aviators flew over the Arabian ruins last spring. De Prorok hopes Malraux will be able to join the expedition.

The French writer has given de Prorok all the historical data on Sheba, which he had collected more or less as a hobby over a period of years and which led him to believe that the city he saw from his plane was truly the lost capital.

In addition to the support promised by the king of Abyssinia—contact men, munitions and money—Count de Prorok will bank for success on an old acquaintance, Mohammed Ben Nassir. Known from one coast of Arabia to the other, Mohammed will lead the expedition whose effects will be carried on the backs of camels.

### Sikes Aids Eastland Win of Team Trophy In Coleman Tourney

Eastland golfers with Medalist Bob Sikes with his 67 at the forefront won the team trophy in the qualifying rounds at the fourth annual Coleman Country club tournament Monday and were second in team honors by Ranger golfers whose scores aggregated 304, three over Eastland's.

Three of the Eastland four, Bob Sikes, D. Tully, J. E. Liles and R. L. Perkins, shot subpar golf. Tully, by virtue of the 70 shot jointly held runner-up position with J. T. Memmet, Phil Pe-Co champ. Liles shot 71 and R. L. Perkins Jr., his first participation in tourney play, hit the ball 93 on his two-time trek of the nine-hole course.

Ranger linksters were led by Sid Faircloth and James Smith, who shot 71's. Bob Smith and Houston Cole shot 85 and 77, respectively.

Sikes bagged seven birdies in his two trips over the sand green (ayout. He had a 34 on the first nine and a 33 on the last.

### Exhume Body of The 'Great Lover'

NEW ORLEANS.—FERA workers here are busy themselves digging up the skeleton of New Orleans' famous lover and commander of Spanish Fort more than a century and a half ago.

The skeleton, unlike that of present day lovers, is in a grave—not a closet.

Louis J. Genova, engineer in charge of the work on the ancient fort, said the "tomb" near the old battlements is that of Don or "General" Pablo.

According to legend and General Pablo was slain for having a love affair with the daughter of the chief of a tribe of Indians living in southeastern Louisiana. The daughter was betrothed to an Indian brave.

Don Pablo, his skull laid bare by the scalping Indians and then split by tomahawk blows, was buried near the fort between two magnolia trees.

The tomb, made of brick and cement, is being uncovered slowly.

And until that is done workers cannot be sure that the skeleton is that of the gay Spaniard.

### Holloway Tells A Tall Fish Story

Mr. and Mrs. R. F. Holloway of Ranger and Mr. and Mrs. Robert Holloway of Brownwood returned Saturday from a fishing trip to Colorado. Mr. Holloway says they had a wonderful time and tells the champion fish story of the year.

Last year, according to the story, a hail storm visited the region around where he fished this summer and the water was so cold from the effects of the hail that all the fish came out on land to sun. He says he saw several out on the prairie on their way back to the creek. "This is a true story," Holloway says.

### Penney Has Special On Chifon Silk Hose

Wednesday will be an all-selling event at J. C. Penney Store, featuring full-fashioned silk hose at extremely low prices. These are all-silk, sheer chifon hose and the low price is made possible because of the special purchase and announcement is made that it cannot be duplicated.

Read the advertisement of the Penney Company found elsewhere in this issue of The Times.

### HEAT WAVE IN MIDWEST STILL TAKING LIVES

KANSAS CITY, Mo., July 24.—Death dealing temperatures continued in the midwest today where scores had succumbed, and complete crop failure is threatened.

As relentless as war and as deadly as a plague, the sun beat down from a clear sky. Estimates placed the dead from this 14-day onslaught of 100-degree heat at more than 200. In the last three days 64 have died in St. Louis. Nebraska's heat dead numbered 49, and 60 have died in Kansas City in two weeks.

### Nervous Runt Is Public Enemy No. 1

DALLAS, July 24.—Some hope for relief from heat was held out to scattered communities today by Weatherman J. L. Cline.

"Southern Texas, near the gulf coast, should receive soaking showers in the next 24 to 48 hours," he said, "and scattered showers are indicated elsewhere."

### Blizzards Hamper Aid Sent to Byrd

LITTLE AMERICA, Antarctica, by Mackay Radio to United Press, July 23.—The five-man party turned back by blizzards and low temperatures while enroute to relieve Richard Byrd, reported today that it was heading for this expedition base.

Byrd, who reported his arm injured last week, has been isolated at a tiny hut 123 miles southward for months. The tractor party started out to relieve him but found the flag marked trail almost erased by snows and finally decided to turn back.

### Indians Predict Oklahoma Floods

DUNCAN, Okla., July 24.—Indians in Southwestern Oklahoma were leaving the lowlands today fearing a big flood.

Wise men of the Comanche tribe held a council and decided certain signs gave indisputable proof a great flood is soon to sweep the country.

"When snakes go, it is time for Indians to go, too," was the wise men's dictum.

Tribal predictions were expected rain would come Thursday, when the moon is full.

### Woman's Emotions Were Dillinger's Ruin

CHICAGO, July 24.—John Dillinger was trapped by a woman torn between the conflicting emotions of loyalty to the man who supported her on the one hand and fear, jealousy and the love for money on the other.

The mysterious woman in red who played mistress to Dillinger in his wild flight from the law, met the outlaw in Calumet City, Ill., saloon and went with him to escape the sordid life of a lady at the bar.

A corner of the veil of censorship that covered the Dillinger hunt was lifted today and revealed Dillinger never suspected death was closing in until the bullets of a federal agent burned through the back of his head.

### Four Bandits Rob A Kansas Bank

OXFORD, Kan., July 24.—Four bandits engaged in a posse in a gun battle here today after the robbers had looted the Oxford State bank and kidnaped three employes.

The robbers took about \$5,000, the employes were released.

### Penney Has Special On Chifon Silk Hose

Wednesday will be an all-selling event at J. C. Penney Store, featuring full-fashioned silk hose at extremely low prices. These are all-silk, sheer chifon hose and the low price is made possible because of the special purchase and announcement is made that it cannot be duplicated.

Read the advertisement of the Penney Company found elsewhere in this issue of The Times.

### Kin in U. S. Fear For Roehm Aide

The Chicago family of Ludwig Neumeyer is worried about him. For at last reports he was in Germany acting as chauffeur to Ernst Roehm, executed Storm Troop leader. Dispatches reported that "Roehm's chauffeur" was slain. So this picture of her son Ludwig with his little daughter Erika, saddens the Chicago mother, Mrs. Fanny Neumeyer.

### ESCAPE PROBE IS STARTED BY PRISON BOARD

HUNTSVILLE, July 24.—Officials of the prison system today started an investigation to find out why three killers were allowed to escape from the death cell.

Raymond Hamilton, Joe Palmer and Blackie Thompson, the men who went over the wall in a hail of bullets, appear to have vanished. No word had been received of them since they escaped yesterday when they engaged in a battle with Oklahoma officials.

W. A. Padlock, chairman of the prison board, called that body together for the investigation at the prison. He and another board member questioned guards, warden and witnesses to the escape in an informal investigation but would not say what they had learned.

Meanwhile Mary O'Dare, Hamilton's sweetheart, was arrested last night at Tyler. Police questioned her today but did not reveal their findings.

They said they wanted to find out if she knew of the activities of some of Hamilton's acquaintances.

### Hamlin Speaks In Eastland At 8:30 o'Clock P. M.

Judge Carl O. Hamlin of Beckenridge, candidate for congress, speaks tonight at 8:30 o'clock on the courthouse lawn. He will have his own sound amplifying equipment which will enable listeners to hear his speech from a distance.

The son of a former congressman, Judge Hamlin is at present edge of the 90th district court of Stephens county, a position he has held for approximately 13 years. He was first appointed judge and then elected at each succeeding election. He is a World War veteran.

Judge Hamlin is making a rather strenuous campaign, having spoken in most every town and village in the district. His speech tonight will be his first appearance in Eastland.

Opponents of Hamlin in the campaign are Thomas L. Blanton of Ableson, present incumbent, and Oscar F. Chastain of Eastland. Blanton has spoken in Eastland during the present campaign and Chastain is scheduled to speak here Thursday night.

### Donkey Game to Be Played Thursday

Arrangements for the game will be similar to the plans for the game last Sunday, which drew a fair sized crowd, and which proved to be entertaining and amusing.

### Another Old Gun Owned In County

Mrs. Will Langford, Route 3, Ranger, saw in the Times the story about "Uncle Joe" Calder's recent firearm, which is still in perfect working order, though more than 60 years old. She has sent forward with information about another old gun, one that is in her family.

Mrs. Langford's letter about the gun follows:

"My father, A. J. Beck, came to Eastland County in 1868 and it was near that time he found the gun in a hollow log while gathering wood. (It was always his belief that it was hidden by Indians). The gun is a double barrel, muzzle loading shotgun and is in fine condition. There are fine in-point carvings, one of an Indian on a rearing horse and the other an Indian and his gun. The bar or make of the gun I do not know."

### Candidates Will Speak In Ranger

The candidates for county offices are to speak in Ranger tonight. It was announced today by some of the candidates who were in Ranger this morning.

No announcement was made as to where the speaking would be held, but it was presumed that it would be held on Rusk street between Main and Walnut, where all state and congressional candidates have spoken.

### Four Bandits Rob A Kansas Bank

OXFORD, Kan., July 24.—Four bandits engaged in a posse in a gun battle here today after the robbers had looted the Oxford State bank and kidnaped three employes.

The robbers took about \$5,000, the employes were released.

**SPEAKING OF THE FUTURE OF TEXAS AND TEXANS**

Builders everywhere in Texas—and this covers all men and women who love Texas regardless of whence they came—declare for a new Texas, a Texas which pioneers and heroes and statesmen believed would come as a result of their sacrifices for the liberty of mankind and the establishment of a government of and for and by all the people.

There is a mighty issue to be settled at the primary ballot box.

It is the issue of naming men for the major and minor state offices as well as the naming of lawmakers who will have a mighty hand in the shaping of the future progress and development of this commonwealth. A man cannot serve two masters. He cannot be loyal to two masters. He cannot serve the people, all the people, and owe secret allegiance or allegiance to those who think only of their own interests and their own success in life and its activities.

Texas should come first.

The future of Texas should come first and not the selfish dollar or its contaminating influences if made use of for sordid or selfish purposes. Social justice should reign in Texas. Law enforcement should rule in Texas. Development of all the resources and industries (including the basic wealth industries) should be guarded and protected at all times by the men and women who make the laws.

Texas is standing at the crossroads. It is to make the turning point in this period of history and that turning point one that shall usher in the brightest dreams of the immortal founders.

FIRST BREWED IN 1640 AT STATION ISLAND NEW YORK

FIRST LEATHER BELT FOR POWER TRANSMISSION USED IN LOWELL, MASS., COTTON MILL, 1832

ELECTRIC BRIDGE TABLE TO SHUFFLE AND DEAL CARDS PATENTED NOV. 29, 1933

GOV WILHELM KIEP, first Governor of Netherlands (New York), the first brewery on his private estate at Staten Island, N. Y. Before the use of belts for transmitting power from shaft to shaft, iron gears were used. Previously belt were used from gear-driving shafts direct. Laurens Hammond invented the automatic bridge table which shuffled and dealt 13 cards to each player.

**ROOM FOR FUNERAL PARTIES**

PHILADELPHIA.—A special suite of rooms has been set aside in the new Pennsylvania railroad station here for funeral parties. It is believed to be the only accommodation of its kind in the world for grieving persons who do not wish to wait for trains in the regular waiting rooms.

**COLLECT BURIAL PROFITS**

FORT WORTH.—A negro funeral home has offered the commissioners' court here five cents a body for the privilege of burying negro paupers, even offering to furnish the shroud and coffin. The funeral home, it was explained, makes up its expenses by taking up collections among negroes.

**SEATTLE REVIVES POTLATCH**

SEATTLE.—The old pre-war potlatch spirit of Seattle will be revived with the annual "Seattle International Potlatch," scheduled for Aug. 23-26. Merry-making will feature the four-day celebration in keeping with the Indian name Potlatch, which means feasting.

**ALLEY OOP**

**DID YOU EVER STOP TO THINK**

By EDSON R. WAITE, Shawnee, Oklahoma

FRANK JENKINS, publisher of the Klamath Falls (Ore.) News and Herald, says:

"Newspaper advertising is merely the salesman that talks to more prospects than any other salesman can."

"No merchant would even think of employing his star salesman on the floor hit and miss—a day now and a day next month, giving him a job just whenever he happened to feel in the mood. Every merchant wants his star salesman on the job regularly."

"Smart merchants, who know how to make advertising pay, keep their advertising, which talks to more prospects than all their other salesmen put together, many times over, on the job regularly."

1000 MILES IN LOW GEAR .. 1000 MILES IN SECOND GEAR

PROVED in the blistering 130° heat at Death Valley . . .

**Mobiloil** can "TAKE" it!

RUNNING under conditions for which no automobile was ever intended, two standard low-priced automobiles raced around a sun-scorched track staked out on the desert floor at Death Valley... proving the quality of Mobiloil! One car ran 1,000 miles in low gear at a speed equivalent to 52 miles per hour in high... the other ran 1,000 miles in second gear.

With the thermometer sizzling around 130 degrees, motor temperatures leaped higher than anything you'll ever encounter. Protected by Mobiloil both cars performed beyond the expectations of the engineers who built them. Checked constantly, the motors showed no loss of power—no bearing failures—no scored cylinders—no motor trouble!

If you want all the power, smoothness and fine performance that was built into your automobile, use Mobiloil, the World's Largest Selling Motor Oil!

### Resolutions On Death of C.C. Robey

To the Eastland County Bar Association:

We, your committee to draft resolutions upon the death of our brother, Chas. C. Robey, beg leave to report as follows:

Chas. C. Robey was born in Hunt County Texas in 1882 and at the age of eleven years death of his father and the little Charles from thenceforth was thrown upon his own resources.

With dauntless courage he set his face to earn a living and secure an education. He secured employment as a grocery clerk, from thence to a clerkship in a railroad office, afterwards he became a post office employe, a law clerk, a court reporter, where he studied law and was admitted to the bar.

He held honorable positions under the late Ben F. Looney, Attorney General of Texas, and served as assistant United States District Attorney for the Northern District of Texas.

In 1918 he married Miss Minnie Ramsey of Cleburne, Texas, who is also a lawyer, and secretary of the Eastland County Bar Association. No children were born to this union.

For more than 15 years Mr. Robey was an honored member of his Bar Association and "none named him but to love him, none named him but to praise."

Charlie Robey was a lover of music, of painting, of religion, and his life was largely devoted to the service of his church and his country.

He was a careful painstaking lawyer and always went to the bottom of the question and took his stand on bed rock and his trial briefs reflected concentration and preparation.

His widow will continue the practice of law and like her talented and beloved husband, will carry on, through the bitter tears of sorrow.

To Charlie Robey, the lawyer, the husband, the student, the good citizen and the Christian gentleman, this Bar Association owes much, and it is further resolved, that a copy of these resolutions be spread upon the minutes of all courts of record in Eastland County, a copy be furnished the press and to his surviving wife, our honored secretary.

Respectfully submitted,  
L. R. Pearson,  
Frank Judkins,  
R. N. Grisham,  
Committee.

### The Newfangles (Mom 'n' Pop)

### By Cowan

There were eight people in the cast, and the production was splendidly given with key hymns, interspersed between the scenes and situations.

Mr. Morris of Brownwood College introduced the characters and gave the foreword.

The Eastland Zone B. T. S. will hold their next meeting the fourth Sunday in August in Desdemona.

The local B. T. S. extended happy wishes to Rev. and Mrs. O. B. Darby, for their enjoyment of their vacation of two weeks, in Tisana Camp in Davis Mountains.

Dr. and Mrs. Darby left at 6 a. m. Monday for their destination.

### Turks Work Out Five-Year Plan For Agriculture

By FERDINAND C. M. JAHN  
United Press Staff Correspondent  
ANKARA, Turkey.—Turkey's agricultural five-year plans have been explained by Muhlis Bey, minister of agriculture.

"My department is carrying out three five-year plans. The first is to meet the needs of our textile plants, which are to be constructed during this period, under the industrial five-year plan and which will be operated by the government.

"The second concerns the raising of merino sheep, whose wool is necessary for certain types of cloth, manufacturing of which is being started by private industries.

"The third plan foresees improvements in the whole domain of agriculture.

"We have completed the first year of our cotton plan, according to schedule. It was devoted mainly to develop seeds for high-grade cotton. The current second year will be employed in distribution and further development of seeds.

"As to the general program, we realize that everything cannot be done at once, and we are not doing things in haste. The policy of my department is careful and cautious.

Muhlis Bey knows his business better perhaps than any other of his colleagues. He has devoted his whole life to agriculture. After studies at home and in Germany, he was professor and director of agricultural high schools, before he became deputy to the national assembly.

He is known for the quiet and persistent energy, with which he carries out what he thinks necessary.

The minister took a justifiable pride in the agricultural institute. It has the finest conceivable equipment, fully equal to that of similar institutions in western countries.

Practical work and theoretical study are combined in the institute. The aim is not to produce scientists so much as practical workers to live among the peas-

### Freak Watch Has Two Movements

By United Press  
YORK, Neb.—A freak watch with two complete movements and individual dials has come into possession of E. Kahn, jeweler and watch repair man of this city.

The watch, believed to be nearly 150 years old, was made by hand and bears the name of the maker.

Kahn came into possession of the watch when he purchased a collection of old timepieces. The watch, he says, keeps perfect time.

### All Summer Days Really Dog Days

By United Press  
PORT WORTH.—All summer days, not August Alone, are dog days, according to Dr. R. C. Griffith, pet specialist.

Dogs and cats stand hot weather much better than human beings, he said.

"Dogs and cats use good judgment," Griffith said. "They find the coolest spot, lie down, and don't take any needless exercise. Heat prostrations among them are rare."

### SOPHIE KERR'S SUPERB LOVE STORY "STAY OUT OF MY LIFE!"

By Sophie Kerr

JANE PERKINS comes to New York determined to show her home town, Michigan, and especially AMY STEVENSON that she can make a success of her life. Amy has been her best friend until HOWARD ARNOLD breaks the engagement. Jane had forced upon him and married him.

In New York Jane obtains a position in a real estate office and soon is meeting a large income. She has an affair with ROGER THORPE, married, but tries to hide. When he offers her a large sum of money to leave him, she refuses. He then tells her that he is going to reveal her name.

When America enters the World War, Howard decides to enlist in the aviation corps. Amy heartily wishes over this impending separation. She writes him a letter of encouragement and a promise to wait for him.

Howard leaves for a training camp in Texas. Amy and her mother go to the station to see him off.

**NOW TO GO WITH THE STORY CHAPTER XXIX**

"I was Mrs. Lowe who took charge of the situation. Pretending anxiety over Mrs. Jackson's baggage, she set her and Amy both to making inquiries. Then she took them back to Amy's home, talking all the while of trivialities.

"Once there, Amy had to be busy and Mary Jackson put on an apron and helped. "It's nice to be in a kitchen again," she said. "I was getting sick of boarding houses and hotels. I may be pretty awkward at first. You were very good to let me come, Amy."

"I'm thankful you could come. Amy told her "I couldn't shut up the house and stay with Mother and Father. They love me too much. They're so close to me it kills them to see me unhappy. You know Howard the most. I won't feel you breaking your heart about me all the time. I'm sure they're relieved I'm staying here. You understand. It's too much strain on all of us."

"My dear," said Mary Jackson. "I understand very well. Love is much harder to endure than hate, and what your parents feel for you I feel for Howard. If you know what it has cost me to leave him free and not hang on him and depend on him and simply let my life on his. It wasn't fun, you can believe it."

"Oh, why didn't you come sooner and be with him? I ought to have insisted. I'm so sorry! I didn't mean to crowd you out. Really I didn't. I didn't think."

"No, I didn't want to come. I only wanted the one glimpse of him. I couldn't have stood any length of time with him, any more than you can stand being with your parents. I'm selfish about Howard—I feel so outraged and—Howard isn't going into this war."

"That's exactly what I've been saying to myself, but I didn't dare say it out loud. I'm glad you said it. And I wished, I can't tell you how much I wished and hoped that he'd be rejected—I mean by the physical examiners. I hope still that he won't be able to pass the air tests. Ground work isn't as dangerous as actual flying."

"The two women exchanged wan smiles. "You didn't tell How-

### Ranger Personal

Dr. L. B. Gray, pastor of the First Presbyterian church of this city, was called to Dallas today to conduct the funeral of T. A. Archibald, a time-honored resident of West Highland Park. The deceased was the proprietor of the Archibald Hat company. The service will probably be held in the Abbey Presbyterian church of which Mr. Archibald had been an officer for many years. Mrs. Gray will attend the funeral also. Dr. and Mrs. Gray will be absent over the Sabbath. No services Sunday due to pastor's absence.

### Eastland Personals

Wanda June Bond and sister, Wynema Jane Bond, who are visiting their grandmother in Galveston, will be home in ten days.

Mr. and Mrs. W. W. Phillips of Dallas were weekend guests of her mother, Mrs. J. P. Hearn, who also entertained Lowell Jones of Breckenridge, on Sunday.

Mr. and Mrs. Dewey Turre of Weatherford spent Sunday with Mrs. Byars of South Seaman street, and upon their return were accompanied by Mrs. W. L. Trammell for a short visit.

Dr. and Mrs. J. H. Caton visited Mrs. and Mrs. J. A. Caton in Cross Plains Sunday.

Mr. and Mrs. R. B. Goodman of El Paso left overland Saturday night for their home, following a visit with her mother, Mrs. P. L. Parker. The visitors were the honor guests of a round of small and delightful affairs tendered by friends.

Senior Epworth League

There was a fine attendance of sequeers at the Epworth meeting Sunday night in Methodist church, who heard with interest the topic of discussion, Latin American Missions, with Miss Mary Frances under presiding, as chairman of program.

Clyde Chaney brought the first topic, an analysis of the American's view of Latin American countries, stating that the Latin Americans are gracious, friendly and kind.

"Missionaries of Cuba," was handled by Wendell Seibert, who said that though the Missionary's time was destroyed by hurricanes, it was not discouraged; that wars and revolutions make it very difficult to conduct the mission work in Cuba.

Miss Jean Kitley concluded the program.

ARRITTA DAVENPORT, Editor

**Y. W. A. to Have Swim and Picnic Party Tonight**  
 Y. W. A. members of the First Baptist church are to meet at the church tonight, 7:30. Swimming suits and picnic baskets are to be furnished by each member.

**Mmes. Logsdon and Van de Venter Resting More Comfortably**  
 Mrs. Harry A. Logsdon and sister, Mrs. M. C. Van de Venter, who sustained serious and painful injuries in an automobile accident last Friday morning near Breckenridge, had a very restless day Monday, but are reported by hospital attendants at the City-County Hospital as somewhat improved today.

Brief visits are permitted friends of the patients.

**Bible Lesson Covers Chapters of Isaiah**  
 Mrs. Raymond Steel welcomed members of the First Christian church Bible class at her Pine street home Monday afternoon. Immediately after the assembly of guests the lesson was opened and carried on in a splendid way through the capable leadership of Mrs. N. L. Perry.

Chapters from the 40th through the 51st verses of Isaiah were well emphasized during the lesson study.

Next Monday's lesson will be a continuation of Isaiah extending the fifty-sixth verse.

Just before the departure of guests the hostess passed refreshing beverages to Mmes. N. L. Perry, Donald Smith, O. N. Ratliff, South, B. S. Dudley, Alexander, E. T. Matthews, R. A. Jones.

Mrs. Matthews will act as hostess for next lesson with Mrs. Steel in charge.

**Bible Study Given by Mrs. Bond**  
 Mrs. A. J. Bond, in her fluent and interesting manner gave a Bible study Monday afternoon when the Women's Missionary Society.

## MAGNOLIA IS WINNER OVER TEE PEE 8 TO 5

Magnolia defeated Tee Pee by a score of 8 to 5 Monday afternoon to retain her lead in the Twilight league without a defeat.

The game was replete with excitement from the first inning on, with home runs bounding off the bats of players on both teams in almost every inning, five being hit during the game, while one triple added to the extra base blows.

Magnolia made one run in the first, which Tee Pee matched in the second, taking another in the third and two in the fourth to get a 4 to 3 lead. Magnolia came back in the fourth, however, to get two more and make the score 4 to 3 in Tee Pee's favor and Tee Pee added another in the fifth.

In the last of the sixth Magnolia made five runs, enough to cap the game, when Roberts rapped out a home run, Howell batted for Woods and singled, but Wright hit into a double play, making two out. Smith singled and scored when Ed-

wards attempted to catch him at second and threw the ball out into center field. Kindred walked and scored when Anderson hit a home run, followed by another by Groves, who was the last to hit for the circuit, making three in the inning for Magnolia. Edwards and Hale had previously made the round trip for Tee Pee.

In the last of the sixth Heinlin and Delmaso singled, Edwards popped up to the pitcher and Hale struck out. There was some protest on Hale's strikeout, as he tipped the ball and Wright caught the ball either against his body or between his legs. Unsmile Jones declared that the ball had not touched the ground and the batter was therefore out. McKinnon then popped to right short for the last out of the game.

Doris in left field and Martin in center turned in good games, both making long, running catches for putouts that saved Gibson from having several more hits marked up against him. Groves, Magnolia third baseman, also made a circus catch, going clear to the ditch to take a foul ball, and having to jump the ditch just as he made the catch.

Both teams played good ball except when one or two apparently easy chances were muffed in the outfield and several times hard hit balls were fielded and handled perfectly to turn almost certain hits into putouts at first base.

The box score:

TEE PEE	
Player	AB. H. R. PO. A. E.
Edwards, c.	4 2 1 1 0 1
Hale, 1b.	4 1 1 1 2 1
