General Johnson Ordered to Stay With NRA

FLATLY TOLD BY ROOSEVELT HE CAN'T QUIT

WASHINGTON, Aug. 18.—President Roosevelt today flatly informed General Johnson that he must remain with the NRA and the administration.
Johnson revealed the attitude of Mr. Roosevelt on leaving the white house, where, in an hour's conference he discussed the proposed reorganization of the NRA.
"The president told me I could not get away from the NRA or the administration," Johnson said. "He wants me right here with my feet nailed down, and of course I'm staying."
He indicated Monday he would have further information to give concerning the reorganization of the NRA. Johnson seemed elated with the instructions from the president that his hard work was to continue indefinitely.

Royal Romance

Newest of rumored royal romances is that of Prince Kari of Sweden, top photo, nephew of King Gustav V, and Holland's Princess Juliana, below, sometimes called the "royal bachelor girl of Europe." Reports are current their engagement may be announced Aug. 31, which is Queen Wilhelmina's birthday.

SUDDEN DEATH FOLLOWS AFTER LABATT RETURN

LONDON, Ont., Aug. 18.—The violent and mysterious death of a trusted employe of John S. Labatt and kidnaping threats against Harry C. Hatch, wealthy Toronto brewer, gave police two new problems while they were attempting to round up the kidnapers of Labatt.
Gordon McKenzie, employe at Labatt's brewery, was found by a taxi driver during the night, apparently dying, on a London street. His skull had been crushed and he died shortly before noon without regaining consciousness.

At Toronto, police, it was reported, were inclined to view the alleged note a hoax. Hatch refused to answer questions and through a secretary denied any had been received.
Detectives set to work on the McKenzie death.
Labatt's silence since his return was explained today by disclosure his kidnapers ordered him not to talk under threats of further harm.

Wilson Tells of Murder Which Led To a Long Chase

DALLAS, Aug. 18.—Arthur C. Wilson, enroute to El Paso in custody of authorities who are returning him there to face a murder trial in the slaying of Mrs. Irene DeBolt, Cleveland widow, admitted here today he and he also was present when Mrs. DeBolt was killed near Van Horn.
Wilson stopped here for five minutes on the last leg of his long trip from Trinidad, South America, where he was arrested.
Asked of the statement was a confession of guilt he replied he would not like to term it that in that he intended to introduce testimony he believed would justify his actions with relation to Mrs. DeBolt.

Joe Moore Back In Lt. Governor's Race

DALLAS, Aug. 18.—Fergusonism as an issue, was emphasized in a new race in the run-off campaign today when State Senator Joe Moore of Greenville jumped back into the race for lieutenant governor of Texas.
Senator Moore had sent notices to all newspapers in the state announcing he would withdraw from the race, but before the time for the statement to be released he read that former Governor Ferguson had endorsed his opponent, Walter Woodul. With that, he changed his plans, sent telegrams cancelling his statement and announced he was back in the campaign.

Two Jailbreakers Sought at Dickens

DICKENS, Texas, Aug. 18.—Two prisoners who staged a daring escape from the Dickens county jail were sought west of here today.
The escaped prisoners were Virgil Stalkup and Clarence Brown, of Lawton, Okla., who were arrested in connection with the robbery of a truck near this city.
Stalkup and Brown sawed a lock from a cell door and escaped.

Textile Strike to Cover Whole Industry

NEW YORK, Aug. 18.—The threat of labor war in the textile industry assumed a grave significance today as the convention of the United Textile Workers of America extended its strike authorization to every branch of the industry. It now effects 650,000 workers.
"President Roosevelt is the only man on God's green earth who can stop the strike," declared Thomas McMahon, president of the United Textile Workers of America.

West Texas Offers Devil's Sinkhole, Destined To Become Attraction More Marvelous Than Big Carlsbad Cavern

ROCKSPRINGS.—This little town, once swept off the map by the cyclone hand of nature, today is expecting that some mysterious Nature to give it a fame and fortune valued hundreds of times over the loss occasioned by the tornado.
Take the word of Dr. Frank E. Nicholson, who gained prominence as the explorer of Carlsbad Cavern, the "Eighth Wonder of the World," and the Nation's chief natural attraction today, for this statement:
"The devil's sinkhole is bigger by far than Carlsbad Cavern or any other cavern that I have explored." And Dr. Nicholson, who quietly has gone about his explorations in the vast natural phenomenon 12 miles east of here on the Clarence Whitworth ranch in recent months, has explored Longhorn Cavern near Burnett, the Cascade Cave near Berne, and numerous other caves, including some in foreign countries. He knows—if anyone knows—whereof he speaks. That is what has made Rocksprings suddenly "cave conscious."
Moreover, size alone does not make the devil's sinkhole figure so highly in the eyes of Dr. Nicholson. He and his party, who say "We haven't even begun to probe the depths of the Sinkhole," have found beautiful formations and numerous lakes and ponds inside the labyrinth of the underworld now known to exist under the ead-recovered hills of Edwards County. The water is clear as crystal; the ponds sometimes are 40 feet deep, and their bottom is white as snow—and the water as cold as that which flows from glaciers in Alaska.
You may laugh at the idea of finding a mountain within a cave but that has been done here. Dr. Nicholson's survey shows the mountain, the peak of which one can see when he looks down into the Sinkhole, to be 600 feet high.
And it is a mile around this mountain!
Many miles of the multitude of caverns, corridors and underground canyons radiating away from the cave entrance and the mountain inside already has been explored by Dr. Nicholson and his party. They have seen other passages leading off into the bowels of the earth they know not how far. They are virtually immune to surprises from nature but in this instance they are enthusiastic.
With visions of a continuous train of automobiles coming into Rocksprings in after years, the sightseers spending their money by the hundreds of thousands of dollars annually as at Carlsbad, the whole world talking about the Devil's Sinkhole—well who can blame the people of Rocksprings, right now ready to set out their goat flocks in their entirety to the federal government because of

WOMAN'S BODY FOUND AFTER MAN IS HELD

GONZALES, Texas, Aug. 18.—The body of an unidentified woman, apparently brutally beaten to death, was found in the brush five miles south of here today a few yards off a highway.
The discovery was made after San Antonio police arrested Frank Wick, deserter from the United States air training station at Randolph field as he drove into San Antonio in a blood-spattered car.
Wick was said to have contended the automobile was stolen near Gonzales and insisted the blood resulted from a fight he had at a Gonzales dance hall.

Filling Station Man Killed By One of Three Tire Buyers

WILLIS, Texas, Aug. 19.—Emmett Walker, 32, filling station manager, was shot and killed today by one of three men who drove to the station and asked to see some tires.
Elbert Woods, who was at the filling station when the trio drove in, said one man entered the station office and fired two shots at Walker. Woods said the shots were fired while he was talking to the two, who remained in the car. Officers were unable to explain the shooting.

Grand Jury to Probe Slaying of Seymour Banker

SEYMOUR, Texas, Aug. 18.—The roadside slaying of Warren Nichols, prominent banker, will be investigated by the Baylor county grand jury on Aug. 27, it was announced today.
Mrs. Ruby Brittain, 40, a widow, arrested in connection with the shooting and charged with murder, maintained silence today. She was released on bond and was at her home.
The district attorney said that should an indictment be returned the case would be set for trial early in September.

Oakley Revival Will Continue Next Week

Announcement was made today that the Methodist revival meeting being conducted at Oakley by Rev. Ephraim D. Conway and Rev. J. M. Bond would continue for another week.
Much interest has been shown in the meeting, with good crowds present at each service. A number of conversions have been reported and the meeting is meeting with far greater success than was anticipated.
Both Rev. Bond and Rev. Conway are much pleased with the interest and appreciation being shown by the people of the Oakley community in the services.

Home Robbed While Family on Vacation

The home of Onks Littlefield was reported to have been burglarized while he was out of town on a vacation, according to Ranger police. Mr. Littlefield reported that among the missing articles were a man's suit of clothes with an extra pair of trousers; a man's suede jacket, coat style; a John B. Stetson hat, blue gray in color, size 7 1/2; a hand-tooled leather purse, with a Masonic emblem on it; one Gillette razor with a new box of blades; between \$3 and \$5 taken from a toy savings bank; 15 to 18 jars of fruit and jelly; a barber comb, and a billfold containing post office savings certificates with his name on them.
The robbery was evidently committed several days ago, but was not discovered until the family returned from a vacation. The burglars evidently changed clothes in the house, as an old hat and a pair of trousers were left behind.

Holds "Biggest Insurance Job"

Security for your bank account is the object of the Federal Deposit Insurance Corporation, whose chairman, Leo T. Crowley, is shown here in a new picture. More than 14,000 commercial banks are insured by the FDIC for all accounts up to \$5000, leaving fewer than 1000—all state banks—outside the system.

FIGHTS BREAK OUT ON FLOOR OF LEGISLATURE

BATON ROUGE, La., Aug. 18. Fights broke out in the gallery and on the floor of the Louisiana house early today, a few minutes after Huey P. Long's legislative steam-roller voted to exclude the press from its sessions.
A newspaper photographer was slugged in the gallery by several guards, presumably a part of the Long political machine. A reporter rushed to his defense and there was a brief engagement.
On the floor two members scuffled but were separated by the sergeant-at-arms.
At 3:10 a. m., both senate and house adjourned sine die, having been in session since Tuesday and approved under the noisy and spectacular domination of Long, 26 laws that removed from the city laws of New Orleans practically all rights to govern itself.

Kidnaped Pastor Released By Gang

NASHVILLE, Tenn., Aug. 18.—Rev. R. H. Askew, 28-year-old minister of Goldsboro, N. C., kidnaped from near his home Tuesday night, was freed by three captors 10 miles from here today.
He caught a ride to Nashville with a farmer. Announcing his identity, Askew told officers he was kidnaped at Raleigh, N. C., Tuesday. Near Goldsboro, he said, a strange man stopped him and asked him to take him to Raleigh, where the stranger's daughter was sick. After reaching there, three unidentified men forced him into a large sedan, he said.

Plans For a Hunter Rally Are Made for Ranger Next Week

Hal Hughes and P. S. Kendrick of Abilene and Judge John L. Smith of Throckmorton, were in Ranger Friday afternoon making arrangements for a Hunter rally and speaking to be held in Ranger sometime next week.
A tentative engagement for the speakers was made for next Thursday night, but announcements of the exact time and place will be made later in the week, it was announced after the conference held in Ranger.
The three Hunter supporters are all forceful speakers and each will probably have a part on the program, according to present plans.

MILK WAR AT FORT WORTH IS CONTINUED

FORT WORTH, Aug. 18.—Milk producers today resorted to physical force to prevent an attempt to blockade deliveries to creameries their strike to raise prices.
Pickets on streets leading into the city seized trucks and poured several hundred gallons of milk. In none of the cases was milk made to harm the drivers or trucks.
Pickets were also stationed at creameries to stop deliveries. A. Cartwright, chairman of the strike committee, said that reports stated 55 per cent of the creameries' supply had been halted.
Patrolling pickets attempted to stop every milk truck, both to keep dairies from supplying creameries and to keep creameries from storing milk.
A special picket was placed on the Cleburne highway after it was reported a creamery truck had been sent there for milk. The picket was to attempt to block its way into the city.
Similar steps will be taken to stop influx of milk from Dallas, San Antonio and other cities. Producers anticipated attempts by creameries to import milk if the strike continues long enough.

Car Speeds Away From Gas Station in Suspicious Way

Ingram, chief of police of Fort Worth, was notified Tuesday afternoon that two men driving a 1934 V-8 with red wire wheels had driven away with a tank full of gasoline and had acted queerly at the Woods filling station on the east side of town.
The men drove into the filling station and asked to have their gas tank filled. As soon as the tank was filled they started the car and drove away toward the east, not stopping long enough to get a receipt on their gas tank.
Ranger police notified police at Fort Worth and Mineral Wells, giving them a description of the car, and asked them to be on the lookout for the car. It was suspected that the car was stolen or that the two men, whose description police got, were criminals who were afraid to be long for fear they might be recognized and arrested.

Jiu-jitsu Expert Will Return to Arena On Monday

On Monday night the Ranger arena will announce another jam-up consisting of boxing and jiu-jitsu. The first number will be a two-hour wrestling match between Charles Lay and Doc Pool. These boys weigh in the neighborhood of 170 pounds and give the fans a run for their money.
The second card will be between Jack Fields, the jiu-jitsu expert, and "Red" Rogers. On last Monday night, Jack put "Red" Lewis the run with the jiu-jitsu holds and Lewis refused to come back to the last fall. Jack deals the cards of misery with this jiu-jitsu art and several are afraid to take him. "Red" Rogers has no fear of Jack and the match promises to be a real finish fight.
The 10 rounds of boxing between Jumping Jodie Cason and Bob Reed will in all probability be the most of the way. Bobby has been doing special training that he is in better shape to take on himself against the jumping Jodie.

Cotton Loan Rate Increase Discussed

HOUSEWIFE VITAL FACTOR IN CODE FOR HOME DECORATORS

John B. Dewar of Pittsburgh is the chairman of the national code authority for the painting, paperhanging and decorating industry. In response to an inquiry from the wife of a decorator in a southern city the chairman of the national code authority said that American housewives had a tremendous responsibility under the code of fair competition and "by accepting it can save themselves much worry and their husbands large sums of money." It is the woman of the house who can keep a watchful eye to the proper execution of a contract for which her husband is to pay. Substitution of inferior brands of paint is a frequent cause of cheating.

He reminded his southern correspondent, speaking of the responsibility of American housewives: "You do become employers of labor in the event you or your husband purchases your own supply of paint and engage men to apply it for you. According to the terms of the code you must pay those men the same rate of wage as they would be paid by a contractor and you must not permit the men to work longer than the maximum daily time agreed upon under the code—eight hours a day."

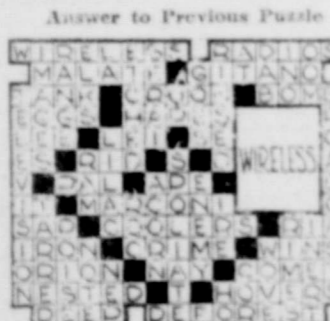

Chairman Dewar placed this bit of information in his reply, speaking of the maximum daily time agreed on under code: "Right there is where the housewife has a great test. Suppose the husband has purchased the paint or the paper, and a workman agrees—in a whisper—to undertake the job at 40 cents an hour instead of the, say, 60 cents which he should be getting in that locality. He is offering a 'bargain' always tempting and nobody but the workman and the women need know of the price cutting but it is against the law and we are all out to see that this law is complied with. After all, it may seem hard not to accept such a bargain, but price cutting is an almost certain assurance of a poor piece of work and it is the household which will pay in the end."

And this is one of the reasons why the American housewife is the vital factor in the code for home decorators. And Chairman Dewar advises that the code applies to other phases of the construction industry code such as carpentry and electrical work and plumbing. Yes, the woman rules, buys and bosses. She is the last word and the success of the codes depends on her viewpoint in this new American world of a new deal administration.

It is indeed impossible to survey the resources of this country without wondering how it comes about that a country holding so much of the goods of the world in its hands and being in such a high degree self-contained could continue to meet with such difficulties which are being described by our statesmen.

BEACH CLUB GIRL — Madeleine McCullough

BEGIN HERE TODAY
BOOTS HARBEN is and pretty, tries not to be jealous of the other girls in her crowd at Larchneck, fashionable New York suburb. SYLVIA BIVINS, richest girl in town, dislikes Boots and fails to invite her to a party at the Beach Club. Boots accepts a last-minute invitation from Mrs. WATKINS, socially prominent, to a dinner at the club that same night.

"You forgot something," Russ said. He held out the vanity case.

Boots innocently, Boots is thrown into an embarrassing situation by HARRY WHITMORE, one of Sylvia's guests, who had been drinking. He tries to induce Boots to go sailing with him and when she runs away, goes off in a boat alone and falls overboard. His rescue causes considerable excitement and Sylvia is furious. She resolves to punish Boots and maliciously repeats the story in a way to discredit the other girl. Mrs. WATKINS, prominent member of the Woman's Club, asks Boots to resign from the Juniors. Boots is coldly unresponsive.

CHAPTER IX

Boots tete-a-tete with Hardy was interrupted by the arrival of the Beach Club swimming instructor, Russ Lund. Hatless, looking by comparison to Hardy's lean nose and trimness rather the "roughneck" that Patsy had dubbed him, he stood there grinning at her.

"You forgot something," Russ said. He held out the vanity case. Boots stared at him. Then she smiled. He was holding her vanity case out to her, a frivolous affair of fine tortoise shell, flat and thin she must have left it in the car when he drove her home.

"Oh, yes. Thanks a lot." She began rather haltingly to make the necessary introductions. "Mr. Whitmore... Mr. Lund..."

Hardy bowed a trace too stiffly and said they knew each other. Russ's duck trousers were rather bedraggled looking. The virile white sweater, in contrast to Hardy's beautifully tailored flannels, looked utterly hopeless.

Her momentary sense of embarrassment fled in the face of Hardy's cool arrogance. What if he did as much, quite without warrant, that the Beach Club guard was unduly friendly with her? It was none of his business. If she were going to be one of Larchneck's girl outlaws she might as well play the role to the limit.

As Russ's old car, parked a few doors down the street, chugged speedily out of sight she said coolly, "He's a grand person, really," with an enthusiasm she was far from feeling. She knew little or nothing about the square-jawed, big-shouldered young man with the shock of unruly hair, except that he obviously admired her.

She lifted her slim hand and let it fall in the greeting. Hardy gave her an approving glance. "Good girl. Thought you might change your mind."

She widened her eyes. "Oh, why?" "Thought the town fathers might be writing you letters about my reputation."

THE golden youth beside her looked at her in puzzlement. What had gone wrong with the interview? He was accustomed to flustering interest. He would have sworn this little thing would be grateful for any crumbs of flattery he might toss her way. But knock out, he told himself solemnly, with the right clothes and more sophisticated makeup. Of course she was one of the younger crowd. Why, he was two years older. That made a lot of difference. She had spirit though. She threw up her head

like a young filly and he liked that husky voice of hers. It had a strappy undertone in it. You could do something with this girl.

"All right," she said casually. She had a "sort of date" with Johnny but that could be broken easily. It would be a triumph to be seen going places with Hardy and as long as the Mrs. Fennells of the world had turned thumbs down on her she might as well have some fun out of the situation.

Hardy went away a bit surprised at himself. If the truth be told at the way things had fallen out. He hadn't in the least intended to take this girl places. He grumbled. He had meant to do the graceful thing, say he was sorry for getting her mixed up in something awkward which hadn't been her fault. But Hedrick's arrival had stirred some primitive and jealous in him. It would be amusing, Hardy reflected, driving away in a cloud of dust, to show the town what a queen this yellow haired girl could be. Maybe this was how Sveungill had felt about Tribby.

Tickville Band to Be On Program for Region Convention

The American Legion Tickville has been given a place on the program of the state convention of the American Legion, to be held in Dallas next week-end. The program was originally scheduled but was not included. A special delegation came to the past week and urged organization to appear on the program Sunday afternoon. The invitation has been accepted and the band will go to Mineral next Sunday to take part on program at 3:30 in the after-

Demona Thanks The Tickville Band For Its Program

Dr. Harry A. Lopsdon, director of the American Legion Tickville, has received a letter of appreciation from W. E. Barron of Demona, secretary of the annual reunion, thanking the members of the band for the part they played in making the reunion program a success this year. The letter reads as follows:

Dear Mr. Lopsdon and the Tickville Band:
Your appearance last Saturday evening was a most excellent finale to our three-day home-coming celebration and our all-day open-air program. While our entire program meted a good crowd, at no time did you pack into the space for dancing room as while the Tickville band was rendering its unique program. The appreciation of the band was fairly expressed by the man preceding the last number. Your praises have been rung from all of the many from whom I have had expressions. Inasmuch as the entire occasion is a family affair, put on for the purpose of making folk happy, now that you are grateful that time and trouble you contributed was not in vain, but that our people enjoyed and appreciated a number to the fullest extent."

Eastland County Friends of Lotief Urge His Election

The Ranger, Eastland and Cisco friends of Cecil Lotief, present floral representative from the 10th district, are combining in an effort to have him returned to the office which he has been holding. Lotief carried Eastland county in a majority over both his opponents, both of whom lived in Eastland county, but the vote in Eastland county threw him in a tie in the second primary on August 25. Lotief lacked but 234 votes of carrying a clear majority over his opponents in both counties, it pointed out, and the vote in Calhoun county gave him 1,045 votes to 1,167 for Curry, who is in the tie with him. The Ranger Lotief ran much better than Curry, polling 573 votes to 176 for Curry. Eastland gave a larger lead over his opponents, with 711 votes to 179 for Curry, while in Cisco he again carried the ticket with 735 votes to 211 for Curry. Mr. Lotief stands for the rule of law and has fought special interests on every measure that has come up before the last session of the legislature.

Expert Explains How Dinosaurs Met Their Deaths

By United Press
BILLINGS, Mont. — An obituary 125 million years old was read here by Dr. Barnum Brown, of the American Museum of Natural History.

Re-enacting the role of some mythical, snaggle-toothed, hairy-chested eye witness, Dr. Brown described the death struggles of a dozen or more gigantic dinosaurs in a prehistoric swamp near where the Big Horn Mountain now pierces Wyoming skies.

Dr. Brown announced that the American Museum-Sinclair dinosaur expedition, which he heads, had uncovered four more sauro-pods—prehistoric 40-foot lizards—to add to the eight previously unearthed near Greyball, Wyo.

The noted bone hunter described how his fossilized prey met death eons ago.

"We see a flat land, rich in vegetation and dotted by countless shallow lakes, swamps, and rivers. The climate is tropical. Pines, cacti, figs and bananas cover the uplands. Thick grass

grows along the banks, and rank vegetation thrives.

"Now the actors come upon the stage. Huge slab-sided creatures that weigh 15 or 20 tons apiece and measure nearly 50 feet. They have whip-like tails and long necks at the ends of which sit ridiculously small heads. They float, swim, and feed in the water unburiedly. They enter by the tens of thousands, huddling close together as reptiles, and filling every lagoon as far as the eye can see.

"Now mother nature slowly changes the stage setting. The lakes dry up and the swamps vanish. The sauro-poid dinosaurs become more and more concentrated as they are pushed together in huge herds.

"The sauro-poid dinosaurs are water animals and the disappearance of water is their death sentence. They cannot migrate because of their great bulk. Some strave to death—others are stranded in the mire that follows the receding water—while others struggle to solid ground only to be killed by the flesh-eating monsters that skulk around pools, and

"Let's Stand TOGETHER" For CECIL LOTIEF

The above is the flaming headline of a very unusual political advertisement in the Eastland County Weekly Record, signed by three or four dozen citizens of Rising Star and Pioneer, addressed to:

"The citizens of Cisco, Eastland and Ranger":

Calling upon them to desert Cecil A. Lotief in the next primary election and vote for their candidate Ed Curry on Aug. 25th, 1934. In the three cities mentioned Lotief received 2,019 votes and Curry received ONLY 666 votes. In other words these few men of Rising Star and Pioneer are calling upon the people of these three cities who gave Lotief 2,019 votes to desert Lotief and vote for Curry who received only 666 votes according to the figures given by them in their most unusual appeal.

That Is Their Idea of "STANDING TOGETHER"

They want the tail to wag the dog. They must be totally lacking in a sense of humor and have a very crude idea of our democratic principal of a majority rules.

Lotief's work in the Legislature is a credit to the people of his district and the State. He has worked hard and fought for us on the floor of the House and in committee rooms until he has won the name (among his colleagues) of the tireless and fearless representative of the 10th district.

Members of the Legislature recognize in our representative an honest conscientious hard worker for his people and have given him full co-operation in his labors for us.

Lotief's record as a legislator is an open book to any and all who want to know whether or not he has been a representative of his people. He succeeded in getting every bill, resolution and major amendment offered by him, through the House—That is an unusual record and shows the influence he has there. He has fought for and supported all measures that were good for his district and for the State as a whole and it is VERY WELL KNOWN that he cannot be bought off, bribed or kidnaped when there are matters of importance needing his attention.

Lotief's attendance record at the House is something to be proud of, he is always present and looking after our interest.

In all conscience and fair play he is entitled to a second term so that he might keep up the good work.

Eskimos Get a Message from King

By United Press
LONDON.—King George has just said "Howdy, brother" for the first time in Eskimo to his Eskimo subjects around Hudson's Bay. His farthest northern legs also are getting visually acquainted now with their "Big Chief" back in London through a movie showing scenes from his life.

The message of greeting was taken to the Arctic regions by Patrick Ashley Cooper, Governor of the Hudson's Bay Company, who is now making a 10,000-mile tour of the company's trading posts with the film.

The first draft of the message was made in the Eskimo idiom to enable it to be translated directly into the native dialects. Two translations will be published. One will be in a kind of syllabic shorthand, and the other in Roman characters in the Labrador dialect.

In the message the King said: "The Queen and I send our loyal Inuit subjects a message of greeting from our home in the great encampment of London. In every part of the Empire, be it ever so many sleeps from our encampment, the happiness of our subjects deeply affects the personal happiness of the Queen and

Stagnation" Is Cause of Wave

By United Press
ST. LOUIS, Mo.—The recent heat wave and drought was caused by a "stagnation" of ordinary weather movements, resulting in a lack of winds strong enough to bring moisture from the Atlantic Ocean and Gulf of Mexico, weather forecaster Roscoe Nuon explained.

"Heat and drought go together," he said; one helps the other. The underlying cause is not known. We can see the immediate cause. We know that if certain distributions and arrangements of atmospheric pressure are formed, heat and drought will follow.

"There is no movement of high and low pressures interacting and causing the elevation of large masses of moist air, with consequent cooling and precipitation. The sun shines in a clear sky day after day and heats the motionless air more and more, until we have a major hot spell and drought.

"It requires a strong movement of air from the equatorial regions northward or from polar regions southward to break up a spell of heat and drought after it has gained sway over a large region."

He declared the difference between temperatures as recorded

Russian League to Start Dress Fight

By United Press
MOSCOW.—If the Young Com-somol League has its way, all Russian workers, whether employed in factory or office, will become "white collar men."

The official publication of the League recently chided Russian workers for their slovenly dress.

"Flowers are planted in factory yards and floors are washed in the plants. Why not pay same attention to personal tidiness?" the paper asked.

The campaign for better dressed workers follows a recent decree by Commissar of War Voroshilov requiring all Red Army officers to wear white collars, clean blouses and to shave regularly.

Car Registrations Showing Increase

AUSTIN.—New passenger car registrations in Texas during July made a favorable showing in comparison with the corresponding month last year, according to the University of Texas Bureau of business Research.

A total of 4,962 registrations in 16 representative Texas counties was 22.2 per cent above the 4,059 sales in July, 1933, but 14.5 per cent below the 5,801 cars in June of the current year.

During the first seven months of the year sales totaling 31,277 cars representing a gain of 50.2 per cent over the 20,825 cars during the corresponding period last year.

MOSCOW STARTS CLEAN UP
By United Press
MOSCOW.—Moscow, which never enjoyed the reputation of being a particularly clean city, is trying to atone for its past untidiness. Under the direction of the Moscow Soviet, 100 cleaning machines and 12,000 street-sweepers are now being employed, while many houses are being painted.

OWNER OF FOUR-YEAR-OLD CAR
TELLS OF A NEW THRILL IN MOTORING

"I had the biggest surprise of my life when I drove the Ford V-8"

"I'd been driving my car for nearly four years and I had put more than 75,000 miles on it. Then things got a little better with me and I figured I could afford a new car. 'Let's look over the Ford V-8,' I said to my wife.

"So we took it out on the road and gave it a good, stiff work-out. Tried it in traffic, on hills, and the roughest roads we could find. Put it to every test I knew. Even went so far as to drain the tank and see how many miles it would go on a gallon of gasoline.

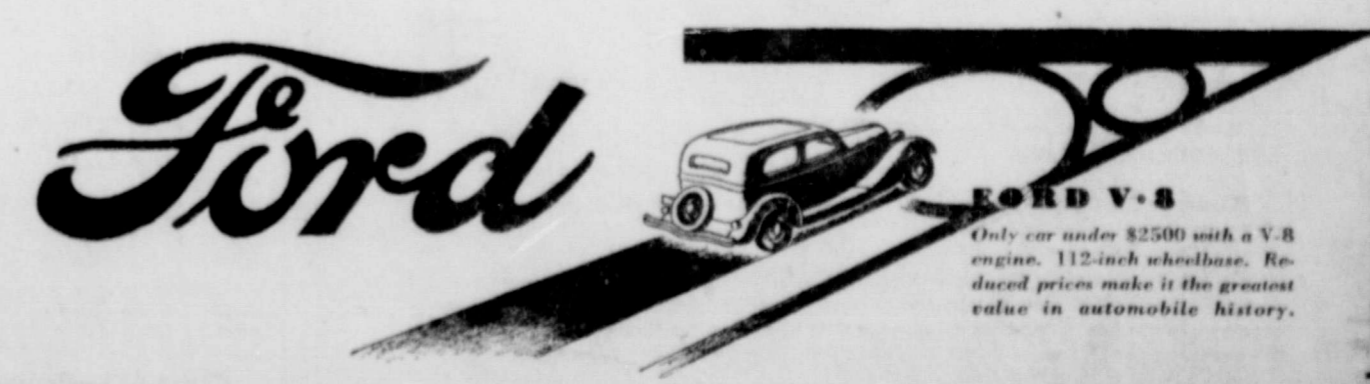

"I want to tell you I had the biggest surprise of my life. I knew the Ford V-8 was better than my former car, but I hadn't any idea it was so much better.

"The Ford name is on it and it has the same reliability and economy that you always expect in a Ford. But what a difference that V-8 engine makes! It's so smooth and powerful that you just glide along. After you drive a V-8 you just can't be satisfied with anything less.

"My wife was in the back seat and she said it was the quietest, most restful ride she'd ever had. And was she delighted with the finish of the car! Before we got home she'd decided on that green body with cream wheels and mohair upholstery. And then could hardly wait until she could show it off to her friends.

"I'll tell you frankly we've had more real fun driving this Ford V-8 than any other car we've ever owned—and we've had a good many makes in the last fifteen years.

"As for economy—I'm finding that this Ford V-8 costs less to run than a four-cylinder car. No guessing about that, either, because I'm one of those bookkeeping fellows who keeps a careful record. Henry Ford was right when he said the V-8 is the most economical Ford car ever built."

Baptismal Service To Be Held at the Central Baptist

Tonight the Central Baptist Church will use the night service as a culmination of the revival meeting held at Cross Roads which closed last Sunday night when Central's congregation attended in

a body. The preaching was done by Pastor H. H. Stephens. Sixteen members were received into Central Baptist, while eight more made profession and will join other churches of Ranger.

Tonight those coming into Central for baptism will be baptized. Dan Donoho, a young man who surrendered to preach a few Sundays ago in the morning service at Central, and who has been active in a Sunday school at Cross Roads which is carried on at 3:00 p. m. each Sunday, will preach.

All Central will want to be in this service to receive these coming from Cross Roads community and to encourage this fine young man who is just entering upon his life's work.

LET THE PEOPLE SPEAK!

"WE WANT LOTIEF"

AS OUR REPRESENTATIVE FROM EASTLAND AND CALLAHAN COUNTIES
107th District

Ranger gave Lotief . . . 573 votes—Curry . . . 176
Eastland gave Lotief . . . 711 votes—Curry . . . 179
Cisco gave Lotief . . . 735 votes—Curry . . . 311

Eastland County Gave Lotief a clear majority of 427 votes over both opponents!

Callahan County gave Lotief . . . 1045 votes
Callahan County gave Curry . . . 1167 votes

Lotief lacked only 234 votes of receiving a majority over both his opponents in the July primary. He led Curry 1522 votes.

There Must Be a Reason!

He has been tried and made good!
He is conscientious and trust worthy!
He represents the people and not any special interest!

Mr. Lotief has made good as merchant and business man—he has not tried a dozen different things and failed.

He stands for the rule of the people and has fought special interests on every inch of the ground.

He has been loyal to the trust committed to him two years ago—he is asking for a second term that he might carry out the policies of his platform—he has had experience and knows how to present his ideas and views before the house—Mr. Lotief knows the condition of the people in the two counties whom he seeks to represent.

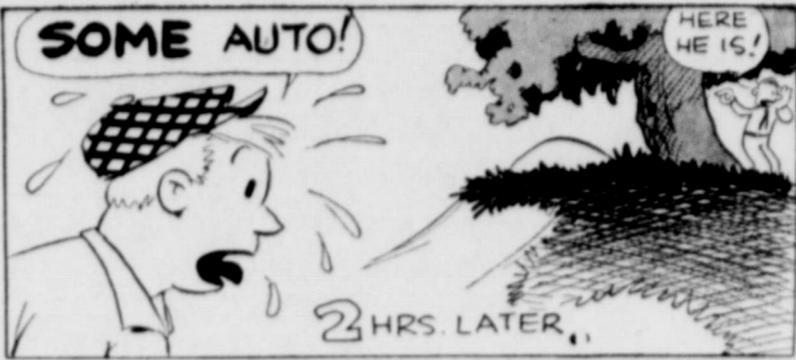

The people have spoken in the July primary—they will speak again on August 25. Let's send a man to Austin who has been tried and who has proven out he will look after the interests of the people at all times. Vote for Cecil A. Lotief, Representative 107th district.

Christian Science Services

"Soul" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist on Sunday, August 19.

The Golden Text is: "Cause me to hear thy loving kindness in the morning; for in thee do I trust; cause me to know the way wherein I should walk; for I lift up my soul unto thee" (Psalms 143:8).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty; for all that is in the heaven and in the earth is thine; thine is the kingdom, O Lord..." (I Chronicles 29:11).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Kingdom of Heaven. The reign of harmony in divine science; the realm of unerring, eternal, and omnipotent Mind; the atmosphere of Spirit, where Soul is supreme" (page 590).

Mrs. Walter Murray, Secretary of Child Welfare Club, Offers Summarized Report

Mrs. Walter Murray, who serves in the office of secretary for the Child Welfare club, offers the following summarized report of work from Feb. 1, 1933, to June 1, 1934:

400 calls for aid. 334 orders of groceries given; 66 orders of medicine; 153 articles of clothing; 110 families supplied with garden seed. 900 cans of country canned goods distributed. Among other aid given, a child was taken to Dallas by Dr. P. M. Kuykendall. Four children outfitted for orphanage; gasoline for 10 families sent to cotton fields; school supplies purchased for needy children in city schools; box of clothing sent to children in orphanage and \$10 spent for shoes for children.

A charity dance was put on and sponsored by Lewis Gregg for the Christmas cheer fund. The club made \$38.50 from the dance. Twenty-five dolls and 185 sacks of fruit and candy were purchased and distributed at Christmas time. Woolworth and Montgomery Ward donated toys. Mr. B. E. Garner gave a free show for used toys, which the firemen repaired.

Wheel-chair was sent to crippled child; \$2.50 worth of hardware was purchased for needy family \$42.47 was spent for cans to be given to needy families for canning purposes. Mrs. Bill Dorsey represented the club at the State Federation of Women's Clubs at Midland.

Talks were given by several county welfare workers and local citizens on welfare needs locally and throughout the country. Various methods for raising money were used during the year as there was no financial drive. The club sponsored as a summer project a library, contributing \$10 toward this co-operation with other clubs, individuals and the school board. This library was used advantageously by hundreds of children and adults.

Mrs. Roy Jameson, another ac-

tive and enthusiastic worker, gave the following financial report covering from Jan. 1, 1933, to June 1, 1934:

Money and supplies received: Dues, \$283.50; pledges, \$153.13; charity drive, \$57.85; donations, cash, \$1.50; city of Ranger, \$307.50; city of Ranger, script, \$327.60; charity, \$37.50. Total, \$1,178.58.

Disbursements—Lunches, \$183; groceries, \$746.55; medicine, \$140.03; clothing, \$126.71; miscellaneous, gas, fuel, \$16.92; seed and fruit jars, \$34.22. Total, \$1,247.43.

One dollar per member is given each month, 75 cents of which goes for the monthly luncheon, a business and social feature which has meant much to the success of the club. The remaining 25 cents goes into the treasury.

Judge and Mrs. Flewellen Return From Extensive Motor Trip
Judge and Mrs. L. H. Flewellen arrived in Ranger Saturday night

after a motor trip and boat journey that covered over 6,000 miles of motoring and hundreds of miles of travel. They were away six weeks and had a delightful tour, shared by Mr. and Mrs. Carl Springer of Eastland, who returned home the first of last week. The Flewellens bid the Springs an revoir as they started for New Mexico, prior to their return.

The party visited Seattle, then went by boat to Vancouver. Their tour took them to Colorado, Wyoming, Idaho, Montana, Washington, Oregon, California, Utah, Arizona, and New Mexico. They especially enjoyed their boat trip to Catalina Islands and their stay of several days in Salt Lake City, which they considered a most beautiful city. Cities with which they were especially impressed were Portland, San Francisco and Los Angeles. They reported that the Royal Gorge was showing the effects of the drought, as were many of the parks in Colorado. All in all the trip was a most delightful and successful one for the whole party.

Ranger Y. W. A. To Be Represented at Luaders Encampment

Paramount Cafe Now Serving ABC Beer

Bill Dorsey, manager of the Paramount cafe, has announced a special treat for the thirty hangers-on or visitors to the city, since he has obtained the agency for A-B-C beer, which is manufac-

tured in California from the purest of sparkling water, good hops and malt and other ingredients that go into the best beers.

The refreshing drink is now being served over the counter or with meals at the Paramount cafe, and has been declared by many to be the ultimate in the brewer's art. The beverage comes in 16-ounce bottles, and contains a sparkle and taste that will suit the most discriminating.

Do You Need a Saviour?
"Boys and girls at school, Do you need His Golden Rule, Do you need His watchful eye As the sunny days go by? At your books or at your play, You need the Saviour every day. "Brave young man, so strong, so tall, Do you need this Christ at all? Do you need Him in your work That you may never duty shirk? Brave young man so free, so gay, You need the Saviour every day. "Warring nations, mighty host, Do you need this Saviour most? Many on the battlefield To loss of limbs and life must yield, I love this now for you to say, Who needs this Saviour most to-day?"
