DOGGETT CASE TO GO TO JURY LATE TODAY

KIDNAP GANG IS CAPTURED BY POLICEMEN

DARIEN, Conn., Nov. 16.—An attempt to kidnap the 12-year-old son of Gustave Westheim, wealthy Darien and New York steamship broker, today resulted in gunplay in which two policemen were shot and four Rhode Island suspects captured.

John Collins, 33, and Joseph Borg, 26, of Providence, and Edgar LaRose, 38, of Pawtucket, were overpowered in the Westheim residence by police, who had been stationed in the house for three nights.

Mrs. Margaret Westheim had received a telephone call Monday threatening harm to the boy, Robert, unless they paid a large sum. The fourth man, whose name was not learned, and who escaped a police ambush at the home, was later captured at Norwalk.

The ambush was planned after Westheim notified authorities of the telephone threat. Robert meanwhile was removed to the home of relatives in New York City.

A plainclothes policeman admitted the men to the Westheim home, who found themselves confronted with a half dozen police with drawn guns. One intruder started shooting. In the gunplay the chief of police and his lieutenant were shot. Neither was seriously wounded.

With surgeons admitting her affliction might have been caused by her athletic activity, Mrs. Roof Gibson, the former Olympic diving champion, George Coleman, was recuperating from a brain operation in Boston. Her case is one of the few involving the tiny pituitary gland to come to public attention.

PEEPING THRU THE KNOTHOLE

Why, we have been asked several times, have you had nothing to say about the Ranger-Cisco game. One even asked why we hadn't had anything to say about it, which we have not quite figured out as yet.

"Anyway, we feel that there is nothing left to be said. It was all done."

And so Brownwood comes up here this year with an Oil Belt record, as far as we have heard, to its credit. That, however is only an Oil Belt record. Just read what sports McLenore, who writes for the United Press, has to say about a real losing streak, which was made by Knox. Wherever that is. And compared to the Knox record Brownwood's Oil Belt record is nothing. Henry says:

"Knox plays at Galesburg Saturday, and Knox men throughout the world await the outcome anxiously. 'Not until the words 'Knox blanked again' come in will the Knox men who are tea-planters in Ceylon, elephant trainers in Bombay and vice presidents in New York, be able to return to their tea-planting, elephant training and vice presidenting with any degree of aplomb."

"For the Knox eleven in the middle of a sensational losing streak. Not since Princeton and Rutgers played the first game of football in 1869, has any team compiled such an amazing record of invincible futility. Last week the men of Knox juggernauted their way to their twenty-fifth consecutive defeat. The last spot on Knox's record was placed there in October of 1931 when the team fell into an unexplainable slump and defeated Beloit 7 to 0. Since then Knox has not won, tied or even scored a point.

"Naturally, there has been a great deal of talk concerning the Knox 'system' but, according to my mid-western operative, there is no Knox system. The team's brilliant record is entirely dependent upon man-power.

"Give our team the wrong sort of player," a Knox alumnus here told be, "and we won't lose a game in 15 years. If Knox has any system at all, it is the stress laid upon the center and guards. At Knox the guards and center must be extremely last on defense in order to pull out of the line and open a hole for the opposition ball-carrier and interference, and slow and sluggish on attack so as to clutter up any aggressiveness on the part of our own backfield men."

"I will admit," the old Knox man continued, "that deception plays a rather important part with us. I would say that much of our success in failing to get past our own 10-yard line in three games this season, was due to the clever way in which our backs handed triple fumbles, and our refusal to

INSULL CASE IS COMPLETED BY DEFENSE

CHICAGO, Nov. 16.—Samuel Insull and his 16 co-defendants, today completed their defense against charges of a \$143,000,000 swindle, after a clash between government attorneys and Samuel Insull, Jr.

Assistant Attorney General Leslie Salter claimed damaging admission from young Insull that the Corporation Securities company was insolvent eight months before it crashed.

The young Insull, shouting defiant answers to cross examination, was the last witness for the defense.

District Attorney Dwight Green said the government rebuttal testimony would be completed this afternoon. The case is expected to go to the jury the latter part of next week.

Progress Observed In County's Rural School Inspection

Progress was seen by Miss Opal Gilstrap, deputy state superintendent, in her inspection of 23 rural schools in the county this week. The superintendent stated that it was encouraging to note the increasing number of rural students who further their education by going to high school. Also commended was the mounting scholastic training of teachers throughout the county.

Miss Gilstrap is the successor to Miss Sue B. Hann, who last year was transferred to another school district further west by the state board of education. The district of which Miss Gilstrap is head comprises 14 counties. The counties, she enumerated, were Shackelford, Stephens, Callahan, Eastland, Hamilton, Comanche, Coleman, Mills, San Saba, Lampasas, Brown. She maintains headquarters at Brownwood.

The district formerly included McCulloch, Llano and Mason, but these were taken off and Eastland, Shackelford, Callahan and Stephens added.

The superintendent was scheduled to go to Hamilton county following her completion of work in Eastland.

Going direct from Washington to Harrodsburg, Ky., the chief executive will attend the dedication of a memorial to George Rogers Clark and other pioneers of that section, move along on his TVA inspection trip, and then proceed to Warm Springs, Ga., for his annual Thanksgiving vacation, before returning to the capital early in December.

PRESS CORRESPONDENT EXPLAINS TAX MEASURE OF LEGISLATURE SESSION

Editor's Note: These are approximately 1,250,000 taxpayers in Texas. Most of them are directly affected by two bills on tax collecting policies enacted by the 43rd legislature in its recent session.

How and when do they affect the taxpayer? Whom do they relieve? How do they affect local government? Only the courts can answer some of the questions. Consensus of opinions from prominent tax authorities, tax attorneys, and state officials, is presented in two stories. The first follows:

By VERNON A. MCGEE
United Press Staff Correspondent

AUSTIN, Nov. 16.—Texas is drifting today on a financial sea. Legislators, summoned quickly into session for the fourth time in two years, cast out two anchors and fought for time to chart a course. Will the anchors hold the state's tax system on an even keel, or capsize it?

The first anchor cast out was House Bill No. 7 remitting penalties and interest on delinquent taxes paid by March 15, 1935, and encouraging the Home Owners Loan Corporation to throw out life belts in the form of loans to home owners.

House Bill 7 is generally called the "Pope Bill" after its author, Rep. W. E. Pope of Corpus Christi.

It does not take effect until Feb. 9. The delinquent tax-owner therefore will have 35 days in which to pay delinquent taxes to his state, county, city, town and school district without penalty of interest.

Until next Feb. 9, tax collectors may not accept delinquent tax payments without the penalties and interest prescribed under the old law. "Until after Feb. 9, we will have to operate as if there were no 'Pope' bill," the state comptroller's department said.

County tax collectors will be liable, personally for penalties on state and county taxes if they accept delinquent taxes without the penalties before Feb. 9. Collectors for cities and school districts also will be liable unless the city or district voluntarily has remitted the penalty.

Remission of penalties and interest on delinquent taxes was made mandatory on cities, towns and school districts between Feb. 9 and March 15, 1935. After that date, the governing bodies of each must determine whether the act shall apply to their local affairs.

After March 15, delinquent taxes are penalized two per cent if paid before April 1; three per cent if paid in April, four per cent in May, five per cent in June, eight per cent penalty and six

Eastland Man To Die in Oklahoma Electric Chair

OKLAHOMA CITY, Nov. 16.—Ernest Oglesby, 27, youthful Eastland desperado, must die in the electric chair on Jan. 4, 1935, for the murder of Douglas Gates, Oklahoma City policeman, the state court of criminal appeals ruled today.

The court brushed aside Oglesby's contention he had not been fairly tried. In his appeal, Oglesby charged prejudicial misconduct by the county attorney had caused him to get the death penalty.

ROOSEVELT IN TALK CALLS ON REAL PIONEERS

HARRODSBURG, Ky., Nov. 16.—President Roosevelt today called for new pioneering on the part of the nation to meet the challenge of a changing world.

Mr. Roosevelt spoke in connection with the dedication of a memorial to George Rogers Clark, stopping for an hour enroute to the Tennessee Valley, where he will inspect, for three days, the progress of the country's major experiment in economic and social planning.

"I have called you, who are here today, pioneers of 1934," he said. "I mean everything that the word pioneer implies. We, too, in these latter years throughout the length and breadth of our land have come to a realization of the present fact that the accustomed order our formerly established lives does not suffice to meet the needs and the problems which we are compelled to face."

Decorations To Be Put in Windows for Red Cross Roll Call

Wm. N. McDonald, member of the Red Cross annual roll call publicity committee, announced today that a good response had been encountered from the merchants contacted to date in reference to decorating windows for the roll call.

Material for the decorations will be furnished by the publicity committee, and is already on hand in the office of the chamber of commerce, and is to be distributed in time for the windows to be decorated by this week-end. The decorations are to remain in place until after the roll call is completed next Thursday.

The stores which have agreed to have windows decorated are Paramount Pharmacy, J. C. Penney, Oil City Pharmacy, Killingsworth, Cox & Co., Hassen Company, Joseph Dry Goods Company, P. W. Woolworth & Co., Montgomery Ward and The Globe, Inc.

It was announced by Mrs. W. D. Conway, chairman of the roll call for Ranger, that a booth would be installed in front of the Gholson hotel, where headquarters for the drive would be established with Mrs. L. H. Fiewellen, Mrs. Bob Normal and Mrs. G. E. Robinson in charge.

The drive is to start on Tuesday morning and will last for three days.

The court brushed aside Oglesby's contention he had not been fairly tried. In his appeal, Oglesby charged prejudicial misconduct by the county attorney had caused him to get the death penalty.

Alice In Wonderland Is Dead in England

WESTERHAM, England, Nov. 16.—The fair-haired little girl of the famous book lives in immortality, but Mrs. Alice Liddell Harcourt, who as a chief inspired Lewis Carroll to write his beloved fantasy, died at 10:30 p. m. Thursday after an illness of two weeks. She was 82.

In her last year, Alice was a placid old lady, living with her memories of Lewis Carroll and the tale he wove for her of the little girl who tumbled down the rabbit hole into a fantastic wonderland.

Pass Books Ready For Stockholders of Loan Company

C. E. May, secretary-treasurer of the First Federal Savings and Loan Association of Ranger, is very anxious that those who subscribed for stock in the organization call and receive their pass books. Mr. May said the organization is getting along fine with several applications in and others pending. It is very necessary for those who make application to know something of the premises on which the secured is based. Several have applied for loans and when asked about their property, taxes, location, size of lot, abstracts and a number of other questions pertaining to the property, did not know the information necessary. This information is very necessary, according to Mr. May, and will save a lot of time and expense.

AGGIES WILL HAVE ITS FULL STRENGTH HERE

The North Texas Agricultural College Aggies, rated as the strongest team in the conference, will play the Ranger Junior college Rangers at Lillard Field Saturday afternoon at 2:30.

Both teams have been training steadily for this contest, which will go a long way toward establishing the conference lead, as NTAC must win in order to stay at the top, while the Rangers will be fighting desperately to down their toughest opponent of the year.

Reports from Arlington say that the Aggie injury list is now a thing of the past and all the regulars will be ready to start against the Rangers. Beardon, powerful fullback, who was kept out of the Decatur game, which the Aggies won by a score of 51 to 0, will be ready to start, Coach Lambert has announced, while Counts, Curik and Lewis, stellar linemen who have been on the injury list will also see service in the Ranger game.

Coach Tricky Ward has also made some improvements on his defense, shifting Jordan to end on the defense, with Taylor playing at tackle. He hopes to be able to stop the Aggies' power plays and sweep-end runs by the change in the lineup.

As the Rangers have not played in some time there are no injuries among their players, and both teams should be able to throw their full strength on the field Saturday.

ALLRED SAYS NO NEED EXISTS FOR CONTROL

AUSTIN, Nov. 16.—Gov.-Elect James V. Allred today notified Chairman William P. Cole, Jr., of the congressional oil committee, that in his opinion no necessity exists for legislation giving the federal government the power and duty of controlling oil production in Texas.

The incoming governor announced that in his administration he will follow the state democratic platform opposing "federal oil curtailment."

The message is construed by many as an indirect answer to Secretary of the Interior Harold I. Ickes, who told the American Petroleum Institute that unless conditions are corrected the government may declare oil a public utility.

IS CHARGED IN ROBBERY OF CISCO RANCHER

Elmer Van Cleave Says Doggett Fired Fatal Shot From A Rifle.

RAIDED, Texas, Nov. 16.—The trial of Clifford Doggett of Cisco, charged with robbery with firearms in the slaying of E. F. Threest, prominent Eastland and Callahan county rancher, was expected to reach a jury here late today.

The prosecution completed its testimony shortly before noon. The defense did not call Doggett to the stand. Defense counsel said it would not use any witnesses.

The State scored a hard blow with the testimony of Elmer Van Cleave, young co-defendant, who is charged with Doggett with Mary Lou Howell, Cisco woman, in the robbery and slaying.

Van Cleave testified Doggett shot Threest with a rifle and robbed him of \$150 Aug. 15 on Threest's ranch.

Arguments in the case were expected to be completed today with the jury beginning deliberations before night.

Advice From State Comptroller and Legislators Differ

Judge C. L. Garrett, judge of the commissioners court and his aids are no doubt in a quandary because of the difference in opinion as to the date of effectiveness of the delinquent tax bill.

Said Judge Garrett, Friday: "There seems to be a difference of opinion among the legislators who of the remission of delinquent tax bill will become effective. We have been informed by the comptroller it will not become effective until Feb. 8."

Continuing he said: "The fact that if it is not effective until Feb. 8 will work a serious hardship on many who have made applications to the Home Owners Loan Corporation for loans to refinance their indebtedness as considerable penalty and interest had to be added since the applications were made when no interest or penalty was to be taxed."

allow the linemen to know which back was carrying the ball or which way he planned to run.

"It is no secret, the old grad told me, that the 7 points scored against Beloit in 1931 almost brought about a sweeping coaching change.

"We were all pretty sore about that victory," he said, "but calmed down a bit when convinced that it was a mistake."

"It seems that the play which

scored the touchdown was 'No. 39,' for many years Knox's most dependable ground-loser. Rival coaches had seen it a hundred times, but never could seem to devise a defense that would prevent it costing Knox anywhere from five to 50 yards. In the Beloit game, as I got it, the quarterback found himself in a tough spot. With two more downs, he had but 60 yards to go for a first down. So he called old 'No. 39,' confident it would have the situation.

"Something went wrong. Some say the left half stumbled and accidentally blocked an opponent; others insist the center forgot and made a decent pass from center. Whatever the cause, the right half, who was carrying the ball, suddenly found himself past the line of scrimmage—out in the open, a territory entirely strange to him. For the first time during his playing days, he was loose, with no tacklers 'round his neck. He grew panicky, and before friendly hands could stop him, had run madly up the field for a touchdown.

"Rumor has it that, shamed by the thing he had done, the halfback left school in a few days, and is now digging for peat in Ireland, in an effort to forget."

SWUNG FOR NUTS, GOT LIMB
By United Press
MT. VERNON, O.—Gus Zoldt, of Brooktown, near here, used a heavy timber as a battering ram to jar down hickory nuts. He felled not only the nuts but a dead limb. He was clipped a glancing blow on the head, which required several stitches to close.

ANOTHER TIME WHEN

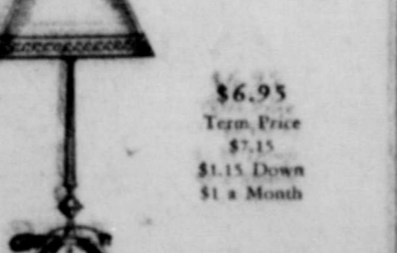

Good light WOULD HELP

As age increases, the pupil of the eye contracts and less light enters. That's why scientists say that people over fifty need two or three times as much light as people twenty years old. And such a task as sewing, regardless of age, requires several times as much light as reading.

Proper home lighting benefits the vision and health of every member of the family. It's so easy and inexpensive to have!

THESE ARE SOME IMPORTANT LIGHTING RULES

- Use lamp bulbs of the correct wattage... at least 40-watt MAZDA lamps for 3 socket lamps, 60-watt for 2 socket lamps, 100-watt for single socket lamps.
- Have all lamp bulbs shaded. For portables, a shade light in color, wide in spread, and open at the top.
- Never read in a glaring light, or in your own shadow.
- Always use lamp bulbs of reputable make. Inferior ones burn out and blacken quickly.

One way to be sure that your lighting arrangements are as nearly perfect as possible is to use the new Reading and Study Lamp, designed and recommended by the Illuminating Engineering Society, authorities on proper lighting. These new lamps are low in price and are on display in our store—so you'll want one or more the minute you see them.

Election Shows Need of Party Alignment

The New Year will have come, probably, before people get through talking about what the election signified. Just now we have the rather amazing spectacle of an administration winning the support both of those who feel that it is heading in the direction of change and of those who believe it to be the one secure bulwark against change.

That is to say that Mr. Roosevelt, in some manner, has contrived to draw strength from liberals and conservatives alike. The liberals believe that he is going to amplify and continue those changes inherent in the New Deal; the conservatives believe that he will make as few changes as possible, and that anyone who might be put in his place would almost certainly go farther to the left.

These exceedingly contradictory developments make it very hard to figure just what the election may have meant.

The administration continues to enjoy public support, in a quite unprecedented way; and yet this solidarity is more apparent than real, since it includes the support of two diametrically opposite schools of thought. Mr. Roosevelt cannot forever continue to be the darling of the liberals and the white hope of the conservatives.

All of which is just another way of saying that the much talked-of realignment of parties cannot be postponed much longer.

Liberalism and conservatism are not words of very exact meaning. Nevertheless, they will have to do for want of better ones; and sooner or later they will have to be the unofficial labels of our two chief political parties, with one party standing for the one attitude and the other for its opposite.

For what the New Deal needs more than anything else is a critical and intelligent reappraisal that goes to the fundamentals beneath it. It did not get that in this recent campaign. It cannot get it until the two parties stand for something more than just two groups of assorted officeholders and office-seekers.

The election advanced us very little toward that goal. It succeeded only in emphasizing the necessity for reaching it.

SUNDAY SCHOOL LESSON

PICTURES OF SILVER

By BEULAH K. HICKS

THE CHRISTIAN AS A CHURCH MEMBER

Matt. 5:13-16; Acts 2:41-47

The lesson passage from Matthew is taken from the Sermon on the Mount in mid-summer of A. D. 28. Two very essential things of life, light and salt, are taken to portray the necessary characteristics of a Christian as a church member.

Salt is savory, purifying and preservative and has been highly valued since the beginning of history. In those times a city with a bountiful supply of salt was considered a rich city.

The Jewish religion laid peculiar emphasis upon cleanliness in their religion. In that warm climate with ice unknown, salt was their only antiseptic and was used on all sacrifices.

Salt to a modern chemist is always salt, being a pure salt. But at that time it was cut in blocks from different salt waters and caves, having other ingredients in it that looked like salt but had none of its properties.

How compelling and true to life was this truth presented to the people of that time and is so true today to the modern church member. The church is the bride of Christ. Our golden text today is just one sentence but so very forceful.

We are members of His body (Eph. 5:30).

If we are members of His body in this great organization which should exercise a powerful moral influence on society, yet separate in idea from the world, in the

world, leading in great spiritual changes, we should so conduct our lives accordingly. Peace, joy and happiness in dealing with our fellowman is the fruit of a great religion. But if it has lost its savor, a person's happiness and influence is hampered and hindered.

Light, how needful is light and how all people abhor the darkness of blindness. A true Christian will study God's word until beauty of thought and expression becomes a part of his life until all who come in contact with him will observe and respect it.

Great thoughts and inspirations were not given to be hidden in any one person's mind or heart. A bag of salt is useless hidden away. A light under a bushel does not light the room.

True courtesy cannot be assumed. It is the expression of a love filled heart to be of help to others, not for self-advancement but in giving of self to others.

The Christian who understands that "God is love" and partakes of that life in abiding faith, prayer and study of God's word attains true courtesy.

"Eben so let your light shine before men; that they may see your good works, and glorify your Father who is in heaven."

The second part of the lesson from Acts follows Pentecost, Sunday, May 28, A. D. 30, at Jerusalem.

It is a mighty picture of faith; 3,000 were baptized in that day. They were steadfast in teaching, fellowship, in breaking of bread

and prayer. They were of one accord in belief and praise and had the joy of the presence of the Holy Spirit with them.

"They took their food with gladness and singleness of heart, praising God and having favor with all the people."

Here again is true courtesy exemplified. Their thoughts and hearts were turned to God in praise. They did not eat as the cattle and other beasts but in love and consideration of each other.

The church of today depends upon its members realizing that the church is of Christ who keeps it and uses it for His glory through their lives. Study and prayer which brings wisdom from God to church members marks the success of that church. It should be hospitable, sharing spiritual gifts, helpful to the needy and working with all members in love and prayer with the sole aim of glorifying God through Christ in seeking to save those who are lost.

Go ye into all the world, and preach the gospel to every creature. He that believeth and is baptized shall be saved; but he that believeth not shall be damned. (Mark 16:15-16.)

Terrible Turk to Make Appearance at the Elks Arena

Jim Shaber, the Terrible Turk, a newcomer in Texas, will make his first appearance before the Ranger fans in the semi-final, one-hour time limit bout. He is a tough boy and brings his Turkish whiskers with him. He meets a worthy opponent in former Coach Simmons. Simmons holds the welterweight championship of the Pacific coast. This bout promises to be full of action all the way.

The main event is to be a two-hour time limit bout, best two out of three falls, between "Horse-shoe" MacIvers, the fighting Scotchman, and Lew Kodrick, the little giant. Lew has wrestled in Ranger on a number of occasions and has successfully defeated his opponents on each occasion.

The show will start promptly at 8 o'clock.

BANISH COMMON CONSTIPATION WITH DELICIOUS CEREAL

Kellogg's ALL-BRAN Brings Relief

Look out for headaches, loss of appetite and energy, sallow complexion, sleeplessness. Frequently, these are warning signs of common constipation. If neglected, your health may be impaired.

Today, you can rid yourself of common constipation by eating a tempting cereal. Laboratory tests show that Kellogg's ALL-BRAN furnishes "bulk" and vitamin B to aid regular habits. ALL-BRAN is also rich in iron for the blood.

The "bulk" in ALL-BRAN is much like that found in leafy vegetables. Within the body, it forms a soft mass. Gently, this clears out the intestinal wastes. How much better this is than taking patent medicines!

Two tablespoonfuls of ALL-BRAN daily will usually overcome most types of common constipation. Chronic cases, with each meal. If seriously ill, see your doctor. ALL-BRAN makes no claim to be a "cure-all."

Serve ALL-BRAN as a cereal, or use in cooking. At all grocers. In the red-and-green package. Made by Kellogg in Battle Creek.

Activities of the H. Demonstration Clubs of County

Yard Improvement

"Yard plans are as essential as patterns in making dresses and should be put on paper because improvement is a long time job," stated Miss Onah Jacks, landscape specialist, College Station, to a group of home demonstration agents and home demonstration club women in a foundation planting demonstration at the home of Mrs. J. W. Hancock, north of Rising Star.

A complete plan of the yard, which is to be the pattern yard of the North Star home demonstration club, was made to include the following essentials of a well landscaped yard: Trees for shade and back ground at side and back of house. Smooth, unbroken grass lawn. Foundation plantings of permanent shrubs. Screen and border plantings where needed. Roses and flowers in separate beds in the side or back yard. Convenient walks and sanitary toilet. Service and drives where needed.

Mrs. Hancock had previously worked the beds around the house and they were well cultivated and the soil in condition for planting the nineteen foundation plants across the front and little to the side of the house. Buck bush, wax leaf ligustrum, Abelia, Nandina and Euonymus were used in the planting. Other plants will be added from time to time, following the plan exactly.

In addition to Miss Jacks, Miss Kate Adele Hill, district home demonstration agent, College Station, and the following county home demonstration agents and club women attended: Mayesie Malone, Brown; Gertrude Brent, Coleman; Mayme Lou Parr, Howard; Emma Gunter, Mitchell; Vida Moore, Callahan; Ruth Ramey, Eastland; Mrs. B. Watkins, Mrs. J. T. Coursey, Mrs. Lee Burkhead and Mrs. Ann Tyson.

Long - Used Laxative

To be bought and used as needed for many, many years, speaks well for the reliability of Theford's Black-Draught, purely vegetable family laxative. Mr. C. E. Ratliff writes from Hinton, W. Va.: "My wife and I have used Theford's Black-Draught thirty-five years for constipation,—tired feeling and headache. I use it when I feel my system needs cleansing. After all these years, I haven't found anything better than Black-Draught." Sold in 25-cent packages. Theford's BLACK-DRAUGHT "CHILDREN LIKE THE SWEET"

Outstanding Attractions At Two Theatres

ROGERS AND ASTAIRE ARE IN 'DIVORCEE'

A week of really outstanding screen entertainment has been announced beginning today by B. E. Ganser local city manager of the Arcadia and Columbia theatres. In addition to excellent feature bookings carefully selected short subjects have been booked to make the entertainment complete in every detail.

Starting the week Friday the Arcadia plays Pursued with Rosemary Ames and Victor Jory. This is a story about a young night club entertainer and promised to very entertaining. Supporting this cast is Pert Kelton and Russell Hardie. To complete the program for this day a 20 minute Todd and Kelly comedy, Three Chumps and a 10 minute oddity are included.

The really big picture of the week comes to the Arcadia Saturday and Sunday when Ginger Rogers and Fred Astaire will be seen in the latest musical hit, Gay Divorcee. Astaire and Rogers will be remembered for their performance in Flying Down to Rio in which they introduced the "Carrioca," a dance that took the country by storm. In their latest picture another dance, even greater than the Carrioca, is introduced. It is the Continental, and is a sensation. A 10 minute short subject, Grandfather's Clock, and a Pathe News reel complete this already complete booking.

Monday and Tuesday for the first time in several months Ronald Coleman will make his appearance in Bulldog Drummond Strikes Back. This picture is Coleman's latest and has already promised to be his best. Supporting Coleman in this picture are Loretta Young, Warner Oland, Charles Butterworth and Una Merkel.

Wednesday and Thursday the greatest baseball picture of the year comes to the Arcadia screen. It is Murder on the Diamond, which stars Robert Young and Madge Evans. This is a picture about a championship baseball team which encounters many fatal

Pecan Agreement Tentatively Made

WASHINGTON. — Minimum price provisions and pack specifications requiring that all pecans sold through trade channels be graded according to United States grade standards are contained in a tentatively approved marketing agreement for the pecan industry of North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Arkansas, Oklahoma and Texas, the agricultural adjustment administration announced today.

The tentatively approved agreement is being sent to the industry for signature. It would be effective for a period of one year, and contains provisions for minimum prices would raise the average weighted price to growers approximately 2 cents per pound higher than the prevailing price of the past two years. The pecans graded in accordance with United States grade standards when bought direct from growers would sell for about 1 1/2 cents per pound higher than the ungraded or orchard-run pecans. Under the provisions of the agreement the selling grades would be used as a basis for purchases from growers.

The agreement provides for a central board of eight members. Three members of the central board would represent the growers, two members would represent the two co-operative marketing associations, and the remaining three members would represent the independent commercial distributors. The members of the central board have been named in the agreement as follows: E. C. Butterfield, Winona, Texas; Walter Weaver, Fowl River, Ala.; and Harold McCord, Albany, Ga., represent the growers; Paul J. Brown, Albany, Ga., represents the National Pecan Marketing association; William P. Bullard, Albany, Ga., represents the National Pecan Growers Exchange; and Ben Adler and Thad Huckabee, both of Albany, and Slater Wight, Cary, Ga., represent the independent commercial distributors.

Copies of the tentatively approved agreement may be obtained at the Office of the Chief Hearing Clerk, Agricultural Adjustment Administration, Washington, D. C.

ARCADIA SATURDAY

Those dancers de luxe, Fred Astaire and Ginger Rogers, now introduce "The Continental," sensational dance feature of "The Gay Divorcee." RKO-Radio's lavish musical film of which they are the stars. The popularity of "The Continental," in its ballroom form, bids fair to surpass that of the "Carrioca," in which these two stars made an international hit.

SISTER MARY'S KITCHEN

BY MARY E. DAGUE

A FOOD chemist in one of the state universities has been experimenting with dates and he declares that six medium-sized dates furnish as much working energy as a large baked potato or three half-inch slices from a baker's loaf of bread.

Well, dates are rich in iron and other minerals, too, so they are a worthwhile addition to the list of growing children.

Three dates add approximately 100 calories to a dish of cereal and many children whose diets are inadequate and minerals need extra calories.

Sandwiches for the school lunch may be made with dates and the children adore them. Make a filling of chopped dates and nuts, moisten with cream and put between thin buttered slices of graham or whole wheat bread.

For a change try dates in place of raisins in your rice pudding, flavor delicately with cinnamon and vanilla.

Several salads use dates effectively. Chopped apple, nut and date salad with French dressing made with lemon juice is fine on crisp, finely shredded cabbage. Large dates stuffed with a mixture of cream cheese and finely chopped salted nuts make a hearty bridge salad. A tart whipped cream dressing is good with date salad and tiny hot buttered rolls may be served with it.

A good dinner salad combines orange sections with dates, nuts and French dressing.

Date Pie
Two cups stoned and coarsely chopped dates, 2 tablespoons su-

Tomorrow's Menu

BREAKFAST: Grapes, cereal, cream, baked French toast, syrup, milk, coffee.

LUNcheon: Clear bouillon, open lettuce and egg sandwiches, date pie, milk, tea.

DINNER: Roast spare ribs, potato, baked with meat, sauerkraut, date and orange salad, poorman's pudding, milk, coffee.

Par. 1 egg, 1 cup milk, 1 tablespoon flour, 1-2 teaspoon vanilla.

Pour boiling water over dates. Drain and dip in cold water and remove stones if necessary. Chop coarsely and stew in a very little water until soft. Mix and sift flour, sugar and salt and add to stewed dates. Stir well and add well beaten egg. Mix and add milk and vanilla. Turn into a deep pie dish lined with plain pastry. Bake in a moderate oven (350 degrees F.) for about forty minutes. When firm to the touch the pie is done. Serve cold with a topping of whipped cream.

A very simple pie filling is made by cooking 1-2 pound dates with 1 cup water until the mixture thickens. Turn into a baked pie shell and cover with 1 cup cream whipped until firm and sweetened with 2 tablespoons powdered sugar and flavored with a few drops of vanilla.

Either of these desserts should follow a meal which is lacking in calories. They make excellent luncheon desserts because of their high calorie content.

Buck Jones Coming To Columbia Theatre

"The Avenger," Columbia's new feature, coming to the Columbia theatre Saturday, tells the romantic story of Joaquin Murietta, a famous California Robin Hood of the days of '49.

Buck Jones, noted actor and daredevil horseman, plays the part of the picturesque bandit. Dorothy Revier has the feminine lead, portraying a pretty school teacher who is in love with Joaquin. Other well-known screen artists who make up the supporting cast are Edward Peil, Sr., Otto Hoffman, Sidney Bracy, and Walter Percival. Roy William Neil is the director.

Coleman Is Back As "Drummond" Again

Ronald Coleman returned from a year's vacation to bring an old friend back to the screen of the Arcadia theatre, where "Bulldog Drummond Strikes Back" begins Monday.

Ever since Coleman made the earlier talkie, "Bulldog Drummond," the filmgoing public has retained a fond memory of the dashing Captain Hugh Drummond whom he first portrayed in that picture.

Drummond also holds a fond place in Coleman's heart, for it was in the creation of this character that he scored his greatest screen hit.

It was pleasant news to the star, therefore, when Joseph M. Schenck and Darryl F. Zanuck informed him that they had purchased "Bulldog Drummond Strikes Back" as his first starring vehicle under his new contract with their 20th Century Pictures.

The story is based on the latest novel by H. C. McNeile, depicting the further exploits of the lovable adventurer. The excitement starts when Drummond attempts to unravel a completely baffling mystery for a beautiful young girl whose uncle disappears strangely in the London house of a sinister Oriental prince.

Loretta Young portrays the girl, Warner Oland plays the prince, Charles Butterworth is seen as Drummond's not quite bright friend, Alcy, and Una Merkel appears as the bride Alcy deserts on her wedding night to dabble in mystery with Drummond. C. Aubrey Smith plays Inspector Nielson of Scotland Yard who contributes complications.

Expert Called For Guidance in 'Pursued'

Those whose enjoyment of motion pictures includes noting technical errors probably will meet disappointment when they see "Pursued," a dramatic story of British North Borneo, which comes to the Arcadia theatre on Friday.

When the writing of the story was assigned, John Arensma, native of Borneo, was engaged in the capacity of technical advisor.

Of Dutch parentage, Arensma was the first white child born in British North Borneo and he now uses, for business purposes, the surname, Datu, meaning "white child," given him by the Malay natives.

The attire of Rosemary Ames, Victor Jory, Pert Kelton, Russell Hardie and the other players in the cast, the streets, houses and other settings were checked by Arensma to insure authenticity.

Dance King And Queen Co-Starred In "The Gay Divorcee"

Many motion picture casts have boasted peers—even a duke or so—but RKO-Radio goes them all two better by co-starring a king and queen in the current musical comedy, "The Gay Divorcee," at the Arcadia theatre Saturday and Sunday.

Fred Astaire and Ginger Rogers, the stars, were recently crowned, by public acclaim, as the "King and Queen of Carrioca" because of their interpretation of the fiery, exciting dance in "Flying Down to Rio."

In "The Gay Divorcee" the great terpsichorean pair present two grand new dances, one called "Day and Night," originated by Astaire and called "the dance of moods,"

another, the hit of the show, called "The Continental."

The latest creation, staged by Dave Gould, who staged the "Carrioca" in "Flying Down to Rio," has already become the rage with movie folks, who call it "The Jaz Dance," because it is said to combine beauty and sport, and is also well within the capabilities of young and old.

Music and lyrics for "The Continental" are the work of Con Conrad and Herb Magidson, authors of the current novelty song, "Yes, Sir, I Love Your Daughter." Conrad wrote "Champagne Waltz."

The play, a brisk and rollicking comedy built around a 100-mile-an-hour romance involving Astaire, Miss Rogers, Alice Brady and Edward Everett Horton, was adapted for the screen from the stage play which ran a full season in New York and another six months in London, starring Astaire.
