## DOGGETT FILES APPEAL FROM DEATH VERDICT

### PEEPING THRU THE KNOTHOLE

with BILL MAYES

It's all over but the shouting. Or maybe we should say the grieving. It all depends on where you live and which team you are supporting. What we are trying to get at is that the Breckenridge Buckaroos are going to win on Thanksgiving Day. Supt. R. F. Holloway has it on good authority, in writing, from N. S. Holland, erstwhile superintendent of the Breckenridge schools, who is away on a years leave of absence in New York.

We borrowed the letter from Mr. Holloway in order that we might convey the sad news to the Ranger fans now so that they won't feel so down-hearted next Thursday. The letter reads:

"Mr. R. F. Holloway,  
Ranger, Texas.  
"Dear Mr. Holloway:  
"I thank you for your newscard the other day. I think that I should acknowledge it quite early and in doing so get you set for something that is going to effect you.

"The reference, of course, could be to nothing more or less than the forthcoming event of only next week. Your lads are going to be taken out by a superior football machine on their own home grounds. You may find that this sounds incredible, but according to the soothsayers it is the correct slant on the proposition. The scores of the two teams this fall, last fall and for many falls, have been put together, synthesized and amalgamated by major and junior brain trusters around here and they all come out with predictions that Ranger will lose to Breckenridge in football next week. You owe it to your home people to relay immediately this low down on the situation to them.

"I should like to see the great contest, to see the bands and the pep squads and to help handle the crowds and to have something again to do with staging so impressive a spectacle as I know is to occupy the main concern of your people for the next ten days. As I must sacrifice this opportunity I shall at least send the hope that it will be another of those grand occasions in which thousands of our citizens come together for a good time, that the weather will be ideal, no one will be injured, that the better team will win, and that our team will be that better team.

"With the district championship in our bag, I know that you will wish us further honors this fall on the gridiron. Indeed, if you lick us I hope you win the state championship and not any co-championship.

"Kindly remember me to my good friends at the TSTA meeting next week. I am sure you will be attending.

"Very cordially yours,  
(Signed) "N. S. HOLLAND."

### JOCKEY TELLS OF SLAYING OF WATCHMAN

By United Press  
FORT WORTH, Nov. 24.—Donald Say, 17-year-old Hollywood, Calif., jockey was charged with murder today in connection with the fatal shooting of Tom Watson, 75, night watchman at Arlington Downs race track.

Say, a meek 97-pound youth, said that he tried to rob Watson in order to get \$5 with which to redeem a watch from a negro stableman.

The jockey, in a signed confession, said he had no intention of killing the night watchman, but was "forced to wound him because he tried to get his gun out."

"I walked into the medicine room at the stables and said 'Stick 'em up,'" Say told officers. "Then I saw Watson was trying to pull his gun. This was the first time I knew he carried one. I shot him then, but did not intend to kill him. I was only trying to wound him so I could get away."

Say fixed the time of the shooting at about 8:45 p. m. Thursday, but Watson's body was not found until early Friday morning. He denied there was any personal feeling in the shooting and said he had seen the watchman only once before.

### ABILENE EAGLES SWAMP THE EASTLAND MAVERICKS 20-0 ON ABILENE'S FIELD FRIDAY

By J. L. COTTINGHAM  
Coach Petty's Mavericks tackled for five yards and a first down.

Walters went off left tackle and was held by Hart to a one-yard loss. Walters again tried left tackle and was thrown for a one-yard loss. A pass, Walters to Galbreath, was completed for eight yards, making a first down on the Eastland 20-yard line. Holliday's plunge at center added nothing. Walters fumbled and Garrison recovered for Eastland.

Spinner, Brawner to Tully, through center for no gain. Tully's punt kicked by Schoopman on Eastland 49-yard marker. Abilene's ball.

Walters, through center gained five yards. Holliday went off left tackle on a spinner, adding eight yards and a first down. Shytles gained three yards off left tackle but play was called back and Eastland penalized five yards for being offside. Walters went off left tackle and added three yards. Pass, Walters to Jones, was completed for 25 yards but was called back and Abilene got the bad end of a five-yard offside penalty. Shytles plunged center for no gain. Walters went off right tackle for five yards and a first down on the Eastland 25-yard marker. Walters went off right tackle for five yards and Holliday made 10 yards and a first down off left tackle to the Eastland 10-yard line.

Walters went off left tackle for four yards. Holliday plunged the middle of the line for no gain.

### INSULL PLEA FOR MERCY IS REDICULED

By United Press  
CHICAGO, Nov. 24.—Plea for sympathy and understanding for Samuel Insull drew a flood of scornful oratory from federal prosecutors today as they cleared the way in final arguments for trial of the 75-year-old financier and associates to go to the jury.

Jabbing an accusing finger almost into Insull's face, Special Prosecutor Leslie Salter concluded four hours of arguments with a mimicked repetition of the plea yesterday of Floyd Thompson, former state supreme court justice and counsel for the chief defendant, to "send this old man back to his home and send his son back to a motherless boy."

TO AUSTIN  
Deputies J. J. Killough and Omar Burkett will attend a hearing at Texas Railroad Commission headquarters in Austin Monday.

### THREE SISTERS ARE MURDERED; BODIES FOUND

By United Press  
HARRISBURG, Pa., Nov. 24.—The bodies of three golden-haired sisters, ranging in age from 5 to 14 years, were found today beside a mountain road near Pine Grove Furnace.

The bodies were covered with a large, red blanket which attracted the attention of a caretaker on the nearby estate and his helper.

The scene was two miles north of Pine Grove Furnace, which is in Cumberland county, about 15 miles from Harrisburg.

Witnesses said it appeared that the little girls had been dead several days, but that their bodies had been placed at the roadside no earlier than yesterday.

### Street Cars Run In Spite of Strike

By United Press  
LOS ANGELES, Calif., Nov. 24.—Despite a strike voted by some 1,800 employees of the Los Angeles Railway company, the organization's street cars moved regularly over its rails during early traffic today.

Union officials had claimed the walkout called shortly before dawn, would paralyze the public transportation system of Los Angeles.

The railway company said it had no difficulty in manning its cars with experienced operators on 11 lines.

### WET HAMLET VERY DRY NOW

By United Press  
SWEET HOME, Ore.—This mountain hamlet, considered at one time the wettest spot in the county and the last to adopt local option nearly 30 years ago, was one of 12 precincts in the county to return a dry majority in Linn county's balloting on local option. The measure failed throughout the county.

Above is the Archbishop of Canterbury, who will read the marriage vows of the Church of England. The ceremony will be celebrated Nov. 29.

### German Rearmament Adds to Seriousness of War Situation

(Copyright 1934 by United Press)  
LONDON, Nov. 24.—Germany's rapid rearmament in deliberate violation of the treaty of Versailles and the danger of it forcing a regrouping of continental powers or the eventualities of the next major war, were drawn sharply to the forefront of Europe's fears today.

In fact negotiations for an eastern European treaty of security which would include Poland—France's ally and a buffer between Russia and Germany—are still proceeding.

Conversations have been proceeding between France and Russia regarding the situation created by Germany's rearmament and it is well within the bounds of possibility that there eventually will be an entente.

If and when it occurs it will be among the most important diplomatic developments since the World War because it will constitute a reversion to the pre-war balance of power system with Europe grouped into hostile armed camps. It will also mean the virtual end of the phase of attempts by collective security treaties to prevent war. It will also be a shattering blow at the League of Nations' methods.

which killed King Alexander. Jugo-Slavia complained to the League of Nations. Hungary admitted that the league council consider the charges at once.

An official communication today said that responsible Italian quarters acknowledged Hungary's rights to an immediate discussion and added:

"Responsible quarters consider the situation delicate, but do not believe it is such as to lead to immediate more serious complications."

### Insull Acquitted By Federal Jury

By United Press  
CHICAGO, Nov. 24.—Samuel Insull, former multimillionaire utility magnate, who has been on trial on a charge of complicity in a gigantic scheme to use the mails to defraud, was today found not guilty in Judge Wilkerson's court.

The jury deliberated the case but two hours before bringing in its verdict.

Acquitted with Insull were his son, Samuel Insull, Jr., and 15 other defendants.

### AUTO ACCIDENTS FATAL TO 249

### BULLDOGS BLANK BROWNWOOD TO KEEP THE LIONS' SCORELESS RECORD FOR SEASON INTACT

Brownwood's hapless, luckless, and scoreless Lions went back home Friday night with an undisturbed Oil Belt record to their credit, though it was not a record about which they can do much boasting. They carried back with them the record of going through an entire season without a score of any kind, though they made one big bid in the early moments of the game. The final score was 44 to 0 in favor of the Ranger Bulldogs.

The game, despite its one-sided score, had several moments that stood out as exceptional, two turned in by the Lions.

Other highlights in the game were Payton's circus catch of a pass from Anderson, Payton making the catch with his back to the field after a high jump, crossing the goal line untouched with no man within 15 yards of him; two 65-yard runs, one by Britt and one by Anderson through broken fields to score, and John Thomas's recovery of a fumble and kick that looked impossible.

The punt came when Brownwood had the ball on her own 37-yard line in the second quarter. Thomson got back in deep punt formation to kick, but the pass-back was low and he missed it. He raced back five yards, recovered the ball, made a complete spin and got off a punt surrounded by Bulldogs. The kick traveled 33 yards from the line of scrimmage, which was on a par with the average of

pages of Brownwood's only score of the season.

Immediately thereafter Anderson, standing five yards behind his own goal line, got off one of the prettiest punts ever seen on Lillard field. The ball soared high above the head of the safety, who had backed up to near the 50-yard line, and landed squarely on the intersection of the Brownwood 25-yard line and the sideline, bounding out of bounds. The actual distance of the punt was 80 yards in the air, as there was no roll to the kick.

Beautiful interference quickly formed for Baker in his dash for fame and he appeared completely blanketed by the Lions interference. As he raced down the field it seemed that only a miracle could keep him from scoring and the Ranger stands cheered him on with a mighty roar. But Walsh outran the interference, skirted it and closed in on Baker at the five-yard line, where he was brought down from behind within a few

### JURY WAS OUT HOUR AND HALF WITH THE CASE

Appeal Is Filed in Eastland Saturday Morning By The Defense.

Motion of appeal for new trial was filed Saturday the district clerk's office in Eastland by Clifford Doggett, who Friday was found guilty of the murder of L. F. Threet, rancher near Cisco. The death verdict was returned by the jury which had deliberated less than one and one-half hours.

Doggett received the verdict, returned at 3:50, stolidly. Doggett's wife and two sons, who were present in 88th district court, showed no emotion. He received a life sentence at Baird last week for robbery in connection with the case.

The motion filed Saturday by Frank Sparks, attorney for Doggett, averred the court had erred four times. The motion:

1. The court erred in refusing to instruct the jury to find the defendant "not guilty" as requested by the defendant, because of insufficiency of the evidence to warrant conviction herein.
2. Court erred in overruling the defendant's second motion for continuance filed herein on Nov. 20.
3. Court erred in overruling and refusing to sustain the defendant's plea of former conviction filed herein on Nov. 20.
4. Court erred in overruling defendant's objections to the court's charge to the jury and each of such objections, filed herein on Nov. 23.

Doggett is in the Stephens county jail because the Eastland county jail is undergoing repairs.

Mary Lou Howell, who will be tried on charges identical to those of Doggett, is now at liberty under bond made last week. Elmer Van Cleave, co-defendant, is in the Baird jail.

### Reserve Officers Will Have First Winter Meeting

The first regular meeting of the winter for the Oil Belt chapter of the Reserve Officers will be held at the Connellie hotel in Eastland Monday night at 7:30, according to announcement.

It is planned that meetings be rotated between Ranger, Eastland, Cisco and Breckenridge.

### PLANE STOLEN FROM AIRPORT

By United Press  
MANSFIELD, O.—An airplane thief, mechanic at the municipal airport, said he went to the field to work on a ship brought there for repair and found it missing. Sheriff Walter Underwood learned a truck had been seen leaving the field with the plane aboard.

### RELIEF COSTS REDUCED BY STATE HEADS

By United Press  
AUSTIN, Nov. 24.—Texas relief officials, ears ringing with public protests against alleged waste in overhead cost of doling out dollars, today had pressed relief administrative costs down to 11 per cent.

That meant 55 cents out of every \$5 distributed for relief for October went for the cost of administration.

It meant, also that within a month the Texas relief commission chipped 3.5 cents off the cost of administering \$5 in relief. September administrative costs had amounted to 11.7 per cent.

Federal relief Administrator Harry Hopkins has promised Texas he "would not fuss" if administrative costs were kept under 14 per cent.

Broadway Shows, Too Late, That It Has a Heart

One of the least lovely traits we possess is our fondness for making a sentimental fuss over the coffins of people who never got a decent break from us while they were alive.

That peculiar community symbolized by the word "Broadway" went in for a regular orgy of that sort of thing the other day when an old woman known as "Apple Annie" was laid to rest.

Apple Annie was a poor old woman who for years supported herself by peddling apples and chewing gum on Times Square. It wasn't such a hot way of making a living, as you can imagine; the thought of a woman of 70 keeping on the pavement in all kinds of weather to make a few dimes for her support isn't a pleasant one.

But Apple Annie stuck to it, and she enjoyed a moment of fame, a year ago. Someone wrote a story about her, the story was transformed into a movie—and a press agent came along and used Apple Annie to ballyhoo the picture.

She was turned into a lady for a day; they put her up at a fine hotel, trotted her around Broadway in a big car, dressed her up in fine clothing, gave her a swell meal—and then, after it was all over, let her go back to the apple-peddling game.

As a matter of fact, people completely forgot about her. Like other businesses, the selling of apples suffered a diminishing profit margin. Besides, Apple Annie was pretty well on in years. Presently she vanished, and nobody knew what had happened.

Then, a few days ago, Apple Annie turned up—in the city morgue. She had died during the night, she and the enfeebled old husband whom her earnings as a peddler had helped keep alive. She lay in the morgue a week before anyone recognized her.

But once she was identified, Broadway turned out to give her a fine funeral. Stars from the stage and the night clubs gathered by her coffin. Expensive bouquets and wreaths were sent. Broadway, as they say, showed it "had a heart."

So Apple Annie had two big days: one when a press agent used her to ballyhoo a movie, and one when she was buried.

If we had a decent amount of genuine human sympathy, wouldn't we have spread all that fuss out a little bit more, so that the poor old lady could have got a little good out of it?

A SOCK ON THE JAW

"OUT OUR WAY" By Williams

Christian Science Services "Soul and Body" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 25. The Golden Text is: "The word of God is quick, and powerful, and sharper than any two-edged sword, piercing even to the dividing asunder of soul and spirit, and of the joints and marrow, and is a discerner of the thoughts and intents of the heart." (Hebrews 4:12). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "God is a Spirit; and they that worship Him must worship Him in spirit and in truth." (John 4:24). The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Soul and Spirit being one, God

The Newfangles (Mom 'n' Pop) By Cowen

and Soul are one, and this one never included in a limited mind or a limited body. Spirit is eternal, divine... Only by losing the false sense of Soul can we gain the eternal unfolding of Life as immortality brought to light (page 335).

Hog Processors to Make Returns and Pay Taxes Thereon

According to information furnished by County Agent J. C. Patterson, through the Internal Revenue Service of Dallas, every processor of hogs is required to make monthly returns and pay the tax thereon.

Patterson's information: Under the Agricultural Adjustment Act every processor of hogs is required to make monthly returns and pay the tax due thereon to the Collector of Internal Revenue (Second District, Dallas, Texas). Such forms are required to be filed and tax due paid before the last day of the month following the month within which the processing took place. The existing processing tax rate on hogs is \$2.25 per hundred pounds live weight.

Previous to November 1, 1934 a processor of hogs was defined as any person slaughtering hogs for market. Effective November 1, 1934 by Regulations of the Secretary of Agriculture, in addition to the above definition of a processor of hogs such definition was amended so as to include any person, market, restaurant, hotel, club or hospital or similar establishment purchasing hog carcasses or edible hog products from producers or feeders of hogs for resale, rehandling or further preparation for market, who is required by law to make monthly returns to the collector of Internal Revenue and pay the processing tax upon the live weight of all hog products purchased from farmers and feeders at the rate of \$2.25 per hundred pounds live weight. To restore the weight of a hog carcass to a live basis a conversion factor of 132 has been prescribed. For example: a hog carcass weighing 100 pounds restored to live weight by use of the conversion factor is 132 pounds. In other words, the weight of the carcass is to be increased by 32 per cent in order to determine the live weight.

From the foregoing, effective November 1, 1934, it will be noted that a person, market, restaurant, hotel, club, hospital or similar establishment can no longer purchase carcasses of hogs or portions from farmers or feeders without incurring legal liability for the payment of the tax on the live weight of such carcass or hog products where purchased for resale, rehandling or further preparation for market. Such person, market or other concern is also required to report and pay the tax on all hogs slaughtered by him for market or resale.

A producer or feeder of hogs is not defined as a processor where he slaughters hogs and sells carcasses or portions thereof to any person or concern for resale or further preparation for market. However, the producer or feeder of hogs, who slaughters hogs and sells the carcasses or portion thereof direct to the consumer (not for resale), is a feeder or producer in a case in which the processor and is required by law to make returns and pay such tax as may be shown to be due on account of such processing.

The producer (not including a feeder) of hogs is privileged to slaughter and sell not more than 300 pounds of pork products during any marketing year direct to

FRECKLES and HIS FRIENDS—By Blossom

consumer, tax exempt. The 300 pound exemption referred to means that not more than 300 pounds of hog products can be sold tax free by any one producer to the consumer during the marketing year. The marketing year is from November 5th of one year to November 5th of the following year. The producer who sells more than 300 pounds under the above exemption provision of pork products during the marketing years incurs legal liability for payment of the processing tax on the full amount sold in excess of 300 pounds. W. A. Thomas, Collector Internal Revenue Service Dallas, Texas. RELIGION GOT THIEF. DANVILLE, Va.—Isaac Sherman received a money order for \$5 in payment for a sweater stolen from his store several years ago. The remitter said he had "got religion" and was trying to "make the crooked paths straight."

BEHIND THE SCENES IN WASHINGTON WITH RODNEY DUTCHER

Cutting, coincided with reports that Cutting was having a tough fight. And of course the administration's original blessing on Sinclair in California has cooled off at almost breakneck speed. THERE'S a hand down at Williamsburg, Va., where Roosevelt spoke recently, which doesn't know that "Hail to the Chief" is supposed to be played only once at a time. Or maybe it gets the point now.

The president was about to enter his automobile when the band struck it up. He doffed his hat, held it across his breast and stood. Back went the hat as the piece was finished—and back went the proud band to "Hail to the Chief!" Again Roosevelt stood hatless, though obviously a bit peeved. When the band started a third rendition, he passed into the car and gave orders to press on.

IT is axiomatic that the New Deal is full of contradictions and one of them seems to be Mr. Forney Johnston, a public utilities lawyer and politician of Birmingham, Ala. Forney Johnston is local agency counsel for the RFC down there and makes a nice little thing of it, drawing thousands of dollars from the government. Forney Johnston is also the fellow who is bringing suits against the constitutionality of the Tennessee Valley Authority program, on behalf of half a dozen coal or power companies. Thursday Afternoon Club Thanksgiving Luncheon

One of the most brilliant affairs in hospitality that the Thursday Afternoon club has staged for its membership, in many seasons, was that of recent occurrence in the Community clubhouse assembly-room, lavishly and artistically decorated in glowing autumn leaves, and charming bouquets of yellow cosmos and small chrysanthemums.

The long room was centered with the "President's Table," the keynote of the decoration, a song of praise in Thanksgiving for the bounties of nature suggested by the gorgeous fruit of every color as the central motif for the small tables encircling, each table centered in yellow cosmos, with guest place marked by a wee chopping block, on top of which the name of the club member was lettered in red; each block held a sunken axe, a suggested idea of the colonial era, and the daily use of the chopping block for many household purposes. These unique souvenirs were the clever work of Mrs. Art H. Johnson.

Autumn leaves under the block and edging the linen covered tables repeated the Thanksgiving theme and harvest thought. Napkins, nut cups, were in

matching yellow and red tints, in colonial style.

Guests were informally received at the door by the club president, Mrs. F. M. Kenny, and the hostesses for the club, Mrs. Ray Larner; Mrs. Clyde L. Garrett and Mrs. Julius B. Krause, whose hostess talent was greatly complimented.

After the first course of tomato cocktail, all stood and sang, "America the Beautiful."

The recent State Federation Convention in Austin was then given in group fashion, Mrs. James Horton, secretary sixth district, president by Mrs. Garrett, picturing the formal convention program; Mrs. Art H. Johnson, another glowing word picture of the social program.

At close of the luncheon Mrs. Perkins, president sixth district T. F. W. C. sketched the business program of the convention and the high lights of the social happenings. Mrs. Larner then presented Mrs. Kenny, club president, who in an informal, delightful manner, touched on the traits of each member.

The resignation of Mrs. Grady Owen was regretfully accepted during a brief business moment, and the names of Mrs. F. V. Williams and Carl Hill were unanimously elected to membership.

The delicious turkey luncheon included dressing with nuts, creamed cauliflower, pineapple fritters, lettuce, hot rolls, coffee, pumpkin pie and salted nuts in pretty cups.

The program was closed by Mrs. Hazel Carter Ammerman, guest reader, in a group of wonderful readings of a Thanksgiving nature.

Present: Mrs. M. M. Collier, T. M. Collier, Dan Childress, H. M. Condley, Clyde L. Garrett, Leslie Gray, Ben Hamner, Ira L. Hanna, J. E. Hickman, James Horton, A. H. Johnson, Hubert Jones, Wayne Jones, F. M. Kenny, J. B. Krause, Ray Larner, W. P. Leslie, W. A. Martin, W. H. Mullings, J. M. Perkins, W. B. Pickens, Grady Pipkin, H. O. Satterwhite, R. S. Sikes, Carl Springer, E. R. Stanford, W. A. Whitley, E. Roy Town-

send, Otto Barton, W. B. Collier, and W. S. Poe.

Mrs. J. C. Creamer Hostess

The Busy Bee Sewing club spent a very delightful afternoon Friday with Mrs. J. C. Creamer at her home in the Lovett Apartments.

The knitting rage was in evidence as it is invariably at all these informal gatherings, and proved as usual a stimulus to pleasant visiting. The club drew names for exchange of Christmas gifts at their Christmas party on December 14, at the home of Mrs. Earnest Daniels.

At the tea hour the hostess served an attractive refreshment plate of pimento cheese sandwiches, potato flakes, olives, delicious chocolate cake and coffee, to Mrs. Ira L. Hanna, Dee High, Mel Griffin, Earnest Daniels, R. L. Ferguson, Joe Kraemer Jr., and the guest of the afternoon, Mrs. Wayne Caton.

Susan Steele Class Entertained

Mrs. Anna E. Day entertained the Susan Steele class at her home Thursday in a pleasant all day association, with a bounteous covered-dish luncheon at noon.

The forenoon was spent in needling a quilt cover. After luncheon a devotional was led by Mrs. Galling, followed with a hymn, ensemble and prayer offered by Mrs. Iola Mitchell.

A short business session was conducted by their president, Mrs. Sally Hill, and plans were made for the holding of a bazaar, about the 15th of December, some place on the square, with Mrs. Hill as general chairman.

At four o'clock, the hostess served a refreshing cup of hot chocolate with fruit cake to Mrs. J. J. Mickle, Sr. M. Westbrook, May Harrison, L. C. Roach, Gatlins, T. M. Johnson, Jonathan Jones, Maggie Pulin, Iola Mitchell, Sally Hill, Ed Townsend, R. B. Braly, and the small guest, Ruth Kinard.

The afternoon program, pre-

sented by Miss Maxwell's room, opens at 1:00 p. m., and is a Pageant, very finely done, of Plymouth Colony.

This closes with a reading, "Thanks Giving," and with an assembly "Thanksgiving" song. The public is cordially invited to these programs, it was announced.

Mrs. Raymond Webb Hostess

Mrs. Raymond Webb entertained the Sew Sew Sewing club most hospitably at her home, 415 East Sadosa street, Thursday afternoon. Needlework and knitting occupied the members, who enjoyed these friendly hours.

At the tea hour the hostess served hot chocolate with marshmallow topping, nut chocolate cake and pecans. Plate favors were candy turkeys.

An amendment was made to the constitution of the club Tuesday night. The amendment is as follows: "The H. Y. club of Ranger, Texas, will elect new officers each semester."  
 The club will give its first social a few days after Thanksgiving. A program committee has made arrangements for the party.

We can not get the benefit of our junior college and high school if we do not take part and know something about them.

The Sigma Epsilon Chapter met Nov. 22 in the chapter room with 22 members present. The chapter decided to have a group picture put in the Junior College annual. The picture taken by Capp's Studio was made Friday, Nov. 23. The program was divided into two parts. The first part was a contest of each member trying to identify the name of world-famous scientists from accounts of their famous discoveries as presented by the individual members. High score was won by Lillian Seegar by identifying 19 out of a possible 20. The second part of the program was two chemical experiments. Alvin Campbell performed the experiment of thermite welding. This process is used in the welding of railroad rails. Jack Wagner performed the experiment on osmosis. This is the process used in extracting the sugar from the sugar beet.

There will be no more members

admitted to this chapter until the spring semester, although applications may be handed in to the secretary and they will be filed for consideration. The chapter adjourned to meet again Dec. 6 at the home of George Thomas.
