PEEPING THRU THE KNOTHOLE

with BILL MAYES
We did not see Blair Cherry
when he was in town, nor did we
make any special effort to do so.
Maybe we should have looked him
up and gotten some misinforma-
tion first hand. As it is we have
had some of it relayed on to us.
For instance we have been told
that he said Ranger might have
a pretty fair team, but that there
wasn't but one man on it that
could make the Amarillo team.
That was Anderson, whom he said
he might be able to use in his
backfield, but that Britt would be
made into a tackle, if he could
make the grade, if he was going to
Amarillo High school. As to the
rest of the team, he dismissed
with a wide wave of his
hand. At least we are told as
much.
It was also reported that Cherry
said there were no points being
offered at Amarillo on the bi-district
game, but that Amarillo fans
were offering two to one odds and
taking the Sandies.

BI-DISTRICT GAME DETAILS DECIDED UPON

Officials of the Ranger and
Amarillo high schools met at Fort
Worth and decided upon details of
the bi-district game at Amarillo,
which is to be played in Amarillo
Saturday afternoon, Dec. 8, at
2:30.
Section "U" on the east side of
the field, which is on the 50-yard
line, and which contains 750 seats,
has been reserved for the Ranger
fans, it was announced following
the meeting by W. W. Jarvis, reg-
istrar of the school.
Student tickets in the section
will sell for 50 cents each, while
reserve seats for adults in Section
"U" will sell for \$1. Tickets are
expected to arrive in Ranger Tues-
day afternoon and will be on sale
at the high school Wednesday
morning. Tickets will be sold only
at the high school, it was stated.
It was agreed that Ab Curtis
would be referee at the game,
Harry Holton, umpire, Frank
Kimbro, head linesman and Vic
Payne, field judge.
Those who attended the meet-
ing from Ranger were Coach O.
M. Moore, A. N. Larson, Felton
Brashier and W. W. Jarvis, while
Amarillo high school was repre-
sented by Coach Blair Cherry, C.
M. Roges, assistant superintendent,
and T. G. Hull, faculty man-
ager of the team.
Tentative plans call for the
Bulldogs to leave Ranger early
Wednesday morning in a special-
ly chartered Southland Greyhound
bus, which will make the trip to
and from Amarillo with the team.
Plans call for a stop in Snyder
Wednesday for a workout, another
in Lubbock Thursday and from
there on to Amarillo Friday for
the last workout before the game.

FATAL CRASH INVESTIGATED BY OFFICIALS

By United Press
BROWNFIELD, Texas, Dec. 3.—
A department of commerce in-
spector today investigated a crash
in which three men fell to their
deaths in an unlicensed airplane
here yesterday.
The victims were Manuel Kelm,
30, of Littlefield, Texas, the pilot;
John Alexander, 24, of Oklahoma,
and James Benton, 22, of Terry
county.
Kelm and the two passengers had
been up about 10 minutes on a
pleasure flight when apparently
the pilot headed back for the air-
port. About a mile from the field
the plane stalled at 300 feet and
crashed.

TEXAS' BAD MAN SOUGHT BY OFFICERS

Abandoned Car, With Motor
Warm, Is Found Near
Shreveport.
By United Press
SHREVEPORT, La., Dec. 3.—
The trail of Raymond Hamilton,
fugitive from the Texas death
house, led into western Louisiana
today, after the outlaw and two
companions shot a night watchman
at Maud in Howie county, Texas.
The automobile in which the
three men fled from Maud was re-
covered a mile west of Shreveport
a short time after Night Watch-
man Gene Mills, 50, was wounded.
The car's motor was still warm.
Records showed the machine was
stolen at Houston.
The shooting occurred yester-
day morning when Mills attempted
to question three men in a car
parked in front of the Maud post-
office. When he flashed a light
inside the car the occupants opened
fire. The officer was shot in the
side but was not wounded serious-
ly.
Mills identified the men as Ham-
ilton, erstwhile associate of the
late Clyde Barrow and Bonnie
Parker; Julius Bohannon, Oklahoma
fugitive, and Chester Elliott, Tex-
sarkana youth, sought on charges
of robbery and assault to kill.

Recovery Costs Mounted During Month Just Passed

WASHINGTON, Dec. 3.—Heavy
recovery costs went government ex-
penditures up to \$638,607,912 last
month from \$499,420,000 in No-
vember a year ago, the treasury
said today.
The November expenditures of
nearly two-thirds were for
recovery purposes, however,
slightly under October dis-
bursements of \$758,453,000.
Another sweeping rise in gov-
ernment holdings was reported
November, with the rise in
stocks approaching the \$100-
mark as the result of
foreign importation.

Amarillo, we suppose, is trying to establish a jinx. They have pro- moted the idea that an Oil Belt team can't go to the Panhandle and win because of the altitude. But consider these past records, many of which were made in bi- district games played in the Pan- handle.

Ranger Pep Squad And Band May Go To Bi-District Game

W. W. Jarvis, registrar of the
Ranger High school, has called a
meeting of the band committee,
the bandmaster, sponsors of the
pep squad, pep squad leaders and
the athletic committee, to be held
at the high school at 7:30 tonight.
The purpose of the meeting is
to discuss ways and means of
taking the entire band and pep
squad to the game at Amarillo
next Saturday.
Sentiment in Ranger is almost
unanimous in favor of taking both
groups to the game. Rumors got
out this morning that it had been
decided that neither the band nor
the pep squad would be taken to
Amarillo and the rumor started
severe criticism from all sides.
Many who had planned on making
the trip stated that they would not
go if the band or pep squad was
left in Ranger, but were pacified
when it was pointed out that the
decision would be reached at a
meeting tonight.
A special rate of \$5 for the
round trip has been made by the
Texas & Pacific Railway with a
special train to be run if enough
tickets are sold to justify it, other-
wise extra coaches will be added
to the trains running on regular
schedule, which will make about
the same time as the special would
make.
J. P. Margan returns from Eu-
rope and tells us we can get
along with less excitement. Still,
he wouldn't want to get along with
less of what causes the excite-
ment.

RUTHLESS EXTERMINATION OF SOVIET'S ENEMIES IS ORDERED BY PARLIAMENT

(Copyright 1934 by United Press)
LENINGRAD, Russia, Dec. 3.—
Ruthless extermination of enemies
of the Soviet regime was proclaimed
today because of the assassination
of Sergei Kirov, one of the
high leaders of communist Russia.
A decree of the parliament was
made public ordering prompt ex-
ecution of persons found impli-
cated in the assassination.
The parliament assembled im-
mediately after the assassination
on Saturday and passed a resolu-
tion evoking the most important
weapon of the dictatorship of the
proletariat—the summary "red
terror" under which many thou-
sands of potential foes of the gov-
ernment faced execution before
firing squads in the early years of
the revolution.
The revolution precluded the
possibility of delaying executions
by appeals from persons found
guilty of terrorist acts. The for-
eign office was instructed to carry
out the sentences without delay
and the parliament declared it
could not accept clemency appeals
for examination. The utmost speed
was demanded of authorities con-
ducting the investigation of the as-
sassination and possibility of a
conspiracy.
Despite the widespread investiga-
tion a report was circulated that
Kirov was killed by a personal foe
because of a grudge and it was not
a political crime.
Freezing Weather
Is Due By Tonight
Freezing weather, which returned
to the Panhandle, reaching
southward to Abilene, was expect-
ed to extend its grip to North
Texas today.
Generally fair but cold weather
settled over most of the entire
state as the low pressure area
which brought unsettled weather
today, passed into Louisiana. No
rain was reported in the western
portion of the state and traces
were recorded at Dallas and Abilene.
19 AVERAGE CRIMINAL AGE
By United Press
TOPEKA, Kan.—Most major
crimes are committed by young
men and 19 is the average age
of the worst offenders, S. S. Alex-
ander, United States district at-
torney, said here in an address be-
fore the Washburn college law
school. Alexander said he believed
a big step toward curtailing crime
would be taken if states estab-
lished criminal bureaus of investi-
gation similar to that of the
United States.

League of Nations To Seal the Saar Before Plebiscite

(Copyright 1934 by United Press)
SAARBRUCKEN, Saar Terri-
tory, Dec. 3.—League of Nations
officials intend practically to seal
the Saar territory for 15 days be-
fore the Jan. 15 plebiscite to avert
clashes that might necessitate in-
vasion of French troops, it was
learned by the United Press.
It is planned to close the fron-
tier so that almost no one can get
in. League officials said that an
order in the name of the league
alone would open the frontier, and
they mentioned as one possible or-
der a request for French "police"
to come over. The "police" pre-
sumably would be the soldiers gar-
risoned a few miles from the fron-
tier to wait for an emergency.
News from Geneva was that the
League of Nations council would
meet a few days before the plebi-
scite, in order that it will be able
to act promptly if necessary. It
would be for the council, at the re-
quest of its governing council here,
to ask for French "police."
There was great interest here in
the negotiations at home regarding
the fate of the Saar coal mines. It
was learned that both French and
German delegates have suggested
that Saarlanders buy the mines
from the French government.
This, the Germans suggested,
would solve two problems at once
—the mines themselves and the
absorption of French currency now
in circulation in the Saar, which
would almost cover the mines' cost.

Burkett Reminds Operators to Send In Nov. Reports

Omar Burkett, deputy supervisor
for the state railroad commission,
has sent out notices to the effect
that it will be unnecessary for op-
erators to issue December sched-
ules for this district until after the
special hearing for the district,
which is to be held some time in
the near future.
The November schedule, together
with corrections, is to remain in
effect until further notice.
He calls attention of operators,
however, to the fact that produc-
tion reports are now due for No-
vember. The following is his letter
to the operators:
"The purpose of this letter is to
again call to your attention that
your production report (Form EB)
is now due for the month of No-
vember, same being delinquent for
that month, unless in our hands by
the fifteenth of this month. Fail-
ure to file on time resulting in
your pipe line severance.
"It is not necessary for you to
wait until you secure your pipe
line or purchaser's statement to
file your production report to the
railroad commission as same is
based on your gross crude runs as
shown by gauger or pumper's
measurement.
"We urge you to get your report
to us as quickly after the first of
each month as possible so we may
have time to make corrections or
return same to you in case of
error, making sure to check every
place on the form required to be
filled out, writing the word 'none'
where you have no information to
report, also do not fail to make
report balance with previous
month; that is, where you listed
'oil on hand' in previous report,
same should be your 'beginning
storage' for this month's report.
"Blank EB forms can be had
from the several chambers of com-
merce at Cisco, Breckenridge, Ran-
ger, Joe F. Orr, 712 Neil P. An-
derson building, Fort Worth, or
from railroad commission office,
Eastland.
"We thank you to please pass
the above information on to each
operator you meet. Thanks.
"Thanking you for your co-op-
eration, I am,
"Very truly yours,
"OMAR BURKETT,
"Deputy Supervisor."

Ranger Is Chosen For Convention of American Legion

Ranger was unanimously chosen
as the site for the 17th district con-
vention of the American Legion, to
be held sometime in February. The
selection of Ranger came on the
first ballot at the district conven-
tion at Abilene Sunday afternoon.
Exact dates of the convention are
to be fixed later.
The 17th district is composed of
12 counties with 29 Legion posts,
many of which were seeking the
convention. It was stated today by
Bob Robinson, post commander of
the Carl Barnes post of Ranger,
but the decision to hold the con-
vention was reached early in the
day, though Ranger had made no
serious bid for the meeting.
On the program Sunday were
Rev. W. C. Childress, pastor of the
First Methodist church of Abilene;
W. Ruck Sibbey, who presided at
the noon luncheon; John Lee Smith
of Throckmorton; Miller Ainsworth
of Luling, department commander;
Milt Gaines of Wichita Falls, grand
chief de gare of the 40 and 8; M.
J. Benefield of Brady, past depart-
ment commander, and Mrs. Marion

auxiliary president.

Key Post May Have Set Record

ARTLESVILLE, Okla., Dec.
3.—It was indicated today that
a post set a new altitude re-
cord for airplanes in its flight from
here today.
The plane was up half an hour longer
than had planned to be, it was
said out. The unofficial be-
lief is that he set a new record was
on his elevation as he removed
his suit and on the extra
time was up. He refused to
discuss it until after his exclusive con-
ference.

Man Is Charged In Shooting His Neighbor's Turkeys

HOUSTON.—Charles Heuschle,
75, was charged with malicious
mischief in the shooting of three
of his neighbor's turkeys.
He told the court he shot them
when he found the fowls in his
truck garden, attacking his string
beans and black-eyed peas.
"Did you shoot them because
they were molesting your prop-
erty?" he was asked.
"Molesting it!" the aged man
cried. "By golly, they were eating
it up."
He was assessed a small fine,
which he said he would appeal.

Two Headed Ant Is Colony Outcast

MINERAL WELLS.—If two-
heads are better than one, then a
two-headed ant found here by W.
D. McClendon ought to have been
found in his colony.
Instead, Mr. McClendon reports
he was an outcast and the rest of
the ants would have nothing to do
with him.
McClendon discovered the crea-
ture while watching an ant "fight"
on a farm near here. He noticed
this ant was being shunned by all
the others and when he looked
closer saw that he had two distinct
heads.

Military Training Is Ruled Upon By U.S. Supreme Court

WASHINGTON, Dec. 3.—Con-
stitutional objections who wish to
attend land grant colleges must
either bear arms or seek a higher
education elsewhere under a ruling
today by the supreme court.
The court upheld the University
of California in its stand that Al-
bert Hamilton, Jr., son of a Meth-
odist minister and Alonzo Rey-
nolds, grandson of another, must
either take military training or
leave the school. The case was
the first of its kind to be ruled up-
on by the court.

Boyer's Grocery In Ranger Is Robbed

Boyer's Grocery and Market,
Oak street, Ranger, was robbed
early Monday morning by burglars
who broke into the store and then
knocked the knob from the safe.
The robbery was discovered ear-
ly this morning, and after a hur-
ried check-up it was announced
that between \$240 and \$270 in
cash had been taken, but that a
large amount in checks had not
been molested.
The burglars gained entrance
through the side door and then
knocked the knob from the safe.
The time of the robbery was set
at between 5 a. m. and daylight, as
the nightwatchman had made his
rounds at that hour and had found
everything in regular order.

Insull Was Only a Symbol Of Our Faith in Finance

The acquittal of Samuel Insull may provoke the cynical to new remarks about the difficulty of finding a million dollars guilty of anything; but its chief importance is its warning that we cannot blame the disasters of recent years on individuals.

In the years before the stock market went Democratic, Mr. Insull was up on a golden throne; and he would never have stayed there a minute if we had not assented to it. We looked upon him as one of our great men, we listened attentively to everything he had to say—not because we had any special reason to believe that he was a brilliant thinker, but simply because we were ready to give our highest honors to any man who possessed quantities of the long green.

Naturally enough, when the bottom fell out of everything, our ideas went into reverse. Instead of idolizing this utilities magnate, we tried to blame him for everything. A great many people lost a great deal of money in his companies—so we felt, in our wisdom, that the obvious remedy was to throw him in jail.

Now it should have been apparent that the obvious remedy was nothing of the kind. These unlucky investors were victimized, not by any one man, but by a combination of forces; by themselves, first of all, and by the temper of the times, secondarily.

How was this victimization made possible? Chiefly by the fact that we suspended our critical judgment in favor of a great desire to have all our problems solved by the power of finance.

We knew that many things were out of joint in our country. The life was being ground out of agriculture, labor was getting less than its share of things, the development of mass production and super-finance was piling up stupendous problems which we had not even tried to solve. But we were eager to forget all about those things—we simply refused to be bothered by them—in the hope that by piling stocks and bonds up high enough we could be floated over into a New Era without effort of our own.

Well—it didn't work. We should have known that it wouldn't work, but we never let ourselves ask questions. We have been sitting amid the wreckage for several years now; and our remedy is not to put this or that man in jail, but to change the psychological background against which these men operated. Insull's acquittal ought to be a timely reminder of this.

SISTER MARY'S KITCHEN

THANKSGIVING over, we can go about the baking of the Christmas fruit cake and boiling the Yule plum pudding with a calm mind. The sooner we get them made the better they'll be because both need several weeks for blending and mellowing. Both cake and pudding make wonderful presents.

According to tradition Christmas fruit cake and plum pudding ought to be stirred by each member of the family for luck, and many households have great fun with the custom.

Rich Black Fruit Cake

One cup butter, 1 cup lard or other shortening, 1 cup light brown sugar, 10 eggs, 1 cup molasses, 1 cup liquid (sweet cider, brandy or sherry), 4 cups flour, 1 teaspoon soda, 1 tablespoon cinnamon, 2 teaspoons nutmeg, 1 teaspoon cloves, 2 teaspoons allspice, 3-4 cake bitter chocolate (optional), but it makes a blacker cake, 2 pounds seeded raisins, 1 pound seedless raisins, 1 pound currants, 1 pound citron, 1-2 pound candied pineapple, 1-4 pound candied orange and lemon peels, 2 1-2 cups blanched and shredded almonds, 3 tablespoons vanilla, 1 teaspoon salt.

Prepare fruit and almonds. Cut cherries in halves and pineapple in thin slices. If you shred your citron and orange and lemon peels warm them well before cutting. Mix prepared fruits and sift one cup of flour over them. Stir with a fork until thoroughly coated. Cream shortening and gradually beat in sugar. Add prepared fruit and one cup of flour. Mix well and add eggs well beaten and beat this mixture hard. Add molasses, chocolate melted over hot water and liquid. Mix thoroughly.

Mix and sift remaining flour with salt, soda and spices. Sift several times to be sure the soda is well mixed with the flour. Add to batter with nuts and stir until smooth and perfectly blended. Turn into cake pans lined with heavy parchment paper or into

Cities Are Setting Pace For Health And Social Work

AUSTIN.—Houston and Dallas are setting the pace in Texas for city-county cooperative agreements affecting public health, social work, and crime control.

Such was the conclusion of R. Weldon Cooper, research assistant in University of Texas' Bureau of Municipal Research, in a survey of the beginnings of metropolitan government in Texas.

He found one of the clearest examples of dual maintenance in the relations between the city of Houston and Harris county. Among the joint projects is a hospital, school for delinquent boys, and certain sewer services.

Crime control is expected to speed the tendency toward city-county combinations. The city of Dallas is planning to increase the power of its police short-wave radio station to 500 watts and cover an area including all counties lying wholly within a radius of 150 miles.

Such a plan would create a police radio district embracing one-fourth of the state's area and nearly 40 per cent of the total population. The 150-mile radius would extend into Oklahoma and perhaps involve the first step in interstate cooperation against crime.

Lovable

BEGIN HERE TODAY ANN HOLLISTER, pretty and 20, finds work in a library. She falls in love with TONY MICKLE, commercial artist, although warned against him by SARAH KENT, her roommate.

Sarah said, "Let Tony wait, Ann, and read these headlines!"

MAC crossed to the telephone. "I'll find out where Tony is," he said. "I went by for him but he was busy and said he'd be here in plenty of time for dinner. When Tony's busy, the sky could fall."

They sat down at the table, keeping up the pretense of gaiety. Keeping up the pretense of believing Tony would come straggling in at the end. All through the long meal they were pretending. Mac doing his best, his booming bass filling the unhappy lapses.

Afterward they stacked the dishes and put them in hot soda. Sarah and Ann would "do" them later. "Come along with us to a movie, Ann," Sarah suggested. "It will serve Tony right to find nobody home. Do you suppose he could be in? Maybe you should phone, Ann."

"Sure, Ann's here. No, I won't. She isn't awake and she didn't sleep last night at all—"

"Ann, this is the dimwit who loves you." "Oh!" Then he hadn't been ill or hurt. "I'm coming right over. We're having Christmas dinner together. At the sweetest joint in town. Ann, can you ever forgive me?"

fairly flung the morning newspaper at her. "Let Tony wait, Ann, and read the pictures!" Ann stared at the huge black type. "Society Group Principals in Near Tragedy." Pictures. Valeria Bennett's eyes, staring innocently out at her.

"I'm glad that double-crossing Valeria Bennett's been found out," Sarah said. "If I don't miss my guess, she's lost more than her reputation."

ON Christmas Eve, Peter had driven Valeria out to Kendall wood to see a mammoth Christmas tree which had been decorated for the children of the community.

tree. People crowded about him. Shook his hand. As the minutes passed, Valeria's irritation increased. Sometimes Peter was impossible.

"No, thanks," Valeria replied coldly. "Dored?" queried Peter quietly. Valeria's intuition came to her rescue. "Sorry, I was such a wretch. But I have a headache. I've had one all night."

PETER was having breakfast alone when Don came into the dining room next morning. "Well," Peter asked, "is the world coming to an end? Think of meeting you before noon."

Don said, "Well, you'll have to see it—! It's that Valeria—"

"I'll be all right after I take the tablet," she seemed quite cheerful now. Valeria was saying, "We'll go riding in the park tomorrow, Peter. Remember last Christmas how pretty it looked? The snow was deeper than this, wasn't it? And the trees were marvelous. Come early—about nine will be all right. We'll go to the park. It will be white and beautiful."

Valeria whispered, "Surely you don't believe those dreadful things in the newspaper! If you'll only not get excited, Peter dear, I can explain—"

PEEPING THRU THE KNOTHOLE

With BILL MAYES

(Continued from page 1)

The Amarillo News-Globe says: Still jittery from the thrilling and grueling game that gave the Golden Sandstorm of Amarillo, the championship of District 1, football fans of the Panhandle today turned attention to the next big game on the program.

Saturday afternoon the Bulldogs of Ranger, champions of District 2 and conquerors of Breckenridge by a 42 to 7 count, will invade Amarillo to try their hand at breaking the famous tradition, now nearing its seventh straight year.

Although their record is spotted with a couple of losses, the Ranger lads are said to be one of the niftiest high school elevens in the state today.

The Ranger team is one that believes in the adage that a good offense is the best defense. The Bulldogs go out to score just as often and quickly as they can.

In Anderson, 190 pounds, and Britt, 210, Ranger has two of the greatest backs in high school. Both are four-year men. Anderson is quarterback, while Britt plays full. Anderson is considered the best all-around player in the state by scribes of his section.

A rangy pair of ends are said to be Ranger's greatest asset in the line. Jacoby, 190 pounds, plays left end and Payton, a pass-smashing demon, roams on the other side. Payton weighs 175 pounds.

Although he is not seriously injured, Glenn Buffin, stellar Sandie back, likely will not see service in the Ranger game. He is suffering from a badly hurt shoulder and did not play at all in the last game against Pampa Thursday.

Other injured members of the Sandie team who came limping out of the Pampa battle are expected to be ready to go. Quarterback Stidger is nursing a bruised leg, but it is healing rapidly.

Mat Ruffians to Meet Tonight on Elks Fight Card

The semi-final, a 45-minute time limit match at the Elks arena tonight, brings together two mat ruffians, Ramon Vitello, champion middleweight of Mexico, who has defeated all comers in Mexico and is now aspiring for the United States crown, will take on Don Carver, an understudy of the famous ring ruffian, Dutch Mantell of Amarillo. This match should furnish plenty of all kinds of action for the fans.

The main go will be filled with leg and arm action. Both men are experts in their lines. Gaston, one of the best leg artists in the game, will pit his legs against Dutch Aultman, who is an arm and hammerlock expert, and who has been defeating his opponents with these punishing holds. Both are scientific wrestlers and it will be the best man win.

The attendance is increasing weekly and the net proceeds go to help the charity fund of the Elks organization.

Board Orders the Enforcement of Nepotism Law

AUSTIN, Dec. 3.—Strict enforcement of the state nepotism law has been ordered by the state board of control in the administrative ranks of the Texas relief commission, whose county administrators, department heads and other employees were informed of the position of the board in a letter from State Administrator Adam E. Johnson.

The board adopted a five-point resolution, declaring that: "It shall be the policy of the board of control from this date not to employ in the state relief organization married men whose wives have regular employment."

"2. On and after Jan. 1, 1935, men employed in the state relief organization whose wives have

regular employment will be relieved of their positions and women whose husbands have regular employment in the state relief organization, and if it is found necessary to reduce the force before Jan. 1, 1935, this policy shall apply.

"3. Hereafter, only one member in each family who live in the same home and eat at a common table will be employed in the state relief organization.

"4. On and after Jan. 1, 1935, not more than one member of any family who live in the same home and eat at a common table who perform administrative duties shall be retained in the state relief organization.

"5. All provisions in the relief acts and all general nepotism statutes pertaining to employment shall be strictly observed immediately in all state and county organizations of the Texas relief commission."

The resolution was signed by Claude D. Teer, chairman, and Jno. F. Wallace and Henry C. Meyer, members of the board of control.

Bank Offers Bonus On Its Mortgages

CLEVELAND.—An eight and one-third per cent bonus for prompt payment of month-to-month mortgages has been announced by the Society for Savings bank here. The bonus amounts to a one-half of one per cent reduction on the 6 per cent interest rate.

The discount will be applied on mortgages at the end of the term and will make possible the paying off of a mortgage in 11 years instead of the usual 12.
