HEREFORD, TEXAS

The supreme issue of life is not how long one live but HOW. We are looking for a better "way" in the physical realm. We search for better educational methods. Nations have tried different systems of government, try ing to find a better one. What about the better way spirit

In our religious life, obedience is the better way. The Wise Man said: "Let us hear the conclusion of the whole matter: Fear God, and keep his commandments: for this is the whole duty of man." Eccl. 12:13. The writer of the Hebrew letter emphasizes obedience by pointing out the obedience of Christ. "Though he were a Son, yet learned he obedience by the things which he suffered; And being made perfect, he became the author of eternal salvation unto all them that obey him;"Heb. 5:8,9. The final chapter of the New Testament again declares the necessity of obedience to the commandments: "Blessed are they that do his commandments, that they may have right to the tree of life, and may enter in through the gates into the city." Rev.22:14
Obedience is better than sacrifice. "...Behold, to obey

better than sacrifice, and to hearken than the fat o Sam. 15:22. Man may sacrifice to God and still be in rebellion as Saul was in this instance and the prophet shows why sacrifice without obedience is vain, "For rebellon is as the sin of witchcraft, and stubborness is as in quity and idolatry..." | Sam. 15:23.

Rear wheels are on 72" spacing. Cutter offsets tractor wheels 40" on both sides: ideal for orchards and fence-line work. Although 144" over-all in width, slide shoes may be removed permitting passage through 12' gates. Has the same heavy blades and blade carriers as the other famous Gyro cutters, giving it high momentum, gyroscopic cutting action for maximum cutting power with minimum RPM. This means long life and economical operation. A real work horse that will save hours of time.
