New Materiail For Speakership

Coke Stevenson having decided two terms is enough for him as speaker of the Texas house, three, four or five able young members have emerged as prospective leaders of th race for speaker to succeed him in the next regular legislature.

Rep. Sidney Latham of Longview, Rep. Homer Leonard of McAllen, Rep. R. Emmett Morse of Houston are regarde das likely entrants. Rep. Bullock Hyder of Denton is considere da potential candidate. Rep. R. W. Calvert of Hillsboro, who ran Stevenson a close race in January, is a logical candidate next time, if he should conclude to make the

Leonard perhaps got a shade of the start for the race. He is chairman of the appropriations committee, chief committee post of the present session.

Morse remained a prospective candidate for speaker of this legislature until Stevenson's second-term race was formed.

Latham's service, in his first term and in this second term, has been marked by a high order of ability. He is among those who, including others in this future list of campaign prospects, are known as working membersthose who take the drugery of the session seriously, sit up until midnight in windy committee hearings, and study bills and listen to speches. Latham, coming from the oil country, has given special attention to petroleum legisla-

It is suggested as a possibility that if Lieut. Gov. Woodul of Houston seeks re-election. Rep. Morse might stay out of the race on the theory that Houston would otherwise claim to furnish presiding officers for both houses.

Hyder is serving a second term and is a consistent and faithful worker. Calvert's popularity and leadership were recognized in the big vote he got in January; and he has won other friends in that the rivalry of the campaign did

All this group are young men: Latham is 27: Leonard. 35; Morse, 39; Hyder, 27, and Calvert 29.

HUMBLE PRODUCTS

have won Public Approval

The endorsement of thousands of Texans stands back of this statement

Public-testing of Humble products has been going on for a long time. It is not an advertising "stunt," but a sincere effort to find out what the public needs and to fill that need with the right product at the right price. The results are recorded on thousands of check cards in our files. Now we can tell you that the public definitely approves the motor fuels, motor oils and special products that we ask you, too, to test in actual use.

You are also invited to try

Humble service. Humble Stations have been carefully designed and Humble men have been carefully trained to provide you with a service that you'll like - a service which is prompt, helpful, courteous, friendly and efficient. Cleanliness is outstanding; equipment is complete - sanitary restrooms, ice water, first aid kits, fire extinguishers, free air and water. Wherever you see the red, white and blue Humble sign, you can be sure that you will find public-tested products and the service that you want.
