

Dimmitt Teams To Open Cage Play At Abernathy, Nov. 29

Coach Leo Fields' boys and girls basketball teams will officially inaugurate the hardwood season at Abernathy Tuesday, November 29 in a match that will count as a non-conference encounter. The girls tilt will start at 6:30 p.m. and the boys will take to the floor at 8 p.m.

Shirley DeLozier beginning her third year as a player on both offense and defense will pace the Bobbie sextette at the center forward post and will be counted on to control the backboards as much as possible. Towering Jimmy Cole will occupy this same position for the Bobcats and will also be heavily counted on to grab rebounds.

Both teams lost key players through graduation, but Fields has some dependable first and second year starters to build his teams from. For the Bobcats there are such players as Keith Lowe, Winston Waggoner, Zay Gilbert, Don Mobley and Monte Booser. The Bobbies will have Sandra Adams, Kaye Killingsworth, Dovie Smithson and Mary Alley, just to name a few.

The Dimmitt cage teams will play in their first tournament December 8-9-10 when they journey to Happy. Their first district game doesn't come until January 13. The local cagers have already played Friday in practice tilts and will take on Canyon the night of Nov. 25.

Funeral Rites For Addison Hunter Held At Hereford

Funeral rites for Addison Hunter, 41-year-old farmer of the Jumbo community who died Wednesday, Nov. 9, in Deaf Smith County Hospital at Hereford, were held Friday at 3 p.m. from the Hereford Presbyterian Church.

The Rev. Russell Winger, pastor, officiated and was assisted by Rev. George Ray, pastor of the Dimmitt First Baptist Church, and Rev. J. R. Sharp of Canyon. Interment was in Rest Lawn Cemetery at Hereford under direction of Gilliland Funeral Home.

A native of Wellington, Mr. Hunter moved to the Jumbo community in 1946 where he farmed until he became ill two years ago. He was an active worker in his community and was well known and liked throughout the county.

Mr. Hunter was married to Rachael Burks at Happy in 1936. He was a member of the Presbyterian Church.

Besides his wife, Mr. Hunter leaves a son, Richard; a daughter, Mona Dell Hunter; four brothers, Sam Hunter, Dalhart, Kenneth Hunter, Derby, Colo., Bruce Hunter, Nevada, Mo., Ullman Hunter, Hereford; a sister, Mrs. M. L. Simpson, Jumbo; and his parents, Mr. and Mrs. W. A. Hunter of Hereford.

Rites Held For Wilson Infant

Funeral services for Gold Bradley Wilson, son of Mr. and Mrs. Edd Wilson, Jr., of Dimmitt, who died Tuesday at 7 p.m. in Methodist Hospital at Lubbock, were conducted Wednesday at 3 p.m. from the Dimmitt Methodist Church. The Rev. Raymond Van Zandt, pastor, officiated and burial was in Castro Memorial Gardens.

Livestock Burn In Fire Here

Eleven swine and sheep perished in a fire that broke out in the FFA project pens in southeast Dimmitt Monday noon, according to a local fire department report.

Sparks from the Dimmitt Gin burn pit set the pens afire, according to Willie John Word of the Dimmitt department. Burned in the fire were a registered Chester White sow and four pigs, two lambs, two Yorkshire pigs and one Duroc pig and sow plus three pens and a feed shed housing about \$30 in feed bundles. One sow about to farrow escaped but was badly burned and may not live.

Firemen battled the blaze 45 minutes but were alerted too late to save anything. Total loss was estimated at \$550. The animals were covered by insurance.

The animals were projects of Byron Ray Tate and Boyce Tate, both sons of Giles Tate and members of the local FFA Chapter.

Another fire Tuesday evening sent the local department to a point just beyond the Flag Gin in southwest Castro county. A bale of cotton enroute to the gin caught fire, but firemen extinguished the blaze. Total loss or cause was not disclosed.

Grain Sorghum Growers Organize

Farmers representing practically every town and community in Castro county turned out in force at a meeting of grain sorghum producers here Tuesday night to officially organize the Castro County Grain Sorghum Producers and assure themselves a voice in the regional milo meeting to be held in Amarillo today (Thursday) as well as future state and national meetings.

West Texas Farmers Seek Court Ban On 1956 Cotton Acreage Cut

Four West Texas farmers, one of them from Castro county, this week tossed "live coals" into an already flaming battle between West Texas cotton growers and the State Agricultural Stabilization Conservation Commission in connection with the West Texas cotton acreage allotment for 1956.

Rites Conducted For Floyce Acker

Floyce Lynn Acker, one-year-old daughter of Mrs. Floyd Acker of Nazareth died in a Plainview hospital Monday at 4:15 p.m., according to a report to the News Wednesday. Funeral services were held Tuesday at 9:30 a.m. in Holy Family Church at Nazareth with the Rev. Father Peter Morsch officiating. Interment was in Holy Family Cemetery.

Maternal grandparents are Mr. and Mrs. John Stork and paternal grandparents are Jake Acker. Pallbearers were John Day, Dale Leinen, Gene Gerber and Gerry Gerber.

Saturday Raids Net 41 Arrests

Castro County Sheriff Jack Cartwright and assistants carried out a series of raids here Saturday night that resulted in the arrest of 41 persons, the largest record for a single night in the history of the local office.

All offenders were Mexicans and Negroes except one. Urbert Bailey of Childress was taken into custody at a farm house three miles east of Dimmitt Saturday night and charged with possession of intoxicants for sale. He was fined \$177 after pleading guilty in County Court Monday morning. A quantity of whiskey was taken in the raid.

Charges of gambling, vagrancy and operating a disorderly house were filed against the Mexicans and Negroes picked up by the sheriff's office. They paid fines in Justice Court Monday ranging from \$20.50 to \$45.

Sheriff Cartwright indicated the Saturday night raids were carefully planned and executed with the ultimate purpose being to discourage any such future would-be violators.

Bobcats Chill Muleshoe Mules 34-7; To Face Olton In Final Tilt of Season

The Dimmitt Bobcats rode roughshod over the hapless Muleshoe Mules in a District 2-AA encounter here Friday night to even their conference record at 2-2 and improve their season record which now stands at five wins against four losses. The final tally was 34-7.

The Cats must now face the tough Olton Mustangs in what will be the final game for both clubs. A Dimmitt win coupled with a Littlefield victory in their final game with Lockney would mean a two-way tie for the conference championship with Olton and Littlefield on top. However, Olton would automatically become the District 2-AA representative in regional play since they have already beaten Littlefield. On the other hand Olton could clinch the conference crown by defeating the Bobcats.

The tussle at Olton this Friday night shapes up as the best in the district and one of the best on the High Plains. The Cats will go into the game as slight underdogs but with a supreme effort could take the measure of the host Mustangs.

The vaunted Mustangs of Coach Joe Turner have a speedy and deceptive quarterback in Jackie Gray, who has proved his metal as a good field general. Although all the stars of the touted Olton team that went to regional play two years ago before howling to Phillips are now lost through graduation, Gray still has some dependable assistants both in the backfield and line. One of those who will bear watching is Wally Stewart, another shifty back. Stewart, unknown before the Littlefield game, was easily the star of the contest as he made both of Olton's touchdowns on runs of 35 yards and four yards. Halfback Teddy Estes is also a fast and hard runner. Don Pow-

Hey Kids! Be Sure To Write St. Nick

The Christmas season is gradually creeping into store windows over the High Plains and even though Thanksgiving has not yet been observed some boys and girls are already thinking of how to get in touch with Santa Claus. And for good reason, too, because Santa is now busy making a list of Christmas toys and visits he will make next month.

The News has the answer to this problem. All you have to do is sit down and write a card or letter telling the jolly old man what you want and why you think you deserve it. Just address them to Santa Claus in care of the Castro County News and he will be sure to receive all letters and cards.

Remember it's just over a month to Christmas and Santa needs to have your order now if he is going to fill it. So hurry and get your cards and letters in the mail.

WT Graduate Head To Address PTA

J. L. Russel, head of the Graduate Division of West Texas State College, will be guest speaker at a meeting of the Dimmitt Parent Teachers Association Tuesday night in the high school auditorium.

The program, "Report on Report Cards," will begin at 8 p.m. An attendance contest will be part of this meeting. Two points will be allowed each classroom having a father present with prizes going to the rooms having the most points. A social hour will be regular meeting and program.

Dystrophy, Scout Fund Drives Start

The urgent need for cooperation and support of two worthy fund raising campaigns, the Boy Scout drive now underway and the Muscular Dystrophy campaign starting next week, were spelled out by civic leaders at a meeting of the Dimmitt Lions Club Tuesday noon.

Swain Burkett, local attorney, and Dr. H. W. Bischoff, Dimmitt physician, both of whom were introduced to club members by Lion president Earl Brock, spoke in behalf of the fund-raising projects. Burkett outlined Scout needs and the current campaign while Dr. Bischoff singled out and demonstrated the effects of Muscular Dystrophy and its vital need for support.

The per capita cost for maintaining the Scout troop here is between 40 cents and 50 cents per head, Burkett pointed out. He added that this is based on a city population of some 2,500. The Dimmitt lawyer said \$1,000 is the largest amount of money ever raised during a past campaign, but this year a goal of \$1,200 will be sought.

A breakfast Tuesday morning kicked off the residential phase of the local Scout fund drive. The drive in the business section was to be completed Tuesday afternoon by various Lion members who were assigned downtown zones by Burkett.

As finance chairman for the Scout drive, Burkett urged all residents to be as generous as possible in order that the local campaign might reach its goal. He stressed that part of the fund money would be retained for use here and part would be used to help develop Camp Haynes, district Scout camp near Silverton.

In summing up Muscular Dystrophy, Dr. Bischoff described the dread disease as a peculiar malady. He stated that hereditary factors are involved in the transmission of Muscular Dystrophy, also known as Cerebral Palsy. "If it comes early in life, the child has difficulty learning to walk or stand up. The child has an increasing weakness of the lower extremities," the physician said.

Dr. Bischoff demonstrated the way a Muscular Dystrophy victim gets to his feet and walks. He also mentioned the various types of Muscular Dystrophy and described each.

The speaker indicated that considerable research has been done on Muscular Dystrophy but there are still many mysteries surrounding the disease. He concluded, "It's a worthy project and the fund drive here deserves the support of all of us."

J. B. Moore will chairman the Muscular Dystrophy drive commencing here Monday and continuing through Thanksgiving weekend. President Brock urged all club

Castro County Cotton Growers Meet Monday

Farmers to Discuss Loss of Acreage To East Texans

Castro county cotton growers, ginners, businessmen and any other persons interested in the present problem confronting the cotton farmer are urged to be on hand for a called meeting of the Castro County Cotton Growers Association here Monday at 7:30 p.m.

This is a meeting of prime importance and will afford all persons attending the opportunity to voice their feelings and opinions both in connection with the current cotton problem and the next move to be made by growers.

Willis Hawkins, chairman of the county organization, will speak to the group about the petition he and three other West Texas farmers filed Tuesday against the State ASC Commission alleging that group plans to set a quota which will not be "realistic or in keeping with the true facts in West Texas."

County organization officials point out that Castro county stands to lose between 4,000 and 5,000 acres of cotton to East Texas if the present State ASC plan is carried out and therefore "cannot afford not to be concerned about the meeting here in the District Courtroom and future regional and state meetings that may be called." They strongly urge everyone concerned to be present and join in the fight to "return West Texas to the cotton trend basis."

Thirsty Steam Engine Demands Attention, Too

Local Department Keeps Busy Friday As Wave Of Costly Fires Hit Area

A wave of fires kept Dimmitt volunteer firemen on the run all of Friday afternoon and into the fore part of the night.

Firemen started their series of runs Friday noon when two bales of cotton caught fire inside Castro Co-Op Gin near the south city limits. The blaze, termed a "rib" fire, destroyed two bales of cotton but was suppressed by the local crew before the gin or any other cotton was threatened. Total loss was estimated by Gin Manager Jack Tucker at \$300.

Again at 1:30 p.m. the department made a hurried call to the Easter Gin, the scene of another cotton fire. Eight bales of cotton caught fire near the gin and firemen battled the blaze two hours before bringing it under control and preventing a major fire that could have destroyed the gin. A strong wind did cause the fire to spread to a nearby corn field and destroy approximately ten acres of corn.

Damages in the above fire, the origin of which was not known, were figured at about \$2,400. As soon as firemen returned from the Easter Gin fire, another call, this time from Hereford, was awaiting them. They went to the labor camp at Hereford at 4 p.m. to battle a blaze that had broken out in one of the camp barracks. The Hereford department was already on call to Bovina where an elevator fire was raging and returned in time to help the local crew suppress the labor camp blaze. One barracks was destroyed and another damaged before this fire was brought under control.

After a two day respite, the Dimmitt crew was alerted once again, this time to replenish an exhausted supply of water. The victim was an old steam engine on tracks near Castro Co-Op Gin. The water supply tanks on the old engine were empty and so was the overhead tank near the depot which usually supplies water for such cases. The local crew rolled out about 3 a.m. Monday morning to answer this call—but at least it wasn't another fire.

County Cotton Yield Totals 18,211 Bales

Cotton production in Castro county continued to move at a fast pace, this week as a report Wednesday from gins showed another big increase over the previous week. The total at this writing is listed at 18,211 compared to just over 11,000 bales last week.

The harvest is nearing the halfway mark and should move rapidly from here on out as strippers are now in the fields.

Four Cars Damaged In Weekend Wrecks

Two cars were damaged in a wreck Friday night one mile north of Hart, but no one was injured, according to a report from Castro County Sheriff Jack Cartwright.

Sheriff Cartwright related this story: "A pickup driven by Mrs. Lee Clay of Hart overturned when a tire on the vehicle blew out. Mrs. Clay and her husband later returned to the scene to get the pickup which was parked on the right side of the highway. Another passerby came along just at this time and parked on the left side of the road. Only minutes later, a third car driven by Mrs. Juanita Dalton, who was visiting relatives at Hart, came along. Mrs. Dalton was blinded by the lights of one of the parked cars and swerved to the left to avoid hitting the parked pickup. In doing so, her car crashed into the rear of Clay's parked vehicle."

Damages to both vehicles, Cartwright indicated, were heavy. Another wreck occurred Saturday afternoon seven miles north of Dimmitt on Highway 51, the Sheriff disclosed. Billy Joe McBroom of Canyon was traveling south on 51 when his vehicle crashed into a pickup pulling a cotton trailer. The accident occurred when the driver of the pickup made a left turn off the highway. McBroom was knocked unconscious for a few minutes but was later treated and released from a Hereford hospital in satisfactory condition. Damages to both vehicles were heavy, Cartwright said.

Henderson Rites Conducted At Hart

Funeral services were conducted Saturday at 2:30 p.m. in the Hart Baptist Church for John M. Henderson, 96-year-old frontier days cowboy and retired stockman-farmer who died in the Amherst hospital Wednesday afternoon, Nov. 9, a few hours after suffering a paralytic stroke at the home of a daughter in Springlake. The Rev. Dale West, pastor, officiated and burial was beside the grave of his wife in the Olton cemetery.

Henderson came to the Plains in 1893 from Ector county. He saw this area develop from a land of large ranch spreads to one of intensified farming under irrigation. Born in Hopkins county, he was employed as a cowboy on West Texas ranches until he homesteaded a section of land in Swisher county.

From Swisher county, Henderson and his family moved to a ranch ten miles north of Olton. He lived there until his wife's death in 1932 when he went to Springlake to make his home with a daughter, Mrs. Lucy Worrell. Henderson was married to Lucy Ann Price in 1886. Included among survivors are five daughters and one son. His son, R. G. Henderson, and one daughter, Mrs. I. V. McLain, both live at Hart.

Businesses To Close Here Thanksgiving

All of the Dimmitt downtown business district will be closed Thursday, Thanksgiving Day, including the bank, post office and county offices as local residents take a holiday in observance of Thanksgiving.

Classes at the local grade and high schools will be suspended Wednesday afternoon, Nov. 23, and will not resume until the following Monday morning.

No special church services are planned locally in connection with the holiday. However, church memberships will emphasize Thanksgiving at their regular mid-week prayer services.

John Wood Is Fireman of Year

John Hardy Wood, recently voted outstanding fireman of 1955 by members of the local volunteer fire department, was presented with the "Fireman of the Year" award at a called meeting of the department Tuesday night.

The twenty-five dollar cash award given annually to the local firemen with the best record during the year from a standpoint of practices, drills and fires attended, was presented Wood by Joe Cowen, local businessman. Each year Cowen gives the fire department \$100 with the understanding that \$25 will be presented to the most deserving fireman and the balance will go into the department treasury. Cowen does this to encourage member participation and to show his appreciation for the fine work the department does.

In attaining the honor, Wood attended 22 fires and practices during the year and was a loyal and active member throughout the year.

Legion Posts Set Dance At Nazareth

Nineteen members were present for the Dimmitt American Legion Post membership breakfast held in the Steak House Cafe here Friday.

Members were told that a dance for all three county posts (Hart, Dimmitt and Nazareth) will be held in the Nazareth Community Hall Friday night, Nov. 18. Legionnaires attending must have their 1955 membership card or pay their dues when they come to the dance in order to be admitted.

Zone six of the American Legion will have a meeting in the Hart Legion Hall Tuesday, Nov. 22, at 8 p.m.

THE 43RD MYSTERY FARM as taken from the files of the mystery farm series is pictured above. Who is the owner of this Castro county farm? The reader has until Monday noon to submit a guess. The owner is asked to phone or come by the News office and give a brief history of the farm in order that a subscription winner may be declared. Blanton Butane is sponsor of the mystery farm series.

Checkerboard News From the Castro County Grain Company By Edd C. McLeroy

CUTTING COSTS At this time of year many farmers are thinking of ways to cut out in the next year's operation. It may be hard to cut as much as most of us would like. Keep this in mind—cutting costs try not to cut our production efficiency. We definitely feel that fertilizers still have a place in your farming operations the next growing season. If you are thinking of using fertilizer drop by and visit with us and we will try to help you decide on the most practical amount and time of year to apply any fertilizer that you might buy.

THE DECLINING farm prices are not easy to accept. However, the farmers in this area are intelligent enough to stay in business. When you stick a \$3,000 automobile in the mud you don't walk off and leave it—you start figuring how to get it out.

RESEARCH PROVES stillbirth won't make a good ration out of a poor ration, but it will make a good ration better. Here are some results compiled from 24 feeding trials conducted at experiment stations, colleges and commercial research farms.

1. 17.8 percent faster growth compared to check lots getting no stillbirth.

2. Feed saving of 12.6 percent compared to check lot cattle.

3. If you plan to feed steers this fall and winter it could pay well to check into the possibility of feeding a ration with stillbirth. We have steer fattening containing this synthetic hormone and the necessary information to help you make some low cost grain on your steers. Come by some morning when it's too cold to strip cotton and let us talk to you about your feeding operations.

Why Teachers Get Gray?

How many do we have to have? Do we have to spell the words right? I studied the wrong ones. I can't get no pencil. We didn't have time to study. The other section didn't have to do it! Gimme a slip. That's not what they did last year? Do I have to take the test? I was absent. WHY STUDENTS GO MAD! Did you bring a note from your mother? Carry over today's assignment. Do you have to wear heel plates? Get busy on your words. OK you, at the back of the room. You have 10 minutes to do all 20 questions. Hands in position, eyes on copy!

Lice Can Reduce Growth As Well As Cash Profits

COLLEGE STATION, Nov. 17.—Nothing can be more irritating and disagreeable to poultry or to the poultryman than a flock infested with lice. And too, says Ben Workman, extension poultry husbandman, lousy poultry grow at a slower rate, are unthrifty and produce fewer eggs. In laying flocks kept for producing hatching eggs, heavy infestations of lice can cause egg fertility to drop to the vanishing point.

Texas Methodists Set Holiday Conference

ARLINGTON, Nov. 17.—Joseph W. Matthews, Perkins School of Theology, Southern Methodist University, Dallas, and Harold E. Jones, pastor of the First Methodist Church, Dallas, will be the principal speakers when over 300 Methodist students from across the state gather on the McMurry College campus here for their annual Thanksgiving weekend conference. Orville White, Perkins student, will preside over the conference business sessions.

Longhorns Show Improvement In Amherst Game

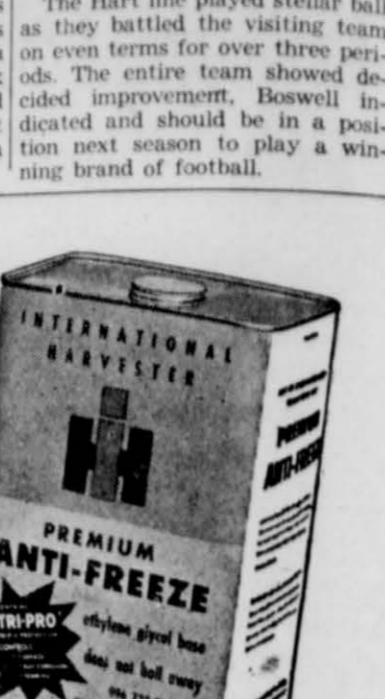

Coach Paul Bowell's Hart Longhorns apparently saved their best game of the season for Amherst as the hosts played the Bulldogs to a standoff for three full quarters before bowing 18-0 in the final quarter. The tilt was played Friday afternoon on the Hart field.

Editorial Comment

"I can get it for you wholesale"

There's a rather nasty practice going on in Dimmitt right now. Actually this city isn't singled out—it's going on all over the United States.

What we're referring to is the practice of selling to consumers wholesale, through mass-outlet houses. There are merchants in Dimmitt who will issue cards to their customers entitling them to buy furniture, hardware, or other commodities at wholesale prices plus about ten per cent in warehouses in Lubbock and Amarillo. The merchant ostensibly does this as a favor to his customer... but never does he issue a card entitling the buyer to wholesale prices on his own line of merchandise.

This particular type of throat-cutting can be a snowballing thing, taking business and dollars out of the pockets of everyone in the city, merchants and wage-earners alike.

The sad thing about the situation is that this wholesale merchandise is all too often of inferior quality, rejects, and absolutely ungaranteed. Business with the wholesale distributors is on a cash basis only, no refunds, no service, no make-goods. When the customer buys, it's his, and if it falls apart when he gets it home, he's the one that loses.

Wholesale, plus ten per cent, plus shipping, plus making a trip there and back, will cost at least as much as local merchants charge for their merchandise, especially that which requires a truck to move. Besides that the merchant has had better care and treatment prior to retail purchase. This factor can mean a lot in the case of television sets, radios, variety items, furniture and other similar items. Tires, hardware, automobiles and things made for abuse may not be affected, but they are certainly in need of manufacturer's guarantees which cannot be had from a wholesale house.

One reason retail stores have enjoyed such a basic success in the United States is that they

stand behind their merchandise and offer service and information about their products. This reason alone is enough to steer clear of wholesale houses, where business expense is kept to virtually nothing and you buy at your own risk. Wholesale outlets to consumers are spreading like a cancerous growth all over the United States. Most times they just skirt the fringes of the fair trade practices.

And don't think that when one merchant issues a wholesale buying permit to a customer he's only hurting the man who sells locally the product being wholesaled in the nearby larger cities. He's hurting himself and everyone else in the community by urging trade where. This not only hurts the businessman, but it hurts the wage scales and curtails the variety of merchandise available to others who want to trade at home.

Buying at wholesale warehouses, which depend upon consumer trade for existence, isn't a business practice since the buyer gets no protection whatever.

Another side of the story is that our local retail merchants donate to every local charity that comes along, belong to our service organizations, pay taxes for city improvements and help promote our municipal and county projects. And they do everything they can to bring the best merchandise possible at low prices. They also, in many cases, offer time payments, without which many of us could buy almost nothing.

All of these factors add up to a strong case for the local tradesman vs. big city wholesale warehouses. We are happy that very few merchants in Dimmitt offer wholesale purchase cards. Consider the points brought out in this editorial the next time one of them offers you one of those cards. Just say "No, thanks" and you'll be doing everyone a favor, yourself included.

Emotions and Texas Politics

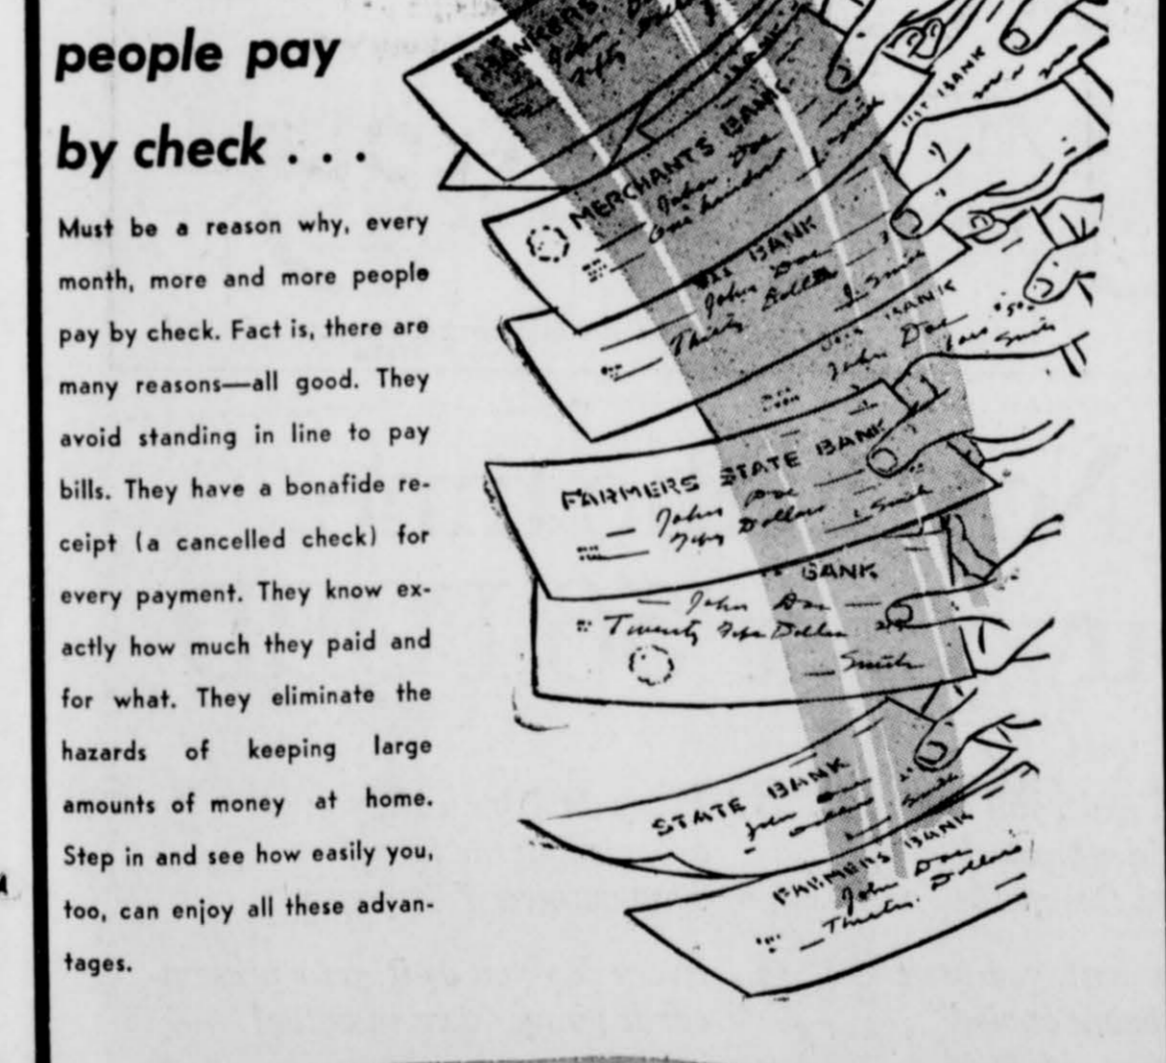

Jimmy Phillips, state senator from Angleton, has kicked aside any doubt that he will be a candidate for governor next year.

The Angleton Times came out with a special edition last week apparently dedicated to the goal of putting Phillips in the governor's mansion in Austin. Every story in it was about the honorable senator.

With a banner headline saying "Home Folks Push Jimmy Phillips for Next Governor of Texas," the Times made it plain whom it was supporting. In the hardly laudable, but apparently effective, true Texas campaign manner, the newspaper went on to describe what a great, fine, majestic, lovable, common, extraordinary, patriotic, fighting, gradglorious, fam-

More people pay by check . . .

Must be a reason why, every month, more and more people pay by check. Fact is, there are many reasons—all good. They avoid standing in line to pay bills. They have a bonafide receipt (a cancelled check) for every payment. They know exactly how much they paid and for what. They eliminate the hazards of keeping large amounts of money at home. Step in and see how easily you, too, can enjoy all these advantages.

IT'S THE LAW in Texas

Real Estate Title Safeguards Outlined

How can you determine whether

the title you are receiving in a real estate transaction is good, but or indifferent? Although a first glance there may appear to be more than one alternative method. Not only does it reflect discretion on the part of the prospective buyer to represent his interests.

In the first place, the Contract of Sale should state the QUALITY OR TITLE to be conveyed to the purchaser. If the contract does not so state, then the seller may be obligated to sell—and the purchaser bound to buy—only what ever the title the seller happens to possess, which may actually be quite defective. This may be true in spite of the fact that the seller is in possession, has a deed to the property, has been paying taxes, etc.

A real estate title is a claim of ownership or right to land and to the improvements, such as houses and other structures, located thereon. It may be partial or complete, as determined by the numerous facts in each case. If it is complete and superior to any other person's claim—if you can prove your right thereto against all the world, it is a good title. If, in addition, the evidence of your claim of ownership is contained in the proper public records, it is a good record title. Ordinarily, only a good record title is considered salable, being sometimes referred to as a good marketable title.

When you buy a house, you want a title which is good, so that you and your heirs will not be troubled by a group of singers, a guitar and a soapy line of talk. It worked. Mr. Phillips thinks it will still work—this time for him.

From a story in the paper about how the gallant Mr. Phillips saved a widow and her four children from the Big City insurance company (and through his legal prowess gained a juicy settlement of \$15,000 from her husband's accidental death) to testimonials by just "common folk" for the Senator-lawyer, the theme runs true to Texas political style through eight pages.

Now Mr. Phillips may win the election. If he does, he may make one of the best governors in Texas history. But that's not the point we're trying to make. To read this particular newspaper, devoted to putting a man in office, is to wonder what the average politician thinks of the Texas voter.

Pappy O'Daniel won campaign after campaign with a group of singers, a guitar and a soapy line of talk. It worked. Mr. Phillips thinks it will still work—this time for him.

Maybe run-of-the-mill Texas voters aren't too smart or well educated. We don't know, but we think they're at least as intelligent as a similar cross-section in any other part of the nation. At least just about any other voter could be expected to respond to a well-ordered, sensible, intelligent campaign so long as he could read.

We'd like to know just when our state politicians will quit trying to play on the emotions and treating the voters like they're 3-year-olds. Not only does it reflect discredit on the office-seeker, but such mass publicity campaigns point out to the world the opinion our politicians have us rank-and-file Texans. It's small wonder that Texas politics are bringing Texas to such bad publicity of late.

Rev. George Ray, pastor of the First Baptist Church here, is attending a mission school at Lampasas this week.

Visiting here over the weekend were Messrs Eugene Reynolds and Frances Love, of Lubbock. Both are nursing students.

How to be sure you are making the best buy in a new truck

A new truck is an important investment. If you want to be sure you're getting the best buy, you've got to consider a lot of things: price, power, operating economy, good appearance—to mention only a few.

Take price, for instance. Wouldn't it help you to know that you can buy a Dodge for surprisingly little money? Could be you didn't know Dodge trucks cost less than most other makes.

Wouldn't it help you, too, to get the whole picture on truck power? The fact that Dodge Power-Dome V-8's outpower every other leading truck in the low- and medium-tonnage fields surely is important to your decision.

And there are other Dodge advantages you'll want to think about—like the business-building beauty of Forward Look styling, and the long life that spreads low initial cost over years of dependable service.

It all adds up to this: To be sure of your best truck buy, take a few minutes to talk to your Dodge dealer. Just a phone call will put the wheels in motion.

Nazareth News

A Thanksgiving turkey dinner was planned and discussed at the regular meeting of the Nazareth Mother's Society on Sunday, Nov. 6. It was decided that the Thanksgiving social would begin at two o'clock with games for children and adults. The supper will be served beginning at five o'clock. The day's activities will close with a dance with music served by the Seymour Band.

The Nazareth ladies have collected 13 boxes of clothing, three boxes of dishes, and three of Catholic magazines and papers for the Sisters at the St. Joseph Mission at Hereford, and three boxes of clothing for their hospital.

The Very Rev. Peter Morach spoke at the St. Joseph Mission and its dire need of help. He said, "It is your duty, Christian Mothers, to teach your children to be charitable to all."

The members voted to purchase a book for the church and Mrs. Tom Annon and Mrs. Harry Keenan announced their intention of donating a Communion Railing Cloth to be used on special occasions.

Mrs. Leonard Wilhelm and Mrs. James Schwallier were elected president and secretary for the ensuing year.

The Nazareth Foresters and K. C.'s sponsored a drive to help Mr. Lew Hindman, who is recovering from an operation undergone at the Plainview Clinic on Oct. 27, to do his harvesting.

Texas Tech Slates More Expansion

LUBBOCK, Nov. 17.—Rocketing Texas Tech now officially the second largest state-supported educational institution has added \$250,000 to its current budget for 1956.

Anticipating a continuance of Tech's enrollment surge, the Board of Directors has authorized expenditure of an additional \$100,000 to add teachers for the spring semester and \$100,000 more for faculty expansion next fall.

Tech, with 7,156 students, now stands fifth in enrollment to the 17,521, according to official Texas University of Texas, which has Education Agency figures, Texas A. and M. College, which last year had one more student than Tech, is in third place with 6,824 students.

Hart Loses To Amherst 13-0

The Hart boys lost their last football game to Amherst 13-0 on Friday, Nov. 11. This was the boys' last game and the closest they've come to winning one this year. The boys have worked and played hard this year and here's wishing them the best of luck next year. The only three boys to leave this year will be Eddie Savage, James Holloway, and Donald Featherston, so they should have a very successful year.

Hart Woman Gueses Mystery Farm No. 42

Mrs. W. R. Reed of Hart is this week's winner of the mystery farm subscription. She correctly identified the picture appearing in the last issue of the News as that of Wade Mills or mystery farm number 42. The Mills farm consists of 320 acres and is located midway between Hart and Nazareth just off the Nazareth-Hart highway. Mills has owned the farm 13 years. It was first settled and put under plow in 1928. Recent improvements on the Mills place include a new 6,000 bushel grain storage building and a house for about 1,200 laying hens. Mills raises livestock, wheat and row crops. He has 50 head of Whiteface cows and about ten brood sows. He has 160 acres in cultivation. Mills also owns two other farms: one consisting of a half section and with 200 acres in cultivation and another totaling 501 acres of which 135 acres are in cultivation. He has a well on each place. In addition to this, Mills rents another half section farm. Mills interplants legumes and cowpeas and uses ammonium nitrate as a commercial fertilizer. He practices soil conservation and has improvements on his farms for employees. Mills and his wife were married in 1938. They have two daughters, Jean (17) and Beverly (16). Mills is a member of the Castro County Farm Bureau.
