\$264,094 In Projects Gets District Approval

Col. Frank Knox, prospective G. O. P. presidential candidate, attacks Roosevelt's tactics, but then the Democrats prefer Frank Knox to sly innuendo.

PEEPING THRU THE KNOTHOLE

With BILL MAYES

For five or six years we have been writing that comparative scores mean but little, but there is an opportunity to find out something or other from the Oil Belt schedule this year, if one goes in for that sort of thing. However, it might wind up like the Big Spring schedule of a year or two ago, when, by comparative scores, it was proven that Big Spring had a three or four touchdown better than Big Spring, or if Big Spring could have played herself the two teams would have been evenly matched, if you know what we mean.

For instance, Ranger plays San Angelo on Sept. 20, Breckenridge plays the Bobcats on Oct. 4 and Abilene plays them on Oct. 11. Assuming that neither Ranger's Bulldogs nor San Angelo's Bobcats will be up to mid-season form by that time, it will give a fair idea of how Abilene and Breckenridge compare with the Bulldogs. Cisco also plays San Angelo before the Bulldogs and Lobos meet.

(Continued on page 4)

British King's Son to Wed

Another member of Europe's royalty will follow the growing fashion of marrying commoners when Prince Henry, Duke of Gloucester, third son of King George V of Great Britain, weds Lady Alice, Christiana Montagu-Douglas-Scott. Prince Henry is shown above in civilian garb and in full state uniform.

SEVEN LOCATIONS OFFERED FOR FEDERAL BUILDING IN EASTLAND AS BIDS OPENED

Seven locations were proposed for a federal building site in Eastland when bids were opened publicly Thursday morning at the post office by Frank A. Jones, postmaster.

Proposals were offered by the following:

Eastland Free School Incorporation, north half of old high school grounds, measuring 200 by 212 feet, \$4,500.

Mrs. Aloy Devevis, Engleman hotel property on Lamar and Moss, measuring 100 by 190 feet, \$1,900.

E. C. Downtain, corner Bassett and Rosewood, measuring 200 by 100 feet, \$4,000.

First Christian church, measuring 100 by 200 feet, \$5,500. Property faces Lamar street on east and Olive street on south. It was offered by E. E. Wood, trustee, and others.

Dr. T. E. Payne, three sites from hospital location, separate proposals for property facing either of three directions, each measuring 200 by 112 feet, each at a cost of \$5,000.

The Eastland Telegram in a letter to the postmaster stated they were preparing to offer property which is located on corner of South Seaman and South Plummer, measuring 100 by 200 feet.

Witnessing the bid proposals opening for the site were D. G. Hunt, J. A. Beard, R. L. Perkins, Assistant Postmaster John Van Gern and newspaper representatives.

A postoffice inspector will be in Eastland Monday and Tuesday to inspect the sites that have been offered and may be offered.

Lindy Baby Clue Is Proved False

This child is not Charles Lindbergh, Jr., although legal counsel for Bruno Richard Hauptmann had hinted that he might be, and planned to seek a new trial on the assertion that the baby still lives. The 6-year-old boy shown above was revealed by investigation to be an Irish youngster taken from an orphanage and reared by a family living in Flushing, N. Y.

OLDEN SCHOOLS WILL OPEN ON NEXT MONDAY

Another successful school year is anticipated by the Olden schools, with newer and better facilities than ever before, and with another large attendance anticipated when the school opens on Monday, Sept. 9.

Improvements for the 1935-36 school year include a wide variety of phases of school life and school work.

Two new teachers, R. H. Pettitt, teacher of the sixth grade, and Miss Goree Graham are new members of the faculty and will take up their school work in Olden for the first time this year.

All the desks in the school system have been sandpapered, re-varnished and are ready for the opening of the school year. Over 100 volumes have been added to the school library, with two encyclopedias added to the high school library and the junior Britannica at the grammar school.

Five lots adjoining the school property have been purchased and the buildings are to be moved to give additional room for school activities.

The school is justly proud of its radio equipment, which includes a loud speaker for each class room. Plans are being made to add microphone facilities for the superintendent's office and each class room.

Additional laboratory equipment has been installed and other supplies and equipment will be added when work is resumed.

Prospects are for a good and successful school year. The high school enrollment is now higher than it has ever been, having doubled within the past five years. The scholastic population is greater than it was during the days when Olden was at the peak of its glory in the oil boom days.

Teachers for the coming year in the Olden schools are:

Henry Collins, superintendent, mathematics.

S. J. Smith, principal, mathematics and history.

Herman Scruggs, science, history and coach.

Miss Eunice Hamilton, Spanish and domestic work.

Miss Clara B. Simer, English.

B. H. Pettitt, sixth grade.

Miss Goree Graham, fifth grade.

Miss La Verne Stone, fourth grade.

Miss Nannie Allman, primary department.

Mrs. C. A. Timmons, primary department.

Slated to Head Federal Housing

Following acceptance of James A. Moffett's resignation as Federal Housing Administrator, the President is expected to appoint Stuart MacDonald (above), of Missouri, as his successor. MacDonald has been serving as acting administrator.

DISTRICT WPA STAFF FORWARD TO SAN ANTONIO

Application for 15 projects in Eastland county, asking funds aggregating \$264,094.21, were sent to San Antonio, state WPA headquarters, Wednesday night from district headquarters at Abilene.

The applications which receive Abilene district office approval were among 75 from this district which kept a staff busy until past midnight in order that they be received by the deadline of 4 o'clock Thursday afternoon in San Antonio.

If the projects are approved at state WPA headquarters they will be forwarded to Washington where final approval or rejection is made.

The Abilene office application sendoff brings to a total of 24 that have recently been approved. The application for projects in this county brings the aggregate asked in funds to \$374,311.60.

Application for nine projects in this county announced earlier this week asked for funds aggregating \$110,262.39.

Applications from the county mailed to San Antonio Wednesday night, type, federal cost, total cost and number of man months are as follows:

Eastland county: Road construction, \$28,248 federal fund; \$31,704.75 total project, 690 man months.

Eastland: Cemetery improvements, \$7,731 federal fund; \$9,178 total project; 167 man months.

Eastland: Street paving, \$10,100.90 federal fund; \$11,111 total project; 252 man months.

Eastland county: Road construction, \$94,097.43 federal fund; \$36,805.45 total project; 832 man months.

Gorman: School buildings, \$10,674 federal fund; \$23,206 total project; 244 man months.

Eastland: Street paving, \$22,380 federal fund; \$25,117.50 total project; 564 man months.

Cisco: Recreational building, \$9,786.74 federal fund; \$13,787.91 total project; 198 man months.

Eastland: Street paving, \$5,944 federal fund; \$4,697.60 total project; 142 man months.

Carbon: School improvements, \$2,004 federal fund; \$2,204 total project; 49 man months.

Eastland: School improvements, \$23,880 federal fund; \$25,080 total project; 492 man months.

Ranger: Remodel school building, \$775 federal fund; \$1,450 total project; 36 man months.

Cisco: Road and water plant at lake, \$24,876 federal fund; total project, \$29,356; 456 man months.

Rising Star: City street improvement, \$14,490 federal funds; \$16,096 total project; 466 man months.

Eastland county: Precinct 1 road improvement, \$28,249 federal funds; total project, \$31,705; 690 man months.

Pioneer: Pioneer independent school improvement, \$1,750 federal funds; \$2,500 total; 25 man months.

Bulldog Training Camp Broken Up By Heavy Rains

Because of the continuous rain for the past week, the Bulldog training camp was brought to an end Thursday morning by Coach O. M. (Red) Moore, the camp ending three days earlier than was anticipated.

Moore stated Thursday morning that the squad would be brought in immediately as the ground was entirely too wet at the Country Club, where they have been training, to do any constructive work for the remainder of the week.

Moore indicated, however, that football practice would not be entirely halted because of the mud and rain, but that the camp would be brought to an end and the boys brought back to town.

Confederates Tired But Determined at Amarillo Reunion

AMARILLO, Sept. 5.—The aged gentlemen of the "Old South" although somewhat tired after the first two days of the 45th reunion, went through the routine of reports with surprising endurance today.

Gen. Rice Pierce, commander-in-chief of the veterans of the United Confederate army, addressed the delegates, praising the Texans of Forrest's Cavalry.

"Are there any living of that gallant regiment that served under Forrest?" Pierce asked. "God knows what a pleasure it would be to cross hands with one of them."

The aged commander-in-chief looked through the crowd, searched faces about him, but received no answer.

TWO MILLION SET ASIDE FOR FARM CREDITS

WASHINGTON, Sept. 5.—President Roosevelt today set aside \$2,000,000 of his \$4,000,000,000 war relief fund to help farmers scale down their debts.

He made the money available to the rural resettlement administration to defray expenses of 15,000 volunteer workers, operating in 45 states to bring debtors and creditors together.

The allocation transferred the task to the old farm credit administration, organized in 1933, to Rexford Tugwell, whose job is to rehabilitate agriculture.

FLORIDA STORM DEATH TOLL IS UNCERTAIN

MIAMI, Sept. 5.—Fear that the death toll from the hurricane that raged over the Florida Keys Monday night may mount to 1,000 was expressed today by one of the first men thoroughly to survey the storm damage.

The Red Cross, however, was not willing to alter its prediction the loss of life was about 300, pending more complete reports.

W. P. Moaty, Dade county criminal court clerk, who surveyed the storm ravaged keys by boat, said the death list—when those buried in tangled tropical underbrush are counted—would number at least 1,000.

Gov. Dave Sholtz announced that he was leaving by automobile for Miami to take personal charge of relief work. He will be accompanied by several assistants.

Work of bringing bodies from the keys moved ahead and the emergency machinery, established in the wake of the storm began to function more efficiently.

Evacuation of the desolated area by airplane, boat and afoot progressed to such a stage relief authorities were considering a thorough survey of Cape Sable, on the mainland, immediately in the path of the hurricane. Survivors are being taken to hospitals and continued to tell of stark terrors of the storm.

Italy Assumes the Offensive Before League of Nations

ROME, Sept. 5.—Italy by assuming the offensive before the league of nations council, it trying to prepare the way for "legal" military action in Ethiopia, it was believed today.

If Italy succeeded in depriving Ethiopia of its rights under the league covenant, Italy would obtain free hand to open operations.

The argument that "no member of the league can claim rights under the covenant when it failed to keep its obligation" is the keynote of the entire Italian memorandum of attack. Even if other league members failed to accept the Italian argument the memorandum and the pronouncement of Italy would continue to guide Italy's policy.

MEN INDICTED IN THE POKER GAME MURDER

DALLAS, Sept. 5.—Buck Terry, Jack Terry and Fred Batson were indicted by the grand jury today in connection with the poker game murder of Robert Williams Aug. 14.

All three are in the county jail. The Terry brothers were arrested near Walters, Okla., three days after the killing. Batson was arrested two weeks ago in Cleburne and brought to Dallas after permission had been granted by the Johnson county health officers. He had pneumonia, but his condition is improved.

Cases of the three men were set for trial Sept. 16. Indications were the defendants would seek a continuance at that time.

Williams, 46, living near Fallsville, was shot down when he failed to raise his hands fast enough when the hands held up a poker game in the woods and seized \$300.

21 MILES OF STRING SAVED

MASON CITY, Ia.—Charles K. Mellang started saving string 21 years ago and now has a ball of it nearly 21 miles in length, five feet in circumference, 20 pounds in weight and composed of 12,049 pieces.

PICKLE WELL PICKLED

TIFFIN, O.—Mrs. Elliott Williams owns the grand-daddy of all pickles. When she was a baby, her father placed a glass jar over a cucumber and when it grew to fill the bottle, poured in alcohol. That was 73 years ago.

TEXAS PRISON LOSSES SAID TO BE LARGE

HOUSTON, Sept. 5.—Losses of the Texas prison system for the past five years were described by Col. W. E. Dulaney, Houston, member of the state prison board, as "a disgrace to Texas."

He charged that Prison Manager Lee Simmons, who resigned last Sunday, was "attempting to leave the prison system in a blaze of personal glory."

"As a matter of fact, the losses of the system is a disgrace. The total loss for five years is \$3,574,092. In one paper that says for every \$1,000 paid Simmons he has saved the taxpayers \$100,000, I want to know where the money is. The system has lost money for over 10 years."

Rains Continue Over Entire State

Continued heavy rains soaked scattered parts of Texas today as cool and unsettled weather spread over the entire state.

The heaviest rainfall reported was at Dilley, Southwest Texas, where 5.1 inches fell last night. Additional rainfall today was expected to swell the total.

Ballister reported 2 inches and Waco 1.64.

Meat Strike Pickets Released By Mob

GIRARDVILLE, Pa., Sept. 5.—A mob of 500 men and women today forced Chief Burgess Jones to order the release of two meat strike pickets who had been jailed for disorderly conduct.

"They threatened to lynch me unless I turned them out," he told state police.

New Teacher of Science Has Had Much Experience

Hubert Capps, who has been selected to the science department of the Ranger High School and the Ranger Junior College, is considered as one of the home-town boys who is expected to make a good instructor for the schools.

Capps secured his A. B. degree at Simmons University in 1928, where he was an honor student, and then went to the University of Washington at Seattle on a scholarship. He finished his work at the University of Washington, obtaining his master degree in science in 1930.

He has completed one year toward his Ph.D. degree at Iowa State College, where he majored in chemistry with a minor in physics, and has had three years' experience teaching college science, two years at the University of Washington and one year at Oregon State College. He also held an analysis position with the State Department of Agriculture in Iowa after finishing up his work at the Iowa State College.

He will fill the vacancy caused by the resignation of Dr. Hal B. Parks.

TWO POWERS WILL RENEW PEACE OFFERS

GENEVA, Sept. 5.—Great Britain and France prepared today to renew their offer for a compromise on the Ethiopian dispute which Mussolini rejected.

The Franco-British offer, it was understood, would be made the basis for efforts of an Italian-Ethiopian conciliation commission, which it was decided today to establish.

The offer provides for "collaboration" of the three powers, with the consent of Ethiopia, to guide that country's national life in almost every field, including the economic. Special interests of Italy in Ethiopia would be taken into account.

Ethiopian "Army" Moves to the Front

ADDIS ABABA, Sept. 5.—A non-descript Ethiopian "army" of 600, including graybeards and boys, armed with 20 different types of weapons, entrained today for Ogaden and possible death from Italian machine guns and poison gas.

Grinning, the warriors piled themselves into waiting box cars, 150 warriors being forced to remain standing in the cars, so tightly were they packed, and some had to keep their clothing and equipment on their heads. Many women accompanied their husbands carrying tools and equipment. One had a revolver strapped at her waist.

PASSENGERS ARE REMOVED FROM LINER

MIAMI, Fla., Sept. 5.—The crack Morgan liner Dixie listed deserted on French Reef today after transfer of all passengers to rescue boats.

Capt. E. W. Sundstrom, master of the ill-fated vessel, remained behind with a skeleton crew for efforts to free the Dixie from the reef.

The radio message from Captain Sundstrom to the Morgan Line offices said:

"All passengers and crew that were to leave off at 8:50, C. S. T." The passengers were transferred in boats to rescue ships that had been gathering near the Dixie.

Bridegroom Claims He Was Bought From His Fiancee

BOSTON, Sept. 5.—A bridegroom who claimed he was purchased by his wife for \$1,000 on the installment plan—\$50 down and 10 payments, asked the court to annul his marriage.

Meyer Zola charged his bride has refused to fulfill his marriage vows because she thinks he ought to give her 1,000 to meet her payments on him.

Zola claimed he was bought from a girl to whom he was engaged.

W. D. May to Be Executed Tonight

AUSTIN, Sept. 5.—Gov. James Allred today announced he would not interfere in the execution of W. D. (Bill) May, Fort Worth, at Huntsville tonight. Allred said it was not his duty to interfere.

THIEVES DISMANTLE BRIDGE

KNOXTOWN, Mo.—The man who lost a bass drum had no worries compared with Mart Oberly, state highway engineer, who "lost" a bridge. Thieves who dismantled the structure were apprehended.

BACON CAUSES MISHAP

HOUSTON, Tex.—A side of bacon belongs in the pantry, not under the wheels of a street car, Motorman Ben Beldfield contends. His car ran onto a side of bacon and skidded into an automobile.

IN ABILENE

Mrs. Sjim Blackwell and son, Charles David, are visiting this week in Abilene at the home of her mother, Mrs. Frank Lemley.

Pictures of Old Days in Ranger Needed For Book

The Ranger Chamber of Commerce is seeking old-time pictures of Ranger, particularly a scene of the main street showing the mud and the mud sleds which carried people across from the railway station in the early days of the boom.

The pictures are wanted to use in the book "Ware You in Ranger" which has been written by Boyce House, and which is now in the hands of the printer. Any pictures submitted will be carefully preserved and returned to the owners, it was stated.

Ranger Musician To Teach In New Mexico College This Year
Miss Gillian Buchanan, well known piano and violin teacher of this vicinity, has been elected piano and violin instructor in the Eastern New Mexico State College at Portales, N. M. Miss Buchanan will also direct the college orchestra there. She plans to leave Ranger Sunday to assume her new duties in the college.

Central Baptist Circle Elect Officers Tuesday
Members of the Circle Blanche Groves of the Central Baptist Church met Tuesday afternoon at 2 o'clock at the home of Mrs. Roy Baker, Young street, for their weekly business meeting. The following officers were elected with the president, Mrs. H. S. Packwood, in charge; Bible leader, Mrs. Johnny Boyd; Mission chairman, Mrs. Dan Neville; personal service, Mrs. Roy Moore; social chairman, Mrs. Sides, and reporter, Mrs. C. C. Cash.

W. M. U. Elects Officers for Coming Year
Ladies of the Women's Missionary Union of the First Baptist Church met Tuesday afternoon at 2:30 o'clock at the church for their regular business session.

The meeting was started with the song, "What a Friend We Have in Jesus," followed by Mrs. W. A. Lewis giving the devotional, Isaiah 44:45. Reports were given from the different chairmen and a yearly report was read by Mrs. Lewis. Mrs. G. W. Thomas took the chair for the election of officers: President, Mrs. W. A. Lewis; secretary, Mrs. H. M. Russell; treasurer, Mrs. E. C. White, pianist, Mrs. Hutchins; song leader, Mrs. G. W. Thomas. These officers will serve for the following year.

Announcing
Members of the American Legion will meet Thursday night for a full report on the state convention. Everyone is requested to be present for the meeting.

Everyone is invited to attend prayer meeting Thursday night at 8 o'clock at Gospel Center with Rev. Johnnie Lovell in charge. Announcement has been made that a change in the revival schedule has been made from last Sunday night to the 15th of this month, due to the bad weather.

All R. A. Boys are requested to be present at their regular weekly meeting tonight at 7:30 o'clock at the First Baptist church. The meetings have been changed from

Railroad Man Is Rotary Speaker at Luncheon Today

O. B. Webb, Assistant to President, Texas & Pacific Railway, of New Orleans, was guest speaker at Wednesday's Rotary luncheon at Gholson hotel. Taking as his subject, "What About Our Railways?" Mr. Webb challenged the statement, sometimes heard, that the railways have not kept pace with the times, but through allegiance to obsolete methods and equipment have permitted their competitors to take from them traffic which a more aggressive and intelligent policy would have held to the rails.

Just a Bit Personal

Mr. and Mrs. J. E. Matthews and daughters, Jane and Anne, returned home Sunday following a pleasant vacation in parts of Southern California. Mrs. Matthews and children were accompanied by her sister, Mrs. J. E. Morgan of Dallas, on their motor trip to Laguna Beach in July. Mr. Matthews and Mr. Morgan enjoyed a week's fishing in mountains of Colorado in August before Mr. Matthews joined his family in California to accompany them on the return trip home.

Miss Theresa Power is due to return to Ranger Friday to resume her duties as teacher of English in Hodges Oak Park school again this year. Miss Power attended the University of Texas in Austin during the summer session where she pledged the Alpha Delta Pi sorority and received her M. A. degree in the closing exercises.

B. Smith of Kilgore, formerly of Ranger, was a visitor here Tuesday and Wednesday.

Mrs. Bertha Owens has returned to her home in Oiden following a two week's visit in Wink, Texas.

Commission Takes No Action On the Designation of 81

The Ranger Chamber of Commerce is in receipt of a letter from the state highway department stating that at this time the funds for building Highway 81 from DeLeon to Ranger is not available because of matching federal funds on other projects, but suggests that a conference be held with Division Engineer Leo Ehlinger at Brownwood in order that the survey might be completed and the road built.

The letter from the department reads, in part, as follows: "The highway commission in executive session considered the matter presented by you on Aug. 20, in regard to the extension of Highway 81 from DeLeon to Ranger. In view of the fact that our available state funds are required to match federal aid, there are no funds available for the construction of this road, and it would, therefore, be in the same classification as a number of highways which were recently cancelled to enable counties to obtain WPA projects. No action was taken by the commission.

"In reply to your wire of Aug. 22, addressed to Mr. Hines, I would suggest that you confer with Division Engineer Leo Ehlinger at Brownwood. Under the statutes, the counties are privileged to call upon the state highway department for information and advice. This, of course, does not mean that the department is authorized to make the location of a county lateral road because the statutes prohibit this department from spending state funds on anything but state highways."

PEEPING THRU THE KNOTHOLE

(Continued from page 1)
string lines from a standpoint of weight and ability. I have eight men that I can switch into those positions whenever the occasion arises, and all of them will likely be used quite a bit. The ones who win out and make regular berths are the ones who will put out the most."

Saturday afternoon the two teams will go through a full 60-minute scrimmage, Moore stated.

Declaring the railways will always be the backbone of the nation's transportation system, and will be needed just as much 25 years from now as they were 25 years ago, the speaker gave illustrations and data to show what it would mean to try to handle a truck on the already congested road would mean to try to handle in just one freight train in each direction in a 24-hour period. He also submitted data to show the relatively low cost to the public at which railways handle traffic.

"The average rate collected by the Texas & Pacific on all the millions of tons of freight it handled in the last year for which I have the figures was exactly one cent per ton per mile," he declared. "When you think of moving two thousand pounds of anything a mile down the road for a penny, and having to get your living out of that penny, I think you will agree with me that is getting transportation down to an art."

Expressing his joy that at last the tide of passenger traffic is turning back to the rails, Mr. Webb said passenger earnings, after decreasing steadily for 15 years, are again on the up-grade. "Lower rates, infinitely greater safety, and air-conditioned trains are doing the job," he declared. In support of his claim that, next to being at home in bed, a railroad train is the safest place in the world, the speaker said the railways west of the Mississippi River handled more than seventy-seven million passengers last year, and killed only five.

"When one ponders the tragedies on the highways and in the air, that fill our newspapers and are taking place around us every day, and considers the joy of railway traveling has come to since the installation of our marvelous air-conditioned equipment, it isn't strange that the thoughtful man, planning a trip for himself or his loved ones, is again turning to the railroad," he said.

and a field will be marked off and a regular game played. The fans are invited to come out and witness it, if they like. The exact time has not as yet been determined, but Moore said it would be fairly early in the afternoon and the time would be determined later. Regardless of the time a fair scrap is scheduled.

OPENS AT ARCADIA TODAY

ZaZu Pitts in "Going Highbrow," opening today at the Arcadia Theatre.

BATTLE PLANES BOLSTER BRITAIN'S NAVAL STRENGTH IN MEDITERRANEAN

ABOVE—Heavy reinforcement of Britain's stern warning to Italy was the dispatch of the newest airplane carrier, H. M. S. Glorious to join the Mediterranean fleet at Malta. A converted cruiser of 22,500 tons, the Glorious carries three airplane squadrons and a flying personnel of about 350.

RIGHT—Trouble zone of the crisis arising from England's concern in the Ethiopian situation is shown by this map. Arrows show directions to be taken by ships of the British fleet assembling at Malta. Additional troops also will reinforce the garrisons at Malta and at Aden (lower right) across from Italian Eritrea. The fleet itself is to be concentrated mainly at Port Said, entrance to the Suez Canal.

"SO MANY OF OUR FRIENDS SAID
Our next refrigerator will be ELECTROLUX'
SO WE SAID
'Our first refrigerator will be ELECTROLUX'"

JUST THINK! A TINY GAS BURNER DOES ALL THE WORK IN ELECTROLUX! NO WONDER IT'S MORE EFFICIENT... AND THE ONLY REFRIGERATOR THAT CAN OFFER LOW OPERATING COST... PERMANENT SILENCE... NO MOVING PARTS TO WEAR!

PEOPLE who have had experience with other types of refrigerators are the first to discover the vital differences of Electrolux! Find, too, that every point of difference means an important advantage they want! For Electrolux is the only refrigerator that has no moving parts. A tiny gas flame circulates the simple refrigerant, which is cooled by ordinary air.

The utter simplicity of Electrolux permits an amazingly low cost to run, keeps Electrolux always silent (for parts that do not move cannot cause noise!), insures fullest food protection, and eliminates depreciation due to moving parts that wear.

See the new Electrolux models. We believe you'll agree there's every reason in the world for making your "first refrigerator" an Electrolux!

\$264,094 In Projects Gets District Approval

Col. Frank Knox, prospective G. O. P. presidential candidate, attacks Roosevelt's tactics. But then the Democrats prefer Frank Knox to sly innuendo.

PEEPING THRU THE KNOTHOLE

With BILL MAYES

For five or six years we have been writing that comparative scores mean but little, but there is an opportunity to find out something or other from the Oil Belt schedule this year. If one goes in for that sort of thing. However, it might wind up like the Big Spring schedule of a year or two ago, when, by comparative scores, it was proven that Big Spring had a three or four touchdown better team than Big Spring, or if Big Spring could have played herself the two teams would have been evenly matched, if you know what we mean.

For instance, Ranger plays San Angelo on Sept. 20, Breckenridge plays the Bobcats on Oct. 4 and Abilene plays them on Oct. 11. Assuming that neither Ranger's Bulldogs nor San Angelo's Bobcats will be up to mid-season form by that time, it will give a fair idea of how Abilene and Breckenridge compare with the Bulldogs. Also also plays San Angelo before the Bulldogs and Lobos meet.

(Continued on page 4)

British King's Son to Wed

Another member of Europe's royalty will follow the growing fashion of marrying commoners when Prince Henry, Duke of Gloucester, third son of King George V of Great Britain, weds Lady Alice Christobel Montagu-Douglas-Scott. Prince Henry is shown above in civilian garb and in full state uniform.

SEVEN LOCATIONS OFFERED FOR FEDERAL BUILDING IN EASTLAND AS BIDS OPENED

Seven locations were proposed for a federal building site in Eastland when bids were opened publicly Thursday morning at the post office by Frank A. Jones, postmaster.

Proposals were offered by the following:

Eastland Free School Incorporation, north half of old high school grounds, measuring 200 by 212 feet, \$4,500.

Mrs. Aloy Devesis, Engleman hotel property on Lamar and Moss, measuring 100 by 190 feet, \$1,900.

E. C. Downtain, corner Bassett and Rosewood, measuring 200 by 100 feet, \$4,000.

First Christian church, measuring 100 by 200 feet, \$5,500. Property faces Lamar street on east and Olive street on south. It was offered by E. E. Wood, trustee, and others.

Dr. T. E. Payne, three sites from hospital location, separate proposals for property facing either of three directions, each measuring 200 by 112 feet, each at a cost of \$5,000.

The Eastland Telegram in a letter to the postmaster stated they were preparing to offer property which is located on corner of South Seaman and South Plummer, measuring 100 by 200 feet.

Witnessing the bid proposals opening for the site were D. G. Hunt, J. A. Beard, E. L. Perkins, Assistant Postmaster John Van Geem and newspaper representatives.

A postoffice inspector will be in Eastland Monday and Tuesday to inspect the sites that have been offered and may be offered.

Lindy Baby Clue Is Proved False

This child is not Charles Lindbergh, Jr., although legal counsel for Bruno Richard Hauptmann had hinted that he might be, and planned to seek a new trial on the assertion that the baby still lives.

The 6-year-old boy shown above was revealed by investigation to be an Irish youngster taken from an orphanage and reared by a family living in Flushing, N. Y.

OLDEN SCHOOLS WILL OPEN ON NEXT MONDAY

Another successful school year is anticipated by the Olden schools, with never and better facilities than ever before, and with another large attendance anticipated when the school opens on Monday, Sept. 9.

Improvements for the 1935-36 school year include a wide variety of phases of school life and school work.

Two new teachers, R. H. Pettitt, teacher of the sixth grade, and Miss Goree Graham are new members of the faculty and will take up their school work in Olden for the first time this year.

All the desks in the school system have been sandedpapered, re-varnished and are ready for the opening of the school year. Over 100 volumes have been added to the school library, with two encyclopedias added to the high school library and the junior Britannica at the grammar school.

Five lots adjoining the school property have been purchased and the buildings are to be moved to give additional room for school activities.

The school is justly proud of its radio equipment, which includes a loud speaker for each class room. Plans are being made to add microphone facilities for the superintendent's office and each class room.

Additional laboratory equipment has been installed and other supplies and equipment will be added when work is resumed.

Prospects are for a good and successful school year. The high school enrollment is now higher than it has ever been, having doubled within the past five years. The scholastic population is greater than it was during the days when Olden was at the peak of its glory in the oil boom days.

Teachers for the coming year in the Olden schools are:

Henry Collins, superintendent, mathematics.

S. J. Smith, principal, mathematics and history.

Herman Scruggs, science, history and coach.

Miss Eunice Hamilton, Spanish and commercial work.

Miss Clara H. Simer, English.

R. H. Pettitt, sixth grade.

Miss Goree Graham, fifth grade.

Miss La Verne Stone, fourth grade.

Miss Nannie Allman, primary department.

Mrs. C. A. Timmons, primary department.

Slated to Head Federal Housing

Following acceptance of James A. Moffet's resignation as Federal Housing Administrator, the President is expected to appoint Stuart MacDonald (above), of Missouri, as his successor. MacDonald has been serving as acting administrator.

DISTRICT WPA STAFF FORWARD TO SAN ANTONIO

Fifteen Applications From County Sent Wednesday To Meet Deadline.

Application for 15 projects in Eastland county, asking funds aggregating \$264,094.21, were sent to San Antonio, state WPA headquarters, Wednesday night from district headquarters at Abilene.

The applications which receive Abilene district office approval were among 75 from this district which kept a staff busy until past midnight in order that they be received by the deadline of 4 o'clock Thursday afternoon in San Antonio.

If the projects are approved at state WPA headquarters they will be forwarded to Washington when final approval or rejection is made.

The Abilene office application sendoff brings to a total of 24 that have recently been approved. The application for projects in this county brings the aggregate asked in funds to \$374,311.60.

Application for nine projects in this county announced earlier this week asked for funds aggregating \$110,262.39.

Applications from the county mailed to San Antonio Wednesday night, type, federal cost, total cost and number of man months are as follows:

Eastland county: Road construction, \$28,248 federal fund; \$31,704.75 total project, 690 man months.

Eastland: Cemetery improvements, \$7,731 federal fund; \$9,178 total project; 167 man months.

Eastland: Street paving, \$10,100.90 federal fund; \$11,111 total project; 252 man months.

Eastland county: Road construction, \$34,097.43 federal fund; \$36,805.45 total project; 832 man months.

Gorman: School buildings, \$10,574 federal fund; \$23,306 total project; 244 man months.

Eastland: Street paving, \$22,380 federal fund; \$25,117.50 total project; 564 man months.

Cisco: Recreational building, \$9,786.74 federal fund; \$13,737.91 total project; 198 man months.

Eastland: Street paving, \$3,944 federal fund; \$4,697.60 total project; 142 man months.

Carbon: School improvements, \$2,004 federal fund; \$2,204 total project; 30 man months.

Eastland: School improvements, \$25,580 federal fund; \$25,080 total project; 492 man months.

Ranger: Remodel school building, \$775 federal fund; \$1,450 total project; 36 man months.

Cisco: Road and water plant at lake, \$24,875 federal fund; total project, \$29,356; 456 man months.

Rising Star: City street improvement, \$14,490 federal fund; \$16,096 total project; 466 man months.

Eastland county: Precinct 1 road improvement, \$28,248 federal fund; total project, \$31,705; 690 man months.

Pioneer: Pioneer independent school improvement, \$1,750 federal fund; \$2,500 total; 25 man months.

Bulldog Training Camp Broken Up By Heavy Rains

Because of the continuous rain for the past week, the Bulldog training camp was brought to an end Thursday morning by Coach O. M. (Red) Moore, the camp ending three days earlier than was first anticipated.

Moore stated Thursday morning that the squad would be brought in immediately as the ground was entirely too wet at the Country Club, where they have been training, to do any constructive work for the remainder of the week.

Moore indicated, however, that football practice would not be entirely halted because of the mud and rain, but that the camp would be brought to an end and the boys brought back to town.

Two Million Set Aside For Farm Credits

WASHINGTON, Sept. 5.—President Roosevelt today set aside \$2,000,000 of his \$4,000,000,000 work relief fund to help farmers scale down their debts.

He made the money available to the rural resettlement administration to defray expenses of 15,000 volunteer workers, operating in 45 states to bring debtors and creditors together.

The allocation transferred the task to the old farm credit administration, organized in 1933, to Rexford Tugwell, whose job is to rehabilitate agriculture.

Parents Urged to Help First Year Students Register

W. T. Walton, superintendent of the Ranger schools, today urged parents of all children who have not attended school before to accompany the children to their respective ward schools Friday afternoon at 2 o'clock to help them get started with their school work.

"The teachers of the primary departments will be at the schools at the appointed time, and all children will be given individual attention by the teachers," Walton said Thursday morning, "and we would like very much for these children to be accompanied by their parents. In this way the child will be able to meet his teacher for the coming year and will be better acquainted with the school routine and with those with whom he will be associated during his first year of schooling."

FLORIDA STORM DEATH TOLL IS UNCERTAIN

MIAMI, Sept. 5.—Fear that the death toll from the hurricane that raged over the Florida Keys Monday night may mount to 1,000 was expressed today by one of the first men thoroughly to survey the storm damage.

The Red Cross, however, was not willing to alter its prediction the loss of life was about 300, pending more complete reports.

W. P. Mooty, Dade county criminal court clerk, who surveyed the storm ravaged keys by boat, said the death list—when those blown into the water and those buried in tangled tropic underbrush are counted—would number at least 1,000.

Gov. Dave Sholtz announced that he was leaving by automobile for Miami to take personal charge of relief work. He will be accompanied by several assistants.

Work of bringing bodies from the keys moved ahead and the emergency machinery, established in the wake of the storm began to function more efficiently.

Evacuation of the desolated area by airplane, boat and afoot progressed to such a stage relief authorities were considering a thorough survey of Cape Sable, on the mainland, immediately in the path of the hurricane. Survivors are being taken to hospitals and continued to tell of stark terrors of the storm.

MEN INDICTED IN THE POKER GAME MURDER

DALLAS, Sept. 5.—Buck Terry, Jack Terry and Fred Batson were indicted by the grand jury today in connection with the poker game murder of Robert Williams Aug. 11.

All three are in the county jail. The Terry brothers were arrested near Walters, Okla., three days after the killing. Batson was arrested two weeks ago in Cleburne and brought to Dallas after permission had been granted by the Johnson county health officers. He had pneumonia, but his condition is improved.

Cases of the three men were set for trial Sept. 16. Indications were the defendants would seek a continuance at that time.

Williams, 40, living near Lewisville, was shot down when he failed to raise his hands fast enough when the hands held up a poker game in the woods and seized \$300.

Italy Assumes the Offensive Before League of Nations

ROME, Sept. 5.—Italy by assuming the offensive before the league of nations council, it trying to prepare the way for "legal" military action in Ethiopia, it was believed today.

If Italy succeeded in depriving Ethiopia of its rights under the league covenant, Italy would obtain free hand to open operations.

The argument that "no member of the league can claim rights under the covenant when it failed to keep its obligation" is the keynote of the entire Italian memorandum of attack. Even if other league members failed to accept the Italian argument the memorandum and the pronouncement of Italy would continue to guide Italy's policy.

TEXAS PRISON LOSSES SAID TO BE LARGE

HOUSTON, Sept. 5.—Losses of the Texas prison system for the past five years were described by Col. W. R. Dulaney, Houston, member of the state prison board, as "a disgrace to Texas."

He charged that Prison Manager Lee Simmons, who resigned last Sunday, was "attempting to leave the prison system in a blaze of personal glory."

"As a matter of fact, the losses of the system is a disgrace. The total loss for five years is \$3,374,092. In one paper that says for every \$1,000 paid Simmons he has saved the taxpayers \$100,000, I want to know where the money is. The system has lost money for over 10 years."

New Teacher of Science Has Had Much Experience

Hubert Capps, who has been selected to the science department of the Ranger High School and the Guaranger Junior College, is considered as one of the home-town boys who is expected to make a good instructor for the schools.

Capps secured his A. B. degree at Simmons University in 1928, where he was an honor student, and then went to the University of Washington at Seattle on a scholarship. He finished his work at the University of Washington, obtaining his master degree in science, Owsen in 1930.

He has completed one year toward his Ph.D. degree at Iowa State College, where he majored in chemistry with a minor in physics, and has had three years' experience teaching college science, two years at the University of Washington and one year at Oregon State College. He also held an advisory position with the State Department of Agriculture in Iowa after finishing up his work at the Iowa State College.

He will fill the vacancy caused by the resignation of Dr. Hal B. Marks.

Confederates Tired But Determined at Amarillo Reunion

AMARILLO, Sept. 5.—The aged gentlemen of the "Old South" although somewhat tired after the first two days of the 45th reunion, went through the routine of reports with surprising endurance today.

Gen. Rice Pierce, commander-in-chief of the veterans of the United Confederate army, addressed the delegates, praising the Texans of Forrest's Cavalry.

"Are there any living of that gallant regiment that served under Forrest?" Pierce asked. "God knows what a pleasure it would be to cross hands with one of them."

The aged commander-in-chief looked through the crowd, searched faces about him, but received no answer.

Students Register In the High School

Registration was started for seniors at the high school Thursday, with a large number being present.

Friday morning sophomores will be registered between the hours of 9 and 12 and in the afternoon from 1:30 to 4:30 the freshmen will be registered.

Junior college students will register Saturday and Monday, with the high school and ward schools opening Monday, W. W. Jarvis, registrar, stated.

Gridiron Banquet Is Slated Friday

BRECKENRIDGE, Sept. 5.—New coaches of the Oil Belt, as well as veteran mentors, players, officials, and fans, will be on the "spot" here Friday night, as speakers take random potshots in the annual gridiron frolic of the Lions club.

All coaches, captain, principals and superintendents of the district as usual, are being invited to the banquet.

Guest speakers will include Mattie Bell, S. M. U. coach; George White, Dallas News sports editor, and Boyce House, Fort Worth newspaperman.

Bacon Causes Mishap

HOUSTON, Tex.—A side of bacon belongs in the pantry, not under the wheels of a street car, Motorman Ben Bedford contends. His car ran onto a side of bacon and skidded into an automobile.

Bridegroom Claims He Was Bought From His Fiancee

BOSTON, Sept. 5.—A bridegroom who claimed he was purchased by his wife for \$1,000 on the installment plan—\$50 down and 10 payments, asked the court to annul his marriage.

Meyer Zola charged his bride has refused to fulfill his marriage vows because she thinks he ought to give her 1,000 to meet her payments on him.

Zola claimed he was bought from a girl to whom he was engaged.

Rains Continue Over Entire State

Continued heavy rains soaked scattered parts of Texas today as cool and unsettled weather spread over the entire state.

The heaviest rainfall reported was at Dilley, Southwest Texas, where 5.1 inches fell last night. Additional rainfall today was expected to swell the total.

Baliester reported 2 inches and Waco 1.64.

Two Powers Will Renew Peace Offers

GENEVA, Sept. 5.—Great Britain and France prepared today to renew their offer for a compromise on the Ethiopian dispute which Mussolini rejected.

The Franco-British offer, it was understood, would be made the basis for efforts of an Italian-Ethiopian conciliation commission, which it was decided today to establish.

The offer provides for "collaboration" of the three powers, with the consent of Ethiopia, to guide that country's national life in almost every field, including the economic. Special interests of Italy in Ethiopia would be taken into account.

W. D. May to Be Executed Tonight

AUSTIN, Sept. 5.—Gov. James Allred today announced he would not interfere in the execution of W. D. (Bill) May, Fort Worth, at Huntsville tonight. Allred said it was not his duty to interfere.

Thieves Dismantle Bridge

KNOBLOSTOWN, Mo.—The man who lost a hox drum had no worries compared with Mart Oberly, state highway engineer, who "lost" a bridge. Thieves who dismantled the structure were apprehended.

Passengers Are Removed From Liner

MIAMI, Fla., Sept. 5.—The crack Morgan liner Dixie listed desertedly on French Reef today after transfer of all passengers to rescue boats.

Capt. E. W. Sundstrom, master of the ill-fated vessel, remained behind with a skeleton crew for efforts to free the Dixie from the reef.

The radio message from Captain Sundstrom to the Morgan Line offices said:

"All passengers and crew that were to leave off at 8:50, C. S. T." The passengers were transferred in boats to rescue ships that had been gathering near the Dixie.

Meat Strike Pickets Released By Mob

GIRARDVILLE, Pa., Sept. 5.—A mob of 500 men and women today forced Chief Burgess Jones to order the release of two meat strike pickets who had been jailed for disorderly conduct.

"They threatened to lynch me unless I turned them out," he told state police.

Pictures of Old Days in Ranger Needed For Book

The Ranger Chamber of Commerce is seeking old-time pictures of Ranger, particularly a scene of the main street showing the mud and the mud sled which ferried people across from the railway station in the early days of the boom.

The pictures are wanted to use in the book "Were You in Ranger?" which has been written by Boyce House, and which now is in the hands of the printer. Any pictures submitted will be carefully preserved and returned to the owners, it was stated.

SPORTS ODDITIES

SARATOGA SPRINGS—Another Saratoga meeting has ended, and the natives and a number of bookmakers and gaming room proprietors are set for another year.

With racing of a higher order than the Spa has witnessed in some years, and with more western horses present, the meeting just concluded was a typical Saratoga meeting, even down to an outsider winning the historic Travers Stakes.

One of the traditions of the famous watering place is that a long shot will prevail in the Travers. It is the oldest stakes event run for in the United States. It comes in the middle of the summer, when thoroughbreds should be most formful, yet little-liked 3-year-olds capture the event with more or less regularity.

Gold Foam's Tribe Develops Slowly

GOLD FOAM is bred well enough, being by Golden Broom, out of Assembly, by Man o' War.

Gold Foam was bred by Samuel D. Riddle, whose matchless Man o' War took the Travers of 1929.

Riddle also copied the Travers with two sons of Man o' War, the renowned Mars, and War Hero. Naturally, these were unusual about the victories of Man o' War and Mars, but no one had heard of War Hero until the Saratoga meeting of his 3-year-old year. War Hero won the Saratoga Cup and several minor events in that month of 1932 before suffering from a breakdown which removed him from the running strips permanently.

Beacon Hill, a spectacular steeplechaser—good evidence that he was no star on the flat—finished in front in 1929, but the Travers of 1929 took the prize for upsets.

Jim Dandy Slops Home at 100 to 1

THE stage was set for the resumption of the intensive warfare between William Woodward's Gallant Fox, with Earl Sande up, and the Whitney crack, Whicome. In their previous meeting, Gallant Fox had whipped Whicome in a race in which the wily Sande outgeneraled Sonny Workman.

Gallant Fox and Whicome stood tree top high over all other American 3-year-olds, and only one other, Jim Dandy, was hardy enough to go out against them.

It was raining. The track was heavy in mud. Jim Dandy's trainer believed that his colt was good, but his feet were so bad that he could not race on a fast track.

What happened will never be forgotten. Jim Dandy badly repulsed his illustrious rivals to the music of 100 to 1. He chased the gold fever after—and still is—but the Travers was his one day of fame.

BEHIND THE SCENES IN WASHINGTON WITH RODNEY DUTCHER

BY RODNEY DUTCHER

WASHINGTON—You wouldn't like it much if six million little pigs were thrown at you every other day for two years running. Neither does Secretary Wallace, who has had the experience.

Also, the AAA doesn't like to be reminded that one inevitable effect of its price-raising, production-restricting program aided to an embarrassing degree by that famous drought—is to push nobody knows how many low-income citizens over the brink to semi-starvation or the relief rolls.

Wallace and 11 other AAA officials, armed with charts and piles of statistics, faced the five "angry housewives" from Hamtramck, Mich.—where they're having a meat strike—who were armed with a dossier of assorted misinformation plus the very important fact that meat had become more expensive than they could afford.

NEVERTHELESS, Dr. Calvin Hoover, the AAA Consumers' Counsel, was handling the situation as gracefully and sympathetically as any mere man could do until Wallace came in. Hoover's dual job is to represent the consumer to the AAA and to represent the AAA to the consumer, explaining each to each other, and there is no harder, more thankless job or one more likely to get both sides sore at you.

Hoover did his best to talk the language of the saint. He admitted prices had gone much farther than AAA intended, explained reasonably enough why the slaughtering hadn't been a factor in current pork prices, said the meat situation would have been much tougher without AAA drought operations, admitted nobody knew

what packers' profits were because he had no authority to study their books and records, assured them meat would be much more plentiful and cheaper, told them the new AAA policy called for balancing production to normal consumption, sympathized with their plight and promised to try to get Wallace over to meet them.

BUT the Hamtramck girls (they pronounced it "Hamtramcock," which doubtless is the accepted way of saying it in those parts) were armored with a sublime indifference to any explanation or assurance falling short of compliance with their demands—which AAA was quite impotent to meet.

Wallace came in at Hoover's request, stopping off between the Capitol and the White House. His smile froze as he saw correspondents there and he suggested there couldn't be any "frank unburdening of our hearts" unless they left Mrs. Mary Zuk, leader of the contingent, said the press would stay.

Wallace looked rather sour, but stuck. The six million little pigs were thrown at him. Part of the session with Hoover was duplicated.

WALLACE pinned the girls down to admitting they were protesting against packers rather than farmers, said he understood Congressman Dingell was asking an investigation of packer profits and then left without even saying goodby.

The door closed behind him as Mrs. Zuk demanded: "Aren't you going to give us a definite answer?"

Meanwhile salt pork, the only meat a lot of people could ever afford, is selling at 28 cents a pound as against 13 or 14 cents at the beginning of 1934.

the youngest 33. "I was with Barnes' circus for three years, but the life didn't appeal to me, so now I am going to start my teaching career in earnest."

To "sort of tide me over" until she lands her teaching job, Miss Podress is taking the part of a hula dancer in the motion picture, being filmed at the Paramount lot.

Girl Finds Out How Snake Sellers Get More for Their Wares

By United Press

HOLLYWOOD.—It'll take a tough kid to bulldoze Miss Olga Podress, pretty 19-year-old brunette, if she achieves her ambition and becomes a school teacher.

For the young lady, who desires to perform in a schoolroom before an audience of children, now is a professional snake-charmer.

Olga, born in Honolulu and educated at Berkeley, Cal., became interested in snakes during her science studies and, when unable to find employment as a teacher, turned her attention to reptiles.

"I saw an advertisement in Billboards offering snakes for sale and bought three of them," she said. "The oldest is almost a hundred;

the longest length is what you pay for. Then you get home and wonder what has happened to the other four feet, when the snake has returned to normal size."

SISTER MARY'S KITCHEN

BY MARY E. DAGUE

SEA Service Staff Writer

DON'T trust September. The weather is likely to be perfect one day and horrid the next, with markets and appetites veering to match. Hot noons, cool mornings and evenings are fine contrasts, but the housekeeper has plenty to do making her meals keep up with the changes.

It's a nice month some ways, though. People who have been away are coming home and maybe you'd like to give a party. The September hostess is privileged, because she may serve anything she pleases, hot or cold soup, chilled beverage, elaborate vegetable dishes, unusual meat courses, novel salads and handsome desserts put early autumn dinners in a class by themselves.

Coffee always is served at dinner and whether it be iced or hot it must be deliciously flavored. In order to insure good strong iced coffee to the last drop, Miss Charlotte E. Field, chef of the Hotel Lexington and the only woman chef in any big New York hotel, advises using cubes of frozen coffee instead of plain ice cubes in the making of iced coffee.

Veal cutlets with stuffed sweet peppers is a delightful dish for a September dinner. Serve it with a salad of tomato stuffed with a vegetable aspic and finish the meal with a frozen dessert. Serve coffee with the dinner.

Veal Cutlets with Stuffed Peppers

Four veal cutlets, 1 egg, cracker crumbs, 2 large sweet green peppers, 1-2 cup cooked lima beans, 4 tablespoons tiny cooked onions, 1-2 cup corn cut from cob,

Tomorrow's Menu

BREAKFAST: Orange juice, cereal, cream, crisp broiled bacon, nut rolls, milk, coffee. LUNCHEON: Eggplant Italiane, graham Parker House rolls, fruit salad in melon boats, milk, tea.

DINNER: Consomme, relishes, veal cutlet with stuffed peppers, potato in parsley sauce, tomato stuffed with avocados in lime jelly, strawberries Valencia, macaroons, iced coffee.

1-2 cup diced cooked beets, 4 tablespoons Hollandaise sauce or melted butter.

Have the butcher cut veal steak in slices 3-4 inch thick. Trim meat in neat pieces for individual serving. Or "cutlets" can be used. Roll meat in crumbs, dip in egg slightly beaten with 1 tablespoon cold water and roll again in crumbs. Sprinkle with salt and pepper and saute a rich brown on both sides in hot fat in a frying pan. Reduce heat, cover closely and cook slowly for 1 hour. Place on a hot platter and on each cutlet put half a pepper filled with combination of vegetables. Pour the sauce or melted butter over each stuffed pepper and serve at once. The peppers are prepared by cutting in halves lengthwise and removing seeds. Then simmer for eight minutes in boiling water. Drain and fill with vegetable.

Eggplant Italiane is a good dish to serve with a leg of lamb or it makes a splendid main luncheon dish for the family.

JESUIT ORDAINED AT 26

CAMBRIDGE, Mass.—To the Rev. Paul Facey has come the

honor of being the youngest man to be ordained to the priesthood in the Jesuit order. He is 26.

Calls on Women to Back G. O. P.

Women of the nation will be organized to fight the New Deal by an Arizona woman whose main interest since childhood has been politics—Mrs. Robert L. Hoyal, shown above at her desk in Washington. Mrs. Hoyal recently left her home in Douglas to assume her duties as head of the women's division of the Republican national committee and will make an extensive tour before the 1936 campaign.

A Treasure Hunt Uncovered 1,500 Old Coal Oil Cans

By United Press

REDWOOD CITY, Calif.—William Tostman was a funny looking old man who shuffled about the streets of Burlingame always carrying a coal oil can.

That was how he got his nickname, "Coal Oil Billy." Everyone in Burlingame knew him. Everyone thought he was penniless when he died, aged 79. His death excited little notice.

But a few days later, Coroner William Crosby received a letter from Edward Tostman, Billy's brother, said to be a wealthy importer in New York.

Enclosed was a rough map, which, the New Yorker wrote, Billy had sent him several months ago. It was supposed to indicate where Bill had buried \$6,000 on the lot where he lived.

A crew of searchers went to work immediately, spurred on when someone vaguely remembered that Bill had told someone else in 1933 that he had actually withdrawn \$6,000 from a bank here and buried it.

The first thing the searchers discovered in a secret closet of the shack where Bill lived was 14 suits, two of them tuxedos.

Then they uncovered buried tax receipts and deeds to the property. And, strangest of all, by nightfall they had dug up 1,500 coal oil cans.

No one found the \$6,000.

Max Haer to use crouch in his coming battle with Louis. After a couple of rounds, undoubtedly, a couch will be substituted.

Marriage Rate Gains Throughout Canada

By United Press
MONTREAL, Sept. 4.—Newly issued statistics reveal that the increase in the marriage rate in 1934, just issued by the Dominion Bureau of Statistics, reveals a rise in every province there an increase in the marriage rate, the increase was greatest in New Brunswick, where there were 7.1 marriages for every 1,000 of population, as compared with 6 in the previous year.

BANDITS EGG PURSUERS

By United Press
JOPLIN, Mo.—Tips to police: remember the experience of Jasper county officers when pursuing bandits. While chasing a trio that hijacked a produce truck, officials were bothered by a constant stream of egg crates and cream cans that the fleeing group tossed out.

Try a WANT-AD!

The BLUE DOOR By Rachel Mack

BEGIN HERE TODAY
Two young officers, about to be married, go to spend brief moments with their families. ELAINE CHALMERS goes to a hospital home where he sees his old friend, GWEN, and their 2-year-old son, ELAINE. CHALMERS GOES TO HIS modest little home for a visit with his adoring wife, ELAINE, and his baby, JOHN. Each man makes the wish that his child will have "whatever makes her happy."

CHAPTER VII
HARASSED looking person, whose name was Jane Emerson and whose duties were ceremonial, rapped softly on the door of the most imposing suite in the apartment dormitories. "Come!" sounded a voice from within. The invitation came from Madame Leski, the school's dean, who was anxiously awaiting her.

Ruth paused on the verge of sleep to plan how she would slip away in the early morning. "and enough blue-stocking lectures. What America does not have is a women's college like an exclusive country club. Let us double our charges, do away with scholastic entrance requirements, offer a two-year course, and specialize in the languages, the arts, and athletics. I predict that in time a diploma from Graycastle will be more eagerly sought than a presentation at Saint James!"

SHE was right. The new generation of young buds wanted to be educated in a place where one dressed for dinner on an evening and could specialize in fencing, in preference to math. "These are the girls who were there," said Miss Emerson, and she named them. "I saw each face by flashlight."

"Our school's beauties, as it happens," remarked Madame. "It doesn't just happen," Miss Emerson told her. "They are the result of the most strenuous effort. I don't believe it's indifference to their grades! It's a sort of requirement among them that passing marks must satisfy."

"I knew there was evil in this thing!" Madame Leski exclaimed. "A secret society of the most venomous sort!" She put down her cup and began to pace the floor. "Tell me all, Jane!" "Of course I'll tell you all," answered Jane Emerson impatiently. "I wasn't snooping around in the beastly damp woods to amuse myself. And she talked for half an hour while Madame Leski listened."

Down the corridor a door opened softly, then closed. "It's Elaine Chalmers getting home," said Madame unhappily. "I shall be able to prevent her taking that trip to Ohio, of course. She'll be on legitimate leave when she does it." "And God knows what hat she'll do," said Jane Emerson. "I don't see how those boarding school girls were dealing with them. They're grown young women. They're mature enough and ruth less enough to wreck any lives in their path if they choose. Especially Elaine," she added pointedly. "Especially Elaine," echoed Madame, and tried to recall what she

The Newfangles (Mom 'n' Pop) By Cowen

Letters From Our Readers

Editor Ranger Times, Ranger, Texas.
To the Readers of The Times: Those of us who have the direct responsibility of the care of the mentally ill take this method of expressing to you our appreciation of the overwhelming majority of votes you gave last Saturday to the constitutional amendment providing for temporary commitment without trial.
Texas has until very recent years been several generations behind the rest of the world in the care of the mentally ill, and hardly attempted treatment until the past decade. But this magnificent vote for progress and the sane and scientific care and treatment of those who are so unfortunate as to become mentally ill encourages us to believe that the citizenship of our state is now awake to the possibilities for curing this type of disease and anxious for any reform that is scientific or logical.
Being thus encouraged we are going to come to you again at the next regular session of this legislature or perhaps one of the special sessions and ask you to vote for and support another reform along this line and assure you that it will not be some one person's foolish idea, but a step toward progress that has been in use in other parts of this and other countries for many years for which those of us who understand the problem have been working and fighting for a long time.
Strange to say, we asked you to vote for something that would not increase the tax burden, in fact, every time you avoid a lunacy trial you save the county at least \$75, usually more. Next time we will also ask you to vote for something that will not increase your taxes.
Again expressing deep appreciation for your vote last Saturday, I am,
Yours truly,
GILES W. DAY, M. D.,
Superintendent Galveston State Psychopathic Hospital.

FRECKLES and HIS FRIENDS By Blosser

Hitch-Hikers Take To 50 Miles Of Water

By United Press
OTTAWA, Ont.—Canada's first water hitch-hikers have returned home after "bumming" their way across 500 miles of Ontario and Quebec waters.
They are William Stringer, 19, and Charles McBride, 18.
The two adventurous youths left Ottawa in a canoe July 1 without money or food. They paddled to Kingston, swung through to Granonoke on to the Thousand Islands and eventually to Alexandria Bay. From Alexandria Bay they paddled to Brockville, thence to Cardinal, through canals to Montreal, and returned to Ottawa via the Ottawa River.

PEEPING THRU THE KNOTHOLE
(Continued from page 1)
so that should show something. Or, if you are not satisfied with the San Angelo comparison, how are these?

Eastland plays Sweetwater on Sept. 21, Abilene plays them on Sept. 28, Ranger on Nov. 2 and Breckenridge on Nov. 16, so that will give a comparison between Ranger, San Angelo and Breckenridge by Oct. 4 and a comparison between Sweetwater, Breckenridge and Ranger by Nov. 16, with the Buckaroos and Bulldogs meeting on Nov. 28. By that time we can also figure out how Eastland, Abilene and Sweetwater stood in comparison with Breckenridge, but there will be so many comparisons that Olden could win from Tulane, if they played.

SOVIET 'CHUTES THE WORKS

Like vari-colored blossoms floating in the wind, 150 parachutes suddenly flowered against the sky to furnish this unprecedented spectacle for the Soviet Aviation Festival, held in Moscow. Almost simultaneously the jumpers stepped from six large passenger-planes as they flew high over the city. All who went up, came down—safely.

better on wet or muddy tracks, some football teams can do better in the mud. This is usually true of the heavier teams, where there is not much speed, but one can never look at a team and tell what it will do in wet weather.

The Bulldogs have been working out, despite the mud, but the Mavericks were forced to return Wednesday from Buffalo Gap, where their training camp was washed out.

Maybe Coach Johnny Kitchens was afraid some of those 115 pound linemen, about which we hear, might fall into a wet cow-track and drown.

We know one man who insists that when he was playing football he came nearer drowning on the football field than was comfortable. In fact that was the nearest he ever came to drowning.

For nearly three years the Bulldogs did not have to play many games in the mud, much less in the rain, so a little practice in inclement weather won't hurt. The wettest games played by the Bulldogs in the past few years happened to be with the Buckaroos, one in 1931 when the Buckaroos won by a score of 25 to 0 and the other in 1934, when Ranger won 42 to 7.

New Teachers Are Guests at Lions Club Luncheon

The Lions Club had as guests today a group of the new teachers in Ranger High School and Junior College. Those present were W. T. Walton, superintendent of schools; L. S. Riehm, dean of the junior college; J. C. Powell, principal of high school; E. T. Sealey, junior college coach; Hubert Capps, science teacher; B. R. Lamane, music teacher.

Also present was P. O. Hatley, principal of Hodges Oak Park ward school, who has just returned from summer school at the University of Texas.

E. A. Ringold presented as a program today a talk on the public

school fund of Texas. Beginning with the founding of the Spanish mission at Nacogdoches, he took his hearers through the secession from and war with Mexico, the establishment of the republic, and later of statehood, to the present day when the school fund has resources from public domain, oil leases, gasoline and other taxes on

FLUSH OUT 15 MILES OF KIDNEY TUBES

Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy. If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes may need flushing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes and dizziness.

If kidneys don't empty 3 pints a day and so get rid of more than 2 pounds of waste, poisonous matter may develop, causing serious trouble. Don't wait. Ask your druggist for DOAN'S PILLS, which have been used successfully by millions of people for over 40 years. They give happy relief and will help to flush out the 15 MILES of kidney tubes. Get DOAN'S PILLS at your druggist.
