Tribute Is Paid To Robt. E. Lee at Shrine Dedication

By United Press
STRATFORD, Va., Oct. 12.—
Tribute to the courage of Robert
E. Lee was paid today at the de-
dication of his birthplace as a na-
tional shrine.
"Surely as we face the future
it is good to be here. To climb
to this high place where shines so
clear a light of conscience and
duty where breathes so gracious a
spirit, where still resound the
voices of wise council and bold
decision, where the memory and
courage and service can never
die," said Douglas Freeman, Rich-
mond editor, in addressing the de-
dication audience. The property on
the Patomac was restored on don-
ation of \$500,000 by persons in
several states.

National Week to Observe Progress Of Aviation Is Set

Recognizing that the social and
economic progress of the nation is
dependent to a large degree upon
the development of transportation
and communication facilities, Pres-
ident Roosevelt has by proclama-
tion designated the week beginning
Monday as Air Navigation Week.
The President in his proclama-
tion, text of which has been re-
ceived here, urged state and mu-
nicipal officials, civic and com-
mercial organizations, school auth-
orities and the press to call attention
to the aerial transportation
achievements already accomplish-

Fascists and Antis Clash On Columbus Day In New York

By United Press
NEW YORK, Oct. 12.—Fascist
sympathizers and anti-Fascists
numbering 400 on each side, class-
ed in Columbus Circle today dur-
ing the Columbus Day celebration.
The fighting began when the
anti-Fascists, who had massed to
blockade a pro-Mussolini march
toward Central Park to hear ad-
dresses by Governor Lehman and
Mayor LaGuardia, began shouting
"down with Mussolini."
The Fascists reported with the
Fascist salute and shouts of "hur-
rah for Mussolini" the anti-Fas-
cists were driven back to the park.
None was seriously injured.

PLUCKY, FIGHTING MAVERICKS GO DOWN IN DEFEAT BUT EARN HIGH PRAISE FROM SPECTATORS

A plucky, fighting Eastland
Mavericks team, outwitted and
outscored, but never outdone in
gameplay, went down in defeat
before the powerful Breckenridge
Buckaroos at Welsh Field Friday
afternoon by a score of 38 to 0.
Although they were battered,
bruised and manhandled from
start to finish by the larger and
tougher delegation from the Dy-
namo City, Eastland's gamecock
bantams fought to a finish, reserve
after reserve being thrown into
the slaughter as one after another
was battered down and knocked
out by the Buckaroos.
Toward the last of the game it
looked as though the Mavericks
would not have enough boys to
throw against the battering, ram-
ming roughing Buckaroos, as
some of the smaller substitutes
lasted but a few plays before
being dragged to the sidelines so
that more victims could go into
the game.
But the gameness of the Mav-
ericks can never be forgotten, and
the 1935 team, though badly beat-
en, will be an inspiration, an in-
centive to future teams, who can
point with pride to a group of mid-
westers, compared to other Oil Belt
teams, who went down as gamely
as that sturdy little group of

the Ranger site was selected.
The letter from Congressman

ference committee unless the

Question Loans For Municipal Gas Systems By PWA

By United Press
HOUSTON, Oct. 12.—The fed-
eral government's power to grant
loans for municipal gas systems,
paralleling private systems, will
be challenged in a federal court
here Tuesday.
The city of Taft in San Patricio
county and Julian Montgomery,
state engineer and director of the
PWA in Texas were named in an
injunction applied for.
Federal Judge T. M. Kennerly
ordered the defendant to appear
in court to show cause why the
injunction should not be granted.
It was claimed Taft had had a
gas system since 1928, and the
city was recently allocated \$75,
000 loan and a \$61,363 grant by
the PWA for water and gas sys-
tems.

BULLDOGS IN FOURTH DEFEAT OF SEASON WHEN SWAMPED BY 51 TO 0 SCORE BY CLEBURNE

Ranger's Bulldogs played anoth-
er ball game Saturday and again
came out with the little end of the
score, the little end being one big
zero and the big end being 51
points, which were chalked up by
the Cleburne Yellow Jackets.
The Bulldogs were completely
swamped by the straight football
of the Yellow Jackets, who scored
almost at will and who kept the
hapless Bulldogs from coming any-
where near making a scoring
threat. The nearest Ranger came
to scoring was when Bill Payton's
45-yard pass was incomplete over
the goal line where Walsh was
waiting to receive it, but it was
batted down by the Cleburne safe-
ty.
Cleburne started her scoring pa-
rade in the first quarter when
they took the ball on their own 22
yard line and marched through to
a touchdown without much resist-
ance. McLaurin went over and for
the score and Weathered kicked
the goal.
The second score was not made
until near the end of the second
quarter when a 45-yard march by
Burton and Weathered put the
ball on the four yard line and
Weathered carried it over for the
score and the try for the extra
point was wild.

Polling Places For Corn-Hog Vote On October 26 Announced By Agent

Six polling places where East-
land County farmers can cast
their votes in the nation-wide
corn-hog referendum on Saturday
October 26, have been set up in
the county, were announced by
C. Metz Heald, county agricul-
tural agent, Saturday.
One question will be on the bal-
lot: Are you in favor of a corn-
hog adjustment program to fol-
low the 1935 program which ex-
cludes operators and owners, or their
official representatives, of farms
which produced corn or hogs in
1935 may vote whether they sign
a 1934 or 1935 corn-hog con-
tract or not. Each eligible person
is entitled to one vote.
The schedule of the polling places,
which will be open from 8:00
a. m. to 10:00 p. m., together with
the corn-hog committees who
will be in charge, is as follows:
Chamber of Commerce, Ranger;
Dick Weeks,
Chamber of Commerce, Cisco;
Roy O'Brien,
Higginbotham's Store, Rising Star,
Willie Cooper,
Carbon Trading Co., Carbon; Ned
Morris,
County Agent's Office, East-
land; Ray Norris,
Higginbotham's Store, Gorman;
Wayne White.
County results of the referen-
dum will be wired to state head-
quarters at College Station by
Monday noon, and the state re-
sults will be sent to Washington
by Tuesday.
Officials of the Agricultural
Adjustment Administration point
out that unless a sufficient num-
ber of farmers vote favorably,
there will be no program. The ad-
ministration must be assured that
a sufficient number of farmers
will participate to make a pro-
gram operative and successful.

Automobile Drivers License Bill May Be New Solon's Topic

By United Press
DALLAS, Oct. 12.—An auto-
mobile drivers license bill will be
submitted to the next special ses-
sion, which will be convened after
the present called session ends,
Tuesday, Gov. Alford said here to-
day.
"The appalling death toll from
car accidents makes new laws im-
perative. The situation has caused
a change in sentiment among leg-
islators, who, at the regular ses-
sion, refused to pass a drivers li-
cense law," he said.
He said he hesitated to submit
controversial matters, other than
those in the constitutional amend-
ments but he considered the li-
cense bill too important to wait.
In the regular session the law
failed to pass by only two votes.
It was mostly rural legislators
who opposed the bill, Alford said.

CONFLICT IS CERTAIN ON WAR FRONTS

By United Press
Military and diplomatic con-
flicts rising out of the Italian-
Ethiopian war today neared a cri-

Information came from Rome
that Italy, following the example
of Japan in Manchuria, is planning
to set up a puppet state in at least
a part of Ethiopia, possibly under
the emporship of the Ethiopian
government of Tigre province,
which is deserted to the Italian

ducted a bombardment of Ethiop-

At Geneva Anthony Eden pro-

It Is War, Not Italy, That Should Horrify

Perhaps the best thing the people of the United States could do in connection with the Ethiopian war would be to make a firm resolve not to let the tragic affair get a hold on their emotions.

It is starting off, like all wars, with an emotion-stirring episode calculated to make the folk on the sidelines roar.

Italian bombing planes circle over a town full of non-combatants. The air is filled with that most terrifying of all noises, the rising whine of airplane engines. Down come the bombs; maybe a Red Cross hospital is bombed and maybe it isn't, but it seems certain that among the numerous dead, down in the splinters and broken rubble of the ruined houses, are a large number of women and children.

A thing like this is unspeakably horrible; horrible enough to make a man want to denounce civilization and all its works. But there is no sense in letting it cause us to direct our indignation against the Italian airmen, or even against the high command that ordered the bombing raid.

For this affair, this bombing of Aduwa, was not a piece of Italian heartlessness. It was simply, unmistakably, a piece of war. That is what war is. We might as well rid ourselves of the delusion that war has anything in common with college football.

It might help us, in gaining this understanding, to remember some of the things that our own soldiers have done under similar circumstances.

When we drove the Indians off of our western plains—a bit of imperialism, incidentally, almost exactly like that of the Italians in Ethiopia—we had no airplanes to drop bombs, but we had pretty fair substitutes.

Over and over again, our gallant soldiers surrounded Indian villages by dark and opened a bombardment with small arms and artillery at dawn, shooting down women and children in cold blood. With that on our record, it hardly becomes us to hold our hands too high in horror over the bombing of Aduwa.

The thing is horrifying, to be sure; but it is war itself that should be the object of our horror. War, after all, is just what General Sherman said it was. It is a shocking denial of all that civilization stands for.

To expect a nation to make war without committing crimes against humanity is as foolish as to expect a jungle tiger to support himself without killing anything.

There will be many repetitions of this Aduwa tragedy before this war is over. Let us understand them for what they are—not evidences of Italian wickedness, but bloody illustrations of the essential and inescapable hideousness of war.

Dictated Journalism

An American choral society gave a concert in Moscow recently. In their advance announcements of the event the Moscow newspapers declared that among the singers were Lawrence Tibbett, Richard Crooks, Richard Bonelli and several other famous artists, none of whom was within three thousand miles of the place.

This, naturally, made both visiting Americans and Muscovite patrons very sore; and the Soviet state trust responsible for publicity in the newspapers felt called on to rebuke the editors, declaring that they obviously did not possess "even rudimentary knowledge in their field" and blaming the mistake on their "abysmal ignorance."

The criticism, of course, was perfectly proper. But such mistakes are what you let yourself in for when you chain your newspapers to a rigid party dogma and make them the tools of a dictatorship. The newspaperman's competence becomes less important than his doctrinal soundness, in such cases—and while the newspapers may become excellent sources of propaganda, they cease to be reliable as mediums of plain everyday news.

St. Louis man orders coffee, passes away before he gets it. He should have put in his order earlier in life.

A non-partisan Indiana millionaire claims to have voted for candidates of both parties in the past. It's a good idea; but everyone can't get away with it.

SECOND TEST ON DELAFOSSE SLATED

BRECKENRIDGE—About the first of next month it is expected that work will start on sinking the second test on the George DeLafosse ranch for pay from the deeper horizon found to exist in an earlier test.

Paul Pitzer said the deal with the Humble Oil company is expected to be consummated by that time, and that location for the well will be 1,800 feet north of the first well, which promised good production, but was ruined by a premature explosion.

Pitzer & West have over 5,000 acres blocked off there and are selling the Humble half interest. The first test encountered pay at around 4,300 feet and created no little interest here because it gave promise of pay in Stephens county from the Ellenburger lime, and promise that larger operations will follow in the search for the ordivician in other parts of the county.

It is known that major companies are interested in exploration for the deeper pay believed to be in Stephens county, in view of that test and producing wells in neighboring counties, evidence of which is found in the Humble taking an interest in the Pitzer & West deal.

The acres lie in Shackelford county, just across the Stephens county line. The first hole at one time gave promise of producing 300 barrels daily.

BEHIND THE SCENES IN WASHINGTON WITH RODNEY DUTCHER

WASHINGTON — Washington, perhaps as never before, feels itself on the inside looking out.

Which is one way of saying that there's very little news here and that all those who aren't off on trips are squatted behind telescopes, peering in every outward direction toward events which interest Washington intensely, but whose scenes are remote.

War is on in Africa and official eyes are strained at the league and a dozen nations, not forgetting Germany and Japan. The world series is so far off that few local boys and girls are attending it, though many seem excited.

PIONEER AND OLDEN FIGHT 0 TO 0 GAME

Battling four quarters to a scoreless draw, Pioneer and Olden played a Class B conference game at Pioneer Friday afternoon.

Both teams played what fans considered their best brand of ball for the season. Though no check was kept on first downs, it was believed tally of both was even.

Outweighing Olden 11 pounds to the man, Pioneer outplayed their opponents who put up a near equal fight, though neither scored.

Pioneer penetrated Olden's 20 yard line twice, going to the 16 and 18 yard stripes.

Closest Olden was able to drive into Pioneer's territory was to their opponent's 32 yard stripe.

Outstanding in the game included Howell, Magill, Anderson, Curry, Jarrett and Butler.

Olden's next game is with Woodson in Olden on Saturday, Oct. 26.

Fresh Air Sold to Junk Dealer Basis Of a Queer Suit

By United Press
STANISLAWOW, Poland.—A Jewish dealer here has brought a case of breach of contract against a man who sold him fresh air.

The dealer, Noe Dauer, called upon a man named Nimbor and asked if he had any old clothes or junk to sell. Nimbor jokingly offered the dealer some fresh air for sale, and was astounded when Dauer promptly accepted and paid over 20 zloty (about \$3) on condition that the air be always fresh and pure.

When Nimbor got up the next morning and opened his window the Jew, who was standing outside, shouted that he had no right to take the air he had already sold. Then Dauer offered to lease "his" air to Nimbor at 8 pence an hour, and when the latter refused to shut his window the Jew took legal action.

Accusing Nimbor of breach of action, Noe Dauer is claiming a penalty of 200 zloty.

touchdown and then kicking goal. The Cleburne line played well throughout the game, as did every one on the Cleburne team, while Jacoby, Walsh, Bray and Sharp played the best defensive game for Ranger, Bray and Sharp getting most of the tackles in the line and Jacoby and Walsh stopping the plays that got by the line and failed to reach the goal line. Adkins did well on defense, too, making several good tackles, as did Hartin.

On the offense no one on the Ranger team stood out, though Adkins probably did the best job of ball carrying, though Walsh having the most opportunities.

Cleburne made 17 first downs to six for Ranger, which brings Ranger's total of first downs in four games up to 17.

The starting lineup: Cleburne, McLarin and Buckends; Baker and White, tackles; Griffin and Kinser, guards; Staley center; Davis, quarter; Burton and N. Smith, halves and Weatherred, full.

Ranger: Burnett and Payton, ends; Bray and Sharp, tackles; Mace and Donohwa, guards; Bunton, center; Walsh, quarter; Adkins and Hartin, halves, and Jacoby, full.

Plucky Fighting—

(Continued from page 1)
larger, heavier, older Buckaroo players as they did.

The statistics of the game showed that Breckenridge won. The Mavericks, by their display on the field won honors almost as great, and surely honors more deserved.

The Buckaroos got off to an early start on their scoring spree by setting breaks. Breaks that, perhaps, were made by the Buckaroos because of their superior physical attainments. A Buckaroo punt got away and bounded out of bounds on the Eastland one-yard line after the Mavericks had gamely held their powerful foe.

The kickoff carried to the Eastland 25, from where Breckenridge's green clad huskies started their first drive to the goal line, Thompson, Rector and Magness driving by sheer weight and power to the five-yard line where Magness carried the ball over. Sternberg failed to kick goal.

Breckenridge kicked off, the ball going over the goal line and after three plays the Mavericks kicked out to the Breckenridge 43-yard line, the ball being carried back to the Eastland 44. Three first downs in a row put the ball on the Eastland nine yard line and Rector plowed over tackle for the counter. Sternberg again failed to kick the extra point.

The Mavericks got their first break in the second quarter when a pass from deep in their own territory was intercepted by Morris and carried over, but both sides were off-side and the play did not count.

Eastland kicked off to Breckenridge at the half and the Mavericks made their gameness count by holding the Green-shirts on their 31. On the kick Key ran into O'Rear, 195-pound tackle for the Buckaroos, and was knocked out. He remained in the game however and Morris again intercepted a pass for a touchdown. Sternberg again failed to convert for the extra point.

An intercepted pass paved the way for the fourth Buckaroo touchdown, after which Rector made 30 yards on two plays to put the ball on the Eastland 12-yard line, where two bucks by Magness and a pass, Magness to Sternberg, carried over for the score. Sternberg's kick was good and the score was 25 to 0.

The Buckaroos made at 31 to 0 soon after when an Eastland punt went out of bounds on the Eastland 25 and the same combination, Magness, Rector and Thompson, carried the ball back to the three

yard line from which point Rector went through tackle for the score. Still trying desperately to see the Mavericks continued their attack, with Key and Taylor warding off Buckaroos, an unbelievable time before, but one of the tosses snatched up by Cook, a substitute half, who raced 40 yards over goal line. Magness passed to Sternberg at the extra point and the game ended shortly after the next kick off.

Outstanding men for Eastland would be hard to pick. All were doing their utmost at all times and the showing they made against the beefy Buckaroo line was a marvel to everyone. The end line was charging, even when half out, so that they constantly harassed the Buckaroos, but were unable to stop them. On the defensive the Mavericks were as determined, but the against which they were playing were too great to be overcome. They were held to three fumbles, while the Buckaroos accounted for 17.

Starting lineup: Breckenridge: Martin, c; Rector, rg; Morris, c; Rector, rg; O'Rear, rt; Sternberg, qb; Magness, lg; Thompson, f; Rector, qb; Henderson, rb.

Eastland: T. Taylor, lg; Mitchell, lt; Dolberry, lg; R. Taylor, Trantham, rt; Garrison, f; Geom, rg; Key, qb; H. Taylor, Hill, rb; Sikes, lb.

Letters From Our Readers

To the People of Eastland County.

I have been intending to write my constituents but have been so busy dealing with the three most important subjects that I have not had time to write.

The three subjects I refer to are liquor, county officials salaries and the old age pension.

We have been on the liquor bill for nearly 18 days, and we finally agreed on one and that is to legalize liquor to be sold in package only. I voted for such bill in order to reach a compromise between the radicals on both sides, wet and dry. Under the new proposed law, any person will have the right to purchase liquor in wet counties in unbroken packages but he cannot consume said liquor on the premises where sold. I think this is the best solution that we could reach for the simple reason that the wet representatives who represent Southwest Counties want liquor sold by the drink on the premises, and the representatives from East and West Texas want it sold only in package. However, this bill is now before the Senate, and I do not know what the free conference committee will agree upon.

Now as to the old age pension, this bill will come before the House one day this week, and I do not know what the result will be because the House is divided among itself. Some of the members want to pay every person over 65 years of age and some of them want to pay only the poor and needy, so I am not in a position to inform the readers as to the outcome. Of course, it will require lots of money and the Legislature must raise the revenue with which to pay this old age pension. However, the members of the Third House, known as the lobbyists, are already here working day and night to defeat any new tax proposals in order to save themselves from paying any extra tax by which to pay the old age pension. I have been informed that there are lobbyists representing special interests serving hot tamales and beer and other good beverages, T-bone steaks, etc., to their friends in the Legislature of this state. However, so far as I am concerned I was more than willing to work day and night to comply with the Governor's request and get through with these bills and go home.

Now as to the County Salaries Bill, the county officers from all over Texas are pretty well represented, and they naturally want all the money they can get. They are playing on the sympathy of the Legislature saying that they do not make enough to get along on. Many of the County officials from big counties are receiving more salary than the Governor of this State and are still asking for more. For this reason the Legislature of this State should be careful not to agree to raise their salary because we have to consider the tax payers ability to pay. There has been a good deal of pressure brought by the Chamber of Commerce asking the Legislature to levy a sales tax of 3 percent and I am not in favor of such a tax because it will not be right to levy any tax upon the necessities of life, and after all it will be a slave tax instead of a sales tax. If there is anything I can do for any of my constituents at any time, I want you to feel free to write me.

With best wishes, I am, sincerely yours, CECIL A. LOTIEF, Rep. 107th district.

Blanton Denies

(Continued from page 1) constructed this year in each congressional district, and since Eastland is the county seat and its increased receipts warranted it, you will remember that it was selected over Ranger for construction this year, delaying Ranger until next year.

Unfriendly critics have circulated a false report in Ranger that Mr. George A. McManus, who owns the building in which the Ranger post office is now situated, has influenced the selection of Eastland over Ranger for first construction.

Of course, you and I know full well that such report is false, and that McManus had nothing whatever to do with it, and that he has no influence whatsoever in the matter. If I remember correctly, it has been about three years since Mr. McManus wrote to your department about his building.

But in order to stop this false and malicious rumor, I would like for you to advise me whether Mr. McManus has in any way influenced your department in the above selection, and just how long has it been since Mr. McManus wrote your department about his building in Ranger.

Very truly yours, THOMAS L. BLANTON.

Hon. Thomas L. Blanton, House of Representatives, Washington, D. C. My Dear Mr. Blanton: I have your letter of the 3rd of Eastland, Texas, in the Emergency Construction building program.

Eastland was preferred over Ranger in the building program.

CHICAGO—(WIRE) ARE YOU THE LAST ONE OF LON WARREN'S WOULD BE IN THERE.

Came the chatter of the pepperboxes, Bill Jurgen, Stan Hack, and Billy Herman to praise the pitching of the Pride of Mt. Ida, Ark.

But did the gangling guy of the Cubs change that spin-like expression? Not a whit he did. He just went on chawing the second largest portion of scrap that's chawed on the Cub roster—Charlie Root munches the biggest—and kept bearing down.

'Tis a strange quirk of the fickle Fates, that made Lonnie the hero of that game. In 1932, pitching against the Yankees, the farm boy lost some of the honors he won as the National wheel's leading shucker when he dropped his only complete contest against the attack of Ruth, Gehrig and company.

In the 1935 series he stepped on the bill with a quiet, undemonstrative resolve to win. And how he won! He was almost a complete team in himself, pitching nearly flawless ball, and fielding in such a manner that he chalked up eight assists and one putout in the aftermath.

What manner of man is this fellow?

He's a typical hill-billy who has adopted modern civilization simply because one of its most popular sports offers him an easy way to make a pretty fair living.

The president, Mrs. Charles Lee, called the meeting to order and after the short business session called on Mrs. H. H. Nance, study superintendent, to take charge. She passed small program cards to the members and two visitors. The program was carried out as follows: How do we get our study books and sketch of the author, by Mrs. Bedford; "Presenting Latin-America," Mrs. Nance gave this number. The Story of Coffee, illustrated by large picture cards, was given by Mrs. Acera. "Beauty Spots of Latin-America" was given by Mrs. Nance with Mrs. I. N. Mr. and Mrs. Griffin grew up in Desdemona and were popular pupils of our high school. Their many friends will be sorry to learn of this sudden death, but will extend sincere sympathy to the sorrowing relatives.

The clubhouse of the "21" Study Club was quite attractive with bouquets of crepe myrtle, lantanas and roses and with pretty linens on tables and piano, for the meeting on Sept. 24. The decorations were the work of the leader, Mrs. Mattie Henry, who as president called the meeting to order and presided. Roll call responses were names of Texas rivers and a fact about each one. Principal in "British Agent"

Bette Davis and George Brent in a scene from "British Agent" Agent which comes to the Arcadia next Monday and Tuesday.

Drama of U. S. War On Racket Chiefs Coming to Arcadia

Another phase of the U. S. Government's efforts to rid the nation of its arch criminals, is shown for the first time on the screen in the Cosmopolitan production, "Special Agent," a Warner Bros. picture which comes to the Arcadia Theatre on Monday and Tuesday with Bette Davis and George Brent in the featured roles. "Special Agent" is a powerful drama with a glowing romance, based on the daring exploits and thrilling adventures of the undercover men of the Treasury Department.

These sleuths relentlessly follow the trail of gamblers, extortionists and racketeers of every sort, until they get their men and land them behind the bars of federal prisons for violation of the income tax. In "Special Agent" the inner workings of these operatives are revealed.

Bette Davis has the role of personal secretary to the ruthless head of a powerful band of racketeers. She gets her job without realizing what it is, but after learning the secrets of the gang, she cannot step out, because she will immediately be put on the spot.

She is in love with George Brent, a reporter, who is determined to bring the criminals to justice and at the same time save Bette from assassination.

Both Brent and Bette go through some harrowing experiences in their battle with the gang before they land the crooks in the government net in a most surprising and smashing climax.

Ricardo Cortez is the shrewd, polished dictator of the powerful band of crooks, a ruthless killer, against whom it seems impossible to get evidence until the daring young reporter uncovers it.

Others who play the parts of important members of the band include Robert Strange as head of a gambling palace, Jack LaRue, his assistant, J. Carroll Naish and Joseph Sauer. Henry O'Neill is the district attorney in the case; Joseph Crehan, chief of police; Robert Barrat, head of the internal revenue department and Paul Guilfoyle, a crooked secretary of the district attorney.

William Keighley directed the production from the screen play by Laird Doyle and Abem Finkel, based on the story idea of Martin Mooney.

Buffet Supper for Entertaining in Fall is Ideal
The hostess for whom entertaining was out of the question during the hot summer months eagerly awaits the cooler fall weather as a chance to invite friends for an evening of enjoyment without herself becoming exhausted in the preparation. For fall entertaining, especially if there is a large number of guests invited, a buffet lunch or supper is nice for both guest and hostess, since each guest helps himself, thus eliminating all need for service.

Inez S. Wilson, home economist, points out that the buffet supper is frequently served on the dining room table rather than from the buffet as was the original of its kind. The food and necessary silver are arranged so that each guest as he walks around the table may help himself. If the beverage is served at the table, it is the last item to be passed. Very often, however, small tables are set in the living room, and after the guests are seated the beverage is served to them. This is a compromise in types of service for the convenience of guests.

The food for a buffet supper must, of course, be easily served and, of course, it must look attractive. Miss Wilson suggests a ham mixture on top. Bake in a moderate oven (350 degrees F.) until done, about one and a half hours. Unmold onto a large tray and decorate with pineapple slices and maraschino cherries.

cold, an advantage which every hostess recognizes.

- 1 1/2 cups milk
- Pineapple slices
- Have pork and ham ground together. Combine with the bread crumbs and seasonings. Moisten with beaten egg and milk. Arrange pineapple slices in the bottom of a loaf pan and pack ham mixture on top. Bake in a moderate oven (350 degrees F.) until done, about one and a half hours. Unmold onto a large tray and decorate with pineapple slices and maraschino cherries.

It Is War, Not Italy, That Should Horrify

Perhaps the best thing the people of the United States could do in connection with the Ethiopian war would be to make a firm resolve not to let the tragic affair get a hold on their emotions.

It is starting off, like all wars, with an emotion-stirring episode calculated to make the folk on the sidelines roar.

Italian bombing planes circle over a town full of non-combatants. The air is filled with that most terrifying of all noises, the rising whine of airplane engines. Down come the bombs; maybe a Red Cross hospital is bombed and maybe it isn't, but it seems certain that among the numerous dead, down in the splinters and broken rubble of the ruined houses, are a large number of women and children.

A thing like this is unspeakably horrible; horrible enough to make a man want to denounce civilization and all its works. But there is no sense in letting it cause us to direct our indignation against the Italian airmen, or even against the high command that ordered the bombing raid.

For this affair, this bombing of Aduwa, was not a piece of Italian heartlessness. It was simply, unmistakably, a piece of war. That is what war is. We might as well rid ourselves of the delusion that war has anything in common with college football.

It really help us, in gaining this understanding, to remember some of the things that our own soldiers have done under similar circumstances.

When we drove the Indians off of our western plains—a bit of imperialism, incidentally, almost exactly like that of the Italians in Ethiopia—we had no airplanes to drop bombs, but we had pretty fair substitutes.

Over and over again, our gallant soldiers surrounded Indian villages by dark and opened a bombardment with small arms and artillery at dawn, shooting down women and children in cold blood. With that on our record, it hardly becomes us to hold our hands too high in horror over the bombing of Aduwa.

The thing is horrifying, to be sure; but it is war itself that should be the object of our horror. War, after all, is just what General Sherman said it was. It is a shocking denial of all that civilization stands for.

To expect a nation to make war without committing crimes against humanity is as foolish as to expect a jungle tiger to support himself without killing anything.

There will be many repetitions of this Aduwa tragedy before this war is over. Let us understand them for what they are—not evidences of Italian wickedness, but bloody illustrations of the essential and inescapable hideousness of war.

Dictated Journalism

An American choral society gave a concert in Moscow recently. In their advance announcements of the event the Moscow newspapers declared that among the singers were Lawrence Tibbett, Richard Crooks, Richard Bonelli and several other famous artists, none of whom was within three thousand miles of the place.

This, naturally, made both visiting Americans and Muscovite patrons very sore; and the Soviet state trust responsible for publicity in the newspapers felt called on to rebuke the editors, declaring that they obviously did not possess "even rudimentary knowledge in their field" and blaming the mistake on their "abysmal ignorance."

The criticism, of course, was perfectly proper. But such mistakes are what you let yourself in for when you chain your newspapers to a rigid party dogma and make them the tools of a dictatorship. The newspaperman's competence becomes less important than his doctrinal soundness, in such cases—and while the newspapers may become excellent sources of propaganda, they cease to be reliable as mediums of plain everyday news.

Honor politician for his part in bringing gas to Detroit. Next thing, they'll be banqueting a crooner.

St. Louis man orders coffee, passes away before he gets it. He should have put in his order earlier in life.

A non-partisan Indiana millionaire claims to have voted for candidates of both parties in the past. It's a good idea; but everyone can't get away with it.

A New York classified ad calls for an actor who can drive a truck. That's one way to get rid of the second-hand vegetables.

It may not be long before a person will need a writ from the supreme court before he can take something for his constitution.

The people are becoming "finger-print-conscious," says New York police executive. Especially women with children and new wallpaper.

"Italy Facing Loss of Crude Oil Supply." Isn't Mussolini well?

"Soviet will offer baths to Eskimos." That's true charity; giving to another what they themselves need.

SECOND TEST ON DELAFOSSE SLATED

BRECKENRIDGE—About the first of next month it is expected that work will start on sinking the second test on the George DeLafosse ranch for pay from the deeper horizon found to exist in an earlier test.

Paul Pitzer said the deal with the Humble Oil company is expected to be consummated by that time, and that location for the well will be 1,800 feet north of the first well, which promised good production, but was rained by a premature explosion.

Pitzer & West have over 5,000 acres blocked off there and are selling the Humble half interest. The first test encountered pay at around 4,300 feet and created no little interest here because it gave promise of pay in Stephens county from the Ellenburger lime, and promise that larger operations will follow in the search for the ordi-vian in other parts of the county.

It is known that major companies are interested in exploration for the deeper pay believed to be in Stephens county, in view of that test and producing wells in neighboring counties, evidence of which is found in the Humble taking an interest in the Pitzer & West deal.

The acres lie in Shackelford county, just across the Stephens county line. The first hole at one time gave promise of producing 300 barrels daily.

SECOND CALLAHAN TEST STRIKES PRODUCTION

ABILENE—Second Callahan county test to strike production at the horizon from which the Dick Barclay No. 1 Woods is producing in the R. F. St. John No. 1 Hub Kniffin, a 660-foot east offset to the Barclay test, two miles north of Clyde.

The well, located in the north-west corner of section 72, BBR&C survey, flowed by heads after drill-

BEHIND THE SCENES IN WASHINGTON WITH RODNEY DUTCHER

BY RODNEY DUTCHER
NEA Service Staff Correspondent
WASHINGTON—Washington, perhaps as never before, feels itself on the inside looking out. Which is one way of saying that there's very little news here and that all those who aren't off on trips are squatted behind telescopes, peering in every outward direction toward events which interest Washington intensely but whose scenes are remote.

War is on in Africa and official eyes are strained at the league and a dozen nations, not forgetting Germany and Japan. The world series is so far off that few local boys and girls are attending it, though many seem excited.

Roosevelt has been off at the other end of the country, his speeches and their reception followed breathlessly by his home town. Local necks are craned at Kansas since Hearst declared for the Republican presidential candidacy of Gov. Alf Landon.

OVER in Baltimore a conservative federal judge is considering the validity of the holding company act. The American Legion just met at St. Louis and now the A F of L meets at Atlantic City.

The RFC and ICC were all of a twitter while the Van Swingers were buying back a chance of control over their railroad empire in a New York auction room. Others are wondering what on earth General Johnson far out west will be saying next.

Strike threats, local reactions to WPA projects and PWA's eclipse, feeling in the big potato states, resettlement schemes—these and other things keep Washington's mind on matters outside.

It was a cockeyed cross-section. But everyone was having a swell time.

PIONEER AND OLDEN FIGHT 0 TO 0 GAME

Battling four quarters to a scoreless draw, Pioneer and Olden played a Class B conference game at Pioneer Friday afternoon.

Both teams played what fans considered their best brand of ball for the season. Though no check was kept on first downs, it was believed tally of both was even.

Outweighing Olden 11 pounds to the man, Pioneer outplayed their opponents who put up a near equal fight, though neither scored.

Pioneer penetrated Olden's 20 yard line twice, going to the 16 and 18 yard stripes.

Closest Olden was able to drive into Pioneer's territory was to their opponent's 32 yard stripe.

Outstanding in the game included Howell, Magill, Anderson, Curry, Jarrett and Butler.

Olden's next game is with Woodson in Olden on Saturday, Oct. 26.

Fresh Air Sold to Jurk Dealer Basis Of a Queer Suit

By United Press
STANISLAWOW, Poland.—A Jewish dealer here has brought a case of breach of contract against a man who sold him fresh air.

The dealer, Noe Dauer, called upon a man named Nimbor and asked if he had any old clothes or junk to sell. Nimbor jokingly offered the dealer some fresh air for sale, and was astounded when Dauer promptly accepted and paid over 20 sloty (about \$3) on condition that the air be always fresh and pure.

When Nimbor got up the next morning and opened his window the Jew, who was standing outside, shouted that he had no right to take the air he had already sold. Then Dauer offered to lease "his" air to Nimbor at 8 pence an hour, and when the latter refused to shut his window the Jew took legal action.

Accusing Nimbor of breach of action, Noe Dauer is claiming a penalty of 200 sloty.

touchdown and then kicking goal. The Cleburne line played well throughout the game, as did every one on the Cleburne team, while Jacoby, Walsh, Bray and Sharp played the best defensive game for Ranger, Bray and Sharp getting most of the tackles in the line and Jacoby and Walsh stopping the plays that got by the line and failed to reach the goal line. Adkins did well on defense, too, making several good tackles, as did Hartin.

On the offense no one on the Ranger team stood out, though Adkins probably did the best job of ball carrying, though Walsh having the most opportunities.

Cleburne made 17 first downs to six for Ranger, which brings Ranger's total of first downs in four games up to 17.

The starting lineups: Cleburne, McLarin and Buck-ends; Baker and White, tackles; Griffin and Kinsler, guards; Staley center; Davis, quarter; Burton and N. Smith, halves and Weathered, full.

Ranger: Burnett and Payton, ends; Bray and Sharp, tackles; Mace and Donoho, guards; Bunt-ton, center; Walsh, quarter; Adkins and Hartin, halves, and Jacoby, full.

larger, heavier, older Buckaroo players as they did.

The statistics of the game showed that Breckenridge won. The Mavericks, by their display on the field won honors almost as great, and surely honors more deserved.

The Buckaroos got off to an early start on their scoring spree by getting breaks. Breaks that, perhaps, were made by the Buckaroos because of their superior physical attainments. A Buckaroo punt got away and bounded out of bounds on the Eastland one-yard line after the Mavericks had gamely held their powerful foes.

The kickback carried to the Eastland 25, from where Breckenridge's green clad huskies started their first drive to the goal line. Thompson, Rector and Magness driving by sheer weight and power to the five-yard line where Magness carried the ball over. Sternberg failed to kick goal.

Breckenridge kicked off, the ball going over the goal line and after three plays the Mavericks kicked out to the Breckenridge 43-yard line, the ball being carried back to the Eastland 44. Three first downs in a row put the ball on the Eastland nine yard line and Rector plowed over tackle for the counter. Sternberg again failed to kick the extra point.

The Mavericks got their first break in the second quarter when a pass from deep in their own territory was intercepted by Morris and carried over, but both sides were offside and the play did not count.

Eastland kicked off to Breckenridge at the half and the Mavericks made their gameness count by holding the Green-shirts on their 31. On the kick Key ran into O'Keefe, 195-pound tackle for the Buckaroos, and was knocked out. He remained in the game however and Morris again intercepted a pass for a touchdown. Sternberg again failed to convert for the extra point.

An intercepted pass paved the way for the fourth Buckaroo touchdown, after which Rector made 30 yards on two plays to put the ball on the Eastland 12-yard line, where two bucks by Magness and a pass, Magness to Sternberg, carried over for the score. Sternberg's kick was good and the score was 25 to 0.

The Buckaroos made at 31 to 0 soon after when an Eastland punt went out of bounds on the Eastland 25 and the same combination, Magness, Rector and Thompson, carried the ball back to the three

Outstanding men for East went through tackle for all doing their utmost at all and the showing they made ag the beefy Buckaroo line w marvel to everyone. The line was charging, even half out, so that they const harassed the Buckaroos, but unable to stop them. On the fensive the Mavericks were as determined, but the against which they were pla were too great to be overcome they were held to three downs, while the Buckaroos accounting for 17.

Letters From Our Readers

To the People of Eastland county. I have been intending to write you constituents but have been so busy dealing with the three most important subjects that have ever faced the House that I have not had time to write.

The three subjects I refer to are liquor, county officials salaries and the old age pension.

We have been on the liquor bill for nearly 18 days, and we finally agreed on one and that is to legalize liquor to be sold in package only. I voted for such bill in order to reach a compromise between the radicals on both sides, wet and dry. Under the new proposed law, my person will have the right to purchase liquor in wet counties in unbroken packages but he cannot consume said liquor on the premises where sold. I think this is the best solution that we could reach on the simple reason that the wet representatives who represent the outmost counties want liquor sold by the drink on the premises and the representatives from East and West Texas want it sold only in packages. However, this bill is now before the Senate, and I do not know what the free conference committee will agree upon.

Now as to the old age pension, his bill will come before the House one day this week, and I do not know what the result will be because the House is divided among itself. Some of the members want to pay every person over 75 years of age and some of them want to pay only the poor and needy, so I am not in a position to inform the readers as to the outcome. Of course, it will require lots of money and the Legislature must raise the revenue with which to pay this old age pension. However, the members of the Third House, known as the lobbyists, are already here working day and night to defeat any new tax proposals in order to save themselves from paying any extra tax by which to pay the old age pension.

I have been informed that there are lobbyists representing special interests serving hot tamales and beer and other good beverages, T-bone steaks, etc., to their friends in the Legislature of this state. However, so far as I am concerned, I was more than willing to work day and night to comply with the Governor's request and get through with these bills and go home. Now as to the County Salaries Bill, the county officers from all over Texas are pretty well represented, and they naturally want all the money they can get. They are playing on the sympathy of the Legislature saying that they do not make enough to get along on. Many of the County officials from big counties are receiving more salary than the Governor of this State and are still asking for more. For this reason the Legislature of this State should be careful not to agree to raise their salary because we have to consider the tax payers ability to pay.

There has been a good deal of pressure brought by the Chamber of Commerce asking the Legislature to levy a sales tax of 3 percent and I am not in favor of such a tax because it will not be right to levy any tax upon the necessities of life, and after all it will be a slave tax instead of a sales tax. If there is anything I can do for any of my constituents at any time, I want you to feel free to write me.

With best wishes, I am, sincerely yours,

CECIL A. LOTIEF, Rep. 107th district.

Blanton Denies

(Continued from page 1) constructed this year in each congressional district, and since Eastland is the county seat and its increased receipts warranted it, you will remember that it was selected over Ranger for construction this year, delaying Ranger until next year.

Unfriendly critics have circulated a false report in Ranger that Mr. George A. McManus, who owns the building in which the Ranger post office is now situated, has influenced the selection of Eastland over Ranger for first construction.

"Of course, you and I know full well that such report is false, and that McManus had nothing whatever to do with it, and that he has no influence whatsoever in the matter. If I remember correctly, it has been about three years since Mr. McManus wrote to your department about his building.

But in order to stop this false and malicious rumor, I would like for you to advise me whether Mr. McManus has in any way influenced your department in the above selection, and just how long has it been since Mr. McManus wrote your department about his building in Ranger.

Very truly yours, THOMAS L. BLANTON.

Hon. Thomas L. Blanton, House of Representatives, Washington, D. C. My Dear Mr. Blanton: I have your letter of the 3rd of Eastland, Texas, in the Emergency, regarding the inclusion of Construction building program. Eastland was preferred over Ranger in the building program.

CHICAGO—When Ana took out one of Lon Warneke's would-be hits in there. "Come the chatter of the pepperboxes, Bill Jurges, Stan Hack, and Billy Herman to praise the pitching of the Pride of Mt. Ida, Ark."

But did the gangling guy of the Cubs change that spin-like expression? Not a whit he did. He just went on chawing the second largest portion of scrap that's chawed on the Cub roster—Charlie Root munched the biggest—and kept bearing down.

"It's a strange quirk of the fickle Fate, that made Lonnie the hero of that game. In 1932, pitching against the Yankees, the farm boy lost some of the honors he won as the National wheel's leading chucker when he dropped his only complete contest against the attack of Ruth, Gehrig and company.

In the 1935 series he stepped on the ball with a quiet, undemonstrative resolve to win. And how he won! He was almost a complete team in himself, pitching nearly flawless ball, and fielding in such a manner that he chalked up eight assists and one putout in the afternoon.

What manner of man is this fellow? He's a typical hill-billy who has adopted modern civilization simply because one of its most popular sports offers him an easy way to make a pretty fair living.

Years for the Soil [P] Lonnie had his way, he'd spend the rest of his days riding a horse, shooting quail, and catching bass in his native Arkansas. 'Twas there he grew up on his pappy's farm, and it's there his thoughts are when he isn't playing ball. It was in 1909 that Lonnie pitched his way into the world at Mt. Ida, the ninth of ten children. Like all country kids, he was raised with a shotgun under his arm, a fishpole in his hand, and a houn dawg by his side. He still thinks that the marksmanship acquired by shooting that fowling piece gave him the eye to burn 'em across the platter in baseball.

School days for Lonnie were just like those for any other kid. "Ten kids are a lot of kids," he lightly explains, in running over his early boyhood. "Generally, if any of us in our section got an idea he didn't want anything more to do with 'learnin' there was never any arguments from the folks. We just didn't go to school, and the result was that none of us ever got much of an education. "One thing I did get out of school, though, and that was my wife. I often saw Charline Shannon, the prettiest girl in Norman, which is nine miles from Mount Ida, when I was going to school. But I never courted her until she had a good year with the Cub. Then I married her."

Slipped Cardinal Noose

[L] ON joined baseball in Houston. During the summer of 1927 he went to live with his sister there, and worked as a messenger boy. His sister's husband finally got him a chance to try out with the Houston team in the Texas League, and he went from there to Laurel, Miss. of the Cardinal club.

Branch Rickey still kicks himself every time Lon pitches a victory for the Cubs, for he let the Arkansas boy slip through his clutches. Laurel let him go after a brief trial, and he drifted between Alexandria and Shreveport before the Cubs picked him up through the latter team at the end of 1929.

Principal in "British Agent"

Bette Davis and George Brent in a scene from "British Agent" Agent which comes to the Arcadia next Monday and Tuesday.

Drama of U. S. War On Racket Chiefs Coming to Arcadia

Another phase of the U. S. Government's efforts to rid the nation of its arch criminals, is shown for the first time on the screen in the Cosmopolitan production, "Special Agent," a Warner Bros. picture which comes to the Arcadia Theatre on Monday and Tuesday with Bette Davis and George Brent in the featured roles. "Special Agent" is a powerful drama with a glowing romance, based on the daring exploits and thrilling adventures of the undercover men of the Treasury Department.

These sleuths relentlessly follow the trail of gamblers, extortionists and racketeers of every sort, until they get their men and land them behind the bars of federal prisons for violation of the income tax. In "Special Agent" the inner workings of these operatives are revealed. Bette Davis has the role of personal secretary to the ruthless head of a powerful band of racketeers. She gets her job without realizing what it is, but after learning the secrets of the gang, she cannot step out, because she will immediately be put on the spot.

She is in love with George Brent, a reporter, who is determined to bring the criminals to justice and at the same time save Bette from assassination. Both Brent and Bette go through some harrowing experiences in their battle with the gang before they land the crooks in the government net in a most surprising and smashing climax.

Ricardo Cortez is the shrewd, polished dictator of the powerful band of crooks, a ruthless killer, against whom it seems impossible to get evidence until the daring young reporter uncovers it. Others who play the parts of important members of the band include Robert Strange as head of a gambling palace, Jack LaRue, his assistant; J. Carroll Nash and Joseph Sauer. Henry O'Neill is the district attorney in the case; Joseph Crehan, chief of police; Robert Barrat, head of the internal revenue department and Paul Guilfoyle, a crooked secretary of the district attorney.

William Keighley directed the production from the screen play by Laird Doyle and Abem Finkel, based on the story idea of Martin Mooney.

The first meeting of the Desdemona Parent-Teacher Association was held Thursday, Sept. 26, at the high school. Rev. H. N. Balderee addressed the assembly on the subject, "Character Building." Following this Miss Edith Creighton and her primary pupils entertained with several songs and a reading by Helen Abel. The president, Mrs. Ed Hanson, had charge of the business session, at which time the following officers were installed by Mrs. C. W. Maltby: President, Mrs. Ed Hanson; first vice president, Mrs. Willis Mathis; second vice president, Miss Frances Battle; third vice president, Mrs. Hugh Abel; fourth vice president, Mrs. Howard Williams; fifth vice president, Miss Edra Parks; sixth vice president, Mrs. C. It was decided to give a book to the library of the room having the most parents at P-T. A. meetings each month. It was voted to help the school put on a carnival at some date in October. Everyone is invited to attend the P-T. A. each fourth Thursday afternoon and also to pay dues when called on by the committee.

In a snappy football game played at Moran between the Desdemona Porkers and Moran, Friday, the Porkers won by a score of 33 to 0. This game was noted for the absence of injuries and accidents that so often occur in football games. This was the second game of the season for the Porkers and in their first game the score was 19 to 0 in their favor against Rising Star.

Mr. and Mrs. R. D. Wright, accompanied by their sisters, Misses Johnnie and Lillie Buchan and Misses Alberta Martin and Della Walls, drove down to Fort Worth Saturday and spent the day shopping.

The many friends of Mr. and Mrs. J. E. Heeter are giving them a hearty welcome home after their stay of several months at Big Spring, where Mr. Heeter was drilling oil wells. They came insicians report.

Thursday night and he went to work Saturday on the well near Gorman that is being drilled by Gallagher and Lawson.

Monday afternoon at 2:30 the ladies of the W. M. U. of the Baptist Church met at the parsonage, home of Mrs. H. N. Balderee, for a social good time. Mrs. J. J. Gibson opened the meeting by reading the Sixty-fourth Psalm, followed by prayer. Mrs. Roy Rushing read a beautiful Bible story. Then followed the fun with two games led by Mrs. Gordon Tate and Mrs. C. E. Jones. An attractive refreshment plate consisting of cheese wafers, white cake and punch was served by Mmes. Floyd Moore, John Cate, Anee Brown, C. E. Jones, and Mrs. Balderee. Besides the five hostesses, other members and visitors were Mmes. J. J. Gibson, Hugh Abel, W. B. Hilliard, Grady Burnett, C. A. Skipping, W. H. Davis, Bailey Stark, Ramon Joiner, S. T. Stover, McMillan, Mattie Henry, Ford Ried, Roy Rushing, Russell Hilliard, Sam Roberts and Gordon Tate.

The Methodist Missionary Society met Thursday at the church to begin the study of "That Other America," a book written last March by John Mackay, secretary of the Presbyterian Mission Board of the U. S. The book was read at request of Interdenominational Mission Board, who knew of the 16 years work done by Mr. Mackay in Mexico and South America. The president, Mrs. Charles Lee, called the meeting to order and after the short business session called on Mrs. H. H. Nance, study superintendent, to take charge. She passed small program cards to the members and two visitors. The program was carried out as follows: How do we get our study books and sketch of the author, by Mrs. Bedford; "Presenting Latin-America," Mrs. Nance gave this number. The Story of Coffee, illustrated by large picture cards, was given by Mrs. Acree. "Beauty Spots of Latin-America" was given by Mrs. Nance with Mrs. I. N. Williams playing soft music and followed by the singing of "America, the Beautiful." The Eighth Psalm was read by Miss Mollie O'Rear. All joined in a round-table of "Did You Know?" The closing number was a story, "I've Been to Mexico," by Mrs. Mattie Henry. After the benediction those present went to the home of Mrs. Charles Lee, who had her living-room so filled with articles from Mexico that all felt they had "bene to Mexico." Many of the articles had been loaned to Mrs. Lee by Mrs. O. G. Lawson and Mrs. N. D. Gallagher of Cisco.

After the inspection of the exhibit an appetizing refreshment plate of Mexican chili tamales, salsines and coffee was served with mints. Favorites were hand-made Mexican dolls, no two being alike. Those present were Miss Mollie O'Rear, Mmes. S. E. Snodgrass, H. H. Nance, I. N. Williams, W. H. Whitworth, Mattie Henry, Gifford Acree, Whit Richards, Anee Brown and W. C. Bedford. Mr. and Mrs. L. R. Hughes of Kansas City, Mo., were guests of Mr. and Mrs. W. C. Bedford Wednesday night and part of Thursday morning. They lived here during boom days and still have many friends who are delighted whenever they come back and regret that they always make such short visits. An item of news they brought to their friends was that they have a grandson five weeks old, the son of Mr. and Mrs. L. R. Hughes Jr., and he will bear the name of L. R. Hughes III. They were on their way to Amarillo on a business and pleasure trip.

Monday afternoon the sad news came to J. E. Heeter that his sister, Mrs. Glenn Griffin (nee Beulah Heeter) had passed away at their home near Los Angeles as a result of infection. Mr. and Mrs. Griffin grew up in Desdemona and were popular pupils of our high school. Their many friends will be sorry to learn of this sudden death and will extend sincere sympathy to the sorrowing relatives.

The clubhouse of the "21" Study Club was quite attractive with bouquets of crepe myrtle, lantanas and roses and with pretty linens on tables and piano, for the meeting on Sept. 24. The decorations were the work of the leader, Mrs. Mattie Henry, who as president called the meeting to order and presided. Roll call responses were names of Texas rivers and a fact about each one. Mrs. Henry gave a talk on "Statistics on Texas—Size, Surface and Production." "Interesting Stories of Names of Texas Places" was the subject of a talk by Mrs. Preston Sparks. Parliamentary drill was given by Mrs. C. W. Maltby. Reading, "The San Marcos River," by Mrs. Clarence Ragland. Song, "Texas, My Texas," by the club.

Skipping and W. C. Bedford, all of whom enjoyed the program, one of the course, "A Bird's-Eye View of Texas Culture."

Buffet Supper for Entertaining in Fall is Ideal

The hostess for whom entertaining was out of the question during the hot summer months eagerly awaits the cooler fall weather as a chance to invite friends for an evening of enjoyment without becoming exhausted in the preparation. For fall entertaining, especially if there is a large number of guests invited, a buffet lunch or supper is nice for both guest and hostess, since each guest helps himself, thus eliminating all need for service.

Inez S. Wilson, home economist, points out that the buffet supper is frequently served on the dining room table rather than from the buffet as was the original of its kind. The food and necessary silver are arranged so that each guest as he walks around the table may help himself. If the beverage is served at the table, it is the last item to be passed. Very often, however, small tables are set in the living room, and after the guests are seated the beverage is served to them. This is a compromise in types of service for the convenience of guests.

The food for a buffet supper must of necessity be easily served and, of course, it must look attractive. Miss Wilson suggests a ham loaf for this occasion. This is a meat dish which is always well liked and is good either hot or

cold, at advantage which every hostess recognizes.

Upside Down Ham Loaf
2 pounds ground ham
1 pound ground pork
1 cup bread crumbs
1 tablespoon minced onion
1 teaspoon Worcestershire sauce
1/2 teaspoon paprika
2 eggs, beaten
1 1/2 cups milk
Pineapple slices

Have pork and ham ground together. Combine with the bread crumbs and seasonings. Moisten with beaten egg and milk. Arrange pineapple slices in the bottom of a loaf pan and pack ham mixture on top. Bake in a moderate oven (350 degrees F.) until done, about one and a half hours. Unmold onto a large tray and decorate with pineapple slices and maraschino cherries.

Mrs. R. E. Barker, teacher of the class and well informed Bible student, gave a talk on "Life After 40."

Mrs. P. A. Nelson added to the enjoyment of the entertainment with the giving of readings, well fitted to the lesson theme. Miss Anne Matthews was also included on the program of readings.

The hostess served a dainty plate at tea time to guests, Messrs. Frank Arrandale, G. W. Thomas, J. F. Ryan, E. B. Judy, J. G. McGee, R. A. Turner, Chester E. Rogers, R. E. Barker, B. A. Kirke, C. G. Russell and guests, Mrs. F. A. Nelson, Mrs. R. B. Gaffield, Anne Matthews.

Hot Sandwiches for Sunday Night

Sunday night suppers, though they need not be elaborate, should be substantial. According to Inez S. Wilson, home economist, there is nothing better for this occasion than hot ham sandwiches served with olives, pickles, or a tart salad. Directions for preparing the sandwiches are given below.

Hot Ham Sandwiches

Place slices of minced ham between thin slices of bread. Cut in together with toothpicks. Beat ETA triangular pieces and hold together with toothpicks. Beat two eggs slightly and add to them one half cup cream or milk. Dip the sandwiches into this and fry in hot lard (350 degrees F.) until nicely browned. Remove the toothpicks to serve.

"BROADCAST" Announcement

Mr. S. P. Boon, of The Ranger Dry Cleaners, explains how they are enabled to do the best Dry Cleaning, Rug and Hat Work in this section of the country:

Our national association, with headquarters in Washington, D. C., operates a large commercial dry cleaning plant in connection with its national School and Research Laboratories.

In this commercial cleaning plant practical tests are made of new processes coming on the market if they appear to be an improvement over our best tested processes; and, as a member in good standing for nearly 15 years. We receive all improvements after these tests are made. So, you can see why it is that we do not have to try every new and exclusive process that comes on the market, like so many cleaners do; experimenting with your garments, and some times at your expense.

Remember, it's the Ranger Dry Cleaners, Ranger, Texas, where the best costs no more, and where your money is refunded if you are not pleased. We carry garment insurance.
