NEW DEAL IS REPORTING A BIG CHRISTMAS

By United Press

WASHINGTON, Dec. 21.—The New Deal wrote Santa Claus a letter tonight—a glowing report of increased prosperity throughout the land.

Cabinet officers and government departments vied with reports of increased prosperity for farmers, merchants, factory workers and financiers. Even the unemployed were included.

Christmas stockings will be stacked with presents, reports from stores indicated. Stores throughout the nation were jammed with throngs spending more money than in five years.

More men are at work. Pay envelopes are fatter. More homes are being built, more automobiles and radios sold, railroad earnings are better and department store sales brisker, official reports said.

Smoke belched from stacks of factories idle or working part time since 1930 as employers rushed to fill bigger orders from wholesalers.

Manufacturing industries employed 10 per cent more men in November this year than in the same month last year. Payrolls were up 18 per cent over a year ago.

Japan Sends Aid to Ethiopia

Even with her own extensive military activities in the Far East, Japan finds time to help a nation to which she has shown marked friendliness. Here a Japanese Red Cross worker is seen busily engaged in Tokio headquarters, boxing bandages for shipment to the Ethiopian Red Cross.

OKLAHOMA GIRL CHARGED WITH FATHERS DEATH

By United Press

ANADARKO, Okla., Dec. 21.—A murder charge was filed tonight against Emma Willis, 18, who shot her father, a cotton farmer, to death because he refused to permit her to accompany a neighbor boy to a Christmas tree at the schoolhouse.

Haskell Pugh, assistant county attorney, filed the charge after the girl told officers her father had been cruel to her and wouldn't let her go any place.

The girl, dry-eyed and composed, told officers that she killed her father because "he was cruel and kept us at home all the time and made us work."

Leona Willis, 14, another daughter, attempted to save her father's life, she told the sheriff. She said she struggled with her sister over the single-barreled shotgun.

Then Emma ran into her father's bedroom and fired. The charge struck him in the chest.

Leona said that Emma wanted to go out last night and the father refused to let her. There was a quarrel but the girl was not whipped, the family said.

Officers said that the entire family was dry-eyed over the tragedy. Neighbors said that the father kept his family very close to home, permitting them, under iron rule, of participating in a few social activities.

Petitions Aplenty

Petitions containing more than 600,000 signatures were presented to officials of the Amateur Athletic Union calling on that body to oppose U. S. participation in the Olympic games. Here, at the convention in New York, Col. Morris Mendelshon, of the Jewish War Veterans, is shown delivering some of the petitions to Daniel Ferris, secretary and treasurer of the A. A. U., left, and J. H. Rafferty, vice president, right.

Greenville and Amarillo Go to The State Finals

Amarillo and Greenville advanced to the finals in the high school football race this week-end when Greenville swamped Corpus Christi Friday afternoon by an overwhelming score of 45 to 0 and Amarillo won Saturday afternoon from Wichita Falls by a score of 27 to 12.

Both teams displayed speed and power in their semi-final games.

Greenville advanced to the finals by winning its only district game, earning a 9 to 9 tie with Tyler in the bi-district, the game first being awarded to Tyler on penetrations, 3 to 2, later being awarded to Greenville on Tyler's ineligibility. After being out of the race and then coming back to play Mexico in a game which Greenville won 19 to 7, Greenville was protested, but the protest by Mexico did not stand up and Greenville advanced to the finals by defeating Corpus Christi.

Amarillo won easily in district 1, downed Breckenridge by a score of 13 to 0; swamped San Angelo by a score of 25 to 0 to meet Wichita Falls in the semi-finals. The game Saturday indicated that Amarillo's strength is increasing, while Greenville looked more than championship caliber in its 45 to 0 win over Corpus than it did in the bi-district when it tied Tyler.

PENITENTIARY IN OKLAHOMA QUARANTINED

By United Press

McALISTER, Okla., Dec. 21.—The Oklahoma state penitentiary was placed under quarantine today when the illness of a convict was diagnosed as meningitis.

The convict was kept isolated outside the main prison. There are 4,200 convicts in the penitentiary.

Authorities said that the convict suffering from the disease which has claimed a dozen lives this month, was a trusty and had returned to the penitentiary Thursday. He was ill then. Deputy sheriffs who sought to commit newly sentenced convicts today were refused admittance and were obliged to return with their prisoners.

ETHIOPIANS CAPTURE TWO SMALL TOWNS

By United Press

ADDIS ABABA, Dec. 21.—Ethiopia claimed officially today to have captured Enda Silasi, 31 miles west of the holy city of Aksum and then to have taken Dega Shah, north of Aksum.

The fighting was part of a widespread Ethiopian offensive which began last Sunday and continued for days. It was claimed in private advices that Italian casualties were more than 600 and the Ethiopians somewhat less.

It was believed here the fighting may still be in progress with continuance of surprise attacks on Italian groups.

ASMIRA, Eritrea, Dec. 21.—Many Ethiopians were killed or wounded today when Italian planes bombed and dispersed an armed column of 3,000 between Quorum and Lake Ashangi, south of Makale.

Flames were observed from Ethiopian camps over an extensive stretch of territory.

The Ethiopians, armed with European guns, shot repeatedly at the planes, but there were no casualties reported.

Tolerance Period On Stop Signs to Be Ended Soon

Though no tickets had been given for disregard of stop signs up to Saturday, Eastland Police Chief W. J. Peters indicated the period of tolerance would soon expire.

"We're trying to get the people accustomed to stop at the signals," said Chief Peters. "There's a certain limit, however, to the time," he continued. "After that we will be forced to give violators tickets."

Shooting of fireworks in the business district has been banned, officials reminded.

"This stand is being taken since there is likelihood of danger from the shooting of fireworks in the business district, which in this season of the year is congested."

Copy For Times' New Year Edition Should Be In Now

A number of citizens of Ranger, who have been asked to contribute copy for a New Year's edition of the Times, have written their copy and have turned it in at the Times office.

There are several who have been sent letters urging them to contribute to this edition who have not, as yet, sent in their contributions, and they are being urged to do so as soon as possible.

It will be impossible for the printers to set all the articles the last day, so everyone who was asked to contribute an article was notified early in order that they would have time to prepare it.

The Times is to publish a number of extra copies of this edition and they will be distributed throughout the trade territory and will be a means of advertising Ranger and Ranger's possibilities for the future.

WAGNER BILL IS VOIDED BY FEDERAL COURT

By United Press

KANSAS CITY, Dec. 21.—The Wagner labor act enacted at the last session of congress, was declared unconstitutional tonight by Judge Merrill Otis in federal district court.

It was the first court test of the national labor relations act.

In his opinion Judge Otis attacked a resolution pending in congress to change the constitution, but in that event "citizens will have become a subject."

Judge Otis held the act violates the "commerce clause" of the constitution because it attempts to extend the power of congress to regulate industries whose operations do not effect interstate commerce.

High Venezuelan Official Killed

By United Press

CARACAS, Venezuela, Dec. 21.—Street disturbances and a shooting affray at government house in which Gen. Eustaquio Gomez was fatally wounded, occurred today less than 48 hours after the burial of the 78-year-old dictator, Juan Gomez.

Gen. Eustaquio Gomez, formerly governor of the State of Carabobo and a cousin of the late president, had gone to government house reportedly to offer armed resistance to a prison order issued against him.

A member of the governor's staff fired on Governor Gomez before his group could attack.

County Agent C. Metz held Saturday afternoon set Friday at 2 p. m. in the Chamber of Commerce office at Cisco as date when producers in that territory will hold their committeemen election. One hundred cast votes at Rising Star, 60 at Gorman, 35 at Carbon, 25 at Ranger, and 60 at Eastland. Results of the voting: Eastland—Ray Norris; T. E.

Miss Todd's Life To Be Probed By Grand Jury

By United Press

LOS ANGELES, Dec. 21.—The late Thelma Todd's private life, her marriage, her romances, her friendships, her enemies, her business activities—will be on parade before the Los Angeles grand jury when it meets Monday to examine possibilities of murder in the death of the blond screen actress, District Deputy Attorney George Johnson said tonight.

The inquiry will be the most searching of the investigations which followed the death of the actress in an automobile in a closed garage near her sidewalk cafe.

"If there has been a murder we must find the motive," Johnson said.

Cough has been serving a life term in the Arkansas penitentiary, but the family of his victim signed a petition asking the governor to free him for six months so he can undergo an operation that may restore normal vision.

The governor replied: "Cough's case was typical of the Christmas spirit that moved chief executives and pardon and parole boards throughout the nation to act in worthy cases."

On a county court jury's answers to special issues, Judge Clyde L. Garrett Friday rendered judgment of \$300 for Guy S. Quinn in a property damage suit in which Ernest Halkias was defendant. The court ruled that the defendant take nothing by its cross action.

Basis of the suit was a collision of cars owned by Quinn and Halkias on the highway east of Ranger in April.

Interest on the judgment was made accumulative from April 26. The firm of Turner, Seabery & Springer was representative for Quinn while Grisham Bros. and Milburn McCarty were defendant's counsel.

PRISONER TO HAVE ANOTHER BIG CHRISTMAS

By United Press

CHICAGO, Dec. 21.—Christmas 1935 promises to be the happiest Richard Cough ever had.

It's strange, too, because he is in the penitentiary.

But one of his Christmas presents is to be a six-month furlough. That would be enough for him, but there is more.

Cough's eyes have been dimming and he faced the prospect of spending the remainder of his life in blindness as well as behind prison walls. To him the holiday was a mockery until the case was brought before Gov. J. M. Cullitt of Arkansas.

Cough has been serving a life term in the Arkansas penitentiary, but the family of his victim signed a petition asking the governor to free him for six months so he can undergo an operation that may restore normal vision.

The governor replied: "Cough's case was typical of the Christmas spirit that moved chief executives and pardon and parole boards throughout the nation to act in worthy cases."

Case CONTINUED
Case of Mattie A. Melvin vs. Rex C. Outlaw et al., originally scheduled for trial Monday in 88th District Court, has been continued for the term.

Old People Are Warned of Hiring Pension Agents
AUSTIN, Tex.—A warning against soliciting pension agents was issued by State Auditor Orville S. Carpenter, who will become old age assistance administrator next Feb. 14.

Scattered reports of pension racketeering prompted his statement, Carpenter said. The bill, which becomes effective Feb. 14 prohibits advertising or soliciting persons to help applicants get on pension rolls. Attorneys and other persons are limited to a \$10 fee for helping obtain such a grant.

"No attorneys, unofficial agents or firms will be needed to help old people obtain pensions," he said. "Applications will be handled through local agents. These have not been named."

"Old people will be able to get their pensions July 1, 1936, if the funds are available. Application forms will be prepared Feb. 14, 1936, and will be given to local agents. All applications will be handled through local men; however, the law provides that an applicant can appeal to the commission if he or she is turned down."

EXPEDITIONS TO HUNT CLEOPATRA'S TEMPLE
LONDON, Dec. 21.—Efforts to trace remains of Cleopatra's Temple, which the Egyptian queen built in honor of the birth of her son, will be made by a British expedition which will leave for Luxor shortly.

Oliver Myers, leader of the Sir Robert Mond expedition of the Egypt Exploration Society, also hopes to get further information about an ancient civilization at Arant, which, it is believed, was connected with that of the peoples of the South Sahara, as far west as Timbuctoo.

Rain and Snow Chill East Texas

By United Press

Rain and snow chilled northeastern and eastern Texas tonight. Both sleet and snow were reported at Longview. A heavy snow continued more than two hours at Timpan, near the Texas-Louisiana border, but the flakes melted as they fell.

The first December snow since 1921 was reported at Grapeland, where the temperature dropped to 42.

Hopes of Henderson for a "white Christmas" were disappointing as snow melted there quickly.

Traces of snow were mixed with rain at Dallas and Fort Worth. Dr. J. L. Cline, meteorologist, said warm weather probably would cause the snow to turn to rain in East Texas.

SISTER MARY'S KITCHEN

BY MARY E. DAGUE
SEA Service Staff Writer

RABBIT in all the good ways it can be cooked is that "something" that you women write me for about this time of the year.

Wild rabbits have always been an important source of food during their season, and within the past few years the value of the domesticated rabbit as a producer of food has been recognized and appreciated.

Rabbit salad will prove a welcome change from chicken salad for a supper party when a hearty salad is wanted. Steamed or boiled rabbit is better for this purpose because it is not so dry as roast rabbit.

Rabbit Salad

Two cups diced rabbit, 1 cup finely shredded cabbage, 1-2 cup chopped green pepper, 1 cup diced grape fruit, 1 teaspoon salt, 2 teaspoons sugar, 6 stuffed olives, paprika, French dressing, mayonnaise.

Marinade rabbit in French dressing for one hour. Drain and combine with cabbage, green pepper and grape fruit which have been sprinkled with salt and sugar. Add mayonnaise to make moist and toss lightly with a fork to mix. Arrange on a bed of curly endive and garnish with olives cut in slices.

Rabbit also makes an excellent stew. Onions, celery, carrots and potatoes combine well to make a savory dish for a cold winter evening. The rabbit is disjointed in pieces for serving and put on to cook for an hour before the onions and celery are added. When almost done, the carrots and potatoes, pared and cut in neat dice

Tomorrow's Menu

BREAKFAST: Pineapple juice, cereal, cream, crisp broiled bacon, cornmeal pancakes, syrup, milk, coffee.

LUNCHEON: Oyster short-cake, cress with French dressing, mixed fruits in lemon jelly, cookies, milk, tea.

DINNER: Rabbit stew, corn croquettes, tomato jelly salad, deep dish apple pie, milk, coffee.

Deep Dish Apple Pie
Fill a shallow baking dish with pared, cored and sliced apples. Sprinkle with sugar, using one cup to five medium sized apples. Rub 1 tablespoon flour into 2 tablespoons butter and dot over apples. Sprinkle with cinnamon and cover with plain pastry. Dampen the edge of the baking dish so the pastry will stick to it and be sure to cut the usual gashes in the dough before putting it over the fruit. Press the dough closely against the rim of the dish with rolling pin and then print with the tines of the fork. Bake in a hot oven (400 degrees F.) until apples are tender.

on the occasion of her 70th birthday, members of the family together with friends, met at the home of Mrs. Lee Williams on Mesquite street last Sunday where a beautiful dinner was served.

Delightful Afternoon In Home of Mrs. Moore

When members of the Euclidian class of Central Baptist church reached the home of Mrs. Roy Moore, one afternoon last week for the celebration of their annual Yule party, they were greeted with an array of lights which shed their soft rays over a background made quite colorful through a color scheme of red and green. A Christmas tree aglow with varicolored lights won many admiring glances, its festive foliage sparkling against the more subdued color tones.

Every guest entered into the delightful party hour made perfect through the cordial hospitality which is always manifest when guests are entertained in the Moore home.

The artistic decorations were given further emphasis at the radio, where a tiny "manger" nestled atop the cabinet. "Holy Night" was among numbers played over popular stations, making more impressive the manger scene.

An entertaining games reached their climax an original poem, "Two Roads Through Bethlehem" was read by Mrs. J. E. Boyd. Gifts from the tree were presented all guests and Christmas carols were sung, with Miss Anice Locke at the piano.

Annual Christmas Party
With Christmas atmosphere prevailing in all details at special affairs waning days of December are colorful ones, rounding out a calendar of many pleasant doings.

The home of Mrs. Anna Milburn was decorated in a festive note Thursday afternoon when the house hostess complimented members of Julia Alexander Grove No. 1954, Woodman Circle chapter.

A brightly lighted Christmas tree arranged in one corner of the living room reflected notes of whiteness brought about from gifts attractively arranged about the snow clad boughs.

Prize winners in games played were Mrs. Ruby Greer and Mrs. Blanche Hutcheson, Santa Claus, presided at the tree and presented gifts to guests, including a pretty bedspread going to the guardian, Mrs. Greer, from members of the chapter.

Domestic Science Department Aids In Preparing Dolls

Thanks to one hundred and sixty-three people thus far for contributing to the collection of dolls to be given underprivileged children of Ranger. Members of Child Welfare club asked for 200 dolls, and unless more people contribute there will be several disappointed children Christmas morning.

Members of the Domestic Science department are to be highly complimented for their aid in this wonderful project. Hours have been spent in making clothes for the dolls and each girl has given her time in a most enthusiastic way, and completely enjoyed having a part in the happy work.

There are only two more days left for you to give a doll. The dainty collection is at the home of Mrs. Saunders Gregg, where others may be left.

BEHOLD HERE TODAY Forces are at work that threaten the happiness of lovely DANA... DANA had heard so much about the new office that it was impossible not to feel curious and excited... "There are several ahead of you," she said. "Will you wait?" "I'll come back," Dana answered. At the door she turned. She had some downtown for this particular purpose. Perhaps it wouldn't be very long before Scott could see her. The girl at the desk had evidently forgotten Dana. She was giving some information to a man and woman who had just come in. This office assistant had an abrupt manner. She wasn't at all like Miss Lee who was sweet and gracious, and who had married Dana's cousin. Dana crossed to a seat near the desk and picked up a discarded magazine. The girl was still talking to the man and woman. The telephone interrupted and she answered briskly. "I did deliver your message, Miss Long. I expect you're too busy to call. I'm sorry." She hung up the receiver. Dana's face started to glow. She came within her range of vision. Instantly, the frown was erased and the girl smiled, murmuring apologetically. "I try to be patient, but this particular person is so trying. Always asking when there's no good reason for it. And she never can understand why a doctor is too busy to talk to her." "I don't believe I have your name," the girl went on. "Weren't you waiting to see one of the doctors?" "I've decided not to wait," Dana said. "I'm a little ashamed of her resentment. Of course Scott couldn't help Paula calling him. Or could he? Couldn't he make it clear that social calls were out of office hours?"

Reports Hauptmann Hopeful

"Bruno still feels everything will come out all right. He has no fear," Mrs. Anna Hauptmann reported after visiting her husband in the death house of the New Jersey Penitentiary at Trenton to console him on the refusal of the U. S. Supreme Court to hear his appeal from the Lindbergh kidnaping conviction. She is pictured leaving the prison followed by her attorney.

Voices for Peace May Blast Down Mockers

It is never quite safe to sneer when the ordinary undistinguished folk of the world roll up their sleeves and set out to get something which seems utterly impractical and unattainable.

The odds are that they will fail to get it, but there is always a chance that they will decide that this time they really mean it; and when they do, there is no power on earth able to stand in their way.

The Women's International League for Peace and Freedom, for instance, has set out to get 50,000,000 signatures to a petition calling on all governments to settle international difficulties peacefully and to start disarming at once.

This is just the kind of visionary and impractical stunt that can set the worldly-wise jeering. It is so easy to prove that disarmament is quite impossible in this stage of civilization; so easy to show that rows between nations must be settled by force and that all the hopeful petitions in the world can't change hard facts.

Nevertheless, there is one point to remember. The 50,000,000 who will sign this petition are, in the last analysis, the people who have to get in there and pitch when the war drums start beating.

If they should at last make up their minds that it was all a mugg's game and that they would have no more of it at any price, the statesmen of the world would discover pretty rapidly that a new factor had entered into the old equation. They'd discover it, or they'd cease to be statesmen.

The world has a warlike aspect nowadays, but there are straws to show that the wind really lies in a different quarter.

Response of the ordinary people of the world to the current League of Nations campaign, the votes that are recorded whenever people are given a chance to say what they think about war—these things show that the world's potential cannon fodder has ideas of its own.

For people aren't really as stupid as their rulers believe. They have not forgotten 1914. If they once find their voice, we may yet hear a world-wide chorus addressed to all who sit in high places:

"We have had enough war. If there are international difficulties, get out there and settle them—by compromise, by any across-the-table means you can think of—but settle them.

"If you can't do it, scram and let someone else try it; because we aren't going to do any more fighting."

The biggest mistake anyone can make right now is to underestimate the force of the world-wide sentiment for peace. And this peace petition business—it may be impractical and visionary, but there is just a chance that it may touch off a trumpet blast fit to knock down the walls of Jericho.

"Each Garbo sitting requires 200 poses." Which helps to explain why she's so tired of it all.

BEHIND THE SCENES IN WASHINGTON WITH RODNEY DUTCHER

WASHINGTON — Memories of great men participating in great events are not to be trusted. That's at least one lesson emerging from recent discussion and debate as to how we got into that World War and whether the chief reason was to save democracy or the bankers or to serve the British or the munitions makers.

Certainly one of the most important documents of the war bearing on that point was a letter from Secretary of State Robert Lansing to President Woodrow Wilson, urging reversal of the previous neutrality policy stated by Secretary Bryan which barred flotation of war loans for the Allies or Germany in this country.

BRYAN had put the administration on record formally as holding such loans to be "inconsistent with the true spirit of neutrality."

Lansing pointed out that this had become "a source of embarrassment" and said he was seeking some way of "harmonizing" it with the flotation of general loans.

Wilson acquiesced. The great British and French war loans were floated—mostly by Morgan & Co. Neutrality evaporated. Former Premier Andre Tardieu of France commented that "from that time on, whether desired or not, victory for the Allies became essential to the United States."

By March 1917, Ambassador Page at London was cabling that drum and an American log set. I want firecrackers and a football. I want a sack full of candy. Do not forget the other little boys and girls. I live on South Blundell in a white house on the hill. Your friend, Donald Speed.

Dear Santa Claus: I am a little boy just 2 years old, and Santa, I wonder if you love me like Mother and Daddy do. Please Santa, bring me a ball, a top and ABC book. But Santa you can give my candy too, to my little cousin, Harl June Blackwell. So don't disappoint me Santa Claus. Your little friend, Charles David Blackwell.

Dear Santa Claus: I want two guns, a football and some fruit and candy. My little brother wants a cowboy suit. I am 9 years old. My little brother is 7. Don't forget the poor boys and girls either. With love, Durwood Whist.

government loans must back up the private loans to avert panic, that if we declared war on Germany the best thing we could do for the Allies would be to open up the Treasury to them. And along came the war.

ALTHOUGH the general public was unaware of it, a highly conservative engineering society allowed itself to be scandalized recently when Director Morris L. Cooke of Rural Electrification Administration spoke to it on "Power Distribution Costs."

No such controversial subject had ever been allowed on the agenda before and many at the convention grew rather hot about it, especially since public utilities and their engineers have long insisted that distributions costs of electricity were "too involved, complicated, and difficult" for ascertainment.

Cooke implied this attitude had been maintained in order to preserve exorbitant rates by "hocus-copus" accounting procedure. Outlining methods of distribution cost findings, he told how in New York state he and others of the New York Power Authority had found that distribution costs didn't exceed 2 1/2 cents per kilowatt hour to homes using 600 kilowatts annually—the national average—and that it would be but 1.7 cents for a 1200-kilowatt average and 0.7 for 4500.

The inference, coupled with Cooke's insistence that it was "imperative for the industry to replace confusing data with orderly data," was that since generation and transmission costs would hardly total more than 1 cent per k. w. h. and allowing a 7 per cent profit, consumers should pay around 3 1/2 cents instead of a present average of more than 5 cents. And that the more you electrify your home, the cheaper should be the price.

football and a football suit, a helmet, shoulder pads and some firecrackers, roman candles, candy, nuts, apples, and oranges. With love, Joe Kimbrough.

Dear Santa Claus: How are you getting along this year? I hope you are fine. I am 9 years old. I hope you bring me a bicycle, a football and a BB gun, or anything else that you would like to bring me. With love, Harry Neville.

Not long ago she set the vogue for vivid nails, but see them now—in natural shade.

SISTER MARY'S KITCHEN

BY MARY E. DAGUE NEA Service Staff Writer BREAD pudding used to have such a bad reputation along with prunes and hash that conscientious housekeepers preferred to waste bread to making pudding of it.

Lately though, with the passing of the old-fashioned boarding house, bread pudding has assumed its rightful place as a good and nourishing dessert.

When you serve bread pudding for dessert try these vegetables and fruits in the remainder of the meal. For instance, try hearty soup with crisp crackers, followed by fruit salad, the whole topped off with a glorified bread pudding.

Quality Pudding Three eggs, 1 cup sugar, 1 cup soft bread crumbs, 1-1/2 teaspoon baking powder, 1 cup chopped walnuts, 1 cup dates, few grains salt, 1-2 teaspoon vanilla. Beat yolks of eggs until thick and lemon colored. Mix and sift sugar and baking powder and combine with bread crumbs. Add with dates and nuts to beaten yolks and fold in whites of eggs beaten until stiff. Add vanilla and spread pan which has been buttered and dusted with flour. Bake in moderate oven (350 degrees F.) for forty-five minutes. Cut in squares and serve with whipped cream slightly sweetened and flavored with vanilla.

Queen of Puddings One cup soft bread crumbs, 2 cups milk, 2 eggs, 1-2 cup sugar, 1 lemon (grated rind), 1-3 teaspoon salt, 1-4 teaspoon vanilla, currant jelly, 4 tablespoons powdered sugar, juice 1-2 lemon. Cook 2-4 crumbs in milk for about an hour. Beat yolks of eggs well with 1-2 cup sugar, add salt,

grated rind of lemon and vanilla and stir into bread and milk mixture. Turn into a buttered baking dish and bake in a moderate oven (350 degrees F.) until firm about forty minutes. Spread with jelly and cover with whites of eggs beaten until stiff with powdered sugar and juice of 1-2 lemon on folded. Put in a slow oven (300 degrees F.) to puff and cream the meringue. Serve warm with any cheese.

Cream of Corn Soup Two cups canned corn, 2 1/2 cups butter, 1 tablespoon salt, 2 cups milk, 1-2 small onion, 1 teaspoon white pepper. Melt butter and add onion. Cook until butter bubbles over very low fire. Stir in flour and slowly add milk, stirring constantly. Bring to the boiling point and remove onion. Season with salt and pepper and add cream which has been rubbed through a coarse sieve. Reheat and serve with.

Pimento Whipped Cream One-half cup whipping cream, 1 sieved pimento rubbed through a fine sieve, few grains salt. Whip cream until firm. Add salt and pimento and drop spoonful on each bowl of soup.

Enforcement to Be Under Way By First of the Year

AUSTIN, Tex.—Thirsty Texans are prepared to celebrate the Christmas holiday in their own way for the first time since state-wide prohibition took effect in 1919.

Liquor dealers in scores of cities were expecting a big rush. Legally, most of the state still is dry, under local option elections prior to 1919. Many are expected to vote for repeal when another local option election is called. Approximately 40 of Texas' 254 counties were wet or partially so when Gov. James V. Alfred signed the control bill Nov. 15. Since Sept. 9 of this year, however, sales in those counties have been legal. Between Sept. 9 and Nov. 16 no provision was made for licensing and taxing sales.

State liquor administrator C. M. Miller expected to have enforcement well under way soon after Jan. 1, 1936. Package stores that do not sell wine or beer by the drink may dispense liquor in sealed containers. Wines and malt beverages up to 14 per cent alcoholic content may be sold by the drink with meals.

Dry areas are protected by two provisions of the control act—prohibiting drug stores from selling without prescription and recognizing that possession of more than a quart of liquor is prima facie evidence of intent to sell. Texas legislators meet in another special session next month, which is expected to result in a renewed fight by wet members for sale by-the-drink of hard liquors.

LITERARY NEWS

We hope that all members of the community can be present at our program and Christmas tree Friday night, Dec. 20.

We hope to start our program promptly at 7 o'clock.

This will enable us to return to our homes before so late in the night.

CHRISTMAS SPIRIT

Christmas is here with its peace on earth and good-will toward men. Will this season bring peace to us as a whole? I'm afraid that after one glance at our newspapers where the number of deaths during the season is recorded, that we cannot answer "yes." Something is wrong. Isn't it the wrong kind of Christmas spirit?

Man took it upon himself to honor the birthday and celebrate the event of Christ's birth on earth, therefore it seems to me that he should want to celebrate it in such a way as to be an honor and not a dishonor to Christ. He did not ask that we celebrate His birthday. In fact He did not even tell us when it was. But man, not knowing the exact date of His birth, set Dec. 25 aside.

It is indeed sad that man will not adopt more of a Christ-like spirit and observe the day in a manner well pleasing in His sight.

EDITORIAL

The Christmas Spirit

Christmas comes but once a year and should at least bring us joy and cheer.

We often forget the true Christmas spirit and blaspheme the most holy birth date existing, or shall ever exist.

The first Christmas marks the birth of peace, compassion and above all, salvation. With it brings all that dear, pure, everlasting and enduring.

The true Christmas spirit is in the heart. It is in no way a formal affair. You will not find the Christmas spirit at the dance hall, or in liquor. There is no room in Christ's name for anything that is destroying or deploring.

There has never been a monument erected which is termed blessed that does not have in the essence of its structure, Christ, which is the jewel of all firm foundations.

Let's make Christmas a holy day—a day of peace, cheer and good will.

This week's shipments were 183 cars of grapefruit, 12 cars of oranges, 22 cars of mixed fruit, 49 cars of mixed vegetables, 25 cars of snap beans, 12 cars of cabbage, five cars tomatoes, and one car each of English peas, parsley and greens.

Washington is so crowded it may have to spill over into adjacent towns, and Americans who have always wanted to see the capital may some day have the edge on Mahomet.

Because a Bostonian laughed loud and infectiously, he got a lifetime pass to the theater. For a minor breach of the peace, it seems a rather harsh sentence.

Millionth Chevrolet Will Be a Gift to a Chevrolet Owner

Chevrolet's one millionth car of 1935 production is to be presented to the owner of the oldest Chevrolet licensed and in regular use in the United States.

Anderson Pruett of Ranger reports that he and other dealers in this locality have been asked to discover whether the oldest Chevrolet is in this territory.

The one millionth Chevrolet built within the current year came off the assembly line at Flint, Mich., on Dec. 12, just eight days after Chevrolet produced its eleven millionth car since the beginning of the company.

Presentation of the millionth car of the year—a 1936 Standard coach—will be made to the owner whose Chevrolet is discovered, between Dec. 16, 1935 and midnight Jan. 15, 1936, to be the oldest model licensed and in regular service.

It is specified that, to win, the old-timer Chevrolet must have been regularly licensed for operation during the current year, possessing its own 1935 license tags issued before December 1. It must also, have been licensed as a passenger car, and be equipped with a complete passenger car body. It must bear the original engine and chassis numbers, legible and unaltered.

To enter a Chevrolet for consideration, the owner need only drive it to any Chevrolet dealer's salesroom and submit it for examination, receiving a blank on which he will report the engine and chassis numbers for the car to the Chevrolet Motor Company at Detroit, where the company's records will determine which is the very oldest in service.

W. E. Holler, vice president and general sales manager, in notifying dealers of the search for

Mrs. W. C. Niver is reported to be seriously ill at her home, Eastland Hill. Among those at her bedside is her son, Arlys Niver, who has been in West Texas for the past several months.

Mr. and Mrs. E. E. Ivy have returned to Ranger after a pleasant two months visit to Stamford, where they were guests in the home of their daughter, Mrs. Howell Cobb.

Mrs. J. C. Essary and young daughter, Frances, of Denison, are visiting Mrs. Essary's parents, Mr. and Mrs. E. M. Glazner. Her visit will extend through the holidays. She will be joined by her husband who will come to Ranger for Christmas day.

Joe Hull left this morning for Fort Worth, where he joins Mrs. Hull and baby for a visit in the home of relatives. Mr. Hull, who is employed by the Gulf Pipe Line company, will return for duty the latter part of the week.

Miss Myrtle Lucille Mills of C. I. A. arrived home yesterday to spend the holidays with her parents, Mr. and Mrs. E. H. Mills, Oddie street.

Miss Jane Dreinhofer, student at C. I. A., Denton, was due home today to spend the Christmas holiday season with her mother and father, Mr. and Mrs. Fred Dreinhofer, Breckenridge highway.

Master Joe Don Meroney is reported improved from a three weeks illness and is resting quite comfortably at the home of his parents, Mr. and Mrs. Jess Meroney.

Mrs. Paul Brown and Mrs. W. C. Dorsey have returned to their homes at Midland after a visit here Friday and Saturday.

Mrs. C. B. Ausmus is resting quite ill at the West Texas Clinic and Hospital, where she has been a patient for the past few days.

C. E. May spent Saturday in Dallas, where he transacted business.

M. G. Brock of Route 1, Ranger, was a pleasant caller at the Times office Saturday afternoon.

Mr. and Mrs. A. H. Henderson and Mrs. D. T. Wier left Saturday

the oldest car, said that the presentation is intended as a New Year's gift as a reward for the driver whose good care and maintenance has enabled the very oldest Chevrolet to survive after many years of operation.

"Chevrolet is happy to present this 1936 model," said Mr. Holler, "because it feels that some recognition is due the owners of Chevrolets. Our achievement of a production totalling well over a million cars during the current year is to be credited largely to motorists who began purchasing Chevrolets years ago and have placed many repeat orders since then."

"I wish that I could have the thrill that is in store for the owner whose early Chevrolet—a car maybe 15 or 18 years old—will be supplanted by a 1936 model."

Although the presentation will be made as a New Year's gift, the time for submitting cars for consideration has been extended, to include Jan. 15, because of the short period between Dec. 12, the birthday of the millionth car of the year, and the first of the year. Announcement of the award will be made on or about Jan. 22 as soon as the records can be carefully studied to determine exactly who has the oldest Chevrolet in active service.

But the Shanghai artists caught a tartar in one indomitable sailor, who after escaping from their net, shanghai'd the very crimp who had slugged him and in a terrific hand-to-hand battle slays the man's partner with the sharpened iron hook of his own false arm.

James Cagney has the most powerful role of his screen career as this sailor, a crude, ignorant, but dominating character with a driving force and a magnetism that not only wins his battles with the underworld, but eventually the love of a beautiful and talented woman of the underworld.

Margaret Lindsay, as the girl, gives a fine and artistic portrayal in this picture. Her impassioned plea for the life of the man she finally confesses she loves brought tears to the eyes of spectators just as it did mercy from the vigilantes in the story.

Ricardo Cortez is outstanding in his characterization of a famous underworld gambler who rises to power by throwing in his lot with the sailor, but is eventually wiped out by the hangman's noose of the vigilantes.

A fine portrayal of the flashily gowned and beautiful but evil common law wife of the gambler is given by Lili Damita, the exotic screen beauty.
