Prisoner Walks Out Of Court, Escapes

Appointed Society Group By Governor of State

WASHINGTON, Feb. 10.—The House today passed the Summers bill providing voluntary retirement of supreme court justices on full pay at the age of 70.

The measure was regarded by some as a frank maneuver against President Roosevelt's sweeping court plans. It was passed by the House with strong support of both Democratic and Republican members.

WASHINGTON, Feb. 10.—The first formal test of congressional sentiment toward President Roosevelt's proposed judicial reorganization, was sought in the house.

Chairman Halton Summers of the house judiciary committee, which is considering the program, prepared to bring to the floor two bills which embody less controversial parts of the proposal.

Although the bills do not involve the prime issue of enlarging the supreme court, debate on them may show house sentiment on the entire plan.

The two measures called today provided:

1. Full pay for supreme court justices who retire after they are 70 if they have served 10 years.
2. Authorization of the U. S. Attorney General to intervene in private litigation in federal court, if a constitutional issue is involved. Direct appeal of such cases from district court to the supreme court.

The house acted while the country discussed the president's proposal on a tremendous scale. The Texas senate asked that state's congressional delegation to vote against them, while the Colorado house asked its state's delegation to support them.

Twenty-three attended Tuesday night the first 1937 meeting of the Eastland-Callahan Medical Society at the Connellee hotel in Eastland.

In addition to the announced speakers, Dr. C. Augusta de Vere of New York City, who had been conducting a clinic in Eastland for a week, spoke on the anatomy of the neck. Dr. T. Wade Hedrick of Abilene gave a case report on gall bladder. "Fisura in Ano" was the subject of a paper by Dr. W. B. Guinn of Breckenridge.

Next meeting of the organization, composed of doctors of Eastland and Callahan counties, will be in April at Eastland, permanent meeting place.

DALLAS, Feb. 10.—Joe Leito, notorious Dallas police character and defendant in a federal narcotic case, walked out of the court room today and escaped a few minutes after he pleaded guilty to a narcotic charge.

DALLAS, Feb. 10.—Joe Leito, notorious Dallas police character and defendant in a federal narcotic case, walked out of the court room today and escaped a few minutes after he pleaded guilty to a narcotic charge.

Dog Was Right; Miner Rescued

His dog playing a hero's role, Robert P. Johnson, top photo, 36, was brought out alive from the Flemington, W. Va., mine in which he was trapped eight days and nine nights. When Johnson, who dug coal in the abandoned shaft for sale to neighbors, disappeared, his dog, lower photo, led searchers to a subterranean pool. Guided by this tip, rescuers drained the pool and found Johnson trapped behind a slate fall on the other side.

Soft Ball Field Will Be Fenced

At a meeting of the soft ball control committee, held in the office of the Chamber of Commerce Wednesday morning, it was voted to build a 10-foot board fence entirely around Municipal Field, where soft ball games are played.

It was pointed out at the meeting that the same nominal admission could be charged and that this would pay for the fence, after which it might be possible to reduce the admission price and still keep the field on a self-supporting basis.

Estimates on the cost of the fence were around \$650 to \$700, with a possibility that this might be reduced some with the exercise of as much economy as possible.

It was also decided at the meeting that the field could be used for rodeos, pens being built outside the playing field and the field proper being used for the performances. G. A. Murphy, a member of the committee of control, stated that he would put the field back in first class condition after each rodeo, so that the ground would not be hurt in any way.

Work on the fence was expected to be started immediately in order that it could be completed before the softball and rodeo season opens.

Those present at the meeting were J. J. Kelly, G. A. Murphy, Col. Brasher, A. N. Larson, W. F. Creager and Mickey Sloan.

Announcement was made here today that the Mineral Wells Post of the American Legion would furnish the program at the regular meeting of the Carl Barnes Post Thursday night.

The Mineral Wells Post officers have stated that between four and five carloads of Legionnaires from the Resort City would make the trip to Ranger and would put on a program for the entertainment of ex-service men in this section.

Summon 75 Special Veniremen for Case Beginning Monday Charging Gorman Boy In Statutory Offense

A special venire of 75 was summoned Tuesday to report Monday in 88th district court at 9 a. m., for the case charging Ray Burns, Gorman youth, with a statutory offense.

Burns was indicted by a grand jury, October 30, 1936. A young girl living near Eastland was the alleged victim.

Members of the special venire: T. H. Holder, Scranton; C. B. Fruit, Ranger; M. C. Alabrook, Gorman; H. A. Sharp, Desdemona; I. S. Ford, Carbon; O. H. Dick, Cisco; H. L. Jackson, Eastland; Ted Bacon, Cisco; F. L. Drago, Eastland; Jim Ward, Olden; Frank Castleberry, Eastland; J. H. Jackson, Desdemona; C. F. Goleonor, Nimrod; G. T. Alford, Okra; G. A. Earp, Rising Star.

No Mentally Ill Awaiting Transfer To Hospital From Eastland County

None of the state's 884 mentally ill awaiting transfer to hospitals—a situation which recently contributed to Governor James V. Alfred's request of the legislature for immediate action to provide for insane—in Eastland county, County Judge W. S. Adamson stated Wednesday, however, that delays in transferring patients to Wichita Falls State hospital for insane which usually receives persons found insane in county courts of this district, have been frequent.

The last person found insane in county court was forced to wait 30 days before admittance papers were received from the Wichita Falls hospital. Ninety day delays are not rare.

In Eastland county last year there were 21 persons sent to the Wichita Falls hospital.

Before a person can be adjudged insane a complaint must be filed in county court to start the procedure which terminates in delivery of the patient by the sheriff or deputy at the state institution.

After a complaint is filed, Judge Adamson explained, the defendant is arrested and a jury summoned for the trial. At the trial special issues are submitted and upon the jury's answers judgment is rendered by the judge. After the judgment is rendered the county clerk sends transcript of the records to the Wichita Falls hospital for inspection of the case for study before notification is sent of the patient's acceptability.

After notification of the acceptance, the sheriff or deputy takes the patient to the hospital.

Mentally ill are usually kept in confined in the county jail during the delay if any, in transfer. In some cases the patient is allowed to stay with relatives following execution of a bond to guarantee his safe-keeping.

In special occasions mentally ill are taken to other state hospitals for insane if the confinement is urgent and the Wichita Falls institution crowded.

Three have been committed from this county in 1937 to date.

The special issues submitted juries in lunacy cases ask if the defendant is mentally unsound, if restraint is necessary, the age and nativity, how many attacks he has suffered and the time of the current attack, if the insanity is hereditary, possession of any estate and its value, and if he has no estate is there any person liable for his support.

Tony Johnson was found guilty of automobile theft and assessed a two-year prison sentence by a 91st district court jury Wednesday morning.

The jury received the case on Tuesday afternoon.

Before Judge George L. Davenport prepared the charge the state abandoned an effort to have imposed a penalty under the habitual criminal law, the infraction of which was alleged in a second count in the indictment.

Johnson was charged in the first count of the indictment with the theft early last year of an automobile owned by Beulah Stark, Triumph school teacher.

Witnesses for Burns Trial Are Requested

Issuance of subpoenas for the appearance of the following witnesses for the case charging Ray Burns with a statutory offense, beginning Monday in 88th district court, has been asked by the state:

Dr. W. P. Lee, Cisco; Dr. F. T. Isbell, Eastland; D. J. Jobe, Eastland; and Jewel Petree, Carbon.

Deserts Sleepy Sitdown Suitors

What happens when there's a walkout on a sitdown strike? Apparently, love fires out the window toward New York. So it seemed when Florence Hurlbut, above cluded Harold Hulen, persistent suitor who for three days remained chained to a radiator in her Excelsior Springs, Mo., apartment.

Aided by Hulen's uncle, Miss Hurlbut slipped through a window and boarded a New York plane, while the man who sought her hand slept peacefully.

Pythians Planning District Meeting

The Eastland lodge of the Knights of Pythians will celebrate with others of the nation the founding of the order by Justice Rathbone in Washington, D. C., in 1864.

Originally the celebration program, to which other lodges of the district will be invited, was set for Feb. 19, but because of illness, has been tentatively reset for Tuesday, Feb. 23.

The Knights of Pythians was founded following the Civil War, when churches and other organizations had been split into north and south divisions or had been abandoned.

Lodges will be invited from Throckmorton, Taylor, Young, Stephens and Palo Pinto counties.

At the weekly meeting Tuesday night, G. W. Collum, who has been ill, was reinstated.

Team From Carbon Are Champions

Carbon high school's basketball team Tuesday night won the county championship by defeating Scranton in the Eastland gymnasium, 35-15.

The Carbon team Saturday night was victorious in a Class A tournament at Ranger. Scranton had won the championship of Class B in a previous tournament.

In an added feature, Comyn girls trounced the Eastland girls, 27 to 5.

Carbon high school's basketball team Tuesday night won the county championship by defeating Scranton in the Eastland gymnasium, 35-15.

ELEVEN KILLED WHEN PLANE CRASHES INTO SAN FRANCISCO BAY

Eleven passengers and three crew members of a United Airlines plane half submerged in San Francisco Bay, today attempted to raise the wreckage and determine the fate of eleven occupants.

Salvage operations began at low tide. The barge was moored between two coast guard boats about one and one-half miles off shore. Officials estimated it would require four hours to lift the wreckage high enough to permit authorities to enter the cabin.

Department of Commerce inspectors stood by ready to begin an investigation.

The cause of the crash may never be known, however. Weather conditions were perfect as A. R. Thompson, veteran pilot, eased the big plane into a landing that ended in the far west's fourth major air crash of the winter. Some believed that Thompson dipped too low in circling to land and the plane struck the water.

The county coroner also waited to start an investigation and the United Airlines began an inquiry.

The 21-passenger air liner crashed five miles east of Municipal Airport at 11 o'clock Tuesday night. The wreckage was discovered five hours later.

PROTESTS ARE HEARD UPON COURT PLAN

WASHINGTON, Feb. 10.—Rep. Maury Maverick, Dem., Texas, House supporter of President Roosevelt's judiciary bill, today charged that Congress is being bulldozed with fake telegrams seeking to defeat the measure.

Maverick, leader of the House liberal faction, charged that opponents of the measure are flooding Congress with telegrams of opposition. He recalled some organizations had been split into north and south divisions or had been abandoned.

"I intend to get time on the House floor to denounce this practice," Maverick said. "It is a deliberate effort to bulldoze Congress. The telegrams I received apparently were inspired by one man."

AUSTIN, Feb. 10.—The Texas House of Representatives today was torn between a non-committal attitude and outright opposition to President Roosevelt's proposed increase in the membership of the United States Supreme Court.

Yesterday the House killed a resolution to commend the plan, while the Senate decided to protest through members of the Texas delegation in Washington.

While decision was cut off by lack of time on whether the House should go on record as "neither favoring or opposing the President's position," or opposing the proposal outright.

SAN ANTONIO, Feb. 10.—The San Antonio Bar Association today adopted a resolution denouncing President Roosevelt's judiciary plan.

SEATTLE, Wash., Feb. 10.—The newest suspect in the kidnaping-murder of Charles Mattson, 10, of Tacoma, was booked by police today after 10 hours questioning.

He gave his name as H. A. Post, 52, and said he was a seaman. He was arrested Tuesday by detectives as James McDonald, 31, ex-convict from California. The man was found in a cheap hotel.

Federal agents, meanwhile, awaited further details from Noyes, Minn., where Stanislaus Poracki, a former sailor, was held as another suspect in the case.

CARBON MAN ILL
W. J. Speer, Carbon feed store owner, Wednesday was reported seriously ill of influenza with complications at a Gorman hospital.

NO END SEEN IN STRIKE AT G. M. C. PLANTS

DETROIT, Feb. 10.—Governor Frank Murphy sought to preserve peace in the strike-paralyzed city of Flint today, while he held representatives of General Motors and the United Automobile Workers in conference.

There was no indication a settlement was near. The union, it was reported, offered General Motors a compromise on its demands for the exclusive right to bargain for all employees in the 20 plants closed by strikes.

The offer, it was said, was refused.

WASHINGTON, Feb. 10.—Alfred Sloan, Jr., and William Knudsen, president and vice president of General Motors Corporation, may be called before the civil liberties investigating committee, it was learned today.

The committee was expected to delay summoning the two high officials of the corporation, however, until the current strike of G. M. C. employees is settled.

Happy Kitchen to Banish Worries of Many Housewives

Kitchen worries and cooking troubles, those bugaboos of so many women will be nil in numbers of homes soon.

They are going to be entirely banished by Miss Jessie Hogue noted cooking instructor, comes to this city soon to conduct the Happy Kitchen Chautauqua for the women of this city and surrounding territory under the auspices of this paper.

A feature of the cooking school will be the model kitchen, for which all equipment, aluminum and kitchen supplies will be furnished by local merchants and manufacturers, who are cooperating with the paper in bringing Miss Hogue here.

The classes will be free of any admission and from present indications, there will be a great number of local women as well as many from surrounding territory, attending them. All women interested in the various phases of homemaking are invited by this paper to attend the classes.

Appeal Is Denied To Ernest Wallace

AUSTIN, Feb. 10.—The following proceedings were had today in the court of criminal appeals.

Johnson county: Affirmed, Mel-do Armstrong, two cases.

Eastland county: Appellants' motion for rehearing overruled without written opinion, Earnest Wallace, from Eastland.

Eastland, Strawn Teams Play Tonight

The Eastland high school girls' and boys' basketball teams tonight will go to Strawn to return a visit of last week, Coach Johnny Kitchen announced today.

SEATTLE, Wash., Feb. 10.—The newest suspect in the kidnaping-murder of Charles Mattson, 10, of Tacoma, was booked by police today after 10 hours questioning.

Can We 'TVA' Ohio, Mississippi Valleys?

There is nothing new about floods in the Ohio and Mississippi valleys. Impersonal and relentless, the mighty rivers overflow their banks periodically.

But because they flow through the most fertile valleys on the planet, these rivers have millions of people along their banks. Great cities and teeming farmlands lie on either side, all the way to the Gulf.

Now we have spent millions of dollars to get these rivers under control. After each great flood a new program is launched. National and state governments give money generously; the best engineering brains are summoned to see that the money is spent wisely.

Yet one winter of abnormal rain or snow seems able to cancel all of this control work between week-ends. Despite all that has been done, this winter's rampage of the Ohio is the worst in that river's history.

And that must mean that one of two things is true. Either we have not been using the right tactics in our control campaign—or the campaign is doomed to defeat by the very nature of things, and we shall have disastrous floods every so often in spite of anything we may do.

If the latter is the case, we can take it; we have so far, at any rate, and we probably can go on doing so. But before we admit defeat, we might do well to study the whole problem from a new angle. Isn't there some other way of attack that might lead to victory?

It may be that there is a way; a strategy by which we would look on the whole tremendous river system as a unit, to be curbed by a great, co-ordinated campaign more far-reaching and thorough than anything we have ever tried.

We have a handy laboratory in the Tennessee valley. The river there is being put into harness in a comprehensive way. Under the Tennessee Valley Authority, it is not merely being tamed to the production of electric power; it is being made flood-proof and erosion-proof, chained with an indefinite network of dams, spillways, sluices, forests, terraced slopes, and similar works so that, when the job is finished, the Tennessee and its tributaries will be permanently under control.

To do the same thing for the great Mississippi and Ohio valleys would be a job such as even America has not tackled before. It would take millions upon millions of dollars, years of effort, and the best brains the nation could call to its service.

It might be that the job would just naturally be too big. But in view of the record of the last fortnight, we ought to find out about it. If these mighty rivers can be harnessed and controlled, no price is too high. The tragedy of the Ohio valley will not be wasted if it forces us to make the valley safe for all time to come.

Excerpt from an introduction of the future, according to critics of Social Security: "Pardon, I didn't get the number."

Hollywood parties must be swell affairs for the men, with all those extra girls.

The GRASSHOPPER MAKES MUSIC BY USING HIS WING COVER AS A FIDDLE, AND HIS LEG AS A BOW!

The BRYOPHYLLUM PLANT

GROWS TINY PLANTS ON THE EDGES OF ITS LEAVES, THEN DROPS THEM TO THE GROUND, WHERE THEY TAKE ROOT AND GROW.

MOST ASTRONOMERS BELIEVE OUR UNIVERSE IS ONLY ONE OF MANY SUCH STAR GROUPS.

A RIDGE, running along the thigh part of a grasshopper's leg, is used as a bow to rub against a vein on the wing cover, and thus the insect produces sound.

Bank to Close For Lincoln's Birthday

Announcement was made here today by Hall Walker, vice president of the Commercial State Bank, that the bank would be closed all day Friday, Feb. 12, in observance of the anniversary of Lincoln's birthday.

Lincoln's birthday being a legal holiday throughout the United States, all banks in the country will be closed on that day. All who have business to transact with the bank have been requested to attend to it on Thursday before the bank closes.

Conduct Funeral For T. M. Dabbs, 73

Funeral services for T. M. Dabbs, 73, who died Tuesday morning at Morton Valley, were conducted Wednesday afternoon at the Eastland cemetery.

Dabbs is survived by his wife; four brothers, Charles Dabbs, Simm Dabbs, Eastland; Robert Dabbs, Snyder, and John Dabbs, Oklahoma, and a sister, Mrs. Ed Houston, Eastland.

Hammer Undertaking Company, Eastland, made arrangements.

Trade Secrets Sold By Refinery Worker Cause Quite a Stir

BAYTON, Texas—Trade secrets leaking into national petroleum publications caused Humble Oil and Refining company officials to make an exhaustive search for the "tattletale."

The company officials were sent scurrying when 10 articles appeared in succession and revealed secret, new oil refining processes.

Laboratory details finally were narrowed down to cover a process used exclusively by the Baytown refinery of the company. This was the first clue as to the whereabouts of the "tattletale."

Magazine editors told company detectives that checks of \$100 each were sent to New York City. Specimens of handwriting were compared with that of every worker in all of the company's laboratories before the "tattletale" was found.

The man, popular young laboratory worker, will not be prosecuted, but he was dismissed from his position.

TAYLOR SERIOUSLY ILL

W. B. Taylor, who is ill at the City-County hospital in Ranger, was reported today to be still in a serious condition.

They're at The Arcadia Friday

The central figure in the reunion of the 3,000 grown-up "babies" he brought into the world is the Country Doctor, Jean Hersholt, featured in "Reunion," Twentieth Century-Fox picture. Starring the world-famous Dionne Quintuplets, his cast also includes Rochelle Hudson, Helen Vinson, Slim Summerville, Robert Kent, Dorothy Peterson and John Qualen.

Gardens That Grow Grapeshot Found

TYLER, Texas—"The Gardens that Grow Grapeshot" might well be the title of one of Robert L. Ripley's illustrated items of unusual facts concerning the backyard plots of O. M. Bradley and Jack Martin.

These two Tyler neighbors have discovered that upon digging for potatoes they often find "minnie balls" and when furrowing to plant tomatoes they rake up grapeshot and rifle balls—relics of the War Between the States.

Bradley explained that the site of his home and backyard is identical with that of a demolished U. S. arsenal that was built when federal soldiers occupied Tyler during the Civil War. Embedded in the earth are relics of the army storehouse. In Martin's garden may be found pockets of charcoal left from the ruins of a powder-making branch of the same different types of shot and tabulation.

Although he has recovered war materials, Bradley was non-plussed recently when he came upon a spherical shaped out of iron. It was six or seven inches in length, oblong and tapered in the manner of a high explosive shell or a headpiece off one of those old-fashioned iron fence posts. It was eaten away by rust but seemingly was solid.

Bradley has failed to establish its identity with any degree of positiveness but he thinks it may be a kind of bullet fired from an old muzzle-loading field piece.

At least he's certain it isn't a yam.

Twin Sisters of 75 Are Master Farmers

THOMPSON, N. D.—Master "farmerettes" are Mrs. Ella Peterson and Mrs. Lila O'Neale, believed to be North Dakota's oldest twins—each robust at 75.

Mrs. O'Neale owns 1,500 acres near here, and her sister has a large tract near Westhope, N. D. Throughout the depression the sisters, who live together, have managed to get along without government aid.

The sisters, both widows, actively supervise farming operations on their respective tracts. "It may take a man to dig like a good farmer, but it requires a woman to think like a good farmer," smiled the gray-haired Mrs. O'Neale.

Drs. A. K. Wier, P. M. Kuykendall, T. L. Lauderdale and Walter Jackson attended the county medical meet at Eastland last night.

DETECTIVE OFFICER KETTER

FOURTH REPORT

REASONS

MOTIVES 9-1-37

JOCELYN: Nil, as far as

OSODINI: Nil, as far as

ROCKSAVAGE: Strong

BUDE: Nil

LET'S KNOW TEXAS

WILL H. MAYES

AUSTIN TEXAS

THE SOUTH

THE SOUTH

LADY WELTER: Motive in her case, which was weak in our first analysis, is considerably strengthened by the cable from Scotland Yard, in which it appears that she has been expending a portion of her fortune for numerous years in supporting a non-commercial group of papers. Further, that she lost a considerable portion of her capital in the Hatry crash, and is now principally dependent upon her holdings in the Rockavage companies.

MR. HAYASHI: Nil, as far as is known at the moment, but the fact that he wrote to Blane, asking for an appointment, brings him much more strongly under suspicion. If it can be proved that he visited Blane's cabin between 7:45 and 8:15, when he appeared in the lounge, it will look very much as though he is our man.

MR. JOCELYN: As dependent of Lady Welter his motive is considerably strengthened by the facts about her financial situation which have now emerged. From the report of his activities previous to his marriage with Lady Welter's daughter it is obvious that he is something of an adventurer and, since he was frequently written, probably unscrupulous where money is concerned. Moreover, he is responsible for having introduced into the party a known criminal, "Slick" Daniels, alias Count Posodini.

MISS ROCKSAVAGE: Nil, as far as is known at the moment. I then proceeded to re-examine the whole party.

DETECTIVE OFFICER NEAMES' SHORTHAND NOTES OF DETECTIVE OFFICER KETTER'S SECOND EXAMINATION OF COUNT POSODINI. K: Good morning, Count. K: Hello, hallo, still busy Mr. Sherlock Holmes? K: Very busy indeed, Mr. Daniels.

P: Well, now, just fancy your people being as quick off the mark as all that. K: You don't deny it? P: What's the use, friend? I kept up the little bluff yesterday because I had half a hope that you might lay your hands on the man who gave Blane his right-away. Then I could have gone back to business without any sort of trouble from you folk at all, but it was only half a hope and I knew that if you didn't get your man you'd pick it up that the Count stuff was all hooey by today.

K: Well, that's frank, anyhow. Now, what do you know? P: I don't know nothing. I swear by Almighty God. K: Cut it, Slick, cut it. You're in a spot. You know that, don't you?

Columbia, Dec. 10, 1836, and the flag designed by Charles B. Stewart, adopted Jan. 25, 1839, the latter being the present State Flag of Texas. In addition to these the Republic had a Navy flag.

Q. How old is the Bible used in the inauguration of the Governor and Lieutenant Governor of Texas? A. It was printed in 1816 and has been used in the Texas inauguration ceremonies since some time in the 1840's, the exact date not being known. The old Bible has been kept by the Supreme Court in its safe, and contains a written inscription, "Supreme Court Republic of Texas 1846." The part of the leaf with the last figure has been torn out, so we can only know that the date was prior to 1846. It is about half the size of a sheet of letter paper, and about three inches thick.

Q. What governor of Texas initiated the custom of presenting his successor with a Bible in which is marked a verse for guidance of the incoming governor? A. Gov. Pat M. Neff, presenting the Bible to Gov. Miriam A. Ferguson.

Q. Where did LaFitte establish his Galveston Island home? A. At a place he called "Campuchey," at the ruins of D'Aury's settlement, and in a house known as the "Red Mansion" around which there grew a settlement of more than 1,000 followers who called him "Lord of the Isle."

History Projects "Texas Under Six Flags," 16 pages of outline pencil pictures ready for children to fill in with color markers, every picture conveying a vivid impression of Texas history that will not be forgotten. Front cover has large picture of Texas Capitol surrounded by six flags in natural colors. This full project book arranged for Kindergarten, First Grade and Home Instruction - a nice gift book - something every child will like. Mailed postpaid for 25 cents. I enclose 25 cents in coin securely wrapped for a copy of "Texas Under Six Flags."

NAME _____ ADDRESS _____

"OUT OUR WAY" - By William

BORN THIRTY YEARS TOO SOON

SISTER MARY'S KITCHEN

By Mrs. GAYNOR MADDOX NEA Service Staff Writer TODAY, the 10th of February, is Ash Wednesday, the first day of Lent. The mortification of the soul we'll leave to spiritual advisers; the domestic problem of meatless meals is a matter less mystical. From now until Easter Sunday, the 25th of March, many homes will need recipes for both fish and eggs and other meatless dishes which will satisfy the everyday needs of the working appetite and still conform to the canonical laws.

There's always codfish. Fresh fish may not always be available where you live. Frozen fish, despite its increasing excellence, thanks to scientific refrigeration and rapid transportation, may not quite satisfy you. But there is always codfish and that can be first class eating. Ask any of the folks from "Down East."

Down East Codfish Balls (9 balls) This is the kind that is flaky, meltingly tender and not too regular in shape. 1 cup salt codfish, 2-2 cups raw cubed potatoes, 1-2 tablespoons butter, 1-3 teaspoon black pepper, 1 egg. Soak codfish in cold water for at least 8 hours. Pour off water, then shred with fork. Cook potatoes until tender, drain and dry thoroughly. This drying is very important if you want flaky cakes. Mash well, add butter and pepper and beat until light. Add slightly beaten egg to mashed and fluffed potato, then shredded codfish and beat with stern insistence until the whole mass is as delicate and as light as a whispering summer breeze. Taste. Does it need a fleck more of salt? Heat your deep fat in a kettle to 385 degrees F. Scoop out codfish balls with an ice cream scoop and place in frying basket. In they go and stay for 1 minute, out they come brown and tender. Drain on brown paper.

Here's an extra touch of Lenten indulgence - a egg sauce to blanket them in mellow kindness. Egg Sauce (Enough for 9 balls) Three cups milk, 3 tablespoons flour, 3 tablespoons butter, 1 teaspoon salt, shake of pepper, 3 hard-cooked eggs (more if your budget won't object). Scald milk. Blend flour and butter together and add to milk. Cook until it forms a sauce consistency. Season. Slice the hard-cooked eggs and add to cream sauce. Serve piping hot. As you see, there is more to Lent than penitence.

WASHINGTON - Against winter's icy blasts there is one satisfactory protection - that of a well-insulated house. Its many advantages are obvious. But, in sharp contrast with the uninsulated house the fuel bills mount, and the cold air seems to enter through walls and ceilings in spite of every reasonable effort to heat the building properly. On the farm there is the additional problem of keeping the cattle comfortable, of keeping hog houses and laying houses reasonably warm and of maintaining milk houses and brooder houses at an equitable temperature. It is during this winter period, according to the Forest Products Division of the Bureau of Foreign and Domestic Commerce, that the usual flow of inquiries concerning house and/or farm insulation quickens abruptly. Particularly does the home owner or farmer desire information on the best types of insulation to use, their relative efficiencies as insulators, their methods of application. To service the home-owner and the farmer of the United States who are interested in insulation and to present in a practical, concise manner, pertinent information on the subject, the Department of

Conmerce has for distribution two booklets, "House Insulation, Its Economics and Application," and "Insulation on the Farm." Both of these have been extremely popular. "House Insulation" covers in considerable detail the advantages gained through insulation such as lowered fuel costs, the greater comfort, etc.; the types of insulation used, such as rigid, flexible, and fill types; the thickness of insulation to use; the methods of application; the cost of insulating, etc. A particularly interesting and enlightening table presents the insulating values of the different types of wall construction. Information on weatherproofing and on the fuel savings to be effected through insulation is found in appendix form in the back of the booklet. The radio has been of great service during the flood. As a matter of fact, however, singers are ignoring the beautiful Ohio.

Book On Insulation Is Now Available

WIDEST CHOICE IN LOW-COST CARS RIGHT AT YOUR FORD DEALER'S!

WITH the new Thrifty "60" V-8, your Ford Dealer offers the widest selection of low-cost cars in history. See him before you decide on anything. Perhaps the best buy for you is a new "85" - smart, economical, and one of the best performers on the road. Or - if economy counts most with you - a new Thrifty "60," just as big and roomy as the "85," just as easy-riding, but designed to operate for less than any Ford car ever built. If you want to spend still less, we have R&G used cars - many makes and models including '35 and '36 V-8's - carefully renewed to specifications laid down by the Ford Motor Company and guaranteed in writing, on a money-back basis. Why settle on anything until you've seen everything at your price? Come in and see several different cars, side by side. Then put your money into the particular kind of value that will mean greatest satisfaction for the months to come.

To be sure you get the MOST for your money... see Your Ford Dealer FIRST this year!

in the early steps of Parent-Teacher work. Personal tribute was paid the founder, Mrs. Ella Porter. A candle was lighted for local leaders, Mrs. John Hassen, Mrs. J. S. Reynolds, Mr. P. O. Hatley. As Mrs. Maddocks touched the last candle to its flickering flame, Mrs. Hassen stepped forward and lighted another candle this time for Mrs. Maddocks, who has done an unmeasured degree of constructive work in Ranger branches, in addition to having served as State President during the past few years.

The business session preceding the program brought to the attention of members plans for the next session. Thirty six dollars was donated to the Red Cross relief fund, five having been taken from the treasurer, while the balance was raised from successful projects arranged through the association.

Joint Meeting of Ranger's Masonry Societies

Challenge of the Cross," which was postponed last Sunday night because of the Communion service, will be presented. The public is cordially invited to attend.

The Y. W. A. Girls met at the Church Tuesday night and practiced on the play. Thirteen girls were present and the sponsor, Mrs. W. A. Lewis and Mrs. Lee Mitchell.

Report on Home Makers Club

The Future Homemakers Club met Wednesday at 11:30 in its regular weekly meeting with its sponsor, Miss Terry. Plans for attending the district meeting to be held in Albany next Saturday were discussed. The five girls elected to represent the local chapter are Ina Gene Reynolds, Mary Ella Bra-shers, Junior Meri Sneed, Jewel Holer, and Inez Baker. Melba Morgan of the Ranger club is president of the district.—Reporter Inez Baker.

Mrs. Lee Mitchell Gives Interesting Talk to G. A.'s

The Intermediate G. A.'s of First Baptist church spent a study hour together Monday afternoon and heard as pertinent topic of discussion, "The Jews" delivered by the sponsor of the group, Mrs. Lee Mitchell. The lesson was made complete by other members of the organization giving harmonizing parts.

Circle Study Bible

Cooper Circle of the Women's Missionary Society of First Baptist church was entertained by hostess, Mrs. Hugh Russell at the regular meeting this week. Bible lesson was taken from Proverbs. Present were Meses. Colonel Bras-hier, Charles Russell, W. F. Hazard, and J. B. Ferris.

Mrs. J. F. Byas opened her home for the study taken from First Samuel, and those present, Mmes. R. C. Carville, D. S. Davis, Gibson, Otto Bundick and Jack Terry, compose circle Young.

South Hodges circle conducted their study at the church, taken from Gospels. Those attending: Mmes. J. W. Tibbles, G. W. Thomas, Duncan, Webber and Miss Lillie Ringold.

Missing Home Paper

Mrs. J. R. Wood, who is visiting in San Francisco, Calif., writes she misses her home paper and is anxious that it be sent her at her present address, 743 Polk St. Mrs. Wood has long been a subscriber of the Daily Times.

Bride Making Home at Eastland

ring ceremony was performed at the home of the bride's mother, where the living room carried attractive decorations for the informal service.

The bride was frocked in a smart navy blue print with matching accessories. Only close friends and immediate members of the families were present.

Mrs. Barton, was connected with the local Scott store, and the bridegroom is assistant manager of the J. C. Burr store at Eastland, where they are now at home, Conner apartments.

Announces Marriage of Son

Mrs. J. H. Milburn of Olden, announces the marriage of her son, Joe Milburn, to Miss Margie Lynn Fowler, on November the first. Mrs. Milburn is the daughter of Mr. and Mrs. S. M. Fowler and a former resident of Ranger, since she attended Ranger Junior College.

Milburn is a graduate of Thurber high school, and later attended Ranger Junior College. He is now associated with the T. & P. Coal and Oil company. They are at home, 600 West Main street.

B. S. McGlamery to Speak to Ranger Civic Clubs Tonight

B. S. McGlamery, of Eastland, will be a special visitor in Ranger tonight when he speaks to all civic clubs at the Colonial room, Gholson Hotel, at 7 o'clock, having for his all important subject, "Work for the Crippled Children." Many children of this city have been given help and his topic promises to be heard by representatives from the 1920 Club, New Era Club, P. T. A.'s, Study clubs, City council and every branch of Civic organizations.

"The Blessedness of Giving"

A splendid inspiration was evident among members of the Y. W. A. of Central Baptist church at their meeting held at the church last evening, with the subject, "Blessedness of Giving," a chapter from the Window of Y. W. A. under the leadership of the president of the association, Miss Velma Brown.

Song, "Love Lifted Me," was sung ensemble, followed with the general announcements which included an invitation to the organization to be present at First Baptist church Sunday morning at the 11 o'clock service to hear Mrs. J. B. Buckley, the district Young People's leader, offer a special talk to the girls. It was agreed the membership would attend in a body.

Monday evening, Feb. 15, the members are to attend a Valen-

WHEN WE STOP GREASY INDIGESTION WE FEEL JUST FINE

Our stomach can't digest grease. Neither can our bowels. Only our pancreatic juice, working with our bile juice, can digest grease. When we get bad taste, headache and that nasty greasy feeling which comes from greasy indigestion, take Carter's Little Liver Pills before each meal and 1 after. Carter's Little Liver Pills bring a large flow of our pancreatic juice and bile juice into our bowels. The large flow of these juices digests the grease we have eaten. Then we burst into life and into our work like a joyful skyrocket.

But if you want this glorious relief from greasy indigestion, ask your druggist for Carter's Little Liver Pills by name and stubbornly refuse to buy anything else. 25c.

tine party at Cisco, given in compliment to the district groups by the Cisco branch. Complete plans were devised under the leadership of the sponsor, Mrs. T. J. Anderson.

"The Blessedness of Giving," was impressively given with each part demonstrated by taking a color of the rainbow, and depicting its meaning. Meses Doris Faircloth, Jewel Boler, Velma Brown and Ora Mae Gee, gave responsive parts. Mrs. Anderson offered a very fine resume and closed the program with prayer.

Miss Gene Peters and Christine Gilder, were warmly accepted as new members, and introduced by Miss McGee.

Present were: Meses Ora Mae McGee, Dorothy, Neville, Jewel Boler, Anetta Faye Huffman, Hazel Edwards, Jene Peters, Marie Myrie, Nellie Hassen, Melba Morgan, Christine Gilder, Doris Faircloth, Velma Brown, Aritta Davenport and sponsor, Mrs. T. J. Anderson and young son, Billy.

To Visit Sister Club

Thursday afternoon when members of Child Study Club No. 1, have finished with their program to be held in the home of their hostess, Mrs. John Hassen, Sue Street, they will pay a visit to their sister club, No. 2, where members will be gathered at the residence of Mrs. H. C. Clark, Young Street.

A white elephant sale brings the two clubs together, manifesting a very fine spirit of cooperation.

Mrs. L. E. White, will act as co-hostess with Mrs. Clark, and members of the above club are to be present at the home of the hostess at 2:30 o'clock.

Ranger Baptist Women Attend District Workers Conference

The Baptist district Workers Conference which embraces many towns within a radius of one hundred miles of Ranger, convened at Breckenridge Tuesday in what proved a highly successful meeting. The interest being taken by each individual group of workers was clearly stressed and many inspira-

ABRAHAM LINCOLN

Rose from the proprietorship of a small country store to President of the United States... Throughout his career he was, first of all, always a good storekeeper. The same principles of steadfast honesty with which he served the people of Salem were the principles by which his life was guided, and, they represent today the principles by which a successful business is always run. In adopting and following the principles of this national figure, the Commercial State Bank brings to Ranger a constant reminder of the man who was known to his neighbors as "Honest Abe."

COMMERCIAL STATE BANK

We shall be closed all day Friday, Feb. 12 in honor of Lincoln's Birthday. Please make your banking arrangements accordingly.

Ice Industry to Give Broadcast Over Big Hookup

Wednesday night, February 10, at 9:30, over a nation-wide hookup of 56 National Broadcasting Company Red Network stations, the Ice Industry's evening radio program goes on the air.

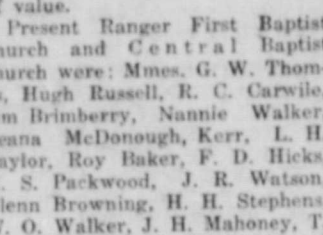

Gladys Swarthout, America's most popular soprano, will be the featured artist, together with Frank Chapman, noted baritone, and Robert Armbruster and his orchestra. Miss Swarthout is a recognized star of opera, concert, radio and motion pictures. She has appeared in such outstanding films as "Rose of the Rancho" and "Give Us This Night," and her latest picture, "Champagne Waltz," is now being released throughout the country. Her radio work includes outstanding performances on programs sponsored by General Electric and Firestone.

Frank Chapman has studied voice in both America and Italy. While in Rome, he appeared with the Italian National Opera Company—the only American member of that great musical organization. On his return to this country, he appeared with the American Opera Company, and since then has brought fine music to many American audiences.

Kenneth Ambrose, local manager Southern Ice, invites the public to tune in on this program to national points brought to a degree of value.

Present Ranger First Baptist church and Central Baptist church were: Mmes. G. W. Thomas, Hugh Russell, R. C. Carville, Jim Brimberry, Nannie Walker, Lena McDonough, Kerr, L. H. Taylor, Roy Baker, F. D. Hicks, H. S. Packwood, J. R. Watson, Glenn Browning, H. H. Stephens, W. O. Walker, J. H. Mahoney, T. J. Anderson, C. W. Blacklock, and Mable Williams.
