Last week I picked up my column from the same week a year ago. It was just a lazy way of saying something that needed to be said at the time. But for something really old, and illuminating, I lifted an editorial from the Progressive Farmer dated June 1934. That editorial was written 49 years ago and in light of today's agricultural plight it is worth serious consideration. The piece from the Farmer follows:

WHY THE BANKHEAD LAW?

When depression became deadliest in 1932, manufacturers cut production as follows: iron and steel, to 31 per cent of normal; automobiles, 35; bituminous coal, 59; anthracite, 62; textiles, 83. But that same year 2,000,000 hopelessly scattered cotton farmers saw cotton production climb to 104 per cent of normal — and prices of course went from bad to worse.

Last year they tried controlled production and doubled cotton prices so that on December 16 in Birmingham Secretary Wallace said:

"The agricultural South leads the nation in recovery."

Need we be surprised then that in January, 94.8 per cent of the cotton farmers to whom the United States Department of Agriculture sent its questionnaire, voted for continued control through some such plan as the Bankhead Bill? What farmers could not do for themselves to adjust supply to demand they can do through the new law's self-imposed cooperation. As Secretary Wallace told Nebraska farmers April 23:

"The farmers of the South have an extraordinarily cooperative attitude toward their great cotton crop."

Thus the enterprise of Southern farmers insures that again in 1934 "the South will again lead the agricultural recovery," as Secretary Wallace said it did in 1933.

Of course there are many kinks yet to straighten out before the Bankhead Law works as smoothly as it ought. But it does this supremely important thing: For the first time since the Machine Age began, farmers have an equal opportunity with industry to do what twentieth century conditions absolutely demand — adjust supply to demand so that that famous law may become the producer's helpful servant instead of his tyrannical master.

The details are as yet imperfect, but the principle is emphatically sound.

According to a table of figures in the article the price of cotton had increased 100% between 1932 and 1934 while the price of grain increased 77%.

The Progressive Farmer told it like it is. Farmers must have some means of regulating supply in balance with demand or suffer the consequences of glutted markets. The current PIK program should have some effect on the price of farm produce but a one-time shot won't do it. It must be an ongoing program if we are to have anything like lasting prosperity in the agricultural sector.

The economic health of agriculture today is just about in the same condition as it was in 1932. The same remedy necessary to get it back on the road to recovery in the '30s will work in the '80s.

THERE IS A DESTINY that makes us brothers; None goes his way alone: All that we send into the lives of others come back into our own. Past National Commander of the American Legion Jack Flynt [right] quoted from a poem by

Edwin Markham at the prisoner of war camp chapel historical marker dedication ceremony held Monday morning, Memorial Day. The Color Guard of Hereford's American Legion Post No. 192 performed the presentation of colors for the ceremony.

POW chapel memorialized

A crowd of about 50 people attended the dedication ceremonies Monday morning for the historical marker commemorating the prisoner of war camp chapel located in Castro County.

The marker, obtained through the joint efforts of the Castro and Deaf Smith County Historical Commissions, is located 17 miles north of Dimmitt on US 885.

Jack Flynt of Dimmitt, Past National Commander of the American Legion, gave the main address at the ceremony.

"For the travelers who come this way and take the time to stop and read this marker, may they note that this area had an important part in making the history of this nation during World War II. For those who search a little deeper, they will find that the after-effect of this prisoner of war camp was more than a place of internment, but served as an instrument to highlight the compassion that the people of this area had for all human beings. The compassion shown by the local people helped to extend the hand of friendship to those from across the waters and encouraged a better understanding between the people of this

and other nations," Flynt said.

Andrew Kershen, chairman of the Deaf Smith County Historical Commission, unveiled the marker and read the inscription: "Near this site during World War II the Hereford Military Reservation and Reception Center, a prisoner of war camp, was established. During nearly three years of operation, approximately 7,000 Italian soldiers were imprisoned. Through their work on area farms and such projects as the painting of religious murals in St. Mary's Catholic Church at Umbarger (25 miles northeast), many of the soldiers made lasting friendships with local residents and with American troops at the camp. The center's chapel, constructed by the prisoners, is the only building remaining at the site."

Helen Rose, secretary of the Deaf Smith County Historical Commission, read a brief history of the chapel.

Music was provided by a brass ensemble and drums from the Hereford High School Band.

Presentation of colors was performed by the color guard of Hereford's American Legion Post No. 192.

'Labor camp' name changed

ABNER EURESTI of Channel 11 News in Lubbock addresses the crowd of 140 at the Azteca Corp. banquet here Saturday night.

LARRY GONZALES [left], president of the Azteca Economic Development Corp., pays tribute to Azteca co-founder Miguel Zuniga during the organization's annual banquet Saturday evening in the County Expo Building.

Miguel Zuniga, former Iglesia de Cristo minister here who now lives in Carlsbad, N.M., received a special award plaque for his services to Azteca.

The Castro County Agricultural Housing Project, known popularly here for years as the "labor camp," has a new name: Azteca Complex.

Larry Gonzales, president of the Azteca Economic Development Corp., announced the official name change at Azteca's first annual banquet Saturday evening in the County Expo Building.

Azteca is now the agent of record for the huge housing project, which has been plagued through the years by vandalism, financial woes and class-action lawsuits. Under Azteca's supervision, the project is just one of several programs which Azteca envisions to help low-income people in the area, Gonzales said.

"We will be building more rent housing in the future," Gonzales said. "Our corporation is so flexible that we can work just about any kind of program we care to get into."

Miguel Zuniga of Carlsbad, N.M., who received a special award plaque Saturday night for his work as a co-founder of Azteca while he lived here, traced the growth of the corporation, which was organized in 1979 "when several Hispanic people got together with a common wish that they could have some input into the community's direction, and that they could help the lower-income people in the community."

Azteca was first organized to develop low-rent housing here, but later was named by the Farmers Home Administration to take over the operation of the agricultural workers' housing project.

Azteca's future plans, Zuniga said, "are related to this same goal — to help those people in need. I think Castro County will become very important because of this effort."

Cavazos challenges grads

Texas Tech University President Lauro Cavazos Friday night challenged Dimmitt High School's 1983 graduates to "exert a little executive authority" in society's decision-making processes, and to measure their future decisions with three basic yardsticks of societal virtue — justice, courage and temperance.

"It would seem to me that all of us who are privileged to live in this great land should exert a little executive authority" in helping elected leaders determine society's directions, Dr. Cavazos said.

"We so often see carping, created by false fears," he said. "What we need is the courage to support, or contribute to, the decisions which our elected leaders must make."

Claiming that "your moral virtue is the most important

"Many will tell you that you are graduating during the worst of times. Yet the US, and Texas, have been through worse."

thing you can ever contribute to our heritage," Dr. Cavazos told the graduates, "The kind of citizen you are will contribute to or detract from the heritage of future generations. Whatever you do, you will affect the lives of everyone else."

Dr. Cavazos, a fifth-generation Texan who was raised at Kingsville, where his father was foreman of the King Ranch, told the grads that later in life they would come to appreciate the advantages of having been raised in a small town.

Small towns, he explained, "may be small in size but very, very big in love and affection. I can see and feel this here tonight.... This community cares deeply whether you succeed."

Comparing this awesome age with others, Dr. Cavazos quoted the classic opening paragraph of Charles Dickens' novel, A Tale of Two Cities:

"It was the best of times, it was the worst of times, it was the age of wisdom, it was the age of foolishness, it was the epoch of belief, it was the epoch of incredulity, it was the season of Light, it was the season of Darkness, it was the spring of hope, it was the winter of despair...."

"Many will tell you are graduating during the worst of times," he said, "yet the US and Texas have been through worse. I have seen worse, as many in our

audience have.... From my memories and experiences, I see little need of fear today."

Fear, he added, "is a paralyzing emotion — it destroys our courage and gives way to the rule of myth."

"I, for one, see a different America from the one popularly portrayed by non-heroes," he said. "You and

the whole of society need more heroes. There are still wildernesses to conquer — disease, poverty, injustice — and we need heroes to conquer them."

He said the nation "is troubled by where to put the dollars we don't even have... but we also have the resources on which to draw to make these truly the best of times."

HOME AGAIN—Sharon Barker, a missionary nurse-midwife, is back visiting in Dimmitt from Multan, Pakistan. Among the items she brought home is a brass vase and a toy camel made from camel's hide.

Her chosen place: Pakistan hospital

By KARI FLUEGEL

Multan, Pakistan, is hardly the place one would expect to find someone from Dimmitt. But in Multan, that is exactly what one would find.

Sharon Barker, a registered nurse and midwife, is a medical missionary at the Women's Christian Hospital in Multan.

She has served half of her initial three-year term as a nurse and midwife in Pakistan. She is currently on a month's leave, and is visiting her parents, Elvis and Joy Barker.

"I wanted to work specifically among Muslims, because there are not many missionaries among them," Barker said.

Being a Western woman in a Muslim country, Barker had to make certain adjustments. "Adjusting went more smoothly than I expected. God helped me to adjust slowly," she said.

Muslim women are much more modest in their dress and are rarely seen without husbands or other female members of the family. A Western woman alone in public usually sparks attention.

"Because of our dress style and independence, they think we have lower morals than their women," Barker said. Adjustments also had to be made medically. Muslim people are so poor that only basic hospital care can be given.

"A combination of poverty and lack of education work together to result in a high

infant mortality," she explained. The people of Pakistan do not understand how to clean baby bottles.

Disease-carrying flies land on baby bottles and further spread infection, so the hospital tries to promote breast feeding. Because of the poverty, they cannot give the right proportion of powdered milk or formula. Another health hazard develops when expectant mothers go to untrained midwives for pre-natal care. These midwives often give the mother injections that harm the unborn child.

When they seek our medical help our decision has almost already been made for us. We have to see the mother's life as being more valuable than the child's in this culture. Consequently the baby's life sometimes has to be sacrificed for the sake of the mother's.

Barker's training for her missionary work involved six years of preparation beginning with nursing school at the University of Texas School of Nursing in San Antonio. She then attended Gordon-Conwell Theological Seminary in South Hamilton, Mass. Her final step of training was a year in midwifery school in Woolwich, England.

"I feel it was God's will for my life when He called me into nursing. I believe God called me into this and led me step by step to help these women and fulfill their physical needs as well as their spiritual needs," Barker said.

On the Go

With Mary Edna Hendrix, 647-3343

By MARY EDNA HENDRIX

It was a lovely evening for the commencement at the Dimmitt High School auditorium Friday. I love to hear the song "Pomp and Circumstance" and to hear Zelda Ellison and Shirley Pegram play made it even more special. The invocation was given by Shan Powell. John Clymer was Salutatorian and in his speech he said the graduates still have a challenge before them. There will be fears and doubts, goals will be set but the relation to God is the most important.

Tammy Calhoun and Janis Hutcheson sang the class song "Ever Since the World Began."

Shelly Frye was Valedictorian and she encouraged the graduates to look ahead to new opportunities. She told about the master who gave the talents to his slaves and suggested what the graduates do with their talents would be up to each individual. She encouraged them to strive to keep God as their guide.

Jimmy Davis introduced the speaker, Dr. Lauro Cavazos, who gave the commencement address. Dr. Cavazos is the president of Texas Tech University and Jimmy Davis is the president of the Dimmitt Chapter of Texas Tech Ex-Students.

Dr. Cavazos congratulated Kent Hance on his accomplishments and for being a strong supporter of Tech. In his speech, Dr. Cavazos told the graduates they had reached a milestone in their life and now they will be making choices on their own. Some will go on to college and others will start their life's work. He said you will always be learning. Dr. Cavazos said men have been to the moon and to the bottom of the sea, but we still have trouble in getting along with our fellowman. He said this is the age of wisdom, but also the age of foolishness. Education without virtue is useless.

Dr. Cavazos asked the graduates "What can you do to improve the world?" and "Remember what you do is important to the rest of us. You affect the lives of others, your family, friends and those in your community." Dr. Cavazos asked if they would enrich or help in

the decline of our country. He said there is still a wilderness to conquer such as violence, hunger and disease. He closed by saying moral virtue is more important than anything.

Robert Ryan and Charles Wales presented the diplomas to the graduates and Keith Gregory gave the benediction.

Myrna Cowsert went to Dalhart on Friday to attend the commencement of her grandson, Flynn Farris. Others going were Mr. and Mrs. Lloyd Farris from Hart.

Flynn is the son of Ronnie and Carole Farris, former Dimmitt and Hart residents.

Bessie Bradley and her granddaughter, Misty Magee, drove to Clayton, N.M. to attend the commencement of Bessie's grandson, Ty Bradley, on Friday night. Ty is the son of David Bradley, who graduated from Dimmitt High School.

Carolyn Copeland has just returned from a wonderful trip to several places. She flew to Newport News, Va. (a naval base) where she spent four weeks with her son, Charles and his family Diane, Tony and Greg. Charles is a nuclear seaman. Carolyn's sister and husband, Nancy and Joe Upton from Madill, Okla., met her in Dallas and they drove to San Antonio, Corpus Christi and Houston. They all had a good visit with Carolyn's other son, George (Charles' twin brother) and his family, Ryan, Rachel, and Renee. George is in business in Houston.

Carolyn and Nancy met their brother, Leland Willis Lee and his wife, Marie, in Corpus Christi. The Lees live in Huntsville, Ala. where their son David graduated from the University of Alabama on Saturday. Their older son, Leland Willis, Jr. is working on his doctorate degree at A&M and his parents had been visiting him.

Morgan and Geneva Dennis entertained her two sisters, Mary Pyatt and Jauvada Curtiss, one day last week. Decima Dennis from Midland spent the Memorial Day weekend with her parents and brother Edgar and Betty Dennis and their daughter Debbie from Lubbock.

Irene Carpenter entertained the Dimmitt Dinner Club last Monday evening with a delicious meal. Her daughter Joyce Autry from Rocky Ford, Colo., cooked the brisket, Mauzee Youts baked the cake, and I made two salads. Irene, what did you cook? Oh yes! Irene cooked peas and potatoes, deviled eggs, a tossed salad, hot rolls, and furnished the strawberries (out of her yard) and whipped cream. She served all this good food to Ivor and Hazel Bagwell, Morgan and Geneva Dennis, Joe and Joyce Higgs,

Geneva and Virgil Justice, N.A. and Thelma Bryson, Elmer and Mauzee Youts, Connie Ivey, and yours truly.

Lois Scott has been in St. Anthony's Hospital in Amarillo where she had a hip replacement. After she came home her sister, Melba Mahaffey from Fresno, Calif., has been staying with her. Lois is able to walk now with a walker. We wish a speedy recovery for her!

Aural Davis spent a few days with her daughter, Susie Phillips and family recently in Amarillo. Susie fell and broke some bones in her foot so she needed some help around the house. She teaches school so she was out for awhile, but was able to go back for the last week of school. We wish good luck to Susie, because the last time I saw her in Amarillo she had a brace on her shoulder. Please be careful, Susie!

Elmer Youts is showing a picture of a snake that cost him \$1,500.00. The snake got into an irrigation well on the Youts farm and it cost him \$1,500.00 to get the snake out and the well working again!

The Thursday Bridge Club met at the Senior Citizens Center for lunch and a few hours of bridge playing. Oleda Schumacher was hostess and she also won high score. Jo Gregory won second high score. Others playing were: Ferne Dickey, Opha Burks, Betty Cartwright, Retta Cluck, Helen Richardson, Susie Reeves, Louise Mears, Cleo Forson, Elizabeth Huckabay, and

Alice Collyer.

Louise Mears went fishing with Homer and Tommie Nisbett recently and last Monday she invited two of her neighbors, Eunice Thornton and Ruth Skinner, and yours truly over for a fish dinner. She served fish, hush puppies, tossed salad, new potato casserole, corn relish, and lemon tarts. We all enjoyed going through her house and looking at all the beautiful paintings she has painted through the years.

Jeff and Karen Robertson had a fabulous trip to Hawaii. They left on Mother's Day so Karen said it was a wonderful Mother's Day gift. They spent most of their time in Honolulu on the Island of Oahu where they stayed at the Hilton. They did not go to the Island of Hawaii where the volcano has been erupting, but they did go to the Island of Maui. They went to Sea Life Park, Haunauma Bay, the world famous blowhole, the Rain Forest at Pali Lookout in Kailua.

Jeff went scuba diving and

Oleta Gollehon had a lovely trip to San Diego over the weekend to visit her grandson, Tobin and Angela Touchstone. They visited the Old Town, Sea Coast Village, ate fish on San Diego Bay, walked up and down the beaches, visited La Jolla Beach where the rich folks live, and ate at other restaurants where they serve German food, Spanish food and other foreign food.

George and Irene Blanton have returned home from a visit with George's sister Earl Whaley at Kossa. Then they all went on to Houston to spend a few days with George and Earl's brother Bud Blanton and his wife. They reported the tornado that struck north Houston was very bad, however, their brother lived in south Houston and there was no damage there.

A lovely shower was given for Laurie Ewing, bride-elect of Jody Watts, Saturday afternoon in the home of Polly Holland. Mrs. Cindy Odom and Donya Tuttle served punch and decorated cookies from a table covered with a beautiful Madeira cloth and the centerpiece was a large white wicker basket filled with pink and aqua silk flowers. Laurie's sisters, Irene and June, gave her a fun gift of several kitchen gadgets and attached a cute poem of instruction on how to use each item. The hostesses were: Joy Jones, Clara Vick, Laura Reyes, Polly Holland, Betty Touchstone, Matha Isaacs, Elsie Maxwell, Nelda Tuttle, Bessie Elder, Marie Howell, Chale Ortiz, Billie Kirby, Wanda Murdock, Susan Coleman, and Ellen Hrabal.

SPC honors four locals

Four students from Castro County were listed on the President's and Dean's Honor Lists at South Plains College in Levelland for the spring semester.

To qualify for placement on the President's List, students must maintain a 4.0 or "straight A" grade point average for the semester. Students on the Dean's Honor List must maintain a minimum grade point average of 3.25. All honor students must enroll for a minimum of 12

semester hours. Steven Birdwell of Dimmitt was named to the President's List, while Lori Gerber of Nazareth and Robert Brown and Ronda Cooksey of Dimmitt were named to the Dean's Honor List.

"We wish to extend our congratulations to these fine students who have demonstrated the academic excellence which is found at South Plains College," said Dr. Bud Joyner, vice-president for academic affairs.

Efforts begun for lake water district

Governor Mark White last week signed into law a bill, sponsored by Senator Bill Sarpalius, which calls for the creation of the Buffalo Lake Water District. Senator Sarpalius says, "The purpose of this legislation is to form the Buffalo Lake Water District from three separate counties: Randall, Potter and Deaf Smith."

Buffalo Lake National Wildlife Refuge is a federal entity controlled by the U.S. Fish and Wildlife Service and the Department of the Interior. Currently, the Buffalo Lake Refuge, located in Randall County, is badly in need of restoration. Some people consider the dam unsafe in its present state.

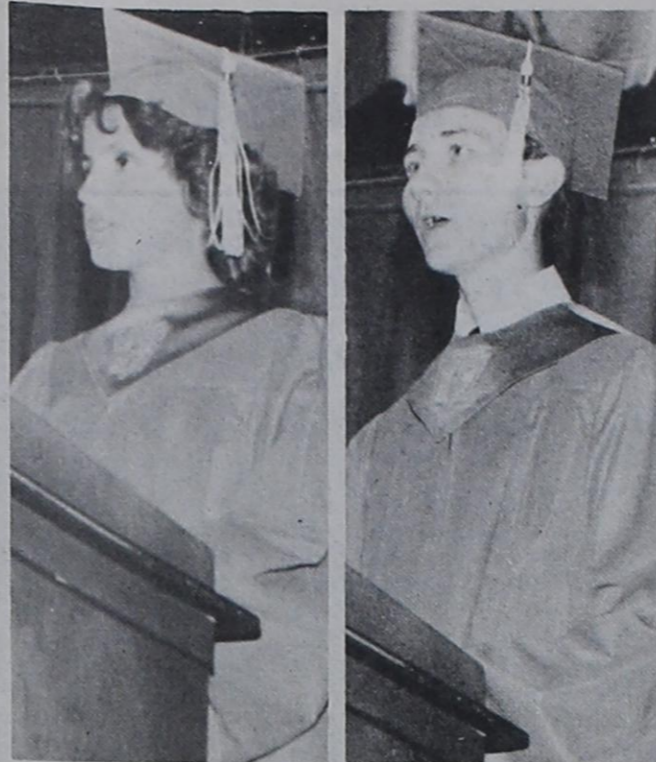

Senator Sarpalius says the district can serve as a funding vehicle in order to repair and maintain the dam. He says, "This bill sets up a mechanism for the federal government to assist the water district in restoring the lake."

The lake was at one time a refuge for wildlife and a recreational area for people of all ages to enjoy. An estimated 500,000 people live within a two-hour drive from Buffalo Lake.

The legislation now must be approved by the qualified voters in Randall, Potter and Deaf Smith Counties before the Buffalo Lake Water District can become a reality. If approved by the voters, the district will consist of a nine-member board selected from Randall, Potter and Deaf Smith Counties.

The early kings of France stuck three hairs plucked from their beards in the seal of official papers to lend them greater sanction.

SHELLY FRYE delivers the Valedictory Address at Dimmitt High School's Commencement exercises Friday evening. Eighty-three seniors received their diplomas during the ceremonies.

Railroad sets new feed barley rates

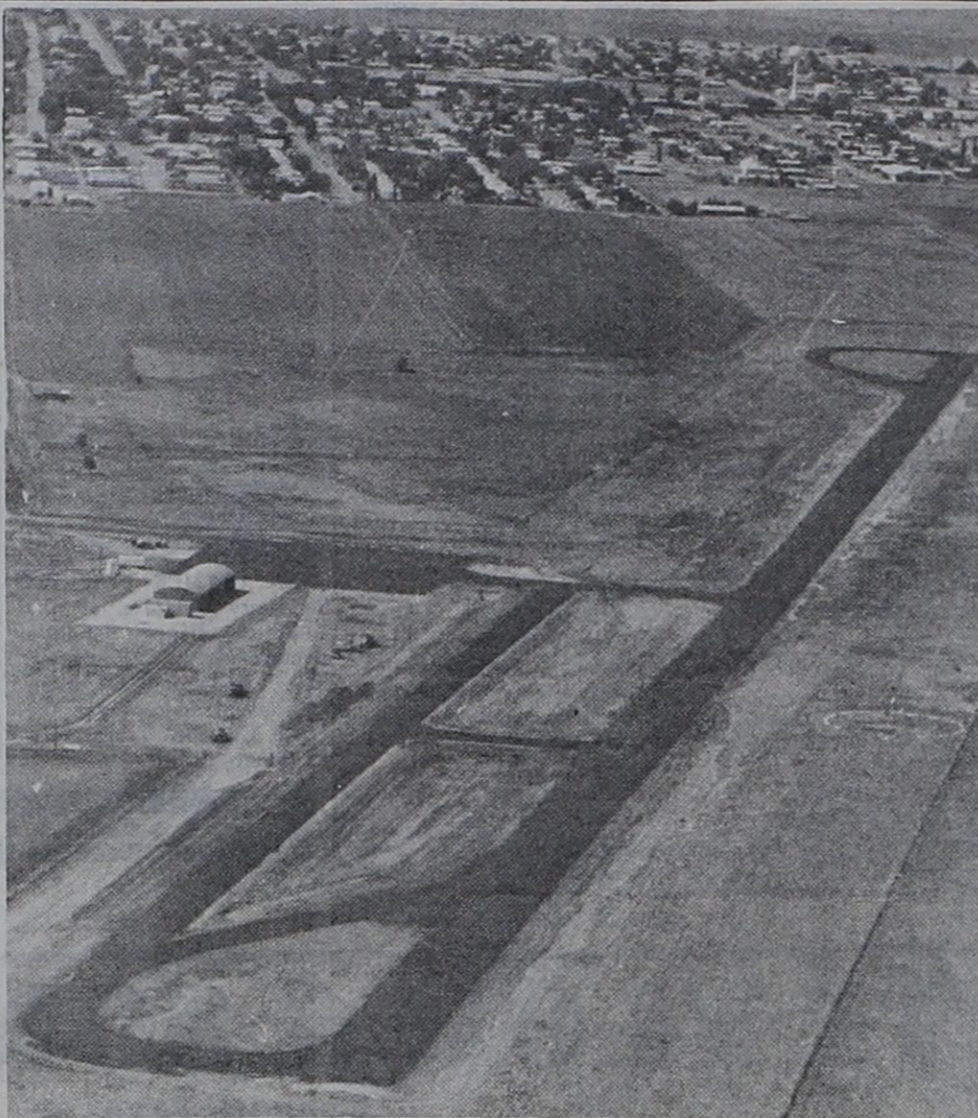

Burlington Northern Railroad has established a new rate program to the Texas Panhandle for feed barley shippers in Minnesota, North

Dakota, South Dakota, Montana and Superior, Wis., the company announced recently.

The rates, effective May 31, apply on 26- and 52-car single-origin shipments to Amarillo, Dalhart, Edmonson, Hart, Lubbock and Plainview. Depending on distance, 26-car rates range from \$1.60 to \$2.00 per hundredweight. Fifty-two-car rates are 5 cents lower per hundredweight.

The program opens a new market for barley growers and shippers, according to Mike Karl, head of the railroad's grain marketing unit. "Traditionally, Texas Panhandle feedlot owners feed their cattle corn and milo," he said, "but barley has certain advantages, including ease of storage."

Since unit trains can deliver the volume necessary to ensure a steady supply of barley to the feedlots, receivers in Texas are enthusiastic about the new program, Karl said. "It's a situation where everyone wins. Barley producers and shippers have a new market, Texas Panhandle feedlots have new suppliers, and the railroad has new business."

NEW LOOK—Here's a pilot's-eye view of the Dimmitt Airport's runway complex with its new taxi ramp running from the access strip to the north end of the runway. Previously, pilots used the runway for both taxiing and take-off [as they will continue to do when taking off northward]. The airport was reopened Saturday after being closed two days for seal-coating. The construction and seal-coating project cost approximately \$97,148, with the city and the Texas Aeronautics Commission sharing in the expenses.

Three make AC honor list

Three students from Dimmitt made the Spring Honor List at Amarillo College.

They are Jim Birdwell, a drafting and design major; Maria N. Garcia, a vocational nursing major; and Jill F. McLean, a vocational nursing major.

To make the honor list, a student must carry a minimum of 12 credit hours and have at least a 3.4 grade point average.

Rotary sees state win

At their Friday meeting, Rotary members watched the film of the Dimmitt boys' basketball team winning the state championship game.

Members brought their Rotary Anns (wives) to the meeting. Sixteen members and eight guests were present.

Members also learned that the Rotary Clubs of Kermit, Monahans and Pecos had been transferred into their district.

Sales taxes improving, although still behind

State Comptroller Bob Bullock recently sent checks totaling \$94.5 million in local sales tax payments to 974 cities that levy the one-percent sales tax.

"The May checks bring this year's total payments to \$309.6 million statewide, which is 2.7% below the total at this time last year. Al-

though these receipts are still running behind last year, we have seen a steady improvement for the past three months. This is in line with our forecasts and, if the trend continues as we expect, we should finish this year with a slight increase over 1982's totals," Bullock said.

The city sales taxes are collected along with the state sales tax by merchants and rebated monthly to the cities in which they are collected by the Comptroller.

The May checks were for taxes collected on sales made in March and reported to the Comptroller by the end of April.

In Castro County, all three cities showed a decline over total payments for the year compared with the same period last year, with Dimmitt showing the greatest decline.

However, five of the surrounding seven counties showed an increase in payments to date compared with last year.

Dimmitt's May payment for 1983 was \$16,629.22, while in May 1982 the city received \$16,428.75. Dimmitt's total payments to date for 1983 equals \$57,451.62, compared with \$61,133.18 to date for 1982, a decrease of 6.02%.

Hart's payment for May 1983 was \$2,658.91, while in 1982 it was \$2,132.68. However, Hart's payment total to date for 1983 — \$6,794.86 — is 4.80% below the year to date total for 1982, which was \$7,137.28.

 On Sunday, March 29, the Benedictine Sisters of Nazareth celebrated the Golden Jubilee of Religious Profession of Sister Josefa Catalani and the sixtieth anniversary of Sister Roberta Hyland of Fort Smith, Ark. The Jubilarians renewed their commitment to God during a Mass of Thanksgiving celebrated by Rev. Harold Waldow and co-celebrated by Rev. Harold Heiman of Subiaco Abbey, Subiaco, Ark., assisted by Deacons Jerome Brockman and Walter Kleman with Seminarian Darryl Birkenfeld as master of ceremonies.

The Young Adult Choir with Mrs. Mary Olvera at the organ, Greg and Glenda Birkenfeld with guitars provided music for the Mass.

Hoelting, mayor of Nazareth, issued a proclamation proclaiming this day to be a special day of Thanksgiving and celebration within the community of Nazareth honoring the Jubilarians and all the Benedictine Sisters for their years of faithful service to the Church and the people

of Nazareth.

The Festival of Faith Awards from the Diocese of Amarillo was given to Sister Herman Joseph Berkemeyer, De Chantal Hyland, Josefa Catalani, Celestine Marie Bellinghausen in recognition of extra service to the Church and through the local parish.

Max Acker, Lucille Drerup and Rosemary Wilhelm attended the Diamond Jubilee celebration of St. Francis Church on Saturday, May 28. Since Max worked there in her young life and Lucille and Rosemary's parents had both worked there some 66-67 years ago, these three ladies had a special invitation to the celebration.

Robert, Carolyn Ringo and family, Royce and Kim Huseman, Dwayne and Kevin Huseman of Amarillo, Charlotte Aldridge of Houston, Mike and Monica Young and family, Phyllis Huseman and girls of Lubbock, Joe and Imogene Drerup and family all enjoyed Sunday at the Philip Huseman home.

Congratulations to Arnold and Shawn Ehly on the birth of a daughter, Chelsey Dawn, on May 23 in the Tulsa hospital. Grandparents are Rollie and Barbara McNutt of

Afton and Mrs. Marion Durbin.

They did a lot of sightseeing, toured many Hollywood homes and of special interest was the 100 room Hurst Castle.

Congratulations to Leslie and Brenda Birkenfeld on the birth of a daughter Serena Diane on May 16 in Plainview hospital. Grandparents are Lena Ollis of North Carolina and Rose Birkenfeld.

A dinner was given on Sunday in honor of Florence and Hilda Heiman's 50th wedding anniversary. It was hosted by their brothers and sisters, nieces and nephews. Approximately 100 people attended. Father Harold Heiman of Subiaco, Ark., Sister Jean Heiman of Houma, La., Bill and Veronica Heiman of California were here for the celebration. Others came from Plains, Dallas, Plainview, San Angelo, Oklahoma, Wichita Falls, Dimmitt, Amarillo and Nazareth. After the dinner Father Harold gave an enjoyable history of both Florence and Hilda. On Saturday evening a mass was read for their intention at Blessed Sacrament Church in Amarillo which has been their parish church for many years.

Free refreshments Friday and a mariachi band Saturday night will highlight the grand re-opening of El Sombrero Restaurant in Dimmitt, Mr. and Mrs. Floyd Lopez announced this week.

The restaurant has been closed six weeks for extensive remodeling. El Sombrero now has a new brick exterior, new windows, a larger kitchen, new paneling on the walls, new flooring, new ceiling paint, and a fountain near the double-arched entranceway. Also, the dining area is now split-level, with a raised floor in the southeast quarter of the building which previously was a separate dining room.

El Sombrero will open its doors again at 11 a.m. Friday for lunch, Lopez said, and will serve free coffee, soft drinks and Mexican pastries all day Friday.

A mariachi band from Juarez, Mexico, will perform from 7:30 to 10:30 Saturday night.

Remodeled El Sombrero sets grand re-opening

Mr. and Mrs. Lopez established El Sombrero Restaurant on Sept. 16, 1978. They also recently purchased the Green Frog Cafe in Hart and converted it into El Sombrero.

El Sombrero features standard Mexican-food dishes, plus such specialties of the house as tacos al gusto, whole-wheat sopapillas and Mexican-style beef tips.

"We do all our own cooking," Lopez said. "The food is the secret of any restaurant, and we want to make sure our food is prepared just the way we want it to be, so we prefer to do it ourselves, rather than hire anyone else to do it."

The Lopez's three daughters Virginia, Lupe and Liz, serve as hostesses in the restaurant.

COUPONS distributed by manufacturers skyrocketed from 10 to 90 billion between 1965 and 1980.

Hoskins resigns at Hart

Hart High School Coach and Athletic Director Ken Hoskins has resigned to accept a position with the Farmers State Bank of Hart. "The opportunity came up and I just didn't think I could pass it up," Hoskins said. "It was a hard decision, because the schools have been good to us. I think the program is going in the right direction, and we've got some good athletes coming up. I just felt that at this point I needed to make a change and that going into business would be the best move for us. "But I'm going to miss the school business," he added. Hoskins has been with Hart High School three years, and

has worn seven different hats during that time — those of boys' basketball coach, football coach, girls' basketball coach, boys' track coach, athletic director, biology teacher and assistant principal. He came to Hart in 1980 as the head boys' basketball coach, and his 1980-81 Longhorns qualified for the district tournament with a fourth-place finish, compiling a 9-14 record. In his second year at HHS, he was promoted from assistant football coach to head coach, and also took over the boys' track coaching duties. His track team in 1981-82 placed fourth in the district and qualified seven boys for

the regional meet. In football, his teams compiled a two-year record of five wins and 15 losses. This year he continued in football but traded boys' track for girls' basketball, and guided the Lady Longhorns to their first district championship ever with a 21-5 record. It was his first year to coach girls' basketball. Four of his Lady Longhorns made all-district this year — Robin Bowden, Grace Bonsal Smith, Melissa Kittrell and Linda Washington. In addition, Washington was named to the Class AA all-state third team and played in the Golden Spread All-Star Game. She was named Most Valuable Player on the Class AA team in the All-Star Game. In football, Hoskins coached six all-district players in 1981-82. They were Clay Barnes, Derek Rich, Robert Martinez, Robert Gonzales,

Arnie Gonzalez and Roy Martinez. Robert Martinez made the all-district team again this year. In boys' basketball, Hoskins coached two all-district players in 1980-81 — Derek Rich and Chad Black. Hoskins' wife, Melanie, will continue to teach fifth and sixth grade health in Hart Elementary School. The Hoskins are expecting their first baby in November. "I appreciate everybody's support — the administration's, the school board's, the community's — every year that I've been here," Hoskins said. "I don't know how it could have been any better. I guess that's one reason I didn't want to leave Hart. It's a friendly community, and people really care about each other." He will begin his new duties with the Farmers State Bank on June 6.

BIG HAUL—Deputies Ron Jenkins (left) and Ray Aleman show the firearms, power tools, radio equipment and other items which the Sheriff's Dept. and the Hart City Marshal Vernon

Ellis recovered when they cleared three recent burglary and theft cases in Hart. Four Hart men have been arrested and charged in connection with the cases.

Local officers recover \$4,500 in stolen goods

A month-long investigation has resulted in the recovery of more than \$4,500 worth of stolen firearms and tools, and the arrests of four men in connection with the crimes. Sheriff's deputies Ron Jenkins and Ray Aleman and Hart City Marshal Vernon Ellis recovered three CB radios, four rifles, a shotgun, two chain saws, a cutting torch, two Skil saws, three rifle cases, a pair of binoculars, shotgun shells and primers, a vise, an extension cord and assorted tools.

The burglary of a building case was the May 9 break-in of the Farmers Grain Co. in crimes: felony theft, burglary of a building and burglary of a vehicle. The burglary of a building case was the May 9 break-in of the Farmers Grain Co. in

Hart. The felony theft and burglary of a vehicle incidents were at residences in Hart. Frank Ramirez, Martin Estrado, Freddie Tenorio and Steve Tenorio, all of Hart,

have been arrested in connection with the crimes. Ramirez is charged with burglary of a vehicle and the other men are charged with felony theft and burglary of a building.

The Forty-third annual American Legion Boys State sponsored by the State of Texas American Legion, and held on the Campus of The University of Texas at Austin starts Saturday with 961 high school boys from all parts of Texas participating State Commander Waggoner Carr of Austin announced recently.

Among those attending will be Mark A. Bruegel and Kennen J. Howell, both of Dimmitt, and Francis Kern and Joel Birkenfeld, both of Nazareth.

With two spring bouquets flanking the altar, the bride was given in marriage by her father. She wore a gown of sheer polycrpe, designed with an Empire bodice of Alencon lace. The jacket's long, full sleeves of sheer crepe were fashioned with deep lace cuffs, extending to a point over the wrists. The skirt of the dress extended to a chapel-length train. The finger-tip-length veil of bridal illusion was edged in scalloped Alencon lace and featured applique motifs. It was fastened to a Juliet cap, also of lace. The bride carried a cascade of white sweetheart roses, stephanotis and English ivy.

Davison to head 4-H

H. T. "Tom" Davison, who has dedicated most of his career to the Texas 4-H program, is assuming the reins of that program on June 1.

Davison, a 25-year veteran of the Texas Agricultural Extension Service, the parent organization of 4-H, has been named state 4-H program leader. The position was recently vacated by Dr. John Pelham, who joined the Missouri Extension Service.

Davison joined the 4-H staff in 1965 and has had major responsibilities in the 4-H awards and recognition program, record book training and donor relations. In 1967 he took on the added responsibility of serving as executive director of the Texas 4-H Youth Development Foundation, the service organization for 4-H that works to obtain private support for the youth program.

Davison began his Extension Service career in 1958 as an assistant county agent in Hidalgo County where he provided leadership for the 4-H program. He transferred to Floyd County in 1963 to give leadership to agricultural programs.

"We are extremely pleased and proud to have Mr. Davison head up our 4-H program in Texas," said Dr. Zerle L. Carpenter, Extension Service director. "He has demonstrated a commitment to 4-H throughout his career and has worked long and hard to improve various programs and to gain support from the private sector. Many of the awards programs and scholarships now available to 4-H members are a direct result of his dedication and hard work."

[Continued from Page 1] News in Lubbock praised the Azteca founders and directors for their efforts to date.

"We are here tonight in celebration of an organization that is in its early, early stages," Euresti said. "We're glad it has come this far, but it's only a beginning."

"Most of you were migrant workers, or your families were," he told the audience of 140. "My family was. From the Austin area they went to Lubbock every year, then to Colorado, then to Wisconsin. They did this every year, and I heard stories about how they would really get kicked around — and if you want to be honest, that's what was happening, and what is still happening in some cases."

"Migrant workers have a lot of problems," Euresti noted. "One purpose of the Azteca Corporation is to help them solve some of these problems."

Gonzales presented appreciation plaques to former directors for their contributions "beyond normal expectation," and to others who have provided volunteer or professional services.

Officers of the Azteca Corp. are Gonzales, president; Thomas Falcon, vice-president; Desi Pesina, secretary-treasurer; and Reyes Sandoval Sr. and Paul Fuentes, directors. Also, the corporation has 12 members to provide input to the board, and three staff employees to handle the day-to-day operations of the housing project.

ROW passes resolutions

The Castro County Republican Organization for Women at its May meeting passed resolutions urging local, state and national officials, as well as the Department of Energy, to continue efforts to discontinue consideration of the Texas Panhandle as a possible repository site for nuclear waste.

Citing the area's dependence on the soil and water for a livelihood, the resolutions note the possible effect nuclear waste disposal could have on the water and land.

Copies of the resolutions were sent to state and national legislators and the DOE.
