by b. m. n.

### Why I will vote Democratic

By BART KADERLY  
County Democratic Chairman

On Nov. 2 I'm voting a straight Democratic ticket . . . I just can't afford four more years of a Republican governor.

I have asked myself three basic questions:

1. Has Governor "Big Bucks" acted in my best interest for the past four years?
2. Having been in power for two years in Washington, has the Republican plan (Reagonomics) improved the economy of the nation and Castro County?
3. Is there any reason to believe that the Republican plan will ever work?

Insofar as "Big Bucks" Clements is concerned, he has done well for only one industry in Castro County, the gas company. They have gotten so rich they had to change their name to hide the fact. The proper "businessmen appointments" to the Public Utilities Commission have hastened rate increases through. It's all been at our expense, of course, but that's the Republican way. You might want to take a 4-year-old gas bill to the polls with you.

About a year ago our "Dough Boy" said in Amarillo he intended to do nothing about a water plan to solve water shortages in Texas. (I know it wasn't election time yet, but that's what he said).

I remember very well the little oil spill in the Texas Gulf (remember Texas' greatest mess?). I know anyone can err, but he blamed the Mexican government when he knew good and well it was his company that cost us a fortune to clean up the coastline. He just plain lied. I suppose had it happened last week, he would have blamed Mark White.

I must also acknowledge the good governor's benevolence (along with the president's) for bringing to Castro County the saving grace of the disaster program for farmers. Hasn't it been a real uplift to our economy? That was one of the greatest illusions since Houdini. The Republicans used mirrors and lights to create an illusion that simply didn't exist. The governor furnished the mirrors, the president furnished the lights and the disaster program promptly insulted the intelligence of Texas farmers. Those two would make great performers in the circus. (Anyone know the personnel man for Ringling Bros.?)

One might also consider the facts when Governor "Big Bucks" tells us we are immune to the perils of a sagging national economy (enter the president again). If I weren't concerned about 600,000 unemployed Texans (which I am), I darn sure would give some thought to one of our major farm equipment dealers closing, a parts house closing, several gas stations closing, and goods and services going for want right here in Dimmitt, Texas. I suppose one could conclude that our economy is well and inflation is under control (anybody noticed inflation under control?), or that the Republicans have fulfilled their promise to return us to the good old days. If that's the case, who chose the depression era?

The fact of the matter is this: the Republicans have dominated the political process for four years in Texas and two years on the national scene. To compensate for their negligence and poor planning, we are now blessed with a fresh tax re-appraisal and a near doubling of our real estate taxes on our homes and farms. No, we cannot afford it, but it's the Republican way. Neither can we afford any more borrowing for our unemployment fund as a result of arrogance and mismanagement in the governor's office. The "Dough Boy" must go!

That is a very practical view of the Republican top of the ticket, and there is no reason to surmise that anyone on that ticket would benefit the state of Texas.

Oh yes, as I vote, I want King Ronnie to note that I don't believe for one minute that our nation is in any way better off now than we were two years ago. Two years ago cotton was 85 cents and today it's 40 cents. We are headed right in the wrong direction, new China or old.

This election has been a bit different than some in recent history. The Republicans themselves have been the issue. They have demonstrated they have no plan and offer no hope. Someone within the Republican party (maybe the "Dough Boy") is seriously dumb to think people will believe you must vote Republican to be a Texan. I guess in the absence of good candidates, that's all you can say. Join me and vote Democrat.

Unlike White, Governor Clements, who is all but dying to be re-elected, says that the PUC should be made up of oil company executives because they know the petroleum business. That idea is about as plausible as leaving your sheep in the care of a coyote. Also unlike White, Clements

[Continued on Page 16]

### Why I will vote Republican

By DEANNE CLARK  
County Republican Chairman

I am voting Republican this year because:

1. I AM DISTRESSED.

I am distressed to learn:

—That Mark White, Gov. Clements' opponent, told a friend of mine when he entertained a dignitary promoting the controversial International Year of the Child, that he had to support these people in order to win elections;

—That Lt. Gov. Bill Hobby (George Strake's opponent) campaigned against the Water Bill because the bill elevated water above other priorities, and that he and Mrs. Hobby hosted a reception in their home to raise money for the Greater Houston Chapter of the American Civil Liberties Union (whose own publication stated the funds were to continue their work at keeping the killing of unborn babies totally unrestricted, preventing any controls on the free flow of "pictures of naked people" and championing homosexual rights);

—I am further disturbed to hear that Bill Mattox (Bill Meier's opponent) voted for food stamps for strikers and voted twice against Right-to-Work;

—That Allan Clark's opponent, Ann Richards, as well as Bob Bullock and Jim Hightower, are endorsed by the Dallas Gay Political Caucus.

—That Jim Hightower (Fred Thornberry's opponent) said on May 21, 1982, "I am an agrarian reformer; I want to tamper with the system" and according to the Livestock Reformer (July 22, 1982) Hightower's aims are to turn the (ag) commission into a consumerist-oriented state department, loaded with 70 activist senior aides, and to turn the commission into a political and activist organization, besides his advocacy in his book, "Hard Times, Hard Tomatoes" that the Texas Extension Service, 4-H, and land grant colleges should be eliminated.

—I suppose the information that grieves me the most is that Jim Collins' opponent, Sen. Lloyd Bentsen, led the fight for the Windfall Profits Tax and voted for the Soviet grain embargo — two pieces of legislation that should never have been written and which have been devastating to Texans.

2. Republicans strongly defend our Right to Work Law. The Democrat Platform is weak in this respect.

3. Republicans seek to solve economic problems by cutting spending. Democrat solutions have to spend, spend, spend.

4. Our nation has become semi-socialistic. We have allowed government to creep into every part of our lives. Republicans are striving for less government. There is a fine line between helping people and crippling them by binding them to government checks.

5. Gun control leaves the citizenry vulnerable . . . Republicans fight gun control.

6. Protecting our country through a strong military defense is firmly advocated by the Republican platform.

7. Local control, the rights of parents and traditional families, workers, taxpayers, the unborn, the neighborhood school concept and free enterprise are vital to me, and I find Republicans to be guardians of these precepts.

8. Republican candidates this year are businessmen — not professional politicians seeking to get on or stay on the taxpayer payroll.

9. More and more Texans are voting for qualified candidates first and not blindly following party lines, but the Democrat Party political monopoly still needs to be checked, so

10. I'll keep working for the day when men and women are judged by their performance — not their political party.

I urgently invite you to join me in VOTING CONSERVATIVE. VOTE REPUBLICAN on Nov. 2.

Kaderly

Clark

GHOSTS AND GOBLINS will be at the Easter Spook House Saturday and Sunday nights at 8. The Spook House will be staged at the Easter Community Center.

### Carnivals planned at Easter, Dimmitt

Two carnivals are planned Saturday and Sunday to entertain local Halloween fun seekers.

The Easter Lions Club's annual Spook House will be staged Saturday and Sunday at 8 p.m. at the Easter Community Center.

The club's Halloween Carnival will be at 7 p.m. Saturday only.

The Dimmitt Halloween Carnival is set to begin at 6 p.m. Saturday at the potato processing shed at La Mantia on East Halsell Street.

The Easter Spook House will cost \$2 each to attend, while there will be no admission charge to the carnival.

The carnival will feature apple bobbing, ring toss, foot-

ball throw, costume judging, cake walk, and food concessions sponsored by the Lions Club.

There will be new themes for some of the rooms at the spook house.

All proceeds will go to the Crippled Children's camp at Kerrville.

The annual Dimmitt Carnival begins at 6 p.m. and a variety of entertainment is planned. There will be a car bash, turkey shoot, cake walk, string pull, dart, football and basketball throws, food booths and other entertainment. There will be 30 different game booths.

Charge for admission is \$1 for adults and 50 cents for pre-school children and students.

### Where to vote

Here is the list of polling places for the general election Tuesday. Polls will be open from 7 a.m. to 7 p.m.

1. County Court Room, First Floor, Courthouse.
2. Community Room, Basement of Courthouse.
3. District Courtroom, Courthouse.
4. Justice of the Peace Office, Courthouse.
5. H&S Farm Store, Nazareth.
6. Farmers State Bank, Bethel.
7. Bethel Community Building.

8. Rachel Hunter Home.
9. Summerfield Elevator, Summerfield.
10. Sunnyside Baptist Church, Sunnyside.
11. Flagg Grain Co., Rt. 4, Muleshoe.
12. Nazareth Community Building, Nazareth.
13. Arney Community Building, Happy.
14. Frio Church Building, Rt. 2, Hereford.
15. Easter Community Building, Rt. 2, Hereford.
16. Sunnyside Community Building, Springlake.

### County asks bids for new graders

The Castro County Commissioners' Court met Monday and voted to begin accepting bids on three motor graders for precincts 1 and 2.

Two of the graders will be for precinct 1, and the other for precinct 2. Bids will be received until 10 a.m., Nov. 8.

Ron Kirchoff of KMK Enterprises in Plainview met with commissioners to discuss KMK's yearly contract with the county (which will be ending soon). He discussed with commissioners the possibility of the purchase of a printer system and an electronic jury wheel. He said the set-up would enable the county to do its own voter registration, and the treasurer's office to keep budgetary listings for each department and do comparisons with the year before.

The cost to the county would be \$925 per month plus paper. The present contract requires \$150 a month plus paper. Commissioners discussed the matter and decided, since the county would soon need to hire a county auditor, to continue with the same contract they have had. The motion carried unanimously.

Commissioners voted to pay a bill for \$1,187 for 55 gallons of Quick Soak ordered by the

Castro County Firefighters Association. The fire department has to have the wet solution to put on fires (particularly gin fires).

The solution was \$21.35 a gallon and is going up to \$29, so the association bought a supply before the increase.

Commissioners also voted to pay the county's \$500 share for the Chamber of Commerce Christmas lights and decorations.

They also voted to help with the cost (\$432) of producing a brochure on Dimmitt and the rest of the county.

SCS's Gary Rainwater met with commissioners Monday afternoon for an operations and maintenance inspection of the flood control dam site.

KDHN RADIO  
US Weather Observer

Will the Republican Party succeed in its intense campaign to make further gains in Texas state and congressional offices?

Will Republican Congressman Jim Collins be able to make his "too liberal" charges stick against Sen. Lloyd Bentsen in the race for the US Senate?

Will Republican Gov. Bill Clements be able to stave off a strong challenge by former Attorney General Mark White, a Democrat, in the governor's race?

Will Republican George W. Strake Jr. be able to unseat Lt. Gov. Bill Hobby?

Can Democratic State Comptroller Bob Bullock withstand the charge of Republican challenger Mike Richards?

Will Texans lean toward Democrat Jim Hightower or Republican Fred Thornberry for Agriculture Commissioner?

Who will be the Castro County Judge after Jan. 1 — Mrs. M. L. (Polly) Simpson Jr., the Democratic nominee, or Winston Waggoner, the Republican candidate?

What effect will the national economy and the Reagan Administration have on the Texas elections?

Texas voters will answer these questions at the ballot box Tuesday, climaxing one of the stormiest off-year election seasons in many years.

Castro Countians are likely to run well ahead of the state again in voter turnout. The county registered a 63% turnout in the last off-year general election (1978) and a 71½% turnout in the presidential election two years ago.

Polls will be open from 7 a.m. to 7 p.m. in 16 voting precincts in the county.

Voters will wrestle with a ballot the size of a saddle blanket as they make their decisions on 32 federal, state and county offices and six proposed constitutional amendments.

There are contested races for 13 state and federal offices on the ballot, with candidates from the Republican, Democratic, Libertarian and Citizens Parties vying for votes.

The only contested race at the county level is for the county judgeship, between Mrs. Simpson and Mr. Waggoner. In all other local races, Democrats are running unopposed.

A sample ballot appears on Page 11 of this issue, presented as a public service by the First State Bank of Dimmitt.

A discussion of the pros and cons of the six proposed constitutional amendments appears on Page 7.

### Zoners eye 'mobile' rules

Tuesday night's meeting of the Dimmitt Zoning Commission mainly turned out to be an information gathering session as the five members of the commission, six citizens, Public Works Dept. Head James Killough, and City Attorney Jack Edwards discussed the ordinances that are already in effect governing mobile homes in Dimmitt.

Killough told the commission that owners of mobile homes in the city are required by city ordinance to obtain a permit every year, and must be inspected before receiving the permit, which costs \$5.

Other ordinances say that mobile homes must be placed one per city lot (generally 50' x 150'), 25' from the street curb, 5' from interior lot lines, and 10' from alleys; they also must be skirted with approved material within 10 days of their placement, must be a minimum of 500 square-feet in size, and must be anchored and set up according to the state code.

If more than one mobile home is placed on a lot it must be zoned and regulated as a mobile home park.

Killough said that some of the problems his department has run into in connection with mobile homes include people moving them in to town and placing them without obtaining a permit; making illegal or unsafe hookups to utilities; and generally not observing the other ordinances and regulations governing mobile homes.

Homemakers attend conference

By MARY EDNA HENDRIX
Mauzee and Elmer Youts entertained relatives with a dinner and lots of visiting last week.

Yates, who are both attending South Plains College in Levelland, met them at Littlefield, and Mr. Murdock took all of them out to eat.

Oops! I made a mistake last week! Debbie Dotbs has been elected president of the junior class at Wayland University in Plainview instead of vice-president.

Mauzee Youts and I went with Oleta Gollehon to Amarillo last Thursday. We saw Vaden Kirby while we were eating. He had his little grandson, Aaron Wilcox, with him.

The Thursday Bridge Club met at the Senior Citizens Center with Opha Burks as hostess. Mary Alice DiCuffa won high score and Bernice Hill won second high.

Out-of-town guests of Mr. and Mrs. Ken Nordell this weekend were Mr. and Mrs. Charles A. Nordell of Nederland.

Sharla Street, daughter of Rev. and Mrs. John Street, was home this weekend from Texas Tech and brought one of her roommates, Barbara Rhodes.

The Farris reunion was held for the third year at the Hollis, Okla. Civic Center. Forty-one attended.

Bobby and Wanda Murdock celebrated their wedding anniversary by going to Amarillo and watching their daughter, Debbie, play three games of softball.

Seven Dimmitt women were lucky enough to receive an invitation to the Rural Home-making Conference sponsored by the Amarillo Chamber of Commerce and the three malls in Amarillo.

The theme was "Home is What You Make It." Those going from Dimmitt were: Teresa Nutt, County Extension Agent, Nell Ingram, Margaret Womack, Ann Pevehouse, Faye Mohon, Ann Henderson, and Edith Graef, who received a \$10 gift certificate by having a birthday nearest to Jan. 1.

er for the morning session in the Tropic Room of the Villa Inn, Country Squire. Mrs. Berry spoke on "Home Building, Do-It-Yourself Projects." The women's division of the Chamber of Commerce and the three malls prepared and served the luncheon at noon consisting of salad, beef stroganoff over rice, and dessert.

Debbie Dobbs is a candidate for Wayland Baptist University Homecoming Queen. We are very proud of Debbie.

Several from Dimmitt went to Hereford on Monday night for the first concert sponsored by the Hereford Community Concert Association. The Eastern Brass furnished the entertainment.

Virgil and Kenn Justice were in the hospital for awhile suffering from food poisoning. Kenn flew back to Paris, Texas as soon as he was able.

Craig Heller is in Central Plains in Plainview and Dr. Hilma Carrell has been transferred from Amarillo to St. Mary's in Lubbock.

The Bob Bakers are moving to Plainview - this will be

Dimmitt's loss and Plainview's gain!

Welcome to Dimmitt: Mrs. Jane Ann (Mooney) Burnett and her two daughters, Hillery, age 5, and Rachel, age 2. I have known Jane Ann since I was working in Sunbeams and we are happy to have Jane Ann back in Dimmitt.

Dr. W. J. Hill made a business trip to Omaha, Neb. Vote on Tuesday, Nov. 2!

The adult choir at the First Baptist Church elected officers last Wednesday night. Officers are: president, Garner Ball; vice-president, Elmer Youts; secretary-treasurer, Sandra Bagwell; social chairman, Bobbie Baldrige; ministry chairman, Ysleta Ball; group leaders, bass, Dr. Charles Vandiver, tenor, Matt Howell, sopranos, Cheryl Glidewell and Walter Maynard, alto, Oma Dee Heard.

Friends and relatives called on Millie Lust all through the day on Saturday to wish her a "Happy Birthday."

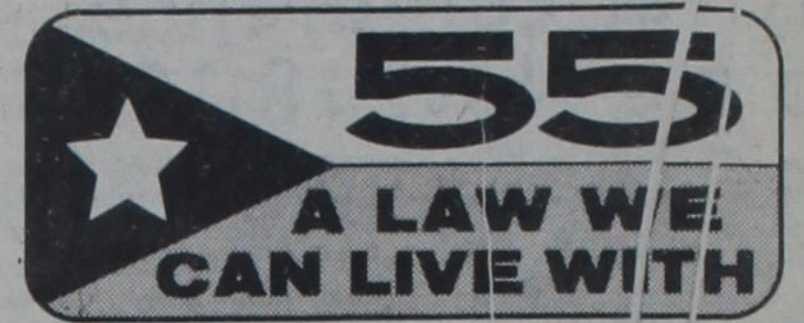

The Dimmitt High School class of 1932 celebrated their 50th class reunion on Saturday at the Senior Citizens Center with 14 of the 32 class members present. Irene Carpenter and I went down during the visiting hours. One of their signs was "Not Retired - Just Tired." Madge Robb was the only former teacher present for the reunion. We looked through some of the class souvenirs and pictures. Their class motto was "To the Stars through Bolts and

Students attend seminar

Hart High School students participated in the gifted-talented seminar program held in Canyon Monday on the West Texas State University Campus.

Students are required to be high academic achievers in their school. Attending from Hart were: seniors, Dan Jones, Jennifer Davis, Linda Booe and Maggie Martinez; juniors, Denny Lacy and David Wall; sophomore, Darrell Ethridge; alternates were, Coy Myrick, Rusty Ammons and Christi Rowland.

ABOUT HALF the population of America over the age of three wears corrective lens.

THE NEED IS WATER! THE TIME IS NOW!

Texas doesn't deserve a permanent drought. And, we don't have to have one.

The water is here. We have the capacity for conservation. We have the technology. We have alternatives for industry. We have the economic resources.

What we are running out of is time.

What we don't have is a governor who can lead, who can bring Texans together on a statewide plan for water for today, for tomorrow.

We need a governor who can prime the pump. Mark White can.

ON NOVEMBER 2nd... VOTE Mark White FOR GOVERNOR

# Water conference to be Nov. 18-19

The 1982 Water for Texas Conference, scheduled Nov. 18 and 19 at Texas A&M University, will address major water issues facing the state: planning, financing, understanding and managing water resources.

"Water Issues for Today, for Tomorrow" will be the theme of the conference, the eighteenth to be held by the Texas Water Resources Institute.

Texas legislators will face many important issues dealing with water in the next legislative session which opens in January, points out Dr. Jack R. Runkles, Institute director. The Institute funds statewide research to manage and conserve water resources, and is a special unit of the Texas Agricultural Experiment Station, the state's agricultural research agency.

"Federal funding for water development and for water and wastewater treatment has literally 'dried up.' Additionally, water users from throughout the state—in cities, on farms, in energy and industrial development—all are pressuring the legislature for a statewide effort to assure adequate water in the future," Runkles explains.

Participation in the Water for Texas Conference is expected from many diverse groups.

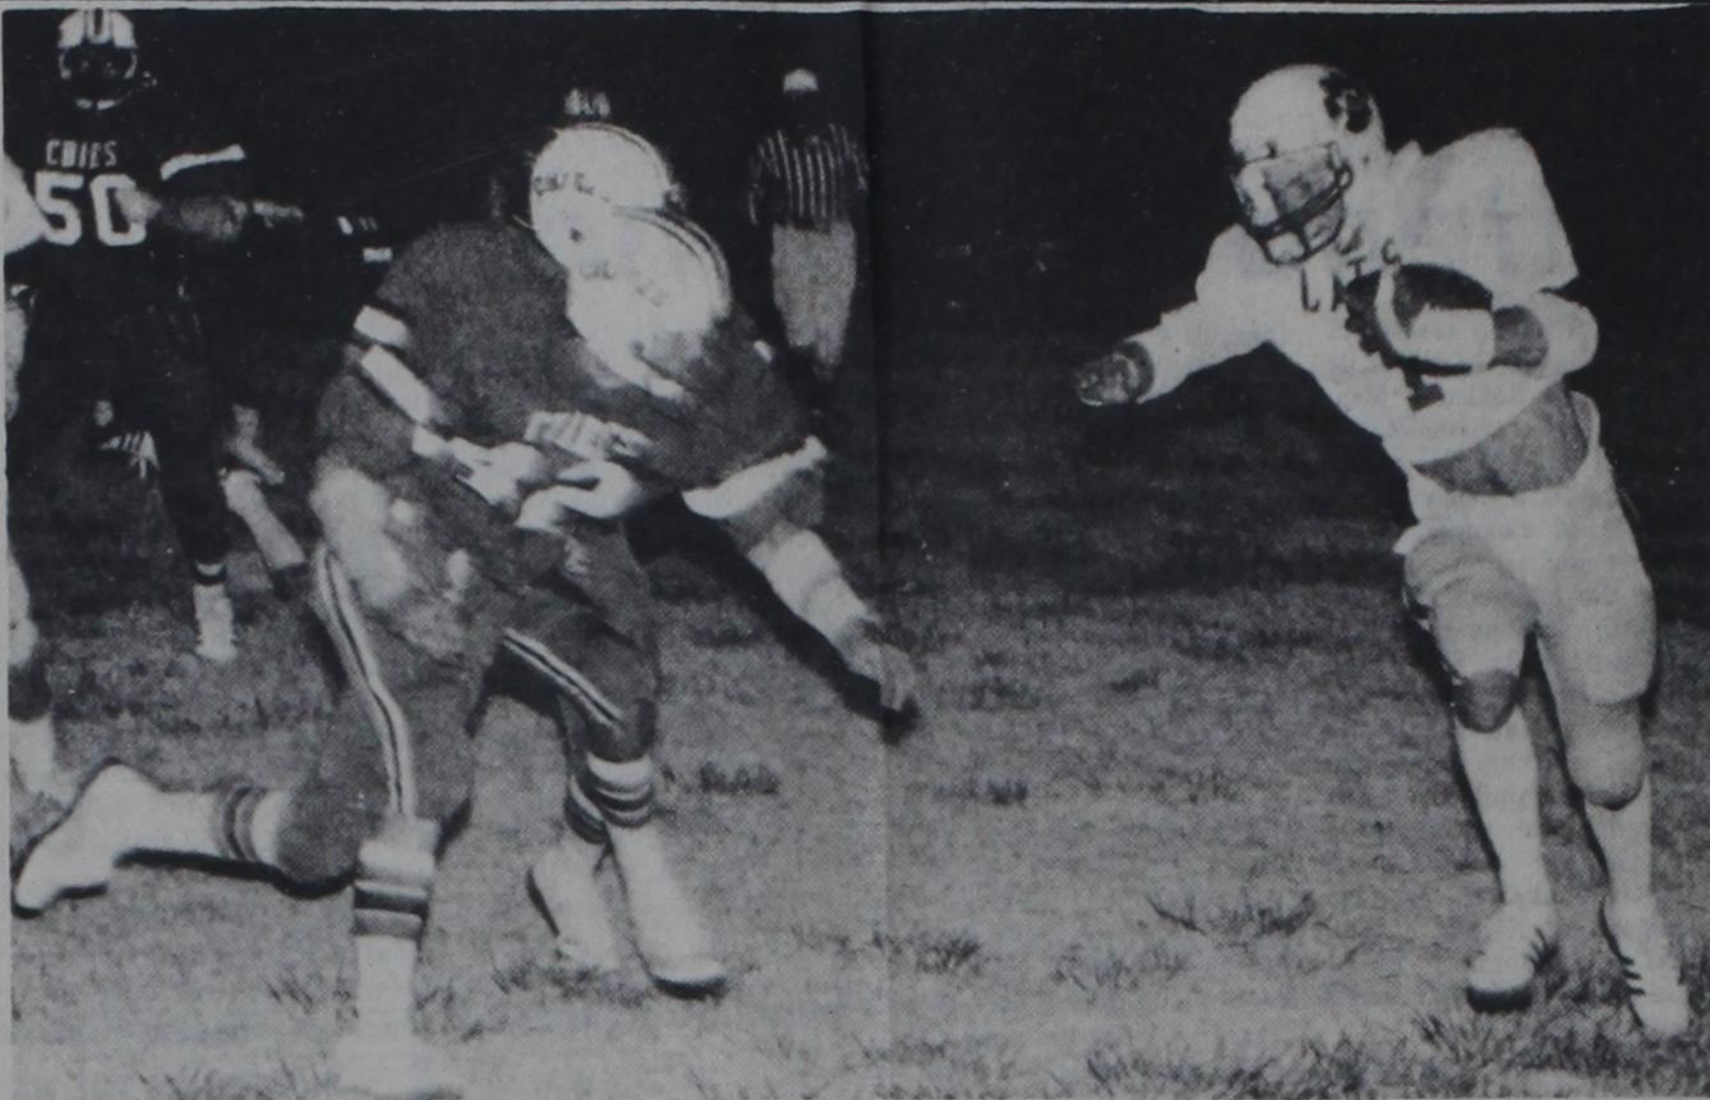

Among speakers will be state agency heads, river authority managers, attorneys, engineers, water users and several state senators.

Keynote for the conference, which opens at 9:30 a.m. Nov. 18 in the Rudder Theatre, will be State Senator Grant Jones of Abilene, chairman of the Senate Finance Committee. His subject will be "Water Issues Facing Texas."

Conference sessions will continue through noon Nov. 19.

More details about the program are available by contacting the Texas Water Resources Institute, College Station, Texas 77843.

A FACT NOT widely known about Washington's miserable winter at Valley Forge is that the reason he and his men nearly starved is because the local farmers preferred to sell food to the British who could pay cash.

GAME OF INCHES—Dimmitt wingback Bill Johnson picks up six yards and a first down with just inches to spare before being driven out of bounds at the Dimmitt 41-yard line by a pair of Friona defenders Friday night. Dimmitt won the District 2-AAA contest, 14-7.

# Billie Gunn awarded for SPS service

A Southwestern Public Service Company employee in Dimmitt received an award for service at a dinner at the Hilton Inn in Amarillo last Thursday.

### PLAINS MEMORIAL

Gabriel and Stella Montiel are the parents of a girl, Elizabeth Ann Marie, born Oct. 20 at 6:10 p.m. The infant weighed 7 pounds and 3 1/2 ounces, and measured 17 1/2 inches in length.

A boy, Valentin III, was born Oct. 21 at 10:44 p.m. to Valentin Jr. and Olga Olvera. The baby weighed 6 pounds and measured 18 inches in length.

On Oct. 22 at 5:45 p.m., a boy, Anthony, was born to Juan and Estella Olivero. Weighing 6 pounds, the baby measured 19 inches in length.

### OUT OF TOWN

Ken and Bonni Wethington of Idaho Falls, Idaho, are the parents of a girl, Heather Dawn, born Oct. 22 at about 10 a.m. The baby weighed 5 pounds and 5 1/2 ounces. Grandparents are Lawrence and Winifred Wagner of Nazareth and Roy and Carol Wethington of Clovis. The little girl also has an older brother, Scott.

### Shoot set Sunday

The Sunnyside Lions Club is sponsoring a Turkey Shoot Sunday beginning at 2 p.m. in the south edge of Sunnyside. Proceeds will be used for club projects.

# Hobby challenges Texans to overcome voter apathy

Lt. Gov. Bill Hobby recently challenged Texans to overcome voter apathy and urged them to vote Tuesday for the most important office in the nation—that of citizen.

"No office in the land is more important than that of citizen," Hobby said. "As citizens, we have the power to help our state weather the recession and continue our prosperity by exercising our right to vote."

Hobby said he is disturbed by recent polls that show most Texans are neither Democrats nor Republicans; instead, they list themselves as "undecided."

"Apparently, apathy is high this year. This is particularly alarming when you consider that more than 200 elective offices, including all top state officials and all Texas House and Senate seats, are up for grabs."

Hobby said that Texans should ask themselves, "Who will I have to blame if Texas fails to maintain its status as one of the best states in the nation in which to live?"

"Our Texas Constitution guarantees the right of free speech and free assembly and all the other basic freedoms,"

Hobby said. "How sad it is that so many thousands of Texans, enjoying the blessings of liberty and the high quality of life that has become characteristic of our state, will refuse to exercise the fundamental process of free democracy in a free republic."

Hobby said that the history of Texas is proof that the struggle for prosperity is an ongoing process and never a final achievement.

"I believe that Texas will continue to be a land of opportunity, as it has since its inception more than 100 years ago," Hobby said. "This will happen only if the people of Texas combine their sense of mutual progress and pride with a sense of participation and vote during the general elections Tuesday."

# Sundowners see program on nutrition

The Sundowners Extension Homemakers held their monthly meeting on Oct. 19, 1982 in the community basement meeting room.

Sherry Carter, homemaker for Arrowhead Mills at Hereford, presented a program on the use and nutritive value of foods which are processed as little as possible in order to preserve the greatest amount of nutritive value without adding chemicals or other additives. She also brought examples of Arrowhead Mills products and discussed them and what makes them different from other brands. The program ended with the Sundowners sampling several recipes made with Arrowhead Mills products.

The next meeting of the Sundowners will be Nov. 16, 1982.

# Craft club to start in Hart

Tuesday at 7:30 p.m. interested persons are invited to attend an organizational meeting in the homemaking department of Hart High School to discuss forming a crafts class.

The purpose of the class will be to exchange craft ideas and patterns. There will be no charge for the class.

Those attending are encouraged to bring along a craft pattern to share, as well as a sample project if possible.

The club hopes to present a new craft idea each month.

# Missionary to be in Dimmitt

Matthew Littell, missionary to the Philippines, will speak at the First Christian Church of Dimmitt Nov. 3 at 7 p.m., according to church minister Roy Barringer.

Having spent a year in the Philippines and graduating from high school in Manila, Littell plans to return there as a missionary working with the Ambassadors for Christ Philippine Evangelism, Inc. with his parents Charles and Florence Littell.

His wife, Peggy, and their son, Aaron, will also be going to the Philippines. Besides helping in the evangelism aspects of the program there, Matthew will be responsible for the building program and agrarian development of the home base, and Peggy will help with medical and clerical work.

The public is invited to hear Littell speak. The service will be followed by a meal of sandwiches and desserts.

Littell has taken missions and education courses at Cincinnati Bible College and Puget Sound College of the Bible. His wife has a degree in Christian Education from Cincinnati Bible College. They were houseparents for

Pinehaven Childrens Ranch in Montana, and worked for six years with the State Avenue Church of Christ in Cincinnati.

# DOLPH BRISCOE ENDORSES JIM HIGHTOWER FOR AGRICULTURAL COMMISSIONER

Democratic Agriculture Commissioner candidate Jim Hightower visits with former governor Dolph Briscoe following a Uvalde reception hosted by Briscoe for Hightower. Briscoe strongly endorsed Hightower, telling the reception crowd, "Jim Hightower is one of the most articulate Democrats we have today. Agriculture is in the worst shape it's been in since the Depression, and Jim Hightower has the ability to help us solve our agricultural problems. He's going to win, and he's going to make an excellent agriculture commissioner."

Pol. Adv. Part. for by Castro County Democratic Executive Committee, Earl Kaderly, Treasurer.

# TOUGH GUY.

**JIM MATTOX**  
FOR ATTORNEY GENERAL

Nobody likes a tough guy... unless he's their tough guy. And Texans need a tough guy in the Attorney General's office.

- To Jim Mattox, being tough means busting drug pushers and cracking down on drug-related crime. (As a tough prosecutor, Jim once put a professional criminal away for 500 years.)
- Tough means slapping big fines and injunctions on companies which indiscriminately dump hazardous waste.
- And tough means standing up for consumers in front of the Public Utility Commission to stop rate gouging.

Jim Mattox is the best qualified attorney in the race.

- Number one in class, Baylor University School of Business; top 10% of class, SMU Law School.
- Served two terms in Texas Legislature—named "Outstanding Legislator" by T.S.A. and one of "Top Ten" by Texas Monthly magazine.
- Currently serving third term in United States Congress.
- Has more than 200 jury trials under his belt and has worked on several thousand court cases.
- Lifelong member of East Grand Baptist Church in Dallas.

Jim Mattox, the "people's lawyer," will be your tough guy.

**JIM MATTOX**

# Good Luck, BOB BAKER

After 20 years as manager of Killingsworth Builders Supply and Killingsworth True Value Hardware, Bob Baker is leaving today to begin a new business venture in Plainview.

We will miss him. And so will our community.

Bob has been valuable to all of us. He has served as director, treasurer and president of the Dimmitt Lions Club, and has been active in the First Baptist Church, junior baseball program, the Booster Club and other community activities. His wife, Joy, has helped many of us through her work in the church, the hospital and business.

As you begin your new venture, Bob, the Killingsworth family, your other co-workers, and your many friends in Dimmitt wish you good luck and success.

# KILLINGSWORTH TRUE VALUE HARDWARE

DISTRICT GOVERNOR John R. Collard spoke to Dimmitt Rotary Club members and their Rotary Anns Friday at the noon meeting.

## District Governor visits Rotary Club

District Rotary Governor, John R. Collard, Jr. spoke to Dimmitt Rotary members Friday at their noon meeting, complimenting the club for its accomplishments and projects.

Gov. Collard and his wife Marjorie attended the club assembly last Thursday night, then Friday enjoyed lunch with 30 members, Rotary Ann's and guests.

Gov. Collard spoke of the international Rotary theme, "Mankind is One," and he talked about the theme, "Building bridges of Friendship."

He stated several ways in which Rotary Clubs could build these bridges: "by welcoming foreign students to the community, by corresponding with other rotary clubs, by attending meetings

(area as well as local), and by participating in group study exchange programs," he said.

Gov. Collard also commented that the RYLA camps, sponsored by Rotary Clubs were a good way to build bridges of friendship. He also discussed the five Rotary scholarships given each year, as a means to promote this theme.

"Rotary is great," he said. "There are so many avenues of service and projects you can do, and you (Dimmitt) have so many good projects."

He encouraged Dimmitt members to "Keep on doing your part and your club will still be one of the outstanding ones."

## Hale Center bazaar is set

The Hale Center Young Homemakers will sponsor a Christmas Bazaar Nov. 6-7 at the Akin Elementary cafeteria in Hale Center.

Admission to the bazaar will be \$1 for adults and 50 cents for children.

"Thirty-six different booths will hold displays of holiday and gift items, homemade craft items, and home baked goods, as well as food concessions," a club spokesperson said. She added that door prizes will be awarded hourly.

Hours of the bazaar will be from 9 a.m. to 6 p.m. on Nov. 6 and from 1 to 4 p.m. on Nov. 7.

## Nazareth

# Seminary students visit

By VIRGIE GERBER

Darryl Birkenfeld and six of his classmates from I.H.M. Seminary in Santa Fe, N.M. spent the weekend with the Herman Birkenfelds. They all enjoyed the Braddock wedding reception and dance.

A birthday dinner for Marilyn Birkenfeld at the home of Marvin and Darlene Schulte was enjoyed by all of her family and the Seminar-ians.

Paul Gerber will have surgery Nov. 4 in an Abilene hospital. They plan to lengthen the tendon in his heel. Leonard and Alvina Gerber will go to Abilene to stay with him during his stay in the hospital. We hope this will help him.

Neil and Hilda (Schmucker) Duer of Fort Worth spent the weekend here with her mother Mrs. Ted Schmucker

and attended the Braddock wedding.

Virgil and Vi Pohlmeier of Tulia and Florene Leinen of Dimmitt spent Sunday with Meta Stork.

Sister Josetta was transferred from Dimmitt to High Plains Baptist Hospital in Amarillo after a fall in which she broke her knee cap. After a few days of therapy in Amarillo she'll be home to recuperate.

We're happy to have Frances Schacher back home after having surgery at St. Anthony's Hospital. She spent a few days with her daughter in Amarillo before coming home. Her daughter from Colorado, Viola Melcher is here with her.

Gene and Susie Gerber and daughters, Natalie and Jenny of Odessa were here this weekend for the Braddock-Sandra Davis wedding on Saturday. Harold Gerber of Odessa was also here for his friend's wedding.

On Sunday the Gerber families all enjoyed dinner at the Albert Gerber home. Jerry Rose of Dimmitt, his sister, Shirley Lewis of Lubbock and Father Harold Waldow also attended.

Theresa Kern of Dallas visited her parents Mr. and Mrs. Walter Kern over the weekend. Theresa is employed at North Lake Mental Hospital and is working on a doctorate at TWU.

## CONSIDER THIS

- Did you realize that the Republican Administration paid \$76 million dollars of our hard-earned tax money last year to New York City banks to pay the interest on the debts that Poland, a Communist government, actually owed these banks? And yet, we paid the Communist government's debts to these New York banks while our farmers and small businesses were going broke in record numbers.
- Did you realize that the Republican Administration has started buying oil from the Ayatollah Khomeini in Iran after all he has done to our people?
- And did you realize that the Republican Administration tried to increase foreign aid by 32% in two years while our nation was being squeezed by tight money policy and record unemployment?

That's not conservative government . . . that's special interest government.  
It's not fair . . . but it is Republican.

Ott and Bills harvest first bale here

By TEENY BOWDEN  
The first bale of cotton was received at Ross Family Gion Thursday, Oct. 21. It was brought in by Don Ott from the Bolinger place, and was stripped by Richard and Larry Bills. It weighed 515 pounds and tested 23 1/4%. They ginned five bales this week. John Gilbreath delivered the first bale to be ginned at Hart Gin Tuesday. It was hand picked Cascott L-7 and was planted in May and received only pre-watering. He received free ginning for the first bale and \$150 premium from Farmers State Bank and Jim Black Oil Co. of Hart.

Tom McGill died Friday afternoon in Methodist Hospital in Lubbock after a long fight with cancer. Funeral services were held in the First Baptist Church in Olton Sunday afternoon. Gerald Elkins and Gene Ross were honorary pallbearers and Charlie Jones, Rick Byers, and Eddie Haydon were pallbearers.

Mr. and Mrs. Larry Sadler and Laura, Mr. and Mrs. Ezell Sadler, and Mr. and Mrs. Tex Conard of Dimmitt attended the funeral services for Vennie Woodward in Amarillo Friday. She died Wednesday after a year's bout with cancer. She is the sister of Tex Conard. Orville and Vennie and their children, Bobby, Larry, and Lavita lived in the community in the 1950's.

Gladys Kaltwasser of Farwell taught a three hour course on witnessing at the church Thursday afternoon. The group had supper together following the study, and then went out visiting.

The Youth of the church sponsored an all-church Halloween party at the church Saturday night under their leaders Lee and Gale Brown. A large crowd attended. There was a spook house, a fishing booth, a game room, a dart-balloon burst, a Gypsie Fortune Teller, and a face painting booth. Prizes were candy and gum, and Christian booklets. Witches brew and cookies were served. It was a very successful party with the youth decorating the halls as well as fellowship hall and the rooms used for the booths.

Mr. and Mrs. J. R. Ethridge moved into the Sadler rent house in Sunnyside last Friday. He works for Gerald Elkins. Cliff and Naomi Brown attended the 1982 initiation ceremony of the National Honor Society for South Plains College Tuesday night. Lynn Brown was one of those inducted. Those inducted have a Grade Point average of 3.5 or better, a minimum of 15 semester hours completed, and are currently enrolled in the college.

Mr. and Mrs. Larry Sadler, Carrie, Stacy, and Laura attended the wedding of a friend, Brent Cowell in Amarillo Saturday.

Several families went together and conducted a garage sale in the community building Friday and Saturday. Bobbie Cole of Lubbock, training nurse for the South Plains Dialysis Center, visited with Mr. and Mrs. Noah Spencer and watched them go on the kidney machine Wednesday afternoon.

Mr. and Mrs. L. B. Bowden completed their home training course this week at the Amarillo High Plains Dialysis Center, and the R.O. machine was installed this week, but the Extracorporeal kidney machine has not yet been installed so he will continue to dialyze in Amarillo until it is installed. It arrived from Florida after midnight Sunday night.

Bob Loudder of Happy and Neil Loudder of Otis, Colo. visited Friday afternoon with Mr. and Mrs. Ezell Sadler.

Amy McClellan came as a candidate for baptism Sunday morning and was baptized in the Sunday night services.

Mr. and Mrs. Clyde Damron and children, Justin and Tracie of Flagg, visited in the Sunday morning worship services.

Revival services began Monday, Oct. 25 with Clifford Dane, missionary to Brazil, now on furlough, the evangelist and Ben Murriel, a Wayland student who represents the BSU on campus leading the singing. There will be a service with the noon meal, and the night services start at 7:30 p.m. Everyone is invited.

Alton Loudder, Mr. and Mrs. Eules Waggoner and Mr. and Mrs. E. R. Sadler attended the 50th reunion of the Dimmitt High School class of 1932 Saturday in Dimmitt. 13 of the 30 graduates were present and six have died. Venoie Marlar, a former resident of the community, was also present. He lives in California.

Mrs. Dora Lee Potts of Fabens and Mrs. Francis Armstrong of Arvada, Colo. spent last week with their sister, Mr. and Mrs. Eules Waggoner.

Mr. and Mrs. Gale Sadle and Mr. and Mrs. E. F. Sadler attended the birth party for Jasmine Clatt Lubbock Sunday afternoon. Mr. and Mrs. Ezell Sadler

attended the funeral services for Harvey Widney, a brother of Cleo Widner, in Melrose Wednesday afternoon. Kelly Lock of Stinnett, a

friend of the Gary McClellans, attended the Sunday night services with them, and spent the night with them. Mr. and Mrs. Cliff Brown,

Mr. and Mrs. Lee Brown and twins, and Lynn Brown went to Lubbock Sunday afternoon and celebrated Lynn's birthday by taking Mrs. E. R.

Brown out to dinner with them. Mr. and Mrs. Bud Dorsey of Lubbock visited with them at Mrs. Brown's after supper.

Jack W. Flynt

I highly recommend to you my personal friend  
**ALLEN CLARK**  
for  
**STATE TREASURER**

THROUGH MY ASSOCIATION WITH HIM I HAVE FOUND HIM TO BE A CHRISTIAN, A FAMILY MAN, A GREAT AMERICAN WHO BELIEVES IN GOD AND COUNTRY.

BY EXPERIENCE AND EDUCATION ALLEN CLARK IS WELL QUALIFIED TO SERVE AS STATE TREASURER.

THE STATE OF TEXAS NEEDS A MAN AS ALLEN CLARK FOR STATE TREASURER AND WHAT IS BEST FOR TEXAS SHOULD BE THE NUMBER ONE PRIORITY OF THE CITIZENS OF THIS STATE.

PLEASE VOTE FOR ALLEN CLARK — the only one to sign for Texas.

Pd. Pol. Adv. by Castro County Republican Party, Mary Flynt, Treasurer.

Here are **4** important reasons why you should support Senator Lloyd Bentsen.

1.

Social Security

What would happen if the checks stopped? Senator Lloyd Bentsen is one of the senators who fought to save Social Security and to protect the minimum benefit. Next year there will be another fight in Congress to cut or even stop Social Security. James Collins introduced three bills that would have destroyed the Social Security system. He lost. To protect Social Security from people like James Collins we must keep Senator Bentsen fighting for us in Washington next year... and the next.

2.

Jobs

More than 600,000 Texans are out of work. That's a sad record. Senator Bentsen has fought to increase the sale of our goods overseas and has encouraged the training of the unemployed for new jobs. He helped save the Texas Employment Service and supported tax incentives for small business. His opponent, James Collins, opposed funding for the Texas Employment Service and voted against re-training programs.

3.

Small Business

Small Business is the cornerstone of the American economy. Yet, the rate of bankruptcies is higher than any time during the past forty years. As one of the Senate's leading authorities on economic issues, Senator Bentsen helped write the Economic Recovery Tax Act of 1981. Under this legislation tax relief for the next five years will exceed \$150 billion, the largest tax cut in history. This will increase competitiveness in foreign trade and stimulate growth.

4.

Agriculture

Raised on a farm and ranch, Senator Lloyd Bentsen knows first-hand the economic problems confronting American agriculture. He has fought to increase agriculture exports and to remove foreign trade barriers. He successfully prevented the elimination of the Rural Electrification Administration, and won the fight to increase agricultural research, which has helped make the American farmer the most productive in the world.

Remember when the most important reason to vote for candidates was because they did a good job?

It still is.

Lloyd Bentsen,  
U.S. Senator.

He does a good job...  
for all Texans.

Paul for by the Lloyd Bentsen Election Committee, H. Grant Taylor, Treasurer.  
A copy of our Report is filed with the Federal Election Commission and is available for purchase from the FEC, Washington, D.C. 20463.

## Greenhands initiated at Nazareth

The Nazareth FFA held its monthly meeting Oct. 19 and initiated 16 Greenhands into the chapter.

The chapter is presently working on a special project titled "Our American Community."

They also are selling fruit and hams to raise funds for the Club.

## "Fire Alarms" donate clothes

The Firemen's Auxiliary "Fire Alarms" have started a new program donating good used clothes to fire victims.

They have presented their first donation to the Jerry Mosely family. Their personal belongings were destroyed in a fire last Wednesday at their home near Easter. The "Fire Arms" donated clothing to the man and his family.

Anyone wanting to donate good used clothes to the new program should drop them off at the Dimmitt Fire Station.

# Here are the pros and cons on the proposed amendments

[Editor's Note: The pro and con arguments on the proposed constitutional amendments are based on information from the October issue of the "Voters Guide," published by the League of Women Voters of Lubbock. The league is a non-partisan organization.]

When voters go to the polls Tuesday they will be asked to adopt or reject six proposed amendments to the state constitution.

Here is an explanation of the six amendments and the pros and cons for each:

**AMENDMENT 1**  
Would repeal the only remaining state property tax, which is 10 cents per \$100 valuation. This tax is pledged for funding new construction at 17 named state universities. The amendment also prohibits state property taxes, allows counties to retain any delinquent taxes collected after the repeal, allows the legislature to distribute the balance of taxes collected before the repeal, and authorizes distributions of the tax receipts to be expended for either construction or repair of structures at the 17 universities. Finally, the amendment would validate the assessment ratio of 0.0001 per \$100 valuation established by statute for the state property tax in 1980.

**PROS** — Property taxes are the primary means of support for financially-pressed local

governments. The state, which has other revenue sources, should not compete with local governments for tax dollars by continuing to tax already overburdened property owners.

**CONS** — The property tax should not be repealed but the constitution amended in order to reduce the amount of money going into the fund. A three cent tax has been suggested instead. This would generate the amount needed to fund construction at the universities and would not seriously impact taxpayers or local governments.

**AMENDMENT 2**  
Would change the ceiling on state expenditures for child to dependent children and their caretakers Aid to Families with Dependent Children (AFDC) from \$80 million per year to \$160 million for the 1982-83 biennium, and up to one percent of the total state budget for each subsequent biennium.

Presently the average monthly payment for a person receiving AFDC funds is \$33.68. The maximum payment to a parent with one child is \$85 per month. This amount equals 70 percent of what the legislature determined two people needed in 1969 for subsistence. Texas ranks 49th among the states in the size of its AFDC payments. Only families with children deprived of parental support because of the death, absence or disability of one or both parents qualify for these payments.

**PROS** — The current meager AFDC payments are totally inadequate in today's economy, and the state's growing population has further strained the program. A state as prosperous as Texas can easily keep AFDC benefits at the modest level this would allow. Also, state funding would no longer be tied to federal funding, which may soon be eliminated for AFDC.

**CONS** — Welfare spending should be reduced, but this amendment would contribute to spending increases. Emphasis instead should be on assuring that only those in need receive this money.

## Dimmitt 8th loses, 8-0

Friena squeaked past Dimmitt's 8th graders last Thursday, scoring the game's only touchdown with 3:00 left to play.

The 8-0 loss left Dimmitt team 2-3-1 on the year.

Others who are against this amendment feel that no ceiling at all should be placed on AFDC payments.

**AMENDMENT 3**  
Families are currently exempt from property taxes on the first \$30,000 worth of farm and ranch equipment. Individuals are similarly exempt from taxation on the first \$15,000 worth of such equipment. This amendment would remove the dollar limitations and apply the exemptions to corporations and partnerships as well as families and individuals.

**PROS** — According to a State Property Tax Board survey in 1979, farm implements accounted for only 0.2 percent (statewide) of school districts' taxable property. This proposal would have little adverse impact on tax revenue, but it would give needed relief to economically depressed farmers and ranchers.

**CONS** — Locally, farm implements would account for

## Computer info program is set

An Information Day program on the use of computers in agriculture will be held next Thursday at 7:30 p.m. in the assembly room of the Castro County Courthouse, according to Charles L. Hottel, county agent.

Gary Condra, Extension Service economist, will conduct the program and will have a computer on hand to demonstrate. Discussion will include how computers fit into agriculture, different systems available, what they will and will not do, and what cost to expect.

Hottel said that several have expressed interest in computers this year, and he hopes this program will aid in any decision making.

The program is sponsored by the Extension Service. Refreshments will be furnished by the First State Bank of Dimmitt.

## Dimmitt 7th beats Friena

Jeremy Warren ran for two touchdowns last Thursday to lead Dimmitt's 7th grade football team to a 16-6 win over host Friena.

Warren scored on runs of 40 and three yards, and ran in one extra-point conversion. He passed to Johnny Garza for another two-point conversion.

The win leaves the Dimmitt team with a 4-1-1 record.

**Week's schedule**

**DIMMITT**  
Thursday  
5:30 — Freshmen vs. Tulia, there.

**NAZARETH**  
Thursday  
5 — 7th, 8th vs. Lazbuddie, here.  
Friday  
7:30 — Swifts vs. Lazbuddie, there.

## Hart 8th wins, 46-0

The Hart 8th grade got back on the winning road last Thursday, upping their record to 6-1, by defeating Springlake-Earth 46-0.

The Shortorns had 337 total yards. They gained 258 yards on the ground and got the other 79 yards through the air.

much more than the 0.2 percent of school districts' taxable property. While helping the farmers, it would shift the tax burden elsewhere.

**AMENDMENT 4**  
Would authorize the Legislature to provide terms not to exceed four years for members of governing boards of certain water districts and conservation and reclamation districts.

**PROS** — Four-year terms would permit the holding of half as many elections, a cost saving move; and it is hoped that less frequent elections would generate more participation.

**CONS** — Brief terms provide voters a means to expeditiously replace unable or unfit board members.

**AMENDMENT 5**  
Would let voters in Tarrant and Bee counties abolish the office of county treasurer. The powers and duties of the treasurer would pass to the office of county auditor or its successor.

**PROS** — Merging the offices of treasurer and auditor would eliminate overlapping of functions and save money.

**CONS** — This proposal would give control of county funds to a person neither elected by the people nor answerable to the county commissioners.

**AMENDMENT 6**  
The constitution now provides a maximum weighted

## Dance is Friday

The Dimmitt High School Junior Class is sponsoring a dance Friday night after the football game with Tulia.

Admission will be \$3 per person or \$5 per couple. The dance is scheduled to end at 12:30 a.m., and will be held at the County Expo Building.

Proceeds from the event will go to the projects of the Junior Class.

## Hart 7th wins 16-0

The 7th grade Hart football team gained another shutout victory last Thursday, defeating Springlake-Earth, 16-0.

This was the fourth shutout dealt the opposition by Hart's defense.

The win boosts the 7th grade's record to 7-1.

### Happy anniversary!

[Compiled from the Community Birthday Calendars sponsored by the Castro County Extension Homemakers, the Nazareth Swift Band, and the Hart Band.]

OCTOBER 29 — Arlon and Edna Ewing.  
 OCTOBER 30 — Duane and Kathy Maurer.  
 NOVEMBER 2 — Mr. and Mrs. Bob Reed.  
 NOVEMBER 3 — Monty and Maxine Ballard, Billy and Carolyn Harman, Walter and Pam White, Arnold and Catherine Huseman.

Arnold Ehly and Shawn McNutt

## McNutt, Ehly to wed

Shawn Lynn McNutt and Arnold Stephen Ehly announce their engagement and approaching marriage, with the wedding set for Dec. 18 at the Church of Christ in Roaring Springs.

The bride-to-be is the daughter of Mr. and Mrs. Rollie McNutt of Afton. She graduated from high school in 1981 at Roy, N.M., and is presently employed by E.S.C. of Lubbock.

The prospective groom is the son of Marion Durbin of Nazareth. A 1972 graduate of Nazareth High School, he is presently employed by Ed Harris Lumber in Hart.

## Baby shower set Nov. 6

A baby shower honoring Mrs. Buddy (Patty) Payne of Hart is set for Nov. 6 in the home of Ruth Bennett.

The house is located 4 miles west of Hart on FM 145, then 3 miles south.

The shower will last from 10 to 11:30 a.m. All are invited to attend.

## VETERAN'S SERVICES

By BEDFORD W. SMITH  
County Service Officer

We returned from the 35th State-wide Annual Veteran Service Officers Conference Friday evening. This was our 11th consecutive time to attend these yearly meetings.

This one was outstanding in that the overall attendance was the highest in 35 years; and a new record for county service officers was also set.

We secured up-to-date information concerning all benefits veterans, their dependents and survivors were entitled to receive from the VA; and other federal and state laws and regulations. Some of the benefits were improved and new ones instituted, while some were reduced and other eliminated.

If in need of information concerning any benefit, come by the office. Beginning Tuesday, we will be open at our regular hours on Tuesdays, Wednesdays and Thursdays as well as at other times if needed.

Rachel Borden and Brent Armstrong

## November vows set

Mr. and Mrs. Truett M. Borden of Grady, N.M., announce the engagement and approaching marriage of their daughter, Rachel, to Charles Brent Armstrong, son of Mr. and Mrs. Charles E. Armstrong of Dimmitt.

The couple will exchange vows Nov. 20 at 3 p.m. in Grady Baptist Church. They plan to reside in Lubbock after the wedding.

A graduate of Grady High School, the bride-elect also graduated from Texas Tech University and is currently working on her master's degree in crop science at Tech.

The prospective bridegroom graduated from Dimmitt High School and currently attends Tech. He is employed by the university as a vegetable research technician.

## Peggram named to Who's Who

The 1983 edition of "Who's Who Among Students in American Universities and Colleges" will carry the names of 15 students at Wayland Baptist University, including one from Dimmitt, Kimberly Diann Peggram.

Campus nominating committees and editors of the annual directory have included the names of the Wayland students based on their academic achievement, service to the community, leadership in extracurricular activities and future potential.

A 1979 graduate of Dimmitt High School, Miss Peggram is a senior music education major at WBU, where she has been active in International Choir, Alpha Chi National Honor Society, the Wayland Pioneer Band, and Sigma Alpha Iota music fraternity.

She is a past president and vice president of Sigma Alpha Iota, second-runner-up in the 1981 Miss Wayland Pageant,

Kimberly Peggram

and a Dean's Honor Roll student.

She is the daughter of Mr. and Mrs. J. E. Peggram of Dimmitt.

OCTOBER 28 — Carla Parks, Gladys Justice, Michael Warren, Smitty Lane, Ryan Huseman, Mary Bonsal, Irene Steiert.

OCTOBER 29 — Maria Falcon, Al Maurer, Eric Wilhelm, Garry Bryan Acker, Louis Huseman, Jerry Cox, Dondi Hays, Vicki Smithson, Linda Welch, Kathy Cole, Tommy Kellar, Jackie Evans, E. R. Waggoner, Linda Booe, Bob Bowden.

OCTOBER 30 — Kelly Jones, Trannie Mapp, Bruce Bryant, Willis Hawkins, Dora Thompson, Evie Froehner, Stephen Wilhelm.

OCTOBER 31 — Greg Schulte, Wade Durbin, Father Stanley, Charley Graef, Tami Griffith, Carolina Correa, Shelley Smith, Loyd Farris, Mark Castillo.

NOVEMBER 1 — Doug Higgins, Brandon Ammons, Matt King, Joby Sanders, Alvin Kleman, Amy Pohlmeier.

NOVEMBER 2 — Anna Ehly, James Buxkemper, Darlene Heck, Jim Wright, Gwen Snitker, Coy Myrick.

NOVEMBER 3 — LuDonne Bonsal, Andy Mays, Clay Armstrong, Sue Phillips, Donya Tuttle, Delynda McLain, Ortensia Garcia, Sr. Celestine Marie Bellinghausen, Shawn Pohlmeier.

NOVEMBER 4 — Rex Ramaekers, Kevin Braddock, Alison Durbin, Kevin Gerber, Gerry Kleman, Traci Hill, Tim Kenworthy, Tricia Touchstone, Derek Rich.

## Senior Citizens

Edward D. Freeman was re-elected president of the Castro County Senior Citizens at a meeting of the organization Oct. 19. Also re-elected were Andy Schumacher, vice-president, and Cleo Forson, secretary-treasurer.

Continuing on the board of directors elected to the board are Helen Richardson, Edith Graef, Emily Clingsmith, and Gene Ivey. They replace Josie Bradford, Retta Cluck, Virgil Justice, and Ralph Lambright whose terms on the board had expired.

Fifty-five Senior Citizens gathered at the Center after church on Sunday and enjoyed a covered dish dinner, entertainment by the Hereford Kitchen Band, and an afternoon of gospel singing.

Senior Citizens will have a booth at the Halloween Carnival at LaMantia on Saturday evening. Ralph Lambright is chairman of setting up the booth on Saturday afternoon and Clara Dollar is chairman of the work crew in the booth through the evening. Transportation will be furnished from the Center to LaMantia.

There is a Bible study every Monday noon at the Center.

Tuesday is Election Day. Responsible Senior Citizens should vote on this day.

Table games will be played all evening Tuesday, beginning at 6:30 p.m.

Forty-two, dominoes, bridge and quilting go on daily at the Castro County Senior Citizens Center, which is located at 3rd and Jones, and is open Monday through Friday from 8 a.m. to 4 p.m.

New among the activities is an Art Class every Thursday evening at 7 p.m. There is no charge for the class. M. Loys Raymer will be guiding this activity which is open to all Senior Citizens. You are free to work in any art medium and the group together will guide each other. You pay only for materials used.

There is a daily nutrition program, Monday through Friday, from 11:30 a.m. to 1 p.m.

## Presbyterian happenings

The Evangelism Task Force will meet at the Presbytery office in Lubbock today (Thursday) at 11 a.m.

There is a Sunday Church School class for everyone every Sunday at 10 a.m. The adult class will meet at the manse; all other classes at the church.

"The Suffering Servant" will be the subject of Pastor Edward D. Freeman's sermon at the service for the public worship of God on Sunday at 11 a.m.

A family Halloween party and covered-dish dinner will be held after the morning church worship service at City Hall. Everyone is encouraged to come in costume.

The choir will practice Sunday at 5 p.m.

There is a Forum on Presbyterian Reunion Sunday at First Presbyterian Church in Amarillo, at 7:30 p.m.

Midweek Bible study will be slides of Petra and Biblical allusions to this place, Wednesday at 7 p.m.

## Mrs. Holland to celebrate 90th birthday

A reception honoring Mrs. Faye Holland on her 90th birthday will be held Tuesday at 5:30 p.m. in the Senior Citizens' Center on West Jones Street in Dimmitt.

All friends and relatives are invited to attend the party, hosted by Mrs. Holland's daughters-in-law, Mrs. R. E. (Velma) Holland and Mrs. Garnett (Polly) Holland, both of Dimmitt.

Mrs. Faye Holland moved from Lockney to Dimmitt in 1925 with her two sons, living with her parents until her new home in town could be finished.

In 1941, she ran for County Treasurer, was elected and took office in January of 1942. She held that office for 26 years until her retirement.

## Firemen's banquet is today

The annual Firemen's Award Banquet will be held at 7 p.m. today (Thursday) at K-Bobs.

Awards will be presented to the Auxiliary's Woman of the Year and Fireman of the Year.

Len Slesik, meteorologist on Channel 7, will be the guest speaker.

## Museum group meets tonight

The Castro County Historical Museum Association will meet tonight (Thursday) at 7:30 in the museum building on West Halsell in Dimmitt.

Anyone interested in the museum is invited to attend.

IN ONE California city, it is a misdemeanor to threaten a butterfly.

You are invited to a

## PROPOSED CONSTITUTIONAL AMENDMENTS (ENMIENDAS PROPUESTAS A LA CONSTITUCION)

**INSTRUCTION NOTE: (NOTA DE INSTRUCCION:)**

Place an "X" in the square beside the statement indicating the way you wish to vote. (Marque con una "X" el cuadro al lado de la frase que indica la manera en que quiere usted votar.)

No. 1  FOR (A FAVOR DE)  
 AGAINST (EN CONTRA DE)

The constitutional amendment repealing the state property tax. (La enmienda constitucional que revoca el impuesto estatal sobre la propiedad.)

No. 4  FOR (A FAVOR DE)  
 AGAINST (EN CONTRA DE)

The constitutional amendment authorizing the Legislature to provide terms not to exceed four years for members of governing boards of certain water districts and conservation and reclamation districts. (La enmienda constitucional que autoriza a la Legislatura proveer plazos de no más de cuatro años para los miembros de las juntas gobernantes de ciertos distritos de agua y distritos de conservación y reclamación.)

No. 2  FOR (A FAVOR DE)  
 AGAINST (EN CONTRA DE)

The constitutional amendment to authorize the Legislature to provide assistance through the appropriations process to needy persons and to place a ceiling on payments for needy dependent children at one percent of the state budget. (La enmienda constitucional que autoriza a la Legislatura proveer asistencia por el proceso de asignación a necesitados y establecer un límite sobre los pagos para niños dependientes necesitados de un por ciento del presupuesto estatal.)

No. 5  FOR (A FAVOR DE)  
 AGAINST (EN CONTRA DE)

The constitutional amendment to abolish the office of county treasurer in Tarrant and Bee counties. (La enmienda constitucional que anula el oficio de tesorero del condado en los condados de Tarrant y Bee.)

No. 3  FOR (A FAVOR DE)  
 AGAINST (EN CONTRA DE)

The constitutional amendment exempting implements of husbandry (agricultural machinery and equipment) from ad valorem taxation. (La enmienda constitucional que exonera los implementos de producción agrícola (maquinaria y equipo agrícola) de la imposición de impuestos por caldeo.)

No. 6  FOR (A FAVOR DE)  
 AGAINST (EN CONTRA DE)

The constitutional amendment increasing the maximum interest rate allowed on state general obligation bonds to a weighted average annual interest rate of 12%. (La enmienda constitucional que aumenta la tarifa máxima de interés que se permite en los bonos generales estatales de obligación a un promedio ponderado de 12% de interés anual.)

**WELCOME TO OLE S.H.M.** is the original theme song for South Hills Manor nursing home in Dimmitt. Sung to the tune of "The Battle Hymn of the Republic," the song is a favorite of the rhythm band made up of the home's residents. The band gets together every Tuesday morning from about 10 to 11. Volunteer Geneva Justice leads the singing, Becky Bridges plays the piano, and social director Melba Sanders plays the

washtub 'bass drum.' Participating in the activity Tuesday are (front, from left) Essie Vaughn, Lila Roberts, and Birdie Haney; (second row, from left) Myrtle Sheffy, Eupha Dunn, Sarah Blackwell, Rita Norris and Wessie Ivey; and (back, from left) Esther Galloup, Aura Voight, Nellie White, Buelah McMurray and Gladys Justice. The public is always invited to come hear the band any Tuesday.

# Halloween safety tips issued by organizations

Several organizations have released safety tips for Halloween "Trick or Treaters" and their parents this weekend. The Dimmitt Police Department, the Texas Department of Public Safety and the American Lung Association have issued warnings for children, parents and motorists.

**They are:**  
**DIMMITT POLICE DEPT.**

1. Be sure to wear reflective clothing or light colored clothes.
2. Wigs if used, should be non-flammable. Hair spray can be used to create desired effect.
3. The use of a flashlight can be used to make a child visible and let him see where he's going.
4. Reflective strips, patches, or paint will increase visibility after dark.
5. Toy weapons should be made of cardboard so they won't injure if fallen upon.
6. Walk on the sidewalk whenever you can. If no sidewalk, walk way to the left facing traffic.
7. Be alert for cars.
8. Do not eat any unwrapped candy, and make sure the parents inspect all candy before you eat it.
9. Fruit — Should be washed and cut into small pieces to be sure nothing has been placed inside.
10. An adult should accompany the child while walking.
11. If you find anything

wrong notify the Police right away.

12. Do not approach houses with the lights off, and do not accept rides from strangers.

**TEXAS DEPARTMENT OF PUBLIC SAFETY**

Major C. W. Bell, Region 5 commander for the Texas Department of Public Safety, said, "Motorists and parents need to take precautions to protect children and prevent disasters this Halloween."

Motorists should use extra caution in residential areas and look for children crossing streets in a haphazard manner. Parents should remind older children not to vandalize residences, businesses or vehicles. Drivers should take caution on this night and not permit passengers to throw objects such as water balloons, paper, etc. from the vehicle.

Major Bell reminds Texans that there were 752 pedestrians killed and 6,300 pedestrians injured in Texas during 1981. A pedestrian's chance of getting killed or injured are increased by 800% at night. There were 83 youngsters under the age of 11 years killed as pedestrians last year. There were seven pedestrians killed on October 31, 1981. Major Bell stated, "If parents and motorists join together and think of children's safety, Halloween 1982 can be a safe and enjoyable evening for everyone."

**AMERICAN LUNG ASSOCIATION**

The American Lung Association of Texas warns about one danger for children — the risk of choking on holiday treats such as candy corn, hard candy, and peanuts.

At Halloween, children go door-to-door trying to fill their sacks full of candy and other goodies. Parents should insist youngsters bring the treats home for inspection. For the youngest — two, three or even four years old — some of the candy can be divided or mashed before eating.

The chewing and swallowing muscles of young children may not be sufficiently developed to cope with certain treats. Choking can result. Halloween goodies may also "go down the wrong way" and lodge in the lung instead of the stomach.

The best warning is: be sure children are old enough to chew and swallow correctly before trusting them with small, hard bits of food. Parents should always be on guard against "small objects" getting into the hands of children.

Moreover, such items as eyes and buttons might come loose from dolls, or wheels from toy cars. Set a good example. Don't put anything but food into your own mouth. Keep the coffee table clear of small objects a child might reach for.

## Social Security in Castro County

By TERRY J. CLEMENTS

Social Security disability — what is it? Social Security is much more than a retirement or survivor program. Many people in our community draw Social Security benefits due to a disability. Others may be wondering if they should file or could qualify for benefits. Let's take a look at the overall process.

First, there are some minimum work requirements for a person to be insured for disability benefits. For a younger worker (under age 23) the requirement is only 6 quarters (1½ years) of work in the three year period before the disability began. This special feature of the program is very important because eligibility for a disability benefit can begin at a young age. Many teenagers are protected for disability benefits through summer and part time jobs.

For older workers (over age 30) the requirement is 20 quarters (5 years) of work in the 10 year period before the disability began. In addition, a worker has to meet the requirement of being fully insured for social security benefits. This requirement varies with the worker's age but is never more than 10 years.

Another requirement concerns your medical condition. To be approved for disability benefits, a person has to have a condition that will be totally disabling for a period of time that has lasted or is expected to last a full year. The medical decision is made by a division of the Texas Rehabilitation Commission in Austin. Total disability is the inability to do any kind of work at all — not just the work you were doing or your normal occupation. There is also a five month waiting period after the disability begins before the benefits will start.

If your disability claim is denied, the decision is not necessarily final. The claim can be appealed. Our office will be happy to help you through the appeals process. The process is not difficult, and it is an unbiased, objective system. Claims can be revised or totally overturned in the appeals process.

Recent changes in the Social Security law require that everyone who draws disability benefits have their case medically reviewed periodically. This review is to make sure that a person's condition has not improved to the point that a return to work would be possible. The frequency of the review varies with the medical condition.

The most important thing to remember is to promptly complete any medical questionnaires and to comply with any requests during the medical review process. Again, the local Social Security office will help you complete the necessary forms and answer any questions about a medical review.

If you have further questions or wish to file a claim for disability benefits, do not hesitate to call on us. Our address is 1401-B West 5th Street in Plainview and our telephone number is 293-4371.

IN the 1700's there were reports that the Northern Lights could be seen as far south as Peru.

## Nazareth honor roll announced

Nazareth Independent School District has announced students on the A and B honor rolls for the first six weeks of school.

They are:  
**SENIOR A Honor Roll** — George Hochstein, Deanna Hoelting, Allen Maurer, Mary Jean Huseman, Rhonda Hoelting, Tammy Heck, Jeanie Wilhelm, Annette Hoelting, Janet Huseman.

**B Honor Roll** — Damian Wilhelm, Rodney Schulte, Raef Albracht, Sharon Birkenfeld, Colette Acker.

**JUNIOR A Honor Roll** — Cheryl Hoelting, Francis Kern, Liz Albracht, Shari Schilling, Renee Ramaekers.

**B Honor Roll** — Wade Durbin, Frank Wortham, Bart Huseman, Eric Wilhelm, Mark Kleman, Joel Birkenfeld, Scottie Book, Marvin Schmucker, Anne Birkenfeld, Johnny Schmucker, Kevin Acker, Gery Verkamp.

**SOPHOMORE A Honor Roll** — Russell Hoelting, Mark L. Kleman, Ricky Backus, Dwight Acker.

**B Honor Roll** — LaDawn Schmucker, Chris Gerber, Leona Gerber, Howard Steffens, Kenneth Kleman, Rex Acker, Patsy Birkenfeld, Nancy Hatla.

**FRESHMAN A Honor Roll** — Dale Albracht, Gail Birkenfeld, Theresa Wilhelm, Annette Schmucker.

**B Honor Roll** — Darryl Hoelting, Cece Kern, John Kleman, Bruce Huseman, DeZane Schacher, Billy Steffens, Kyle Schacher.

**EIGHTH A Honor Roll** — Russell Acker, Phillip Durbin, Todd Hill, Alan Birkenfeld, Shawn Wilhelm, Charlotte Heck.

**B Honor Roll** — Chris Kleman, Wade Drerup, Randy Hochstein, Kenny Kern, Paul Bermea, Delia Bermea, Pam Ehly.

**SEVENTH A Honor Roll** — Stacy Albracht, Missy Brockman, Kelly Hoelting, Gregg Gerber, Brad Hoelting.

**B Honor Roll** — Julie Hatla, Wesley Dobmeier, Traci Hill, Raymond Falcon, Bobbi Hochstein, Rachel Huseman, Michelle Schulte, Cory Hoelting, Barbie Steffens, Chris Schmucker, Theresa Verkamp, Heath Schulte.

**SIXTH A Honor Roll** — Shana Birkenfeld, Jennifer Brockman, Tammy Drerup.

**B Honor Roll** — Stephanie Brockman, Brad Kleman, Regina Schacher.

**FIFTH A Honor Roll** — Lorelea Acker, Kirsten Birkenfeld.

**B Honor Roll** — Tami Ball, Brent Durbin, Marty Gerber, Gwen Hoelting, Kenneth Lange, Brian Schmucker, Nikki Schulte.

**FOURTH A Honor Roll** — Bernadette Hochstein, Monica Kleman, Cynthia Albracht, Janay Johnson.

**B Honor Roll** — Wade Hoelting, Steven Lange, Darlene Heck, Vance Acker, Shelly Albracht, Stephanie Farris, Bryce Hatla, Leon Verkamp.

**THIRD A Honor Roll** — Christie Castillo, Peggy Huseman, Kalina Pohlmeier.

**B Honor Roll** — Mac Annen, Lisa Ball, Andy Bermea, Christy Birkenfeld, Wayne Birkenfeld, Joshua Book, Garrett Dobmeier, Tracy Drerup, Hugh Durbin, Jodi Johnson, Trey Johnson, Lynn Nelson, Travis Schulte, Fason Wethington, Bridget Birkenfeld.

**SECOND A Honor Roll** — Melinda Birkenfeld, Bill Hochstein, Vicky Lange, Kimberly Dobmeier, Jaime Hatla, Jill Pohlmeier, Nicole Kleman.

**B Honor Roll** — Michael Schmucker, Jessica Ward, Brent Wilhelm, Brandon Schilling, Chris Wethington, Adrian Farris, Shannon Birkenfeld.

**FIRST A Honor Roll** — J. J. Bermea, Kristin Brockman.

**B Honor Roll** — Sabrina Acker, Trampas Ball, Shane Bennett, Lena Durbin, Lynette Kleman, Morgan Heck, Heather O'Daniel, Mary Ellen Ramaeker, Justin Wethington.

## DSEC rural power rates will take a jump Monday

Starting Monday, members of Deaf Smith Electric Cooperative will have their electric bills computed under a new higher rate schedule.

The new rate will consist of a 42% average increase over the previous rate. This does not indicate all rates have increased 42%, but rather an average of all services combined on the system will increase about 42% based on 1981 usage, DSEC officials said.

The cooperative's wholesale power contract with its power suppliers, which has held rates down for the past 10 years, expires this month. In addition to increases in the wholesale power, normal operating expenses have continued to increase due to inflation. These two items are responsible for the proposed rate adjustment, DSEC officials said.

"In these days of steadily rising costs, Deaf Smith REC is fortunate to wait this long before implementing a rate increase," said board member Donald Wright of Dimmitt.

"Deaf Smith Electric has postponed this rate increase as long as possible," he said. Now more than ever before, fixed expenses account for the largest portion ever of our total cost of service. For example, wholesale power cost, depreciation, interest, and taxes alone amount to 89% of the total cost of electric service. These are expenses that are beyond the control of cooperative management and the board of directors."

DSEC is one of 15 electric cooperatives in Texas that are seeing 10-year contracts come to an end.

The 42% increase is somewhat misleading, according to Area Development Manager Greg Black.

Black said the figure is an average of all usages in the system, and that any particu-

lar customer's bill will not work out to exactly 42%.

Black explained that there are two separate rates. The "off-peak irrigation rate" (Oct. 1 to May 31) differs from the rates for peak usage months (June through September).

Also, as the demand charge is spread across more hours of usage, the cost per kilowatt gets lower, Black said. This will be noticed more by irrigators, who may see only about a 26% increase if wells are used about 700 hours per month.

But, if the farmer pays the demand charge and uses the well for only about a week or 10 days, the increase may be as high as 65%, Black said.

He said the average residential user on the DSEC system will see an increase of about 22%.

## He's Only a Boy!

Please don't curse the boy down there, He is my son, you see, He's only just a boy, you know, And means a lot to me.

I did not raise my son, sports fan, For you to call him names; He may not be a super star, But it's just a high school game.

Please don't curse the boys down there, They do the best they can; They never tried to lose a game, They're boys . . . and you're a man.

If you have nothing nice to say, Please leave the boys alone, And if you can't enjoy the game, Why don't you stay at home?

So please don't curse those boys down there, Each one's his parents' son; And win, or lose, or tie, you see, To us, he's NUMBER ONE!

## More about Zoners ...

(Continued from Page 1)

"We could stop a lot of this if people would apply for permits as they're supposed to," Killough said. "We could help them correct a lot of the problems in the initial inspection before they get settled in."

The Zoning Commission said they would consider changing the permit fee for mobile homes to a one time charge to be paid at the time the home is moved in to town. Also, they discussed asking utility companies to require mobile home owners to show their city permit before hooking up utilities. Provisions were also discussed that would fine mobile home park owners who allow mobile homes without city permits to move into their parks.

Killough said another problem he runs into is people wanting to run all their utility lines in the same ditch instead of digging separate ditches for each one.

"People don't realize how dangerous it is to have any lines in the same ditch," he told the commission. "If the gas line were to leak into the sewer line there could be explosions all over town, or if the sewer leaked into the water system, it could contaminate the whole water system."

He added that all the regulations are based on the need for safety and to maintain the town's appearance.

Commissioners commented that present regulations need to be enforced before expanding areas for mobile home placement.

The commission concluded that the Miller, Sheffy and Western Heights additions of Dimmitt were for all practical purposes the only areas left in town that could be turned to mobile home usage on a single lot basis.

"We will look specifically at the Miller addition at our Nov. 8 meeting at 7 p.m. in the City Hall meeting room," said Commission chairman Roger Malone.

# CHOOSE A DEERE

## WAIVER OF FINANCE CHARGES OR A BONUS

For a limited time on two new John Deere cotton strippers, you have a choice of waiver of finance charges or a bonus, as explained below. This offer is above and beyond our good deals on new self-propelled 4-row 484 and new mounted 2-row 283 Cotton Strippers.

The sooner you get your new stripper, the greater your benefits and bonus.

If you choose to finance it with Deere, you can have finance charges waived until February 1, 1983.

But if you pay cash for your new stripper...or finance it through (without waiver)...or lease it from Deere, you'll qualify for a John Deere money bonus in big dollar amounts (ask us for the actual figures). John Deere finance and lease plans are subject to credit approval.

If you earn a money bonus, it will be mailed to you after we make delivery (unless other arrangements are made).

Choose your new John Deere cotton stripper during this limited-time special offer.

\*This offer may be withdrawn at any time.

117 E. Bedford, Dimmitt

**FRIDAY NIGHT ACCIDENT**—Carman Saenz of Nazareth escaped serious injury when his Ford Ranger pickup brushed a car, veered off the highway and overturned twice near the Presbyterian Church on Highway 86 west of Dimmitt at 11:28 p.m. Friday. Although the passenger side of the pickup's cab

was flattened in the rollover, the driver's side held up and rescuers pulled Saenz out of the cab after detaching the windshield. Saenz was treated and released at Plains Memorial Hospital, and was later cited for driving without a license.

**MARY RUTH CORNELIUS**, standing near her damaged Dodge Duster, describes Friday night's two-vehicle accident on west Highway 86 to City Patrolman Paul Horn. She said she was traveling west when Saenz's pickup approached from behind, attempted to pass her and collided with the left side of her car

while passing. The pickup then veered across the highway, and police said it traveled approximately 200 feet down the bar-ditch before overturning twice. Cornelius kept control of her car and was not injured, police said.

TWINS are born less frequently in the eastern part of the world than in the western.

WYOMING is an Algonquin Indian word believed to mean "large prairie place."

THE HIGHEST percentage of unmarried males in the country live in the city of Columbia, South Carolina.

IN 1969, the Saturday Evening Post magazine ceased publication after 147 years.

## JIM MATTOX FOR ATTORNEY GENERAL

THE BEST QUALIFIED ATTORNEY IN THE RACE

- U.S. Congressman, 1977-1982

## East German grain team to visit here

West Texas grain sorghum farmers are hosting a feed grain and livestock team from the German Democratic Republic (East Germany) today (Thursday) through Sunday.

The East German team will make a stop at Taylor Feedlot Friday morning, eat lunch at K-Bob's at about 1 p.m., and visit Estacado Lamb Feeding Division in the afternoon.

The team is in the High Plains area to study the potential of grain sorghum in their livestock feed. They are here at the invitation of Texas Grain Sorghum Producers Board.

Bringing this team to West Texas is a part of TGSPB's effort to increase the sales of grain sorghum. Over 100 foreign livestock and feed grain officials visit the Texas sorghum producing area each year as guests of TGSPB.

East German livestock producers are not presently buying US grain sorghum. "They will not buy sorghum, regardless of prices, until the men on this team are convinced that grain sorghum is a good livestock feed," said Elbert Harp, TGSPB Executive Director.

Export promotion of U.S. feed grains continues to be the best potential sales outlet for U.S. grain. Exports of grain sorghum and corn have increased by 135% since 1965, while domestic consumption increased by only 28%. Production has increased by 90% in that same time, causing surplus stocks to build.

**FAILURE TO YIELD** at a yield intersection was charged against Cyril Brockman of Nazareth when his 1982 Ford pickup pulling a tank trailer ran into the side of this 1982 Mercedes convertible driven by Sarah Tollett of Littlefield. At about 2:30 p.m. last Thursday, Tollett was driving north on FM 168 about four miles south of Nazareth, when Brockman, traveling east, entered the road-

way from a dirt county road. Besides the damage to the car, Brockman's pickup received damage to the metal grill guard, grill, and radiator. No injuries were reported, but Tollett was taken by ambulance to Plains Memorial Hospital in Dimmitt, where she was treated and released. Investigating officer was DPS Trooper Rick Bentley, assisted by Ron Morgan.

**DAYLIGHT SAVINGS TIME ENDS**  
Oct. 31st

Remember to turn your clock back Saturday night before going to bed. The official time to go off daylight savings time is 2 a.m. Sunday.

**PLAINVIEW OVERHEAD DOOR**  
293-8577 3014 Dimmitt Rd., Plainview

### Fire calls

The Dimmitt Volunteer Fire Dept. had two calls during the past week, but didn't get the chance to go into action on either one.

A combine was reported on fire Monday afternoon about two to four miles north of Bruegel's Gin west of Dimmitt. Ten men and two units started for the fire, but received the message that the fire had been put out before they got there, so they turned around and came back to the station.

Friday, 14 men and two units reported to the scene of a wreck at about 10 p.m. A pickup had turned upside down and police thought the jaws of life might be needed, but the occupant was extracted without them.

### Police calls

Fifteen arrests were made during the week by city, county and state law officers.

A 30-year-old Earth woman was arrested last Thursday on felony theft charges (theft over \$200, under \$10,000). She was released after posting a \$2,000 bond, and her case is pending.

Three men were arrested for public intoxication. One was also charged with disorderly conduct and resisting arrest.

Four were arrested on misdemeanor DWI charges, two of whom were women. Three posted bond and were released and one of the women remains in jail.

A 37-year-old Muleshoe woman was arrested for violation of probation. She was released to the Mental Health and Mental Retardation Center in Plainview. Her case is to be reviewed in 30 days.

An 18-year-old Hale Center man paid \$100 in fines and court costs and was given six months probated sentence following his arrest on charges of theft.

A 17-year-old Dimmitt youth was arrested for minor in possession. He paid a fine and was released.

A 21-year-old Del Rio man was arrested during the week for evading officers, and another man was arrested on drunk pedestrian charges.

Two juveniles were picked up by the Dimmitt Police Dept. and turned over to juvenile authorities in connection with a bicycle theft from a home in Dimmitt. The bicycle was removed from the dump ground. It had been damaged.

Police are investigating a report of theft and criminal mischief which occurred at the First State Bank parking lot recently. A pickup which had been repossessed by the bank was broken into and a spare tire taken from inside. The estimated damage was \$50 to the window which was broken to obtain entry, and \$40 for the tire.

WHEN cutting calories, consider the nutrient value and the calorie content of foods, suggests Mary K. Sweeten, food and nutrition specialist with the Texas Agricultural Extension Service. Oranges, melons, grapefruit and strawberries offer high nutrition and low calories. Apricots, peaches, plums and watermelon offer abundant supplies of vitamin A. These choices make up a healthful bargain without adding excessive calories, Sweeten says.

## Citizens and Friends in Castro County:

I have, over the past few weeks, presented in the newspaper some facts related to the office of County Judge. I hope they have been as beneficial and informative to you as they have been to me.

These facts are a very small portion of the duties involved in the administration of the office of County Judge. The prompt and proper execution of the duties of this office requires the business experience necessary to make sound business and judicial decisions. Meeting and welcoming various dignitaries who visit the county, and promoting harmony in the courthouse and the county, are tasks which I feel I can fulfill comfortably.

I have personally covered the county in an effort to meet and visit with everyone, and I have been well received by both Democrats and Republicans. I appreciate this indication of confidence.

I am a native of Castro County, graduating from DHS in 1956 and from Texas Tech in 1962. I received an honorable discharge from the National Guard, where I was a clerk-typist. From 1962 to January 1982, I was engaged in dairy farming. In January I leased these facilities, and am now available for public service.

Fellow citizens, I would like the opportunity to serve you. I believe I am equal to the challenge, and ask for your vote Nov. 2.

## Winston Waggoner Candidate For Castro County Judge

Paid for by the Committee to Elect Winston Waggoner, Dr. W. J. Hill, Treasurer.

## YOUR CITY AT WORK

By PAUL CATOE  
City Manager

**MOBILE HOME PERMITS**  
The City of Dimmitt currently requires that individuals obtain a mobile home permit prior to moving in or locating mobile homes within the city limits of Dimmitt. Section 4-195 states the following: "No person shall park, use, or occupy any mobile home on any private property outside a mobile home park, and within the districts designated in Section 4-192 for more than two weeks, unless a permit therefore shall have been first obtained from the City Secretary by the occupant of such mobile home. No person shall permit such use or occupancy on his property unless the occupant of the mobile home has first obtained such permit."

The City also charges a standard fee for a mobile home permit which helps offset City expenses related to their inspections. The standard fee for the permit is \$5.00 and it remains valid through December 31st of the year of purchase. The fee may be pro-rated if the terms are for less than one year. The minimum fee, however, is \$2.50. Section 4-201 of the code states that "all permits will expire on December 31st each year and that applications for renewal should be made 30 days prior to their expiration date."

This section further states that "no permit shall be renewed until the mobile home has been fully inspected."

The restrictions placed on mobile homes are designed to promote the safety and health of their occupants and the individuals who are living adjacent to them. According to Section 4-187 of the City code "individuals violating any provisions of this article are subject to a fine of not less than \$5.00 or more than \$200.00."

The City of Dimmitt is therefore taking this opportunity to inform its citizens of the requirement of a permit prior to the placement of mobile homes within the city limits and that all permits should be renewed prior to their expiration at the end of each calendar year. Our next article will cover the regulations in regard to permits for mobile home parks.

## Dance set

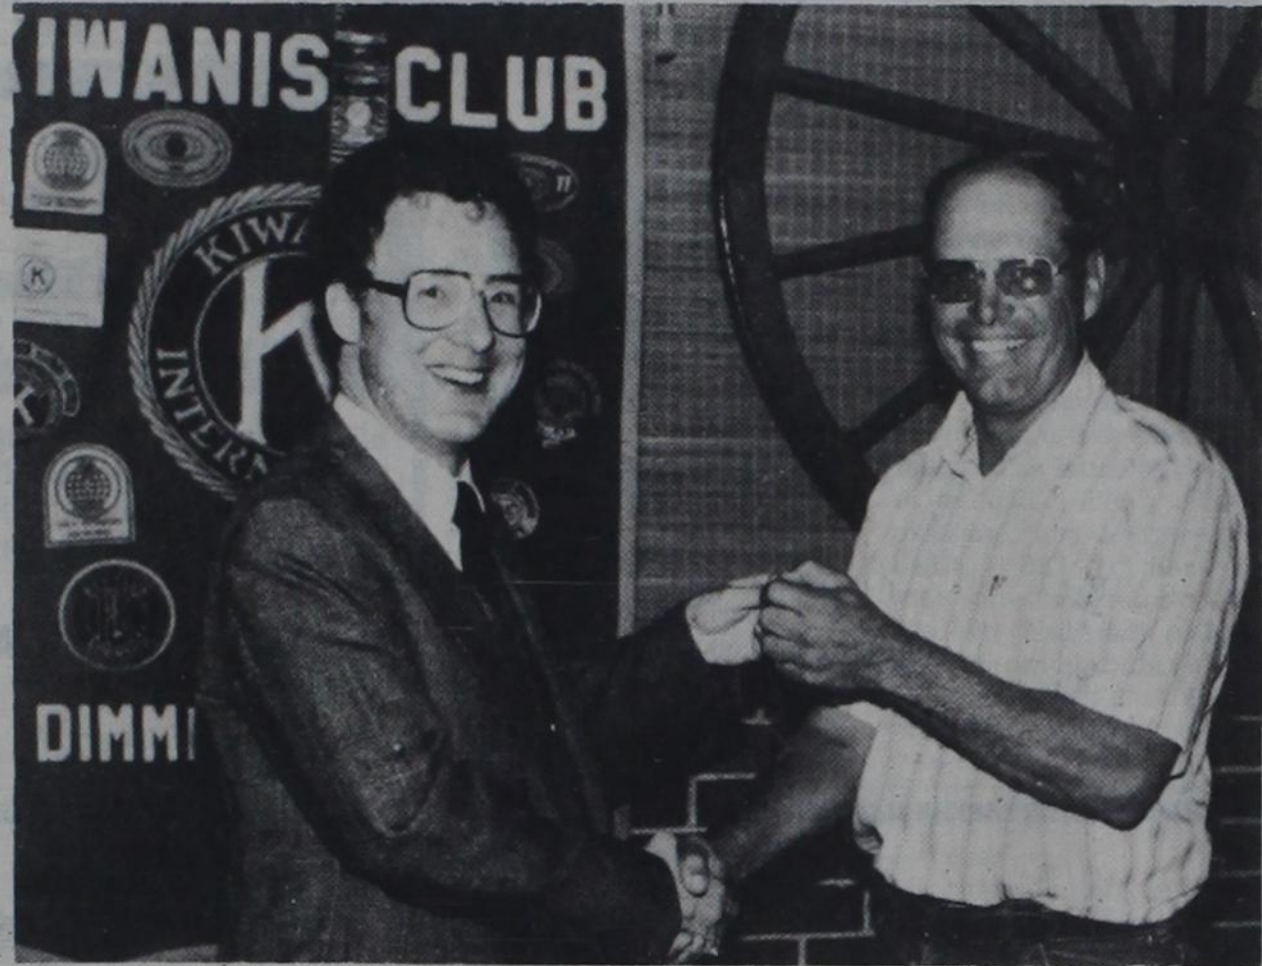

The Nazareth High School senior class is sponsoring a dance Nov. 5 following the football game.

Nazareth will host Happy that night, and the dance will follow at the community hall.

KIWANIAN OF THE YEAR Award for this year was given to two members of the Dimmitt Kiwanis Club at the annual installation banquet held Monday noon at K-Bob's.

From left, Club Secretary Bill Thornton made the presentation of plaques to Duward Davis and Gene King.

THE PRESIDENTIAL PIN, sign of office of the Dimmitt Kiwanis Club, was passed by outgoing president Jimmy Davis [left] to

newly installed president Robert Benton at the club's installation banquet Monday.

## Kiwanis honors King, Davis

Two men shared the honor of Kiwanian of the Year at the Dimmitt Kiwanis Club's installation banquet Monday at noon. They are Gene King and Duward Davis.

Davis was cited for his 9 years of perfect attendance; work with the Key Club, which is sponsored by the Kiwanians; and his willingness to help on all the various projects of the club.

King has 10 years of perfect attendance; has been instrumental in the organization of the club's annual pheasant hunt project; and has served on many of the club's other projects.

Dean Herring, member of the Hereford Noon Kiwanis Club, conducted the installation ceremonies which saw Robert Benton into office as local club president. Outgoing president is Jimmy Davis.

Also installed were Alex Glass, first vice president;

John Kovac, second vice president; Bill Thornton, secretary; Richard Stahl, treasurer; and Jimmy Davis, Duward Davis, Walter Spinhirne, Barry Love, Doyle Wassom, Bob Murdock, Jack Patton and Don Sheffy as directors.

Receiving perfect attendance awards were Walter L. Spinhirne, 17 years; Jack Patton, 14 years; Gene King, 10 years; Duward Davis, 9 years; Bill Thornton, 7 years; Charles Richard, 6 years; Jimmy Davis, 5 years; and John Kovac, 2 years.

Club members were informed that there will be a board meeting Monday at 7 a.m. at K-Bob's.

Other guests from the Hereford Kiwanis Club who attended the installation were Bud Eades, Steve Nieman, and Bartley Dowell. They invited the Dimmitt club to send an interclub (a team of four club members) to the

Hereford membership round-up Nov. 11.

Key Clubbers Tod Bradley, Blake Brown and Becky Benton attended the ceremony, along with AFS student Kim Verceuil, who is staying with the Bentons.

## Community Concerts in Dimmitt?

A community concert association for Dimmitt and Castro County? Far out?

Not all that far out, according to Nolan Froehner, local worker for the Community Concerts Association.

"Ground work is being laid with a view toward the distinct possibility of having community concerts right here in Dimmitt for the 1983-84 concert season," Froehner said.

He said that in the past, local residents have had to travel to other communities to attend such events.

"We have an excellent facility in our 1,100-seat auditorium at Dimmitt High School," Froehner noted, "and we are not taking full advantage of all the possibilities for the life enrichment that can be ours."

Froehner said that a representative of the Community Concerts Association of New York will be in Dimmitt in the near future. Civic organizations, business firms, and individuals have already been or soon will be contacted to solicit support for the project, according to Froehner.

"These types of performances that will be made available can provide an excellent learning and appreciation opportunity for our students, as well as citizens," he remarked.

For those who like to go out of town, the local association could still be an advantage, Froehner said, because of reciprocal agreements with other concert associations.

"Every effort will be made to promote family memberships at as good a subscription rate as is offered anywhere else," Froehner said. "So, let's do something for Dimmitt and get behind the move for a Dimmitt Community Concert Association."

## AFA sponsors scholarship essay contest

The Lubbock Chapter of the Air Force Association (AFA) of Texas is sponsoring a \$3,000 scholarship essay contest open to all high school seniors in the State of Texas.

The topic of this year's essay is "Portrait of a Responsible American Citizen." The student submitting the best essay to the Lubbock Chapter will receive a \$100 Savings Bond. The winning entry will then be entered into the statewide competition against eighteen other chapter winners.

Five college scholarships will be awarded to the best entries statewide. First place will be worth \$1,250; second place \$750; third place \$500; and two fourth place entries will receive \$250 each.

To enter the contest, students should contact their local high school counselor or Eldon K. Turner, Lubbock AFA Scholarship Chairman, 5306 77th Street, Lubbock, Texas, 79424.

The author and the parents of the student submitting the best entry to the Lubbock AFA Chapter will be honored during the Chapter's Spring meeting. The first place winner statewide will be honored at the Texas AFA Spring meeting in San Antonio.

The deadline for the return of entries to Mr. Turner is November 30, 1982. Contest entry forms may be obtained from either high school counselors or Mr. Turner. Entries must be between 500 and 600 words in length.

The AFA Texas Scholarship program is funded by the AFA and Mr. Earle North Parker, Fort Worth industrialist. The Lubbock AFA Chapter entry has won the statewide competition in three of the past six years.

The Air Force Association is a nationwide organization committed to supporting a strong national defense establishment.

## View from the library

By BRICK AUTRY

Stump the Reference Desk!

Q: Muscogean tribes like the Creek and Choctaw Indians practiced "mother in law avoidance." We'd like to know why they did this curious practice.

A: If you only knew what my father had to put up with [and he's a Creek Indian], you'd find mother in law avoidance much less curious.

Why publishing companies now send their books through the mail instead of sending a salesman:

During the fall a salesman came in and gave us a 30-second spiel on tractor parts. It was very interesting, but we were actually more inquisitive about why he was selling parts to the library.

"You mean this isn't Littlefield?" asked the salesman.

The IQ of traveling salesmen must be less than formerly. Now we at the library know why we get phone calls offering us "books on approval." It's cheaper and the parent company won't worry about the poor salesman getting lost in strange places.

Books on Approval goes this way: The company arranges to send you 500 books and you have seven weeks to look them over and buy what you want. Then you return the books you don't want. If it's done correctly, the setup is fairly nifty.

The last batch of Books on Approval that the library received, however, were returned quickly so as not to contaminate the rest of the collection. Frankly, we've bought better volumes at rummage sales. It has occurred to this writer that the dumb salesmen are now packing the books for Books on Approval.

Luckily, we have a good reference for times like these. It's called "Stop! You're Driving Me Crazy."

MONDAY is an awful way to spend one-seventh of your life.

NOTE TO our nonfavorite politician: Taking the people's pulse is not done by feeling their wallets.

## Rewards offered for burglary, fire info

Crime Line is offering \$400 this week for information concerning the two Spotlight Crimes.

A \$100 reward is being offered for information concerning the Oct. 20 violation of the Dimmitt Uniform Fire Code and the Federal Clean Air Act. Someone set fire to a pit containing old tires at the Sanitary Landfill. This type of activity is unlawful and people need to check with the Police or Fire Department before burning any refuse.

A \$300 reward will be given for information about a burglary of the Ross Family Gin at Sunnyside. The incident occurred sometime between 8 p.m. Dec. 24, 1981 and Dec. 25 at 11 a.m.

An estimated \$2,200 worth of items was taken. Taken was: a Dayton electrical hoist, a red Lincoln electrical arc welder, a 225 amp welder sitting on a red homemade four-wheel dolly, a Sears tool box with three

sliding trays on the side and one tray that lifts out of the top (it also contained assorted tools), a black 12/6 volt battery charger, a Black and Decker hand grinder and attachments (silver), two silver Black and Decker half-inch drills and a one-ton orange chain hoist with a 20 foot pull chain.

To report any information, call Crime Line, 647-4111. The method of protecting your identity will be explained to you when you call.

Crime Line Donations may be mailed to Castro County Crime Line, Inc., P.O. Box 1111, Dimmitt.

CLASS OF 1932—Fourteen members of Dimmitt High School's Class of 1932 attended their 50th-year reunion Saturday in the Senior Citizens Center. That's almost half of the original class. Seated, from left, are Millicent Hastings Davis, June McCown

Floyd, Ona Faye Smith Chapman, Margie McLean Wiggs, Hazel Williams Waggoner and Lovie Mayfield Galloway. Standing, from left, are Embree Roy Sadler, James V. Marlar, Alton Loudder, D. Orice Webb, Fred Mapes, Eules

Waggoner, Joe Mapes and Truett Boothe. Note sign on chair in which Mrs. Chapman is sitting: "Not Retired, Just Tired, Senior '32."

## Deadline draws near for aoudad applicants

The deadline is Nov. 10 for submitting applications for aoudad (Barbary) sheep public hunts to be held on portions of Caprock Canyons State Park, near Quitaque, in January.

Officials will hold a drawing at Texas Parks and Wildlife Department headquarters in Austin at 10 a.m. Nov. 16 to select between 35 and 42 hunters.

A \$250 fee will be charged successful applicants. To obtain applications, write the Parks Division, Texas Parks and Wildlife Department, 4200 Smith School Road, Austin, TX 78744, or call toll-free 1-800-792-1112.

Officials said the hunts are held to reduce numbers of the aoudad sheep and feral goats which compete with native mule deer and put pressure

on native browse species. Permits will be issued for a two-day hunt beginning at noon on the first day and ending at noon on the third day. The dates are Jan. 1-3, 3-5, 5-7, 7-9, 9-11, 11-13, and 13-15, 1983.

There will be a bag limit of one aoudad sheep per hunter, with no limit on feral goats. However, all animals taken must be properly dressed and removed from the park.

Hunting will be allowed on approximately 3,350 acres of the 13,000-acre park. The park is located three miles north of Quitaque, Briscoe County, on Ranch Road 1065.

Persons issued permits for the 1982 aoudad hunt will not be eligible to participate in the 1983 hunt, officials said.

"The People's Lawyer shingle is a symbol to the people of Texas that they are about to get themselves a lawyer who will fight for their interests in Austin."

That's what Jim Mattox is about to do—stand up for the people's interests in Austin. Texans from all walks of life are choosing Jim Mattox for their Attorney General. They know he will represent their interests on issues like utility rates, employment, fair taxation, consumer representation, a clean environment, nursing home abuse, equal rights, drug and alcohol abuse and other matters essential to average Texas families.

After two years in the Dallas District Attorney's office, four years in the Texas Legislature, and six years in the United States Congress, Jim Mattox is ready to stand alone as the Attorney General of Texas: *The People's Lawyer.*

**JIM MATTOX**  
FOR ATTORNEY GENERAL

## DHS 'golden anniversary class' meets

Fourteen members of the 1932 graduating class of Dimmitt High School, along with several spouses and friends, spent most of Saturday at Senior Citizens Building, where they observed their Golden Anniversary Reunion.

Theme of the affair was "Looking Back Fifty Years." Pictures, copies of newspaper clippings, a diploma, two class rings, a commencement invitation, an invitation to the Junior-Senior banquet and a plate favor, and two scrap books were displayed on a

table. Pictures and newspaper clippings about the deaths of the class sponsor, Henry Loter, and classmates J. D. Sitton, Sidney Parks, Norris Wesson, Estelle Dowell, Orpha Mae Powell Bone and Frankie Senter English, were displayed on another table.

A visitation session followed registration, which began at 10 a.m. Each class member and spouse was photographed sitting in a rocking chair immediately following registration.

A tour of several places of

interest followed an informal luncheon at noon. Stops were made at the museum and Dimmitt High School as it was in 1932.

The program, which began at 3 p.m., was presided over by Truett Boothe. Elmer Youts, longtime resident of Dimmitt and former mayor and brother of one of the class members, Sandy Youts, presented a memorial honoring the deceased sponsor and classmates.

A gift was presented to Mrs. Madge Robb, a special guest and the only former

teacher present.

Original oil paintings by Millicent Davis and Hazel Waggoner were presented to Margie Wiggs and Venioe Marlar, the woman and man who traveled the longest distance to attend the reunion.

"The Least Change" award was presented to Ona Faye Chapman after she had been voted the class member who had changed the least in one-half century.

Embree Roy Sadler and

Lovie Galloway were recipients of the "Oldest Grandfather" and "Oldest Grandmother" awards. Mrs. Galloway also received the "First Great Grandchild" award.

A red rose was presented to Billie Wesson in memory of her late husband. Tokens of appreciation were presented to Hazel Waggoner, Millicent Davis and June Floyd.

More visiting and reminiscing followed the program. Some of the class members had not seen one another since graduation.

The tables for the banquet were covered with white linen cloths marked with red streamers and centered with floral arrangements in antique looking vases. Light was furnished by an authentic

looking Ray-O lamp.

Eules Waggoner led a prayer and read a humorous paper relating incidents in the lives of classmates, their ambitions and how they had been fulfilled.

Special guests were Mrs. Robb, George Brewer and Preston Mauldin of Lubbock, Linda Webb of Champaign, Ill., Mack Wiggs of Granbury and Johnnie Boothe and Willie Mae Sadler of Dimmitt.

George Brewer and Willie Mae Sadler and Johnnie Boothe were members of the 1933 graduating class of Dimmitt High School.

Several guests attended the final visitation session of the day.

Parting remarks included, "Let's do this again in five years."

## Green Thumb program to continue locally

For almost 1,000 older workers in the Texas Farmer's Union Green Thumb program, the "battle of the budget" came to a happy conclusion with the recent Congressional override of the President's veto of a supplemental appropriations bill.

### Sunday is special day for Baptists

Sunday has been designated as "Great Day In The Morning" for Texas Baptists.

This is the traditional day each year when Baptists emphasize high attendance in Sunday School. Everyone is invited to come to The First Baptist Church in Dimmitt at 9:45 a.m. Sunday for Bible study and other scheduled events.

Other activities planned include: a men and boys breakfast, morning worship, jr. high pre-church training supper at 1011 W. Pine, church training study units, evening worship and an all youth hayride.

For more information call Joe Higgs at 647-3115 or 647-3165.

The bill provides money for a variety of programs and agencies ranging from the defense department to NASA to Title V of the Older Americans Act, which funds TFU Green Thumb and other senior employment programs, according to John Willingham, Green Thumb Assistant State Director.

Speaking to 48 Green Thumb workers at a training session in Tulia on Oct. 18, Willingham said the Congressional override "was decisive" in saving the jobs of more than 54,000 Title V workers nationwide. The workers are all 55 and over, low income, and provide services for libraries, schools, senior centers, museums, and other public service agencies.

Green Thumbs from Castro County attending the training session included Madge Robb, employed at the Castro County Museum; Myrtle Behrends and Jewell Connell employed at Rhoads Memorial Library; and Area Leader Paulene Davis, Billye Wesson and Lucille Follis, employed at the Castro County Senior Citizens' Center in Dimmitt.

"Without the override, the only hope would have been yet another appropriations bill," Willingham said, "and there were no real guarantees that another one would have been passed and signed in time to keep the program going." The new bill funds the program through June 30, 1983.

Green Thumbs had already received letters informing them that their last day on the job was to be September 24. Willingham said the letters had to be sent out

because "there was no assurance that both houses would override the veto. What we've seen is a minor miracle." The override vote in the Senate was 60 to 30, exactly the two-thirds majority necessary.

"One more vote against the appropriations bill and the dismal news in your letters would have been all too true," Willingham said. "And I'm afraid we all know that there aren't enough jobs out there in the private sector for 54,000 older workers."

### letter to the editor 1932 grads say 'Thanks, Dimmitt'

Dear Editor:

We, the 1932 graduating class of Dimmitt High School, want to express our most sincere appreciation to you and your staff for the fine coverage of our Golden Anniversary Reunion.

Thanks for the extra time and effort you spent making pictures Saturday evening, in

spite of your full schedule.

"Dimmitt has made a lot of changes and has developed into a town we can all be proud of." That statement reflects the general opinion of all class members. We were also favorably impressed with the condition of the building where we attended school.

Two other things Dimmitt has every reason to be proud of are the Museum and the Senior Citizens Building. Most of us were sorry we had such a short time to spend at the Museum, and agreed that the Senior Citizens Building was extra special.

Thanks to the Castro County News and the City of Dimmitt.

We're proud of all of you.  
JUNE McCOWN FLOYD

# Options suggested for reviving agriculture

Everyone knows that the agricultural industry is currently in a severe slump. But there are few answers for a turnaround.

Dr. Ron Knutson, economist in marketing and policy with the Texas Agricultural Extension Service of the Texas A&M University System, offers three options for reviving agriculture.

"One option is to buy our way out of the current slump through production control programs," he says. "These programs cost either money or producer freedom. They cost money if you pay farmers to retire their land from production. This is currently going on, but land retirement levels are not high enough nor are the programs tight enough."

Mandatory production control programs would be effective, but farmers would have to give up substantial amounts of freedom to produce, Knutson points out. For many Texas farmers that are on the brink of bankruptcy, survival is more important than this loss of freedom.

The economist says that economic recovery would be another option to ending the agricultural slump. But recovery from this nation's recession is coming slower than most economists had predicted.

"We're still months to a year away from an improved economy in the U.S. while the worldwide recession may not be over for another two years or so," says Knutson. "Many farmers cannot wait that long. They tend to favor more decisive action in the form of production controls."

A third option is to let economic forces take their toll — to let farm prices and incomes fall to the point where the excess capacity is weeded out. This "survival of the fittest" option would force more and more farmers out of business. Bankruptcies would be even higher, and land and used farm machinery prices would fall even further. Removal of excess agricultural resources would bring higher farm prices — after considerable agony, notes the economist.

"Among these three options, the choice seems easy enough — economic recovery," says Knutson. "But that recovery may not come fast enough to avoid falling into the economic forces of the third option, that of a reduction of agricultural resources."

"Highly stimulative economic policies such as a resumption of rapid growth in government spending would get the economy going but would also revive the inflation and government regulation spiral that brought on the economic woes in the first place."

The choice for policymakers is a difficult one, to say the least, says Knutson.

FOOTBALL began in England it is said. Legend has it that after the Danish left England in the 1000's, young men would dig up Danish skulls and kick them around to express their hatred of the Danish people. This kicking became a popular game which eventually used an air bladder instead of a skull.

## Ham Fuller

Ham Fuller, 62, of Hereford died Saturday at his home. He is the father of Joe Fuller of Dimmitt.

Funeral services were held Monday morning in Temple Baptist Church of Hereford with Rev. H. W. Bartlett, pastor, officiating. Burial was in West Park Cemetery under the direction of Gilliland-Watson Funeral Home.

Born in Holland, Texas, he married Jesse Lee Wilson May 20, 1939 in Belton. He moved to Deaf Smith County in 1948, settling in the Dawn Community. A member of Temple Baptist Church, he was employed by Oglesby Equipment.

Survivors include his wife of the home; four sons, H. S. Fuller Jr. of Hereford, Glenn Fuller of Carlsbad, N.M., Joe Fuller of Dimmitt, and George Ray Fuller of Littlefield; three brothers, Wilburn Fuller of Amarillo, Ray Fuller and Frank Fuller, both of Salado; five sisters, Mrs. Charles Helton of Abernathy, Mrs. R. C. Mara of Fort Worth, Mrs. Bell Marrs of Floydada, Mrs. Bennie Warrick of Abilene, and Mrs. R. H. Daniels of Amarillo; and seven grandchildren.

## Vera Cox Lacey

Funeral services were held Oct. 18 in Fresno, Calif. for Vera Cox Lacey, former Castro County resident and the sister of Juanita Bruegel of Dimmitt.

Born in Oklahoma on Dec. 4, 1915, she moved with her family to Castro County in 1926. She moved to California in 1939.

Survivors include two daughters, Terry Hart and Patty Hart, both of Fresno; one son, Joe Fischer of Los Angeles; two brothers, Joe Cox of Caruthers, Calif., and Kelley Cox of Ukiah; one sister, Juanita Bruegel of Dimmitt; and six grandchildren.

THE Football Writers Association of America formed in 1941. Bert McGrane was the first secretary.

## Reba Fleming

Former Dimmitt resident Reba Laura Fleming, 58, of Andrews died Sunday at Permian General Hospital in Andrews after a brief illness.

Services were held Tuesday morning in the Calvary Baptist Church of Andrews with Rev. Bill Curry officiating. Burial followed in Andrews Cemetery under the direction of Singleton Funeral Home.

A native of Winnie, she had lived in Andrews for five years, having previously lived in Dimmitt and Denton.

Survivors include her husband, James; three daughters, Linda Sanders of Stinnett, Mary Sittin of Denton and Jo Ann Fleming of Andrews; two sons, David Angenend of Dumas and Mike Fleming of Andrews; three sisters, Opal Corbett and Lillie Mae Huse, both of Houston, and Maxine Sonnier of Winnie; and seven grandchildren.

## Clyde E. Vick

Services for Clyde E. Vick, 52, a longtime Dimmitt resident, will be held at 10:30 a.m. Saturday in the First Baptist Church of Dimmitt.

Rev. John Street, pastor, will officiate. Burial will be in Westlawn Memorial Park, under the direction of Parsons Funeral Home.

Mr. Vick died Tuesday evening.

He had lived in Dimmitt since 1955. He was born May 19, 1930 in Elizabeth, Pa. to Joseph and Jo Vera Vick.

He was a paratrooper in the Army during World War II, and remained in the Army Reserve until after 1963.

He married Clara Norris Dec. 28, 1950, in Fort Wayne, Ind. They moved to Amarillo in September 1951 and to Dimmitt in October 1955.

Mr. Vick worked for the West Texas Telephone Co. for several years, and in 1966 he established his own business, Dimmitt Electric Co. He was also owner of Luxury Living Mobile Homes, Inc. in Amarillo, and owned business property in Dimmitt.

He was a member of First Baptist Church of Dimmitt. He was past commander of Dimmitt's Greer H. Estes Post of the American Legion, and a leader in Boy Scouts, Little League and the Dimmitt Jaycees.

Survivors include his wife; a daughter, Rita Stewart of Austin; a son, Johnny of Amarillo; his mother, LaVera Buckner of Battle Creek, Mich.; two sisters, Dorothy Cabana and Elaine King, both of Battle Creek; a brother, Robert of Warren, Mich.; and three granddaughters.

The family requests that memorials be made to favorite charities in lieu of flowers.

## More about Dimmitt ...

[Continued from Page 1] is not a reasonable man.

The governors race is very similar to all of the other races to be voted on in Tuesday's election. With the exception of local races, the big money is on the republican candidates. They have flaunted their wealth in the conduct of their campaigns. Untold millions of dollars has been at the disposal of republican candidates in their quest for state offices. The highest priced public relation firms in the nation have had a bonanza out of this election. If state offices can be bought, it's for a fact that we don't have a dearth of buyers.

The fact that the democratic candidates are running as a team leads me to believe that the complete slate will be elected or re-elected.

Richard Woolen reminded me Monday that this is the right time of the year to control dandelions, for next year that is. His formula is to water your lawn, or yard, good, very good, wait three or four days and put on a good application of your favorite herbicide. He declares that you won't be bothered with dandelions next year. He should know, he has been doing it for years.

Don't forget to vote in the important election next Tuesday or to poison your dandelions during the Halloween weekend. Another thing to remember is to run your watch, clock or hour glass back an hour or so before church time Sunday.

## Beulah Doan

Services for Beulah Derington Doan, 90, of Lamesa were held Friday at Downtown Church of Christ in Lamesa with O. H. Tabor, a retired minister, and Bill Morrison, minister, officiating.

Burial was in Lamesa Memorial Park under direction of Branon Funeral Home.

She died at 2:55 p.m. Oct. 19 at Medical Arts Hospital in Lamesa after a lengthy illness.

She came to Dawson County in 1949 from Hart and was a 68-year member of the Church of Christ.

Survivors included five daughters, Effie Berry of Lubbock, Willie Wright of Garland, Helen Cole of Seagraves, Mary Lou Powell of Redding, Calif., and Velma Kee of Carlsbad, N.M.; five sons, Delbert and Jim, both of Lamesa, Oscar of Ventura, Calif., Jack of Charleston, S.C., and J. P. of Chico, Calif.; 31 grandchildren; 59 great-grandchildren; and 20 great-great grandchildren.

## Vennie H. Woodward

Services for Mrs. Vennie Helen Woodward, 61, of Amarillo, were held Friday in Ridgecrest Baptist Church with the Rev. Eldin McCain, pastor, officiating.

Burial was in Llano Cemetery in Amarillo.

Mrs. Woodward died last Wednesday. She was the sister of Dimmitt's Milburn Conard, and Hart's Birdie Godfrey and Ella Higdon.

Mrs. Woodward, born in Ardmore, Okla., had lived in Amarillo 31 years. She was a member of Ridgecrest Baptist Church.

She married Orville Woodward in 1939 at Hobart, Okla.

Survivors include her husband; two sons, Bobby Leon and Larry Drew Woodward, both of Amarillo; a daughter, Mrs. Lavita Ann Witts of Fort Worth; three brothers, Mr. Conard of Dimmitt, Ernest Conard of Lubbock and Wilbur Conard of Mesquite; four sisters, Mrs. Ovella Durrows of Olton, Mrs. Godfrey and Mrs. Higdon, both of Hart, and Mrs. Christine Davis of Littlefield; and five grandchildren.

## Douglas Giles

Services for Douglas Giles, 61, of Olton were Saturday at First Baptist Church in Olton.

Burial was in Olton Cemetery under the direction of Parsons Funeral Home of Olton.

Giles died about 8 a.m. last Thursday at his home. He died of natural causes.

He moved to Olton in 1953 from Anson, where he was born March 7, 1921. He married Maybelle Jolly Dec. 8, 1972, in Olton. He was a retired farmer and implement dealer.

His stepson was Jerry Mathis of Hart.

He was member of the Hopeful Baptist Church of Olton.

Survivors include his wife; two sons, Douglas Jr. of Olton, and Charlie Lee of Abilene; two stepsons, Billy Mathis of Houston and Mr. Mathis of Hart; two stepdaughters, Nellie Fern Baker of Brandon and Dorothy Williams of Mineral Wells; his mother, Mrs. V. H. Giles of Olton; and a brother, Bud of Dalhart.

# did you know?

The fuel cost adjustment pass-through is fair to our customers. Costs of coal, natural gas, and fuel oil Southwestern Public Service buys to generate electricity change frequently. Sometimes fuel costs go up, and — we're glad to report — sometimes they go down. As set forth by regulatory authorities, the fuel cost adjustment pass-through requires SPS to reflect those changing costs in each customer's monthly bill. The fuel cost adjustment is designed so that each customer is charged only for the fuel that was required to generate the amount of electricity he actually used. There is no profit for SPS figured in the fuel cost adjustment. The customer pays only the current price for that fuel.

Doyle Moore, Amarillo District Manager.

SPS works hard to keep down the cost of fuel. Some people say that because fuel costs are charged directly to the customer, SPS has no incentive to keep fuel costs down. That's just not true. We have a commitment to keep electric bills as low as we can. Our customers are our partners, and we want to help them save money. Too, we always remember that electricity competes with other energy forms for the customer's dollar. So it's simply good business to keep the total cost of electric service as low as possible.

Maurice Johnson, Senior Engineer, System Planning, Amarillo.

Coal-fired generating plants help you and SPS hold down fuel costs. SPS now has two coal-fired generating plants. The newest, Tolk Station near Muleshoe, Texas, has just come on line. Fuel costs at coal-fired plants are significantly lower than fuel costs at the older, natural gas-fired plants. On the average, in fiscal 1982, the fuel cost of a kilowatt-hour generated by natural gas was 3.178 cents. The fuel cost of a kilowatt-hour generated by coal was 1.803 cents. So maximizing use of Tolk and our other coal-fired plant, Harrington Station near Amarillo, will help us, as your partners, hold down fuel costs.

Kurt Shaughnessy, System Accounting Coordinator, Amarillo.

For answers to your questions, call or write your SPS manager.

**You and SPS, partners managing electricity, make the difference.**

# Running Water Soil and Water Conservation District

## 1982 Annual Report

The five members of the Board of Directors for the Running Water SWCD are from left to right, Clarence Behrends, Vice Chairman, Ernest Brockman, Charles Axtell, Secretary, Harold Bob Bennett, and James Wilhelm, Chairman.

There are 624 operating units in the Running Water Soil and Water Conservation District with 576,000 acres of land in the county. Of these operating units 559 are District Cooperators covering 327,167 or 58% of the operating units. The Soil Conservation Service in cooperation with the Running Water SWCD assisted 346 or 55% of the operating units. Of these 221 applied one or more conservation practices. There were 58 ACP referrals serviced by the SCS. The SCS also developed 2 new Great Plains Conservation Program contracts covering 1218 acres.

The Running Water Soil and Water Conservation District sponsored a soil Judging Contest in the county for the area schools. The Poster contest winner won first place at the regional meet, and the Essay contest winner won second place in the regional contest. The district sold 3,860 windbreak seedlings in the Windbreak program.

As in the past, our local news media did an outstanding job assisting our district in publicizing our many district activities. There were a total of 50 news articles, four newsletters, 21 radio programs and many radio spots. Without the help of the local newspaper and radio station to tell the story of conservation we would not get much conservation applied to our land.

The following is a table of the conservation accomplishments that the Soil Conservation Service has assisted the District Cooperators in applying:

LIST OF PRACTICES	UNIT	APPLIED THIS YEAR
Cooperators Assisted	no	346
Farms & Ranches in which conservation practices were applied	no	221
New cooperators	no/ac	10/8129
Plans revised with cooperators	ac	13,200
GPCP application received	no/ac	1/338
GPCP contracts signed	no/ac	2/1218
ACP Referral serviced	no	58
Tailwater Pits	no	2
Irrigation Pipeline	ft	105,436
Irrigation Evaluations	no	9
Grassed Waterways	ac	21
Planned Grazing Systems	ac	2700
Terraces	ft	10,000
Diversions	ft	2,000
Land Benefited by an application of a conservation practice	ac	96,798
Land Adequately protected	ac	45,666
Land Adequately Treated	ac	12,975

The idea of forming local conservation districts was born in the early 1930's. Mounting soil erosion, floods, and sky-blackening dust storms that swept across the nation aroused public opinion.

Without a dissenting vote, Congress passed law 46 in 1935 declaring soil and water conservation and wise land use a national policy.

There was a missing link, the informed participation and cooperation of local citizens. After careful consideration, the President of the United States wrote to the Governors of all the States in 1937, recommending legislation allowing landowners to form soil and water conservation districts.

The idea reflected the fact that 3/4 of all the land in the contiguous 48 states is owned by private citizens. These landowners, therefore, control most of the American countryside and it's natural resources. Thus Conservation work on private lands is meaningful only when landowners themselves take a substantial and active part in the job.

The idea has been working with increasing effectiveness for over 45 years. Today, America's conservation districts, more than 3,000 of them, are the main source of assistance to landowners in their resource conservation and development work.

Conservation districts are legal subdivisions of state government, responsible under state law for conservation work within their boundaries, just as townships and counties are responsible for roads and other services and school districts are responsible for education.

Although provisions of the state laws vary, the purposes of the districts, like the Running Water district here in Castro County, are to focus attention on land, water and related resource problems, to develop programs to solve them, and to enlist private sources that can contribute to accomplishing the districts goals.

Here in Castro County, the district has five officials. They are James Wilhelm, Zone 1, Ernest Brockman, Zone 2, Clarence Behrends, Zone 3, Charles Axtell, Zone 4 and Harold Bob Bennett, Zone 5. These officials are elected by landowners in their districts of the county every five years.

Rather than establish independent technical staffs themselves, Districts rely on the personnel and facilities of several federal and state agencies for trained manpower.

Chief among the cooperating agencies are the Soil Conservation Service, U.S. Forest Service, Agricultural Stabilization and Conservation Service, Bureau of Land Management, and others; as well as many state departments and land grant universities.

Districts are successful because they meet a fundamental need. They coordinate work on a complex problem involving many people, organizations, government agencies, and kinds of knowledge, and they produce important, tangible benefits.

**Brown earns diploma**

Robert Brown, assistant manager of the Allsup's store in Dimmitt, recently received a diploma for completing a training course.

Brown fulfilled the requirements of the Allsup's Assistant Store Manager Training Course.

The class, held at the company's home offices in Clovis, is a requirement for all Allsup's Assistant Managers.

According to instructor Rick Garris, "The training covers proper food handling, cooked food procedures, store cleanliness and maintenance as well as public relations."

A ONE-TIME HONOR was bestowed on Castro County Veterans' Service Officer Bedford W. Smith at the recent Veterans County Service Officers Association of Texas Convention. A member of the organization for 11 years, Smith served as Chaplain for five years at the state level. At this year's convention he was recognized as an Outstanding County Service Officer. Each of the five VA regions in the state names a recipient from among its counties each year, with each recipient eligible only once, Smith said. Smith was named by the Lubbock Regional Office, which governs this area.

**SPS gives 1982 earnings report**

Southwestern Public Service Company last week reported 1982 earnings of \$2.02 per common share, representing a 5.8% increase over the \$1.91 figure for the previous year.

The electric utility reported \$588.9 million gross revenues for the year ended August 31, 1982, up \$85 million or 10.3% over 1981. The year's earnings applicable to common stock totaled \$67.3 million, a 19.8% increase over the \$56.1 million posted in 1981.

Net operating income for the period rose 10.0% to \$84.9 million.

Berl M. Springer, the company's board chairman, said the revenues gain resulted primarily from increased cost of fuel recovered through revenues and increased base revenues. He said base revenues for 1982 were \$278.3 million, an increase of \$18.1 million, or 7.0% over 1981, reflecting rate relief and a moderate increase in KWH sales.

He also said construction expenditures for fiscal 1983 have been budgeted at \$131 million, which includes outlays on Tolk Station Unit No. 2, a 561,000-KW coal-fired unit, scheduled for completion in the summer of 1985.

Tolk Station Unit No. 1, also a 561,000-KW unit, recently went on-line, raising the Company's electricity generating capacity from coal-fired power plants to approximately 45% of total capability.

Southwestern Public Service primarily provides electric service to a population of more than 1 million in a 45,000-square-mile area of the Panhandle and south plains of Texas, eastern and southwestern New Mexico, the Oklahoma Panhandle, and southwestern Kansas.

**Lantz returns from deployment**

Navy Electronics Technician 2nd Class Jeffery G. Lantz, son of John E. and Carol A. Lantz of Dimmitt, recently returned from a deployment to the Western Pacific.

He is a crewmember aboard the amphibious assault ship USS Peleliu, homeported in Long Beach, Calif.

During the six-month deployment, his ship participated in several major multinational exercises with the U.S. 7th Fleet. Port visits were made to Hawaii, the Philippines, Thailand, Singapore, Diego Garcia, Australia and Japan.

Members aboard the Peleliu also participated in "Project Handclasp" by transporting food, medical supplies and textbooks to hospitals, schools and orphanages in the Philippines and Thailand.

The Peleliu is 820 feet long and carries a crew of 920. It can also accommodate 1,903 combat equipped Marines, their amphibious vehicles and support helicopters.

TELEVISION is helping older adults stay in closer touch with the world than elderly people of the past could. As older adults with visual and hearing impairment find less satisfaction with just books or radio alone, television can step in to fill the perceptual (hearing and sight) gap, explains Judith L. Warren, a family life education specialist with the Texas Agricultural Extension Service.

JAN AND JILL KADERLY of Dimmitt proudly show their ewe, "Woolie," which was named the Reserve Grand Champion Ewe at the 1982 Pan American Livestock Exposition during the State Fair of Texas in Dallas recently.

THERE ARE many things that we would throw away, if we were not afraid that others might pick them up.

**Difficult times demand wise decisions . . . and strong decision-makers like Lt. Gov. Bill Hobby.**

Texans are facing some difficult times. Now, more than ever, we need experienced, compassionate leaders in our state government.

We need a leader like Lt. Gov. Bill Hobby who has our interests at heart. Here's how Hobby stands on the issues concerning Texans:

**EDUCATION.**

HOBBY will not be satisfied until our education system is the best in the nation. His efforts to improve the quality of public education for your children and grandchildren begin in the classroom. He is for improving teacher salaries and benefits. He is for giving more control to local school districts.

**JOBS.**

HOBBY is working to create more and better jobs for Texans. He is making sure jobless Texans receive their full unemployment benefits. He is working to increase the efficiency to the Texas Employment Commission. He is stimulating economic growth and new jobs through responsible state spending and one of the lowest tax rates in the nation.

**CRIME.**

HOBBY is for strong laws and certainty of punishment of criminals, backed by better training and pay for our police officers. He is helping upgrade our courts to speed up trials of accused criminals. He is for improving our prison system and parole system.

Re-elect **Bill Hobby**

... A STRONG LT. GOVERNOR, HONESTLY.

## Lazbuddie bazaar set

The Lazbuddie Christmas Bazaar will be held Saturday, Nov. 13 from 10 a.m. until 6 p.m. in the Lazbuddie High School cafeteria.

The Lazbuddie Young Homemakers will be serving refreshments in the high school home economics room. If you are interested in showing some of your crafts in the bazaar you can contact any Young Homemaker or Sheryl Engelking, Exhibit Chairman 965-2351 or Marca Morris Assistant Chairman 965-2712 or Debbie Weir, president 965-2302.

## Methodist bazaar is Tuesday

Tuesday, the United Methodist Women of the First United Methodist Church of Dimmitt will host their annual Arts and Crafts Bazaar and Thanksgiving dinner.

The bazaar is from 10 a.m. until 2 p.m. at the church, with the meal being served in Lamar Fellowship Hall from 11:30 a.m. to 1:30 p.m.

Tickets will be available at the door, or may be purchased in advance. Cost for the meal is \$4 for adults and \$2 for children 6 to 12 years old. Children under 5 may eat free. Take-outs will be available, but no free meals will be allowed on take-outs.

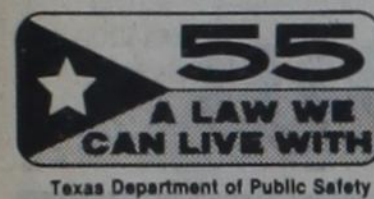

Christmas gift items, baked goods, paintings and potted plants will be among the items for sale at the bazaar.

Proceeds from the bazaar and the meal will be used for missions projects of the United Methodist Women.

PROSPERITY doth best discover vice but adversity doth best discover virtue.

Bacon

ASSISTANT COUNTY AGENT Menzies McWilliams was hired by the Castro County Commissioners Oct. 11. A graduate of Texas A&M University, he has 10 years of 4-H experience, also serving as an adult leader. Born in Brady, he ran a custom farming operation for several years. His duties here include dealing with agriculture and being the 4-H coordinator.

PROCRASTINATION is the art of keeping up with yesterday.

FIRST BALE IN HART—Hart Gin received the first bale of cotton for 1982 Oct. 19 from John Gilbreath who farms nine miles west of Hart off FM 145. With the bale are [from left], ginner Brian Rogers, gin owner Mike Gage, Gilbreath and gin manager Gary Aycock.

## Steer evaluation clinic planned at Texas A&M

A special Steer Production and Evaluation Symposium is planned for May 20-21, 1983, at Texas A&M University.

The symposium will be conducted for 4-H and FFA youth with steer projects, for beef cattle breeders and feeders, and for those involved with beef cattle breed associations or steer shows.

The event will be in the new Animal Science Pavilion on the university's west campus.

Planning the event is a special committee composed of Dr. Doug Wythe, associate professor of animal science (chairman); Dr. Larry Boleman, extension beef cattle specialist; Dr. Dennis Stiffler,

extension meats specialist; Frank Litterst, animal science lecturer; and John Maurer, manager of Texas A&M's beef cattle center.

The symposium will include several unique features, said Wythe. Among these will be a display of most of the major US beef cattle breeds and their crosses that will have completed a nine-month feeding program on the same ration at the same location. The only difference is that the steers will be divided into two groups — one fed and managed as "show" steers and the other fed and managed as "feedlot" steers.

Also, all steers will be weighed, measured and photographed at intervals

during the feeding period, said Wythe.

Symposium participants will be able to view the live steers, which will then be slaughtered to obtain detailed carcass data for evaluation and discussion.

In addition, purebred and crossbred heifer and purebred bull mates and sires and dams of some of the steers in the feeding program will be displayed and discussed, Wythe said.

Further information about the Steer Production and Evaluation Symposium is available from Dr. Doug Wythe, Department of Animal Science, Texas A&M University, College Station, Tex. 77843 (713/845-7616).

## Thompson, Beck attend seminar

Chad Thompson, a Dimmitt student in the gifted-talented GT program, and GT coordinator, Dana Beck were in Wichita Falls last Wednesday participating in a seminar.

Thompson and five other students from the Panhandle acted as a panel, talking to students from small schools in the Wichita Falls area. The panel talked of problems they had encountered in high school and how they handled them.

In the afternoon session, the students divided up into groups of about 40 each, and panel members helped students learn how to plan seminars, and set goals and objectives.

Mrs. Beck worked with Region 9 GT coordinators, answering questions and discussing plans for the formation of their programs.

## UT offers new scholarships

Outstanding high school seniors across the state are eligible to apply for the annual Texas Excellence Awards for a \$10,000 scholarship to the University of Texas at Austin. Deadline for returning the applications is Nov. 1.

Applications may be obtained from school counselors or from the Texas Ex-Students' Association at P.O. Box 7278, Austin 78712.

The Texas Excellence Award for Scholarship and Leadership is the first of its kind in the state. Funded by alumni through the Foundation for Texas Excellence of the Ex-Students' Association, the award is based solely on academic accomplishment and leadership in extra curricular activities.

Presented for the first time in 1982, five more such awards will be presented in March 1983, the University's Centennial year. Each award will be granted over a four-year period (\$2,500 per year).

To be eligible, students must rank in the top 5% of their class at the end of their junior year in high school. Beyond scholastic achievement, students must demonstrate leadership ability. Approximately 10 finalists will be selected in a process involving University deans, distinguished alumni, and other

UT officials. Following on-campus interviews, five recipients will be chosen. Announcements will be made in the winners' hometowns by local Texas Exes Clubs, and awards will be presented on campus in the fall.

THE CAUSE of freedom is the cause of God.

W. L. Bowles

## Students rate high in festival

Twelve local youngsters competed in the Hymn Festival at Plainview First Baptist Church, Oct. 17, and all were graded in the superior range.

Participating were: Matt Sims, 98.5; Priscilla Garcia, 97.5; Kristi Sims, Michelle Garcia and Tim Sims all scored 97's; Tessie Newton, 96; Ty O'Kelly, 95; Patrick Killingsworth, 95; Amy Wooten, 93.5; Brian Stewart 93.5; and Heather Thomas, 93.

## Here's What Texas Newspapers Say About Lt. Governor Bill Hobby

### CORPUS CHRISTI CALLER

... Hobby has put together a solid record of public service in his years in Austin. There are few in Texas government as conversant with the state's financial affairs as is Hobby, and few, if any, more careful with the public's money ...

### FORT WORTH STAR TELEGRAM

... Hobby has demonstrated solid legislative and administrative leadership ...

### VICTORIA ADVOCATE

... Bill Hobby has been a source of stability in the Texas Legislature in his role as presiding officer of the Texas Senate. He has worked well with other elected state officials and met his other statutory responsibilities to the people with vigor and honesty ...

### TEMPLE DAILY TELEGRAM

... Hobby has performed his job well and with great dignity ...

### AMARILLO NEWS-GLOBE

... during Hobby's 10 years in office, state expenditures have come under tighter control, but the state has still been able to increase aid to public schools by 31 percent and to double

spending for human services ... new approaches have been implemented to care for the elderly, mentally retarded and insane ...

### SHERMAN DEMOCRAT

... Quiet, accessible and open to the diverse ideas that shape the state's future ...

### SAN ANTONIO EXPRESS

... after nine years on the job, Hobby has the knowledge and experience to help meet the coming changes in state-federal relations ...

### DEL RIO NEWS-HERALD

... Bill Hobby's leadership experience—particularly in the areas of public funding, human relations, human services and education—is invaluable as the state prepares to assume responsibility for federal programs ...

### PORT ARTHUR NEWS

... Incumbent Lt. Gov. Bill Hobby ... has proved himself to be a valuable asset to the citizens of Texas. If Texas wants to keep upgrading its educational system, improving its services to the disabled and elderly, meeting the challenges of the New Federalism and providing jobs for its growing population, then Texas wants to re-elect Bill Hobby.

... A STRONG  
LT. GOVERNOR,  
HONESTLY.

Re-elect  
Bill  
**Hobby**

Political adv. pd. by Castro County Democratic Committee, Bart Kaderly, Chairman & Treasurer.

## THE NEED IS LEADERSHIP! THE TIME IS NOW!

Texans have had so many increases in their utility bills it's become a bad habit.

But we can break that habit if we elect a governor strong enough to say *Enough!*

We need a governor who will lead, not follow where the utility companies lead him.

We need a governor who will fight to see that staying warm in the winter and comfortable in the summer doesn't cost a family of four so much they can't afford their house payment ... or cause an older person on a fixed income to risk health and life to be able to pay his electric bill.

If you think paying more and more is a bad habit, *Break It!* Elect Mark White Governor.

ON NOVEMBER 2nd... VOTE

Call  
Rebecca May at  
**647-2542**

The Springlake-Earth Wolverines took advantage of several Hart Longhorn fumbles to escape with a hard-fought 18-0 victory Friday night, keeping them in the District 5-AA race with only one loss.

The first period of the key district contest at Hart saw both teams move the football downfield, but neither squad was able to put any points on

the board. The Longhorn defense rose to the occasion in the second period, holding the Wolverines on downs at the Hart 15-yard line, but on the very next play, the Longhorns fumbled the ball back to Springlake-Earth. It took only two plays for the Wolverines to take advantage of the miscue, with fullback Felix Garcia bursting up the middle on a 15-yard touchdown run. The score came with 11:01 still to play in the second quarter.

Neither team showed much offense until another Longhorn fumble put Springlake-Earth in business at the Hart 26-yard line. Six plays later, the Wolverines had another score via the passing combination of quarterback Mark Jordon to flanker Lorenzo Monreal of 10 yards. Springlake-Earth now led 12-0 with 2:26 left to play in the half.

Martinez the Wolverines had the ball at the 50-yard line. On the first play, quarterback Mark Jordon found flanker Lorenzo Monreal behind the Longhorn secondary for a 50-yard scoring play. The half ended with the Wolverines leading, 18-0.

The Longhorns showed signs of getting their offense untracked in the first half on several possessions, but penalties and fumbles stopped any would-be drive.

The Longhorns came out in the third quarter and showed that they could move the football, but again it was turnovers, and not the visiting Wolverines, that stopped the Hart offense. Hart had several good runs from tailback Arthur Finch and flankerback Dale Scott in this period, along with some really fine blocking from the offensive line. Hart made six first downs in the third period and held Springlake-Earth without a single first down, but the

Longhorns were unable to capitalize on their offensive punch, leaving the score at 18-0 in favor of the Wolverines.

The fourth quarter proved to be a standoff. Springlake-Earth drove down to the Longhorn 19 before the Horns took over on downs.

Late in the final period, Hart mounted one last threat. Behind good blocking, quarterback Coy Myrick engineered the Longhorns downfield with good running from Arthur Finch, Chris Reyna, Bone Diaz and Dale Scott. However, on second and eight at the Wolverine 17, another Hart fumble ruined the Longhorns' chances of scoring, preserving a Springlake-Earth shutout by an 18-0 margin.

"Besides the fumbles, I thought we moved the ball better than we had in several weeks," commented Coach Ken Hoskins. "Our line really opened up some holes for us tonight and I'm really

## Strake Talk

FROM YOUR NEXT LT. GOVERNOR

### PROPERTY TAXES—

#### GOOD INTENTIONS AREN'T ENOUGH

I want to talk this week about taxes and good intentions.

As I travel around Texas, I notice that what's known as the Peveto Bill is the subject of much talk and controversy. This bill, named after state representative Wayne Peveto, is a tax reform law: legislation of the best intention.

The law was designed to end confusion and unfairness in the way property taxes were assessed. Property was often on different tax rolls at different values. Older properties went years, sometimes decades, without being revalued or updated. New construction and newly sold property was on the rolls at more correct values and so people who owned it paid a higher share of taxes. Some property was simply left off the rolls entirely. The system was confusing and inequitable.

In an attempt to correct these problems, the Peveto Bill created property tax appraisal boards for each Texas county. These boards were charged with the responsibility of set-

ting all property at its full value—as residential or commercial property or as land used for agricultural purposes. Taxes could then be levied on this accurately assessed property according to the needs of the taxing entities.

It sounded good, but it hasn't worked. The biggest problem is that the people on the appraisal boards are appointed, not elected. They are not accountable to the taxpayers. So now we have a new, faceless bureaucracy to deal with. It amounts to taxation without representation.

My opponent has been on both sides of this issue, first supporting the bill in the legislature—then doing an about-face and calling it bad legislation after it was passed.

The Peveto Bill, though well-intentioned, has created problems which must be dealt with in the next legislature and as your next Lt. Governor, I will do just that. If you have any thoughts on this subject, please write me at 1213 W. 34th, Austin, 78705.

*George Strake*

## Bobcats to host Tulia

By JOHN BROOKS

Dimmitt's faint playoff hopes are still alive, but it's another must-win situation for the Bobcats Friday night when they host Tulia at Bobcat Stadium.

Littlefield is the only undefeated team in the district, at 3-0, while Muleshoe and Friona stand 2-1. Dimmitt and Tulia are both 1-2, while Abernathy, which hasn't won since the opening game of the season, is at 0-3.

Muleshoe and Friona meet in Muleshoe, while Littlefield is at Abernathy.

The best situation, of course, would be a two-way tie between Dimmitt and Friona at the end of the year for second place, pushing the Bobcats into the playoffs. The second best would be a three-way tie between Dimmitt, Friona and Muleshoe. The worst that could happen, of course, would be a loss for the Bobcats. That would virtually eliminate the Bobcats from the post-season picture.

Tulia, after opening up with two wins in a row, is 3-5 after downing Abernathy last week.

The Hornets have a new head coach, Mike Sullivan, who stepped in for ex-coach Bill Martin. Sullivan has installed the wing-T, and the Hornets will be the third team in a row the Bobcats have faced running that offense.

Handling the offensive controls is junior Chad Swinburn. Coach Sullivan, who moved in from perennial powerhouse San Antonio Churchill, shifted former man-under Chris Sperry to running back to better utilize his speed. Sperry is coming off a third-place sprint finish at the state track meet last spring.

Joining Sperry in the backfield is Melvin Parker.

On the line, the Hornets will have one of the smallest groups the Bobcats have faced all year, but they're tough. Center Billy Sam Borchardt (5-10, 160) is returning after an all-district season last year at center.

Tulia brings back no other returnees in the offensive line.

On defense, Sullivan has four folks back with experience, including Sperry and Jim Bob Gleason in the secondary, and Parker at noseguard. Parker is joined by Mark Hill in the line. Hill is returning after gaining all-conference laurels as a kicker.

The Bobcats are still looking for that long-time, ball-control offensive drive. Dimmitt, though, did show its ability to strike quickly last week, going almost the length of the field in just 28 seconds.

Against Friona, the Bobcats once again spread around the rushing in their 40 running plays. Sid Sageser, at tailback, led the offense with 57 yards on 11 carries. Bill Johnson was just a yard behind with his four tries.

Dimmitt, surprisingly, has a losing record at home, but the Bobcats have a chance to rectify that with a win this week. The Bobcats are 3-1 on the road.

**If you're concerned about rising grocery costs, here's something you can do about it.**

On November 2, you can make a positive step toward helping hold the line on rising grocery costs.

Proposition 3, one of six proposed Constitutional Amendments which will be offered on the ballot, would correct the tax exemption for agricultural machinery and equipment. The effect of passage of this amendment will be to lower production costs for food and fiber. In the long run, this will be a positive step we can take to help hold the line on grocery price increases.

For you and for your family, both now and especially in the future, this may be one of the most important votes you'll ever cast.

**VOTE FOR 3.**

HELP HOLD THE LINE ON YOUR FOOD COSTS!

# Bobcat super-blitz knocks off Chieftains, 14-7

By JOHN BROOKS

Striking faster than Superman in a hurry, the Dimmitt Bobcats bounded 79 yards on

their first three plays for an eight-point lead, then used a super defensive effort against

tailback Charlie Morgan to hand Friona a 14-7 defeat at Chieftain Stadium Friday.

Dimmitt, now 4-4 on the year and 1-2 in conference play, limited Morgan to 115 yards on 32 carries. Morgan had gained over 900 yards in the first seven games for Friona, and had scored in every game until this one.

The Bobcats, now in third place in District 2-3A, came out like a ball of fire, scoring the winning points in the first 28 seconds of the game on just three plays.

Starting at the 21, quarterback Richard Guzman hit tight end Jeff Watts at the Dimmitt 35, and Watts carried to the 47. Next, wingback Bill Johnson carried on a reverse to the Chieftain 31.

Tailback Sid Sageser, who carried 11 times for 57 yards to lead the Dimmitt ground game, got the call on the third play. Sprung free from several defenders by some super blocks, Sageser went the distance to put Dimmitt ahead, 6-0.

On the extra point, holder Johnny Gonzales pulled up and looked for an open receiver. Unable to find one, he slithered into the corner of the end zone to put the Bobcats ahead to stay, 8-0 less than 30 seconds into the ball game.

Friona, which failed to pick up a first down in either the first or the fourth quarter, had to punt the ball away on its next three possessions.

Dimmitt, meanwhile, failed to pick up more than two first downs in a row until the crucial fourth quarter. However, it was another Dimmitt big play that insured the win.

Taking over at the Dimmitt 49 after a 21-yard Mark Montoya punt, the Bobcats tried the rush. Then Guzman, under a Friona blitz, lofted a soft pass to Watts. The ball appeared to have been overthrown until the big senior turned on the speed and outran two Chieftains for it, then cruised into the end zone to put Dimmitt on top, 14-0, with 7:17 left in the first half. Again, Dimmitt went for two extra points, but the pass try was underthrown.

FOILED—Friona's Jeff Lundy (left) bats away a pass intended for Dimmitt's Jeff Watts at the Chieftain 25-yard line in the second quarter of Friday night's District 2-AAA clash in Friona. Watts later scored on a 50-yard pass play to give the Bobcats a 14-0 halftime lead, and Dimmitt went on to win, 14-7.

On its next possession, Friona took over in great shape after Alfredo Mata returned the kickoff to the Bobcat 40. The Dimmitt defense, though, refused to buckle, and a long-distance field goal try by Montoya missed wide to the left.

At the half, Dimmitt had picked up 191 yards, 103 of them through the air. Friona's Morgan had carried the ball 18 times for 49 yards, but his teammates ended up losing a yard on seven other plays.

Both offenses got untracked in the third period, with Friona picking up almost half of its 169 yards in the quarter. The Chieftains put together

their only scoring drive of the night with five minutes to play in the third period, with quarterback Bruce Patterson charging for 21 yards on two straight-ahead dashes into the line.

Tailback Morgan picked up 38 yards on seven tries, but Friona had to rely on its questionable passing game to score.

Patterson threw on third down to a wide-open Mata in the end zone, but defensive backs Brad Holcomb and Dwight McDonald raced over to bat the ball away from a shocked receiver.

On fourth down, though, split end Mike Neill was all alone in the end zone. Patter-

son's 17-yard pass and

Montoya's extra point pulled the Chieftains to within seven with 2:53 left.

Dimmitt, meanwhile, had a TD run by Guzman negated by a penalty. The field judge ruled that Dimmitt's split end, on two occasions, lined up in the backfield, leaving only six men on the line of scrimmage.

The the Bobcats, driving deep into Chieftain territory, lined up for an apparent field goal try. But Guzman, who came around on a reverse-pass try, was dumped for a 20-yard loss.

But the Dimmitt defense, leg cramps and key penalties stopped Friona in the fourth quarter. The Chiefs had a big opportunity midway in the quarter, taking over after bottling up the Bobcats deep

in their own end and forcing a punt. But with a fourth-and-one situation near midfield, a Friona lineman jumped before the snap, stopping the Chieftain threat.

On another occasion, with the Chiefs looking at a short-yardage situation on third down, Morgan had to leave the game with leg cramps, and Friona was unable to convert.

Holcomb picked off two Friona passes to further keep the Chieftains at bay.

Dimmitt's offense, meanwhile, was able to eat up enough of the clock to stave off Friona. The Bobcats picked up four last quarter first downs, and was able to just fall on the football in the last minute to run out the clock.

### GAME AT A GLANCE

Dimmitt	Friona
11	9
135	152
103	17
238	169
3/7	1/4
0	2
6/31	5/33
4/30	4/40

### Scoring:

Dimmitt	8	6	0	0	— 14
Friona	0	0	7	0	— 7
D — Sid Sageser, 31 run (Johnny Gonzales run)					
D — Jeff Watts, 50 pass from Richard Guzman (pass failed)					
F — Mike Neill, 17 pass from Bruce Patterson (Mark Montoya kick)					

Supplement stalks the safe, efficient, easy way: CLS Controlled Release

### The safe liquid

Cargill researchers tested Nutrena CLS Controlled Release against a conventional urea-based liquid supplement, both fed directly into the rumen. Five pounds of the conventional liquid produced toxicity. Eleven pounds of CLS Controlled Release produced no toxicity. CLS Controlled Release is safe for free-choice feeding!

### 53% more efficient

Nitrogen-retention studies showed patented Controlled Release to be 53% more efficient in protein-building power than a conventional urea-based liquid.

### Good stalk clean-up

Nutrena CLS Controlled Release in lickwheel feeders helps you get maximum feed value out of your stalks, and good clean-up.

Let us do your "feeding chores" -- we'll deliver CLS-32 Controlled Release right to your lick-wheel feeder!

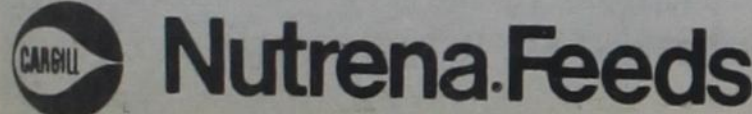

Ask us about our Lick-Wheel Feeder Lease Program.

LIQUID BLOAT-GUARD ALSO AVAILABLE.

We want to earn your feed business.
