

Cucumber Acreage Up; Record Yield Foreseen

Cucumber harvest in Castro County began early this week after a delay caused by rain Friday, and local growers expect a larger crop coupled with better prices this year.

ACREAGE planted to cucumbers in the county is up 50 percent, from 400 acres last year to 600.

Pickers, mostly migrant farm workers from the Rio Grande Valley, went into the fields Sunday and Monday for a first picking after half an inch of rain delayed the harvest, originally set to start Friday. The rains caused some cucumbers to overgrow, ruining those ready for picking.

Elvon DeVaney, Western Vegetables Co. manager in Dimmitt, predicted a 20,000-pound yield per acre for this year's crop.

"BUT 60 PERCENT of the returns on the cucumber crop will go to pay harvest labor," DeVaney said early this week.

He added that federal minimum wage rulings have triggered the higher cost for labor. Pickers go over each field twice a week for at least six weeks. DeVaney explained that an estimated one and a half hands per acre are hired during the harvest peak.

The increase in harvest wages has also increased the price to the farmer for this year's crop.

The higher the volume of cucumbers, the higher the profit returns to farmers, so Dimmitt growers have rented hives of bees, also from the Rio Grande Valley, to speed up pollination in the cucumber flowers and expand production.

A MARKET was developed only six years ago for Castro County cucumbers, and a small labor supply prevented further expansion of production here, DeVaney explained.

Crop 'Poaching' Costly, Deadly

It isn't just a matter of courtesy to ask a grower before taking vegetables from his field — it can be a matter of life or death.

ALTHOUGH growers are usually generous in allowing people to take vegetables from their fields at harvest time, several told the News this week that "poaching" — taking without asking — is not only expensive for the farmer, but dangerous for the poacher.

The solution, they said, is to ask the grower before going into his field.

DALE MAXWELL reported that someone took young carrots from his field six miles north of Dimmitt Saturday — and he's been trying to find the man ever since a neighbor told him about it, because the carrots had just been sprayed with a deadly insecticide.

"We had sprayed that field with parathion just the day before," Maxwell said, "and you're not even supposed to walk in a field for two days after it's been sprayed with parathion."

HE ADDED, "The carrots might be okay because of the heavy rain we had Friday night, but it's still pretty risky."

Maxwell had timed his spraying of the carrot field so the insecticide would "wear off" before harvest time later this year.

"If the man had just come by the house, we could have told him about the poison," Maxwell said.

Loy Dean Stone, whose farm is near Maxwell's, reported that poachers had taken enough onions from his field to fill 500 sacks — approximately \$1,500 worth.

"WE DON'T mind giving onions to people who ask us," Stone said. "We've never turned anybody away. But it gets a little rank when a farmer loses \$1,500 worth of onions and has to pay the harvesting cost."

Another grower in the area told Stone he had seen three Dimmitt ladies in the onion field "who had backed a station wagon in and were loading it up. That's an awful lot of onions for a couple of stew's."

"Others have told me their losses have been so big that they think there's some bootlegging going on," Stone added.

"IT ISN'T any one group of people doing it," he said. "It's just people. They probably don't stop to think about it."

The county's vegetable growers are simply enduring the problem, though, instead of seeking legal action. Sheriff Jack Cartwright said his office has received no official complaints about vegetable poachers.

Progress-report on the Dimmitt Recreation Club golf course: The greens are coming along slowly but surely under the tender care of nine green captains and their helpers. The apprentice greenmen are confident that the greens will be ready for play by early fall. The fairways, tee boxes, trees, etc., are responding to the attention being diligently given them by Bruce Woodell and his crew. Woodell accepted the position as head course attendant last week, and has been putting in long hours in an effort to catch up with the work that a golf course constantly demands.

Nobody seems to know for sure why the contractor, who was charged with the responsibility, failed to produce a playable golf course but that seems to be the case. Because of the contractor's inability, either through incompetence or unconcern, to fulfill his contract it became necessary for a large number of people to pitch in with innumerable hours of free work to salvage a golf course that represents a huge financial investment. It would appear to a casual observer that if the contractor was covered with a performance bond that considerable damage could and should be recovered.

Eggers Trots Through City

Paul Eggers, Republican candidate for governor, hopped off his campaign bus Wednesday morning and made a 30-minute shoe-sole trip through Dimmitt.

THE WICHITA Falls attorney stopped first at KDHN Radio Station on his way into town. He then stopped in the Castro County News office before a handshaking session on the courthouse square.

Eggers claims the support of a liberal Democrat faction that supported Democratic candidate Don Yarborough against Preston Smith in the primary. The liberals have formed the "Texas Rebuilding Committee" and issued a statement in support of Eggers.

"They said they could not endorse me, but that they will support me," Eggers said.

EGGERS ALSO claims support of Mexican-Americans who are disenchanted with conservative Democrat policies.

"I hear people tell me 'We need a change' everywhere I go in Texas," Eggers said.

Speaking of the governor's role, Eggers said the state's highest office should be instrumental in getting new industry.

"WE NEED to stop talking about new taxes all the time and go for new industry. We need to start using our imaginations and help ourselves," he said, adding that he wants to stop directives to Texas from Washington.

FIREMAN OF THE YEAR—C. L. "Shorty" Barlow (left) accepts merit trophy from Dimmitt Fire Chief Harlin Dodd after being named Fireman of the Year at the annual awards banquet Saturday night. Barlow joined the 27 member volunteer department in 1965. The outstanding fireman is chosen on the basis of the number of fires and practices attended and attitude toward volunteer work. The Dimmitt department answered 70 calls this year, 37 of these within the city limits. The department saved Dimmitt citizens \$15,000 in insurance premiums, Dodd reported.

THE CASTRO County Agricultural Housing Association made the county's acreage expansion possible this year. Two years ago farmers suffered a loss when pickers could not find housing in Dimmitt and the labor supply was cut off to local growers. With adequate modern housing just east of Dimmitt, pickers and other farm workers have flocked to this area.

Western Vegetable, Inc., installed a pickle processing plant in Dimmitt with a processing capacity of two million pounds. The cucumbers are processed in a six-month brine bath in 70 wooden barrels. Some cucumbers are immediately shipped to Western Vegetable headquarters in La Junta, Colo., where a modern process can put today's cucumbers on the grocery shelves as pickles within three days.

The cucumber harvest will last through September. DeVaney said Western Vegetables will then begin the tomato harvest in the Dimmitt area.

County Has 5,000 Workers For Industry, Report Says

BOOKED FOR PARADE — One of only two Belgian Hitches in Texas will appear in the annual Castro County Roundup Parade in Dimmitt Aug. 17. Auctioneer Quentin Jenkins of Amarillo is the owner of the matched Clydesdale team. The hitch includes four horses, each weighing over a ton; harness sets that weigh 100 pounds each; and a 3,500-pound wagon. The horses have appeared in top parades and exhibition throughout the Southwest.

A pool of 4,000 to 5,000 workers is available to new industry in Castro County, a report on the Dimmitt labor area, prepared by the Texas Employment Commission, indicates.

THE WORKERS would come from three main areas—the county's unemployed, the undeveloped or untrained and the out-commuters or those county residents that travel to out-of-the-county jobs.

Although much of this labor supply would lack industrial experience, the report shows, the supply would afford excellent training material.

"Experience in Texas has shown that the use of such new labor recruits has met with a high degree of success," the report states.

ALTHOUGH in April, 1968, only 45 persons were listed as unemployed and thus made up only slightly over one percent of the work force, members of this group are able and available for work and actively seek jobs. These individuals offer an immediate source of recruitment for local employers and usually possess necessary skills and training.

In Castro County, the report shows, the male labor force participation rate is already above the statewide average indicating that the attraction of many more men into the labor force is unlikely. But TEC officials estimate that a minimum of 250 Castro County women would enter the work force if suitable jobs became available here. New industrial jobs in Dimmitt could attract workers who are underemployed — including small scale farmers and ranchers who could handle additional jobs and city residents who are employed in lower-paying occupations.

The report indicates that a part of Dimmitt's labor supply is working elsewhere, driving to job locations outside the county. In 1960, 82 county residents were commuting to jobs in surrounding counties. These workers can be attracted back into the Castro County work force by competitive jobs.

TEC OFFICIALS estimate that 4,000 employees are potentially available to Castro County employers. A seven-county area that includes Deaf Smith, Randall, Swisher, Hale, Lamb and Pecos counties is designated the Dimmitt Labor Supply area. The 1967 population of the seven-county area's labor supply is nearly 175,000.

The discovery of great quantities of underground water made the Dimmitt area one of the most rapidly developing farming and ranching areas in Texas accounting for a primarily agricultural economy here. Castro County ranks among Texas' leading producers of grain sorghum and wheat. Other crops raised here are cotton, corn, alfalfa, oats, soybeans, sugar beets and vegetables.

Agriculture accounts for over half of the total employment in the county. Technical improvements and mechanization have negated significant gains in agricultural employment since 1960.

THE POPULATION trends show a growth from nine residents in 1890 to 8,923 in 1960 to an estimated 11,486 in 1967.

The report describes the Dimmitt Labor Area as all of Castro County located on the Staked Plains of Northwest Texas encompassing 876 square miles.

THE REPORT was requested by the Dimmitt Chamber of Commerce.

What Will You Enter In Roundup Parade?

"We want to make a big parade of it. We want as many floats of all kinds as we can get—and now's the time to start planning and working on your entries."

THAT'S THE word from Maurice Campbell, chairman of the 1968 Castro County Roundup Parade, which will be staged Aug. 17 in Dimmitt.

The parade will follow the Roundup theme, "Our Heritage—Freedom and Faith." Everyone building special floats for the parade should try to make them coincide with the theme, Campbell said.

Youth and adult groups will compete separately for trophies and prize money in most categories. Floats and entries are solicited from communities, civic organizations, hobby clubs, youth groups, businesses, antique-car owners, riding clubs and individuals.

ANY questions concerning floats or parade entries should be directed either to Campbell, Bob Murdoch at Southwestern Public Service Co., or Guy Waldrop at the Dimmitt fire station.

Wholesalers, product suppliers and businesses in the area wishing to enter parade exhibits should contact Campbell at his home, 715 Maple St., Dimmitt.

Antique car owners planning to drive in the parade should notify J. C. Newton, Route 4, Dimmitt.

"LET'S MAKE this a county-wide parade, with everybody participating," Campbell urged.

ANY questions concerning floats or parade entries should be directed either to Campbell, Bob Murdoch at Southwestern Public Service Co., or Guy Waldrop at the Dimmitt fire station.

Wholesalers, product suppliers and businesses in the area wishing to enter parade exhibits should contact Campbell at his home, 715 Maple St., Dimmitt.

Canyon Kayos Dimmitt, 14-3, For Little League Area Title

After topping the Castro County All-Stars 6-5 in the first game of the area Little League tournament Monday night, the Dimmitt All-Stars lost the championship to Canyon by a 14-3 count Tuesday night.

THE TOURNAMENT was played at Canyon's Little League Park.

In Monday night's first-round game, Kyle Broderson pitched the full six innings for the victory as Dimmitt scored a tie-breaking run in the bottom of the sixth to eliminate Castro County, 6-5.

DIMMITT jumped to a 5-0 lead in the first two innings, but the Nazareth and Hart all-stars rallied with a run in the third and four in the top of the final frame to tie the score.

In the bottom of the sixth, Robert Mayberry doubled and Ricky Wright singled him home with the winning run to end the game.

In the second game Monday night, Canyon eliminated Hereford, 4-1.

A NINE-RUN deluge in the fifth inning sank Dimmitt's hopes in the title game against Canyon Tuesday night.

The game was close in the first three innings, with the score tied at 3-3 going into the fifth.

But Canyon broke loose for nine runs in the fifth, then added two in the sixth to grab the championship with a 14-3 victory.

CANYON racked up four home runs in the championship bout, including three in the fifth frame, while Dimmitt had to settle for infield pop-ups against tough pitching.

In Monday night's first-round game, Kyle Broderson pitched the full six innings for the victory as Dimmitt scored a tie-breaking run in the bottom of the sixth to eliminate Castro County, 6-5.

In the second game Monday night, Canyon eliminated Hereford, 4-1.

Pageant Gets First Entry

Karyn Hughes, 18-year-old graduate of Lake Highlands High School in the Dallas suburb of Richardson, is the first entry in this year's Miss Grain Sorghum of the Nation Pageant.

SHE'S THE daughter of Mr. and Mrs. Van Earl Hughes of Dimmitt.

Miss Hughes is still the only entry, but Pageant Chairman Robert Benton said he expects the number of contestants to grow to 20 girls or more before the Aug. 1 entry deadline.

Benton's optimism is based on the \$1,750 in scholarships that will go to the top three contestants. The winner's scholarship of \$1,000 is the same amount awarded to Miss Texas, Benton explained.

"WE'RE distributing entry blanks this weekend to all the contestants in the Miss Texas Pageant," Benton said, "and we've sent them to chambers of commerce and colleges throughout the grain sorghum states."

The extra scholarship money this year means that sponsors will need to come through with \$1,000 more than in the past, and Benton said the money "is a little slow so far," but added, "We haven't seen very many of our regular pageant sponsors yet."

The new Miss Grain Sorghum will be named Aug. 10 to succeed Diane Bryant of Muleshoe.

Ice Cream Feast Slated Tuesday

All the ice cream you can eat, in all flavors, will be dipped up Tuesday night by the Dimmitt Camp Fire Girls Association.

THE ICE CREAM supper will be from 7:30 to 9:30 p.m. Tuesday in South Grade School cafeteria. Forty to 50 ladies are making ice cream and cake for the event.

Admission will be \$1 for adults and 75 cents for children under 12.

Mrs. Woodrow Killingsworth, president of the association, said proceeds of the ice cream supper will go to repair and remodel the Scout Hut east of the city park, and to pay transportation expenses for 37 girls and two counselors to a one-week camp near Tres Ritos, N. M., later this month.

"THE GIRLS have already earned the money to pay their own tuition to the camp, but money is needed to put the bus in shape and pay for the gas," Mrs. Killingsworth said.

Money not needed for the camping trip will go into the remodeling fund for the Scout Hut, where Dimmitt's Camp Fire Girls and Blue Birds meet.

"Directors of the association have already put a new roof on the Scout Hut and paneled most of the interior," Mrs. Killingsworth explained. "They have dug into their own pockets to pay for most of this. But the hut still needs kitchen facilities, bathroom repair and remodeling, storage space, stucco work and a new heating system."

Bethel 'Fry' To Be Tonight

Bring your own chicken and shortening for fun-while-you-eat tonight (Thursday) at 8 o'clock at the Bethel Community Building.

HOSTESSES for the annual Bethel Chicken Fry announced that chicken and trimmings should be brought to the community building by 6 p.m.

Colt, Pony Stars Go Into Tournaments

The Tri-City Colt League All-Stars will carry the hopes of Dimmitt, Nazareth and Hereford into the district tournament in Lubbock tonight (Thursday).

THE NEW league's all-star team will meet Littlefield at 8 o'clock in Lubbock's Southwest Colt League Park on 34th Street (Hodges Park).

Dimmitt and Nazareth placed four boys on the Tri-City All Star Team, named Monday by league officials in Hereford. They are Bobby Baker and Randy Griffith of Dimmitt and J. C. Pohlmeier and Gene Schmucker of Nazareth.

Hereford boys on the team are Alan Wagner, Jeff Loerwald, Keith Anderson, Gary Lemons, Danny McDermitt, Harold Schmucker, Bill McQuary, Keith Duncan, Ricky Ward, Mike Waters and Ricky Lee.

Coaches for the Colt All-Stars are Bob Hardin and Bob Wagner.

ALL-STARs OF the Castro County Pony League (see photo below) will kick off the district tournament Monday when they meet Littlefield at 6:30 p.m. at the Hereford Pony League Park.

Anton will meet Hereford at 8:30 in the follow-up game.

If they win their first game, the Castro County All-Stars will meet Berger at 8:30 Tuesday night. If they lose, they'll play the loser of the Anton-Hereford game at 6:30 p.m. Tuesday. The championship game of the double elimination tournament will be either at 8 or 9:30 p.m. Saturday of next week.

Jimmie Chapman, sectional director of Pony League Baseball, of Dimmitt, will handle the job as Tournament Director of the Hereford affair.

PONY ALL-STARs — Members of the Castro County Pony League All-Star Team were named by the league's coaches after the final scheduled game Monday night. Kneeling, from left, are Bill Bates, Gordon Wilhelm, Neil Dobmeier, Bo Myers, Keith Calhoun, Ricky Battles and Steve Birdwell. Standing, from left, are Perry Floyd, Lynn Buchanan, Gary Webb, Ray Johnston, Jerry Matthews, Larry Langford, Johnny Rendon and Mark Simpson. Behind the boys, from left, are the All-Star mentors — Coach J. R. Matthews, Manager Bob Myers and Business Manager John Lantz.

More Effective Program Needed for US Farmer

By SEN. JOHN TOWER (R-TEXAS)

The American farmer, with his energy and ingenuity, has historically produced a food and fiber supply in excess of the demands of our own exploding population and also has supplied millions of people around the world.

THE FARMER is one of the largest purchasers of American-produced products, buying in excess of five billion dollars' worth of equipment annually.

He is a bedrock of our national prosperity.

Unfortunately, while our national economy has soared to record heights, farm earnings have sunk to record lows.

TOTAL farm debts have risen from \$25 billion in 1960 to some \$50 billion today. Farm production costs have risen 31 percent. Farm prices today are nine percent lower than in 1940.

The farmer has thus been forced to substitute credit for income, and savings for profits. A majority of farmers have been forced to live only off the value of their land. The farm population has been reduced by four million persons since 1960. It is a wonder there are any farmers left; fortunately, there are.

If the forecasts of leading economists and sociologists are true, there exists the possibility, in a few short years, of terrible famine in a large part of the world. How we react to this food crisis will affect the destiny of our civilization.

We must pay close attention to these problems. We must recognize the American farmer, and we must put profit back in agriculture.

The Agricultural Act of 1963 was a basically good law, but administration of the act has created the dilemma we observe today. With fewer farmers today, we find Agriculture Department employees have increased to an all-time high—to a ratio of one USDA employee for each 100 persons on the farm.

I think our farmers must obtain a stronger and more direct voice in the operation of the Department of Agriculture. High positions in that department should go to men with broad farm experience. Reorganization of the department is an absolute necessity.

Farmers must have the opportunity to run their farms with minimum government interference. Our farm policy must be designed to meet the challenges of the 70's and must discard the antiquated philosophies of the 30's.

OUR FARM program must be developed to give the farmer freedom to manage his farm and an opportunity to earn a fair share of the national net income.

Some people see the farm program as a likely place for heavy budget-cutting this year.

And, many well-intending, but misinformed persons have made a great issue of farm subsidies and of payments to cotton farmers. It is necessary to correct this misunderstanding.

THE COTTON farmer's support payments are a vital part of his income. For the great majority of farmers these payments represent not only all their profits, but also a significant part of their cost in producing cotton. Any sudden denial of payments to larger farmers would put out of business our most efficient and productive people. To place a ceiling on the support a farmer could receive would destroy all semblance of efficiency in most American ag-

riculture and would bring chaos and ruin to all producers of agricultural products, regardless of size, because such a ceiling would destroy the effectiveness of all voluntary farm programs.

The lack of good management in administration of the cotton program is particularly apparent.

I am informed the Agriculture Department will announce, on Aug. 1, a 6.7 million bale carry-over. In actuality, this cotton is the reject of industry for years, and for all practical purposes it is worthless.

I THINK it is mandatory that we maintain a six to seven million bale holdover of quality cotton to provide protection against a crop failure and for national defense stockpile needs.

In my view, the Agricultural Act of 1963 must — in the closing days of this Congress — be extended for one more year, and for no longer.

This will provide the necessary interval in which the next Congress and the next administration can formulate an effective farm program that will improve the economic status of the American farmer.

THE AMERICAN farmer has done much and asked little. It is our duty and responsibility to recognize him. We must receive his views and institute farm programs that will allow him to receive a fair share of our national prosperity.

Our state is a major producer of every sort of farm commodity. It is vitally important to Texans that our nation achieve more responsible farm programs and that those programs be administered by persons who understand farmers.

That certainly will continue to be my goal as your United States senator.

 REPENT
 By Ronnie Parker

God's universal command is that "all men everywhere are to repent" (Acts 17:30). This command is an all inclusive one. From it no person is excluded. Hence we can see something of its importance.

The hardest job of preaching is trying to bring men to repentance. Sin is popular. Men have learned to "enjoy the pleasures of sin for a season." Sin is practiced because it is loved. And yet we are so plainly taught that the "wages of sin is death." (Romans 6:23). You can not go against God and not suffer for it.

Repentance is simply a turning about, a change of will, a change of life. (Matt. 12:41; Matt. 21:28-32). The only escape from the destruction that sin brings is for a transformation to take place in the lives of men. A turning from sin to God. God will never save a person while in sin. He saves from sin. There must be a leaving the paths of sin. Study Luke 13:1-3; Acts 2:38; and Romans the 6th chapter. The only solution to the condition of the world is for men to repent.

Handy Boat Bailer
 A handy boat dipper can be made by cutting the bottom out of a half-gallon, or even gallon, detergent bottle. And every boat should have one. Texas laws now require a bail bucket in every boat.

PARENTS' RESPONSIBILITY

"Train up a child in the way he should go: and when he is old, he will not depart from it." Proverbs 22:6

Ask anyone what his most precious possession is, and he will almost invariably say, "My children." The desire for the welfare of our children enables us to "move mountains". We will do anything, give them anything, if we think it will help them.

The one most important thing we can do for them, however, is to instill in them a love of God, and a desire to obey him. The church can help you in this endeavor, inspire and strengthen you. We invite you to take your family to church this week. It may make a great difference in the life direction taken by your children.

EVERYONE IN THE CHURCH
 THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

MRS. JO PRATHER, WITH PICTURE OF HUSBAND, DAN (Photo by Tom Rambo, Hale Center American)

Wife Gets 'Silver Star' News Before Reunion With Husband

It was quite a thrill for Mrs. Jo Prather, Dimmitt school teacher, to get to spend a week in Hawaii with her husband, Capt. Dan Prather, whom she hadn't seen in nine months.

BUT THE thrill was made even bigger when she learned, the day before she left for Honolulu, that her husband had just been awarded the Silver Star for gallantry in action in Vietnam.

Mrs. Prather returned home last Thursday after being reunited with her soldier husband for a week in Hawaii during his R&R leave from Vietnam duty.

"It was a fabulous trip, but it was too short," Mrs. Prather said, after a week in which she and her husband surfed, attended a luau, saw many of the nightclub shows in Hawaii and toured the island of Oahu.

SHE HAD saved from her teacher's salary for the expensive trip, had made all her plane reservations, had matched her schedule with that of the Army, and was completing her final packing the day before she was to leave for Hawaii two weeks ago. It seemed that things couldn't get better.

But suddenly, they did. On the day before she was to leave, she received a letter with an enclosure which stated that her husband had received the Silver Star Medal June 8 for bravery.

She barely had time to notify Capt. Prather's brother, Dale in Dimmitt, and his parents, the Boyd Prathers of Hale Center, before she left.

THE SILVER Star citation praised Capt. Prather "for gallantry in action against a hostile force Feb. 8, 1968, in the Republic of Vietnam," while serving as commander of Company B, First Battalion, Sixth Infantry (Americal Division).

The citation read: "Capt. Prather distinguished himself by intrepid actions while serving as commanding officer of Company B. On that date, he was maneuvering his company to the location of another company which was in heavy contact with a numerically superior enemy force.

AS THEY approached the village of Lien Lac, his company came under intense small-arms, automatic weapons and mortar

fire from a battalion-size force of North Vietnamese Army Regulars.

"While expertly directing the movement and fire of his men, Capt. Prather, with disregard for his own safety, continually maneuvered among his men in an effort to pinpoint the enemy positions.

"After quickly locating the insurgents' positions, he personally directed air and artillery support. With expert rifle fire and skillful maneuvering, Capt. Prather and his command silenced the enemy within the area and continued to move further in search of remaining enemy forces.

"CAPT. PRATHER'S personal bravery, professional leadership, and devotion to duty are in keeping with the highest traditions of the military service and reflect great credit upon himself, the Americal Division, and the U.S. Army."

The news came as a complete surprise to Mrs. Prather, who didn't know her husband was up for the Silver Star, or that he had been in that tight a situation in the Lien Lac battle.

"He had written only that they had been in a little action in that area," she said.

CAPT. PRATHER earlier received widespread recognition for his development of "Rat Patrol" units—night reconnaissance teams from his company who sought out VC terrorist squads in darkness and "took the night away" from the Viet Cong in his area.

Clayton on Road For Water Study

Since the special session of the 60th Legislature ended July 3, State Representative Bill Clayton of Springlake has been traveling extensively in behalf of water and water-related problems.

EARLY in the month he attended the second annual National Conference of State and Federal Water Officials in Detroit, Mich. This week he is attending the Texas Water Code Revision Advisory Committee meeting in Austin. He will be in San Antonio July 26 to preside at a public hearing of the House interim Water Study Committee and he will leave July 30 to attend the Southern Region of the Council of State Governments Water Resources Conference in Miami, Fla.

A legislative bill pertaining to the operation of the High Plains Underground Water Conservation District could not be introduced at the special session of the legislature because it was not within the call of the Governor's Proclamation calling the special session. Clayton said that the legislation could be introduced and passed early next year during the regular session of the 61st Legislature.

CAPT. AND MRS. PRATHER IN HONOLULU LAST WEEK . . . Before leaving, she learned of his Silver Star Medal

Mrs. Hobratschk Attends Funeral

Mrs. Martin Hobratschk returned home Monday from Navasota, where she went to attend the funeral of Ernest Hemann, who died July 4.

Mrs. Hemann and Mrs. Hobratschk are sisters, and Mrs. Hobratschk stayed a while with her sister. The ladies came to Vernon and spent the weekend with their parents, the Ben Waythes, then Mrs. Hemann returned to Navasota and Mrs. Hobratschk came home.

Always Carry Spare Line Smart fishermen always carry an extra spool of fishing line in the tackle box. It is even better if you have a spare loaded spool for your reel.

ONE BOOK, TWO LANGUAGES — Rolando Romero B. (right) of El Salvador shows his Spanish-language translation of the book, "Modern Churches and The Church," while Max Zamorano, minister of the Iglesia de Cristo in Dimmitt, studies the original English version. Romero, a student at Sunset School of Preaching in Lubbock (of which Zamorano is a graduate) is seeking support for the publication of his translated version.

El Salvador Student Seeking Support for Religious Volume

Rolando Romero B. of San Miguel, El Salvador, visited Dimmitt last week seeking support for the publication of a Spanish translation of J. Porter Wilhite's "Modern Churches and The Church." ROMERO, 19, is a student of Bible Ministry at the Sunset School of Preaching in Lubbock. He has been in the US for two years living in Abernathy.

In his spare time, Romero has translated several religious pamphlets and publications into Spanish. He has gained the monetary support of the Iglesia de Cristo in Dimmitt and other Churches of Christ in the area. He will travel to El Salvador in August where the Spanish translation will be printed.

He plans to return to the US to enroll at Abilene Christian College where he will seek a BA degree with a major in Bible. Max Zamorano Jr., minister at the Iglesia de Cristo in Dimmitt, accompanied Romero on his visit.

Deer, Turkey Prospects Good

Deer and turkey hunting prospects continue to look good in the Texas Hill Country, says A. W. Lewis, Region II director in Waco for the Texas Parks and Wildlife Department.

LEWIS SAYS favorable reports continue to come into his office. Department Wildlife Technician Jerry Butler of Llano recently reported seeing 150 deer in five miles of driving in Llano County. Butler says the fawns are beginning to "show up" with the other deer, and some of the bucks have exceptionally large velvet antlers, an indication of above average size racks being available by the open season.

"Everything looks good right now," says Butler. REGIONAL Wildlife Supervisor Horace Gore said he had been in eight or 10 Hill Country counties during the past few days and had not seen a poor deer. Huey Robinett, Department wildlife biologist in Llano, says he is getting many reports of young turkeys also. Adolph Heep, game management officer in Fredericksburg, says he is seeing more young turkey for this time of year than he has in the 35 years he has served in the area.

Letters to the Editor

Don't Let Congress Nullify Supreme Court's Authority

Dear Editor:
The controversy now existing in Congress over Supreme Court appointees may force House Joint Resolution 102, as introduced originally by Rep. Walter Rogers, to be brought before the Congress. This resolution would give Congress the right to nullify Supreme Court decisions and, in effect, to tell the US Supreme Court that Congress is the body to determine the constitutionality of any interpretation that may be offered by the court.

Resolution 102 has lain dormant for more than five years and must be brought before Congress out of committee within seven years after introduction, or die for lack of action.

The majority of people in the U.S. do not know of Resolution 102 or of its purpose and intent. I opposed it with an American Legion resolution as soon as I saw a copy of it.

The enclosed resolution is self-explanatory. It was defeated at the American Legion district convention in 1964 after adoption by the Greer H. Estes Post 445 of Dimmitt.

"WHEREAS, House Joint Resolution 102 of the 88th Congress of the United States as a nation, and

"Whereas, House Joint Resolution 102 states, 'The Congress shall have the power to limit authority of the courts of the United States to determine that statutes of the United States or of any state are repugnant to the Constitution of the United States,' and

"Whereas, House Joint Resolution 102 would remove from the Supreme Court its right by the Constitution to function as specifically designated in the Constitution, and nullify its body or interpretation of the laws, and

"Whereas, Resolution 102 would give into the hands of the Congress the right to determine above the Supreme Court rulings and the right to nullify any Supreme Court ruling or decision not to the liking or thinking of Congress; now, therefore, be it

"RESOLVED by the 18th District, Department of Texas, the American Legion, in convention assembled this 18th day of October, 1964, in Amarillo, Texas, that the Congress of the United States be called upon to veto Resolution 102 in toto, and that all states veto Resolution 102 in toto, should it be necessary to bring this resolution into the several states for ratification as an amendment to the Constitution of the United States of America."

RED HILL

WARNING FLAG

Skin-divers often use a red flag with a diagonal white stripe to warn boatmen that they are at work below. Use caution when you see such a flag raised on a boat or float. This is especially important to trollers. Not only are trollers likely to take off a luckless skin-diver's head with their keel or motor but they could tear his body open with a deep-running hook.

HART NEWS

Youths Earn Trip Money Through 'Slave Auction'

By MYRT LOMAN
 A "slave auction" last Thursday morning at the Farmers State Bank drew the attention of Hart residents to the annual Youth Week of First Methodist Church.

MEMBERS of the Methodist Youth Fellowship were put on the slave block and bought by local residents, then spent the rest of the day working for their "masters" at all sorts of odd jobs around town.

Proceeds of the slave auction will help pay for the youth group's trip to the mountains in New Mexico.

The Youth Week started July 7 and ended Friday. SUNDAY morning the youths had charge of the morning worship hour, with Susy Hawkins giving the invocation, Debbie Bailey announcing the coming events of the church, Bill Bledsoe gave the children's sermon, Laura Dudley reading the Bible scripture, and Gaylene Hawkins giving the pastoral prayer. Ronnie Cox played the piano, with Ike Graves leading the choir of young people. Steve Cox and Steve Brown were ushers.

The message was brought by Kay Schultz, youth director. The Sunday evening worship was a joint service with the youth of the First Baptist Church. Approximately 32 youths from the two churches brought a message in song.

The evening sermon was brought by the pastor of the First Baptist Church, Rev. C. T. Cunningham.

The two youth groups enjoyed games of volleyball and refreshments at the Methodist Church following the service.

MONDAY afternoon a group met at the church for a period of visitation in the homes of other youths to invite them to attend the week's activities.

Rev. Roy Ward and his wife were guests for the evening, with Rev. Ward bringing the message.

Closing Monday's activities, the group enjoyed games and refreshments served by the ladies of the church.

Tuesday the group met at the church to clean the storeroom, mow and fertilize the lawn.

CARD OF THANKS
 We would like to thank everyone for all the food, flowers and visits during the illness and death of our loved one, Homer (Zeke) Hyatt. Also, a special thanks to all the nurses, Dr. Murphy, and Dr. Harris for their help while he was at the hospital and at home. The prayers and words of courage from Rev. Don Cass and Dr. Raymond Perkins were all such a comfort to each of us.

Willis Gene Green of Olton was the evening speaker, followed by games and refreshments.

Eldon Reynolds, youth director from Lockney, and a group of youths from his church were guests of the Hart youths for an old fashioned hayride to the farm home of Mr. and Mrs. John Norfleet on Wednesday.

Reynolds brought the message, followed by a bonfire, refreshments and a singsong.

Thursday morning the group met at the church and were taken to the Farmers State Bank for the "slave auction." Kay Schultz was auctioneer. Rita Heck and Bobby Bledsoe sold for the highest price.

Rev. Kenneth Wyatt of Tulia brought the evening message. The group also enjoyed refreshments and were entertained with magic tricks.

The week's activities closed Friday night with a supper at 7 in fellowship hall of the church. Rev. Bobby Chaney, of the Liberty Church of Plainview, brought the evening message. The pastor, Rev. Fred Brown, assisted by Rev. Chaney, served Holy Communion.

MONDAY morning a group of youths from the First Methodist Church joined a group from the Methodist Church of Olton for a trip to Pecos State Park for a week. They will return home Friday.

Sponsoring the group from Hart were Mrs. Ed Harris, Mrs. Bob Bennett, Mrs. Theron Morrison, Robert Hawkins and Miss Kay Schultz. There were approximately 40 youths, and adults on the trip.

The program for the week consists of hiking, riding horses, cooking their meals over an open fire and planning MYF programs for the coming year.

RICHARD CHEATHAM, son of Mr. and Mrs. H. L. Cheatham of Hart, has completed a year's work toward his Ph.D. degree with a grade average of "A". He will complete his classroom work on a doctorate in rhetoric and public address this summer. He is now working on his doctoral thesis.

Cheatham did his undergraduate work at Wayland Baptist College in Plainview and received his master's degree in speech at Purdue University, Lafayette, Ind. At present, he is on an assistantship, and is teaching three freshman speech classes. He and his wife and baby daughter, Tina Marie, live at West Point, where he serves as pastor of the West Point Baptist Church.

MIKE JOHNSON, youth director of the Hart First Baptist Church, and Mrs. C. T. Cunningham chaperoned a group of youths Saturday night to Lubbock to attend the shows, "The Green Berets" and "Thomas Crown Affair."

The group was in Lubbock at the time of the flash flood. Rev. C. T. Cunningham, pastor of the First Baptist Church, and R. A. Futrell left Monday morning with a group of junior boys to attend the boys camp of the Staked Plains Baptist Assembly near Floydada, for three days of Bible study and recreation.

throughout the room were arrangements of fresh cut flowers.

Coffee, punch and homemade cookies were served the guests. Mr. and Mrs. Graves received a money tree, individual gifts, and a hostess gift of an eight-piece place setting of pottery and serving pieces.

Assisting with hostess duties were Mes. Sam McGill, W. A. Hawkins Sr., W. A. Hawkins Jr., T. B. Box, Billy Joe Farris, Claude Kay, Noelan Dudley, Tom Ed Benton, Bill Rich, Ed Harris, W. T. Sanders, Charles Clark, O. D. Dinwiddie, Theron Morrison and Mrs. Ed Bennett.

The Graves family moved Saturday to Hereford, where he has accepted a position in the Hereford public schools after serving for seven years as grade school principal in Hart. Mrs. Graves was assistant cashier at the Farmers State Bank in Hart.

MR. AND MRS. Stewart Newsum and his father, J. J. Newsum, were in Lockney Monday afternoon to attend the funeral of Mrs. Ethel Rigby, sister-in-law of Newsum. Mrs. Rigby was a former Hart resident and had been employed several years ago in the Newsum Grocery.

Lanny Tucker, vocational agriculture teacher in Hart High School, was among the 200 persons to attend the 16th annual Swine Short Course at Lubbock last week. Tucker placed second in the judging contest.

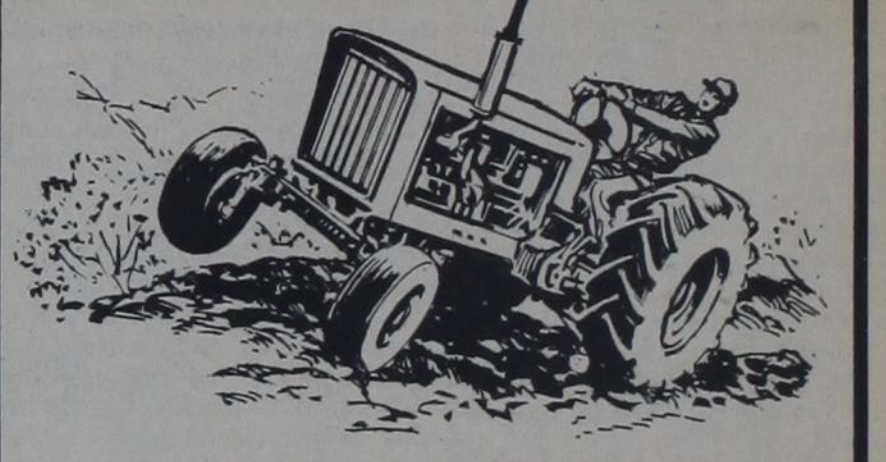

Rev. Van Earl Hughes, pastor of the Baptist Mexican Mission in Hart, will preach at the First Baptist Church in Hart Sunday in the absence of the pastor.

IF YOU have not heard of the new "Grandma Club," you might ask either of the following ladies for additional information. Mes. Jim Dalton, H. H. Sullivan or Granville Martin.

Houston Sullivan spent some 10 days in Cactus visiting with his daughter, Mrs. Tommy Cook and family.

Mr. and Mrs. J. B. Allensworth and three sons returned home Sunday evening after spending the past week in Antlers, visiting with his parents and taking an outing at Red River.

If your feet are inclined to slip in the bottom of your boat when it is wet, toss in a couple of those "welcome" door mats or a large size bath mat.

How about including a small flashlight in your tackle box? It may take up the space of a couple of plugs but in an emergency it may pay off better than the two plugs it replaces.

By MYRTLE SHEFFY
Nick Gonzales told me about the plans for a big "sidewalk sale" by Dimmitt merchants today, Friday and Saturday. That will be fun—hunting special bargains and seeing friends. All Dimmitt businessmen will be coming out onto the sidewalk for an outdoor market place-type of shopping day.

With school only six weeks away, and HemisFair and Astro-dome baseball game trips planned for the remaining summertime, Dimmitt businesses are promising bargains in summer and fall clothes.

MR. AND MRS. Frank Mearns Sr. were hosts for a Birthday Club dinner Tuesday honoring Mrs. Mearns. Helping the Mearses celebrate were the W. E. Kirkpatrick, Edwin Rameys, Gaines Neills, C. W. Boothes, Frank Mearns Jr., Dr. and Mrs. Harold Perkins, Ruby Maples, Maggie Boren, Nettie Graham and Lois Bartlett.

This seems to be the time for the churches' young people's activities. The Methodist youth are having a "week" that started Sunday evening with the Rev. Homer Henderson preaching a special message at the services conducted by young laymen. Programs, food and fellowship are planned for the week.

The Baptist choir is in Gloriaetta, N.M., on a spiritual retreat. A large number of sixth graders from the Bedford Street Church of Christ traveled to Plainview for a skating party. While there, the group picknicked. Accompanying the group were Mr. and Mrs. L. V. Cole and Mrs. Carlos Calvert.

LISA SIMPSON and Janie Sheffy of Hereford represented the Dimmitt Presbyterian Church young people at youth camp at Ceta Glen last week. Mrs. Polly Simpson accompanied the girls to the camp.

The Northside Baptist Church had an interesting service recently when Rev. H. L. Brown, Negro evangelist from Lubbock, was guest speaker. Rev. M. A. Pennington praised Rev. Brown as an outstanding speaker.

VISITING IN the home of Mr. and Mrs. B. M. Nelson Saturday were Mr. and Mrs. Arlis Patzke of Waco, nephew and niece of Mrs. Nelson; Mr. and Mrs. Demcie Burton of Rosebud and their son, Randolph Burton of Amarillo.

Virginia Sheffy hosted an after-church watermelon feast Sunday evening for 12 friends. Chaperones for the affair included Mr. and Mrs. Ted Sheffy, Virginia's parents; Mr. and Mrs. Bob Duke and Mr. and Mrs. Sid Sheffy.

The M. A. Penningtons hosted his brother and wife of Houston during a tour to Colorado Springs, Grand Canyon, Carlsbad Caverns, the Painted Desert and the Petrified Forest areas. Mrs. Pennington later drove to Fairmont, W. Va., with her sister, Irene Dial of Lubbock, to visit a niece. The two traveled on to Pittsburg, Pa., visiting relatives and touring the mountains.

LINDA AND Laura Scarbrough of Amarillo visited here Sunday with her brother and family, the Marvin Mundells Sheffys, Mrs. Louis Coke and the C. G. Ballard.

"Six Flags Over Texas" is a ball, according to George Blanton. The Blantons and their daughter, Lanette, and her husband of Grapevine, traveled to Dallas. The Blanton's daughter, Georgene, has been visiting here while her husband is at National Guard summer camp.

JAN GILES celebrated her first birthday as a teenager Friday evening with a party for 16 friends. Guests enjoyed eating, dancing, music and things like that. A sad note. Debbie Hansen ran into a glass storm door, cutting her arm and leg. It took 100 stitches to put her together again. Kids should watch for those doors—Vicki Winders did the same thing at a party at the M. E. Cleavingers' recently.

Bo Jackson and children, Bruce and Brenda, of Kansas City, are visiting with his brother, Kenneth, and his father, Francis and Ivey.

OUR SYMPATHY to the family of Homer "Zeke" Hyatt, who died Sunday morning after a long illness. Zeke grew up in Dimmitt, where his parents owned the hotel for many years.

Mr. and Mrs. Lee Teague and daughters of Abilene were guests Sunday in the home of her sister, Frances and Albert Lytles.

Mr. and Mrs. Elzie Teague are visiting in Colorado where Elzie is fishing and Serena is visiting their daughter, Mrs. Bob Mapes, who is recovering from a recent stroke.

Ginger Kemp is serving as teacher and counselor at Stoney Lake, Mich., where she teaches a group of high school girls. She will visit friends in Michigan before returning home.

AFTER undergoing eye surgery, Mrs. G. L. Willis Sr. is in fine condition at an Amarillo hospital.

Boating and fishing at Possum Kingdom Lake are Mr. and Mrs. Bill Williams and daughter, Cynthia. Their other daughter, Connie, is enrolled at the WTSU summer session.

In Lubbock for the weekend were R. N. and Ann Carpenter. Mark Wohlgenuth, son of Dr. and Mrs. James Wohlgenuth, is visiting in Houston with his brother, Mike, who is a medical student there.

MRS. MARY JONES of Hale Center visited her son, Bob, and his family and Carolyn and children this week.

Mr. and Mrs. J. B. Blackwell hosted a "42" party Tuesday evening. They served homemade ice cream and cake to the Burl Bradford, Jack Tuckers, Bud Birdwells, H. C. Nelsons, Mrs. Polly Bell and Mrs. Myrtle Sheffy.

Vacationing in Colorado are Mr. and Mrs. Milton Hedgecock, who plan to visit relatives there before returning to their home in Dimmitt.

I MET two pretty girls while working downtown last week—Jean Doan and Earlene Short of San-ger, Kan. They are guests in the home of Jean's sister, Mrs. Buck Kenworthy.

Mrs. J. C. Mays has returned from a visit with her sister, Mrs. H. E. Reed of Fort Worth. Both ladies traveled to Grosbeck to visit their mother, Mrs. Nonie Messenger, during a family reunion there.

DID YOU see the "pickle man's" picture in the Amarillo paper? Elvon DeVaney was telling how good the cucumber crop is in Castro County. He is manager of Western Vegetable Co., a operation here.

Mr. and Mrs. L. H. Stevens are the proud grandparents of another boy. He came June 26 to live with parents, Billy and Kay Stevens of Hereford. Lydle Scott weighed 10 pounds. Ollene Williams is his other grandparent, and Percy Sheppard is his great-grandfather.

The L. H. Stevens leave Thursday for a plane trip to Mexico, where they will tour the Pyramids, Mexico City and Acapulco, and go yachting around the bay. I liked the big market at Tulaco, the Jacarando trees in Taxco and the colorful flowers.

On their way to Paris, Tex., Mr. and Mrs. Elbert Coursey of Lordburg, N.M., stopped for a visit with Mr. and Mrs. George Bradford. Thursday morning, the Bradfords, their son and daughter-in-law, James and Mildred, and the Tom Davises attended a winners' convention in Ruidoso, N.M.

FROM ODESSA, Mr. and Mrs. Milton Jones and daughter, Charlotte, visited with his aunts, Katy Noble, Stella Burch, Dora Johnson, Maggie Gollehon and Mrs.

John Turner. Milton is the son of the late Nell Jones.

Jerry and Barbara Noble stopped in Dimmitt for a visit with their parents, the Es Nobles and R. D. Rogeres, after a trip to Disneyland, Calif., and the Grand Canyon.

Mrs. Jackie Harris and mother, Mrs. Vera Stuart, and daughters, Raelyn and Melynda Harris, and a niece, Rhonda, traveled to Memphis, Tenn., for a visit with her brother and Mrs. Stuart's son, Mark and his family. They also visited with relatives in Memphis. Jackie Harris preached as layman at Hart Baptist Church this week.

A PLACE to go Friday evening is the 8:30 Style Show presented by 4-H's under Mrs. Irene Keating. The girls will model clothes they designed and made.

Mr. and Mrs. Fred Mann of Odessa visited her aunt, Mrs. E. H. Wright, Sunday. Mrs. Wright traveled to San Angelo recently to visit a brother.

Jackie and Sandra Clark visited their friends, the Gene Finleys in Amarillo. Gene is with the Pantex Experiment Farm, so the Clarks toured the farm operations.

The Jimmy Presleys are custom harvesting maize near Eagle Pass and Bracketville. They are visiting interesting places in that area on the side.

Recently, Mr. and Mrs. Woodrow Killingsworth and son, Jerry, visited his parents, Mr. and Mrs. C. E. Killingsworth of Canon City. Jerry has been working on the Cluck farms and going to cattle sales this summer.

Jim and Becky Killingsworth vacationed in Littleton, Colo., visiting her parents, the E. W. Beemans, and making some of the mountain trips.

MILDRED TURNER and her sister, Maurine Henderson, are in Los Angeles, Calif., attending the funeral of Mildred's husband, George. While there, she is visiting her sons—one in the Navy, and another in college. Both plan to visit their brother, Carl Simmons and family, in Long Beach.

Mrs. Maxine Gardner is recuperating from recent surgery at the Plainview Hospital. She is due to come home this week.

Mr. and Mrs. Noah Humphries are fishing down on the Gulf Coast for a month or so.

FFA Members At Convention

Five Future Farmers of America are representing Dimmitt High School at the annual state FFA convention in Lubbock.

THE STATE group convened Wednesday and will continue through Friday.

Mike Hutton, president of the Dimmitt FFA, heads the local delegation which includes Joey Hammonds, Joe Lively, Mark Simpson and Jackie Matthews. Matthews and Simpson are voting delegates.

The Lone Star Farmer Degree will be conferred on Hammond and David Seale of Dimmitt. The degree is awarded to those qualifying with beef, pork or fowl projects judged on the project records kept and a minimum of \$500 earned with the project.

OVER 4,000 FFA members representing 10 Areas will conduct state-level business sessions, elect state officers and a state FFA Sweetheart. Talent competition and special speakers programs will highlight the meeting.

More About: About Dimmitt

(Continued From Page 1) called on to do to make the course playable, the club will be deprived of any income that could be expected from the operation of the facility over a period of practically a year. The management of the club would certainly have the wholehearted support of the club membership in an effort to recover at least some of the financial loss occasioned by the failure of the contractor to fulfill his commitment and obligation.

Some necessary work is being done this week, and free, by Childers Ditching Service at the golf course. That company is using its equipment and employees to install concrete pipes, donated by the Big T Pump Company, in several of the waterways that cross the golf course fairways. Local golfers are determined to have a golf course.

Many Dimmitt merchants have designated Thursday, Friday and Saturday as Sidewalk Sale Days. In an effort to make shopping more convenient for their customers they will move large quantities of merchandise onto the sidewalks in front of their places of business. Where else can you breathe summer resort air, the likes of which is only found in Dimmitt, while doing your shopping in the open in seventy degree coolness, and regardless of how high the temperature may get you will find that prices are low during this sale. In all fairness to me, the merchants and yourself check the Sidewalk Specials throughout this issue of the News.

Shots Available For Youngsters Old Settlers' Addresses Asked

Youngsters who have not had polio serum, or diphtheria, tetanus and whooping cough vaccine are getting free inoculation and sugar cubes from the Castro County Migrant Health Unit this summer.

A CLINIC is conducted in Hart every Monday night from 7 to 9 in the old Catholic hall in Dimmitt, the clinic is held every Thursday from 7 to 9 p.m. at the Agricultural Housing complex. Measles vaccinations are also available.

Do you know the addresses of any former Castro County residents—especially pioneers?

THE COUNTY Activities Committee is seeking addresses of persons who no longer live in Castro County, to invite them to the Old Settlers Reunion, coming up Aug. 15.

Persons knowing the addresses of former residents should contact Hazel Merritt at 938-2493, Helen Richardson at 647-4552 or Ed Drenup, 945-2331.

Frio Kim Gripp Wins Another Trophy

Kim Gripp brought home another trophy last weekend. His most spectacular feat was winning first in the senior division for calf roping in the Quarter Horse Show in the Hereford Rodeo Arena.

He is especially proud of the silver tray award. He also received a cash award.

All of this was on the roping win, and he also won other honors in the show.

Kim, son of Mr. and Mrs. Spicer Gripp, now has a collection of 17 trophies, plus numerous plaques and ribbons. They represent honors in barrel racing, cutting horse contests and showmanship, and he won most of them on his own horse, "Nifty Adois." He sometimes rides his father's horse "Skipper Ruby."

Kim, now 14, won his first real honor in 1963 when he took first as high point boy in National Finals in Lubbock. One other time he was eligible to compete in the national finals, but was unable to attend.

Kim is also an all around farmer, has been driving tractors and doing about everything on the farm since he was old enough to go to school. He spends his summers helping his dad farming here on the Gripp farms and at Conway, an also on his grandmother's place at Conway, which they are farming.

Kim has been known to get to Amarillo before the stores open, driving a tractor from here to Conway to work.

He is a 'B' student at La Plata, where he will be a freshman next year.

VALERIE ANDREWS, daughter of the Joe Conways, was honoree at a party celebrating her third birthday Tuesday. Her aunt, Mrs. George Zetsche, baked a chocolate cake and decorated it with sugar circus camels. Punch and cookies were also served and favors distributed. Twenty-five attended, plus 12 ladies.

Mrs. Charles King, of Amarillo, was here Monday and Tuesday to be with her sister, Mrs. Elmer Jones, who underwent major surgery at eDaf Smith County Hospital Monday. Mrs. Jones was improving satisfactorily the last of the week.

VISITING Mrs. Verna Frye has been her brother, Ronnie Brown, who is home on furlough from the Air Force. He is stationed in Germany and arrived Monday night on leave. Their parents are Mr. and Mrs. Wesley Brown of Dimmitt, and grandparents are Mr. and Mrs. A. T. Jones of Hereford.

Mrs. E. F. Vogler and Betty Drager went to Amarillo Friday to see Richard Drager in North West Texas Hospital. Betty is his daughter and Mrs. Vogler his sister. Drager was improved enough to be moved into a room this week after about three weeks in the intensive care ward following an operation on his head.

Earl Gunther underwent minor surgery at Hereford Hospital Tuesday and was doing satisfactorily later in the week.

LAST SUNDAY the Charles Seifs were hosts to a gathering of his relatives. His parents, Mr. Muleshoe Tops Braves, 15-11

Dimmitt's Braves led in hits, 15-8, and in home runs, 4-1, but they lost on the scoreboard to the rugged Muleshoe Outsiders here Sunday afternoon, 15-11.

THE BRAVES called the tune until the seventh inning, when Muleshoe put a run across the plate to go ahead for the first time, 11-10.

In the top of the eighth, Muleshoe scored two more runs, both on errors. Dimmitt retaliated with a run on two hits and a walk in the bottom of the eighth to close the gap to 13-11.

But in the ninth, Muleshoe added two more runs — again on Brave errors — and held the hosts scoreless in the bottom of the final frame.

SOCKING home runs for the Braves were Johnny Brown, Jenaro Gomez, Jimmy Diaz and Benito Barrera, who put it out of the park.

Hart Grade School Principal Joins Hereford School System

G. C. Graves of Hart took over the post of education coordinator of the Hereford school system this week.

GRAVES HAS been Hart Elementary School principal since 1961. He previously served as a teacher, coach or administrator of schools in Plainview, San Angelo, Big Spring and Coahoma.

He was a pilot in the Navy Air Corps from 1942 to 1946. He served in Asia and Europe during World War II.

Graves holds a BA degree from Howard Payne College, and a master's in education from Texas Tech.

HE IS a member of the National Education Association, Texas State Teachers Association and Castro County Teachers Association. He is Boy Scouts of America chairman, Red Cross chairman and YMCA Leadership chairman. Graves' wife, Marjorie, has been assistant cashier at the Farmers State Bank for the past seven years. The Graveses have three children, Judy, Ike and Nancy.

Car Insurance Rates Climbing

State Insurance Board experts have recommended an increase of about 2.8 percent in auto insurance premiums.

Although statewide averages are misleading since rates are set by 10 different territories, liability coverage appears to be going up on 33 zones for most drivers. Young drivers face higher rates in 22 territories, lower in seven and the same in 11.

Biggest increase will be for comprehensive and collision policies where the insurance board staff has recommended a hike of 7.7 percent and 7.1 percent respectively. Insurance company spokesmen claim rising cost of parts and repairs has offset a better traffic accident record.

Profitts Sell City Drug to Bakers

Mrs. Joy Baker assumed management of the City Drug in Dimmitt Monday morning after she and her husband, Bob, purchased it from Mr. and Mrs. J. L. Profitt.

MRS. BAKER has been an employee of City Drug during the past year. Her husband is manager of Killingsworth Builders Supply.

"We plan eventually to concentrate on cosmetics and gifts," said Mrs. Baker, who was a cosmetic consultant for Blackburn's of Amarillo for eight years.

The store at 105 N. Broadway will continue to operate under the name of City Drug "at least for the time being," she added.

THE STORE'S staff includes Mrs. Flora Gunn and Mrs. Dorothy Newton. The new owners said their two children, Rhenea and Bobby Baker, will also help in the store when needed.

The Bakers have lived in Dim-

mitt since April 1963. Their home is at 1014 W. Grant St.

The Profitts owned and operated City Drug 1 1/2 years, having bought it from Glen Renter in 1966. Profitt has returned to farming.

120 Patrolmen Needed in State

A training school for 120 patrolmen to be added to the Texas Department of Public Safety will start July 30, Major Luther Moore, Regional Commander, announced today.

"We have several new benefits to offer qualified young men," Moore said. "For instance, the pay during training is \$500 a month upon graduation this is increased to \$590."

"An applicant is not required to live in Texas for one year prior to employment and the entrance examination is given every day at the larger offices," Moore added.

TO QUALIFY for employment in the uniformed services of the DPS, a man must be between the ages of 20 and 35, not less than 5 feet 8 inches tall, have a high school education or its equivalent, be in sound physical condition with good vision and must be a U.S. citizen.

"Among the benefits for patrolmen," Moore pointed out, "are two weeks annual vacation, all holidays provided for by the Legislature, a retirement system and group hospitalization and life insurance plans, traveling expenses and longevity pay, and uniforms and all the necessary equipment to perform their duties."

For complete information concerning the position of patrolman, training and benefits, Moore asked that those who are interested contact the nearest DPS patrolman or DPS office.

"In return," he said, "they will complete information in regard to the application and examination."

MARTINEZ TAKES REQUEST IN KDHN CONTROL ROOM ... He's leaving Dimmitt for Floydada station

Martinez Leaves KDHN Radio For Post at KFLD, Floydada

After 10 months with Dimmitt Radio Station KDHN, Mario Martinez has accepted a position with Station KFLD in Floydada with a Spanish program catering to a large West Texas audience of Spanish-speaking Texans.

AT 23, the voice of Martinez is already familiar to large concentration areas of Spanish and Mexican-Americans in Texas and Arizona.

Martinez uses his bilingualism to translate commercial advertising and newscasts for his Spanish program. Although he prefers the classic Spanish music, Martinez admits he has found that, like his own counterpart, the Spanish West Texans prefers the country-western music native to northern Mexico.

A native of Brownsville, Martinez began his career at all-Spanish programming on Radio Station KEVT in Tucson, Ariz. He obtained his degree in radio broadcasting and engineering from Elkins Institute of Radio in Dallas.

West Texas CofC Slates Meetings

Plans for special meetings of the West Texas Chamber of Commerce were announced by President Beverly King of Graham following an officers meeting this week.

THE NEXT large meeting will be in Wichita Falls Aug. 8 and 9 when the directors meet for their quarterly session. At this meeting several committees will hold formal meetings. These committees include the Blue Ribbon City Awards, Education, National Affairs, Cultural Affairs and Industrial Development.

All committees will meet during the afternoon of Aug. 8, the executive committee meets at 4 p.m. and a reception and dinner will be held at the Wichita Falls Country Club on the evening of Aug. 8.

Directors will have their session on the morning of Aug. 9, at which time a special speaker will discuss state affairs and possible legislation which will be considered by the next session of the State Legislature.

OTHER BOARD meetings scheduled are Nov. 7 and 8 in Lubbock and Jan. 23 and 24 in Kerrville.

Special attention will be given to cultural affairs in the Lubbock session, when the annual Cultural Awards for outstanding achievements in cultural affairs will be made.

At the Kerrville meeting in January, recognition will be given to volunteer leaders from West Texas who serve on state boards and commissions and who have been named to these positions since August 1966.

The 15th Annual Industrial Development Conference will be held in Fort Worth this year. Site is the new Fort Worth Coliseum, which is scheduled for completion in the next few months. Date for the conference is Oct. 16. Features of the program will be announced by Industrial Development Chairman Maxie Davie of Fort Worth within a few weeks.

VA Office Needs Address Changes

Recipients of veterans' benefits should notify the Veterans Administration office which maintains their records as well as the Post Office Department of any change of address, Jack Coker, manager of the Waco VA regional office, said this week.

About \$1 million in undeliverable checks is returned to the VA each year, he pointed out.

THIS MEANS that some 12,000 persons miss at least one payment of their monthly compensation, pension or other VA benefit.

Coker said that veterans or their dependents in receipt of VA benefits should also include their Zip Code

New Sugar Beet Film to Have Premiere in Hereford Friday

The premiere showing of a new color film on the sugar beet industry will be presented in Hereford Friday by the Holly Sugar Corporation.

THE FILM, rated "excellent" by a representative of the Texas Education Agency, has been accepted for use in Texas public schools. Twenty prints of the new film have been ordered by the Texas Education Agency for distribution to regional film libraries serving Texas schools.

The 26-minute film, "Farther Than the Eye Can See," presents the sugar beet industry as seen through the eyes of a grower's son. Most of the filming was done in Hereford. The film stars Gerald Shipley, a junior high school student, as the grower's son, and Bud Snyder, Holly Sugar agriculturist, as the beet grower.

George Lipscombs, director of instructional media, Texas Education Agency, states, "The film is an excellent presentation of sugar beets from the field to the consumer."

THE PUBLIC is invited to two premiere showings of "Farther Than the Eye Can See" Friday at 8:15 and 9 p.m. in the ballroom of the Jim Hill Hotel in Hereford.

Among those attending the showings will be Ray Cowsert, Hereford mayor; Ernest Langley, Deaf Smith County Chamber of Commerce president; and Bill Thompson, Deaf Smith County

Chamber of Commerce Manager. Also attending the showings will be Dennis O'Rourke, chairman of the board of Holly Sugar Corporation; E. E. Corbin, Holly general sales manager; Glenn Yeager, vice president in charge of agriculture for Holly Sugar; and Alfred C. Parker, director of public relations for Holly Sugar.

NEWS OF HEMISFAIR '68

WORLD EXPOSITION APRIL 6-OCT. 6-SAN ANTONIO, TEXAS

Most people like to take home a souvenir from the San Antonio World's Fair, but some 3,000 visitors have worked it the other way — leaving everything from pill boxes to a brassiere.

AS MANY AS 65 items have been turned in on one day at the World's Fair — and a staff of four works 12 hours a day trying to give them back. The return rate, according to Mrs. Freddie Sims, a staff member, is about 30 percent.

Some 1,300 items are stored at the Fair's lost and found department, waiting for an owner to claim them. People seem to lose glasses more than anything else, and keys and women's purses are a close second.

The mystery item of the department is a brassiere — found by a maintenance man at the US Pavilion.

THE LOST and found department has an elaborate procedure for cataloguing both items found

and items reported missing. According to their accounts, more than 1,700 items have been turned in, and 500 of those have been restored to their owner.

But some 1,300 items have been reported lost which have not come in, giving a fairgoer little better than a 50-50 chance for getting back a lost item.

The value of a missing item does not seem to play a part in its chances for return — rather, it is who finds it that counts.

ABRAHAM GARCIA, a worker at the Fair post office, found \$60 in cash on the ground — two \$20's and two \$10's neatly folded. He turned it in, and the same day a motel owner called the department saying a patron had lost \$50 — in just the denominations described. The money was returned.

The most expensive item on hand at the lost and found is probably an amplifier for a public address system, but even 49-cent sunglasses and one sock were not too small to be turned in, tagged and filed.

All cash that is found, either in wallets, purses or loose, is put in the lost and found safe and an accurate record is made, even down to a nickel. The largest amount of cash found was \$355, which was restored to its owner. Actually, cash is more usually identifiable than other items, and only 10 percent of the money found has not been returned.

MANY FAIRGOERS lose cameras, and the Kodak Instamatic appears to be the most popular. There were 21 of these on shelves in the department.

As items come into the lost and found they are tagged and filed as to where they were found and when. If there is any identification, the department sends a letter or telephones notifying the owner he may claim his merchandise or have it shipped, providing he pays for shipping costs.

After four months, items are turned over to the San Antonio police for disposal.

Huston Assigned To Recon Unit

Sp.4 Larry R. Huston, 20, son of Mr. and Mrs. A. C. Huston of Hart, was assigned June 21 to the 220th Reconnaissance Airplane Co. car Phu Bai, Vietnam.

ROLLED-UP socks stuck into shoes that are to be packed will serve as trees and keep the shoes in good shape. Cover the shoes with shoebags or, if you have none, some old socks. If you have no case for a hand scrub brush, toothbrush, washrag or anything else that might be damp when packed—wrap the item or items in aluminum foil or put in plastic bags.

Was Jesus A Fanatic?

Talking about 'full surrender' makes some folks feel uncomfortable. "After all, we have to be practical, and moderation in all things is what the Bible says."

Does it?

When Jesus urged honesty, did he say, "Be moderately honest?" When he welcomed a fallen woman to accept God's forgiveness and new life, did he urge, "Now go, and be moderately pure from now on?"

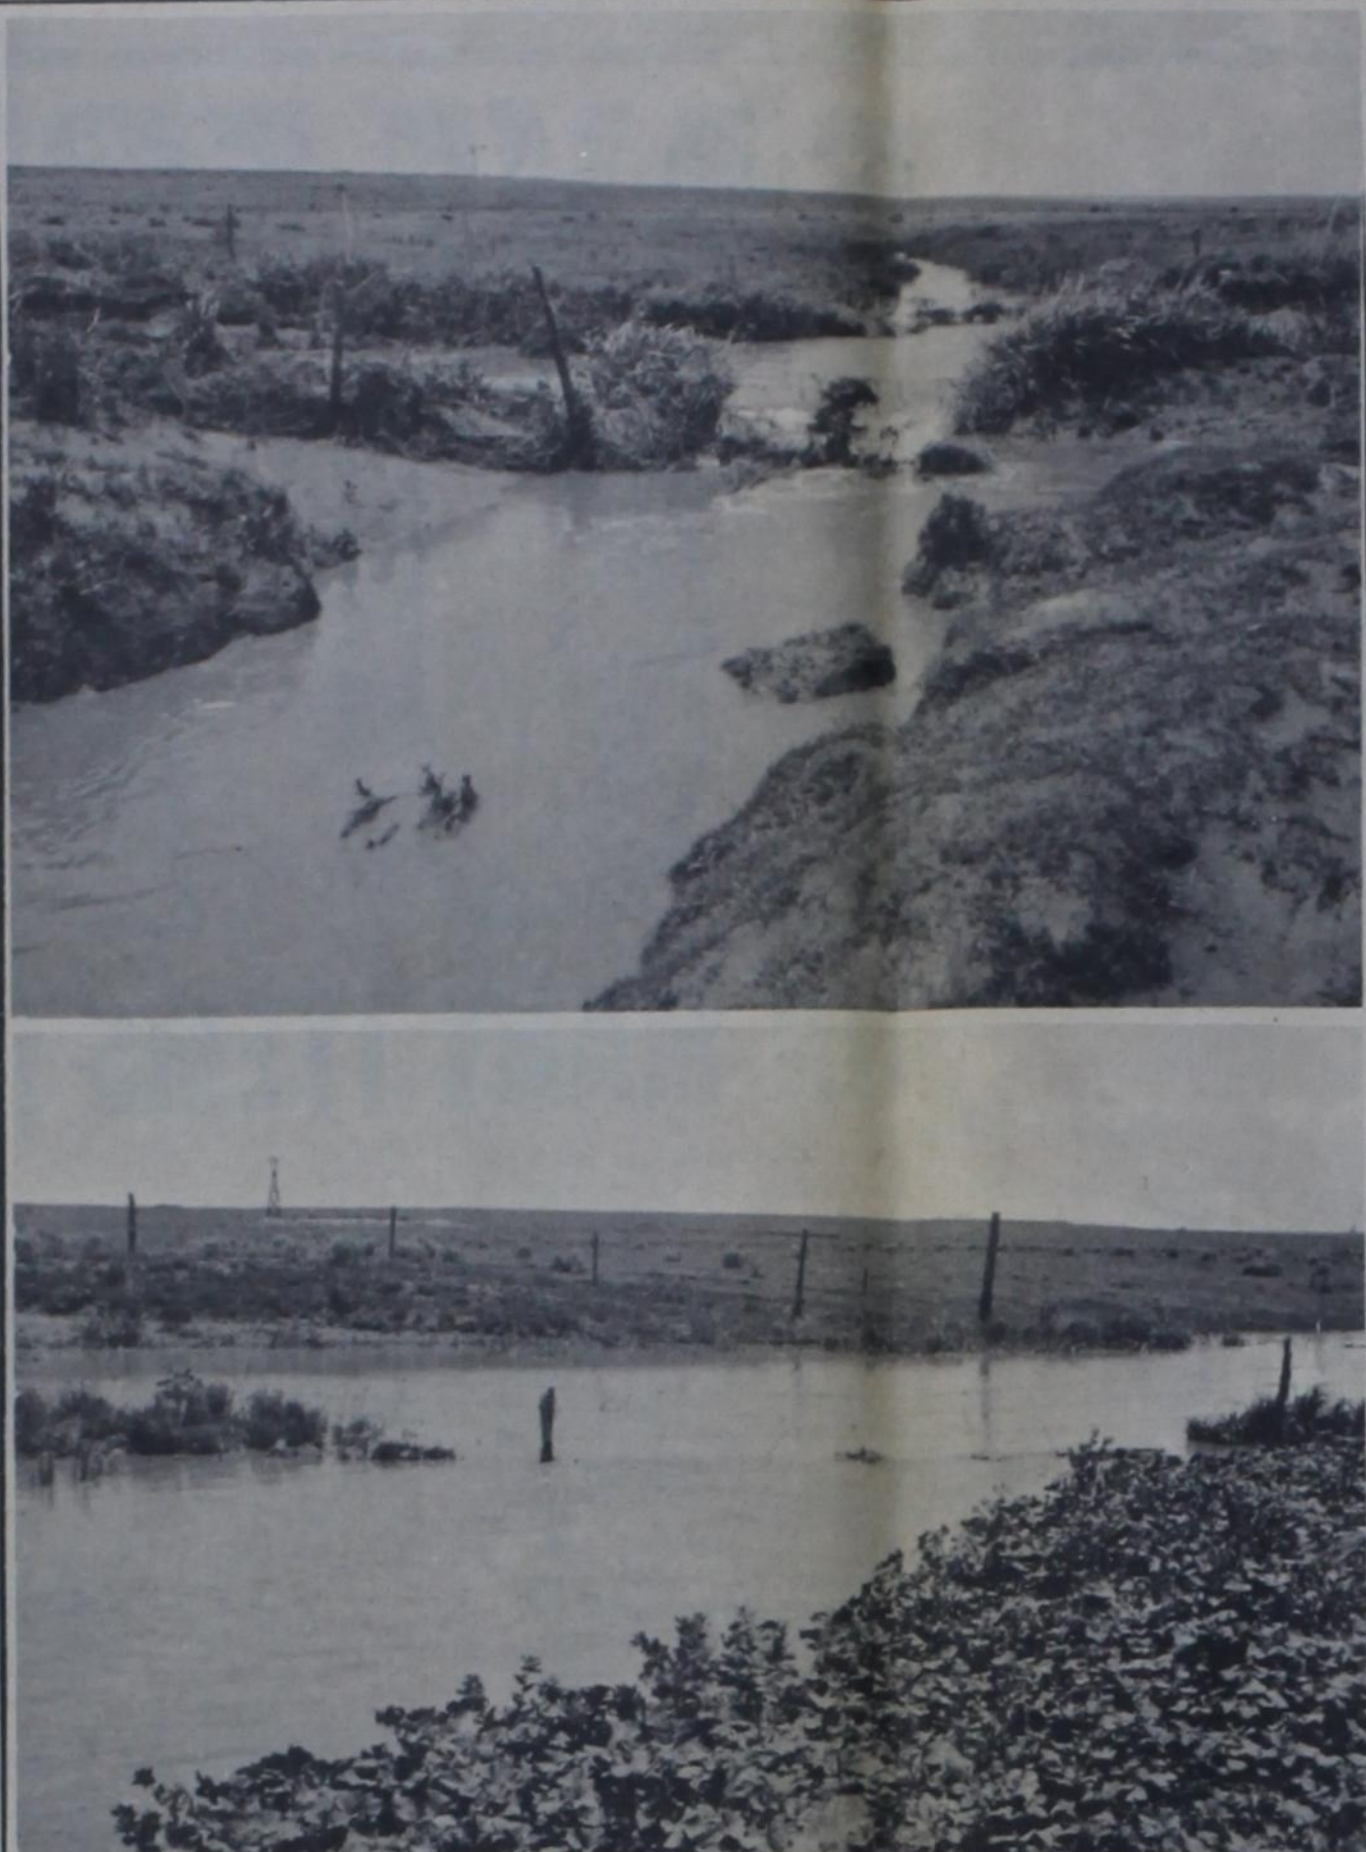

The farmer who does well is usually the farmer who so believes in what he is doing that he gives it all he has. The most wary fish is usually caught by the fisherman who is most diligent, most "committed" to fishing. When my hand was broken, I wanted a doctor who had been "committed" enough to finish medical school. And when the airplane I was riding one night from Memphis to Dallas was in turbulent weather with lightning bursting through the dark skies, I honestly prayed that the pilot was a "fanatic" about flying a careful course!

Just so in matters of living. You can be half-hearted, and have a small bit of personal satisfaction. You can be half-committed to the Christian way and somehow get along. But you miss the best part.

If you want to really live, you have to take a dare — the dare that Jesus gave: "Come, follow me." I think he was a fanatic about that. Can you take a dare?

See you Sunday — at First Baptist.

Raymond M. Perkins, Jr.

WOULD YOU BELIEVE? The Running Water Draw actually was full of running water Friday, following heavy rains last Thursday night in the southern part of the county and along the draw's watershed in Lamb and Bailey Counties. Four Injured But None Killed In June Wrecks

The Texas Highway Patrol investigated three accidents on rural highways in Castro County during June, according to Sergeant W. E. Wells, Highway Patrol supervisor of this area.
THESE CRASHES resulted in four persons injured and an estimated property damage of \$2,475, but no one was killed.
The rural traffic accident summary for Castro County during the first six months of 1968 shows a total of 31 accidents resulting in 13 persons injured, no fatalities, and an estimated property damage of \$20,130.
"During the first six months of 1968 in Texas, there were 1,472 traffic deaths, or four less than for the same period of 1967," the sergeant said. However, if past trends continue, the last six months will probably raise the 1968 total to one percent over the 1967 total of 3,367 deaths.

Mrs. Jack Howell attended a bridal shower for Cynthia McMinn in fellowship hall of Summerfield Baptist Church Saturday. Miss McMinn is the bride-elect of Gene Struen, also of Summerfield.

The Vern Lusts were guests for lunch Sunday in the Houston Lust home. Also, Charles Summers was a guest.

'Farm Safety Week' Will Begin Across Nation Sunday

President Johnson and Gov. John Connally have proclaimed July 21-27 as Farm Safety Week in Texas and across the nation, and called attention to the need for rural residents to observe safety practices to reduce the tragic toll inflicted by accidents.

"FARM AND ranch accidents reap a grim harvest of lives each year in Texas," Gov. Connally said in his proclamation. "Thousands more suffer painful and disabling injuries, and property damage adds great loss to the agricultural economy of our state."

He urged all farm and ranch families "to become safety conscious and help reduce deaths and injuries by accidents."

Theme for the state and national observance is "Keep Your Guard Up—Stop Accidents." The Texas observance is being sponsored by the Texas Safety Association and the Texas Farm and Ranch Safety Council. Join-

ing the two safety organizations in a statewide farm accident prevention education program during this special observance are the Texas Farm Bureau, Texas Agricultural Extension Service, Future Farmers and Future Homemakers of America and Young Farmers of Texas. Many County judges throughout the state will participate by making local proclamations in observance of Farm Safety Week.

Coordinating activities is Joe L. Smetana, Waco, who directs the statewide activities of TSA in rural accident prevention as Vice President for Farm and Ranch Safety. He is also President of the Texas Farm and Ranch Safety Council and Safety Director for the Texas Farm Bureau.

Mr. Smetana noted that in

spite of a declining farm population, Texas farm fatalities increased 23 percent in the past year. There were 280 fatalities in 1967 compared to 218 in 1966. Injuries are estimated at 31,100 for 1967, an increase of 7,000 over 1966.

Accidents involving farm tractors and other machinery took the highest toll of lives last year with 51 fatalities. This was

an increase of 50 percent, or 17 over the previous year. Second leading cause of death was farm accidents with 48 fatalities. Drownings took 41 lives; fires, 41; falls, 33; animals, 13; poisonings, 12; and other miscellaneous accidents, 36.

In addition to these non-transport farm accidents, Texas farmers were involved in five percent, or about 9,500, of the

traffic accidents on rural highways.

The national farm-resident accident toll, including motor-vehicle accidents, was 8,100 fatalities and 730,000 disabling injuries. The estimated economic loss from farm accidents in the nation is nearly \$2 billion.

"This is a tragic waste of hu-

man and economic resources," Mr. Smetana said. "We must apply full energy to the urgent task of reducing rural accidents where and when possible at work, in home, at recreation and on public roads."

MODERN AGRICULTURE

County Wheat Allotment Down 13 Percent for '69

Castro County has received a 1969 wheat allotment of 81,413 acres—13 percent less than the 1968 allotment, according to Charley Hill, office manager of the Castro County Agricultural Stabilization and Conservation Committee.

HILL SAID 1969 wheat allotment notices will be mailed to county producers.

Farms participating in the 1969 wheat program must divert acreage equaling 15 percent of the 1969 farm wheat allotment, over and above the allotment, Hill explained.

No diversion payment is available for the minimum diversion. Diverting only the minimum requirement will not reduce the permitted wheat acreage below the effective 1969 farm allotment.

ADDITIONAL acreage below the effective allotment may be diverted for payment. The maximum additional acreage which may be diverted is the larger of 50 percent of the 1969 farm allotment or in the case of 21.7 acres or less, the total allotment for payment. The payment rate per acre for additional diversion will be 50 percent of the 1969 County Loan Rate for wheat multiplied by the projected wheat yield for the farm.

By planting 43 percent of your

allotment and meeting other program requirements, you can qualify for the maximum of certificates.

YOU CAN substitute wheat for feed grains on a farm if you sign up and participate in both programs. When the barley base is requested for purposes of wheat substitution, 15 percent of the approved base must be diverted, designated and devoted to approved conservation uses. Therefore, only 85 percent of the requested and approved base for barley will be available as permitted acreage on which wheat may be substituted or the approved base crop produced. No diversion payment is authorized for the acres diverted from barley.

ASCS Notes

Committee Approval Required Before Burning Wheat Stubble

By CHARLEY HILL, Office Manager

The State ASCS Committee has amended its policy on the burning of crop residue as follows:

"The state committee has determined that deliberate burning of any crop residue, other than flax, will be considered a practice tending to defeat the purpose of the Agricultural Conservation Program; except in cases where the county committee determines that the burning of stubble from an irrigated small grain crop is necessary to permit the planting of a following crop on areas that were not burned the previous year."

A request must be made and approved by the county committee before the stubble is burned.

Producer Certification Certification of your cotton, feed grain and diverted acreage may be made anytime until Aug. 15; however, we would like to urge you to make it now and avoid the last-minute rush.

The sooner you file your final acreage report, the earlier you will receive your final payments.

1968 Agricultural Conservation Conservation Program We will have our next Agricultural Conservation Program sign-up on July 29, for cost-share practices in Castro County under the 1968 Agricultural Conservation Program. A farm limit of \$500 is still applicable. Applications accepted at this time will be for conservation practices to be carried out during July, August and September, 1968.

1969 Wheat Program The national wheat allotment was reduced about 13 percent for 1969; therefore, we may expect about the same reduction for Castro County.

Diversion payments will be of-

Walleyes Spawn At Lake Meredith

Texas Parks and Wildlife Department biologists report evidence that the walleye stocked in 1965 in Lake Meredith, 30 miles north of Amarillo, have spawned, according to Department biologist Jack Crabtree.

THE WALLEYE, or yellow pike perch, is the largest member of the perch family, and may grow 36 inches long and weigh 25 pounds. It is indigenous to the Great Lakes area, with the greatest numbers caught in Lake Erie.

Grain Sorghum CHAFF

By WES ANTHONY Everyone get some butter and syrup, and let's get busy and eat up this bread we produced in Castro County this year.

WE HAD an estimated 72,5000 acres of wheat that we think averaged 35 bushels per acre. One bushel of wheat will make 45.6 pounds of flour, or 58 1/2 one-pound loaves of bread. That's 2,047 1/2 loaves of bread per acre.

If this bread sold for 27 cents per loaf, it would mean \$552.82 per acre. Of this amount, the farmer received \$43.75.

The wheat we produced in Castro County this year would make a grand total of 150,407,500 one-pound loaves of bread, or three-fourths of a loaf for each person in the US—or about enough bread for a two-day supply for the country.

Harvest the Rewards in Profit, Production and Protection . . .

The success of today's highly mechanized farm depends to an ever-increasing degree on the safety practiced by today's modern farmer. When safety is your constant companion, you run a more efficient and productive farm.

As a modern farmer, you put heavy dependence on the proper operation of costly, often specialized equipment. Be sure it is safe to use . . . keep all machinery in tip-top shape.

Accidents are fewer when your farm area and buildings are neat, clean and in good repair. And even your youngest farmers-to-be should practice safety. The best way for them to learn is by following your good example.

Safety is a full time job. Practice it all year around, and you'll never stop harvesting the benefits.
