UNITED PRESS SERVICE BRINGS LATE NEWS OF THE WORLD TO TIMES READERS

RANGER, TEXAS, THURSDAY EVENING, JANUARY 22, 1942

PRICE 3c DAILY (5c ON SUNDAY)

NO. 164

**RANGER**—  
With a large trade territory,  
covering part of four counties,  
is Eastland County's  
greatest trading center.

**THE RANGER TIMES**—  
Covers the entire Ranger  
trade territory serving as an  
adequate advertising medium  
for Ranger's Merchants.

VOLUME XXIII

## EASTLAND HAS NAMED DEFENSE COMMITTEES; PASSED AN ORDINANCE

At a meeting of the Eastland City Commission, held January 21, 1942, an Ordinance was passed in connection with Municipal Defense Activities. At the same meeting, the following citizens were appointed on the city's defense program:

W. J. Peters, Chief of Police.  
A. W. Hennessee, Fire Chief.  
E. E. Layton, Post Master.  
A. J. Treadwell, American Legion.

W. Q. Verner, Lions Club.  
Curtis Hertig, Rotary Club.  
Mrs. Jim Horton, Ladies Activities.  
Mrs. J. H. Safley, Ladies Auxiliary.  
Montie Rowe, Junior Chamber of Commerce.  
C. J. Rhodes, Senior Chamber of Commerce.  
Dr. L. C. Brown, Physician.  
W. B. Pickens, Texas Electric Service Company.  
C. T. Lucas, City Commissioner.  
Clyde Wellman, Sub-Chairman, City Commissioner.

C. W. Hoffmann, Mayor.

In accordance with the Ordinance passed, a sub-chairman was appointed who will be present in the City at most all times and who will act as chairman of the Defense Committee in carrying on its activities in accordance with instructions from our National and State Headquarters. The sub-chairman can be rotated among the members of the Defense Council.

Clyde Wellman, member of the City Commission, was appointed as sub-chairman. He will call the Council together in the near future and coordinate all defense work.

It is also contemplated and provided by the ordinance that sub-committees be appointed in order that every phase of the defense work will be properly taken care of.

In appointing the defense council, it was attempted to appoint one member of the various groups in the city, so that this work can

## James Ratliff Is Senior Favorite At John Tarleton

STEPHENVILLE, Jan. 22.—A Ranger boy and a Stephenville girl have been selected as senior favorites at John Tarleton college. The announcement was made at a Victory Ball at the college.

Frances Taylor of Stephenville and James Ratliff of Ranger are the two who were given this honor. Miss Taylor is sponsor of the first battalion and a member of the Sine Cera social club. Ratliff is president of the Silver Key social club and is a lieutenant in the Company D.

The runners-up to Miss Taylor were Marion Glenn of Bluff Dale, Marcie Shivers of Dallas and Betts Matthews of Electra.

Runners-up to Ratliff were Donald Winn of Stephenville, L. N. Bridges of Knox City and "Chick" Schmidt of Kingsville.

At the same time Annabelle Edwards of Big Spring and Billy Rice of Kaufman were elected freshman favorites.

## Conditions Are Better Says 91st Dist. Grand Jury

"General working conditions caused by the national emergency are seemingly better now than they have been in recent months," said the 91st district court grand jury in its final report to Judge Geo. L. Davenport submitted Tuesday.

The jury's report said that the body had been in session five days during which time 56 witnesses had been questioned and seven true bills, five felonies and two misdemeanors had been returned.

Citizens of the county are reminded by the grand jury in its report that the government is badly in need of many materials vitally necessary for manufacturing purposes in the "all out Defense" program for America and Democracy, such as scrap iron, steel, zinc and lead.

The grand jury's report was signed by A. D. Anderson as foreman.

## OIL INDUSTRY IS MOBILIZING FOR WAR NEED

DALLAS, Texas — The Texas oil industry was mobilizing today for any war-time emergency.

A statewide organization to meet defense needs and effect coordination with civilian defense authorities was being set up under leadership of the Texas Mid-Continent Oil and Gas Association. Co-operating in it are oil operators and companies, field supervisors and farm bosses, and petroleum engineers and technical experts. The work is being done with the approval of civilian defense officials.

First oil area to be organized is the Texas Gulf Coast, with East Texas next and others to follow soon, George Sawtelle, association president, said. Local field committees in the producing areas will work closely with civilian defense authorities to co-ordinate oil industry defense measures with all other defense activities.

"The function of the Texas Mid-Continent in this program is to assist the operators in meeting the requirements of defense precautions," Mr. Sawtelle explained. "Through our Statewide organization and plan, we hope to take the work off the backs of the oil producers and effect co-ordinated action in all the fields of the state.

"Technical committees of the industry are developing the safest methods for effective black-outs, and studying ways to eliminate hazards and extra expense without interfering with production operations. The association will assemble this information from technical groups, oil operators and civilian defense authorities and keep the field committees advised."

The organization now being set up will extend from the operators down to the individual leases, to make complete and efficient working facilities available to civilian defense officials. The facilities in each area can be put into operation by the chairman of the field committee upon authorization by the proper defense authorities.

"The program has been planned to cause the least possible interruption of necessary industry activity," Mr. Sawtelle said. "Unity of action is highly essential, and as far as our industry is concerned, can be accomplished only through this character of organized effort. We know that every operator will co-operate to the fullest in meeting the demands of civilian defense."

## Marriage Licenses Issued By Co. Clerk

The following marriage licenses were issued from the office of County Clerk R. V. Galloway:

Curtis Short and Dola Bell Haynes, Gorman; Alfred Williams (col.) and Claytlay Hynson, Ranger; Herbert Henry Culp and Miss Rosalie Simpson, Cisco; Andres Lopez Martinez and Miss Bartola Martinez, Ranger; E. L. Woods, Odessa, and Miss Lela Mae Lewis, Odessa.

## Signs by Night

New luminous "this way" signs will direct San Franciscans to downtown air-raid shelters.

## Scraping for Safety in 'the Rock'

Deep in the great rock of Gibraltar, former miners and quarry workers use a water pressure drill in excavating a cavern one-half mile long. Known as "tunnelers," these Royal Engineers dig, blast and scrape caves to be used as air-raid shelters, hospitals and storage rooms and for other military uses in Britain's mighty Mediterranean stronghold.

## Reserve Corps Of Pilots Is Sought Within Colleges

A "Reserve Pilot Training Corps," with a unit at Ranger Junior College, will be organized nationally to prepare young men for enlistment in the Army and Navy Air Corps, if a proposal made by the fifth region in the National Association of Colleges and Universities in CIT (civilian pilot training) is accepted by the government. The fifth region embraces Colorado, Iowa, Kansas, Missouri, Nebraska, South Dakota and Wyoming.

Ray W. Elliott, Wichita, Kan., coordinator directing the flight training program at Wichita university, co-chairman of the national association, said that 533 colleges and universities in the United States now sponsoring flight training classes would be eligible to the pilot corps. The desire of the schools to offer their services in this national defense activity was formally stated at a meeting December 13 in Kansas City. The cleared purpose, filed with the Civil Aeronautics Administration in Washington, recommended:

First, that all colleges and universities having flight training centers, acceptable to the army and navy for primary instruction of future pilots.

Second, that this training establish a Reserve Pilot Training Corps whose members shall, on completion of this course, be available for assignment to one of the armed air forces, as required.

Third, that trainees be recruited through the efforts of the interested colleges and universities, through the assignment of selectees about to be inducted, who desire to serve in the air forces and who meet the educational and physical requirements, and through assignment of otherwise qualified enlistees who need training before they can be assigned to duty with the air forces.

## Chili Supper And Election Planned By Country Club

A. N. Larson, president of the Ranger Country Club, today urged all members and associate members of the club, from Eastland and Ranger, to meet at the clubhouse this evening at 7:30.

A chili supper will be served to all present and officers for the coming year will be elected.

The election of officers was originally scheduled for last Thursday night, but because of the small attendance the meeting was postponed. All members were urged to be present tonight in order that the election might be held.

## Jury Commission Named By Judge

A commission appointed by Judge Geo. L. Davenport of the 91st district court to select petit jurors for the second and third weeks of the February term is composed of Ed T. Cox, Eastland; H. A. Bible, Cisco and A. P. Smith, Ranger. The commission is due to meet February 23.

## National Peanut Week Jan. 22 to 31

The week of January 22-31 has been designated as "National Peanut Week" throughout the nation, and yesterday Governor Stevenson issued a proclamation setting this week aside as "State Peanut Week" in Texas. Peanuts are fast becoming one of the major cash crops of Texas, and during this week every effort is being put forth to encourage their consumption.

The peanut is fast being recognized as a popular food for man and beast, containing practically all the food essentials such as protein, fat, carbohydrates and Vitamin B-1.

This week is being sponsored in Texas by the peanut farmers, the shellers and millers and the Southwestern Peanut Growers Association, Gorman, Texas, a farmers' cooperative serving some 8,000 farmers throughout Texas and the Southwest.

The Governor's proclamation follows:

Whereas, the peanut crop is one of the largest crops grown by the farmers of Texas, the value of the 1941 crop being estimated at \$7,500,000.00, and the industry affords employment to a large number of people in Texas; and

Whereas, it is important to the industry to create new uses and markets for the edible consumption of peanuts; and whereas, Texas peanuts are recognized to be of superior quality and do not compete with other Texas crops; now, therefore, I, Coke Stevenson, Governor of the State of Texas, do hereby proclaim the week of January 22-31 as Peanut Week in Texas and recommend to the citizens of Texas that they make every possible use of Texas-grown peanuts during the period as also throughout the year."

## Committee Getting Business Complaint Over Profit Plans

WASHINGTON, Jan. 22 — Chairman David I. Wash, Democrat, Massachusetts, of the Senate Naval Affairs Committee, said today that his group was being "bombarded" by big business interests, airplane manufacturers and the Office of Production Management, every time it considered limiting profits on naval construction contracts.

## Family Rail Service Totals 370 Years

WESTMORELAND, N. H. (UP) — The Cook family apparently has set some kind of record for railroad employment.

Since 1850 when Charles H. Cook became station agent here there has been at least one member of the family in the employ of the Boston & Maine railroad.

The family has a cumulative record of 370 years service. In all, 13 members of the family including two women, have worked for the railroad and there still are six members of the clan working as conductors or trainmen.

## Home Financing By Associations Shows Big Jump

LITTLE ROCK, Ark.—Home financing done by the 121 insured savings and loan associations in Texas during 1941 exceeded all previous records the Federal Home Loan Bank of Little Rock reported today. Loans totaling \$30,143,932 were made to 15,334 Texas home owners in the year just closed, which was \$5,057,617 more than was loaned in the previous 12 months.

The figures prepared by the Bank include the lending activities of the First Federal Savings and Loan Association in Ranger, by which the local area is served.

Loans for the construction of new homes during the year totaled \$11,330,518, while 4,508 Texans borrowed \$9,253,574 which was applied by them towards the purchase of existing dwellings. In the same period loans made for the reconditioning and remodeling of dwellings totaled \$1,792,472.

The year-end statements revealed the Texas associations to be in a strong financial position, according to officials of the Bank. New savings and investments totaling \$22,568,320 were received during the year by the insured associations, which established a new high record.

The gains recorded were attributed by bank officials to the good business conditions prevailing throughout the state and to the protection afforded savers through the Federal insurance of funds up to \$5,000 for each account. Because of difficulties experienced in obtaining some building materials, there will doubtless be a slowing down of home construction, officials predicted, but they said the associations are well prepared to care for any demand for, in addition to their own resources, they have available to them the facilities of the Federal Home Loan Bank System, to meet any need.

## Navajos Band For Civilian Defense

WINDOW ROCK, Ariz. (UP)—The 50,000 Navajo Indians on their vast Northern Arizona reservation have begun organization of a Civilian Defense program, it was announced here by E. R. Fryer, superintendent.

Defense committees for 15 communities will be formed. In addition, there will be a district defense committee organized for each of the 20 land management areas.

A central defense council headed by Superintendent Fryer will coordinate and direct activities of the community and district groups with the state defense councils of Arizona, Utah and New Mexico.

Mobilization of man power and mechanical facilities to meet the war emergency already is under way. Heavy equipment and repair facilities have been made available for repair of damage to essential public or private property caused by attack or sabotage.

## Black Mongrel Pup Has "Pearl Harbor" Day All Her Own

DALLAS, Tex. (UP) — This is the tale of a little brown and black mongrel who had her own "Pearl Harbor."

On the afternoon of Dec. 7, while radios and newspapers were proclaiming Japan's treacherous attack on the United States' naval base at Pearl Harbor, a new car cruised down Hall Street in Dallas.

When it approached Robert E. Lee park, the auto slowed down in front of an apartment house owned by Mrs. C. Dan Jenkins. She was sitting before the front window of her lower apartment.

Suddenly, she saw the car's door open. A man threw out a small puppy. It hit the brick wall terrace fronting her property and lay there as if dead.

Mrs. Jenkins ran outside and picked up the puppy, a black and brown mixture of terrier and bull dog. It was cut. Blood was running in rivulets down the sidewalk.

Gathering in the dog, Mrs. Jenkins raced inside to the telephone and called a veterinarian who came and said the puppy couldn't possibly live.

For weeks, the puppy was nothing but bones and bruises. Mrs. Jenkins fed her cod-liver oil and other liquid foods through a straw.

Now she is getting as "fat as a butter ball," she says.

The splendid treatment the dog received from Mrs. Jenkins was matched by her own pet terrier—"Rocky"—a strain of dogs owned by the Jenkins' family for 41 years.

Everytime the little puppy retires to the outside, "Rocky" supervises, watches so the dog doesn't cross the street in front of cars, and brings her back to the house even though he doesn't wish to come in himself.

Both dogs have specially fitted coats for the winter. The puppy's wrapper is red, white and blue.

Mrs. Jenkins named the dog "Pearl Harbor"—"Pearl" for short—but most of the time she calls her "Little Sister" because of her relationship with "Rocky."

## Law Transgressor Finds The Way Hard

Clyde Rodgers (col.) of Eastland, when informed by his 16-year-old wife that she expected a baby soon, decided that he didn't care for the experience and "took off" for the wide open spaces; as he described them, in West Texas. He got no farther than Abilene where he stopped to work a few days, when the long arm of the "law" reached out and gathered him in.

Sheriff Loss Woods and Constable H. M. (Hugh) Carleton went to Abilene Wednesday and returned Rodgers to Eastland, placing him in the county jail, where he is face to face with evidence that "the way of the transgressor is hard."

## Every Texan Can Have A Part In Paralysis Fund

DALLAS. — Members of Congress, politicians, business men, clergy and newspaper editors, make up the list of Texans represented on the National Committee of the Foundation to Fight Infantile Paralysis, according to George Waverly Briggs, Dallas, state vice chairman for the Celebration of the President's birthday.

Heading the list of memberships are Congressman Ed Gossett of Gainesville and George Mahon of Colorado City. Then comes E. B. Germany, Dallas, chairman of the State Democratic Executive Committee; Dr. Homer P. Rainey, president of the University of Texas; H. C. Weiss, Houston; P. R. Hamill, Bay City, president of the Texas Bankers Association; Dr. K. H. Answorth, Waco; William J. Lawson, Secretary of State, Austin; Most Rev. Robt. E. Lucey, San Antonio; Rt. Rev. E. Cecil Seaman, Amarillo; Chas. K. Devall, News-Herald, Kilgore and Louis C. Elbert, News, Galveston.

More than 200 Texas counties have been organized for the celebration, January 30, Mr. Briggs announces. The celebration this year honors the President's Diamond Jubilee Birthday. He will be 60.

**THE WEATHER**  
WEST TEXAS continued cool tonight, frost in East Central Portion except along coast.

## JAPS HURL 14TH ARMY AT MACARTHUR LINES IN PHILIPPINE BATTLE

## JAPS ATTACK ISLAND NORTH OF AUSTRALIA

MELBOURNE, Australia, Jan. 20. — Communications with the British base at Rabaul, on the New Britain Island, ceased tonight following reports that enemy airplanes and warships were operating near the strategic islands north of Australia.

Japanese bombers again blasted at Rabaul in waves of 40 planes, dispatches from New Britain today, and a fleet of 11 vessels, including warships, were seen off Watom Island, near Rabaul.

In Rangoon, India, British land and air forces inflicted heavy casualties upon the Japanese and up to Thailand troops, attempting to drive westward from the frontier to Moulmein, but the British are stopping the enemy "wherever they met him" the Imperial Headquarters communique said today.

Three Japanese aircraft carriers were sighted in the waters off New Guinea, a London radio reported today, in a broadcast picked up by listening posts in Los Angeles.

Radio Singapore, in a broadcast picked up in San Francisco, reported today that an American Flying Fortress bomber had bombed and sunk a 10,000-ton Japanese freighter off the Dutch East Indies.

## Young Pilots Are Appreciated By The Chinese Government

By United Press  
TEXARKANA, Tex.—Smiling Neil Martin met death battling the Japanese in the Burma skies above Rangoon.

The message of the Chinese Republic's foreign minister to his father, F. G. Martin, typifies the nation's appreciation of the efforts of American pilots fighting in its behalf, taking the air against superior numbers of Japanese planes in an effort to keep the Burma Road lifeline open.

Martin was a member of the American Volunteer Group, an organization of daring fliers from this country who, not willing to wait for American participation in the war, sought action months ago in the service of China.

T. V. Soong, China's minister of foreign affairs, wrote: "Your son was one of a group of brave and foresighted young men who sensed the danger not only to China, but to America and to freedom throughout the world. . . . This group went forward to meet the enemy, prepared to sacrifice themselves, if need be, in order that the Democracies might gain precious time, that freedom might live, that countless other lives might be saved."

The record already made by the American Volunteer Group in aerial combat against the Japanese is one of which every American may be proud. . . . Like Lafayette in America, these gallant young men will ever be gratefully enshrined in the memory of the Chinese people."

## Unified Labor Movement Head?

George Meany is rumored a possible leader of any re-organized labor movement growing out of A. F. of L. and C. I. O. peace overtures. Meany is secretary-treasurer of the A. F. of L.

WASHINGTON, Jan. 22 — A Japanese attack—backed by the full power of the 14th Japanese Army — battered Gen. Douglas MacArthur's lines today but a high government spokesman made known the optimistic news that large American troop redistributions have paved the way for United States reinforcements to the Southwest Pacific battle lines.

The spokesman said some 600,000 troops were involved in the continental redistribution which powerfully strengthened the West Coast of the United States, Hawaii and the Alaskan Defense.

Simultaneously steps were taken to bulwark the Southwest Front, where the United Nations are meeting the full fury of Japanese attack. The spokesman did not reveal details of the Southwest Pacific moves.

However, he revealed that "considerable numbers" of bombers had been sent to the Philippines before the outbreak of the war and are doing "good work."

On the whole broad front of the Pacific, the spokesman said, American positions have been so powerfully reinforced that they now stand for stronger than before Japan's treacherous and damaging assault upon Pearl Harbor.

Reports from the far Pacific fighting front made it clear that every ounce of American aid now was needed there. An official communique revealed that the 14th Japanese army, aided by additional troop units and a stream of heavy reinforcements, had hurled a terrific attack at Gen. MacArthur's lines.

In describing the "inside picture" of how the United States Army went into action immediately after the initial Japanese attack, he said that first reports, fortunately exaggerated, had made it appear that Hawaii had been terribly crippled, with the result that the entire West Coast would have been left stripped of protection of that outlying defense bastion.

## Influenza Again Threat To Nation's Health As In 1918

Influenza, the same scourge that ravaged the United States and Europe in World War I, is threatening to sweep the country again, health authorities warn. Up to this time the epidemic has been spotty, but it has been quite general in localities it has visited. Texas, especially, has taken real punishment. What medical men fear is that the infection has had time to consolidate its strength and that it may have increased in virulence in consequence. If this has happened, the likelihood of an epidemic like that of 1918 and 1919 is not to be discounted.

Physicians, pharmacists, and other health workers are determined not to be caught napping this time. Drug stores throughout the country have stocked up on such things as disinfectant, sterile gauze, clinical thermometers, atomizers, rubber gloves, hot water bottles and ice bags — in short, everything needed in the sick room to take care of cases of influenza and other infectious diseases common in the early months of the year.

A campaign is being carried into the homes, and housewives are being urged to take an inventory of the medicine cabinet to make sure that nothing needed is an emergency is missing.

It is recognized that manpower, both for the Army and the production lines, is of critical importance at this time; and that no measure to protect the health of the people should be neglected. The reports of disease epidemics in Germany and the belief that these may be related to Nazi setbacks on the Russian and Libyan fronts, have put United States health agencies on the alert.

## Funds Are Asked For Civil Defense

WASHINGTON, Jan. 22 — President Roosevelt today asked congress for an emergency appropriation of \$100,000,000 for the protection of American civilians against air raids and other war hazards.

## Strange Things Come Crawling

When you turn over a rock that has been long in place, strange things come crawling out.

The world is in process of being overturned today, and some remarkable creatures have already begun to crawl toward the light.

Look who's rooting for freedom today! Clip out this strange collection, and paste it in your hat, or preferably in your service cap:

Carol of Rumania, whose robes have been off and on more frequently than a Gypsy Rose Lee costume. At present the king of the Mexico City night clubs, Carol was rumored about to come to the United States to try to whip up a "Free Rumania" movement before the U. S. state department frowned on the visit. If there has been a time Carol's checkered history when anybody could tell whose side he was on except Carol's, we don't remember. We don't mean to be critical, but in the plans and ambitions of Carol, the American people just aren't interested.

The Two Ottos—Otto Strasser and Otto of Hapsburg. Strasser is essaying to head a "Free German" movement, one of the founders of the Nazi party, he was hand in glove with Hitler until they disagreed on matters of policy. Strasser seems to have believed Hitler was serious in the socialism part of "National Socialism," and he didn't see the way Hitler financed the movement. They split. No doubt Strasser would love to "get" Hitler, but he can't escape the fact that he helped tear down the German republic, and that there is no reason why, just because he hates Hitler, he should be taken up as a great democratic leader. Otto of Hapsburg, a pleasant and apparently innocuous young man, would like to rule Hungary again, but that is this business of "free" movements under the scions utterly discredited and moth-eaten monarchies?

As well bring forward Zog of Albania or Riza Pahlevi of Iran as great free spirits and pillars of democracy. The Swedes, the Norwegians, the Danes, were free under kings, and there are kings and queens who have worked and fought for freedom. But none of these Graustarkian royalties has demonstrated a devotion to or any accomplishments toward freedom such as to suggest that they would be serviceable in establishing it after the present war.

Nothing could hurt the cause of freedom more today than to identify it with a lot of comic-strip leaders, repudiated alike at home and abroad. Let us rally to the cause of freedom those who have proved their devotion to freedom in the past, or those who will prove it today in action, not merely use the war as a stepladder to a formerly abused power.

## Ready to Join the Others?

## Chaplains Needed In The U. S. Navy

**FEEDING ADVISOR** by TRUETT BRIGGORY

NEW ORLEANS, La. — Now that the United States is at war and the Navy is rapidly expanding, several more chaplains are needed at once in the U. S. Naval Reserve. It was announced today at headquarters of the Eighth Naval District.

Although the duties of Navy chaplains are primarily religious, there are additional duties to be performed in connection with the Navy's program for the advancement of mental, moral and physical welfare of the officer and enlisted personnel.

Vacancies exist in the district for Protestant ministers of Methodist, Baptist, Disciples of Christ, Presbyterian and United Brethren denominations, and for Roman Catholic priests.

Chaplains in the Naval Reserve are commissioned lieutenants (Junior grade), if in the age bracket from 36 to 44, the maximum age.

Chaplains are eligible for promotion as are other officers and draw the same pay for like rank and length of service. Lieutenants (junior grade) receive \$2,000 a year as base pay plus allowance for subsistence and quarters if they have dependents.

A candidate for a chaplain must be a citizen of the United States, be a fully ordained clergyman in the church he represents and be in the active ministry. He must be nominated and endorsed by the official authorities of his denomination and have completed four years of college work for the Bachelor of Arts degree, or an equivalent academic degree in an accredited institution. In addition the applicant must have completed three years in a Theological Seminary for the Bachelor of Divinity degree, or Doctor of Sacred Theology degree.

Candidates must pass a rigid physical examination and must be physical fit.

Methodist, Baptist, Disciples of Christ and United Brethren pastors should send their applications to the General Committee on Army and Navy Chaplains, Woodward Building, Washington, D. C. Lutherans Synod of Missouri should apply in writing to the Army and Navy Commission, 82 West Washington Blvd., Chicago, Ill. Roman Catholic priests should write to the Most Reverend J. W. O'Hara, C. S. C., D. D., Military Ordinate, 33 East 51st Street, New York, N. Y.

Buy a good chick, not a good price.

What is a good chick? A: Good breeding. B: Disease control. D: Good feeding.

How many chicks should be started? The right answer is to consider how many chicks may be brooded safely in the brooder house that is available. There must be at the start one square foot of space for each two chicks. Guard against overcrowding.

When the chicks reach the age of three or four weeks they require one square foot of floor space each, therefore you must look ahead to see whether additional housing will be available at that time.

Before the chicks arrive see that there is plenty of ventilation and fresh air, but no drafts, scrub the floor thoroughly and disinfect. Put clean litter on the floor about one inch deep. Scrub feed hoppers and disinfect and provide at least two water fountains for each 100 chicks.

In order to prevent spread of disease put tablets in their drinking water. Place fountains between and around the feed hoppers so that the chicks will always have plenty of fresh water close to their feed.

Build a roost before the chicks arrive. Build the roost with hinges so they can be let down when the chicks are about three weeks old to prevent overcrowding, overheating and danger of Macrodidiosis, and to teach the chicks to roost early.

How to feed: Fill the hoppers daily or as often as necessary. Don't fill hoppers too full or the chicks will waste more than they eat. Keep chicks on the starter until they have consumed two pounds each, no more. After that change to growing ration.

Remember these fundamentals — Chicks will thrive if they have fresh air, not too hot (more chicks are killed by overheating than by chilling); fresh water, with fountains cleaned daily and placed in convenient places; plenty of feeding space, and fresh starter feed every day. (Next week: Growing Pullets)

Some couples have but one quarrel—starting the day they are married.

**A cheery dish for cold days—tropical sweet potatoes the KARO way**

Here's the way to add savor, flavor, and new interest to those old favorites—sweet potatoes! Better make two servings for everybody—they're that good!

**TROPICAL SWEET POTATOES**  
3 medium sized sweet potatoes, boiled  
1/2 cup KARO (blue label)  
2/3 cup crushed pineapple (canned) with juice  
2 tablespoons melted butter

Peel and cut potatoes in 1/2-inch slices. Place in shallow oiled baking dish. Combine remaining ingredients and pour over potatoes. Bake in moderate oven (375 degrees F.) 30 minutes. Makes 6 servings.

Sweet potatoes prepared "the KARO way" are as good for you as they are delicious. For KARO syrup is rich in Dextrose, food-energy sugar.

**CHEVROLET**  
invites the millions of patriotic, forward-looking Chevrolet owners—and, in fact, all motorists—to join with Chevrolet dealers in a great national "CAR CONSERVATION PLAN"

**CONSERVE TIRES—ENGINE—TRANSMISSION—EVERY VITAL PART**

Chevrolet's new "Car Conservation Plan" is designed to help you keep your car serving faithfully for the duration, and invites your cooperation on the following points: (1) Observe the simple, fundamental, thrifty rules of car care, such as keeping tires properly inflated, checking battery, water, oil, etc. (2) Get a simple service "check-up" at your Chevrolet dealer's now, and avoid major troubles later. (3) See your Chevrolet dealer regularly.

**CHEVROLET DEALERS SPECIALIZE IN THESE "CONSERVATION SERVICES" for All Makes of Cars and Trucks**

1. TIRE SERVICE (to conserve rubber)
2. RADIATOR (to safeguard cooling system)
3. LUBRICATION (to conserve motor, chassis, etc.)
4. BRAKES (to preserve lining, etc.)
5. MOTOR TUNE-UP (to conserve engine and fuel)
6. CARBURETOR AND FUEL PUMP (to save fuel)
7. STEERING AND WHEEL ALIGNMENT (makes tires last longer—conserve rubber)
8. BODY AND FENDER REPAIR
9. CLUTCH, TRANSMISSION, BEAR AXLE
10. HEADLIGHT AND ELECTRICAL CHECK-UP
11. SHOCK ABSORBER SERVICE
12. PAINTING, REFINISHING, WASHING, etc.

To conserve rubber—to make your tires last longer—have your steering and wheel alignment checked with this special equipment at your Chevrolet dealer's.

### W. S. Adamson Is A Candidate For County Judge

This issue of the paper carries the announcement of W. S. Adamson for the office of County Judge of Eastland County.

Perhaps no man has woven himself into the hearts of the people of this entire county more than Judge Adamson in his excellent judgment and jurisdiction in the official capacities of his office.

Judge Adamson has proven himself worthy and without question to administer the affairs of his office both from the standpoint of

presiding over the Commissioners Court as well as presiding over the court on the bench. His duties are varied and many and he has demonstrated his efficiency in economy and impartial jurisdiction in every phase of the taxpayers interest.

It is truly an achievement made when one can see the great improvements made in lateral roads and highways as well as the financial condition of the county.

Below we present his personal remarks to the voters of the county:

TO THE CITIZENS OF EASTLAND COUNTY:

In making my announcement as a candidate for reelection to the Office of County Judge of Eastland County I want to thank each and everyone for the support they have given me in the past.

In these trying times when our country is calling upon every loyal citizen to do his part to help win the war it is the duty of every patriotic citizen to try and find the place he is best qualified to fill that he may serve his country in this emergency.

As a patriotic citizen I want to do my part and I know of no place that I am better qualified to fill and be of service to my country and the citizens of my county than in the Office of County Judge.

As your County Judge I have always looked after the interest and welfare of the citizens and taxpayers of the county; I have kept the expenses of the county within the county's income and have reduced the taxes at every opportunity; in presiding over the County Court I have tried to be fair, just and impartial in the trial of all cases.

The county's finances are in excellent condition, we have the best system of rural roads of any county in West Texas and we are continuing the building of rural roads.

Most County Officials have deputies who can look after the business while they are away, but the County Judge cannot delegate his authority to someone else and when he is out of the office his office must be closed, Eastland County has never had a County Judge who stayed closer to his office and looked after the county's business more diligently than your present County Judge.

Believing that I have made you a good County Judge I am asking that you reelect me to this important office, and it is my purpose to see each and every voter before the Primaries but if I do

### W. S. Adamson

Seeks Re-election as County Judge of Eastland County.

not see you I want you to take this as a personal solicitation for your vote and support.

Very sincerely,  
W. S. Adamson.

### Few Doctors Make Contagious Disease Reports To State

AUSTIN.—Doctors are notorious diseases of their patients, but the state health department this week noted "perfection" in reporting through 1941 by a number of counties and cities.

Pointed out as distinguished in this service were the following: Public Health Directors—H. C. Wilson of Tyler, in cooperation with Drs. Albert Woldert and D. T. Bundy, city and county health officers; Dr. George A. Gray of Abilene in cooperation with Dr. W. H. Williams, city health officer; Dr. E. S. Bourdon of Uvalde working with Drs. R. A. Eads and S. C. Woods; Dr. L. P. Walter working with Drs. J. M. White and Frank J. Beyt of Port Arthur, Dr. W. A. Newton and Dr. C. H. Wood, Beaumont; Dr. W. A. King, San Antonio; Dr. H. M. Williams, Fort Worth and Dr. Austin E. Hill, Houston.

City Health Officers—Drs. J. D. Leonard, Brante; H. A. Keyser, Catarina; Walter Kleberg, Galveston; C. M. Hall, Hico; W. W. Manning, Idalou; J. W. Hollo, Lubbock, and Dr. Robert A. Haskarl, Brenham.

County Health Officers—Drs. L. W. Kirkland, Bee county; J. E. Wright, Brewster county; C. H. Otken, Brooks county; P. C. Nichols, Dickens county; J. G. Ham-

bright, Fisher county; D. L. Cummins, Haskell county; L. C. Hanson, Hutchinson county, and R. H. Smith, Palo Pinto county.

Altogether, reporting was much better in 1941 than in any previous year, Dr. George W. Cox, state health officer, said.

### Governors Pledge Support To Drive Upon Paralysis

NEW YORK.—Governors of the 48 United States today pledged their full support to the 1942 "Fight Infantile Paralysis" campaign and urged millions of Americans to express their solidarity and faith in the wartime leadership of President Roosevelt by celebrating the President's Diamond Jubilee birthday on January 30.

In messages to Keith Morgan, National Chairman of the Committee for the Celebration of the President's Birthday for the National Foundation for Infantile Paralysis, the governors sounded a keynote of national unity in the face of national emergency.

"All divisions of opinion have vanished in the light of our one and only objective, Victory.

"In these momentous days we all want to support the President in the terrific effort which lies ahead.

"Let us give him something besides our dimes and dollars. Let us give him our hearts. Let us show him through our contributions, which are our participation in his Diamond Jubilee Birthday Celebration that we stand solidly in our warfare against the disease of viciousness abroad and the disease of Infantile Paralysis at home."

SERIAL STORY

TAMBAY GOLD

BY SAMUEL HOPKINS ADAMS

COPYRIGHT 1941, NEA SERVICE, INC.

THE STORY: Mom Hammer sets up "Freedom" lunch wagon at run-down Tam Bay plantation...

She slipped past him to the corner and grabbed her 12-gauge. "You're not going to prevent me," she said.

blew over. But Doc oiled up the gangster's rod.

JUDDY mooned around like half her joy in Tambay was gone. Sometimes I'd catch her staring down the road toward Tambay Tree, and she'd shudder take hold of her.

SHE was trying to raise the gun. For a minute I was sick and dizzy. You can't tell what hysteria will drive a woman to do.

"I'd put that gun down, if I were you." Juddy went over and sat on the stairs and buried her face in her arms.

"You might as well be going," I told Doc. "I'll wait outside," he said. The crowd melted away. I got Juddy to bed. She wouldn't speak to me.

"I want a doctor, Doc," I said. "This thing has got her." "There's old Starrow at Brandon," he said. "We can stop a car."

The old boy was there in half an hour. He went at Juddy like a man hunched forward from the rear seat. It was Maurice Sears. He was drunk. Had to get that way, I reckon, to nerve himself up to that business.

My door opened. Juddy came in. "They've got him." She was quicker than I. I was still fixing my sweater when she came back.

"Somebody's on the veranda," she said. "She put her head out the window and called. Doc's voice answered her."

"It's Loren Oliver. Let me in." I ran down, with Juddy close after me. The two Gullah girls were huddled under the stairs, crying. Doc came in and barred the door after him.

"What are you going to do?" Juddy asked him, quick and fierce. "I tried to telephone the troops," he said. "The wires are down."

She tried to push past him. "Let me out," she said. "I'm going to the tree." "Don't be a fool, Juddy," I said. "I doubt if she even heard me."

"Are you going to let me pass?" she said to Doc. "No," he said. "It's no place for a woman." She stamped on the floor like a

be more efficiently carried on, and providing for any emergency that could happen to the city. The City Commission, in appointing this Committee, took in the Police Department, Fire Department, Electric Company, Post Office, American Legion, Ladies Auxiliary, American Legion Ladies Auxiliary, Both Branches of the Chamber of Commerce, Physicians and members of the City Commission, but the City Commission feels that while the above mentioned committee will have the responsibility of coordinating the defense work each and every citizen of the city should consider himself a member of this defense council, doing everything possible to provide for the safety of the city and surrounding territory.

In the near future, various defense activities, such as blackouts and emergencies of various kinds will be prepared for. The City Commission feels that it is the duty of every citizen to attempt to avoid disaster during our emergency, rather than to

correct it after it has taken place. The ordinance follows: AN ORDINANCE CREATING A MUNICIPAL DEFENSE COUNCIL, PRESCRIBING ITS DUTIES AND DECLARING AN EMERGENCY.

WHEREAS, the President of the United States, by Executive Order signed on May 20, 1941, created the Office of Civilian Defense in the Office for Emergency Management; and

WHEREAS, the Office of Civilian Defense has requested the cooperation and assistance of all municipalities in carrying out the Civilian Defense program; and

WHEREAS, it is desirable to coordinate all municipal defense activities in one municipal agency; Now therefore

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF EASTLAND, TEXAS: SECTION 1. There is hereby created the Municipal Defense Council of the City of Eastland to be composed of the Mayor as Chairman and Coordinator and such other persons, not exceeding fifteen in number, as the Mayor may appoint from time to time. The Mayor shall designate one of the members so appointed as Vice

Chairman who shall be the assistant Coordinator for the City. Each member of the Municipal Defense Council shall serve at the pleasure of the Mayor.

SECTION 2. The Municipal Defense Council shall have full and plenary powers to employ such persons as may be necessary to carry out the functions of the Council. These persons shall be subject, however, to all regulations provided by law, ordinance or resolution.

SECTION 3. The Municipal Defense Council shall be charged with the duty of coordinating all defense activities of this City and it shall:

- (1) Coordinate the activities of municipal and private agencies cooperating in the defense program; (2) Keep in contact with the Office of Civilian Defense and the Governor's Office to the end that all of their requests and suggestions shall receive prompt and efficient response; (3) Conduct studies regarding defense problems of the City to the end that the municipal government will at all times be abreast of the problems of defense, and information desired by

OUT OUR WAY

BY WILLIAMS

THE AIR RAID

Federal and State agencies will be readily available;

(4) Survey existing facilities, proffers, or facilities, services and ideas originating within the city and make appropriate disposition of them;

(5) Act as a clearing house on municipal defense information for all governmental and private agencies cooperating in the defense program;

(6) Direct information regarding the defense program to all municipal departments or agencies which are or may be affected thereby;

(7) Make recommendations, from time to time, for improvements in the handling of defense problems affecting the City;

(8) Perform such other advisory functions as may be requested by agencies or departments of the Federal and State Governments in connection with the National Defense Program;

(9) Do whatever is necessary and proper to carry out the intent and purpose of this ordinance, tending to protect life and property.

SECTION 4. The Municipal Defense Council may expedite procedure by organizing itself into subcommittees and may subdivide its work and prescribe such rules and regulations as are not in conflict with the provisions of this ordinance. It shall reserve the authority of preliminary hearings for dismissal of voluntary workers to the heads of the departments.

The Municipal Defense Council may appoint additional committees to meet any emergency that may arise but shall report same promptly to the City Council, which shall have the authority, at its discretion, to order the discontinuance of such committee. Any person appointed to any position created under this ordinance may be removed by the appointing authority for any reason deemed by it to be sufficient.

SECTION 5. This ordinance is hereby declared to be an emergency measure and shall take effect immediately upon its passage and approval.

Passed and approved this 15th day of January, A. D. 1942. C. W. Hoffmann, Mayor.

M. H. Kelly, City Secretary.

Morton Valley Has H. D. Club Meeting

The Morton Valley Home Demonstration Club met on Tuesday, Jan. 20, in the home of Mr. J. B. Harbin. The president, Mrs. Cecile Eubanks, presided. The meeting opened with the song "God Bless America," and the club prayer repeated in unison. Roll call was answered with "A Color I Like and Why." The recreation period followed. Mrs. Thad Henderson gave the Council report. Mrs. R. W. Gordon stated there was no sewing ready to do for the Red Cross at present. The club is ready to help as soon as it arrives. "The Business Center of the Home" was discussed by Mrs. Thad Henderson. She stated that every home should have a desk in a conveniently located place for keeping writing materials, receipts, files and bulletins, names and addresses, and many semi-valuable papers. If the home is small a hanging wall desk might be used. Mrs. Josie K. Nix displayed recipe and bulletin files. A paste-board box was used for filing bulletins. One recipe file was in book form and another was a tin box with cards for writing recipes on. The next meeting will be Feb. 3 in the home of Mrs. D. D. Franklin. Members present were: Mmes. T. L. Wheat, R. W. Gordon, H. C. Thompson, J. E. Craig, D. D. Franklin, Cecile Eubanks, W. E. Tankersley, H. Pounds, Clint

Eat The Right Foods And Keep Well And Strong

"Eating the right food helps make people strong," says E. Robertson, quoting the Texas Food Standard. The Flatwood Home Demonstration Club met on Jan. 15 in the home of Mrs. O. G. Reese. Mrs. J. S. Turner gave a report on making of frame gardens. Miss Gladys Martin, Home Demonstration Agent, discussed the Texas Food Standard and its importance. The next meeting will be all day meeting in the home of Mrs. T. E. Robertson for the purpose of serving for the Red Cross members will have lunch in a lunch room at the Flatwood school. Refreshments were served the following: Miss Gladys Martin and Mmes. J. S. Turner, H. Jordan, Pete Hallmark, F. Bennett, D. E. Webb, C. L. Garrett, T. E. Robertson, Cyrus J. C. J. Caudle, Lon Palmer, C. A. Webb and the hostess, M. O. J. Reese. Mrs. Cyrus Justice, Reports. A professor says Nazis lack sense of humor. But that unique predicting the fall of Moscow in three days still is a choice for the best gag of 1942. Jones, W. F. Crouch, Josie K. Nix, J. B. Harbin, Thad Henderson and one visitor, Mrs. T. C. Harbin of Ranger.

Axis Gets Cold Shoulder From South America With Franco's Fascists Also on Suspicious List

WASHINGTON.—The specific issues which will bother the 21 American foreign ministers meeting at Rio de Janeiro in January are the curbing of alien activities, increased production of strategic materials like rubber and tin, priorities supply of materials needed, and perhaps most important of all, maintenance of adequate shopping facilities. For the moment, the alien problem in Latin America is generally considered under control, but it can get a lot worse. While nine of the republics have declared war on the axis, they are the Caribbean countries, the little island and central American republics whose fate is all bound up with the United States. None of the countries on the South American continent proper had gone that far in the first month of the war. They have been cooperating beautifully. The blacklist has effectively tied the hands of the axis commercial firms and the agencies through which German "Third Tipton" propaganda and industrial espionage have been conducted. Thwarted in this manner, these anti-United States forces are turning to new tricks, trying to work through every channel they can.

ONE organization that has come increasingly under the attention of the United States in this regard is the Spanish Falange, the organization of the Franco Fascists in Latin America. Not too much is known about its workings. There have been sporadic drives for "Spanish America for the Spaniards," but they never gained much ground. Spain itself is technically a neutral in this war, and in the South American Spanish-speaking countries there can be no legal grounds for action against the Spanish Fascist doctrinaires, so long as they do not resort to promotion of sedition, treason and the overthrow of the existing republics' governments. But if this Spanish Fascist organization should become the vehicle behind which Nazi propagandists work, that would be something else again. The Argentine Congress' censure of the German ambassador, reputedly the No. 1 Nazi propagandist in South America before his recall, is one of the more hopeful signs of the southern hemisphere's sentiments. Venezuela's closing of all German consulates is another.

NEWEST element in the South American alien problem is presented by the Japanese. Penetration of the Japs in South America has been minimized and pooh-poohed, but that was the attitude in Hawaii, the Philippines and on the west coast of the United States, too, and what has happened there has been nothing to minimize. Brazil has the largest Japanese population, just as it has the largest German population, but these elements are so scattered they present no real problem. It is in Peru that the greatest Japanese menace is to be found, and under peculiar circumstances. The 25,000 to 30,000 Japs in Peru are not concentrated in strategic areas. They are not miners in the interior, nor are they fishermen along the coast. Instead they are a storekeeping and gardening class, with perhaps the largest concentrations near the metropolitan centers of Lima and Callao.

THE PAY-OFF

BY HARRY GRAYSON NEA Service Sports Editor

UNCLE SAM reached out for railroad cars and road-blocking vans, and there is no place for the great bulk of them to light if owners could obtain transportation. So there's scarcely any way for an honest thoroughbred to earn his keep in California these days, short of hiring out to the movies or going to work at one of the riding academies. And the latter would be a fate worse than the glue factory. Santa Anita, fabulous for seven winters, is a ghostly place now, with morose caretakers wandering aimlessly in the setting of bright new paint, closed stands, blank tote boards and on cropped lawns. In the barns, the faces of owners, trainers, grooms and exercise boys are as long as those of their charges. The stranded horses themselves have grown spooky with the seemingly nervous realization that something's wrong. Now and then cars trick up at the sound of a bugle, but drop again. It's never a call to the post—just some to fling from a camp of army anti-aircrafters.

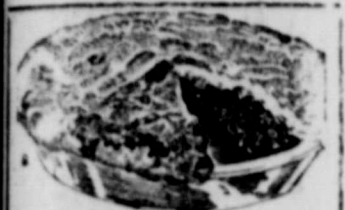

HORSEMEN, who have their livelihood at stake, have taken the closing of rich Santa Anita better than any other group. In Hollywood and Los Angeles, Paul Harrison, NEA's Hollywood correspondent, informs me, the blessing of less vitally interested people can be heard in the next county. Guys with angles, rackets and schemes of all kinds are as outraged as a pickpocket with boxing gloves on his hands. "Even people with a slice of the vast spread of legitimate revenue from the track and concessions are not as gallant in this setback as you might expect good citizens to be in the face of a military emergency," says Harrison. "Their bitterness, though, is just another manifestation of the fact that not everyone in southern California realizes the nation is at war."

FROM the number of times Santa Anita's tax payments and charitable donations have been cited, you'd think the state of California had been operating all year on the \$1,531,235.84 it collected from the track last winter, and that widows and orphans have been wholly dependent on their take of some \$261,000. It is true that some business men voluntarily went to bat, along with state and civic authorities, in an attempt to save the meeting. But there were more merchants and professional associations pleased by the cancellation. These reflected that during the 1940-41 meeting their customers, clients and patients poured something like \$50,000,000 through the mutual wickets. And I'm tired of reading that racing affords required relaxation and is a wonderful nerve medicine. Can you picture a doctor prescribing mutual tickets torn up after photo finishes for a nervous disorder? I still recommend work for itinerant trackmen. It's so refreshing. And it will keep boss players in a good state of health.

### T. C. Williams Is A Candidate For Superintendent

This issue of the paper announces the candidacy of T. C. Williams for re-election to the office of County School Superintendent.

The trustees and teachers of the county are to be congratulated for their efforts in giving the schools of the county, an up-to-date, progressive school program.

### MRS. HIGDON'S CAFE

Home made Pumpkin pie with coffee? Can you think of any dish more delightfully American? The perfect climax to a satisfying dinner.

When the Japanese finally get used to their ABCD's (American, British, Chinese and Dutch), they will find themselves at the foot of the class.

### T. C. Williams

is a candidate for re-election to the office of County School Superintendent.

### Ranger Cafe Men Form Organization

A meeting of restaurant operators and Managers met at the Blue Room of the Ghelson Hotel recently to discuss plans for organizing a restaurant association for Ranger.

Officers will be elected at the next meeting Feb. 4th at the Ghelson Hotel Blue Room and regular monthly meetings will be held on the first Tuesday of each month.

### Chickens - Turkeys

STAR SULPHUROUS COMPOUND given in drinking water or feed, destroys in the germ period—intestinal germs and worms that cause most all disease and loss in egg production.

### Defense Guard To Meet Friday Night

Regular meeting of Co. B. T. D. G. will be held at the armory Friday at 7:30 p. m. All members are urged to be present.

Forty five members were present at our regular drill last Monday and all members are urged to bring a visitor or a prospective member with them at any of the drills.

Uniforms will be furnished to all T. D. G. Companies who are averaging 50 men in attendance for drills.

### Annual Summary Work of Crippled Children Division

B. E. McGlamery, Supervisor, Eastland District. The Crippled Children's Division as a division of the State Department of Education under the direction of Austin J. J. Brown directs the work from the Austin office. District offices are maintained in conveniently located places throughout the state in order that the services of the Division may be readily available.

### Why Go to Africa?

Trailing a mountain lion through snowstorms and frozen passes to a spot 12,000 feet high in northern New Mexico, Mrs. Osa Johnson makes her first kill in United States with one shot. Lion had destroyed several calves on \$100,000 Cimarron ranch of Waite Phillips of Tulsa.

orthopedic care, 39 cases of hare-lip and cleft palate, 42 cases of club feet, 27 cases of spinal curvature, 17 cases of tuberculosis of the bone, 29 burns, 33 cases of spastic paralysis or cerebral palsy, 14 bow legs, 4 cases of extreme flat feet, 10 cases of arthritis, 10 of epiphyseitis, 7 bone tumors, 7 cases of Perthe's disease, 4 of wry neck, 20 congenital hip dislocations, 12 septic infections of joints, 4 of muscular dystrophy, 5 of spina bifida, and 26 cases of assorted congenital anomalies. Disease seems to be responsible for about 300 cripples while congenital deformities and accidents cause the others. Accidents were directly responsible for 85 cripples.

# Society Notes

## Meeting of Julia Alexander Grove Held

Members of the Julia Alexander Grove No. 1954 of the Woodmen Circle met at the home of Viola Cash, Blundell St., Wednesday for a covered dish luncheon and social.

## Over 10 Million Bottles Sold for Bronchial Coughs

Sufferers will find Buckley's brings quick relief from persistent, nasty, irritating coughs whether due to colds or bronchial irritations. But be sure you get Buckley's CANADIOL Mixture—by far the largest selling cough medicine in cold, wintry Canada. Over 10 million bottles sold. Ask for and get Buckley's at Ross Pharmacy and all good druggists.

quartet tables laid with linen cloths. A fishing pond provided entertainment during the afternoon.

Members are reminded to bring a gift to be sent to a recent bride, Mrs. Minnie Lee Shirley Hall. This is to be a linen shower.

A committee composed of Ruth Booth, Lena Patterson, and Thelma Bott met at the home of Eula Blackwell on Tuesday afternoon and prepared a year book which will be printed and distributed in the near future.

A new Ritual is being ordered and should be beneficial to this Grove as it will consist of 11 officers and 4 team members. The next meeting will be held at the I. O. O. F. Hall on Wednesday. Members are invited to be present.

Those present at the meeting Wednesday were Dist. Mgr. Freda Fowler and Elizabeth Vaughn of Mineral Wells, and Mmes. Ruth Booth, Edna Williamson, Florence Ramsey, Eula Blackwell, Ruby Greer, Louise Calder, Bessie Harris, Thelma Bott, Lena Patterson, Anna Mae Robinson, the hostess, Viola Cash and a visitor, Mrs. H. Schmittspahn.

## Mrs. Brazda Hostess to Child Welfare Club

Mrs. A. W. Brazda was hostess to members and guests of the Child Welfare Club when she entertained with a luncheon at her home Wednesday at 12:30 o'clock. The luncheon tables were beautifully appointed with silver and crystal and centered with attractive arrangements of fruits. Following the luncheon a business meeting of the club was held.

Members and guests attending were Mmes. W. L. Downtain, J. H. Holt, E. L. McMillan, Blanche Murray, O. L. Phillips, Stanley McAnelly, G. E. Morgan, P. M. Kuykendall, Dave Pickrell, John Thurman and John W. Ducker.

## Rebekah Lodge Meets

The Ranger Rebekah Lodge No. 244 met in regular session Tuesday with Vela Stidham, Noble Grand, presiding.

Regular business was transacted and sick reports made. Plans were made for a "42" Valentine party to be held Feb. 10.

The degree team is requested to be present Jan. 27 attired in evening dress.

The losing side in a recent contest served refreshments to 21 members.

Kay Kyser, famed radio star breaks out in a smile with Ginny Simms, in a scene from their latest picture, "Playmates," which will be seen at the Arcadia theatre Friday and Saturday. John Barrymore, Lupe Velaz, a host of others and the celebrated radio band of Kyser's are also in the picture.

## Loss Woods Seeks Sheriffs Position For This County

This issue of the paper carries the announcement of Loss Woods for Sheriff of Eastland County.

No one in the entire county as well as the State needs an introduction to our sheriff as he is and has been known as an outstanding peace officer, one who has been diligent, effective and considerate of all affairs of his office, as well as the protection of the people. He has rendered a service with honor and integrity. It is well known over the state that Eastland county has less crime and violations of the law than any county in the state. This naturally reflects upon the efficiency of his office as well as the good judgment of selecting the deputies that serve under his jurisdiction. He has been deeply appreciative of the people for their support and cooperation in the past.

To the voters and all my friends of Eastland County:

In making my announcement for Sheriff of Eastland County, I do so with the feeling that I have done everything that you expected of me in upholding the laws of this state. I have in every instance been fair and impartial in this service. I have and intend to keep a consecrated vigilance throughout the county in bringing to justice all those who offend the people of this state and county by their acts of violence or law violations. I have cooperated fully and without favor with the district attorney and district judges of the county. I have done everything possible to watch the expenditures of my official office in order that the taxpayers would not suffer losses due to unnecessary law enforcement expenses.

I feel that with my experience, and with the knowledge that I have at my command of state and national government of state and national affairs that war conditions have caused that I am more fully prepared to meet every emergency than any one else.

I kindly ask your consideration, your influence and your vote in the coming primaries to keeping me in the office that I pledge by continued unselfish and wholehearted interest to the duties that you trust me with.

Sincerely,  
Loss Woods.

## Three Enlist In The U. S. Marines

Three Ranger youths, who have enlisted in the United States Marines, have arrived at San Diego, Cal., for training, according to word received here today.

The three, who enlisted recently, are Chick Brown, Merritt Ballew and Levi Rose.

They themselves to produce a lot of food and it's going to take our best efforts to keep those pledges. Conserving our soil through terraces and other methods is one way of making good on our promises."

## AAA Starts Drive On Terracing For More Farm Land

COLLEGE STATION.—Do a bit more for defense by terracing your land this year.

During the next four weeks, AAA committeemen in every county in Texas where terracing is needed will hear that advice and will be asked to do what they can towards helping farm folks to adopt it.

For the AAA is launching an intensive campaign to have every county make use of its terracing program which will enable farmers to terrace their land now and pay later when they get their conservation payments. Six representatives of the state AAA office are each visiting two counties a day, explaining the conservation services program, and offering their help to the counties in getting the program started.

At one time it was planned to tackle the terracing program on an experimental basis in several selected counties, according to V. L. Cade, state AAA committeeman from Lubbock, but the need for greater production of food to meet war demands required that the service be offered immediately throughout the state.

"Terracing improves the soil and the productivity of the soil," Cade said. "Every additional bit of productivity means that much more food will be available to help win the war. We've pledged

## Loss Woods

Seeks re-election as Sheriff of Eastland County at coming election.

## Speech Teacher Is Elected To Position In Ranger Schools

A teacher to replace Miss Avis McKelvain, former instructor in speech at Ranger High School and Ranger Junior College, and who has resigned to accept a position in Abilene, has been elected, it was announced today by Dr. G. C. Boswell.

Miss Dana Sue Kerbow, a graduate of the Texas State College for Women, and recommended by the dean of that school, has been elected to the position.

Miss Kerbow majored in speech and minored in English when in college.

Oklahoma Has Surplus, Honest OKLAHOMA CITY (UP)—Oklahoma closed the year of 1941 with an \$8,000,000 surplus in the treasury, and according to best estimates will have about \$4,000,000 in the bank when the current bi-ennium closes July 1, 1943. A constitutional amendment adopted by the voters in March of 1941, outlaws public state debt.

## R. O. T. C. Unit At Ranger Urged By Eighth Corps Area

Dr. G. C. Boswell, superintendent of the Ranger Public Schools and president of Ranger Junior College, has received a letter from Col. Theodore Spencer, acting assistant adjutant general at the headquarters of the Eighth Corps Area, Fort Sam Houston, stating that Ranger High School and Ranger Junior College have been recommended as sites for an R. O. T. C. unit.

The brief letter from Col. Spencer reads: "Your application for the establishment of a Junior R. O. T. C. unit in the Ranger High School and the Ranger Junior College, Ranger, Texas, has this date gone forward to the War Department 'recommending approval.' The school was recently inspected by Army officers with the view toward establishing an R. O. T. C. unit sometime in the near future.
