Old Settlers Get Story Of W. C. Dimmitt's Life

The county's pioneers got an authentic historical glimpse of W. C. Dimmitt, the county seat's namesake, during the annual Old Settlers Reunion last Thursday at City Park.

THEY LEARNED from three of W. C. Dimmitt's descendants about the rich life of the man for whom the city was named.

On hand to tell the story were Dimmitt's grandson, D. C. Berry, a Lovington, N. M., rancher;

Berry's daughter, Hazel Berry of Lovington, great-granddaughter of Dimmitt and H. G. Bedford, who established the town; and Mrs. F. P. Mulkey of Oklahoma City, another great-granddaughter of Rev. Dimmitt.

Accompanying them were Berry's wife, Eva, and Mrs. Mulkey's husband.

MISS BERRY told the story to the Old Settlers:

"My great grandfather, H. G. Bedford, was an early-day rancher and later president of the Bedford Town and Land Co. He established the town in 1891 and named it Dimmitt in honor of W. C. Dimmitt, who was also my great grandfather. The two men were close friends.

"W. C. Dimmitt was a Christian Church pastor, with a church in Sherman. He never lived in Dimmitt, but he visited here.

"HE WAS a preacher in Kentucky and Texas 50 years, and died in 1902. "My great grandfather Bedford and my great

grandfather Dimmitt were in the Civil War, Bedford as a scout and Dimmitt as a ranger.

"After the war, Dimmitt was president of Princeton College in Princeton, Ky., then he became a preacher. During his life he performed more than 4,000 weddings and baptized 9,000 people. I believe Bedford was probably influential in getting W. C. Dimmitt to move from Kentucky to Texas.

"SHORTLY after the town was established, W. C. Dimmitt was being brought by Bedford in a hurry to see the town that had been named for him. Brother Dimmitt was a very stately, dignified type of man, and was wearing a tall silk top hat. They got caught in a bad sandstorm, and the hat blew off. They chased it all over the prairie, until it was torn to shreds. This chase was the subject of a poem written later by H. G. Bedford and published in the early 1890's."

The family also brought a picture of a memorial window that still stands in Dimmitt's former church, the Central Christian Church of Sherman. The window bears a full-color, life-size painting of Dimmitt, with a long, black, square-cut beard. The memorial inscription eulogizes him as one of the outstanding pioneer ministers of Texas.

Class of '58 Sets Reunion

Members of Dimmitt High School's Class of 1958 will gather for their 10th-year reunion Saturday evening.

The exes will meet at 7:30 p.m. in the DHS cafeteria.

Nazareth Takes Top Float Prize

The Nazareth Roping Club won first place in the Organization division of the Roundup Parade last Thursday afternoon.

THE GROUP featured a float exhibiting ways to keep America beautiful — beautifying its citizens with baths and haircuts.

In second place, the Young Farmers and Young Homemakers of Dimmitt presented the value of freedom, urging "Don't Fence Me In."

The recently-organized Dimmitt United Lions Club was awarded a third place trophy for an entry with the theme, "Freedom Forever: Faith for Always."

WISTER CLEVENGER of Hart drove the first place car in the Antique Cars division and J. C. Newton of Dimmitt followed in second place.

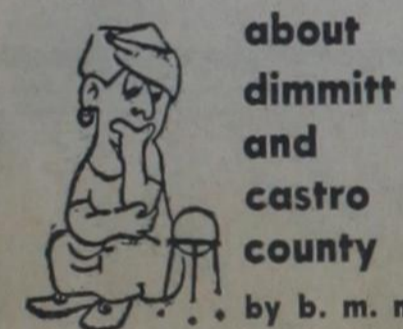

The Castro County 4-H Council

won first place and the Frio Jolly Workers 4-H Club second place in the Youth Organizations division.

The Hart Junior Riding Club took first place honors in the Junior Riding Clubs division, followed by the Plainview Comancheros. In the Senior Riding Clubs division, the Floydada Riding Club was first, followed by the Lamb County Sheriff's Posse.

THE YOUNGER set showed off bicycles adorned according to the youths' decorative imaginations. In the girls' division, Delena Dennis took first place; Connie Nelson, second; and Pamela Anderson, third.

In the boys division, Chris Isaac pedaled to first place; Ricky Lynn Walthall, second; and David Nelson, third.

I told you who would be nominated by the republicans, Richard Nixon, and on the first ballot. That's the way it was, just like I said. I couldn't predict who the republican vice-presidential nominee would be because I hadn't ever heard of the man. Two years from now I'll betcha that one out of fifty people couldn't tell you who Richard Nixon's running mate was in 1968.

I can save you a lot of TV viewing next week, beginning Monday. Turn the thing off and go to bed. Vice-President Hubert Humphrey will be selected as the Democratic nominee on the first ballot. There, I have told you, so why waste your time setting up waiting for the formal announcement. Humphrey will select as running mate a moderate, say, like a senator or congressman maybe from Oklahoma. The Vice-President will have enough first ballot votes that it won't be necessary for him to pay any attention to any of Governor Connally's propositions. It just may be possible that the governor will get to come home with all of the Texas delegation votes still in his vest pocket.

While I am predicting, I will predict that ex-governor Wallace of Alabama will be the nominee of the American Party. Whether his running mate would be allowed enough civil rights to make a speech is doubtful.

School starts next week. Now would be a good time to practice driving slow and watching out for the little ones. Their minds will be on their lessons, and many other things, and not on your driving. They are your responsibility as a driver. Be careful.

TOP FLOAT — It didn't have any pretty girls aboard, and it wasn't bedecked with flowers, but this float by the Nazareth Roping Club rolled away with the first-place ribbon in the Organizations division of last Thursday's Roundup Parade —

mainly because of its light-hearted originality. The float theme was "Hello Beautiful America," and the Nazareth boys demonstrated how they would do it — by giving baths and haircuts to the nation's Hippies.

Classes to Start Next Week

Castro County's three school districts are tuning up their school bells and getting ready for a new year of classes.

Dimmitt schools will begin classes next Thursday, then observe the Labor Day holiday the following Monday. At Hart and Nazareth, classes will begin Sept. 3.

DIMMITT

Testing for elementary students in the Continuous Progress Approach started at South Elementary last week, Principal Helen Richardson said, and will continue Friday.

Beginners or first-year students were screened last Friday, and those missing the tests are to report at 1:30 p.m. Monday in the South Grade School Library.

First-year students who attended summer school have already been tested, Mrs. Richardson said.

STUDENTS in the first three grades may enroll now in the South Grade School office. Enrolled students may pay dues and fees before classes begin next Thursday.

First and second graders will be dismissed at 2:30 p.m. and third and fourth graders at 3:15 p.m. during the regular school year.

North Elementary students will begin registration Aug. 26 and lunch, insurance and other bills should be paid at this time, Principal Emmett Broderson said today. He added that classes will begin at 8:40 each morning, but students will be listed as tardy after 8:25. Classes will end at 3:38 p.m. daily.

Dimmitt High School students should pick up class schedule cards anytime before classes begin Aug. 29, according to Principal Ike Moore.

JUNIOR HIGH school students will register according to alphabetical schedules. Seventh graders whose last names begin with A to M will pick up schedule cards from 9 a.m. to 12 noon Monday. Monday afternoon from 1:30 to 4 p.m. students with last names beginning N to Z will pick up their class cards.

Tuesday, eighth graders will follow a similar procedure with A to M scheduled between 9 and 11:30 a.m. and N to Z between 1:30 and 4 p.m.

Wednesday, any student who failed to pick up cards at the appointed time may do so all day.

FEES to be paid at registration include an activity fee, \$3; typing fee, \$3; insurance — school time, \$5, 24-hour coverage, \$12; and lunch tickets — lunchroom, \$2 a week or \$8 a month and snack bar — \$5 a ticket.

Junior High School Principal Bobby Crooks said that boys planning to play football must have physical examinations and school insurance fees paid before starting practice.

HART

The Hart School district will hold in-service training and registration Monday to Wednesday. Classes will begin Sept. 3.

A general faculty meeting will be held at 9 a.m. Monday. At 1 p.m., the junior and senior high school faculty will meet in the high school library and the elementary school faculty will meet in the music room.

Tuesday, the registration schedule lists seniors at 9 to 10:30 a.m.; juniors, 10:30 to 12; sophomores, 1 to 2:30 p.m. and freshmen, 2:30 to 4 p.m.

The first grade will register from 9 to 10 a.m.; second, 10 to 11 a.m.; third, 11 to 12; fourth, 1 to 2 p.m.; fifth, 2 to 3 p.m. and sixth, 3 to 4 p.m.

Wednesday, junior high school registration lists eighth grade at 9 to 10:30 a.m.; and seventh at 10:30 to 12. Registration means signing up for classes, issuing enrollment cards and assigning room numbers to prepare for classes Sept. 3, Weldon Bates, principal, said.

NAZARETH

In Nazareth, students in grades 7 to 12 will register Friday afternoon and all other grades will register during the first day of classes Sept. 3, Supt. John Slavik said.

2-Year-Old Killed In Crash

A 2-year-old Dimmitt girl was killed and her mother injured Tuesday night when their car swerved off a county road and hit a steep embankment two miles northeast of the city.

KILLED WAS Dawn Michele Shive, who was thrown against the windshield when the car

plunged into the steep roadside ditch. She was dead on arrival at Plains Memorial Hospital.

Her mother, Judy Green Shive, 21, received a broken heel and possible other injuries. She was listed in satisfactory condition at Plains Memorial Hospital Wednesday morning.

The accident victims are the

wife and daughter of Jerry Shive of 706 E. Etter St. The family moved to Dimmitt from Hart three months ago. Shive is employed at Dimmitt 66.

HIGHWAY Patrolman Billy Scott and Deputy Sheriff Rex Cowart said the accident occurred shortly before 10 p.m. at the intersection of two unpaved roads

near the B. L. Moore farm two miles east of Dimmitt and a mile north of US 80.

The front end of the car, a 1964 Chevelle Malibu, was badly damaged, officers said.

The girl's body has been taken to Parsons Funeral Home in Olton, where funeral arrangements are pending.

12 to Receive LVN Diplomas

Dr. Bill D. Murphy will be the main speaker when 12 members of the Plains Memorial Hospital Licensed Vocational Nursing School receive diplomas in graduation ceremonies Friday night.

THE ceremonies will be held in the Northside Church of Christ at 8 p.m.

Mrs. Mary Baldrige, RN, supervisor of nurses at Plains Memorial Hospital, announced the graduation candidates — Ora Mae Anthony, Rae Catoe, Georgia Derrick, Edna Goolsby, Rita Gunkley, Ruby Dowse, Doris Hargrove, Gladys McLain, Alta Rhobes, Mary Lou Salcedo, Inez Stewart and Ruth Terry.

This is the third graduating class since Mrs. Baldrige began the special instruction. Student nurses receive nominal pay for the work in Plains Memorial Hospital, which is part of the nursing training. The students study for one year before qualifying to take state board exams for LVN licenses.

School Board Still Looking

The Dimmitt School Board's search for a new superintendent continues this week.

"WE HAVE now completed interviews with seven men, all of whom are superintendents, and we are arranging for more interviews," Board President Ward Golden reported.

He said Supt. Paul Hilburn, who resigned last week, has agreed to stay on until Sept. 1.

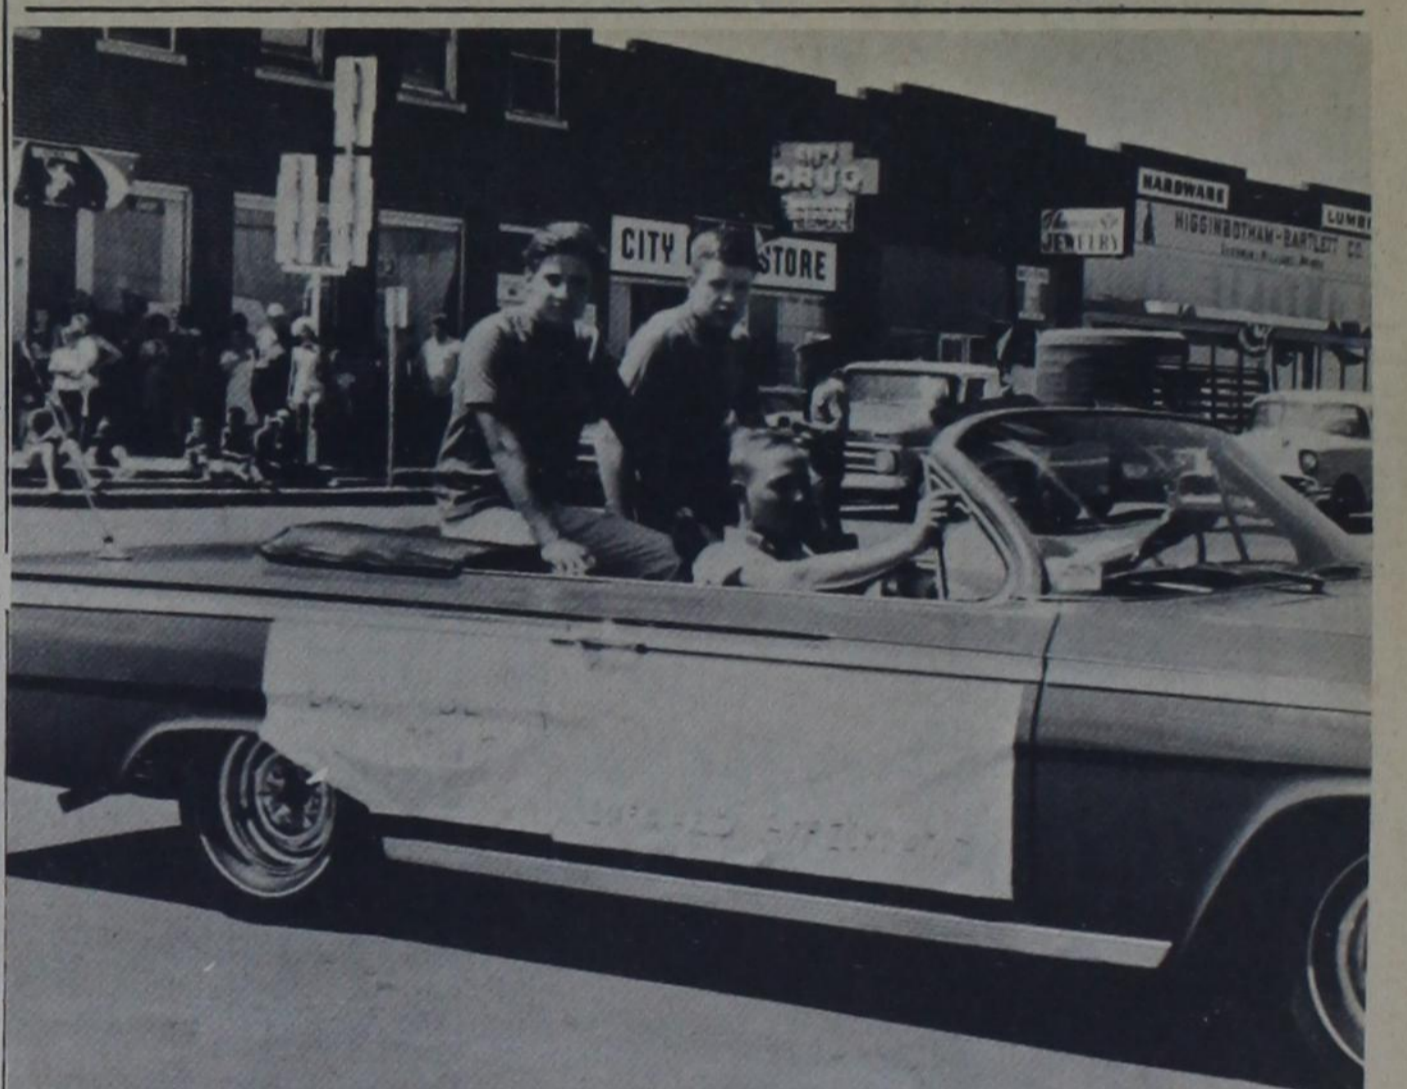

"We have no idea just when we will hire a new superintendent," Golden said. "If there isn't a superintendent elected by Sept. 1, an acting superintendent will be appointed from within our own system to serve until a superintendent is elected."

A university dean is serving as the board's consultant in locating applicants and scheduling interviews.

Correction

The Castro County News gave credit last week to Hazel Merritt for the story, "Hart Comes of Railroad Age." Miss Merritt pointed out that Mrs. C. O. Burt actually authored the article.

The byline should have read, "By Mrs. C. O. Burt."

WOLFGANG BUSCHARDT (ATOP CAR, LEFT) GREETES CITY ... With Durward Strickland during Thursday's Roundup Parade

New AFS Student Likes Rodeos, Corn-on-the-Cob

Since his arrival in Amarillo Tuesday night of last week, Wolfgang G. Buschardt of Berlin, Germany, has been busy getting acquainted with Texas and Texans.

THE 17-year-old Berlin boy is this year's American Field Service exchange student at Dimmitt High School.

HE WAS met at the airport in Amarillo by his American family, the D. H. Stricklands of Dimmitt.

Wolfgang, who is a champion swimmer, says he has been swimming in between shooting practice, student council meetings, Roundup parade, rodeo and shown off at the annual parade as he rode atop a convertible with his American brother, Durward Strickland.

"I had never been to a rodeo and I really liked this one," Wolfgang said after the first performance of the annual Dimmitt Rodeo last Thursday night.

HE DONNED cowboy boots and

a Western hat, a gift from Nick Gonzalez, manager of the C. R. Anthony Co. here, and said he is looking forward to horseback riding this week.

The Stricklands also treated Wolfgang to a night at the car races in Lubbock.

But it hasn't been all play — Wolfgang's mother in Berlin urged Mrs. Strickland not to spoil Wolfgang. So, he was up early Thursday morning at 5 and delivered milk with Durward, who has a milk route as a summer job. Wolfgang admitted he enjoyed that, too.

"BUT PEOPLE talk too fast, and then English becomes a foreign language to me," Wolfgang said. He speaks English fluently, as well as Latin, French and his native German.

"So far he seems to like most American foods and expresses a special liking for corn on the cob," Mrs. Strickland said. "He tells us he had never eaten any

before. But we couldn't get him to try pinto beans. We found he also enjoys fruit salad."

The Stricklands seem to be enjoying the new member of the family thoroughly. Three-year-old Linda latches onto Wolfgang's arm as often as she gets a chance, 18-year-old Beth engages Wolfgang in teasing bouts and 13-year-old Lonnie admits, "He is almost as crazy as I am."

MRS. STRICKLAND said Wolfgang has not mentioned homesickness. He left Germany Aug. 1 and traveled by train with 10 fellow Berliners who are in the US on the AFS program, arriving in Rotterdam, Holland. Then 850 AFS students, 118 of these German, boarded the SS Waterman and arrived in New York Aug. 12.

From Kennedy Airport, Wolfgang said he flew to Amarillo with six other students who will spend the year in Texas.

## 1,054 Antelope Tags Available

The Texas Parks and Wildlife Department this year will issue 1,054 buck antelope permits in seven Trans-Pecos counties — a slight increase over the 985 permits issued last year, according to Project Leader Tommy Hailey. HENRY BURKETT, department regional director at San Angelo, said aerial and ground censusing reflected a nine percent decrease in the total number of antelope on the range, but this was due to a decrease in this year's fawn crop. The adult populations showed an increase.

Biologists said an extremely hard late winter and early spring in the Trans-Pecos caused the drop to 48 percent fawn crop this year from 70 percent reported last year. There was a slight die-off in one area west of Marfa, but the population in other areas increased enough to maintain the adult count. Permits will be issued by county as follows: Reeves, 10; Pecos, 45; Culberson County, 28; Jeff Davis, 41; Hudspeth, 87; Brewster, 323; and Presidio, 520.

AROUND SHE GOES — Debbie Whitehead of Morton, the state's leading barrel racer, leans into the turn as she races to the fastest time of the night in the Dimmitt Rodeo last Thursday. She and her well-trained horse made the three-barrel cloverleaf and raced home in 16.1 seconds, a tie for the best time of the first night.

### SNAP! CRACKLE! POP!

## Grid Practice Begins

Fifty Dimmitt High School boys want to be Bobcats, according to Monday's turnout at the first football workout session of the season.

DIMMITT coaches said they expect six or eight more players when classes begin next Thursday.

Work sessions are now scheduled from 8 to 9:30 a.m. and 7 to 9 p.m. Coach Brown L. Smith said the schedule will change to one workout a day when classes begin.

New on the coaching staff is Bob Askey. In the junior high athletic program, Coach Don Parker has been hired.

THE BOBCATS have 14 returning lettermen, including six offensive starters and five defensive regulars from last year.

Dimmitt will host Muleshoe in

the opening game of the season Sept. 13.

WITH AN all-new coaching staff and 12 returning lettermen, Hart High School started workouts Monday with two daily sessions, one at 9 a.m. and one at 7 p.m.

Head Coach Don Seymour comes to Hart from Plainview High School, where he was backfield coach. Helping Coach Seymour are Coaches Robert Hayes, Doug Higgins and Jackie Burns.

Seymour said 26 players reported for the initial practice session and 14 more are expected.

AT NAZARETH High, Coaches Raymond Christian and Clayton Neal started their Swifts through the paces this week and hope to mold a winning team from a

young squad. Only five starters are back from last year, and the squad probably won't be up to full strength until classes begin Sept. 3.

## Hunting-Fishing Licenses Mailed

The Texas Parks and Wildlife Department shipped 1.9 million hunting and fishing licenses for the 1968-69 season Aug. 9, the earliest date in several years, according to C. L. Friou, assistant director of administrative service. THE LICENSES were mailed to more than 3,000 license deputies across the state and went on sale Aug. 11. However, the licenses will not become effective until Sept. 1.

Friou said the shipment was rushed so hunters planning to participate in the early deer hunts in Aransas National Wildlife Refuge could buy their license, fill out the free hunt application card and return it by the 5 p.m. deadline, Aug. 27, for the Sept. 3 drawing.

Basically, there is little change in the new licenses — the cost and general appearance are the same except for the color and dates.

## No Early Season On Teal This Fall

There will be no early special teal season this year for Texas hunters, according to the Texas Parks and Wildlife Department.

THE EARLY season, which had been held for the past three years, was an experiment to determine if the small ducks could be managed on a species basis since most teal migrate through Texas prior to the opening of the regular duck hunting season.

Department authorities said results of the three experimental hunts are still being tabulated by the US Fish and Wildlife Service to determine if early teal seasons should be held in the future.

During the three-year experimental seasons, 37,575 persons drew permits for the early hunts in Texas. Biologists estimate that as much as 95 percent of the entire blue-winged teal population, which averages four million breeding birds per year, are on the wintering grounds south of the continental limits of the United States by the opening date of the regular fall duck hunting season.

GRADUATED — Pvt. Jerry Frazier was graduated Aug. 9 from basic training at Fort Bliss. Attending graduation ceremonies were Mr. and Mrs. Alvin Frazier, Cara Nell and Mary Lou of Dimmitt and Lando Frazier of Fort Worth. Pvt. Frazier was transferred to Fort Knox, Ky.

## Steers, Swifts In New District

Hart's Longhorns and Nazareth's Swifts will play football in a new district this year. Both will be District 2-B composed of five schools — Hart, Nazareth, Lazbuddie, Turkey and Matador.

Until last year the two Castro County teams were in district 1-B with Texline, Happy, Vega and Lazbuddie.

The executive committee of the newly formed district has two Hart men serving, Superintendent Ted Averitt who is chairman and Hart High School Principal Weldon Bates who is secretary.

Game contracts between the new 2-B schools are for two years 1968-69 and 1969-70.

The executive committee also set the prices of admission this year as \$1.25 for adults and 50 cents for students.

Ribeirao Bonito  
Aug. 9, 1968

Dear Editor:  
I would like to say to you how much I enjoyed staying with you all in Dimmitt. I spent one of my best years there. 1967-68 was just marvelous in all respects, and I couldn't affirm this if I hadn't the firm conviction about it.

THAT great newspaper, The Castro County News, is indeed a great paper that knew how to make me feel happier. Your help was essential to my American stay, and served me as a means of communication with those wonderful people of Dimmitt.

I'd like to thank you for the many good things you have done for me and I'd like to add an extensive "Thank you" for every-

body in Dimmitt. To all of you — my dear friends, teachers, and my family — my heart in this moment is open to all of you, but unfortunately it is crying, too, for I am not in Dimmitt.

Despite my Brazilian town being my birthplace, I feel pretty deeply that I left something of me in a little town in the west of Texas, a little town named Dimmitt, that has indeed got my heart.

I AM very grateful to God, for He allowed me to come to meet you, and to learn how good you are, how lasting are your friendships, and how deep reach your relationships.

I have in mind a thought that is going to come true, one day or another. That is: return to Dimmitt and be able to embrace everyone of you, for you represent a great deal to me because, I can't say without crying, I learned how to love you all.

Don, please make this known to everyone for with them is my love, my respects and sincere good will.

Finally, I ask God to make me healthy enough to pursue my goals and better me enough to deserve living among you all.

(Thank you, Zito. There's a part of us in Brazil now, too. We firmly believe that as the years go by for you, the time you spent among us will become more and more a source of pride for us.)

**Ford Releases Anti-Crime Plan**

Frank Ford, Republican candidate for State Representative, has outlined a three-point program for reducing the rising crime rate in Texas.

"SALARIES for our Department of Public Safety and local law enforcement personnel must keep and attract high-caliber, dedicated men," said Ford. "And these men must have the best training."

"Volunteer work with youth must be stressed to help our young people develop into good citizens, and support for law enforcement evidenced in home and school."

"Finally, we must elect a President of the United States who is pledged to appoint an Attorney General and Supreme Court Justices who will show some concern for the rights of law abiding citizens."

"There are hundreds of murders and other serious crimes committed each year by compulsive criminals who were freed by some technicality due to Supreme Court decisions, and it is time to reverse this trend," Ford added.

FORD IS a candidate in the 72nd Legislative District.

ATTEST:  
Zonell Maples, Clerk of the District Court of Castro County, Texas 43-4tc

I met a new fellow in town. He is Emmett Paysinger. He and his wife Susan and baby have moved here from Brownfield. He is at present working for the city and they are Baptist. He was helping us set up things at the park for the Old Settlers dinner and get together. Eddie and Lucille Drerup were the chairman of the reunion. I saw those live-wire Lions Club members from Easter serving Cokes and such! These I met: Trent Downing, Charles Frye, Herman Paetzold, Melvin Barton and of course Tom Davis. All of the merchants in town donated things like bread, tea, plates, coffee and a microphone from KDHN, with Harley Daniel interviewing some of the people. Some of the people who are descendants of Mr. Bedford and Mr. Dimmitt were there. Our street is Bedford — our town is Dimmitt.

I met Mr. and Mrs. F. P. Mulkey of Oklahoma City. She the great granddaughter of W. C. Dimmitt. She was born in Benjamin, where the Bedford family came from. I believe before Benjamin it was Kentucky. And the Berrys from Lovington were there. Donald and Essie Alexander came in from Corona, Calif. — and Mable and Barber Eubanks from Afton were here for the Western Week and to see about his farms — Doris and Buck Word were here from that horse ranch in House, N.M. Rick Boyd, an early day cowboy was there too. His family lived south of town long ago.

I saw several of the Sheppards, George, and son George Jr., and Grandmother Mrs. Frank Sheppard. They are from Las Cruces and used to farm northeast of town.

to school. He will live with the Butch Stricklands on Bales Street. His name is Wolfgang Buschardt, and his home is West Berlin, Germany. Wolfgang is a swimming champion and his American brother, Durward Jr., thinks our pools are too small for him. I am looking forward to meeting Wolfgang.

EMMETT AND Sue Broderson and children Kyle, Kerry and Joylyn are home from San Antonio where they saw the HemisFair and they also saw Ace Reid, the cowboy cartoonist from Kerrville there at the Hotel Plaza. Ace was the speaker that day. He asked the Brodersons about several Dimmitt people and invites us to come by his home and studio southeast of Kerrville. He said to tell Dr. Dennis Backburn that the great portrait painter Lois Ramsey is working on the children's picture. Mrs. Ramsey is Joe Carver's sister and has a big studio there. You remember Ace Reid was the speaker at the Chamber of Commerce banquet here in the spring.

EARL GILLHAM of Big Spring who is my nephew, was in Dimmitt house-hunting. I went along. We stopped in to see the lovely house the Smith Contractors are building for the Bill Williams' family, and the Alexander house near Jasper Proffitt's new house out northwest. Mr. Alexander is a plumber and he and his wife Ann like to square dance. We looked at a house on Oak Street which the Burwells had moved from to Galveston. Russel was with Burkett and Ross law firm and is now with the District Attorney here. I will say Dimmitt has very few vacant houses. One new one for sale is the Ward Golden's. Most of the houses are already spoken for with the new teachers coming in and the corn mill folks.

Mr. and Mrs. Swain Burkett are in Arizona and California visiting and seeing things. Also their son Mike is there at one of the military bases and will leave soon for overseas duty.

Mr. and Mrs. Norman Johnson of Pecos were here for a visit with her brother Jack Patton and family and her aunt Mr. and Mrs. Horace Carlisle.

Allene Maynard is home from a fun trip and visit with her daughter Sharon and son-in-law, John Hamilton in Dallas. They saw several shows, one was "Rosemary's Baby." They saw the nice dress shops and dined at some good restaurants. Allene flew down and back. She stopped in Lubbock to see the Jim and J. S. Maynards.

Mrs. Woodrow Killingsworth has been visiting her folks in Larabace, Iowa. Her husband and son drove up to get her and are home. Also she visited a brother from Nashville, Tenn., while she was there.

Mrs. Howard Scoggins is in the High Plains Baptist Hospital in Amarillo.

Nancy and Carol Drerup have been visiting in Dallas with their sister Grace and family. A relative Mrs. Mel Diamond brought them home Saturday.

JACK FLYNT was in Mexico on business last week. Mary with all the other Dimmitt folks, went to the Country Club party at Hereford Friday evening. Lily Marie Howard played the organ.

Another group went to the Dimmitt Country Club for "42" Friday evening. Bess Jones of Amarillo was there with the Bradfords. It was decided to have the "42" parties each third Tuesday night starting in September, because we all want to see the football games.

Another group at the "club" pool was John Cook's party with his dad Cliff and Bill Snider doing the life guard duties and serving food to John Cook, Sherry Singer, Janie Sheffy, Cynthia Dyer, Susan Wise, Jana Hill, Linsae Snider, Johnny Webb, Robert Calhoun, Bryan Mayfield, Kirk Wales, Ricky Wright, Robert Horton, Tim Patton, Randy Horton, Lee Stokes, Kelly Birdwell and Danny Johnston.

Joe Sheffy of Hereford spent the weekend with us to see the rodeo and swim with his friends, Lonnie Strickland and the Wall boy. He met Wolfgang, the big swimmer and sure liked him.

JEAN BYRNES has moved to Austin. She will work there. Daughter Poppy goes too and will attend school at San Marcos.

Harold and Shirley Stephens are out in the Colorado mountains for a few days. Probably fishing for trout — reckon?

Mrs. Brian Webster and children from near San Francisco, Calif., are here to visit her mother Pearl Sheffy and sister Mrs. John Merritt and family. She is Ann.

Brad and Juanita Fulfer and daughter Wynema Adams and little son spent a few days at Lake Texoma, fishing, boating and just resting.

Mrs. Joe Birkenfeld gave a history of school's. She taught in the small white school here, then in the church at Nazareth—school was there and other small ranch schools. Her sister Meta Stork also taught school as did Mrs. Frank Easter and Mrs. Scott Crum. Mrs. Crum was Mattie Hawkins.

Mrs. Pearl Mapes was born in this county in 1896 — I think — Tom Tate one of the oldest men to have lived in the county — Mr. Ireland of Hereford has been here a long time — (Me too) Etta Brashears was the oldest lady there — so many folks were here, I think who.

I am just worn to a nubbin from all the goings on.

MR. AND MRS. E. O. Bright of Pecos came by recently to visit Mae Bright and her sisters Katy Freeman from Lubbock and Willie Dennis of Brady came up. They had been to Guymon, Mexico.

Mrs. Don Gregory went up to Los Animis, Colo. to attend the funeral services for her Grandfather Jones. One baby stayed with Dalia and the other with Grandmother Jo and Jack of course.

Jack and Jo have been to Houston on some of the elevator business — maybe a fertilizer convention.

Mrs. R. E. McDaniel is quite ill (at this time) in a Lubbock hospital. Mrs. G. L. Willis Sr., is recuperating in our hospital from a recent heart attack. Our thoughts and prayers are with you.

## School Time Already?

By IRENE KEATING  
Time sure goes by in a hurry. Many of you are still busy getting your children ready for school. Here are a few things to keep in mind when you shop. Remember to keep your budget in mind,

## A Thigh Isn't 'Just a Thigh'

Boning chicken thighs is a snap. There's just one large bone to cope with, Gwendolyn Clyatt, Extension consumer marketing specialist points out.

**TO BONE**, cut along thinner side inside of thigh to the bone, slashing thigh the length of the bone. Holding one end of the bone scrape the meat away until bone is free. Cut off round pieces of cartilage. Now you have a "cutlet" to cook flat or roll.

A supply of boned chicken thighs in the freezer is pure gold for family meals on a busy day or a spontaneous party when guests drop in, reminds the Texas A&M University specialist.

Wrap the chicken cutlets in heavy-duty aluminum freezer foil, making packets the size of family servings for convenience. Press the foil well to remove air and seal edges by more pressing. Label and store.

Mrs. Clyatt suggests using the deboned thighs in minirolls on rolls. They're great for brunch, lunch, quick dinners, snacks or informal buffets.

**SPRINKLE** boned chicken thighs with salt, roll, fasten with small skewer or stuffing pins. Sauté in butter in skillet for 20 to 25 minutes, turning occasionally. Serve on long rolls. Or sauté flattened cutlets in a skillet for 20 minutes, turning once, and serve on burger buns. Serve with mustard, relish or hot barbecue sauce, she suggests.

### Ralph Yarborough

## 18-Year-Olds Need a Vote

By Sen. Ralph Yarborough (D-Texas)

As the two great political conventions choose candidates for this national election year, it is appropriate to consider whether 18-year-old Americans should be allowed to vote. Or put another way — whether a young American old enough to fight and die for his country is old enough to participate in our electoral process.

President Johnson has made this a high priority item for Congress when we return after Labor Day.

**AS FAR BACK** as 1952, when I was running for governor of Texas, I favored lowering our voting age to 18. It wasn't a new idea then, and it's not a new idea today, but it makes a lot of sense. Georgia became the first state to lower the voting age in 1943. Since then, Kentucky, Alaska and Hawaii have allowed residents under 21 to vote, and both Nebraska and North Dakota will put the question to their voters this year.

The present Texas voting age of 21 is a carryover from the middle ages, when a man could not become a knight until he reached 21 years of age. Today the age of 18 has been set as the age of responsibility in most other respects.

**AT 18**, a young man can be drafted into the Army. In most areas, 18-year-olds can marry without their parents' consent, 18-year-olds can stand trial as adults in a criminal court, and 18-year-olds who work must pay taxes to our state and federal governments.

National polls show that a majority of Americans favor allowing 18-year-olds to vote, and speaking at TCU in Fort Worth recently, President Johnson said, "The time is already here for this nation to recognize and to grant the right to vote to 18-year-olds. We have everything to gain by extending to these young people the most precious right and responsibility of citizenship, the right to vote."

I'm co-sponsoring with Senate Majority Leader Mike Mansfield a constitutional amendment to guarantee Americans 18 to 21 years of age the right to vote and to participate as full citizens.

**WE HEAR** a great deal today about a few irresponsible young Americans — the hippies and the dropouts of our society. But little is heard of the responsible men and women in the 18-to-21 age bracket who work or go to school, or who raise children and contribute to their communities. We have men between 18 and 21 years of age presently serving this nation in the military service, but they can't vote.

The Houston Post, recently ran an excellent article endorsing the 18-year-old vote amendment. Former President Eisenhower has spoken in favor of it.

It is a question of faith — faith in our country and in our sons and daughters. I have faith in these young men and women who will lead our nation tomorrow, and I believe they should have a voice in shaping their destiny.

what care will the garment require and what other children are wearing. Color is very important — look for colors that are becoming to your child. Bright colors add interest and dark colors show soil less. Style is important — get a current style and one that will be comfortable for work and play. It is also wise to be sure they have wide enough hems to be let out — children often grow several inches during the school year.

**THE SAME** principles apply for selecting boys' clothing. Always check to be sure plaids, stripes, etc. are matched in the front and at the seams. Also be sure there are pleats or gathers over the shoulder blades to provide fullness. Read the labels — they give valuable care instructions. File them to have for future reference.

We got a new bulletin last week, "Texas Guide for Controlling Household Insects." This is a good reference. It tells what pesticides to use on various household insects. If any of you would like this information call and we'll mail you one or come by the office and pick one up.

Next week is our annual state staff conference. We will be in College Station all week. They have a very interesting program lined up. Thursday evening we have a banquet of all personnel where special awards are presented. It is always fun to see other agents from across the state. I'm looking forward to seeing Mrs. Jo Etta York of Longview. She is the agent I trained under for three months prior to coming to Dimmitt.

### On the Go

**MR. AND MRS. Ray Bearden**, accompanied by their daughter, Mrs. Leonard Fry and sons, Steve and David of Fort Neches, returned to Dimmitt Saturday from Salt Lake City, Utah, where they had visited relatives. Mr. Fry came from Fort Neches Saturday and accompanied his family home Sunday.

**HAVE YOU** heard — experimental fruit tablets have been developed by U.S.D.A. scientists. They are lightweight, pleasant tasting and inexpensive. Eight tablets equal one orange in nutritional value — or about half a grapefruit.

### Flynt to Take National Post

Jack Flynt of Dimmitt will be installed as the national committeeman from Texas at the close of the American Legion national convention in New Orleans, La., Sept. 9 to 12.

**FLYNT** was elected for a two-year term to serve with the national committee that conducts the business on a national level between conventions.

The office is traditionally held by past state commanders and Flynt served during 1966-67 as Texas State Commander of the American Legion. At the same time, his wife held the state president's office for the Women's Auxiliary of the American Legion. Mrs. Flynt is presently serving as national committeewoman.

Since 1952 when he joined the American Legion, Flynt has held every office on the local level and was elected to district commander, and then department commander of the fourth division.

**FLYNT** is agency manager of the Castro County Farm Bureau and is also engaged in farming.

**SIGNING IN** — Mrs. Sid Sheffy (seated, left) and Mrs. B. M. Nelson registered almost 200 at the annual Old Settlers Reunion Thursday in the ramada of City Park. The reunion was changed from its traditional meeting place on the courthouse lawn this year because of the park's better shade trees. At noon, the Old Settlers

enjoyed a basket lunch in the park, and later had their program and annual business meeting. They were paid a special favor during the afternoon when the Roundup Parade came past the park so they wouldn't have to break up their meeting to see it.

### Co-op Names New Manager

An Abernathy man will become the new manager of Dimmitt Wheat Growers, Inc., on Sept. 1.

**HE IS** Glen M. Hammond, 43, who has been manager of the Co-op Grain Co. in Abernathy since 1960.

He will succeed Aaron Isaacs, who recently was named president of the new Dimmitt Management Co., Inc., which will manage the cooperative's new corn milling plant and oversee all its other operations.

A native of Enid, Okla., Hammond has been in the cooperative elevator business since 1952. He and his wife, Shirley, have a 17-year-old son, Glen Jr., who will be a senior in Dimmitt High School this year.

**HAMMOND** is a member of the Lions Club and is a 32nd Degree Mason. The Hammonds are members of the Presbyterian Church.

A 1943 graduate of Enid High School, Hammond served almost three years as a bombardier and radar operator aboard B-29s during World War II, with the rank of flight officer. After the war, he lived nearly two years in Venezuela, working for a drill pipe inspection company.

After returning to the U.S., he attended college three years, majoring in business administration, before going into the elevator business at Kremlin, Okla.

**PRETTY FIELD, PRETTY GIRLS** — Checking one of their father's two San Juan seed bean fields at Rocky Ford, Colo., are Luanne and Lynette Autry, daughters of Mr. and Mrs. James Autry of Rocky Ford and granddaughters of Mrs. Irene Carpenter and Mr. and Mrs. W. T. Autry of Dimmitt.

With their brother Kelley cultivating this 15-acre field and the girls hoeing, it has become a family project. The Autrys have 45 acres of seed beans which will be ready for harvest in late September or early October. They farmed in Castro County before moving to Colorado.

### Stansell Rites Scheduled Today

Funeral services will be held in Olton today (Thursday) for Thomas Guy Stansell, 78, father of Mrs. Beth Joiner of Dimmitt. **MR. STANSELL** died at 10 a.m. Tuesday in Plains Memorial Hospital here, where he had been a patient five weeks.

Last rites will be at 3 p.m. today in Olton's First Baptist Church with the Rev. John E. Lewis, pastor, and the Rev. Don Holmes of the First Baptist Church of Springlake officiating.

Burial will be directed by Parsons Funeral Home of Olton.

**IN ADDITION** to his daughter here, Mr. Stansell is survived by his wife, Ora Lee of Olton, two other daughters, three brothers, two sisters and five grandchildren.

### Bischoff Trains At Amarillo AFB

Robert J. Bischoff, son of Dr. Harold W. Bischoff of Dimmitt, is participating in a U.S. Air Force Reserve Officers Training Corps (AFROTC) field training encampment at Amarillo Air Force Base.

**DURING** the encampment, cadets become familiar with the life and activities in Air Force Bases and can examine career opportunities in which they might wish to serve as officers.

Other highlights of the course include survival training, aircraft and aircrew indoctrination, small arms training and visits to other Air Force bases.

Cadet Bischoff, a graduate of King City (Calif.) High School, is a member of the AFROTC unit at San Francisco State College.

His wife, Betty, is the daughter of Mr. and Mrs. Benny Malto of Salinas.

## 'Daddy Saved the Day,' Says Miss Grain Sorghum

"Thank God for daddies!" Karyn Hughes said as she recalled the nerve-rattling excitement of the Miss Grain Sorghum of the Nation Pageant.

**STILL GLOWING** from her pageant victory, the 18-year-old Richardson beauty claimed her father, Van Earl Hughes, saved her talent act when a "minor crisis" arose only hours before Saturday night's competition.

"Close to noon Saturday when I was rehearsing my talent presentation, I discovered my tape had melted," Miss Hughes explained. "I had made the tape recording for a special dance to the 'Flower Drum Song' overture."

"Well, I panicked. — I was expected to rehearse my number before noon, eat lunch, then rush to an interview with the judges."

**"BUT MY PARENTS** were so calm and collected when they heard what had happened, I don't know what I would have done without them. I would have blown my cool."

Karyn explains that although contestants are not allowed to see their families during the pageant, in view of the emergency an exception was made.

"But we couldn't find any taping facilities in the auditorium. So Daddy ran off to KDHN radio station and they fixed me up within 20 minutes. They were so nice about it."

**KARYN EXPLAINS** the pageant schedule was tight, and praised the organization by local citizens.

"Mrs. Robert Benton started the pageant off to a great start when she worked to teach us the opening number for the Saturday night competition," Karyn said.

"How she could work so easily with 33 girls, I don't know. But she got us all excited and we forgot all about being nervous and started enjoying it all."

**"THE BACKSTAGE** was crowded with local ladies who were willing to help us with everything. There were four hairdressers and several ladies to help with our dresses and makeup. Mrs. Carl Bruegel was so much help to me. Actually, when we went backstage after the top 11 were announced, all we did was stand with our arms outstretched and somebody dressed us and helped find our shoes, dresses and things."

The organist, Mrs. Keith Howard, was so much fun and especially at the reception in the Country Club Friday night."

The new Miss Grain Sorghum confessed that contestants have more fun than the audience in pageants.

**"THERE IS** so much excitement and so many new friends and so much work, that the contestants can't help but have more fun."

Because she has so much fun at pageants, Miss Hughes was urged to enter the Miss Grain Sorghum

Karyn Hughes

contest by her father and grandmother, Mrs. Gaines Neill, also of Dimmitt.

Karyn entered her first pageant June 8 and was named a semifinalist in the Miss Richardson contest.

**"MY grandmother** and father knew how much fun I had in that pageant, so they thought I would enjoy this one."

"I thought the pageant would have only about 15 contestants, and I knew I was the first entry. But when I came to Dimmitt and learned there were 33 girls hoping for the title, I started getting scared. I knew the competition would be tremendous. Then I met the girls and they were all so beautiful, I knew it would be tough."

Karyn stayed in the home of Mr. and Mrs. Cecil Dennis during the pageant.

**"DADDY kept telling me** since the day I entered the contest I would win, and when I was named Miss Grain Sorghum, he just beamed. I was so excited, I hit the ceiling. But I still couldn't believe it."

"I had my eyes set on winning, and I think all the girls in a pageant do. When the top 11 were being named I was desperately counting how many had been named when my number was

called. I kept thinking what a disappointment I would be to my parents and family if I didn't get to the top 11."

Karyn confesses she dislikes the swimsuit competition in a pageant.

**"I HATED walking out** and having everybody looking at my legs, but once I was out on the ramp I was okay."

"I think the talent competition is the toughest part of a contest. It is the final decision-maker and a last chance for self-expression."

Miss Grain Sorghum gives some advice to prospective pageant entrants.

**"DON'T BE afraid to talk to** the judges and really let your personality come through. The interview is the first part of the competition and the only time you really get acquainted with the judges."

"I enjoyed the interview with the judges of the Miss Grain Sorghum Pageant. I had seen Molly Grubb once before, and I thought she would be the hardest to please. But she is so beautiful and radiant that when you talk to her you just want to radiate too."

Since her graduation from Lake Highlands High School, Karyn has been busy with her first two beauty pageants, learning golf

### For Labor Day Farley's Boys Prepare Rodeo

Excitement and desire to win are running high as over 350 boys at Cal Farley's Boys Ranch prepare for the 24th annual Labor Day Rodeo.

FOUR TIMES a week the boys are rehearsing for the rodeo and trying to qualify as contestants in the bucking broncs, Brahma bulls, steers and calves. Even the Ranch's youngest are saddling heir stick horses and getting ready to set some new records in the barrel races.

Traditionally the biggest Labor Day Event of the Texas Panhandle, the Boys Ranch rodeo is expected to attract a record number of visitors, topping the over 1,000 spectators who attended the two performances last year. Aside from the action that will be provided by young riders on bucking animals, the boys will operate a barbecue concession, work in the huts, act as ushers, sell cold drinks and pop corn, park cars and assist with the many details involved with the production of a rodeo.

Believed to be the only rodeo in the nation in which boys are the only contestants riding professional rodeo animals under R.C.A. rules, two performances are scheduled at 2:30 p.m. Sept. 1 and 2. Sox seats may be purchased in advance for \$2.50 by calling 374-4687 or writing the Boys Ranch office at 600 West 11th, P.O. Box 1890, Amarillo, Tex. General admission prices are \$1.50 and 75 cents for children and servicemen in uniform.

I hope each child will be able to be there to receive his award. If you are unable to come to the bank that day you may pick up your certificate at the library.

Sylvia Calzado has completed her summer hours at the library and will be away from her job for a few weeks. I will surely miss her help and will be looking forward to the time she will be back.

STOPPED BY the pet show on the courthouse lawn, last Thursday. It was fun to see all the youngsters showing off their pets. Dr. Bechtol seemed to be enjoying his judging duties. We have

a pet cat named "Twinkletoes," with good reason — he has seven toes on both front paws. Should have taken him down, he would surely have gotten a ribbon for something — 24 toes maybe?

We have had a good summer at the library this year and I will be sorry to see it end. There is mixed feeling among the young people about going back to school. Some say they are ready to go back and some not. A normal state of affairs, I would say.

A passing thought for the week: Sometimes I read for pleasure. Sometimes I read to learn. Either way I'm sure to gain. With every page I turn.

Have you read a book for either reason lately?

"WHAT IS CHRISTIANITY?"

By Ronnie Parker

Have you ever asked yourself "what is Christianity?" If we were to begin asking those about us we might get a hundred conflicting answers. God can answer the question for us in His word. According to the Scriptures Christianity is something which must permeate every phase of our living.

Someone has well said that in the home, Christianity is love, kindness, and reverence. In business, Christianity is honesty, sincerity, and integrity. All things are provided honestly before all men (Rom. 12:17). Toward the poor, Christianity is action, sympathy, love and patience. (Ja. 1:27). Toward the penitent, Christianity is forgiveness. (Matt. 18:22). Toward the wicked, Christianity is complete resistance. We must abhor that which is evil and cleave unto the good. (Rom. 12:9). Toward God and Christ, Christianity is love and reverence. We love Him because He first loved us. (1 John 4:19). In every day life, Christianity is keeping oneself unspotted from the world (Ja. 1:27) and adding the Christian graces that we never fall (2 Pet. 1:5-11). Christianity lived is most beautiful and brings God the glory. Live it while you can!

### On Top

The Bible, "God's holy word," is still the best seller, and most quoted book. From the original Greek and Hebrew this book has been translated into many languages.

Through the centuries men have devotedly studied and sought out the truth in the Bible. When one reads the Bible with an open mind, God's word is "as sharp as a two edged sword."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Hereford Chosen as Site For House Water Hearing

As a result of an invitation from Deaf Smith County Water Association, the House Interim Water Study Committee of the Texas Legislature announced last Thursday that a public hearing on proposed legislation to authorize the formation of a "master water import district" will be held in Hereford Oct. 5.

Rep. Bill Clayton, of Springlake, chairman of the committee, made the announcement in an address to the Water Committee of the West Texas Chamber of Commerce quarterly conference in Wichita Falls.

**THE HOUSE** committee recently held a hearing in San Antonio, Clayton said, and on Sept. 6 will have a hearing at Longview for the benefit of the people of East Texas, to be followed by the hearing in Hereford for the West Texas area.

Reports at the Hereford hearing also will be made by the Texas Water Development Board from Austin. Howard Boswell, executive director of the board, will speak on the proposal and the forthcoming Revised Texas Water Plan. Also expected to attend are representatives from the Mississippi Delta states, as well as numerous officers of various associa-

tion and agencies in West Texas. The public hearings are needed, Clayton said, to determine the thinking of the people affected by the water development plan. The public will be given the opportunity to express its wishes in the formation of their governing water import agency.

**TESTIMONY** will be presented by several groups, and anyone desiring to comment on any phase of the legislative bill is invited to speak or present a written affidavit. The legislative proposal will be published sometime in September through press conferences to be held in Lubbock and Amarillo. Following the hearing and any re-drafting which may be necessary, the bill will be introduced to the Texas Legislature during its regular session next January.

According to Dick Godwin, president of the Deaf Smith County Water Association will present testimony at the hearing, and other local groups desiring to offer either written or vocal testimony are requested to contact the association for any assistance which may be wanted. Arrangements have been made, Godwin

## Where Will You Put Bonus Years?

Twenty "bonus" years have been given to you — added to your life span. Where will you put the bonus years — in the middle or at the end of your life?

Geriatricians, those who study the science of aging, say that the life span can look like this: Childhood, Youth, Maturity, Later Maturity and Old Age.

OR, IF you fasten the bonus years on at the end of your life, it will be this: Childhood, Youth, Maturity, Old Age and Later Old Age.

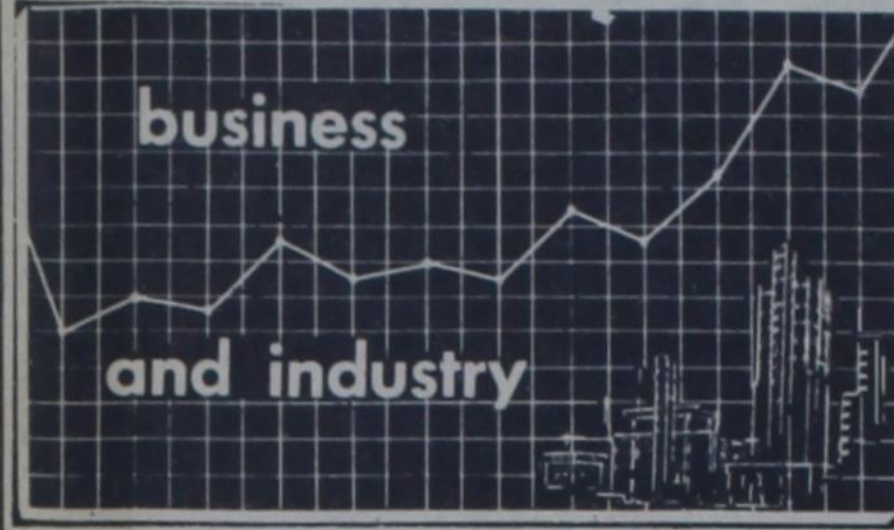

Too often, aging seems to be a sad picture, says Minnie Bell, Extension aging specialist at Texas A&M University. Many persons dread to grow old. Others refuse to think about it. Suddenly they are in Old Age when they might have been in Later Maturity.

Each person must decide what to do with the 20 bonus years, says Miss Bell. They will be the outcome of your attitudes and experiences developed during all the early and middle years of your life. Whether you are 10, 20 or 40 years from retirement it is well to take interests and goals.

**THE SENIOR Citizen Charter** presented at the White House Conference on Aging offers helpful suggestions:

1. Prepare to remain active, alert, capable, self-supporting and useful as long as you can. Plan for retirement.
2. Apply sound principles of physical and mental health.
3. Plan to be of service to others in the years after retirement.
4. Plan to make available the benefits of your experience and knowledge.
5. **LEARN TO** be adaptable to the changes that come with added years.
6. Attempt to maintain relationships with family neighbors and friends which will make you a valued counselor throughout the years.

**THE EGGSHELL** has been called the "perfect" package—but, it's breakable. The liability of cracked eggs is a profitable enterprise, according to reports by the US Department of Agriculture. Eggs in liquid form have found ready markets. Liquid egg is a convenience for commercial bakers. Also, it is sold in dried and frozen forms. Many food processors buy only part of the product — such as yolk or white only.

## Social Security Checks Here Climb to \$48,155 Per Month

A record \$48,155 was paid out in Social Security cash benefits to 730 residents of Castro County for February, 1968, Travis C. Briggs, Social Security district manager, said this week.

**"FEBRUARY WAS THE** first month in which increased benefit rates provided by the 1967 amendments to the Social Security Act were payable," Briggs noted.

Nationally, monthly benefits to more than 24 million men, women and children exceeded \$2 billion. Only 2.2 million receiving benefits were disabled workers under age 62 and their young dependents.

About 3.4 billion beneficiaries were young widowed mothers and their children. Briggs said that a total of about \$19 billion has been paid to orphaned children and their mothers since January, 1940, when monthly benefits first became payable.

Most of the changes in the 1967 amendments provided protection for younger people. Children are now eligible for benefits based on the earnings of an insured mother who has died or is entitled to retirement or disability benefits. Previously, the mother must have worked for at least one and

a half years in the last three before retirement, death or disability.

**THE AMOUNT** of Social Security covered work required for payment of disability benefits to workers who become disabled before age 31 has been reduced substantially — for those below 24 to as little as a year and a half.

Widows of insured workers can get monthly benefits as early as age 50 if they are unable to work because of severe disability which began not later than seven years after the death of their husband or after the end of their entitlement to benefits as a widow with a child in her care.

In the county 205 children of workers received \$8,668 for February. These payments continue monthly until the child is 18 unless some terminating event occurs. If the child does not marry and continues school full time the payments do not stop until age 22.

**IN THE** first 26 performances of "Texas," outdoor musical drama staged in Palo Duro Canyon State Park, a total of 24,469 visitors have been reported — a 15 percent increase.

## Ernie Ford Show To Headline Fair

The Tennessee Ernie Ford Show will be the headliner for the Tri-State Fair show attractions in September. The Fair Coliseum is being outfitted with a complete new sound system to insure there will be no bad seats in the house as far as sound.

**ERNIE FORD** has one of the largest repertoires of hymn and spiritual music in the country. The man from Tennessee has been singing and collecting religious music since he was 4 years old. Today he can sing the music and lyrics to almost any religious song ever published, just by being given the title. Ford has recorded much of this music during the past 20 years and has sung even more of it on television and radio during the same period. To date, his religious recordings have sold more than 13 million copies. In addition, Ford's "Sixteen Tons" has been purchased by more than five million persons. Advance tickets for the Ernie Ford Show may be purchased by writing Fair, P.O. Box 1087, Amarillo, Texas, 79105.

SENATE JOINT RESOLUTION No. 39 proposing an amendment to Subsection (a) of Section 62, Article XVI of the Constitution of Texas, relating to establishment of a retirement, disability and death compensation fund for officers and employees of the state, so as to create as an agency of the State of Texas the Employees Retirement System of Texas, vesting the general administration and responsibility of the proper operation of said system in a state board of trustees to be known as the State Board of Trustees of the Employees Retirement System of Texas, authorizing said Board to invest assets of said system in various obligations and subject to certain restrictions stated therein and such other restrictions as may hereafter be provided by law; providing that contributions of members and the state shall not exceed at any time six per centum (6%) of the compensation paid to each such person by the state; providing that such Amendment shall be self-enacting; providing for the necessary election, form of ballot, proclamation, and publication; and declaring legislative intent that the adoption of this Joint Resolution shall constitute respect of Senate Joint Resolution No. 3, previously adopted by this the 60th Legislature, so that the proposition as set forth in this Resolution may be submitted to the voters of this state in lieu of the proposition contained in Senate Joint Resolution No. 3.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Subsection (a) of Section 62, Article XVI of the Constitution of the State of Texas be amended so as to read hereafter as follows:

"Section 62. (a) The Legislature shall have the authority to levy taxes to provide a State Retirement, Disability and Death Compensation Fund for the officers and employees of the state, and may make such reasonable inclusions, exclusions, or classifications of officers and employees of this state as it deems advisable. The Legislature may also include officers and employees of judicial districts of the state who are or have been compensated in whole or in part directly or indirectly by the state, and may make such other reasonable inclusions, exclusions, or classifications of officers and employees of judicial districts of this state as it deems advisable. Persons participating in a retirement system created pursuant to Section 1-a of Article V of this Constitution shall not be eligible to participate in the Fund authorized in this subsection; and persons participating in a retirement system created pursuant to Section 48-a of Article III of this Constitution shall not be eligible to participate in the Fund authorized in this subsection except as permitted by Section 63 of Article XVI of this Constitution. Provided, however, any officer or employee of a county as provided for in Article XVI, Section 62, Subsection (b) of this Constitution, shall not be eligible to participate in the Fund authorized in this subsection, except as otherwise provided herein. The amount contributed by the state to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time six per centum (6%) of the compensation paid to each such person by the state.

"There is hereby created as

an agency of the State of Texas the Employees Retirement System of Texas, the rights of membership in which, the retirement privileges and benefits thereunder, and the management and operation of which shall be governed by the provisions herein contained and by present or hereafter enacted Acts of the Legislature not inconsistent herewith. The general administration and responsibility for the proper operation of said system are hereby vested in a State Board of Trustees, to be known as the State Board of Trustees of the Employees Retirement System of Texas, which Board shall be constituted and shall serve as may now or hereafter be provided by the Legislature. Said Board shall exercise such powers as are herein provided together with such other powers and duties not inconsistent herewith as may be prescribed by the Legislature. All moneys from whatever source coming into the Fund and all other securities, moneys, and assets of the Employees Retirement System of Texas shall be administered by said Board and said Board shall be the trustee of such retirement plan, as may now or hereafter be provided by law. Unless investments authorized herein are hereafter further restricted by an Act of the Legislature, no more than one per cent (1%) of the book value of the total assets of the Employees Retirement System shall be invested in the stock of any one (1) corporation, nor shall more than five per cent (5%) of the voting stock of any one (1) corporation be owned; and provided further, that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid cash dividends for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its

successors; and provided further, that not less than twenty-five per cent (25%) at any one time of the book value of investments of said Fund shall be invested in Government and Municipal Securities as enumerated above. This Amendment shall be self-enacting and shall become effective immediately upon its adoption without any enabling legislation.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 5, 1968, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment amending Subsection (a) of Section 62, Article XVI of the Constitution of the State of Texas relating to the Employees Retirement Fund and the Employees Retirement System of Texas, revising provisions for investments of moneys and other assets of the Fund, and changing other existing provisions and making other new provisions with respect to the administration of the Employees Retirement System."

"AGAINST the Constitutional Amendment amending Subsection (a) of Section 62, Article XVI of the Constitution of the State of Texas relating to the Employees Retirement Fund and the Employees Retirement System of Texas, revising provisions for investments of moneys and other assets of the Fund, and changing other existing provisions and making other new provisions with respect to the administration of the Employees Retirement System."

Sec. 3. The Governor of Texas shall issue the necessary Proclamation for the election and this Amendment shall be published in the manner and for the length of time required by the Constitution and laws of this State.

# Pow-wows Color County History

Castro County residents and former residents gathered last week in observance of the original settlement of this area.

**THE BIGGEST pow-wow** was the Old Settlers' Reunion. But civic and county get-togethers are nothing new as they have marked and colored the history of Castro County.

In 1876, John Summerfield and a party of surveyors gathered to survey Castro County. No one inhabited the area, so Summerfield's surveying party was probably the first actual large meeting.

**AFTER THE surveys**, Castro County drew investors and in 1884 a group of settlers located in the southern part of the county on Running Water Draw. The settlers included ranchers who bought large numbers of sections of land for grazing. The first of these was the Carter Ranch owned by James W. Carter, a Pecos rancher.

In 1890, citizens met to hear the campaigns of two towns vying for county seat. Open meetings were held in Dimmitt and Castro City, the two proposed town sites. The citizens reached a compromise, electing Dimmitt as the county seat and the Castro City candidates as county officials.

Residents donned their Sunday best in 1908 and celebrated the completion of a second courthouse. The contractor built two huge tables and citizens brought large baskets of food. It had been a different meeting two years earlier when the citizens rushed to put out a fire that finally completely destroyed the first courthouse.

**ON JUNE 7, 1891**, a group of early settlers met in a new store building to discuss plans for Dimmitt's first church. The church

began with 17 members and church gatherings and activities have been major aspects of Castro County social life since then.

Already booked for Plainview's concert season are the San Antonio Symphony, Norman Luboff Choir and Dick Schory and His Percussion Pops Orchestra. One more concert is to be booked at the end of the current membership drive.

Community Concerts are open to members only, but memberships in the Plainview Association are good also for concerts in Hereford, Levelland, Lubbock, Clovis and Canyon.

**IF US Department of Agriculture** sire evaluations on bulls in artificial insemination were used at their maximum current potential, Texas dairymen would be able to raise their yearly gross income by \$8.5 million, reports A. M. Meekma, Extension dairy specialist. Semen is available from bulls, at no more cost than semen from average bulls, which can raise milk production at least 400 pounds above breed average. The sire summaries are available, he says, at all county Extension offices.

**AS HIGH AS . . .** When the corn reaches elephant's-eye height, it's a sign that Castro County is headed for a bumper crop. Producers are experimenting this year with a wide range of hybrid varieties, both for grain and ensilage, as corn becomes increasingly important as a money crop here. Insect damage so far has been minimal,

and the crop generally is in excellent shape. Housewives are taking advantage of the big crop now, canning and freezing corn for the winter. It was difficult to find an elephant to pose for this picture, because most of our native elephants were lost in the corn fields.

**Pasture Planting Multi-Purposeful**

By LARRY O. STARNES  
Pasture planting may often serve a three-fold purpose. It may serve to make needed land use adjustment; to produce high quality forage for pasture; and to reduce erosion losses.  
PASTURE planting is an old practice which has met conservation farming needs for many years. Farmers in Castro County have found it useful on land too sloping to irrigate without causing erosion. Irrigated pastures may be used as a method of controlling erosion, conserving irrigation water and producing a sizable income from otherwise marginal land all at the same time.  
Irrigated grass on gently sloping soils, such as those found around playa lakes, will control erosion losses due to both rainfall and irrigation water by holding the soil on the slope during a rain and while irrigation water

**Vernon Men Tour County**

Thirty-four Vernon area farmers, ranchers and business men made a bus tour of Castro County Friday afternoon "to see how the other half lives."

The tour was organized by Eddie Coltharp, manager of the Vernon Chamber of Commerce and former manager of the Castro County Chamber of Commerce.

If you got up this morning feeling low and worn out, try what I did. I opened the back door and such a nice cool, sweet breeze, that this country is noted for. And a fresh cut lawn that is surrounded by gorgeous flowers of all kinds.  
I JUST finished eating lunch and guess what it was composed of. Among other things we had beef, corn, squash and peaches. (All were home grown). Can you beat that? We have lots to be thankful for, don't we?

**Water Proposal Hearing Slated**

H. W. Go'den of Dimmitt has applied for a permit to appropriate state water.  
THE TEXAS WATER RIGHTS Commission in Austin announced his application for the right to appropriate 320 acre-feet of water annually to irrigate 320 acres of land, and details of the plan are now under examination by commission engineers.  
Golden has a reservoir 10 miles northeast of Dimmitt. It is on Middle Tule Draw Creek, tributary of Tule Creek, tributary of Prairie Dog Town Ford of Red River, which runs into the Red River.  
A public hearing will be held in Austin Sept. 4 at 2 p.m. in Room 810 of the Sam Houston State Office Building, at which time the applicant and those favoring or opposing the project will be heard.

**Number of Farms Still on Decline**

From 1960 to 1967, the number of farms in the US declined 23 percent. But, while those with less than \$2,500 annual sales declined by 27 percent; those in the \$2,500 to \$4,999 sales category declined 42 percent and those in the \$5,000 to \$9,999 declined 32 percent during the period, those with farm sales of \$10,000 to \$20,000 decreased only one percent.

Those with farm sales of \$20,000 to \$40,000 increased by 40 percent; and those with sales over \$40,000 and more rose by 62 percent.  
The USDA report said farms in the largest three categories accounted for only 31.5 percent of all farms in 1967, they accounted for 85.1 percent of cash receipts from farming, more than 75 percent of the realized net income from farming.

**Castor Beans To Be Featured At HP Field Day**

Castor products, plants and cultural methods will be displayed Sept. 12 at the 12th annual Field Day of the High Plains Research Foundation.

CASTOR production has had a constant increase in acreage in the High and South Plains of Texas for several years. The area now produces almost all of the castors grown in the US. More than 85,000 acres of castors are being grown in the High Plains in 1968.

The Castor Commodity Committee of the board of trustees, assisted by others interested in castors, will conduct the display in the seed production laboratory. Hosts will explain the uses and production methods from 1 to 4:30 p.m. Sept. 12. Three different hosts will be on duty each hour.

**AGRICULTURAL BRIEFS**  
THE "FAMILY get together" for all Texas Agricultural Extension Service employees will be held at Texas A&M University Aug. 26-30. The biennial state conference will have for its theme, "Working Toward Perfection in Extension Educational Programs."

Neighborhood Youth Corpsmen Log 260 Hours During Summer

Only a few of the more than 20 students enrolled in the Neighborhood Youth Corps summer program in Dimmitt are still working as the Aug. 24 finishing date nears.

HIGH SCHOOL students in Dimmitt put in 260 hours at \$1.25 this summer with federal funds from the Office of Economic Opportunity. The program is geared to help students stay in school, earn enough money to buy clothes and supplies and earn lunch money for the school term.

Although some of the money goes to help the student's family, the income mainly is to keep students in school who might otherwise drop out.

Bill Stephenson, director of the local NYC, said the Dimmitt program was allowed six more students under the Manpower Development Training Program in which students may work through Aug. 31.

Four local youths work in the out-of-school NYC programs, a project for school dropouts who are unskilled workers. Participants in that program are allowed 30 hours a week. The program has been extended to Oct. 31.

NYC WORKERS are between 14 and 21, work as teachers' aides, maintenance aides and library aides, and usually come from families who meet poverty guidelines.

"The students have done a real good job," Stephenson praised the participants. He said he recruits students for the NYC and coordinates the program locally. The

With nostalgia we bid adeau to summer . . . next week school begins in a big way! Of course, for some school has already begun. There has been the movement to new jeans, jumpers and jackets. Everyone has to have a new notebook. Excitement is in the air!

Before long, football will be more than just a day of sore muscles and aching brains from trying to get all the plays in mind. THE GAME WILL BE HERE!

What about a check-up on the spiritual side? Are you as excited about the daily encounters with evil as with the weekly gridiron encounters with the "enemy" teams? Are you as ready to learn the way of God as to learn the way of a new math, new physics and new sociology? Are you as thrilled about finding the real meaning to life as about finding the exciting way to new romances?

Some of the finest ways to find a new life is through an honest appraisal of "self" in the mirror of the Bible. Our adults have had an exciting time looking at the practical Christianity presented in the book of James in the New Testament. If you are tired of the doldrums of summer, exhausted with the tripping about the countryside in spurts all summer, and exasperated with the emptiness of a lasting thrill to living, you need the real thing. Come find out what it is — we can show you the way, but you have to discover it for yourself. The Bible is our guide. Sunday morning, 9:45 is the time. See you then?
