## Local Topics

### City Bond Election Next Tuesday

On next Tuesday, June 24, the voters of Dimmitt will vote on the proposition of issuing city bonds to the amount of \$64,000.00, for the purpose of refunding two issues of city waterworks warrants, one for \$50,000.00, issued by the city council in July, 1929, and for \$14,000.00, issued by the city commission in April, 1930, all to care for the waterworks system, which is now serving Dimmitt. This election was called on May 19, without a dissenting vote of the commission, and the proposition has been published in the News, according to the law governing such.

### NEW CABLE AND SWITCHBOARD BEING PUT IN

#### Underground Cable and New Switchboard to Improve Local Service.

Workmen started this week on the underground cable, being placed by T. A. Singer, owner of the West Texas Telephone Co., and owner of the exchanges at Dimmitt, Nazareth and Hart, as well as rural lines in the county. This new cable, containing 600 wires, will extend from the central office on north Sixth street, west to the Miller Addition, a distance of seven blocks, and will include approximately 3,000 feet of cable, all new. It will be laid in the alley between Bedford and Etter streets, and will care for all residential telephones in the West, North and South parts of the city.

#### New Switchboard

A new switchboard is also being installed in the local central office, to care for a total of 450 phones. This board is sectional, and can be added to as needed. At present there are about 150 phones in Dimmitt, running the old board to capacity, and Mr. Singer expects to increase the number at least 100 within the next thirty or sixty days, weather permitting the work of laying the cable and moving the cable it replaces, around to care for the business section of the city, which will also improve this class of service for patrons.

### Cleve Tate is New Wholesale Agent

Announcement is made in this issue of the News of the appointment of Cleve Tate, of the Tate & Easter Service Station, as agent for the Magnolia Petroleum Products in the Dimmitt trade territory.

### Swisher County to Have Annual Picnic on July 17th

The annual Swisher County Picnic will be held this year in Tullia on July 17, and committees are now at work on details of the celebration, which commemorates the establishment of the county. These annual affairs are looked forward to by all old settlers of our neighboring county, and many from Castro county always attend. A free barbecue has formerly been the custom, but this is being debated, and final decision will be announced on the matter at an early date.

## ROAD PROGRAM IN DEAF SMITH IS EXTENSIVE

### Hereford Road Program Will Benefit Castro County in Northern Outlet.

Maps and descriptive circulars are being sent out by the Hereford Chamber of Commerce, showing and describing a new proposed all-weather highway system for Deaf Smith county, under a bond issue of \$500,000, to be submitted to the voters of that county in the near future. The plan is to pave Highway 366, extending 22 miles along the Santa Fe railroad, running to the north and east in the southeast part of the county. The plan is to receive State and Federal aid on this project, amounting to two-thirds of the cost, and includes an underpass under the railroad tracks in the west part of Hereford. Twenty-Five Mile Avenue, traversing the county for a distance of 30 miles, is to be gravelled, under the program, now in the hand of a chamber of commerce committee. This road connects up with the Dimmitt and Plainview road, to be built this year, thence to Hereford, on to Vega over the 25-mile Avenue, into Channing, where it connects with Highway No. 5, running into Colorado Springs and Denver. It is estimated that this road, when connected, will save about 60 miles from the South Plains area to the mountains of Colorado. It is also proposed, under the program as outlined by the

### Joint Installation Eastern Star and Masons June 24

At a special meeting held on Monday night, the following officers were elected by the Dimmitt Masonic lodge, to be installed at a joint public meeting with the Eastern Star at the hall on next Tuesday night, June 24:

- Ray Cowsert, W. M.
Thos. F. Bice, S. W.
Andrew Elder, J. W.
Bruce McLean, Treasurer.
K. E. Turner, Secretary.
W. J. Dempsey, Tiler.
Appointive officers to be installed are:
H. H. Wright, S. D.
E. F. Harmon, J. D.

### W. L. Schmitz is Taken to Hospital At Wichita Falls

George Barnett left Wednesday morning for Plainview, where W. L. Schmitz, who killed his wife in this city on February 8, with a shot gun, has been confined, and will take him, adjudged soon after the crime was committed, insane by a sanity commission in county court, to the State Hospital for insane at Wichita Falls. Mr. Barnett, who is deputy sheriff, will return the last of the week.

### SHERIFF IMPROVED

Sheriff Clem Maples, who has been in Temple under treatment for several weeks, is reported as improved, and able to be out. He expects to be home this month.

### MOVED TO CHILLICOTHE

Mr. and Mrs. E. W. O'Rear left Dimmitt Tuesday for Chillicothe, where they will make their future home. B. G. Ramsey, local real estate dealer, has acquired the property of Mr. O'Rear, located in the northwest part of the city.

## DENVER REPLIES IN DETAIL ON DIFFERENTIAL

### Matter Must Be Taken Before State Body for Action, is Railroad's Claim.

Additional communications have been received in Dimmitt concerning the application of a number of busines concerns for the removal of the differential freight rate, which applies to all freight received and dispatched from Dimmitt. In the latest communication received from the office of L. M. Hogsett, General Freight Agent of the Denver, in Fort Worth, it is pointed out that the petitioners are asking for something that cannot be granted by the railroad, but, in this particular case, affecting rates between Texas points, must be placed before the Texas Tariff Bureau, for a public hearing, and the communication states that nothing further will likely be done until petitioners give "thoughtful consideration" before proceeding with the placing of their request upon the public docket. The lengthy communication last received, goes into detail in comparing rates from other points to those from Dimmitt to like destinations, and states that to reduce the rate from Dimmitt or any other Panhandle point, would raise the same question of discrimination from wheat-growing sections in Oklahoma. The railroad company also cites, in their latest communication, the small tonnage handled from Dimmitt, during the year,

### Building for New Store Will Be Ready July 1st

The new building, being erected east of the News office, by Edgar Ireland, of Hereford, will be completed about the first of July, and will be occupied by N. C. Dye, with a complete line of new and up-to-date hardware and furniture.

T. W. McKoy, who is from Breckenridge, as is Mr. Dye also, arrived in Dimmitt this week, and will have charge of the store. He will move his family here later. Mr. Dye is expected here about July 1, when the new goods for the store are expected to arrive, soon after which the store will be opened.

### Dr. J. F. Payne to Locate Here Next Month

Dr. J. F. Payne, who has been a practicing physician in Munster, Texas, for the past five years, was in town Monday, looking after the work on his new \$7,000.00 brick home, just northeast of the new high school building. This beautiful home is being built by J. A. Maynard, local contractor, and will be ready for occupancy about July 15, when Dr. and Mrs. Payne will become residents of this city, where he will practice as physician and surgeon.

Dr. Payne comes to Dimmitt highly recommended as a practitioner, as well as a civic worker, having been identified with such work in Munster.

### MOVED HERE FROM RALLS

Tom Benton, wife and baby, have moved to Dimmitt from Ralls, and are occupying the apartment vacated last week by Rev. and Mrs. N. M. Gilbert. Mr. Benton is a son of J. C. Benton, of the Consumers' Fuel Association, and will be connected with that concern in the future.

## COMMITTEE MET AND ASSESSED CANDIDATES

### County Body Met Monday and Completed Ticket for Primary Elections.

The County Democratic Executive Committee of Castro County met Monday afternoon in Dimmitt, with Chairman Bruce McLean presiding and the following present: A. G. Noble, Dimmitt, Kenneth Turner, Dimmitt, Vern Lust, Bethel, Hary Kleman, Nazareth, B. D. Woodlee, Dimmitt, and Lawrence Johnson, Summerfield.

The committee made assessments against candidates for the expenses of the two primaries, which it was decided to hold, and decided that a majority would elect to any office.

The ballot list and order of names was made, and between 2,000 and 2,500 ballots will be printed by the News in time to care for absentee voters, who are required to file their vote with the county clerk between July 14 and 23.

Following is the complete and official list of candidates and the offices they are seeking, as filed with the county chairman of the Castro County Democratic Committee, and whose names will appear on the ballots to be used in the primary election to be held on Saturday, July 26:

**State Offices—**  
United States Senator—Morris Sheppard, of Bowie County; C. A. Mitchner, of Irion county; Robert L. Henry, of Harris county.

**For Governor—**  
James Young, of Kaufman county.  
Miriam A. Ferguson, of Travis county.  
Earle B. Mayfield, of Bosque county.  
C. E. Walker, of Tarrant county.  
Frank Putnam, of Harris county.  
Barry Miller, of Dallas county  
Thomas B. Love, of Dallas county.  
Clint C. Small, of Collingsworth county.  
C. C. Moody, of Tarrant county.  
R. S. Sterling, of Harris county.

Market—80c.  
\*\*\*\*\*

Dimmitt's first wheat from the 1930 crop was received Monday morning of this week, just two days earlier than last year's first load.

Baxter & Reeder brough three loads in Monday, the first arriving about 11 a. m., and testing 57. The grain was bought by the Castro County Grain Co., at 80c, with the market at 75c, and with no deductions for dampness making about a 15c premium.

This wheat was grown about six miles north of Dimmitt. Last year's first load was received on the evening of June 18, by the Farmers Elevator Co., from Sam Jones, of the Sunnyside community, south of Dimmitt. This tested 60, and brought the market price, 80c, plus a cash premium.

### Senter Withdraws From Judge Race

A letter received this week from W. A. Senter, of Flagg, and candidate for County Judge and Superintendent of Schools, advises us to take his name from the announcement column. On account of other business, Mr. Senter has withdrawn from the race, according to the communication.

### Baily County Shows Big Increase in Census Over 1920

Census figures released last week show a substantial growth of Bailey county and Muleshoe, as well as every community in the county. County population is shown at 5,181, an increase of over 900 per cent as compared with 1920, when 517 were counted. A total of 758 farms were listed on April 1, 1930. In 1920 Muleshoe, unofficially, was given a population of 50, increasing over 1400 per cent in the ten years. Only 25 people were reported out of employment in the county on April 1, this year, according to the preliminary report.

## Facts That Are Convincing!

- One year ago, on June 6, the local Carter-Houston Store was placed in charge of its present manager, J. C. Stringer.
- The Castro County News has carried an advertisement from this store in every issue since June 6, 1929.
- These ads have varied, weekly, from 12 inches to a full page, 120 issues—but the ad has been in the paper every week!
- On June 6 and 7, 1930, the business done by this store was 8 1/2 times as much as was done on the corresponding days last year!
- The moral is obvious—Mr. Stringer had the goods, and knew the possibilities of developing his business thru the local newspaper.
- He advertised what he sold and sold what he advertised!
- While this newspaper alone did not build up the business, it did play an important part in it, along with the faith of Mr. Stringer in legitimate, truthful, and consistent newspaper advertising!
- Is it possible for any Dimmitt business man to condemn and fail to believe in, advertising in Your Home Paper?

### News of Arney MRS. FLOYD W. FORTNER, Correspondent and Representative

Several from Arney attended the concert given in the Methodist church last Friday night at Happy, by the Stamps Quartette.

The Boyd family, who have lived in this community for several years, will move near Hereford.

Since the rains, several are busy planting over, and every body is getting ready for the harvest.

Mr. and Mrs. Jim Harper and family of Wellington, spent the week-end with old friends in this community.

Mr. and Mrs. Charlie Cox and Mrs. Roy Cole returned home last Wednesday from a two weeks' trip to points in New Mexico.

Due to threatening clouds, only a small crowd attended the fruit supper Saturday night, given at the home of Mr. and Mrs. White.

Mr. Russell, of Panhandle, who has just recently bought the Ponder place, is busy building a barn and graneries. He will move his family later.

Mr. and Mrs. Floyd Fortner and Lawrence Taylor attended the Plateau Singing Convention at Lockney Sunday. A number of others from this county were seen there.

### Postal Workers to Hold Joint Meet In Lubbock, July

Several thousand Texas Rural Letter Carriers, Post Office Clerks, and Postal Supervisors, are expected in Lubbock for an annual joint convention, July 3, 4, and 5.

Officials of the three organizations have been at work for the past several weeks in conjunction with Lubbock postal workers and officials of the chamber of commerce there in getting things in shape for the convention.

At the present time the program is virtually complete and several outstanding postal authorities including a representative from the Department at Washington, are expected there for the convention.

### Big Time Expected At Cowboy Meet In Stamford

One of the features of the Texas Cowboy Reunion, to be staged in Stamford on June 26, 27 and 28, will be a roundup and get-together of the pioneer cattle men of the state.

A permanent organization of the old-timers will be formed to hold annual meetings in Stamford. Only those who saw actual service in the saddle and on the ranges of the region prior to 1895 will be eligible for membership in the organization.

The program of the three-day affair will include many entertainment features. On each afternoon a western cowboy rodeo will be staged and an old-fashioned ranch dance will be given each evening.

All early-day citizens of West Texas will be given special invitations to attend the affair and the directors of the offering say that people of all ages and classes will find a full program to interest and amuse them.

The rodeo will be held in a natural amphitheatre a mile west of the business district of Stamford. Comfortable seats will be provided for several thousand and the arena and stock pens have been arranged so as to allow presentation of the contests and exhibitions in a quick and efficient manner.

Much interest in the contests is being taken by cowboys on the ranches in West Texas and indications are that there will be at least 100 entrants in the events, in which attractive cash prizes will be given the winners.

John Deere-Van Brunt  
Double-Disk Grain Drill

### The Proof of This Drill is the Full, Even Stand of Grain You Get

There's no reason for your getting anything less than a 100 per cent satisfactory job of drilling—no need for faulty distribution of seed that leaves bare spots or causes uneven growth to reduce your yield.

With a John Deere-Van Brunt Double-Disk Grain Drill, you can be absolutely sure of accurate planting at even depth for a full stand.

The Van Brunt has the features that insure that kind of work; adjustable gate force feed; metal closed disk boot delivery; special tilting lever, and two sets of disk scrapers.

You'll like this drill's smooth operation, too—it is light draft; has automatic spring lift for furrow openers; and the double drive prevents strain and twist. Its bridge-type construction prevents sagging and buckling.

Call on us and see this popular drill.

**Making Uncle Sam's Submarines Safe for Crews**

Various devices have been adopted by the United States navy for the safety of submarines and their crews. This picture of the new S-29 shows the "pad eyes" near the water's edge. These rings will permit cables to be attached in case of sinking and pontoons will then raise the sunken ship. Other safety equipment on the S-29 includes Momsen "lungs" (quickly attachable breathing devices for the crew), a safety escape lock on deck from which the crew can escape; a marker buoy which will serve as a marker for a rescue ship, and a telephone buoy which also will go to the surface and serve as a means of communication with the crew below.

**Improvements Are Announced for Tri-State Fair**

The Amarillo Tri-State Exposition will be held this year on September 22 to 27, in "dressed-up" surroundings, according to Wilbur C. Hawk, president.

Between thirty and thirty-five thousand dollars will be spent improving and beautifying the home or the exposition before it opens in September. The work is already under way.

Construction of an automobile building—the first permanent structure to be erected—will be the biggest item of cost, but will be smaller than other projects in adding to the appearance of the fair grounds. Contract for this building was let recently on a bid of \$22,034.00.

Specifications call for a building of brick and tile, with steel framework and a concrete floor, making it fireproof. Its dimensions will be 120x150 feet, and so constructed that it may be added to when more room is needed. This building also will house the annual traction and implement show each spring.

The two cattle barns and the hog barn are being enlarged and improved at a cost of approximately \$3,500.00.

But of greater outward attractiveness will be the repainting of all buildings, whitewashing of the race track fence, planting of trees and grassy spots, and other improvements that are under way.

Exhibits this fall will be placed in halls freshly painted white and striped with red, as they were originally painted. The old grandstand and water tower will be included in the campaign to make the fair park attractive. New metal signs already have been hung to mark the entrances to each building, and a new sign has been placed at the entrance gate, announcing the dates of the free fair.

Of no little interest is the new Potter County Zoo, immediately to the left of the main entrance. Altho the zoo is small in comparison with others, it is a new attraction, and now contains 40 or 50 animals. This number will be greatly increased by Fair time. The county has spent \$4,500 on improvements for the zoo.

One of the entertainment features will be the Beckman &

Gerety shows, which are the world's best and they go from Amarillo to Dallas to play the State Fair of Dallas for two weeks, are the main attractions on the midway. Ernie Young's Revue in "Spanish Nights" and Leonard Stroud's Rodeo under the management of C. A. Studer will be given before the grandstand each day and night. Other features will be announced in the near future, but the fair is facing its most successful year, in the opinion of Mr. Hawk.

**FUR CROP IN TEXAS**

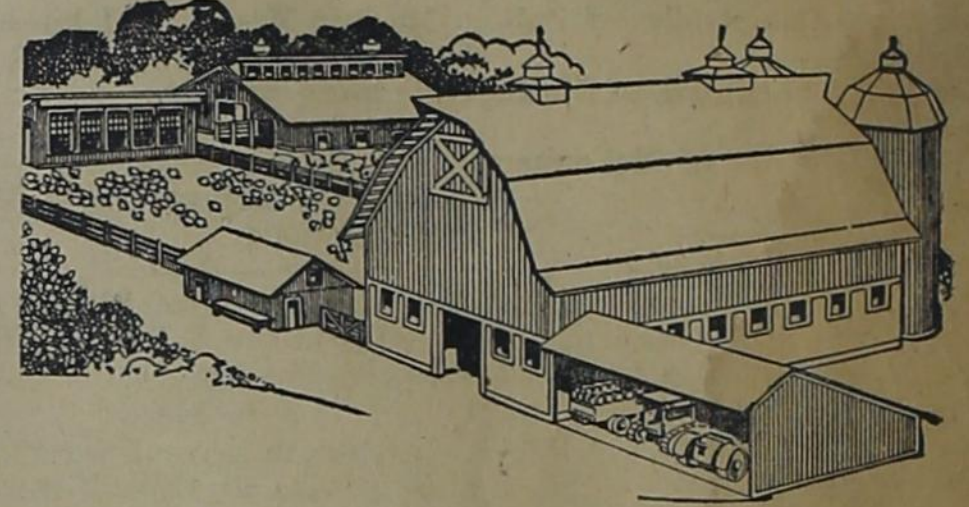

The fur crop of Texas last year was valued at \$3,000,000. About \$2,000,000 of it contributed over \$50,000 in taxes to the state, only pelts of certain of the fur-bearing animals being subject to the tax.

**Improvements at Star Theatre In Hereford**

The attention of News readers is called this week to the advertisement of the Star Theatre located in Hereford. Particular attention is called to the picture booked for next Monday and Tuesday, "The Return of Dr. Fu Manchu." This is a wonderful production, and Dimmitt movie fans are especially invited to see and hear it.

The Star Theatre, among other improvements recently made, has installed 600 air cushion seats, and is advertised now as "the coolest place in town."

stating that 70 per cent of the tonnage, during that period, was moved at this point during the months of June and July.

They further quote, verbatim, an editorial printed in the Castro County News of July 19, 1929, wherein this newspaper took occasion to "Congratulate the Denver" on the efficient manner in which they handled the movement of grain from this point, as compared with the congestion reported from other towns in this section. Attention is also called, in the communication, to the fact that "newspapers carried statements that the bank deposits of Dimmitt were the greatest of any town of equal size in the state."

A letter in reply to the one received, and referred to above, has been mailed to the office of L. M. Hogsett, General Freight Agent, Fort Worth, setting forth further claims and reasons as to why Dimmitt business men wish the differential removed. This last communication was signed by a majority of the directors of the Chamber of Commerce.

It is certain, however, that in the event it is taken before that body, the railroad will present valuminous evidence as to why the differential should not be removed.

**Deaf Smith Plans Big Road Program**  
(Continued from first page)

Hereford civic body, to gravel Harrison highway to a point 24 miles west of Hereford, where it connects with the Adrian highway, which runs north and south thru Deaf Smith County.

Other and extensive plans are also outlined, which do not directly affect Castro County and Dimmitt, but which are vital to Deaf Smith and Hereford.

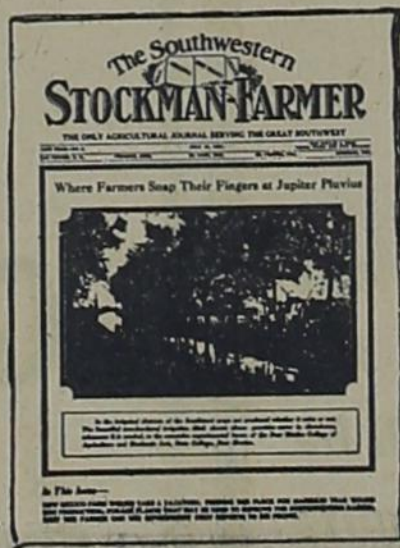

All roads proposed in this program are to be 100 feet wide, and Caliche, found extensively along the right of way, will play an important part in the construction on the roads, and will greatly reduce the cost of them

# The Little Red Hen--

**HARD TIMES** mean nothing to the little red hen. She keeps on digging worms and laying eggs, regardless of what the Newspapers say about conditions.

---If the ground is hard, she scratches harder!

---If it's dry, she digs deeper!

---If she strikes a rock, she works around it!

---But she always digs up worms and turns them into hard shell profits as well as tender broilers. Did you ever see a pessimistic hen?

---Did you ever know of one starving to death waiting for worms to dig themselves out?

**AND THE** above can be applied to a few men in business---men who do not believe in Newspaper Advertising---the recognized legitimate means of publicity, and the proven source of Publicity that pays the greatest dividends when used judiciously and consistently.

---The merchant or other man in the business of selling, or dealing otherwise with the public, who will "Advertise what he sells, and sell what he Advertises, is the man who will succeed in a greater measure than either the unreliable Advertiser, or the one who waits for the public to look him up, without an invitation in said legitimate way!

**After the First Twenty-five Thousand Miles**

THE VALUE of sound design, good materials and careful craftsmanship is especially apparent in the new Ford after the first twenty-five thousand miles. Long, continuous service emphasizes its mechanical reliability and economy of operation and up-keep.

As you drive the Ford through many months and years you will develop an increasing pride in its appearance and a growing respect for the substantial worth that has been built into it. From every standpoint—in everything that goes to make a good automobile—you will know that you have made a far-seeing, satisfactory purchase.

Wherever you go, you hear enthusiastic praise of the car and this significant, oft-repeated phrase—"I'm glad I bought a Ford."

A FORD owner in New York tells of a 13,000-mile trip across the United States and back in sixty days and says "the car was extremely economical to operate, comfortable and speedy." A grateful father tells how the Triplex shatter-proof glass windshield saved his wife and children from serious injury.

To test tires, a large company drove a new Ford day and night, for an average of 500 miles every twenty-four hours. It was still giving satisfactory service after 105,000 miles.

A Ford car that had fallen into Fernan Lake was submerged for twelve days before being raised. After a new battery and carburetor bowl were installed, it was driven back to Spokane under its own power.

Many police departments have written of the special advantages of the Ford in crowded traffic because of its alert speed, acceleration, and ease of control. An increasing number of fleet owners are also purchasing the Ford because their cost figures have given conclusive proof of its economy of operation and up-keep.

In addition to important triumphs in Germany, France and Italy, the Ford won six out of seven leading places in a contest in Finland, first and second in the Rafaela races in Argentina, first and second in the

run from Copenhagen-to-Paris-to-Copenhagen, three gold medals in England, first ranking in the durability test over the tortuous Amancaesca road in Peru, and first place in the 1930 reliability run conducted by the Royal Automobile Club of Sweden.

This contest was an exceptionally severe test of endurance and sturdy construction because it was held in the dead of winter and covered 600 miles of steady running over snow-covered country roads and mountainous hills.

**"I Cannot Praise This Konjola Too Strongly"**

Says Wichita Lady Suffered for Twelve Years From Stomach Trouble.

MRS. DELLA SETTLE

"I cannot praise this Konjola too strongly, because I tried many other medicines and treatments, but none gave the remarkable relief that Konjola did", said Mrs. Della Settle, 1719 Mildred Avenue, Wichita. "I just had to force myself to eat, and nearly everything I ate made me sick. I had cramping pains in my stomach and bowels until I could hardly endure them, and I simply felt miserable all the time.

"Finally I decided to put Konjola to the test. That proved to be a wise decision. Right from the start I noticed improvement. I now have a much better appetite, and meals are a pleasure as food digests without pains or misery in my stomach. My bowels are functioning as they should, and it is certainly a relief to be rid of that tired, worn-out feeling. I gladly indorse this splendid medicine that restored my health."

Konjola has become the most talked of medicine in America because it makes good. And Konjola makes good in the most stubborn cases when given a fair trial and from six to eight bottles are used.

Konjola is sold in Dimmitt, Texas, at the Gunter Drug Store and by all the best druggists in all towns throughout this entire section. (adv.)

**TEXAS COTTON IN 1929**

Of the 1929 cotton crop totaling 14,821,499 bales, Texas produced 3,900,000—more than 2,000,000 bales ahead of the next state, Mississippi, with 1,915,000 bales.

**Thrills Promised at Lubbock Sunday**

Thousands of people are expected to witness the hill climb at the Johnston Ranch, Southeast of Lubbock, under the auspices of the Lubbock Motorcycle Club, on June 22. Thrills and spills are promised the spectators.

The hill climb has the sanction of the American Motorcycle Association and a large number of professional riders representing motorcycle manufacturers and distributors are expected there for the event.

Three divisions of the contest with attractive prizes in each have been made, one being for the novice, the second for the expert and the third for the professional.

The hill to be used in the test is 300 feet long, 150 feet high with a 50 per cent grade.

Wade Anthony of Lubbock is president of the Lubbock Motorcycle Club which has approximately forty members. Glenn D. Chase is the official representative there of the American Motorcycle Association, and is to be the referee for the hill climb.

**CARD OF THANKS**

**TO THE VOTERS OF CASTRO COUNTY---**

Since withdrawing from the Sheriff's race some time ago, I have been solicited by many of my friends to re-enter, and, having disposed of my real estate and insurance business, I have decided to make the race, and this announcement is made for the purpose of informing the voters of Castro County, that I will be a candidate for Sheriff-Tax Collector of this County, subject to the Democratic Primary on July 26.

I will make the race upon the platform originally announced by me several months ago. If elected, I will fearlessly and without partiality, conduct the office, to the best of my ability, showing no favors, and promise to be watchful upon all violations of the law in this County.

As announced when I withdrew, I was favoring no party or parties remaining in the race, and in re-entering, I feel that I am not violating any trust or promise. Running strictly upon my merits and reputation as an officer and citizen, I respectfully solicit your vote.

## INITIAL LADIES NIGHT OF LIONS WAS SUCCESS

First Ladies' Night Opens With Quiet and Closes With a Bang Monday.

Dimmitt Lions, 18 in number, with ladies, gave their first ladies' night program Monday in the basement of the Baptist church.

Presided over by Boss Lion Chas. H. Dean, a program prepared by a committee composed of Lions Singer, Medkief and Smith, opened promptly at 8:20 with invocation by Lion Avery.

Then a sing-song by the club and visitors, followed by the Lions themselves. During the banquet two well-rendered readings were given by Miss Anna Bee Huckabee, daughter of Lion and Mrs. Bert Huckabee. This was followed by the Boss Lion, who explained "Why We're Here", after which the Lions Trio, composed of Lions White, Brooks and Pennington, rendered their famous "Goat Song." The "Relationship Between the Chamber of Commerce and Lions Club" was the subject of a short talk by Lion Smith, president of the chamber of commerce.

A "Business Talk" by Lion Carlos Reynolds, who with several others, didn't know their classification, was interesting until a bottle of high explosive "medicine" was dropped on the floor by Lion Singer, his confederate, and a loud pistol shot, fired by one Lion Charles Wilson, broke up the meeting.

The News representative failed to get the particulars centering around certain excitement at the first table, early in the evening, in which Lion "Duck" Boswell was vitally concerned.

Those present were Lions Dean and wife, Woodlee and wife, Pennington and wife, Stringer and wife, Huckabee and wife and Anna Bee, McLean and wife, Boswell and wife, Brooks and wife, Baxter and wife, Reynolds and wife, Avery and wife, Medkief and wife, Trimble and wife, Stephens and wife, Smith and wife, White, Singer and Wilson.

Two members absent and three on vacation for summer was the attendance report.

Ladies Thank Lions  
A number of the ladies have asked the News to extend their thanks to the club for the banquet and entertainment given in their honor, and which is a regular quarterly feature of the club's activities.

To Panhandle Tuesday  
The following went to Panhandle Tuesday, where they at-

tended a district banquet, and discussed with other clubs of the Panhandle, representation at the National Lions Convention in Denver, Colorado, next month: Messrs. and Mesdames Chas. H. Dean and Ernest Medkief.

Not Enough Equipment Judge—The two men were fighting with chairs. Didn't you try to establish peace?

Witness—No, there was not any more chairs.
