

James D. Redwine Is Liberated From Jap Prison Camp

Pvt. James D. Redwine, son of Mr. and Mrs. George Redwine, of Portales, N. M., has been liberated from a Jap prisoner of war camp.

Mr. and Mrs. Redwine, former Dimmitt residents, were notified of their son's release this week when they received a telegram from him from Calcutta, India, where he had been taken following his release from a Jap prison camp presumably in Burma.

Pvt. Redwine declared in the telegram that he was in good health and that he expects to be sent home soon. He had been a prisoner of the Japs for the past three years and six months and was a member of the "Lost Battalion" which was captured when the Japs overran Java.

The news is indebted to Mr. George Redwine for the information about his son's rescue, which was disclosed to us today in a telephone conversation originating from Portales.

HART NEWS

Mr. and Mrs. Ewell Jobe and Mrs. Ella Hankins were in Dimmitt on Monday.

Mrs. Wood will leave this week to teach again in the schools of Plainview. Mrs. Wood teaches Public School music.

A daughter was born to Mr. and Mrs. Glen Maples Aug. 24 in the Cogswell Hospital in Dimmitt. They are now at home south of town.

Joe Newman of the U. S. Merchant Marine is spending some time at home with his parents while he nurses an injured foot.

Miss Dudley Sue Dinwiddie who has been employed in Denver spent Sunday with her parents. She will return to her home in the public schools. Other guests for the week end in the Dinwiddie home were Mrs. Earline Lane Young of Levelland and Miss Longene January of Claude.

Roy Cluck is doing federal jury duty in Amarillo this week.

Quite a few of our people attended the picnic at Nazareth Sunday.

Mrs. Roy Pyeatt, Royce Lynn and Jon have returned from a short visit with relatives at Chillicothe.

Born to Mr. and Mrs. Travis Jobe on Sept. 3 in Tulsa, a son.

The Hart Public Schools will open Thursday Sept. 6 for enrollment and assignment. Regular classes will open on Monday following.

We are beginning with a full faculty of well trained teachers, adequate bus facilities, well organized school lunch program. A new teacherage has been built and the old one remodeled. Improvements have been made in the water and sewage system. Brick is on the ground for additions to the class rooms and a work shop and lunch room. We have some new territory and addi-

WAC Technician With Engineers

MANILA — Crack stenographer of the Engineers at a busy New Guinea base is WAC Technician Fifth Grade Lucile Dyer of Dimmitt, Texas. Because of her efficiency, Cpl. Dyer has been chosen to accompany Engineer Inspecting Tams which make important surveys of engineer theatre stock.

Cpl. Dyer, who is the daughter of Mr. and Mrs. Press Dyer of Dimmitt, is only one of three members of the Dyer family now serving overseas. The others are her brother, Pvt. Jimmie F. Dyer with the Marines in Okinawa and sister, Technician Fifth Class Billie Dyer, with the Women's Army Air Corps in France. Cpl. Dyer is a graduate of the Dimmitt, Texas High School, and has studied home economics at West Texas State State College in Canyon.

Before she joined the Women's Army Corps, Cpl. Dyer was employed by Terrill's Laboratory in Amarillo, and by the Douglas Aircraft Company in El Segundo, California.

May Resigns As Castro County Agricultural Agent

Monroe U. May for the past five years county agent of Castro county has resigned as agent of Castro county to accept a similar position as county agent of Lamar county at Paris, Texas.

Since Mr. May has been county agent Castro county club boys have established one of the best records in the state of Texas, as four boys have won the trip to Chicago and the 4-H boys have also won many of the prizes at livestock shows with their hog and calves all over the state. Mr. May in working with the farmers introduced registered Jersey cattle in the county as well as registered Poland China and Chester white hog. Pasture work as conducted in Castro county has also received statewide attention and these efforts can be attributed to the encouragement and leadership of Mr. May.

In leaving Castro county, Mr. May stated that he thought Castro county has one of the brightest agricultural futures of any county in Texas and that the good people of Castro county should be justly proud of such a rich agriculture county and try to improve upon it each year.

Mr. May stated that he thought Castro county has one of the brightest agricultural futures of any county in Texas and that the good people of Castro county should be justly proud of such a rich agriculture county and try to improve upon it each year.

New County Agent Named

Announcement was made last Monday by the Castro county Commissioners Court of the appointment of R. L. King, county agent of Scurry county to succeed Monroe May as Castro county agent.

Mr. King was presented to the Court by W. N. Williamson, district agent of the Texas A. and M. College Extension Service. Mr. Williamson stated that Mr. King had made one of the best records in west Texas as a county agent and that he was proud to offer him to Castro county.

Mr. King, age 31, was born near Floydada and graduated from Texas Technological College in 1938 with a degree in Animal Husbandry. Mr. King taught Vocational Agriculture at Quitaque for three years, at Littlefield 3 years and has served as Assistant County agent of Scurry county during the past two years. Mr. King has done outstanding work with 4-H club boys as well as beef cattle, dairy cattle, swine and pastures. According to Mr. Williamson he is particularly well qualified for work in Castro county as he is interested in a diversified type of farming and is familiar with all types of livestock.

Mr. and Mrs. King are members of the Methodist church. They have two daughters, ages four and one. They are expected in Dimmitt around September 10, when he will assume his duties.

Local Man Is Member of Famous Squadron

Billie Joe Rothwell, 22, aviation radioman, first class, USNR, son of Mr. and Mrs. E. R. Rothwell, Dimmitt, Texas, crewman on an Avenger torpedo bomber of Composite Squadron 93, has returned to the States after completing 45 missions in the Pacific.

His squadron, composed of fighter and torpedo planes, was the first to "double in brass" on bombing strikes, using fighter pilots to fly torpedo planes at Okinawa and the Jap home islands. Seventeen Jap planes were downed in air combat, 52 shot up on the ground, and an array of gun positions, ammunition dumps, radar stations and troop concentrations were destroyed.

The group amassed more than 2,370 sorties, expended 450,000 pounds of bombs, and lost only two aircrews during their entire tour.

Anderson-Fowlkes Vows Read Aug. 19

Miss Sara Anderson, daughter of Mr. and Mrs. H. W. Anderson of Aspermont, and Monnie Fowlkes, son of Mr. and Mrs. M. H. Fowlkes of Dimmitt were married Sunday, August 19, at St. John's Methodist Church in Lubbock. Rev. A. W. Hall of Lubbock read the ceremony.

Palms, candelabras, and gladiolas decorated the church. Mrs. Irvin Pearson of Lubbock accompanied Miss Juanita Singer of Dimmitt who sang "Because". Miss Shirley Womack of Dimmitt, former roommate of the bride, was maid of honor. She wore a gray gaberdine suit with black accessories and a corsage of white carnations. Jack Wolfe of Memphis was best man. Miss Aillene Moseley of Pampa and Mrs. Adrien Lott of Rule were candle lighters.

Given in marriage by her brother, Judge Roy G. Anderson, the bride wore a light pink crepe dress with white accessories and a pink crown of carnations. She carried a white Bible topped with an orchid corsage.

The bride attended Texas Tech. for three years where she was a member and officer of Las Vivoras social club, Book Reviewers, Home Economics Council, Association of Women Students' Council, and president elect of Women's Dormitory No. 11.

The bridegroom is a graduate of Texas Tech. where he was a member of Student Council, Fair Beta Pi, Alpha Chi, Who's Who of American Colleges and Universities, Engr. Society and a photographer of the La Ventana.

Short Cuts Save Time in Pickle Making

FULL-FLAVORED pickles can be made in a few hours. By the time you want to serve them, these pickles at club meetings next winter will be as spicy and sharp as you like them. "With individual sandwich loaves, other relishes and coffee you'll have the tempting afternoon snack picture above. Decorate plates with slices of green pickle."

There's a short-cut method for pickles," she writes in the magazine read by 1,250,000 farm families. "It calls for shorter drainage and cooking time, less cooking liquid and uses distilled white vinegar as the preservative. Recipes developed with the new method require little sugar. "For cucumber pickles made this way the brining period is omitted entirely. Vegetables for relish are salted down, then drained only 2 hours, then the cooking period is shortened and the amount of spice-vinegar solution decreased. "The pickles may taste rather mild when first packed. But flavor

continues to penetrate during storage. By the time you want to serve them, these pickles at club meetings next winter will be as spicy and sharp as you like them. Frozen Lemon Pie Is Toothsome Dish

FROZEN LEMON PIE is a toothsome dinner dessert for the family that's been working hard all day, says the Country Cooking editor of Capper's Farmer. Graham cracker crumbs are crust and topping for the chilled yellow filling, she writes in the nationally circulated farm magazine. Pie-shaped pieces are made by cutting diagonally across the refrigerator tray in which pie is frozen. The dessert which will be an ever-popular family favorite, serves 8. The Capper's Farmer expert advises:

Beat egg yolks; add lemon juice and piece of rind sliced from lemon and all but 2 tablespoons of the sugar. Cook over low heat 15 minutes, stirring constantly. Remove rind and cool. Beat egg whites until stiff, add remaining sugar and fold into cooled mixture. Add whipped evaporated milk. Let refrigerator tray with waxed paper. Sprinkle with 1/2 cup of the crumbs. Pour in lemon mixture; sprinkle with remaining crumbs. Freeze with temperature set at coldest. Serves 8.

Home Decorating Is Fun for Farm Families

TIPS for other homemakers may be found in the interior decorating hobby shared by Mrs. Louis Heidbrink, Sr., and Mrs. Louis Heidbrink, Jr., a mother and daughter-in-law team, writes Joan Miller in the Rural Home department of nationally circulated Capper's Farmer. They live next door to each other in LaPayette county, Missouri. Just across the driveway from the parental big house is a smaller one built by the Heidbrink's only son for his bride before they were married. A shingled bungalow, it is modern throughout. "The women started their decorating hobby by working out modern rooms for the small house," writes the Capper's Farmer expert. "Then convenience and charm of the big house came in for a boost. "An attractive back porch was made for the big house with chairs and a double set, bright with yellow enamel. This enjoyable place is just off the kitchen where Mrs. Heidbrink, Sr., can carry small kitchen jobs or rest and cool off. Furniture was built of lumber from sliding doors taken out of an arch between living-room and dining-room. "Modern design is carried out in the Louis Heidbrink, Jr., master bedroom. In the corner with adjoining windows he built a graceful dressing table, shelves underneath. Painted with pink enamel, it has a hollowing white organza skirt, matching curtains and lamp shade. A Hollywood bed resulted from back-swinging head and foot from an old iron bed."

Born to Mr. and Mrs. Jim All-dridge in the Cogswell Hospital, Sept. 5, a baby boy weighing 7 1/2 pounds.

Mr. and Mrs. W. A. Burdine of Hart are moving to Lubbock this week.

Mr. Arch Johnson, who has been seriously ill for the past several weeks was able to return to his home in the Flagg community this week.

Mrs. Clarence Wood returned home from the hospital, Monday. She and the baby are reported as doing nicely.

Freezing Cooked Foods Solves Homemaker's Problems

Mrs. H. F. Lathrop (left), Allen county, Indiana, homemaker, empties frozen soup into the cooker well of her electric range for a quick snack. Meals made up of frozen foods give her extra holidays from the kitchen. Mrs. L. A. Spencer (right), Van Buren county, Michigan, has just unwrapped one of her frozen pies from the reach-in freezer. The other is still in its heavy waxed-paper covering. When baked, these will be a tempting dessert.

FREEZING cooked foods solves many problems for busy farm homemakers, advises Joan Miller, Rural Home expert of nationally circulated Capper's Farmer. "Harvest hands want Sunday dinners every meal," she writes in the farm magazine. "If you're short of help in the kitchen, it's hard feeding them. When farm women hold a 3-day meeting you would like to go, but Dad and the youngsters can't cook for themselves. Every day you wish you could shorten the time spent preparing meals. Freezing

cooked foods solves all these problems, according to representative farm homemakers." Short-notice meals for extra help on the farm are easier to prepare with plenty of baked things in the home freezer. Mrs. Miller points out. Another big advantage is that home freezers make it possible to get the most out of food at the best stage. Cooking large amounts of foods and freezing them at one time for future meals is a time and labor saver for many farm women. As one homemaker put it: "Cooking has

to be done some time; with a home freezer, work can be distributed to make the farm woman's life a bit easier." The approximate lengths of time farm women have kept cooked foods frozen are: red beans, 2 years; pastry shells and pies, 1 month; cookies, 6 months; bread 6 weeks; rolls, 2 months; cakes, 2 months; baked beans, 2 months; left-over meats, 9 months; baked ham, 3 or 4 months; tomato juice, 9 months; soup stock, 9 months; and wheat cereal, 2 months.

Virgie Eva Cooper returned home Thursday after a three months vacation in Portland, Oregon. She has been visiting in the home of her uncle and aunt, Major and Mrs. Norris Lineweaver.

McCORMICK-DEERING
BIG BALL TWINE

Treated Against Destruction by Insects

Place Your Twine Order Now

YOUR order for binder twine, if placed now, will greatly help us to give you better service. Come in and tell us how much twine you will need. Figure your order on the number of acres you expect to harvest, estimating that it will take about 2 1/2 pounds of twine per acre.

This will enable us to get your order in to the Harvester Company early, and will protect you in case we should order short of the local demand.

Also, if we have the binder twine business settled early, we will be able to give you better and faster emergency machine repair service at the busy season if you need it in a hurry. Help yourself to better service by ordering your twine now!

We have 2 ten foot Power Binders left

Hays Implement Co.

Your McCormick-Deering Dealer

Dear Friends

We can never know

How much we owe

To those around us

Until afflictions comes

How I wish to thank you

For every kind thought

And expression of interest

During my illness.

And want each to know

There is a rose of Friendship blooming

In Life's garden all year through

Tis a rose that God has Planted

IN THE HEARTS OF FRIENDS LIKE YOU.

Sincerely yours,

C. W. BOOTHE
