

Paul Hilburn Next School Chief Here

Mr. Paul Hilburn was named Monday as successor to R. S. Vestal, superintendent of the Dimmitt Public School System.

Vestal retires this summer and the school board named Mr. Hilburn, presently High School Principal, to the post at its regular meeting Monday night.

The selection of Mr. Hilburn came on the heels of a formal announcement early this month of Vestal's retirement.

The High School Principal came to Dimmitt from Evant, Texas, where he had been superintendent for eight years. He began his office here at the first of this school year in September.

Hilburn has been for twenty-two years either in school teaching or in some form of administration. Before becoming superintendent at Evant, he spent three years going between schools as a representative of the Texas Education Agency. Before that time he had been a classroom teacher for ten years.

He holds a master's degree (1948) in school and administration from Texas A&M and bachelor of science degree (1937) from the same college.

His wife, Mrs. Louise Hilburn, teaches seventh and eighth grade English. Mr. and Mrs. Hilburn have four children, Paul, Jr., a freshman student at A&M, Jean 16, Kay, 12, and Lynne, 3. Mr. Hilburn said this week that he and his family were enjoying living in Dimmitt and he was happy for the opportunity of serving the Dimmitt School system as superintendent.

"My first objective will be to strengthen the curriculum in line with the policy of improvement that exists here and other Texas schools," Mr. Hilburn said. "It is my hope that we can considerably strengthen both our vocational and college preparatory facilities in the future. This would be my aim regardless of the schools' academic level because we are living in a period that all schools, no matter how good are bad, must be improved as speedily and efficiently as possible."

Paul Hilburn

State Farm Bureau Chief To Visit Here

J. H. West, Texas State Farm Bureau president, will be in Castro County, Wednesday, March 4, for an informal meeting with local bureau directors and guests.

The meeting will feature a supper held at the Farm Bureau office. This is one of the rare occasions when the local Bureau has the opportunity of being host to its state president, officers of the organization said this week.

School Board Candidates Should File Names or Petitions by March 4

The names of any candidates for school board elections—city or county—must be announced by March 4th.

A new statute concerning school board elections states that candidates must either announce their candidacy or their friends must present a petition that their name be placed on the ballot, either of which must be done 30 days prior to the election.

The elections will be held April 4th at the usual places.

Elections to fill vacancies in the school boards of Hart, Nazareth and Dimmitt will be held plus the county board of trustees.

The terms of Jim Elder and J. G. Davis expire this year on the Dimmitt school board. The only candidate for these positions by late Wednesday was Woodrow Killingsworth. Others on the Dimmitt board are M. E. Cleavinger, James Bradford, R. E. Hendrix, Norris Wesson, and H. C. Nelson.

Terms expiring on the Hart board are those of Lynn Reed and Buster Aven. The other five trustees are R. G. Henderson, Jr., Rodney Smith, Lorenzo Lee, Milton Sharp and Eld Bennett. No one has yet filed for these two vacancies.

Leaving the Nazareth board are Vincent Bradlock and Leo Dohmeyer. Their other five trustees are Leroy Pholmeier, Val Acker, R. E. Steffan, Francis Wilhelm, and James Schwallier. Candidates for these two positions are George H. Brook and Andy Schumacher.

The county board of trustees,

which is the central agency of the three school boards in Castro County, has three of its trustee positions expiring. They are E. H. Youts of Precinct No. 3, Andrew Acker of Precinct No. 4 and Lester Dowell, trustee at large. The other two members of this five-man board are Percy Hart of Precinct No. 1 and C. W. Anthony of Precinct No. 2. No one has announced for these expiring positions as yet.

Announcements of the polling places and a reminder of the election will be carried in the Castro County News edition of Thursday, April 2.

White's Store Buglars Caught Within Minutes

Three Latin-American men were captured by city police Saturday night shortly after they allegedly broke into the White's Auto Store in Dimmitt.

Apprehended were Apollinar Puentes and two brothers, Enrique and Domingo Costello.

Night City Marshal Jim Gillespie captured Puentes after a hectic back-alley, lights-out chase that ended in the northwest part of town. Gillespie started after Puentes when he noticed the latter acting in a suspicious manner. After the wild chase he jailed Puentes.

Meanwhile W. W. Jones, the daytime City Marshal surprised the Costello brothers apparently attempting to break into Piggly Wiggly grocery. He chased them to the rear of Trimble's Barber Shop where one of the boys hid in an old combine there. Night Watchman Irvin Johns and City Fire Chief Willie John Word found the other boy in the vicinity of Dimmitt Implement Company and they were both taken into custody.

It was later found that White's Auto Store had been broken into and all three men confessed to having done the job. They are also suspected of other area robberies.

Everything taken from the White's Store was recovered. This included a 12-gauge shotgun, a rifle, a woman's and man's wrist watch, \$20 in change and \$20 in bills.

The three men were charged with the burglary after the loot was found stashed in some brush across from the store. Jones said entrance to the store was gained through a small rear window, which was broken. He found a button in the store which matched the buttons on a garment of one of the trio charged with the crime.

Domingo Costello presently is free on bond on a burglary charge in Littlefield, and he also was recently convicted of transporting liquor in Farmer county, Jones said.

Dimmitt Firemen Answer Two Calls Sunday Night

Two fires, both Sunday night, caused an estimated \$1,800 damage before being extinguished by the Dimmitt Volunteer Fire Department.

The first occurred on the Lynn farm about ten miles north of Dimmitt when a fuse box apparently short circuited and rounded through the stucco reinforcing wire on the side of the house. The local fire department was able to extinguish it with carbon dioxide fire extinguishers.

The firemen had just returned to Dimmitt and were putting their equipment away when Dimmitt Fire Chief Willy John Word saw a light in Roney's Steak House late nearby. They rushed over and put this fire out. Early estimates were that about \$1,500 in smoke and fire damage was done to food stored in the relatively fireproof masonry building. The fire apparently started in the safe's storage and heater room. There was no water damage. The fire was first seen about 1:15 p.m.

Legion Postpones Pancake Supper

The American Legion Pancake Supper has been postponed until Saturday night, March 7. It will be held in the Grade school cafeteria from 6 to 8 p.m. Cost is \$1.00 per plate and proceeds will go towards paying off indebtedness of the Legion building.

Last Rites Held In Amarillo for Mrs. Binzenger

Mrs. Anna H. Binzenger, 79, formerly a resident of Nazareth, died in St. Anthony's Hospital in Amarillo at 1:15 p.m. Saturday.

She had been making her home recently with a daughter, Mrs. R. G. Frazier of 3604 Rusk in Amarillo.

Mrs. Binzenger was born September 16, 1880 in St. Stephens, Nebraska.

Surviving besides the daughter in Amarillo are two other daughters, Mrs. Mike Connelly of Amarillo and Mrs. Rose Pyles of Wichita Falls; and a son, James Binzenger of Borger; 15 grandchildren and eight great-grandchildren.

Funeral services were conducted at 10 a.m. Tuesday at the Holy Family Church of Nazareth with Father Peter Morsch officiating. Interment was in the Holy Family Cemetery at Nazareth under the direction of the Dennis Funeral Home of Dimmitt.

New Colored Church Building Started Here

Dimmitt Church of Christ is furnishing labor and materials for a new colored church in east Dimmitt.

To cost an approximated \$3,000, the new church will be under the leadership of the Church of Christ. Members of that church have been teaching before colored audiences for the past several months.

The building will be 28x50 feet and will be frame stucco. The minister is H. I. Sellers, who is stationed with the Air Force at Clovis, New Mexico. He will preach to the congregation of about 30 on Wednesdays and Sundays. Completion date is expected in about three weeks and it will be located at 301 Northwest 7th.

Bobcats Bid for Regional Saturday

The Dimmitt Bobcats mowed down the Abernathy Antelopes Tuesday night and copped the bi-district championship of Districts 1-AA and 2-AA.

This win set them up for a game at 11 o'clock Saturday morning (February 28) with the Granbury Pirates, winners of bi-districts 7-AA and 8-AA.

This game will occur at the Municipal Colosseum in Lubbock where regional winners in classes

A, AA and AAA for this general area will be selected by survival of the fittest in a nine-game tournament.

Three games will be played in the AA division. Two will be the preliminaries between Dimmitt and Granbury and between Stamford and Seminole. The third game will pit the winners of the first two against each other to see who will make the trip to Austin the following week end for the all-state

championship endeavor.

The championship playoff game will be at 8:30 Saturday night, according to information received here. The AAA playoff game will be Saturday afternoon and the A championship game will be early in the evening to be followed by the AA playoffs.

Granbury has a 19-7 season record and Dimmitt has a 26-5 situation, meaning that although

Dimmitt might be slightly favored, there's not much difference in the teams, average-wise.

In Tuesday night's action, Dimmitt smothered the Abernathy Antelopes under a barrage of sure-eyed basketball shots to win 78-56.

Hal Rateliff dropped in an amazing total of 24 points to lead the scoring.

Dimmitt was never in trouble as they led 17-11 at the first quarter; 44-20 at the half; and 65-37 at the end of the third quarter.

The Antelopes jumped into an early 8-6 lead but after Dimmitt tied them at 10 points they fizzled and were never able to get close again.

Other Dimmitt scorers were: Smithson, 11; Gregory, 13; Coffey, 11; and Curtis, 11.

Official Publication of Castro County, Texas

THIRTY SECOND YEAR DIMMITT, CASTRO COUNTY, TEXAS, THURSDAY, FEBRUARY 26, 1959 12 PAGES—NUMBER 18

Producers Would Take Milo Controls

Castro County Grain Sorghum Producers, crowded into the District Court Room Tuesday afternoon and voiced heated disapproval of the current low price support on their crop. They also gave free reign to their national organization officials to do what they could about it.

According to Bill Nelson, Agricultural Economist and Executive Vice-President of the Grain Sorghum Producers Association, the main three points of the meeting that were brought out was (1) that officials of the organization were to work towards getting milo put on the same basis as corn with or without adjustment according to food value; (2) that producers were willing to take acreage controls on grain sorghum if it would help them receive higher price supports and (3) that

officials were handed blanket permission to bargain with the Department of Agriculture and through congressional channels for the best deal obtainable for producers. Other matters were discussed, but officials considered these most important.

The two-hour meeting was emceed by Hugo Byers, local grain sorghum producer, and he introduced the two principal speakers for the afternoon—Nelson and Frank Moore of Plainview, president of the Producers Association.

Moore was emphatic in his defense of the grain sorghum producer. "This drop in price supports by the Department of Agriculture will mean a loss of between \$66 and \$67 million this year," he emphasized.

"We realize that with 80 mil-

lion acres of feeds—corn and grain sorghums—being currently produced in the United States, we are headed for more and more surplus. But grain sorghums have a highly important place in the livestock and commercial use picture and yet they are priced far below corn. We contend this is an unfair situation that should be rectified."

Moore, who has made numerous trips to Washington on behalf of Grain Sorghum Producers, held out little hope for corrective legislation for the year. "About all we can do is try," he said, "but the chances are very slim. We have a good chance for next year, but it looks like we are stuck with \$1.27 maize for now."

He also went on to generalize about the grain sorghum picture. "We will need fifty percent more

grain production by 1975 if present trends are maintained," he said. "and even now our overproduction, without acreage controls, is only eight percent. This small over-production is causing us much trouble right now. What we must do is instigate and maintain a realistic operative program to hold us until the market will stand on its own two feet."

Moore also hit upon his idea for a acreage layout program to control farm surpluses. This proposal was said to be based on 20 percent acreage cut in overall farm operations, high-level price supports and no individual crop acreage controls.

The meeting was from 2 to 4 p.m. Tuesday, and was one of the best turnouts ever seen by the organization on a local level. Most of the turnout was considered due

to the low price support of grain sorghums. The present support is \$1.52, or 60 percent of parity which has been set at \$2.54 per hundred. Castro County farmers will realize a net of about \$1.27 per hundredweight. Deductions from the \$1.52 for mid-September run like this: 1 cent service fee, 16 cents storage until March 30 and 8 cents freight adjustment.

Low Maize Prop Hit by Farm Bureau Chief

According to officials of the local Farm Bureau president, J. H. West, has sent the following telegram to Secretary of Agriculture Ezra Taft Benson in protest to the lowered price support placed on grain sorghums:

"Cut in price support to 75 percent of corn came as a shock to the sorghum growers in Texas. Farmers are hurt. Sorghum Growers realize that milo must compete with corn, and that adjustments have to be made when prices are out of line. However, this cut in support price in one year makes adjustments difficult to producers and imposes severe hardships on them. It also fails to take into account the policies of the past in your department. It will encourage the production of corn in uneconomical areas, which is contrary to your philosophy. Also, it will reverse the normal flow of corn from the corn belt. I urge you to reconsider this action."

J. H. West, President
Texas Farm Bureau

Family-Type Farm Delimma Growing Serious Says Dickie

"Regardless of what we might want to do or what we think should be done, we are saddled with an administration that is not beneficial to agriculture and they will not change their program."

So began a scathing attack on the Department of Agriculture Tuesday night by Alex Dickie, Jr., president of the Texas Farmers Union.

Dickie was talking before an assemblage of about 20 farmers from the Dimmitt area and about 30 from Lazbuddie, Earth, and Hart who had attended an organizational meeting of the Farmers Union in Dimmitt.

In outlining the Farmers Union program to the prospective mem-

bers, Dickie went on to explain that "Texas Farmers Union needs more members. We have been told this by Lyndon Johnson and many other government officials. By strength of numbers we hope to be able to start a farm movement that will force the federal government eventually to set up a farm program that will benefit the nation's farmers and the nation's general economy as well."

"We have to have a government program," Dickie said, "because without a government program we have no bargaining power and without bargaining power the family farm unit will be stripped of its earning power and small farmers will have no other course but

to leave the farm."

Dickie also commented on the surplus situation. "So long as this great country of ours continues to produce at its present tremendous pace we will surely have trouble disposing of our surpluses. But this can be done. It's a problem of economics and trade that must be solved. I maintain that so long as we have hungry people in the world today our problem is not overproduction, but underconsumption."

"The Farmers Union has continually waged a battle against weakening the government farm program. The real troubles of farmers started back in 1952 when we went to flexible price controls

The Farmers Union fought this because we knew once they were lowered they would never again be raised. And we're going to have these same problems for at least two more years, or until the next Democratic administration is elected."

Dickie also stressed the idea of equality of agriculture among other industries. "They say we oversubsidize agriculture," he said, "yet every other major segment of our economy is just as much or more subsidized as agriculture."

"The greatest job of propagandizing ever fostered on the American Public has been by industry and others who have maintained (See Dickie, Page Two)

Last Rites For Infant King Baby Held Here Sunday

Last rites for Charles Harman King, infant son of Mr. and Mrs. Dale King of Dimmitt were held Sunday afternoon at 3 p.m. in the Assembly of God Church in Dimmitt.

Rev. D. E. Buchanan, pastor of the church, officiated. The baby was born early Saturday morning and died about 6:30 on the evening of the same day, having lived about 18 hours. Interment was in Castro Memorial Gardens under direction of Dennis Funeral Home.

P-TA To Observe 'Back to School'

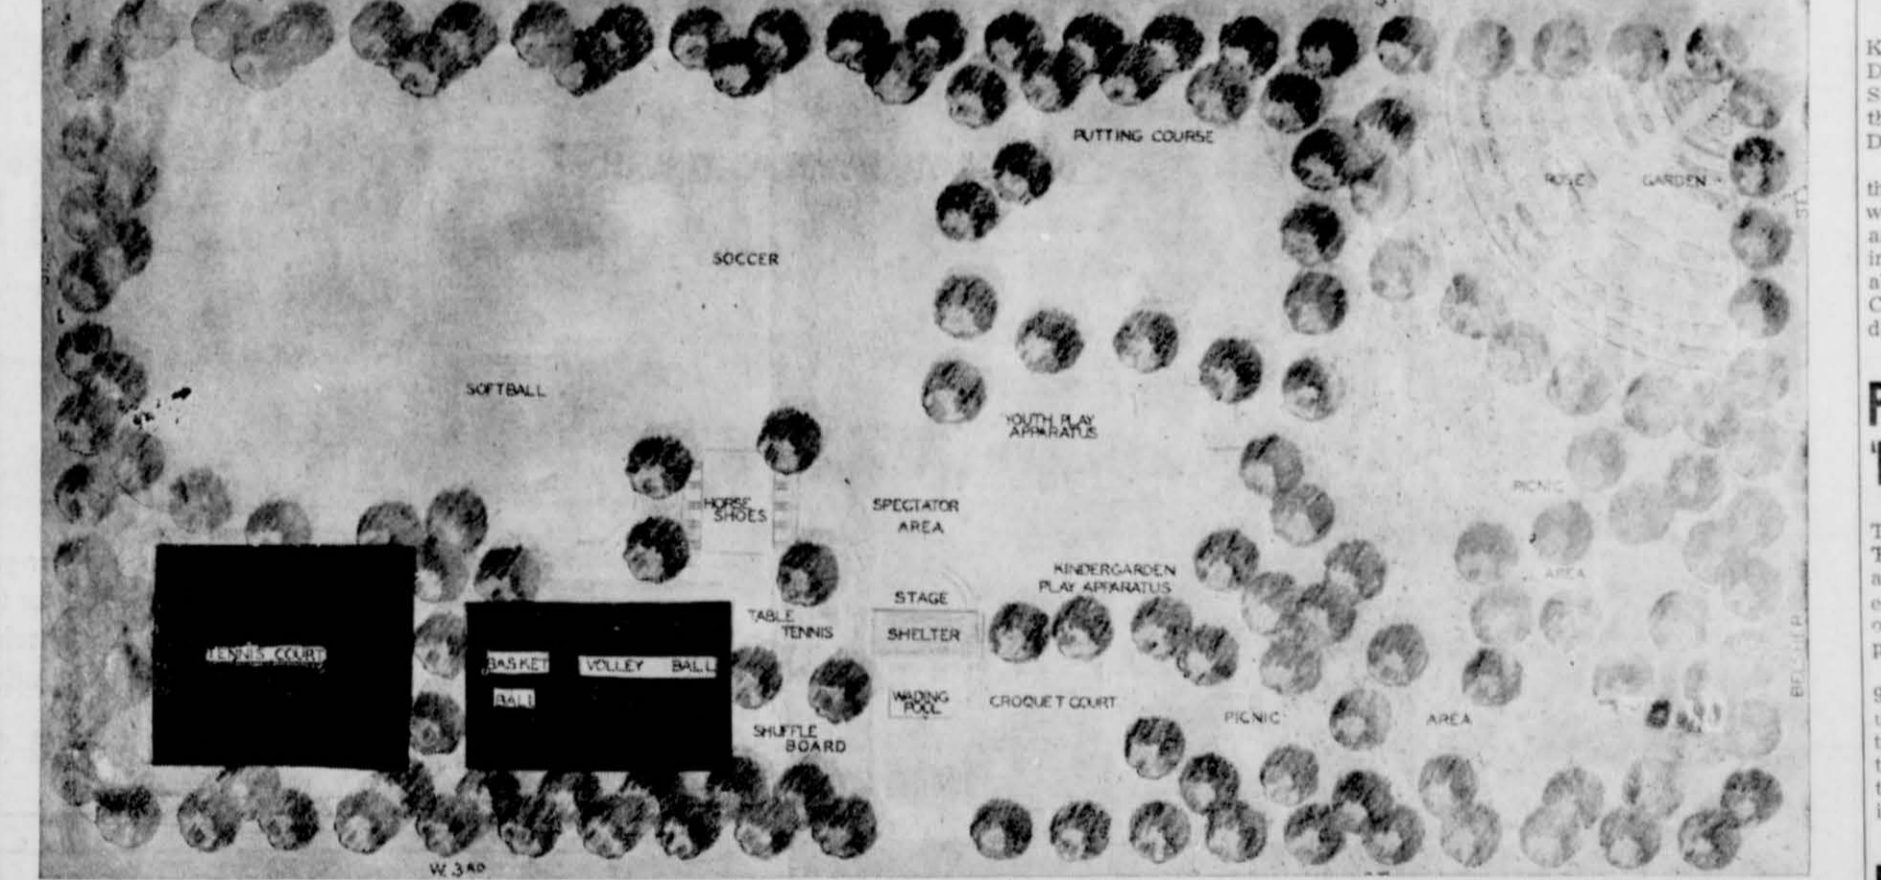

Parents attending the Parent-Teachers Association meeting on Tuesday night, March 3 will have an opportunity to meet the teachers, principals, superintendent, and other school officials as part of public schools week.

The meeting will be from 7 to 9 p.m. and the business session usually held will be given over to visiting teachers in their respective classrooms. Everyone, whether they have children or not, is invited.

Petition Names E. B. Wright as Mayor Candidate

A petition of twenty-five names has been submitted to City Hall asking that Mr. E. B. Wright be placed on the ballot for the mayor's post, soon to be vacant when the term of Joe Cowen ends. This is the first name to be placed in nomination for the post. March 1 is the deadline for filing and the election will be held the first Tuesday in April.

In Denver Mrs. Pearl Sheffy and Mr. and Mrs. Goodwin Miller are in Denver this week visiting Mrs. Sheffy's daughter and family, Ann and Brian Webster.

NEW FACILITIES—This is the layout of the Dimmitt City Park. In the lower left hand corner are dark areas designating where the new tennis courts, basketball court and volleyball courts will be located. The project is planned for completion about June 1 and work has already started. The right hand side of the above drawing is the north end of the park.

City Starts Work on New Sports Facilities at Park

Dimmitt tennis enthusiasts will have a place to practice their sport this summer. And so, for that matter, will those who like an occasional volleyball or basketball game.

Work on asphalt-topped courts for these three sports has already begun and is expected to be finished at least by June 1. They will be located at previously-appropriated spaces in the Dimmitt City Park and will be open to the general public.

Cost of the operation is expected

to approach \$5,000, depending on the amount of volunteer labor available. This money comes as the result of a bond election held three years ago which authorized the park and its facilities.

Specifically, two tennis courts, two volleyball courts, and one basketball court will be constructed. Metal and wood equipment for these facilities is already on hand and remaining to be done at this time is the task of preparing the base and spreading the 230 tons of "Flexmix."

Flexmix is a specially prepared asphalt substance that comes loose to be spread over an outside area. It is made especially for outdoor sports courts and is similar to the cold asphalt used to fill holes in pavement. It is spread out on the ground and rolled with a roller which causes it to bond together and "set up" in the form of a tough, pavement-like topping that will not soften even in hot summer weather.

Also to be prepared, but at negligible cost, will be a softball dia-

mond.

This work is being done by the City of Dimmitt through the Parks Board. The asphalt covering is the cheapest and presumably best system on the market.

Coming later on the long-term plan of park development will be a horseshoe court, a wading pool, a stage, croquet and picnic area.

The park, first opened to the public in the summer of 1957, has proven highly popular, especially among the pre-school youngsters of Dimmitt. Used for parties,

picnics, and general outdoor activities, the park is presently equipped only with general playground equipment. The new courts is expected to bring the average age of persons using the park to a higher level until there will be outdoor activities there for all age groups.

According to city officials, the program would cost about \$4,000 if most of the labor involved would be volunteered.

Report Lists 42 Rural Accidents For County in '58

The Highway Patrol investigated 42 rural traffic accidents that occurred in Castro County during 1958, Sergeant D. W. Duggan, Patrol Supervisor of this area, announced today. Property damage accidents accounted for 29 of the total, personal injury for 10 and 3 were fatal accidents. These accidents caused a total property damage of \$25,490.00 with 17 persons injured and 3 lives lost.
In 1958 Texas recorded 1,889 fatal motor vehicle traffic accidents, according to D. W. Duggan, Patrol Supervisor of this area. "53 of these deaths were in cities over 2,500 population while the remaining 1,836 were rural traffic deaths."
The Sergeant further pointed out that these figures were not complete and an accurate account will not be known until about March 15. He estimated that during the final reports are received, the 1958 death figure should be an approximately eight percent less than 1957.
Sergeant Duggan advised the Highway Patrol had investigated 5 rural accidents in Castro County during January 1959 with the following breakdown: Property damage 3, personal injury 2 and fatal accidents 0. This is a decrease of 2 accidents for the same period of 1958.
The Sergeant pointed out that speed continues to be the number one killer in traffic accidents throughout the State and called on all motorists to voluntarily observe the speed limits in an effort to prevent further carnage on our streets and highways.

Slim Pickin's Found Here By Shady Loanster

A loan broker, alleged to be as phony as a dove to the Brookline, was found here by Shady Loanster of town this week after trying to slip one man too many.
No charges were filed, but he will apparently give Dimmitt considerable cleanups in the future.
It all happened this way, according to H. R. Pickard, manager of the local Retail Merchants Association.
The man, representing a questionable firm called Southwestern Loan Associates, bid Dimmitt and told a local business man that he would say our existence had been worthwhile.
Dickie also hit on other aspects of the Farmers' Union program other than its large-scale Washington operations. He also indicated considerable pleasure at the large turnout of farmers to hear his talk.
Before the meeting Tuesday there were 108 members in Castro County, mostly concentrated in the Hart area.
One man attending the meeting, Mr. Joe Kesler of Dimmitt, said he was joining the Farmers' Union for the second time in 58 days.
The first time was in 1956.
Mr. and Mrs. I. H. Bennett and son, Johnny of Amarillo were guests Sunday in the home of his brother, Mr. and Mrs. Everett Bennett. The I. H. Bennetts were returning from Lubbock where they had spent the week end with their son and family.
Jo Boyd and Hollis Payne were guests Saturday evening and night in the home of Mrs. Maud McFarland.
Barbara Lou Gentry has been absent from school since last Wednesday with tonsillitis and a cold. Monday she returned to her doctor for further treatment.
The Arney Community Club met February 18 with Mrs. Leo Witkowski and Mrs. Gladys Brister as hostesses.
The group worked on ceramics and plans were made for a supper for club members and their families.
Cake and coffee were served to eleven members.
The next meeting will be on March 4th with Mrs. H. F. Harrison and Mrs. T. V. Colle as hostesses.
Mr. W. B. Williams baby sat with his grandchildren while their parents were out. Mr. Williams was up from Plainview over the week end helping on the house the younger Williams are building.
Mrs. Kenneth Bibb took her small daughter, Marilyn Beth to Dimmitt several days the past week for treatment for an ear infection. She returned here to Dimmitt Monday for more treatment.
Mr. and Mrs. A. S. Kiker visited the George Edmonds in Happy Sunday afternoon.
Leonida Thornton brought several of her friends home from school Friday evening for a slumber party to help celebrate her birthday. The girls enjoyed a birthday supper prepared by Leonida's mother, Mrs. Dozier Thornton. The remainder of the evening and night was spent playing games, doing quizzes, watching television or doing stunts until 5 a.m. when what seemed the natural thing to do "was to go to bed."
Enjoying the occasion were Sharon Johnson, Martha Kirkpatrick, Marilyn Wetzel, Gladene Cox, Mildred Doan, Marie Hooper, Shirley Colle, Angeline Irlbeck and Jeanie Tiery.
Sandy McFarland has been absent from school several days due to illness.
Sunday visitors in the home of Mr. and Mrs. Odie Hudson were Mr. and Mrs. J. H. Stephenson from Happy, Mr. and Mrs. E. C. Hudson from Earth and Mrs. Montez Howard and children, Randy and Jerry Sue from Plainview.
Mrs. Wayne Carthal and Mrs. Ray Golden of Hereford visited Mrs. Kenneth Williams Sunday afternoon.
Gerald Witkowski hurt one of his fingers while playing two weeks ago. The injury seemed minor. Last week concern was felt because of the appearance of the finger. Gerald was taken to the hospital in Dimmitt where it was discovered the finger was broken. The finger, which is the fore finger on the right hand, was put in traction and is doing nicely at this time.
Guests in the home of Mr. and Mrs. Loyd Fowler Sunday were Mrs. Berd Grigg and Joe in Tulsa Friday afternoon.
Mrs. Kenneth Williams attended a coffee honoring Mrs. M. D. Simbale on her birthday Wednesday morning in the home of Mrs. Foster Harman in Happy.
Mrs. Bonnie Barrett was in Dimmitt last Tuesday morning on business and visiting Mrs. J. C. Gardner where she enjoyed eating lunch.
Mrs. Gwen McFarland was in Dimmitt this Tuesday on business.
Mrs. Eva Bruegel, 87, mother of Fred and Carl Bruegel of Dimmitt, died Sunday in her home in Europe.
Mrs. Bruegel was born September 19, 1871, in Rodelese, Bavaria and funeral services were held Tuesday in the home of a daughter, Mrs. Konrad Fleischmann of Furth, Bavaria.
Survivors, besides the daughter in Bavaria and two sons in Dimmitt, include three other sons, Willie and George of Numburg and Hans of Rodelese; 17 grandchildren and three great-grandchildren.

Vegetables and Their Production Topic of Meeting

A vegetable program has been arranged for vegetable producers in Castro County. Friday afternoon, March 6, beginning at 1:15 p.m. in the meeting room in the courthouse at Dimmitt.
The program for the afternoon and the Extension personnel who will lead the discussion are:
Joe E. Cole, Associate County Agent, Horticulture. Results of 1958 demonstration program: Vegetable varieties and fertilizer practices; Suggestions for 1959 demonstration program.
Dr. Clyde Singletary, Horticulturist, Vegetable, Vegetable production and other related problems: Seedbed preparation and irrigation. Chemical weed control. Pre-packaging sweet corn (hydro-cooling). Harvesting equipment for vegetables crops and Vegetable Shows in San Antonio.
J. F. Rosborough, Horticultural Marketing Specialist. The marketing situation: Grading, packaging and cooling of vegetables.
Conrad F. Garner, Assistant Entomologist. Insect and their control on vegetable; and Dr. Harlan E. Smith, Plant Pathologist. Disease and their control.
A question period will follow.

Dickie

(Continued from Page One)

that the high cost of farm-produced goods is responsible for the high cost of living. This is absolutely false. This \$1.00 shirt I'm wearing contains only 20 cents worth of cotton. When we were receiving \$1 more for a bushel of wheat, bread averaged 14 cents per loaf. Now that price of wheat is down the cost of bread is up to an average of 20 cents a loaf. Don't tell me the farmer is getting overpaid.
"Because of these low prices and the low price supports placed on our farm products we are in danger of moving into the area of corporate farms. When this trend which has already started, gets underway there will be fewer and fewer family farms and this basic unit that has done so much for this great country of ours, will become a thing of the past. If the Farmers' Union could justify its existence in no other way than in the preservation of the family farm in the United States, I would say our existence had been worthwhile."
Dickie also hit on other aspects of the Farmers' Union program other than its large-scale Washington operations. He also indicated considerable pleasure at the large turnout of farmers to hear his talk.
Before the meeting Tuesday there were 108 members in Castro County, mostly concentrated in the Hart area.

Gerald Witkowski hurt one of his fingers while playing two weeks ago. The injury seemed minor. Last week concern was felt because of the appearance of the finger. Gerald was taken to the hospital in Dimmitt where it was discovered the finger was broken. The finger, which is the fore finger on the right hand, was put in traction and is doing nicely at this time.
Guests in the home of Mr. and Mrs. Loyd Fowler Sunday were Mrs. Berd Grigg and Joe in Tulsa Friday afternoon.
Mrs. Kenneth Williams attended a coffee honoring Mrs. M. D. Simbale on her birthday Wednesday morning in the home of Mrs. Foster Harman in Happy.
Mrs. Bonnie Barrett was in Dimmitt last Tuesday morning on business and visiting Mrs. J. C. Gardner where she enjoyed eating lunch.
Mrs. Gwen McFarland was in Dimmitt this Tuesday on business.
Mrs. Eva Bruegel, 87, mother of Fred and Carl Bruegel of Dimmitt, died Sunday in her home in Europe.
Mrs. Bruegel was born September 19, 1871, in Rodelese, Bavaria and funeral services were held Tuesday in the home of a daughter, Mrs. Konrad Fleischmann of Furth, Bavaria.
Survivors, besides the daughter in Bavaria and two sons in Dimmitt, include three other sons, Willie and George of Numburg and Hans of Rodelese; 17 grandchildren and three great-grandchildren.

PONTIAC NAMED CAR OF THE YEAR

"Pontiac with wide-track wheels is the best combination of ride... handling... performance and styling of any '59 car" —The Editors of Motor Trend Magazine

Overall integrated styling. Any comparison with narrower track cars readily shows the difference.
"For the economy-minded, an efficient new engine. The new 4200 Tempest economy engine offers remarkable performance along with exceptionally high mileage while operating on regular grade gasoline."
"Pontiac is equal top in performance, based on our extensive road testing. Acceleration is outstanding, yet the engine is unusually quiet and smooth."
Your nearest Pontiac dealer will be glad to let you road-test this award-winning automobile on your own. You'll see why it's the year's most talked-about car!

ARNEY NEWS

By Mr. Bonnie Barrett
Mr. and Mrs. Leo Witkowski family were dinner guests Sunday evening in the home of Mr. and Mrs. Leonard Witkowski Canyon. Leonard Witkowski is a sporting goods store on Highway 87 in Canyon. The two Witkowskis are cousins.
Mrs. Rachel Hunter from the Arney Community visited Sunday in the home of her sister, Mrs. Len Fortner.
Mrs. Mattie Middleton of Lamesa spent several days the past week visiting her brother and later-in-law, Mr. and Mrs. Odie Hudson. Monday Mrs. Middleton went hopping in Amarillo. Mrs. Middleton was amazed at the enormous growth of the city since she was there the last time which was in 1936.
Mr. and Mrs. I. H. Bennett and son, Johnny of Amarillo were guests Sunday in the home of his brother, Mr. and Mrs. Everett Bennett. The I. H. Bennetts were returning from Lubbock where they had spent the week end with their son and family.
Jo Boyd and Hollis Payne were guests Saturday evening and night in the home of Mrs. Maud McFarland.
Barbara Lou Gentry has been absent from school since last Wednesday with tonsillitis and a cold. Monday she returned to her doctor for further treatment.
The Arney Community Club met February 18 with Mrs. Leo Witkowski and Mrs. Gladys Brister as hostesses.
The group worked on ceramics and plans were made for a supper for club members and their families.
Cake and coffee were served to eleven members.
The next meeting will be on March 4th with Mrs. H. F. Harrison and Mrs. T. V. Colle as hostesses.
Mr. W. B. Williams baby sat with his grandchildren while their parents were out. Mr. Williams was up from Plainview over the week end helping on the house the younger Williams are building.
Mrs. Kenneth Bibb took her small daughter, Marilyn Beth to Dimmitt several days the past week for treatment for an ear infection. She returned here to Dimmitt Monday for more treatment.
Mr. and Mrs. A. S. Kiker visited the George Edmonds in Happy Sunday afternoon.
Leonida Thornton brought several of her friends home from school Friday evening for a slumber party to help celebrate her birthday. The girls enjoyed a birthday supper prepared by Leonida's mother, Mrs. Dozier Thornton. The remainder of the evening and night was spent playing games, doing quizzes, watching television or doing stunts until 5 a.m. when what seemed the natural thing to do "was to go to bed."
Enjoying the occasion were Sharon Johnson, Martha Kirkpatrick, Marilyn Wetzel, Gladene Cox, Mildred Doan, Marie Hooper, Shirley Colle, Angeline Irlbeck and Jeanie Tiery.
Sandy McFarland has been absent from school several days due to illness.
Sunday visitors in the home of Mr. and Mrs. Odie Hudson were Mr. and Mrs. J. H. Stephenson from Happy, Mr. and Mrs. E. C. Hudson from Earth and Mrs. Montez Howard and children, Randy and Jerry Sue from Plainview.
Mrs. Wayne Carthal and Mrs. Ray Golden of Hereford visited Mrs. Kenneth Williams Sunday afternoon.
Gerald Witkowski hurt one of his fingers while playing two weeks ago. The injury seemed minor. Last week concern was felt because of the appearance of the finger. Gerald was taken to the hospital in Dimmitt where it was discovered the finger was broken. The finger, which is the fore finger on the right hand, was put in traction and is doing nicely at this time.
Guests in the home of Mr. and Mrs. Loyd Fowler Sunday were Mrs. Berd Grigg and Joe in Tulsa Friday afternoon.
Mrs. Kenneth Williams attended a coffee honoring Mrs. M. D. Simbale on her birthday Wednesday morning in the home of Mrs. Foster Harman in Happy.
Mrs. Bonnie Barrett was in Dimmitt last Tuesday morning on business and visiting Mrs. J. C. Gardner where she enjoyed eating lunch.
Mrs. Gwen McFarland was in Dimmitt this Tuesday on business.
Mrs. Eva Bruegel, 87, mother of Fred and Carl Bruegel of Dimmitt, died Sunday in her home in Europe.
Mrs. Bruegel was born September 19, 1871, in Rodelese, Bavaria and funeral services were held Tuesday in the home of a daughter, Mrs. Konrad Fleischmann of Furth, Bavaria.
Survivors, besides the daughter in Bavaria and two sons in Dimmitt, include three other sons, Willie and George of Numburg and Hans of Rodelese; 17 grandchildren and three great-grandchildren.

2 3/4-Bale Cotton

Brownfield, Tex., Man Reports—

L. H. (Howard) Wheeler, prominent Texas farmer, says: "I farm 1,840 acres. With that much land I have to maintain high yields, year after year. Phillips 66 Ammonia helped me to do that. This past year we watched our cotton carefully, when conditions looked right, we went in and side dressed it with Phillips 66 Ammonia. The cotton came right on along, setting a high count of squares—and of course that meant a good yield, averaging 2 3/4 bales per acre. I use Phillips 66 Ammonia with excellent results on my maize, too."
Other successful Southwestern farmers have discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher in the gin... yields of sorghum grain and milage are increased... profits from small grains are increased through higher grain yields and improved forage... more marketable vegetables are harvested.
Phillips 66 Ammonia can be applied pre-plant or as a side dressing. It can be easily applied either by you or your distributor. See us today about your supply of Phillips 66 Agricultural Ammonia... it gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

NEARING COMPLETION—This new Catholic Church, through volunteer labor, is rapidly completed. General contractor for the job is Paul Acker of Dimmitt, who said this week the building should be completed by about the middle of March. Services are already being held here although the new benches are just now being installed. Tile was laid this week in interior.

Visit in Clovis
Mr. and Mrs. Bruce Woodell and daughter, Pat were Sunday visitors of her parents, Mr. and Mrs. Hugh May in Clovis, who were celebrating their wedding anniversary. Mr. and Mrs. Woodell went on to Portales to visit an aunt, Mrs. Elmer Howard.

Visits Relatives
Mrs. E. F. Sadler has just returned from a two week visit to relatives in Clovis and Abilene, Lubbock and Hillsboro.

Hostess to 20 Guests
Linda Francon Langford celebrated her ninth birthday Saturday afternoon. She was hostess to 20 guests. Games were played of an hour, the gifts were presented as the children sang Happy Birthday. Cup cakes and ice cream were served.

Senator YARBOROUGH'S REPORT

When Communist fight fighter pilots pressed their trigger buttons and mercilessly shot down an unarmed U.S. Air Force plane and its 17-man crew recently, they involved the entire world in the prayers. To those who brought 17 families—two of them from Texas—in the deepest of all tragedies.

Our airman have paid the price of thousands of our heroes and we have paid them honor and respect. But I feel we must go much further than this. Aside from praise, let's see what concrete actions a grateful government and people can take. Right now, all the families of these men will receive, other than this country's condolences and gratitude, is a small Social Security allotment and a little money to pay for the flier's burial. I think this nation can and should do much more.

I'm thinking particularly now of their children. To help all the children who find themselves without a father because he is killed while being required to serve in our armed forces, I have introduced a bill to help them with their education through special allowances up to 36 months.

Before January 31, 1955, if a soldier died in service or from a disability he acquired in the service, his children were entitled to be helped to complete their education. My bill would extend those provisions through June 30, 1963.

I think this help for the children is the very least a grateful nation can do for the families of men who die in the armed forces, protecting the peace and keeping themselves prepared to defend us in armed conflict if the need should ever arise.

Attend Funeral Services
Mr. and Mrs. A. A. Dodd attended funeral services for his sister, Mrs. Myrtle Wagley, at Edorado last week. Mrs. Wagley was a former resident of Castro County.

Visit from Onanah
Mr. and Mrs. Kenneth King and children of Quanah visited in the home of her mother, Mrs. W. H. Smith and Mr. Smith last week end.

Scholarship Contestant Gives Detailed Story Of 6 Years in 4-H Work

By Penny Nelson

"I really don't think it would be such a life if it hadn't been for 4-H Club work," Miss Verdena Curtis is heard to say. Verdena is one of six girls in the state of Texas competing for the \$500 Scholarship Award made possible by a 25c donation on the members of Home Demonstration Clubs all over the state of Texas. Miss Curtis is a senior at Springlake.

Verdena said that her 4-H work had helped her to know how to conduct meetings, appear before groups and make decisions. She has gained a better concept of patriotism. "You can't always be, and the winning isn't important anyway, it's what you learn that counts," she said. However, Verdena has done her share of winning. She has to her credit 120 ribbons, three Grand Champion Banners, six Reserve Champion Banners and two silver cups for general recognition. "Strictly" was another quality she said her 4-H work had helped her to develop. "I like to finish what I begin," she stated

and I like to strive to do better each time." Through this work she has met and shared her knowledge with many other people of different counties.

She smiled quietly at her judges and blandly, unassumingly said, "I can take care of any responsibility in the home if called upon." These responsibilities include cooking, family sewing, laundry, mending, garden safety measures and first aid in the home, electrical repairs, yard planning and maintenance, gardening, keeping accurate records of spending, family budgeting, safety measures and first aid in the home, electrical repairs and food preservation which includes canning, freezer preparation and preserving. "4-H has helped me greatly," she said "to become a helpful member of my family, school, church, county and state."

"I have gained approximately \$500.00 by making my own clothes and have had more clothes for every occasion than I would have had if I bought them readmade," Verdena told the judges as she turned from a 25c donation on the members of Home Demonstration Clubs all over the state of Texas. Miss Curtis is a senior at Springlake.

She has to her credit 120 ribbons, three Grand Champion Banners, six Reserve Champion Banners and two silver cups for general recognition. "Strictly" was another quality she said her 4-H work had helped her to develop. "I like to finish what I begin," she stated

and I like to strive to do better each time." Through this work she has met and shared her knowledge with many other people of different counties.

She smiled quietly at her judges and blandly, unassumingly said, "I can take care of any responsibility in the home if called upon." These responsibilities include cooking, family sewing, laundry, mending, garden safety measures and first aid in the home, electrical repairs, yard planning and maintenance, gardening, keeping accurate records of spending, family budgeting, safety measures and first aid in the home, electrical repairs and food preservation which includes canning, freezer preparation and preserving. "4-H has helped me greatly," she said "to become a helpful member of my family, school, church, county and state."

"I have gained approximately \$500.00 by making my own clothes and have had more clothes for every occasion than I would have had if I bought them readmade," Verdena told the judges as she turned from a 25c donation on the members of Home Demonstration Clubs all over the state of Texas. Miss Curtis is a senior at Springlake.

Verdena said that her 4-H work had helped her to know how to conduct meetings, appear before groups and make decisions. She has gained a better concept of patriotism. "You can't always be, and the winning isn't important anyway, it's what you learn that counts," she said. However, Verdena has done her share of winning. She has to her credit 120 ribbons, three Grand Champion Banners, six Reserve Champion Banners and two silver cups for general recognition. "Strictly" was another quality she said her 4-H work had helped her to develop. "I like to finish what I begin," she stated

GET READY FOR BIGGER CROPS IN 1959 with DOW 82 AMMONIA
This year farm operators see conclusive proof that use of anhydrous ammonia produces substantially bigger crops. In areas where weather prevented timely application of Nitrogen, yields are down. Where Nitrogen was used, farmers who had check plots report highest returns on their investment in Nitrogen fertilizer.
Get ready for next year's big crop. After milo harvest, apply Dow 82 ammonia. Milo stalks and roots provide the ideal organic material to help the fertilizer work best for you. Dow's 82% Nitrogen speeds decomposition of turned-under stalks; improves soil fertility. Dow 82 resists leaching. It stays in the ground, ready for use. Spring plantings get a healthier, quicker start, develop vigorous root systems that help prevent blowing soil.

ALOHA MYRTLE! FROM HAWAII...
Dear Myrtle: You should come to the islands. They just do something for you. We are buying some colored glasses so you girls will look brown when we get back. It has been raining hard for several hours...
Dear Myrtle: We have really been on the go since yesterday morning. It was a nice 40-minute flight from Honolulu to Nani Island. The island of Nani was very interesting and beautiful. Can you imagine being so high on a mountain you can see the clouds below you? It was a wonderful experience to look down on little ranches, pineapple and sugar cane fields which seem to be in the Pacific Ocean. You never expect to see so much pineapple and chewed sugar cane but I don't want any supper. Oh, yes! Edith furnished a fresh coconut for dessert. Said she found it behind the furnace (I bet in a tree don't you?) We were in the station wagon waiting. I hope you get a little out of this. Love from Virginia Gilbreath

MRS. DAVID BURKETT

Aggra Walshe and David Burkett Wed In Valentines Day Ceremony

The ceremony was officiated by Rev. Robert T. Gibson and Rev. B. M. G. Williams and the organist was Walter Davis who played the prelude and traditional wedding marches. The church was decorated in red and white carnations on the altar, flanked by floor baskets of white gladioli and red carnations and cathedral candles with white caudles. Given in marriage by her father, the bride was attired in a street-length day length white satin, empire styled, wide skirt, appliqued with lace medallions, shoulder-length veil of white French-lustre falling from crown of seed pearls; white satin slippers, and a bouquet of white roses, mounted on a white satin heart bordered with white net ruffle. The maid of honor was Miss Carol Kennedy of Dallas, who wore a red brocade satin sheath with matching hair bandeau and matching white slippers; a bouquet of red rose buds on white satin heart with red net ruffle. The best man was Joseph R. Burkett of Dimmitt, brother of the groom. The ushers were Robert Walker of El Paso, brother of the bride, and Michael C. Burkett of Dimmitt, brother of the groom. Mrs. Walshe, the bride's mother, wore an afternoon gown of taupe-colored lace over tulle, fitted bodice, elbow length sleeves, tulle panel front of flared skirt, and matching hat of flower petals and a corsage of tallian rose buds. Mrs. Burkett, mother of the groom, wore an afternoon gown of taupe-colored lace over tulle, fitted bodice, elbow length sleeves, tulle panel front of flared skirt, and matching hat of flower petals and a corsage of pink rose buds. A reception was held after the ceremony in the home of the bride's parents. The bride's table was covered with white tulle and linen, centered with three tiered white bride's cake; and punch was served from a silver punch bowl. A rehearsal dinner, prior to the wedding, was held Friday evening, February 13, and was hosted by the groom's parents, Mr. and Mrs. Burkett, in the Embassy Room of the Hilton Hotel in El Paso. The couple planned a wedding trip to Phoenix, Arizona before the groom is in the Naval Air Force. For traveling, the bride chose a turquoise blue silk lined dress with black accessories and a corsage of white roses. The bride is a graduate of Austin High School in El Paso and is a senior student at Texas Western College in El Paso. She is a member of Zeta Alpha sorority. The groom is a graduate of Dimmitt High School, he attended West Texas State College at Canyon and graduated from Texas Western College. He is a member of Kappa Sigma fraternity.

Mrs. Allen Webb was hostess at a luncheon honoring Mrs. Robert Finerman.

Miss Cleavinger On Deans Honor Roll
Listed on the Dean's Honor Roll for the fall semester at West Texas State College is Miss Judith Cleavinger, daughter of Mr. and Mrs. M. E. Cleavinger of Dimmitt. Miss Cleavinger is a sophomore, Secretarial Science Major and is affiliated with the Delta Zeta Chi National Sorority.

Religious Emphasis Week

Religion was emphasized throughout the week of February 17-21 in DHS.

An assembly was held three days, sponsored by the Student Senate.

On Monday the assembly was opened with a prayer by sophomore Stanton Calvert and was followed by a talk by M. A. Smith, pastor of the First Baptist Church.

Carlos Barnes gave the invocation Tuesday and D. C. Lawrence, pastor of the Church of Christ, spoke to the DHS students.

Wednesday was the climax for the religious programs. Hal Ratcliff opened in prayer and Darris Egger, pastor of the Methodist Church, spoke.

Lanell Blanton and Pat Norris led the hymns that were sung. The students have thoroughly enjoyed these programs and would like to pay a special thanks to the Student Senate and the pastors who have taken part in these.

Pat Bates has won seven first places and one second place in district contest and three second places in region contests.

We are hoping for a successful year.

THE CAST

PAT'S PATER

An educational film will be shown soon entitled "Tenderfoot in Europe". It will take the student through a tour of seven countries.

Monday night in the Community Room of the bank a salad supper was given honoring six girls who have won January and February Birthdays.

After the students ate all the delicious salads a movie was shown, and also slides of the Junior and Senior plays by Mrs. R. E. Hendrix.

Twenty-two guests were present and all reported having a fine time.

The Senior girls measured for their caps and gowns this week. It won't be much longer until graduation, Senior.

The Junior and Senior girls interested in going to Beauty School after graduation were greatly interested in a film of Jesse Lee's Beauty School shown by Bill Sharpley. We certainly appreciated this film as it showed all requirements concerning this school.

Congratulations to the Dimmitt Bobcats for their fine performance Tuesday night and their victory over Abernathy for Bi-District Championship. The final score was 78-56.

The Bobcats will play Granbury Saturday morning in the Regional Preliminaries. There will be six preliminary, semifinal, and final games played in the Coliseum.

Although the stands were packed at the Monterey Gym, the Coliseum will hold all the people that want to go to the game from Dimmitt who are interested in backing their home team. 50 students and townspeople.

LET'S BACK THE BOBCATS!

Maybe you don't know that the little moon... thought a mushroom was a place to think.

Translation From The Teacher

"Oh, I wouldn't worry about that. At this stage, it's the social adjustment that really counts."

"It's been a real pleasure having him in class this year. He's followed by a talk by M. A. Smith, pastor of the First Baptist Church."

"He has a considerable grasp of spatial values. He can get a blob of finger paint all over a sheet of paper. And, without half trying, can spatially extend it over his body, his tie, his shoes, down his green, and, unless restrained, you'll see him rather wild in group interaction and reacts negatively to aggressive stimulus. He cries easily."

"He has a considerable grasp of spatial values. He can get a blob of finger paint all over a sheet of paper. And, without half trying, can spatially extend it over his body, his tie, his shoes, down his green, and, unless restrained, you'll see him rather wild in group interaction and reacts negatively to aggressive stimulus. He cries easily."

Local Girl Tells of Trip to Poultry Fact-Finding Conference

By Mary Helen Maples Warminski, and I left Amarillo Miss Edith Lois Wilson, Norman at 11:40 Tuesday night on the

Burlington Zephyr pullman. We slept nearly all the way to Dallas and arrived there the next morning at 7:35 where we took a cab to the Baker Hotel to eat breakfast. Since we were supposed to be making this trip everything first class at Western Hatcherie's expense, we got ourselves in the mood by visiting all the fancy stores, such as Neiman-Marcus. We went to lunch at the Zodiac Room there. Steaks were the only things on the menu that I was sure as to the name; so I ordered a Duke of Windsor sandwich which turned out to be layers of toast, spiced pineapple, toast, turkey, toast, sliced pineapple. I like my turkey plain, I'm afraid.

At 2 o'clock we went to Western Hatcherie's where we made a tour of the incubators. The trays turn back and forth automatically every hour just as old hens turn them in the nests to keep the chicks from sticking to the shell. Then we went out to the first Experimental Breeding Farm. They had 45,000 broiler breeding pullets. They spread the pellets on the ground twice a day with a manure spreader to keep the pullets from eating enough to make them fat, but just enough to grow big frames and keep them from starting to lay too early. These pullets came to meet us just like a bunch of spoiled chickens at home. They were watered in tubs filled from a tank truck. This looked a little behind times to me. At farm No. 2 we saw the laying hens. They were colored like any barnyard conglomeration with dominant white rock roosters. At the Turkey experiment farm there were 2,000 Broad Breasted Bronze hens. I liked the shape of the hens very much. That night Western Hatcherie's gave us a fish supper—all the catfish and many other varieties that we could eat. Mr. Joe Fechtel visited us, and later his Hatcherie Manager saw us off to Kansas City.

...poramus, five elephants, snakes and a beautiful bunch of cats; lions, tigers and spotted panthers, and other wild members of the cat family.

We had a get-together mixer in the Tower Room of the Aladdin the first night. My roommate, Deanna Borron, and I were introduced as the turkey girls. Miss Wilson also shared our room. Deanna was a Missouri delegate and gave a talk during the convention.

On Friday morning the Mr. Gordon W. Johnson, Co. gave us our breakfast and a speaker told us of the opportunities in the poultry industry. That morning our program was "New Dimensions in Management." At noon Armour and Company provided the lunch. That afternoon four delegates gave demonstrations. Dinner was provided by The Cryovac Company.

Nichols Incorporated, producers of New Hampshire Chickens, provided breakfast on Saturday morning. Four groups of delegates gave speeches on how they marketed their poultry. Swift and Company fed us at noon on Saturday. Swift and Company told us of the job opportunities in poultry in their company. Saturday afternoon Mr. R. H. Forsythe, Mr. James H. Gwin, and Miss Kathryn Bell Nile, of the Poultry Egg National Board, spoke on Opportunities Unlimited. In the exhibit hall was the electronic egg candling and processing machines. The eggs were run from gathering basket to carton unaided by human hands. Saturday night the Junior Fact Finders had a banquet in the Colonial Ballroom at the Hotel Muchieback and later saw the show and went to the party in the Grand Ball Room.

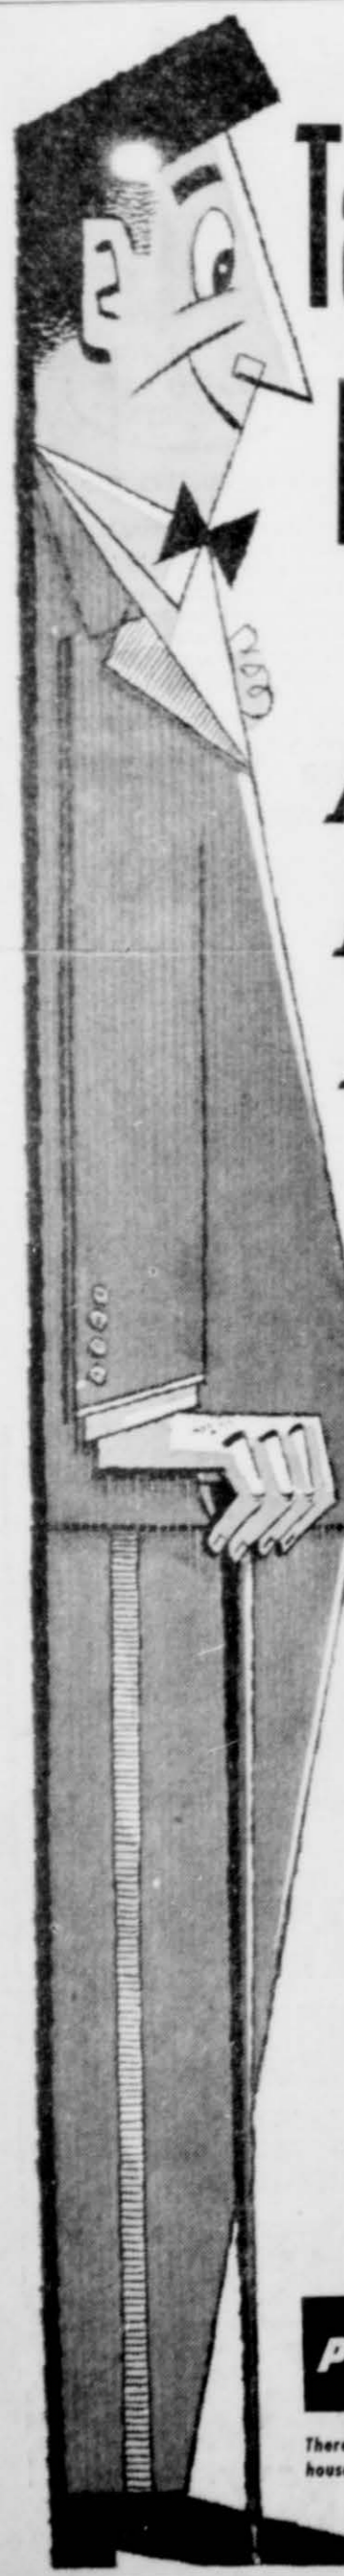

The Institute of American Poultry Industries had us as guests at breakfast on Sunday morning. Later in the morning we all went to our choice of churches. From then on until our trains came we visited. I now have had many new experiences and have new friends. Mr. Beanblossom, Mr. Fechtel, and many of the others were people I have known since I was very small; so the trip was one of seeing old friends, making new friends, and learning about all the unlimited possibilities in the industry with which my family has long been a part. I consider a very important part of my trip the close association I had with Miss Edith Lois Wilson, our District Home Demonstration Agent.

A Tribute

To Our Dentists!

Wittily it has been said that dentists are the men who put teeth in our longer-life expectancy. How true that is, every man and woman in this community knows. Your dentist is a sincere specialist. Oral hygiene is his life's work. He knows the bone structure and diseases of your teeth as scientifically as your physician knows the most sensitive tissues of your body. Equipped with years of schooling and practice, not to mention his considerable investment in most-modern instruments for dental surgery, your dentist is a contributor to your health and happiness. See him at least twice a year!

Killingsworth Construction Co.
We Salute Our Town!

Tailor HEAR AT REDDY MADE PRICES

That's the nice thing about **ELECTRIC** heating—there's an electric heating unit to do the exact heating job you want done... from complete house heating, either warm air or radiant, to small spot heating with a simple, screw-in-socket heat lamp. And, like it says above — **AT REDDY MADE PRICES**. You see, you get the fit (like a tailored suit) at prices you pay for a ready made garment (good looking, functional and lower cost). If you've a cold spot you want to warm up, then stop in and talk to your Public Service manager — he has the solution for you.

SOUTHWESTERN PUBLIC SERVICE COMPANY

There's a new, low heating rate for full electric house heating. Find out about it from your Public Service manager.
