"Big Three" Open Conference In Berlin

The much awaited Big Three Conference formally opened at Potsdam, Germany. Photographed together for the first time are Josef Stalin, President Truman and Prime Minister Winston Churchill. (Signal Corps Radiotelephoto from NEA Telephoto.)

TRUMAN SAYS NO MILITARY AID, NO MONEY

POTSDAM (UP) — President Truman carried into the third Big Three session today the most potent bargaining stock of the conference — billions of dollars of American aid to be balanced off against military help in the Pacific.

Premier Stalin and Prime Minister Churchill are learning that Mr. Truman's position in this conference is strictly give and take.

The president's policy, it can be revealed, is essentially this — The United States will not pour out its tremendous material wealth without something concrete in return. It will not undertake fresh economic burdens without some concessions from the other side.

And Mr. Truman is completely uninterested in concessions involving goods or cash — because there simply isn't any of either in Europe.

Instead, he intends to fit the United States material wealth to the situation of the different United Nations, including Russia, and the best legal tender in his view of anything that will bring the war against Japan to a speedy end.

The president is a veteran of one world war and is mindful of the horrors of this conflict, and his basic aim in Potsdam is to further the winning of the Pacific war.

SGT. ROPER BACK FROM GERMANY

Master Sgt. John H. Roper, who has just returned to the United States from the European theatre, has arrived in Ranger for a visit with his parents, Mr. and Mrs. Joe Roper, of Route 3.

Sgt. Roper who was with the 8th Air Force was flight chief for B-17 Flying Fortress in the maintenance division and was commended by his commanding officer for the manner in which his planes were maintained. He was overseas 16 months, having been twice sent to foreign service.

He enlisted in the Air Corps in January 1941 and received his training at Barksdale Field, La., Chanute Field, Ill., Grenier Field, N. H., and Langley Field, Va.

Sgt. Roper's unit the 48th Bomber Group of the Third Air Division was cited by the president for its England to Africa shuttle bombing on the Messerschmitt aircraft factories at Regensburg, Germany.

JENNINGS PROMOTED TO CAPTAIN

Word has been received that Elton Jennings now with the Air Force in Burma has been promoted from first lieutenant to captain.

Captain Jennings, pilot of a C-46 transport plane, has also won the Air Medal and been awarded the Bronze Star for action in the battle of Hanoon.

Entering the Air Corps early in the war, Captain Jennings remained in this country as an instructor for some time before being sent to foreign service.

Mrs. Jennings and their son, John Elton, have arrived in Ranger to remain with Captain Jennings' parents, Mr. and Mrs. S. W. Jennings, while the Captain is overseas. They have been visiting Mrs. Jennings' parents in Royallton, Ill.

PFC. MOATS WAR VET VISITS HERE

Pfc. Cluster Moats, who has been in the European theatre of operations for almost a year, is now the guest of his father, Melton Moats and his wife and daughter, Miss Catherine Sue Moats, while on a 30 day furlough before reporting to Ft. Sam Houston for further assignment.

In the service since February 1944, Pfc. Moats was sent to foreign service in November of the same year. He wears four campaign stars and the Combat Infantryman's badge. His unit received several commendations from Gen. Patton for action in the campaigns to hold Bastogne, Kyll River campaign, Battle for the Rhine, capture of Koblenz, Mulde River advance, Ardenne, Moselle River crossing, Flamen and the Selgrid line campaign.

At the time of the surrender of the Germans, Pfc. Moats was at the Czech border. He returned to the United States on July 5, 1945.

NIPS REPORTED HOLDING OUT TO USE ARMS IN INVASION

PEARL HARBOR (UP) — Gunfire rolled again across Tokyo Bay today as U. S. Warships shelled Nojima Cape in an attempt to force the Japanese fleet to come out and fight.

A fast hard hitting team of ten of cruisers and destroyers, under cover of a storm, slipped undetected, within three to four miles of the enemy coast.

They opened fire last night and continued the attack until early this morning, pouring hundreds of tons of shells into the shore defenses on Nojima Cape, on the eastern arm of Tokyo Bay. One huge explosion was observed. Japanese propagandists said the American-British Battle Fleet was scouting the Honshu for potential invasion spots.

The Japanese explained that Nippon's war lords were deliberately holding back their air and sea might for the coming invasion and couldn't be "provoked" into battle.

The Noji strike was the fourth Naval blow at Japan in five days and came in wake of a 1500-plane carrier blow against Tokyo and the surrounding area yesterday.

Fleet Adm. Nimitz revealed that an American wing of the carrier raiding force struck the Yokosuka Naval base in Tokyo Bay, 36 miles south of Tokyo and 29 miles across the bay from Nojima cape.

Nimitz gave no details other than the targets were "combatant shipping."

Plans For XII Roundup Are In Final Stages

DALHART, Tex., (UP) — Plans are rapidly shaping up for the 9th Annual XII Roundup in Dalhart, Monday and Tuesday August 6-7.

As in all the other XII celebrations since Pearl Harbor, this year's show will be a streamlined wartime version, geared especially to meet recreation needs of the Dalhart Air Base and this immediate area.

Emphasis will be on two professional rodeos, big-time costume dances and colorful parades. The XII show is a member of the National Rodeo Association.

The two rodeos, with guaranteed purses of \$100 plus entrance fees will be presented each evening at 6:30 in the big stadium on the shores of Rita Blanca Lake. Competition will be open to anyone except cowboys blacklisted by the Rodeo Cowboy Association, formerly the Cowboy Turtle Association, according to Allyn D. Finch, rodeo director.

Sgt. Ward Being Prepared For Pacific Duty

With The 13th Armored Division in the Assembly Area Command — Enroute to the United States from the European continent, Staff Sergeant Mathew Ward of 1298 Division St., Ranger, Texas, is now being processed at Camp Atlanta in northeastern France, as a member of the first ETO armored division to be ordered to the Pacific.

Sgt. Ward is a member of 496th A. F. A. Bn. and served with the 13th Armored Division in the drive through Bavaria into Austria.

The 13th popularly known as the Black Cat Division, captured more than 20,000 German prisoners in the fighting in the Ruhr and took an additional 19,000 in Bavaria. In the closing days of the war in Europe, it captured Hitler's birthplace city of Braunau, Austria, and liberated 14,000 Allied prisoners of war.

New Fee Law To Go Into Effect September 4th

A new law of the last Legislature, providing higher fees of office for many county services and substantially increasing the fee income of the county clerk's office, will go into effect Sept. 4.

The measure, which was not signed by the Governor but which will become law 90 days after the Senate's June 4 action, will affect fees in the county and district courts, tax collection office, sheriff's office and the offices of constables and justices of the peace. The fees will not mean salary increases.

The fee for issuing letters testamentary of administration of guardianship will be 75 cents instead of 50 cents. For filing and registering and release of chattel mortgages, it will be 75c, against the present 25 cents for recording and 25 cents for releasing.

The fee will be 15 cents, instead of 10 cents, per 100 words for recording all papers required or permitted by law to be recorded, including certificate and seal, and chattel mortgage fees, state the largest single fee in the county clerk's office, it is said. The one-third increase in the recording charge will affect deeds, deeds of trust and instruments of title.

ASSOCIATION FIELD DAY TO BE ON SUNDAY

The annual Field Day and barbecue of the Tudor Game Association, originally scheduled for July 15 will be held next Sunday July 22, according to W. H. Jackson, Tudor President of the Wildlife Association.

The Field Day will be held on the picnic grounds on the J. O. Allen ranch where it was held last year, Mr. Jackson said. The program will get underway at 10 o'clock on Sunday morning with barbecue, red beans and coffee on the menu for lunch. The program is expected to be over by 4 o'clock.

The Tudor game association has been stocked with white-tailed deer for several years. It comprises over 40,000 acres in a solid block in that section of Eastland County.

Principal speaker on the program will be Daniel W. Lay, Austin, Game, Fish & Oyster Commission. Others with the commission in one capacity or another are O. F. Etheridge, Breckenridge A. S. Jackson, Albany; Walton Baum, Cisco; John R. Woods, Coleman; Jack White, Ranger; Leon Stow and Alex Notes, Grand as well as others.

L. R. Pearson, Ranger, and R. N. Grisham, Eastland, Texas Representatives also have been invited to attend and appear on the program.

President Orders PAW To Seize A Houston Plant

WASHINGTON (UP) — President Truman today ordered Petroleum Administrator Harold I.ckes to seize and operate the Butandine plant at Houston, Tex., operated by Sinclair Rubber Inc.

Houston, Texas (UP) — The petroleum Administration for War seized the Sinclair Rubber, Inc., synthetic rubber plant here today on the order of President Truman.

THE WEATHER

West Texas — Partly cloudy in the west and north. Mostly cloudy in the southeast portion. Moderate to heavy rains and squalls near the extreme upper coast and showers in remainder of the east portion this afternoon tonight and Friday. Increasing northeast winds on the coast reaching gale force on upper coast late tonight and Friday.

The Bronze Star Is Awarded To Cmdr. R. B. Allen

In The Pacific — Cmdr. Russell B. Allen, USN, of Eastland, was awarded the Bronze Star Medal for meritorious service by Vice Admiral M. A. Mitscher, USN, Commander, Task Force 58.

The citation was presented to Cmdr. Allen by Capt. Joseph Ludewig, USN, Commander, Destroyer Squadron, and reads in part:

"For distinguishing himself by meritorious achievement as Commanding officer of a destroyer in connection with operations against the enemy with fast carriers in Iwo Jima and Okinawa operations, he exhibited outstanding leadership and skill in many antiaircraft actions. While under intensive air attacks, he took under fire many enemy planes. He handled his ship with courage and inspiring leadership and contributed to the successful operation."

Cmdr. Allen's ship participated in carrier strikes against Tokyo, Okinawa, and supported landing operations on Iwo Jima.

Mrs. Russell B. Allen, wife of Cmdr. Allen lives at 409 Pershing Street, Eastland.

CAPT. PLUMLEY ARRIVES HOME FROM EUROPE

Capt. Roy Plumley, veteran of the European war, has arrived in Ranger for a visit with relatives before reporting back to Fort Sam Houston for reassignment to duty.

Since April 12, 1945 when he was wounded in action, Capt. Plumley has been under medical care but has completely recovered from the wounds. In January he had arrived in the States after 14 months overseas and had just returned to the European theatre when he was wounded in the battle for Germany.

Capt. Plumley holds the Purple Heart for his wounds and the Silver Star for gallantry in action. He was fighting with the Armored Infantry while in combat.

Entering the service of the Army with the National Guards in 1940, he later was sent to officers' training school and in September 1942 was commissioned a second lieutenant. In April 1943 he was promoted to first lieutenant and in October 1944 was made a captain.

PACKERS STRIKE — Fifteen hundred workers in three St. Louis packing houses went on strike today, further aggravating an already serious meat situation.

HALIFAX PANIC STRICKEN OVER ARSENAL BLAST

Funeral Services For R. C. Cravy To Be Held Friday

FUNERAL SERVICE 18 — Funeral services for Robert C. Cravy of Ranger will be conducted Friday afternoon at 1:30 o'clock at the Killgworth Funeral Chapel with Rev. Wallace N. Dixon in charge of the services. Interment will be in the Lometa cemetery.

Mr. Cravy died at his home in Ranger, Wednesday, July 18. He was born in Milan county March 20, 1869 and had resided in Ranger for the past 20 years. He was a member of the First Methodist church.

Survivors include his wife, Mrs. R. C. Cravy of Ranger, one son, Jack Cravy of Lometa; seven daughters, Mrs. John O. Lowe of Lometa, Mrs. Sam Takitt of Wortham, Mrs. W. V. Smith of Waxahachie, Mrs. R. L. Smith of Ft. Worth, Mrs. H. A. Goodgion of Ft. Worth, Mrs. John Tibbels and Mrs. T. L. Thompson of Ranger. Five half sisters and four half brothers, 20 grandchildren and 11 great grandchildren, also survive.

Suicide Plane Hit On Carrier Costs 337 Men

WASHINGTON (UP) Three hundred and thirty seven American fighting men were lost or injured when two Japanese suicide planes crashed into the Aircraft Carrier Ticonderoga near Formosa early this year and left the ship in flames, the Navy revealed today.

Of the casualties, 144 are dead or missing, the Navy said in announcing that the 27,000 ton Essex class carrier already has been repaired and is back in the Pacific.

STORM BREWIN G — NEW ORLEANS (UP) — A tropical storm, now brewing in the Gulf of Mexico, today was expected to hit the coast between Freeport, Texas and Lake Charles, La., early tomorrow.

The world's largest cotton plantation is located at Scott, Miss., and consists of 35,000 acres in one unit.

HALIFAX PANIC STRICKEN OVER ARSENAL BLAST

HALIFAX (UP) — Fire spreading uncontrolled through the nearby Royal Canadian Naval arsenal set off continuous drumfire of heavy ammunition today, driving thousands from their homes in Halifax and Dartmouth and pinning them against the sea.

No trains were leaving or arriving and all boats fled the harbor. Wild rumors began sweeping the city at dawn as residents ventured into the glass strewn streets after a sleepless night during which six heavy explosions shattered windows throughout the area.

There were only 14 persons officially reported injured. But there were numerous rumors that at least six persons were killed. Communications were jammed and there was no way to check the flying rumors.

The city was almost panic stricken. The worst was waiting for next explosion and not knowing where it would come from.

Military and city officials quickly evacuated the north ends of both Halifax and Dartmouth according to plans drawn up during the war.

Major Charles B. Sigerson, mess officer, said that two meals a day now are accompanied by cold drinks, such as iced tea, iced cocoa or fruit juices.

Air Transport Command Rushes Blood To Pacific

HEADQUARTERS, Pacific Division, Air Transport Command (UP) — Whole blood, not plasma now is rush-flown to Pacific fronts by the Air Transport Command. In the four-month period from Feb. 1 to June 1, ATC successfully transported 243,500 pounds of the ice-packed, bottled, liquid salvation.

Early this year Medical Corpsmen began to urge increased whole blood shipments to critical areas where plasma alone was inadequate. In answer, the ATC threw its fleet of C-54s into the breach.

Until recently, whole blood was used much more sparingly than more publicized, easily handled plasma because of its greater bulk and requisite ice-pecking. More frequent and faster ATC flight schedules have solved both problems. Whole blood now reaches forward areas in the required number of hours and ATC flies it "cool" all the way.

Finds Pygmy Silverware On Island Base

OKINAWA, (Delayed) (UP) Marine Scout Pfc. John Haas, Jr., firmly believes pygmies are hiding out somewhere in the honeycombed cliffs of this recently won island base.

Searching through caves for Japanese stragglers, Haas came across pieces of tiny silverware. Forks measured three inches long and a quarter of an inch wide. Spoons were smaller, and among the ware were five inch chopsticks.

"Seems that this island reminds everybody of some place," Pfc. Haas' remark came at the time he found the tiny forks, spoons, furniture and miniature roadmaps bring back memories of "Gulliver's Travels."

Camp Rearranges Meals To Protect Men From Heat

KEESLER FIELD, Miss. (UP) Summer heat has closed down on the Gulf Coast like a blanket, and army authorities at Keesler Field have taken steps to protect their personnel from heat prostration.

The heavy meal of the day is now being served in the evening at the request of the post surgeon who believes that a light noon meal is more adaptable to army duties.

Major Charles B. Sigerson, mess officer, said that two meals a day now are accompanied by cold drinks, such as iced tea, iced cocoa or fruit juices.

A paint brush is recommended as a good duster for wicker porch furniture because it reaches into corners better than a dust cloth.

Conference Under Way In Germany

The Big Three picture at the round table as the conference at Potsdam gets under way, President Truman, seated with back to camera, looks off to right. Marshall Stalin sits further to the right and Churchill is pictured on the left. (U. S. Signal Corps Radiotelephoto from NEA Telephoto.)

CORPORAL'S GOOD IDEAS RATE FURLOUGH

Grand Island Army Air Field Grand Island, Neb. (UP)—Cpl. Robert D. Squires, Lancaster, O.

had one idea in mind when he submitted two suggestions for improvement of the Link trainer department. Squires had learned that accepted suggestions by soldiers would win a furlough. He came forth with ideas for a ti-spin assembly and an audio-control circuit net. Both were put into operation at the field. Squires got his furlough. The object—matrimony.

The wife of Jefferson Davis President of the Confederacy, was the daughter of a former United States President, Zachary Taylor.

You Pine...

Ah!... wouldn't it be wonderful to work in a brand new, really modern kitchen. So efficiently planned, things would get done in half the time. So clean and cool and beautiful you wouldn't mind working in it!

and here it is!

We Design...

This is the floor plan of just one of the Gas industry's "New Freedom Gas Kitchen" designs! Each one is cram-packed with time-saving, work-saving ideas... each one is scientifically planned to cut down on "legwork," dirt, heat... yes, even hard-to-kill cooking odors! When—after the war—you build a new kitchen—or re-model your old one—we'll be ready with dozens of ideas that'll fit your needs exactly!

... a kitchen where work takes wings!

Everything's easier in your "New Freedom Gas Kitchen" of tomorrow! COOKING IS EASIER... You'll have a marvelous new Gas range... fast, efficient, and so completely automatic it'll cook a delicious meal even when you're miles away. Remember—no matter what "make" you buy—if it bears the CP seal you can be sure it's built to the very highest standards of leading home economists and cooking experts! FOOD STORAGE IS EASIER... Your new silent Gas refrigerator will be roomier than ever... designed to keep all kinds of food fresh longer!

Six Refineries Require Vast Amount Of Water

AUSTIN, Tex. (UP)— It takes a lot of water to supply the six refining plants along the Neches River which have a daily output of over 500,000 barrels. Billions of gallons of water are needed to keep the plants, operated by five oil companies, running in smooth order, and the Part Neches water requirement compares with that of Cleveland—one third of New York City's water demands.

One heating plant is equipped with beds to process 8,000,000 gallons of boiler feed water per day, and the cooling water sys-

tem is designed to handle 308,000,000 gallons of water daily. The growing demands of the expanding industries make the water supply problem one of increasing importance, Elmer H. Johnson, regional economist at the University of Texas, points out. He said that the large water requirements of modern chemical industries are well illustrated by the needs of the synthetic rubber plants.

F. B. Plummer, geologist at the university, calls attention to the fact that 14 major reservoirs and many minor ones have been constructed in Texas during the past decade and that these reservoirs provide a total storage of 19,272,250 acre-feet of water. This may provide an answer for anyone in doubt as to whether the increasing water demands of industry will drain the Texas water supply.

He believes that a series of dams projected by the state board of water engineers will mean much in industrial and agricultural expansion for the state. To summarize water needs, Plummer says: "The South Texas rivers need reservoirs for reserve supplies of water for irrigation as much as protection against floods."

Pat Funnegan, Linnie Summers, Earl Blackwell, Jack Maier, Earl Jolly Cleo Gray, Raymond Lingle, Royce Rainbolt, Delbert Capps, James Bennett, Vinson and Masters.

METHODIST GUILD MEETS ON WEDNESDAY

The young ladies Guild of the First Methodist church met for their monthly meeting Wednesday night at 8:00 o'clock in the home of Miss Carolyn Ducker, Gholson Hotel.

The meeting was opened with the president, Miss Norma Jean Heinlein, presiding and by a prayer offered by Miss Elaine Brassa. Miss Myra Sue Lee was leader of the program on the subject Sparks Aglow, and parts on the program were taken by Misses Heinlein, Ducker and Virginia Dunsen.

At the close of the program refreshments were served to the following members and guests: Misses Dorothy Penn, Mary Guesse Vivian Cooper, Amelia Walker, Elaine Brassa, Mary MelHenry Virginia Dunsen, Boots Anderson, Ann Matthews, Carolyn Clarke, Myra Sue Lee, Norma Jean Heinlein and Mrs. J. J. Kelly, sponsor.

AUXILIARY OFFICERS ELECTED ON TUESDAY

At the regular meeting of the American Legion Auxiliary held Tuesday evening at 8:00 o'clock in the Legion clubrooms officers for the coming year were elected and will be installed at the first regular meeting in September.

Those chosen for officers were president, Mrs. Honey Jones; first vice-president, Mrs. R. H. Hicks; second vice-president, Mrs. Don Butler; secretary, Mrs. A. H. Powell; treasurer, Mrs. E. C. Ward; chaplain, Mrs. Charles Surbrook; sergeant-at-arms, Mrs. Bonnie McCleskey; and historian Mrs. Jane McMullen.

PERSONALS

Miss Camilla Hunt has returned to her duties with the Braniff Airlines after a visit with her mother, Mrs. Susan Hunt. Miss Hunt is hostess for the line between Dallas and Denver, Colorado.

Mr. and Mrs. J. E. Matthews have as their guests, Mr. and Mrs. Phillip Cozmaux and children, Phillip, Jr., and Susie and Mrs. Walker Griffith and son, Barton, all of Humble, Texas.

Mrs. Earl Reevy has joined the staff at the West Texas Hospital where she will take nurse's training.

Miss Ora Taylor underwent surgery at the West Texas Hospital, Wednesday night.

Mrs. E. W. Everett and small daughter of Amarillo have been removed from the West Texas Hospital to their home.

Mrs. S. E. Thomas is a medical patient in the West Texas Hospital.

Mrs. Adolph Nowak of Strawn is a medical patient in the West Texas Hospital.

Mrs. Ralph Campetti and infant son have been removed from the West Texas Hospital to their home.

Miss Mildred Baker, since October, 1944 educational secretary of the First Baptist church, has resigned from that post, the resignation to become effective August 15. The resignation was accepted by the deacons at a business meeting Wednesday night.

I GIVE YOU TEXAS
By Boyce House
"We ask a simple question, And truth is all we wish; Are fishermen all liars, or do only liars fish?"

Through carelessness, the word "Tuesday" was used instead of "Thursday" and so Austin has wished election just to pass upon one amendment - an indefensible waste of over \$200,000 of the taxpayers' money for an unnecessary election. Texas needs leadership!

A Vacationist's Lament from Lewisville Enterprise:

I had to have it bushed, And since the battery was charged, I never have to push, I've also got a good, new pump And a brand new pair of pliers, And now I'd go to see my folks - But, phaw, I've got no tires!

The original draft of the Declaration of Independence was written by Thomas Jefferson in French.

Had my old car overhauled,
Put the wheels in line,
Stopped the radiator leaks,
Got her running fine,
Fixed the horns so it would blow,
The windshield wiper wiper,
Took the darned old gas tank off
And cleaned out all the pipes.
Had the carburetor checked,
Ignition pretty good;
Had the broken fenders fixed,
And straightened out the hood,
Got the windows where they'll roll,
Put the doors in shape,
Bought myself a new floor mat,
And wrapped the wires with tape.
Had to buy seat covers too,
To get it looking right,
Had the left hand bumper fixed
And bought a new tail light.

CAN'T KEEP GRANDMA IN HER CHAIR

She's as lively as a Youngster— Now her Backache is better
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty urination with annoying and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
