Aluminum Workers Start Strike At Noon

Telephone Strikes Begin

District telephone operators begin deserting their jobs at the Telephone Building in Washington to attend a mass meeting in protest against what their spokesmen allege to be "sweatshop" conditions at the Chesapeake and Potomac Co. Spokesmen for the 3000 members who left their jobs said today's walkout has no relation to other strikes now plaguing the telephone industry but stems from the same trouble that caused last Friday's one-hour sit-down strike. STUDENT GROUP ATTEMPTS TO WIPE OUT YANK, SOUTH ENMITY

AUSTIN, Tex., (UP) — Some of the few remaining Confederate Army veterans might meet an ambitious group of University of Texas students a "bunch of young whippersnappers."

But the students—members of the newly-organized "Yankee Club" at the University—believe in Southern hospitality. They want to be good neighbors. And most especially do they want to abolish use of "damn Yankee" which has held such an important place in Southern vocabularies since Civil War days.

Those are the explanations of Yankee Club President James Koch of Los Angeles. He says the club's 150 membership—which he hopes grows to 500—is in dead earnest. They've convinced University officials, and now there's going to be an official celebration.

That will be January 26—the first "Yankee Day" at Texas University. One feature will be destruction of mythical Mason and Dixon line; it will be dismembered stake-by-stake up the broad lawn leading to the 27-story Library Tower. The University band will tune up first with "Yankee Doodle" and then "The Eyes of Texas."

In a high-noon ceremony as the last stake is pulled, University Acting President T. S. Stevenson will present Koch a key to the campus. Gov. Coke E. Stevenson has been invited to attend.

The afternoon and evening will be crammed with all sorts of functions. Climaxing ceremony will be coronation of a "Yankee Doodle Girl" at an all-University dance (with Yankee footing the bill). Nominees will be from each of the 26 Yankee states, resident or birth in which is required for eligibility to the club.

Do You Know?

That there is a sand sometimes over a hundred feet thick at a depth of about 2,000 to 2,500 feet that is called "Sulfate Sand"? It was so named by drillers and tool dressers because they would pack their suit cases and look for another job when this sand was reached, not wishing to dress the necessary bits to drill through this bit cutting sand.

Leni Sobel of New York is chairman of arrangements for the day's activities. He says: "The celebration hopes to initiate a spirit of cooperation and hope to set a precedent which will be continued in years to come as through such friendly activities can better understanding be achieved."

Co-ed Carolyn Brock of Wesleyville, Pa., had the inspiration about a Yankee Club. Browsing through a University directory, the first Yankee name she saw was Leonard "Swede" Ahlgren of Chicago, Ill.

Miss Brock and Ahlgren contacted friends. Soon the club had a membership of 150. A membership drive prior to Jan. 26 will have the object of enlisting the entire 500 University Yankees.

Then, says Koch, "The compromising of differences will lead eventually to a very definite feeling of mutual friendliness and cooperation rather than the spirit of separation that now exists."

Mother of Mrs. Morton Dies In Seymour Today

Mrs. G. W. Boyles, mother of Mrs. Gorman Morton of Ranger, died early this morning at Seymour following a long illness.

Mrs. Boyles died at the home of a daughter, Mrs. Joe Franklin, with whom she had been making her home.

Funeral services will be held at the First Baptist church in Stamford, Saturday morning at 10:30 o'clock.

Survivors besides Mrs. Morton and Mrs. Franklin are the following daughters and sons, Mrs. V. M. Hamilton of Olden, Mrs. Joe Cockrel of Avoca, Lester Boyles of Seymour, Mrs. Ch. Keek of San Diego, C. L. Boyles of Wichita Falls, Mrs. L. D. Lunday of Dallas and eight grandchildren and three great grandchildren.

Seabee Mascot Ace Cupid For GI in Fiji Isles

PITTSBURGH (UP) — Little Jimmy Carrick can play anything from Seabee mascot to Cupid, even though he's been bedridden for six years.

The plucky eight-year-old, crippled by infantile paralysis most of his life, was named official mascot of the Seabees last year in a global election conducted among a quarter of a million men.

Jimmy's hobby of writing to servicemen endeared him to the Seabees and won him world-wide fame as their mascot. Now that hobby has earned him a Cupid rating, too.

Three years ago Jimmy saw a letter in a local newspaper written by Pvt. Bill Aufherheide, a lonely soldier stationed in the Fiji Islands. Bill, who has no parents or relatives, asked in the letter that someone in Pittsburgh write to him.

Despite his already heavy correspondence, Jimmy put Bill on his list and wrote to him twice a week. Once Bill asked Jimmy, "How about giving me the names of some girls to write to?"

RANGER LOSES BASKET BALL GAME TO CISCO

In a thrilling basket ball game in which Ranger held the lead over Cisco up to the last few minutes of play, Cisco finally took the game by a 31 to 30 score. The game was tied 30 to 30 in the last few seconds of play and 25 seconds before the whistle, Cisco tossed another score to win the game. At the end of the half Ranger was leading 18 to 12 and kept a lead through the first part of the second period with Cisco cutting down the lead gradually.

This was Ranger's first conference game of the season and was one of the games played in the invitation tournament now in progress at Ranger.

Ranger players were Frank Ford, Din Ford, Pete Dawn, Howard Frasier and J. G. Wright. Frankie Ford was high point man with 15 points.

Cisco starters were Harrelson, Nobles, Smith, Saults and Ford. Harrelson was high point man with a total of 15 points.

Cities Planning Garages For Parking Relief

CHICAGO (UP) — Although the number of automobiles in the nation still is low, municipalities throughout the country are taking steps to alleviate jammed business district parking spaces, according to the International City Managers' Assn.

At Detroit, voters polled—four-to-one in favor of the construction of an underground garage in the downtown area. The garage will be designed to accommodate between 900 and 1,000 automobiles and will cost an estimated \$1,916,000 to be met by bonds which will be paid off by parking fees in 18 years, the association reported.

A large area in the business district of Rochester, Minn., recently was purchased for \$124,000 to be developed into a parking lot, and in Glendale, Cal., recommendations have been made for installation of parking meters to defray costs of acquiring off-street parking lots.

The St. Louis, Mo., board of estimates has approved tentative plans to construct two 1,000 car garages in the downtown district on land acquired by the city. Merchants would defray the cost of constructing the garage, estimated at \$1,000,000 each, under present proposals.

Witness Points Out 3 Nazis Who Were at Dachau

NUERNBERG (UP) — A Czechoslovak witness told the international war crimes court today that at least three of the Nazi leaders now on trial were eyewitnesses to the three mass murders that atrocities committed at the Dachau concentration camp.

The witness, Dr. Franz Blaha, pointed an accusing finger at Fritz Sauckel, Wilhelm Erick and Alfred Rosenburg as he testified that all three were among the "distinguished visitors" who visited the Dachau horror camp during his forced stay there.

Brothers Have First Meeting In Two Years

Two Ranger brothers who had not seen each other for two years, recently had a meeting in Los Angeles.

The brothers are Sgt. W. M. Brown, Jr., and Sgt. Charles Brown, both of the Marine Corps, met when the former's ship docked and he called the latter who is stationed nearby. They had a 24 hour visit and news of the visit came to the parents, Mr. and Mrs. W. M. Brown, when the two called them long distance while together.

Deer and other big-game animals should be stuck and bled promptly after killing.

YEARLY BEEF GRAZING SEEN IN RICE BELT

BATON ROUGE, La., (UP) — Year round grazing for beef cattle in the rice belt of Louisiana is seen in the future as a result of experiments conducted by Louisiana State University and the rice experimental station at Crowley, La.

Profitable operations from the standpoint of both beef and rice production are reported by M. H. Sturges, head of the agronomy research department of LSU, and R. W. Walker, assistant agronomist of the rice experimental station at Crowley.

The secret lies in rotation of cattle between fields to take advantage of pasture grasses which can be planted for spring and summer grazing, rice stubble available in the fall and oats in the winter.

Properly fertilized pastures of white clover, lespedeza and Dallis grass carried one animal to every 4 acres. Cattle grazed on these pastures gained 232 pounds per acre from March 5 to Nov. 5.

When frost hurt the lespedeza, the cattle were transferred to the rice stubble where they continued to make good gains until mid-December. Then they were placed on oat pastures until March 5, when the permanent pastures were available. The cattle gained 72 pounds of beef per acre in the oat pasture.

It was possible to harvest 23 bushels of oats per acre after the cattle had grazed all winter. When the permanent pastures were turned back to rice production, yields were increased by 6.4 barrels per acre.

Dr. Sturges says these experiments show "good pastures may be profitably established in a pasture-rotation consisting of three years pasture and two years rice."

GI Wives To Go Overseas

Mrs. Virginia Buell, 27, shown with her children, Sherrie Lee, 3, and 8 months old Billy, hopes to leave for Guam to be one of the 1st servicemen's wives allowed to join their husbands overseas under a new Army ruling. However, facing Mrs. Buell is the problem of how much of her 1000 lb. luggage weight allotment she should allow for a half year's supply of canned baby food and milk which she thinks she should take for her children. Mrs. Buell's husband is Marine Capt. Charles Buell who already has spent 6 months on Guam and has applied for a permanent commission. (NEA Telephoto.)

Morton Valley Strawn And Ranger Winners

Opening game in Ranger's invitation basket ball game was played here Thursday night between Morton Valley and Moran with Morton Valley coming out winner by a score of 24 to 13.

Play was continuing today with Strawn defeating Olden by a score of 28 to 13 played this morning and Ranger defeated Eastland by a score of 35 to 24.

Scheduled games for the remainder of today is as follows: Brownwood and Mineral Wells at 2:30 P. M.; Stephenville and Strawn at 3:30; Morton Valley and Cisco at 4:30; Moran and the loser of the Brownwood and Mineral Wells game, 5:30; Ranger girls versus Strawn girls at 7:00; Ranger and the winner of the Strawn-Stephenville game, 8:00 and at 9:00 o'clock the winners of the Cisco-Morton Valley game and the Brownwood-Mineral Wells game.

Burning Film Drives J. P. From Courtroom

CHICAGO (UP) — Justice of the Peace Joseph Jowzak snuffed smoke at the Morton Grove County Highway police court.

The smoke increased and so did the snuff. "No one but a goat could snuff like that," Jowzak said. Suddenly the wastepaper basket underneath his desk burst into flame from a discarded camera film which had been smoldering.

Court was resumed after the burning basket was tossed out the window.

Find New Clue In Chicago's Murder Mystery

CHICAGO (UP) — As mourners attended the funeral of little Suzanne Dugan today, police found a clue which might link her kidnap-slaying with the recent "Bipstick murder" of Wava Frances Brown.

Detectives found scrawled on a post near where Suzanne's body was butchered, this message: "Stop me before I kill more."

The Heart Mountain relocation center in northwestern Wyoming was the third largest populated city in the state.

Gen. Wainwright Is Commander Of 4th Army

WASHINGTON (UP) — Gen. Jonathan M. Wainwright has been designated commanding general of the Fourth Army with headquarters at Fort Sam Houston, Texas. The war department announced today.

He succeeds the late Lt. Gen. Alexander M. Patch, Wainwright, hero of Bataan, and holder of the medal of honor, has been commanding general of the eastern defense command. His successor in this post has not yet been named.

THE WEATHER

West Texas — Clearing except cloudy in northeast portion and along upper coast this afternoon. Colder coastal area this afternoon. Partly cloudy tonight. Colder in east portion. Saturday fair and colder.

MOVE BEATS SCHEDULE AS PHONE STRIFE GROWS WORSE

NEW KENSINGTON, Pa., (UP) — Union workers at the Aluminum Co. of America plant here began walking out at noon today—60 hours before their unions deadline for a nation-wide strike of the steel and aluminum industries.

NEW YORK (UP) — Long distance telephone service across the nation was paralyzed a 2 1/2 local service curtailed at many points today, and there was no immediate prospect of an end of picketing of telephone exchanges in key cities of 44 states. Preparing to leave for Washington to attend a conciliation meeting called for 4 p. m. by Secretary of Labor Lewis B. Schwellenbach, Ernest Weaver, president of the striking association of communications equipment workers (Iud) said: "picketing had begun and will continue until this thing is settled."

Weaver expressed amazement at a report that Schwellenbach had said in Washington that Weaver had promised another attempt to withdraw the picket lines. Schwellenbach's meeting was to bring together ACEW leaders and officials of Western Electric Company against which the union struck Wednesday in a demand for increased wages and other concessions.

The telephone group resulted when ACEW threw picket lines around exchanges and members of the national federation of telephone workers (NAT) generally respected them.

By United Press
Picketing lines were thrown around telephone exchanges in seven major Texas cities today by Western Electric strikers, causing disruption of long distance telephone service except for emergency calls.

At Beaumont, one of the seven cities affected, even local service was severely crippled, because that city does not have dial telephone service.

The other affected points, where local dial telephone calls were not affected were Dallas, Ft. Worth, Houston, San Antonio, Austin, and Corpus Christi.

Members of the Southwest Telephone Workers Union, whose membership largely is made up of operators, refused to pass the picket lines. Some supervisory personnel, however, reported for work and were available to complete long distance calls of emergency nature. Everywhere the picketing was reported orderly.

Clyde L. Stewart, division commercial superintendent for Southwest Bell Telephone Company, said in Dallas that "we are the innocent bystanders of the strike of the installation men."

INCOME TAX MADE CLEAR IN QUESTIONS, ANSWERS

Following is a list of questions and answers relative to income tax which has been compiled by the collector of internal revenue, W. A. Thomas, of Dallas for the purpose of enlightening the public on phases of the income tax on which their knowledge is vague. These will be a series of the questions and answers appearing in this paper each day this week.

No. 3
payers who must file a Declaration of Estimated Tax on January 15, how do I estimate my tax for last year? Estimate your income for 1945 and then figure the tax by the same method you use to compute your exact tax on your annual return.

2. Are there any special worksheets or tables to help me estimate? You don't need any special sheets. Use a copy of the regular return blank, Form 1040.

3. If I use the regular return blank Form 1040, to figure my tax, can I file that instead of an estimate form? If you fill it out like a regular return and use exact figures (not estimates), you can file Form 1040, and it will serve both as the declaration due now and as the return due March 15.

4. Part of my tax bill is paid through the tax deductions my employer makes from my paycheck. Do I have to pay the estimated tax on top of that? You pay only the difference between the withholding tax and your total tax.

5. If I am charging an estimate and have already paid some installments, how do I take credit for those payments? If filing Form 1040, write the amount on line 7(B), page 1.

6. Suppose my estimate last March was far too high, and I have already paid more than my correct tax for 1945. Can I get a refund of the difference? Yes, by filing your regular return and
