Well...  
I Dunno,  
But...

Chief George Murphy, Ranger's Home service chairman for the Red Cross and a member of the Times staff were doing some fast hustling late Thursday afternoon when Mrs. Joseph M. Perkins, Eastland County Red Cross chairman called and said that an English war bride and her baby were arriving on the Sandhite Special within 22 minutes and that it was impossible to reach the husband at Alameda before that train arrived.

However, at the station the two found the husband and his entire family, plus some of the relatives from Eastland, and were glad to have the advance notice of the bride's arrival and get to meet her at the train.

The bride is Mrs. James Hart, wife of James Hart of the Alameda community, who met his wife while serving as a lieutenant with the United States Army Engineers in England. They were married October 24, 1943 in Dagenham, England. They have a son about a year old who was named James Anthony, III and who is the picture of health. What's worrying the father is just what luck he's going to have making a Texan out of the young man. Mr. Hart saw his family last in September, 1945.

Mrs. Hart is the former Miss Florence Ellen Kenningale, of Dagenham, and is no stranger to the United States. She came to the States in 1939 with the Merry England group to perform at the World's Fair in New York and while here was the guest of the late President Roosevelt and Mrs. Roosevelt at the White House. She is a legitimate stage actress and was also drum major for the Dagenham and Girl Piper band, a group famous in England for the entertainment. Her stage name was Florence Ellen Kay.

Mrs. Hart and her son docked Monday in New York, arriving on the Queen Mary. When asked if her son was a good seaman, she replied that he was but that he didn't like so many babies. The natural question to this was answered with the statement that there were 700 babies on the ship. The ship also brought 2,200 war brides.

Hart returned to the States in October 1945 and has been making his home on the family farm since that time. The gleam in his eye Thursday was evidence of the elation that he felt over the arrival of his family from England.

Some enthusiastic ranchers and livestock dealers in and near Ranger are beginning to talk rodeo and it is hoped that the outcome will be the resumption of the annual rodeos in Ranger this summer.

This area is virtually a new territory so far as the livestock and sheep and goat business is concerned and every encouragement should be given to this field, besides the rodeos have in the future furnished a lot of entertainment for the people of this area.

Ranger business men and women should get behind the deal and lend all possible support and effort to the promotion of a rodeo for Ranger this summer.

It's a good deal for all concerned and there's even some talk of trying to secure a permanent rodeo grounds for the town.

Ranger Elk's Lodge fund for the crippled children's hospital is about \$250 better off for the benefit dance which was given by the lodge Thursday night. A crowd estimated at 250 couples attended the dance and so enthusiastic was the group that another dance will be given next Thursday night at the clubrooms. Tickets for the next dance will be sold at the door only, and no advance sale will be made.

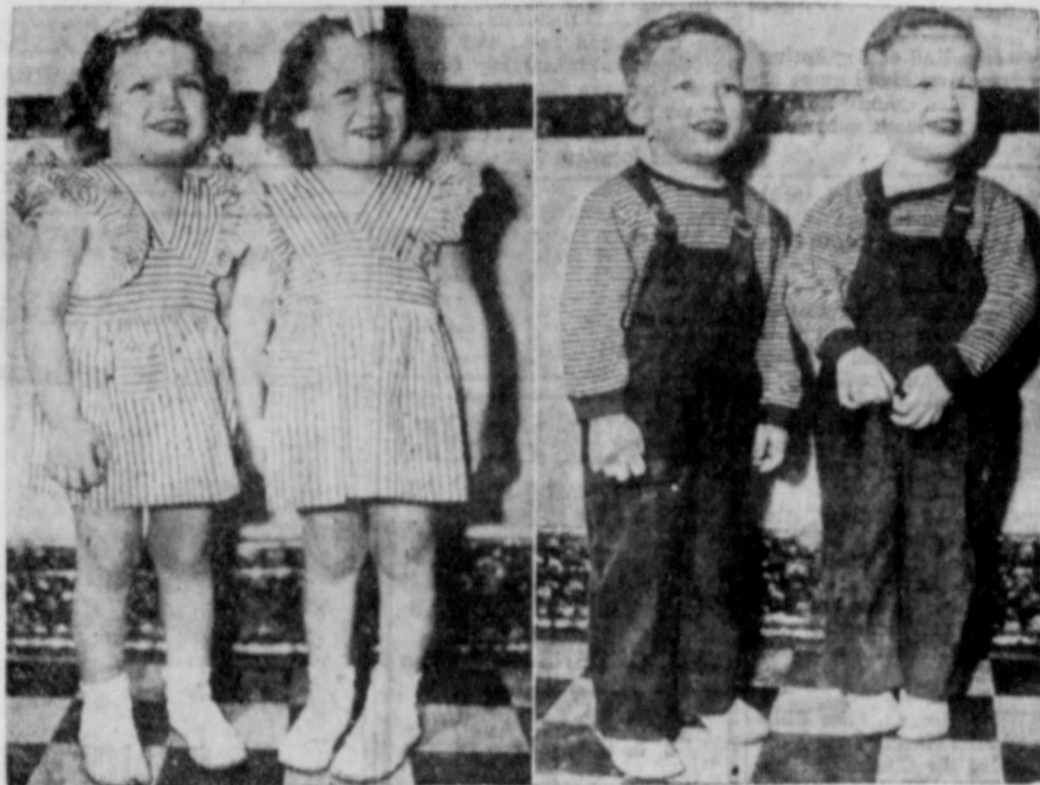

The \$250 mentioned above was cleared over and above expenses and all of this sum will go to the hospital fund.

The climate of Nebraska is dry and temperate, but subject to extremes.

**Do You Know?**

That in the middle 1920's, a well in southwest Callahan county flowed 28,000 barrels of oil from the Ellenburger limestone in 28 days? The Ellenburger there is about the same depth as in the Ranger area, elevations equalized.

## What Would You Like Boys Or Girls!

For four years George, left, and Michael Roman were dressed like girls by their parents, Mr. and Mrs. Anthony Roman of Chicago, Illinois. Then the barber came into the life of the 4-year-olds, right. Clothes may make the man but a haircut helps too, as Michael, left, and George Roman find. After four years of posing as girls Michael and George look as manly as any 4-year-old boy could in their striped shirts and overalls. (NEA Telephoto).

## NEW VOLUME REFRESHER AID IN ACCOUNTING

NEW YORK (UP) — The American Institute of Accountants is offering a refresher course for public accountants which is designed to meet a "professional obligation to public accountants who have participated actively in the war."

The course, offered in the form of a book, entitled "Contemporary Accounting," will aid veterans to re-establish themselves in their profession at a high level of efficiency.

The book is intended for use in classrooms and home study, and in retraining programs of public accounting firms, the institute said. Arrangements already have been made to have the book used as a text in classes co-operatively sponsored by 15 universities and state societies of certified public accountants.

The 700-page volume, offered to veterans at a price discount, presents discussions of recent changes and new developments in accounting principles, auditing procedure, accounting systems, federal taxation, and government relations in connection with war contracts, labor policies and price controls. Primary emphasis is placed on professional and technical developments since 1940.

The institute, the national professional society of certified public accountants, said chapters in the book are directed to public accountants at the level of advanced juniors or semi-seniors. Many of the subjects treated are included in current college courses for advanced accounting students.

The volume should meet the needs of returning students who entered the armed forces immediately after completion of courses of study in preparation for accounting work.

Church Of God Conference To Be Held Here

Rev. Otha Anderson, local pastor, announced today that the annual District Convention of the Church of God will convene in Ranger March 26 to 28th.

Rev. M. F. Campbell, State Youth Director, will be in charge of the service Tuesday evening and will speak on the Youth of Today. The orphanage work of the Church will also be discussed.

On Wednesday evening Rev. U. B. Rains, State Overseer, will be the main speaker. This service will be given to the mission work of the church.

Rev. J. H. Walker, former General overseer of all the churches of God will be the speaker on Thursday evening. There will be a large number of visiting ministers and singers who will appear on the programs.

The public is cordially invited to attend the convention.

Nebraska has about 6,100 miles of railways.

## Associational Workers Meet Held In Gorman

The Cisco Associational Workers Conference was held Thursday March 21st from 10:00 a. m. until 3:00 p. m. in Gorman at the First Baptist church. The program started with a song service and devotion by Glenn Wilson of Carbon after which Rev. D. G. Ham of Ranger gave a talk on Spiritual Preparation in Evangelism. Rev. Jay Handley of Harmony talked on "The Christian's Witness in Evangelism," and Rev. H. M. Weldon of Albany on "A Church in Evangelism."

Special music was furnished by the Gorman church and Rev. Fred Porter of Eastland delivered the sermon.

Luncheon was served at 1:30 by the women of the First Baptist church of Gorman.

After luncheon a board meeting and W.M.U. program was held and the closing feature was a sermon on Organization in Evangelism by the missionary for the association, Henry Littleton.

Those attending from the First Baptist church in Ranger were: Misses C. B. Pruet, Carl Bankston L. H. Bruce, T. C. Gordon, Elsie Oliphant, and Rev. D. C. H. a. m. Mr. and Mrs. Bishop of Okies also attended.

## Leon River Flood Control Studied

At a meeting called by J. R. Eans of Comanche and held at DeLeon on March 19 for the purpose of discussing flood control problems along the Leon River from Coryell county to Callahan county, an executive committee composed of Fred Brown of Eastland, chairman, L. R. Pearson, Ranger; J. R. Eans, Comanche; Odie Pitsick, Guadalupe; Walter Hamilton, Dublin; Lyman Forest, DeLeon; Dr. C. C. Baker, Hamilton and Robert W. Brown, Gatesville, was appointed.

The first meeting of the committee appointed at the DeLeon meeting was held at DeLeon Monday night, March 18, when one of the actions taken was the starting of plans for the securing of competent engineers to make a survey of the Leon area between Coryell county and Callahan county and make recommendations as to what steps to take toward flood control, the securing of additional water supplies for the towns in the areas and the expounding of water for irrigation purposes.

TRAPS 87-POUND BEAVER DES MOINES, Ia. (UP) — Hank Behrens, Anthon, Ia., holds the state record for trapping the largest beaver. State conservation officials report that Behrens trapped the giant animal, which weighed 87 pounds, on the Little Sioux River in Woodbury county.

The largest beaver known to have been taken in Iowa prior to Behrens' catch weighed 81 pounds and was trapped in 1938 on the Missouri River near Sioux City.

Nebraska has about 6,100 miles of railways.

## CONSCIENCE BIDS MAN TO PAY OLD FINE

AMARILLO, Tex. (UP) — Either the law or conscience will catch up with most law breakers eventually.

Amarillo police reveal that a hurrying motorist of some years ago, who did not take time to pay a traffic fine, has been thinking about it and has decided to clear his conscience.

He sent an explanatory letter, along with three dollars, from a conscientious objectors camp at Lapine, Oregon.

"It isn't easy to make confessions, but here is mine," the letter said. "Some years ago I ran a stop sign in Amarillo while traveling from Oklahoma to New Mexico, was given a ticket, and being broke and in a hurry continued my journey. My wife was pregnant and I did not want to be detained."

"I am not much better financially today, as I earn only \$50 per month allowance and work for the government without pay."

The man, who said he would appreciate a receipt, said he had been interned 22 months.

Mayor Joe Jenkins said: "There always has to be a first time, and this is the first time anything exactly like this has happened here."

The police department returned the money.

## Former Prisoner Of Germans Is College Speaker

Another in the series of veterans' talks being given at the Ranger Junior College chapel was heard Thursday at the chapel hour when Murel Squires spoke.

Squires, who served as a corporal with the Army in the European theater of war and who was a prisoner of the Germans, had many experiences of interest to relate.

During the time he was a prisoner he was in Stalag 12-A and 4-B.

## EGG Production Is Up In County

A news item published in the Chronicle recently regarding a large egg laid by a hen belonging to Mrs. W. E. Salter of Eastland, inspired Mrs. C. H. Mahaffey, who resides just outside the western limits of the city of Eastland on Highway 80, to bring some large eggs laid by her hens to the Chronicle office.

Mrs. Mahaffey stated that she got two eggs Saturday, March 15 (and she brought the eggs along to prove it) one of which measured 8x6 1-2 inches and the other 7 1-2 x 6 1-2 inches. She says also that she has been getting one like this every other day for fifteen days.

## AUTHORITIES AIDED SPIES SAYS CLERK

MONTREAL (UP) — "High authorities in Russia" directed a Soviet espionage ring in Canada and were preparing "for a future event which could only be war," the former cipher clerk of the Russian embassy testified here today.

Asserting that agents of the dreaded Russian Secret Police, the Kvd, are operating in Canada "and everywhere", and that the former Russian military attaché at Ottawa had directed a complicated spy network, Ivar Gouzenko, youthful Russian who gave authorities first information on Soviet espionage, told the city police court.

"Obviously by the last telegram I saw, high authorities in Russia prepared for a future event which could only be war."

From steel-shuttered rooms, he testified that Col. Nikolai Zabolin, former attaché, directed a search for secret information to be transmitted to Russia, most of which "could cause some harm to the state from which it was taken."

## Mrs. Hunter To Conduct Model Class At Meet

At the meeting of the Oilbelt Teachers Association to be held in Abilene Saturday, Mrs. Hal Hunter of Ranger Junior College will conduct a model class in American Literature for the English section of which Mrs. Hunter is chairman.

About 25 students from over the district will participate in the class which will be observed by teachers from the district.

Dr. G. C. Boswell, vice-president of the association, with Mrs. Boswell will go to Abilene this afternoon to attend an executive board meeting there tonight.

Among others from Ranger who plan to attend the meeting in Abilene Saturday will be J. R. Ervin, Miss Clara Mae Weaver, Miss Anita Austin, Mrs. Lillian Eastland and Miss Lillian Strain.

## German Control Question Goes To Big Four Powers

FRANKFURT (UP) — Gen. Joseph T. McNarney said today that the deadlock over setting up a central government had passed from the hands of Allied control authority to four-power diplomatic levels.

McNarney, commander of the U. S. Occupation Army and American military governor, reported the shift in the dispute over centralization of German government at a press conference.

Of the four occupation powers, France has held out adamantly against the establishment of a governing authority for all of occupied Germany.

## Stylists Predict Shorter Hair-Do

COLUMBUS, O. (UP) — Miss Margaret Burton, Chicago hair stylist, predicts that this year the usual hairdo will be shorter, with the hair cut to six inches from the crown and to four inches all around the hair line.

Speaking to the Ohio Hairdressers guild convention here, Miss Burton warned that the hair-do should have a brushed, tapered end and natural look.

The upswep hair-do is recommended for a formal coiffure, but built up on one side of the head.

Miss Burton suggested "black-combing" the hair by rattling it with short quick combs toward the hair roots to obtain the effect of quantity.

Meat packing is Nebraska's largest industry, followed by dairy products and flour milling.

## FRIEND SAYS VARDAMAN IS UNFIT FOR JOB

WASHINGTON (UP) — Commodore James K. Vardaman, Jr., president of the Missouri Bankers Association, testified at a Senate banking subcommittee hearing on the nomination of Mr. Truman's naval aide to be a member of the board of governors of the federal reserve system.

The witness, James P. Hickok, testified at a Senate banking subcommittee hearing on the nomination of Mr. Truman's naval aide to be a member of the board of governors of the federal reserve system.

He described Vardaman as "a man of prejudice, violent likes and dislikes which sometimes influence his judgment."

Similar opinions of Vardaman's qualifications were expressed by two other St. Louis bankers.

## First Place In Golf Tournament Worth \$3,000

FORT WORTH — First place in the \$15,000 Colonial National Invitation Golf Tournament, to be played here May 16-19, will be worth \$3,000. Twenty of the 24 professionals in the field will win prize money.

Max Highfill, chairman of the tournament committee, announced the list of prizes this week. Second place will be worth \$2,000; third, \$1,400; fourth, \$1,100 and fifth, \$1,000. The list then scales down to \$150 for twentieth place.

With but 24 selected professionals and 12 amateurs to compete, only four of the for-ach swingers will fail to reap a slice of the prize money. Winning amateurs will receive suitable awards.

In addition to the full-tournament payoff, the leading scorer each day will receive \$153. Highfill announced. Thus it will be possible for the winner to draw down \$3,600.

Transportation while in Fort Worth, as well as clubhouse expenses, will be furnished all contestants.

## Lt. May Back From Service, Visits Here

Lt. C. E. May, Jr., who has been released to inactive duty with the United States Navy, arrived in Ranger Thursday night for a visit with his parents, Mr. and Mrs. C. E. May.

Lt. May, who is on terminal leave, entered the service of the Navy April 17, 1942 at Houston and was last assigned to the USS Benson. He was separated from the Navy at Charleston, S. C.

He is a veteran of both the Pacific and European wars. He participated in the Sicilian occupation from July through August of 1943, and was in the invasion of Southern France.

In the American theater his destroyer, USS Neida, served in escort duty, anti-sub activities and armed guard operations.

He holds the European-African-Middle Eastern ribbon, American Theatre ribbon and the Asiatic-Pacific ribbon.

## Police Escort Workers Into Yale Lock Plant

STAMFORD, Conn. (UP) — State and local police smashed through a massed crowd of about 1,000 pickets and strikers today to escort foremen and plant officials into the strike-bound Yale & Towne Manufacturing Co. plant.

No one was injured seriously, but police arrested 21 persons in the four and one-half months old strike at the lock factory.

## Two Veterans Workers To Be At VFW Post Hall

Officials of the Ranger Post of the Veterans of Foreign Wars stated today that W. E. Fox of Eastland will be at the post hall tonight for his regular weekly games for veterans.

Saturday afternoon at 2:00 o'clock W. E. Fields of Mineral Wells, field representative for the Veteran's Administration, will be at the same hall to advise with veterans on their problems.

## BLAME FEARS OF WAR UPON POLITICIANS' PROPAGANDA

LONDON (UP) — Generalissimo Josef Stalin threw his full support today behind the United Nations Organization in a statement that appeared to make plain Russia is prepared to settle her disputes within the framework of the UNO.

In the strongest statement he has ever made in support of the UNO principles he blamed fears of war on the propaganda of "certain political groups" which he charged with deliberately seeking to incite a new war.

The Stalin declaration characterized the UNO as "a valuable instrument" for preserving peace and security. He expressed faith that it will "play a great and positive role" in this connection.

In what appeared to be an oblique thrust at Winston Churchill who yesterday continued his international debate with Stalin through the medium of an exclusive United Press interview the Soviet leader urged against "abuse of freedom of speech against the interests of peace."

WASHINGTON (UP) — Secretary of State James F. Byrnes will represent the United States during the United Nations Security Council's consideration of the Iranian - Russian dispute, it was announced today.

The decision showed the importance the United States attaches to consideration of the Iranian complaint against continued presence of the Russian troops in Iran. The United States is determined to see the matter pressed to a solution by the council which convenes in New York Monday.

TEHRAN (UP) — British sources reported today that rebellious Iranian Kurds had captured Sardesh, one of three towns in the border area fronting Iraq which they had been besieging.

## Six Officers Charged With Conspiracy

LONDON (UP) — The U. S. Army announced today that six former 10th Reinforcement Depot officers, including the commander, had been charged jointly with conspiracy to inflict "cruel, unusual and unauthorized punishment" on former depot prisoners.

Col. James A. Kilian, former commander at the depot at Lichfield, England, and five subordinate officers were charged in conjunction with several enlisted men with conspiracy to beat prisoners with fists, rifle butts and rawhides, and with kicking them.

## Worse Than War

BOSTON (UP) — George Bithonyof the South End and John J. Mullin of Dorchester are two veterans who probably wish they were back safe, in their foxholes.

Bithony went into a downtown clothing store and purchased a suit for \$16 only to find that the suit was the same one which had been stolen from him the day before. Mullin, a former Army captain who fought with the infantry in the Pacific without receiving a scratch, fell down enroute to his wedding and broke his leg.

## THE WEATHER

Anticipating the Need for Future Things

... and doing the necessary to get them is not only wise but good business in these modern, busy times. Acting under this impulse we register for new cars or an extra tire for in advance of the time we expect to get them. Since abstracting is slow, tedious work and requiring more time than the average person realizes, may we suggest that our customers file their orders in advance of their needs, with our appreciation and thanks.

WILDCAT FAT AIDS DRIVE ST. HELLS, Ore. (UP) — Mrs. Stella Soderstrom of Cedar Grove added up her contributions to the waste fat drive during the past year and found she had rendered 200 pounds which she had rendered from 38 wildcats, five coyotes, 10 bears—and a few skunks. Mrs. Soderstrom got the idea when she killed a fat wildcat which invaded her henhouse. She skinned it, rendered it and traded the fat to a butcher for four cents a pound.

## CAPT. JENKINS' DIARY...

1880 to 1890

Excerpts from Capt. Jenkins' Diary 1880 1895.

(Editor's note—Capt. Jenkins had no entries in his diary from Oct. 12, 1885 to August 29, 1888.) August 28, 1888 — Billy Townsend moved into his new house and store, east corner of Court-house square.

Aug. 29—Same Day at the races, Elbert Townsend lost saddle, bridle, a lot of money and was thrown from his horse. Same day, Eddy Townsend lost his roan horse, worth \$30. It was a bad day for betting and several French gentlemen lost lots of their surplus cash.

Sept. 7 — Finished the kitchen and ate the first meal in the new

house.

Sept. 8—The Hubbard dog case came off today against the T&P railroad. Verdict, for Hubbard, \$10 and cost.

Sept. 15 — J. T. Townsend's fine young horse, Young Duke, was killed by the T&P railroad —worth \$400.00.

Sept. 18 — Last evening at the Bedford Chapel the Rev. Doctor Trimble made some remarks about the Campbellites, rather too serious. Several people of that denomination being present. Mr. Jonas Daniel rose in his seat and called Dr. Trimble to order and said he could not prove what he stated. After considerable excitement, order was restored. Then brother Eliza Mills found fault with the preaching. The impression of the people was that both the Rev. gentlemen, Mills and Daniels are slightly cranky.

Sept. 20 — Cloyd Young left this morning for San Antonio to join a surveying party. Hope he may have good luck. The party is in charge of Mr. Ammerman.

Sept. 24 — This morning the ground was broken for the new

tank at the potato Hill Townsend house ranch. Contractors Jenkins and Robertson — Capacity of tank, 200,000.

Oct. 5 — Today at 12 o'clock the big tank was finished. The work is well done and the contractors are ready for another job.

Dec. 26 — Some unknown tramp stole Billy Townsend's big Christmas gobbler. (Poor fellow he was out of meat). Bull's livery stable was set on fire same night, but did not burn. Burglars tried to rob Townsends store by cutting through the roof, but were frightened off. Considering the town has 3 churches—Eastland is getting low down.

Jan. 5, 1889 — Elbert left home on Saturday on horseback for New Mexico.

Feb. 24 1889 — This has been a remarkable week. Last Sunday morning the Hill brothers and W. K. Townsend had a regular fistcuff, not about a woman but about a sow and pigs. Hill struck Townsend in the face and broke his pipe. Townsend then made a grab for Hill's whiskers. He snatched a handful and threw them on the ground. Hill was very much confused, a little embarrassed and badly fatigued. The cursing and swearing was terrific, the sow and pig coming in for their share. The men were parted by friends and fined \$10 each.

Feb. 25 — A red haired gentleman was put in jail this morning for having too many wives. He was on his way to Salt Lake City.

March 15 — The Martins arrived today.

April 4, 1889 — George Holland and Hodges, the saloon man, had a flare up. Hodges knew that Holland was able to gobble him up and to save trouble smashed a beer bottle over his head. The public says he done right. Next?

April 11 — Fay Lawrence, who has been absent for several years, came back to visit friends and undertook to paint the town, and made a target of our new saloon keeper but was overpowered and safely lodged in the Eastland jug at the public's expense.

April 13 — During the storm last night, the lightning struck a tree not far from Eddy Townsend's house.

April 27 — A young man named Dabbs, living near Eastland,

## Sour Milk Easy From Sweet Milk

WASHINGTON (UP) — What do you do if your recipe calls for sour milk and there isn't any available? The Agriculture Department's Bureau of Home Economics offered this suggestion to housewives in such a predicament: Use sweet milk, adding one tablespoon of lemon juice or vinegar for each cup. Stir and let stand for about half an hour. The result, the bureau said, is a "good" substitute for sour milk.

### SOCIETY

#### 1920 Club Meeting Held Thursday

The regular meeting of the 1920 Club was held Thursday afternoon at 3:00 o'clock in the Blue Room of the Gholson Hotel with the president, Mrs. A. W. Branda, presiding.

Mrs. B. A. Tunnell was leader for the afternoon program and introduced Mrs. G. C. Boswell, music chairman, who presented Miss Jacqueline Edwards, vocal soloist who sang three Texas songs, accompanied at the piano by Miss Elaine Branda.

Mrs. Tunnell then presented Mrs. John Thurman who gave a delightful entertaining review of The Egg and I, by Betty McDonald.

Following the program a short business meeting was held in which Mrs. Joe B. Scott, president-elect, was named delegate to the coming Sixth District Meeting in Abilene. Mrs. Branda was chosen alternate.

Contributions to the Clara Driscoll Memorial Fund and to the 26th Division Memorial Fund were made, and members were reminded to make their contributions to the current Red Cross funds drive.

### MAJOR MITE LOOKS HIGH, LOW FOR SUIT

NEW YORK (UP) — The shortage in men's clothing must be really tough because the smallest man in the world—that's his professional billing—can't get a suit here.

He's Major Mite, or Clarence Crawford, of Portland, Ore., who stands less than 36 inches on his tiptoes.

The major, whose suits don't amount to much in yardage, is coming East soon to be with the circus and his mother, Mrs. Helen Crawford of Portland, has beseeched friends here to "please find the major a suit."

"His wardrobe is in a pitiful condition," one letter said. "And I've tried desperately to find a tailor who will make up a dress suit. I've searched all around here. I heard of one place where he just might get a suit for \$150. Imagine but I've got to do something. Major's suits just aren't presentable."

One of the friends, Miss Spain Thorne, a veteran trouper, said she had looked around for suits. "It's almost a hopeless task," she added. "The major used to dress in white and later he had a full dress suit with tails. I remember once when he needed an alternation on a suit he had to stop off in Chicago for it. New York hasn't a tailor who can handle midget ensembles!"

Miss Thorne said that a midget now in New York had to go to New Jersey to get his suits because he couldn't find any here and that another "had to settle for a child's tuxedo."

The shortage must be tough.

Seventy per cent of Florida's 1945 grapefruit crop and 35 per cent of its orange crop went to canneries. There are 1,937,144,990 acres in the 48 states.
