

Olton man killed Thursday in copter crash near Hart

Florencio M. Saucedo Jr., 23, of Olton, an employee of Olton Flying Service, was killed Thursday night near Hart about 7:30 when he was struck by the rotor of a spraying helicopter he was guiding onto a landing pad built atop a tank truck. The helicopter apparently developed mechanical difficulties while attempting to land.

SAUCEDO, also known as Floyd Nolan, had filled the helicopter's spray tanks from the truck, which was parked at the southeast corner of the L. J. "Bud" Steiert farm, three miles north and ½ mile east of Hart. The helicopter was preparing to spray a field on the Pete Steiert farm just east of the truck's location at the time of the accident.

The helicopter was piloted by Robert E. Evans, 29, of Slaton. He was uninjured. Evans told investigating officer Dyrle Maples that he was bringing the helicopter in for a landing on the platform truck when the craft malfunctioned and began spinning. Saucedo, who had been standing behind the truck, apparently tried to run out of the path of the helicopter when he saw it start to fall, but "ran the wrong way" and was struck by the blades of the craft.

He was pronounced dead at the scene by Castro County Justice of the Peace Mary Jo Smith.

The helicopter, owned by Slaton Flying Service, had been contracted by Olton Flying Service. It was heavily damaged.

FUNERAL services for Saucedo were held Saturday in St. Peter's Catholic Church in Olton. Father Clarence Huber, pastor, officiated.

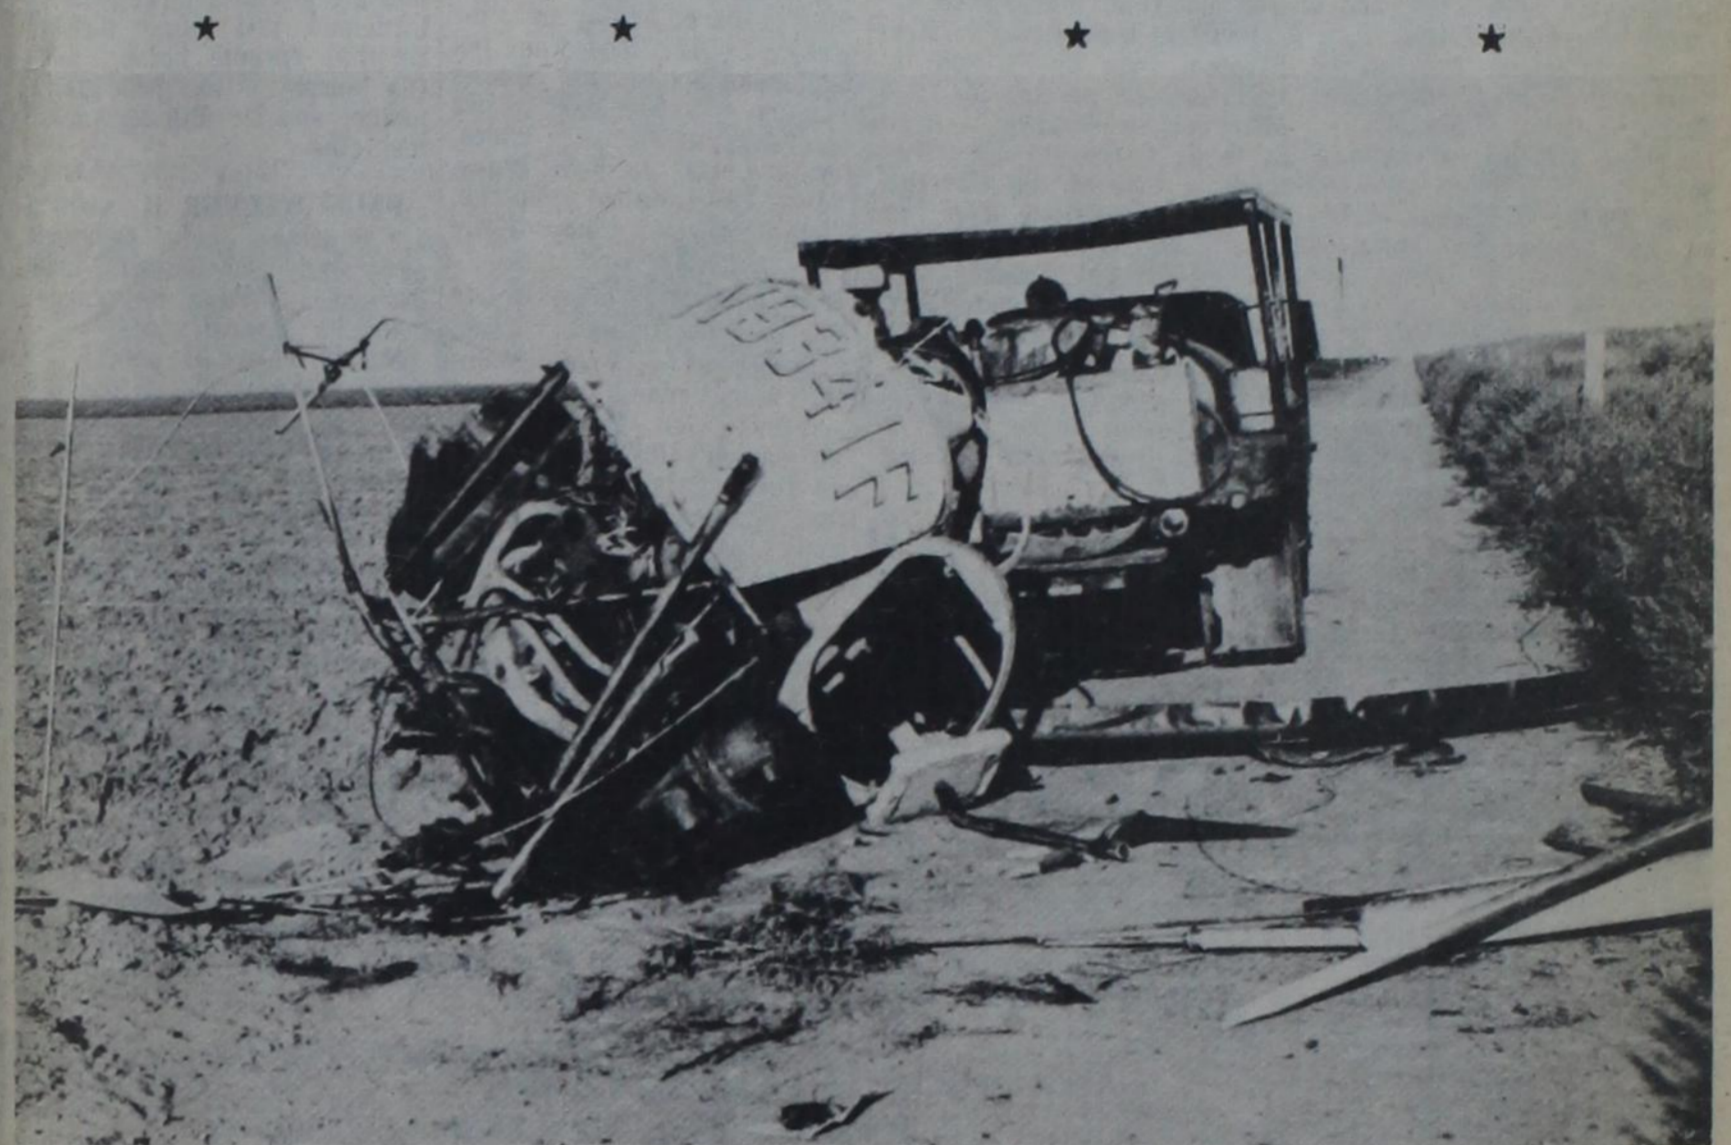

Survivors include his wife, Eliza; two sons, Joe Alfred and Gabriel, both of the home; his father, Florencio Saucedo Sr. of Sweetwater; his mother, Mrs. Mary Nolan of Plainview; a brother, Alfred Nolan of Plainview; and two sisters, Mrs. Mary Smith of Lubbock and Mrs. Lucy Munoz of Fort Worth.

Saucedo had used his mother's name since his parents' divorce. He had been an Olton resident most of his life. Burial was in Olton Cemetery under the direction of Parsons Funeral Home.

Hart man posts bond in incident

Micheal S. Winward, 37, of Hart posted \$2500 bond Aug. 15 after he was arraigned on a felony complaint of intentional battery of a minor before Castro County Justice of the Peace Elvon DeVaney.

WINWARD IS charged in connection with the alleged beating of a 14 year old Hart youth. The youth was putting down shingles at Winward's home in Hart at the time of the incident according to investigating officers.

Nazareth preparing for big Labor Day Picnic Monday

Final preparations are being made this week in Nazareth for a big day of activities at the annual Holy Family Parish Labor Day Picnic to be held Monday. The event draws large crowds from long distances each year.

INCLUDED IN this year's festivities will be a parade, dinner, auction, games for all ages and a dance.

Kicking off the activities will be a parade, scheduled to begin at 11 a.m. All interested persons and organizations are invited to participate. The parade will form up south of the school around 10:45 and will begin at 11 a.m. proceeding northward past the school and community hall.

At 11:30 action will shift to the Nazareth Community Hall where parish ladies will begin

serving a big dinner. The menu will include roast beef, scalloped potatoes, baked beans, corn, cabbage stew, and homemade bread and pies. Cost of the dinner will be \$1.75 for adults, \$1 for children under 12, and 50 cents for pre-schoolers. Serving will continue until 2 p.m.

An afternoon of entertainment for all ages is planned following the dinner. An auction will get under way at 2 p.m. and immediately after the auction a horse race will be held. Only Nazareth residents will be allowed to enter horses in the race.

Children's games and rides will also be featured. Included will be a grab bag and pony rides plus other entertainment.

A COUNTRY store and handiwork booth will be open throughout the afternoon. The country store will sell homemade pies, bread, preserves and other items while the handiwork booth will feature a variety of handmade items.

A painting by Father Stanley will also be raffled during the afternoon.

Refreshments will be available throughout the afternoon, and grilled hamburgers will be sold from 4 p.m. on.

ALL THE afternoon's activities will be held in the immediate vicinity of the community hall.

Tiny Lynn will provide music for the dance, scheduled to begin at 9 p.m. at the community hall. The dance will continue until 1 a.m. Admission will be \$2 per person.

Proceeds from the picnic will go to the Holy Family Catholic Church. All church organizations in the community take part in the annual celebration.

Rites held for Minshew youth

Funeral services were held last Wednesday in Ridgecrest, Calif. for Whitney Leigh Minshew, 11 year old son of Mr. and Mrs. Sam Minshew of Ridgecrest and nephew of Mr. and Mrs. Pete J. Steiert of Hart.

THE YOUTH was killed in a car-truck collision near his home Aug. 17.

Rev. Cal Torrance, pastor of the United Methodist Church of Ridgecrest officiated.

Survivors include his parents and three brothers, Andy, Greg, and Hud, all of the home. His father is a former Hart resident.

BURIAL WAS in Desert Memorial Park in Ridgecrest.

8 injured in July accidents

The Texas Highway Patrol investigated 12 accidents on rural highways in Castro County during the month of July, according to Sergeant J. R. Smith, Highway Patrol supervisor of this area.

THESE CRASHES resulted in no deaths and eight persons injured.

The rural traffic accident summary for Castro county during the first six months of 1973 shows a total of 65 accidents resulting in one person killed and 41 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for July, 1973 shows a total of 658 accidents resulting in 21 persons killed and 366 persons injured as compared to July, 1972 with 713 accidents resulting in 34 persons killed and 588 persons injured.

Youth pinned by auto in accident

Raul Rava Jr., 12, a resident at the Castro County Agricultural Housing Assn. in Dimmitt was injured Tuesday night when he was pinned between a wall and a car driven by Carolina Gonzales, 24, also a resident at the facility.

ACCORDING TO an investigating officer, the youth had been sitting on the hood of the woman's 1969 Chrysler. The woman reportedly told the child to move as she was going to move the car and he refused.

After two others also told the youngster to move, Miss Gonzales started to move her car forward and her foot reportedly slipped from the brake pedal. The car pinned Rava against the wall of one of the housing units.

Rava suffered a fractured right leg and a puncture wound to the back of the right leg.

Ruskin Circle's open house set

Open house will be held Sunday afternoon at the new Ruskin Circle, the first "Planned Unit Development" in any city under 5,000 in Texas.

ON DISPLAY from 1 to 5 p.m. Sunday will be the first phase of the new development — the Ruskin Circle Swim Club and Apartments. Located south of Dimmitt High School on the Hwy. 86-385 bypass, the complex includes a large swim-gym building and two in-line quadruplex apartment buildings.

Later, as the local market permits, the 13-acre development will include more apartments to the east of the present complex, 17 private homes to the north and south, and the city's first condominiums to the west, with a centralized park-play area near the swim club building.

Brooke Alexander is the developer of the ambitious new project.

THE RUSKIN Circle Swim Club is a two-story steel building that houses an L-shaped master pool; an exercise room with a Universal exercise gym, roller, vibrator belt, exercycle and other physical fitness equipment; a Finnish sauna; second-floor observation deck near the pool; a sun room; and other facilities. On the east side of the building is a 50 x 80-ft. concrete play court for tennis, volleyball and badminton, which will be surrounded by a 16-ft. fence and wind screen. Also, outdoor gas grills will be available for use by swim club members.

Alexander explained that instruction in swimming and exercise will be provided by the swim club, and members of the club will determine policies on pool use, guests, etc.

All property owners and renters will be members of the

swim club, and 80 additional memberships have been made available to townspeople.

THE RUSKIN Circle Apartments include eight units with two bedrooms and 1½ baths each. They are "Blue Flame" apartments with central gas heating and air conditioning, self-cleaning gas ovens and frost-free gas refrigerators. They are fully carpeted and include Formica-clad cabinets in the kitchens and baths, fiberglass shower units and TV cable.

Each apartment has an individual patio and carport, with outdoor gas grills available to renters.

All utility and power lines in the development are underground. Paved streets with corner cut-de-sacs will form a quadrangle to provide access to all residences in the development.

A "PLANNED Unit Development" includes all basic types of dwellings, recreation and outdoor play facilities, all in one pre-planned development. The concept has been used only in metropolitan areas of Texas until now, and can be expanded to include entire villages or cities with shopping centers, theaters, etc.

"In Ruskin Circle, we'll eventually have the three main types of dwellings that are preferred by most Americans — condominiums, apartments for rent or lease, and private homes," Alexander said.

"The condominiums will be two-story and will include three or four bedrooms each, fireplaces — whatever the owner wants. The residents will own their own apartments, but we'll retain ownership of the surrounding property for landscaping and upkeep."

Chamber might be restructured; full-time manager is considered

At their membership meeting last Thursday night at the Colonial Inn, Chamber of Commerce members proposed changing the organization's name to "Castro County Chamber of Commerce and Agriculture," going after more farmer-members, setting up separate chamber divisions in the county's communities, and hiring a full-time manager.

"I PLAN to propose to the directors that we look into the prospects of reorganizing the chamber and hiring a full-time manager," President Bill Behrends said after a round-table discussion of the proposal.

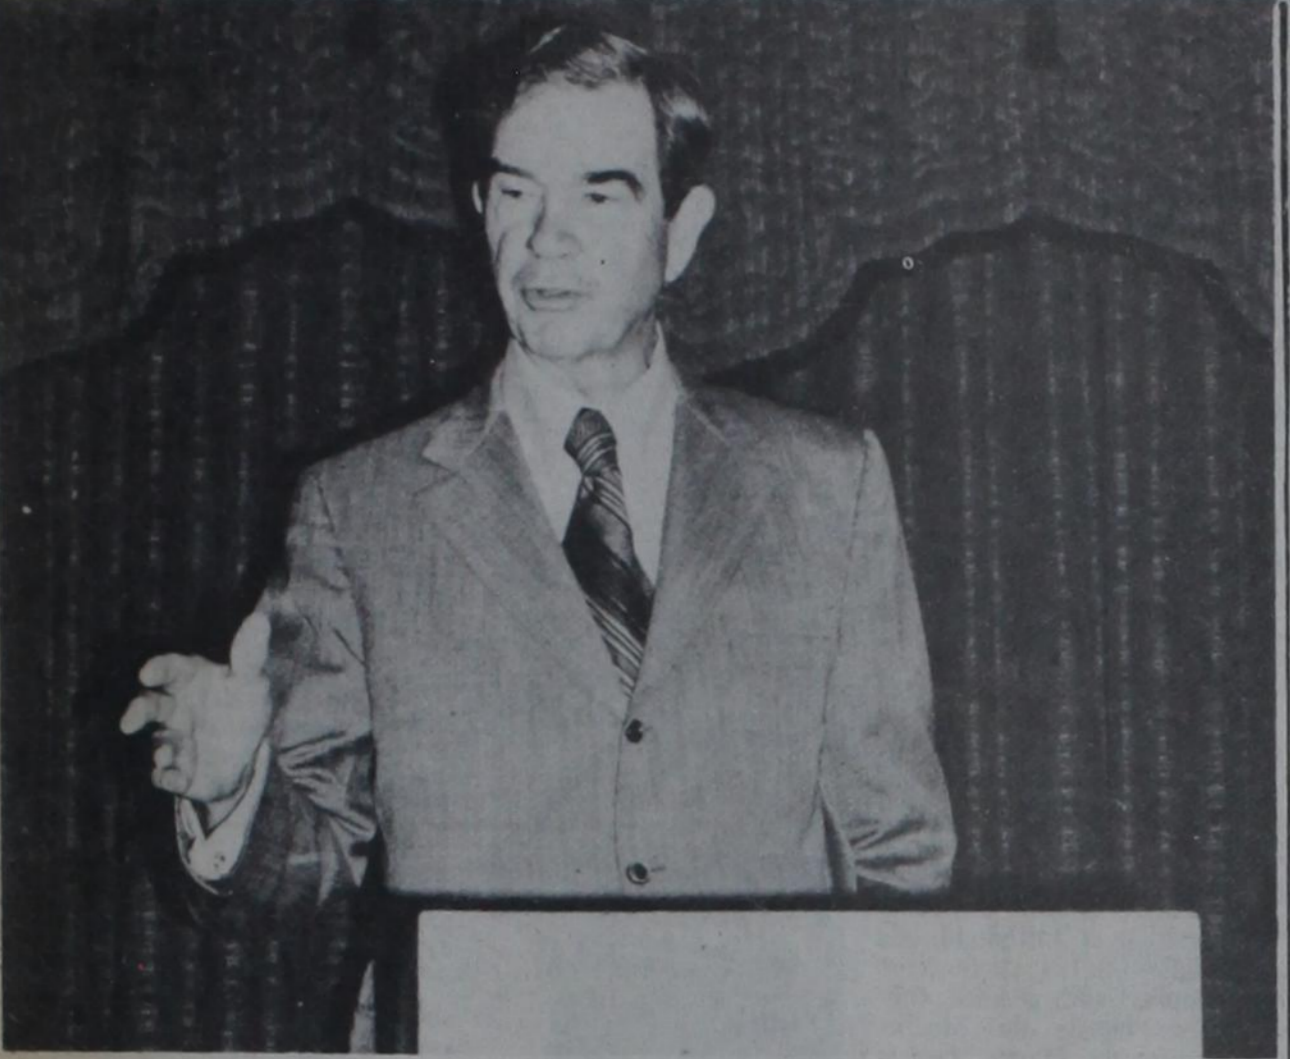

Behrends indicated he will appoint a study committee to

look into the membership and finance capabilities of such a move.

Behrends reported that the chamber now has 112 members and an income of \$700 per month from dues. He estimated the CoC would need to increase its income "by at least \$1,000 per month to afford a manager at a salary of \$750 to \$1,000 per month."

AT PRESENT, the chamber and city share the salary expense of Mrs. Dorothy Magness, chamber secretary, who divides her time equally between chamber and city duties.

On the possibility of forming a county-wide chamber with (See CHAMBER, Page 5)

ADDRESSES ROTARIANS —Congressman George Mahon of Lubbock was in Dimmitt Friday to speak at the noon meeting of the

Dimmitt Rotary Club. He told the large audience that he feels many of the country's problems will eventually be solved.

Mahon calls for 'pride in country'

"I think it is time for Americans to hold their chins up and be proud of this country, we are going to settle all the current problems one of these days," Congressman George Mahon told a large gathering of Dimmitt citizens at the noon meeting of the Dimmitt Rotary Club Friday.

THE LUBBOCK congressman, who has been touring his home district during Congress' spring break, told his audience that "most Americans agree, we cannot continue going into debt and experiencing this ruinous inflation."

The congressman said that people are currently inclined to wonder if anything is going on in government, especially since the Watergate hearings, but some 349 committees and subcommittees have been engaged

in other work and he said the current session has been "very active".

He termed the farm bill as one of the most interesting and important pieces of legislation of the session.

"I have never seen better co-

operation between the grower, the representatives and the committees, and the bill should be reasonably successful," he said. "I had lots of counsel and assistance while working on the bill."

Mahon said he felt the country would be in real trouble in the export trade were it not for agricultural exports. He said the country's export programs need to exceed those of past years.

CONGRESSMAN Mahon turned to the energy crisis and warned listeners that the fuel shortage is real. "I get calls about fuel shortages every day," he said. "This is no hoax, the fuel problem will be with us for a long time," he emphasized.

The congressman stated that he feels campaign reform is badly needed in the country. "The way elections have been put on the block for the highest bidder is outrageous," he said.

Mahon was questioned about the president's power to impound funds and the funding of CIA operations. He admitted that Congress has tended to "surrender power of the purse" and pointed out that the President has always had the right to impound funds under certain conditions.

"THE PRESIDENT does not have the power to abolish programs though," he emphasized. "A bill has been passed through the House to regulate impoundments, President Nixon has gone too far in this field," he added.

As chairman of the House Appropriations Committee, Congressman Mahon said he felt his committee has "been given all the information we ever asked for when the CIA committee has come to the Appropriations Committee for funding."

Mahon expressed confidence in the CIA and said, "The CIA is a pretty clean outfit, the American people shouldn't be too concerned about it."

Asked for his opinion on President Nixon's refusal to release White House tapes, Congressman Mahon said he did not want to prejudge the issue. "Of course, when I was at the White House I could have done a better job of speaking for posterity, had I known my conversation was being taped," he said.

Rites held for accident victim

Martin Morales, 23, a Mexican National died Sunday morning in Plains Memorial Hospital following a one car accident 19 miles southwest of Tulia about 5:30 a.m. Sunday. The accident occurred on Farm Road 928.

ACCORDING TO investigating officers the Morales vehicle apparently went out of control and Morales was thrown from the vehicle.

Two passengers in the auto suffered minor injuries and were released after treatment. They were identified as Telsefor Rodriguez, 29 and Samuel Chavez, 21, both Mexican Nationals.

Graveside rites for Morales were held Tuesday afternoon at Castro Memorial Gardens. Rev. Raphael Chen, pastor of the Immaculate Conception Church officiated.

Morales is survived by his mother, Mrs. Natividad Cruz of San Luis Patrosi, Mexico.

BURIAL WAS under the direction of Dennis Funeral Home.

Post offices to sell food stamps

Food stamps will be available for purchase at the post office in Dimmitt and Hart beginning in September.

STAMPS MAY be purchased Monday through Friday, except on Federal holidays. Purchases may be made by persons certified as being eligible by the State Department of Public Welfare.

The person will receive an identification card at the time he is certified and will receive an Authorization to Purchase card in the mail each month.

Both cards must be presented at the time of food stamp purchase.

Burglars hit Dimmitt firm

The Gulf Wholesale office in east Dimmitt was burglarized Saturday night according to Harlin Dodd, manager.

THE BURGLARS apparently gained entry to the building by crawling on top of an air conditioner on the east side of the building and breaking a window.

Dodd reported that the burglars took some keys and went through several drawers, but that nothing else appeared to have been taken.

According to city police chief W. W. Jones, the burglary is under investigation.

WELCOME TO DIMMITT—Among the first registrants at the District 13 VFW convention here Saturday and Sunday were District Junior Vice-Commander Paul Guerra and his wife, Juanita, of Plainview. Welcoming the Guerras to Dimmitt are officers of Castro Memorial Post 8056—Aux-

iliary President Florene Leinen, Post Commander Charles Wilkerson and Post Custodian Howard Cook. Veterans of Foreign Wars from throughout the Panhandle-Plains area gathered at the local post Saturday evening and Sunday for the district convention.

Sheffy's chatter

New teachers start work here as school year begins

By MYRTLE SHEFFY

The school activities are the main job and thoughts of parents and students now. Let's get acquainted with the teachers and learn what is going on. D. W. and Laura Harkins moved here recently from Denver City. D. W. is the new principal at the Junior High School. Laura teaches third grade. They have three sons, Dee 21 years, Cody, 17 years, a senior, and Jerry is 15, a sophomore.

I was chatting with South Grade Principal Helen Richardson. She says her department is very busy. A new pre-school room has been added with Helen Berryhill as teacher, and a speech therapist Linda Turnbow from Canyon. Another new teacher in South Grade is Sue Shellhaas, also of Canyon.

Around 600 little ones go to South Grade. Helen says the State Board of Health Clinic or immunization gave shots for childhood diseases Friday. 502 received these shots.

All the teachers are very busy getting activities lined up.

Robert Ryan, the principal at the high school gives us names of teachers, the new ones, or rather his wife J'Lynn told me. They have six new ones, besides the dozens of others, Paulette Whatley of Tulsa, Biology; Larry Gray of Clarendon, Bobby King of Terrell, assistant coach and math; his wife is with Behrends Insurance; Terry McMin, assistant coach and drivers education. He is from Idalou. Travis Surra is assistant coach, history and physical education from Wink. Deane Wright is head football coach, health and social studies. Mrs. Wright is at the bank.

FRED BRUEGEL Sr. and son Mike and granddaughter Teresa are home from a month's visit to Europe. They visited kin in Germany. Mike and Teresa saw several places on tour. She liked England best. We will ask about their trip.

Mr. and Mrs. G. B. Duncan and the Ben Hills visited a while back in New York and other eastern states. They visited the Hill's daughter Ann and family.

Kenny Ringo is going to WTSU this fall. He will live with his grandparents. The Ringos are our neighbors on Bedford Street and are school teachers.

Jim and Sharon Patton left here by trailer camper last week for Lamoni, Iowa to attend school at Graceland College and sister Rhonda Welch goes Sunday to the same school. Her parents James and Reta will fly her there.

James Welch went to Dallas this week to attend a business meeting of the Reorganized Church of Latter Day Saints.

STANLEY AND Connie Nelson and children had their vacation trip last week. First to Ruidoso, then to El Paso to visit Connie's parents Mr. and Mrs. Johnny Goodwin, then home by Carlsbad where they made a tour of the Caverns. Everyone should see them one time.

Sherry Bruegel, Rebecca Stanford and Martha Bates were hostesses at a morning coffee and kitchen shower for Patti Jackson one day last week. The last year senior girls, or a few of them, came bringing gifts.

Rebecca and Virginia Cowart are the boasting grandmothers of a new baby boy. His name is Adam Garrett and he is the son of Terry and Larry Swink of Amarillo, Virginia, who is the City Hall's Girl Friday, has been in Amarillo a few days helping daughter Terry with the baby.

Velma Lambrecht is about okay from recent thyroid surgery. She was off work for three weeks. She is with Perry's.

All the Dimmitt stores are busy getting the school kids clothed.

Football games start very soon. I don't have the schedule.

MR. AND MRS. Doyle Lovell of Midland were weekend guests of son Ron and Neita Lovell. Ron is the manager at Perry's Store. He likes to play golf and did one day with friend Tommy Good of Lubbock. The Lovells have a new baby girl. Her name is Neeley Danette, and a four-year-old girl Nichola Dawn. They worship with the First Baptist folks.

Mrs. Norman Cleavinger, her sister Fern and brother-in-law Jess Cleavinger of Alhambra, Calif., are here from a recent trip to Ginger Blue Camp in Missouri, across the line from Venita, Okla. They got together with the Jess Cleavinger family, enjoyed boating and the kids liked horseback riding. They had breakfast at Vinita Friday morning, then home. The Cleavingers are visiting with his brother M. E. and Marge and family.

Carol Drerup was with us at Ann's Cafe Friday evening. Carol was selling advertisements for the Nazareth Swifts Yearbook or annual. She is a junior there and works as a Candystriper at Plains Memorial Hospital here.

Dimmitt Seniors are showing their nice new annual also.

THELMA SMITH, the former office manager for Taylor-Harrison Insurance Agency which later became the Plains Insurance Agency, is now office secretary for Gene Ivey's Insurance Agency. Thelma is well known and has many friends in Dimmitt. She grew up in Dimmitt and is the daughter of Mr. Robertson and Mrs. O. B. Winkle. I think of her

as sister of Tommie and Ed Robertson.

Nati and Olevia Ortiz and children spent three days camping and resting at Garner Park in the hill country this side of Uvalde, a most beautiful place with clear water streams, flowers and deer. And the same weekend Mr. and Mrs. Margarito Sanchez went on south of Uvalde to Crystal City to visit their parents. That place is known as the Winter Gardens of Texas, with the giant statue of Popeye on the city hall yard.

Jean Bradford was the 12-year-old birthday girl, so she and mom Mrs. James Bradford had a bunch of girls in for a slumber party Friday in the backyard. The food was hot dogs, cake and things. Guests bringing gifts and good wishes were Cara Miller, Leisa Wales, Teresa Lantz, Jo Beth Bates, Dianne Love, Kathy George, Allan Truelock, Cindy Kelly and Susie Cluck.

And another birthday boy Saturday night was Jack George, a two-year-old. Mamma Louise made cake and sandwiches for Grandma Lillian Carson, Resa, Carl Dean and Terrie Carson, Weldon and Irene Bradley, Carl and Jerri Bradley and boys and Lee Bradley.

PETE AND Herminia Salinas were hosts to Pete's folks Mr. and Mrs. Pete Salinas and three grandkids from Pleasanton. That is way South Texas. My Dad said it was hotter there than that place we do not want to go. But it is pretty with big oak trees and such. Herminia is a beautician and Pete is a mechanic.

Robert and J'Lynn Ryan and

family ent to Hawley recently to attend the wedding of Robert's brother. He is with the Air Force at Reese Base near Lubbock. Didn't get names there.

And the wedding in our family will be Patti Jackson, our granddaughter, and Jerry Cartwright, son of the Sheriff and Betty. This will be Saturday evening at 7 at the First United Methodist Church.

Scott Mays from Lake Jackson, that is near Houston, has been visiting the L. V. Coles. Mr. Mays has been a medical missionary to Africa from the Church of Christ.

Liz, LaWanda and Mary Ann Murphy attended a wedding in Littlefield and came through Dimmitt enroute home. Mrs. Ola Murphy is the girls grandmother and Dr. Bill Murphy is the father.

FAUN WELKER is visiting her daughter Gladys Ochesner and family in Denver, Colo. this week. Faun has taught piano for several years.

Norman Hays is going to school in Amarillo at the college and Lonnie Strickland will go to TSTI in Amarillo. Mark Wohlgenuth and Joe Sheffy are going to San Marcos. Teresa Underwood is going to Baylor at Waco. Bob Martin will go to WTSU. Going to Amarillo College are Sherry Bruegel, Martha Bates, Rebecca Stanford, Deanna Hargrove, Jan Giles, Judy Birdwell and Rhonda Tidwell will go to Tech. Vicki Hunter is going to E. N.M.U. at Portales.

Claudene Helms of Amarillo is a guest of her brother Bert Andrews and nephew Joe and Brenda Andrews and another sister from Idalou came over

this week. Es and Katie Noble went to Burkburnett to visit his sister Edna Cooper, then on east to Gainesville to see their daughter Wilma and family.

Buddy and Jerry Byrnes and son were Sunday guests of Mrs. O. K. Howe and Mr. Howe who is in the hospital here and Amarillo for treatment.

Mrs. Minnie Davis of Littlefield is visiting her kin Ray and Edna Riley.

MR. AND MRS. P. M. Nelson and daughter Virginia and friend Johnny Stafford of Victoria were guests last weekend of his brother, B. M. Nelson and family.

Recent guests in the home of Mr. and Mrs. Jim Bagwell were Mr. and Mrs. Woody Williams of Mesa, Ariz. and Mr. and Mrs. Ruben Rutherford of Plainview, Mrs. Winnie McLain of Dallas and Mr. and Mrs. Erx Williams of Petersburg and Mr. and Mrs. Earl Lust, Mrs. J. C. Williams.

Mr. and Mrs. Dan Heard and children went to Dumas Tuesday and visited with the Cecil Oglesbys who were up from Hereford. Also sons Larry from Amarillo and Ray who lives at Dumas. They have the I. H. Store at Dumas also. The Heards also went by and visited Raymond and Idella Crum, Terry and Darla who have been at Dumas four years. They have a spraying service there. Their older daughter Debbie is married and lives at Amarillo. They came back to Amarillo and let the kids go to Thompson Park and eat out for Danny's little bit early birthday.

Wednesday Danny had Chris Grand, Tommie and Dwayne

Smith and Jeff Watts spend the day for his birthday.

Momma Oma Dee was birthday girl then Thursday. She, Joy Baker, and Bobbie Baldrige met Dorothy Newton from Denver City in Levelland and had lunch and lots of visiting. Thursday night a surprise party at Oma Dee's folks with homemade ice cream, cake and gifts and lots of guests. Quite a day!

Mr. and Mr. Dan Heard were hosts recently for her family for a fish frv. This is really a fish story. They had catfish, perch, trout and fresh shrimp, all caught out of the mailbox. Mrs. Heard's brother is a rural mail carrier at Littlefield and his people on his route keep him supplied with goodies. Others there beside the McCormicks were the Martin Youngs and Terry Young from Colorado and the McCormick parents from here.

Guest over the weekend of Mr. and Mrs. McCormick were friends Mr. and Mrs. Everett Spencer of Lubbock. Also visiting were their son and daughter-in-law from Littlefield. They were up to see the Martin Young family and the grand-

children in the parade Saturday. Sunday guests were the Heards, Joy Baker and her pretty little granddaughter Amy Baker, daughter of Cindy and Bobby from Lubbock, and the James Autrys from Rocky Ford, and Kelly Autry who's going to seminary at Fort Worth.

JAMES AND Joyce Autry, Louann and Lynette of Rocky Ford, Colo. came by for Irene Carpenter to go with them to Abilene for the graduation of their son Kelly Autry, from

Hardin-Simmons University. Kelly received his degree in journalism and is entering the Southwestern Seminary in Fort Worth as a ministerial student.

Speir warns that 42 may die over holiday weekend

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, warned that 42 persons may lose their lives in Texas traffic during the long Labor Day weekend.

THE HOLIDAY officially begins at 6 p.m. tomorrow and runs through midnight, Monday, Sept. 3.

Speir said the DPS is making preparations to cope with increased holiday travel. "Every available Department of Public Safety patrolman will be on duty during this three day weekend, utilizing all resources we can put our hands on to prevent accidents," he added.

The DPS director noted that special attention will be paid to hazardous traffic violations normally associated with a high holiday death toll. Patrolmen will be especially watchful for such offenses as speeding, driving while drinking, improper passing and driving on the wrong side of the road.

In addition to stepped-up enforcement activities, the DPS will also work with local law enforcement agencies and the news media of Texas to conduct an accident prevention program called "Operation Motorcade."

DURING "Operation Motorcade," tabulations and pertinent facts about all fatal holiday traffic crashes will be compiled three times daily and released to the news media. Notation will be made as to where and why accidents are happening.

Speir called the holiday program "a life and death struggle for the lives of our citizens," and he urged every motorist to cooperate in the effort.

afternoon services regularly to those in the local nursing home. Group singing of old favorite hymns preceded Sunday afternoon's scripture message.

Nazareth news

Moisture needed badly

By MRS. AGNES BROCKMAN

The weather is still very hot and dry here. We're needing rain. The dryland crops are especially looking rough. And people are wanting to get their wheat seed in the ground soon.

GERRIE Brockman, daughter of Mr. and Mrs. Jerome Brockman and Ronnie Russell from Canyon were married in Canyon last Saturday afternoon. After the ceremony there, a reception was held at the Community Hall in Nazareth for them.

Margaret Olvera and Gabriel Gambo Jr. were united in marriage Saturday in Holy Family Church by Rev. Father Stanley. Following mass a reception was held at the Legion Hall.

Mr. and Mrs. Thomas Birkenfeld and girls were visiting relatives over the weekend. They are still living in San Antonio.

Mrs. George Backus and Helen Backus visited relatives and friends in Hereford one day last week.

ED HARRIS LUMBER CO. BUILDING MATERIALS CAPABLE-DEPENDABLE Phone 938-2183 Hart, Texas

MR. AND MRS. Lester Schulte and daughter Denise went to Phoenix, Ariz. for a few days. They took Greg and Linda's car down there.

Mr. and Mrs. Frank Hoelting and Leonard visited in Amarillo a couple of days in the past week.

The Bayard Keys from Plainview had dinner with the Frank Hoeltings Sunday.

Mr. and Mrs. Tom Fisher and boys of Houma, La. visited relatives here last week. The Mrs. Fisher's mother is the former Alice Guggemos.

A BRIDAL shower was held Sunday afternoon for Monette Pohlmeier in the home of Mrs. Dennis Heiman. Hostesses were Bernita Hoelting, Karen, Jolene and Rachelle Pohlmeier, Mrs. Dennis Heiman, Mrs. J. C. Pohlmeier, Mrs. Jimmy Schmucker, Debby Schilling and Lucy Pohlmeier.

Word was received here of the death of Bill Kathman, uncle of Margaret Acker, Helen Burt, Agnes and Julia Brockman, Helen, Sue and Mrs. Acker left for Muenster this morning to attend the funeral.

Next week Monday is Labor Day and Nazareth will have their annual Labor Day Dinner, games, auction, parade, etc. Everyone is cordially invited.

Mr. and Mrs. Phil Brockman of Muleshoe spent the weekend here with relatives and attended the wedding of Gerrie Brockman.

SUNDAY afternoon and evening the Tom Brockmans entertained the James Wilhelm George Book Jrs., Jerome Brockmans, Cyril Brockmans, Phil Brockmans, Mrs. Ralph Steffens and Agnes Brockman.

The Order of Martha met Tuesday afternoon in the basement of the church with Agnes Brockman as hostess. They are working on another quilt.

Mr. and Mrs. Ralph Pohlmeier and their daughter Janice were in Nazareth visiting Max Acker, Ray, Paul and Edwin Pohlmeier.

HERE IS a list of boys and girls going to college this year. Freshmen: Becky Huseman, Vickie Wilhelm, Peggy Book, Kathy Brockman, Monica Anderle, Duane Braddock and Richard Birkenfeld. These students are going to West Texas State at Canyon. Debbie Acker will go to college at

Home and hobby

School routines under way again

By IRENE KEATING

All of us are getting into our usual school routine again. It seems like the summers get shorter every year.

LAST WEEK I enjoyed having some time off from work. We're nearly through painting our house so I feel like we got something accomplished. It sure does perk up our place and make it look new again. Isn't it amazing what a change little things can make to spruce up a place?

HERE IS some interesting information about homemaking. I'm sure all homemakers can vouch that this is true.

The homemaker still has an eight hour work day. Studies show that the amount of time homemakers use for household work has changed little over the past 40 years.

It is the nature of homemaking which has changed. Mental activity has replaced much of the physical work of homemaking. As a result the type of skills and abilities which are needed to run the home are different. Homemakers today

are decision makers who need knowledge about a large number of goods and services available on the market. Homemaking work today depends heavily on skills in buying, using, and caring for goods and services. Homemakers now use more time for marketing, record-keeping, and management than they did 40 years ago.

In the work of today, homemakers experience more indecision and frustration than was true of days past. This means mental strain!

It is important to realize that fatigue results from both mental and emotional strain as well as from actual physical labor. Today's homemaker may feel just as tired after experiencing indecision as yesterday's homemaker felt after hard physical labor. The informed homemaker who is able to make decisions is less likely to experience fatigue than the homemaker who lacks knowledge and is not able to make decisions. Anyone who questions the need for knowledge has only to study the supermarket shelves and

see the wide variety of household cleaning and laundry products from which the homemaker must choose. Let's think more about the amount of time required for homemaking work.

A RECENT study of the amount of time spent in homemaking work by 1,296 urban families was conducted at Cornell University by Dr. Kathryn Walker. Dr. Walker reported that full-time homemakers spent an average of 8 hours per day in homemaking work.

Homemakers with very small children and those with many children have the heaviest work load in the home. Homemakers who are employed in the labor force also have a heavy work load. In the Cornell study, homemakers who were employed 15 or more hours in the labor force reported a 10 hour work-day, combining their employment and homemaking tasks.

Let's think about this a little more. Most of the employed women with the 10 hour work-day did not have very small children; nor did they have several young children at home.

Women are less likely to be employed outside the home when this is the case. However, when they do work they are likely to have a 12 or 13 hour workday. These are really busy women!

TODAY WE hear quite a lot about changing roles of males and females in the home. How much time would you think that husbands spend each day in taking care of the home? In the Cornell study husbands spent about an hour and one-half. This amount did not appear to increase even when the wife had an outside job. However the men were still doing traditionally male types of activities. Most of their time was spent in yard care, house maintenance and socializing types of activities with children. However, men were doing more shopping. This is a change from traditional man's work; but you might expect it in our consumer society.

We hear a lot about increased leisure time these days. It is certainly true that we have more vacation days and we

have more years of retirement, and better health in which to enjoy it. However, we still have long work weeks. If you include all work, in the Cornell study women had an average work week of 63 hours. For men, it was 64 hours. This does not leave a great deal of time for leisure.

the cost estimate for such a program is \$7,000. The chamber's present bank balance is \$4,500.

— The need for a welcoming service for new residents. The use of welcoming teams and publication of names of new residents in the News were suggested as ways of making newcomers feel they're wanted and needed here.

— THE HOUSING shortage. "Good three and four bedroom homes are our biggest problem here now," City Manager E. B. Noble commented.

— Dimmitt's advantages. "This is the finest community I've ever lived in, and it's the first small town I've ever lived in," Bob Caddell said. M. J. Reed added, "When I first moved here I thought it was the end of the world, but I've come to love the town."

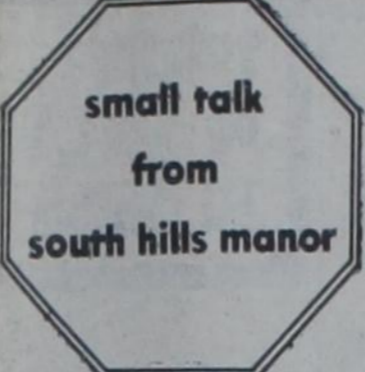

Correction

In a story naming the winners of the art and hobby bazaar sponsored by the Nazareth Art Club during Roundup week, the name of a third place winner in the adult oil division was omitted. Mrs. Lillie King shared third place honors with Mrs. Millicent Davis.

14 CARD OF THANKS

I want to thank everyone for their cards and prayers and especially Father Stanley, Dr. Lee and Dr. Blackburn for all their help during my recent stay in the hospital. Also a special thank you to the nurses at the hospital.

BILLIE SCHACHER 14-47-1tc

By CATHERINE EASTER

On a recent morning I went to breakfast as usual. I heard an unusual sound — like Ra! Ra! Ra! Sis, Boon Ba! The gray train is coming!

NO it was not college boys, just the usual group of retired farmers, grain dealers, stock farmers, store keepers, bookkeepers, traders. This is a beautiful place, pretty nurses, good food, friendly people.

On Tuesday evening of this week we are invited to a birthday party for those of our number who have birthdays in July and August. Hostesses are ladies from the Church of Christ.

Later on the Square Dance Club will send a few couples to put on a demonstration for us.

Mrs. Leola Rials, one of our beloved nurses, is taking a leave of absence. We regret to see her go and our best wishes go with her as she takes a much needed rest.

TOM BALL and wife of Lubbock and J. D. Ball and wife of Amarillo have been here to visit Mrs. Linda Peele.

Wayne and Sue Gunek of Amarillo were here on Saturday afternoon for a visit with their aunt Mrs. Floy Hart.

GROWING TO A mammoth 200 to 300 pounds in African waters, the Nile perch could possibly be used as a predator fish in some of Texas' 41 existing lakes which are warmed by electropower plants.

PEA-SHELLING PARTY—When the canning season gets into full swing, a good pea-sheller just can't keep her hands still. Here, nine of the most experienced shellers in the county—all residents of South Hills Manor nursing home—put up several meals' worth of blackeyes from a batch brought in by Bill Williams. Male residents

of the nursing home were conspicuously scarce in the dining room while the pea-shelling party was going on, but the ladies figured the men would show up about meal-time. Many of the families of South Hills Manor residents have been bringing in fresh field vegetables for them to enjoy.

Too Late To Classify

WE ARE moving to Dimmitt and need a home approx. 2500 sq. ft., 2 baths, 2 car garage. Can go up or down. Call Mr. or Mrs. Virgil Justice. 647-3117 or 364-0670. 47-1tc

Pioneer applies to incorporated cities for change in cost adjustment provision

Pioneer Natural Gas Company made application Wednesday to all incorporated cities and towns served by its West Texas Transmission System to change the cost-of-gas adjustment provision of the general service rate, according to an announcement by K. Bert (Tex) Watson, company president. FOR THE last three years, the general service rate has

been adjusted annually in April to reflect increases in the average cost of gas for the prior year. Pioneer's request would allow making this adjustment each month for the current monthly average cost of gas. According to the company, this change would more closely meet the objective of the original adjustment provision.

for gas, is reflected in this request," Watson concluded.

International-Harvester Farm Machinery

Mites are building in grain sorghum

Bank grass mites are building rapidly in sorghum fields. If your sorghum field is in the bloom to soft dough stage and colonies are found on the top 5 leaves, it will pay you to start controls. Contact your local chemical distributor or aerial applicator for proper chemical that will be effective in your area. If controls are not applied, economic losses will occur. Fields in the hard-dough or coloring stage will not be hurt by the mite.

MITES ARE usually found near the edge or side of a field where turn-rows are located. They like dry dusty conditions. Before spraying, walk the entire field to make sure they are not building up on the ends of your fields. Damaged plants show faded areas on the upper surface of the leaves which will turn a rusty red giving a "fired" appearance. The mites themselves are on the underside of the leaves, or later in the head of grain sorghum. The colonies are usually covered with a fine webbing.

Panhandle turkey population booms

Wild turkeys in the Texas Panhandle are experiencing a population explosion.

CENSUS COUNTS indicate a population increase of 66 percent over that of last year. Last year's tally totaled 4,416 birds in the Panhandle region compared with 8,135 this year. The largest gain in the number of birds was in Wheeler and Hemphill Counties with an overall increase of 78 percent. Hunters harvested only slightly more than seven percent of the Panhandle's total turkey population last year.

Turkeys, biologists maintain, will withstand a remarkable amount of hunting pressure if management practices are carried out on a scientific basis.

FOR BEST results when barbecuing, use only tender meat. Neither the outdoor air nor barbecue sauce will "camouflage" tough meat, says Karen Kreipke, foods and nutrition specialist, Texas Agricultural Extension Service.

Highway Slaughter

It has long been suspected by the people that Washington bureaucracy is heavily staffed by people who are impractical, if not a bit on the looney side.

But it seemingly becomes more and more apparent that many of them are really mental basket cases.

This drive for compulsory auto seat belts is a case in point. If they have their way, around 1974 all cars produced will be so rigged that unless the seat belts are in use, the engine stops.

There is perhaps no argument with the thesis that people should use seat belts. But when Washington makes it mandatory to use seat belts, this is something else again, especially when it can result in more highway accidents than at the present time.

Actually, any mechanism that would accomplish this purpose is subject to failure. In the days of the Model A Ford, there was very little malfunction of accessories, mainly because there were no accessories. It was a plain, non-nonsense auto.

As anybody knows as autos became more loaded with sophisticated gadgets such as automatic chokes, power windows, power brakes, power steering and other luxuries that are dependent on a solenoid, or some other device, sending an electrical impulse to a fractional

Cotton picture looks favorable

Favorable weather so far this season points to a successful Texas cotton crop that will pay farmers their highest cotton prices since 1951.

"TIGHT SUPPLIES and relatively strong demands, both domestic and export, indicate that the average 1973-74 cotton price to the farmer will be higher than in the past season even though mid-season demand will again be weak," says Charles Baker, marketing economist for the Texas Agricultural Extension Service.

"Early season cotton last year was heavily contracted to cover domestic mill needs for the last quarter of 1972. However, the anticipated large crop resulted in a weak mid-season market with prices unduly depressed. Domestic mills and foreign buyers sharpened demand in late 1972 and early 1973, resulting in depletion of uncommitted stocks, contracts for much of the 1973-43 crop and record prices," explains the specialist.

The 1973 Texas crop, planted on 5,700 acres, should produce three percent more than the 1972 total and have a value exceeding \$700 million for the first time since 1962.

During the 1972-73 season, domestic mill use of cotton dropped to 7.7 million bales, a 34-year low, while exports rose to a 10-year high of 4.8 million bales. The large 1972 crop of 13,702 bales enabled carry-over stocks on Aug. 1 this year to rise to 4.5 million bales compared with the 20-year low of 3.3 million a year earlier, points out the economist.

ALTHOUGH DOMESTIC use of cotton is down due to imported cotton fabrics and increased use of synthetics and blends, cotton still remains "king" in Texas, contends Baker.

Weed control research to be examined at field day

New developments in controlling troublesome weeds on the High Plains will be featured at the 64th Annual Texas Agricultural Experiment Station Field Day to be held Sept. 11. Site of the event is the 320-acre Texas A&M Univ.-Extension Center seven miles north of Lubbock on Highway 87.

CONDUCTING THE presentation of the weed research program will be Dr. John Abernathy, weed scientist with the TAES.

"The weed research program is just one of the eleven phases of Plains agriculture to be presented during the field day activities," says Abernathy.

"Our exhibit will include plots depicting field studies of various new herbicides which will soon be available for use in cotton," he adds.

An experimental control practice for whiteweed (silverleaf nightshade) also will be featured.

SAYS Abernathy, "The practice involves applying specific herbicides in a layer below the soil surface. We plan to demonstrate this type of application with experimental field equipment."

Along with a review of weed research plots, Abernathy will discuss several other perennial weed problems and outline control measures.

Another aspect of the weed research exhibit, the scientist says, is a demonstration of a herbicide testing technique using nutrient solutions instead of soil.

"Different soils have a great influence on the performance of a particular herbicide," he adds. "With the nutrient solution test, evaluations that measure the effectiveness of a herbicide can be made without the presence of a misleading soil type."

OTHER TOPICS to be discussed during the field day include cotton diseases, varieties and practices, irrigation studies, soil fertility, sorghum varieties, and oilseed crops. According to Oliver Newton, field day chairman and meteorologist with the National Weather Service, the field activities

Grain Sorghum Producers Board election scheduled for Sept. 15

The election of four members of the Texas Grain Sorghum Producers Board for six year terms is scheduled for Sept. 15, 1973.

NOMINATIONS received by the Aug. 15 deadline are incumbents A. W. Anthony Jr. of Friona, John Gilbreath of Hart, Don Marble of South Plains and E. C. Witten of Kress. Additional candidates are John Dunlap of Floydada, Don Nelson of Tulla and Troy Sloan of Spearman.

Those eligible to vote are grain producers throughout the 29 county TGSPB area.

The Texas Grain Sorghum Producers Board is involved in keeping the farmer up to date on the latest aspects of sorghum production and providing him benefits gained through research and market development.

Research is bringing about the development of greenbug resistant seed, more efficient insect control and better utilization of grain sorghum and the stalk.

TGSPB IN cooperation with the US Feed Grains Council, USDA and Foreign Agriculture Service has promoted sorghum world wide and has been largely responsible for increased sales.

Voters are urged to take part

in this election. Ballots will be received by mail and must be returned to the TGSPB office postmarked no later than Sept. 15. Anyone who fails to receive a ballot by Sept. 1 may obtain one from his county agent.

The sealed ballots will be tallied by a committee of people not associated with TGSPB and who are sworn in for the counting.

Counties in the TGSPB area are Armstrong, Bailey, Briscoe, Carson, Castro, Cochran, Crosby, Dallam, Dawson, Deaf Smith, Floyd, Gaines, Hale, Hansford, Hartley, Hockley, Hutchinson, Lamb, Lubbock, Lynn, Moore, Oldham, Parmer, Potter, Randall, Sherman, Swisher, Terry and Yoakum.

Counties in the TGSPB area are Armstrong, Bailey, Briscoe, Carson, Castro, Cochran, Crosby, Dallam, Dawson, Deaf Smith, Floyd, Gaines, Hale, Hansford, Hartley, Hockley, Hutchinson, Lamb, Lubbock, Lynn, Moore, Oldham, Parmer, Potter, Randall, Sherman, Swisher, Terry and Yoakum.

Cada criatura de edad 7 hasta 17 que resida en el Condado de Castro, tendra que asistir a la escuela diaria, ya sea publica o parochial. Los padres que no manden a sus hijos a la escuela, tendran que pagar una multa. Los contratistas no pueden hacer que trabajen criaturas durante horas de escuela. Los rancheros tendran que pagar si permiten que criaturas trabajen en sus labores durante esas horas sin permiso.

Escuelas Se Comienzan
En Dimmitt Las Clases comienzan el dia 27 de Agosto
En Hart Las Clases comienzan el dia 20 de Agosto
En Nazareth Las Clases comienzan dia 20 de Setiembre

Wheat producers are weighing alternatives on '74 planting

Wheat producers are weighing some unaccustomed alternatives as they make decisions about what level of wheat acreage to plant in 1974.

THE PRESENT grain situation appears to be a "new ballgame"; for wheatgrowers, who are being asked for production expansion by the consumer at home and abroad, and by provisions of the new Farm Bill with producer income protection in case of over-production and cost increases, says Dr. Roland D. Smith, grain marketing specialist with the Texas Agricultural Extension Service.

Many farmers, he said, are viewing the situation with "cautious restraint" in an effort to prevent over-production and price declines.

"Wheat producers are skeptical that prices will remain at profitable levels through the harvest of 1974. These growers vividly remember the mid-1960's when they were asked for maximum production which ultimately led to several years of depressed prices."

"Some major reasons for apparent changes in the world

wheat situation include the opening of markets in the USSR and China, the changing international money values favoring US products, and the rapid economic growth allowing more of the world's people to upgrade their diets. These factors are causing strong consumer demand for wheat and other products abroad," Smith said.

A KEY variable in regard to foreign demand is world-wide weather conditions, which could improve to the extent that foreign trade of wheat might decline significantly, Smith added.

The new farm program, with the target price of \$2.05 per bushel for wheat, should help remove some of the risk of price declines similar to those occurring in earlier decades, he emphasized.

Texas producers are currently planning for next year's crop. Some are considering shifting "set-aside" acreage back into production which may be relatively expensive. A thorough analysis of the alternatives is recommended by Smith before growers make their final crop plans.

MOST FISH lay their eggs in water. On the West Coast, however, a small fish known as the grunion lays its eggs on land.

Grain Sorghum CHAFF

By WES ANTHONY

I just finished eating supper and I kept thinking how fortunate we are.

I ATE beans that were raised here, okra of our own raising (and believe me, it was good), and corn, peaches and good old cucumbers that we can get right here.

It could be that the sugar you had was processed from beets raised here, and the bread you ate could have been made from wheat raised here.

It could be that the pecans you ate were "homemade", for we have a pecan orchard here in our county.

It may be that the syrup you had at breakfast was processed from the 10 million gallons per year that our corn mill turns out.

I AM wondering how I'm going to tell which way the wind is from when we get all our windmills torn down.

Our world would have it made if we could all keep the great commandment, "Thou shalt love thy neighbor as thyself."

ANY BARBECUE sauce containing sugar and tomato will scorch. To avoid this, use a slow fire or wait until the last few minutes of cooking to add barbecue sauce, advises Karen Kreipke, foods and nutrition specialist with the Texas Agricultural Extension Service.

OVER THE state, grain sorghum harvest is halfway finished. On the High and Low plains, good rains have increased dryland crop potentials.

The view from your library

By MARY EDNA HENDRIX

Last week I attended the Library workshop on "Management for Small Libraries" held in Lubbock. The workshop was sponsored by Texas Tech University, Lubbock City-County Libraries, Texas State Library (Field Services Division) and conducted by Mrs. Geraldine LeFevre, Assistant Director of the San Antonio Public Library.

ON WEDNESDAY afternoon, Ernest Lassiter, Field consultant, Texas State Library, introduced the guests and Ray Jane-way, Director of Texas Tech University Library, and William Stewart, Director of the Lubbock City-County Libraries, gave the welcome speeches and Linda Ullom, Assistant Director, Field Service Division, Texas State Library introduced those to be on the program. They had a panel discussion on "Challenges of Community Libraries", and those on the panel were Linda Ullom, Mrs. Ellie Mae Platt, children's librarian at the Lubbock City-County Library, Mrs. Elizabeth Crabb, Extension Coordinator of the Amarillo Public Library, Mrs. Geraldine LeFevre and Janice Aid, librarian with the Pioneer Memorial Library in Fredericksburg. Mrs. Platt emphasized the importance of the pre-school story hour. She says you can't start too soon.

On Thursday Mrs. LeFevre discussed "Planning and Budgeting for Library Services", "Buildings, Old and New; Relationships, Responsibilities and Policies; Purchasing Practices and Policies. Also selection, assignment and training of staff.

There were over 50 attending the workshop — some coming from as far away as Laredo. I met Mrs. Ross Hendrick from Vernon who was Myrtle Lois Moran's roommate in college; Mrs. Fern Dodson from Monahans who knew Pat Great-house (the Elmer Youts' daughter) and her four daughters; Hessie Spotts from Morton who knows Mrs. Hickman (Mrs. Fuller's daughter) and Mrs. Marjorie Hildreth from Petersburg who knows Katie Wright and Shirley Wise. They all send "Greetings to their friends."

MRS. LYNN King was in an Amarillo hospital while I was in Lubbock so we would like to thank Marie Howell, Phoebe Strother and Lupe Quinonez for taking over while we were out of the library.

I understand I missed the chance to show our new library to Congressman George Mahon, but our Mayor, Elmer Youts and his wife Mauzee had this honor while I was out of town.

MORE DONATING books: Hazel Merritt donated another new book and Mary Acker brought a box of books. Mary also brought a pillow she has made as a sample for our pillows we need for Children's Story Hour. Someone brought a box of books while I was away and the girls could not remember, so please let me know so I can put your name in our book.

THERE'S increasing interest in fashion looks for the half-size woman, notes Marilyn Brown, consumer education-clothing and textiles specialist, Service.

SNAKES HAVE no external ears, but they do pick up ground vibrations. Beating the ground with walking sticks will give rattlers a chance to get out of your way.

A NEW CUTOFF to divert traffic around Dimmitt was completed last week as workmen finished up work on concrete meridians at the entrances of the new road. The cutoff runs from Highway 86 west of Dimmitt to Highway 385 southeast of the city. The road will provide a major truck bypass and better access to industrial workers. It is part of a large highway project being carried out on the Dimmitt-Hart highway.

Meetings set on waste controls

Seven swine seminars throughout Texas this fall will focus on swine waste management in an attempt to increase producer compliance with state pollution control requirements.

SESSIONS ARE set for Lubbock, Sept. 4; Renner, Sept. 10; Waco, Sept. 11; Weslaco, Sept. 18; Brenham, Sept. 25; Uvalde, Oct. 8; and Seguin, Nov. 29.

"Although swine producers with more than 50 mature animals or 500 piglets in confinement have been required to register with the Texas Water Quality Board since August, 1970, less than 10 percent of those eligible have registered," says Dr. John Sweeten, agricultural engineer in waste management for the Texas Agricultural Extension Service.

"A certificate of registration signifies compliance with state requirements for water pollution abatement and is generally in the owner's best interest. In many cases, registration can be attained with little or no further construction of waste control facilities."

At the seminars, such questions as who must register, what requirements must be met, and how can waste disposal be handled will be answered. Pollution control permits required by agencies such as the Environmental Protection Agency and the Texas Air Control Board will also be discussed.

DETAILED information on the exact location and time of each of the seminars is available from the respective county Extension offices.

Information and permit application forms can also be obtained from district TWBQ and TACB offices and the regional EPA office located at 1600 Paterson Avenue, Dallas, 75201.

SEE THE "YIELDIN'EST HYBRIDS YOU'VE EVER SEEN"

P.A-G Hybrid Corns are reaching maturity now in test plots planted for your observation throughout the High Plains area.

Your area P.A-G Dealer invites you to visit these plots and see for yourself the high quality yields that these Hybrid Corns are again producing in YOUR area.

Observe these varieties which already have proven performance and several NEW varieties that are being evaluated to insure adaptability for your area.

- SX 520** A P.A-G single cross Hybrid Corn that is an excellent dual purpose corn for high grain yield—high quality ton silage. NUMBER ONE in yield tests conducted in the Dimmitt area during 1972 with a yield of 221.5 bushels per acre.
- SX 98** Distinctive because of its dark green color and relatively upright leaf for maximum light utilization. Has a bred-in "digestive system" that gives it the capacity to make full use of large amounts of fertilizer.
- 344** A very attractive 3-way cross with dark green color and large girthy ears. A real producer.
- 492** A tall, rugged 4-way with built-in capacity to produce "tons" of high quality silage over a wide range of conditions. 492 produces lengthy ears with dense grain high in test weight.

X . . . Test plots located on land farmed by LUKE MCGUIRE.

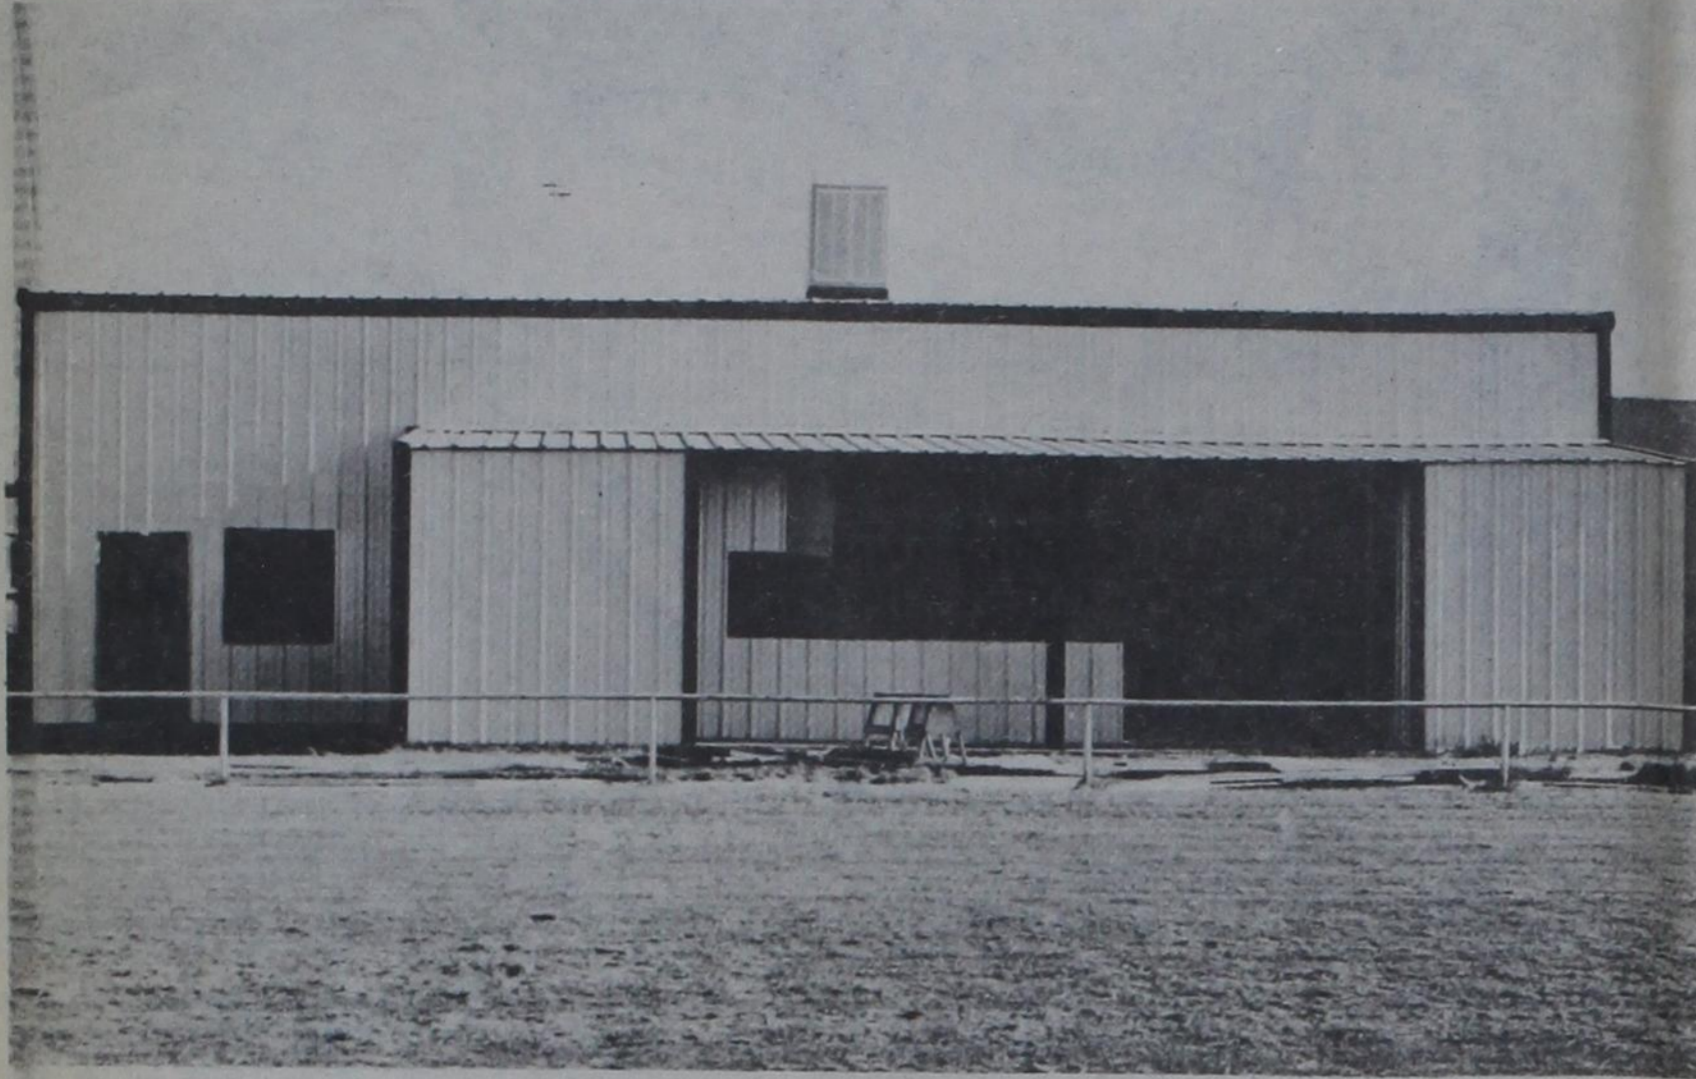

After the visit, plan to book P.A-G Hybrid Corn and see what we mean when we say "Yieldin'est Hybrids You've Ever Seen."

McElroy visits Sunday

By MRS. BUD McELROY We, the Bud McElroys, Sharon and Mr. and Mrs. Wayne McElroy of Levelland, met the bus at Amarillo Sunday morning to get our son, Pvt. David L. McElroy. He had just finished his Army basic training at Fort Ord, Calif. and had a one day visit with us before going on to Fort Sill, Okla. He looked great.

MR. AND MRS. Happy Lee Mrs. Joe Markunas, Cathy, and J. J. of Gatesville, Mr. and Mrs. Otis Lee, Mr. and Mrs. G. C. Merritt and children of Hereford, Mr. and Mrs. Don Moke and boys and Mrs. Carl Lee of Dimmitt, Mr. and Mrs. Carlyle Sargent and Mr. and Mrs. Dennis Sargent of Hereford ate supper with the Jack Howells. Mr. and Mrs. Maurice Mercer and children of Grayson, La., Mr. and Mrs. Herbert Howell and children of Bovina, Mr. and Mrs. Jimmie Howell and children, and Mr. and Mrs. Moss Howell ate Wednesday with the Jack Howells. Mr. and Mrs. Jack Howell

and Mr. and Mrs. Jimmie Howell attended the Horse Show at Bevinia and the horses did real well.

Larry Reid of California and Phil Tucker of Denver visited their sister Mrs. Sandra Bagwell and other members of their families a few days.

MRS. WANDA McElroy and Sharon went to Littlefield Wednesday afternoon.

Mr. and Mrs. Wayne McElroy and Mr. and Mrs. Ronnie McElroy, Kim and Johnny, all of Levelland, visited the Bud McElroys over the weekend.

Mrs. Linda Smith, Terry, Lana and Chris of Lubbock spent the weekend with her parents the Moss Howells. Sharon McElroy went to Hereford Monday.

MR. AND MRS. Jim Bagwell, Mr. and Mrs. Woodrow Williams of Mesa, Ariz., and Mr. and Mrs. Erx Williams of Petersburg visited Mr. and Mrs. Moss Howell Sunday. The Williams's are Mrs. Bagwell's brothers. Mrs. Jimmie Howell and Mrs. Sandra Nelson attended

Betty Dennis's mother's funeral at Seminole Sunday.

Mr. and Mrs. Jimmie Howell went to the horse show at Tullia Saturday.

Terry and Lana Smith of Lubbock spent Friday night with their cousins Kennen, Kelly, and Kim Howell.

MRS. MERLE Morgan visited Mrs. Thomas Carrell in Dimmitt Thursday afternoon.

Craig Vandiver and Rhonda Welch visited Rick and Randy Morgan Sunday.

Rick Morgan visited Lance Davis in Amarillo Saturday night.

Mr. and Mrs. Charles Wales and family visited the Donald Wrights Sunday night.

CLEAN UP spills on carpet immediately - they won't stay on the surface long. After a few grinding footsteps, debris goes deeper into the rug and can gnaw at the fiber, warns Patricia Bradshaw, housing and home furnishings specialist, Texas Agricultural Extension Service.

Sherman renamed to Texas council

Lieutenant Governor Bill Hobby today announced the re-appointment of Senator Max Sherman of Amarillo to the Texas Legislative Council.

ALSO NAMED were Senators Jack Hightower of Vernon, Jim Wallace of Houston and Grant Jones of Abilene. Senators Sherman, Patman and Hightower are re-appointments to the council.

The Legislative Council conducts research and drafts bills for members of the Texas legislature. The Lieutenant Governor is chairman of the council, which consists of 10 representatives and a permanent staff.

BEFORE A dirty job, scrape fingernails over a bar of soap. Getting soap under nails prevents grime from dirtying them, points out Lynn Bourland, home Agricultural Extension Service.

MRS. SCOTT ALAN NELSON
... She's the former Emily Johnson

Couple at home after Aug. 17 wedding vows

Mr. and Mrs. Scott Alan Nelson are at home in San Saba following an Aug. 17 wedding in the Little-Chapel-in-the-Woods on the Texas Woman's University campus in Denton.

REV. GLENN Weimer, associate pastor of the First United Methodist Church officiated. The bride, the former Emily Jane Jenson, is the daughter of Mr. and Mrs. Murray S. Jenson of Denton. The groom is the son of Mr. and Mrs. Russell W. Nelson of Hutchinson, Kan.

The bride wore a formal gown of candlelight linen with a high Victorian collar and bodice of Venice lace. Ruffles at the wrists and down the front of the gown in panels were also lace.

Her veil of candlelight tulle was held by a Juliet cap of Venice lace.

CREAM-COLORED roses, gardenias, stephanotis and baby's breath made up her Colonial bouquet.

For their wedding trip the couple traveled to Austin.

The bride is a graduate of Denton High School and attended North Texas State University and Texas Woman's University. She is a member of Zeta Tau Alpha and has been employed by the Neblett Agency.

The groom is a graduate of Dimmitt High School and North Texas State University. A member of Kappa Sigma, he will begin teaching at San Saba High School in the fall.

MRS. RONNIE RUSSELL
... She's the former Gerrie Brockman

Brockman - Russell vows exchanged

Mrs. Gerrie Brockman and Ronnie Russell exchanged wedding vows Saturday in St. Ann's Catholic Church in Canyon.

REV. JACK GIST officiated at the double ring ceremony which was read before an altar decorated with arrangements of yellow and white daisies and white baby's breath.

The bride is the daughter of Mr. and Mrs. Jerome Brockman of Nazareth and the groom is the son of Mr. and Mrs. Ross Russell of Canyon.

Given in marriage by her father, the bride wore a formal wedding gown of imported Belgian lace, fashioned on Empire lines with a band of white satin ribbon accenting the high waistline.

The lace bodice was decorated with rows of tiny re-embroidered scallops over tiny ruffles of pleated lace.

LONG, TAPERED sleeves were attached to ruffles over the wrists. The long skirt was straight with six rows of lace ruffles across the hemline forming a wide, fluted pattern.

The bride wore an elbow length veil with a Juliet cap. She carried a bridal bouquet of yellow and white daisies and baby's breath with a yellow ribbon.

Maid of honor was Debbie Bray, and bridesmaid was Kathy Brockman, sister of the bride. They wore long dresses

of yellow dotted Swiss with high lace trim. They carried bouquets of yellow daisies and wore yellow ribbons in their hair as headpieces.

Best man was Andy Sherrerd and groomsman was Steve Russell, brother of the groom.

USHERS WERE Larry Gaston and Lynn Neel. Organist was Mrs. Betty Williams and soloist was Armetha Lindley.

A dinner reception was held following the ceremony in the Community Hall in Nazareth. For the wedding trip to Lubbock the bride wore a pink pant suit trimmed in red velvet.

FOLLOWING THE trip the newlyweds will be at home in Canyon.

The bride is a senior at West Texas State University and is majoring in elementary education with a language and learning disabilities endorsement.

The groom received his B.S. in mathematics from WTSU in May. He will begin work on his Masters this fall.

Garden Club's 'flea market' to open Friday

The Dimmitt Garden Club will stage a "flea market" Friday through Monday in the former Kittrell Electronics building, 101 E. Bedford St.

ALL TYPES of household items, from heavy appliances to hobby products, will be on sale during the four-day event. All Garden Club members are contributing items toward the flea market.

Sale hours will be 9 to 6 Friday, Saturday and Monday, and 2 to 6 Sunday.

Anyone wishing to donate items for the sale may contact Mrs. Bill Behrends, 647-3490, before Friday, or bring the items to the sale during open hours.

All proceeds will go for landscaping at the Rhoads Memorial Library.

MR. AND MRS. DAVID GARZA
... She's the former Rebecca Gill

Garza - Gill vows exchanged Aug. 17

Mr. and Mrs. David D. Garza are at home in Lubbock following an Aug. 17 double ring wedding in the Prince of Peace Catholic Church in Lyford.

REV. ARMANDO Escobedo officiated at the ceremony.

The bride, the former Rebecca Gill, is the daughter of Mr. and Mrs. Rogerio Gill of Raymondville and the groom is the son of Mr. and Mrs. Antonio C. Garza of Dimmitt.

Given in marriage by her father, the bride wore a gown of silk-faced peau and organza with tiers of pleated ruffles on the hem, sheer neck and bishop sleeves, and detachable cathedral train.

Seed pearls were scattered over the skirt, sleeves and bodice. The veil was of bridal illusion with a headress of orange blossoms.

SHE CARRIED a bouquet of white carnations with trimming in shades of peach.

Maid of honor was Miss Rachel Gill, sister of the bride. Bridesmaids were Martha, Alice and Nelda Gill, all sisters

of the bride, and Mrs. Domingo Gill.

Best man was Roy Garza, brother of the groom. Groomsman were Gilbert Garza, Roel Nunez, Adolfo Castillo, and Domingo Gill.

USHERS WERE Larry Rincones and Ricky Salinas, and ring bearers were Rogerio Gill and Domingo Gill Jr.

Organist was Mrs. Maneul Caldera.

Following the ceremony a reception was held in the parish hall.

For the wedding trip to Mexico City the bride wore a navy blue dress with attached jacket and printed blue blouse.

THE NEWLYWEDS will be at home in Lubbock.

The bride is a graduate of Lyford High School and Texas Tech University. She will enter a Master's program in speech pathology this fall at Texas Tech.

The groom is a Dimmitt High School graduate and a graduate of Texas Tech. He is presently director of Learn Educational Talent Search.

MRS. SANDY BRODER

Vandiver-Broder vows recited

Mr. and Mrs. Sandy Broder are at home in Denver, Colo. following an Aug. 11 wedding in the home of Mr. and Mrs. Roger Case of College Station.

MR. AND MRS. Cecil Vandiver of Dumas are parents of the bride, the former Cecilia Ann Vandiver. Parents of the bridegroom are Mr. and Mrs. Saul Broder of Miami, Fla.

The bride wore an empire styled full length dress and carried a mixed bouquet of yellow and white daisies and baby's breath.

Matron of honor was Mrs. Jerry Vandiver and best man was Bob Case.

The ceremony was read before an altar banked by bouquets of yellow and white daisies and candelabra.

A RECEPTION was held following the ceremony in the Case home. Miss Kimm Vandiver assisted.

The bride is a Dimmitt High School graduate and both the bride and groom are recent graduates of Texas A&M University.

Holleys host cookout Sunday

By MYRT LOMAN

Mr. and Mrs. Dub Holley hosted a hamburger cookout at their home on Sunday night following the evening worship service.

Guests were the young people of the First Baptist Church. Vic and Bryan Allcorn, cousins of Olton, were special guests, who spoke of their recent trip along with some 500 others who participated in an evangelistic crusade in Germany.

Youths attending were Danny and Sharla Carson, Patricia Smith, David Barham, Becky Miller, Leslie and Vivian Davis, Jim Tucker, Melanie Upshaw, Brent Lemons, Terri King, Carla Rambo, Suzanne, Daryl Doug and Dana Holley and Kipp Burnett of Plainview.

Mrs. Joe Ed Carson and son Wade were also present.

JERRY JANSA, Hart band director, was feted at an ice cream supper Saturday night by the band students and their parents.

Band Boosters will have the concession stand on Friday night at the scrimmage game between Hart and Dimmitt. The stand will open at 6:30 p.m. with sandwiches, cold drinks and candy.

MRS. W. A. Hawkins Sr. will host the Goodneighbor Club for a covered dish luncheon and business meeting on Tuesday, Sept. 4.

All members are urged to be present, as a short business meeting will be held.

DON JOHNSON has been released from Amarillo Hospital. Mrs. Robert Lewis Hawkins had surgery in Plainview Hospital the first of the week. Houston Sullivan is still in the Veterans Hospital in Amarillo.

EIGHTEEN members of the Lions Club met Monday noon in the community room of Farmers State Bank for a luncheon and business meeting.

Members discussed the purchasing of eye glasses for the needy of the community and the financial report results of Hart Day.

Mrs. Sue Cannon and Mrs. Gene Trotter of the Hart Beat and the Olton Enterprise were special guests.

The next Lions Club meeting will be Monday, Sept. 10 in the community room of the bank.

MEMBERS OF the First United Methodist Church honored the new and the returning teachers of the Hart Independent School District with a reception in fellowship hall of the church at 7:30 p.m. on Sunday night.

The serving table was covered with a white cloth accented with a fresh summer flower arrangement.

Miss Arlene Aven served punch and cookies, followed by visiting and fellowship.

HERE IS THE Hart School menu for the week of Aug. 27-31.

Monday - Barbecued franks, green beans, buttered corn, apricot cobbler, yeast rolls, milk and butter.

Tuesday - Ham and beans, cole slaw, hominy, cornbread, peanut butter cake, milk and butter.

Wednesday - Meat balls and spaghetti, June peas, buttered carrots, peach cobbler, rolls, milk and butter.

Thursday - Corn dogs, mustard, baked beans, tossed salad, milk and butter.

Friday - Roast beef, brown gravy, mashed potatoes, green beans, berry cobbler, hot rolls, milk and butter.

THE 1973-74 Hart school sponsors and class officers are as follows:

Seniors - Sponsors, Mrs. Poarch, Mr. Howell, Mr. Taylor; president David Armstrong, vice-president, James McLain, secretary, Nelda Henderson, treasurer, Jim Tucker and historians, Cecil Jackson and Becky Miller.

Juniors - Sponsors, Mrs. Ryan, Mr. Phillips; president, Freddy Mancias, vice-president, Jim Clifford, secretary, Belinda Ritter, treasurer, Danny Carson, historians, Carla Rambo and Darrell Lacy, reporter, Mario Martinez, Committee mem-

bers, Danny George, Darrell Lacy, Darryl Booe.

Sophomores - Sponsors, Mr. Tucker, Mr. Gleghorn; president, Marlin Hart, vice-president, Barry George, secretary, Terry Hill, treasurer, Dana McLain, reporter, Dawn Phillips.

riquez and Wally Quinterio.

HART SCHOOL Calendar:

Aug. 31 - Junior varsity will scrimmage Dimmitt here at 7:00, varsity at 8:00.

Sept. 6 - 7th and 8th grade will play Lazbuddie here 5:00. Sept. 7 - "A" team will play Lazbuddie there 8:00.

The Hart Board of Education will have its regular meeting Sept. 10 at 8:00 in the superintendent's office. Bids for gas and oil will be opened at this time. They will also be adopting the school budget for the 1973-74 school year.

Supt. Ted Averitt would like to remind all parents of the kindergarten program this year that all five year olds are eligible to attend kindergarten and all children who are five years of age on or before Sept. 1 will be eligible to attend for a full day.

Coach Lonnie Phillips stated the boys did real well in their scrimmage against Hale Center last Friday night.

DIMMITT LEADS TEXAS AGAIN

RUSKIN SWIM CLUB AND APARTMENTS CIRCLE

With the opening of Ruskin Circle this Sunday, Dimmitt becomes the first city under 5,000 population in Texas to have a Planned Unit Development. Brooke Alexander, the developer, is bringing to our city a concept of residential living that previously was available only to residents of metropolitan areas.

DON HARGROVE CONSTRUCTION

... was the prime contractor for the new Ruskin Circle Swim Club and Apartments—the first phase of this ambitious new development. We salute Brooke Alexander on the opening of this new project, and urge you to attend the open house of the Ruskin Circle Swim Club and Apartments from 1 to 5 p.m. Sunday.

Sunday, follow the crowd to

Grand OPENING of a Pioneer 'Blue Flame' Project

RUSKIN CIRCLE, located south of Dimmitt High School, is Dimmitt's first Planned Unit Development. A big step forward in pleasant living, the new development offers apartments, fine home sites, controlled-traffic streets, underground utilities, and a central Swim Club with complete gymnasium, health and recreation facilities.

The RUSKIN CIRCLE SWIM CLUB and the first two quadruplexes of the RUSKIN CIRCLE APARTMENTS are now complete and ready for showing Sunday afternoon. In the future, condominiums will be built to suit the individual owner's taste. You can own your own apartment or home near the Swim Club.

Most of the new apartments are already rented. However, one two-bedroom, 1 1/2-bath apartment to be shown Sunday is still available.

SUNDAY 1-5 p.m.

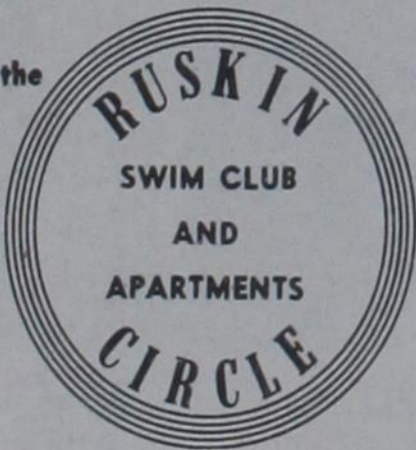

Open House

Brooke Alexander, Developer

RUSKIN SWIM CLUB AND APARTMENTS CIRCLE

Y&B ELECTRIC

is proud to have been the electrical contractor on this ambitious new development.

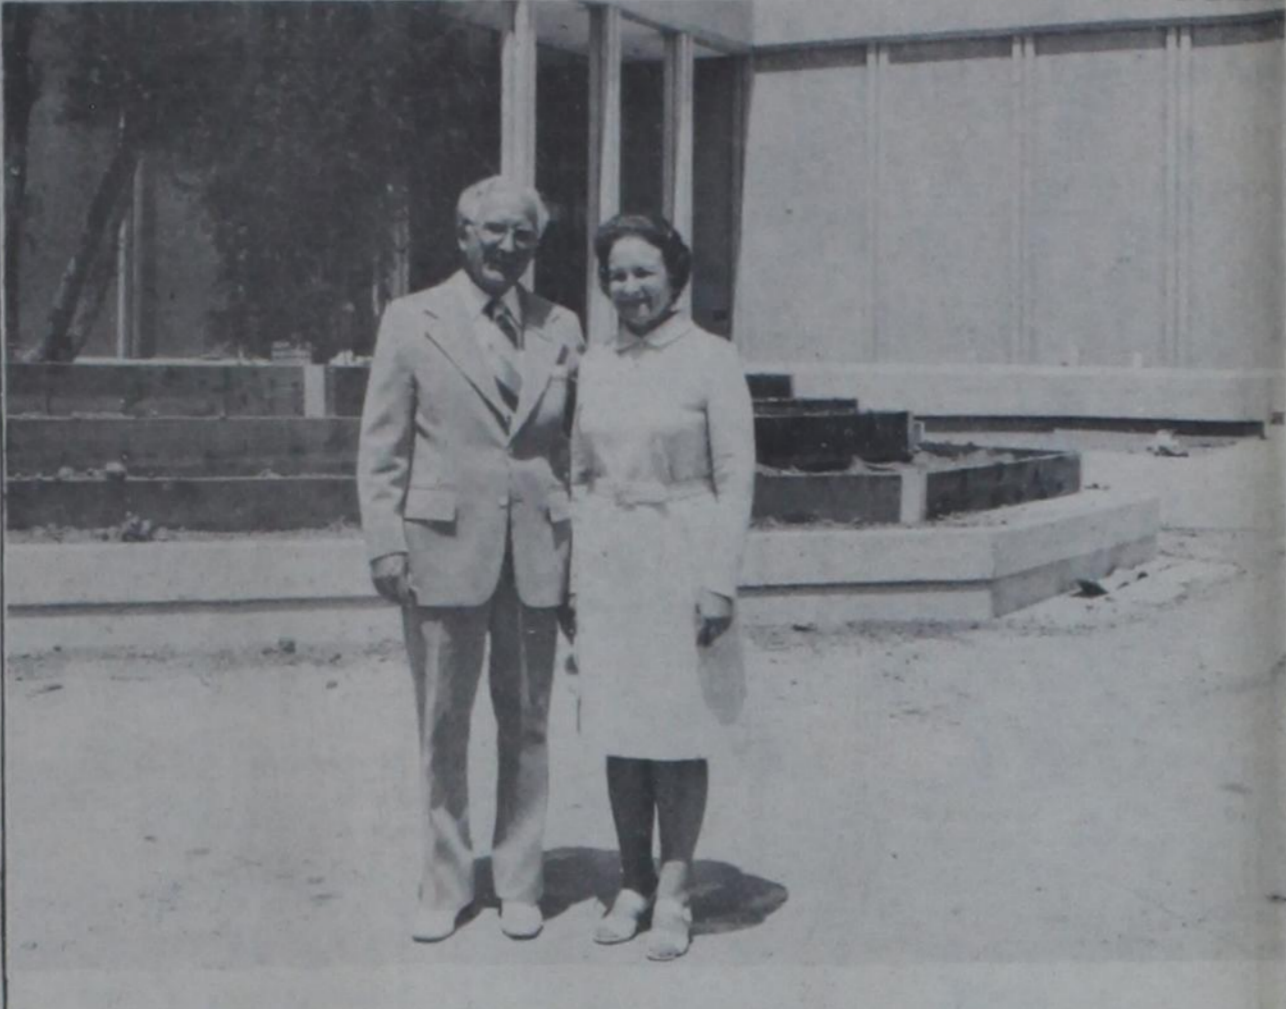

Our best wishes to Brooke Alexander, developer, on the continued growth and success of Ruskin Circle. We urge you to attend the Grand Opening of the Ruskin Circle Swim Club and Apartments this Sunday afternoon.

Hart tax roll aired Monday

The Hart city commission met Monday to discuss the 1973-74 budget. Commissioners also approved an ordinance allowing for adjustments in the rates charged for natural gas and accepted the 1973 tax roll.

THE ORDINANCE will allow for changes in rates charged in the sale of natural gas and natural gas service by Pioneer Natural Gas Co. The changes would affect all customers within the city limits of Hart.

The next city commission meeting is scheduled for Sept. 4.

THE NEW LIBRARY on the West Texas State University campus in Canyon is nearing completion. The \$3 million building has been designated the James P. and Mary Elizabeth Cornette Library in recognition of his 25 years as university president and

her dedication to the institution and the Panhandle region. Dr. Cornette will serve as chancellor of the university until September of 1974 when he will be named president-emeritus.

FHA makes record loans to American farmers for 1973

Family farmers borrowed more than \$1.4 billion from the Farmers Home Administration (FHA) during fiscal year 1973, enabling them to buy, improve and operate farms, and to restore farming operations disrupted by natural disaster, Secretary of Agriculture Earl L. Butz announced recently.

A TOTAL of 195,972 loans were made to farm families, more than double the number served a year ago. The \$1.4 billion of loans is a 73 percent increase for fiscal '73 over the previous record amount of \$831.8 million advanced in fiscal 1972.

Loans made in cooperation with private lenders also greatly increased. In this program, FHA enlists the assistance of local commercial lenders to make part of a loan for buying, developing or operating a farm. The Farmers Home Administration lends the balance necessary to complete the transaction.

During fiscal year 1973, private lenders provided nearly \$300 million to supplement FHA farm ownership loans and about \$188 million to supplement operating loans. By using outside credit in this manner, FHA was able to assist many more farmers than otherwise would have been possible. The net

effect of this industry-government cooperation has been to make supplementary credit of nearly \$2 billion available to family farmers in fiscal 1973.

The need for emergency assistance was at an all-time high because of tropical storm "Agnes", lingering drought in the southwest, flooding in the Mississippi Valley, and other natural disasters. Lending for emergency loans in fiscal 1973 totaled \$557.7 million — more than four times the amount loaned in any previous year. This money was used to help restore operations for more than 128,000 farmer-borrowers throughout the country.

ORIGINAL BUDGET figures allocated \$350 million for the FHA operating loan program. In order to assist in efforts to bring more land into productivity, and partially to offset problems arising from natural disasters, additional funds were made available for operating purposes. With these funds, Farmers Home made loans of more than \$454.6 million to over 50,000 family farmers. Previously the largest amount loaned in any year was \$337 million in fiscal 1972.

Under the farm ownership program, \$350 million had been allocated. Additional funds were put into this program also, enabling Farmers Home to make a total of \$408 million in loans to 15,492 families. These funds are used by borrowers to buy or improve farms, including farm buildings, refinance debts and increase income by developing non-farm enterprises. Fiscal 1973 saw the all-time high amount loaned in this program which has been in existence since 1938. The previous record was established in fiscal 1972, when \$355 million was loaned.

Range fires pose threat

As hot summer weather progresses, range wildfires become a threat.

"RANGES IN MOST areas of Texas boast plenty of vegetation due to good rainfall the past few months," says Dr. Bobby J. Ragsdale, range specialist for the Texas Agricultural Extension Service. "This further increases the fire hazard. Summer rains have temporarily slowed the hazard in some areas, but hot weather will soon dry out the vegetation."

Everyone can help in the prevention of range fires, believes the specialist. Outdoor recreationists should be especially careful with campfires. Landowners should delay the use of managed fires or otherwise should be extremely cautious with such fires.

If a fire should start, organizations such as county rural fire control groups can play a key role in controlling and extinguishing the fire. "If counties have no plans for rural fire control, some should be adopted as quickly as possible," advises Ragsdale.

The fire danger exists in forests and woodlands as well as the rangeland areas of the state.

Fires can be extremely damaging. They destroy vegetative cover which increases the possibility of soil erosion and accelerates water run-off following rainfall. They also destroy valuable livestock feed and food and cover for wildlife and produce an "eyesore" to man.

"FIRE IS an invaluable tool, but when it occurs as a wildfire, man, livestock, wildlife and the land suffer the consequences," points out the specialist.

Congratulations

We congratulate Brooke Alexander on the completion of the Ruskin Circle Swim Club and Apartments, and we wish him success in the continued development of Ruskin Circle as a "planned unit" neighborhood.

We urge you to attend the open house of the Ruskin Circle Swim Club and Apartments Sunday afternoon from 1 to 5. We think you'll be impressed with the facilities, and with the concept of this new development.

In supplying the sidewalks, play courts and slab concrete work for the Ruskin Circle Swim Club and Apartments, we at Killingsworth Construction Co. are proud to once again help bring new comfort, convenience and beauty to Dimmitt.

Sunday afternoon, 1-5

The beautiful carpet you will see in the Ruskin Circle Apartments is two-tone Nylon hi-lo random sheared carpet, installed by Texas Carpet Co. of Amarillo.

We are pleased to have had a part in this beautiful new development, and we extend our congratulations and best wishes to Ruskin Circle's developer, Brooke Alexander.

TEXAS CARPET CO.
Amarillo

new!

Ruskin Circle is a beautiful new development in Dimmitt. But it's more than that. It's a new concept for the small city — a "planned unit" neighborhood of condominium apartments, rental apartments, private homes, individual play and recreation areas, and a swim-gym facility in the center.

Yes, Ruskin Circle is new in more ways than one. And we at Texas Blue Lake Pools are proud to have been a part of its construction.

The L-shaped pool in the new Ruskin Circle Swim Club is a "master" pool. In our business, that means it's the best.

We congratulate Brooke Alexander on his grand opening Sunday afternoon of the Ruskin Circle Swim Club and Apartments, and we urge you to go see the first phase of a development that will remain new for many years to come.

Texas Blue Lake Pools

Amarillo

Beginning

"Beginning" can be a great experience for anyone. Just think of all the different beginnings you've experienced—life, school, marriage, a career, perhaps a new business, maybe a new home.

Ruskin Circle Swim Club and Apartments represent an exciting beginning for Brooke Alexander, developer, and for Dimmitt, too.

Amarillo Sheet Metal is proud to have been in on this beginning. We provided all the ductwork for the new project.

And we hope that this beginning will continue, that Ruskin Circle will inspire more beginnings—new homes for Dimmitt families, new trends in quality living, new conveniences and pleasures in everyday life.

We congratulate Brooke Alexander on his new "beginning," and we urge you to take part in the formal "beginning" of Ruskin Circle Swim Club and Apartments — the grand opening and open house Sunday afternoon from 1 to 5.

New coaches will guide Bobcat griders

Many of Dimmitt's Bobcats are the same this year, but nearly all of the coaches are new.

ONLY TWO of last year's regular gridiron tutors — Kenneth Cleveland and Bob Askey — are back this year. Head Coach Deane Wright and Assistant Coaches Travis Sursa, Bobby King and Larry McMinn are all new faces at the DHS field house.

Of course, the new mentors are already quite well-known to

members of the Bobcat varsity, who wound up their grueling two-a-day workouts Friday and started their regular schoolday practice sessions Monday. The Bobcats scrimmaged Abernathy here Friday night, and are now working toward their Sept. 7 season opener against Muleshoe.

The new head coach is Deane Wright, 44, a veteran of 19 years' coaching in schools ranging from Class A to AAA. WRIGHT HAS been a head coach 11 years, including eight

at Crosbyton, one at Springlake and two at Hamlin. He came to Dimmitt from Mexia, a Class AAA school, where he served last year as defensive coordinator.

A native of Spur, Wright played college football at West Texas State University. He was a center and linebacker on the Buffalo team that defeated Texas Tech for the Border Conference championship in 1951 and played the University of Cincinnati in the Sun Bowl game.

Wright earned a BS degree from WTSU, where he completed a double major of physical education and secondary education, with a minor in history. He teaches world history, sophomore and senior health classes, and coaches boys' track in addition to his football tutoring duties.

AFTER EIGHT years' internship as an assistant coach, Wright accepted the head coach's post at Crosbyton. During his last three years there his Chiefs won 26 games, including 19 of 21 conference games.

He left coaching for a year and a half to sell sports equipment to schools, "but I was so miserable I couldn't stand it," he said. "That's when I went to Springlake."

Wright's wife, Dorothy, works at the First State Bank of Dimmitt. She's a native of Oklahoma City. The Wrights have four children — Becky, 19, Rhonda, 17, Randy, 15, and Regina, 8.

WHEN WRIGHT accepted the Springlake coaching post, one of the first men he called to help him there was one of his own former players — Travis Sursa, who had quarterbacked the Crosbyton Chiefs through highly successful seasons in the early 1960s.

"I was a senior at Tech then," Sursa recalls, "but I hadn't even filed a degree plan. I had a real good job and was thinking about going on for my master's degree. But then Deane called and asked if I wanted to go to Springlake with him. I just said, 'Yes, sir!' and went."

Now Sursa is coaching Dimmitt's varsity defense, teaching boys' physical education, world history and driver's ed., and will coach freshman and B-team girls' basketball this year.

SURSA, 27, received his degree in business administration from Tech in 1969, then headed for Springlake to become Wright's assistant coach.

Sursa agrees with Wright, that coaches are men whose playing days are over but who love the game too much to give it up. He also feels that every former player would always like to play just one more game — or play one particular game again.

The game he'd like to have another crack at is one he quarterbacked during his senior year at Crosbyton, in 1963 — a game that affected the eventual state championship.

THREE TEAMS in that district were state-ranked that

NEW FOOTBALL COACHES at Dimmitt High School this year, from left, are Travis Sursa, Bobby King, Larry McMinn and Head Coach Deane Wright. Sursa is one of Wright's former quarterbacks, and he

and King worked with Wright at Hamlin until last year. Rounding out Dimmitt High School's football coaching team this season are two returnees, Athletic Director Kenneth Cleveland and Bob Askey.

year, and Crosbyton and Petersburg were both flying high when they met for the district title. With the state spotlight on the game, Coach Wright's Chiefs led all the way as they fought to a 13-10 advantage over Petersburg. But with just eight seconds left, Petersburg kicked its second field goal of the night to tie the score at 13-13 and win on penetrations. Petersburg went on to capture the state championship.

"I still have nightmares about that game," Sursa said.

Sursa and his wife, Jan, have two sons — Travis III, 5, and Johnny, 2.

BOBBY KING, 29, also has been through several football campaigns with Coach Wright, and until this year has also served as head basketball coach in schools ranging up to Class AAA in size.

Prince Georges wins BR series

Prince Georges, Md., is the new champion of the Babe Ruth World Series. The Maryland kids whipped East Anaheim, Calif., 11-6 to sweep through the tournament in four straight games.

PRINCE GEORGES defeated East Anaheim, 15-5; Puerto Rico, 8-3 in 8 innings and Falls Church, Virginia 9-4 before winning from East Anaheim for the second time in the title game.

California won 3-7 from host Manchester in its first start and then had to come through the losers' bracket with wins over Monterrey, Mexico, 7-2; Lexington, Ky., 6-0; Puerto Rico, 2-1 and Falls Church, 2-1. It was the first time ever for both East Anaheim and Prince Georges in the finals.

Artie Mory, East Anaheim outfielder, was named the most outstanding player in the series. He batted .381 and had two home runs and a double. Batting champion of the series was Pedro Pratts of Puerto Rico with a .545 average in four games.

THE WEEK long series played to a record attendance of 80,904.

Prospects good for waterfowlers

Texas hunters are due good waterfowl hunting over the state this fall.

CHARLES Stutzenbaker, waterfowl biologist with the Texas Parks and Wildlife Department, says prospects are favorable for this season's hunting.

"Range conditions over the state are generally good," he said, "and there should be enough ducks and geese on the ground to entice the hunters." Stutzenbaker pointed out that duck production in prairie Canada was down somewhat over last year.

"This was related to dry conditions over the pothole nesting range," he said. "But geese, on the other hand, will be up substantially over last year's population."

ACCORDING TO Stutzenbaker, mild weather in the Arctic, with a record light snowfall and early ice breakup, set up the geese for a successful nesting effort.

"Everyone realizes," he said, "that local conditions on the Texas range can change quickly with a sudden dry spell or too much rain making the birds hard to find."

"We are looking at the prospect of such a condition now that could really hurt the early teal hunt," he said. "The second rice crop may be short and too late to hold the birds when they arrive on the Texas coast."

"This condition is a result of heavy rains and delayed rice planting this summer," he said.

A native of Alvord, King attended North Texas State University, where he earned a BS degree in education in 1966 with math and PE specialties. After teaching and coaching for five years, he received a master's degree in education from NTSU in 1971.

King coached and taught at Decatur and at Horace Mann Junior High in Amarillo, then went to Whitewright as head basketball coach and football assistant.

HIS PATH first crossed Wright's when they joined forces at Hamlin in 1969, with Wright as head football coach and King as head basketball mentor. They worked together three years in Hamlin, then in 1972 Wright went to Mexia and King moved to Class AAA Terrell as head basketball coach and football assistant.

Travis Sursa also went to Terrell last year. But they missed working with Wright, and they missed North Texas. So when Wright accepted the DHS football post and asked his two former assistants to join him here, they readily agreed.

Booster club begins drive

The Dimmitt Athletic Booster Club has begun their membership drive for the 1973-74 season. Family memberships are \$5 and individual memberships are \$3.00. Membership cards may be secured from any of the officers of the Boosters Club — Roy Dale Underwood, Travis Hampton, Polly Simpson and Dee Yates, or at the Castro County News Office.

The Boosters Club meets at the high school cafeteria each Monday evening at 8:00 p.m. All persons interested in the school and junior high athletic programs are invited to attend.

Because of the Labor Day holiday the Boosters Club will not meet next Monday. The next meeting will be Sept. 10. All players and parents are invited to attend this meeting which will be an ice cream social.

King coaches the varsity backs freshman offense and junior varsity boys' basketball, and will either work with the track team later this year or with the off-season program of physical training for boys who aren't taking part in the major sport of the season.

King also practices his other educational specialty in the classroom; he teaches senior mathematics (trigonometry and elementary analysis), one class of Algebra I and one section of introductory algebra (related math).

His wife, Janell, also is a native of Alvord. The Kings have a son, Robert, 2.

ASSISTANT Coach Larry McMinn, 27, first met Deane Wright when his Ballinger team was upset 21-0 by Wright's Hamlin team several years ago. They've had a healthy respect for each other's coaching abilities ever since, but haven't worked together before this year.

McMinn played high school football at Hale Center, then attended Texas Tech, where he majored in physical education and minored in history.

After receiving his BS degree from Tech in 1968, McMinn served four years at Ballinger as assistant coach in football, basketball and track. Last year he was an assistant coach in all three sports at Idalou.

HERE McMINN coaches the varsity linebackers and offensive ends and backs, serves with King as co-coach of the freshman football squad, and also will coach freshman boys' basketball and track.

McMinn and his wife, Paula, have two sons — Mickey, 5, and Shane, 3.

The new coaches have their work cut out for them. Five of the Bobcats' first six opponents — Muleshoe, Farwell, Dalhart, Lockney and Littlefield — are favored to win their respective districts this year. And the Dimmitt squad is small.

"BUT WE CAME here to establish a football program such as Dimmitt deserves," Wright said, "and we hope everybody in Dimmitt gets behind us. We're going to have a good team this year."

Club votes to hold football contest again

Members of the Dimmitt Bobcat Boosters Club voted to hold the football contest again this year at their first meeting Monday night.

FIRST PRIZE in the contest each week will be \$5. Second prize will be \$3.

Grand prize will be either two tickets to a Dallas Cowboys game in Arlington or two tickets to the Cotton Bowl, and \$50.00 for traveling expenses.

Second prize will be two tickets to the Sun Bowl at El Paso and \$25 for traveling expenses.

New coaches were introduced to the club members at Monday's meeting. They an-

nounced that there will be a scrimmage between the Bobcats and the Hart Longhorns at 7 p.m. Friday night at Hart.

Membership dues for Boosters Club members are \$5 per couple or \$3 per individual. Membership cards are available at the Castro County News or at Behrends Insurance Agency.

The club has scheduled an ice cream supper in honor of the football players, their parents and Boosters Club members for Sept. 10 at 8:00 p.m. in the high school cafeteria.

MANUFACTURERS now offer a three-inch-wide paint roller that can be used for paint, varnish or enamel on small projects. It comes with just-the-right-size paint tray, notes Patricia Bradshaw, housing and home furnishings specialist, Texas Agricultural Extension Service.

CERTIFIED & DEDICATED

When Reeve-Fleming Chevrolet opened, Pete Salinas Jr. was the first technician to rejoin the local Chevrolet dealership.

Pete is a certified—and dedicated — Chevrolet technician. He has attended two General Motors schools in Oklahoma City, and has earned his certification as a Chevrolet Service Technician in air conditioning diagnosis and repair and in the GM-400 automatic transmission.

You can see why we're glad to have Pete on our Chevrolet service team. He's serious about his automotive career. And you benefit from it when he services your car or truck.

Pete, 26, was reared in Pleasanton, and graduated from high school there in 1967. While attending high school, he worked part-time for the Pontiac agency in Pleasanton.

In February 1971, Pete married Herminia Sandoval of Dimmitt. Pete and Herminia live at 504 SW Fifth St., and are members of the Immaculate Conception Catholic Church. They're expecting their first child "any time now."

When your car or truck needs servicing or repair, you can turn it over to Pete and the other members of our service department with confidence. That's what we're here for.
