28TH YEAR

RANGER, TEXAS, FRIDAY, MAY 16, 1947

PRICE FIVE CENTS No. 281

The Ranger Daily Times is the oldest daily newspaper in Eastland County, the first edition appearing on June 1, 1919.

Well...
I Dunno,
But...

Cigars and chewing gum are the order of the day at the Penn and Calvert filling station and garage, for the Stork lit twice in the same week at homes of the company's personnel.

Not to be outdone by other young papas around town, Charles Sullivan was remembering the "ladies with chewing gum along with cigars for the men, Monday when his young son, Charles Robert was born at the Ranger General Hospital and Wednesday Salvador (Chick) Camacho repeated the stunt when his son was born at the West Texas Hospital.

Both of 'em reminded us Thursday night that we were a little late on the draw about telling the public about their sons.

In a casual conversation with a gentleman the other night, a remark he made reminded us of the similarity of a bulldozer and a bully, even if he did insult our intelligence by meticulously explaining what a bulldozer is.

Among other things he said, "a bulldozer is a machine that pushes the earth around" and a bully attempts the same process with people. However, the bulldozer is useful.

Gloria Rogers, daughter of Mr. and Mrs. George Rogers, who is a student at Stephens College in Columbia, Missouri, is following in her mama's footsteps.

Gloria was recently elected to Chi Delta Phi, honorary society for creative writers. She comes by the gift naturally, as her mother is a poet of considerable merit. We particularly remember a poem Mrs. Rogers wrote after locking out of her downtown window on July 4 and discovered that there wasn't a single American flag flying in Ranger.

Another Ranger girl at Stephens College will be graduating there this spring. She is Frances Ruth Hagaman, daughter of Mr. and Mrs. Leslie Hagaman. The Hagamans with their children, Betty Lou and John Leslie, are driving up to Columbia for commencement events and will be accompanied home by the graduating daughter.

Ray Green, son of Mrs. Gene Mobley, on being introduced to farm life recently was filled with wonder about things that have to be done on a farm and proceeded to ask questions in his own way for enlightenment.

When milking time came along, Ray went out to see how it was done and among other things, he wanted to know if the cows had to be "drowned" every night and did the "cows lay eggs", too. The cows "spouts" intrigued him also.

Then there was the time that Ray and his brother, Hall, were visiting Mrs. Ada Gosson on her farm. After witnessing the milking process, they refused to drink "country milk" and not a drop would they touch until they got back to town.

Come Tuesday, May 20, it will be 20 years since Charles A. Lindbergh made his non-stop flight from Roosevelt Field in New York to Paris, France.

The advances made by aviation in those 20 years are astounding. Twenty years ago, aviation was something that was remote to this section of the country and only in the larger centers was there any activity at all.

But today right in our midst we have one of the most thriving airports in this section and it draws more air traffic than any around here. Besides the normal uses made of airports, the Ranger Airport has an airplane repair and renovation shop that draws trade from all over the country and even from Mexico. A staff of 17 is required to take care of the work.

There, too, there's the Ranger Flying Service with headquarters at the airport and which is training after class of pilots. The Ranger port is also headquarters for pipeline patrol planes and another oil company is also planning to make the Ranger port headquarters for the distribution of its aviation oils, with planes stationed here for delivery service.

And only 20 short years from the historic Lindbergh flight, the airplane has become one of the

NAVY FUNDS FEEL AXE OF HOUSE BODY

WASHINGTON (UP) — The House appropriations committee swung its economy axe on another government department today, recommending a cut of almost 10 per cent in Navy funds for fiscal 1948. The cut would leave the navy \$3,469,000,000 out of the \$3,847,000,000 asked by President Truman.

Such a slash could force a personnel reduction of as many as 40,000 officers and men. It would definitely force a reduction of thousands of the department's civilian personnel and require other economies throughout the Navy Department.

The committee said cuts were in order because the Navy Department still has available \$231,000,000 from appropriations made in previous years. Funds recommended include \$170,000,000 in contractual authority and \$164,000,000 in transfers from other Navy funds.

The bill is scheduled to come before the House next Tuesday. The Navy did not suffer as severely at the hands of the committee as the Interior Department, which received a 45 per cent slash, nor as the State, Commerce and Justice Departments and the Judiciary which were cut by 23 per cent. The House has okayed both of the latter cuts.

Says Department Hurrying Exports To Raise Prices

WASHINGTON (UP) — Sen. Harla J. Bushfield, R., S.D., charged today that the agriculture department was hurrying to export all its remaining supplies of wheat "so as to push up the price and build up its case for continued export controls."

The department has announced its intentions of exporting its remaining supplies of wheat—some 15,000,000 bushels—during May. Then it intends to go into the market in June to buy from the new crop.

Finds Science Outstrips Engineering Education

PITTSBURGH (UP) — Science is finding out so many new things that students will have to go to college longer to catch up on all the main points.

Bed-Ridden, She Pleads For Rattlesnake Oil

OKENE, Okla. (UP) — The Okene Junior Chamber of Commerce has received a request from a 73-year-old bed-ridden woman for some old-fashioned rattlesnake oil.

Mrs. Ida Woodward, Fort Smith, Ark., said rubbing rattlesnake oil on her legs would help her walk again.

The Junior Chamber sponsors an annual rattlesnake roundup and members said if the correct formula could be found, they would boil up a few rattlers and send the oil.

Search For Red Canary Has Strange Results

SPRINGFIELD, Ill. (UP) — Canaries' yellow coats are not safe in Springfield. Raymond F. Patton wants to turn them red.

Patton, a member of the American Color Breeders Association, has been working for eight years to breed a scarlet canary. So far he has been only partly successful.

In his breeding experiments, Patton has turned canaries orange, copper, maitse, mahogany and apricot-colored.

Church Row Recalled After 100 Years

MERIDEN, Conn. (UP) — Their church next door to one when the Baptists started to build already owned by the Congregational Society in 1847, the latter group sought to prevent it by an injunction.

They agreed the Baptists themselves were not objectionable but that their pastor, the Rev. Mr. Miller, had a "peculiarly sharp ringing voice" which it was feared might disturb the Congregational meetings. Nevertheless, the Baptist church was built.

2 Rifles Unloaded. Gets Wildcat With 3rd

MISSOULA, Mont. (UP) — After sweating it out with two unloaded rifles, Ken Cooper finally managed to shoot a mountain lion just 20 feet from his front door.

This field program was provided by the Rising Star Vetch and Seed Growers' Association in order that the public may observe successful crops of vetch and rye and other conservation practices established by local soil conservation district co-operators.

Funeral For Strawn Man Held In Ranger Fri.

Funeral services for Benjamin F. Harris of Strawn were conducted Friday afternoon at 3:00 o'clock at the Killingsworth's Funeral Chapel in Ranger with Rev. David C. Ham of Ranger officiating. Interment was in the Cross Roads cemetery south of Ranger.

Mr. Harris died Thursday, May 15, 1947 at his home in Strawn. He was born in Erath county August 20, 1875 and had resided in Strawn for 32 years.

He is survived by one son, Earnest Harris of Ft. Worth and one daughter, Mrs. J. J. Gilbert of Big Spring, five grandchildren and three great grandchildren.

Says Days Of Gigantic Hotels Have Passed

FORT WORTH, Tex. (UP) — The day of the gigantic hotel is past, according to C. N. Hilton of Los Angeles.

KNIGHTS OF COLUMBUS TO HAVE BANQUET

A banquet for members of the Ranger Council, Number 2123 of the Knights of Columbus will be held Wednesday, May 21 at 7:30 o'clock in St. Rita's Hall at St. Rita's school in Ranger.

Frank E. Crumley of Ft. Worth, state advocate of the State Council of Knights of Columbus, will be the principal speaker and will be accompanied by David Lambright, also of Ft. Worth, and district deputy of the Fourth District of which Ranger Council is a member. J. J. Collins of Cisco will be the master of ceremonies.

It was explained today that the banquet is being held to launch a membership campaign for the Ranger Council which has been inactive for a number of years but which is being reactivated. The Ranger Council is made up of men from Strawn, Ranger, Cisco and Eastland.

The committee in charge of arrangements for the banquet is headed by Charles A. Campbell and composed of Joe Daskevich, Jr., and William Bourdeau, Jr., all of Ranger. Ladies of St. Rita's church will serve the banquet and Mrs. Charles A. Campbell and Mrs. Harry Wallace of Ranger are in charge of arrangements. Music for the occasion will be arranged by Miss Mary Bourdeau.

Charges Congress With Silence On Economic Crisis

WASHINGTON (UP) — Former housing expeditor, Wilson Wyatt, charged today that there was an apparent "conspiracy of silence" in Congress on "the developing economic crisis."

Echoing President Truman's press conference statement that Congress isn't cooperating sufficiently with the administration's anti-inflation campaign, Wyatt challenged Republican leaders to hammer out a program to stave off a possible business slump.

"Inaction, apathy and delay can only be considered blind disregard of the national welfare," Wyatt said.

"So far, there has apparently been a conspiracy of silence in Congress on the developing economic crisis. Such silence in the crucial months of 1947 will not be explained by any postmortems in 1948."

Ranger Gets .31 Of An Inch Of Rainfall Today

Ranger got a total of .31 of an inch of rain in the period from the time the rain started until 8:00 o'clock this morning.

Rains continued to fall during the morning and though clouds were breaking around noon, predictions were for cloudy weather with the promise of more rain.

Juvenile Court Cases Number 36 Within 4 Years

Since the passage of the 48th Legislature of the Texas Juvenile Court act in May, 1943, there has been filed in Eastland county 36 cases under that act. One of the latest of such cases was filed just a few days after officers located a cache of stolen goods in an old abandoned farm house near Eastland.

Under the Juvenile Court act District judges also become juvenile court judges.

GARRSONS SAY ASSOCIATION NOT ILLEGAL

WASHINGTON — The Garrison brothers, central figures in a \$78,000,000 wartime munitions combine, contended at their war fraud trial today that everything they and former Congressman Andrew J. May did was "perfectly legal and proper."

The brothers, Dr. Henry M. Garrison and Murray Garrison, are charged with bribing May for his services in aiding them to get wartime contracts and other favors.

The Garrisons' attorney, Charles J. Margiotti, told a federal court jury in beginning his defense of the brothers that the government had failed so far in the three weeks long trial to show any illegal conspiracy or illegal actions on their part.

May, the former Democratic representative from Kentucky, was ready to tell his side of the story. But the Garrisons' attorney and his own attorney were to make their opening statements first.

The Garrisons are charged with paying at least \$53,000 for May's services while he was chairman of the House military affairs committee.

Big Spring Man Transferred To Eastland Office

Bill Lawson, who has been with the Farm Security Administration at Big Spring, has been transferred to the office at Eastland where he will be assistant to George I. Lane.

Murry Nolte, who has been with the Eastland FSA office the past three months, has been transferred to Goke County as supervisor.

Lawson served as an officer in the army during the recent war and previous to that with FSA. He is married and has a daughter four years of age.

House Hunting Succeeds

PHILADELPHIA (UP) — Geo. S. Williams of Reading, came here looking for a place to live. He soon had a place in central Philadelphia—but he wasn't exactly satisfied. Police, who accused him of slugging a groceryman in an attempted holdup, put him in jail.

An efficient small boat anchor may be made by fastening a 1 1/2 inch eye bolt through an old harrow disk with two heavy nuts, the Outboard Boating Club of America says.

AIR ARMADA BEGINS MOCK BOMBING RUN

ABOARD SUPERFORTRESS — An air armada of 125 Army Superfortresses assembled over Cape May, N. J., and then broke up into squadrons of 12 planes each to begin a mock bombing run over New York and other east coast cities.

Plans for a massed bombing run of all 125 giant planes were abandoned because of bad weather and low ceilings.

An alternate plan was ordered into effect. Under the new plan the planes will group in 12 ship squadrons and then fly in over the nations largest cities, Philadelphia, Baltimore and Washington at approximately three minute intervals.

The huge sky train was expected to stretch out over approximately 150 miles and take 39 minutes to run over each "target" city.

The big planes, same type that scorched Tokyo with fire bombs and atom-bombed Hiroshima and Nagasaki, made their rendezvous in the heavily overcast skies over Cape May shortly before noon. They took off this morning from six bases in the west, southwest and southeast.

Ex-Communist Names Leaders In Hollywood

HOLLYWOOD — An ex-Communist was under police guard today as the House Un-American activities committee studied his secret testimony naming alleged Communist leaders in Hollywood.

Beverly Hills police chief C. H. Anderson said extra police had been assigned around the home of Victor Kravchenko, ex-Russian army officer.

Amputee Gets Ted Williams Bat

"Glenny" Brann, age 11, who now knows that his legs have been amputated, gets a good look at an autographed ball and bat given him by Ted Williams. "Glenny's" mother is holding the bat. Brann lost his legs due to burns he received from a childish prank while playing in Malden, Massachusetts. (NEA Telephoto).

McCOWEN GIVES STATEMENT AT CLOSE OF 14 HOUR SESSION

ST. LOUIS — Termination of the six weeks strike of Southwestern Telephone Workers by the end of this week was predicted today by D. L. McCowen, STWU president.

McCowen's prediction came after the end of a 14-hour bargaining session with negotiators for the Southwestern Bell Telephone Co.

"It looks as if the strike will be over before the end of the week," he said. "We made some progress toward that goal during the last session."

McCowen's statement indicated the STWU was prepared to accept the utilities "final offer" of weekly wage increases of \$4.27 and to drop its request for arbitration of other points in dispute in favor of an early resumption of telephone service in the five southwestern states.

The company, however, continued to insist that the question of jurisdictional claims of the STWU and the AFL International Brotherhood of Electrical Workers be settled in the negotiations before a new contract is signed.

Bevin Charges Press Crippled Big Four Meet

LONDON — Foreign Secretary Ernest Bevin today charged in the House of Commons that the full press coverage given to the Big Four conference in Moscow was one of the greatest handicaps in writing the German peace treaty.

Bevin charged that the United States was primarily to blame for the press situation.

"One of our greatest handicaps," Bevin said, winding up a two-day debate of foreign policy, "—and I want to make it clear that I want no secret negotiations—is that I might not even think aloud without it is hurled over to the headlines of the press."

Names of World War II Service Men Recorded

The Eastland County Selective Service Board, states K. B. Tanner, a member of the board, filed with the Eastland County Clerk, a complete list of all Eastland county men, 45 years of age or under, who registered and served during World War II. Those who registered but were older than 45, were not filed.

This was not required but members of the Selective Service Board felt that it would be of service in later years.

Anti-Stove League Is Foiled By Yankee Psychology

LITCHFIELD, Conn. (UP)—A stove once caused a near split in a church group here.

Elders were convinced a cold church was more conducive to salvation than a warm one. Others were of a different mind and the congregation divided into a pro-stove and anti-stove group.

One Sunday folks arriving at church found a pro-stove member standing beside a newly-installed stove briskly rubbing his hands.

WHEN your digestive system does not function well, waste accumulates and gas is created... you feel depressed and irritable. If your distress is extreme or long-lasting consult your doctor. But often all you need is to stimulate sluggish intestinal muscles. And that's just what the new improved ADLERIKA, the Tone-Up laxative, does. It relieves gas pressure and moves waste gently through the digestive canal. Because it is a scientific blend of effective ingredients it works quickly and pleasantly. Try ADLERIKA today and learn why over 20,000,000 bottles have been sold. Caution: use only as directed.

Anti-Stove people complained mopping their brows in distress and one indignant woman fainted from the "heat."
At this point, the pro-stover placed his bare hand on the stove, proving to the "perspiring" anti-stovers it was stone cold.

Credits Souvenir Hobby With Having Saved His Life

TULSA, OKLA. (UP)—Bill Argue, a Tulsa oil exploration technician, has a fondness for souvenir-collecting. He says his hobby once saved his life. One day in July, 1946, Argue was sitting in the King David Hotel in Jerusalem. He suddenly developed an urge to buy a little knife to send home to the folks as a souvenir of the Holy Land. So he left the hotel. Forty minutes later a violent explosion ripped the hotel, the work of terrorists. The small curved knife he bought that day has a special place in his souvenir collection.

Russian Zone In Germany Facing Meager Harvest

BERLIN (UP)—German agricultural experts are pessimistic about next fall's harvest in the Russian zone of Germany, in normal times the nation's "breadbasket."

The severe cold of the past winter and the subsequent floods which destroyed thousands of acres of farmlands have left their mark, officials said.

The Berlin newspaper Telegraph said the harvest outlook was for only half the normal intake and even less than last year's poor crop. The 1946 harvest figures showed, compared to 1938: bread grains 45.4 per cent; barley 36 per cent; potatoes 63.6 per cent, and vegetables 71.6 per cent.

Beauty Shop Burglar Steals Only Wave

MOBILE, Ala. (UP)—Police here were confident they knew the sex of the person who broke into a Mobile beauty shop.

Mrs. Daisy Smith returned from a weekend to find her establishment had been invaded. Valuables were left untouched, but a permanent wave machine had been rolled back where it could be used without exposure to the street. Nearby was a partially-emptied bottle of wave lotion.

WHY GET UP NIGHTS DUE TO KIDNEYS?

FLUSH THEM OUT THIS DOCTOR'S WAY
 • If you get up nights—have frequent desire to pass your water—but have only scanty passages—yes, and have backache, due to excess acidity in the urine, be glad you're reading this:
 Three generations ago Dr. Kilmer, a famous doctor, found hundreds of his patients with this trouble. Painstakingly he made a medicine of 16 herbs, roots, vegetables, balsams—Nature's own way to relief. He called it "Swamp-Root" and millions of grateful men and women have taken it—often with amazing results.
 Swamp-Root goes right to work to flush out kidneys... increases flow of urine, helping relieve excess acidity... so the irritated bladder gets a good flushing out, too. Many report getting a good night's sleep after the first few doses. Caution: take as directed.
 For free trial supply, send to Dept. T. Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root at your druggist.

If Everybody Knew—
 ... what some folks know, especially about business matters, there would be less grief and more living satisfaction in our daily lives. For example, everybody doesn't know that they should have an abstract when they buy real estate. Others do, because they have learned some important lessons through experience and observation. Avoid the mistakes of others by making the abstract a requirement in every real estate transaction.

SOCIETY
Gift Tea Honors Recent Bride

As a compliment to Mrs. Gene Mobley who was recently married, Meses. George Rogers, Arlie Carver, Ada Gordon and Miss Waldine Kribbs entertained Thursday evening from 8:06 to 10:00 o'clock with a gift tea at the home of Mrs. Rogers.

Guests were received by Mrs. Rogers and Mrs. Mobley and were shown upstairs where the gifts were arranged and presented over by Mrs. P. J. O'Donnell and Mrs. J. B. Houghton, Sr., who also presided at the guest book.

The reception rooms of the home were decorated with arrangements of pink roses and in the dining room the table was covered with a Madecia cloth overlain with an antique handmade Battenberg centerpiece. At one end of the table was a handpainted low bowl filled with pink roses and white snapdragons. At the other end was a handpainted punch bowl at which Mrs. A. W. Brazda presided. Mrs.

Brazda was assisted in serving by Mrs. Lottie Davenport, Miss Kribbs, Mrs. Carver, and Mrs. Gordon.

During the evening a large number of guests called including the three sisters of the groom, Mrs. Mabel Carrico, Miss Betty Mobley and Miss Ruth Mobley, all of Putnam.

Gold Star Mothers Club Has Meeting

The regular meeting of the Gold Star Mothers' Club of Ranger was held Thursday afternoon at 3:00 o'clock in the clubroom at the Second Baptist church.

At the meeting members made plans to participate in Memorial Day services of May 25 and on May 26 will go to Ft. Worth where they will be the guests of the Tarrant County Gold Star Mothers' Club. They also accepted an invitation to be the guests of the First Baptist church in Ranger on the first Sunday in June.

The following members attended the meeting Thursday, Meses. Frank Frasier, Gertrude Mitchell, Julia McCleskey, W. E. Norwood, Con Hazard and Grace Tucker.

The first Continental Congress was a one-house body.

May Regain Sight

Blind since 1935, Frank Sewell, 42, hopes to be able to regain his sight so he can be "seeing-eye man" to his "seeing-eye" dog which is going blind. Sewell is shown in a New York City hospital with daughter Maxine, shortly after his arrival in New York from Anniston, Alabama. (EA Telephoto).

Well I Dunno...

principal factors in transportation, both passenger and freight. And 20 more years from now the community that doesn't keep pace with aviation will be as outmoded as a model T Ford is today.

Noticed the other day, incidentally, about the race horse that revolved against travel by air and nearly wrecked the plane. Don't know's we blame him, however, when speed is his business and the airplane was out punting him.

People do the same thing. Just let some fellow beat us at our own game and we don't like it. We may not kick the side of an airplane out about it, but it goes against the grain just the same.
