RANGER, TEXAS, TUESDAY, AUGUST 5, 1947

PRICE FIVE CENTS No. 57

Well... I Dunno, But...

One of the first and biggest hurdles in the program for Ranger Airport improvements has been vaulted and Ranger now has available \$20,000 in federal aid for carrying out the program.

This should be about the best news that Ranger could hear. To this, that a real airport can be built here, keeping Ranger in line with the progress of the times.

We are firmly convinced that a good airport is essential to the continued progress of Ranger and we're glad to see the "bird in the hand" handed out by the federal government.

The interest of the government in promoting airport development over the country, the fact that millions will be spent by the government to facilitate improvements, speaks the importance with which authorities in Washington regard this field of work. Appropriations for federal aid took precedence over many other appropriations for important work, and this further indicates the government's conviction as to the necessity of such a program.

Ranger is prepared to accept this aid and begin improvements almost immediately, through the fact that plans for such a program have already been mapped by a consulting engineer who was hired by the city and plans an application for the aid before the city commission.

Ranger is more fortunate than many towns. We now have a good airport, one that possibly draws more traffic than any port in towns of similar size. We have, also, at the airport, an A-1 GI Flying school and an airplane repair shop that draws trade from all over the United States and Mexico. Too, land is available for expansion to meet federal requirements, and other specifications must be met before the port can be rated with the CAA as citizens would have it rated.

To say the least of it, we've got an excellent foundation on which to work for the best airport in this section of the country.

The citizens of Ranger want that airport improved and in a recent meeting voted unanimously to back the city commission in any move for the improvement of the port.

"We can do it, too, if we want it. And we want it."

One of our pet diatribes—bubble gum. Period.

Tomorrow, August 6, is the second anniversary of the dropping of the first atomic bomb, the bomb that blasted Hiroshima in Japan, the bomb that helped to end the war and the bomb that ushered in a new age.

We don't suppose there's anyone that knows what the outcome of the atomic age will be but the possibilities are both good and bad. The secret is out that we are experimenting with a much more powerful bomb than the one dropped on Hiroshima.

They tell us that atomic bombs are still being made at the plants that were so effectively secret until after the blasting of the Japanese cities and Robert P. Patterson on retiring recently as secretary of war stated that the United States must go on making atomic bombs until the United Nations makes it unnecessary.

Buck Wallace is doing his part to see that the kids at the Teen Canteen stay cool during the summer months. He volunteered his services free for welding the pipe that will hold up the fans which are being installed.

Comparison of records shows that this summer isn't quite as hot as last summer though rainfall has been less this season. Twenty-six days have passed without any rainfall and the total for June and July was only 1.49 as compared with 1.99 for the same period last year. If the pattern holds, it'll be the last of August before there is any more rainfall.

All right, all right, we won't say anymore about the weather.

**Reply Unsatisfactory**  
WASHINGTON (UP)—The State Department denounced as "unsatisfactory" today a Hungarian reply to a United States protest over the arrest of an American citizen by the Hungarian secret police.

## Portrait of an Elder Statesman

This exclusive camera-study of Herbert Hoover shows the nation's only living ex-President looking hale and happy as he approaches his 73rd birthday. Photo was taken by Max Winter, NEA-Acme cameraman at Mr. Hoover's summer camp, Bohemian Grove, Calif.

## ELLIOTT HITS DESPICABLE INSINUATIONS

By United Press

WASHINGTON—Elliott Roosevelt today lashed out at what he termed a "despicable insinuation," that publicity man John W. Meyer "procured" girls for him.

He told the Senate defense investigating subcommittee that "I deny with my whole heart and soul... That Meyer ever got a girl for me."

He demanded that Meyer, Howard Hughes' pudgy front man, be called to the stand again and that he be permitted to question him.

Meyer's expense vouchers for the "E. Roosevelt" account, as made public by the committee, included these items—

Aug. 21, 1943—"Presents for four girls, \$200."  
Aug. 22, 1943—"Presents for two girls, \$75."

Aug. 27, 1943—"Dinner Statler Hotel, in Washington—\$76, girls at hotel—late—\$50."

When Meyer took a witness chair near his own, Elliott turned to him and said, "Were any of the girls you got and paid money to or gave presents to for the purpose of getting in with me... were they procured for me?"

"I don't like the word procured. Because a girl is invited to go to a party and given a present doesn't mean that she was procured."

## TWENTY DIE IN FLAMES AFTER TRUCKS COLLIDE

By United Press

WAXAHACHIE, Tex.—Twenty persons, including 18 Negro laborers met a flaming death early today when a truck in which they were riding collided near here with a loaded gasoline truck.

Police said others still were pinned beneath the overturned flaming vehicles. Four Negroes survived and were hospitalized, three of them seriously injured.

The laborers were enroute to work in Dallas when the accident occurred about 6:15 a. m. three miles north of here on U. S. Highway 75-77.

Officers, including Waxahachie police, Dallas deputy sheriffs and state patrolmen, blamed panic on the high death toll.

The panic-stricken Negroes, in an attempt to escape the sheets of flame rising from the spilled gasoline, crawled directly into the flames.

"If they had crawled north in-

## Rodeo Proceeds Will Pay Club Out Of Debt

Wilson Guest, treasurer of the Ranger Junior Chamber of Commerce, at the meeting Monday night reported that proceeds from the rodeo just closed will put the Jaycees on a cash operating basis after all expenses are paid.

Sufficient money was earned through the rodeo so that all property in the name of the Jaycees will be debt free, all outstanding indebtedness can be paid, the note at the bank paid and after this is all taken care of, there will be something like \$1,000 left which will be used to complete the livestock show barn.

The Jaycees have expressed themselves as being very well pleased with the show and the financial outcome.

At the meeting Monday night plans for the completion of the livestock barn were discussed and work will be pushed on the barn so that it will be completed by show time.

The regular meeting of the directors of the Ranger Chamber of Commerce will be held tonight at 8 o'clock at the manager's office.

A report from the special aviation committee will be heard and other important matters transacted. All directors are especially urged to attend.

## C. C. Directors To Meet Tonight

The regular meeting of the directors of the Ranger Chamber of Commerce will be held tonight at 8 o'clock at the manager's office.

A report from the special aviation committee will be heard and other important matters transacted. All directors are especially urged to attend.

## Attlee Asks Power

LONDON (UP)—Prime Minister Clement R. Attlee in a surprise move today asked Commons for wartime powers to fight the threat of national bankruptcy.

Marvin E. Mason vs. Louise Mason, divorce.

# Underground Jews Blast Building In Jerusalem

## FEDERAL AID FOR AIRPORT IS APPROVED

Word was received this morning from Washington that Ranger's airport has been approved for a \$20,000 grant for airport improvement under the federal air to airports program.

It was stated today that Ranger first asked for \$10,000 and then jumped it to \$20,000 in order to classify in a different bracket. Both requests were granted and the aid will be available just as soon as the city commission acts on the application.

According to word received this morning the federal air program in Texas will amount to \$8,000,000 and many fields in Texas are taking advantage of the aid offered by the government.

A master plan for the improvement of the Ranger port has been outlined and maps made for seven-year improvement program. Edwin S. Martin, Jr., of Littlefield, airport consulting engineer, was employed by the city to do the work and he is expected to meet again with the city commission to explain operating details of the program.

## Final Rites For Mrs. Maud Falls Held On Tuesday

Last rites for Mrs. Maud Falls were conducted Tuesday afternoon at 4 o'clock at the First Baptist church in Ranger with Rev. H. N. Balderose of Cisco officiating. Killingsworth's Funeral Home was in charge of arrangements and interment was in the Merriman cemetery.

Mrs. Falls who died in Ranger Sunday, August 3, had resided in Burleson on September 12, 1888. She was a member of the First Baptist Church and the Royal Survivors are the following sons: Kenneth E. Falls and Eugene A. Falls, both of Ranger and the following brothers and sisters: Ernest V. Sneed of Phoenix, Arizona, Charles B. Sneed of Ranger, Mrs. Annie Faircloth of Ranger and Mrs. Allie Farabee of Wichita Falls. Three grandchildren also survive.

## Softball Tonight

Play in the Ranger Softball League will be resumed tonight when the Baptists and Ranger Transfer meet at the field at 8:15 o'clock.

The schedule of the league was so arranged that the games would not fall during the time that the rodeo was in progress.

## DISTRICT TAAF MEET AUG. 8-9

Plans are well under way for the District TAAF Boxing tournament to be held in Eastland Friday and Saturday nights August 8 and 9 at the Firemen's Softball Field. The tournament is under the sponsorship of the local Quarterback Club who will send all winners to the state tournament in Ft. Worth August 14, 15 and 16.

According to Neil Day, Quarterback Club President, entries from Cisco, Brownwood, Breckenridge, Abilene, Ranger, Stephenville, and Eastland have already been received. Others are expected from Carbon, Gorman, Albany, DeLeon, Comanche and possibly Killiam. Mr. Day states that this will be by far the best boxing show that the club has held. With the strong Abilene club sending a full team and Bill Henderson, last year's State Golden Gloves featherweight champion, entered, a really colorful card is in the making.

Representatives of the Quarterback Club were in Ft. Worth Monday and made arrangements for a portable boxing ring to be moved to Eastland for the Friday and Saturday night show. R.D. Evans, State Director of the TAAF tournament, is very enthusiastic for both the district meet here and the State meet to be held under the lights of spacious La Grave Field, home of the Ft. Worth Cats, in Ft. Worth.

A special meeting of the Directors of the Quarterback Club will be held tonight to work out all final details for the meet a n d prices will be announced tomorrow.

Anyone wishing to enter, get in touch with Neil Day, Eastland, or be here by 4:00 o'clock Friday afternoon.

## Poorly-Lighted Streets Held Aid To Crime

CLEVELAND (UP)—Agents and detectives of the Federal Bureau of Investigation and the police departments of eight cities report that crime "advances in intensity and viciousness as the blanket of night clogs the sky."

Figures disclosed that crimes occur two-and-one-half times as frequently as in daylight.

Inadequate street lighting was charged by police officials with night crime. The poll of the chiefs of police finds that "most" American cities are regarded as "unsafe" and have insufficient lighting to provide even a minimum amount of protection.

## Youngsters Find Fishing Best In Fond Du Lac

FOND DU LAC, Wis. (UP)—Always on the lookout for potential fishermen and wildlife lovers the Isaak Walton league is operating a fish pond in Fond du Lac exclusively for youngsters.

Children under 12 years may fish for pike, perch, crappies, bull heads and sheepshead in the 65 by 1,000 foot lagoon.

The pond is stocked weekly by the state conservation commission. Only barbless hooks may be used and no license is required.

## 50-Foot Signs Scream Help Wanted Appeal

MILWAUKEE (UP)—Fifty-foot "help wanted" signs scream their message to job applicants near the Geuder, Paeschke a n d Frey Co. in Milwaukee.

The huge signs are placed atop the plant rooftops. Officials said the unusual unemployment drag-net has brought 68 applicants off the streets in search of work.

The signs are five feet high, and can be seen for several blocks.

## AUTO WORKERS DECIDE TO STAY STRIKE

By United Press

DETROIT—Top CIO United Auto Workers officials carried today their decision to stay a strike of 108,000 Ford Motor Company workers set for noon and accept an agreement protecting the union from penalties under the Taft-Hartley Law for up to a year.

UAW Vice President Richard T. Leonard predicted the 110-man Ford-UAW council would stamp its approval on a peace pact reached early today after a marathon, 19-hour bargaining session. The council meeting was closed.

Leonard, UAW, Ford director and chief negotiator, called off the strike and "accept a company plan which will submit the Taft-Hartley dispute to a four-man study committee."

But the union chieftain still brandished a strike threat pending further negotiations on another issue, administration of a pension plan for Ford employes.

A new bargaining session on the pension issue will be heard at 1 p. m. Thursday and Leonard said no further strike deadline would be set until at least a week from that date.

## Real Nice Picnic Except For The Several Mishaps

YORK, Neb.—Mr. and Mrs. Homer Lowell and their three children have about lost faith in picnics as something to enjoy.

On the first hot Sunday of the summer, they ignored 102 degree heat and scheduled a trip to a beach at Lincoln, 50 miles away. Mrs. Lowell prepared fried chicken and the family set forth.

When they arrived at the beach after seven flat tires suffered on the trip, the lunch consisted solely of olives and pickles. The fried chicken had been drenched with gasoline when the tank developed a leak.

One of the children lost her purse three times, and another fell and scraped skin off his face. Enroute home a tire went flat. While it was being repaired, another hissed and deflated.

The family stopped at a neighbor's home to wait for a repairman. While seated in the living room, they were engulfed in plastering which fell from the ceiling.

C. A. DEUSCHLE

E. Hooks, for the past 10 or more years, manager of Cisco, Eastland and other telephone offices in this area, is on leave of absence due to ill health and is being succeeded as manager by Charlton A. Deuschle, above, who will be stationed at Cisco.

## Deuschle Will Replace Hooks As 'Phone Mgr.

Charlton A. Deuschle, commercial representative of the Southwestern Bell Telephone Company at Dallas, has been appointed manager of Cisco and seven other telephone exchanges in this vicinity. R. J. Flechtner, district manager of the company, announced today.

Mr. Deuschle will replace E. Hooks, manager here for the past 10 years, who is on leave of absence due to ill health. Mr. Hooks, who has had nearly 38 years of telephone service at Fort Worth, Amarillo, Big Spring, Pampa, and other West Texas points, has been manager here since 1937.

Following his graduation from the University of Texas in 1938, Mr. Deuschle entered the sales department of the telephone company at Dallas. In 1940, he went to the directory department, remaining there until he entered the Army Air Forces in 1943.

During the war, Mr. Deuschle was a First Lieutenant with the Eighth Air Force and pilot of a B-17, flying many bombing missions over Germany and Occupied France. In August of 1944 he was shot down over Magdeburg, Germany, and remained a prisoner of war for nine months, being liberated in April, 1945.

Following his discharge from the Army in 1946, he returned to the telephone company at Dallas, where he remained until his present promotion.

## THREE KILLED AS HEART OF CITY ROCKED BY EXPLOSION

By United Press

JERUSALEM—The Jewish underground blew up the Labor Department building of the Palestine government in the heart of Jerusalem today, killing at least three persons and wounding a number of others.

The whole city shuddered under the impact of a terrific explosion at 2:30 p. m. which shored off the front wall of the Public Works Department building, a two-story stone structure on the Street of the Prophets.

A British policeman was killed outright. Rescue workers removed two bodies from the wreckage. Authorities believed one more man might be buried.

Irgun Zavi Leumi, according to one of its self-identified spokesmen, gave a scant five minutes warning that the building was being blown up. He called the Palestine Post with the warning. Unlike most of the warnings in the war of nerves, this one proved accurate.

Rescuers were working under tottering walls which threatened to crash at any moment. Police and army squads cordoned off the area, and started searching for the bombers even as the rescue work went on.

The searchers dug a dust-covered, bloody victim of the blast who was crying in anguish, "for God's sake get me a doctor." He was sent to a hospital.

## Dutch Charged With Violating Cease Fire Order

BATAVIA — Angry charges that the Dutch had violated the cease-fire order in Indonesia a few hours after it was issued broke out today over the capture by Dutch forces of Gombong, 62 miles west of the Republican capital of Jogjakarta.

The Indonesian radio at Jogjakarta charged that the city, a pre-war Dutch army training center about 18 miles southeast of Poerwokerto, was captured after the cease-fire order became effective.

The Dutch in their daily communique reported that the city was occupied in the hours just before the truce was put into force.

The dispute over Gombong broke out after the Dutch Navy announced it would continue to blockade Java and Sumatra despite the truce effective at midnight.

WASHINGTON COLUMN

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON, D. C.—(NEA)—President Truman's 10-year \$6 billion flood-control program today seems headed for the political battlegrounds—to be kicked around between the two parties and within his own administration.

Edson

The program which the President sent to Congress in a special message represents a change in Truman's own policy. He cut back last year's appropriations on flood control and reclamation projects to reduce his budget expenditures. Hereafter he has advocated delaying public works until housing and other wartime construction shortages were relieved, or using public works to take up the slack in a possible recession.

In his recent 35th Division speech at Kansas City, however, he criticized Congress for its cuts in reclamation funds. And he follows this up now by proposing faster action—the spending of \$250 million on top of the \$45 million already appropriated for this year's flood-control works construction and repair.

The area receiving principal attention would be the 23 states from the Alleghenies to the Rockies and from Canada to the Gulf. It takes in the Ohio, Missouri and Mississippi river basins. It also takes in a lot of voters.

THE corn belt having just come through pretty disastrous washouts, its people may cheer the news of greater flood control activity. But the program runs head-on into Republican pledges of economy. A \$500 million rush appropriation for flood control at this time would cut the Republicans' real savings on the Truman budget by as much as 10 per cent.

If Congress should by some miracle increase flood control appropriations before it goes home, selection of the projects, which get the money will probably be made by the usual method of rolling out the pork barrel. Projects that command the most political support are the ones that get first approval, whether there is greater economic need for them or not.

Today only half a dozen principal U. S. river systems have been studied with any degree of completeness. They include the Tennessee, the Sacramento and San Joaquin in California's Central Valley, the Columbia, the Colorado, the lower Mississippi. For 20 years the Army's Corps of Engineers has been working on plans to control floods on the Ohio, the Mississippi and the lower Missouri. On the upper Missouri the Bureau of Reclamation takes over for flood control, irrigation and electric power development. Both Reclamation officials and the Army Engineers say they have the Mississippi basin situation in hand and there is no need for any other agency to take over or supplement their work.

BUT here they run smack dab into another political movement sparked by Sen. James E. Murray of Montana. He backs a bill to create a Missouri Valley Authority, patterned on TVA, but incorporating a lot of the language and provisions of the Reclamation laws. President Truman has repeatedly endorsed the MVA idea. He does not mention it specifically in his latest flood control message to Congress, but he leaves the way open for "the ultimate establishment of valley authorities" to develop "many valuable projects for navigation, irrigation, hydroelectric power and other water utilization resources."

Here he meets more political opposition, and if the Corps of Engineers could just build retaining walls half as permanent as this blockheadedness, they would never have to be replaced. Part of this stubbornness comes from the Corps of Engineers and the Bureau of Reclamation. Part of it comes from land owners who fear they will lose some of their water rights for irrigation. Part of it comes from the railroads who fear cheaper river navigation.

All this opposition hides behind a contention that river valley "authorities" are socialistic undertakings which threaten the free enterprise system by competing with private business.

SPORTS

BY HARRY GRAYSON
NEA Sports Editor

NEW YORK—(NEA)—The Browns, deep in the cellar, have Harold Ruel as confused as were the batters when the little fellow caught the immortal Walter Johnson.

Even Muddy Ruel, the lawyer who left the peace, quiet and dignity of Commissioner Chandler's office to lead the St. Louis Americans and out of the wilderness, can't make them intelligible.

Naturally, the Browns have been a bitter disappointment to Ruel, as well as to their wealthy owner, Richard C. Muckerman. Home attendance on the American League side has never been too good at Sportsman's Park, and in more recent weeks the good burghers have stayed away in droves.

Things reached such a sad state that Ruel was reported moving into the general manager's office in place of William G. DeWitt. You have the one-time great backstop's word that this has never been discussed with him.

"SPEAKING of prospects of the future as the manager of a last-place club, anything I might say easily could be misconstrued," he smirks.

The lowdown is, however, that at their three main subsidiaries, or feeders—Toledo, San Antonio and Elmira—the Browns haven't more than four players who are possibilities. Possibilities, you understand, not probabilities. The outlook is dark, indeed.

Based on his estimates on what his players had done before, Ruel in the opening suspected he might take the Browns somewhere. But those who were expected to hit the ball

Regulars Relax at Tranquil Takeshima

With the sound of the surf on nearby Takeshima Island booming in the background, two vacationing American soldiers enjoy a cup of tea at the Takeshima Rest Center, Japan.

NEWS FROM STAFF ROUTE NO. 2 Mrs. M. O. Hazard, Cor.

STAFF, August 4—E. A. Parker, accompanied by E. M. Westbrook of Merkel, visited last Monday with Mrs. R. A. Parker, who is ill in the home of a daughter, Mrs. Maurice Hazard, of Gorman.

John M. White had business in Eastland last Monday.

Mr. and Mrs. M. O. Hazard were in Gorman Monday on business and visited in the home of their son, Maurice, and family.

Mrs. Oliver Canet shopped in Eastland last Monday afternoon.

Mr. and Mrs. M. O. Hazard were business visitors in Carbon Monday afternoon.

Mr. and Mrs. Emerson Hallenbeck had as guests the past week three of their children: Miss Wilma, Junior and Mr. and Mrs. Tom Hallenbeck, all of Chicago.

Mr. and Mrs. Perry Elliott and daughter, Wilma, of Olden, were guests last Monday evening in the home of Mr. and Mrs. Cecil Nelson.

Mr. and Mrs. M. O. Hazard were business visitors in Cisco last Tuesday afternoon.

Mr. and Mrs. Cecil Nelson and son, Coy Nell, were Eastland visitors Thursday morning.

On Saturday, August 2, at 2:00 p.m. in the home of Rev. and Mrs. B. F. Clement in Carbon, Miss Zeida Mae Mounce of New Hope became the bride of Anson Little in a ceremony read by the Rev. Mr. Clements. The bride wore a two-piece pale pink dress with black accessories. Her corsage was of white carnations. Those attended: Mrs. Bonnie Boykin of Dallas, sister of the bride; Mrs. Sam Collins, also sister of the bride, and Mrs. Winston Boles, sister of the groom; and Mr. Boles of Eastland; and Earl Little of Staff, brother of the groom. After a short wedding trip the couple will be at home in the Staff community.

Theron Graves of Cisco was a business visitor in this community last Tuesday.

Mr. and Mrs. O. T. Hazard, Mr. and daughter, Miss Betty Jean; Mr. and Mrs. Cecil Nelson and son, Roy Nell; Newt Crawley and Mr. and Mrs. M. O. Hazard were in Ranger Wednesday afternoon to see the parade.

Mrs. M. A. Wooten was shopping in Eastland last Saturday.

Walter Duncan was transacting business in Eastland last Saturday.

Rev. H. D. Blair of Cisco was a caller in the home of Mr. and Mrs. M. O. Hazard last Saturday morning.

Mrs. Annie Terry and Mrs. Latha Taylor were Eastland visitors Saturday afternoon.

Mrs. Murrell Miller is quite ill at her home in the Staff community.

Rev. and Mrs. O. D. Bailey and children from Huntsville, Ala., were guests in the home of Mr. and Mrs. Tom Poe last Friday.

We are still having hot, dry weather and farming activities are at a standstill.

Mr. and Mrs. Emerson Hallenbeck were Eastland visitors Saturday.

Mr. and Mrs. Jess Joplin and son Bobby of Slaton were guests over the week-end of their daughter and sister, Mrs. Cecil Nelson. Mr. and Mrs. Nelson visited Mr. and Mrs. M. O. Hazard Sunday afternoon.

Now She Shops "Cash and Carry" Without Painful Backache

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passage with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## John Brown's Cabin In Kansas To Be Saved

TOPEKA, Kan. (UP)—The rundown old cabin that served as a hideout for John Brown 90 years ago is to be restored. The cabin, built of walnut timbers, will be renovated and furnished with pieces of the 1857-59 period when the anti-slave leader used it as a headquarters to send runaway Negroes into northern states.

Undermined with tunnels now caving in and filling with water, the cabin has vines growing through cracks in the walls and roof. Its state of deterioration, however, is not beyond repair. The Kansas Historical Society reports the building is one of the best authenticated of all the John Brown underground stations. It was once the residence of Daniel Sheridan, a free-stater.

Not What You Get— but what you have is the important thing in buying real estate. If one buys without an abstract he may get something, but it's value will depend on the sufficiency of the title. Land and the improvements thereon are worth little if their title proves to be faulty. Only expense, embarrassment and disappointment follow stupid, rushing real estate sales. Don't get in a hurry. Buy carefully and wisely. See your abstractor first, thank him later!

## Announcement Is Made Of Recent Marriage

Announcement has been made of the recent marriage of Miss Tommie Helvey, daughter of Mr. and Mrs. T. J. Helvey of Andrews, to Billy Pounds, son of Mr. and Mrs. H. C. Pounds of Morton Valley. The double ring ceremony was performed Sunday, June 29, in the Andrews Church of Christ by Martin Kamstra.

The bride wore a navy blue street length dress with white accessories. Her corsage was of pink and white carnations. For the traditional something old and something borrowed, she wore a pair of combs, which originally belonged to her great great grandmother, and which she borrowed from her sister, Barbara Helvey.

Miss Vona Belle Gant of Andrews, maid of honor, wore a powder blue dress with brown and white accessories and a corsage of white carnations. Bill Evans, also of Andrews, attended the groom as best man.

Mr. and Mrs. Pounds, after a short honeymoon and a visit with his parents here, are making their home in Frankel City, where he is employed by the National Supply Company.

Bobbie Pitchford, Jimmie Belknap, Jerry Belknap, Tommie Gene Warford, John Tom Tibbels, Jerry Bob Greer, David Ham, Timmy Covington, Billy Wayne Floyd, Ritchey Floyd, Walter Lee Blackwell, Bobbie Carver, Gene White, Charles White, Dean Richey, Junie Herweck, Dale Wheat, Ronald Wynn, Betty Gail Wright, Junie Harper.

Linda Warford, Ann Minter, Janice Lyon, Sandra Wheat, Georgia Kay McCleskey, Mary Ann Herweck, Linda Chestam, Gwen Dolyn Warden, Renee Reese, Nelda Murphy, Sallie Patterson, Margaret McGowan, Nan Baker Hausenfuss, Sharon Kay Thompson, Sue Blackwell, Virginia Belknap, Janice Belknap, Jo Anna Berry, Sissy Blackwell, Carol Ann Surles of Dallas and Donnie Staub of Peoria, Ill. Mothers of the children also attended the party.

## Personals

Mr. and Mrs. L. S. Waddington and son, Jack, and Mrs. Lottie Davenport spent Sunday in Fort Worth.

Friends have received word that Sgt. and Mrs. Paul Preachers and family have arrived safely in Dover, Delaware where Sgt. Preachers is in charge of the Army Recruiting Station.

Mrs. Clarence Ledbetter is a surgical patient in the Ranger General Hospital.

Mr. and Mrs. C. A. Brown, Betty and Sonny, of Pettus, Texas are here visiting his parents, Mr. and Mrs. W. L. Brown, and his sister, Miss Velma Brown.

Mr. and Mrs. E. P. Mayfield and son, Eddie, of the Gulf Camp, and Miss Nita Jo Nix went to Bowie, Texas Sunday evening for a visit with friends and relatives. Nita Jo will remain for a week's visit with her grandmother and aunt, but the Mayfields will return Wednesday.

Mr. and Mrs. R. S. Balch left Tuesday on a vacation trip to west Texas, New Mexico, and Colorado.

## Confesses Murder

Joseph L. Hardy, Jr., 24, of North Kittery, Maine, has confessed to Las Vegas police how he shot and bludgeoned to death J. W. McLain of San Fernando, California. A baby-faced blonde who says she is Hardy's wife is also involved in the killing. (NEA Telephoto).

## Jet Race Track of the Future

Automotive designers have planned a speedway for jet-propelled racers in Detroit, and they've even suggested a site 30 miles north of Detroit. Above is the artist's sketch of the \$5,000,000, eight-square-mile speedway. Lanes are separated by walls so that drivers will be protected from hot and blinding jet exhausts from other racers.

## Thoughtful Police Tell Why They Broke In

Mrs. Chester Rogers has returned to her home in Longview after a visit with Mr. and Mrs. C. I. Wolford. She was accompanied to Ranger by her daughter, Mona Gail, and Annie Wolford who had been visiting the Rogers family in Longview. Mona Gail remained for a visit with Annie.

Miss Betty Wilson of Dallas, formerly of Ranger, was the week-end guest of Mr. and C. I. Wolford and attended the Ranger Rodeo Saturday night.

NEW YORK (UP) — When Miss Avis Stendal, a travel agency employee, returned from a holiday week-end she found her apartment had been entered by strangers. In the kitchen was a note: "Your cat knocked a can over onto the gas stove, opening a jet. We opened a window to ventilate the apartment."

The note was signed by Patrolman Philip Leppert, who had responded to calls from neighbors. Chico, the cat, was unharmed.

## Heartsease

by Elsie Glenn

**The Well**  
I know where there is an old well . . . right in the heart of town . . . one whole block surrounds the well . . . buildings bound it on every side . . . but the old, guarded with two old, old oak trees . . . sleeps on in the heart of town.

It dreams in the sunshine . . . the old well . . . dreams of the lost, gone people who used to care for it . . . dreams of the other days when it served an old farm house . . . tucked in on all sides by tilled acres of land . . . the old well surely gets restless sometimes now . . . knowing that it is in the way of progress . . . that it is outlived . . . worn out . . . no good.

But is it of some good . . . the old well . . . it has comforted me. I've watched the old well from my window . . . taken strength from it . . . dreamed with it.

The old well is my friend and we not to each other every day.

Someday the old well will be gone and I shall miss my friend. The quietness of other times, dreaming about the old well, steals over my heart. The rushing of traffic, the drone of planes, the hustle and the bustle . . . all fade away when the old well speaks to me.

I shall miss it, miss what it represents . . . and when it is gone, the last mark of older days leaves

The old well has slept so long in the sun.  
And I wish it a pleasant good-night.  
A pleasant dreams and good night, my friend.  
Sleep well.

**Medical Test Proved This Great to Relieve MONTHLY FEMALE PAINS**

Are you troubled by distress of female functional monthly disturbances? Does this make you suffer from pain, feel so nervous, restless, weak — at such times? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! In a recent medical test, Pinkham's Compound proved remarkably helpful to women troubled this way. It's what Doctors call a uterine sedative. It has a grand soothing effect on one of women's most important organs. Taken regularly — Pinkham's Compound helps build up resistance to such distress. Also a great stomachic tonic! **LYDIA E. PINKHAM'S VEGETABLE COMPOUND**

## Airport Activities

Speedy says---

The Civil Air Patrol undertook to fly the mayors from all towns surrounding Fort Worth to the Army Air Show, M. A. Pridoux, Graham, landed in Ranger Sunday morning in a Stinson L-5 and flew Lee Dockery to Fort Worth. When this column was written, the mayor had not returned. Surely the C. A. P. will bring him back.

One hundred planes landed at Eastland Sunday from all sections of the state. The American Legion, Chamber of Commerce, and City of Eastland invited all flying breakfast clubs to Eastland for breakfast and swim. Free transportation was furnished to all the pilots, and breakfast and swim was given them for fifty cents. There are many flying clubs over the state that meet every Sunday morning, fly to some other city for breakfast, and then return to their home port.

Bill Lester, James L. Higgenbotham, George Bala, Lee Dockery, Earl Morris, and Jim Morris flew from Ranger to Fort Worth Sunday for the Army Air Show. All of them report that the Army put on a very good show.

H. W. Brandt, Dallas, landed a J-3 Cub in Ranger Sunday.

If the wind is blowing 30 miles per hour while the airplanes is flying through it and the wind suddenly stops blowing, will the airplane fall? People have been arguing over that little question for quite some time.

B. L. Thrash, Minder, La., landed at the Ranger airport in a Stinson 150. He was on a student cross country as part of his course with the Rust Larry Flying Service of La.

The national air races will be held at Cleveland, Ohio on August 30, 31, and September 1, 1947. The races are used as the proving ground for improvements in aviation as well as highly competitive meet for pilots and all types of equipment. Pilots participating in this meet are the best in the nation.

Harvey Kirk left for Carlsbad, New Mexico this morning in his Cessna 140. Harvey is on his vacation and is looking over the sights.

By way of information: There were 34,000 home accidents in 1946. This total exceeded by 1,000 the total of accidents caused

## Two Honored On Fifth Birthday

Mrs. Royce Rainbolt and Mrs. Oleta Hale entertained at the Willows Park Saturday afternoon from 5 to 7 o'clock with a party honoring their sons, Mike Rainbolt and Dwayne Hale on their fifth birthdays.

During the afternoon the guests were entertained with various games and rides on the kiddie merry-go-round. Pictures of the party were taken by Delbert Capps after which refreshments were served. Favors were sacks of candy tied with bright colored ribbons.

Those attending the party were y automobiles, railway trains, and airplanes combined. It's not safe anywhere, the best thing to do is to go to church and be prepared.

# LUCKY STRIKE presents THE MAN WHO KNOWS—

## THE TOBACCO WAREHOUSEMAN!

"I'VE SEEN millions of pounds of tobacco sold at auction. And at auction after auction, I've seen the makers of Lucky Strike buy tobacco that's got real smokin' quality . . . tobacco that smokes up mild, cool and fragrant."

*Sidney T. Currin*

S. T. CURRIN, INDEPENDENT TOBACCO WAREHOUSEMAN of Oxford, North Carolina (25 YEARS A LUCKY STRIKE SMOKER)

## FINE TOBACCO is what counts in a cigarette

SIDNEY CURRIN IS RIGHT!...And like him, scores of other experts . . . who really know tobacco . . . have seen the makers of Lucky Strike buy tobacco with "real smokin' quality."

After all, that's what you want in a cigarette . . . the honest, deep-down enjoyment of fine tobacco.

So remember . . .

L.S./M.F.T.

LUCKY STRIKE MEANS FINE TOBACCO

So Round, So Firm, So Fully Packed — So Free and Easy on the Draw

WHEN YOU PLAN TO BUILD, REMODEL OR ADD NEW ELECTRIC APPLIANCES . . .

**BE SURE Your Electrical Wiring Will Efficiently Carry the Load . . .**

Are you planning to build a home — add a room or wing to your house — completely electrify your kitchen — put in new laundry equipment — install an air conditioning unit? If you are, the first step should be to arrange for a complete checkup of your electric wiring system. Without adequate wiring facilities — enough circuits to provide plenty of outlets for your electrical appliances and electric wires large enough to satisfactorily carry the increased load — your whole plan for modernizing your home electrically may be upset. Electrical appliances can efficiently do their job of making housework easier and home life more comfortable only when they are provided with an adequate wiring system from which to operate.

When you plan to build, remodel or add new electric appliances, consult your electrical contractor-dealer about adequate wiring.

TEXAS ELECTRIC SERVICE COMPANY
