U. S., Argentine In Battle On Treaty

Well...
I Dunno,
But...

We never knew of anything that was worthwhile that was accomplished without difficulties being encountered. It's overcoming those difficulties that puts spice into the effort and makes the victory that much more valuable.

So it is with the airport improvement program. There are problems to work out, but it is the opinion of sound business men that those problems can be met and overcome. Yes, it's a big undertaking but so was the Jaycees' rodeo project. Those boys took a chance and won. And now look what they have.

We quote more statements from the people of Ranger.

"I'm for anything for the betterment of Ranger and I feel that an improved airport would definitely be an asset to Ranger. I'm willing to take a chance to get that aid and go ahead. Anything that means another dollar to Ranger, I'm for it. And when I get to the point where I can't pull for the town I live in, I'll go somewhere else." L. T. Rushing, owner and operator of the Ranger Steam Laundry.

"It's my idea that some point between Fort Worth and Abilene is going to be an air center. We have the best start of any town along that line and I certainly want the airport industry for Ranger. We just might as well have it." B. A. Tunnell, Ranger agent for the Texas and Pacific Railway.

"It is my opinion that the city of Ranger has enough labor and equipment to use in construction of an improved airport, that outlay of funds could be materially reduced. The city owns a maintenance, a tractor and grader, one dump truck, two flat trucks, and a truck with a water tank and spray system. We can't afford not to have an airport. Look at the communities that are now isolated because they didn't keep pace with the times. And that's where we would be if we don't improve our airport. Being now in the coffee shop, I realize the numbers of people that are coming in to Ranger by planes. They come in here daily.

"I can't see why we can't have it. I've been here a long time and I've seen things accomplished on a shoe string before. Why, here not long ago we built six apartments when we didn't have the money, but never failed to meet a payroll. We started a library when we didn't have the money, but met every payroll until work was stopped. Everything I've got in the world is right here in Ranger and while I have no ax to grind, it looks to me like we can afford it. The government is not going to beg us to take that money and if we don't somebody else will get it." George Murphy, with the Paramount Coffee Shop, and long time loyal employe of the City of Ranger.

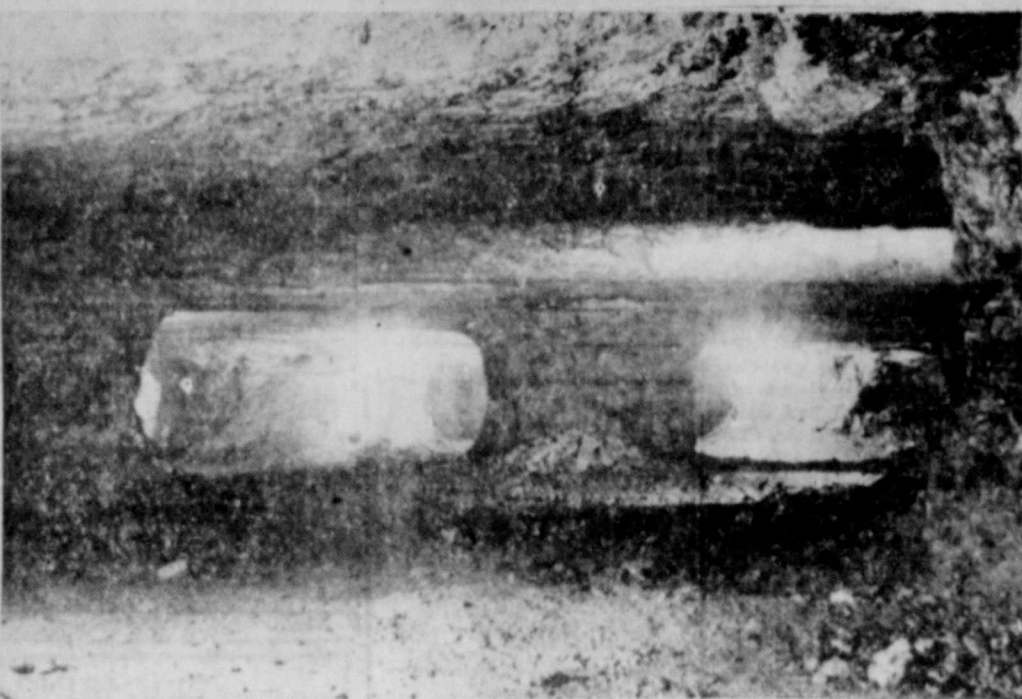

"Think we ought to have it but don't know anything about how it could be financed. It's a good thing and I'd like to see, if we can manage the finances." Nick T. Gallagher, owner and operator of the Mission Garage.

"I think it's a good deal and think we ought to go ahead. Let's get that government money while we can." H. H. Vaughn, owner and operator of the Vaughn Home and Auto Supply.

Italian Assets Frozen In U. S. Freed Today

WASHINGTON — All Italian assets "frozen" in the United States since June, 1941, were formally freed by the treasury today as part of this country's plan for helping restore Italy's economy. The Italian properties were originally valued at about \$125,000,000 including \$45,000,000 owned by individuals.

Old Mines Planned As Munitions Dump

Officials of the Miami, Okla., Chamber of Commerce said that Army Engineers planned to use old lead and zinc mines in northeastern Oklahoma and southwestern Missouri as munitions dumps. This is a view of the Blue Gose No. 2 mine of the Eagle-Picher Mining and Smelting Co., located near Picher, Oklahoma. Although not abandoned, the mine is typical of zinc and lead mines in the Tri-State mining area which range from 200 to 450 feet deep. (NEA Telephoto).

MAXIMOS MAY TRY TO FORM NEW CABINET

ATHENS — King Paul today gave a mandate to Demetrios Maximos, whose resignation provoked the Greek cabinet crisis, to attempt to form a new government.

It was understood that Maximos had accepted the mandate in principle but major obstacles still existed in the choice of the war minister and the minister of public order.

Maximos conferred again today with U. S. Ambassador Lincoln MacVeigh.

His acceptance of the offer of the premiership, Maximos said depended on whether the political leaders ironed out certain disagreements including the amount of authority to be vested in the premier and foreign minister.

The political council was in session for three and a half hours last night. It was unable to resolve differences among the various factions. One of the stumbling blocks was reported to be a disagreement over the status of Gen. Napoleon Zervas, who in the last cabinet was minister of public order. The post was an important one, since it carried heavy responsibility in the handling of the campaign against Greek guerrillas. That was the major issue which caused the fall of Maximos' former cabinet.

Ranger To Be Represented In Strawn Parade

Ranger will participate in the Strawn Homecoming parade Saturday with a car representing the town.

Harlan Phillips was busy Friday morning rigging up the public address system which will be taken from Ranger to Strawn for announcing the parade.

It was stated this morning that if there are those from Ranger who would like to place entries in the parade, further information can be secured from the Chamber of Commerce.

An astronomer "shooting stars" with a telescope must "lead" the target just as an aerial gunner "leads" a moving airplane. He must calculate the movement of the earth and slant the telescope slightly in order to receive the light ray from the star.

The use of fingerprints as a system of identification was known from earliest days in the Orient, where monarchs signed documents with a thumb imprint.

Germany Given Steel Boost In Anglo-U. S. Zone

BERLIN — Britain and the United States today doubled the authorized German steel production capacity in the combined Anglo-American zones to 10,700,000 tons per year, approximately the 1936 level.

The new steel capacity was announced as part of a plan to fix the level of German industry in the two zones.

The plan said 1936 levels were chosen because they were not characterized by either boom or depression conditions.

The former steel level of 5,000,000 tons was fixed by four-power agreement in March, 1946.

Today's announcement followed conclusion of a six-day conference among British, American and French delegations in London during which the French expressed reluctance to such a great steel boost.

Former Cisco School Head Hurt In Crash

Word was received in Ranger Thursday of the serious condition of R. N. Cluck of Cisco who had been injured in an accident in south Texas.

Details of the accident and the exact condition of Mr. Cluck were not known today but it was stated in Cisco that he is in the Breckenridge Hospital in Austin and has been unconscious since the accident which was reported to be a head-on collision.

Reports were to the effect that Mr. Cluck who had until recently been superintendent of schools in Cisco, was enroute to Cisco from Del Rio where he was to move his family. He had accepted a position there.

Instructions On New Traffic Law Scheduled

Chief W. G. Pounds stated today that beginning tonight at 6 o'clock the first class in a "new traffic law" school will be conducted at the city hall.

The classes will be conducted from 6 to 8 o'clock by members of the State Highway Patrol and will be held each Friday, Saturday and Sunday evenings at the same hour and place for the next three weeks.

The instructions are being given primarily for the police department but Chief Pounds has noted that each of the oil companies and all industry have their safety men at the school or some representative of the companies.

NEW UNIFORM TRAFFIC CODE IS EXPLAINED

(One of a Series)
AUSTIN, Aug. 29 — Two heels don't make a right.

That's legal double talk straight from Col. Homer Garrison, Director of the Department of Public Safety, who pointed out today that the new Texas traffic law effective Sept. 5 requires a driver to dim his lights at night when meeting another vehicle.

"If the other fellow refuses to dim his lights, don't you be a heel and refuse to dim yours too," Garrison said in a warning to motorists.

"As for the other fellow, he'll meet a police car somewhere down the road."

Maiden Ladies Foster Infants

McKEESPORT, Pa. (UP) — Two kindly old sisters who never married are "getting along fine" with a household of orphaned children.

Gertrude and Barbara Beardmore have made a full-time job of mothering orphaned babies for the past three years. The entire second floor of their big home is converted into a nursery.

"Most babies are brought to us when they are a few days old," Gertrude said. "We keep them for ten months or so, study their habits and make them strong and healthy."

As a hobby, the sisters photograph the babies at various ages. Before each child leaves they have a studio portrait taken for remembrance.

"We always hate to see them go when they're adopted," Gertrude said.

Gertrude is a licensed foster mother. Sister Barbara's 13 years of nursing experience has proved invaluable.

"We get along fine," Barbara said. "At night, after the babies are tucked in we wash the diapers and other clothing, then we have all day to spend with the children."

Chicago Host To Record Crowd

CHICAGO (UP) — Chicago will have entertained more out-of-town visitors this month than during any month since the let-down in war travel, says the Chicago Convention Bureau.

Besides vacationists and tourists, the August schedule lists 56 big convention and trade meetings.

More than 70,000 visitors were expected. The monthly average for the first six months of this year was slightly more than 45,000.

TWO COACHES SPEAKERS AT LIONS MEET

Nicol Crawford, vice-president of the Lions Club, presided at the meeting of the club Thursday at noon in the Gholsion Hotel.

Couch Onis Warden high school coach, spoke to the club with reference to the coming football season. Boone Yarbrough, junior college coach, also spoke on football and appealed to the businessmen to provide about 15 jobs for members of the football squad.

Dr. G. C. Boswell had as his guests and introduced the following members of the school faculties: Elmo Smith, principal of Hodges Oak Park School; R. L. Snyder of Ranger Junior College; Sam Ailes, assistant coach; Boone Yarbrough and Onis Warden; Joseph Howell of the college; Dewey Cox, college registrar; Will Faifer, band master; J. R. Ervin and Guy Hancock, principals of Young School. Others of the faculty who were unable to attend were R. B. Thomas Jr., R. L. Willis and G. B. Rush.

Dr. Boswell discussed the schedules of the schools for the year and invited club members to the fall opening.

J. E. Meroney called for a report from those who have visited other Lions clubs to advertise the Gainesville circus performance here. J. A. Bates and R. B. Thomas reported as visiting Breckenridge; Joe Nuesse and Dr. Calvin Harris to Eastland and L. L. Bruce and Meroney to Cisco. All reported a welcome from the clubs and that tickets had been sold at the meetings.

Other guests at the meeting were Joe Harris of Kilgore who was guest of his son, Bruce Harris; Allen Full who recently came here from Phoenix, the guest of Price Crawley and Dr. Carl Straley who has just moved here from Lubbock, the guest of Joe Nuesse.

Administration Of Labor Law To Bring Fight

WASHINGTON — Chairman Fred A. Hartley, Jr., of the House labor committee today drew the line for a battle with President Truman over administration of the Taft-Hartley law.

He formally requested the National Labor Relations Board to dismiss all 195 unfair labor practice cases pending under the Wagner Act unless the unions involved file non-communist affidavits and financial information as required under the new act.

Hartley's action pushed the board toward a major policy decision which it has postponed ever since the new law was enacted. The NLRB's final ruling in this issue promises to touch off several law suits testing the constitutionality of the act.

Ranger Stores, Bank To Be Closed Monday

Directors of the Retail Merchants Association today reminded the people of Ranger, that all stores will be closed in Ranger on Monday, September 1, which is Labor Day.

The public is asked to bear this in mind when making plans for the week-end.

As is the custom with the Ranger Times, there will be no publication on Monday.

Eye for Beauty

ATLANTA, Ga. (UP) — A burglar ransacked the home of Mrs. C. W. Wrigley here but took only one tempting article—a calendar illustrated with pictures of scantily clad girls.

All of the presidents of the United States were born in eastern or middle-western states.

Band Director Calls Meet For Musicians Mon.

Will R. Faifer who has just arrived in Ranger to take up his duties as band director for the Ranger public schools, announced today that meetings of the band members and others interested will be held at the band hall Monday.

Monday morning from 9 to 12 o'clock all those who played with the band last year are requested to meet Mr. Faifer at the hall. He stated that it will not be necessary to bring instruments, but that he would like for parents to accompany the children.

Those who did not play in last year's band but who are interested in playing in the band this year are asked to meet with the director at the hall anytime Monday afternoon.

He further stated that his goal for the year is a 100 piece band for this year.

Russia Rejects Outline For Atomic Control

LAKE SUCCESS, N. Y. — Russia rejected the western powers' detailed blue print for a world atomic control agency today because it is based on the "completely unacceptable" principles of the United States atomic control program.

Soviet Delegate Andrei Gromyko delivered the expected Soviet edict to members of the United States Atomic Energy Commission.

Gromyko's speech strengthened a belief among atomic control experts however, that the month-long negotiations which produced the majority blueprint had brought forth an idea which may do more than anything else to produce ultimate agreement on the way to control the atom.

Brother of Two Ranger Men Dies In Arkansas

Dr. W. O. Tibbels, brother of John Tibbels and Fred Tibbels of Ranger, died suddenly of a heart attack in Manette, Arkansas Thursday at 1:30 o'clock.

Mr. and Mrs. John Tibbels and Fred Tibbels left Friday for Manette and expected to arrive there in time for services which will be held either Saturday or Sunday.

Dr. Tibbels for a number of years had made his home in Evening Shade, Arkansas and during the years from 1918 to 1920 had resided in Ranger and practiced medicine here. He was 72 years of age.

Ruark Meets Inspector General

Robert C. Ruark, left, Scripps-Howard columnist whose reports resulted in an investigation into Lt. General John C. H. Lee's Mediterranean command, is greeted by Major General Ira T. Wyche, the War Department's Inspector General, when he arrived at Liverne, Italy. Ruark was questioned by General Wyche for more than two hours. PRIZES FOR GOLF TOURNAMENT ANNOUNCED

Those in charge of the Ranger Country Club's annual invitation golf tournament, qualifying for which is now underway, stated today that over \$500 worth of prizes will be given winners in the tournament.

An appropriate trophy will be given the medalist and in the championship flight the winner will receive a \$200.00 leather golf bag. Runner-up in this flight will receive three Wilson K-28 woods and consolation prize will be a \$25.00 golf bag.

In the first flight the winner will get three Winner Dobson woods, runner-up will receive a \$25.00 golf bag and the consolation prize in this flight will be announced later.

In the second flight, the winner will receive two Winner Dobson woods, runner-up will be given a dozen of the best golf balls and consolation will be a \$10.00 sport shirt.

Winner of the third flight will get two Winner Dobson woods, runner-up 12 golf balls and consolation will be a sport shirt.

Winner of the fourth flight will receive a golf bag, runner-up a sport shirt and consolation will be a putter.

Qualifying will end Saturday night and at 7 o'clock a barbecue will be held at the country club. Members and others are invited to attend and tickets may be had by contacting A. N. Larson or R. V. Galloway. It was stated that while serving will begin at 7 o'clock those who are compelled to be late will be served. A Calcutta pool will follow the barbecue.

Eisenhower For President League Formed

WASHINGTON — A "draft Eisenhower for president league" made its appearance here today and its founders announced their intention of keeping Gen. Dwight D. Eisenhower's name "emblazoned before the electorate from here on in."

"The precarious peace existing in the world today and the storm clouds on the horizon call for a quality of leadership and capacity for administration with which few men are endowed," the three Washingtonians who formed the league declared in their opening broadside.

They said their organization, which now has about 10 members, was organized on non-profit, non-partisan lines by a group composed of both Republicans and Democrats.

Says Lewis Will Endorse Dewey In 1948

ST PAUL, Minn. — Reid Robinson, Chicago, past president of the CIO Mine, Mill and Smelter Workers, predicted today that John L. Lewis would endorse Thomas Dewey for president in 1948 and attempt to swing labor votes into the Republican column.

Robinson charged that recent wage increases given to Lewis' AFL United Mine Workers were "planned strategy" to win labor support for Dewey.

FIGHT CAUSES DELAYED VOTE IN PLENARY SESSION

PETROPOLIS, Brazil — A last minute fight broke out between the United States and Argentina today over interpretation of the hemispheric defense treaty.

An Argentine amendment which Sen. Arthur H. Vandenberg charged would violate both the spirit of the treaty and the United Nations charter led to a bitter committee argument.

The afternoon plenary session scheduled to approve the treaty article by article was postponed indefinitely.

Argentina introduced the controversial amendment in committee two when it met with intention of "cleaning up routine odds and ends before the plenary session."

The committee meeting became a full dress debate on interpretation of the treaty. Vandenberg asserted the Argentine amendment would mean that an attack on American troops in Germany would not be considered aggression and therefore would not even require consultation among the powers signing the treaty.

U. S. Gives Up Joint Agreement Over Korea

WASHINGTON — The United States today gave up its two-year attempt to reach a joint agreement with Russia on creation of a provisional government for Korea.

The United States proposed that the stalled negotiations be returned to the Pacific Big Four powers—Britain, Russia, China and The United States—at a conference to be held in Washington on S. p. 8.

The United States action was disclosed in a note delivered to Soviet Foreign Minister V. M. Molotov.

Acting Secretary of State Robert A. Lovett sent the note to Molotov. It was sharply worded and made it plain to Molotov that this government believes the joint American-Soviet efforts to set up a provisional Korean government cannot be attained.

Miss Palomino Candidate In Calf Roping

FORT WORTH—At least one of the candidates for Miss Palomino of 1947 at the World Championship All Palomino Horse Show will compete right along with the men in a regularly scheduled event.
 Miss Billy Jones, 16 year old Houston cowgirl, will enter the men's calf roping contest, one of the features at the show to be held in Will Rogers Memorial Coliseum here Sept. 17-21.
 Miss Jones (to friends she's plain Bill) has participated in barrel, musical chair and flag races for cow girls at 34 shows. She has ridden away with 20 first places, five seconds and six third places.
 In 1946 she was acclaimed champion all-around cowgirl at the Houston Youthfair. She rode with a square dance team during that show. From all 34 shows, she has carried away a total of \$568 in prizes.

Key Figures in Upcoming British Cabinet Shifts

London newspapers can't agree in their predictions on whether or not Prime Minister Attlee will resign, but all reports indicate there will be some changes made in the British cabinet in September. Foreign Secretary Bevin might succeed Attlee in a resignation, and Chancellor of the Exchequer Dalton would get Bevin's important job, according to current rumors.

From a beauty standpoint (Movie-Star Zachary Scott will judge both looks and riding ability to pick Miss Palomino of 1947 Miss Jones has blue eyes, brown hair, is 5 feet 5 inches tall and weighs 127 pounds.

Miss Jones is the eighth entry in the contest, open to girls from all over the world. At least 30 are due to compete.
 Top Palominos from nine states and Mexico already have been entered in the show, the first of its kind for the golden horses. J. T. Boothman of Fort Worth, general manager of the show announced.

A featured entertainer will be Louise Massey, star of radio and recordings. She will sing her own, "My Adobe Hacienda," inspired by her New Mexico home.

Tech Homecoming November 29 At Lubbock

LUBBOCK—Homecoming at Texas Technological College this fall will be Nov. 29, D. M. Mc-

Elroy, executive secretary of the Ex-Student Association has announced. Originally set for Oct. 18, when the Baylor Bears will meet the Texas Tech Red Raiders in a football game, the date was changed in order to care for an enlarged crowd adequately, it was said.

McElroy announced President W. M. Whyburn approved the shift after it became apparent that the new Tech stadium will not be available for the Baylor game and seating space in the stadium would not be sufficient for exes because of increased enrollment at Tech requiring use of more seats for those enrolled.

Mr. McElroy said he was assured by the Athletic Department that ample seats in the new stadium will be available to exes on Nov. 29, when the Hardin-Simmons Cowboys will be the Red Raider foe. The shift also will permit exes to attend the first

game played in the new stadium.

Not What You Get—
 ... but what you have is the important thing in buying real estate. If one buys without an abstract he may get something, but it's value will depend on the sufficiency of the title. Lands and the improvements thereon are worth little if their title proves to be faulty. Only expense, embarrassment and disappointment follow stupid, rushing real estate sales. Don't get in a hurry. Buy carefully and wisely. See your abstractor first, thank him later!

'Sheik' Says He's Got a Job

He claims he's the Grand Mufti of Western U. S. but California Moslem leaders say it's "impossible." But just the same, Sheikh Adbur Raham, above, better known to his friends as William E. Lutz, a 27-year-old Marine veteran, prays looking toward Mecca five times a day in his Oakland, Calif. home. Lutz declared he embraced Mohammedanism while working in Saudi Arabia in 1943 and that his appointment came from Islamic headquarters in Cairo.

More than 1,500 persons from all parts of Texas are expected to attend the event which will start promptly at 3 p. m. at Jack's Place on the State Park grounds near Graford. Free boat rides will be one of the highlights with the following association directors in charge: Floyd Davidson, Mineral Wells; R. C. Wood, Graham; W. W. (Bill) McClain, Jackboro; and Cecil Holifield, Breckenridge.

Litt Massie, Palo Pinto, association president and Shirley Johnson, Mineral Wells chairman of the Possum Kingdom Lodge, are co-chairmen in charge of arrangements.

"Under the impetus of our \$50,000 fish rode, we have secured more than 6,000 new members," Massie said. "This is our first general meeting of the year and the event will be free to everyone holding membership cards. Others can attend by purchasing a 12-month membership at the cost of \$1.

My God, my God, why hast Thou forsaken me!

We here in America seldom find reason to beat our breast, to feel, with a trembling hand, lips swollen from thirst . . . to look down at our bellies . . . swollen from lack of food . . . to lift hopeless eyes to Heaven and to scream the scream of utter futility!

"My God! My God! Why Hast Thou forsaken me!"

The starving children . . . the displaced people . . . the bombed out people . . . the people without a name, without a country, going nowhere, with a Passport to Hell on Earth!

The cries are not as feeble as they sound. From the bowels of humanity comes a mighty roar . . . with the passing of the years.

Can you hear it? Through the stillness of the corridors of time . . . through the darkness . . . through the suffocating storm!

The sound is coming from millions of throats.

"My God, my God, why hast Thou forsaken me!"

St. Peter bows his head and weeps.

"Vengeance is Mine," sayeth the Lord.

And the thunder roars in answer from the darkening skies.

21,900 to Go

Harry Beine, who surrendered to San Francisco police "because he got hungry," smiles as he downs the first of 21,900 "free" meals he'll get in Walls Walls State Prison in Washington for the next 20 years. He was convicted of armed robbery in March and has been a fugitive ever since.

Tiny Tina Faining After First Year

NEW YORK (UP) — Tina Jeanne Soifer weighed only one pound, 14 ounces, when she was born a year ago, but now she's up to 12 pounds, 13 ounces, and is thriving.

Celebrating her first birthday, Aug. 8, Tina, daughter of Dr. and Mrs. Hyman Soifer, resembled a happy doll as she acknowledged congratulations and said goodby with a wave of her tiny hand. The average year-old baby weighs about 21 pounds.

Tina, prematurely born by 13 weeks, was kept alive by intravenous feeding in an incubator. Penicillin ward off infection when an abscess threatened at an injection spot, and sulfa drugs and streptomycin guarded her against other diseases.

As she passed her birthday, however, Tina was taking a milk

WANT FAST HELP from GETTING UP NIGHTS?

Here's good news for you folks who have to get up at night to pass water, have backache, too, because of minor functional kidney disorders.

Three generations ago, a famous doctor developed a medicine for this very trouble. Now millions have used it, often with amazingly fast, effective results. The medicine is Dr. Kilmer's Swamp-Root, made of 18 herbs, roots, vegetables, and balsams — truly nature's own way to relief. Instantly you take it, it starts to work. Flushes out kidneys . . . increases the flow of urine, helping to relieve excess acidity . . . so irritated bladder gets a good flushing out, too. Caution: Take as directed. You'll say it's marvelous!

Mr. and Mrs. J. R. McLaughlin have received word that their granddaughter, Ruan Owen of Eastland, is successfully recovering from an eye operation which she underwent in Dallas recently. She is now at her home in Eastland and is the daughter of Mr. and Mrs. Charles J. Owen.

Saint Joseph's Sets A Record

HOUSTON, Tex., (UP) — St. Joseph's Maternity and Children's Hospital has set what it thinks is a new record for itself. Recently it had three sets of twins in one nursery at one time.

Included in the hefty sextet, weighing in at 3 pounds, five and one-half ounces, were two sets of girls and one of boys. Parents are the C. C. Browns; the J. C. Bellingers, and the Paul W. Sluders, all of Houston.

What's more, there was also another set of twins on another floor at the same time.

Charles Buckner Fannin, left, and Warren C. Hultgren will speak alternately at services of the Youth Revival to begin at the First Baptist Church Sunday. Fannin, whose home is in Dallas, is a junior student at Baylor University where

he is on the football team. Hultgren is a June graduate of Hardin-Simmons University where he took an active part in student and extra-curricular activities. His home is in Abilene.

Ranger Church Preaching Mission Sunday

Next Sunday morning the First Christian church is going to begin a preaching mission. This is not an "old time revival," but a "new time revival."

The purpose of the preaching mission is to attempt to promote a resurgence or renewal of Christian living among people and in this community. The preaching will be designed for help in Christian living today. The minister, Frank Crow, will deliver the messages. The messages of this preaching mission, whether they be delivered in work, song, or prayer, will be messages of love. Our goal is to exalt no particular doctrine, except the doctrine of the universal love of God for all men and the brotherhood of all his children. You may invite your friends and be assured that their particular concepts of church doctrine will not be insulted.

Our brotherhood is sponsoring a three year program called "A Crusade For A Christian World." One of the major emphasis is the resurgence of Christian living. This preaching mission is a part of that Crusade. If you would renew the consecration of your own life to Christ, and help in renewing the entire spirit of our congregation, plan to attend every service of our preaching mission.

Sunday services are at 11:00 and at 8:00. Services will be held each night during the week except Saturday night from 8:00 until 9:00.

Progress—It's Wonderful BIRMINGHAM, Ala. (UP)—Birmingham attorney Col. Dent Williams told of a case in which an Alabama man lost his temper and told off his mother-in-law.

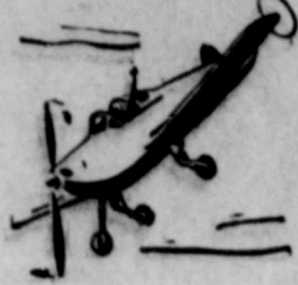

"I'll go where I darn please and it don't make a darn bit of difference where it is," records disclosed the man as saying.

Consequently, he served a prison term for using "abusive, insulting, or obscene language in the presence of a female." The state supreme court upheld the sentence. That was 80 years ago.

Recently, a similar case came up in a Birmingham court. The man had used "damn" and "hell" in a woman's presence.

This time the case was thrown out. The decision: "Any language used by ladies in polite society is not profanity."

Airport Activities

Speedy says--

The Veteran's Administration inspected the Ranger Flying Service ground school last night, and we are glad they came. An inspection is good for everyone occasionally. Incidentally Mr. Welch gave us a good report.

If anyone cares to go to the Cleveland Air Races and leave tonight there is room for one more passenger. C. C. McKeever plans to go and take four people with him in the twin engine Cessna.

W. S. Fowler, Strawn, flew a cross country to Fort Worth and return last night. It was his first attempt at night flying so he went

duel with George Hale. Mr. Fowler flies his own Ercoupe, and I don't believe he would trade it for the Hope Diamond.

The flying school is not limited to veterans. Anyone that wants to learn to fly is welcome. Also there is always someone available at the airport to take you for an airplane ride.

Bill McKeever flew a cross country to Dallas and return last night.

Bill Fewkes, Maker Airport, Abilene, landed here yesterday in a T-Craft.

Marine Major Carl set a new airplane speed record over Muroc Dry Lake. He flew the new Douglas Skystrak 650.6 miles per hour. The Major reported a very rough ride, and the engineers expect to hit the sound wall at 726 miles per hour in level flight.
