### AWARD FOR FIRST COTTON IS PRESENTED

Charles Stephens of the Lone Cedar Community has been awarded \$170.50 for the first and second bales of cotton brought into the Ranger gin. Four bales have been ginned, three for Stephens and one for Walter Hutton who resides north of town. The money awarded Stephens was contributed by Ranger merchants and business people through the efforts of the Chamber of Commerce. A list of the contributors has been given Stephens.

It was stated this morning that Ranger will definitely have a cotton buyer and farmers with cotton to sell will find a market for it here.

Following is the list of those who contributed to the prize money.

### DECATUR HERE FOR FOOTBALL GAME TONITE

Coach Boone Yarbrough stated this afternoon that the Decatur Baptist College team was to arrive in Ranger about 2:30 o'clock for the game here tonight with the Ranger Junior College Rangers.

Of the Rangers Coach Yarbrough stated that they are in fairly good condition but that John Ownby will be out with a bad knee and Robert Neely will be out of the game with an injured elbow.

The Rangers are playing their first home game and it is expected by fans that they'll be putting up a pretty good fight. This is their second game of the season, the first being with Henderson County College at Athens last Saturday night.

Though the Rangers lost the game to Henderson, they were able to hold the team to a 26 to 13 victory which is considered an indication of a winning ball club in as much as Henderson is rated among the best in junior college games.

Coach Yarbrough stated today that Jim Sims and Jack Littlefield are managers of the Ranger team.

### Says Taft Made Good Impression In California

LAS VEGAS, Nev.—Sen. Robert A. Taft, R. O., has made a "favorable impression" on California but Gov. Earl Warren will be the first choice of the state's delegates to the 1948 Republican convention, Sen. William F. Knowland, R., Cal., said today.

Knowland accompanied Taft on an inspection of Hoover Dam near here as the Ohio senator took a two-day lay off from the speaking tour in which he is sizing up his chances for the Republican nomination next year.

If Taft should decide to run, he already has made it clear that he will not enter a slate of delegates in California.

### N. Y. Glen Region To Avert Floods

MONTOUR FALLS, N. Y.—(UP)—Initial surveys of creeks in this area have been started as the first step in the \$2,000,000 Montour Falls flood control project.

The Federal government will pay an estimated \$1,825,720 to New York State \$225,720 to provide protection against floods for this well-known glen region.

Under plans being studied by U. S. engineers, Catherine Creek, one of the most famous trout streams of the world, is to be diverted around the village and more than 5,000 feet of earth levees will be constructed to protect the village from any overflow from the stream. The lower reaches of Havana Glen Creek also are to be diverted and six check dams will be constructed on it and the Catlin Mill Creek.

### Application For Transfer-Title Should Be Made Within 10 Days

Neil Day, Assessor-Collector of Taxes for Eastland County, states that he has received instruction from Austin regarding the reinstatement of the registration transfer, which was provided for by House Bill No. 75, as passed by the Fiftieth Legislature. This bill provides for the reinstatement of the registration transfer and also provides that application for transfer of registration and title shall be filed within 10 days of the date of such transfer. A fee of 50c is required for transfer of registration and a penalty of \$5.00 is imposed for failure to apply within the required 10 days. The county retains one-half of the registration transfer fees collected and one-half of monies collected for delinquent filing of applications.

Day also states that the only exempt persons from the transfer penalty are registered dealers, who have purchased dealer's demonstration plates at the Eastland office. They shall not be required to obtain title within the 10 days, but all persons buying or trading new and used vehicles from such dealers should make sure that the transfer to them is legal and correct, since those applying for title are liable for this penalty. The fact that there has been no general law in the State requiring transfer of title within any specified time and the fact that many vehicle transfer papers are now being sold numerous times without completion of papers in order to avoid State Tax and other laws is leading to the early adoption of this House Bill No. 75, for this act will operate to materially aid peace officers in vehicle accident and theft enforcement.

With the cooperation of the Chamber of Commerce a number of letters have been written to quartettes over the state inviting them to the convention. The Stamps Music Company of Dallas has already indicated that they will send a quartette to the convention.

Meetings of the convention will be held in the Recreation building and will fall on Saturday and Sunday.

### State Singing Convention Plans Underway

Pirtle Robinson of Ranger, president of the Eastland County Singing Association stated today that plans are moving ahead for the state convention which will be held in Ranger on October 11 and 12.

With the cooperation of the Chamber of Commerce a number of letters have been written to quartettes over the state inviting them to the convention. The Stamps Music Company of Dallas has already indicated that they will send a quartette to the convention.

Meetings of the convention will be held in the Recreation building and will fall on Saturday and Sunday.

### Cub Pack No. 25 Re-Registered

Registration for Cub Scout Pack No. 25 has been completed and officers announced. The pack is sponsored by the Second Baptist church.

Cubmaster is Rev. Jasper C. Masseege and pack committee chairman is J. P. Park and committee members are Lloyd F. Landtrock and Albert W. Dooley. Den mothers are Mrs. A. W. Brazda, Mrs. R. C. Brown and Mrs. Jack Williams.

The following Cubs registered: Billy Mac Nichols, Bill Brazda, Max Don Brown, Duke E. Dixon, Billy Don Dooley, Louaine Shaffer, John G. Carver, Jerry F. Simmons, John Harvey Wiley, Jerry Singleton, Jackie R. Williams, Michael Charles Dean, John Boyd Rush, Aubrey Muri Jameson, Jr., and Joe M. Young.

The first American patent is more than 300 years old. On March 6, 1644, a colonial iron worker, Joseph Jenkes, petitioned the general court of Massachusetts to recognize the originality of his waterpower sawmill and grant him a patent. It did.

### CLUB BUYS UNIFORMS FOR JUNIOR TEAMS

Thirty uniforms for members of Ranger's Junior High School teams have been ordered by the Quarterback Club and on arrival will be presented to the teams. The suits were ordered with a view to encouraging football among boys in the 7th, 8th and part of the 9th grades. As it was pointed out these boys are the Bull dogs of the future and it is felt that having the uniforms will aid in the training of the boys.

The decision to buy the suits was made at a meeting of the club Monday night and announced today.

Raymond Lingle, president, presided at the meeting in which the following committees were appointed, finance, H. C. Henderson and J. A. Bates; membership, co-chairman, Virge Johnson and J. L. Latimer; athletic committee for ward schools, Young, Earl Blackwell and Frank Sheppard and for Hodges E. N. Varner and Lee Cantrell. The latter two committees will keep in touch with the school athletics and report to the club on needs, etc.

A business man's committee was appointed and is composed of A. N. Larson, R. V. Galloway and A. J. Ratliff.

Coach Otto Warden discussed the Eastland-Ranger game at the meetings and Coach Boone Yarbrough discussed the Henderson-Ranger college game.

### Yugoslavs Make Territory Play

TRIESTE—The British army command announced today that the Yugoslavs had made several "pressure plays" against British positions along the new frontier in attempts to seize patches of Italian territory.

Like the Americans who had encountered Yugoslav pressure, the British units stood fast, authorities said, and in no case was there a change in the positions fixed by the newly effective Italian peace treaty.

Mississippi was the first state in the union to establish a state-supported college for women. The institution was founded in 1884.

### Rotarians Hear Talk On United Nations

G. B. Rush was in charge of the program at the Rotary Club meeting Wednesday at noon at the Gholson Hotel and presented W. L. Willis, social science teacher, who gave a discussion on the United Nations. As a background to his analysis on the UN he traced the history of the U. S. foreign policy.

Beginning with Washington's policy of avoiding "entangling alliances" he traced the development of the policy through the Monroe Doctrine, the World Courts and conferences, the League of Nations instigated by Woodrow Wilson, Dumbarton Oaks and the San Francisco conference where the UN was formed. He pointed out that the weak point of the UN Security Council is the veto power with which Russia is blocking moves.

B. A. Tunnel, president of the club presided at the meeting in which H. C. Henderson gave a pep talk about the Ranger-Decatur game here tonight and urged the Rotarians to support the team by attending the game.

O. G. Lanier expressed appreciation to Helen McAnelly who has served as pianist for the club and who leaves soon to enter Sophie Newcomb College in New Orleans. He also presented her with a gift on behalf of the club.

Guests at the meeting were Dan Parrish of Abilene, Truman Brown and J. R. Ervin of Ranger and Jack Allen of San Antonio.

### TWO KILLED, DAMAGE IN MILLIONS IN MIAMI AREA

MIAMI—A strong tropical hurricane which caused millions of dollars of damage in south Florida, killed at least two persons and left widespread looting in Miami, swung northwestward through the Gulf of Mexico today and headed for the Pensacola-Apalachicola area with undiminished intensity.

The storm at 7:45 A. M., CST, was centered 100 miles southwest of Tampa, moving west-northwest or northwest at 15 miles an hour. The weather bureau warned that the storm, with winds whirling at 100 miles an hour, probably would hit the extreme northwest Florida coast tonight between Apalachicola and Pensacola.

Thus another resort state area, one seldom hit by storms, began to batten down for the blow which already had caused great damage in the Palm Beach to Miami area.

In the area already hit, torrential rains had flooded roads, endangered bridges and isolated some communities.

At 8:15 A. M., the weather bureau ordered hurricane warnings from St. Marks to Pensacola, a 180-mile strip of the northwest Florida coast which already had been raked by the powerful winds.

### Doctor Says LaGuardia May Never Awaken

NEY YORK—Former Mayor Fiorella H. LaGuardia slept deeply today and his physician said that it was doubtful that the city's beloved "Butch" would ever awaken.

Mayor William O'Dwyer asked the city to pray for his tough little predecessor who hated injustice and chislers.

In his latest bulletin, Dr. George Baehr, LaGuardia's physician, said, "there have been no indications of improvement and it is not expected that he will regain full consciousness."

### Unification Of Armed Forces In Effect Today

WASHINGTON—Unification of the armed forces became a reality today, giving the nation a single, new defense establishment to provide security in an era of atom bombs, germ warfare and deadly rockets.

The new organization was legally born at the stroke of midnight, 56 days after Congress passed the unification act. But it will be many days before the key officers begin to function, months before the organization is operating properly and perhaps years before all the kinks are ironed out.

### Florida Prepares For Hurricane

Carl Bachmann, left, and Ludwig Schmidt are boarding up a store front in West Palm Beach, Florida, in preparation for the hurricane which was expected at any time. Winds of 50 to 60 miles an hour were lashing the West Palm Beach seawall in advance of the center of the storm, which struck Wednesday. (NEA Telephoto).

### Blames High Prices On Steel Wage Settlement

WASHINGTON—Sen. Ralph E. Flanders, R., Vt., today likened U. S. Steel Corporation's wage settlement with John L. Lewis to Hitler's Munich Pact, and blamed it for contributing largely to the spiraling prices.

"Peace has been purchased," Flanders told the U. S. Chamber of Commerce economic institute, "not at too high a price to be repeated. It has been purchased at the price of mounting and uncontrolled inflation which, in the past, has always ended in a precipitate and correspondingly deep depression."

Flanders, who is chairman of a Senate subcommittee now holding hearings throughout the east on high prices, said big steel made a "complete surrender" to the coal miners' demands. He described the wage agreement as a "disaster" and a "calamity."

### Band Parents Club Organized

At a meeting held Monday night at the band hall, a "Band Parents Club" was organized under the direction of W. R. Falfer, band director.

About 30 parents were present for the meeting and C. H. Martin served as temporary chairman while the following officers were elected: president, Mrs. E. R. Green; first vice-president, Mrs. C. H. Martin; secretary, Mrs. Hooper Gay, Sr.; and treasurer, Mr. Gay.

The director made a short talk outlining some of the needs of the band and stressed the importance of the parents of band members being organized into a club.

Mrs. Green announced that the next regular meeting of the club will be held Tuesday night at 7:30 o'clock at the band hall and urged all parents of band members to be present.

### Wheat And Corn Prices Tumble

Wheat and corn prices tumbled the full limit on the Chicago Board of Trade today after the government announced a drastic cut in November relief shipments abroad.

As trading opened, wheat sold generally 10 cents below yesterday's closing price and corn dropped eight cents. Oats were off as much as 4 5/8 cents a bushel.

Meanwhile, the CIO United Automobile Workers urged all consumer groups to join an all-out campaign against high food prices.

### ELECTRIC SERVICE--

#### The Great Equalizer

The West Texan of yesterday had a name for the formidable six-gun which played such an important role in the taming of the wild and woolly frontiers of the 1800's. He called it "The Great Equalizer" on the theory that whether a man was big or small, old or young, rich or poor didn't make much difference when he had a Colt 44 in his hand—his "shootin' iron" put him on equal footing with any adversary he might face.

"The Great Equalizer" of modern times is electric service.

Electric service brings to the folks in the cottage in the middle of the block the same comforts and conveniences enjoyed by those who live in the mansion on the hill.

The homemaker in the cottage has the same time and work saving electrical appliances at her service day in and day out as does her wealthy neighbor. The coffeemaker, the toaster, the radio, the vacuum cleaner, the electric refrigerator, the clothes washer, the room coolers and the many other electrical appliances in the big house are identical with those in the cottage down the street.

The biggest bargain in any home today—large or small—is the efficient, low-cost electric service which provides so many conveniences equally to all.

Mr. and Mrs. A. W. Wright, Henry Reed and Melba Ruth Reed were at the carnival in Cisco, Saturday.

Rev. Leo Plicka, pastor of the Long Branch and Pleasant Hill Baptist churches, is now

some of the good accomplished by his faithful work at these places. Last week two persons (adults) from a distance of about 20 miles apart, drove to the home of this devout minister to have a heart-to-heart talk with him about their spiritual welfare. One, having been converted at his home as a result of the minister's prayers, and ministering along with other influences, stated that he wanted to let the world know what peace can be gained by surrendering to the Lord. A pentecost woman after hearing Bro. Fields preach, went to him seeking more truth and was converted there at his home.

### Traces Garden Peas Back To Tut's Tomb

SEATTLE (UP)—Seventh-generation purple-pod peas from the tomb of Egyptian King Tutankhamen—who died 3,300 years ago—are growing vigorously in the garden of Mrs. Florence Thompson of Seattle.

"It may sound fantastic, but I have records of ownership which trace the seed right back to the tomb," Mrs. Thompson said.

It all started, she said, when she saw several newspaper accounts of the growing of a few withered peas but near King Tut for the lean years when he was buried in 1350 B.C.

Taken to England, the peas were

# EX-ARMY FLIERS GATHER TO BOOST U. S. AIR MIGHT

By James J. Dailey  
 Staff Press Staff Correspondent  
**COLUMBUS, O. (UP)**—Former members of the Army Air Forces will gather in Columbus Sept. 15 and 16 to weld together their new organization, the Army Air Forces Association. It has been formed to see that America continues to be protected with the most powerful air force in the world.

The primary objective of the AFA, with 111,000 members and Lt. Gen. Jimmy Doolittle as its first president, is to put a n. d. keep America in first place in the air.

Speakers and guests will include Gen. Dwight D. Eisenhower; Stuart Symington, secretary of the Air Force; Jimmie Stewart, movie star; Gen. Carl Spaatz, Sen. Robert A. Taft, Capt. Eddie Rickenbacker, and many other notables.

Willis S. Fitch, World War I bomber pilot and executive direc-

tor of the organization, said the first purpose of the convention is to adopt an AFA program and elect new officers and directors. The secondary purpose is to renew wartime friendships and associations much as they do in the American Legion.

The "let's keep the gang together" slogan of the AFA will find support when gunner meets navigator in Columbus for the first time since the war and gives out with song, something like "Over Wewak Every Day."

Also like the American Legion, the convention will feature a parade, but it will be in the air. Fitch said "a great many planes" will gather from army fields in the midwest and parade in a mass flight on the first day of the convention.

The Air Technical Service Command will put on a giant exhibit of the air forces' research and development up to the present.

Mounted in the Columbus state house yard will be radio-controlled vehicles, atomic displays, search radar, the new FF-31 engine, and other recent developments.

The FF-31, which burns alcohol for fuel is the American version of the engine powering the famous German V-1 bomb.

A full size B-29 fuselage, complete with remote-controlled gun turrets, oxygen equipment and pressure equipment will be mounted on two 40-foot trailers.

U. S. P-50 Shooting Stars will be contrasted with a Consolidated PT-1, the first pilot primary training plane, received by the AAF in 1925.

To top it all, the 115-piece Army Air Forces Band will appear at various events during the two days, with a special concert scheduled for the state house lawn the evening of Sept. 15.

Other guests to appear include Gen. George Kenney, Lt. Gen. George Benteley, Maj. Gen. Curtis E. LeMay, Maj. Gen. Howard Davidson, Gen. H. H. Arnold, Sen. John W. Bricker, Joe E. Brown, and Jacqueline Cochran.

## No Mistake

"It must be a mistake," James Mattalina told lawyers who informed the Chicago chauffeur that his former employer, the late Anne Craig, left him between \$300,000 and \$500,000 in her will. But it was true—and he and his wife, above, figure out what to do with the new wealth.

## Cats Again Show Curiosity Can Kill

**NEW YORK (UP)**—Cats are not the self-sufficient breed they are supposed to be, it would appear from a notice sent out by the American Society for the Prevention of Cruelty to Animals.

Eugene Berlinghoff, the society's executive assistant, noted an increase in the number of emergency calls for Manhattan's 100,000 cats. Then he listed some pointers on how to help the cats maintain their nine-life tradition.

Owners should keep screens in windows, to prevent the cats from jumping or falling. Poison for rats or bugs should be hidden—cats are curious. The owners should put identification tags on their cats. Otherwise, they are fair game for seizure and disposal.

The peanut is a member of the same plant family as the sweet pea.

## Ohio Police Fight Movies and Radio

**COLUMBUS, O. (UP)**—Police in Ohio cities are combating juvenile delinquency by cracking down on movies and radio programs which glorify crime and degrade police officers.

The Ohio department, Fraternal Order of Police, has condemned by resolution motion pictures and radio programs derogatory to police, and has forwarded copies of its action to J. Edgar Hoover, Federal Bureau of Investigation head, the Ohio Board of Motion Picture Censorship and top executives of the big broadcasting networks.

## Yes, I'm Guilty!

Folks sometimes criticize us small-town editors for the way we often play up "little things" ahead of big ... human, local news in place of world events.

I can't deny it. Read the *Clarion* and you'll learn about the Martins' golden wedding anniversary ... about the community sing down by the river ... the husking bee at Sober Hoskins', where neighbors helped husk the corn, and later drank sparkling beer together.

"Little things?" Maybe. But from where I sit, they add up to the

bigger things we call America: The friendliness of small towns ... the helping hand ... the respect for one another's rights. And above all the love of fellowship and freedom—whether it's freedom to speak one's mind or choose between a glass of beer or buttermilk.

I figure that if everybody looks after the "little things," maybe the bigger things will take care of themselves.

**BOSTON (UP)**—One of the most potent drinks among the non-alcoholic beverages is an ancient New England standby known as "Switchell." Down through the years, probably from Colonial days, up-country farmers have depended on this homemade brew to cool them off and pep them up during the rigors of the haying season. Here's how to make a single glass of Switchell: 2 tablespoons of molasses, 1 teaspoon of vinegar, 1/2 teaspoon of dried ginger, ice water to fill. The addition of a pinch of salt is optional.

## Social Security Has Sealed Lips On Information

Like the daisies, the Social Security Administration won't tell. This Federal agency keeps its mouth shut, and some of the 88,000,000 Americans who hold social security cards would be mighty unhappy if it didn't.  
 Concentrated in the Accounting Operations Division of its Bureau of Old-Age and Survivors Insurance in the Candler Building in Baltimore are more personal facts and figures about more Americans than in any other place in the country.  
 Just how old is your mother-in-law? The Social Security Administration might know, but it won't tell. How much did your ex-wife earn last year? The record is there, but only she can get that information—and she already knows.  
 When the Social Security Administration asks for and gets from a worker the information necessary to set up and identify his account, it pledges itself to regard such information as confidential and to withhold it from all but authorized persons.  
 The worker whose boss thinks he is ten years younger than he is need have no fear that his guarded from prying eyes at all secret will come to light. It is times of the day and night by guards whose sole job is to keep the records safe.  
 The Social Security Administration's local office receives numerous requests each week for aid in locating missing husbands, absconding treasurers, and persons who find it easier to move than to pay bills, Manager Ralph T. Fisher reports, and it is a dull week which does not produce some five or six telephone calls from people who cash checks on the basis of social security card identification.  
 "In every case," Fisher stated, "we must tell the caller that our records are for social security purposes only and that we are not permitted to release any information. Without such protection to

individuals, we would no longer get the accurate information necessary, and we would soon be spending more time furnishing information than we now put on the bookkeeping the law requires.

## Demand For Shelled Peanuts Light This Week

General demand for shelled peanuts was light this week, reports the Production and Marketing Administration, U. S. Department of Agriculture.  
 The market had leveled off in the southwest and southeast, but there was still some uneasiness as to the future.  
 Inquiry for southwest shelled Spanish improved this week a few sales were reported at mostly 161-4 to 161-2 cents per pound on number ones.  
 Digging was general in central Texas but yields were light for that area. Also, some early crops were being dug in North Texas. Late planted fields in South Texas as will be ready for digging soon.

## Upside Down, Backwards Solves Hat Problem

**AUBURN, Ala. (UP)**—Mrs. Joe Callahan, wife of the Naval ROTC commandant at Auburn, has an unusual hair-do, which requires unusual hats.

Several years ago Mrs. Callahan bought herself a graish new bonnet which she put never had the nerve to wear. Recently she dug it out and decided she might as well get some good out of it. After considerable experimenting, she found that it looked most becoming upside down and backwards. And that's the way she wears it.

City Treasurer Lightens Load Of Taxpayers

BUFFALO, N. Y. (UP)—Treasurer Radcliffe Dann has thrown new light on the problem of skeptical taxpayers who claimed they were being short-changed at city hall.

"Actually no one was in error," Dann said. "The tax payers just didn't have enough light to count their change."

Dann, who last year removed from the office walls all funeral directors' advertising calendars to give the customers "more cheerful surroundings," has installed a new lighting system costing \$3,200.

Miss Rogers, Rev. Lewis Wed Tuesday

VENUS—In a ceremony performed Tuesday evening, September 16, at 7 o'clock at the Venus Methodist Church, Miss Jean Rogers, daughter of Mr. and Mrs. J. F. Rogers of Venus, became the bride of Rev. Clayton M. Lewis, son of Mrs. C. C. Lewis and the late Clem C. Lewis of Ranger. Church decorations were confined to the altar and chancel. White gladioluses in tall floor baskets stood in relief against a bank of palms and ferns with tall cathedral candles in white wrought iron candelabra. The altar rail was outlined with ferns and the pews were marked with ribbon streamers.

Rev. C. H. Cole of Cleburne read the impressive ceremony by candlelight. Little Miss Joan Rogers, cousin of the bride, dressed in a wine velvet frock, lighted the candles as Mrs. Sidney Thompson played "Love's Old Sweet Song" and "I Love You Truly." Pre-nuptial music was furnished by Mrs. R. C. McCall of Alvarado who sang "At Dawning" and "O Promise Me" with Mrs. Thompson as accompanist who used the Bridal Chorus from Lohengrin for the processional and Mendelssohn's "Wedding March" for the recessional.

The bride was given in marriage by her father, Mr. J. F. Rogers. Her wedding dress was a French model of blue crepe fashioned with a built-up neckline and long tight fitting sleeves. The long torso bodice was molded into a full street length skirt. Her jewelry was an antique gold necklace. She wore a frost white at trimmed in a brown veil with other accessories in brown. She carried a white satin prayer book topped with white fringed chrysanthemums showered with streamers of white satin ribbon.

Mrs. John M. Hogg of Wichita Falls attended her sister as matron of honor. She was a draped brown crepe dress with brown accessories. Her corsage was of velvet daisies. Floyd Poteet and Charles Ray Rogers, brother of the bride, served as ushers. The groom was attended by Jack Jackson of Weatherford.

The bride's mother was attired in black crepe with a gardenia corsage and the groom's mother was in grey crepe with a gardenia corsage.

A reception was held following the ceremony at the home of the bride's parents. The brides table was laid with lace over white satin. The wedding cake, a two-tiered confection topped with a miniature bride and groom under a wedding bell, rested in a circle of ferns and white vinca and was served by Mrs. Thompson. Mrs. Ray White and Mrs. B. H. Turner alternated at the crystal punch bowl. Those assisting in the dining room were Mrs. H. W. Ferguson, Mrs. Jack Gill, Mrs. Jack Lawson, and Bernice Brown. Janet England was in charge of the bride's book and Mrs. Alice Hines displayed the wedding gifts.

Mrs. Lewis is a graduate of Venus High School and attended business college and has been an employee of the Federal Reserve Bank in Dallas for several years. Rev. Lewis is a graduate of Weatherford College, and an Army veteran with four years of service in the American, North African, and Mediterranean theaters of operation. He is pastor of the Venus Methodist Church. Rev. and Mrs. Lewis will be at home in the Methodist parsonage after

a short wedding trip. Among the out-of-town guests were Mrs. C. C. Lewis, mother of the groom, Miss Dorothy Lewis, Paul Lewis, and Jimmie Crossley of Ranger, and a number of friends and relatives from Dallas, Fort Worth, Elgin, Cleburne, Alvarado, Midlothian, and Weatherford.

Young P. T. A Executive Board Meets Wednesday

The executive board members of the Young School Parent-Teacher Association met at 2:30 Wednesday afternoon at the school. Mrs. M. E. Huff, president, presided at the meeting. A project of playground safety precautions and plans for a Halloween carnival were discussed.

Those present were the president, Mrs. Huff, secretary, Mrs. R. V. Robinson; treasurer, Mrs. A. S. Deffebach; historian, Mrs. T. J. Anderson; finance chairman, Mrs. Arlie Carver; program chairman, Mrs. F. R. King; publicity chairman, Mrs. E. E. Warren; entertainment chairman, Mrs. E. F. Latham; hospitality and parliamentary, Mrs. O. G. Lanier; and the school principal, J. R. Ervin. The regular meeting of the Association will be held Tuesday, September 23 when Mrs. Alvis Woods will discuss the Girl Scout organization. All mothers are urged to attend.

Miss McAnelly Complimented In Fort Worth

FORT WORTH—Three girls who will be freshmen at Sophie Newcomb College in New Orleans, Misses Madry of Eastland, Helen McAnelly of Ranger, and Leah Drescher, were honored at a luncheon Tuesday at Colonial Country Club by Miss Ella Hockaday. Others present were Misses Eleanor Reich, Pat Goff of Wichita Falls, and Bayla Sheinberg. All of the girls except Miss Reich, a recent graduate there, will return to New Orleans this week.

CARD OF THANKS

We wish to express to our many friends our deep appreciation of the kindnesses shown us at the recent death of our husband and father. The sympathy expressed to us was comforting and the floral offering was sincerely appreciated. May God's richest blessings be on each of you. Mrs. P. W. Squires and family.

Revolving Walls Predicted For Movie Theatres

BERKLEY, Cal. (UP)—Theaters of the future may have revolving walls so each type of performance can be heard in a specially-walled audience chamber. When a soft musical number is

to be shown on the screen, the theater manager can press a button and the theater walls will turn and present a properly-materialized wall to the audience. The audience will have the best possible acoustics for the film's sound track.

The use of three-sided rotating cylinders to improve the acoustics of theaters and radio studios is the prediction of a University of California at Los Angeles physicist, Dr. Vern O. Knudsen.
