## Russia Attacks U. S. Policy In Japan

Well... I Dunno, But...

Well, it's too bad the Rangers had to take a licking, but the fellow that can't take a licking and come back to try again isn't much of a sport, so we won't holler too much. They've got more games coming up and we expect they'll be interested in trying to win them. Though they lost the game to Cisco, they're still one point ahead of opponents for the season. Of course, that's not important when the final district count is made, but it's comforting in the face of defeat.

And we're still wondering where Cisco got the idea that we were expecting to "pour it on" them.

Mr. and Mrs. Ernest Arterburn who live in Albuquerque, New Mexico write home to say how much they enjoy the Ranger Daily Times, particularly the football news. Thanks.

The Arterburns, incidentally, have just bought a new home and will move in this week-end.

The Chamber of Commerce had a rather interesting letter from a small boy in Gainesville this morning and passed it on to us.

The writer is Tom Hickman, Jr., the son of one of the men that was sent as a Ranger to Ranger during the turbulent days of the oil boom and who is recalled by many still in Ranger.

The letter reads in part: "In our fifth grade geography class we are studying about Texas. Each pupil has been asked to find out all he can about a different Texas city. I have been assigned your town."

Will you be kind enough to send me any interesting facts about Ranger.

All I know about Ranger so far, is what my father has told me about it. He worked there as a Texas Ranger captain. He said there was an old Ranger camp there long before the T&P railroad was built and he understood that the town was originally named Ranger after the camp.

Yep, the boy got all the information about Ranger that Mrs. Ella White at the Chamber of Commerce could rattle up.

Remember that paper drive that the Jaycees are going to stage Sunday. The boys are trying to make a little money and all proceeds from the drive will go for work on their projects.

At the game between Cisco and Ranger Thursday night, there were 1,205 adult and 442 student paid admissions. That's the biggest crowd at games here this year and after all expenses and taxes were paid each school got \$516.77. Nice little take.

### How To Prevent Fire

**FLAMMABLE ROOFING** invites disaster. Protect your home from chimney sparks and air-borne embers with fire-resistant material, such as asphalt shingles. Repair worn or broken roofs promptly.

### Lucky Passengers

Lucky passengers congratulate each other on their narrow escape when an Airliner in which they were riding tried to cut a few acrobatics over the city of El Paso, Texas. All 48 passengers were thrown to the ceiling when the plane flew upside down for a few minutes. From left to right are: Herbert Schreiber, his 20-month-old son Kenny; S-SC James A. Magee, 27, Boston; Robert L. Halvorsen, S-SC, 19, San Diego; M. Kent Goodwin, 35, Los Angeles; Mrs. W. E. Dalton, 30, Washington, D.C.; Krienfield Wallenstener, 20, Moscow, Russia; Mrs. W. J. Arsenault, 22, San Diego, and her children, Warren Joseph, Jr., 1, and Sandra Leigh, 3; Ina Portis, 47, San Diego; W. R. Rutland, 40, Corpus Christi, Texas; Lt. W. M. McCárson, 26, Atlanta, Ga., and Clint Umphrees, 37, Los Angeles. (NEA Telephoto).

### Bank Will Be Closed Monday

The Commercial State Bank will be closed to business on Monday and customers are asked to transact their business with the bank on Saturday.

The bank is observing Columbus Day which falls on Sunday, October 12, but which will be observed by banks and clearing houses on Monday.

### Martin Withdraws As Candidate

Lester Crossley, city secretary, stated today that E. L. (Leldon) Martin, Jr., has withdrawn his name from the race for finance commissioner of Ranger.

Martin had filed his name with the city secretary yesterday but reconsidered and withdrew today. This leaves only Calvin Brown in the race with Saturday midnight the deadline for filing. The election will be held October 18.

### Distress Signal From Lost Minesweepers

W. B. (Barney) Hopkins, Jr., of Houston, Texas is one of the three American seamen who are aboard four drifting minesweepers in the Central Pacific. Hopkins, a radio man in the Navy during the war, is believed to be the person who sent a faint distress signal from one of the ships. The search for the four vessels is continuing. (NEA Telephoto).

### CLAIM COTTON CROP IS MORE THAN ENOUGH

NEW YORK—A global 1947-48 cotton crop prospect of 24,800,000 bales, a 22 per cent rise from the wartime low, assures a lint supply more than adequate to meet the demand. Rayon Organon, published by Textile Economics Bureau, Inc., reported today.

While production is increasing, the publication pointed out, consumption is expected to fall between 25,000,000 and 26,000,000 bales, or about 10 per cent below the prewar average.

World stocks of raw cotton at the beginning of the current season totalled 18,000,000 bales, down 32 per cent from the all-time peak reached in July, 1945, but four per cent above the 1934-38 average.

United States exports of semi-manufactured and manufactured cotton textiles, during the first half of 1947, approximated 850,000 bales, or nearly three times exports of these items during the entire pre-war year of 1939.

### Money Goes To Laundry Comes Back Cleaned

MILWAUKEE (UP)—Everything comes out in the wash, they say. William Moellendorf of suburban Wauwatosa is convinced of it.

Moellendorf recovered \$632 he thought was gone forever. He left it in a pillow in his home and then sent some of his bed linen to the laundry.

The money, washed clean with the clothes, was discovered by a laundry employe, who turned it over to his employer, who gave it to Moellendorf.

### Army's Blue Monday Blue In Big Way

MAXWELL FIELD, Ala. (UP)—Do you dread Blue Monday, traditional wash day, so does the Maxwell Field laundry.

The army laundry handles soiled clothes from Maxwell, Gunter and Craig Fields, and from the Birmingham Air Reserve Detachment.

### New Navy Patrol Plane Packed With Real Power

BALTIMORE (UP)—The Glenn L. Martin Co. says its new navy patrol plane, the XP4M-1, could outpull 100 automobiles if they were linked together for a tug of war.

The XP4M-1's two reciprocating and two jet engines are also powerful enough to outpull two locomotives, each with enough power to pull 125 freight cars.

In the plane's forward nacelle sections are two Pratt and Whitney engines, the largest military aircraft engines known to be in use, and in the rear nacelle sections are two Allison jet engines.

The speed of the XP4M-1 is the navy's secret.

### Japan Again Ready To Welcome Tourists

TOKYO (UP)—Transportation ministry plans for reviving the sightseeing industry have been disclosed with foreign tourists expected to spend 4,400,000 yen in Japan during the five-year period ending in 1952.

The ministry reports said tourists are expected to climb from 23,000 next year to more than 200,000 in 1952. The announcement pointed out that before the war the average visitor to Japan spent about \$1,000 here.

The tourist industry will be divided into two sections—government and private business. The government will build hotels, de luxe trains and better railways. Private interests will manage the bus lines, playgrounds, golf courses and resort hotels.

### Strawn Man Dies At Home Thurs.

FRONTIER (UP)—Ranger received word of the death of Malt Strawn, who died at his home late Thursday night.

Funeral services will be held at 3 o'clock at the Merchandise Funeral home.

Survivors include his wife, Mrs. Malt Strawn, and three children: Malt, Jr., 12, and two daughters, Edna and Mary.

### Former Ranger Resident Dies In Cross Plains

Word has been received of the death of Mrs. J. S. Burks of Cross Plains, formerly of Ranger and the mother of Mrs. M. L. Pugh of Ranger. Mrs. Burks died this morning, October 10, at the age of 87.

Funeral services will be held Saturday, October 11, at 2:00 P.M. at her home in Cross Plains with interment in the Odd Fellows Cemetery in Abilene.

She was preceded in death by her husband, J. S. Burks, who died August 23, 1928. They came to Ranger in 1908 and made their home here for a number of years.

Besides Mrs. Pugh, she is survived by another daughter, Mrs. W. H. Ervin of Cross Plains; five sons, Preston Burks, Cross Plains; Lewis Burks, Abilene; Tom Burks, Cross Plains; Walter Burks, San Angelo; and Roy Burks of Cross Plains; 20 grandchildren, 21 great grandchildren, and 2 great great grandchildren.

### Mrs Robertson To Receive Medal At Legion Meeting

According to a story in the Brownwood Bulletin, Mrs. Lexie Dean Robertson, of Rising Star, is to be awarded the medal she won for her poem for the Memorial Day program of the Brownwood post of the American Legion in May.

The Bulletin carried the following story on it a few days ago: Mrs. Lexie Dean Robertson, Rising Star, former poet laureate of Texas, will forego attending a meeting of the Poetry Society of Texas to participate in the 21st District American Legion convention in Brownwood, Sunday Oct. 12.

Mrs. Robertson will be presented a medal awarded her by the American Legion for a special memorial poem which she wrote and read at the Memorial Day program in Coggin Park last May 30.

The poem won over all entries in a contest conducted by the Legion to find a memorial poem. In a letter to Glen Hutton of the Itham A. Smith Legion post, accepting an invitation to be present to receive the medal she won, Mrs. Robertson wrote:

"I shall be glad to be on hand at the convention hall at 10 on the morning of the 12th and am honored and happy to receive the medal."

### Synthetic Bull Fight Put Off

AUSTIN, Tex. (UP)—Austin LaLae today "postponed" an advertised synthetic bull fight to have been held here Saturday night to get a legal ruling.

District Judge Roy C. Archer alerted the county grand jury late yesterday after reading advertisements of the contest. He read the grand jurors the part of the state penal code that prohibits a fight between a man and a bull.

The Latin-American societies said the exhibition was to be merely one of skill with no torture or killing of the bull. They requested an opinion from the attorney general's department or if that is not obtainable asked the county attorney to file an injunction to test the legality of the proposed contest.

### Pacific Typhoon Worst of Season

TOKYO (UP)—The worst typhoon of the Pacific season, with recorded winds up to 170 miles an hour drove toward Okinawa and the China coast today after flattening U. S. installations on Iwo Jima.

Buildings housing a garrison of 300 U. S. Coast Guard and Air Force men at Iwo were ripped bodily from their foundations.

### UN ASKED TO BLOCK ARABS IN HOLY LAND

LAKE SUCCESS, N. Y.—The Palestine resistance committee called on the United States and the 10 other nations of the United Nations Security Council today to block the mobilization of Arab armies and halt an "impending Arab invasion" of Palestine.

The committee, an American group which raises funds and materials for the Jewish underground of Palestine, asked the Security Council to charge Syria and Lebanon with "openly planning a war of aggression" against the Jews of the Holy Land.

The group appealed directly to secretary of State George C. Marshall to "take the initiative" in throwing the weight of the UN against the announced massing of Arab troops along the Holy Land frontier.

There appeared to be little chance that the Palestine resistance group would succeed in bringing the Arab states mobilization activities before the Security Council, but the development added to the urgency of the United Nations General Assembly deliberations over the future of the Holy Land.

The Jewish Agency for Palestine, official representatives of Palestine's 650,000 Jews labelled the Arab maneuver mere "bluster and bluff," and served notice that it would not take them seriously.

The agency called on the General Assembly to disregard the threatening actions in the middle east and "not permit itself to be intimidated into appeasing those who so blatantly violate its charter."

An agency spokesman said it would not join in the resistance committees move for Security Council action because, as he put it, "it is just playing into the Arabs' hands."

### Football Squads Guests Of Lions

The entire football squads of Ranger High School and Ranger Junior College were guests Thursday of the Lions Club at the noon luncheon at the Ghobson Hotel.

F. P. Brasher, Jr., was in charge of the program and introduced coaches Dan Yarbrough, Onis Warden and Sam Ailis. The coaches spoke briefly and then introduced members of their squads.

Dr. G. C. Boswell also made a brief talk at the meeting at which Nicol Crawford presided.

### Three Bucks Per Pound

A 4-H Club boy from Hyman, Texas, Stuart Henderson, 16, is proud owner of a Champion Hereford steer, after T. O. Kilroy was judged the Grand Champion in the State Fair of Texas' Junior Steer Show in Dallas. Kilroy was raised from a calf by the Mitchell County youngster, who received \$3,000 for the 1,000 pound champion. (NEA Telephoto).

### Concert Artist To Be On Air Monday Night

Mona Paulee who will appear in Eastland on October 20 as the first in this season's series of the Eastland County Community Concert Association's concerts, is scheduled to appear on the Firestone program on the radio Monday night.

Members of the association will have an opportunity to see an aerial "preview" of what is in store for them later in the month.

Officials of the county association stated today that membership in the association are still open to people who have moved into the county since the membership drive was staged last spring. They may be secured by contacting Mrs. Dixie Williamson or Mrs. Clyde Grissom in Eastland or Mrs. David D. Pickrel in Ranger.

### Say Distillers In Europe Not To Be Curtailed

PARIS—While American distillers and brewers are considering ways and means of saving grain to ship to hard-pressed countries abroad, business appears to be about as usual among the whiskey and beer makers of Western Europe.

A survey of five countries showed that Scotch distillers got an increased barley allotment last summer and are hoping for a continued high allotment.

In return for the increase, the Scotch whiskey makers had to increase their exports from 55 per cent of production to 75 per cent, mostly to the United States and other "hard currency" areas.

### Agricultural Policies Blasted

WASHINGTON—The National Planning Association today criticized long-range agricultural policies designed solely to cope with another great depression. It said the problem of inflated farm prices and incomes also should be considered.

"The possibility of a depression as drastic as that of the early 30's is remote," the association said in a statement presented to a house agriculture committee.

"It is not enough to focus only on depression. Policy in this area should come to grips with both depression and inflation. Farmers, we believe, do not want either extremely low or extremely high prices."

### SAYS JAP WAR POTENTIAL IS RAPIDLY BEING BUILT

LAKE SUCCESS, N. Y.—Russia today launched an all-out attack in the United Nations on U. S. policy in Japan, charging that "reactionary forces are feverishly working on the restoration of the industrial power of Japan."

The attack was delivered in the UN General Assembly's economic committee by Soviet Delegate A. A. Arutunian who charged that in Asia the United States is working to rebuild Japan's war potential while in Europe American policy seeks to build up Germany.

"For this purpose," he charged, "the theory is invented that, unless Japan's economy is restored, the war-stricken countries of Asia and the Far East cannot be restored."

"This is the pretext under which the war-industrial potential of Japanese imperialism is being revived.

"In Asia the same thing is happening as in Europe, where in accordance with the Marshall plan they want to restore the war industrial potential of Germany in the Ruhr."

### Claims Neff To Resign Today

WACO, Tex.—The News-Tribune said today it had learned today from three reliable sources that ex-Gov. Pat Neff, would submit his resignation as president of Baylor University during the day.

Baylor trustees were to meet today to discuss a proposed gift to the university and it appeared possible that they might receive Neff's resignation at that time.

The News-Tribune said that neither Neff nor the trustees had made any official statement about the reported resignation.

### Republicans Back Food For Europe

WASHINGTON—A group of Republican senators today backed up the administration campaign to save food for hungry Europe.

A bipartisan complexion was given to the grain for Europe drive by Sen. Owen Brewster, when he invited Charles Luckman, chief of President Truman's food committee, to a conference at the capitol with the Republican group.

Brewster said he was in "white-hearted sympathy" with the campaign and other members of the group, Sen. George D. Aiken, R., Vt., also pledged his support.

### Miss Kattie Boyles Of Breckenridge Is Named Cotton Queen

Miss Kattie Boyles of Breckenridge was crowned Cotton Queen Thursday at the Texas State Fair in Dallas. John Gordin of Dallas placed a crown of flowers on her head.

The ceremony crowning the queen was the highlight of Texas Cotton Ginnery Day, which attracted 300 gin owners and operators from every part of the State.

WASHINGTON—A group of Republican senators today backed up the administration campaign to save food for hungry Europe. A bipartisan complexion was given to the grain for Europe drive by Sen. Owen Brewster, when he invited Charles Luckman, chief of President Truman's food committee, to a conference at the capitol with the Republican group. Brewster said he was in "whole-hearted sympathy" with the campaign and other members of the group, Sen. George D. Aiken, R., Vt., also pledged his support.

### Concert Artist To Be On Air Monday Night

Mena Paulee who will appear in Eastland on October 20 as the first in this season's series of the Eastland County Community Concert Association's concerts, is scheduled to appear on the Firestone program on the radio Monday night. Members of the association will have an opportunity to hear an aerial "preview" of what is in store for them later in the month. Officials of the county association stated today that membership in the association are still open to people who have moved into the county since the membership drive was staged last spring. They may be secured by contacting Mrs. Dixie Williamson or Mrs. Clyde Grissom in Eastland or Mrs. David D. Pickrell in Ranger.

### Say Distillers In Europe Not To Be Curtailed

PARIS—While American distillers and brewers are considering ways and means of saving grain to ship to hard-pressed countries abroad, business appears to be about as usual among the whiskey and beer makers of Western Europe. A survey of five countries showed that Scotch distillers got an increased barley allotment last summer and are hoping for a continued high allotment. In return for the increase, the Scotch whiskey makers had to increase their exports from 55 per cent of production to 75 per cent, mostly to the United States and other "hard currency" areas.

### Claims Neff To Resign Today

WACO, Tex.—The News-Tribune said today it had learned today from three reliable sources that ex-Gov. Pat Neff, would submit his resignation as president of Baylor University during the day. Baylor trustees were to meet today to discuss a proposed gift to the university and it appeared possible that they might receive Neff's resignation at that time. The News-Tribune said that neither Neff nor the trustees had made any official statement about the reported resignation.

### SAYS JAP WAR POTENTIAL IS RAPIDLY BEING BUILT

LAKE SUCCESS, N. Y.—Russia today launched an all-out attack in the United Nations on U. S. policy in Japan, charging that "reactionary forces are feverishly working on the restoration of the industrial power of Japan." The attack was delivered in the UN General Assembly's economic committee by Soviet Delegate A. A. Arutunian who charged that in Asia the United States is working to rebuild Japan's war potential while in Europe American policy seeks to build up Germany. "For this purpose," he charged, "the theory is invented that, unless Japan's economy is restored, the war-stricken countries of Asia and the Far East cannot be restored." "This is the pretext under which the war-industrial potential of Japanese imperialism is being revived. In Asia the same thing is happening as in Europe, where in accordance with the Marshall plan they want to restore the war industrial potential of Germany in the Ruhr."

## HORNED FROG BEEF

Here is nearly 900 pounds of tackle and guard material—part of the reason why Coach Dutch Meyer believes the TCU forward wall will give a good account of itself. The four are (left to right) Red Marable, 226, freshman from Waco; George Brown, 212, junior, Fort Worth; Don Narrell, 229, sophomore, Lorraine; Weidon Edwards, 245, senior, Comanche.

## MIAMI-TCU TILT TONITE A TOSS UP

FOR WORTH. — The TCU-Miami L. game in the Orange Bowl, Miami, Fla., Friday night is a toss-up. Neither team has won a game. The Horned Frogs have one tie and two losses. The Hurricane has tied one and topped one. The two eleven even weigh the same—approximately 197 pounds to the man.

TCU passing vs. Miami running is the billing for the contest, which is expected to be viewed by a crowd of about 30,000.

Starting line-ups for both teams are a bit uncertain, but Coach Dutch Meyer is expected to stick to his younger combination, which went well against Arkansas last week.

Probable starting line-ups: TCU 85 Bob Moorman 185 LE 77 Don Narrell 240 LT 65 Clifton Caff 195 LG 52 Doug Brightwell 215 C 43 Harold Hicks 195 RG 52 Red Marable 220 RT 42 Roy Gaddy 175 RB

45 Leon Joslin 176 QB 24 Orelm Browning 193 LH 16 Pate Rogers 173 RH 42 Pete Stout 205 FB  
MIAMI 58 Tony Yovlesin 205 LE 62 Ernie Settember 270 LT 71 Mario DeMarco 192 LG 83 Hal Schuler 195 C 74 Lee Wilson 190 RG 65 Art Saey 205 RT 56 Ed Houck 175 RE 29 Ernie Marezka 183 QB 46 Hal Johnson 182 LH 10 Bob Bowman 170 RH 30 Harry Ghall 204 FB  
Game: 8 p. m., Orange Bowl, Miami, Fla.  
Officials: Referee, Abb Curtis (Texas); Umpire, T. B. Amis (Penn State); Field Judge, W. R. Bentley (Ga.); Head Linesman, R. Lettner.

## Young Bostonians Yield To Lecture Treatment Cure

BOSTON UP) — Boston's juvenile court has had outstanding success in dealing with juvenile delinquency, according to its latest report.

Of 3,000 young offenders who appeared in court over a period of five years, 83 per cent have never appeared again. Most of the remaining 17 per cent who repeated their delinquency were carried after further treatment the report said.

A 12-week program of after-school lectures, handicraft and sports is credited with the success.

## SPEEDY BACKS OUT DISTANCE RANGERS FOR COVETED WIN

With a speedy backfield and a blocking machine that clicked, the Cisco Junior College Wranglers proved too much for the Rangers Tuesday night and rushed and passed their way to a 20 to 0 victory over the Rangers.

Ranger not only took the little end of the score but suffered losses through injuries to some of the leading players. Cisco kept Ranger in their own territory most of the game until the fourth quarter when the Rangers threatened to score.

J. Roys of Ranger kicked off to Cisco punting to the 20 yard line where Tompkins received the ball and returned it six yards. After a series of ground plays, with McClendon and Roys stopping the Wranglers, Cisco punted to Ranger. Cox received, Norwood figured in the ground plays that netted Ranger only five yards in a try for first down and on the fourth down with five to go, Ranger punted to Cisco's 34 yard line.

Cisco took to the air with Garner receiving a pass for a gain of 17 yards. A series of passes failed and Cisco kicked to Ranger but attempts by Ready and Norwood failed to produce for local team and a kick to Cisco resulted. Cisco worked up to the two yard line where Arterburn stopped the play on the fourth down. The ball went over to hanger who punted to Cisco with the receiver returning to Ranger's 38 yard line. Again the Cisco passing machine went into action but without producing.

At the beginning of the second quarter Ranger kicked to Cisco after failing to gain more than three and ground plays in one of which Blitch of Ranger was injured. Cisco put the ball in scoring position for Cisco and Johnson standing up. Garner kicked the extra point. In the same quarter Johnson again went over for a touch down to end the first half with a score of 13 for Cisco and 0 for Ranger.

The Rangers showed considerable fight in the beginning of the second half and held Cisco through the third quarter for no gain. Cisco kicked to Ranger and a series of passes and line plays failed to earn a first down so Ranger punted to Cisco. Tompkins and Johnson of Cisco carried for Cisco but not until the fourth quarter did they threaten to score.

In the fourth quarter Boyd of Ranger carried over for a first down for Ranger with the ball on the eight yard line. A Ranger fumble was recovered by Cisco. Through another series of plays and punts both teams failed to score until the latter part of the fourth quarter when Garner took a pass from Johnson and went over for the last touchdown of the game. The extra point was kicked making the score at the end of the game 20 to 0 in favor of Cisco.

## Hardin-Simmons Arizona To Play Saturday Night

ABILENE — With their toes already stubbed once this year, the Hardin-Simmons Cowboys will meet an undefeated Arizona University football team Saturday night in Abilene in what appears to be one of the most important battles of the season in the Border Conference. Hardin-Simmons is the defending champion while Arizona, with a total of 67 points scored in two games, is one of the two undefeated eleven in the conference. It will be the first league contest for each school.

With both coaches, Mike Castle and Warren Woodson, lamenting the fact that they consider the other team the favorite, both camps are busy preparing for a game that may determine in a large measure the success or failure for the season.

The game, too, is expected to provide an answer to the question of whether or not Hardin-Simmons, the only undefeated 1946 eleven in the Southwest, is as powerful as it was a year ago. The Cowboys, in losing to San Jose 19 to 12, were lowered in their prestige in the area and will have to subdue Arizona to regain some of the lost ground.

Arizona, twice defeated by Hardin-Simmons, comes to Abilene seeking revenge—and hopeful for the right start in the conference battle. Already second in the total offense of the nation—476 yards per game—they appear to have the power which may upset the Cowboys. The Wildcats boast of Art Pollard with a 45.4 yard putting average and Bill Smetana, accurate passer.

To match this offense the Cowboys have "Hook" Wilton Davis who has already returned two punts for 90-yard touchdowns and who has raced 296 yards back with nine pigskins—an average of 32.9 yards. Al Johnson, too, is passing with the accuracy of last year. Twenty times he has tossed for eight completions, and none of them have fallen into enemy hands.

In the line the Cowboys have the veterans Jack Ellison, guard, Red Cleveland, center, and Leon Cooper, tackle. Cooper and Ellison have been iron men in the Cowboy line while Cleveland has been unmatched on offense and defense.

Starting line-ups were Cisco: Packs, Lassetter, Johnson, Tompkins, and Garner; RE, King; LE, Collins; RT, Nobels; LT, Penn; RG, Moore; LG, Pollard and C. Harrelson. Ranger starters were LE, Blitch; LT, J. Roys; LG, Crum; C, McClendon; RG, Harrington; RT, Hinkson; RE, Ivy; QB, Arterburn; LH, Cox; RH, Ready and FB, Boyd.

Substitutes for Ranger were Norwood, Robinson, Crawley, Knappenberger, Smalley, W. Roys, and Horn. For Cisco, Gans, Hill, Daggert, Rutherford, Barnes, Moseley, Pollard, and Burkett.

## GILLORY LEADS LITTLE BOYS IN TEXAS' T

AUSTIN, Tex. (Sp)—Byron Gillory, who to most folks was an 18-year-old has been halfback for the Texas Longhorns a year ago, today is the hottest item among the nation's scabbacks.

In the 1946 season, the 149-pound speedster was winning such descriptive terms as "Little Lord Fumbleroy." Then, in 1947, Blair Cherry's re-styled Texas T-formation offense brought the small boys like Gillory a real opportunity.

This week, after three games and as many decisive victories, Byron not only has Longhorn backers whooping it up for him, but he has such cold statistics to lean upon as these:

(1) 192 yards collected on 15 attempts, for an average of 12.8 yards every time he has carried the ball. During six 1946 Southwest Conference games, he gained a total of 53 yards.

(2) He has teamed with T. Magician Bobby Layne on 8 passes for a total of 179 yards—and four touchdowns. This averages something like 22.4 yards every time Bobby has pitched to Byron.

In the entire 1946 season, he caught two passes for a total of 10 yards.

What's the main reason for this about face from '46' That's simple says Coach Blair Cherry. "In our wingback style of last year, the little boys like Byron, who is chiefly a runner, didn't have a chance. In the tailback position of this formation, you must have a versatile back and preferably a rugged boy."

"When opposing teams," Cherry continued, "saw Byron get the ball, they played immediately for a run, and Gillory generally found an eight-man line waiting for him. And when you weigh 149 pounds, and your 230-pound linebackers are going to cause some fumbles now and then."

"Now," Cherry pointed out, "in our T, the little boys have a chance. The quickness with which plays develop springs the scabbacks into the secondary, and that's all that Gillory needed."

You can get that last statement backed up by such authorities as Charlie Justice and Carl Snavely, the star and coach respectively, of last week's visiting North Carolina squad, and by Arnold Tucker, quarterback of Army's great 1944-46 teams and a visitor at the Tar Heel game.

Justice said: "Gillory's speed and shiftness really surprised me. I think he is easily as fast as Buddy Young."

Tucker likened Byron to his own Glenn Davis and said: "He contributed more to his team than any man on the field."

## HUMBLE'S CREWS TO AIR GAMES

Another exciting week-end of football broadcasts is in store for radio listeners, as Humble Oil & Refining Company's broadcasting crews cover every game on the Southwest Conference schedule.

Lead-off broadcast of the week-end is the Orange Bowl tilt between T.C.U. and Miami U. on Friday night. Charlie Jordan will be the announcer, with the broadcast due on the air at 7:05 p.m. over stations KATL, Houston; WRR, Dallas; KFJZ, Ft. Worth; KABC, San Antonio; KNOW, Austin; and KGKL, San Angelo.

Humble's broadcast of the season's second conference game, the match between Baylor and Arkansas, will start at 2:20 p.m. on Saturday. In the announcers' booth at Maco's Municipal Stadium will be Fred Kineaid, play-by-play announcer, and Eddie Barker, color man, describing the game over stations WACO, Waco; KTEM, Temple; KNOW, Austin; KMAC, San Antonio; KFJZ, Ft. Worth; WRR, Dallas; KRBC, Abilene; KGKL, San Angelo; KBST, Big Spring; KCRS, Midland; KOSA, Odessa; KIUN, Pecos; KROD, El Paso; KGVJ, Greenville; KRRV, Sherman; KFTL, Paris; KCMC, Texarkana; KFRO, Longview; KMHT, Marshall; KERR, Lufkin; KXYZ, Houston; KWBU, Corpus Christi; KVOP, Plainview; and KSST, Sulphur Springs.

The Texas University - Oklahoma U. broadcast will go on the air from the Cotton Bowl in Dallas at 2:20 p.m. on Saturday.

And Snavely blamed Gillory's great reception of a pass from Layne that covered half the length of the field as the thing "that turned the tide against us."

The new-found pass receiving talent has developed this year. Texas coaches attribute it to a returned confidence and resulting "looseness" on Gillory's part. And once he makes the catch, there is no more dangerous runner in the country, making the Layne-Gillory pass weapon doubly threatening.

Folks in Marshall have been expecting this to happen to "Pup" all along. They remember him as an all-state halfback on Marshall's fine 1944 schoolboy eleven. That nickname "Puppy", has an unusual beginning. Seems his dad is D. O. Gillory, and with those initials it was only natural to be called "Dog." His son, of course, is "Puppy."

Traveling with him at the left halfback post are two other dangerous backs, Billy Pyle and Perry Samuels, both sophomores. Gillory is only a junior himself, so Longhorn opponents can keep preparing for more trouble than ever from Texas' pint size griders.

las at 2:20 p.m. with Kern, Tips giving the play-by-play account, Alec Chesser will handle color on the broadcast, which will be heard over stations WFAA-WBAP (820 kc), Dallas - Ft. Worth; KPRC, Houston; WOAI, San Antonio; KRIS, Corpus Christi; KVAL, Brownsville; KTBC, Austin; and KGNC, Amarillo.

The Rice-Tulane game will be broadcast from the Owl's home stadium with Yes Box giving the play-by-play description and Bill Newkirk assisting on color. The program starting at 2:20 p.m., will be heard over stations KTRH, Houston; KRLLD, Dallas; KABC, San Antonio; KPAB, Laredo; and KRIO, McAllen.

The S.M.U. - Oklahoma A&M game will be broadcast starting at 2:20 p.m. from Lewis Field, Stillwater, Oklahoma. Jerry Doggett, handling play-by-play and Gene Heard, color, will share the announcers' booth, with stations WFAA-WBAP (820 kc.), Dallas-Ft. Worth; KHTT, Houston; KTSA, San Antonio; and KWFT, Wichita Falls carrying the broadcast.

At 8:05 p.m. play-by-play announcer, Bill Michaels and color man Gordon McClendon will be heard from Baton Rouge, where Texas A&M meets L.S.U. The broadcast will be heard over stations WFAA-WBAP (820 kc.) Dallas - Ft. Worth; KXYZ, Houston; KTSA, San Antonio; KRIS, Corpus Christi; KVAL, Brownsville; WTAW, College Station; and KFDM, Beaumont.

## Heartsease

by Elsie Glenn

The Angels  
I sat at my desk this morning and, as I often do, thought of many things; cabbages and king, "Brahm's Lullaby," and in memory heard once again the tinkling sound of an old music box playing "Flow Gently, Sweet Afton." I noticed the ultra modern fluorescent lamp above my desk.

How far . . . how very far . . . we have come, you and I, from the quiet life of yesteryear!  
The restlessness, the bitterness, the unsettled, dangerous conditions of the universe crushed in upon my heart.

I looked up, as one will, unconsciously, when one is troubled. A copy of the famous picture, "The Angelus" hung upon the wall. It seemed to me that I dreamed . . . and in the dream I stood, humble, among the tired peasants in the midst of the golden grain. It was late evening and the shadows crept across the field. All was quiet and riding the night air, a sound came; The Angelus . . . the Evening Call to Prayer.

"I am unworthy!"  
Yet I sank to my knees . . . and tried to pray.

The mist cleared and I looked at the white paper on my desk, felt the fountain pen in my hand. The voice of a radio announcer came clearly through the open

window:  
"The tension mounts between Washington and Moscow."

Penny Wise, Pound Foolish  
IRONTON, O. (UP)—George Hugger, Ironton jewelry store operator and former police judge, had burglary insurance for 34 years without any need for it. He allowed it to lapse. Then somebody tossed a brick through his store window and walked off with \$400 worth of jewelry.

### Rangers Ramblin's

By Ben Yung

The Ranger Junior College met in a joint assembly Wednesday morning to discuss the selection of an official school song, Mike Ready, president of the Student Council, presided. Wayne Royce, the chairman of the committee, presented a selection but no decision was reached.

Ranger Junior College wants a school song that will last as long as the school and longer. Therefore we are requesting that you, the citizens of Ranger take an interest in your school and give your suggestions to Wayne Royce. He may be reached at the College building or at the Veterans Apartments, Cyprus and Austin Streets.

Another of the matters taken up in the assembly was the extending of an invitation to the Freshmen class to attend a get-together sponsored by the Sophomores. The party will be held at Butler Springs, Friday night promptly at 6:30. Transportation will be provided for. So come on out all you freshmen and show the Sophomores your appreciation for their efforts.

The surprise of the meeting came when Dr. G. C. Boswell announced that in the near future the administration will be happy to match the enthusiasm of the students by sponsoring a party for the entire student body. As he has mentioned before, Ranger Junior College plans a full social schedule for the coming year. The student body shows all signs of co-operation and are ready to make this year one that will be outstanding in the years to come.

The International Relations Club was organized yesterday by

Mr. R. L. Willis. The club met and the following officers were selected: President—J. L. Howard; Vice-President—J. M. Maxwell; Secretary-Treasurer—Jack Littlefield; Reporter—B. Yung.

The purpose of the club is to gain knowledge by the study of International Affairs. The club promises to be one of the most interesting in college.

Plans are underway to buy a radio for the Chatter Box, social meeting place for the students. The radio will be purchased by popular subscription.

The student council will meet at 11:30 Friday, October 10, to discuss the annual, The Ranger, and to select the staff for the yearbook.

### NEWS FROM CHEANEY

Mrs. Joe Butler, who is a patient in the Ranger General Hospital, has been seriously ill but is reported to be improved.

Miss Maxine Perrin of Baltimore, Md., is here on a visit with her parents, Mr. and Mrs. Henry Perrin.

Mr. and Mrs. Jim Hester and baby, Ranelle, of Norman, Oklahoma, Mr. and Mrs. Frank Weekes and grandson, Joe, of Ranger, and Mr. and Mrs. A. H. Dean were supper guests Saturday night in the home of Mr. and Mrs. B. B. Freeman.

Mr. and Mrs. G. Y. Gillispie and son, Gladwin, of Goodlet are here at the bed side of his mother, Mrs. Joe Butler.

Other children of Mrs. Butler's here are her daughter, Mrs. G. S. Compton of Houston, La., and K. L. Gillispie of McCamey.

### Radio Static Calls Out Police

SAN ANTONIO, Tex., (UP)—When Police Officer Bob Martinez was informed by an alarmed citizen that burglars were ransacking an ice company, he coolly laid plans for a smooth capture.

He radioed for assistance, and three patrol cars converged near the building. A squad of officers got out of the cars and, with drawn guns, closed in on the building and cautiously entered. They found—only a small radio tuned to no particular station, but sending forth a din of static.

Mrs. J. B. Griffith is somewhat improved after her last illness.

Mrs. H. C. Harlan returned to her home in San Angelo last Thursday after having spent the last three weeks in the home of her sister, Mrs. J. B. Griffith, and family.

Mary and Frances Ferrell, daughters of Mr. and Mrs. F. E. Ferrell, have recently moved from Fort Worth to California.

### AAUW Honors President Here Thursday Evening

The Ranger branch of the American Association of University Women entertained Thursday evening with a dinner at the Chicken Inn honoring Dr. Pearl O. Ponsford, president of the Texas Division of the A.A.U.W.

Dr. Ponsford spoke on the highlights of the convention of the International Federation of Women held in Toronto, Canada, in August.

For the occasion, the table was attractively decorated with autumn leaves and flowers with candles spaced down the center.

Members and guests present were Misses Mildred Balch, Meta Ann Scott, Mary Bourdeau, Jo Oyler, Jennye Ruth Hooper, Lilla Jean Brown, Dora Jane Baskin, and Misses Joe B. Scott, Walter Daniel, Saunders Gregg, J. P. Morris, M. L. King, F. M. Kykendall, Ed Crawford, John Thurman, Hubert Capps, F. P. Brashier, Jr., Arthur Deffebach, Vernon Deffebach, Susan Hunt, F. E. Langston Lorene Rutledge, Mamie Ruth Hamrick, and Dr. Ponsford.

### P T A Meet In Dublin Attended By Ranger Woman

Mrs. Saule Perlestein has returned from Dublin where she attended a meeting of the Board of Managers of the First District of the Texas Parent-Teacher Association held there Wednesday, October 8.

The Home Demonstration Class of Dublin High School complimented the group at dinner the preceding evening and the DeLeon P.T.A. invited the group to breakfast at a downtown cafe.

Mrs. F. C. McConnell of the Hogg Foundation of Texas University and P.T.A. state chairman on high school service, discussed modern youth problems, not only with board members, but also with the students of Dublin high school.

Mrs. G. L. Hollan, president, presided at the meeting. Mrs. Perlestein is vice-president of three counties.

### New Era Club Meets Wednesday

The New Era Club met in the home of Mrs. E. R. Green, Wednesday, October 8, at 4:00 p.m. with Mrs. Arthur Deffebach, vice-president of the club, presiding in the absence of Mrs. V. V. Cooper, Jr.

In the business session, Mrs. L.

### Airport Activities

Speedy says--

An automatic flight recorder has been perfected which can detect possible dangerous airplane or pilot tendencies before they lead to accidents.

What the Flying Farmers in Oklahoma think about aviation: If you're not a Flying Farmer but would like to get some friendly information about how easy it is to start flying, write your State "Ag" College, or stop by the nearest airport. The fellows there will be pleased to talk over this business of flying.

Cliff Coffman, president of the Ohio Flying Farmers says: "I use my plane to call on my hybrid seed corn dealers and customers, whenever possible."

"Last Fall we arranged an airplane tour of the country for the soil conservation district supervisors to study the progress of and the need for more soil conservation practice. The tour was a great success. I also use my plane to take my farmer customers for rides over their farms. This proves very educational to these men."

Figuring out a weight manifest for a cargo of bees is one difficult chore. Deadweight, a bee weighs a certain part of an ounce; flying, a bee is weightless to the airplane. So how many bees would be sitting and how many flying when the plane took off? And if they flew, how much "bee power" could be converted into horsepower? The freight airlines get all kinds of problems now.

L. Bruce was elected corresponding secretary and Mrs. George Robinson was elected parliamentary of the club. Yearbooks, cleverly made by Mrs. Arthur Deffebach were presented to club members.

A delightful review of The Gauntlet by James Street was given by Mrs. Deffebach.

Refreshments were served by the hostess to the following club members: Misses M. H. Hagaman, L. L. Bruce, B. S. Dudley, Vernon Deffebach, W. F. Creager, George Robinson, J. L. Turner, W. W. Mitchell, A. W. Warford, Ross Richards, Lorene Rutledge, Evis Landers, and Arthur Deffebach.

### Clergymen Don't Overeat Pension Fund Reports

NEW YORK (UP) — The Church Pension Fund studied the salaries of 5,000 active clergymen in the Protestant Episcopal Church and reported that in 1946 they received an average stipend of \$3,450 a year, including a rectory allowance of \$450.

The organization found that half of the clergy drew salaries of less than \$3,000 and most drew less than \$4,000. Comparing the earnings with other groups, it reported that policemen draw an average of \$3,900 a year and skilled factory workers \$3,090 to \$3,500 a year.

### The Art Of Finding Oil

DAN KRALIS  
Lone Star Gas Company  
(One of a series)

In every well scientifically drilled there is usually a show of oil recorded. Whether or not a well can be put on a commercial production depends on the depth the oil was penetrated, the quantity and quality of oil, the geographical location and the market price.

A shallow well, less than 2000 feet, near a ready available market can produce profitably ten barrels of oil per day. A well eight thousand feet deep is considered a dry hole at ten barrels a day and must make 50 barrels or more a day to pay out. Most

land owners who have witnessed drilling operations on their land will usually see a show of oil. They should understand that every show of oil does not mean they have an oil well. There must be enough oil of the right quality to pay for the cost of drilling the well and bring in a profit.

One of the largest wells in the world was a well in Mexico drilled in 1916. It was called the Cerro Azu Number 4, and came in for two hundred and sixty thousand, eight hundred and fifty eight barrels within the first twenty-four hours shooting a gusher of oil six hundred feet high. This amounts to more than ten thousand barrels per hour.

If the land owner were being paid the customary one eighth royalty given in the Eastland vicinity this would have netted him over sixty thousand dollars the very first day.

Tomorrow—More about oil.

### Billboards Must Go In Oklahoma

OKLAHOMA CITY (UP) — Nature lovers who have fought billboard advertising for years have found a friend in State Highway Department Director H. E. Bailey.

Bailey has ordered commercial advertising signs cleared from all federal and state highway rights-of-way in Oklahoma in a move against "proven traffic hazards."

Billboards visible from state roads but located on private property are not affected by the order.

### Girl, 10 Takes Over Controls Of Plane

SAN DIEGO, Cal. (UP)—Ten-year-old Dixie Lee Bertolino amazed veteran airmen recently when she took over controls of a Piper Cub airplane after 45 minutes of flight instruction and flew the plane for 21 minutes.

H. D. Albright, Associated Airmen president, gave the tiny blonde child the instructions and then kept his hands off the controls while the girl flew the craft.

An accompanying ship verified that the child controlled the ship for the specified time.
