

Kansas Citizens Capture Bank Bandits

TWO CORNERED FEW MINUTES AFTER \$2,100 BANK THEFT

SEDGWICK, Kan. — Fast-shooting citizens of this central Kansas community caught a pair of bank bandits today, a few minutes after they had robbed the State Bank here of \$2,100.

Dan Grimwood, cashier, and R. E. Steffe, a local oil man, ran into the street, firing revolvers, as the bandits attempted to escape from the town.

Four shots struck the moving car. The bandits circled the block Grimwood and Steffe running after them shooting. Date Paff, a produce man, ran out with a shotgun as the bandits passed him. Paff fired and the bandits gave up at that point as Steffe came up with his gun to help Paff cover them.

The bandits had one gun but did not use it at any time. The robbery occurred at 9:45 a.m. One of the bandits entered the bank while the other waited in the 1941 car they had planned to use for their get away.

The bandit who approached Grimwood, carried a gun in his hand. He handed a check to the cashier. It bore no name of the depositor.

"Put all the money in the till in a bank sack," the bandit ordered Grimwood, "don't try any funny stuff."

"If they catch me, I'll reward you with death."

"That's a lot of boloney," Grimwood shot back.

"As soon as he was through the door," Grimwood said, "I grabbed two pistols from the bank vault. I tossed one to Steffe. We ran out the front door to the sidewalk."

"They were in the car, just pulling out."

Launch Attempt To Break Up Tropical Storm

TAMPA, Fla.— Man's first effort to break up a hurricane was launched today when three army planes took off from MacDill Field to drop dry ice on the diminishing center of a tropical storm over the Atlantic.

Two B-17's were loaded with dry ice pellets to drop into the storm while a Superfortress, B-29 carrying Army and Navy personnel, photographers and General Electric scientists, went along to record results of the experiment, known as "operation cirrus."

The planes took off at 8:15 A. M. EST, it was announced by MacDill Field Public Information. They were due to return some time this afternoon.

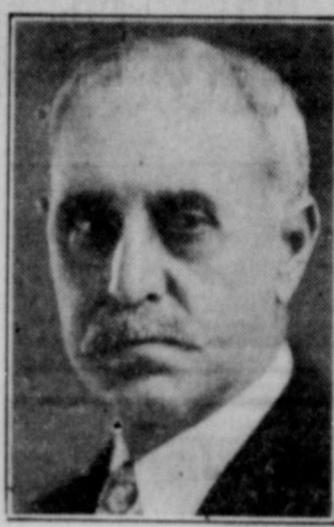

Girl Killed In School Bus Crash

KANSAS CITY, Mo.—A 5-year-old girl was thrown from a careening parochial school bus today and her head crushed when the vehicle overturned after the brakes failed to hold it on a hill in the southeast part of the city.

OBSERVES BIRTHDAY

M. H. Hagaman

FIRST MAYOR OBSERVES HIS BIRTHDAY SUN.

M. H. Hagaman, Ranger's first mayor and one of the builders of Ranger, celebrated his birthday at his home on Tiffin Road Sunday.

Mr. Hagaman came to Ranger long before the oil boom and in his younger days was a teacher in the schools for a number of years. Giving up the school teaching profession, he went into farming and ranching and is still active at his ranch which has been his home for many years.

When the boom came along, Mr. Hagaman with other civic minded citizens set to work to incorporate the town and plan for its future. After the town was incorporated he was elected mayor and during his administration many of the first improvements in Ranger were accomplished.

With him Sunday for the celebration were the following members of the family, Mr. and Mrs. Leslie Hagaman, of Ranger, Mr. and Mrs. Fred Hagaman of Conway, Mrs. Ruth Horrigan and Pat Horrigan of Borger, Mr. and Mrs. Carey West of Breckenridge, Mr. and Mrs. Sam Butler of Eastland and Denver, Colorado, Miss Betty Ann Long of Conway, Betty Lou Hagaman and John Leslie Hagaman of Ranger and his wife, Mrs. M. H. Hagaman.

Floral decorations for the occasion were gifts from friends and relatives.

Mission Off On Missile Search

EL PASO, Tex. — A reconnaissance mission was reported ready to set out today from the Mexican garrison at Colonia Cuadalupe to search for traces of a mysterious missile which flashed across the sky yesterday and exploded in the Mexican desert.

The search was expected to solve the mystery of whether the object was man-made or a meteorite.

Granddaughter of Ranger Couple Is Aggie Queen Bee

Miss Nancy Chambers of Dallas, granddaughter of Mr. and Mrs. Colonel Brashier, has been selected by Texas A&M College freshmen to reign as their "Queen Bee" at the Aggie-TCU "B" teams' football game at Farrington Field in Fort Worth Wednesday night.

Miss Chambers, a freshman at the Aggies' "sister school," Texas State College for Women in Denton, was picked after a committee of judges visited the TSCW campus recently, primarily to select the Aggie's queen for the TCU-A&M varsity game here Saturday.

Bill T. Thompson of Saginaw, an Aggie freshman, has been chosen to escort Miss Chambers to the game and onto the field at the half, when she will be presented a bouquet of roses. The TCU Horned Frog band will play before and after the presentation.

Miss Chambers was born in Fort Worth, but attended school in Dallas through her sophomore year at Highland Park. She attended San Marcos Academy at San Marcos during the past two years.

The attractive brunette is five feet, five inches tall and weighs 128 pounds. She is the daughter of Mr. and Mrs. W. E. Chambers of Dallas.

The game Wednesday evening will open official A&M Week in Fort Worth.

A. H. Powell In Race For City Office

Lester Crossley stated today that A. H. Powell later Saturday filed his name as a candidate for the position of finance commissioner of the city of Ranger. Saturday midnight was the deadline for filing.

This makes three now in the race with Calvin Brown and C. C. McKeever having filed earlier.

The election will take place Saturday and was called by the city commission to fill the vacancy created by the resignation of L. L. Bruce.

Eastland Rites For Mrs. Ferris This P. M. At 4

Funeral rites for Mrs. J. E. Ferris, 53, of Carbon, who died Sunday at a Gorman hospital, will be held this afternoon at 4:00 o'clock at the Church of Christ in Eastland with the pastor, Claud C. Smith officiating. Interment will be in the Eastland cemetery.

Survivors include the husband and one daughter, Mrs. Nell Ruth Mason of Gorman.

The deceased was born at Carbon June 28, 1894.

Powdered coal with an ash content of 15 per cent can be cut to a 1.5 per cent content, before it reaches the furnace, by a new electrostatic process.

Baylor Defeats Arkansas

CONVENTION DRAWS ABOUT 1,500 PEOPLE

A crowd estimated at about 1,500 people was present during the week-end for the convention of the Eastland County Singing Association in Ranger. It was stated that the Recreation building was crowded to capacity.

The session opened Saturday night and guests were welcomed by State Representative L. R. Pearson. He was introduced by J. E. Meroney who presided at the meetings. At the close of the convention Dr. A. K. Wier expressed the appreciation of the association to all who had any part in making it such a success. Dr. E. R. Green offered the opening prayer.

Pirtle Robinson, president of the association, today expressed his thanks to those who assisted in planning for the convention, including the Chamber of Commerce and R. V. Galloway, manager, the city commission, merchants and business men, the schools, churches, Lone Star Producing company and the Methodist church, which furnished additional chairs and the Ranger Daily Times for the publicity.

It was stated that the next convention will be held in Cisco on the second Saturday and Sunday in January.

Among the many singers and quartets that were here and contributed music were Stamps-Baxter Mixed Quartet, Stamps Music Co., Quartet, Stamps Office Quartet, oil of Dallas; Bill Huggins' Quartet of Brownwood, a representative of the National Music Company in Fort Worth, Homer Hafford's quartet from DeLeon; Ray Spradlin's quartet of Caddo; Spurgeon Ball quartet of Graham; Silas Clarke quartet of Abilene; Stanley Webb quartet of Cisco; Clyde Fixer quartet of Eastland and a quartet directed by Lonnie Mayhall of Ranger and Rev. Hallenbeck of Eastland. Some of the best directors in the state were present. There were a number of duets and singers from all over the state and some from Oklahoma also attended.

Democrats Win Italian Majority

ROME—The Interior Ministry announced today that Roman municipal election votes from the first 150 to 1,223 precincts gave the Christian Democrat party a slight edge over the peoples bloc, comprising Communists and Left-wing Socialists.

In the first report of election results, the Interior Ministry said it could not at the moment give precise totals for the 150 precincts.

The ministry gave the order of placement in the first count as Christian Democrats, people bloc, common man, Republican party, the Italian social movement, and the right wing Socialists.

James Metcalf On Debate Team

SAN MARCOS, Oct. 12—James Metcalf of Ranger is among the 32 students at Southwest Texas State College who have been picked to represent the school on its debate teams.

Under the direction of Dr. Elton Abernathy, head of the Speech Department, the debaters have been divided into two groups depending upon the amount of speaking they have had. Plans call for a series of intramural and inter-school debates which will begin soon.

JAYCEES MEET TONIGHT

The regular meeting of the Junior Chamber of Commerce will be held tonight at 8 o'clock in the Blue Room of the Gholson Hotel. All Jaycees are urged to attend.

Texas Wins Over Oklahoma

The Texas Longhorns continued their march against all opponents by defeating the Oklahoma Sooners by a score of 34 to 14. The game was played in the Cotton Bowl in Dallas before a record crowd. No. 26, Mitchell, Oklahoma, (nearest camera), spark-plug of the O.U. team, lets one slip through his fingers. (note ball off his right knee). The fumble was recovered by Ed Kelly No. 70, Texas U. tackle. Other players are: No. 86, Daie Schwartzkopf, Texas end; No. 68, Danny Wolfe, Texas guard; No. 50, Joel Williams, Texas center, and No. 70, Dee Andrus, University of Oklahoma guard. (NEA Telephoto).

Young Mexicans Pledge Aid In Hunger Battle

WASHINGTON — President Truman today received from 12 young Mexican cadets new assurances of Mexican friendship with this country and a pledge to join the United States in the battle against world hunger.

The cadets from the Mexican Military College called on Mr. Truman to return a visit made recently to Mexico City by a group of cadets from the U. S. Military Academy at West Point.

The Mexican cadets were invited to this country by the President. They assured him of growing friendship between the two nations.

Lt. Col. Salvador Galindo Ruiz, in charge of the cadets, delivered to the President a written message from Mexican President Miguel Aleman, who was Mr. Truman's host in Mexico last spring.

Then, speaking through an interpreter, the Mexican Army Officer told Mr. Truman that "The Mexican people stand ready to fight with you to lick the hunger in the world, as well as any other danger."

In the history of America, only one person has been executed by the ancient torture method of being pressed to death. Giles Cory paid that penalty during the Salem, Mass. witchcraft persecutions 255 years ago.

While Shackleford County Judge I. M. Chism (extreme right) looks on, Dr. George W. Cox, State Health Officer signs approval of the first application for hospital construction under the new State Hospital Plan which is made possible by Federal assistance. Shown with Dr. Cox and Judge Chism are J. Carter King, Mayor of Albany, and Miss Ollie E. Clarke, Manager of the Albany Chamber of Commerce.

Well... I Dunno, But...

We have never been able to understand why people deliberately destroy property belonging to other people and to the public. But they do and we saw one of the worst cases of it this morning that we've ever beheld.

Eleven cushions of seats in the Arcadia theatre have been mutilated with a knife until a complete job of upholstering will be required. One row of seats had all the screws removed Sunday night. An attendant at the theatre told us that it took all week to repair damages done over the week-end.

Of course, it's against the law to destroy property but catching them in the act is required before prosecution can take place. While the management is sure that the damage is being done by school age people, it seems hopeless to do anything about it unless the real culprits are caught. B. E. Garner, manager of the theatre stated this morning that coaches and school officials are cooperating in every way possible but apparently the offenders are not moved by an appeal to stop doing such things.

But perhaps parents could do something about it because whoever it is guilty of such wanton destruction is somebody's son or daughter. Maybe it would be a good idea for parents to question their children and caution them about such things.

Policemen are working on the case but naturally anybody that would do a thing like that would be wary enough to refrain from such activities with policemen trailing or sitting around.

In case at the Arcadia is not the only one. We often see other evidences of vandalism that costs the other fellow. Such as buildings that have been written upon.

We have a notion that if people inclined to destroy other people's property, had some of their own destroyed that they'd be holier than gosh than they are.

Too, if those that do such had to foot the bill for repairs it might get results about getting it stopped.

To say the least, it's a fine come off when a business is constantly busy at repairing destruction, deliberately and intentionally a n d w i t h f o r - t h o u g h t w r o u g h t.

Too, parents might save themselves some embarrassment by investigating their own children and warning them of consequences before someone else catches them and turns 'em over to police.

Claim Bevin's Life Threatened

LONDON —The Exchange Telegraph News Agency reported today that Scotland Yard had uncovered a plot to kill Foreign Secretary Ernest Bevin.

A Scotland Yard spokesman, when questioned about the agency's report, said that "we have not uncovered any plot against Bevin's life."

Exchange Telegraph said fully armed guards from the Yard had been added to Bevin's Security staff.

The agency said a special check was made on all correspondence and parcels arriving at the foreign office and at Bevin's home during the week-end.

The information came from Scotland Yard, the agency reported.

Paper Drive Nets 13,000 Pounds

James P. Morris, president of the Junior Chamber of Commerce, announced this morning that the paper drive Sunday netted them about 13,000 pounds.

This is about the same as was gathered in the last drive and will probably net the club about \$88. The paper has already been loaded and sent to the purchaser.

It was stated that a few bundles were overlooked through one cause or another but there will probably be another drive when the paper can be collected.

the first, best thing the human heart desires: the college degree, the executive position, the ranch stocked with blooded cattle, whatever it is we wish for and cannot get. It's difficult indeed to turn and walk away from the shinning dream because it is beyond or grasp; yet life and circumstance sometimes decree that the first, best thing is not always available for those who wish it.

Many an embittered, broken life could have been happier, less accursed, more bearable if those people could have seen the wisdom of turning the hand to the next best thing. It's hard to eat at the second table of life . . . to have the chicken neck and gizzard for daily fodder rather than the white meat.

It's hard to know that a God given talent . . . the power to heal the sick, the urge to write, to paint, to do something fine and wonderful . . . must lie idle because one cannot develop it. To know that others, who had the opportunity, the means, have gone ahead . . . doing the thing we could have done in such glory . . . doing perhaps not half so well as we could have done . . . knowing that we are digging ditches, or doing accounting, or something else, we may despise . . . those hard and galling and they can sap the life and the desire to live out of us . . . if we let them.

Those who are wise . . . if they wish any semblance of dignity. Traffic volume is one fourth less at night than during daylight hours.

Scenes Of Old
Sod Delight
New York Irish

NEW YORK (U) —The Rev. Dan Gleason with his movies of County Monaghan in Ireland is one of the most popular men around New York today.

When Father Gleason went back on vacation to the county where he spent his childhood, he took along a movie camera and rolled off 2,000 feet of film of the scenes that were dear to him. He and his movies are in great demand among the Irish of New York.

Sometimes, during the one hour and 45 minute program, a Monaghan County man in the audience, long from the old country —will shout: "Hay, look, there's Mashone Gilhoney—digg'in' potatoes." Father Gleason explained that he turned the camera on any scene or any person who seemed interesting to him, and at nearly every showing someone recognizes friends or relatives. Often, a man will see his parents for the first time in 20 years, Father Gleason said.

Traffic Slip Backfires
On Business Deal

AUSTIN, Tex. (UP) — One Austin firm is definitely annoyed at a policeman who cost the company \$3,000 in a business deal. An out-of-town prospect told the traffic bureau had just placed an order with the firm. He walked out to his car, where he found a pink parking ticket. He turned around and cancelled the order. He was going to San Antonio, he said, "where they don't give me tickets."

Youth Takes 15 Cars in 2 Weeks; Mother Blamed

HOUSTON, Tex. (UP)—A Houston mother assumed blame for her young son's theft of 15 automobiles in three weeks, but it took a psychiatrist, five priests and the county probation officer to learn the reason for the boy's actions.

The psychiatrist decided the youth stole the cars in a subconscious effort to free himself from his mother's apron strings. The gray-haired, strong-willed mother had told her 16-year-old son he could not drive the family car until he was 18.

The father occasionally permitted his son to drive the car without the mother's knowledge, but this soon ended and the youth, a model student in school, began leading a double life.

Judge Glenn A. Perry said the boy was a neglected youth and not a criminal type. He put him on probation until he is 21 and ordered him to surrender his driver's license for six months.

The family is fairly prosperous and the parents are deeply religious. The mother promised to let her son lead a more normal life.

When You Buy Real Estate—

... you not only buy the land and all that's attached to it above and below, but some kind of a title—good or bad. The abstract is a written history of the title and is the evidence of your security or insecurity. Since security is the basis and measure of all land values the abstract becomes the most important factor in every real estate transaction. Always demand an abstract when you buy real estate.

New Method Found To Cure Ulcers

MADISON, Wis. (UP)—A cure for stomach ulcers which involves the cutting of certain stomach nerves is described in the latest issue of the Wisconsin Medical Journal.

The operation reduces excess acid production in the stomach, which causes ulcers. It was described by Dr. Louis Kretschmar, Milwaukee, who cited eight cases in which operations of persons suffering from ulcers for three to 27 years had left them free of any symptoms of the affliction.

The patient may get out of bed the day after the operation, he said, and after four or five days there are no diet restrictions.

Miss Cook, Mr. Herrington Are Married In Ceremony Saturday

In a ceremony performed at the home of Mr. and Mrs. Max Ohr, Saturday, October 11, at 4 o'clock in the afternoon, Miss Sybil Pauline Cook of Ranger, daughter of Mr. and Mrs. Artist Cook of Merkel, became the bride of Mr. Joe D. Herrington, son of Mrs. Bert Herrington of Fort Worth, and grandson of Mrs. B. F. Herrington of Ranger. Rev. David C. Ham, pastor of the First Baptist Church, read the single ring ceremony, and Miss Betty Reuwer at the piano played "I Love You Truly" and the traditional wedding march.

The bride chose for her wedding an aqua wool suit with white and black accessories. Her shoulder corsage was of five vanda orchids.

Miss Betty Joyce Cook of Merkel, sister of the bride, was maid of honor. She wore a grey tweed suit with green accessories and a corsage of white gladioli.

Jinks Murphy of Odessa attended the groom as best man. At a short reception immediately following the ceremony, the table was covered with a lace cloth and centered with an arrangement of white pom pom cymathemums in a crystal bowl.

At one end of the table was the three tiered wedding cake topped with a miniature bride and groom under an arch. Miss Lillie Faye Pounds served the cake and Miss Zaida Faye Stephen presided at the silver coffee service.

Others in the house party were Miss Ouida Brown, Mrs. Morris A. Campbell, and Mrs. Jack Elwood. Mrs. Herrington is a graduate of Merkel High School and is now manager of the Western Union office here.

Mr. Herrington attended school at Caddo and Stephenville and is now employed by the Superior Oil Company at Odessa. After a short wedding trip he will return to Odessa and will be joined there by Mrs. Herrington soon. Members of the two immediate families and a few close friends were present for the ceremony.

week-end guest of her parents, Mr. and Mrs. O. G. Lanier.

Mr. and Mrs. W. A. Searle spent Sunday in Wichita Falls.

Mrs. Gwen Meacham of Dallas has been the guest of her sister, Mrs. David D. Pickrell, and Mr. Pickrell over the week-end.

Hospital News

Mrs. J. W. Hampton is reported to be critically ill at the Ranger General Hospital. She was stricken about a week ago and has been unresponsive a good part of the time since.

British Editor To Be On Air On WFAA Sat.

DALLAS, October 13 —"Post-War Problems of a British Newspaper Editor," will be related by Charles Eade, London (England) Dispatch editor, during a special Hometown Editor program at 12:30 p.m., Saturday, October 19, from Station WFAA—570.

Addressed exclusively to Hometown Editor Texas listeners, Mr. Eade will tell how British newspaper editors have developed a new style of news condensation to overcome the handicap of shortages in newsprint. He will also point out that British newspaper readers and their tastes, when it comes to enjoying a good news or sports story, are remarkably sim-

Personals

Mrs. Dick Fox was a medical patient in the West Texas Hospital during the week-end.

Mr. and Mrs. A. B. Richardson of Odessa visited her parents, Mr. and Mrs. M. A. McGee, Saturday before going to Dallas to attend the State Fair.

Mr. and Mrs. L. E. Wolfe had as guests Sunday, Mr. and Mrs. J. A. Hillis, Jr., and his father, Mr. A. Hillis, Sr., of Fort Worth, Mr. and Mrs. E. S. Rogers and daughter, Evelyn, and Miss Robina Moore of Abilene, and Mr. and Mrs. Jearl Wilks of Rotan.

Mr. and Mrs. Max Ohr and Mr. and Mrs. Morris Campbell were in Honey Grove Saturday night and Sunday visiting relatives there.

Mr. and Mrs. M. A. McGee visited in Stephenville Sunday.

Miss Mary Allen Lanier who is teaching in Menahans was the

Happy Hour Club To Meet Wednesday

The Happy Hour Club will meet Wednesday at 12:30 o'clock in the home of Mrs. Clara Ivy who will be assisted by Mrs. Eula Blackwell. All members are invited to attend.

MOTHERS TO MEET TO DISCUSS PLANS

All of the mothers of Hodges Oak Park Parent-Teachers Association are asked to meet at the school at 3 o'clock Tuesday afternoon to discuss plans for the Halloween Carnival. Any other mothers interested in helping with the carnival are invited to meet with them.

Never a Ring is Christened

Identify Keepsake by the name in the ring, and the words "guaranteed perfect gem" on the top. Let comparison prove that a Keepsake gives you higher quality and greater value than an ordinary ring of the same price. We are proud to display Keepsake Matched Sets in a wide range of styles and prices.

WEATHER SET \$32.50
Engagement Ring \$30.00
Also \$100 to \$275 and
in platinum \$200 to \$450.

All rings illustrated available in white or with an optional gold band. Rings engraved to show details. Prices include Federal tax.

ilar to Texas readers. Mr. Eade's paper has an amazing circulation of almost 3,000,000 throughout the British Isles, Scotland and Ireland. Bert Haling, radio's Hometown Editor, reads items regularly from The Dispatch with favorable comment from Texas listeners.

Mr. Eade was press and radio advisor to Lord Louis Mountbatten in the Pacific Theater of War, and has just supplied the former Prime Minister Churchill's war time speeches. His previous appearance on the Hometown Editor series was during the London Blitz, when he gave a dramatic account of publishing a newspaper under enemy fire.

ST LOUIS, (UP) Dr. Charles A. Thomas, atom scientist, believes the dreaded bomb can work for peace. His idea is that atomic energy can be used to make the world a better place to live in. It could end food and other shortages, he says, and thus by ending fear could bring nations to agree on controlling atomic power.

Says Atom Bomb Can Aid Peace

Thomas, research director for the Monsanto Chemical Co., said the delay in agreeing in inter-

national control of atomic energy is preventing the development of peace-time use "we do not even suspect exist."

The disagreement among nations, he said, has stressed the terrors of the atom bomb at the expense of benefits to be deriv-

ed from it. "Application of atomic power can usher in an age of spectacular production," Thomas said. "Eliminate scarcity and you not only raise the standard of living, but you also eliminate the fundamental cause of war—scarcity."

AMERICA'S GREATEST POSTWAR MOTOR CAR VALUES!

The KAISER and the FRAZER

—AND THE LUXURIOUS NEW FRAZER MANHATTAN

READ WHAT TYPICAL KAISER AND FRAZER OWNERS SAY ABOUT THE VALUES THEY GET FOR THEIR MONEY

Exceptional Gas Mileage—"My Frazer has performed beautifully in the mountains. On exact test it delivers over 18 miles per gallon on mountain driving."—From a Greensburg, Pa., Manufacturer.

Ease of Control—"My Kaiser is the easiest car to handle that I have ever driven—and I have given it some pretty hard tests in snow and mud."—From an Inkster, Mich., Factory Worker.

Amazing Performances—"I average about 2,000 miles a month, mostly in the lumber country where the roads are plenty rough and rugged. The performance of my Frazer has not only satisfied me—it has amazed me."—From a Los Angeles, Cal., Lumberman.

Comfort—"For riding comfort, roominess, visibility in driving, ease of handling, and pick-up, my Kaiser is better than any car I have ever owned or driven. I have driven it 6,000 miles."—From a S. Hadley Falls, Mass., Architect.

Quality Construction—"Having been a fleet truck operator for 15 years, I feel qualified to say that the component parts in my Frazer are the best to be obtained. Car can't be beat for comfort and smooth handling. It's a pleasure to highly recommend it to interested prospects who ask me about it almost every day."—From a Greensboro, N. C., Wholesaler.

Dependability—"I have driven my Kaiser 16,000 miles in just 16 weeks with practically no time out. It is my most important piece of equipment in traveling eleven southern states."—From a Dallas, Tex., Salesman.

Economy—"I now have 13,024 miles on my Frazer. I have the nicest riding car I ever owned and as for economy—well, I get as high as 25 miles to the gallon with the over-drive!"—From an Ida Grove, Ia., Real Estate Man.

Service—"Just returned from a 3,498-mile trip through Tenn., No. Carolina, So. Carolina, Ga., Fla., Ala., and La., and found Kaiser-Frazer dealers everywhere courteous, efficient and happy to have us stop—although we really did not need service. Thanks to our Kaiser, we had a perfect trip."—From a Stuttgart, Ark., Housewife.

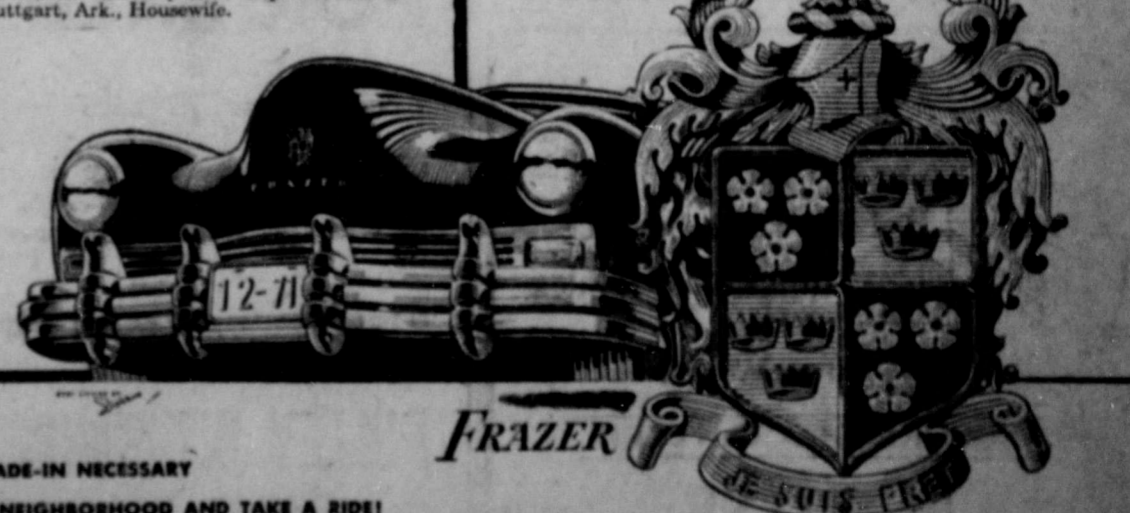

The famous emblems pictured here identify two automobiles that are America's greatest postwar motor car values! You will see them everywhere because there are now more than 95,000 KAISER and FRAZER owners—and every month an additional 14,000 to 15,000 smart people who know values, snap up Willow Run's current production.

It is not surprising that Kaiser-Frazer has never yet been able to build enough KAISER and FRAZER cars to fill the demand. For the word has spread that these cars are priced "right"—that nowhere else can you find such postwar value! Take a look at what our owners say they are getting for their new car dollars! Some of their voluntary statements are in the lower left-hand corner of this ad. These quotations are typical of thousands just like them on file at the factory.

If you are interested in the best possible investment of your personal transportation money come and see these cars! Drive either one! Then you be the judge. You will say that you never enjoyed such a ride before—in any car at any price!

And—another nice thing—Willow Run is producing 3 cars every 2 minutes. We are getting our share and are delivering now!

Both cars are serviced with genuine factory parts—wherever you go—by one of the four largest automobile dealer organizations in the world.
