Truman Asks More Funds For Air Force

STUDYING PLAN FOR COUNTER COMINFORM

WASHINGTON (UP) April 8.—John Foster Dulles, Republican foreign policy adviser, was reported today to have proposed that the western powers set up a "Counter-Cominform" to combat the growth of Communism in Europe.

Dulles was said to have talked over the project recently with Secretary of State Marshall, Ambassador Douglas and other high state department officials. It would be the western reply to the Communist Information Bureau recently established in Belgrade under Soviet auspices to foster the Red cause.

Dulles proposal, now under study by the state department, is understood to follow the general lines of the ones suggested recently by some members of Congress.

One project under study in Congress calls for U. S. financial help for non-Communist underground groups in such-satellite countries as Romania, Hungary and Czechoslovakia. Some congressmen favor similar action in Communist-threatened France and Italy.

Palestine Plan Would Exclude Russia

LAKE SUCCESS, N. Y., Apr. 8 (UP)—Foreign sources reported today that the American plan for United Nations trusteeship over Palestine would exclude Russia from any voice in governing the Holy Land.

The sources said the United States was working toward a United Nations trusteeship program which would place American, British and French representatives on the principal governing body of Palestine. The three powers would keep their seats for about five years, according to the report.

The diplomatic sources said that Egypt, Iraq, Saudi Arabia and a fourth Arab state already had indicated privately to Washington officials that they would accept the American formula.

It would in effect confine Jews to majority rule in about 1,700 of Palestine 10,000 square miles the sources said, and permit Jewish immigration of about 3,500 a month for a five year period.

There was no official verification of the report.

Believe Lewis May Give Back To Work Order

WASHINGTON (UP) April 8.—Government labor experts speculated today on the chance that John L. Lewis might order his striking coal miners back to work this week in an effort to forestall contempt of court action.

They said the government had put Lewis "on the spot" yesterday when it obtained a court order directing him to explain next Monday why he has not obeyed an earlier order to end the 25-day old strike.

Federal Judge T. Alan Goldsborough said Lewis would go on trial for contempt next Wednesday if he cannot give a satisfactory explanation at the Monday hearing.

Workers Asked To Turn In Red Cross Money

Mrs. J. Floyd Killingsworth, Ranger chairman of the Red Cross funds drive, today asked that all funds be turned in her not later than tomorrow.

Meeting Called To Arrange For Singers Meet

A meeting of the committee on arrangements for the West Central Texas Singing Convention which will be held in Ranger April 17 and 18 has been called for Friday afternoon at 5 o'clock at the Chamber of Commerce.

Those who are asked to meet Friday are Dr. A. K. Wier, Lawrence Bryan, Charles P. Ashcraft, Tom Cunningham, B. B. Brummett, Lowe Wallace, Shell McDowell, Joe L. Scott, Paul Hunt, James Parks, J. E. Moneys, Joe N. Graham, Elmer Blackwell, R. J. Rains and any others who are interested in making the convention a success.

The convention sessions will be held in the Recreation building, beginning Saturday night and running through Sunday.

It was stated today that no funds will be solicited for the convention as almost enough was left from last year's meeting of the Eastland County Association in Ranger to take care of all expenses.

Credit for getting the convention for Ranger is given to E. P. Robinson, president of the Eastland County Singing Association and it is expected that it will draw the largest crowd ever to attend such a meeting in Ranger. Quartets from all over the state have been invited.

Will Modify Anti-Communism Resolution

BOGOTA, Colombia, April 8 (UP)—Chilean Delegates Juvenal Hernandez said today that he was prepared to modify his anti-Communist resolution calling for suppression of Communist activities in the western hemisphere.

Delegates to the ninth Inter-American Conference still are discussing the Chilean proposal. It is expected, however, that at least a week will pass before the matter is brought before the conference formally.

Hernandez said in an interview that he would oppose a "controversial law against Communism" although he still considered Communism a threat to the hemisphere.

He said his aim would be to obtain a "declaration of a general nature showing American solidarity in defense of the Democratic way of life."

Arabs Capture Vital Village

JERUSALEM, April 8 (UP)—Two thousand Arabs stormed and captured the village of Kastel on the vital highway between Jerusalem and the coast today.

The fall of the fortified village just outside Jerusalem to the west gave the Arabs a strategic control on the lifeline of the Jewish inhabitants of this city.

Kastel fell after a four-day battle. The Arab assault force drove an estimated 100 Haganah men back into the Jewish settlement of Moza Arza nearby.

An official accounting of casualties was lacking. Five Arabs were seen killed by a correspondent who witnessed the Arab charge. The bodies of five Jews were found in the debris.

Public Invited To Open House At New Building

The Lone Star Producing Company will hold open house Friday night from 7 to 11 o'clock in the new production department's headquarters building in Eastland.

Stassen Takes Wisconsin Primary

U. S. Senator Joseph McCarthy, left seated, and Victor A. Johnston, Stassen state campaign manager, center seated, at the Stassen for President Headquarters in Milwaukee, celebrate the victory in the Wisconsin primaries. (NEA Telephoto).

4-H Club Boy Gets Additional Pay For Animal

At the recent Eastland County Livestock Show held in Cisco, it came to the attention of the Ranger Chamber of Commerce that prices paid for animals belonging to 4-H boys at Morton Valley had not brought as high a price as that paid for Ranger boys' animals.

Feeling that they should have had the same price as others, the Chamber of Commerce made up the difference for one boy and have mailed him a check to cover the amount.

Following is the letter which accompanied the check: Mr. Douglas Williamson, Route 2, Eastland, Texas.

Dear Douglas: The Chamber of Commerce of Ranger has been very much concerned about the price you received for your 4-H Club calf at the stock show recently held in Cisco. We feel that all 4-H Club boys should have received 40 cents per pound for their calves considering the price of feed being so high which each of you have had to purchase.

The Ranger chamber of commerce made up sufficient money to take care of the Ranger boys. You live near Morton Valley and we feel that half of Morton Valley belongs to Ranger and half to Eastland. The Chamber of Commerce has discussed this in detail and decided to make up sufficient money to bring the price of your calf up to 40 cents. In this way you will have received the same price as the Ranger boys.

We are passing a copy of this letter to the Eastland Chamber of Commerce and asking that they make up a sufficient amount whereby your brother's calf will bring 40 cents also. We feel that when the Eastland Chamber of Commerce gives this their consideration they will feel as we do and will do as we have.

The Chambers of Commerce of Eastland County are very proud of all you boys who participate in 4-H Club work and contests and you are our future farmers and stockmen.

We are mailing you this small token of \$73.80 as a compensation for your efforts and our appreciation of your participation in this great program.

Yours very truly, R. V. Galloway, Manager Ranger Chamber of Commerce

Fort Worth Livestock Cattle 950, Yearlings active and strong, low grade cows weak other classes steady. Medium and good slaughter steers and yearlings 23.00-27.00. Common and medium cows 17.00-20.00.

Calves 250. Mostly steady. Good and choice slaughter calves 25.00-29.00.

Hogs 800. Butcher hogs and sows mostly 50 lower than Wednesdays average, stocker pigs steady. Top 21.75 paid sparingly, most good and choice 190-260 lbs 21.50.

Baseball Schedule For First Half Of Present Season

George Parrack and C. W. Friday attended a meeting in Fort Worth, Wednesday, April 7, of representatives of the Brazos Valley Baseball League, as representatives of the Eastland club, which is a member of the League.

At the Fort Worth meeting Parrack and Friday received the schedule for the Eastland club for the first half of the present season.

The Eastland club has posted with the Brazos Valley League \$75.00 in cash. Ten dollars of this goes to a fund to be divided between the two winning teams at the close of the season. Fifteen dollars of the cash will go to a fund to pay the expenses of printing rules and regulations and for a stenographer.

The balance of \$50.00 of the \$75.00 posted, will be used as forfeit money when a team fails to play a scheduled game.

Following is the schedule of the Eastland club for the first half of the season:

April 25, Eastland at Dublin. May 2, Eastland at DeLeon. May 9, Weatherford at Eastland. May 16, Mineral Wells at Eastland. May 23, Strawn at Eastland. May 30, Dublin at Eastland. June 5, DeLeon at Eastland. June 13, Eastland at Weatherford. June 20, Eastland at Mineral Wells. June 27, Eastland at Strawn.

Moon Makes Its Debut On Television Show

PHILADELPHIA (UP)—The first of a series of television-telescope pictures of the moon has been broadcast from Franklin Institute.

Believed to be the first attempt to televise celestial bodies, the institute reported that a 100-power enlargement of the moon was broadcast over the National Broadcasting System's television network for 30 seconds.

The broadcast was performed by attaching an ordinary television camera to the institute's huge telescope. The enlargement was confined to 100-power so that the entire moon would appear in the

Storms Take Four Lives

CHICAGO, April 8 (UP)—Residents in northern Illinois and Indiana today began clearing away rubble left by tornadoes which skipped through several communities and killed at least four persons.

Program For Navy Reserve Is Announced

C. E. May, Jr. of Ranger, volunteer reserve Naval recruiter and training instructor for this area, announced today a schedule of cruises and training for reserve personnel for the summer.

He stated that cruises of two weeks will be taken on Destroyers from New Orleans to Caribbean ports and cruises will be leaving other Gulf ports on PCE's.

Six weeks cruises will be taken on ships leaving Norfolk, Va., bound for some foreign port. Also there will be short duty with the Atlantic Fleet at Orange, Texas.

There will be 25 or 30 fleet training schools to be held at Great Lakes, Ill., Bayonne, New Jersey, Norfolk, Philadelphia and other Naval training stations.

For further information and for applications for the participation in any of the program reserve personnel should contact May immediately.

Says Blacksmith Built First Auto In United States

JACKSON, Mich. (UP)—Jack Kelly, retired barber, has introduced a new claimant for the title builder of America's first automobile.

The Duryea and Haynes, built in 1892, generally believed to be the first cars built, but Kelly says Charles H. Black, Indianapolis blacksmith, produced the first auto in 1891.

Kelly says he ought to know—he drove it. And he offers a photograph of himself in the vehicle as proof. The photo shows a machine like a two-seater buggy, with a small front and large rear wheels, and a box housing the motor behind the buggy-seat.

Alley Cat Heroine Cited For Bravery

PITTSBURGH (UP)—A Pittsburgh alley cat has been honored as a heroine for the second time. Nicodemus—an odd name for a lady—received her first medal for bravery from the Pittsburgh Department of Public Safety, the second from the American Humane Association.

When fire broke out in an apartment, Nicki pulled the bed clothes from a four-month old baby whose cries then woke its parents. The parents in turn awakened other families in the apartment building.

BRITAIN MAY ASK APOLOGY OF RUSSIA

BERLIN, April 8 (UP)—Great Britain is expected to demand an apology from Moscow for the latest Russian note charging Britain with "provocative" aims in blaming Russia for the Berlin air crash, a high official source said today.

The Russian note, delivered by Russia's Marshal Sokolovsky, said the British version of the crash was a "defamation" and hinted that Russia might seal the western allies air corridor to Berlin.

"It is apparent that Sokolovsky received new instructions from Moscow," the high official said. "He has changed his tune since Gen. Robertson talked to him Monday night."

"Discussions are in progress to transfer the incident to a higher level. It is expected the matter will be dealt on a governmental level."

Rotarians Hear Young Musicians

H. R. Hicks presented the program at the regular meeting of the Rotary Club at noon Wednesday at the Gholson Hotel. He presented Jeanette Kirkpatrick and Cecilia Mooney who gave piano solos which were well received. Both are music students at St. Rita's Catholic School.

B. A. Tunnell, president presided at the meeting and the invocation was offered by Dr. Claud P. Jones. The opening sing-song was led by O. G. Lanier and accompanied by Melba Creeger, Roscoe Hopper who has just returned from a trip to the west fold of attending a Rotary meeting in Tucson where there were 260 guests and 40 members present.

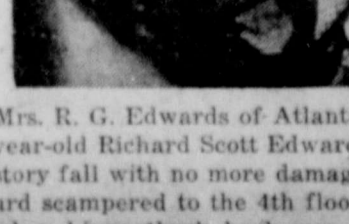

Guests at Wednesday's meeting were Bill Collins and Frank Sawyer of Eastland.

Public Invited To Singing Meet In Eastland

An invitation to the public to attend the quarterly Eastland County Singing Convention in Eastland Saturday and Sunday has been extended.

The convention is to be held at the high school auditorium and singers from all over the state are expected to be present.

He's Not Scared

Mrs. R. G. Edwards of Atlanta, Georgia, smiles at three-year-old Richard Scott Edwards after he survived a four-story fall with no more damage than a few bruises. Richard scampered to the 4th floor of an apartment building when his mother's back was turned, entered an apartment and fell from an open window. There were no broken bones and his mother said he didn't even cry much. (NEA Telephoto).

Burleson Draws Applause On Isacson Passport

WASHINGTON, D. C., April 8.—Congressman Omar Burleson today received the applause of his fellow members when he addressed the House on the efforts of Leo Isacson, newly-elected Representative from New York City, to secure a passport to attend a Paris gathering of Communist sympathizers.

"Mr. Speaker," Congressman Burleson stated in part, "Newspaper reports indicate that the gentleman from New York, Mr. Isacson, has made application for a passport to attend a conference in Paris, the purpose of which is to give aid to Communist guerrillas in Greece. Reports further indicate that the State Department has refused the gentleman's application, and the gentleman says he will confer with House members in protest of the Department's action."

"Well, of course, the gentleman has not conferred with me, but I suggest that the State Department grant the application. I suggest that a special passport be issued to the gentleman from New York, and anyone else who wants to aid the Communists in Greece, or even in Russia, with this provision: that instead of a maximum period of time being fixed for return to this country, a minimum be fixed of, say, thirty years."

Funeral services for Mrs. S. P. Crawley, mother of Postmaster A. E. Crawley of Ranger, were conducted this afternoon at 3:30 o'clock at the Simpson Cemetery near Kokomo.

Mrs. Crawley had been in ill health for sometime and died at her home in the Staff community Wednesday afternoon about 5 o'clock. She was 78 years of age and had resided in the Staff community all of her life.

Survivors besides Mr. Crawley of Ranger are the following sons and daughters, N. C. Crawley, Floyd Crawley, Rush Crawley, Jake Crawley, D. B. Crawley, all of Staff, Roy Crawley of Gorman, Mrs. Letha Rogers of Staff, Mrs. Gus Reynolds of Stamford and Mrs. John White of Junction City.

RENT OFFICE EVICTED SANTA FE, N. M. (UP)—The rent control office here was evicted from its quarters when the general land office, whose room it has occupied in the federal building here, said it need the space.

The main bone of the lower leg is called the tibia.

Mother Of A. E. Crawley Dies; Funeral Today

Funeral services for Mrs. S. P. Crawley, mother of Postmaster A. E. Crawley of Ranger, were conducted this afternoon at 3:30 o'clock at the Simpson Cemetery near Kokomo.

Mrs. Crawley had been in ill health for sometime and died at her home in the Staff community Wednesday afternoon about 5 o'clock. She was 78 years of age and had resided in the Staff community all of her life.

Survivors besides Mr. Crawley of Ranger are the following sons and daughters, N. C. Crawley, Floyd Crawley, Rush Crawley, Jake Crawley, D. B. Crawley, all of Staff, Roy Crawley of Gorman, Mrs. Letha Rogers of Staff, Mrs. Gus Reynolds of Stamford and Mrs. John White of Junction City.

WILL SEEK MORE MILLIONS FOR MERCHANT SHIP BUILDING

WASHINGTON, Apr. 8, (UP)—President Truman today asked Congress to appropriate \$725,000,000 for immediate expansion of the air force.

This amount is part of the additional \$3-billion the administration wants to step up the military budget for the year starting July 1 and increase the strength of the armed forces.

The request was sent to Chairman Taber of the House appropriations committee. Taber promptly called a meeting of the committee this afternoon to consider the request.

The committee hopes to report a bill carrying the new funds to the House next week.

WASHINGTON, Apr. 8, (UP)—President Truman will ask Congress to boost merchant ship construction funds from \$39,500,000 to \$100 million for the next fiscal year, the Navy disclosed today.

Secretary of Navy Sullivan made the disclosure in testimony before the House Merchant Marine committee. The committee is holding hearings on the status of the U. S. Merchant Marine in the light of the world situation.

Saying that he was speaking for the national military establishment, Sullivan asserted that he was authorized to submit to Congress a request for an increase in his original budget estimate for merchant ship construction beginning July 1.

Invitation To Episcopal Church Extended Public

An invitation has been extended to the public to attend a service at Holy Trinity Episcopal Church in Eastland at 7:30 o'clock Sunday evening at which time the church will be open for inspection of friends of the church.

A service of prayer and hymns will be conducted by Rev. James W. McClain who will also give a brief instruction on the faith of the church.

The church is located in the 400 block of South Seaman street.

MacArthur Silent On Intentions

TOKYO, Apr. 8, (UP)—Gen. Douglas MacArthur issued a short statement on the Wisconsin election today but remained uncommunicative on whether he intended to withdraw from the race for the Republican presidential nomination.

He said the Wisconsin primary gave the people of the state a chance to speak their minds but he declined direct comment on the results, which gave him only eight of the states 27 delegates.

"One of the things which has made our country great is that men may thus speak their minds and fearlessly record their individual viewpoints," the statement said. "Let us always preserve it that way."

Love Ignores Distance

ATHOL, Mass. (UP)—A streamline elopement was staged by Shirley E. Duncklee and Anthony Mareno of Los Angeles, who left here by private plane and were married in Maryland.

WASHINGTON COLUMN

Truman's Policies Get Unfair Panning From Every Angle

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—This beating that President Harry S. Truman gets is really something. But when you add up the crimes of which he is accused, they amount to simply this:

He has been opposed to a tax cut all along because he believes: (1) That the national debt should be reduced while national income is high. (2) That national defense is going to cost a lot more money than should come out of taxes, not from borrowing.

People who object to this policy are in a funny position. They used to criticize Roosevelt because he ran up the debt. Now they criticize Truman because he wants to pay it off as fast as possible.

The President thinks there ought to be a federal law against lynching people. He thinks the poll tax should be abolished.

The President thinks there should be a Permanent Fair Employment Practices Commission to prevent "unfair" discrimination. Not all discrimination—just "unfair" discrimination. He thinks Jim Crowism should be eliminated on interstate transportation. He doesn't say on local buses and street cars—just those which cross state lines.

FOR these four and six more general civil rights proposals like admitting Hawaii and Alaska to statehood, giving District of Columbia citizens the right to vote and admitting Orientals to citizenship in this great "melting pot" country that is now trying to save the rest of the world for democracy, the President is threatened by revolt from within his own party.

Truman's proposals for UMT and a temporary draft law to build up the armed forces and reserves are criticized with about the same degree of consistency. The President is panned by his opponents because he didn't ask for more air power. In any defense program, however, the first requirement is man power. There isn't any use ordering more planes or tanks or guns unless there is trained manpower to run them.

The President has now announced that he will send a special message to Congress on military preparedness. He has been criticized because he has proposed only economic aid for Western Europe—not military aid.

If the President now calls for a costly international rearmament program and it goes through along with economic aid, an additional strain will be put on U. S. resources of foods, raw materials and manufacturing capacity. Under such increased demand prices are apt to be forced still higher.

THE President is also taking a shelling on foreign policy, particularly on Palestine. There are plenty of reasons why the original Palestine policy should not have been adopted. Partition has never worked. It took guts to admit this policy wasn't working and that a mistake had been made.

While the Marshall Plan was criticized because it asked for too much aid, Truman's China policy was criticized because it didn't ask for enough.

There has admittedly been some confusion on just what American policy towards China has been or is. When General Marshall went to China as ambassador, it was to work for a coalition of Nationalists and Communists. When he came back as secretary of state it was with the feeling that coalition wouldn't work.

All these shuffles—if that's what they are—are criticized as the vacillating Truman foreign policy. But what is a man to do if he has made a mistake? Keep on making it? Or admit that he has been wrong and then try something different?

Harry Truman has his faults, as who hasn't? But when you add up the things for which he is now criticized the most, it's a little difficult to see how he deserves all the particular punishment now being heaped upon him.

FRECKLES AND HIS FRIENDS

FROM WATER WELL TO THRIVING MUNICIPALITY MONAHAN'S SAGA

MONAHANS, Tex. (UP)—It was in 1881 that Pat Monahan dug a water well for the Texas & Pacific Railroad and got the site named in his honor—Monahan's Well.

That site today carries the abbreviated name of "Monahans" and boasts a population of 8,000 as compared with the 3,944 count in the U. S. Census released for it in 1940.

Kid brother to Odessa and Midland, currently holding on fifth of the nation's known oil reserves, Monahans rapidly is emerging from its cow-town infancy and learning the cold facts of municipal life with a whooping (for it) half-million dollar municipal improvement program.

Indian savagery accounted for the unfriendly massacre in the old days of U. S. soldiers passing near by with wagon loads of soldier pay. The Monahans area of 1948 however, counts itself host to numerous oil and gas industries as well as the new several million dollar Permian Basin generating plant of the Texas Electric Service Co., designed to augment electric power in the growing West Texas municipalities of Odessa, Midland, Big Spring, Sweetwater, Monahans, Wink, Crane, Andrews, Stanton, Lamesa, Colorado City and Snyder.

Nature's blessing and the dare to risk have made Monahans what it is today in the Mesquite and sand of Ward County, a county which thus far has accounted for more than 100,000,000 (m) barrels of oil in the Permian Basin's accumulated total of two billion. The county's annual production now hovers around the 6,500,000-barrel mark.

Carbon black manufacture, gasoline refineries, a sodium sulphate plant, the only oil refinery between Big Spring and El Paso, natural gas, irrigation farming and the previously-mentioned electric generating station are among the industries now centered in the Monahans vicinity and expected to enjoy the 50 years of oil activity which oil company geologists predict for the Permian Basin.

Interestingly, Ward County principal city has been its county seat for only 10 years. How it became the county seat is the result of a controversy which only recently began to subside with the passage of time. It was in 1938 that the little irrigation center of Barstow, situated on the famous Pecos river bordering the western end of the county, awoke one morning to find it had been denied the courthouse records which Monahans partisans had transported in the still of the night to Monahans according to a secret and well laid plan. Once in Monahans, the records somehow never got back to Barstow.

More than \$500,000 in municipal improvements was authorized by Monahans voters last year. Although it stumbled for a while in court litigation, the program emerged from the scales of justice with an agreed judgment which has cleared the way for more than 110 blocks of street paving, two concrete runways at the municipal airport, a 500,000-gallon water tank an extensions to the city's water mains and sewage lines.

If you ever see old Pat Monahan, tell him his namesake is doing all right. Almost half a century of future oil activity is nothing to scoff at. Besides, who ever

thought that water well on the Texas and Pacific would ever lead to anything but a train stopp on the raw plains of West Texas?

Cotton Weaving Vastly Speeded By Electric Eye

CHICOPEE FALLS, Mass. (UP)—The "electric eye," which opens doors automatically and counts speeding automobiles on the highways, is lighting new ways for cotton textile mills to turn out cloth with greater efficiency and less effort.

The photo-electric cell, in combination with an electronic hook-up, is being used by the Chicopee Manufacturing Corp., here as a "mechanical brain" to control its complicated cotton machinery.

One of the intricate pieces of moving part is the "weft" straightener. The straightener is a series of rollers, over which the cloth passes in the bleaching process. Moving over these rollers, the cloth frequently becomes twisted "bunched" and pulled out of shape.

It must be straightened out before the final dyeing is done. The weft straightener takes care of the job. The rolls must be tilted to make the crosswise, so "weft" yarns come out exactly at right-angles with the lengthwise, or "warp" yarns.

But the straightening out process, before the "electric eye," had to be done by hand.

The operator stood at his machine, eyes on the fabric, watching for any signs of "bias" or "skewing." When that happened, he had to be alert, instantly spinning a crank to adjust the guide rolls and keep the goods straight.

That eye-straining task now is done much faster, and with far more accuracy, with the electric eye photo tubes which Chicopee

research engineers devised for the straightener. Located on each side of the cloth, the tubes are sensitive to light reflected on the cloth.

When the fabric is passing through evenly, each tube receives the same amount of light. If the cloth becomes distorted, more light falls on one tube than the other. Instantly, an electronic signal is flashed to the motor which automatically adjusts the rolls, correcting the bias.

Because of the invention, miles of fabric now pass through the Chicopee mills' bleaching-drying system daily, at a rate of 100 yards a minute. "Seconds" and other loss due to distorted yarn in the cloth have been cut to a minimum.

IF YOU HAD TO PAY \$78,000 for an automobile accident, how would you pay it? This was the amount awarded in one case involving injuries to several persons. Why not see us about dependable Aetna Automobile Liability Insurance.

NEWS FROM LACASA
Mrs. D. B. Raney, Cor.

Quite a few people of this community attended the Revival meeting at the Frankell Baptist Church the past week. Rev. Raymond Blunt of Gregory did the preaching and Mr. and Mrs. Ray Spradling were in charge of the music.

Mrs. Mary Herrington has been in Fort Worth the past week.

Mr. and Mrs. M. H. Bobo attended the funeral of Mrs. M. W. Roulston at Ranger last Thursday. Burial was at Caddo.

Mr. and Mrs. M. M. Reamy of Woodson visited Mr. and Mrs.

Earl Horton Friday night.

Mrs. Earl Horton accompanied Mr. and Mrs. W. M. Lindsey of Cross Plains on a visit to Mr. and Mrs. Fred Baker in Breckenridge Friday and Saturday.

Those attending the singing convention at Necessity Sunday were Mrs. Effie Newnam, Miss Hazel Newnam, Mr. and Mrs. A. N. Bradford, Miss Ruby Bargeley, Mrs. Vallie Jones, J. B. Jones, Marlow Langford and family, and Mr. and Mrs. G. V. McGowan.

Miss Laura Francis Mitchell

Jerusalem's first snowfall this year brought a change in military tactics in the Holy Land. These Arabs switched to pelting each other with snowballs. The five-inch snowfall was the heaviest in Palestine in many years. (Photo by NEA-Acme staff correspondent David S. Boyer.)

Civilization Before Christ Found In Panama

WASHINGTON (UP)—Archaeologists believe they have found "an extremely early and primitive living site" in Panama.

If advance indications are borne out, the National Geographic Society reported the site was developed well before the birth of Christ. It appears to be "the first real-

ly early habitation area ever found in Central America." It may even be older than ancient sites discovered in recent years in Mexico.

Efforts to date the Panama habitation have been inconclusive so far. The earliest site thus far found in Mexico, in Chiapas state, was definitely pre-Christian.

Geological evidence indicates that human beings lived in Central American villages anywhere from 2,000 to 7,000 years ago. A National Geographic-Smithsonian Institution expedition is making explorations in Panama near Parita, about 160 miles southwest of the Canal Zone.

In addition to the pre-Christian era site, the expedition has "uncovered two notable 'firsts,'" the society said.

"Its scientists have found the first urn burials ever to be unearthed between Ecuador and the Southeastern United States," the National Geographic said. "They also have discovered the first group of man-made mounds to be located in Panama."

Louis, Missouri, after several weeks visit with her parents, Mr. and Mrs. Earl Horton.

Mrs. Frank Bargeley and son, Coy, visited her sisters at Burkett Sunday. Two of her sisters returned with her for a visit.

H. A. Poekrus and family visited Mr. and Mrs. Andy Sechrist Sunday.

met Monday night and selected the officers for the Good Neighborhood Organization. Those elected were: chairman, C. G. Veale; vice - chairman, Mrs. A. E. Howton, Mrs. Don Bradford, and Carson McNabb; and secretary, Mrs. A. G. Keteherid. Miss Jean Bain, home demonstration agent, and Miss Arlene Ledbetter attended the meeting.

D. M. Stanford and family visited in the Saffle home at Swensendale Monday night.

The people of the community spent several days with her aunt, Mrs. G. V. McGowan.

Saturday night Mr. and Mrs. D. M. Stanford entertained with a forty-two and birthday party honoring their son, James Wayne, and Carlton Templeton and Jimmy Caraway.

Mrs. E. H. Hickman and baby son returned to their home in St.

Toy Water Pistol Helps Keep Post Office Neat

RALEIGH, Tenn. (UP)—A toy water pistol in the hands of this town's assistant postmaster means better sweeping.

Mrs. Carlos Kemp, and early morning commuter, attests that the federal employe starts his

chores at the post office with pistol in hand. She watched him spray the dust before sweeping.

"It was surprising how far he can spray the water with his pistol," he said.

Most of the objects found in those areas thus far "are believed to belong to the two centuries preceding the Spanish conquest of this area." They included red, black, white and purple pottery of "one of the most sophisticated and attractive types made in aboriginal America."

It apparently was made in the 14th and 15th centuries.

In one burial urn the archaeologists made what the society called "an unusual find."

It was "a necklace consisting of 748 human teeth, all of them from the front of the mouth."

chores at the post office with pistol in hand. She watched him spray the dust before sweeping.

"It was surprising how far he can spray the water with his pistol," he said.

Wellesley Girls Earn Money By "Vil-Toting"

WELLESLEY, Mass. (UP)—To pick up spending money, students at Wellesley College have started a "vil-toting" service. The name is a contraction of "village" and "toting" which merely means running errands. Vil-toters charge 25 cents a trip from the college to the shopping center, whether they bring back a package of cigarettes or an armload of groceries.

Possible illustration for a campaign poster is this new portrait of General of the Army Douglas MacArthur, whose gold-braided cap is in the presidential-candidacy ring.

Stritch in Time

This is actress Elaine Stritch, otherwise known as the "1948 Sweater Girl of the Theater." She received her title at the 30th annual convention of the National Knitted Outerwear Association in New York.

and she complained to a policeman who was on the bus. "That Marine over there is annoying me." The policeman replied, "Why he hasn't said a word to you." She said, "I know, that's what's worrying me."

Can you remember away back in the early days of the automobile when they were called "horseless carriages?" A carnival came to town and had a side show, with a sign, "25 cents to see the Horseless Carriage." Folks paid their quarters, went in, came out and stood to watch their friends and neighbors go in. Inside the tent was a buggy drawn by mules!

Australia to Fight T.B. CANBERRA, Australia (UP)—The federal parliament is planning an anti-tuberculosis campaign. Sen. N. E. McKenna, minister for health and social services, said legislation to co-ordinate the federal and state government programs will be passed before 6/6/1

I GIVE YOU TEXAS

By Boyce House

Spoke in Mineral Wells recently at the annual dinner of the Chamber of Commerce. The occasion was really a home-coming for Col. Ray Leeman, of San Antonio, executive vice president of the South Texas Chamber of Commerce, who began his career nearly 30 years ago as manager of the Mineral Wells Chamber of Commerce.

While there, I picked up this story from Col. Bill Cameron of the Index.

During the war, Texans at Camp Wolters used the expression, "durn-yankees" pretty freely, so a colonel who was a native Texan called the Lone Star lads together and said, "Men, we must quit calling these fellows from Massachusetts and Illinois durnyankees; we should remember that they are our allies now."

This will come as a surprise to those who know me personally but, at heart, I'm really modest.

It is embarrassing to me to have a fuss made over me in public and for people to come up and tell me how much they have enjoyed my books and ask for my autograph.

All this is very distressing—in fact, there is only one thing that is more distressing—and that is for them not to do this.

But most of the time, they don't.

Like the young lady during the war. She was riding on a city bus

Farm and Ranch Review

By R. B. Thomas, Jr.

Vocational Agriculture teacher The Vocational Agriculture students have been studying various ways of practicing more safety in their school shop program and on their home farms. Mr. Glen Covington, Safety Engineer, for the Lone Star Gas Company, has visited the class and explained the importance of "Safety First" in home and industry. The boys are now looking forward to the Lions Club speaker, Mr. George Campbell, who will visit all the schools on April 19, and will stress the necessity of right conservation.

In line with this program, Duane Rose, Ranger future farmer, has written a short essay that might be worth your reading. It contains sound advice for all of us:

HOW TO STOP FARM ACCIDENTS

By Duane Rose

Accidents are preventable. About 4 1/2 per cent of all accidents occur on farms. These could be prevented by thoughtfulness and being careful. Rural roads are places for accidents because of speed, curves, and carelessness. The safety of many people lie in the hands of a driver.

Accidents such as falling off ladders or houses can be prevented.

A rotten ladder can cause an accident just as a speedy driver can. Around machinery a person should be careful about loose clothes. When a slight accident occurs first-aid should be applied. Even dull tools as well as sharp ones are dangerous.

Be careful to keep anything that will burn in a safe place or keep things that will burn away from it. Many accidents are caused by the lack of sanitation. Insects cause damage. They can be stopped by spraying. Look before you grab the wrong medicine in the dark.

Never leave the garage doors closed while the car is running. Repair all leaky pipes. Be careful when getting in a school bus or crossing the street.

The main idea is just to be careful and thoughtful even around things you think are not dangerous. Just use your head—it is your best safety device.

A narghileh is an oriental water pipe for tobacco smoking.

City Council Organizes Junior High School P-T A

The City Council of Parents and Teachers met Wednesday afternoon at 3:30 o'clock at the Hodges Oak Park School. Mrs. Earnett Latham presided over the meeting.

Miss Calla Mae Deaton presented her sixth grade class in a Pan American program of reading and group singing accompanied by Miss Mildred Balch. Mrs. Arthur Deffebach spoke on "Your Government Is You."

Dr. G. C. Boswell spoke to the members of a Junior High School P.T.A. and also discussed a Senior High School organization. The council then organized an Assa-

ciation for the Junior High School, electing the following officers: president, Mrs. A. W. Brazda; vice-president, Mrs. Saule Perlstein; secretary, Mrs. Arlie Carver; treasurer, Mrs. Theo Ferguson.

New Council officers for the coming year were also elected. They are as follows: president Mrs. Arthur Deffebach; vice-president, Mrs. Glenn Simon; secretary, Mrs. J. D. Johnson; treasurer, Mrs. Bob Allen. On behalf of the Council members, Mrs. Deffebach presented a gift to Mrs. Latham, outgoing president.

Refreshments were served by the hostess school to those present.

Occupational Hazard

SANTA FE, N. M. (UP)—The local championship for flat tires is claimed by Mel Hagman, city building inspector. He says he picks up all those nails while inspecting construction jobs.

Girls' Auxiliary Has Meeting Tuesday

The Girl's Auxiliary of the First Baptist Church met Tuesday afternoon at 4 o'clock in regular session.

In the business session plans for the G. A. coronation to be held at Breckenridge Friday night were discussed.

At the close of business games were played and refreshments were served to the following: Linda Sue Houghton, Betty Ann Houghton, Mary Ellen Deffebach, Barbara Jane Harper, Cora Jane Key, Delores Cox, Sherry Ann King, Lida Jane Smith, Deane McCannan, Barbara Ann Wheat, Eugene Anderson, Theo Leita Miller and the counselor, Mrs. J. B. Houghton, Jr.

4-H Club Meeting Held Wednesday

The Hodges Oak Park 4-H Club girls met Wednesday afternoon at the school. The meeting was called to order by the president, Peggy Dooley.

The minutes and roll call were read by the secretary, Carolyn Baggett, and the club motto, pledge and prayer were read by Donna Thomas. The group was directed in singing several popular songs by the song leaders, Betty Jean Howell and Joyce Dempsey.

Helen C. Marquardt, Eastland County Home demonstration agent, met with the club. The meeting was adjourned by the president.

Personals

Mr. and Mrs. James Horton of Tulsa, Oklahoma are guests of Mrs. Horton's parents, Mr. and Mrs. V. V. Cooper, Jr.

Mr. and Mrs. J. D. Eakin and son, Robbie Don, have returned to their home in Pyote after visiting relatives here.

Mr. and Mrs. E. M. Donohoe and children, Robert and Veve Ruth, of Dallas arrived Wednesday for a visit with their parents, Mr. and Mrs. Jack Donohoe and Mrs. Mrs. Jack Edwards. They were accompanied here by Miss Frances Bankston of Dallas, and Miss Jacqueline Edwards of Fort Worth, who returned today.

Mr. and Mrs. W. C. Pounds of Menahans visited in the home of his parents, Mr. and Mrs. W. G. Pounds, for a short while Wednesday.

Jim Sims is in Temple today to represent Ranger Junior College in the literary contests for junior colleges of Texas. He will enter the poetry section.

The silver anniversary of the International Petroleum Exposition, held bi-annually at Tulsa, Okla., will be celebrated this year on May 15-22, with more than 750 exhibitors from the oil industry.

Mrs. Dorris Is Hostess To Club

Mrs. J. K. Dorris was hostess to the Colony Home Demonstration Club when it met in her home Wednesday afternoon.

The meeting was called to order by the president, Mrs. Dee Anderson who presided over the business session. Mrs. Dorris and Mrs. L. B. Gordon were in charge of the program and gave a demonstration on work simplification.

Refreshments were served to the following club members: Mmes. Anderson, K. F. Kirk, H. G. Ramsey, Don Drennan, C. E. Beck, Ed Hadley, J. F. Moseley, E. L. Danley, George Caze, Gordon, Helen Marquardt, and the hostess, Mrs. Dorris.

State-Wide Health Program Urged By Supt. L. A. Woods

Pointing out that a state-wide health improvement program can best be carried out on a local basis, L. A. Woods, State Superintendent of Schools, this week called on community leaders throughout Texas to take immediate steps to set up local health improvement measures.

The first step in such a program is establishment of a local School Health Council which would study school and community health conditions, he declared.

These localized Councils will be in a position to make recommendations for improvements according to the particular needs of their own community, Dr. Woods said.

"In other words," he said, "by operating on a local level the over-all program can be geared to care for the specialized needs of each community much more effectively than if it were operated on a state-wide basis."

The local Council, as a part of the Texas Health Education Program, would be designed to coordinate the work of local health agencies, to undertake projects for local improvement, to provide for community-wide health education, and to develop school aids for better health education, he said.

Local leadership of the program is ideal and will provide a democratic atmosphere, as well as a broader basis of knowledge on which to establish the program, Dr. Woods said.

In urging state-wide participation in the program, he said, "The schools of Texas have another fine opportunity to perform a real service to their communities and state by cooperating in the project."

A total of 48,500 sea-otter skins were shipped from the Pacific Northwest to Canton, China, from 1799 to 1892. Sixty-three vessels, including full-rigged ships, sloops, brigs and schooners, took part in the trade.

Honolulu is the capital of the Hawaiian Islands.

MARKETING with Marjorie

Before April showers bring May flowers they're sure to bring plenty of dismal days... and the drearier the weather, the cheerier you'll want to make your meals. So here's a gay array of ideas to help you brighten up your table... and save money for a rainy day as well:

SUNSHINE SPECIAL
Here's how to make a cake that's sure to rise and shine even if the sun doesn't: Measure 1/2 cup shortening into bowl. Sift together 2 1/2 cups sifted SUNNYFIELD CAKE FLOUR from the A&P, 2 tps. baking powder, 1 tsp. salt and 1 1/2 cups sugar. Add to shortening. Add 1/2 cup orange juice and 3/4 cup water. Blend; beat 1 minute (count at least 100 strokes per minute). Add 2 unbeaten eggs and grated rind of 1 orange. Beat 2 minutes. Bake in greased and floured 9x5x3-inch loaf pan in moderate oven, 350° F., about 55 minutes.

GRADE AID
Make the grade as a smart shopper by always choosing the grade of canned goods that's best for your purpose! It's easy to do when you buy A&P's own brands—A&P, SULTANA and IONA—because the grade of most products in these famous lines is described on the label. A&P BRAND is Grade A; SULTANA, Grade B; and IONA, Grade C. Since the nutritive value of all 3 is the same, you can save safely by using Grade C in dishes like stews, pies and soups, which don't require foods of uniform size or delicate flavor (factors determining the grade).

HONOR ROLL
One sweet treat that always takes top honors at my house is A&P's JANE PARKER JELLY ROLL. Bet it will go over big with your family, too, when they taste this delicate, oven-fresh sponge-cake roll with its luscious jelly filling. Serve one soon and see! You'll find the price surprisingly modest.

FREE FOR ALL
The recipe above is one of 24 contained in the free Perfect-Blend dextro recipe booklet—24 Ways to Win Praise. After you've tried it, you'll surely want to try all the rest. So write now for this grand guide to grand baking and frying! Address: A&P, Dept. G, 420 Lexington Ave., New York 17, N. Y.

at popular request again on Tuesday night.

Mr. and Mrs. M. F. Allen attended the funeral of a brother-in-law, Mr. Cain in Rising Star, on last Thursday. Others attending were: Mr. and Mrs. B. C. Pittman and Mr. and Mrs. Earl Murray.

Word was received Tuesday afternoon by Mrs. Dick Gray and Mrs. Martha Sutton of the death of their brother-in-law, M. J. Benefield at Odessa. His wife was the former Gay Neill. Mr. Benefield was serving as manager of the Odessa Chamber of Commerce at the time of his death. Burial will be in Brady.

Mr. and Mrs. Jack Bennett and children visited in Odessa and Carlsbad Cavern last week-end.

A granite marker has been placed on the baseball diamond at Oolagh, Okla., where the late Will Rogers played the game between cow-punching chores.

NEWS FROM GORMAN

In the school trustee election Saturday, J. G. Leazar and Archie Skaggs were elected to replace the present incumbents, E. E. Todd and T. L. Jay, Sr.

Mr. and Mrs. J. R. Todd and Mr. and Mrs. D. O. Munn spent part of last week in Groveton visiting another daughter, Mrs. De La Fosse and family.

Mrs. Raymond Thomas of East-

land spent the week-end with her mother, Mrs. Vera Hamrick.

Mr. and Mrs. R. O. Rankin and Mr. and Mrs. W. B. Britton, all of Lubbock, are visiting in the home of Mr. and Mrs. Fred Cockrell. Mrs. Cockrell is the daughter of Mr. and Mrs. Rankin.

Bro. Harley Smith was a pleasant visitor at the morning service of the First Baptist Church Sunday morning. Bro. Smith served as pastor of the Gorman Church several years ago. Both he and Mrs. Smith are now serving as missionaries to Brazil.

Mrs. Bob Burton of Comanche spent Monday with her mother, Mrs. Ressie Moseley.

Mrs. Beece Allday was a visitor in Dallas Tuesday and Wednesday.

Mr. and Mrs. James Isbell and Mr. and Mrs. B. C. Underwood spent Sunday in Fort Worth visiting Mr. and Mrs. Adolph Montgomery.

Mr. and Mrs. Lee Brown and daughter of Ranger visited Mr. and Mrs. Homer Mason, Sunday.

Mr. and Mrs. Elmer Ford and children of Odessa spent the week-end with his mother, Mrs. Woody and sister, Mrs. Floy Morrison. Mrs. Claude Archer of Cisco also spent the week-end with Mrs. Morrison.

Mr. and Mrs. George Hollifield, Mrs. John Clark and Mrs. Hubert Craddock attended the funeral of Mr. Dave Hallmark in Stephenville Sunday. He was an uncle of Mrs. Clark.

Mrs. Willis Winters of Corpus Christi and Mrs. Eric Mason of Kingsville spent the week-end with their parents, Mr. and Mrs. Homer Mason, returning to their home on Tuesday.

Mdms. Berenice Jeffs, Grace Clark, and Walter Davis report a wonderful meeting of the Texas Federated Women's Clubs which they attended in San Angelo Thursday thru Saturday.

The negro minstrel, sponsored by Mr. and Mrs. M. F. Allen attended benefit of Frank Gray Memorial Park was well attended Friday night. The play will be presented.

CARBON Continued
Local preachers of the Methodist denomination who made their homes at Carbon in the late years of the nineteenth and early ones of the twentieth centuries were J. H. Lowe, F. T. Weaver and I. N. Reeves. There were perhaps others whom the writer does not remember.

The following seem to have served the church as pastors in its organization:
Wm. J. Limons 1886
R. H. Raymond 1887
P. N. Atkinson 1888
N. B. Reed 1889
I. N. Reeves 1890
R. N. Goode 1892
— Longino 1893
J. J. Canafax 1894
W. V. Jones 1895

J. H. Watts 1896
R. J. Tooley 1898
W. B. Ford 1899
J. D. West 1901
J. E. Walker 1902
C. E. Statham 1904
B. R. Wagner 1906
Eustis F. Swindell 1909
J. N. Vincent 1909
W. T. Singley 1912
Throp Watkins 1915
C. O. Hightower 1917
M. L. Boone 1918
Eustis F. Swindell 1908
R. T. Capps 1919
W. B. Morton 1921
R. H. Boyd 1924
J. W. Leggett 1925
Z. L. Howell 1928
G. W. Gwaltney 1932
M. A. Walker 1933
H. H. Nance 1936
T. Stanley Williams 1940
H. G. Story 1940

The church has a live Sunday school of 150 members with W. S. Ussery as superintendent and has just completed a creditable parsonage.

The Protestant Methodist Church had services in this and surrounding communities from around 1900 and had a church building in Carbon in 1914 with W. C. Banks as pastor. Later J. R.

Slaughter was supply pastor. A Lowe was pastor in 1932 but in 1937 the body disbanded and the house of worship was sold to the Church of Christ.

One of the grand old men of the Carbon community was Rev. W. B. Cobb, who first settled in the county near Cisco at what was then known as Red Gap, where he with Rev. C. G. Stephens organized the Red Gap Baptist church, in or about 1877. He probably moved to the farm so long owned by him, near Carbon, in 1874 or 1879 as he organized the Live Oak Baptist Church, afterwards the Jewel Baptist Church, in 1879 and was one of its charter members.

He assisted in the organization of the Red Gap Baptist Association in 1878 and was prominent in that organization for many years. In 1888 he was in the organization of the Carbon Baptist Church and was its pastor until 1886 and probably a member of that body until his death in 1908. He was active in the service of his master for many years tilling the pulpit of Carbon and other neighboring churches until incapacitated by age.

Another of the beloved preacher citizens of the Carbon community was Rev. I. N. Reeves, familiarly known as "Uncle Ike". He was born in Lawrence County Alabama, December 18, 1830 and died at his home near Carbon, December 13, 1910, lacking but five

Alexander S. Panyushkin, left, Soviet ambassador to the U. S., got a warm welcome from Sen. Glen Taylor, right, of Idaho, Henry Wallace's third party running mate at a New York dinner of the National Council for American-Soviet Friendship. Taylor apologized to the Russian for the "small clique" in the U. S. "which seems determined to lead in this struggle against the economical and social changes so long overdue in so many parts of the world."

days of reaching four score of years, sixty of which were spent preaching the gospel.

During the Civil War he was chaplain of the 16th Mississippi Regiment and continued to be active in the ministry in his native state until his coming to Texas in 1875, where he joined the Northwest Texas Conference and continued with that body until 1895 when he was superannuated. He spent the last twenty four years of his life as a resident of the Carbon Community.

"Uncle Ike" as he was familiarly called much to his pleasure, was a man of strong convictions which he was not backward in expressing.

The writer is under many obligations to Thos. H. Dingle for his interest and assistance in securing information in connection with the Carbon trade territory.

The oceans are estimated to contain enough gold to give every person in the world about 700 pounds.

READ THE CLASSIFIEDS

Wild Flowers Are Useful As Well As Beautiful

Texas wild flowers are useful as well as pretty, a high school contributor to the current issue of "The Junior Historian" points out.

The magazine, published by the Texas State Historical Association with headquarters at the University of Texas, is made up of material written by Texas high school students.

The young historian, Evelyn Weatherly, says wild flowers have been used for food, twine, dye, treatment of rattlesnake bites, and cattle fodder. Yucca plants have done service through use of their blossoms as food, their pointed leaves as twine and as sharp instrument plunged into a rattlesnake wound to allow free flow of the venom. Roots of the puccoon served the Indians with dye, and the prickly pear for cattle fodder during droughts.

People of India are called Hooslers.

NEWS FROM OLDEN

OLDEN, April 8.—The infant son of Mr. and Mrs. Eddie Squires of Ranger, died Sunday night. Funeral services were held Monday afternoon at 3:00 o'clock at the Olden Methodist church, with Rev. David Ham of Ranger officiating. Mr. and Mrs. Tom Sharp are the maternal grandparents. Mrs. Mary Wright is a great grand mother.

Mr. and Mrs. J. B. Bishop of Cross Plains visited "uncle" Bob Stuart in Ranger who is critically ill. They spent Saturday night here with Nannie Allmon. Jack Hillard has the mumps.

Stella Jarrett, Olden postmaster, is enjoying her vacation this week. She plans going to Dallas and Fort Worth later in the week.

Mrs. Evers, accompanied by Mrs. Hack Miller, has gone to Paris to visit her mother.

Mrs. Tita Cross is expected

visit to Houston, San Antonio and Waco.

Mrs. E. B. Patterson and daughter, have moved to Albany to join her husband and son, who are casing pulling contractors.

Mrs. H. C. Adams returned Monday from Dallas where she visited Mr. and Mrs. E. C. Ross and baby.

F. L. Turpin has gone to Big Spring and Pecos to visit his children.

Mr. and Mrs. Noble Squires of Olden were in a car wreck Sunday at Sphenerville. They were uninjured, however.

Mrs. W. D. Spain visited her sister, Mrs. F. A. Cowan in Austin last week.

Democrats on Top
TULSA, Okla. (UP)—The Democrats came out on top of the GOP in a "battle of symbols" when the Democratic headquarters hoisted their rooster emblem over the commercial sign used by a luggage firm. The luggage sign depicted an elephant for the "Elephant Trunk Co."

1,765 Married Vets At A&M

COLLEGE STATION, Tex. (UP)—There are 1,765 married veteran students in the classrooms at Texas A&M College, Taylor Wilkins, Veterans advisor, announces.

Wilkins says there are approximately 1,900 married students in school out of a total enrollment in the classrooms of 7,711.

Didactic poetry is instructive or moral poetry.

Now She Shops "Cash and Carry" Without Painful Backache

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 18 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

"Old at 40, 50, 60?" — Man, You're Crazy

Forget your age! Thousands are paying as little as 75¢ for "Younger Up" with Doan's. Contains active ingredients which help you get back to normal. Try Doan's Today! Write for free booklet, "Old at 40, 50, 60?"

At all drug stores everywhere. In Ranger at Oil City Pharmacy.

Can't We Cut Our Food Bills?

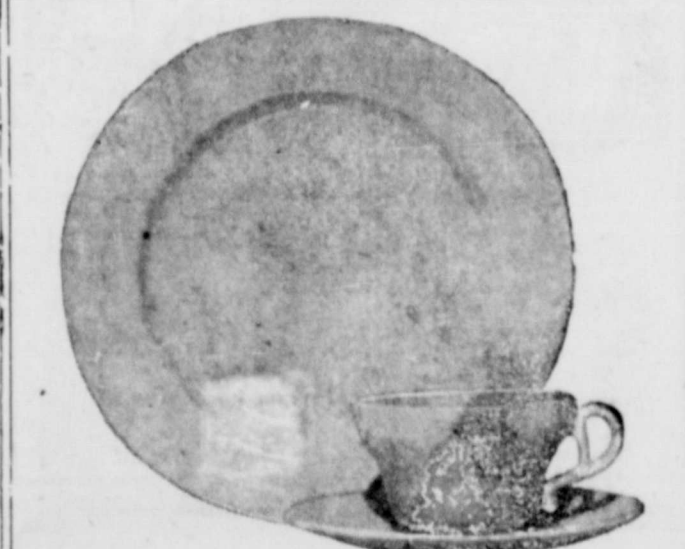

"After John complained about our food bills, Mother gave me some wonderful advice." "The first week Quaker Oats cut our food bills almost \$4.00, and we all enjoy its delicious goodness." "No wonder John is delighted with the way Quaker Oats saves us money. Other families of 4 can make the same saving."

How Quaker Oats Can Cut Food Bills \$15.00 This Month!

Most food prices have soared, but Quaker Oats still costs about 1¢ a serving. This means you can give Quaker Oats, with milk and sugar, to a family of 4 for less than 20¢! Compare this with prices of other popular breakfast dishes. Some cost up to 80¢ for 4 people. You save up to 60¢ every day, you serve Quaker Oats instead. Delicious Quaker Oats also gives your family famous benefits for energy, growth and health. Whole-grain oatmeal gives you more of nature's great building and stamina element, Protein, per penny than any other common food. It also tops all natural cereals in Vitamin B₁—vital for fighting fatigue. In Iron—essential for vitality. In Food-Energy, itself! Quick Quaker Oats cooks fast as coffee. Get a big, economical package tomorrow!

NAVY'S AIR SERVICE BOASTS OF RECORD AS IT DISBANDS

By James E. Roper
United Press Staff Correspondent
HONOLULU (UP)—The self-styled "world's greatest airline" is going out of business, and laments echo all along its far-flung routes.

The doomed outfit is the Naval Air Transport Service, the Navy's private air line which is to be merged with the Army's bigger and better-known Air Transport Command.

NATS and ATC will consolidate under the title of Military Air Transport Service, with all personnel going into the new, independent Air Force. It is part of the over-all armed forces reorganization intended to save money.

But the men who fly the Navy planes are as unhappy as any high-spirited team that must disband. They think they are the hottest things on two wings.

NATS, formed a few days after Pearl Harbor, rapidly threw lines across the Atlantic and Pacific, rushing cargo and key personnel to far-away points. And NATS did it safely.

NATS consistently had a lower accident rate than ATC, and last year flew nearly 300,000,000 passenger-miles without killing a passenger. The record was made despite the fact that 75 per cent of NATS' work is over water.

All NATS pilots use the ground control approach system of radar-directed landings even when the weather is clear and visibility perfect. Constant use of the equipment keeps the pilots so skilled that a landing in soupy weather leaves them unconcerned.

The line never has had a fatal accident with its four-engined DC-4's or Mars Flying Boats, which the Navy pioneered.

Six nights a week, one of the flying boats, weighing more than 70 tons fully loaded, lifts from the water at Alameda, Cal., and heads for Honolulu. Another Mars flies the other way.

Three passengers get to sleep in bunks during the overnight, non-stop hop, and the 40 or so other passengers doze in reclining chairs, eat hot meals or stroll on one of the two decks. When the flying boat, the largest in regular use, reaches its destination, you can't even feel it touch the water.

NATS owns and operates the only five Mars now existing. They claim it is the most efficient big

Good Citizen

Frank Harrison, 14, of Valdosta, Ga., is the winner of the Boys' Clubs' 1948 Junior Citizenship award. Frank won a free trip to New York for his record in community service, loyalty and service to his Boys' Club, and his athletic ability.

plane now flown on scheduled flights. But NATS is not satisfied only with operational efficiency, and insists that all other aspects of the service meet or surpass the standards of the commercial air lines.

Every passenger is asked to fill out a questionnaire commenting on just about everything from the taste of the coffee to the shape of the hostess' legs.

There are few complaints against either. In one recent month, 14,228 questionnaires were filled out, and only 136 contained complaints. Not a single one reported a lack of courtesy from NATS personnel.

NATS, a bit smugly, says neither ATC nor the commercial air lines can match that record. So NATS personnel hope that their organization will be kept as intact as possible in the NATS-ATC merger which is now being planned in a series of conferences in

Mobile Box Cars Make Cozy Home

DALLAS, Tex. (UP)—The M. L. Harrell home has been moved more times than the former GI can remember but he and his wife enjoy the constant change of scenery.

Harrell is a road maintenance foreman for the Southern Pacific railroad. He has turned two box cars into a cozy home. They have traveled at least 5,000 miles over Southern Pacific lines since he took the job.

The Harrells have two small children.

They have electricity, plenty of water and kerosene stoves. "We have a nice little home," Mrs. Harrell said. "Our two box cars are so closely joined that we really have a four-room house."

When the Harrells want to move, they let a freight train conductor know. He ties their cars to a train and it's on to the next town.
