U. S. Increases Bomber Force In Europe

Well... I Dunno, But...

Hall Walker tells this one on himself. In Dallas recently, he stopped before a display window in which some ties imprinted with elephants were shown. Thinking of his good friend, J. E. Meroney, a Republican, Hall thinks to himself that it'd be worth \$2.50 to get one of those ties for Jess. So in he goes, selects one and tells the salesman to wrap it up.

When the tie was neatly done in wrappings and ribbon, Hall says, "How much will that be?" "Fifteen," replies the salesman. "And Jess didn't get the tie."

"I was surprised to learn today that there are some people in Ranger that didn't know that one of our ex-citizens is running for governor."

He is "Slim" Hutchinson. Slim is a perennial candidate. In fact, we forget how many times this makes that he's run for governor, to say nothing of other offices he has sought.

"Slim" is a former citizen of Ranger, now of Dallas. It will be recalled that "Slim" ran for Water Commissioner in the Ranger city election a number of years ago. We do not recall the number of votes he received, but it was less than a majority.

"Slim" is now a full fledged candidate for Governor of Texas. His name will appear in fourth place on the ballot in Eastland County, immediately above the name of Governor Jester. However, his name will not appear as "Slim" Hutchinson, but will read "Charles B. Hutchinson of Dallas County."

Leave it to those Jaycees. They've got more nerve than any gang we've ever seen and if the King of England should come to Ranger they'd find some way to get a finger in on the deal.

Heard this morning that they're homing in on Lyndon Johnson's visit here Saturday and will have a sleek miss to present him with a ticket to the rodeo.

Of course, then Lyndon will have to make some remark about the rodeo and get in a plug for the boys and they've got the nerve to think that he might even quit stumping the country long enough to come to the rodeo, that is if he gets in the runoff on the 24th.

Can you beat it?

Noticed about town this morning that Walter Scott of Fort Worth is back in town to wield his rodeo paint brush and the rodeo scenes are breaking out all over town.

Chief Murphy and his Paramount Coffee Shop already have cowboys and rodeo advertising spread all over the windows of the joint.

Also notice that rodeo is the theme of more displays in windows in town and Hamill's, Inc. has a real snazzy one.

Yes, we guess that the country is really gonna know that Ranger's having a rodeo again this year.

And speaking of the rodeo, if you had any doubt about there being one, a look at our desk would be thoroughly convincing. It's all cluttered up with cuts, mats, copy and advertising layouts, all on the rodeo. And it'll likely be that way until the rodeo is over.

There are even a few foot prints where enthusiastic Jaycees have propped up a hoof while elating over the rodeo.

General of the Armies John J. Pershing who is credited with having won World War I because of his "will to win" has earned an imperishable place in American history.

At Walter Reed Hospital, in Washington, General Pershing spent his declining years in the comfort of a modest suite where he enjoyed visits with his friends and consultations with military leaders who sought his advice.

Colored Choir Sings Tonight At 8 O'Clock

The colored choir of the Little Flock Baptist Church of Eastland will sing tonight at 8:00 o'clock at the Eastland High School auditorium.

This is a benefit performance. Funds derived from the sale of tickets will go to help pay for pews and other furniture for the building erected by and now being unfinished by the Little Flock Baptist Church congregation.

You will want to hear this choir sing "Yield Not To Temptation," led by Vivian Jones; "Lord's Prayer," led by Thelma Jessie and Jo Jo (you know Jo Jo) "Pickin' Cotton."

Mel Ott Resigns; Durocher Chosen

NEW YORK, July 16 (UP)—Mel Ott resigned manager of the New York Giants, Leo Durocher replaced him and Burton Shotton was named to take over the Brooklyn Dodgers today in a sensational baseball swap.

SOUTHERN DEMOCRATS HEAD FOR BIRMINGHAM

BIRMINGHAM, July 16 (UP)—Disgruntled Southern Democrats today headed here for the year's third political convention one of their own making—and Gov. Fielding L. Wright of Mississippi urged them to make it "the beginning of our electoral college fight to save the south."

The convention meets tomorrow to re-fusion opposition to President Truman and his civil rights program.

The nomination of President Truman and the adoption of the strong civil rights platform make it imperative for the south to act," he said in a telegram to convention headquarters here.

Military To Have Part In Pershing Rites

WASHINGTON, July 16 (UP)—Thousands of troops from all branches of the military services will take part in final rites for the nation's highest ranking soldier:—General of the Armies John J. Pershing.

Pershing, commander of the American Expeditionary Force in the first World War, will be buried with full military honors Monday in a plot he chose himself in Arlington National Cemetery.

The World War I hero died at Walter Reed hospital early yesterday at the age of 87.

President Truman and Secretary of State George C. Marshall, both of whom served under Pershing in World War I, will be among the thousands who will attend the funeral services.

Relatives, close friends and long time fellow patients at Walter Reed Hospital will pay their respects tomorrow. They will file past the bier in the hospital chapel. The public will not be admitted there.

Sunday afternoon and evening and Monday morning, Pershing's body will lie in state in the rotunda of the capitol an honor accorded to only 11 other Americans. There, the public will pay last respects.

Six Out-Of-Town Banks Aid Ranger Rodeo Event

The calf scramble in the coming Ranger Jaycees' World Championship rodeo was taking an added importance today when it was announced that in addition to the Ranger sponsors, all of the banks in Eastland County, and one in Strawn and one in Breckenridge have thrown in their lot as additional sponsors of the event.

The banks are the Eastland National Bank, First National Bank of Cisco, First National Bank of Gorman, the First State Bank of Rising Star, the First National Bank of Strawn and the First National Bank of Breckenridge.

This makes the contest considerably broader than had at first been contemplated and will open the event to FFA and 4-H club boys in the area.

Sponsors stated this morning that they are assured of having at least 16 calves for the scramble.

In addition to the banks mentioned above other sponsors are L. R. Pearson, A. J. Rathiff, Felton Brasher, T. C. Wylie, Joe Denton, E. L. Martin, T. J. Anderson, C. B. Pruet, Willard Swaney, Dr. P. M. Kuykendall and Hall Walker all of Ranger.

Young Men 19 To 25 May Now Enlist In Army

Young men 19 through 25 years of age may now enlist in the Regular Army for a period of 21 months. This information was released today by the Department of the Army through the Eastland Army and Air Force Recruiting Station.

This enlistment term is in addition to other Regular Army opportunities which will remain in effect. Principal among these is the enlistment for 3 or more years with choice of branch of service and overseas theater where applicable, and the enlistment of high school graduates for specific Army technical and trade school education.

Anyone interested in any of the above programs are advised to contact the Army and Air Force Recruiting Station, located at 811 West Main Street, Eastland, without delay.

Dr. R. C. Ameen Discusses Polio At Lions Meet

Dr. Ray C. Ameen was the speaker at the meeting of the Lions Club Thursday at noon at the Ghoulson Hotel and spoke on polio.

Dr. Ameen stated that while the medical profession is not certain as to the cause of the spread of polio, the presence of the virus which causes it has been found in waste and for that reason the greatest sanitary precautions are urged in preventing it. He pointed to the fact that the instances of the disease is greater in rural areas than in urban and that it strikes more often in the age group from 10 to 20. There is an increase of the disease in the group from 12 to 16 years.

He explained the first symptoms are similar to those of a common cold and more advanced symptoms are a stiffness in the neck and aching and drawn muscles of the legs.

R. V. Galloway, president presided at the meeting and named the following additional committees for the ear, sight conservation and the blind, Dr. Carl Straley, T. J. Anderson, and L. L. Bruce; United Nations, Joe Nussle, Lee Dockery and Saule Perstein, and agriculture committee, R. B. Thomas Jr., Dr. Ross Hodges and Wayland F. Taylor.

Guests at the meeting were Bud Fuller, Joe Fraley, Bob Pitchford, Ralph Wagoner and Charles Milliken.

Members at the meeting voted to join the Rotary Club in a meeting of Wednesday, July 15, the date of the opening of the rodeo.

Breckenridge Man New Supervisor Of Local Shows

M. T. Hudgins, manager of the Interstate Theatres at Breckenridge, has succeeded Brown Garner as supervisor of the Majestic and Lyric theatres in Eastland, both members of the Interstate group. Aubrey Van Hoy, manager of the Eastland shows, remains in that position.

A short time ago Garner purchased additional interest if not all of the interest, in the Interstate shows at Ranger and assumed active management there. Hudgins has been with Interstate 21 years, going to Breckenridge from Tyler last May. He is also local manager for the National and Palace Theatres in Breckenridge, both Interstate houses.

Congressman Lyndon Johnson can't wait until he gets on the ground to start talking. Here he is with microphone in hand as his helicopter, the Johnson City Flying Windmill, settles for a straight-down landing. Johnson delights in "dropping in" on farm and ranch hands at work, hovering just above the ground to make a senatorial campaign speech.

Congressman Johnson will land in the 200 block of Pine Street in front of Killingsworth's Funeral Home, in Ranger Saturday afternoon at 5:30 and will address the people.

More Chlorine Added To Water Causes Taste

Water Commissioner A. L. Stiles stated today that so many complaints have been received about the taste of the city water that he would like to explain that it is caused by an extra heavy amount of chlorine that has been fed into the water lines.

It was explained that additional chlorine has been added as a precaution against any possible contamination which might result from decaying vegetation which was covered with water following the recent rains.

"This extra chlorine is perfectly harmless," Stiles stated "and the only noticeable difference is, of course, the unpleasant taste."

The city is sending a sample of the city water to an independent laboratory in Abilene each week and a sample monthly to the State Health Department in Austin each month. The reports on all of the samples have been satisfactory, showing the treated water to be entirely safe for drinking purposes.

Rains Improve Peanut Prospects

Good rains fell over the peanut growing sections of the Southeastern states, and southwestern areas still had ample moisture this week. Parts of southern Oklahoma reported too much rain.

Good growing conditions prevailed generally in all peanut producing regions, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Many shellers had sold out of last year's peanuts. Light demand matched the negligible offerings. The market remained firm, with too few sales to quote prices in the southwest.

Peanut oil weakened, though crushers reported no sales. Peanut continued about unchanged.

Rocket Shooting Charges False

BERLIN, July 16 (UP)—Russian authorities charged today that American planes fired rockets over the Soviet Adlerhof air field last night.

U. S. Air Force officers said investigation of the Soviet charge of rocket firing proved that it was without foundation. Officials regarded the Soviet complaint as another move in the campaign to build up a case for prospective Russian efforts to block the air lanes to Berlin, the last channels open to the western powers.

B-29 GROUPS ENROUTE THERE WILL TRIPLE AIR STRENGTH

WASHINGTON, July 16 (UP)—The United States today sent two groups of B-29 bombers to England, tripling its heavy bomber strength in Europe in the face of deepening crisis in Berlin.

The airforce announced that the two groups of 30 Superfortresses each are now enroute to British bases. It said that they will remain a "short time" and that the operation is part of a long-range flight program the air force has been conducting for some time with the giant bombers.

But despite the terse announcement, the flight of the B-29s was regarded here as another move to strengthen Allied powers in their efforts to break the Russian's Berlin blockade.

And the announcement came as western powers were studying the possibility that Russia may soon extend the starvation blockade of Berlin to Vienna, Austria.

The Austrian capital, like Berlin, is buried deep in the Russian-occupied zone. And, like Berlin, it is under full four-power control.

It was believed here that the presence of as many as 90 of the huge bombers might serve to discourage new Soviet moves in the Berlin crisis.

Four Committees To Handle 'Must' Legislation

WASHINGTON July 16 (UP)—The late of President Truman's legislative program for the special session of Congress appeared today to rest with four congressional committees.

These are the House and Senate banking committees and the House and Senate labor committees. They will handle most of the bills which the President has put on his "must" list, and they have the power to kill the measures without sending them to the floor for debate.

Facing the banking committees are proposals to halt rising prices and relieve the housing shortage. Both committees balked at all price legislation in the session.

The labor committees will hear the President's renewed appeals for a national health program, federal aid to education, and a higher minimum wage.

Italy Planning Anti-Strike Law

ROME, July 16 (UP)—Premier Alcide De Gasperi announced in parliament today, coincident with the collapse of a Communist-led general strike, that anti-strike legislation to strip Communism of its strongest weapon against the government would be introduced soon.

The anti-strike proposal touched off bedlam in the Chamber of Deputies.

WASHINGTON COLUMN

PETER EMSON'S COLUMN

DIRECT FROM CONVENTION HALL

PHILADELPHIA — (NEA) — Comparison of Republican platform and draft of Democratic platform as submitted to the convention for adoption reveals few startling differences.

Most important issue of the campaign should be inflation, though this issue got scant attention here. In their platforms, each party tried to blame the other for high prices. On cures, the Democrats propose to put through President Truman's 10-point anti-inflation program. The GOP Congress passed only three of these points. That leaves Democrats seven to work on, including stand-by rationing and price controls and curbs on credit. As opposed to this Republicans offer only to cut government spending, and fiscal policies to provide incentives for more production.

Second big issue should be housing, both platforms commit parties to slum-clearance and low-rent projects. Democrats imply they would provide it by federal aid to locally sponsored projects. GOP says it would furnish aid to states and only in cases where private enterprise couldn't do job.

Get parties now promise more tax reduction. This represents shift from President Truman's position by Democrats. Their platform says they will give full measure of relief to low income families. GOP promises to cut excise and inheritance taxes and to shift other U. S. taxes to states.

On labor, Democrats offer outright repeal of Taft-Hartley law in a direct bid for the union vote, although in overriding Truman's veto of this law, only 22 Democratic Senators and 71 Democratic Representatives supported the President. The GOP platform takes full credit for passage of the T-H law and beyond that promises further study to improve conditions.

Sex enters both documents through support of an equal rights amendment to Constitution and promises of equal pay for equal work.

Both also promise extension of Social Security, with Democrats promising the most. The Demos promise to raise minimum wage from 40 to 75 cents an hour and they offer more in Federal aid to States for Education and health programs. Only the Republicans mention the need for reduction of bureaucracy and say they will do something about reorganizing federal government.

Both parties come out strong as usual for more aid to motherhood, childhood, veterans, small business, farmers, reclamation and other fat calves.

Democrats promise more anti-trust law enforcement and greater development of river valleys, which Republicans ignore. GOP promises to give submerged and tidal-land oil rights to States, which Demos tried to duck.

On the Civil Rights issue, which threatened to tear the Democratic party apart because of Southern opposition, both party platforms as originally adopted mention anti-lynch, anti-lynch, and anti-discrimination legislation.

Only the GOP calls for revision of Presidential election procedure.

Republican foreign policy planks are pretty general. Democrats planks are more specific. The Democratic platform promises all-out support of Truman doctrine and Marshall plan, with full appropriations. The more cautious Republicans promise aid on a basis of self-help within prudent limits and only after American interests have been taken care of. Both promise full recognition of Israel. The Democrats call for lifting the arms embargo, which beyond present Truman policy. Both platforms call for support of the United Nations international limitation of armaments while maintaining a strong U. S. Army, Navy and Air Force.

You May Have Polio And Not Know It

MERCED, Cal. (UP) — Many people can contract polio and not know they have it, says Dr. John Philip, Merced County health officer.

In Merced County 28 cases of the disease have been reported since May 1 of this year.

Dr. Philip said that for every case of the disease severe enough to be detected, there are 100 cases so light people are not aware they are sick. He said many of the people think they have only a cold or a sore throat.

No case of the disease is hopeless, the health officer said, and recoveries are becoming more and more common as treatments are improved.

Dr. Philip said one-half of Merced County's 28 cases had recovered fully. There have been two fatalities.

Tale of 1748

RHADING, Pa. (UP) — When Reading was first settled in 1778, Old Monongahela whiskey was three cents a glass, two for five cents.

That, plus the historic fact that 200 years ago a tavern meal cost only 12 1/2 cents, will be brought out in a dramatization of Reading and Berks County history which will climax a 24-day celebration of the city and county's 200th birthday from Aug. 4 through Sept. 6. Jess Kimmel, production manager of the New York City Center Theatre Company, is producing the pageant, which will have a cast of 800.

Area OIL News

EASTLAND COUNTY, Gorman Field

Following is a report of activities in the Kirk Field at Gorman for July 15:

Man and Griffin No. 1 Henry 3 miles Northeast of May in the edge of Brown County drilling at 3200 feet, and going on to an Ellenberger test if sufficient saturation is encountered. They expect to find the Ellenberger streak at about 3500 feet which is the usual depth in the May area.

J. R. Hunter and Mellard et al, drilling on their No. 1 Blackwell at approximately 150 feet. This is being drilled with cable tools, therefore the operations will be slower than the Rotaries which are being used almost exclusively in this territory.

Wrather, Penn and Walters finishing off their No. 1 Wallis with a Spudder after having drilled to the 2800 depth with Rotary.

France and Gillespie WOC on No. 1 McMullen. They will not perforate, in all probability until first of week, and will acidize at that time.

J. M. Scott is making location on No. B. F. Porter, South and West of Mellard and Clemens No. 1 Pete Mauney, and North and West of France and Gillespie's No. 1 McMullen. This well could go a long way to undo some

for their vacation in Oklahoma to visit his parents, Mr. and Mrs. Joe Lawrence.

Mr. and Mrs. Bill Holden and children Nancy Ann and Sue, left Tuesday morning for their home in Crane, after a visit here with her parents, Mr. and Mrs. Dave Vermillion and his mother, Mrs. N. A. Holden in Breckenridge. Mr. Holden is with the Humble Oil and Refining Co.

Virgil Hamilton has returned to his work in Odessa after a visit here with his wife, Mrs. Edna Hamilton.

Rev. and Mrs. Otto McDonald from Roaring Springs, were guests in the home of her sister, Mrs. Hugh Vermillion first of the week.

Henry Rhodes was in Odessa on business last week.

Mr. and Mrs. Melvin Holt and daughter, Darla Gay from Abilene spent Sunday with his parents, Mr. and Mrs. S. M. Holt.

David Turpin, who has been ill in the West Texas Hospital is much better and has been removed to his home here.

Mr. and Mrs. D. V. Heath and daughters, Mary Frances and Vivian from Richmond, California, were week end guests of Mr. and Mrs. L. S. Hamilton and Mrs. Eunice. They had been on a trip to Mexico City. Mrs. Heath is Mr. Hamilton's niece.

An elaborate array of exhibits by home demonstration clubs, 4-H clubs and individuals in this area will be shown at the three-day Peach and Melon Festival to be held in De Leon on July 22, 23 and 24.

J. W. Baldwin No. 2 J. N. Watson perforated Thursday Morning. They are now Swabbing and cleaning up preparatory to acidizing.

J. W. Baldwin's outfit have moved a rig in on No. 3 Sanders. Virgil Taylor Drilling Co. who has drilled 4 other good wells in this area for Baldwin will be in charge of the drilling operations on this job.

Wrather, Penn and Walters just gave me some more dope on their No. 1 Wallis. They ran Schlumberger the first of the week and are perforating Thursday. They have a nice streak of pay apparently and are looking forward to bringing their rigs back from Albany so that they can further develop their holdings on the Domy and the Wallis.

Veterans Reminded July 31 Last Date For Lapse Ins.

Veterans Administrator, Carl R. Gray, Jr. has reminded veterans that July 31, is the last day for reinstatement of lapsed National Service Life Insurance on a "Comparative Health" basis.

Before August 1, 1948, an eligible veteran may reinstate any amount of term insurance—from \$1,000 to \$10,000 in multiples of \$500—regardless of the length of time it has been lapsed, and usually without a physical examination. He need only fill out a simple application form, in which he certifies that his health is as good as when the policy lapsed, and pay premiums for two months.

The privilege of reinstating on this basis will be available after July 31, only to veterans whose policies have been lapsed for less than three months. Where the period of lapse is three months or longer, the veteran will be required to take a physical examination and qualify as an insuror, VA said.

Veterans should contact W. Moore, VA Contact Representative, each Wednesday, at the Irie Sinclair Bldg., in Eastland.

BLUEBIRD HALTS MAILS

MILWAUKEE, Wis. (UP)—A bluebird established a home in the mailbox of the Harold Lenike family here. Until the eggs are hatched and the young fly off, the Lenikes must walk to their neighbors to pick up their mail. The mailman won't bother the bluebirds.

A livestock and poultry show will also be an added feature at which FFA boys will exhibit their livestock and poultry. A large tent has been secured to house the show and the finest purebred stock in this section will be shown.

The tent will be erected on Monday before the Festival opens on Thursday in order to give showmen a chance to arrange for space.

No charge will be made for entries and prizes and ribbons will be awarded to the winners.

Not So Very Long Ago—
 most abstractors were wondering where the next order would come from. Then came the gradual rise in the price of petroleum products, release of more building materials, and increased inflation which swelled the price of lands out of all reason. These factors and others contributed greatly to the demand for title work. But thru good times and bad—for more than 25 years—we have never thought it wise to sacrifice quality for quantity. And that's our business platform today!

Wyoming Preserves Pony Express Relic

CHEYENNE, Wyo. (UP)—One of the last relics of the old Pony Express days has been saved from disintegration.
 The old South Bend Pony Express station at Granger, in southwestern Wyoming, has been restored by the Wyoming Historical Landmark Commission and will be preserved as a signpost of the past.
 The station is one of the last stops of the 190 which once dotted the 2,000-mile route of history's most romantic mail service. The Granger station was built as an overland stage station on the old Oregon Trail in 1850 and was made a Pony Express stop 19 years later.

Lurid Comic Books Under Police Fire

CHICAGO (UP)—Police Commissioner John Prendergast has become an avid reader of comic books.
 Prendergast, spurred by the admission of two juvenile slayers that they read lurid crime comic books, began the study to "see just exactly what is the subject matter of these periodicals."
 The commissioner said the city's attorney is preparing a legal opinion on the possibility of banning "bad" comic books.

Santa Maria Replica May Be Restored

CHICAGO (UP)—The replica of the Santa Maria built for the first Chicago world's fair in 1893 may be returned to its original condition, if \$300,000 can be found.
A job a greater cash outlay than rising costs make the repair that made by Isabella, Queen of Spain, when she financed Columbus to a whole fleet, of which the flagship was named the Santa Maria.
Vincent L. Knaus, grand knight of the Santa Maria council of the Knights of Columbus of South Chicago, is determined that the ship shall be saved. Knaus wants it to be a reminder of Columbus' discovery of America in 1492 and the world's fair of 1893.
