## Two Army Flyers Killed Searching For Missing Plane

SAN ANTONIO, Tex. Oct. 9 (UP)—Two air force flyers were killed yesterday when their plane crashed 10 miles northwest of Victoria while they were searching for a missing plane which had been reported missing from Randolph Air

erick Kaplin, 22, of Rosellee Park, N. J. Meanwhile, the search continued for Kaplin and his plane. The Randolph Air Base information bureau said Lt. Diggs originally came from Harvard, Ill. Air base authorities said the search for Kaplin today included the use of 40 planes, augmented by several planes of an air rescue unit from Biggs Field, El Paso. Authorities said the search already has covered 34,000 square miles.

fall is continuing in the El Paso area this morning.

Big Spring received the heaviest total, with 7.4 of an inch. The forecast calls for occasional rainfall today and tomorrow in West Texas and showers in parts of East Texas.

Early morning temperatures continue in the lower brackets. The overnight minimum was 47 degrees at Texarkana and Amarillo, with Corpus Christi keeping warm with 73 degrees. Maximums during the day yesterday ranged from 89 degrees at Brownsville to 56 at Guadalupe Pass.

## Fair Officially Opened Saturday

DALLAS, Tex. Oct. 9 (UP)—The 1948 State Fair of Texas swung open its gates today to the first mad rush of visitors hungry for education and entertainment. The turnstiles started clicking at 9 A. M.

An hour later, a mile-long parade, headed by Gov. Beauford Jester, was scheduled to run the length of the town from the court house to Fair Park. At 11 o'clock, Gov. Jester officially opened "the biggest state fair in the world" with dedication ceremonies for the new automobile.

## Defaulters on GI Home Loans Face Possible Pension Loss

BY DOUGLAS LARSEN  
NEA Staff Correspondent

(Peter Edson is on vacation.)

WASHINGTON—(NEA)—Veterans' Administration has started to hold up pension checks to disabled veterans of World War II who have defaulted on home loan payments. This drastic penalty is part of a new policy now being formulated by VA for the future handling of foreclosures on GI homes.

Of the millions of veterans who have bought homes under the GI Bill of Rights only about 2500 of them so far have defaulted on payments to the extent that the government has been forced to pay the lender any part of the GI guarantee. VA is not expecting any great increase in foreclosures in the near future. But it wants to be prepared. If a business recession should come, foreclosures would skyrocket.

ONLY a few isolated cases have come up so far in which VA is holding up pensions to disabled vets who have had to give up their new home, leaving the government holding part of an unpaid mortgage. The Department of Justice is studying these cases and is trying to work out some other kind of an arrangement for the government to recover its money.

But the VA has already gone ahead with the pension withholding. A VA spokesman says that this method for collecting a bad debt from a veteran is part of the U. S. financial code. He says that if VA didn't do it, the General Accounting Office would insist on it when the books came up for audit.

When a veteran is forced to give up a house, there are several alternative actions for the VA. The house can be sold immediately at public auction. If the sale brings less than the unpaid mortgage, the government pays the lender the difference.

The lender can acquire title to the house. This is done by the VA setting a price on the house and agreeing to pay the lender the difference between the appraisal price and the unpaid mortgage. The lender can do anything he wants with the house then. In each of those cases, however, the veteran owes a debt to the government for the amount of the money which has to be paid to the lender.

The third method of handling a foreclosure will probably be the one most used, especially if there is a break in the housing market. The VA can set a price on the foreclosed house, pay the lender that price plus the difference between it and the unpaid mortgage, and then take title to the house. This has already been done on 324 houses, 139 of which have been resold.

THE VA, however, can make a new deal with the veteran. It can take over the vet's mortgage and adjust the terms. A large-scale use of this method will obviously put Uncle Sam in the real estate business. The policy on this is now being worked out.

It is expected that if a depression should come, considerable pressure would be put on the VA by the veterans' organizations to make this sort of a deal the general policy. Under this same authority the VA could rent the house back to the veteran who had failed to keep up payments. If this is done to any extent, the VA could become the greatest landlord in history.

The thousands of veterans who have been stuck with shoddily-built homes complicate the picture. It means that as the houses become more ramshackled, more veterans will give up trying to make payments. When the VA then comes to re-appraise the houses, their value will obviously have gone down far below the first sale price. This will stick the government for large payments to the lenders, even though it was the lenders' mistake in financing a bad house.

Any way you look at it, VA is destined to get into the real estate business in a big way. This function could become almost as big as the whole GI insurance program.

aviation and recreation building. In the meantime, some 25,000 persons were expected to flow through the turnstiles to witness the 63rd annual state fair, produced at a cost of \$30,000,000, during the first two hours.

Sparked by \$3,000,000 in improvement since last year's record-breaking exposition, the fair appeared at opening time to be indeed "bigger and better than ever".

Among the first influx at the fair were hundreds of Texas press and radio men and women who came to take part in press and radio day, held traditionally on the opening day of the fair.

## More Callories For Germans In Three Sectors

BERLIN, Oct. 9, (UP)—More than 2,500,000 Germans in the three blockaded western sectors of Berlin were informed today that their basic ration will be increased 200 calories a day because of the success of the Berlin air lift.

The increase will bring the German ration in the western sectors up to the mark between 1,900 and 2,000 calories promised by all four occupying powers last June 16, before the Soviet blockade began.

The increase will go into effect Nov. 1. It was hailed as a smashing victory over Russia in the cold war. The Russians have been unable to meet the June 16 pledge in their sector, where only occasional isolated increases have been extended.

A British De Havilland "Swallow" jet plane like this is reported the first jet plane to fly faster than sound travels. The American X-1, which also exceeded the speed of sound, is a rocket plane. Also, the Swallow is capable of taking off and making sustained flights, which the X-1 cannot do.

operators to go to the deeper sands if desired. They plan, however, to try first for the pay in the shallow sands.

The Quinn well is being drilled on a 40 acre tract, located between highway 90 and the Texas & Pacific railroad right-of-way. It is located in the vicinity of former shallow production.

Chamberlain states that it is possible that a water well will have to be drilled before operation on the oil well can be begun.

### Shawcross Calls Red Disarm Plan "Rubbish"

PARIS, Oct. 9 (UP)—British Delegate Sir Hartley Shawcross dismissed the Soviet disarmament proposal as "rubbish" today and told the United Nations political committee that Russia's armed forces now are two and one fourth times their prewar strength.

Shawcross insisted that Russia must lift its iron curtain of secrecy before any agreement on disarmament or atomic control can be reached.

Britain will not be "bamboozled," he said.

"I am reliably informed that the size of Soviet forces is now two and a quarter times what it was in 1939," Shawcross said. He added that the estimate did not include gendarmeries and internal police of the "police state."

He re-submitted a British proposal of a year ago that no fruitful discussion of disarmament could take place without an honest and accurate census of the armed forces of all nations and verification by some control system.

In effect he branded the Soviet disarmament proposal as a trick which would leave the Soviet armies greater than any other in the world.

## BEERY, JANE POWELL HEAD CAST OF STARS IN 'DATE WITH JUDY'

"A Date With Judy", showing Sunday and Monday at the Arcadia Theatre, will give you one of the happiest screen dates you've ever had.

For this new Joe Pasternak Technicolor tuner, starring Wallace Beery (imagine him in a musical!) lyrical Jane Powell, teen-ager's delight Elizabeth Taylor, Latin bombshell Carmen Miranda, handsome Robert Stack and Xavier Cugat's popular dance band, contains enough talent for a three-ring circus.

Everybody has a chance to get "into the act" in this warming story of smalltown family life centering on an impressionable daughter (Jane Powell) caught in the toils of adolescent love, the boy friend (Robert Stack) who plays hard to get, the scheming girl friend (Elizabeth Taylor) who mistakes sophistry for sophistication, all topped by a comedy of errors resulting from a mistaken belief that Pa (Wallace Beery) has fallen for a sultry Latin charmer when all he wants to do is learn the rumba so that he can impress Ma (Selma Royle).

The sequences in which Carmen Miranda initiates the stalwart Beery into the esoteric contortions of the rumba are as funny as you have seen on the screen in some time. The amusing Miss Miranda also scores with three South American songs, while lulling Jane Powell also takes time out from her family and romantic problems to sing such varied numbers as "Temptation," "It's a Most Unusual Day," "Love Is Where You Find It," "Judaline," "I'm Strictly on the Corny Side," "Through the Years," and the ever popular "Home, Sweet Home."

Elizabeth Taylor is effective as the spoiled but neglected poor little rich girl, Robert Stack in his first post-war screen role, is enormously likable as the object of the ladies' affections and Scotty Beckett adds laughs in an excellent characterization of a self-important young man who has just reached his voice-changing age.

Producer Pasternak and Director Richard Thorpe have made their new M-G-M offering fast-moving, chuckling, easy to look at in its Technicolor hues and delightful to listen to in its varied score by a number of Hollywood's top composers. You can't miss with "A Date With Judy."

CHRISTIAN SCIENCE SERVICES

"Are Sin, Disease, and Death, Real?" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 19, 1948.

The Golden Text is: "O Lord my God, I cried unto thee, and thou hast healed me" (Psalms 30:2). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And God saw everything that he had made, and behold, it was very good" (Genesis 1:31).

The Lesson-Sermon also includes the following passage from the Christian Science textbook: "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Everything good or worthy, God made. What ever is valueless or baneful. He did not make, hence its unreality" (page 325).

## Davis Cup Stars Tangle In Semis

SAN FRANCISCO, Oct. 9 (UP)—Semi-finals of the national men's hardcourt tennis championship offered tennis at its best today with two Davis Cup stars

meeting in one match and the national champion facing one of his strongest rivals in the other.

Ted Schroeder, the American Davis Cup perennial from Glendale, Cal., was to cross rackets with Jaroslav Drobný, the Czechoslovakian Davis Cup cannon ball, in a match at the international level.

Spectators were to see a portion of the recent national grass courts tournament at Forest Hills replayed as Richard (Pancho) Gonzales, the national titlist, tangled with Art Larson of San Leandro, Cal. Larson forced Gonzales to go five sets, nearly beating him in the fourth round at forest hills.

### BULLDOGS TIGHT IN PINCHES, STOP LOBOC SURGES FOR 12-6 WIN

MARVIN GROSS

Fixing a death grip on a slim six point lead fashioned through a second period pass interception, the courageous Bulldogs staved off the frenzied last half assaults of the Cisco Lobos to ride home a 12-6 winner last night at Bulldog Stadium.

A Bulldog offense that moved like a swift river current in the first half suddenly lost its effect and the Lobos sensing their first win of the year came on with a mad rush. Late in the third quarter the Lobos made their deepest penetration — notching a first down, aided by a roughing penalty — on the Bulldog nine yard line.

With a repetition of the Albany disaster impending, the gangling terminal Jimmy Ice suddenly became an unstoppable bearcat. Three times the Cisco team sent plays

directed at Jimmy and three times Ice couldn't be moved, tossing Russel Johnson and Robert Rendell for losses totalling eight yards. On last down Cisco tried to go all the way on the statue of liberty but Durwood Smith was thrown out of bounds and the Bulldogs took command.

Earlier it had been Raymond Comacho running with the power of a bulldozer who ripped the Cisco line apart setting up the first score. And when the Lobos came rushing back to knot the game, little Buddy Hamrick, a top defensive star, plucked off Johnson's pass on the Cisco 28 and the Bulldogs rolled to the winning touchdown.

With the opening kick-off, Ranger found huge holes at guard and tackle, moving unopposed to the Cisco one. But an offside penalty stymied the touchdown bid and the Bulldogs had to do it all over again.

After KeKaneth Williams was dogs took over on the enemy's 46. When a Lobo defender interfered with pass receiver Keith Munnerlyn the Bulldogs had a first down on the 31. On three devastating power plunges Raymond Comacho stamped to the three. A Cisco defense that was set for Raymond was crossed up when Jimmy Comacho slipped off tackle for the first score. Jimmy's conversion was low making it 6-0.

An aroused Lobo eleven took the following kick-off and went 55 yards to tie the score. The hard-working Russel Johnson went 18 yards in two plays and mixed with an off-side penalty the Lobos had a first on the 31. Needing a yard on last down from the 22, Cisco sent end Durwood Smith around right end on the tail end of a double reverse. Smith caught the entire right side of the Bulldog line counting their change and swept down the sidelines for the score. But the conversion was missed.

In the second quarter the Lobos gambled with an aerial from their own 20 and it was a fatal error. Buddy Hamrick made the first of three Ranger interceptions and it was the Bulldogs ball on the Cisco 28.

After Kenneth Williams was thrown for a four yard setback the Lobos were penalized down to the nine because of unnecessary roughness. Raymond and Jimmy Comacho advanced to the one and on last down Raymond punched over for the winning score.

From there on in the Bulldogs never got ralling offensively but a line that stayed tight with their backs against the wall just wouldn't crumble. And in the waning minutes interceptions by E. P. Robinson and Kenneth Williams broke the hearts of the Lobos. It was defensive and offensive football played at its best and the Bulldogs won because they had it in the clutch.

## Bowling Briefs

Bowling for the ladies in today's inter-city match with Cisco scheduled for 2:30 at the Ranger Bowl will be Vivian Fleckenstein, captain, Lazelle Johnson, Virginia Carter, Ann Loper, and Beatty Sue Ames. The men's team will be selected from the following seven candidates: Allen Fall, Floyd Killingsworth, Richard Bonney, Pete Dawn, Joe Beck, Ted Bahain and Red McNabb.

The Ranger High School girl's physical education department has broadened its activities to include bowling among class requirements. Friday has been set aside for girls' bowling at the Ranger Bowl under the leadership of their physical education director, Mrs. Alvis L. Woods.

Both individual and class instructions are provided by C. T. Bahain, bowling alley manager. In the first classroom session held Friday from 8:30-9:30 high scores were earned by aPisy Anne Frasier with a mark of 93 while Doris Gafner took second honors with a 91 game. A second group took the alleys at 3:00 but no scores were recorded as the girls concentrated on the fundamentals.

Coach Aills' physical education class is also receiving bowling instruction and has formed a league. Provision for their bowling time has been made by Townsend Craig, Maddocks Insurance Co., and Ted Bahain.

The Lions Club has been staging weekly practicing sessions Thursday afternoons and are raising their averages in preparation for their impending match with the Rotarians.

Little Carolyn Babain has been practicing with a specially designed children's bowling ball and has been showing improvements. Rollie Kenney with a score of 238 is top man for the week in individual high game. Picking up difficult splits during the week were Janet Squires with a 5-10 and Lazelle Johnson with a 5-6.

McCarthy Rumored To Quit Red Sox  
CLEVELAND, O. Oct. 9 (UP)—The Boston Red Sox, who have very fine luck with one ex-Yankee manager, were said today to be on the verge of replacing him with another.

By mutual agreement, it was learned that neither the Red Sox nor Marjoe Joe McCarthy were particularly interested in keeping company with each other through the 1949 season. And at the same time it looked as if Bucky Harris might take over as his replacement.

McCarthy, who did a terrific job in leading the Sox to the first pennant tie in American League history, wasn't under fire because he couldn't manage to beat the Indians in the playoff game that would have put his club into the World Series.

The Red Sox high command figured that he did an excellent job — under the circumstances. But it is no secret that McCarthy, an irascible sort of person who frets with himself, with his players, his bosses and with newspapermen had an unhappy year in Boston.

## Upsets Feature State Schoolboy Football Games

By United Press

Undeafated schoolboy grid team fell like tenpins in the class AA and city conference races Friday night as the field of unbeaten teams narrowed down to 16—five of which have ties on their records.

Principal casualties in the week-end firing were the state's No. 3 and 4 teams—San Antonio, Brackenridge and Odessa — as Port Arthur and Amarillo further entrenched themselves in the 1-2 spots in the rankings.

Port Arthur, the top class AA club, knocked Brackenridge from the ranks with a hard-fought 14-6 victory, while Amarillo ran roughshod over a highly-touted Odessa team 33-6.

Others falling by the wayside were Pampa, Quanah, Bonham, Highland Park, Kilgore, Texas City and Houston S. F. Austin.

Wichita Falls dropped Pampa 6-0, Dentonford kayoed Quanah 31-14. Denison took care of Bonham 19-12 in a district 5 affair, Waco bumped Highland Park 27-7, Marshall eliminated Kilgore 34-6 in a district 8 game, Class A Alvin dumped Texas City 6-0 and Houston Reagan beat S. F. Austin 13-0 in a city conference encounter.

Remaining among the unbeaten were Amarillo, Sweetwater, El Paso, Austin, Stephenville, Henderson, Marshall, Waco, Beaumont, South Park, Port Arthur, Baytown, Alice, San Benito Fort Worth, Arlington Heights, Houston, Lamar Reagan and Milby, Marshall, South Park, Baytown, San Benito and Lamar have ties against their records.

Thousands Killed Injured In Quake  
MOSCOW, Oct. 9 (UP)—Thousands of persons were killed or injured last Tuesday in the disastrous earthquake that struck Ashkhabad, capital of the Turkmen republic near the Iranian border, the Tass agency reported today.

Tass said the city was more than half destroyed. At least 120 trans-

ies taking bets at 2 to 1 that they would take the next two games, thus winding the competition up here in five games.

port planes have been pressed into service to fly drugs, doctors, prefabricated houses and tents to the town, the agency said.

Special sanitary trains still are evacuating corpses and carrying injured victims to neighboring cities for treatment. The injured are being taken to Tashkent, Baku, Bukhara and Samarkand, Tass said. Among those evacuated were at least 600 orphans.

The rescue planes are flying around the clock, Tass said, another report said 6,000 injured were evacuated by air.

A report from the institute of the academy of sciences said the shock struck near midnight without warning, catching its victims in bed.

The force was so great that surface displacement in Moscow, 1,500 miles away, reached 4 millimeters, this report said.

Ashkhabad was reported to have been about 50 miles from the epicenter, which is in northern Iran. Tass said the quake was the most disastrous in the city's history.

More than 1,000 doctors, nurses and other medical aide were flown in from Moscow and other cities in the Turkmen area. They included the chief officer of the Russian health service and the chief surgeon of the Soviet Army.
