Election Data To Washington

LAREDO, Tex., Oct. 26 (UP)—S. Truman Phelps, Laredo attorney, said today that Aug. 28 runoff primary election data from Starr and Zapata counties would be taken to Washington.

A special investigator, Joseph Langin, took custody of the data from the two counties yesterday, Phelps said, in the course of his inquiry into charges that fraudulent returns were made in the U. S. senatorial runoff primary between Congressman Lyndon Johnson and Former Gov. Coke Stevenson.

Langin and a second special Senate investigator were aiming at getting custody of data from others in the "Gorge Parr" "political empire"—Webb, Jim Wells and Duval counties.

Langin was spent on developments in his investigation. Phelps, a Stevenson campaign manager in Webb county, said he accompanied the senatorial agent to Starr and Zapata counties for the purpose of impounding the election data yesterday.

He reported that the poll list and tally sheets from precinct number 2 in Zapata county were missing.

The senatorial investigators were ordered into the South Texas counties at the request of Stevenson, who lost the Democratic senatorial nomination to Johnson by the margin of 87 votes in final, official statewide tabulations.

Panhandle fought the proceedings before the commission, claiming the Michigan service would cut down its own right to serve the area. Panhandle has transported gas to eastern Michigan for resale since 1935.

The commission said Panhandle had not adequately shown it was able or willing to meet the expanding needs of the eastern Michigan market. When the certificate was approved, Panhandle charged some of the commissioners with prejudice.

Panhandle took its objections to the U. S. Court of Appeals here and that court upheld the commission. Panhandle appealed to the Supreme Court.

Opposing the appeal, the commission said its orders adequately protected Panhandle's interests in the Michigan market.

Burial Rites For Babe Ruth Held

WHITE PLAINS, N. Y., Oct. 26 (UP)—The body of Babe Ruth finally lay today in its last earthly resting place, a grave on a wooded hillside in Gate of Heaven cemetery near here.

Ruth's funeral was held on August 19 at St. Patrick's Cathedral, but until yesterday his mahogany casket had reposed in a receiving vault at the cemetery, awaiting selection of a cemetery plot by his family.

In a brief service yesterday afternoon, the casket was carried from the vault and placed in the grave chosen by his widow, Mrs. Claire Ruth. In marked contrast to the crowds that followed his baseball career, that saw his body lie in state at Yankee Stadium, and attended the funeral, the final commitment service was private with only Ruth's immediate family present.

WTCC Endorses All Amendments

ALBUQUERQUE, Oct. 26—Support of the Constitutional Amendments to be voted on at the general election Nov. 2, is recommended by the West Texas Chamber of Commerce.

The organization points out that amendments were nonpolitical in nature and "will enhance the efficiency and economy of our government."

Two of the amendments have been on the agenda of WTCC for many years and their passage is stressed by Manager D. A. Bandeen. First of these is SJR2, which occupies second place on the ballot, calling for the redistricting of Texas. This amendment provides that the legislature shall redistrict after each decennial.

If this is not done, then an automatic board is set up, and if this board fails to function, it can be mandated by the supreme court.

"Although West Texas stands to lose some votes in redistricting, there is at present an imbalance in our legislative redistricting which will be corrected," Bandeen said.

The organization also strongly recommends passage of HJR 24,

Dewey Off On Four-Day Tour

En Route With Dewey, Oct. 26 (UP)—Gov. Thomas E. Dewey set out today to prove his charges that President Truman is deliberately playing class-against-class in an effort to stay in the White House.

The GOP presidential candidate has denounced repeatedly what he considers Democratic efforts to divide the nation for election purposes, even during critical times in foreign relations.

He was expected to hammer at this theme tonight when he speaks in Chicago at 10 P. M. (EST).

Dewey left Albany last night after a three-day rest during which he licked a severe head cold and brought about improvement in an attack of bursitis in his right shoulder.

He was scheduled to arrive in Chicago at 5 P. M. (EST). Chicago is the first big stop on a four-day tour of seven states. It will include four major speeches, at Chicago, Cleveland, Boston and New York.

French Miners Fire On Troops

PARIS, Oct. 26. (UP)—Striking French coal miners fired on government troops and blasted them with mines and hand grenades today when the soldiers attempted to seize two occupied pits near Ales in Central France, the interior ministry announced.

One army second lieutenant was wounded by a bullet and several miners also were injured, the announcement said. It added that 100 strikers were arrested, most of them carrying firearms.

Despite the fighting, the government seized four pits occupied by strikers before noon at Rochelle, in the mountain valley north of Ales, 90 miles northwest of Marseille.

which is No. 7, on the ballot and provides for abolishing the state ad valorem tax and enables counties to levy the tax for local revenue purpose. The measure would permit the counties which do not at present receive tax remissions, to have the 30 cents for flood control and farm-to-market road purpose.

KING ASKS PARLIAMENT TO STRENGTHEN FORCES

By Bruce Munn
United Press Staff Correspondent
LONDON, Oct. 26 (UP)—King George VI opened a new session of the British Parliament today with a call to members to nationalize the vast iron and steel industry and strengthen the British armed forces.

Lords to take "steps to ensure that my armed forces shall be efficient and well equipped."
"A measure will be laid before you to bring under public ownership those companies extensively engaged in the production of iron ore or pig iron or steel or in shaping steel by rolling processes," the king said.

Court Refuses To Review Protests

WASHINGTON, Oct. 25 (UP)—The Supreme Court has refused to review protests of Panhandle Eastern Pipe Line Co., against government authorization of a competing natural gas pipeline into the Detroit, Mich., area.

The certificate was issued by the Federal Power Commission to the Michigan-Wisconsin Pipe Line Co. for the proposed new pipeline from the Hugoton gas field in Texas. Besides the Detroit-Ann Arbor section, the company was authorized to transport gas to Wisconsin, Missouri, and Iowa.

Speaking in the crowded Chamber of the House of Lords, where Commons has met since its own quarters were damaged in the Blitzkrieg, the king touched briefly on the international situation in language somewhat more harsh than customarily used by British royalty in comment on foreign affairs.

"In Berlin a difficult situation has arisen as a result of the action of the Soviet government in cutting surface communications between the city and western Germany," the King said.

"My government hold the view that this action constitutes a threat to peace and therefore referred the matter to the Security Council of the United Nations.

"The resolution of the security council has been vetoed by the Soviet representative and the situation thus created is under consideration by my government and other two governments (the United States and France) concerned.

"Meanwhile Berlin is being supplied by air and air craft from the United Kingdom, some of them flown by crews from other commonwealth countries, combining with those of the United States to keep Berlin linked with Europe."

EASTLAND COUNTY—
GORMAN AREA—

Report of activities for October, 25:
Decker and Raymon acidized Sunday afternoon using 100 gallons of acid. They broke the structure at 1500 lbs. pressure even though it took the acid at 500 after the resistance was overcome. They are bailing and swabbing now. No figures are available as yet, even though it looks like they have a well on their No. 1 Jordan.

Snowden et al No. 1 Kinney drilled to 2942 feet and set pipe Saturday night. They will acidize Wednesday in all probability.
Kirk and Sessions No. 1 Jim Wood will acidize in all probability Tuesday. Their No. 2 Jim Wood drilling at 700 feet.

Wampler Brothers No. 1 Wallace drilling at 2700 feet.
National Coop. Refinery Association No. 2 Krell still waiting on shooting equipment. Will shoot with Nitro in the Desdemona Sand Bathke No. 1 Stroebel drilled in to the Ellenberger (this is just west of Nimrod in the Section 177, H. & T. C. Survey). The well will make from 150 to 200 barrels without being treated. No official tests have been run.

Joe Josephson and Jimmie Rosenthal in Gorman finishing off their well—the No. 1 Roy Baskin. Acidized but did not break structure. Will swab and clean and acidize again. Will work from bottom up this time. They used 75 perforation shots.

Joe Josephson predicts the real field in the Gorman area will be to the west of town since studies of every old log shows at least 3 streaks of pay—Caddo, Marble Falls and Ellenberger. Some few wells have had a shallow section also, at above 1000 feet. An example of this was in the well J. R. Hunter drilled on the George Blackwell land (the old Boone tract) out on the Gorman-to-Eastland highway.

Dude Rancher, Gang Ousted By Swiss
GENEVA, Oct. 26 (UP)—Cincinnati Dude Rancher Larry Sunbrock and the 22 cowboys and cowgirls of his "Texas" rodeo troupe were given the bum's rush out of Switzerland today for tangling too roughly with the law.

They were packed into black maras and escorted across the Swiss-French border at Moellesulaz on the southern side of Lake Lemau.

Behind them, they left their horses, burros, steers and gear. These were impounded, police said because of the "considerable debts" run up by the troupe in

Switzerland.
All 33 cowboys and cowgirls were jailed Sunday after a riot broke up their rodeo performance at the Palais De Expositions.

Crude Oil Hits Record Volume

TULSA, Okla., Oct. 26 (UP)—United States crude oil production has climbed to record volume for the third consecutive week, the Oil and Gas Journal reported today.
Production averaged 5,597,735 barrels, over the previous week's daily average.
California, Kansas and Oklahoma had the largest production gains, with Illinois, Michigan and Arkansas losing production.

In a recent year, New York University doctors were responsible for the medical care given to 45,000 bed patients and 250,000 out patient visits at Bellevue Hospital.

WARDEN TRIES NEW MEN AT TROUBLESOME SPOTS

BY MARVIN GROSS

In planing down the few bumps remaining in the Bulldogs' make-up while preparing for the Hamilton game, Stubby Warden has a two-fold problem—1. find someone who can boot that ball a country mile and 2. locate a safety who won't play games with the opposition's kicks.

Temporarily elevated to the status of number one booter is reserve halfback Billy Wayne McKinney. McKinney can get the distance and is fast getting there. Off, lacking only the experience under pressure. He was called upon to boot one from the goal line in the Comanche game and came through with a commendable effort. The left footed kicker impressed in his practice stint yesterday and will probably replace Raymond Comacho as the top man with the foot.

But the biggest headache to the coaching staff is the fruitless search for a dependable safety man. Poor punt handling has cost the Bulldogs a few touchdowns and far too much yardage. While far from the sprint champion of the team Buddy Hamrick shapes up as the most reliable man for the delicate job. The ever-cool Hamrick has the know-how to keep hands off those tricks bounding punts. And Buddy seemingly has never heard of the word, fumble.

This Hamilton eleven is one of the beefiest in the conference. Also christened the Bulldogs they have swept through three conference opponents without taking a second breath. Hamilton blanked Comanche 14-0, poured it on De Leon 39-13 and last Friday tore Gorman apart, 31-6.

Feature act of the Hamilton single wing offense is the one-two punch of right half Leeth and fullback McCollum. Leeth handles the outside duties and has the speed to give any end a busy night. McCollum weighs a mere 205 pounds and is still growing, bless him. He hits the middle of the line like a runaway Mack truck.

Coach Pete Roach formerly of T. C. U. will probably vary his offense a bit. Schooled in the spread under Dutch Meyer, Roach will at one time or another switch to this troublesome formation.

A little drawn but anxious to pick up where he left off, R. C. Smith quit the West Texas Hospital and donned the mole skins again. Evidently winning back his job is another matter. R. C. will have to find that magic passing touch again if he intends to replace Hamrick. However Warden has hinted he may try Smith in another spot in the starting line-up.

A Ranger victory would knock the Hamilton bunch from atop the conference standings. Eastland will rank a heavy favorite over the Comanche Indians Friday evening and if they come through

as the only undefeated team in as expected they would stack up the conference.

Pups Seek Win Over Cisco Squad

The Junior High Pups set out to bring their season over the 500 mark tonight journeying to Cisco to tackle the Little Lobos.

After falling to Breckenridge in their opener the Pups came untangled from their early jitters and posted a heartening 19-0 victory over Eastland. It was a devastating running game, stemming from a tricky T formation that turned heads.

Coach Munnerlyn will again rely on the power plunging of fullback J. L. Barnes and the lightning outside running of Floyd Woods. Little Al Tune will direct the Pup's attack.

Patrolling the forward wall will be Bill Brazda and Jimmy Cantrell at the ends with Herschel Storey due to see plenty of action, at guards are Wayne Hargrave and J. D. Harper, handling the tackle slots are Herbert Williams and Max Wade with Ray Case at center.

In the Pup's backfield Joe Bagwell and Charles Masague get the nod at halfback with Al Tune at quarter and J. L. Barnes at full.

Bulldog B Eleven Meets Weatherford

The Bulldogs B team got a chance to grab some of their own glory tomorrow night at Bulldog Stadium when they meet the Weatherford B team in their second start of the year.

The Bulldogs, coached by Sam Aills ran over Breckenridge in their first outing and will be out to protect their brief undefeated status. Like their varsity brothers the B stringers run off the T formation chipping in with a potent aerial game.

TRY THE RADIO

AUSTIN, Tex., Oct. 26 (UP)—If you didn't do your ticket shopping early—for the Texas-Smu game, that is—business manager Ed Olle of the University of Texas has a word of advice for you: "Stay Home."

That advice was echoed by managers of hotels in Austin to those would-be travelers without reservations.

The crowd—68,000 persons—will set a new record Saturday for a Southwest Conference game. The present record was set at the Texas-Rice game last year, 48,000.

Tickets for the game were sold out eight weeks ago.

RANGERS POLISH UP DEFENSES FOR SHIFTY NAVARRO ATTACK

Special defenses against the Navarro high-powered running game was the order of the day yesterday for the Rangers in an intensive practice drill.

With line coach Rush detailing every move of the Navarro ball toters the Ranger forward wall set out to perfect their little used T defense, Rush, who scouted the Bulldogs in their 24-7 victory over came back chanting the praises of Coach R. H. Clark's once defeated eleven.

While Junior Arterburn and Jackie Wright were sharpening their aerial arms, Rush fed the linemen a steady diet of defenses against Navarro pitchouts and off tackle plays. But the Bulldogs don't confine their potency to strictly a ground game as in quarterback Red they have an able man with the air weapon.

The starting Navarro line won't carry too much in the weight department. Tackle Phillips at 208 pounds is the giant while Bradley at guard and tackle Granger weigh 192 and 183 pounds respectively.

Although this is a non-conference affair the Rangers need this one to give them the lift to make a clean sweep of conference opponents. The Bulldogs stack up as a prime defensive outfit keeping Cisco within their own 40 throughout most of the action in their game a few weeks back.

Yarbrough will be forced to field a team considerably weakened by injuries. First-string end Ben Blitch hobbled in workouts yesterday and the ace pass grabber will probably be a spectator Thursday night. Also on the doubtful list are Claude Neeley, Bill

Spivey and Lee Ligon.

In order to rule out the possibility of trying formations Coach Clark will bring his band of Bulldogs into Ranger Wednesday night. The team will take up headquarters at the Paramount Hotel and will probably go through a light workout Thursday afternoon.

Since an opening loss to Corpus Christi, Navarro has taken the measure of Decatur Baptist, Cisco, Allen Academy, Weatherford and Hillsboro in order. The Bulldogs will ryle slight favorites over the Rangers at game time.

Ranger will also carry a once-defeated record into the game, chalking up three straight since the opening loss to mighty Kilgore. Two conference foes, Cisco and Clifton were numbered among the victims of the Rangers.

Texas, Mustangs Lead In Offense

DALLAS, Tex., Oct. 26 (UP)—The University of Texas and Southern Methodist set the pace today in Southwest Conference offensive maneuvers, according to official statistics.

While the Longhorns led in total yardage with 1,907 yards—1,213 on the ground and 694 through passes—the Mustangs' per game average was the better of the two on the basis of having played only five games to Texas' six.

SMU's passing attack led the loop with 819 yards through the air, and this yardage coupled with 913 the Mustangs have made rushing totaled 1,732—an average of 344.4 yards per game to Texas' 317.8 yards.

Individual standings changed but little with Lindy Berry of TCU replacing Bobby Goff of Texas A&M as runnerup of Arkansas' idle Clyde Scott in rushing gains. Scott had 500 yards, Berry 459, Goff 409 and Bobby Lantrip of Rice 400 yards.

Berry's 408 yards passing on 35 completions out of 72 attempts was still good for third place—behind Gil Johnson of SMU and Paul Campbell of Texas—and gave him the total-offensive lead by a long margin—867 yards to 603—over Scott. Johnson has gained 566 yards, Campbell 509 passing.

TCU's New Defense Uses 10 Man Eleven

FORT WORTH, Tex. Oct. 26 (UP)—Movies of the Texas Christian-Oklahoma football game have confirmed the report that TCU had only 10 men on the field when the Sooners scored their second touchdown Saturday night.

Coach Dutch Meyer said that one substitute was sent into the game, but had two come off just before Earl Faison's plunging two yards for the touchdown. Oklahoma won the game 21-18.

New Teams Rise In Football Poll

DALLAS, Tex., Oct. 26 (UP)—Four new teams showed up in the top 10 clubs in the Dallas News' weekly schoolboy poll today, but there was no change in the top four clubs—Port Arthur, Amarillo, Waco and Baytown, in that order.

For Port Arthur it was the eighth straight week in the top spot as the Jackets lacked only one of 25 votes of being unanimous choice after stomping Houston, Reagan, 41-0 last week.

The new faces were those of Texarkana, Henderson, Odessa and Alamo Heights, replacing San Antonio Brackenridge, Gadenwetter, Reagan and Stephenville. Texarkana moved up from 14th to seventh, Henderson to eighth from 12th, Odessa from 11th to a tie for ninth and 10th with Alamo Heights, which jumped from the also-ran class.

LINCOLN, Neb., (UP)—The new look in aprons may please Mom but the rest of the family may not approve. At a style show for rural women, University of Nebraska clothing specialists displayed an adjustable apron. With only the flick of a wrist it can be made to fit the head of the house or the small fry.

TO THE VOTERS OF EASTLAND COUNTY

We, the undersigned qualified voters of Eastland County, solicit your support in our effort to legalize the sale of beer in those precincts of the county which permitted its sale prior to October, 1939, when Eastland County last voted "dry."

Since beer was voted out of Eastland County, the State of Texas has passed a new Liquor Control Act. It is much stricter in its provisions regarding who may secure a license to sell beer, hours of sale are governed by law, and in general many more restrictions are placed around the sale of beer.

We feel that the time has come to outlaw the bootlegger in Eastland County and to restore the sale of beer by tax-paying, law-abiding citizens of our County. We know that business is being lost to our County because legal beer is obtainable in nearby towns.

Margarine Plant To Offer New Cotton Outlet

A new outlet for the products of cotton farmers in the Southwest was assured today when the Southwest Margarine Company announced its formal opening at 700 S. Harwood in Dallas. H. E. Brown, veteran margarine manufacturer, pointed out that the fast-growing company already is creating a large market for cottonseed oil, one of the basic ingredients of margarine.

Brown and his associates, Fred and A. S. Ebbins, are thoroughly experienced in the making of margarine, having opened what was termed the first margarine manufacturing plant in the Southwest in Dallas in 1937. They sold their original plant, but are now re-entering the business. Other partners are Halger Blok, sales manager, company of Indianapolis and Cecil T. plant manager, Hill who recently moved to Dallas from Indianapolis, was affiliated with one of the world's largest margarine plants.

The officials are jubilant about their new enterprise. They said the organization, makers of Admiration brand margarine, already has branch offices in Fort Worth and Houston and distributorships in Beaumont, Tyler, Longview, Abilene and El Paso. Soon the product will be on grocers' shelves over a seven-state area, they added. A few choice territories are still open to distributors.

They pointed out that their modern plant manufactures margarine processed by human hands and is well equipped with the most modern machinery available. The plant has a capacity of a million pounds of margarine a month, they said.

If a man has just so much money to spend on food, clothing, shelter, and educational and recreational advantages for his family, money spent for beer cannot be spent for these things. Thus, from the business standpoint, business would be taken away from some business to pay for the beer business, and nothing would be gained in the way of permanent business advancement. The only business helped by the sale of beer is the beer business.

The United Drys are wondering what the sale of beer would do for our children and high school boys and girls in the way of protecting them from evil influences and evil environments. We believe that it would increase the possibilities of physical, moral, and spiritual danger to them.

It would endanger their lives because of people who would be driving cars under the influence of alcohol which, even in very small quantities, makes them more likely to run down some child, or collide with another car causing accidents which take lives, or leave them crippled. We believe that it would be placing temptation in front of them and would be encouraging them to start the habit of drinking alcoholic beverages which lead to Alcoholism, a disease that is killing more people than any one of the 31 contagious diseases, and twice as many as Polio.

Thurmond Not To Be Jester Guest

AUSTIN, Tex. Oct. 26 (UP)—Gov. J. Strom Thurmond, presidential nominee of the States' Rights Party, will not stay at the governors mansion when he visits Austin on Friday, it was revealed today.

But Gov. Beauford Jester said there were no political implications involved.

Earlier, the governor had invited Thurmond and his wife—on the basis of being old friends—to stop at the mansion. Thurmond accepted.

However, Thurmond later wired the governor a breakfast appearance at San Antonio on Saturday morning would cancel a scheduled stop-over here on Friday night. Instead, he indicated, the State's Right contingent would move on into San Antonio that night.
