Several Hundred Expected At Co. Livestock Meet

Several hundred livestock and business men from over the county are expected to attend the annual barbecue of the Eastland County Livestock Raisers Association at the City Park in Eastland next Wednesday night, November 3rd, according to officials in charge.

The barbecue and meeting will open the annual membership drive for the cattlemen's association as has been the custom in past years, it was said.

Fred Brown, former Eastland banker, treasurer of the group will act as master of ceremonies.

M. E. Fry, Cisco, prominent Palled Hereford breeder of Eastland and Callahan Counties, and president of the organization will present to the membership the list of officers and directors nominated by the nominating committee for the ensuing year.

Scheater's "Hill-Billy" band from Cisco will furnish music for the occasion.

The barbecue committee under the direction of Judge M. S. Long, Eastland, plan to begin serving the group around 6:30 o'clock.

The meeting and barbecue is an annual affair and is open to those interested in the growth of the livestock industry in the county.

The affair is being held later this year than usual it was said. In past years it has been held in the middle of October.

History Class Gives Program

A program on American Democracy and Communism was presented at the Thursday morning assembly at Ranger High School with the members of the Fifth Period History class participating.

The advantages of the American system were brought out in the comparisons of the following: personal rights; political rights; personal freedoms; cultural rights and economic rights.

Those taking part on the program were, Joyce Stuart, Eugene Sutton, Lula Mae Lester, B. O. b Crawford, Betty Cox, Frank Robinson, Jackie Poyner, Glenda Beck, Eddie Jackson, Roy Lindsey, Clara Mae Jacoby, and Betty Merie Davidson. Mrs. Alvis Wood is teacher of the class.

Court Recessed Until Monday

The 91st District Court, hearing the case of Patsy Nantz et al, versus Wesley Ainsenhower et al, for damages for alleged personal injuries on trial since Wednesday, recessed at noon Saturday and will reconvene on Monday morning at 9:30 o'clock.

Damages in the amount of \$100,000 are being sought in the case.

Business Men Reminded Of Meet

Merchants and business men of Ranger are reminded of the meeting which will be held Monday evening at 7:30 o'clock for the purpose of discussing plans for the Christmas season.

The meeting will be held in the Retail Merchants Association office and it is urged that all merchants and business men attend so that final plans can be made.

The Midas Touch

PATTERSON, N. J. Oct. 30 (UP)—Community chest officials were a little skeptical when they received a check for \$1,000.025 from a local business concern. Their 1948 goal was \$375,000.

The \$625,000 surplus vanished when they discovered the firm's check-writing machine had made a mistake. The contribution was meant to be \$25.

Ranger J. C. Plans Big Homecoming Day Festivities

Saturday November 6, the day of the Ranger Junior College-Weatherford Junior College football game is Ranger Homecoming Day.

President G. C. Boswell is extending a cordial invitation to all ex-students to attend the gala Homecoming. Any student who has ever enrolled for a course at Ranger is classed as an "ex" and is invited to be a part of the festivities.

The program will get under way with a supper in the school cafeteria at 5:30 P.M. and following there will be a general meeting in the auditorium. John Shirley, a student of T. C. U. and president of the "exes" will preside at the meeting.

Then the path will lead to Bulldog Stadium to see the important conference test between Ranger and Weatherford. The Rangers are currently riding a four game winning streak and need the Weatherford victory to stay in the running for the conference championship. Hillsboro and Ranger are tied with two wins apiece.

Other foreign news: PEIPING — Communist forces drove into Mukden in Manchuria. Nationalist troops in Manchuria retreated southwest to attempt a Dunkerque-type evacuation through the recently captured Yellow Sea port of Yingkow. It appeared that Generalissimo Chiang Kai-Shek's forces were suffering one of the greatest reverses of three years of civil war, and there was no hope of holding any part of Manchuria.

LIMA — President Jose Luis Bustamante of Peru flew into exile after a right-wing military revolt which seized practically the entire country in three days. The Lima garrison joined in the revolt. A military junta was formed to govern the country temporarily, and Gen. Zenon Noriega, a division commander, was named provisional president. No bloodshed was reported.

THENS — The private plane of Gen. James A. Van Fleet, head of the American Military mission, was destroyed yesterday when it hit a mine after landing at Florina, it was reported in Athens. Van Fleet was not aboard. The American crew of five and the Greek general they carried escaped injury.

PARIS — The French government started what appeared to be a purge of communists from government positions as a counter-measure to the communist-led coal strike. Many non-communist miners began returning to work. Troops seized more mines from strikers who had held them. Fresh strikes occurred in the railroad and metal industries and on docks.

Problem For Judge HUTCHINSON, Kan. (UP)—Walter Keyte has filed a court petition which presents a problem for the judge. Keyte named I. W. Hall as defendant and asked that dogs owned by Hall be kept from barking.

J. F. Jeffries Of Ranger Dies; Funeral Sunday

Funeral services for John F. Jeffries of Ranger will be conducted Sunday afternoon at 3 o'clock at the First Baptist church with Rev. David C. Ham, pastor of the church, officiating. Interment will be in Evergreen Cemetery with Killingsworth's in charge of arrangements.

Mr. Jeffries died Friday afternoon, October 29 at the West Texas Hospital, following a two weeks illness. He was born in Holly Springs, Mississippi on December 13, 1878 and had resided in Ranger since 1931. He was married November 27, 1904 at Cooper, Texas to Vennis Harwood who survives him.

He was a member of the First Baptist church and a deacon of that church. He was a veteran postal employe, having entered that service in 1919. He had served as clerk in the local postoffice since coming to Ranger and would have been retired from the service on January 1. He came to Ranger from Boswell, Oklahoma.

Survivors besides Mrs. Jeffries are two sons, E. O. Jeffries of Ft. Worth and Morris H. Jeffries of Ranger; two daughters, Mrs. J. B. Brown of Sherman and Mrs. Noell Bell of Fort Worth; two brothers, Lester Jeffries of Lexington, Oklahoma, and Tom Jeffries of Lexington; two sisters, Mrs. Lloyd Ayres of Fort Smith, Arkansas, and Mrs. John Gross of Garvin, Oklahoma. Five grandchildren also survive.

Pallbearers will be A. W. Warford, Joe N. Graham, A. E. Crawley, A. E. Sides, W. A. Reuwer, and L. L. Bruce.

Vacancies At Randolph Listed

Information has been received by the Abilene Recruiting Main Station that vacancies now exist at Randolph Air Force Base, Randolph Field, Texas, for which prior service men may be enlisted.

Among the vacancies that exist at this installation are carpenter, cleric, postal clerk, draftsman, teletype operator, accountant, interpreter, parts clerk, supply clerk, mechanic, and radio operator. For details and a complete listing of positions available contact your local Army and Air Force Recruiting Station. In Eastland your Recruiting Station is located at 311 West Main Street.

Jaycees To Hear Guest Speaker

It was announced today that Bob Stone of Fort Worth will be the guest speaker Monday when the Junior Chamber of Commerce holds the monthly luncheon at the Gholson Hotel at noon.

Stone is with the territorial development division of the Texas Electric Service Company and has made a study of soil conditions in this area. This will be the subject of his discussion at the luncheon Monday.

SEARCHERS STYMIED IN HUNT FOR MISSING PLANE

LUBBOCK, Tex. Oct. 30 (UP)—Aerial searchers ran into a mystery today in their hunt for a civilian airplane with four persons aboard reported missing on a flight from Oklahoma City to Denver City, Tex., near the Texas-New Mexico border.

Lieut. C. J. Fuhrman of the air rescue service from Biggs Field, El Paso, reported at mid-morning he had learned the plane, a Cessna 195 owned by oilman R. G. Rapp, had landed at Hobbs, N. M. at noon yesterday and taken off an hour later for an unknown destination.

Fuhrman said that a search plane had been dispatched to Hobbs, to seek more details of the report that the plane carrying Rapp, L. S. Tunks, Mrs. Tunks, and B. B. Parr as pilot had landed

F. B. I. VOTE INQUEST CONTINUES AS PORTER MAKES NEW CHARGE

BY UNITED PRESS The Federal Bureau of Investigation's secrecy-shrouded inquiry into the August Texas Democratic senatorial runoff primary continued today amidst charges by Jack Porter, Republican nominee for the senate, that Lyndon Johnson was "insincere" in demanding that all ballot boxes in Texas be impounded.

FBI agents arrived in Jim Wells County with orders to make a "preliminary investigation" of the runoff election in four counties. Jim Wells County was one of them, but the other three were not named.

The purpose of the FBI's preliminary investigation was to determine whether any federal laws were violated in the August balloting. If any violations are uncovered, it was understood a "full-scale" inquiry would be launched.

Coke R. Stevenson, former governor, charged fraud in five south Texas counties. He lost the democratic senatorial nomination by 87 votes to Congressman Johnson.

When the senate committee on rules and administration began its inquiry, Johnson demanded that the investigation be expanded to cover the entire state. The senate group instead broadened its inquiry to cover eight counties specifically cited by Johnson.

In a statewide radio address from Waco Friday, GOP nominee Porter claimed Johnson knew the time element would prevent the impounding of all ballot boxes in the state. He said Johnson's demand was simply "a try to deceive the good people of this state."

The Houston oil man predicted a stormy road ahead for Johnson if he were elected to the senate.

Men Injured At Goldthwaite Fire Improving

Joe Dennis stated today this his two brothers-in-law who were injured in the fire which destroyed the First Baptist Church at Goldthwaite Tuesday morning were improved and one has been dismissed from the hospital.

The two are Jess C. Moreland who is still in the Memorial Hospital in Brownwood and Leonard Archie who has been dismissed.

According to reports of the injuries, Moreland had just leaned from the outside through a window to warn a fellow worker of danger when the gable of the church toppled, debris striking him about the shoulders. Though his collar bone was shattered, his position at the time is credited with having saved his life.

J. H. Elder of anger who has business contacts with Moreland in Brownwood Fri. to see him and stated that though he is improving he is still suffering considerably.

Odessa Attorney Gets Court Post

AUSTIN, Tex. Oct. 30 (UP)—Attorney Paul Moss of Odessa will succeed Cecil C. Collings of Big Spring as judge of the 70th judicial district, effective Jan. 1, 1949, when Collings will become a member of the Eighth district court of Civil Appeals.

Moss, a former city attorney at Odessa, was appointed to the office yesterday by Gov. Beauford Jester. Now a practicing attorney, he holds ranching interests near Odessa.

Re-appointment of two members of the board of directors of the Upper Red River Control and Irrigation District was announced at the same time by Jester.

They are T. J. Dunbar and J. A. Whaley, both of Memphis in Hall County. Their terms will expire July 3, 1953.

Sister Of Former Resident Dies

Word has been received of the death of Mrs. Clarence Parsley in California, a sister of Mrs. Jewel Green of Fort Worth, formerly of Ranger.

Mrs. Parsley died of a cerebral hemorrhage. She was the sister of Clyde Anderson of Ranger.

The first title of English nobility issued in America was to the Indian Manteo, who was named Lord of Roanoke on Roanoke Island, N. C., 1587.

Ousted Russian Disappears In Mexico City

MEXICO CITY, Oct. 30 (UP)—Mathieu Tolsoy, native-born Russian who was bounced out of the United States last night by immigration officials, arrived here early this morning and promptly disappeared.

Immigration officials met him at the plane and held him incommunicado for questioning. The officials denied his arrival after declaring the plane's passenger list secret. The airline's copy, however, had his name listed and airline officials said he arrived. He was listed on the manifest as travelling on a French passport.

Tolstoy asked the United States embassy merely for police protection before he left for the U. S. on his abortive attempt to enter through San Antonio last Wednesday. He told embassy officials his "life was in danger."

Government officials today disclaimed knowledge of the 29 year old Russian. He had not checked in the hotel he formerly lived in.

Band Sweetheart Crowned Friday

Impressive and appropriate ceremonies between halves at the Hamilton-Ranger game Friday night Joan Kinney was crowned sweetheart of the Ranger School Band and will serve with the band throughout the remainder of the year.

Miss Kinney was led to the center of the field by Robert Martin, band member, and at the center of the field she was handed a large bouquet of white mums. The presentation was made in the center of a heart formed by members of the band as they played "Let Me Call You Sweetheart."

Experiments to process rayon from eucalyptus gum fibres are being conducted in Australia.

Well...
I Dunno,
But...

A brief visit with Silver City, New Mexico friends Friday brought back memories of the Stranded-in-Ranger-Texas Club and the occasion that brought about the organization of that club.

The friends, Mr. and Mrs. Herbert Leonard, became friends through the fact that during the ice-bound days of early January in 1946, we offered them an humble cot one night when they were forced by icy roads to call this journey's end and couldn't get a for-rent bed in town.

A pleasant occasional contact since then has resulted.

Oddly enough, we didn't learn until Friday that Mrs. L. is a first cousin of Jenna Flewelling, now of Austin, but formerly of Ranger. And Jenna an old friend, too. Small world after all.

An especial appeal has been sent out to merchants and business men to attend the meeting Monday night at 7:30 o'clock at the Retail Merchants Association office and at which plans for the Christmas season in Ranger will be made.

The effectiveness of the plans for the season depends on the cooperation of all and attention to this matter right now with all the work in the plans will insure their completion.

Enough, a steady trek of football bound fans pulled out of Ranger Saturday morning and there was a slight appearance of bareness.

Don't know but that the radio will do us just as well. We're getting a little ailing in the joints for such jaunts and just think how nice and rested we'll be tomorrow.

Not that the Bulldogs read our dare in this column Friday, but whether they did or not, they sure didn't give us any scares at that game Friday night.

The way they romped around on that field was a sight to see. Every time one of the Camachos started down that field we were pushing just as hard as we could.

And for an overdose of football this week, Ranger came out right well. With the big end of the scoring.

Now, then we'll rest up about two days and start another round of football.

But there's one thing this week that football won't dim and that's that election Tuesday.

The most important post in our country will be filled on that day to say nothing of the many other offices to be filled and issues to be decided.

You owe it to yourself and to your country to cast a vote in that election and remember, if you don't, don't complain about how it turns out.

Bank, Offices Closed Tuesday

The Commercial State Bank, the City Hall and the Retail Merchants Association will be closed to business on Tuesday, Nov. 2, election day.

Those with business to transact with either of the establishments are asked to do so on Monday.

Rumor In Error

A rumor was being spread in Ranger the latter part of the week concerning the eligibility of disabled veterans to vote without poll taxes.

Rumor had it that a veteran with as much as 50 per cent disability could vote without a poll tax. Another rumor was that a veteran with only 10 per cent disability could vote without a poll tax.

A check of the election laws Saturday morning revealed that only a veteran who has lost a limb is entitled to vote without a poll tax.

Lewis Charges Truman's Action Influences Green

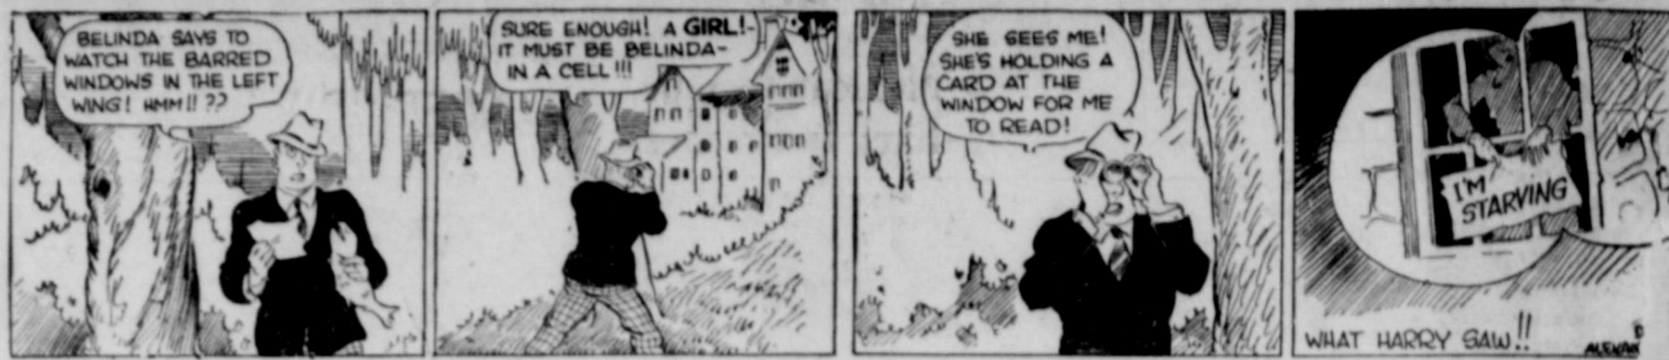

WASHINGTON, Oct. 30 (UP)—John L. Lewis charged today that "Truman axemen" forced AFL president William Green to change his mind about American intervention in the French coal strike.

The United Mine Workers president referred to statements made by Green as "lying statements" and "contemptible slurs." But he said a cryptic paragraph in a letter to Green that he would join Green "in another secret meeting" should the AFL president wish.

Newsmen conjectured that the two union leaders may have been conferring on possible reaffiliation of the UMW with the AFL.

If so, Lewis' letter to Green did nothing to promote harmony.

HAIR-BREADTH HARRY

Lewis had proposed to Green that he ask President Truman to use his authority under the Marshall plan to "withhold aid to France until the government stops "shooting hungry" coal miners.

BULLDOGS OUTPLAY BEEFY HAMILTON STOMPING TO IMPRESSIVE 27-0 WIN

BY MARVIN GROSS

A good little man will always beat a mediocre big man and last night at Bulldog Stadium a team of good little Bulldogs all but massacred a beefy Hamilton team 27-0.

Even that one-sided score doesn't give indication of the Ranger superiority. The hometown Bulldogs scored in every quarter, had a fifth touchdown recalled and piled up 330 yards rushing compared to 63 for Hamilton.

And the dwarf-like Ranger line, averaging a massive 144 pounds withstood the bull rushes of the 205-pound Hamilton fullback, Rusty McCullum — not only withstood them but sent the monstrous Rusty in reverse motion most of the evening.

A forward wall of Munnerlyn, Wheat, Elder, Robinson, Paterson, Langley and Ice held the Hamilton eleven without a first down while they were in action. The losers

picked up four first downs while operating against the second-stringers.

On the offense Ranger flitted through into the Hamilton second

quarter like a band of galloping ghosts and nine times out of ten it was the Hamilton safety who was forced to make the stop.

The Comacho brothers aided by Billy Simpson, a surprise starter, and Kenneth Williams put forth their greatest running effort of the season to knock Hamilton from the 8A lead and leave Eastland the top dog.

Ranger moved with the opening kickoff from their own 22 to the Hamilton 32 but Kenneth Williams let one slip away and Hamilton stopped the opening bid.

Misfires later the Bulldogs, the Ranger Bulldogs, took over on the Hamilton 44 and threw off damaging penalties to score.

Raymond Comancho spurred for 22 yards and after a five yard setback Williams moved 21 yards along the sidelines to the 17. Penalties and a fumble sent the Bulldogs back to the 19. Buddy Hamrick, trapped while looking for a receiver, powered to the five but again a holding penalty thwarted the Bulldogs. But on a play that finally received the approval of all four officials, Billy Simpson took a Hamrick pitchout broke free around left end, was hit on the goal line and fell over. Alton Stiles missed the conversion but Ranger led 6-0.

Late in the second period the Hamilton Bulldogs got the right back again. Moving from the Hamilton 43, Raymond and Jim Comancho moved to the 33. R. Smith trotted in to toss a 31 yard pass to Williams and Kenneth moved to the 11. Back to the 16 via the penalty route Williams hit through the middle was stopped and when the Hamilton team relaxed as the official tossed a red flag down, Kenneth kept on moving and scored. The penalty was against Hamilton and Jimmy Comancho converted to give Ranger a 13-0.

But the Bulldogs wanted more and they got more early in the third period. From the 33 Hamrick tossed to Jimmy Ice who reached the 50. Smith, used as a spot performer tossed one to Simpson and Billy chugged to the 13. After Comancho family bolted to the one, Smith walked over for the third score. Again Comancho converted.

Ranger wrapped up their final marker when Williams stole McCullum's pass on the 50. Power play by the Comachos advanced

the ball to the four. Here, on the first play of the final quarter, Williams took a pitchout to chalk up his second score of the night. Jimmy made good again.

Hamilton finally became untraced in the final minutes moving to the Ranger 15 on smashes by McCullum but a flurry of passes fazed out the drive and the second stringers held tight.

Tigons Thrive On Women Folk

NEW BRUNSWICK, N. J. Oct. 30, (UP) — The Princeton "Tigons," who better keep winning their field hockey games if they don't want to get launched off the campus, settled down to "serious" practice today after posting their fourth victory in a row over a women's school.

Representing the only men's collegiate field hockey team in the country, the Princeton undergraduates took a hard-earned victory yesterday from the new Jersey College for Women, 5 to 2.

The "Tigons," who are willing to meet all comers, have a "breather" Nov. 4 against the Spence School for Women, but they were far from optimistic about their chances in the "big game" against Sara Lawrence College of Bronxville, N. Y., Nov. 14.

Mexican League Back In Business

MEXICO CITY, Oct. 30 (UP) — The Mexican Baseball League, which folded six weeks early last season after a series of players and financial troubles, mapped plans today for an eight-team circuit in 1949.

Dr. Eduardo Quijano Piman, President of the San Luis Potosi Club which withdrew from the league last July, will head the re-organized circuit. League officials elected him president following the sudden resignation of Jorge Parquel, the original founder of the league.

United Press Sports Writer BY JACK CUDDY

NEW YORK, Oct. 30 — (UP) — Chairman Eddie Eagan of the New York boxing commission announced today here would be no investigation of Sandy Saddler's featherweight-title triumph over Willie Pep, despite rumors of a betting "fix."

Eagan, an ex-amateur champion, was in the front row ring-side at Madison Square Garden last night when lanky, brown-skinned Saddler of New York wrestled the world featherweight crown from Pep on a knockout at 2:38 of the fourth round.

Loud boos from the 14,680 fans greeted this upset victory by the skinny but explosive Harlem negro, who had gone into the ring a 14-5 underdog in the betting. Pep weighed 125 1/2, Saddler 124.

The fans, seemingly recalled published rumors that a betting coup had "put the right in the bag" for Saddler.

Eagan, himself, had commented upon those rumors at yesterday's weigh-in, and had warned fighters to do their best and thereby "protect the good name of boxing."

Today Eagan said, "The bout appeared honestly contested. Pep just didn't seem to have his former legs after he was nailed in the third round. But he did his very best in the first and second rounds. We have had rumors before many fights. All a man has to do to start them is call someone on the telephone.

"There'll be no investigation of the bout unless someone presents me with genuine evidence that something was wrong."

Pep — bleeding profusely from his nose and sprouting red-dish-purple bruises on both cheeks — was on the floor for the third time in the bout when referee Ruby Goldstein, ex-light-contender, counted him out in the fourth round. Wee Willie's first two trips to the canvas were

made in the third session. When Goldstein completed the count, Pep was tagged with the first knockout in his remarkable career of 137 professional fights and only his second defeat.

EDDIE EAGAN DISCOUNTS RUMOR OF FIGHTING FIX IN PEP BOUT

United Press Sports Writer BY JACK CUDDY

NEW YORK, Oct. 30 — (UP) — Chairman Eddie Eagan of the New York boxing commission announced today here would be no investigation of Sandy Saddler's featherweight-title triumph over Willie Pep, despite rumors of a betting "fix."

Eagan, an ex-amateur champion, was in the front row ring-side at Madison Square Garden last night when lanky, brown-skinned Saddler of New York wrestled the world featherweight crown from Pep on a knockout at 2:38 of the fourth round.

Loud boos from the 14,680 fans greeted this upset victory by the skinny but explosive Harlem negro, who had gone into the ring a 14-5 underdog in the betting. Pep weighed 125 1/2, Saddler 124.

The fans, seemingly recalled published rumors that a betting coup had "put the right in the bag" for Saddler.

Eagan, himself, had commented upon those rumors at yesterday's weigh-in, and had warned fighters to do their best and thereby "protect the good name of boxing."

FHA Chapter Tells Of Work

Editor's Note—The following article relative to national, state and local Future Homemakers week which begins today, was written by one of the Future Homemakers of the Ranger chapter.

Future Homemakers of America is a national organization of students who study homemaking in junior and senior high schools.

We work together for better and happier home life for every one.

We think that helping to make happy homes now and in the future, is the most important thing that youth can do for democracy.

During the last year our social activities included a Halloween party, Valentine party, hobo party, barn party, party of games with FFA boys and a skating party.

There were 136 members who attended these parties.

There were three trips made during last year, on to Stephenville to a district FHA meeting; one to the State Fair at Dallas and one to the Southwestern Exposition and Fat Stock Show in Fort Worth.

An average of 40 girls made the trips.

As a service to our school, we prepared and served a Junior Col-

lege football banquet and the Phi Theta Kappa banquet. We also shined and cleaned the high school trophies and cleaned the trophies cabinet.

We made peanut brittle and popcorn balls for the White Christmas

basket.

There were 76 members who sent \$38.00 to the state treasurer at national headquarters; \$25 to state camp funds; and \$2.00 sent to the National Training fund of FHA. A total of \$38 was spent on the final luncheon.

Pupils of St. Rita's School enjoyed a Hallowe'en party at the school hall Friday afternoon from 2 to 3:30 o'clock.

Spook side shows and stunts and games provided fun and entertainment for all.

Costume prize winner was Sandra Willis and winners of prizes in games and stunts were Catherine Richardson, Pat MacDonald, Louise Shaffer, Richard Heppard, Frances Cogburn, Archie Bill Robinson, Jerry Don Basham, and Bobbie Pitchford.

After the games, ice cream, cake, soda pop and pop corn balls were served.

The hall was decorated in black and gold streamers, owls, bats and black cats and jack-o-lanterns.

Madeline Bond was in charge of the decorations, Laverne Winiger in charge of refreshments, Louise Shaffer in charge of the games and Norma Jean Richardson was the fortune teller.

Civic League Meeting Called

A called meeting of the Ranger Civic League will be held Monday afternoon at 2 o'clock in the Community Clubhouse and all members are urged to attend.

Mrs. J. J. Kelly, president, stated that the meeting will be very short but that important matters will be discussed.

American women outrank men as movie patrons, 40 per cent against 41 per cent for at least once a week attendance, a nationwide survey among readers of The American Magazine reveals. Single people go to the movies more than married, 56 per cent compared with 44 per cent.

Falling asleep in the bathtub is prohibited by law in Detroit, according to the American Magazine.

ELECTION ISSUES OVER NATION RUN THE GAMUT

By United Press
 More than half the states will vote Tuesday on a host of special issues ranging from soldier bonuses—\$1,000,000,000 worth—to birth control, prohibition repeal, dog racing, and Communism.
 At stake are more than 175 proposed amendments to state constitutions and other propositions brought to the voters via the initiative or referendum.
 Ten states will vote on whether to give veterans of World War II bonuses ranging from \$250 to \$650. The total involved is around \$665,000,000.

Six states are considering liquor amendments or special propositions dealing with liquor.
 Tuesday's special issues include:

World War II bonuses (by states with estimated totals)—Washington, \$100,000,000; Louisiana, \$60,000,000; Wisconsin, \$200,000,000; Iowa, \$85,000,000; South Dakota, \$30,000,000; Missouri, \$150,000,000; Minnesota, \$100,000,000; Oregon, \$50,000,000; Indiana, \$142,000,000; and Nebraska, \$40,000,000.

Liquor—Kansas will decide whether to substitute sale of liquor under state control of its bone dry prohibition law; Washington will vote on proposals to license sale of liquor by the drink in hotels, restaurants, clubs, etc., and to abolish taverns by restricting sale of beer and wine to state stores; Colorado will vote on whether to extend local option, now confined to incorporated cities and towns to all political subdivisions; South Dakota will decide whether to prohibit sale or possession of liquor in food stores; California will rule on whether to give local governments control over prohibition or sale of liquor and whether to give local authorities the right to keep minors and unaccompanied women away from bars; Oregon will vote on a proposal to license sale of liquor by the drink in hotels, restaurants, clubs, etc.

Official pay—A Washington state proposal would give the legislature power to raise the pay of all elected officials; Kansas legislators, lowest paid in the nation, would get their salary boosted from \$150 per regular session to \$300; California would abolish a \$100 limit on the monthly salary of legislators and give them \$3,000 a year; Michigan would authorize the legislature to boost legislative and top official salaries, and a North Carolina measure would increase the salaries of members and presiding officers of the general assembly.

Louisiana will pass on amendments to increase the political power

of New Gov. Earl Long. One would let Long appoint a majority to the powerful New Orleans dock board. Another would permit him to name 12 new members to the 14-member board of supervisors of Louisiana State University.

Four Killed In Train Collision

NEWBURY, Vt. Oct. 30 (UP)—Four railroad men were killed injured and hundreds of sleeping passengers shaken early today when two fast trains collided in a dense fog.

The trains were the Redwings, one southbound from Montreal, the other northbound from Boston, of the Boston and Maine Railroad.

The engineers and firemen of both trains were killed. Five mail clerks on the two trains were injured. None of the passengers in the 15 passenger cars on the two trains was hurt seriously. Two were treated at the scene for minor injuries.

Both engines and five cars were derailed.

The dead were identified as: Martin L. Gove, Wentworth, N. H., engineer of the southbound train; Victor Romba, St. Johnsbury, Vt., fireman; John Blair, Newport, Vt., engineer of the northbound train and Red Ford, Newport, Vt., fireman.

The cause of the accident could not be established immediately. Railroad officials said it was customary for trains to travel slowly during the section of track where the crash occurred.

Most of the more than 250 passengers were asleep at 3:15 A. M., when the trains collided.

Doctors and nurses were mobilized in a half dozen nearby Vermont and New Hampshire communities.

The accident happened on a single track controlled by automatic signals.

One reason so many women dress badly is that they don't listen to their husband's advice, Hollywood fashion designer Edith Head states in the American Magazine. She thinks women would dress better if they took their husbands shopping with them.

Fire is the leading cause of all disasters and catastrophes in the United States. The American Red Cross reports that fire is responsible for more disaster relief calls than all other causes combined.

To Mr. Vishinsky of Communist Russia

And to All the People of the U. S. A.

Mr. Vishinsky:

It is reported that at the U.N. meeting in Paris, you announced your country had acquired the atomic bomb, developed in the U.S.A. This is the first time in modern history that a nation has admitted to acquiring a secret of another nation without its consent. That bomb was developed at an initial cost of two billion dollars paid for by "we, the people" of these United States. It was not developed as a threat to Russia or as a threat to world peace. It was developed to save millions of lives as our contribution to winning a war in which you were our ally and we were yours.

If you have acquired the atomic bomb, you probably believe you have our greatest asset. But haven't. You can however, acquire our greatest asset without any spy-work, without any underhanded techniques. We gladly hand it to you free, and with our blessings. That asset of ours is the United States Constitution and Bill of Rights.

You, Mr. Vishinsky, with Premier Stalin, and sixteen others of the Supreme Soviet, hold in your hands the destiny, the lives and the liberties of over two hundred million people. They, literally, are serfs of your Communist state. You cannot give them the atomic bomb. But you can give them the life, liberty and freedom of spirit that all people can enjoy under our Constitution and Bill of Rights; and you can drop this upon your people and upon the world with greater effectiveness for world peace than the destructive power of our entire stockpile of atomic bombs.

You claim, Mr. Vishinsky, that the Supreme Soviet is governing the lives, the thinking and the activities of all the people of Communist Russia, desires only to free the world from its political, social, religious and economic chains. You speak of world freedom as an endowment invented by Communism. You are convinced that Marx invented socialism. You seek world revolution for the people's freedom.

Mr. Vishinsky, have you ever studied the United States Constitution? It is not only a plan for government that has given us all we have, it is a logical pattern for world government because it puts government precisely where it belongs, at the source from which it must forever derive—the hands and the minds of the people. Our Constitution, on which we have no copyright, makes government the servant and not the master of the people. It is more truly socialist than anything Marx ever wrote, advocated or dreamed of. It makes all people potential capitalists, but it puts capitalism in the hands of a free people and not in the hands of the state, which uses capitalism to keep liberty and freedom from the people. In all of your damning of capitalism, you damn only free capitalism when you damn the United States.

You must believe in capitalism because the Union of Soviet Russia is the only state on the face of the earth that monopolizes all capital.

We are going to have an election on November 2nd. We are going to elect a new president, a lot of senators and representatives. Three major contenders are seeking the office of president. Hundreds are seeking the other offices. Under our Constitution, the people will vote precisely as they please for these officials who, under our Constitution, are elected as servants, and not masters, of the people. Some of the candidate are actually making a bid for control over the people. They want superior powers not constitutionally granted to the president. If our people want that, they will vote it and get it.

Communism holds, Mr. Vishinsky, that man must be free from the chains of religion and the domination of God. It maintains that all religions for the worship of God are bad for the people and bad for the State. You have displaced God and have set up the state as the superior authority.

Has your state, in any of its scientific laboratories, ever created seeds which would sprout into food to feed your people. Only God can do that! Have any of your state laboratories managed to upset a single natural law? Can the Kremlin lengthen a day, shorten a night, or change a climate? Can you stop blizzards, or create them? Can you deal in any way with the forces of nature and change them?

Do you think you can destroy the cosmic

longing of all men and women to seek and to worship the source of their being? No, all you can say is "everyone in Russia owes their lives to the state because the state has not yet seen fit to destroy them for causes." That is not giving life; that is withholding sudden death. That is refraining from liquidation, but always holding over your people the threat of liquidation, precisely as the Nazi and the Fascists did it.

To eliminate belief in God, you must change man from a human being into an animal. You must reverse all the forces of evolution and reduce man to the equivalent of a unit in a herd, a hive, or a nest. You must stop man's progress in thinking and action. You must control his mind. You have had some success—temporary success—in this approach. So did Hitler. So did Mussolini. So did the War Lord of Japan. So did Nero. They have passed.

Any effort to control the thinking of man is in opposition to the laws of God and of nature, and must fail. You cannot stifle man's inner desire to make personal progress, to increase in importance, to have friends, to have knowledge, to have possessions, to have liberty of mind and freedom of spirit. You cannot kill, no matter how much you suppress, the spirit that nature's God has put into the animal, man, to make him human.

What would happen in Soviet Russia if you took the U. S. Constitution and Bill of Rights and made them your very own? What would happen if you gave to all the people of Russia freedom to worship God in any way they pleased? What would happen if you reopened all the churches, permitted entry and activity of missionaries, and restored all of the religious rights and privileges of Jews, Catholics, Protestants, Greeks, Mohammedans and all other religions?

All of your people would have an inward lift. Pravda, carrying the announcement as news, would be kissed on the streets of Moscow. You, who announced it, would be bleat by the people on their knees.

What would happen in Russia if you said to all your people, "You have com-

plete freedom of speech without fear of reprisals"? Your people would go wild with joy, and you know it! Imagine how your people would react to be told that they could work where they pleased, and at what they pleased, without any dictation by the State. What would happen if you offered your people the right of private enterprise, to create a telephone system, a new railroad system, a new broadcasting system and the right to produce all kinds of merchandise and services? What would happen if you gave your people the right to build and use radios, to listen to world-wide programs and to uncensored programs of Russian stations? Your people would believe that at long last Communism had become a heaven on earth.

You should like the U. S. Constitution for one particular thing, even if you do not like the rest of it. The U. S. Constitution provides, within itself, the means of change without revolution, and without counter-revolution. We, the people, living under the Constitution and the Bill of Rights, can change that Constitution, wholly or in part, and provide for ourselves any other kind of a government we want—totalitarian, communistic, planned economy, or no government at all. The Constitution provides for amendment by vote of the majority of the representatives of the people in three-fourth of the states.

So you could appropriate our Constitution and say to your people: "Here is a new plan. Not a five-year plan. Not a ten-year plan. A one-day plan. All over Russia we shall have one day of complete liberty and freedom. One day of living without fear or reprisal. One day of doing precisely as we like." You would like to do a few things, wouldn't you, Mr. Vishinsky?

You could say to your people, "This bombshell of liberty and freedom is yours for a day, and if you like it, it is your forever, but with this provision: If ever you don't like it as a majority, you can vote it out of action and return to any other form you like, without war, without bloodshed without revolution.

You have the atomic bomb, or so you say. So do we. That makes us equal as to destructive power. But that is not establishing parity. You should be equal also in constructive forces, the only force that nature's God smiles upon and blesses those who use it. The constructive force, far more important than the destructive force, doesn't have to be stolen. It is yours, for all the people of Russia, free. Free! Free! Take it. We are only a people lucky enough to have it. We didn't invent it. We have no copyright or patent on it. Yet it is the greatest force in the world because it frees the creative powers of every man and woman.

In our Constitution is the secret of all our productive success; all of the secret of our happiness, our high standard of living, our high wages, our short hours—everything we have, even the development of the atomic bomb.

VOTE AGAINST LEGALIZING THE SALE OF BEER

BECAUSE:

1. STRICTER LAWS GOVERNING THE LICENSE OF BEER DEALERS, AND THE HOURS OF SALE, WILL NOT DO AWAY WITH THE EVILS CONNECTED WITH THE BEER BUSINESS.
2. THE VERY FACT THAT THAT THERE IS 'ANY' RESTRICTION PROVES THAT IT HAS RESULTING EVILS TO SOCIETY AND TO THE INDIVIDUAL.
3. THE INCREASED EVILS AS A DIRECT RESULT OF LEGALIZED BEER IS TOO GREAT A PRICE TO PAY FOR THE REVENUE IT WOULD BRING.
4. IT WILL ENDANGER THE LIFE OF OUR CHILDREN BY DRINKING DRIVERS. ALCOHOL (EVEN IN BEER) SLOWS DOWN MENTAL ACTIVITY AND MUSCLAR COORDINATION, THUS INCREASING THE POSSIBILITY OF ACCIDENTS.
5. IT WILL ENCOURAGE OUR YOUTH TO START THE HABIT OF DRINKING ALCOHOL BEVERAGES, AND THUS BECOME POTENTIAL DRUNKARDS AND CONFIRMED ALCOHOLICS.
6. MOST DRUNKARDS BEGIN ON BEER AND WINE AND FINALLY DRINK THE STRONGER BEVERAGES.
7. IT WILL BREED SOCIAL ILLS, JUVENILE DELINQUENCY, VENEREAL DISEASE, DIVORCE AND BROKEN HOMES, MISERY, POVERTY, AND CRIME.
8. BEER CONTAINS A DISEASE GERM WHICH CAUSES ALCOHOLISM, A DISEASE THAT CAUSES MORE DEATHS EVERY YEAR THAN DOES ANY ONE OF THE 31 CONTAGIOUS DISEASES, AND TWICE AS MANY DEATHS EACH YEAR AS DOES POLIO.
9. 95% OF THE PRISONERS IN THE STATE OF TEXAS ARE THERE AS A RESULT OF BEER DRINKING, OR LIQUOR DRINKING; THAT IS, ALCOHOLIC BEVERAGES WERE A FACTOR IN THE CRIMES COMMITTED THAT LED TO THE PRISON SENTENCE, WHETHER OR NOT THEY WERE THE CAUSING FACTOR.
10. IT WILL OBSTRUCT THE ADVANCEMENT OF GOD.

This page is sponsored and paid for by Business Men, Civic Minded, and Law-Abiding citizens of Ranger who believe that it is to the best interest of the people of Eastland County financially, Socially, Morally, and Spiritually that the County remain dry.

We solicit the help of every voter in our effort to make a better County—a County free from the evils associated with the sale of legalized beer—or any other alcoholic beverage—a County in which our children and youth will have the opportunity to develop into useful, Christian citizens, without the temptations that would confront them as a direct result of legalized beer.

Rate Increase Boosts Profits

ST LOUIS, Oct. 30 (UP)—Rate increases granted in Texas, Oklahoma and Arkansas today were believed responsible for a 14 per cent third quarter increase in profits of the Southwestern Bell Telephone Co.

Profits for the three months ending Sept. 30 were \$3,330,927.

more than \$417,000 above the same period last year.

The gain was sufficient to pay a \$3,250,000 dividend, amounting to \$1.25 a share, to the parent American Telephone & Telegraph Co.

The company now has applications for rate increases pending in Missouri and Kansas.

Panhandle Pipe Line Ordered To Ration Gas

WASHINGTON, Oct. 6 (UP)—Panhandle Eastern Pipe Line Co. was under orders today from the federal power commission to ration natural gas this winter to customers in six midwest states and Texas.

The curtailment becomes effective Monday. The curtailment rules are the same as last year. They provide steps to be taken according to the degree of shortage.

The first step calls for 50 per cent curtailment of normal daily winter requirements to all interruptible customers—those who take gas on an if-and-when available basis.

The second step reduces these to about 10 per cent of normal. The third step calls for 50 per cent curtailment of normal peak-day requirements of industries who buy gas on a firm basis, and customers who receive only part of their gas requirements from Panhandle.

The fourth step calls for "full curtailment" and provides for firm industrial deliveries of 10 per cent of normal in addition to gas deliveries for space heating purposes.

The rules will remain in effect until April 30 unless changed by the commission. The commission has denied a request by Texas Gas Transmission Corp. that Panhandle be requested to increase daily winter deliveries from 6,000,000 cubic feet daily to 8,000,000 cubic feet.

The commission said that Panhandle and companies depending upon it for their supply of gas made no objection at an Oct. 21 hearing to the rules used last year.

Big, Little Inch Ordered To Up Gas Deliveries

WASHINGTON, Oct. 30 (UP)—A Federal Power Commission trial examiner has authorized Texas Eastern Transmission Corp. owners of the Big and Little Inch pipelines, to build additional facilities to increase daily delivery capacity by 75,000,000 (M) cubic feet.

Examiner Emery J. Woodall said, however, that Texas Eastern should be required to deliver the additional gas to companies in Pennsylvania, New Jersey, Oklahoma, Indiana, New York and Texas instead of three companies of the Consolidated Gas System. The examiner's decision will become final if no objections are filed in 20 days and the commission does not call for a review in 30 days.

Woodall said it would be "contrary to the public interest" and give "undue preference or ad-

In view of the "emergency shortage of gas in areas adjacent to the Big Inch lines." He said, the additional gas should go to the following companies:

Snowden and Sadler, No. 1 Kinney Estate perforated Thursday Friday morning oil was standing in the hole at 900 feet. About a couple of hours later it had risen to 1200 feet in the hole. It was ris-

ing steadily. Now the crew is busy running tubing and they think they will not have to acidize. Sessions and Kirk No. 2 Wood drilling at 2100 feet.

Decker and Raymon No. 1 Jordan have moved the drill rig off and are waiting for a completing unit to finish the thing off.

Martin Harris Drilling Co., who drilled the Jordan well for Decker and Raymon have moved to the No. 1 Cooper Grocery which Feldman and Pardo bought the outfit out more than a year ago. The location for the No. 1 location is 660 south and 330 east out of the northwest corner of the tract.

Commercial Production No. J. C. Burns have set surface pipe with Gilchrist contractor for the job. We are glad to have Mr. Gilchrist and his crew back with us. He was away for a few weeks drilling out some locations and contracts around Cisco.

Alligator Out of Place
GEDDES, S. D. (UP)—Carl Ahrens, farmer, thinks maybe an alligator took the "south" in South

Dakota too literally. Ahrens found a two-foot alligator in a water pool near his stock tank. He can't explain where it came from.
