Truman Renews Lease On White House

President and Vice-President of the United States

Sen. Alben W. Barkley

President Harry S. Truman

Well...
I Dunno,
But...

Maybe it's a little late for fishing stories but this one's too good to keep.
George Beighley and a fishing party at a lake near Wichita Falls Sunday weren't having any luck at all. They packed up bag and baggage and started away. They came across a negro sitting on the bank and dragging 'em in.
He informed the party that the reason they weren't catching any fish was because they had the wrong kind of bait. With that he produced some of his own and the boys went to work. The result was fish on the string.
But the bait. Here's what it was, a dough made out of two cups of flour, one cup of corn meal, three teaspoonsful of vanilla, an onion chopped fine, a half hutton of yellow and a handful of cotton. You mix that with water, then drop in boiling water. When the dough rises to the top of the water, take it and let it dry.
George says he's never seen anything like for fishing and goodness the resulting odor ought to attract something.

As someone remarked this morning, the country evidently remembers the depression of the Republican regime.
Anyway, whatever it was the Truman crowd sure took over. And all of those Democrats in Congress, too. Mr. Truman sure ought to have himself a time.
Election news was so hot today that it came near crowding Russia off the wires and that's an accomplishment.
And incidentally, Mr. Truman was elected without the blessings of Russia. Which should serve as notice to Russia that the United States isn't yet taking dictations from the Soviet.

Through error it was stated in this paper Tuesday that Ranger stores would remain open until 7:30 o'clock from December 22 through December 24. As a matter of fact they will remain open until 7 o'clock on those nights.

Ranger Dry Win By 243 Votes

Ranger joined the ranks of most of the rest of Eastland county in Tuesday's election and gave a substantial majority of votes against the legalization of the sale of beer in the county.
At the city hall 303 votes were for legalization and 446 against legalization. At Young School 214 voted for legalization and 314 against legalization.
This is the first time since the repeal of prohibition that Ranger has voted dry in a beer election, having given a substantial vote for legalization of beer in five consecutive elections from 1936 through 1940.

Wallace Shut Out But Will Continue Progressive Fight

NEW YORK, Nov. 3 (UP)—Henry A. Wallace failed to win a single electoral vote for President, but he vowed today that his Progressive Party will fight on.
He said the party "will now proceed to organize state by state, city by city and district by district." Ultimately, he predicted, it will replace either the Republican or Democratic party as one of the country's two strongest parties.
Asked whether he would be the party's presidential candidate again in 1952, he replied: "That's a long way off."
Despite his electoral showing, Wallace's popular vote hurt President Truman's chances in such key states as New York, New Jersey and California.

Brother-In Law Of Mrs. Swaney Dies

Word was received late Tuesday of the death of B. F. Hardin of Brownsville, brother-in-law of Mrs. Willard Swaney of Ranger.
Funeral services will be held Thursday afternoon at 4 o'clock in Brownsville.
Mr. Hardin's death was very sudden. He became ill Tuesday morning and was taken to the hospital where he died late yesterday afternoon. Mrs. Hardin, sister of Mrs. Swaney, was here recently to be with Mrs. Swaney during an illness.

TRUMAN HUMBLE BUT EXCITED WHEN INFORMED OF VICTORY CONFIRMATION

KANSAS CITY, Mo., Nov. 3 (UP)—Humble and greatly excited, President Truman greeted his cheering staff and friends five minutes after a press service flash was ripped from a printer and carried to him in his presidential suite in the Hotel Muehlebach.
When the flash was called from the United Press teletype in the were room "those magic two words that 'Dewey concedes' spelled victory for the man no one thought had a chance — the president embraced his brother, J. Vivian Truman.
Outside a cheer boomed through the 11th floor corridor and into the presidential suite as his staff, newsmen and secret service men caught the words that signaled the end of the bitter and uphill fight.
Within a few minutes, the presidential secretary, Matthew J. Connelly, threw open the penthouse door and a stream of well-wishers paraded in to shake the

Fair Weather To Continue

By United Press
Fair weather continued over Texas today, after conditions yesterday were generally favorable to a large turnout of voters in the general election.
The weather man's stock reply to those who called for weather information today was: "It sure doesn't look very Dewey."
Minimum overnight temperatures ranged from 37 at Salt Flat to 61 at Galveston. Yesterday's high readings ranged from 86 at Brownsville and Corpus Christi down to 63 at Guadalupe Pass.
Most of yesterday's temperatures were around the 80-mark, with no precipitation reported in the state during the last 24 hours.
Little change in temperatures was seen for today and tomorrow, and little likelihood was held for rain.
The forecast called for generally fair weather today, becoming partly cloudy tomorrow.

Pin Ball Tilts, Touches Off Fire

WELLS, Cherokee County, Nov. 3 (UP)—The destruction of five frame buildings was blamed today on a fire started by a short in the wiring of a pin ball machine.
The blaze yesterday swept through a fourth of this town's business district and did damage estimated at \$25,000.
Two groceries, a garage, a safe and a barber shop were listed by firemen as completely destroyed.

commotion within the penthouse president's hand.
As the well-wishers paraded past him, he repeated time and time again: "Thank you, boys, thank you for the wonderful job you have done."
As the photographers snapped his picture in a barrage of lightning, the lights in the room went out. A bit excitedly, Mr. Truman said "blew a fuse, blew a fuse."
Mr. Truman told his close friends, as he shook hands, that "I just want to deserve the honor."
A number of those who had waited for this moment were old soldiers with him in Battery D, 129th field artillery, in World War I. Among them were Federal Judge Richard M. Duncan, Federal Judge Albert A. Ridge, Ted Marks and Jack Bullard. Charles G. Ross, White House press secretary, said during the

TEXAS VOTERS GIVE IMPETUS TO STUNNING DEMOCRATIC WIN

By United Press
Victory in Texas belonged today to President Truman, Lyndon B. Johnson and Gov. Beauford H. Jester.
Mr. Truman got the state's 23 electoral votes.
Jester won his second term as chief executive of the Lone Star state. And Johnson won election to the senate seat which eluded him by 1,311 votes at a special Democratic election in 1941.
The Texas Election bureau had reports from 223 of the state's 254 counties, 13 complete, and had tabulated 644,481 votes.
The summary:
Presidential—Mr. Truman 422,779 votes; Thomas E. Dewey, Republican, 162,839; Gov. J. Strom Thurmond, States Rights, 55,077; Henry A. Wallace, Progressive, 2,085; Claude Watson, Prohibition, 1,325; Norman Thomas, Socialist, 376.
Senatorial—Johnson, 410,688; Jack Porter, Republican, 208,830; Sam Morris, Prohibition, 3,760.
Gubernatorial—Jester, 405,996; Alvin H. Lane, Republican, 79,175; Herman Wright, Progressive, 1,931; Gerald Overholt, Prohibition, 1,190.
It was Porter's first political race, and he was the leader of the losing ticket, outdrawing Dewey, who held a lead in only three of the first 223 counties reporting.
Porter won in Kennedy and Gregg counties, which were complete, and had a lead in these incomplete ones: Midland, Dewitt, Mata-

Gillespie, Colorado, Medina and Borden. Colorado, Medina and Borden. Colorado, Medina and Borden.
Dewey's only counties were Guadalupe, Medina and Gillespie. The metropolitan counties on which he had pinned his hopes failed Porter when the time came for delivering. In the election bureau's incomplete figures, Porter trailed even in Harris County (Houston), his home.
Still ahead of Johnson, however, probably lay a fight in the Senate before he takes his place as the 11th Texas in what is known as the "Sam Houston senatorial succession." It derives its name from the fact that Sam Houston was the first senator in the line stemming down to retiring W. Lee O'Daniel, and, now, to Johnson.

Once the returns began to pile up, there was no more than a momentary glimmer of unfounded hope for the Republicans.
Rayburn Due For House Speaker
DALLAS, Tex., Nov. 3 (UP)—Texas' veteran congressman Sam Rayburn, elected yesterday to his 19th consecutive term without opposition, will probably become the speaker of the 81st Congress.
If the indicated Democratic control of the House materializes, Rayburn would be the logical choice for the speaker's position, which he held through the 76th, 77th, 78th and 79th sessions. In the 80th Republican-dominated congress, Rayburn was house minority leader.
Rayburn was elected to his 19th term in yesterday's general election, as usual, without Republican opposition. He has never had a GOP opponent.

Dallas, Texas, Nov. 3, (UP)—Here's how citizens of Duval and Jim Wells Counties—two of the three counties in which election fraud was alleged in the August 28 runoff primary—cast their votes for U. S. Senator in Tuesday's general election.
Duval — For Lyndon Johnson, 1,839; For Jack Porter 58. Jim Wells — For Johnson, 2,486; For Porter 1,977.
Returns from Zapata County, the third county involved in the election fraud charges of defeated Democratic candidate Coke Stevenson, had not been received by the Texas election bureau.

Episcopal School To Be Set Up At Camp Swift Site
The Texas diocese of the Episcopal church will establish a school for boys on the old Camp Swift reservation near Bastrop. The school will be open for classes in September 1949.
The campus will be 137.58 acres in extent.
Establishment of the school was assured Tuesday when Col. Karl E. Wallace, southwest regional director of War Assets Administration approved the school's application for the site.
Colonel Wallace announced that the real property review board of the Grand Prairie office voted to approve the project this morning. In addition to the land, the preparatory academy, which has been granted a state charter as the St. Stephens Episcopal School, will receive 34 Camp Swift buildings at full benefit discount. The agency's appraisers placed the value of the property at \$140,570.
Bishop John C. Hines stated the school will spend an estimated \$125,000 in converting the building for academic use in order to begin a full high school course in 1949. The school's executive committee, which includes Mrs. Dana X. Bible, wife of the University of Texas athletic director, contemplates an initial yearly operating budget of \$172,550, including the employment of 17 faculty members for a student body of 200 or more.

Mexico To Form Labor Agreement

MEXICO CITY, Nov. 3 (UP)—It appeared today that Mexico now is willing to begin negotiations toward a new migrant labor agreement.
A spokesman for the government commission in charge of the migrant labor program has announced that a new agreement is necessary if Mexican workers are to continue in the United States after expiration of their current six-month contracts.
The spokesman emphasized that Mexico would insist on its right to withhold laborers from those states wherein discrimination is practiced.
He said that wages, food, and lodging are substandard in Texas, New Mexico and Nebraska and that migrant laborers would not be sent there until those conditions are cleared up.

The concert will be presented at the Eastland High School auditorium and admission will be by membership in the association.

Gov. Thomas E. Dewey conceded today that President Truman had been elected in the closest presidential race in 32 years.
It was one of the greatest upsets in American political history. Mr. Truman had been given no chance in pre-election polls and forecasts. But he seized the lead with the first returns last night and never lost it.
He swept a Democratic congress into office with him. Republicans have lost control of both the House and Senate.
Dewey, who had been mulling over cabinet selections and preparing to move to Washington in January, gave up shortly after 11 A. M. today.
In a crowded suite at the Roosevelt Hotel in New York James Hagerly, Dewey's press secretary, called in reporters and said: "The Governor has just sent the following telegram: 'My heartiest congratulations on your election and every good wish for a successful administration. I urge all Americans to unite behind you in support of every effort to keep our nation strong and free and to establish peace in the world.'"
Democrats already had claimed the victory. Sen. J. Howard McGrath, Democratic national chairman walked

RANGER VOTING

Ranger along with the remainder of Eastland county hewed to the Democratic party line in Tuesday's election, voting almost solidly for the Democratic nominees.
Young School Polled 545 votes with 395 going to Truman, 94 to Dewey, 13 to Thurmond, one to Wallace and one to Watson. Jack Porter polled 147 votes to Lyndon Johnson's 330.
That box approved all of the amendments except the eighth which lost by two votes.
Results of the balloting at City Hall gave Truman 569 votes as compared to 111 for Dewey. Thurmond polled 24 and Watson five. Lyndon Johnson held over a two to one margin over Porter with 487 votes to 204.
All amendments in the City Hall were approved except the eighth which fell 40 votes shy of passing.
Although complete county returns are still unavailable, Virgil Love, county Clerk, has indicated a definite Democratic sweep.

Gov't To Mediate Butcher Dispute

DALLAS, Tex. Nov. 3 (UP)—The Federal government today stepped into a proposed strike of 450 union butchers and offered to mediate a wage dispute.
The butchers, members of the AFL Amalgamated Meat Cutters Local 528, voted yesterday to strike unless 75 markets operated by three Dallas chain grocery systems agreed to give them a \$10 weekly raise and a reduction in hours from 50 to 45 weekly.
In an attempt to head off the strike, the U. S. conciliatory service arranged a meeting, set for Wednesday, with representatives of the Safeway chain.

into party headquarters at the Biltmore Hotel in New York and said it was all over. He said Ohio's 25 electoral votes had turned the trick.
"We have possession of sufficient facts," McGrath added. "To say that President Harry S. Truman and Sen. Alben Barkley have swept into a Democratic victory."
He predicted Mr. Truman's electoral vote will exceed 279.
Over in a corner of the room, as McGrath spoke was a wash-bucket filled with crushed ice and 36 bottles of victory champagne. A reported rush up and told McGrath that Dewey had conceded.

"That's fine," McGrath said.
Mr. Truman was in Kansas City when the news went burning across the wires that his opponent had given up. A wide smile was on his face as people crowded into his hotel suite to congratulate him.
He had reason to smile. He had pulled off the political miracle of the century.
Mr. Truman insisted right up to election day that the polls and the forecasts were wrong. He said the pollsters would be red-faced after the election. He had something there.

There has been nothing like this in American politics since the night in 1916 when Charles Evans Hughes went to bed thinking he had been elected president of the United States. He woke up next day to learn that Woodrow Wilson had won California and the presidency.
For Dewey, it probably was the end of the political road. He made his first run for presidency against Franklin D. Roosevelt in 1944 and lost. But that was in the midst of a world war when the voters were reluctant to vote a leadership out of office.
This time, the Republicans said, it was going to be different. Dewey's well organized political team swept him into the Republican nomination at Philadelphia. From that moment he became the favorite of the pollsters and experts. Apparently it never occurred to either Dewey or the men around him that he could lose.
That is, it didn't occur to them until some time in the cold, grey dawn of today.

But Ohio was the pay-off.
When the news got around that Mr. Truman led in Ohio by 16,000 votes with only about 20 polling precincts still missing, the Republicans gave up.
In a hotel room in Kansas City the bells on a United Press teletype changed. It was a flash that said: "Dewey concedes."

Stock Markets Very Active

NEW YORK, Nov. 3 (UP)—Stocks opened on a burst of activity that swamped the market machinery today and prices declined sharply.

The active break was foreshadowed long before the opening when brokerage houses reported selling orders piling up and small buying demand. It was attributed entirely to disappointment over the election returns.

Stocks fell to new lows since April 14 on Sept 27 and then rose sharply up to the eve of the election on anticipation of a Dewey victory, analysts said.

This situation made the list particularly vulnerable to selling, it was explained. Initial trading was done on large blocks of stock which had been bunched by the specialists working with stock exchange gov-

European Recovery Now Based On Reviving German Industry

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—Reconstruction of German industrial production now seems to be the bedrock upon which American policy for European recovery is being built. Cries of alarm over this development are coming not only from the vociferous Moscow radio and its parroting followers. British, French, Dutch and other allied governments are equally concerned.

Ambassador Averill Harriman's arbitrary action last month, overruling the European governments' allocation of Marshall Plan money to give Germany \$70,000,000 more, was one indicator. Lifting the ban on American investment of blocked marks in German industry was a second step. There are now reports that American firms may soon be permitted to invest dollars in Germany. Economic Co-operation Administrator Paul Hoffman's present effort to negotiate a stop on dismantling of German war plants earmarked for reparations is a third sign pointing up the policy.

Hoffman has named a committee of five U. S. corporation presidents to make a survey of the reparations situation. Its chairman is George M. Humphrey of the Hanna coal, steel and shipping interests, Cleveland. Others are John L. McCaffrey of International Harvester, Gwilym A. Price of Westinghouse, Frederick V. Geier of American Milling Machine Co., Charles E. Wilson of General Motors. Several of these firms had important prewar business ties with Germany.

A new allocation of German war plants for reparations is made, it will be the third since the end of the war. Under the Potsdam agreement of August 1945, all reparations deliveries were to be completed within two years after determination of Germany's postwar standard of living and level of industry. That determination was made in February 1946. It was based on German steel production of 10,700,000 tons a year. It was decided that the Germans should not be allowed to produce aircraft, armaments, ocean shipping, radio transmitters, synthetic ammonia, gasoline or rubber, ball bearings and certain machine tools. Electric power capacity was also cut.

Some 3,000 war plants in the three western zones of Germany were then earmarked for dismantling and distribution to the allied countries on the basis of war damage and contribution to the victory. Russia was to get 25 per cent of these reparations—three-fifths of which were to be in exchange for raw materials.

In May 1946 Gen. Lucius D. Clay, U. S. military governor, stopped allocation of plants in the U. S. zone for reparations. His reason was that the French and the Russians were not co-operating in treatment of Germany as one economic unit, as agreed at Potsdam.

In October 1947 Clay issued a new list of plants available for reparations. It cut approximately in half the original list of 2,000. It corrected some obvious mistakes.

GENERAL CLAY'S policy then was to hasten dismantling. He wanted to get these plants out of sight and re-employ the labor. But when the Potsdam deadline for completion of reparations rolled around in March 1948, the job was hardly half done.

Under the October 1947 list, 914 plants in western Germany were earmarked for reparations. In the U. S. zone were 186 plants, 233 in the French, 495 in the British, which took in the Ruhr. Actually allocated to the Inter-Allied Reparations Agency in Brussels, Belgium, are 135 plants from the U. S. zone, 210 from the British, 64 from the French. The total is 409 out of 914. Many of the plants are small. Thirty-nine plants have been allocated to the Russians.

Contrary to general opinion, the reparations formula worked out at Potsdam was sound. It just never was carried out. Germany was never considered as a single economic unit. But the agreement did limit the amount of goods to be taken out of Germany. The Russians have repeatedly tried to have these limits revised upwards.

PUPS AGAIN DEFEATED BY BRECKENRIDGE, 20-0

By MARVIN GROSS

The miniature winning streak fashioned by the Junior High Pups came to a sudden halt last night at Bulldog Stadium when an alert, hard hitting Breckenridge team posted a 20-0 victory.

The Pups led up by Keith and Tubbs pushed across two first period counters and coupled with two extra point plunges boasted a 14-0 lead. Then a la Comanche the Pups made definite motions toward coming back into the ball game.

Returning the kick-off after the second Pony score the Pups started to roll from their own 42. Gerald Bagwell, Floyd Woods and J. D. Barnes blasted to the Pony 10. But a disastrous fumble killed off the bid and the Pups took over.

After the first few moments of disorganization the Pups settled down and played the Breckenridge yearlings almost on even terms. The Ponies marked up their final score in the third period after recovering a Pup fumble on the 48. It was Keith who rang up his score with a twisting 24 yard scamper.

The Ponies took the opening kick-off and never relinquished the ball, marching 53 yards for a touchdown. From the 47, Tubbs cracked center to the Pup 38. Two more Tubb plunges carried to the 27. Then from the 24 Pharris hit right tackle, flitted through a swarm of tacklers and went across. Keith thrummed over for the seventh point.

The Pups ran into more trouble

on the following kick-off when Gerald Bagwell was nailed on the 6 trying to evade the onrushing Ponies. Jenkins returned the answering punt to the 19 and the Ponies were knocking again. Keith moved to the 10 and on the last down from the seven the same boy found room at right guard for the score. Tubbs converted with a plunge, giving the Ponies a 14-0 lead.

But the Pups came back to make a deep penetration. Floyd Woods took the kick-off to the 42, almost breaking away. Barnes and Bagwell ground out a first down on the Pony 46 as the forward wall started to open up holes. Woods on an end sweep moved to the 37 and two more plays gave the Pups a first down on the 24. Woods wriggled to the 11 but a fumble on the next play wrecked the comeback attempt.

Early in the third period the Ponies pounced on a fumble on the 48. Keith tossed the only completed pass of the evening to Jenkins on the 24. Here, on third down Keith swept wide around right end, reversed his field at the 20 and outran the entire Pup team. The conversion was missed leaving the score 20-0.

In the final period the Ponies were shoved back to their one after a clipping penalty. After a kick out the Pups had possession on the 27. Bagwell and Barnes advanced to the 10 and Tube made a first on the four. The Ponies were set back to the one on another penalty but the clock ran out with the Pups just a mile short of a touchdown.

RETURNS FORCE WRITERS TO REVISE NEWS STORIES

By Harmon W. Nichols
United Press Staff Correspondent
WASHINGTON, Nov. 3 (UP)—
Today was a swell day to swallow a million words or eat a meal of fat crow.

The experts in Washington wrote their stories in advance yesterday. Some made their pieces an open letter to Tom Dewey, telling how the world ought to be run. Others wrote a fond farewell to Mr. Truman.

Then the boys retired to the press club lounge to listen to the returns over the radio. Along about midnight, many of the scribes retired hastily to their offices to do some fancy hedging in substitute yarns.

Washington, the home of presidents, was a sleepy town today—same as it was election day. Extra cops were called out for duty last night—in case of a wild celebration, but the city was so quiet the chief sent 'em home before 11 p. m.

People in the district, of course are interested in who lives in the White House. But they have nothing to say about it since they are

denied the right to vote.

I talked to a few of them yesterday and they are pretty bugged up about it. Maurice Cullai, waiter for one. He lives less than 50 feet from the Maryland lane. If he lived over there he could vote!

"I could see a polling place from my front window," he said.

John H. Wilson, a garage mechanic who works in the district but votes in Maryland east a vote, all right, but he didn't like the way they do things over there in Montgomery County, Md.

The county advertises a secret ballot.

"But when you step outside get your ballot," says John. "A clerk shouts out: 'John H. Wilson—Democrat.'"

TCU Gets Respite Face Open Date

FORT WORTH, Nov. 3 — T. C. U.'s Horned Frog footballers are being permitted to forget next Saturday by Coach Leo E. ("Dutch") Meyer this week, and he is asking them to think ahead to one week later.

Reason: The Frogs have their third annual open date for the week before the Texas game this Saturday.

Coach Meyer is going to concentrate his charges activities this week on strengthening their home defenses for a week from Saturday. The Longhorns' invasion of Frogland on Nov. 13 will give the Purple gridders their last chance to win a game at home in 1948.

So far this season, T. C. U. has won all of its games on the road, four in number, and dropped all at home, three in all.

Texas, incidentally, has not been able to beat T. C. U. in Fort Worth since 1946, even in its championship team of 1942 losing here in 1942.

Fire is the leading cause of all disasters and catastrophes in the United States. The American Red Cross reports that fire is responsible for more disaster relief calls than all other causes combined.

LaMarr Decisions Quijano To Win Light-Heavy Title

HOUSTON, Tex. Nov. 3 (UP)—
Eddie LaMarr, scrappy 175-pounder from Oklahoma City was the new light-heavy-weight boxing champion of Texas today.

LaMarr weathered a fierce onslaught and five knockdowns in the fifteenth round here last night to wrest the title from Dolph Quijano, 175, classy El Paso ring star.

A crowd of 2650 saw the furious battle, in which LaMarr gained a split decision for the crown. The bout gained spirit from the eleventh round, when LaMarr tried desperately to shut Quijano's right eye, already badly swollen. LaMarr withstood everything Quijano

MUNNERLYN JOINS SICK LIST AS BULLDOGS STEP UP DRILLS

This injury epidemic found its way into the Bulldog camp yesterday although in minor proportions. Captain and ace end Keith Munnerlyn missed the scrimmage session because of a stomach disorder.

New offensive patterns were tried by the Bulldogs not only to be sprung against the Bearcats but to be polished and perfected in time for the Eastland battle. The Mavericks face Hamilton Friday evening in their last bit of action before their Armistice D a y engagement with the Bulldogs which will probably decide the conference championship.

In a recent year, New York University doctors were responsible for the medical care given to 45,000 bed patients and 250,000 outpatient visits at Bellevue Hospital.

a single wing. Lacking a concerted ground game the Bearcats are expected to take to the air which means plenty of future work in the so-so pass defense department of the Bulldogs.

Returning to the battlefield after a two week lay off was 205-pound Marvin Wilson. Wilson missed both the Comanche and Hamilton games because of a protracted leg injury. The man who stepped in the breach, Charles Wheat still retains the number one right tackle spot and on the heels of his Hamilton performance may edge out Wilson for the starting berth.

Warden sent the Bulldogs through a lengthy scrimmage drill, running the first string offense against the reserves in preparation for the De Leon game. It was strictly no contest as the Comacho's and Kenneth Williams tore off huge chunks of yardage. R. C. Smith was in the varsity signal calling spot but will probably alternate with Buddy Hamrick when the firing starts.

The Bulldogs board of strategy hasn't had an opportunity to scout the Bearcats thus far. De Leon runs at times from a box formation and will switch over to

If "Number please?"
is sometimes
delayed...

When you lift your telephone receiver, a light appears on the switchboard in front of several operators. Normally at least one of them can respond quickly. She picks up one of the cords in front of her and plugs it into the switchboard. This connects her with your telephone and she says, "Number, please?"

But nowadays the switchboard is temporarily crowded, serving many people who otherwise would not have service. Many more telephones are in use than ever before, and calling is at an all-time high. The switchboard at times is literally ablaze with lights—and if you should call during one of these busy times, it is possible that every one of the operators who could answer your call is busy. When that happens, a few extra seconds may elapse until you hear the familiar "Number, please?"

As soon as much-needed equipment can be obtained and installed, we'll be ready to handle your calls quicker and better than ever before. Meanwhile, if at times your call is not answered at once, you'll know that nimble fingers will reach it as soon as they possibly can. We appreciate your patience and understanding.

Machine Age Stumps Woman

DALLAS, Tex., Nov. 3, (UP)—An elderly Dallas woman who learned yesterday that this is really a machine age.

An election official reported that the woman stepped inside a booth and closed the curtain. In a moment, she stepped out.

"I may have done something wrong in there," she said, simply. Investigation disclosed that she had ripped Lyndon Johnson's name card from the machine, written Coke Stevenson's on its back, and reinserted the card—Stevenson's name out.

Then she pulled the voting lever. But it didn't help—her vote went to Lyndon Johnson, anyway.

The field, as oil fields do, declined and the boom town again became little more than a village.

Now folks are excited at the possibility of a second Pioneer sand field.

Now Tom Sessions' well the No. 1 Ed Duggan, has uncovered what oil men say is the Pioneer sand. They are optimistic about what the well will do. Tanks have been erected and just what the well is capable of should be known in the next day or two.

DEMOCRATS CAPTURE CONTROL IN HOUSE AND SENATE RACES

By Raymond Lehr, United Press Staff Correspondent
Democrat today captured control of both houses of Congress. The United Press tabulation at 11 a. m. showed the Democrats had elected 19 candidates in contests for the 32 senate seats involved in yesterday's election. With 30 holdover Democrats in the Senate, they were assured of the 49 seats needed for a majority of the 96-member Senate.

Democratic nominees also were leading in five of the unsettled senate races. Victory in all of those would run their senate total up to 54.
The 80th Congress, which President Truman condemned as the "second worst" in history, had 45 Democrats and 51 Republicans in the senate. The present house lineup is 243 Republicans, 184 Democrats and two American Labor party members. Six house seats are

vacant. Among the chief casualties of the Democratic upset in the house was Rep. John McDowell, R., Pa., second ranking Republican on the House Un-American Activities Committee.

Shortly before the Democratic house majority was nailed down, Sen. J. Howard McGrath, chairman of the Democratic national committee, issued a statement saying his party was sure of the house.

"This insures that the liberal progressive program of legislation proposed by President Truman will now be carried out with both houses of the Congress safely in Democratic control," McGrath said. In the Senate races, Paul H.

Douglas, University of Chicago Professor and Marine veteran of World War II, had defeated Sen. C. Wayland Brooks, R. Ill., and former Sen. Guy M. Gillette had unseated Sen. George A. Wilson, R. Ia.

Masquers Attend H. S. U. Production

On Monday evening, November 1, the Masquers, dramatic club of Ranger Junior College, attended the Hardin-Simmons University Players' production of Thornton Wilder's comedy, "Skin of Our Teeth," which was presented at 8:15 in Behrens Chapel.

"The Skin of Our Teeth" is a satirical comedy, telling the story of the survival of the human race throughout the ages by the "skin of their teeth." They play was the major production of the year for the Hardin-Simmons Players. The leading role was played by Cecil Rutherford, who played the part of Mr. Anthrobus. At Hardin-Simmons he has played leading roles in many productions including "The Little Foxes," "The Show Off," and "Black is the Color." Also starred in the play were Alma Hones as Mrs. Anthrobus and Virginia Dunagan as Sabina.

Each act of the play depicts the development of the character of man and a particular theme. Act I takes place during the Ice Age, Act II during the time of Noah and the Ark, and Act III portrays modern times. Dr. Katherine Boyde directed the play.
