PRICE FIVE CENTS No. 135

Reds Again Accuse U.S. Of Imperialistic Aims

LEGISLATION, CABINET CHANGES ON TRUMAN VACATION PROGRAM

WASHINGTON, Nov. 6, (UP)—President Truman will work on a board legislative program and consider possible cabinet changes during his two-week vacation in Florida, administration sources said today.

The chief executive leaves for Key West by plane tomorrow, accompanied by several members of the White House staff. It will be his first extended vacation since last February.

While in Florida, the president and his advisers will give some thought to various legislative proposals, including a new anti-inflation program. The price bill, it was said, will include many of the recommendations which the Republican-controlled Congress rejected.

Informants said this bill will be a "club behind the door" for Mr. Truman when he appeals privately to businessmen to reduce prices between now and inauguration day on Jan. 20. The president reportedly has made up his mind to give business "one more chance" to help curb inflation.

With the President in Florida will be Vice-President-elect Alben W. Barkley whose major job will be to "sell" congressional leaders on Mr. Truman's legislative program.

During his vacation, the President also will consider the makeup of his cabinet for the new term. Reports have persisted that there will be at least four new faces next year.

Among those slated to leave the inner circle of advisers are Secretary of State George C. Marshall, Defense Secretary James Forrestal, Secretary of Interior J. A.

Knug and Secretary of Commerce Charles Sawyer.

Press Secretary Charles Ross denied reports that Mr. Truman planned to deliver an important speech while at Key West. Ross said there definitely would be no speeches.

In fact, Ross said, the President has declined an invitation to speak at New Bern, N. C., tomorrow morning during his brief stop-over there to attend church services.

At Key West, the President expects to do a lot of swimming in the salt water. It is doubtful that he will do much fishing, aides said. Last February he went out fishing only once.

The President's party will be in constant touch with the White House, and a mail pouch will be flown south daily.

Mr. Truman returned to Washington yesterday to a tumultuous welcome. More than 750,000 persons lined Pennsylvania Avenue to cheer him as he and Barkley rode from Union station to the White House.

ATTEMPT TO CLAMP SILENCER ON SOVIET TO ISRAEL AIRLIFT

By Robert J. Manning, United Press Staff Correspondent. PARIS, Nov. 6 (UP)—A British spokesman said today that Britain has asked Dr. Ralph Bunche to refrain from presenting the United Nations Security Council with reports of a Soviet-sponsored arms airlift to Israel from Czechoslovakia.

The reports, revealed by American, British and French sources, were received in the sworn statement of a pilot who flew the airlift between Czechoslovakia and Palestine. The pilot said he quit because he couldn't collect his pay.

The spokesman said the British did not consider the statement substantial enough to lay before the Security Council for action.

He added that the reports indicated air traffic to Israel from other countries, reportedly including Denmark and Italy.

The pilot's statement said the airlift was organized by Russia in Communist-dominated Czechoslovakia and supplied the Israeli army with the weapons of war from the big Skoda armaments plants. These supplies helped Israel win recent battles in northern and southern Palestine, it was reported.

The British spokesman said if evidence of the reported illicit arms trade continues to pile up it might justify laying the matter before the Security Council.

American officials later disclosed that since Aug. 1, they have filed with the UN mediator reports "from reliable sources" regarding the transport of war mater-

Dewey Says Too Confident Voters Defeated Him

ALBANY, N. Y., Nov. 6 (UP)—Gov. Thomas E. Dewey said today that a major factor in his defeat for the presidency was overconfidence which kept between 2,000,000 and 3,000,000 Republicans from the polls.

Dewey, who said he expected to continue to play a major part in shaping Republican policies, said a study of the returns of Tuesday's presidential election disclosed the overconfidence angle. He said he still was satisfied that he had conducted his campaign on the right plan.

"I am very surprised by the low vote and it appears that between 2,000,000 and 3,000,000 Republicans stayed home out of overconfidence," the twice-defeated candidate for president said at a press conference.

Dewey explained that a change of 67,000 votes in any of the key states—Ohio, Illinois or California—could have changed the results but that the Democratic sweep assured their control of Congress.

Homer Garrison To Be Feted

AUSTIN, Tex., Nov. 6 (UP)—The election of Homer Garrison, director of the Texas Department of Public Safety, as president of the International Association of Chiefs of Police will be recognized at a testimonial dinner here Nov. 19, it had been announced.

CIVIL RIGHTS, PRICES GIVE DEMOCRATS WORRY

By John L. Steele, United Press Staff Correspondent. WASHINGTON, Nov. 6 (UP)—Sharp differences within the Democratic party on civil rights and price control became increasingly apparent today even amid the jubilation of the election triumph.

Southern congressmen talked harmony but warned ominously against any attempt by the northern wing of the party to ram through legislation outlawing the poll tax, lynching or job discrimination.

Vice President-elect Alben W. Barkley went on record with a forecast that President Truman will ask the 81st Congress in January to fulfill the Democratic campaign platform by passing those measures without delay.

But Sen. Olin D. Johnson, D. S. C., an outspoken foe of the racial rights program, said "I'm still against it." The Senator, who was one of the first to congratulate Mr. Truman when the latter returned to Washington yesterday, suggested that Congress let the individual states handle legislation on the poll tax and lynching.

Sen. John C. Stennis, D. Miss., said he hopes the administration won't press the civil rights issue.

It was recalled that House speaker-designate, Sam Rayburn of Texas admitted in a recent campaign speech that he is dead set against the civil rights program. Since Rayburn is one of the men Mr. Truman is counting on to smooth the way for his legislative program, an intra-party row seemed to be brewing.

On prices, too, the new Democratic majority faced a tangle within its ranks.

Barkley predicted that Congress would act to curb high prices, probably by giving the president standby price control power. But Sen. Elmer Thomas, D. Okla., declared that he would oppose any legislation that might lower farm prices.

Thomas, who will be chairman of the Senate agriculture committee when the new Congress meets, said a price slump would put the nation "on the rocks." He said high prices, the present high national income and the huge government spending budgets all are interlocked.

BULLDOGS SWARM OVER OUTMANNED DE LEON, 53-0

By MARVIN GROSS
What was listed as a football game between De Leon and Ranger Friday evening reverted to the somewhat pitiful sight of an undermanned Bearcats team struggling to retain an organized appearance while faced with overwhelming and complete superiority. Ranger won as they pleased 53-0 and might have reached an even 100.

It was all over when Raymond Comacho trampled six Bearcats to score in the first two minutes of play. And when the first stringer went over twice more in the next four minutes Coach Warden told his varsity squad to forget football for the evening.
Now at the tail end of a disastrous season De Leon Coach Clyde Latham could field but 14 Bearcats — would have needed 1400 to do any damage to the Bulldogs. The Bearcats battled all the way but manpower and ability are more necessary to win football games.
The Bulldogs surged for three touchdowns in the first period, added two more in the second stanza to lead 35-0 at half-time. They tapered off with one tally in the third quarter and added two concluding markers to write final to the slaughter.
In the interim the Bearcats completed a few ineffectual passes, gained a couple of yards on running maneuvers but never came within miles of scoring.
The scoring parade of maroon Bulldogs started the first time Ranger got possession of the ball. Roping as if there were blades of grass instead of football players in their way, R. C. Smith sent Raymond Comacho over from the three yard line to start the massacre. Brother Jimmy added the seventh point.
Just a whisker later the Bulldogs tallied another one without breathing too hard. Again Raymond Comacho carried the mail — on a 20-yard smack over center. Just to vary things Raymond plunged over for the conversion.
Putting the adding machines to work a few moments later Raymond Comacho, still stampeding, hit through center, looked a little surprised when on one said "hold it, buddy" and sprinted 65 yards for the longest Bulldog run of the year. Jimmy made it 21 with only seven minutes gone in the first period.
That concluded first team activities for the chilly night — as the boys who make the building of benches a necessary thing. But they wanted to have

some fun too.
In the second quarter Buddy Hamrick climaxed a drive by plunging four yards over center with Jimmy Comacho again adding the point. Then a seldom used full back substitute Meredith Sides, called Donk by his teammates galloped 33 yards in the same period for the fifth score. Comacho made it 35-0 with another conversion.
The Bulldogs let up slightly in the final half shoving across three more six-pointers and failing on all three extra point attempts. The lone third period marker was made when Charles Williams reverse halfback powered over from the 10.
Two more Bulldogs joined the scoring list in the final period when Billy Simpson swept end for 12 yards and the seventh touchdown followed a few moments later by Billy Wayne McKinney's one yard thrust for the 53rd point. That was the end and a welcome one for little De Leon.

During the war, the mills of Pennsylvania alone surpassed the total production of Germany in ferrous metals and had a greater output than any other nation or empire.

CRIPPLED RANGERS NEED WIN TO KEEP PACE IN CONFERENCE

Anxious not only to add to their conference track but also to send the Homecoming axes away with a view of a supreme Junior College eleven, the Rangers will shoot the works in their tussle with Weatherford tonight at 8:15.
It's a "must" game for the once beaten Rangers — a victory is in order, to keep pace with Hillsboro also undefeated in conference play. And even with the injury epidemic in full bloom, the Rangers, get the nod from the selectors center.

In two previous conference affairs the Rangers topped a speedy Cisco team, 20-6 and then white-wash Clifton, 28-0. Currently the Rangers are riding a four game winning streak, being unbeaten since an opening game loss to powerful Eugene, 34-14.
The Weatherford Coyotes where Coach Bonnie Yarbrough formerly displayed his collegiate wares, haven't caused too much of a stir in junior college ranks this year. Coach Ted Lane's Coyotes run from a single wing attack which hasn't as yet clicked too successfully.
Each week has seen the Ranger hospital list grow to alarming proportions. Captain Ben Blitch has been sidelined since the Cisco game but make his way back into action tonight. Starting guard Bob Herrington langed up a knee in his Navarro thriller and will take an eight-week rest. The same holds true for Quack Ivy, another Navarro casualty.
Two long time sufferers, Claude Neeley and Edwin Crum

may get into action if Yarbrough sees the need. Lee Ligon and Bill Spivy also are slightly less than in peak condition.
Thus Yarbrough, has been forced to make a few switches in his starting array. Offensively the Rangers will use Bill Goodwin in Herrington's spot — Goodwin also has been used a reserve center. Bobby Gobe Williams, kicking specialist probably will start at halfback in Frankie Ford's place.
Another change will find Joe Neel starting as offensive center but Johnny McClendon will take care of all defensive assignments. The remainder of the line will find Ernest Cunningham and Billy Townsen at the guards and Wayne Royce teaming with Goodwin at the tackle spots.
Offensive formations will be Dale Jones and Howard Frazier with Charley Sullivan rushed in when the Coyotes gain possession. Aside from Williams the backfield remains the same — Jimmy Crawley at right half Bailey Woods at full and tossin' Junior Arterburn at the signal calling slot.
Starting time will be moved forward 15 minutes in order to allow the local merchants to make kick-off time. In cooperation with Homecoming festivities all stores will close at 7:30 (or the game).
The two elevens will be almost even in the weight division. The beefier Coyote line has two tackles who weigh in at 190 and 200 pounds respectively while the guards are listed at 175 and 185. In the Ranger forward wall tackle

Missouri Valley Wins 39 In Row

By United Press
NEW YORK, Nov. 6 (UP) — So you don't think the tiny Missouri Valley football team should be mentioned in the same breath with the mighty University of Washington?
Well, impossible as it may sound, that was the case today after little but powerful Missouri Valley tied Washington's national collegiate record for consecutive victories by smothering Yakima, 87 to 0, for its 39th straight night.
The Vikings didn't look like Gil Dobie's great Huskie elevens that set the previous mark at the turn of the century, but they were mighty formidable as they massed 20 points in the first quarter and just coasted the rest of the way.
Volney Ashford was the coach of the Vikings when they started their victory string with a triumph over the Rockhurst in 1941. He was still the head man last night when they tied the record. Now Ashford is pointing his boys towards Washington's important record—60 games without a defeat, but counting ties.

Two more conference games dot the Ranger schedule — with Decatur and the big one with Hillsboro.

Sweetwater Falls From Undefeated

Fall of Sweetwater's undefeated, untied Mustangs highlighted the weekend schoolboy football picture today as most games ran true to form.
Odessa's powerful Broncs practically clinched their fourth straight District 3-AA title by walloping Sweetwater 28-12 and narrowing the list of unbeaten teams to nine in class AA and city conference ranks.
Amarillo, Henderson and Port Arthur stayed among the undefeated, united while Baytown, and Alice maintained their unbeaten, but tied marks. Waco, the other undefeated, united team, was idle, as were Fort Worth Arlington Heights and Houston Lamar among the tied teams.
Amarillo bowled over Borger 26-0. Henderson buried Kilgore 46-0 and Port Arthur blanked Beaumont South Park 24-0. Baytown downed Galena Park 35-0 and Alice whipped Robstown 14-0.

League Big-Wigs Announce Plans

KILGORE, Tex., Nov. 6, (UP) — All club owners in the Lone Star League must declare at the annual fall league meeting here Nov. 14 whether their clubs will operate in 1949.
Lone Star League officials at a meeting yesterday decided that failure by any club to appear at the meeting will be construed by the league office to mean the club will not operate next year.
W. R. (Bob) White, former general manager of the Beaumont and Longview baseball clubs, was also approved as the operator of the Henderson franchise.
A committee of four club officials was named by league president Fred Nicholson to discuss salary limits and player classifications and to make recommendations at the fall meeting.
In a recent year, New York University doctors were responsible for the medical care given to 45,000 bed patients and 250,000 out-patient visits at Bellevue Hospital.

Deafened Aroused by Tiny Hearing Device

Chicago, Ill.—Wide interest is being shown by thousands of deafened people in an amazing new device which now enables them to fully enjoy music, sermons and friendly companionship — and not be bothered by bulky, heavy separate battery pack and wires. It is so tiny it fits in the palm of the hand. Users of this device report easily understanding even faint voices. Accepted by the American Medical Association's Council on Physical Medicine. The makers of Bellone, Dept. 29, 1450-W. 19th St., Chicago 8, Ill., are so proud of their achievement they will gladly send you a free descriptive booklet on how to overcome deafness and explain how you may test this tiny device in the privacy of your home without risking a penny. Bulla Leads Field In Hawaiian Golf

HONOLULU, T.H., Nov. 6 (UP) — Husky Johnny Bulla of Phoenix Ariz., held the lead in the \$10,000 Hawaiian open golf tournament by virtue of shooting a six under par 66 after the first round leader, Lawson Little of Monterey, Cal., withdrew because of illness.
Bulla had a 36-hole total of 136, two strokes better than Lloyd Mangrum of Chicago, who shot his second straight 69 for a 138 total.

CRAZED MURDERER SLAYS SEVEN IN WILD GUN BATTLE WITH LAW

CHESTER, Pa. Nov. 6 (UP)—A crazed killer shot seven persons to death and wounded four others today, sniping wildly at police and passersby from a barricaded second-floor room.
The demented assailant turned the gun on himself as police, armed with sub-machine guns, tear gas and shotguns, zig-zagged through a hall of bullets toward his lair. He was dead when police broke into the room.
The dead were mostly bystanders. All were negroes, except Fred Casino, found shot to death in the automobile in which the crazed negro drove to the scene.
Two of the wounded were reported in critical condition, including one woman who was not expected to live.
Police identified the killer as Melvin Collins, 38, who came to Chester only one week ago from Exmore, Va.
Casino was believed to have been the first victim of the gun-crazed assailant when the killer commandeered his automobile.
Collins then apparently drove to the heavily-populated negro section, where the one-man massacre occurred, with Casino's body on the front seat beside him.
The killer halted the auto on a main artery through the city and leaped to the sidewalk where he confronted a city detective walking to work. Without warning he leveled his rifle point-blank at the detective and fired. The bullet pierced the detective's heart killing him instantly.
Apparently intending to shoot his way to safety, Collins backed down the street firing wildly until he ducked into a narrow entrance of the building in which he lived.
A Republican senator, known for his liberal leanings, said he believes it is up to Stassen to "reform" the party which was ousted from control of Congress in Tuesday's election upset. This senator said he himself is at work now on concrete proposals for the future of the Republican party.
A prominent former governor, who also has been preaching the need for more liberalism in the Republican ranks, agreed that Stassen is "the man to do the job." He said he expects to talk with Stassen personally, however, before launching any campaign on his behalf.
Dewey has announced he will not be a candidate for the nomination in 1952.

Reform Urged Upon Stassen

BY FRID MULLEN
United Press Staff Correspondent
WASHINGTON, Nov. 6 (UP)—Influential Republicans are urging Harold E. Stassen to rebuild the GOP along more liberal lines with an eye on the 1952 presidential race, it was learned today.
Stassen, who was defeated for the party's nomination in June by Gov. Thomas E. Dewey, has been swamped with letters, telegrams and telephone calls at the University of Pennsylvania where he is now president. Many of the communications are from Republican bigwigs willing to pledge their support if he will take on the job of reconstruction.
Stassen himself refused to comment immediately on these developments.
"I'm not ready to make any statement," he told the United Press by telephone. "I think the

Suspended Officer Shoots Himself

DALLAS, Tex. Nov. 6 (UP)—City jail supervisor, Clarence W. Barrett, was in Parkland hospital today after shooting himself in the chest while in the office of the police chief.
Barrett, 48, shot himself Friday after Police Chief Carl Hanson informed him of his indefinite suspension in connection with traffic ticket-fixing scheme, Hanson said. The bullet penetrated near his heart.
The suspension followed the breakup of a ticket fixing scheme in corporation court and the jail. Two other city employees were involved. Jail supervisor W. E. Douglas was suspended by Chief Hanson and L. Engledow, an employee of the corporation court for 18 years, was discharged by court clerk James Dunn.

During the day reports will be made by C. W. Meadows, Sr., of San Antonio, chairman of the Latin-American Relations Commission; an address by Dr. R. M. Hawkins, educational committee chairman, on the College Building Fund; a discussion of the WTCC industrial briefs by L. C. Porter, Vice President of the Texas & Pacific railway.
Sterling Williams, state representative from Snyder, will speak on the proposed Williams-Hill bill, an enabling act for HJR 21 (Amendment No. 7) which was passed in last Tuesday's election.
This bill is designed to assist local governments in setting up the machinery for a levy of the 30 cent ad valorem tax for farm-to-market road and flood control within their counties and has been one of the WTCC projects for the last 20 years.
Others who will make reports are Clyde Westfall of Stamford, chairman of the elections com-

Revival Drawing Capacity Crowds

The revival being conducted by evangelist R. E. Davis of Fort Worth in the Church of God is growing in interest with crowds increasing nightly, according to those in charge. Rev. Davis spoke Friday night on the Unpardonable Sin to a large audience. Much interest was manifested after the sermon at an altar service.

Rev. Davis stressed the danger of offending the Holy Spirit. He gave various illustrations to show the ultimate effects upon an individual who resists the Holy Spirit in all walks of life.

A special service has been planned for Sunday night by Dr. Davis. It is expected a capacity crowd will attend. Services will continue throughout the week, beginning at seven-thirty.

A feature of the meeting is the question box service. A box has been placed in the building where those who desire to ask questions concerning the Bible or on any subject which relates itself to human life, may be placed. Dr. Davis will spend twenty minutes each evening answering written questions.

The public is cordially invited to attend, Rev. J. W. Hume, pastor of the local church said today.

The 55,000 colonies of honey bees in Utah during 1947 produced an estimated \$545,000 worth of marketable honey and beeswax.

V. F. W. Auxiliary Meets Thursday

The Ladies Auxiliary to the Ralph McKimsey post of the Veterans of Foreign Wars met Thursday night at 7:30 o'clock at the VFW headquarters.

Final plans made for the Armistice Day dinner; the ladies will serve for members of the post. A program of entertainment will follow the dinner.

The Ladies Auxiliary is making a contribution to national headquarters to assist in the Golden Jubilee program in celebration of the 50th birthday of the VFW.

It was reported at the meeting that the membership drive of which Mrs. Raymond Landtroop is chairman, will close on November 18.

A group from Eastland attended the meeting and present the president Mrs. Don Butler with a pot plant.

Following the meeting a social was held in the home of Mrs. Butler and refreshments served.

All members are asked to meet at the headquarters building November 11 to assist in the Armistice Day celebration.

The next regular meeting will be held in the VFW headquarters Nov. 18.

Brotherhood To Meet Monday Nite

The regular monthly meeting of the First Baptist Church Brotherhood will be held at the church Monday evening Nov. 8th at 7:30. First on the program is a delicious meal to be prepared by Mrs. J. L. Jones and assistants. Following this will be a short but important business session. Then will come the musical program followed by the main speaker.

The speaker will be Tom K. Epley an Abilene attorney. Mr. Epley is an able and interesting speaker. All men of the church are urged to come hear him.

Columbia Study Club To Meet

The Columbia Study Club will meet Tuesday afternoon at 3 o'clock in the home of Mrs. P. M. Kuykendall. All members are urged to attend.

Forty-Two Party To Be Given Monday

The Royal Neighbors of America will entertain with a forty-two party Monday night at 7:30 o'clock at the Elks Club and the public is invited to attend.

Christian Science Services

"Adam and Fallen Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 7.

The Golden Text is: "There went up a mist from the earth, and watered the whole face of the ground. And the Lord God formed man of the dust of the ground, and breathed into his nostrils the breath of life, and man became a living soul" (Genesis 2:6,7).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Cease ye from man whose breath is in his nostrils; for wherein is he to be accounted of?" (Isaiah 2:22).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "We should look away from the opposite supposition that man is created materially and turn our gaze to the spiritual record of creation to that which should be engraved on the understanding and heart 'with the point of a diamond' and the pen of an angel" (page 521.)

Tardition Carried On

MEXICAN DEBUTANTES ON ROUND OF SOCIAL WHIRL

DALLAS, Tex., Nov. 6 (UP)—Still being feted here today were 22 Mexican debutantes, in Texas on a "good neighbor tour" designed to promote friendship between the youth of Mexico and the United States.

On schedule for today was an afternoon football game between Southern Methodist University & Texas A&M and a visit tonight to a dress rehearsal by theater 48, a Dallas theatrical group.

Friday night, the debutantes from south of the border were "own" guests of the Idlewild Ball, which signaled the opening of the Dallas social season and marked the debut of six Dallas girls into society.

The presence of the Mexican guests made the ball an international event of fashion.

The Mexican girls are guests of prominent Dallasites during their stay here.

The good neighbor visitors arrived here Thursday morning after visiting Austin, where they had been guests of Gov. and Mrs. Beauford Jester and all the societies of the University of Texas. Their visit to Texas was sponsored by Mrs. Edith Little Stewart, of Dallas and Mexico City.

Sunday morning, the girls will attend mass. Later, they will be entertained with a coffee given by Mr. and Mrs. A. H. Bailey.

In the afternoon, the guests will go to the country home of oilman D. Harold Byrd, for bar-

becue and a picnic supper.

Monday morning, the girls will drive by auto to Fort Worth, where they'll be the guests of Mr. and Mrs. Neville G. Penrose. They will leave Monday afternoon by plane for a three-day stay in Houston, where they will be the center of another round of functions similar to those in Dallas.

The girls will return by plane to Mexico about Friday.

The Mexican debutantes, accustomed to stricter supervision, reportedly were enjoying the novelty of going unescorted during part of their stay in Texas.

Mayor Proclaims City Flower Week

The following proclamation has been issued by Lee Dockery, mayor of the city of Ranger.

WHEREAS The Society of American Florists, a non-profit organization, chartered by a Special Act of Congress in 1901, devotes its energies to forwarding an appreciation of the part played by flowers in bringing beauty to the people of this country and

WHEREAS The industry constantly strives not only to produce greater beauty, but also serves the interest of the people by fostering research to develop new and better strains of flowers and plants and

WHEREAS The spiritual significance of flowers acts as a force to ease the strains and tensions rampant in the world today, and WHEREAS through a greater love and appreciation of flowers, man is able to recognize the divine working of a Supreme Being and

so endeavors to pattern a better life for himself and live in peace with his fellow men and

WHEREAS Flowers speak the universal language of sympathy and understanding under conditions either of sadness or joy and

WHEREAS Flowers create an atmosphere of beauty and serenity in which man's best traits will flourish and

WHEREAS The Society endeavors to instill in the public mind the importance of beauty manifested by all growing things.

NOW, THEREFORE, I Lee Dockery, Mayor, of Ranger, Tex., do hereby proclaim this week November 7-14 National Flower Week in this city and do urge our citizens to pay special tribute during the week to the beauty and happiness flowers bring into our daily lives.

Says Rains Help Pastures, Grain

DALLAS, Tex., Nov. 6 (UP)—The U. S. Department of Agriculture has announced that recent rains in Texas have benefit-

ted pastures and grain crops, but additional moisture is needed to sustain growth of small grains.

The department's report said also that rain in Western Oklahoma and the low rolling plains of Texas retarded cotton harvesting.

Elsewhere, the cotton harvest made good progress, as favorable weather continued.

Harvesting was nearing completion in Central and North Texas.

WORMS IN WINTER?

Yes! In warm, dry poultry houses large roundworms and other worms find a snug haven for living and breeding. Keep up effective flock worm control with Dr. Sulzberg's **WORMIX**. It's easy and economical to use **WORMIX**. Just mix in mash - save feed and cash. Buy **WORMIX** in a convenient size to fit your flock.

If somebody says to you, "You drink like a tank," this is what he means. Figures on the chart above are the amount of each beverage that the average American downs in one year.

New records every month!

1. Close control of every process has enabled Baytown refinery to make its substantial contribution to your need for petroleum products. This is the control panel in one of Baytown's two catalytic cracking units, called "cat crackers." They enable Baytown to get more finished petroleum products from crude oil processed at the refinery.

Month after month since 1941, Humble's Baytown refinery has established new records for the volume of crude oil it has processed. Now, to cap the record, the refinery is processing an average of about 250,000 barrels of oil a day.

It's Baytown's answer to your increasing demand for oil; to your increasing need for oil.

Looking backward, Baytown was a rice field in 1920. Five years later, the refinery handled 42,000 barrels of crude oil daily; in 1935, 101,000 barrels; as late as 1945, crude runs were 185,000 barrels daily.

Baytown's record-breaking story is the story of your increasing need for oil, your increasing need for petroleum products of greater variety and higher quality. It is also the story of an earnest effort to supply your need, a story of the scientific development of new methods, the building of new equipment, the training of a small army of workmen in the complex duties of refinery operation. And it is a tribute to the men and women of the

refinery who work in shifts around the clock to put every possible barrel of oil through each unit.

But the climax to the story hasn't yet been reached. Your growing need for petroleum products is urging Baytown's scientists to devise new methods to get more of the products you use from every barrel of crude oil; to extend present facilities and to develop new ones; to supply you with finished products of higher quality and greater efficiency.

3. The laboratories are the brain of Baytown refinery. In the research laboratory experiments are conducted which may result in new and more efficient refinery equipment, or a petroleum product of higher quality for your use. A new and even more complete research laboratory is now under construction. Other laboratories check and control every step of the refining process.
