STATE DEPARTMENT CONSIDERS COMMUNIST CARDINAL ARREST

BY EDWARD V. ROBERTS
United Press Staff Correspondent
WASHINGTON, Dec. 29 (UP)—Reliable informants said today the United States is taking "an extremely serious view" of the arrest of Joseph Cardinal Mindszenty by the Communist Hungarian government.

Diplomatic quarters interpreted the move as part of a general campaign against the Catholic Church in eastern Europe. They said the campaign appeared approaching a climax both in Hungary and Poland.

The arrest was the subject of top-level consultations within the State Department yesterday. A Hungarian communique accused the Cardinal of plotting to bring about the return of the Hapsburg monarchy to Hungary and of seeking western power aid to drive out the Communists.

Its charges that the Cardinal discussed the plot in the United States last year with Francis Cardinal Spellman and Otto the Hapsburg pretender, brought flat denials there. The communique claimed the meeting with Otto took place at a monastery near Chicago.

Catholic officials here professed no knowledge of such a meeting, and Otto's brother, Arch-

Colder Weather Clears Off Dust

BY UNITED PRESS
Clouds of dust which moved through Texas Tuesday behind a huge cool front were expected to clear today as fair and colder weather settled down for at least a two-day stay.

A mass of cool air moved into south Texas last night, shadowed by clouds of dust from the Clarendon-Childress section to Wichita Falls and from Dallas in the east to Abilene in the west.

The U. S. Weather Bureau at Dallas said the dust would begin to diminish during the night and would settle by this morning. Only light winds were expected today.

The cool front apparently was failing to cause a severe plunge in temperatures. Amarillo reported 35 degrees last night; Childress, 42; Wichita Falls, 45; Dallas, 56; San Antonio, 57 and Houston, 69 degrees.

No appreciable amounts of rain were reported yesterday, although light rains damped the central sector of the state.

British Press Raps President

LONDON, Dec. 29, (UP)—The London Daily Mail chided President Truman today for tantalizing the world with his Kansas City speech.

"If Mr. Truman believes he has friends inside the Kremlin," the conservative newspaper said, "He should try to improve the acquaintance. He ought not to throw out a statement such as he made and leave it at that."

In a front-page editorial, the Mail said Mr. Truman's was "a remarkable utterance," and called upon him to "elaborate — as far as he can."

"No one would expect him to name the Russians leaders he has in mind at this stage," the Mail said.

Regarding the accuracy of Mr. Truman's statement that "certain leaders" in Russia are anxious for an understanding with the United States, the Mail commented that "obviously it was based on good information, otherwise the president of the United States would scarcely have made it."

Military Court Condemns 9 Japs

YOKOHAMA, Dec. 29 (UP)—A United States military court sentenced nine former Japanese army officers today to hang and 16 other Japanese to long prison terms for atrocities, including the beheading of 33 American B-29 fliers.

Seven defendants were acquitted.

Testimony at the trial indicated some of the atrocities were committed in retaliation for the atomic bombing of Japan.

Those sentenced to hang included three generals of Japan's western army. The army's chief of staff, Lt. Gen. Masazumi Ison, was acquitted. The prison terms ranged from five years to life.

Prosecutor Jaul Van Bergen told the Eighth Army court that eight American airmen had been decapitated while being used as "dummies" for Japanese sword practice. The atrocity was committed on Aug. 10, 1945, in retaliation for the Hiroshima and Nagasaki bombings, he said.

Hold Services For Egypt Ruler

CARIE, Dec. 29 (UP)—More than 70,000 Egyptians gathered in the streets of Carie today to witness a state funeral for assassinated Premier Mahmoud Fahmy Nokrashy Pasha.

Even while the funeral was being held the new Egyptian government headed by Premier Ibrahim Abdel Hadi Pasha launched an intense drive against underground terrorists responsible for Nokrashy's assassination.

Nokrashy's body was carried to a mausoleum at Abbassia, several miles outside Carie, in a gun carriage drawn by six horses. The mausoleum was built for former Premier Ahmed Maher Pasha, who was assassinated Feb. 24, 1945. The bodies of the two slain premiers will lie side by side.

As part of the war on terrorism the government closed Fuad University in Carie for an indefinite period to help stamp out terrorism. Egyptian politicians asserted that the terrorism and demonstrations which have wracked Egypt for the past three years were caused by Communist agents attempting to overthrow the authority of the Arab states.

College Prexy New Scout Head

President E. J. Howell of John Tarleton College, Stephenville is the new President of the Comanche Trail Council, Inc., Boy Scouts of America, with headquarters in Brownwood. The council is launching out an expansion program for 1949, which includes a Council-wide Campaign for Scout funds during the month of February.

The program calls for a \$21,000 budget. With the necessary funds the council can have a greater program to attract more boys and give to them an experience in the various phases of Scouting, the program in which all boys will participate, if given an opportunity to do so. The council is composed of Stephens, Eastland, Erath, Comanche, Brown, Mills, San Saba and Lampasas Counties and the towns of Eliasville in Young County, Woodson and Lusk in Throckmartin County.

State Veg. Crops Hit High Mark

AUSTIN, Tex., Dec. 29 (UP)—Texas-grown vegetables brought in \$52,278,000 in 1948, topping the figure for last year and far exceeding the 10-year average, the United States Department of Agriculture reported today.

However, in its annual truck crop summary, the department reported that "partially all truck growing sections in the state were affected adversely by weather some time during the season causing growers considerable difficulty in producing their crops."

The total acreage devoted to truck farms amounted to 254,600 acres, as compared with 352,000 for 1947.

As for total value, the \$52,278,000 for 1948 compared with \$46,345,000 for 1947 and a 10-year average of \$29,326,000.

SECRET ARMY FILES BRING TO LIGHT MUTINY IN BATAAN AND CORREGIDOR

SEATTLE, Dec. 29 (UP)—A tale of deliberate disregard of orders, fist fights and armed mutiny among several high-ranking officers during the battle for Bataan and Corregidor was unfolded today from top secret Army files.

Dr. Louis Morton, chief of the Army's Pacific section, historical division, said General Jonathan Wainwright, in command of Luzon ordered General Edward P. King, commander on Bataan, not to surrender.

But, Morton said, "When King saw the situation was hopeless, he ignored the command." King expected to be censured after the war but never was.

Promise Lower Mesquite Taxes

MESQUITE, Tex., Dec. 29 (UP)—The remnant of Mesquite's city government bravely assured taxpayers voters today that their pocketbooks are safe from further municipal invasion.

Mayor Sam Rutherford and two city councilmen who survived a bloodless, but noisy, taxpayers' revolt Monday night tossed out this balm to John Q. property owner: tax statements for 1949 will be no larger than in 1948.

Also, Rutherford and the two councilmen called a special election for Jan. 11. Its object will be to replace three other councilmen — the majority which resigned under the lash of hoots and hollers from angry citizens who didn't like a plan to increase taxes by 33 1-3 per cent.

Hughes To Unload Vast Tool Company

NEW YORK, Dec. 29 (UP)—In what would be the largest industrial sale by an individual in more than 20 years, Howard Hughes is preparing to sell for \$140,000,000 his controlling interest in the Hughes Tool Company, it was learned today.

This sale, if completed, would be the most important transaction of its kind since April, 1925, when the Dodge Brothers Automobile Company was sold by the widows of John and Horace Dodge to a nationwide syndicate headed by the firm of Dillon, Read & Co., for a reported price of \$146,000,000.

BY JAMES F. McGLINCY
United Press Staff Correspondent

PARIS, Dec. 29 (UP)—The United Nations Security Council, after hearing a British report that Jewish troops had invaded Egypt, today ordered a cease fire in Palestine, a troop withdrawal to old truce lines in the Negev, and immediate armistice negotiations.

The Council approved a British resolution embracing a broad directive on Palestine after Harold Bealey electrified it with a report that Israeli troops had penetrated some 25 miles into Egypt along the coastal road.

The sensational report raised the question of invocation of an Anglo-Egyptian treaty, signed in 1936, blinding each to come to the "immediate" aid of the other in case either was involved in war.

The Council order called for a cease fire, directed the Jewish and Egyptian forces to fall back in the Negev, and told both sides to open at once the long sought negotiations for a lasting armistice.

The resolution instructed the council's Palestine committee to meet at Lake Success Jan. 7 to report whether Israel and Egypt had complied with the new orders. If either side failed to do so, the council under previous resolutions then would consider the possibility of applying sanctions.

As finally approved the resolution included a French amendment ordering Egypt and Israel to "allow and facilitate the complete supervision of the truce by UN observers."

The British resolution was adopted by the Council with eight votes for and three abstentions. The United States, Russia and the Ukraine abstained.

Indonesians Ask Council Action

BATAVIA, Dec. 29 (UP)—The clandestine Indonesian Republican Radio in Java warned the United Nations Security Council that "large scale guerrilla activities" will be launched unless the Council takes stronger action against the Dutch.

The Republican radio said scattered guerrilla attacks on Dutch forces already had begun in western Java. In one attack on a 20-truck Dutch convoy, it said, 22 Dutch soldiers were killed.

FORGETFULNESS FORGIVEN
FORT WORTH, Tex. (UP)—An absent-minded policeman offered to pay a \$2 parking fine for a woman motorist because he had forgotten to put in the nickel she gave him during the time she was in a doctor's office. Instead, the judge commended him on his honesty and dismissed the ticket.

North Carolina has recorded 350 species of fish.

Russia and the Ukraine abstained. The United States abstained because of the section of the resolution calling for a cease fire on once.

An American spokesman said the United States abstention was for lack of orders from Washington.

Before the vote, Bealey told the Council that the Jewish forces had thrust "well within Egyptian territory." The word just received from the British embassy in Cairo he said, was that the push into Egypt had reached within six miles of El Arish, coastal town some 30 miles beyond the frontier at which fighting had been going on for several days.

Egypt tried unsuccessfully last year to revise the treaty with Britain calling for mutual assistance in event of war. The negotiations were broken off because the Egyptians failed to get satisfaction on two points — immediate and complete evacuation of British troops from Egypt, and unity of Egypt and the Sudan.

Egypt tried after the failure to negotiate revisions of the treaty to get the UN Security Council to declare it null and void. The Council did not do so.

During Council debate, Sir Alexander Cadogan of Great Britain made it clear that Britain considered the treaty in full force. He reminded the Council last year that the treaty had nine more years to run before either party had any right to demand a revision. He added that the British government, nevertheless, "as an act of grace," did try the negotiations with Egypt.

The British report of a Jewish invasion of Egypt was the first public word of that sort from anywhere. An Israeli military spokesman in Tel Aviv made a point today of insisting that all of the fighting was going on in Palestine, and no Jewish troops had crossed the border.

Bealey said the information came in a telegram just arriving from the British embassy in Cairo. He said advance Jewish units were within six miles of El Arish, Egyptian coastal town some 30 miles from the border.

RANGERS RESUME DRILLS AFTER HOLIDAY LAY-OFF

By Marvin Gross
 The hoop boys of Ranger Junior College will be forced to cram their holiday celebration into an abbreviated package, returning to practice sessions today at the Recreation Building.

January 3 the Rangers tear the top off a rigorous conference schedule by meeting Weatherford at home. The Rangers were eliminated in the recent Ranger Invitational Tourney by Cisco, one of the finalists.

The home town quintet was slightly more than disappointing in their bid for a tournament crown, won by the classy L. O. N. Morris five. They edged Clinton in the opening round but dropped a two point decision to a mediocre Cisco team in the semi-finals. Cisco was later trounced by Lon Morris in the final round.

Main woe of Coach Boone Yarborough is the lack of a consistent scoring punch. The Rangers have experienced carloads of trouble making their score mount over the 40 mark—and present day basketball demands about 20 more points for a winning effort.

With the bulk of last season's personnel still around for first string duty Yarborough is beginning to wonder if his team will ever shake the early season slump and make a try for conference honors.

Jimmy Crawley, the angular forward shapes up as the top potential scorer. And slender Jimmy has been high man thus far

but still hasn't hit with the regularity of last season. He was limited to one field goal in the Cisco game.

Yarborough intends to do some juggling with his starting line-up in hopes of chancing upon a higher scoring combination. There's still time to burn in the present first string group but finding the twines is another story.

Ben Butcu who was injured early in the Cisco contest—a recurrence of an old knee ailment—has been pronounced fit again. But the stubborn joint has the unhappy faculty of popping out at inopportune moments.

Monday night's matches in the Premier League saw the league leading Penpushers increase their lead over the second place Wildcats to ten games with a four point victory over the Lobos. C. D. Beck paced the winners with 189 and 551 and McGowan was high for the losers with 192 and 522.

The Runners and Oilers split their series as their tight match was forced into a "sudden death" extra frame with the Runners winning the deadlocked battle. Sam Elder registered 162 and 478 while high for the Runners was Oakley with 191 and 488.

In the third match of the evening, the Pumpers 869 game gained for them an even split with the second place Wildcats. For the Pumpers Dawn was top roller with 155 and 456 and Wood paced the Wildcats with 167 and 444.

Oklahoma Aggies Face Baylor Five

OKLAHOMA CITY, Dec. 29 (UP)—The deliberate Oklahoma A & M basketball team, gunning for its sixth all-college tournament title in a row, is a heavy favorite over the Baylor Bears in tonight's final.

The Aggies have already conquered Baylor once this season, 56 to 40.

The men of Coach Hank Iba throttled Alabama last night 44 to 31, while the Bears were upsetting favored Texas, 49 to 36 in the tournament semifinals.

Tonight's two-game windup will start at 7:45 P. M. with Texas and Alabama clashing for third-place honors and the title game following.

The Aggies, led by 6-foot, 7-inch Bob Harris, ran up an early lead against Alabama and were never seriously threatened. Harris had 12 points to lead the scoring.

Baylor's triumph over Texas came with a rush in the final six minutes of play. The two teams battled evenly until Baylor, sparked by guard Bill Johnson, pulled away in the late going. Johnson netted 13 points for high-scoring honors.

WACO, Tex., Dec. 29 (UP)—The Baylor University football team, comprising 48 players and five coaches, was scheduled to leave by special plane today for Birmingham, Ala., and its Dixie Bowl date with Wake Forest New Year's Day.

Coach Frank Woodruff of the Bears reported that "we aren't ready—mentally and emotionally" as he directed the squad through its final workouts on its home field yesterday.

Texas Mines Ace Visits Sick Bay

EL PASO, Tex., Dec. 29 (UP)—"Wendt went to bed" was the announcement making the rounds of this city today—leaving the Texas Mine's football team with diminished hopes of beating West Virginia in Saturday's Sun Bowl game.

The reference, of course, was to the Miner's plunging fullback, Fred Wendt, who was hospitalized yesterday with a severe sore throat and a touch of influenza.

Physicians at Southwestern General Hospital said that Wendt, the nation's leading scorer this year, probably would be "up and around" by Saturday but his performance is expected to be impaired because of his illness.

Top Fives Meet In New Orleans

NEW YORK, Dec. 29 (UP)—Just about the four classic basketball teams ever assembled for one tournament were slated to tear into each other today in the opening round of the Sugar Bowl tournament at New Orleans.

For weeks cage fans around the nation have looked forward to this two-day brawl, and now that it is at hand it dominates the entire schedule of Christmas week tournaments.

One game tonight sends the St. Louis Billikens, 1948 National Invitational Tournament champions against Holy Cross, the pride of New England. The other pits Kentucky, N. C. A. A. champs and rated the nation's leading five, against a Tulane team that it managed to beat by only 51-47 last Wednesday.

The traditional New Year's Day broadcast of the Cotton Bowl Game in Dallas by Humble Oil and Refining Company will go on the air at 1 p. m. Saturday. This 13th Cotton Bowl game, featuring the Championship S. M. U. team and the visiting Oregonians, will be brought to listeners over a statewide network.

Kern Tips will give the play-by-play report and will be assisted by columnist Alec Chesser. The Humble broadcast may be heard over stations WRR, Dallas-WFAA-820, Dallas; WOAI, San Antonio; KPRC, Houston; KRIS, Corpus Christi; K V A L, Brownsville; KURV, Edinburg; KGNC, Amarillo; KOSA, Odessa; KIUN, Pecos, and KROD, El Paso.

Oregon Mentor Blasts Webfoots

DALLAS, Tex., Dec. 29 (UP)—Oregon football Coach Jim Aiken was in no mood for jokes today as he hustled his players out for another hard workout in preparation for Saturday's Cotton Bowl clash with Southern Methodist.

The Webfoot mentor still was disgruntled over yesterday's practice in which his players showed little drive and looked especially weak on defense. In fact, Aiken was forced to direct one player to the dressing room when he was found "apparently loafing."

"If they play like this Saturday they will get beat 100 to 0," Aiken said. "They don't have any pep."

The Southern Methodist squad, meanwhile, was found to have "plenty of pep" following a long rough scrimmage yesterday. Matty Bell, coach of the Mustangs, said he probably would not order any more rough contact work.

Two Cat Stars Sent To Montreal

FORT WORTH, Tex., Dec. 29 (UP)—Two outlanders with the Fort Worth Cats in the Texas League have been transferred to Montreal, it was announced today.

They are Irving Noren and George Schmees. Noren played with the Cats the past two seasons and last year was voted the most valuable player in the circuit.

Schmees came up fast as the season drew to a close and was regarded by Fort Worth fans as a valuable prospect.

President John Reeves of the Fort Worth club said the pair were assigned and transferred to the Montreal club of the International League, where they will play AAA ball.

Reeves allayed any fears of Cat fans that the move might weaken the club for the next season, and said he felt confident Fort Worth would have "a very good representative club of the field to meet all competitors."

Rain At Sugar Bowl

NEW ORLEANS, Dec. 29 (UP)—The U. S. weather bureau today predicted rain for Saturday's Sugar Bowl game between North Carolina and Oklahoma but hastened to qualify its report.

The forecaster, in predicting rain for the game, admitted he could be wrong, explaining that New Year's Day is the last day of the period covered by this long-range prediction and that the outlook for Saturday afternoon is only tentative.

Eleanor Answers Pegler's Taunts

NEW YORK, Dec. 29 (UP)—Mrs. Eleanor Roosevelt described Westbrock Pegler as "a little gnat on the horizon" today in answering a query as to why her sons don't horse whip the syndicated columnist.

Pegler often has been critical of the Roosevelt family in his column.

In her question and answer column in the January Ladies Home Journal, Mrs. Roosevelt was asked:

"You have three big, strong American men as sons. Why do they not horse whip Westbrock Pegler?"

She answered:

"I have four, not three 'big, strong American men as sons.' Why should they bother, however, to horsewhip a poor little creature like Westbrock Pegler? They would probably go to jail for attacking someone who was physically older and perhaps unable to defend himself. After all, he is such a little gnat on the horizon. He cannot touch my husband's memory.

"Deeds, not words, count in this world, and thousands of American citizens answer such attacks as Mr. Pegler's out of their own experience with love and loyalty in their hearts which remain untouched by Mr. Pegler's diatribes."

In an attempt to ease a tough traffic situation, the Roman Senate in 250 B. C. passed a law prohibiting women from driving chariots.

Woman Brings Suit Versus Refining Co.

HOUSTON, Tex. Dec. 29 (UP)—A \$91,838 damage suit was on file in district court today against the Sinclair Oil and Refining Co. Mrs. Jesse Mildred Williams of Houston asked that amount yesterday for the death of her husband, Clyde Williams, 38, in a traffic accident near Channelview, Tex., last July 4.

Mrs. Williams claimed a Sinclair truck hit her husband's car, and that the truck was travelling on the wrong side of the road and at an excessive rate of speed.
