GOVERNOR GIVES STRONG BACKING TO ELLIS PLAN

Austin, Texas, Jan. 25 (UP)—Gov. Beauford Jester, in a special message to the legislature, today urged emergency treatment of the Ellis Plan for prison reform and caustically denounced the present system as "one of the worst institutions of its kind in the United States."

The Ellis Plan, named for O. B. Ellis, the system's manager, embraces nine major bills. Six of them have been introduced in the Senate. All have been referred to committee, but none have been acted on.

The Governor backed up his demand for immediate action on the statement, "I know of no matter likely to come before the 51st Legislature which is more urgent and more important than this."

The system, he said, was one "which we cannot look upon with pride." "Indeed," he added, "prison authorities of the nation consider it one of the worst institutions of its kind in the United States."

In all, enactment of the overall program of prison reform calls for appropriations totaling some \$4,700,000.

Of that amount, more than \$500,000 is embraced in a deficiency appropriation. The other \$4,200,000 would go for capital improvements.

So far there has been only isolated opposition to the program. Rep. Carlton Moore of Houston said that he favored a unified, centrally-located prison system as an alternative for the continuing.

ued farm system as proposed under the Ellis Plan.

However, Moore has not claimed any backing for his proposal. The Governor lauded the prison board as a group of "able, earnest and courageous citizens," who, he said, had developed over the last year and a half "a program for the complete reorganization and rehabilitation of the system."

Ellis, he said, was one "of the outstanding prison authorities of America."

He said that "even in the dilapidated physical plant which we have" the "good results of wise administration are being shown."

The Governor, underlining his earlier endorsement of the Ellis Plan, hailed it as a "realistic, reasonable, constructive program for the complete re-building of the plant and re-organization of the system."

The Governor discussed bill-by-bill each of the nine measures on which he is asking emergency action.

"The prompt passage of these nine measures," he said, "is deemed essential to the current operation of the system and to the success of the program for the rehabilitation of the entire system."

Body Of Missing War Ace Found

DALLAS, Jan. 25 (UP)—After nearly five years of search the body of Col. Nell E. Kearby, missing Dallas war ace, has been found on Wewak, New Guinea.

Kearby, who shot down 24 Japanese planes before he died, was stripped of all identification by Japanese soldiers and has been listed as missing since March 5, 1944, the date of his last flight.

The body of the air fighter will be returned to Dallas for burial. The Australian war graves committee located the missing man by interviewing natives and checking other reports. His parents, Dr. and Mrs. J. G. Kearby (of 3811 Holland) have been notified that the colonel's body was in Minila.

He will be buried at Hillcrest Memorial Park. Funeral services will be held at the McKinney Avenue Methodist Church in Dallas.

Seven Killed In Berlin Air Crash

BERLIN, Jan. 25 (UP)—Russian authorities late today informed British officials that seven persons were killed in last night's crash in the Soviet zone of a British plane on the Berlin supply run.

Eighteen persons aboard the plane, which was evacuating ailing women and children from the blocked German capital, survived according to the Russian report. The Soviet-licensed News Agency ADN and German police at Schoenberg, near the crash scene, had reported earlier that eight were killed and 19 survived.

Russian reports said the plane, a C-47 twin-engine transport, crashed in a forest near the village of Chatten, about three and one-half miles inside the Russian zone and about 10 miles east of Luebeck, which is in the British zone.

It was understood that many of the survivors were seriously injured. The plane was said to have caught fire when it crashed.

Rabbits Pay Off WATTSBURG, Pa. (U.P.)—Thomas Coatham, Jr., has sold a pair of rabbits to the Atomic Energy Commission for \$500. They're the only pair of English lop ears in the United States. They will be used in experiments requiring rabbits that cannot move their ears.

WINTER TAKES 3RD STRAIGHT NIP AT RANGER

Winter swooped down on Ranger Monday for the third consecutive week and brought in its wack one of the worst ice coatings of the winter.

Heavy sleet which fell most of Monday afternoon laid down a thick carpet of ice which 16 degree weather during the night froze into a solid mass.

Sleet was falling again this morning and forecasts are for no relief within the next 24 hours at least.

The Texas Electric Service Company reported locally this morning that their service is still in tact but reports that wires were going down farther west had been received.

The telephone company reported that Ranger service is uninterrupted as yet but considerable damage has been done by the current storm in North central Texas where repairs from the previous storm had not been completed.

In Dallas it was reported that 167 circuits were still out from the last storm and 178 additional circuits have been knocked out by the current storm. Wichita Falls and Fort Worth connections were badly damaged and the company stated that they feared additional damage will result from the continuing storm.

No major accident from the weather had been reported in Ranger about mid-morning.

The minimum temperature last night of 16 degrees is the season's lowest, being three degrees below the lowest minimum to date. The mercury stood at 17 degrees at 8 A. M. today was 77 of an inch. This makes a total of 2.73 inches of precipitation for January, and a total of 1.47 inches for Saturday, Sunday and Monday.

Schools Closed At Noon Today

Ranger schools were dismissed at noon today and plans now are for classes to be resumed Thursday.

Dr. G. C. Boswell, in making the announcement stated that the resumption of classes will depend on the weather and any notice of a change will appear in this paper.

Attendance had fallen practically to zero today with only eight students reporting at one of the elementary schools. Buses were leebound and all rural students necessarily out of classes.

Powell stated that producers who follow the allotment will be guaranteed 90 per cent of parity on the entire crop. But those who overplant will not be guaranteed any price support on excess acres. There will be a penalty of one-half the support price on excess peanuts when sold.

Peanuts that are baled for feed or hogged do not count on allotted acreage. Allotments are being computed and will be mailed in the next few days.

Powell announced that the county allotment this year will be 47,040 acres which is about 2,000 less than last year.

Labor Wasted

TACOMA, Wash. (UP)—Burglars who broke into Sam Colborn's tavern at nearby Orting, Wash., did a lot of unnecessary work. They tried one door and found it locked. Then they broke into the place through another door that also was locked. The third door was unlocked.

Roads Report

FORT WORTH, Jan. 25 (UP)—Highway patrolmen in the Fort Worth vicinity today warned motorists to travel only in emergencies and then use chains.

A radio check with other patrol units brought the following reports of road conditions: Wichita Falls — Three inches of snow and ice on roads. Temperature of 15 degrees, with low of 5 predicted.

Jacksboro — Heavy snow falling between Jacksboro and point 25 miles south. Roads very dangerous.

Amarillo — Sub-zero temperatures with high wind. Arlington — Sleet. Highway 80 (to Dallas) open, but travel not recommended.

Waco — Roads covered with sleet. Gainsville — Sleet falling. Odessa — Road iced over. (Patrolmen said highway 80 between Fort Worth and El Paso was iced over with sleet, rain and mist at various points.

Peanut Acreage Sliced For 1949

Peanut farmers in Texas will be cut 22 per cent in average acreage for the coming year, stated Emmett Powell, Eastland County A. A. A. administrator today.

According to Powell there is a heavy carry over from last year's crop necessitating the cut. If supply exceeds a certain amount, said Powell, marketing quotas go into effect.

Government standards guaranteed peanut producers \$200 a ton for peanuts when produced for edible purposes but when the supply is diverted to the oil industry the price is lowered. The government lost when much of last year's supply was used for other than edible purposes which then made the acreage cut necessary.

Powell stated that producers who follow the allotment will be guaranteed 90 per cent of parity on the entire crop. But those who overplant will not be guaranteed any price support on excess acres. There will be a penalty of one-half the support price on excess peanuts when sold.

Peanuts that are baled for feed or hogged do not count on allotted acreage. Allotments are being computed and will be mailed in the next few days.

Powell announced that the county allotment this year will be 47,040 acres which is about 2,000 less than last year.

LITTLE HOPE HELD FOR WEATHER RELIEF DURING NEXT 24 HOURS

By United Press More than half of Texas today was in the grip of snow, sleet or ice, and the weather bureau held little hope for relief during the next 24 hours.

Snow in the northwest and west sections of the State gave way to freezing rain to the south. Frozen precipitation of some sort was reported for almost all the area of the state lying north of a line extending from San Angelo to Bryan.

Highways over most of that region were glazed and slippery, and the State Highway Patrol recommended only emergency travel.

Although all roads were reported open, travel in the northern half of the state was termed "extremely dangerous."

From Lubbock came the report that all bus schedules to the east and southeast of the South Plains city had been canceled. Bus Companies in Dallas reported all buses were running early today.

The Civil Air Patrol in Dallas reported ice on runways but said the airlines operating in Texas would continue their schedules unless conditions became much worse.

In West Texas, it was expected that some rural and consolidated schools may remain closed during the day because of the weather.

The Weather Bureau said the lowest temperature in the State was five degrees at Amarillo, where a light snow fall was reported. The highest was 65 at

12th Victim Of Boat Crash Dies

NEW YORK, Jan. 25 (UP)—A 12th Coast Guardsman died last night of burns and injuries received in the collision last week between the Coast Guard icebreaker Eastwind and the oil tanker Gulfstream.

He was Apprentice Seaman Stanislaus Coindreau, San Antonio, Tex., who was taken to the U. S. Marine Hospital at Stapleton, Station Island with other injured crew members after the chash.

Eleven men aboard the Eastwind were killed almost instantly when the ships collided in a fog early last Wednesday off New Jersey coast.

Another Apprentice Seaman, Albert Williams, of Brighton, Mass., is in critical condition at the hospital, doctors said. Eight other survivors are in the hospital. Three were discharged yesterday.

Panic was reported breaking out in some quarters of Nanking. The railway station and ferries were jammed to capacity with refugees pouring in from the north and others seeking to escape to the south.

The Nationalist cabinet was understood to have decided at an emergency meeting today to move most of the government ministries to Canton immediately.

Li, Premier Sun Fo and cabinet ministers will remain in Nanking, however, leaving vice-ministers to take charge of the evacuated ministries.

Panic was reported breaking out in some quarters of Nanking. The railway station and ferries were jammed to capacity with refugees pouring in from the north and others seeking to escape to the south.

Other foreign news included: Rome—Italy gave what amounted to de facto recognition to Israel by raising the Italian consulate in Tel Aviv to a legation.

London—Formal British recognition of Israel was delayed by consultations with the dominions, other countries of the Western European Union, and Arab states.

Tel Aviv—More than 100,000 Israelis voted in the first five hours of the new State's first elections. All business was at a standstill as Israel chose 120 members of the new constituent assembly.

Senate Chaplain Dies

WASHINGTON, Jan. 25 (UP)—Senate Chaplain Peter Marshall, a plainspoken man whose prayers frequently reminded Senators of their obligation to legislate "wisely and well," died today of a heart attack.

Death came to the Presbyterian clergyman, a native of Scotland, with unexpected suddenness. He was only 46. He became ill during the night and was taken to George Washington Hospital.

Dr. Marshall had been a minister for only 17 years. Before that he had been a mechanical engineer, ditch-digger and newspaper man.

In his official Senate role, he was completely nonpartisan. He was elected in January, 1947, when Congress was controlled by Republicans. Democrats re-elected him at the start of the 81st Congress.

Brownsville, which had not yet felt the cold wave.

Clarendon had sleet and snow with 12 degrees. Childress reported snow with 14, Wichita Falls sleet and snow with 16 degrees, and Abilene had a light snow, sleet and fog.

Freezing drizzle was reported at Midland, Mineral Wells, Fort Worth, Dallas, Austin, San Angelo and Junction.

Almost all the state reported precipitation of some sort. However Waco, with 1.20 inches, and Texarkana, with 1.27 in. were the only points reporting precipitation of consequence.

The cold front had advanced over the entire state except the extreme southern portion.

Well... I Dunno, But...

The Russians couldn't stand it! They had to do somethin' to get in the limelight again and this time they've gone and got themselves a kind of Marshall plan. Evidentially, the shoe was pinched.

This is one day when if we had just written a blanket cancellation for all activities in town we might have done just as well. Everybody was pectin' off everything.

And you can't blame 'em. Nobody wants to get out of the house after once holing in this kind of weather.

About the only person that isn't daunted by the weather is Cupid and he's still gettin' about, we gather. But we'd be one for gettin' the little feller a more suitable wardrobe for this season.

It's an ill wind and all of that you know and so it is, for the precipitation of the last few days, even though a good part of it, has been sleet and ice, has put four inches of water in drought-stricken Lake Hagaman.

And the runoff after the thaw should add a lot more than that. Like we have said before, it always has rained, even though it has been frozen form.

Yes, we know we're doin' a lot of talking about the weather. Well, who isn't?

The most unusual story about weather comes from St. Louis—a flock of south bound geese were grounded. The wild geese were ice weighted and flopped around until body heat melted the ice and they took off southward again.

The honking birds created quite a sensation and at least one passing motorist snagged a goose for dinner.

And unless there's a real thawing right quick, there'll be a lot of disappointed mamas and papas and college boys and girls this week-end. As we recall, at mid-term last year, we had exactly the same kind of weather and a lot of stranding was required then.

Better to stay put than run the risk of being stranded on the wrong end of the line. But try and make 'em believe that.

Much Work, No Money DECATUR, Ill. (UP)—The yeggs who stole a safe in Decatur and hauled it 70 miles to Peoria, Ill., got lots of exercise but no money. The safe contained only records and papers.

RUSSIA, SATELLITES SET UP OWN 'MARSHALL' PLAN

LONDON, Jan. 25 (UP)—Radio Moscow disclosed today that Russia has established her own Marshall plan for six Iron Curtain countries of Eastern Europe. Yugoslavia was excluded. The Moscow announcement termed the plan a "council for economic mutual assistance."

Members are Russia, Bulgaria, Poland, Romania, Hungary and Czechoslovakia.

The council was organized, the broadcast indicated, so the Eastern European satellites could pool resources and technical knowledge in an effort to match the successes of the American-sponsored European Recovery Program.

Representatives of the six countries met "this month" in Moscow to organize the council, the broadcast said, conspicuously absent from the discussion was Yugoslavia, shut off from trade with Iron Curtain countries because of Marshal Tito's excommunication by the Cominform.

The broadcast said the new council would be open to any other European countries providing "they share the principles of the council... and desire to participate in broad economic cooperation" with the Soviet Bloc.

This phrasing was seen as leaving the door open to Yugoslavia providing Marshal Tito would confess his sins and pledge allegiance to the Moscow party line.

The Iron Curtain countries admitted by inference that their abstention from the European Recovery Program was beginning to hurt their economies.

To save face, they pointed out again that they could not join the ERP because it violated their sovereignty.

The Moscow broadcast, in the form of a Tass dispatch, said the Marshall Plan countries of Western Europe were boycotting the Russians and their friends.

"The conference established that the governments of the U. S., Britain and certain other countries of Western Europe have been as a matter of fact boycotting trade relations with the countries of the peoples democracies and Europe, since these countries did not consider it possible to submit to the Marshall Plan dictate," the broadcast said.

Temple, RJC Play Tonight

Teams Each Four Times Winners

Temple's brave basketball team won a race with the elements today and arrived in Ranger this morning to take on the Ranger Junior College quintet tonight at 7:30 o'clock.

The game will be played in the Recreation Building which is adequately heated to make it comfortable for spectators and basketball fans are urged to attend the game.

Coach Boone Yarbrough stated today that the game should be a spirited one since each team has won four games and lost one each, putting a premium on the game tonight, which is a conference game.

Temple was in Cisco last night and defeated Cisco Junior College by a score of 66 to 51.

No Highballing Allowed
 GILMER, Tex. (UP)—The Gilmer city commission passed an ordinance requiring that engineers of the Cotton Belt Railroad slow their trains to six miles per hour while inside the city limits. The ordinance carries a maximum penalty of \$100.

Non-Firer Fired
 BOSTON (UP)—Frederick W. Cook, 75, boasts that during 27 years as secretary of state he has never fired an employee. Yet in the election Massachusetts voters "fired" him, electing his youthful Democratic opponent.

Cotton Bowl To Be Enlarged

DALLAS, Tex. Jan. 25 (UP)—Cotton Bowl officials, taking notice of some 80,000 unfilled requests for tickets to the 1949 New Year's day classic, announced yesterday that the giant oval will be enlarged to accommodate some 75,000 spectators.

R. L. Thornton, president of the State Fair of Texas, said a deck will be erected on the east side of the stadium, adding some 8,000 to 12,000 seats to the bowl's present 67,400 capacity.

The new deck will make the stadium double-decked on both east and west sides.

The enlargement will be financed by sale of options of the new seats at \$50 each, Thornton said. Construction will begin as soon as the sale is completed. It will be decided at that time exactly how many seats shall be added.

The State Fair's board of directors took the action after the exhibition's athletic committee requested an increase in the plant's seating capacity.

It was pointed out that fewer than 20,000 fans witnessed the first Cotton Bowl contest in 1937, while requests for ducats to the 1949 New Year's day classic reached 150,000. Southern Methodist played host to Oregon in that game.

The enlargement will be the second in as many years.

Wisconsin Names Ivan Williamson

MILWAUKEE, Jan. 25 (UP)—The selection of Ivan Williamson as head football coach at the University of Wisconsin today ended a month-long search for a man to bolster the Badgers' sagging grid fortunes.

Williamson, 37, who has one year to go on his three-year contract as coach at Lafayette College, Easton, Pa., was named unanimously here yesterday by the

Second Round On Gas Flares Due
 AUSTIN, Jan. 25 (UP)—Railroad Commission today was ready to square off for a second-round battle with oil operators accused of wasting casinghead gas.
 Operators in 26 oil fields were scheduled to appear before the commission to show why they should not stop flaring the gas.
 Late in November the commission issued shut-down orders against operators in 15 fields, but the oilmen rolled with the punch and recovered with permanent injunctions against enforcement of the orders.
 The outstanding case which involved the Heysler Field in Victoria and Calhoun counties, was appealed directly to the State Supreme Court.
 Fields involved in the latest showdown are Imogene, Jourdan-town Lolita, Porter, Slick Wilcox Fracturals, Amelia, North Katy, Oyster Bayou, Red Fish Reef, Thompson, North Thompson, South Thompson, Conoco Driscoll, Odem, Richard King, Sun, North Sun, East Texas Field, Chapel Hill, Navarro Crossing, Todd Deep, Todd Deep Crinoidal, Block 31 Devonian, Cowden south and Furman-Masche.

 Woodmen Circle Luncheon Put Off
 The Julia Alexander Grove, No. 1954 of the Woodmen Circle, which was to have been entertained with a luncheon Wednesday at the home of Mrs. Frank Williamson, announced today that the luncheon had been postponed because of the weather.
 The banquet tables were decorated in the college colors, purple and white with footballs placed at intervals.
 Dean G. B. Rush was toastmaster and brief talks were made by Dr. G. C. Boswell and Coach Yarbrough and the team co-captains, Jim Crawley and Ben Blitch. Bill Couser sang.
Luncheon Postponed
 A luncheon for members of the New Era Club which was scheduled for Wednesday at noon at the home of Mrs. B. S. Dudley, has been indefinitely postponed because of the weather.
Personals
 Katherine Adams who has been teaching school in Big Spring has arrived home to spend the remainder of the winter with her parents Mr. and Mrs. H. G. Adams.
 Mr. and Mrs. M. H. Offield have returned from Arlington where they spent the week-end.
 Happy Leath underwent surgery in a Fort Worth hospital Monday.
 Mrs. W. R. Cozby and children, Janetta and Mary Josephine, of El Paso, are the guests of Mrs. Cozby's parents, Mr. and Mrs. Charles Ashcraft while 1st Lt. Cozby is in training with the Air Force at Denver, Colorado.
Princess Elizabeth Ill With Measles
 LONDON, Jan. 25 (UP)—Princess Elizabeth, now with her infant son, her husband and her parents at the royal family's Sandringham home, has come down with the measles, Buckingham Palace announced today.
 The announcement made no mention of whether any quarantine measures were being taken.
 The Princess complained of feeling ill for the past day or two. This morning her physician, Dr. J. N. B. Ansell diagnosed her ailment as measles and said it was "taking its ordinary course."
 Elizabeth, the Duke of Edinburgh and their baby Prince Charles motored to Sandringham from London on Jan. 5. Her next scheduled public appearance was a visit to Edinburgh, Scotland, March 1.
Workers Still Idle
 TEXAS CITY, Jan. 25 (UP)—Some 3,400 employees of the Carbide and Carbon Chemicals Corp. plant still were idle today as a union spokesman reported that a nine cents per hour difference existed in the wage controversy.
 Members of the Maintenance and Operators Union (AFI) struck Sunday when the company turned down their demand for a 27 cents per hour across-the-board pay increase.

Freezing rain again was forecast for the west and north portions of East Texas today and tomorrow. Colder temperatures were expected in the east and south portions today and tonight.
 In the northwest part of East Texas lowest temperature tonight was expected to be from 19 to 25 degrees; in northeast and west central areas, from 18 to 30 degrees, and in the interior and southeast, from 28 to 34 degrees.
 More snow and freezing rain was in the offing for West Texas today and tomorrow, except for rain in the Rio Grande Valley area today. Continued cold was expected, with low temperatures tonight ranging from 5 to 15 degrees in the Panhandle and South Plains and from 15 to 25 degrees elsewhere.
 The freezing precipitation in the upper reaches of the Trinity River may help avert a flood area, the Weather Bureau reported today.
 The river reached flood stage of 28 feet late yesterday and had reached 30.9 feet early today. It was still rising, and the Weather Bureau hoped that the freezing drizzle would slow the runoff enough to prevent a severe overflow.
 Traffic crept along glazed highways today in much of Missouri and other winter-locked sections of the midlands.
 In addition to new sleet, freezing rain, snow and bitter temperatures, flooding conditions were reported in Missouri and Kansas.
 The ice-jammed Missouri River staged at 15.9 feet in Kansas City today, the highest January stage since 1910. All of the rise of 10 feet since yesterday morning was attributed to the Kaw River, which also is packed high and solid with ice.
 At Poplar Bluff, Mo., the Black River overflowed its banks and inundated lowlands. Army Engineers predicted a "rather dangerous" flood for the Poplar Bluff area, extending southward to Newport, Ark., where the Black and White Rivers merge.
 Howell Creek rampaged south of Thayer, Mo. roads between Thayer and Ravenden, Ark., were reported closed, and the Frisco Railroad was forced to route its trains around the flooded section.
 New forecasts called for snow in Missouri, Kansas and Oklahoma. The storm was expected to move gradually eastward, with snow ending in northwest Missouri North Kansas and northwest Oklahoma tonight.
 Garden peas require cool weather for growing and should be planted early.

Choir Rehearsal, Supper Postponed
 It was announced today that the supper and rehearsal for the Youth Choir of the First Baptist Church which was scheduled for Wednesday night has been postponed because of the weather. Plans now are to hold the supper and rehearsal at the same time next week, if the weather permits.
Class Luncheon Is Postponed
 The luncheon for members of the Martha Dorcas Class of the First Methodist church which was scheduled for Thursday at noon has been postponed because of the weather and will not be held until the regular time next month.

8 Units Of Crack Train Derailed

New UP Sec. Named
 New York, Jan. 25—(UP)—Charles E. Campbell has been elected secretary of the United Press Associations, Hugh Baillie, President, announced today. He succeeds the late Robert H. Faneber.
 Campbell joined the United Press in 1923 as an accountant in New York. In 1932 he was assigned to London, as European comptroller, and in the years that followed traveled throughout Europe on U. P. business. Subsequently he went to South America to supervise accounting systems at Buenos Aires, Lima, Santiago, Rio De Janeiro and Montevideo.
Jewelry Store Loses \$50,000
 AUSTIN, Tex., Jan. 25 (UP)—Loot estimated at approximately \$50,000 was sought today as police investigated a downtown jewelry store safe-cracking.
 Sol Kruger, manager of Zales Jewelry Store, told police among the missing articles were 112 women's diamond rings, 35 women's diamond watches, 17 men's watches and three men's diamond rings.
 The safe, its back cut open with an electric drill, was found rifled by Kruger yesterday morning.
 Fire experts estimate that properly installed lightning rods would reduce the annual loss of farm buildings by fires by 35 per cent.

Moved -
 ... For many years we have had our offices and business in an up-stairs location on the South side of the Square. We have now moved down stairs to the Frost Building three doors West of our former location. Here we are more conveniently situated to serve you and our records are safer from the hazards of fire. We cordially invite you to visit us in our new home.

NEW Frigidaire Fully Automatic Washer

 And this "Live-Water" action is really marvelous! Just put in clothes and soap, set the dial and forget it.
 ● Washer fills and empties automatically.
 ● Washes 8 lbs. or clothes in less than a half-hour.
 ● They're spun damp dry.
 ● They're cleaner, whiter.
 ● Hands never touch water.
 ● See a demonstration!
