## U. S. Tightens Blockade Of Russians

Well...  
I Dunno,  
But...

Don Butler tells us that the high cost of living has got the best of somebody. Who, he doesn't know but he's got the sheriff and local officers trying to locate the underfed culprit.

Yesterday somebody went to his place about three miles northwest of Ranger and shot and stuck two of his fine pigs and then made off with 'em.

They found the bullets and tracks about the slaughtering spot and Don says he'll pay \$25 for the butcher in handouts.

Yes, it's a small world after all and that's just the conclusion that Mrs. Hallye Patison of 344 South Grand Ave., Los Angeles, expressed in a letter to her nephew, Aubrey Wynn.

Enclosed in the letter was a clipping from a Los Angeles paper including a picture of Mr. and Mrs. Werner Muller and their daughter, Sylvia. The clipping told of the tragic accident that took the lives of Mr. and Mrs. Muller near Ranger last week and left their orphaned daughter in the care of Dr. and Mrs. P. M. Kuykendall.

Mrs. Patison who knows the Kuykendalls concluded her letter with this, "God bless the Kuykendalls for being a friend to this small child."

Mrs. Patison also related that the daughter of one of her friends lived next door to the Mullers in Burbank and knew about the trip that they had taken.

We read a very thoughtful article last night. It was written by an elderly man who has had the interest of his country at heart for many years.

It was packed with wisdom and good sound advice.

Main bit of advice was to the people to be patient. He explained that people can't see advancement while they are in the midst of it and reminded that the road is never smooth. There are always obstacles, he says.

As for the country going to the dogs, he calmly added that such emotionalism had been going on before his time and would after his time, and it hasn't yet and isn't likely to.

Be wary, yes, but not an alarmist.

He's sure right, too. People are impatient. They can't take the knocks and weigh their meaning. They gotta cry and moan that they're being wronged, when all of the time they may be enjoying blessings in disguise.

### Missing Plane Wreckage Found

DEL RIO, Tex., March 3 (UP)—The wreckage of a C-47 air-rescue plane missing since Monday on a flight from El Paso to San Antonio was found early today where it had crashed on the side of a Mexican mountain. All nine passengers aboard were reported dead.

The Hamilton, Calif., air base plane has been missing since Monday. It was on a flight between El Paso, Tex., and Kelly Air Base at San Antonio.

A spokesman at Goodfellow Air Force Base here, headquarters for search operations, said a report from London, Tex., 15 miles northeast of Junction was the "hottest yet." A plane in distress was reported seen in the area Monday.

The ground searchers set out last night from Junction, but had reported no success earlier this morning.

The aerial search yesterday concentrated on the Mexican border area near Marathon, Tex., after reports were received that a C-47 in trouble had been sighted in the region Monday.

It was announced then that air rescue planes had been authorized to fly 150 miles deep into Mexico in quest of the twin-engined plane.

### AIR SECRETARY CONGRATULATES PILOT

Secretary for Air, Stuart Symington, left, gives a hearty handshake to Capt. James Gallagher, of Melrose, Minn., upon completion of a non-stop, round-the-world flight in an Air Force B-50 Superfortress. Capt. G. Gallagher, pilot of the Superfortress "Lucky Lady II", made the historic flight in four days. At center is Air Force Chief of Staff General Hoyt S. Vandenberg. (NEA Telephoto)

### LUCKY LADY CREW SLEEPS SOUNDLY THRU REVEILLE

FORT WORTH, Tex. March 3 (UP)—Reveille sounded as usual at the Carswell Air Force Base here today, but the 14 fliers who had just completed the first non-stop flight around the world snoozed on blissfully.

An Eighth Air Force officer at the base said he knew of no Army plans for the crew of the B-50 bomber "Lucky Lady II" except to give the men "sleep and still more sleep."

The plane "probably" will be returned to regular duty, but no official announcement has been made, he said.

The Big Boeing ship, which was refueled four times in the air during its 23,452-mile hop, landed here yesterday morning just 94 hours and one minute after it took off on the epic flight.

The trip was made in strict secrecy, and everyone, from Gen. Curtis LeMay, chief of the strategic air command, down to the buck privates who knew and kept the secret, was pleased with the result.

"In wartime," LeMay said, "such things would have to be done in secret. This was a good test to see how such things would operate."

The official log of the flight, with some deletions for what the Air Force called security reasons, showed that the crew was hopeful, nervous, and alert as they made history in the "Lucky Lady." The log was kept by Capt. James Gallagher, Melrose, Minn., the skipper, and 1st Lt. Arthur M. Neal, Visalia, Cal., second pilot.

The log reflected the occasional pessimism that the men felt even though they knew they were doing what none had ever done before. The bad moments seemed to come when extreme fatigue had caught up with the crew.

Neal's sense of humor appeared in the log when he wrote: "By the looks of the inside of this airplane, we have enough food to last for 30 days instead of five. Only one thing is lacking—a frying pan and some bacon and eggs."

Neal seemed to have summed up the feeling of the entire crew when he wrote at the end of two days: "Last comment—this is one sweet airplane!"

WASHINGTON, March 3 (UP)—American-based heavy and medium bombers could roam the globe at will in a war without much fear of fighter interception of anti-aircraft guns.

The leadership of the United States Air Force is positive on this point today. These men regard the dramatic, non-stop flight of a B-50 bomber around the world as a convincing demonstration of the Air Force's offensive capacity.

Refueled in the air four times by B-29 Superfortresses converted to tankers, the B-50 dubbed "Lucky Lady II" flew an estimated 23,452 miles. It landed yesterday at Carswell Air Force Base, Fort Worth, Tex., on the same runway from which it had taken off 94 hours earlier.

What the four-engine B-50 medium bomber did without a hitch, a six-engine B-36 heavy bomber presumably could do easier.

The implication, which air force generals have emphasized since World War II ended, is that forward bases, however desirable, can be done without if the fortunes of war should make that necessary.

### George, Crawley In Mayor's Race

Two more names have been added to the slowly growing candidate list for the coming city election.

Friends this morning filed the names of Edwin George and of Price Crawley as candidates for the office of mayor of Ranger.

Only other name in the mayor's race is that of J. L. (Jimmie) Latimer whose name was filed Wednesday by friends.

George has a very thorough knowledge of city affairs having once served as finance commissioner. His term was during the years when city finances were the most complicated and friends who know of his efforts during those days, today gave him credit for ironing out some of the most difficult situations.

Crawley is an experienced business man and one of the most active members of the Junior Chamber of Commerce. He is the first president of that organization and it was during his regime that the rodeo arena was planned and built.

Other candidates are for street commissioner, George Murphy, N. M. McCallum, V. V. Cooper Jr., for water commissioner, A. L. Stiles and H. H. Vaughn; for fire and police commissioner, Herschel Angus and A. H. Powell; for finance commissioner, A. G. Koenig.

The sheriff's office solved a car theft and drug store burglary in Cisco in record time last night and left this morning for Fort Worth to return the two youthful offenders to Eastland.

A Buick automobile was reported missing by M. P. Herring Jr., of Cisco while almost at the same time, Cecil Elliott's Drug Store reported the theft of five wrist watches, two pocket watches, some candy and \$11.40.

Local authorities reported the car theft and drug store burglary in Cisco in record time last night and left this morning for Fort Worth to return the two youthful offenders to Eastland.

### Kingfish's Son Nervous Over Senate Debut

WASHINGTON, March 3 (UP)—Without so much as a Bible to inspire him or a single reference to pot likker and pone, the son of the Kingfish delivered his maiden speech in the United States Senate.

"Delivered it, hell," his old man would have said. "he read it." Young Russell Long of Louisiana looks like his father. But the resemblance ends there. The late Huey Pierce Long's boy spoke with an ingratiating smile. He gently urged upon his colleagues the virtues of unlimited Senate debate. It was his debut as a speaker before a national audience and the 30-year-old Long was nervous.

On the Senate floor and in the press galleries were some of the old timers who had watched the Kingfish's antics before and during the early years of the Roosevelt New Deal. Huey Long hit the Senate with the impact of a heavy tank. When he smiled in debate it was at the discomfort of his opponents on in pity at their ignorance and remote chance of salvation. The Kingfish was a mighty man with the scriptures. He strove to bring the word to his Senate colleagues on more than one occasion, among them the June night in 1933 when he filibustered on his own for 15-1/2 hours against enactment of the National Recovery Act.

"I want a Bible," Huey told his clerk before that Marathon performance. It arrived shortly on his desk in the Senate chamber, a well bound, modest book of about the size of an average novel.

"That ain't no Bible," Huey shouted at the messenger. "I want a big Bible, the biggest Bible in town; I'll need it to convert these sinners."

According to Comanche Trail finance chairman, George I. Lane, there is still not enough interest being shown in the annual Scout budget drive. Reports up to this morning show that the total collected is still slightly under \$1,000 with the original goal set at \$1,600.

Lane is urging all captains to complete the checking of lists and help wind up the drive as quickly as possible.

He attended a meeting of the Rotary Club sponsored Troop 6 held last evening at the newly renovated Boy Scout cabin. With the cooperation of local merchants, actively interested in the Scout movement, a new roof has been provided for the cabin. Material for the roof was donated by E. M. Grimes.

Other improvements include extensive plastering, new ceiling and better heating facilities.

Robert E. Peary's message of Sept. 6, from Indian Harbor, Labrador, announced the discovery of the North Pole six months earlier, April 6, 1909.

The show will be staged at the show barn at the Jaycee Rodeo arena and guests at the show will be honored at a barbecue during one of the show days.

### NEWSPAPER INCIDENT INCITES COMMANDER TO FILL LOOP HOLES

The above slogan has been selected by the Ministerial Alliance of Ranger to spur the city-wide church attendance campaign which is being launched Sunday.

Goal of the campaign is 100 per cent membership attendance at all church services from now until Easter. Those who are not a member of any church are urged to attend services at the church of their choice.

### World Day Of Prayer To Be Observed Friday

World Day of Prayer will be observed by the churches of Ranger Friday when a service will be held at 3 o'clock at the First Christian Church.

Ladies of the Methodist church will lead the program with Mrs. W. F. Creager as program leader.

A movement of world-wide scope, the day of prayer is observed in all countries at the same time and last year 74 countries participated in services.

All churches of Ranger participate in the service and the people of the town are invited to attend.

### Added Support Urged For Drive

According to Comanche Trail finance chairman, George I. Lane, there is still not enough interest being shown in the annual Scout budget drive. Reports up to this morning show that the total collected is still slightly under \$1,000 with the original goal set at \$1,600.

Lane is urging all captains to complete the checking of lists and help wind up the drive as quickly as possible.

BY WALTER RUNDLE  
United Press Staff Correspondent

FRANKFURT, March 3 (UP)—American troops tightened their blockade of eight Russians in the Soviet Repatriation Mission's headquarters today, sealing off the street against all bystanders and traffic.

The blockade was tightened after one of the Russians appeared at the gate this morning, asked for a newspaper and was obliged by a Lieutenant of military police on guard to prevent anything from reaching the Russians.

The American Lieutenant who broke his own blockade was continued on duty under orders not to repeat the incident, but the officer in charge, Provost Marshal Col. S. A. Wood, was extremely provoked.

"I don't want any airlift starting here," Wood snapped after his troops ordered photographers to move away from the front of the blockaded building and stand across the street.

"I want to be sure no one comes here and throws things over the fence to them. From now on they get nothing—nothing."

The newspaper handed the Russian was a copy of the U. S. Army publication, Stars and Stripes which bannered yesterday's non-stop globe-girdling flight by an American B-50 bomber.

German police erected "Detour" signs in the street at both ends of the block where the mission headquarters stands. The building has been under blockade since 8 A. M. yesterday.

Just to make sure that the Russians were not getting anything, Wood ordered German workmen to dig up the water mains leading to the house and remove sections of the pipe.

"Yesterday we just turned off the taps," he said. "Today we'll cut the pipes, just to be sure."

The workmen removed the pipes leading from the water main and sealed the break.

In Berlin, meanwhile, Marshall Vasily D. Sokolovsky, Soviet commander in Germany who is in charge of the Berlin Blockade, said the action against the Frankfurt Russians was "shameful."

The Russians, ordered out of the American zone by Gen. Lucius D. Clay, have refused to leave their red sandstone mansion until they receive orders from Moscow.

Late yesterday, after the blockade was 12 hours old, the Russians made their first request for water. The request was denied by Col. S. A. Wood, Frankfurt Provost Marshal.

Other Foreign News Included: Istanbul, Turkey—Fifteen persons were killed and 22 hospitalized when a munitions factory on the Golden Horn outside Istanbul blew up.

Nanking—Premier Sun Fo said the Chinese Communists have agreed to talk peace with the Nationalist government sometime after March 15. He is drafting a 10-man committee already is drafting the government's peace proposals.

Tokyo—A Russian World War II veteran who fled to Japan said he believes Russia will start a new war in the near future. He said Russia had increased its troop strength in the far east to above normal. The Russian, Innokenty Zyryanov, a former Soviet Army private, is the second former member of the Soviet armed forces whose flight to Japan had been disclosed in two days.

Development of the plastics industry is traced to the discovery of celluloid by John Wesley Hyatt, an Albany, N. Y. printer in 1867.

DETROIT, March 3 (UP)—A Ford executive indicated today his company would refuse the contract demands of the United Auto Workers (UAW) for a wage increase and welfare benefits because of "the economic situation."

John S. Bugas, vice president in charge of industrial relations, said the union's demands would have to be paid for "by Ford customers."

Bugas outlined the company's attitude in a letter to UAW president Walter P. Reuther and Ken Bannon, UAW director at the Ford plants.

"We're convinced that too many of them (Ford customers) would not stand for that," Bugas said. "Food prices and other costs of living are dropping and workers are being laid off."

## Missing San Francisco Supervisor, Amnesia Victim, Found In Houston

HOUSTON, Tex., March 3 (UP)—Chris J. Christensen, missing San Francisco city supervisor who turned up here yesterday, moved from his dingy, one-room boarding house flat into a downtown hotel today to await the arrival of his wife.

Christensen, 46, admitted he was still acting "mechanically," as he had ever since Jan. 14, 1948, when he walked to the Golden Gate Bridge, penned a suicide note, folded his coat and disappeared.

Relatives and political friends believed he had drowned. Christensen is not certain, but he believes he actually made the jump.

A "lapse of memory" made him disappear, the balding supervisor said, when "machine politics" began to close in on him shortly after his election to the city supervisory board.

He was found here yesterday selling Bibles, one of the many jobs he has held in the last 13 months. Earlier in the week, Christensen used his right name when he applied for work at an employment agency. When agency representatives checked his San Francisco references, they learned he had been missing. Meantime, the stage was set for a dramatic reunion here late today. A San Francisco paper made arrangements to fly Mrs. Christensen to her husband.

"I just don't know what to say," Christensen mused. "I want to see my family, but I have no money—no job." The couple has a son, 19, and a daughter, 21.

Christensen, still nervous from the surprise of finding himself, said "just talking and relaxing with people who seem to understand has helped a lot."

## Panhandle Water Authority Seeks Ample Supply

LUBBOCK, March 3 (UP)—John L. McCarty, president of the Panhandle Water Conservation Authority, was confident today that his organization was making progress in attempts to assure the Panhandle area of water for its expansion plans.

McCarty met here yesterday with Harry Burleigh, state planning engineer for the Bureau of Reclamation at Austin.

They discussed agreements of South Plains cities to purchase water for both municipal and industrial uses from the proposed Canadian River Dam project, now under consideration in Washington.

Lubbock agreed to contract with Amarillo for water service from the project. Interest also was expressed by Lamesa, Slaton, Brownfield, Tahoka and Levelland.

In addition, a petition was filed to amend the Panhandle authority to include counties of Dawson, Lynn, Crosby, Terry, Hockley, Garza, and Lubbock.

This would complete a solid block of counties from the South Plains north to the state border in support of the project.

## Search On For Missing Bomber

DAVIS-MONTHAN AIR FORCE BASE, Ariz., March 3 (UP)—A B-29 bomber with eight men aboard is "long overdue" on a routine training flight to Manila from Davis-Monthan Air Force Base, authorities said today.

The plane was due at 4:30 A. M. (MST) Tuesday, air base authorities said. Forty-four planes joined in an aerial search for the missing craft yesterday, but bad weather was reportedly hindering the search.

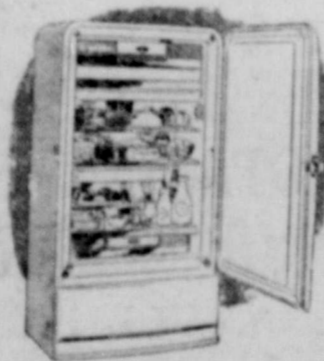

The search was concentrated in

## Cardinal Turns Grave Digger

NEW YORK, March 3 (UP)—Francis Cardinal Spellman, Roman Catholic Archbishop of New York, laid aside his vestments today to help dig graves at Calvary Cemetery where a seven-week-old strike has held up the burial of 1,020 bodies.

The Cardinal, undaunted by taunts of "strike breaker" from officers of the United Cemetery Workers (UCW), said he would lead 100 seminary students through the picket lines to assist him with the task.

"This is the most important work I've had in my 10 years in New York," he said. "We'll do the best we can."

Spellman declared that the food, tobacco and agricultural workers of America, with which the UCW is affiliated, is a "well-known Communist dominated union," and that he believed the strikers were misled. The strike, he said, was a "moral issue."

Some 250 members of the union, gravediggers, gardeners, mechanics and chauffeurs went on strike at the Calvary Cemetery, Maspeth, N. Y., on Jan. 13. They demanded that their six-day work week be reduced to five days for the same pay—\$59.40. Negotiations bogged down when the

the Baley Bay area of the Philippines, authorities said, where a plane had been reported flying "very low" the night before the B-29 disappeared.

The crew members included: Capt William W. Taylor, Houston, Tex., pilot; Capt William G. Fuller, Fort Worth, Tex., copilot; 1st Lt. William S. Roegels, Fort Arthur, Tex.

Morton Valley, Mar. 3 —V. L. Shamburger, Jr., has returned from Stovall where he has been working.

Mrs. J. B. Harbin is spending much of her time in Breckenridge with her father, Mr. Jones who is seriously ill.

Mrs. J. J. Boen is going to Dallas for treatment on Thursday of this week.

Mr. and Mrs. Billy Pounds and son of Kemt were visitors in the H. C. Pounds home the early part of the week.

Dinner guests in the D. F. Williamson home Sunday were Brother and Mrs. James and Linda, and Mrs. Burton Tankersley and Danny.

Morton Valley outsiders came out with second place in the tournament held at Olden last week-end.

Mr. and Mrs. Lee Williamson and Mrs. Ludie Owens of Olden visited their mother, Mrs. Annie Lee Williamson Sunday afternoon.

V. L. and Charles Shamburger attended the funeral of a friend, L. T. (Bill) Hoghs, at Seally recently. Bill was killed on Oklawaha.

Ladies of the Harmony Baptist W. M. U. met in an all day meet-

ing at the Church Monday for the purpose of studying the Home Mission program and its needs. A covered dish luncheon was served at noon to Meses. T. L. Wheat, A. F. Beck, R. C. Balderree, Raymond Beck, Willie D. Rankin, Trott, Dee Rankin, L. H. Taylor, J. G. Finley Douglas Rankin, Burton Tankersley, and Tommy Beck and Douglas Wayne Rankin.

Brother and Mrs. James and Linda were visitors in the R. C. Balderree home Saturday night.

Mr. and Mrs. E. TAOIE Mr. and Mrs. Rankin had as dinner guests Sunday their children, Mr. and Mrs. Willie D. Rankin of Eastland and Mr. and Mrs. Douglas Rankin and son.

Mr. and Mrs. S. L. Williamson and daughters of Oakley spent Sunday at the J. L. Williamson home.

Miss Peddie Nix spent the week-end at the home of her parents, Mr. and Mrs. John Nix.

Mr. and Mrs. Paul Langford of Acker visited the L. J. Baggett Sunday.

Micky Crag underwent a tonsillectomy Monday a week ago, but is doing fine now.

Mr. and Mrs. Raymond Beck and children visited in Eastland at the John Lee Roper home Sunday evening, visiting there also are Mr. and Mrs. Don Jones and their five month old twin daughters of Mobile, Alabama.

Mr. and Mrs. Leroy McCollough and children of Breckenridge visited the L. B. Reeds over the week-end.

Mr. and Mrs. Earnest and children of Dallas were visitors over the week-end in the Frank Trott home.

visited the Judd Satterwhites in the Colony Community Sunday evening.

Mr. and Mrs. Jones suffered a light heart attack Saturday.

Mr. and Mrs. Merton Miller were dinner guests in Mrs. Hunt's home Sunday.

Mr. and Mrs. W. J. Matthews visited with Mr. and Mrs. Gus Hart and daughters of near Cisco Monday.

Recent visitors in Mrs. Clifton Beck's home where Mrs. Long, Mrs. Wynn, and Mrs. Spivey of Ranger.

Cpl. George W. Tankersley spent Saturday night and Sunday with his wife and sons at the J. L. Williamson home.

Seniors of Morton Valley sponsored a 42 party held in the study hall of the school last Thursday night.

Visitors in the Edd McCollough home over the week-end were Mr. and Mrs. Jake Smith, and Mr. and Mrs. Joe Buck and children of Ft. Worth.

### Warmer Weather Due In Texas

Rising temperatures are on the Texas weather menu for the next 24 hours. Forecaster A. M. Hamrick said today.

With spring a little over two weeks away, (March 20) the garden lovers probably will be busy soon. Hamrick said. However, he warned, some of the coldest weather of last winter came on March 11. It was 12 degrees in Dallas that day, coldest all year for the north Texas city.

The weather generally was fair over the state today, except in the northwest where some fog and cloudiness was reported. No rain

has been reported in the state during the past 24 hours, nor did any point report freezing weather. The overnight low was 33 at Junction with Brownsville reporting the high minimum of 54. Yesterday's maximum was 76 at Junction and the low maximum at Clarendon.

### No Introduction Needed

SAN JUAN, Puerto Rico (UP)—Whenever a secretary of any public official asks, "Whom shall I announce?" Nathaniel Soltero, reporter of El Mundo, Puerto Rican daily, does not have to speak. He presents an introduction card, on glossy photo print paper, which he made himself in the microfilm business he also runs. The cards are a miniature of his own credentials as a newspaperman and bear his picture.

## Tarpaulin Sale!

**PRICES SLASHED!**

**5<sup>67</sup>** 6' x 8' Tarpaulin

March is Canvas Cover Month at Wards, and prices are slashed "WAY DOWN" on the tarps you need. Waterproofed, mildew-proofed... these tarps are double-stitched in every seam! Double grommets set in reinforced square corners, single grommets along sides. Buy NOW at these low prices!

7x9 Foot Size	7 <sup>27</sup>	10x12 Foot Size	13 <sup>67</sup>
9x10 Foot Size	10 <sup>27</sup>	12x16 Foot Size	21 <sup>37</sup>

### MARKETING with Marjorie

Windy March! In like a Lion... out like a Lamb! And if you do the Lion's share of your food shopping at A&P—like a lot of other smart housewives—you'll find a wide variety of choice foods at mill-as-a-lamb prices!

**MIND THE GRIND!**

There are seeds of different coffee-makers—percolators, drip, vacuum and regular coffee-pots. And whichever kind you use, coffee should be properly ground for it. That's why I recommend A&P COFFEE. When you buy, the fresh coffee beans are ground just right for the way YOU make coffee. Factory ground coffees can't give this individualized service, and that's one reason A&P COFFEE tastes better. Try it and see!

**BREAK BREAKFAST MONOTONY!**

Serve A&P GRAPE JUICE, chilled. It's the pure, undiluted juice of purple-ripe Concord Grapes. So refreshing—a royal treat for a few pennies a glass! Keep a bottle in the refrigerator. Serve it in tall glasses with ice and soda to make a hit with the young crowd. In pints or quarts at A&P.

**DATED FRESH—RATED TOPS!**

Want absolutely fresh bread every time? Get MARVEL BREAD at A&P. The Freshness Date is right on the wrapper. MARVEL has the rich, yet delicate taste of bread made with the finest ingredients and baked to perfection. Try it for golden toast, delicious sandwiches, or just plain buttered!

**'SPECIALLY GOOD FOR LENT!**

Polenta it's called, and it's plenty good. Heat 1/4 cup cooking oil, add 1 cup chopped onions, 1 garlic bud, chopped, 2 tbsp. minced parsley, cook until onions are lightly browned. Add 1 can (8 ozs.) tomato sauce, 1 cup water, 1/2 tsp. thyme, 1 tsp. salt, and dash of pepper. Gradually add 1/2 cup ANN PAGE MEAL-LOW-WHEAT FLOUR. Cook over low heat 5 mins., stirring constantly. Serve hot with grated cheese. 4 to 5 servings.

## News From Olden And Community

OLDEN, Mar. 1.—Rev. and Mrs.  
 M. P. Elder of Strawn were din-  
 ner guests Sunday of Mr. and Mrs.  
 Dave Vermillion.

Mrs. Mollie Given, music teach-  
 er in Olden schools had an appen-  
 dectomy Saturday morning at  
 the Ranger General Hospital.

Mrs. Whitaker is home from a  
 visit with her son and brother in  
 Oklahoma City.

Mrs. Gorman Martin of Ran-  
 ger visited her sister, Mrs. Edna  
 Hamilton here Sunday.

Mrs. Lois Groves who recently  
 underwent surgery at the Ranger  
 General Hospital has been remov-  
 ed to her home here and is re-  
 ported to be recuperating nicely.

Rev. and Mrs. A. B. Armstrong  
 of Tye, formerly of Olden, were  
 guests of Mr. and Mrs. Hugh Ver-  
 million last Tuesday.

Mrs. Marcell Daniel was com-  
 plimented Friday afternoon, Feb.  
 25, at 2:30, with a bridal shower  
 held in the P. T. A. living room.  
 Guests registering in the white sa-  
 tin brides book were: Mmes. J. T.  
 Cooper, E. M. Ferguson, W. A.  
 Kelley, J. D. Herrell, E. B. Part-  
 erson, C. W. Thompson, H. L.  
 Gibbs, Jr., Travis Hilliard, W. F.  
 Edwards, Dave Vermillion, Dick  
 Yielding, O. D. Cooper, Bess Fox,  
 Granville Nabors, Viola Jones,  
 Nora Butler, E. E. Sharp, Clar-  
 ence LeBouf, H. Smith, Em-  
 met Powell, T. E. Talley, J. T.  
 Weaver, P. L. Kelley and Misses  
 Eunice Hamilton, and Nita F. y  
 Lindsey, and the hostesses, Mrs.  
 E. T. Kelvain and Miss Lois  
 Grubs and the honoree, Mrs. Dan-  
 iel, and her mother, Mrs. Leck-  
 hart. Punch and cookies were  
 served after the gifts were unwrapped  
 and passed around. Several sent  
 gifts who could not attend the

party.  
 Mrs. Carl Croae is in Crane vis-  
 iting her sister, Mrs. Fred Cox  
 and family and mother, Mrs. Lew-  
 allen.

Guests in the Home of Mrs. Jes-  
 sie Kelley Sunday were her sister,  
 Mrs. Eugenia Wingfield and son,  
 Albert, and Rev. Ruyle of Fort  
 Worth.  
 Leo Robinson of Olden is a pa-  
 tient in the Ranger General Hos-  
 pital.  
 Mrs. Jewell Smithers and Mrs.  
 Leonard Anderson of Kermit were  
 here last week visiting their sis-  
 ters, Mrs. E. E. Sharp, Mrs. Viola  
 Jones and Mrs. Nora Butler and  
 their father, Mrs. Parton.

Mr. and Mrs. Daffern and Mrs.  
 Crank visited their brother, Mr.  
 A. A. Dever in Gorman Monday.  
 Mr. Dever is ill in the Gorman  
 Hospital.

Mrs. C. V. Clegg is in Dallas  
 visiting her daughter, Mrs. Mar-  
 garet Palmer.

Mrs. Betty Sue Gibbs was  
 honored with a miscellaneous  
 shower last Wednesday in the  
 home of Mrs. Myrtle Warren. Se-  
 veral interesting games were play-  
 ed, and the honoree was present-  
 ed with a lovely array of gifts.  
 "Coca-Cola" and punch were served.  
 Those assisting Mrs. Warren  
 were Mrs. E. A. Norton, Mrs. Dick  
 Yielding, Mrs. Carl Butler, and  
 Mrs. W. E. Matlock.

Mrs. Travis Hilliard underwent

## Strike Settlement Plan Rebuffed

TEXAS CITY, Tex., March 3—  
 (UP)—A proposal to settle the  
 six-week strike at the Carbide and  
 Carbon Chemicals Corp. plant by  
 a mass meeting received a cold  
 shoulder today from at least one  
 side in the wage dispute.

Mayor Lee A. Robinson came  
 up late yesterday with the idea  
 of a public forum "in the interest  
 of public sentiment," and suggest-  
 ed that representatives of the  
 company and of the striking main-  
 tenance and Operators Union  
 (AFL) take part.

Reaction was slow but definite.  
 W. N. Newman, secretary of the  
 Galveston Building and Trades  
 Council, observed, "a strike can't  
 be settled in public hearing."

## 26 Years of Continuous Service

... is a long-time record for any business or profession to  
 achieve. Some do it, but many others do not. Common with  
 the experiences of our contemporaries we have witnessed good  
 years mingled with the bad. Some booms and more busts. And  
 always the inevitable failure; and consolidations. But we are  
 still here with a fully equipped abstract plant of state-wide  
 reputation, a force of trained employees, and a long record  
 of successful operation in this county.

# Area OIL News

By Buena Van Winkle  
March 2nd, 1949.

R. H. Patterson No. 1 Brown drilling at 732. They have an underreaming job to shut off some unwanted water before they can go much further, it looks like right now.

J. & J. Oil Co., N. 1 Jones are drilling ahead at 2882. They are expecting to really hit the pay off tonight sometime, and it seems now that it will really be at the 2900 foot level where this reporter predicted it all the time—I dug up my old reportings on those other wells near this location and worked from those findings using the difference in elevations, etc. Another ten years at this reporting job and I may be an oil man—or woman yet. They topped the Marble Falls formation and broke out of the shale at about 2880-82.

and anything can happen from now on, but as we mentioned above, they do not expect too much to be found much under 2900 feet.

National Cooperative Refinery Association No. 1 Krell have at last recovered all the tools and are now tackling the problem of shutting off some more of that troublesome inflow of water which has dogged this operation from start to finish. Both Mr. Lee and Mr. Hedrick are in town and they seem hopeful.

National Cooperative Refinery Association No. 1 McFatter have moved and rigged up and already set surface pipe. They will begin to drill ahead either tonight or in the morning, we are pretty sure. This operation will be watched with more than usual interest, because from all the shows which have been apparent in adjacent operations the National Coop. may have the center of the little puddle of oil which we talked about as being somewhere in the area and to be found in the Desdemona Sand.

Luling Oil and Gas Co., No. 1 Moate have gone back in and opened up the hole and applied 8000 more gallons of acid, attempting to really make a well out of this. It has been very weak so far, and

has been making continuous intermittent heads ever since it was put on pump. They tried putting an intermitter or clock on the pump attempting to catch the rhythm of the heads and recover more oil that way, but it has not been to satisfactory, so now they have treated again, and are bailing and swabbing at the present time.

R. H. Patterson, Mrs. Patterson, Jimmie Rosenthal and Mrs. Rosenthal were in town today about the No. 1 Jones Well. Jimmie is one of the partners of J. & J. Oil Co., and Mr. Patterson has one of his rigs on the operation, so they are all interested in making a well on the Jones. They all lunched with this reporter in the Gorman Hotel Coffee Shop.

Wallace Reilly, production man for Luling Oil and Gas Co., is in town seeing to the re-treating of the Moate well. Others back for the week are: Mr. Bourland, Wichita Falls; Roy Gaines, Sinton; A. B. Taylor, Austin; F. D. Glass, Jr., Austin; Gus Clemens, San Antonio and Eastland; Mr. Hedrick, Kansas (National Coop.) and Mr. Lee also from Kansas and with National Coop.

## Smallpox Scare In Rio Grande Area

EDINBURG, March 3 (UP)—A minor smallpox scare gripped the lower Rio Grande Valley today, after enough vaccine for 4,000 persons was dispatched to Starr County.

Two smallpox cases have been reported within a week, the last victim being a 30-year-old pump-er from Rincon. He was reported doing nicely at Grandview Hospital in Edinburg. The other case was at Rio Hondo in Cameron County.

Enough vaccine for every school child in Rio Grande City was rushed to the Starr County seat yesterday, and Dr. Robert Hale, director of the Hidalgo County health unit, said all 160 residents of Rincon have been vaccinated.

## Installment Buying Controls Due To Be Eased

WASHINGTON, March 3 (UP)—Government controls over installment buying will be eased Monday, giving purchasers more time to pay for automobiles and other durable goods.

The relaxation was ordered by the Federal Reserve Board. The action marked the first softening of consumer credit controls since they were reimposed last Sept. 20 at the height of the price rise.

Here is the way installment buying will be affected: Automobiles—Under present regulations, consumers must make a down payment of one-third of the purchase price and pay off the balance within 18 months. Under the new order, consumers still will have to make a one-third down payment, but they will be given 21 months to pay the balance.

Other durable items such as furniture and appliances—at present, a down payment of 20 per cent is required and the balance must be made up within 15 months. Under the new rules, the down payment will be cut to 15 per cent and the time for making up the balance is extended to 21 months.

Besides automobiles, other goods affected by the federal reserve board order are stoves, irons, refrigerators, washing machines, air conditioners, radio and television sets, phonographs and sewing machines, vacuum cleaners, combinations of any of these items, and household furniture, including bed springs, mattresses, lamps and soft surface floor coverings.

## Jury Picked In Williams Trial

CLEBURNE, March 3 (UP)—A jury was selected yesterday for trial of Edgar J. Williams, who is charged with misappropriating \$1,000 from the Joshua Bank in which he formerly was a cashier.

The shortage was discovered after the death of Angus McMillan, owner of the bank, last summer. Williams, accused of embezzling some \$27,000, had been an employe of the bank for 15 years. He will be tried on only one of the cases filed against him.

## MOVE TO SEND BASIC SCIENCE BILL BACK TO COMMITTEE FAILS

By O. B. Lloyd, Jr.  
United Press Staff Correspondent  
AUSTIN, Tex., March 3 (UP)—An attempt to ship to controversial "Basic Science" bill back into committee for further study was beat down today by the House.

A 72-56 vote killed a motion by Rep. Sam Hanna of Dallas to recommit the bill to the committee on livestock and stock raising.

It was the first test vote of the 51st session on the measure recommended for passage last week by the House committee on public health.

"We've gotten along in this state," Hanna told the House, "for over 100 years without this bill." The Dallas legislator said he was "not trying to Joe this bill out of the legislature—I just want to send it back to committee."

The "Basic Science" bill, authored by Rep. Ed Hughes of Newton and sponsored by the Texas State Medical Association, would require examinations in six subjects of all practitioners of the healing arts.

The measure has been opposed by chiropractors, who charge that the bill is aimed to eliminate their practice.

Hanna described the bill as "so complicated that some of my veterinarians think it might put them out of business."

He said he knew of "one time a chiropractic license bill was sent to the committee on livestock and stock raising."

Hanna was challenged by Rep. Lamar Zivley of Temple, whose motion to kill Hanna's effort gained a 16-vote margin.

Rep. Abraham Kazen of Laredo termed Hanna's move "a device to put off a vote (on the bill) until the Senate votes on it and take the heat off."

A companion bill is sponsored in the Senate by Sen. Walter Tynan of San Antonio, and has received approval of a Senate committee.

The measure, termed by the

Medical Association as a "minimum standards" bill, gained 13-6 approval of the House committee last week.

The House flare-up followed return to the lower chamber of a proposed constitutional amendment which would permit the Texas electorate to decide whether it should lower its voting age from 21 to 18.

The Senate, at the same time, picked up the Tideland Battle ball with introduction of a bill appropriating \$100,000 for a war chest fund to be used by the attorney general.

The money will be used in fighting federal action seeking to prove government title to Texas submerged lands.

The measure, introduced by Sen. John Bell of Cuero, was sent to the Senate finance committee where approval was virtually assured.

Similar legislation has cleared the house committee on appropriations.

A built-in battery tester developed for hearing aids makes possible for the user an accurate checkup on the number of "hearing hours" remaining before new batteries are necessary.

## Now She Shops "Cash and Carry" Without Painful Backache

When disorder of kidney function permits poisonous matter to remain in your blood, it causes backache, rheumatism, leg pain, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passage with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## Two Fires Claim Eleven Lives

HALIFAX, March 3 (UP)—Seven persons, including a mother and her three children, were burned to death today in a rooming house fire.

Five of the dead were trapped in the front, upstairs bedroom of the house while two died in a bedroom at the rear of the building. Thirteen other persons escaped.

Firemen identified the dead as: Mrs. Mary Keating; her two daughters, Elsie, 15 and Margaret, 16; a son, Kenneth, 10; and roomers Alfred Pembroke, John Johnson and Albert Cluttenburg.

STILLWATER, N. Y., March 3 (UP)—Four persons were burned

to death last night in a fire which destroyed a small farm near here. Police listed the victims as: Georgianna Skellie, 2, her brother, Mallard, 8, Cal Wadsworth, 50-year old farmhand, and Robert McNeill, 66, the children's blind grandfather. Two other children, Alvin, 11, and Edward, 13, escaped.

How can you be SURE that he is competent to treat you?

HERE in Texas, we have an amazing situation. It is like putting the cart before the horse. We have carefully required by law that the members of nearly every trade or profession prove themselves qualified in their field before practicing in it. Our plumbers, teachers, veterinarians, attorneys, all must meet minimum standards.

And yet we have no minimum standards for those who minister to our ill, whose job is to insure our health.

Your active support is needed for a law which will abolish ignorance from the sick room, protect patients and save lives.

As things stand now in Texas, you cannot be sure that the man who treats you is qualified to do so. Regardless of whether he is a doctor of medicine, osteopath, chiropractor or naturopath, you cannot be sure that he has fundamental background in such things as human anatomy, disease, effect of drugs and so on. If he is not qualified, he can cause suffering and death.

Eighteen other states have faced this same problem and have answered it by passing laws which require that all practitioners—regardless of their branch of the healing art—meet minimum standards in the sciences which everyone admits are basic to all forms of healing.

No such legal protection is guaranteed the people of Texas today. We must demand this protection.

A just, practical law to protect the health of Texans is now pending before our State Legislature. It is called "The Minimum Standards Bill."

It simply requires that everyone who wishes to practice a healing art must first prove that he possesses at least the fundamental knowledge in the sciences which are basic to all forms of healing.

He must pass an examination given by a qualified and impartial board of science teachers, appointed by the Governor at regular intervals.

Examination will be in these six basic sciences: Anatomy, Physiology, Chemistry, Bacteriology, Pathology, Hygiene and Public Health.

The only purpose in a Minimum Standards Law is to improve the health standards of the people of Texas, to protect Texans from quackery and to safeguard our sick rooms from incompetence.

For your health's sake, urge your State Legislators to vote for the Minimum Standards Bill.

### YOUR INQUIRIES ARE WELCOMED:

If you would like to have additional information regarding the Minimum Standards Bill, write or phone the secretary of this society.

## Bowling Briefs

The spotlight for the week shone upon Rollie Kenney who registered a 250 game in league play. His score is the sixth highest since the Ranger Bowl reopened. Honorable mention goes to Melton Luttrell for his 235 game. The highest game of his bowling career, to Wesley Walker for his initial entry on the honor roll with 202, and to Bill Niska's 216 game. Bill's bowling scores are on the upgrade and will be an asset to the team that acquires him next bowling season.

## Ten In Big Stakes Race At Hialeah

MIAMI, Fla. March 3 (UP)—Hialeah's \$50,000 preview of Kentucky Derby colts, the Flamingo Stakes, today rings down a "good million dollar-a-day season at the Paradise Park which surprised everyone but Hialeah President John C. Clark.

Ten classy three-year olds were named on the line for the big stake event, but only four have been named for the Kentucky Derby. Calumet Farm was conspicuous for its lack of an entry like Citation who started his runaway of 1948's triple crown in last year's Flamingo.

The fancy and favor of the crowd, however, goes to Fred W. Hopper's "Flying Horses," Olympia and Ocean Drive. They returned from California in good form for the east coast's top winter race.

The other Kentucky Derby hopefuls, Sydney Crew's Commodore Lea and Isidor Bieber's Palestine will carry 120 pounds each over the mile and eighth route.

Robert Gibson Johnson of Salem County, N. J., established fame in 1820 by publicly eating a tomato on the courthouse steps. Tomatoes were grown as ornamental fruits but were called love apples and reported to be poisonous.

## Last Year's JC Favorites Lead A&M Tournament

COLLEGE STATION, March 3 (UP)—A replay of last year's finals loomed today as a surviving quartet of the state's junior college cage teams moved into the morning semifinals in the state junior college basketball tournament.

Both of last year's finalists, defending champion Lamar JC of Beaumont, and runnerup Tyler JC, were favored to come through against Allen Academy of Bryan and Lon Morris of Jacksonville, respectively, in the semifinal rounds and set the stage for tonight's finals.

Last year, Lamar upset the favored Tyler quintet, but observers believed the top-rated Apaches would live up to their rankings this time.

Tyler breezed by Clifton JC 83-36 in the quarterfinals, but Lamar had to stage a whirlwind finish to stave off defeat in noosing out Henderson County JC of Athens 66-63 after trailing 34-29 at the half.

Lon Morris squeezed by San Angelo JC 46-44 and Allen Academy nipped Schriener Institute of Kerrville 64-63 in the other quarterfinal games.

As in its opening round game, Tyler used reserves half the game in eliminating Clifton.

In the consolation bracket today, Paris JC meets Blinn Memorial of Brenham and Amarillo tangles with Howard County JC of Big Spring.

Paris ousted Phillips JC, Berger, 50-29. Blinn knocked out Laredo JC, 60-45. Amarillo defeated John Tarleton, Stephenville, 50-45, and Howard County eked out 51-50 win over Wharton JC.

**Wooden Leg Yields Hoard**  
NANCY, France (UP)—Just before lowering a steel worker, Edmond Nottin into his coffin, undertakers discovered 100,000 francs in his wooden leg.

## NAIB Tourney Due March 7-12

KANSAS CITY, Mo. March 3 (UP)—The N. A. I. B. tournament planners were busy today setting up the nation's most grueling basketball show—open to small colleges only—for March 7 to 12.

The National Association of Intercollegiate Basketball event passes up the "big boys" like Kentucky, St. Louis and Oklahoma A. & M. and draws its entries from small champions only.

It's a tournament no college ever has won two years in a row since its inauguration in 1935. And the hectic pace it exacts from the competitors leaves the title-winners limp from exhaustion when it is over.

The N. A. I. B. tourney features a balanced elimination bracket of 32 teams. Games are played in the afternoon and evening and once a school survives the first round, it must play—and win—four games in as many nights to take the championship.

Teams qualify for the N. A. I. B. event by means of regional tournaments or selection by regional committees. Even the defending champion University of Louisville quintet will have to qualify for this year's meet Marshall College of Huntington, W. Va., won in 1947.

**By United Press**  
Four minor Texas college basketball teams square away tonight in the first game of a playoff to determine which will represent Texas in the NAIB basketball tournament in Kansas City next week.

East Texas State, representing the Lone Star Conference, meets East Texas Baptist, representing the independent colleges, at Gladeview in one game, while Abilene Christian College, Texas conference champion, plays Texas Tech, Border Conference representative, at Lubbock in the other game.

Winners of the two games will meet tomorrow night at an undetermined site for the NAIB spot.

East Texas was selected as the Lone Star representative because it had the best record of any team

## Doctor Reassures Joe About Heel

NEW YORK, March 3 (UP)—Cheered by a doctor's verdict that his damaged heel is strong enough to play baseball on, jolting Joe Dimaggio was set today to rejoin his New York Yankee teammates at their Florida training camp.

The famed Yankee Clipper rushed back north yesterday because his right heel, which was operated on during the winter, had pained him after only one workout.

But the doctor who performed the operation, Dr. Gordon D. Bennett, assured Dimaggio in Baltimore that there was no serious trouble. He predicted that the aching foot would gradually be strengthened as the \$90,000 Yankee slugger continued his training.

## Hogan Suffers Third Blood Clot

FORT WORTH, Tex. March 3 (UP)—Ben Hogan, bantamweight king of the professional golfers, suffered another blood clot complication last night and his family is "very much concerned" about his condition, a sister-in-law said today.

Mrs. Royal Hogan, wife of the links' star's brother, said that the new blood clot—the third within recent days—appeared around midnight last night and that a famous New Orleans specialist was being flown to El Paso to join the large staff of doctors attending Hogan.

She said she didn't know any details, but that she was awaiting a call any time from her husband, who had rushed to El Paso to be at Ben's bedside in Hotel Dieu.

which had finished its schedule. Stephen F. Austin, which is leading the loop, still has one game to play.

Texas Tech was named the Border Conference representative because it ranked higher than the other three Texas schools in that loop—West Texas State, Texas Mines and Hardin-Simmons.

## Big Sandy Wins Hi School Opener

AUSTIN, Tex., March 3 (UP)—A hoop-happy quintet from Big Sandy, backed by a record of 44 wins, snared the opening game of the 29th annual High School Basketball Tournament today by defeating Woodboro, 47-34.

The victory by the small Polk county school near Livingston moved it into the semi-finals of the conference B bracket, pitting Big Sandy in competition tomorrow morning against the winners of the Slidell-Shallowater tilt later today.

Big Sandy, rated a favorite to move on to the state title pack-

eted last year by Maydelle, took one defeat this year.

## How To Relieve Bronchitis

Cremulson relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Cremulson with the understanding you must like the way it quickly allays the cough or you are to have your money back.

REDDY KILOWATT SAYS

## KITE FLYING TIME

Safety First

**REDDY RULES for FLYING KITES SAFELY**

1. KEEP KITES AWAY FROM ELECTRIC WIRES
2. USE DRY COTTON STRING ONLY
3. NEVER USE METAL ON KITES

...and here's a message to parents:

For safety's sake, ask your kite flyers to fly their kites AWAY from all wires -- and ask them not to try to dislodge kites that do become entangled in wires.

ANYONE who sees a kite in our lines should promptly call our office. Linemen will remove the kite--undamaged, if at all possible.

Let's all cooperate in making kite flying SAFE this spring.

## SOCIETY

### W. S. C. S. Circle Meets On Monday

The Belle Bennett Circle of the Woman's Society of Christian Service of the First Methodist Church met Monday afternoon at 3 o'clock in the home of Mrs. Morris L. Newnam who was assisted by Mrs. T. C. Weaver.

Mrs. W. F. Creager led the program for the afternoon and the devotional was given by Mrs. L. E. Wolfe.

Following a business session, refreshments were served to the following: Mmes. E. H. Mills, Creager, M. H. Hagsman, P. M. Kuykendall, Wolfe, Gaston Dixon, A. W. Braza and the hostesses.

### Colony H. D. Club To Meet Friday

The monthly social for members of the Colony Home Demonstration Club will be held Friday night at 7:30 o'clock in the home of Mrs. E. L. Danley. All members are urged to attend.

## Personals

Mrs. Georgia Pearsall and Mrs. L. C. Easterwood of Corpus Christi, grandmother and aunt of Marjorie Pearsall, bride-elect of Byron Gordon, are expected to arrive in Ranger Friday to attend the Pearsall-Gordon wedding Sunday. They will be joined in Austin by Jack Pearsall, brother of the bride-elect, and Carolyn Ducker, University of Texas student who will accompany them to Ranger. Miss Ducker will be the guest of her parents Mr. and Mrs. John Ducker and the others will be guests in the home of Mr. and Mrs. F. S. Pearsall, parents of the bride-elect.

Mr. and Mrs. G. E. Lasseter will leave Friday to make their home in Houston. Mr. Lasseter has just been retired by the Lone Star Gas Company.

Mr. and Mrs. J. J. Russell of Monohans, formerly of Ranger visited Ranger friends Wednesday while enroute home from a two months stay in Florida.

Jennings Thompson has gone to Venezuela where he will be employed as production foreman for the Gulf Oil Company.

Mr. and Mrs. C. M. Neal and son, Jimmie, of Big Spring formerly of Ranger, visited with Ranger friends today while enroute to Fort Worth.

Mrs. W. R. Cozby and children, and Berniece Ashcraft left today for Denver, Colorado, where they will join L. Cozby who is stationed at Lowrey Air Base.

## BLOCKADED SOVIETS ELECTRICITY CUT

Guarded by U. S. MPs, a German workman digs into the ground to cut off electricity from the mansion where the Soviet Reparation Commission was being blockaded in Frankfurt, Germany after its refusal to leave the U. S. zone. (NEA Radio-Photo)

## Rotarians

(Continued from page 1)  
possibility of the wells being ruined by shutdowns.

"It's a matter of keeping what we already have as well as bringing in additional industries," Pickrell said in connection with the proposed water district. It was also pointed out that water may be sold outside of the district if the directors so desire and thus increase its revenue to the district. Pickrell was introduced by Willard Swaney who arranged the program.

H. C. Henderson presided at the meeting which was held at noon at the Gholson Hotel and called the attention of the members to the fact that the president of Rotary International will be in Abilene on the evening of March 16 and urged as many as possible to attend the gathering in his honor.

Henderson also pointed out that the Abilene meeting will be a good time for campaigning for the election of Dr. G. C. Boswell as district governor of Rotary Clubs. W. M. Brown Jr., former member of the club now working in Eastland, and Frank Sayre of Eastland were guests at the Rotary luncheon.

## Kansas Liquor Bill Over Last Legal Hurdle

TOPEKA, Kans., March 3 (UP)—Kansas may be able to drink liquor legally in their homes and private clubs Saturday night for the first time in 68 years.

A bill legalizing the sale, possession and consumption of liquor needed only to be signed by Gov. Frank Carlson and to be published in the official state paper.

It was passed by both the Senate and House of Representatives late yesterday after almost two months of legislative wrangling.

Carlson's administration was behind the bill all the way and he was expected to sign it into law tomorrow. Publication of the new statute a mere routine, probably will take place Saturday or Monday.

With those hurdles cleared, Kansas immediately will be able to purchase up to one case of liquor outside the state and bring it home. That meant that Kansas—the birthplace of such fanatic prohibitionists as Carrie Nation and Frances Willard—might enjoy its first wet week-end in decades.

Administration spokesmen believe it will take until May or June to set up the necessary licensing and taxing machinery to permit package sales of liquor as legalized under the new law. Actually, Kansas has not been as dry as it might have been dur-

ing the long years of prohibition. State research workers estimated recently that about 550,000,000 (M) worth of liquor was drunk each year in the state.

Bootlegging was so common that it led to the familiar comment that "Kansas vote dry, but drink wet." Last November, however, the state's citizens voted wet and repealed the state constitutional amendment that had made the state dry since 1880.

As result the legislature found an administration-authored liquor-control bill waiting when it convened in January. The Senate okayed it but the House tacked on several amendments that the upper house rejected. As result, the bill went into a joint conference committee which reported yesterday.
