Ministers To Bring Artists Program Here

Rev. David C. Ham, president of the Ministerial Alliance in Ranger, announced today that the Alliance is sponsoring the appearance of three widely-known performers in Ranger at the First Baptist Church in Ranger on the night of April 15.

They are Pat B. Withrow, noted speaker, humorist and song leader; Mildred Young, radio opera and concert singer and Bobby Del Rio, well known accordionist.

One critic has stated that "Mr. Withrow will lead you from laughter to tears, from sober reflection into a stimulating spiritual experience you must not miss." Miss Young, with her lovely voice and charming personality endeared herself to servicemen overseas during the war in Brazil, Africa, Egypt and India. Mr. Del Rio devoted over four and one-half years to a similar work, and his experiences as an entertainer at the battle fronts were so vivid that they were dramatized over the "Cavalcade of America" program over the NBC network. His courageous work also earned for him a citation for meritorious service from Washington.

Anti-Trust Suits Filed Against Manufacturers

AUSTIN, Tex., April 5 (UP)—Attorney General Daniel today filed antitrust suits against three national manufacturers of automatic home washers, alleging attempts to fix the retail price by the manufacturer and the Texas distributor.

Defendants in the action were three Bendix Appliances, makers of the Bendix automatic home laundry and ironer, South Bend, Ind.; Blackstone Corp., makers of the Blackstone washer, Jamestown, N. Y., and Easy Washing Machine Company, makers of the Easy Spindrier washers and ironers Syracuse, N. Y.

The actions were filed in Judge Harris Gardner's 53rd District Court.

The state asked in each suit for an injunction against the defendants, restraining them from alleged antitrust violations and statutory penalties of from \$50 to \$1,500 per day for each day of the alleged violation.

Defendant distributors were named in Houston, San Antonio, El Paso, Abilene, Amarillo and Dallas.

They include in the Bendix suit, Straus-Frank company, Houston; Lone Star Wholesale, Dallas; South Texas Appliance Corp., San Antonio; W. G. Waite Company, El Paso; Sun Electric Company, Abilene, and Consolidated Appliances, Amarillo.

West Texas Utilities of Abilene holder of an exclusive Bendix dealer franchise in 46 West Texas counties was also named as a defendant, as was the Telecon Corporation of New York, holder of an exclusive franchise for the sale of Bendix washers to public laundries and apartment houses in Texas.

Prizes For Dairy Show Announced

A total of \$88.00 in cash prizes will be awarded the winners of the adult and junior judging contests held in connection with the annual Eastland County Dairy Show to be held in that city on Friday, April 15 according to officials in charge.

The senior judging contest is open to any adult farmer or rancher of the county while the junior contest is open to any regularly enrolled 4-H of FFA Club boy in the county.

L. R. Higginbottom, Gorman and other veterans vocational agricultural teachers will have charge of the judging contests which will start promptly at 10 A. M. Two classes of heifers and two classes of adult cows will be placed by the contestants in the contest. No oral reasons will be given for placing the animals it was said.

A. M. Meekma, dairy specialist from the A & M College Extension Service will officially place the animals following the judging contest. It will be a classification show with six different classes. No bull classes are listed.

E. R. Kudaly, formerly dairy specialist of A & M College but now connected with a Ft. Worth feed concern will talk during the program on the importance of roughage to the dairy cow's ration.

350 Votes Cast By 1 O'clock

By 1 o'clock this afternoon 350 votes had been cast in the city election in which the mayor and four commissioners will be elected.

No information on election trends was being given out and returns will not be available until after the polls close tonight.

Candidates for mayor are Edwin George and Price Crawley. Seeking the place of finance commissioner are O. G. Lohrer and A. G. Koenig. In the race for water and sanitation commissioner are H. H. Vaughn, R. H. Hansford and Addie Williams. Hershel Angus and A. H. Powell are candidates for police and fire commissioner and George Murphy and N. M. McCollum.

By United Press

Diplomatic observers in Moscow said today that Russia probably will ask the United Nations General Assembly opening in New York today to denounce the North Atlantic Treaty as a violation of the UN charter.

They believed chief Soviet delegate Andrei Gromyko would introduce a resolution condemning the 12 nations who signed the historic pact in Washington yesterday.

Russia already has charged in notes of protest that the pact violates the charter, is aggressive in intent and is aimed directly at the Soviet Union.

Less than 24 hours after the signing of the treaty designed by the west to prevent World War III, the eastern and western blocs engaged in a flurry of protests over alleged violations of the peace agreements of World War II.

Russia, which sponsored the transfer of nearly 40,000 square miles of eastern Germany to Poland in 1945, formally protested against the cession of 52 square miles of western Germany to neighboring countries.

Britain, France and the United States were expected to reject the Soviet protest. They authorized the minor changes in the west German border without Russian participation, but they had consented when Russia acted unilaterally to absorb a chunk of Germany for Poland.

Communist Romania charged the United States with peace treaty violations. The Bucharest government announced that it had sent the U. S. a note last Thursday accusing it of preventing the return of property looted by the Germans during World War II.

That was the Romanian answer to an American-British-Canadian protest against violations of the "human rights" clauses of the peace treaty. Similar notes were headed last Saturday to Bulgaria and Hungary.

In other cold war developments, Iran charged that Soviet patrols engaged and fired on Iranian frontier guards Saturday in the latest of a long series of Soviet incursions into northwest Iran. Five soldiers from both sides were reported wounded.

Bulgaria disclosed that it had ousted Vice-Premier Traicho Kostov in a growing Communist party purge of members who refuse to take orders from Moscow. The announcement indicated a widening split caused by the Communist's expulsion of Yugoslavia for "deviationist" conduct a year ago.

And the Greek guerrilla radio announced formation of a "new provisional democratic government of free Greece" including, for the first time, non-Greeks—an Albanian director of education, a Bulgarian minister of supply.

Other foreign news included: Southampton, England—U. S. Ambassador to London Lewis Douglas was reported in fair condition after an operation yesterday for a severe injury suffered when a fish hook tore his eye while he was casting on the River Test in Hampshire.

Nanking—After four days of informal talks, the Communists and Nationalists open formal negotiations for ending the 22-year-old Civil War. The Communists reportedly demanded the right to cross the Yangtze River and to enter Shanghai.

CUTS RECOMMENDED FOR FOUR U. S. DEPARTMENTS

WASHINGTON, April 5 (UP)—The House appropriations committee today recommended cash funds of \$684,616,102 (M) to run the state, justice and commerce departments and the federal judiciary during the 1950 fiscal year.

That was \$55,407,354 (M) less than recommended by the budget bureau, a reduction of slightly more than seven per cent. The committee also proposed \$62,600,000 (M) contractual authority for the departments, \$5,400,000 (M) less than requested by the budget bureau.

The committee cut the bureau's requests all along the line, except in the justice department. It allotted \$1,598,141 (M) more than the \$50,987,000 (M) budget recommendation for the Federal Bureau of Investigation and \$100,000 more than the \$3,650,000 (M) asked for the anti-trust division.

The FBI increase was for internal security reasons. The committee said this agency had its heaviest workload in 1948. The other increase was for more effective enforcement of anti-trust laws.

asked by the committee to make some effective reorganization in his department.

This department has been operating on a "crisis basis," the committee said, creating a new office or division every time a new problem or responsibility came along. United States participation in international organizations and this country's share of contributions to these organizations should be screened more carefully, the committee said.

It cited a statement by Acting Assistant Secretary of State Dean Rusk that there are too many organizations, and asserted that this country's share of contributions to world organizations frequently was excessive.

"Every effort must be made to obtain substantial reductions in such percentages," the committee said.

In the Commerce Department section of its report, the committee charged the Civil Aeronautics Administration and Civil Aeronautics Board with "lack of efficient centralized administration under a supervision of the staff."

BROADWAY BOUND PLAY PREMIERED IN DALLAS

DALLAS, April 5 (UP)—Clearly headed for Broadway, "The Coast of Illyria," an historical drama by Dorothy Parker and Ross Evans, had its premiere at Dallas Theatre '49 last night.

The production, directed by Margo Jones on her unique arena-type stage. The play dramatizes two famous figures in 19th century English literature—Charles Lamb and his deranged sister, Mary.

The emotional drain of Mary's recurrent insanity and the poignancy of the Lamb's dual loneliness are effectively relieved by the brilliant Parker wit.

The brother and sister are surrounded by their contemporary literary geniuses, who all come bodvden with temperament and self-pity, bleating to the Lamb. Coleridge, Hazlitt and De Quincey all provide substance for the Lamb's delightful iconoclasm.

Wordsworth, who is never seen, is the target for much literary ribbing and is dismissed by Lamb as being "as usual, up to his rump in sunset."

The title of the new play is taken from the Lamb's synopsis of "Twelfth Night," in which they wrote, "there were a brother and sister who were shipwrecked off the coast of Illyria."

The Lamb's shipwreck was an emotional one. Lamb's one effort to free himself from a self-pledged life of devotion to his sister is doomed. His love for a young actress must be sacrificed to Mary's need of him.

Margo Jones, who directed the New York production of "Joan of Lorraine" and "The Glass Menagerie," cast the play from her permanent Dallas repertory group of professional actors.

FIFTY-SEVEN BELIEVED DEAD IN HOSPITAL FIRE

BY HADEN BRADFORD
United Press Staff Correspondent
EFFINGHAM, Ill., April 5.—(UP)—A fire swept through St. Anthony's hospital early today, turning it into a blazing death trap, and authorities said 57 persons probably were killed.

Nine newborn babies died in the disaster, one of the worst hospital fires in the nation's history. Two other babies were born dead after their mothers were injured in jumping out of hospital windows.

The fire started shortly before midnight in the basement of the three-story brick building, the first section of which was built 80 years ago. The origin was not known. A laundry chute, like a giant fuse, sent flames sweeping up through the building with deadly swiftness.

The two authors, here for the opening, wrote "The Coast of Illyria" for conventional staging, but the one-set production was heightened by the theatre-in-the-round presentation.

The drama is scheduled for the Edinburgh festival in August, with Flora Robson in the lead Romola Robb, who plays Mary Lamb with both strength and restraint, was seen on Broadway as Nurse Ruth Kelly in "Harvey."

Band To Give Benefit Concert.

It was announced today that the Ranger School Band will give a band concert Thursday night at 8 o'clock at the high school auditorium.

Admission will be 25 and 35 cents and all proceeds from the sale of tickets will go toward expense money for a trip that the band is planning to make to Enid, Oklahoma.

The concert is being sponsored by the Band Boosters Club which is making every effort to raise the trip money and the cooperation of the public will be greatly appreciated.

Mothers Of Junior Students To Meet

Mothers of members of the junior class of Ranger High School are asked to meet Wednesday afternoon at 4 o'clock in room 19 of the high school.

Plans for the junior-senior banquet will be discussed at the meeting and all mothers of the students are urged to attend.

Last Rites Held For Mr. Peterson

Funeral services for Pete N. Peterson, for 30 years a resident of Ranger, were conducted this afternoon at 3:30 o'clock at Killingsworth's Chapel with Floyd J. Spivy, minister of the Church of Christ, officiating. Interment was in Evergreen cemetery.

Mr. Peterson who died Sunday April 3, 1949 in San Antonio was born in Kankee, Illinois, on August 12, 1877. His wife preceded him in death April 15, 1934.

Survivors are two sons, Verne W. Peterson of Ranger and Wayne Peterson of Carthage, Texas; three daughters, Mrs. V. B. Vaughn of Corpus Christi; Mrs. D. J. Meekham of Pennsylvania and Mrs. B. Randolph of Dallas; one brother, C. P. Peterson of Waco; two sisters, Mrs. Carrie Miller of South Bend, Texas and Mrs. J. W. Abbott of Athens; and 12 grandchildren.

Pallbearers were E. P. Robinson, John Boen, Frank Lantrop, Fred Whitefield, R. D. James and G. A. Townzen.

Church Survey To Be Made Sunday

Members of the Ministerial Alliance announced today that they will sponsor a religious census in Ranger Sunday afternoon and have asked that all persons who will assist in the work to meet tonight at 7 o'clock at the First Baptist Church.

The survey is in connection with the seven weeks Church Loyalty campaign which will close Easter Sunday.

The ministers are asking the cooperation of the public in giving the information sought by the workers Sunday afternoon.

"Even a half dozen or a dozen of this type of persons, placed in strategic positions, could do irreparable harm to the security of this country," Hoover said.

W. T. Lewis Dies Suddenly Today

W. T. Lewis, a resident of Ranger since 1942, died suddenly at his home in Ranger about noon today. The body is at Morris Funeral Home.

According to reports of his death, Mr. Lewis had been working in his garden and went into the house for lunch. Shortly after sitting down to the table he slumped over and was dead when doctors arrived.

Plans for funeral services were being made this afternoon. Mr. Lewis was born in Lampasas County April 2, 1888. He was a member of the Church of Christ.

Survivors are his wife, one son, R. H. Lewis and a daughter, Mrs. M. A. Patton, all of Ranger.

HAPPY, Tex., April 5 (UP)—Voters yesterday approved a \$112,000 issue for sewer, water and fire department expansion. At the same time in Stinnett, voters unanimously approved a \$250,000 school bond issue.

Atomic Worker Found To Have Red Connections

WASHINGTON, April 5 (UP)—An FBI check has uncovered a western state university professor, whose father is a Communist party organizer, working in an atomic energy research laboratory.

This disclosure was made by FBI Chief J. Edgar Hoover. He also reported that leading biochemist who applied for work in the Atomic Energy Commission was a card-holding Communist party member along with his wife.

"Even a half dozen or a dozen of this type of persons, placed in strategic positions, could do irreparable harm to the security of this country," Hoover said.

Hoover did not reveal the names of the professor and the chemist. He said the professor's father had run for office on the Communist ticket, and his mother had voted for Communists candidates.

But for the overwhelming majority of government employees, Hoover gave a clean bill of health. He said the FBI investigated the loyalty files of 2,357,097 government employees last year and no evidence of disloyalty was found in 99.65 per cent of the cases.

Twin Bill Slated For Rice, Texas

By UNITED PRESS
 The University of Texas Longhorns, favored to cap the southwest conference baseball title, meet the Rice Owls in a double-header at Austin today in an effort to strengthen their conference lead.

Yesterday's game with the Owls was rained out, necessitating today's twin bill.

Baylor's scheduled game with Nebraska also was rained out at Waco and those two clubs also have scheduled a double bill today.

Texas A. & M. Meets the Bryan East League Club at Bryan in the only other game scheduled today.

Texas and the Aggies are tied for the lead with one victory and no losses each.

Don Suman Gets Coaching Job

HOUSTON, Tex., April 5 (UP)
 —Don Suman, freshman basketball coach at Rice Institute the last three years, was named varsity coach today by athletic director Jess Neely.

Suman, 29, succeeds Joe Davis, who left the varsity job because of pressing duties as line coach for the Rice football team.

Neely said Suman was to assume his new duties immediately, since the Owls started spring basketball practice yesterday.

The new coach was the star floor man for the co-champion Rice club of 1944 and operated from his guard slot under Davis' direction.

Davis led the Owl cagers for the last six seasons, and turned out four championship squads. The Owls were co-champions of the Southwest Conference in 1943 and 1944, attained the championship in 1945, and were co-champions again this season.

Student Charged With Second Degree Manslaughter In College Slaying

TROY, Tex., April 5 (UP) — Richard Perry, 19-year-old Texan, was charged with second degree manslaughter today in the death of a fellow student at Denesleer Polytechnic Institute who was killed when a bullet from a .22 caliber target pistol went through a dormitory wall. Perry, red-haired stepson of a Chilean Aircraft officer, insisted that the pistol was discharged accidentally while he was cleaning it. He said he knew nothing of the bullet going through the wall until fellow students found the body of Manfred Lowen of Steffin, Germany, former prisoner in a Nazi concentration camp, on the floor of the adjoining room. Perry, who was born in Dallas, Tex., was charged with illegal possession of a pistol and manslaughter. He pleaded innocent to the pistol charge and asked for a hearing on the manslaughter count. Police said he told conflicting stories of the Sunday night incident when taken into custody, but insisted in all of them that he did not know anybody had been hit. Lowen, 23, spent several years in Nazi concentration camps during the war and came to America as the ward of Colonel Bern Dimer, of the U. S. Engineer Corps. He was released from the concentration camp by American troops. He was described at the institute as an "able and brilliant student." Authorities said that although the two students had lived close to each other, they had only a

Absconder Held By FBI Agents

WASHINGTON, April 5 (UP) — The FBI announced today that Richard Henderson Crowe, the 49-year-old New York cashier who disappeared March 27 with \$884,660 of his bank's funds, was captured last night in Daytona Beach, Fla. The FBI said Crowe was arrested in Daytona bar. He surrendered without a struggle and told the FBI agents he was willing to return to New York to stand trial. FBI agents said they recovered \$54,798.63 of the loot from a suitcase in the Daytona Beach apartment where Crowe had been hiding out since last Saturday under the name of Richard Karr. Previously, \$36,505 of the funds Crowe took from a branch office of the National City Bank of New York, where he worked, had been recovered and another \$39,850 located but not recovered. A large part of the stolen bank funds was in the form of securities. Crowe was said to have told FBI agents that he only took the

Efforts To Halt Trial Balked

WICHITA FALLS, Tex., April 5 (UP) — The prosecution today opposed a continuance motion asked by the defense in the murder trial of Ben Langford, Wichita Falls oilman, accused of slaying his divorced wife, La Fon, 34. The request for a continuance was the last in a series of unsuccessful defense moves yesterday to halt the trial. Mrs. Langford's body was found on her bed by the couple's son, Ben, Jr. last Jan. 3. The father allegedly had visited the house earlier that day. The 13-year-old son billed as the state's star witness, did not appear in court. District Attorney Clyde Fillmore gained temporary custody of the youth from maternal aunt in Pittsburg, Pa., last week. He hustled him out of the state and still had him in hiding.

Ex-Convict Held For Robbery

WICHITA FALLS, April 5 (UP) — A Fort Worth ex-convict was held today on a charge of robbing a Byers, Tex., bank employe of \$1,700 last Friday. James H. Rogers, Jr., named in the armed robbery complaint, was arrested at Seymour Friday night and later taken to Fort Worth on automobile theft charges. He is accused of jamming a pistol into face of W. L. Graves Byers bank cashier, and taking the money in an alley only a half-block away from the City National Bank of Wichita Falls. Graves had withdrawn the money and placed it in a manilla envelope. He was walking toward his automobile when the gunman accosted him. Longe Life and Active One WAREHAM, Mass. (UP) — Hardworking Mrs. Louise Stanwood Barrett, who found time to

raise three daughters and put them through college after she became a successful real estate agent in 1890, says she has no intention of retiring even though she is 93 years old.

Oil and Gas News

Lost Location May Make Well

ALBANY, Tex., April 5 (UP)—An oil well location, which at first appeared lost in the wilderness of southwest Shackelford County, appeared today as a possible producer.

Starr Oil & Gas Co., of Houston No. 1 John D. Windham Farm, was staked in northwest of southwest quarter section 80, block 12, Texas & Pacific Railroad, a year ago in the Abilene offices of Woodley Petroleum Co., which leased the land several years prior.

Ernest M. Funkhouser pointed out the location on a map and asked a surveyor to locate it. The surveyor got lost and couldn't find the location. A rig man couldn't find it either. Later, the surveyor, after much trouble, found what he thought was the right location and spotted it with

some white flag markers. Funkhouser flew over the land for an aerial view, and then sent a contractor off in the general direction of the markers on a rough and rugged hillside. The contractor couldn't make it at first. Like the surveyor, however, persistence won out for him and he moved in over a new road that had to be hacked out of the uncivilized territory.

Now, a year later, oil has been found at 4,689 to 4,700 feet in the Ellenburger. Pipe has been set for a test. Funkhouser, surveyor and contractor are hoping.

Joaquin Field Gets Extension

TYLER, April 5. (UP)—The Joaquin gas field of Shelby county has been given an important 4,000-foot south extension, it was indicated today as testing continued on the Paul Precinct No. 1 F-1 Pickering Lumber Co.

Indications are that the Longview oil man will complete the well as a dual producer from the 4,900-foot Hill sand and the 6,000-foot Lower Pettit. Early tests indicated high pressures.

Prewitt now plans to seek an east by north extension and is moving in rig to spud the No. 1 Annie Irish, Kilgore survey, 1 1/4 miles from production in that direction.

Meanwhile, Cities Service is preparing location for a confirmation test of a new oil pool 10 miles north of Tyler with spotting of the No. 1 Mrs. M. A. Balfour et al, 1,900 feet south of Humble's discover well.

The Humble well, showed good distillate pay possibilities with some gas at 9,550 feet, but was finally completed as an oiler from the Rodessa series at 9,368 and 9,378-404 feet.

TEXAS NEWS BRIEFS

By UNITED PRESS

SHREVEPORT, La., April 5 (UP)—Jefferson County (Texas) authorities left here last night with William Earl Pelham, 23, charged with murder at Beaumont.

Pelham, one of three men originally charged in the rice paddy slaying of Elbert Langston near Nemo, Tex., on March 25, had been at large since the killing.

Police Chief E. E. Huckaby arrested Pelham in suburban Bossier City. The young Houstonian signed a waiver of extradition.

Henry Robert Giles and John Brunson were arrested and charged soon after Langston's body was discovered. A Jefferson County grand jury subsequently no-billed Brunson, but ordered him held in \$500 bond as a material witness. It returned indictments charging murder with malice against both Pelham and Giles.

SAN ANTONIO, April 5 (UP)—Nathaniel Bryant, 27, negro attendant at Brooke General Hospital, was killed late yesterday when a Southern Pacific Railroad switching engine struck him.

The accident occurred in the east yards, where, another man was similarly killed five days ago.

SARITA, April 5 (UP)—Ollie Kent, 34, and Edwin Crocker, 21, were indicted here yesterday by County's first grand jury in four years.

The two Harlingen men were accused of shooting a prize bull on the Harl-Thomas ranch and removing one quarter.

PORT ISABEL, April 5 (UP)—"The Texas Joy", a 38-foot craft on a trip from Port Aransas to Port Isable, was still marooned today on a lonely Padre Island beach.

However, the operator of the craft, Carey Freel, 71, was rescued last night by helicopter.

HOUSTON, Tex., April 5 (UP)—Mrs. Irvin McKay, 44, severely burned in her home two months ago, died in a hospital here last night.

Mrs. McKay's robe caught fire, and 90 per cent of her body was burned before her husband could extinguish the flames.

HOUSTON, Tex., April 5 (UP)—Emergency rescue crews dragged Buffalo Bay today, searching for the body of a woman believed to have jumped or fallen into the waters yesterday.

Barbara Blakely, an auditor for the Standard Oil Co., told police she saw the woman, dressed in a black dress and plastic raincoat, topple over the Smith Street bridge before 1 P. M.

TYLER, Tex., April 5 (UP)—

after being stranded almost 24 hours on the island that skirts the North Texas Gulf coast. He is a retired railroad engineer from Des Moines, Ia.

Freel, the only person aboard the new vessel, said he had been at the wheel 18 hours straight when he "half-dozed" off. He awoke to find the anchor line broken and the craft being carried onto the beach by heavy breakers.

Funeral services were to be held here today for the Rev. Edwin C. Escoe, retired Beaumont Methodist minister, who died Sunday in a Beaumont hospital. He was 70.

Rev. Escoe had held pastorates in many parts of the state. Survivors include two daughters and one son.

Two Latin-American girls rang the doorbell and said they had been hired by telephone, a dairy delivered a gallon of ice cream, and a strange telephone call threatened Mrs. Broetz if she refused.

Then later in the week, at 2 A. M., an ambulance driver rang the doorbell. He was called, he said, "by Mr. Broetz," who told the funeral home his wife was dying.

Police told the distraught woman her troubles would continue unless she can find and report the practical joker.

PRACTICAL JOKER HAS WOMAN PULLING HER HAIR

HOUSTON, Tex., April 5 (UP)—Mrs. W. L. Broetz wiped her eyes and thought about tearing out her hard-to-get telephone and disconnecting the doorbell. She even thought about moving.

The attractive 29-year-old widow was willing to do almost anything to get some peace and quiet. She, a Mrs. Broetz, had her telephone number changed, but that didn't help.

The mysterious telephone calls, fire engines, salesmen and ambulances kept coming for the tenth straight day.

It all started Sunday, March 27, when an ambulance drove up to the modest bungalow where Mrs. Broetz lives with her children, Fred, 22, Billy, 16, and Ruth, 10.

The driver said he came to pick up the wounded from a shooting scrape.

"I told him there must be some mistake, and then a police car came and the officer said he had been called about the shooting," Mrs. Broetz recalled.

In short order a taxi drove up and started honking, the fire department roared down the street and stopped at the Broetz address, and that was only the beginning.

Fair Weather Predicted For Next Two Days

By United Press
Fair weather for at least the next couple of days was forecast for Texas today. Temperatures will be quite a bit higher than yesterday's chilly readings in the 40s and 50s.

It was fair over the state today with the only cloudiness reported in the Texarkana and Brownsville areas.

Out Here In The Great Southwest
...visitors from other states sometimes marvel at the bigness of our way of doing things. And, too, it is a constant source of pride to our own people when they look about them and witness, among other things, the magnitude of some of our business institutions and their capacity to render service. Here in Eastland County we are proud of our title plant and along with a host of others we think it's the best in the Southwest.

Posies to party-line telephone users
OUR THANKS to you and the thousands of others whose willingness to "share the line" has made it possible for so many of your friends and neighbors to enjoy the protection and convenience of a telephone.
Three of every four home telephones today are party lines.
Yes, party lines have "stretched" hard-to-get telephone equipment in a time of shortages and a big demand for service.
Our goal, of course, is service for everyone—the kind he wants, when and where he wants it. For the time being, though, in many neighborhoods we must continue to say:
"We can offer only party-line service to new customers. It's the fair way for everybody while we're still working to get telephones to hundreds of people who are waiting."

Negro Charged On Three Counts

TOPEKA, Kans. April 5 (UP)—Red Ingram, well known negro stage actor, will stand trial in federal court at Topeka next Monday on three moral charges involving a teen-aged white girl.

Ingram, gray-haired and sporting a goatee, pleaded innocent to all three counts yesterday before U. S. District Judge Arthur J. Mellett. The jurist turned down the actor's appeal for a six-months continuance and ordered him to stand trial April 11.

The 54 year-old actor accused of enticing 15-year-old Jeanette Ann Hughes of Salina, Kans., to his New York hotel with immoral intent and with writing her two lewd letters.

District Attorney Lester Luther said the girl, now an inmate of the Kansas Industrial School at

Fifty-Seven-

(Continued From Page 1)

estimate of the number of patients in the building was 108. Fifty-five were known to have survived, he said.

The other 53 either were missing or known dead, he said, and four non-patients were missing and presumed dead. Among the dead were all nine newborn babies in the hospital nursery on the second floor, Goff said.

Among the missing and presumed dead, he said, was Miss Fern Riley, 21, a nurse who refused to leave the babies.

Dr. Glen R. Marshall, staff physician, said there were 112 persons in the hospital, but he apparently included the four non-patients.

Nine hours after the fire started, 19 bodies had been recovered, including the bodies of the nine infants. Thirteen had been identified.

The known dead included the Rev. C. C. Sandon, chaplain at the hospital. Two nuns, Sister Bertina and Eustachia, were believed to have died in the fire.

Firemen put the bodies in a temporary morgue set up in an adjacent building of the hospital grounds. National guardsmen with rifles and state police patrolled the area.

Inside the shell of the burned building the occasional crash of falling masonry could be heard and the firemen worked cautiously at their grim job.

One of the non-patients listed among the dead was Frank Reis, hospital engineer who lived next door. He dabbled in the flaming building in an attempt to save his wife, a patient on the second floor.

Some of the patients escaped by jumping from windows. Mrs. Arnold Adelman was having labor pains when the fire started. She climbed down a ladder from her second story room, was taken home and gave birth to a son. She and the baby were reported in good condition.

The fire destroyed the only hospital in this town of 6,000 persons, which lies 180 miles south of Chicago, and 75 miles southeast of Springfield. Some of the patients were taken by ambulance to hospitals in neighboring towns.

Ben Bidenhorn, an attendant, said he helped "about a dozen" patients from first floor windows. Bidenhorn was burned about the face and hand.

He said he was asleep on the top floor when he was awakened by one of the sisters.

Beloit, will testify at Ingram's trial.

Police Checking Slaying Angles

GALVESTON, April 5 (UP)—Police were checking "several angles" today in the robbery-slaying of Marvin Clark, young grocery executive.

His body was found on the lawn of his home in an exclusive residential district yesterday.

Chief City Detective W. J. (Willie) Burns said two suspects had been released for lack of evidence.

"I saw smoke and opened the laundry chute," Bidenhorn said, "but I saw no flames and I hol-tered, 'it's downstairs.' I ran to the elevator and when I got down there I found the whole place was on fire, both the first and second floors. I tried to get back to the third floor to get the people out but the elevator wouldn't work."

The fire at St. Anthony's Hospital in Effingham, Ill., believed to have killed 57 persons, was the nation's second worst hospital fire.

The most disastrous hospital fire was the one which swept the Cleveland Clinic Hospital on May 15, 1929, killing 125.

Third largest death toll in a hospital fire was recorded after the Lake Forest Park Sanitarium in Seattle on Jan. 31, 1943, in which 32 died.

In other major hospital and asylum fires, 26 aged and infirm persons died at the Asylum of the Little Sisters of the Poor in Pittsburgh on July 25, 1931, while 22 patients and three guards were killed in a fire at a hospital for the mentally ill on Ward's Island, New York, on Feb. 18, 1923.

Other major fires in recent years and the death tolls were: Dec. 7, 1946 — Wincoff Hotel, Atlanta, 120.

June 5, 1945 — Lasalle Hotel, Chicago, 62.

July 6, 1944 — Circus fire, Hartford, Conn., 168.
